P R E F A C E

This is the Seventh issue of the Bulletin on Food Statistics. At the time of the release of the previous issue of this publication it was proposed to merge this publication in future with the other publication 'Food Situation in India' brought out by the Directorate of Economics & Statistics. However, in view of the current food position in the country and the developments that took place during the year, viz. opening of fair price shops, etc., necessity has been felt to continue the issue of this Bulletin.

The detailed work in the preparation of this publication has been done by the Cereals and Pulses Section of the Directorate of Economics and Statistics, Ministry of Agriculture.

S. R. SEN,

Economic and Statistical Adviser,
Ministry of Agriculture.

New Delhi;
January, 1957

* Figures for 1956 are provisional and subject to revision.

** Excludes quantities taken over from the State Governments towards Central Reserve.

(a) Less than 500 tons.

(b) Includes quantities purchased by the State Government direct from outside the State.

(c) Includes releases out of purchases made within the State under Price Support Scheme on Central Government Account.

(d) Represents Pakistan rice.

NOTES 1.—Production figures refer to the agricultural year, July—June, for example, the production shown under 1956 relates to the agricultural year 1955-56.

- "Others" include Jowar, Bajra, Maize, Ragi, Barley and Small Millets. Gram is not included in the figures in this table.
- Local procurement was suspended in some States during 1952; in Madras for all cereals from 7th June, in U.P. for all cereals other than rice from 1st July, in Mysore for millets, in Madhya Bharat for rice and millets and in Saurashtra for all the Kharif cereals from November, 1952. During 1953, monopoly procurement of rice was replaced by levy system in West Bengal from 1st January; the levy system was given up from 14th October, and purchases were made on a voluntary basis thereafter. In Andhra the levy system of procurement was given up in mid-December and purchases were made on a voluntary basis at village site at prices fixed by the Government. In U.P. procurement of rice was given up in December 1953, though collection of the quantity procured earlier continued there after. Procurement of wheat and coarse-grains was given up after the decontrol of these cereals in November. Small quantities of coarse grains were, however, procured during 1954 from the eastern districts of U.P. Some quantity of coarse grains was also procured by Madhya Bharat in 1954. Procurement of rice was resumed in surplus districts of Madras in 1953. In Assam, Bombay, Punjab and Travancore, Cochin procurement of rice was stopped from 14th March 1954, 21st March, 1954, 20th February 1954, and 7th April 1954 respectively, and in other States procurement of rice was stopped completely from 10th July, 1954 consequent upon complete decontrol of rice from that date.
- The figures with minus sign under the column "Net Imports" represent net exports from the State concerned to deficit areas.
- In the Grand Total figures under the column "Net Imports" are given in two rows; the first shows the total supplies out of both the imported cereals and internal surpluses; the second row with minus sign gives separately the supplies out of internal surpluses already included in the first row.
- "Net Imports" in the summary table represent net supplies—received by the States.
- Procurement figures in 1955 exclude purchases of foodgrains on Government account which are given in Table No. 7.
- The figures under column "net imports" for 1954 and 1955 include only supplies from the Government of India to the State Governments and from one State to another on Government account. The removal of Inter-State restrictions on movement of cereals started with coarse grains on 1st January, 1954.

NOTE.—In December, 1954, the Government of India announced that in view of the fall in price of some foodgrains to unduly low levels in some isolated areas, they would be prepared to purchase from cutli-vators, as a measure of relief, jowar at Rs. 5/8 - per maund, bajra at Rs. 6/- per maund and maize at Rs. 5/8/- per maund at certain specified *mandis* where the prices fell below these levels. The policy of limited price support was extended to wheat in March, 1955 when the Government announced that they would make purchases of F.A.Q. Wheat at rail-head *mandis* at Rs. 10/- per maund where its price fell below that level. In June 1955, a minimum purchase price of Rs. 6/- per maund was announced for gram, the machinery, for the purchase of gram being the same as that for wheat. In August 1955, the Government announced its decision to make purchase of coarse rice, as a measure of price support, at selected *mandis*, if the price of that quality fell below Rs. 11/- per maund.

The limited price support policy for jowar, bajra and maize was extended in September, 1955, to the 1955-56 kharif crop when the Government of India announced the same minimum prices for these grains as were in force in 1954-55.

No purchases of bajra and coarse rice were made during 1955 as the market prices of these cereals⁸ did not fall below the minimum prices announced by the Government.

No purchases of any cereals were made during 1956 on Government of India account. A quantity of 20,518 tons of rice and 1,563 tons of paddy was, however, purchased through trade on Jammu and Kashmir Government's account and despatched direct to Pathankot.

NOTE.—Exports of husked rice within a ceiling of 2 lakh tons were allowed from the ports of Bombay and Calcutta in July 1954. At the same time, the export duty on husked rice was raised from 2 annas 3 pies per maund to 20 per cent. *ad valorem*. In February 1955 exports of rice were allowed from all ports and the export duty reduced to the original level of 2 annas 3 pies per maund.

Exports of jowar within a ceiling of 50 thousand tons and of maize within a ceiling of 30 thousand tons were allowed in June 1955 and August 1955 respectively.

Exports of wheat products were allowed from February, 1954.

Exports of rice, jowar, maize and wheat products were banned with effect from 20th January, 23rd January, 2nd January and 31st January, 1956, respectively. However, pre-ban commitments in respect of export of rice were honoured in subsequent months.

NOTES.—1. The subsidy scheme was introduced from 1st April 1946. A revised scheme was enforced from 1-1-1951, according to which the Central Government subsidised specified quantities of imported cereals in selected industrial towns and deficit areas. With effect from 1-3-1952 the subsidy scheme was abolished but imported rice (coarse and broken) and milo continued to be supplied by the Centre to the recipient States at reduced pool prices (*i.e.*, at prices lower than their actual landed costs), resulting losses being borne (exclusively) by the Government of India.

2. These figures represent the amount of subsidy which accrued to the State Governments on the cereals supplied to them during the specified period and do not represent the amount as adjusted in the accounts.

3. In addition to these amounts, subsidy was also paid as shown below:—

	Rs. (lakhs)
1950-51—(a) Enhanced export duty on jute goods bartered for cereals	265·6
(b) Subsidy in the shape of reduced pool prices on imported cereals	350·0

NOTE.—The Bonus Scheme was introduced with effect from the 1st January, 1948, bonus being allowed at the rate of eight annas per maund for all cereals procured in a State and another eight annas per maund on exports made to other States under the Basic Plan. A Revised Bonus Scheme was introduced from the 1st January, 1951, the main points of which were:—

- (a) No bonus was payable on cereals procured by a State for its internal consumption, and
 (b) Net export and import quotas were fixed for each State for the year and bonus was paid to the importing and exporting States on a graded scale for exports and imports beyond a prescribed minimum.

The Bonus Scheme was abolished with effect from 1st January 1952.

Arrears of Bonus paid during 1952-53, 1953-54, 1954-55 and 1955-56

NOTES.—1. Procurement and issue prices for Andhra upto 1952-53 are included in Madras.

Procurement price for Andhra for 1953-54 is as under:

	Rs. A. P.
Paddy (II Sort)	9 6 3

2. The procurement prices fixed for the 1953-54 season related to the period May, 1953 to April, 1954 in respect of Rabi cereals and November, 1953 to October, 1954 in respect of Kharif cereals. Since the fixation of these prices in the beginning of the harvest, wheat was decontrolled completely from November, 1953, coarse grains including barley from 1st January, 1954 and rice from 10th July, 1954. The above prices fixed in the beginning of the year, therefore, were applicable till the time of decontrol and consequent on decontrol no prices were fixed for the 1954-55 season.
