EXPLANATORY NOTE.

This is the twentysecond of the series of the publication "Statements showing progress of the Co-operative Movement in India" (re-styled "Statistical Statements relating to the Co-operative Movement in India" since 1927-28) issued by this Department under instructions from the Government of India in the Department of Education, Health and Lands. The statements have been compiled, with certain modifications, on the lines recommended by the Committee on Co-operation in India held in 1915, and are arranged as shown in the table of contents.

2. The **Abstract Tables** indicate some of the leading features of progress in the co-operative movement during the year 1939-40. They show the numbers of societies and members and the amount of working capital, both for the whole of India and by Provinces and States. The progress since 1906-07 is illustrated graphically in the diagram in the frontispiece.

In Abstract Tables II and III, when comparing the figures for the years 1915-16 to 1939-40 with those for years prior to 1915-16 the following points should be borne in mind:—

- (i) that in the case of Guaranteeing Unions the number of members represents the number of affiliated societies and not the number of individual members included in such societies;
- (ii) that with effect from 1917-18 individual members of Central and Provincial Banks, Banking Unions, and Guaranteeing Unions are not included in the total number of members shown in Abstract Tables II(a) and II(b) as it is assumed that these have already figured once as members of an agricultural or non-agricultural primary society;
- (iii) that the figures for working capital given in Abstract Table III do not include the working capital of Unions and Insurance Societies as these are not furnished in Statements D and E, respectively;
- (iv) that with effect from the year 1915-16 the loans and deposits of society-members have been transferred in Abstract Table III from the head "Loans and deposits held at the end of the year from members" to the head "Loans and deposits held at the end of the year from societies", and that the latter head no longer includes loans and deposits from Provincial or Central Banks for which a separate head has been provided; and
- (v) that with effect from the same year (1915-16) the figure given against the head "Loans and deposits held at the end of the year from non-members and other sources", includes all loans and deposits held by Central and Provincial Banks from individuals, Joint Stock Banks, and other sources not included against the preceding headings.

3. The **General Statements** give a detailed record of the main statistics relating to co-operative societies in the several provinces of British India (with the exception of Baluchistan, where the co-operative movement has, as yet, made little progress), and in the Indian States of Mysore, Baroda, Hyderabad, Bhopal, Gwalior, Indore, Kashmir, Travancore and Cochin for the year 1939-40. The sources of the statistics are the statements furnished by Provincial Registrars of Co-operative Societies, and by the Indian States concerned. They relate, in the case of Bihar to the year ending 31st December, in the case of Assam to the year ending 31st March, and in the case of Madras, Bombay, Sind, Bengal, Orissa, the United Provinces, the Central Provinces and Berar, Coorg, Ajmer-Merwara, Mysore, Gwalior, Indore and Bhopal to the year ending 30th June. The returns for the Hyderabad State refer to the year ending 6th July, those for the Punjab, Delhi, the North-West Frontier Province and Baroda to the year ending 31st July, those for Travancore to the year ending 16th August, those for Cochin to the year ending 15th August and those for Kashmir to the year ending 15th September.

Statement A exhibits the operations of Central Banks and shows figures separately for Provincial Banks and for Central Banks including District Banks, Banking Unions, and all other societies constituted with the object of lending to individual societies and tapping deposits from a larger area than that of the primary agricultural or non-agricultural society. The figures for Unions other than Banking Unions have been excluded from this statement and are shown in a separate Statement D. The total number of Banks during the year 1939-40 was 610 against 604 in the previous year with a membership and working capital of 208 thousands and Rs. 42,63 lakhs as against 201 thousands and Rs. 42,36 lakhs respectively in 1938-39.

Statement B.—The total number of Agricultural Societies during 1939-40 was 118,744 as against 105,301 in the previous year with a membership and working capital of 4,098 thousands and Rs. 30,51 lakhs as against 3,560 thousands and Rs. 31,62 lakhs respectively in 1938-39.

Statement B-1.—The total number of Land Mortgage Banks and Societies during 1939-40 was 243 as against 226 in the previous year with a membership and working capital of 92 thousands and Rs. 6,27 lakhs as against 80 thousands and Rs. 5,35 lakhs respectively in 1938-39.

Statement C.—The total number of Non-Agricultural Societies during the year 1939-40 was 16,747 as against 15,530 in the previous year with a membership and working capital of 1,855 thousands and Rs. 27,70 lakhs as against 1,707 thousands and Rs. 27,23 lakhs respectively in 1938-39.

The following are the net results of the operations of the above classes of banks and societies during the year under review as compared with the previous year :—

	Net Results [Profits (+) and Losses (—)]	
	1938-39.	1939-40.

* Vide footnote (b) on page 18.

Statement D shows the operations of unions, other than Banking Unions, which either supervise only or both supervise and guarantee. Unions which do banking business are classed as Central Banks and are included in Statement A.

Statement E shows the operations of Cattle Insurance Societies in Bombay and of Non-Agricultural Insurance Societies in Bombay, Bengal, Madras, the United Provinces, Indore, Hyderabad and Baroda.
