TABLE OF CONTENTS OF VOLUME VII (1938)

	Page
An Eighth Analytical Review of Reports from Pasteur Institutes on the Results of Anti-Rabies Treatment, by A. G. MCKENDRICK, M.B., Ch.B., D.Sc., F.R.C., P.E., F.R.S.E., Lieut.-Col., Indian Medical Service (ret.)	1
Experiments in Malaria Treatment and Prevention carried out in Roumania with Certain Synthetic Drugs :	
Foreword, by M. CIUCA	43
I. Studies on the Treatment of Experimental Malaria Infection with Synthetic Drugs compared with Quinine Sulphate, by M. CIUCA, I. BALLIF, M. CHELARESCO and M. LAVRI-NENKO	47
II. Research on the Treatment of Naturally Acquired Malaria :	
(a) In Hospital : Experiments to ascertain the Efficacy of Synthetic Drugs as compared with Quinine, by M. CIUCA, I. BALTEANU, M. FRANCKE, E. ALEXA and I. MICU	64
(b) Treatment Experiments carried out in the Field, by M. CIUCA, I. BALTEANU and I. ALEXA, with the collaboration of V. BOERIU, I. RUGINA, I. STRETCU and A. RADIANOV	73
III. Efficacy of Atebrin and Quinine in the Prophylactic Treatment of Malaria, by D. MEZINCESCO and D. A. CORNELSON, assisted by C. LAZAR and L. BUSILA	96
IV. Experiments in eradicating Malaria by Means of Synthetic Drugs, carried out by M. CIUCA, I. BALTEANU and I. ALEXA, in collaboration with R. BALTEANU, V. BOERIU and A. RADIANOV	111
Health Indices established in an Experimental Study of the City of Brussels, by K. STOUMAN	122
Report on the Meeting of Directors of Institutes and Schools of Hygiene held at Geneva from November 22nd to 27th, 1937	169

	Page
Second General Report on Certain European Schools and Institutes of Hygiene	191
<i>Annexes :</i>	
1. The Ankara Institute and School of Hygiene	231
2. The Athens School of Hygiene	248
3. The Budapest Institute of Hygiene	264
4. The London School of Hygiene and Tropical Medicine	279
5. The School of Health and National Institute of Hygiene, Madrid	309
6. The Nancy Institute of Hygiene	313
7. The Prague Institute of Hygiene	328
8. The Rome Institute of Public Health	344
9. The Institutes of Hygiene in Roumania	358
10. The Institute of Public Health in Sofia	382
11. The Warsaw State Institute of Hygiene	386
12. The Yugoslav Institutes of Hygiene and School of Public Health	407
Methods of assaying the Content of Morphine in Opium and of Cocaine in Raw Cocaine and in Coca Leaves	429
Sensitiveness and Specificity of a Bordet-Wassermann Reaction (Mørch) and Kahn's Standard Reaction, by P. KRAG	451
Report by the Technical Commission on Nutrition on the Work of its Third Session held in London from November 15th to 20th, 1937	460
Investigations on Undulant Fever in France, by R. M. TAYLOR, M. LISBONNE, L. F. VIDAL and R. H. HAZEMANN.	503
The Significance of Codeine as a Habit-forming Drug, by P. WOLFF	546
Insolation and Natural and Artificial Lighting in Relation to Housing and Town Planning	581
Report of the Group of Experts of the Commission on Physical Education (Geneva, July 6th-8th, 1938)	609
Report on the Work of the Health Organisation between June 1937 and May 1938, and on its 1938 Programme	622
Technical Commission on Nutrition (Report by a Special Committee which met in Geneva from August 22nd to 24th, 1938)	666
Some Preliminary Remarks on the Question of the Standardisation of Smallpox Vaccine, by J. ØRSKOV, M.D.	679

	Page
I. Report on the Meeting of Serologists of the Permanent Commission on Biological Standardisation (Paris, October 19th-22nd, 1938)	683
<i>Annexes :</i>	
<i>Tetanus Antitoxin :</i>	
1a The Assay of Tetanus Antitoxin—Results of Investigations Performed in Five Institutes : Report submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	713
1b Assay of Three Tetanus Antitoxins, by Professor A. SORDELLI	733
1c The Standardisation of Tetanus Antitoxin : Factors influencing the Assay, by Margaret LLEWELLYN SMITH	739
1d Comparative Assays of International and American Standard Tetanus Antitoxins with Washington and Copenhagen Test Toxins, by Johs. IPSEN and O. ROSTOCK	770
1e The Results of Twenty Different Assays of Five Samples of Tetanus Antitoxin	776
1f Note on Tetanus Antitoxin, by Professor A. SORDELLI	783
<i>Anti-Snake-Venom Serum :</i>	
2. Progress Report on the Possibility of Standardising Anti-Snake-Venom Sera : Submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	785
<i>Gas Gangrene Antitoxins :</i>	
3a Studies on <i>Perfringens</i> Toxin : Communication from Dr. Ida A. BENGTSON on Work done by Sarah E. STEWART and J. Marion CLAMPIT	802
3b The Necessity and Possibility of Establishing a Standard for Sordelli Antitoxin: Note submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	807
3c Gas Gangrene Antitoxin (<i>Vibrio septique</i>) : Proposal to change the Strength of the Standard Solution : Note submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	815
3d The Necessity for Changing the Technique of <i>Perfringens</i> Antitoxin Assay, by M. WEINBERG and M. GUILLAUMIE	818
<i>Anti-Anthrax Serum :</i>	
4a Assays of Anti-Anthrax Serum carried out at the	

	Page
Cantacuzino Institute, Bucharest: Preliminary Communication from Professor C. IONESCO-MIHAIESTI	827
4b The Standardisation of Anti-Anthrax Sera, by Dr. G. IVANOVICS (Szeged)	836
<i>Staphylococcus Antitoxin :</i>	
5. The Preparation of a Second International Standard for Staphylococcus Antitoxin, by Margaret LLEWELLYN SMITH	845
<i>Diphtheria Antitoxin :</i>	
6a Report on Comparative Assays of National Standards in the Years 1934-1938: Submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	853
6b Standard Diphtheria Antitoxin for Flocculation Test: Note submitted by the Department of Biological Standards of the State Serum Institute, Copenhagen	859
<i>Anti-Dysentery (Shiga) Serum :</i>	
7. Preliminary Note on the Assay of Anti-Dysentery (Shiga) Sera by the Flocculation Test, by Gh. ISTRATI and A. OLARU	864
IIA. Report on the Adoption of a New International Standard of Vitamin B ₁ and on the Definition of the Existing Unit in Terms of that Standard	874
<i>Annex :</i>	
On the Adoption of Synthetic Vitamin B ₁ (Aneurin) Hydrochloride as International Vitamin B ₁ Standard.	877
IIB. Memorandum on the Second International Standard Vitamin B ₁	882
III. Report of the Third International Conference on the Standardisation of Hormones (Geneva, August 11th to 13th, 1938)	887
General Survey of Medico-Social Policy in Rural Areas	901
International Lists of Causes of Death adopted by the Fifth International Conference for Revision, Paris, October 3rd-7th, 1938	944
Curative Medicine in Rural Areas, by Dr. João de BARROS BARRETO	988
The Present Use of Naturalistic Measures in the Control of Malaria, by L. W. HACKETT, P. F. RUSSELL, J. W. SCHARFF and R. SENIOR WHITE	1016
