CHAPTER - I

INTRODUCTION

Location :- District Dhulia lying between 20°-31' and 22°-2' North Latitude and 73°-17' East Longitude is situated in North Eastern part of Maharashtra State with the total area of 4850.3 Sq.Miles or 12562 Sq.kilometres according to Land Records and Survey Department of Maharashtra State.

1.2 Boundaries :- Dhulia District is bounded on the North by Madhya Pradesh, on the West by Gujarat, on the South by District Nasik and on the East by District Jalgaon of Maharashtra State. Stretching nearly 86.9 K.Ms. along Tapi and 48.2 K.Ms. along the Eastern parts of Surat and Bharuch Districts of Gujarat State varying in breadth from 51.5 K.Ms. to 122.3 K.Ms. the District forms, an upland basin, the most northerly section of the Deccan plateau.

1.3 Administrative Set-up :-

1.3.1 Administratively, this District forms a part of Bombay Division. Dhulia has got 9 talukas and 1 mahal. It is subdivided administratively into three sub-divisions (Prants). The adjoining table gives the area and population of each of the three sub-divisions.

TABLE NO. 1

Administrative Divisions of Dhulia District

Prants	Taluka	Area in	Total Population according to		
	or	Sq.K.Ms.	1961 Census		
	Mahal		No. of	Towns	Population
			Villages:		(in Lakhs)
1	2	3	4	5	6
1 Dhulia	1-Dhulia	1946.7	158	1	3.00
	2-Sakri	2398.9	155	-	1.85
	3-Shirpur	1958.0	115	1	1.24
	4-Sindkheda	1280.2	142	1	1.72
Total :-		7583.8	750	3	7.81

1	2	3	4	5	6
2 Nandurbar	1-Akkalkuwa	828.8	166	-	0.57
	2-Nandurbar	1100.0	127	1	1.53
	3-Nawapur	919.7	93	1	1.06
	4-Shahada	1156.7	184	1	1.55
	5-Taloda	372.4	87	1	0.64
	Total :-	4377.6	657	4	5.35
3 Akrani	1-Akrani-Mahal	600.9	154	-	0.35
	Total :-	600.9	154	-	0.35
District Total :-		12562.3	1381	7	13.51

1.32 - With a view to promote development of democratic institutions and to secure greater measure of participation by the people in development and in local as well as Government affairs by decentralization of powers and functions; a Zilla Parishad and 10 Panchayat Samities are established by the virtue of Maharashtra Zilla Parishad and Panchayat Samities Act 1961. The jurisdiction of the Zilla Parishad is whole district, while that of Panchayat Samiti is limited to taluka level only. In case of Municipal Towns they are not covered by them. Only one town viz. Nawapur which does not have Municipality but which is treated as a town in 1961, Census is however included under the jurisdiction of Zilla Parishad and panchayat samiti concerned. The Zilla Parishad covers 98.9% area and 84.9% of the total population of the District. The population covered includes total rural population and 5.33% of the urban population of the District. The number of villages, number of non-municipal towns and population included under Zilla Parishad and each Panchayat Samiti are shown below.

TABLE NO. 2

Name of Zilla Parishad/ Panchayat Samiti	Name of Head-Quarter	Area in Sq.K.Ms.	No. of inhabited villages	No. of inhabited Towns	Population according to 1961 Census (in Lakh)
1	2	3	4	5	6
Zilla Parishad Dhulia.	Dhulia	12425	1360	1	11.47
<u>Panchayat Samiti</u>					
Akrani	Dhadgaon	600.9	150	-	0.35
Akkalkuwa	Akkal-kuwa	828.8	164	-	0.57
Taloda	Taloda	349.6	86	-	0.49
Shahada	Shahada	1143.8	180	-	1.42
Nandurbar	Nandurbar	1064.5	125	-	1.12
Shirpur	Shirpur	1943.2	115	-	1.03
Sindkheda	Sindkheda	1256.1	142	-	1.57
Nawapur	Nawapur	919.1	88	1	1.06
Sakri	Sakri	2398.9	155	-	1.85
Dhulia	Dhulia	1919.9	155	-	2.00

1.4 - Area and Territorial changes -

The entire area now included in the District of Dhulia and Jalgaon were upto 1905 administered as one District of Khandesh with Head-Quarter at Dhulia. In 1906 the District was bifurcated into two districts known as West-khandesh and East-Khandesh. At that time 13 talukas were transferred to East-Khandesh District and remaining eight talukas namely 1) Dhulia 2) Nandurbar 3) Nawapur 4) Pimpalner

5) Shahada 6) Shirpur 7) Sindkheda and 8) Taloda, formed the new District of West-Khandesh with the Head-Quarter at Dhulia. The Head quarter of Pimpalner taluka had been transferred to Sakri in 1887 but the name was changed in 1908. The new taluka of Akkalkuwa and Akrani-Mahal were created in 1950. In the same year five villages, four from Nasik District and one from Broach District were added to this District. Two villages were transferred to Broach District. Then at the time of bifurcation of the erst-while Bombay State in 1960; 38 villages from Nawapur taluka, 38 villages from Nandurbar taluka, 43 villages from Taloda taluka and 37 villages from Akkalkuwa taluka having total population 85746 as per 1951 Census and area 639.2 Sq. K.Ms. were transferred to Gujarat State.

#### 1.5 - Topography

This District forms an up plane basin. The most northerly part of Deccan plateau draining into the Tapi with a gentle westerly slop. It includes most varied tracts of the country, wild hills and forests, rich cultivated land and low rolling rocky hills. There are three well marked belts of the country, from East to west parallel with the Tapi. In the north the high and wild Satpudas, in the middle the rich Tapi valley and in the south bare ridges and well watered valleys flanked by the Sahyadri ranges.

#### 1.6 - Hills, River Systems and Soil

##### 1.6.1 - Hills

i) The Satpudas :- North of Tapi and whole length of the rich alluvial plain is bounded by steep southern face of the Satpudas, a belt of mountain land from thirty two to

forty-eight K.Ms. broad. There are high mountain peaks in its ranges rising from 54864 to 91440 Cms. The grandest hill of the ranges is Toranmal, in Akrani-Mahal, which rises upto a height of 101132 Cms. This was once a seat of rulers of Mandu and consists of a long narrow table land about 41.4 Sq. K.Ms. in area. Now it is being developed as a hill station, the Satpuda ranges are full of forest inhabited by wild life and Adivasis. They cover the hill parts of Akkalkuwa, Taloda, Shahada and Shirpur talukas and whole of Akrani-Mahal.

ii) The Sahyadri :- South of Tapi valley, the country is more varied than either in Tapi valley or in the north. In the east drained by the Bori, wide stoney thorny plains rise in low broad topped basalatic ridges or sink in rich valleys. west of the Bori, the land as it draws nearer the Sahyadri grows wilder and more picturesque ranges of quietly cut out hills, separated by the well watered valleys of the Panzara. The Kan, the Borai, stretch for east across the district. The extreme west of these Sahyadri ranges is wild and hilly covered by forests. This part is inhabited by wild life and Adivasis. The well watered valleys ~~found~~ are found in Sakri and Dhulia Talukas. This region also comprises of non-Tapi plains of Nandurbar and Sindkheda talukas. The hilly parts of Sakri and Nandurbar talukas and the whole of Nawapur talukas is situated mostly in Sahyadri ranges and is inhabited by Adivasis.

#### 1.62 - Rivers :-

1) Tapi - There is only one major river, a few minor rivers and many feeders rivers of no consequences in this District. The major river is Tapi and its course in this

district is of 86.9 k.Ms. It forms the northern boundary of Sindkheda and Nandurbar talukas and southern boundary of Shirpur and Shahada talukas. Its banks are 300 high to enable the use of its water for irrigation. The important contribution of this river to this district is the silt it deposits on the either sides of its bank specially during flood. However it does cause damages along its course during flood.

The minor rivers are 1) Bori 2) Borai 3) Panzara 4) Kan 5) Arunavati and 6) Gomai. The river Bori passes through Dhulia taluka only, while rivers Panzara and Kan passes through Sakri taluka (Kan meets Panzara in Sakri taluka only) and Panzara passes through Dhulia taluka into Sindkheda taluka and joins Tapi near point, where Tapi enters this district. River Borai passes through Nandurbar taluka into Sindkheda taluka from South West and joins Tapi in the north. River Arunavati forms the eastern boundary of Shirpur taluka and joins Tapi in the same taluka. River Gomai runs through Shahada taluka and joins Tapi in the same taluka near Prakasha.

The great river Narmada passes on the northern boundary of the district for 56.3 k.Ms. and its numerous tributaries drain Akrani-Mahal and portion of Akkalkuwa taluka, lying in the north of first face of the Satpudas hills.

#### 1.63 - Soil

The Soil of this district can broadly be classified into three zones viz. 1) Light Type Soil 2) Medium black Soil 3) Deep black Soil. Approximately 48% of cultivated area is of high type soil, 18% is of medium black soil and remaining 34% is of deep black Soil. The light type of Soil is largely found in Dhulia and Sakri talukas, Western part of Nawapur taluka and Southern part of Nandurbar taluka. Medium black

Soil is largely found in Sindkheda taluka and Akrani-Mahal and western part of Dhulia taluka. Deep black soil is largely found on the banks of Tapi river particularly in Shirpur, Shahada and Taloda talukas. Eastern part of Nawapur taluka and Northern part of Nandurbar taluka. These Soil cover a width of about 16 K.Ms. on each side of Tapi river and are very fertile. The Soil in Shirpur and Shahada talukas is supposed to be extremely rich.

1.7 - Climate, Temperature and Rain-fall

1.7.1 - Climate and Temperature -

This district is far removed from the costal tracts and hence the climate of this district is dry resulting in large variations in day and night temperatures. The following table gives highest maximum and lowest minimum temperature in summer and winter season for two important centres in the district, viz. Dhulia and Nandurbar for the years 1962, 1963, and 1964.

TABLE NO. 3

Centre	(in Centigrades)					
	1962		1963		1964	
	Summer (April to Oct.)	Winter (Nov. to March)	Summer (April to Oct.)	Winter (Nov. to March)	Summer (April to Oct.)	Winter (Nov. to March)
1) Dhulia	45.6	11.7	38.3	16.7	N.A.	N.A.
2) Nandurbar	44.6	12.0	42.8	N.A.	41.4	13.6

From the above table it is seen that the highest maximum temperature in summer was as high as 42.8°C. and 41.4°C. in 1963 and 1964 respectively. Where as the lowest

minimum temperature recorded was  $16.7^{\circ}$  C. and  $13.6^{\circ}$  C. during winter of 1963 and 1964 respectively. The soil of this district, too has largely conditioned the variations in day and night temperature of this district. The northern, western and southern-western part of this district is hilly, The soil in these tracts does not retain heat to a large extent. Hence in the day time the temperature soars high while nights are cool. Also nearly 50% area of the district is having soil either of high type or very light, which has a very low capacity to retain heat. This too, has resulted into high day temperature and low night temperatures. The peculiar situation of this district and its topography has largely conditioned the temperature.

#### 1.72 - Season

There are two broad seasons <sup>m</sup> summer and winter. The summer months mid-March to mid-October. While winter months are Mid-October to mid-March. There is rainy season too in this district, which interrupts the summer from very late June to late September.

#### 1.73 - Rain fall

This district is just adjacent to the Sahyadri and on the wrong side of it. As far as monsoons are concerned, comes in the water shade of Sahyadri. As such the part of the district (West and South west) as it is having ranges of Sahyadri in it, experiences good rains. The plains to the south of this district and those of Tapi valleys do not get similar quantity of rains and are comparatively dry. The northern part of the district having the Satpudas experiences good rains. The table below gives rainfall data for all talukas in the district for the year 1962, 1963, and 1964.

TABLE NO. 4

Rain-fall in Dhulia District for the years  
1962, 1963, and 1964 (in MMs.)

Name of Taluka	Year		
	1962	1963	1964
1) Akarani	690.8	845.6	718.4
2) Akkalkuwa	1059.4	763.0	715.3
3) Taloda	780.8	717.3	697.8
4) Shahada	425.9	806.5	646.1
5) Nandurbar	624.9	624.6	535.6
6) Sindkheda	404.7	687.7	487.2
7) Ashirpur	672.2	704.8	649.2
8) Nawapur	791.0	1506.0	1305.0
9) Sakri	284.1	493.0	551.4
10) Dhulia	411.8	650.6	657.2

It is thus seen that the Western and South-Western part of this District (Nawapur, Akarani Centres) as well as Northern part of this District records higher rainfall as compared to the one that it received by the plains in between. Generally the wet months are July, August and September. The rains are recorded in months of June and October too, but they are recorded in very late June and early October. There are local rains in May and scanty rains in November also. The rest of the months are dry.

CHAPTER - II

EXPLANATORY

Agriculture and Animal Husbandry

Agriculture has been the main occupation of this district. 82.51 percent population is depending on agriculture and 47 percent of the geographical area is under cultivation.

Irrigation

The rain fall in this district is uncertain and often falls short of requirement. Nandurbar, Sakri and Dhulia are the three talukas which lead in irrigation Sakri, Dhulia talukas are quite suited for irrigation on Panzara, its river-bed being flat and suitable for bandharas.

TABLE NO. 1

Irrigation by Sources (1963-64)

	(Area in Hectares)	
Item	Area under irrigation	Percentage to the total area under irrigation
Govt. canal	9996	28.17
Private canal	998	2.81
Tanks	971	2.74
Wells	23426	66.04
Other Sources	84	0.24
Total :-	35475	100

From the above table, it is evident that wells are the predominant source for irrigation in this district. There were 15416 irrigation wells in the district in 1963-64. The number of oil-engines and motor pumps in the district, as per

1966 Live-stock Census are 13,344 and 194 respectively.

Table No. L-2 of the Abstract gives an upto date list of minor irrigation works in the district. There are 114 Minor bandharas.

Khandesh Irrigation Division -

This division was created in 1965 for Dhulia and Jalgaon district with its head quarter at Dhulia. There are two sub-divisions in Dhulia; Dhulia having central over Dhulia, Sindhedga and Shirpur. Sakri having central over the rest talukas.

Karwand Project -

Karwand project is the only major project envisages construction of an earthen dam across river Arunawati, a tributary of Tapi, a pick up weir at village karwand and Right Bank Canal 12.8 K.Ms. long. Earth work for dam is about 43 mcft and is expected to store 900 mcft. This water will be picked up at pick up weir which is situated 8 K.Ms. down stream of dam. Karwand Right Bank Canal will irrigate 4532 hectares of fertile land from Shirpur taluka. Total cost of the project works out to about 1.30 crores.

Malangaon Project -

Malangaon Project is a medium project envisages construction of an earthen dam across river Kan, a tributary of Panzara river and left bank canal of length 25.6 K.Ms. Earth work for dam is 17.5 mcft. and is expected to store 379 mcft. of water out of which 345 mcft. is useful storage. This dam will irrigate about 2262 hectares of fertile land in Sakri taluka. Total cost of the project is estimated to about Rs. 75 Lakhs.

Cropping Pattern -

Net area sown in the district during 1963-64 was 660031 hectares. Area sown more than once was 94,953 hectares and Gross cropped area was 754984 hectares.

Area under important crops (1963-64)

(Area in hectares)			
Sr. No.:	Crop	Area	:Percentage to cropped :total gross area
1	Rice	28976	3.84
2	Wheat	36493	4.84
3	Jawar (kharif)	58489	7.75
4	Jawar (Rabbi)	115338	15.28
5	Total Jawar	173827	23.03
6	Bajra	135236	17.91
7	Total pulses	93397	12.37
8	Chillies	14000	1.85
9	Condiment and Spices	14489	1.91
10	Groundnut	134880	17.86
	Total food crops	525506	69.60
11	Cotton	79650	10.55
12	Total non food crops	229478	30.40
13	Total gross cropped area	754984	100

From the above table it is seen that Jawar occupies the first place especially the Dadar i.e. Rabbi Jawar is very popular and the staple food of this area. Next to Jawar is Bajara having 135236 hectares of area. Ground-nut has 134880 hectares stands third among the food crops and can be abscribed first place among cash food crops. The area under chilli

is 14000 hectares and Nandurbar has the highest area in the district. Next more growing chilli is Shahada taluka. Table No. 3.2 gives the details of area under different crops.

#### Soil Conservation -

Soil conservation work is speedily in progress in this district. By end of 1964-65 during III plan period 86608 hectares of area was bunded and contour bunded. About 1/6th of the net area sown in this district is brought under the ambit of bunding and contour bunding.

#### Animal Husbandry, Forests and fisheries -

Significant achievement under this Sector is the opening of intensive Cattle Development Project at Dhulia in the milk shed area of the district covering Shirpur, Shahada, Dhulia; talukas of Dhulia district and Chalisgaon taluka of the Jalgaon district, comprising of 456 villages, having 161 Dairy Societies. The object visualised is the development of fodder, cattle and disease control. Under this programme Breeding bulls as well as buffalo bulls are posted in the area. The total No. of bulls is 164. An artificial insemination centre is also started functioning.

Under Dairy Extension programme cows Tharparkar breed having been supplied to Dairy and Joint farming societies on loan.

#### Fodder Development

Breeding programme along will not solve the problem unless feeds and fodder resources are increased. Available fodder in the area is Jawar, Kadabi, hay and Anjan leaves. Residue crops like ground-nut and its cake are commonly used.

Other feed which is available in this area is wheat bran. To provide the balanced feed to the milch cattle there was a scheme to establish the feed mixing unit in the project area; and that has since materialised.

Forest -

The forest in charge of Forest Department in this district covers an area of 3534.17 Sq. K.Ms. in 1964-65. The entire forest in charge of the Forest Department is the reserved forest. It is commercially very important. Teak, Khair, Palas, Shisam, Haldi etc. are the important species. The forest has a number of Charoli trees which produce valuable product. Some tribals earn their livelihood on collection and selling.

Besides timber other products fodder and thatching grasses are available in large quantities. Laling, a famous grazing area 4176 hectares; 12.8 K.Ms. away from Dhulia has fodder bank which supplies grass to the surrounding area. Major and Minor forest produce in the district was to the tune of Rs.1866115.

Fisheries -

Three Co-operative Societies with a membership of 215 persons and paid up capital of Rs. 4065 are functioning. 24000 carp fry fish are stocked.

Industries, Mining and Electricity -

Cotton yarn, cotton cloth, soap etc. are the important manufacturing goods in Dhulia. Cotton yarn, ~~xxxxx~~ is produced to the tune of 2 lakh kilograms and cotton cloth is produced to the extent of 232 Sq. metres. 4808 thousand quintal soap is manufactured in Dhulia.

Dhulia city has a cotton mill, which is the major industry in Dhulia. Power looms and hand looms are in operation in Dhulia, Shahada cities.

Introduction of electricity in this district has been gradual. Statistical Abstract of Maharashtra State for 1961-62 and 1962-63 has given names of towns and villages electrified district wise upto March 1963. The following towns i.e. Dhulia, Shirpur, Nandurbar, Dondayacha and one village i.e. Khandabra, only were electrified by then. By end of March 1965, 4 villages and 6 towns were electrified covering 210293 population. During 1963-64, 7409 thousand kwh electricity was generated, while in 1964-65, about 9000 kwh electricity is generated.

#### Co-operation -

The speciality of co-operative movement in Dhulia district is that it has spread in all walks of social strata special mention of collective farming societies, joint farming societies will have to be made as they have proved fairly successful bringing Dhulia on the fore-front in India. Other organisations which strengthen the agricultural movement in general and economy in particular movement such as Marketing Societies, Processing Societies including Industrial processing societies are established and being run in the district; societies which help agriculturists by way of giving employment and finance in lean years. Milk supply societies, Dairy societies other livestock produces societies are functioning in the district. Special mention of milk societies will have to be made. Milk from rural area is collected through, 184 feeder societies and processed and sent to Bombay giving employment and monetary income to this district. The financial position of these societies is sound.

Careful study of the statistics in table No.6.2 will reveal that Industrial Producer's societies i.e. weavers co-operative societies etc. which are 32 in 1963-64 have Rs. 11.88 lakhs as working capital against nil loans advanced. The position indicates healthy trend. Collective Farming - Societies and Joint Farming Societies, if studied from table No. 6.2 also indicate the same hopeful trend. Their working capitals for 1964-65 respectively are Rs. 833184 and Rs.2345324 as against this, their loans outstanding are Rs.1419 and Rs. 113086. Loans overdue are negligible. The progress of co-operative farming can be called spectacular.

The index of the progress of co-operative movement as is measured numerically is also examined by the recoveries position. The Service Co-operatives and Multipurpose Societies which serve the agriculturists primary credit requirement, if taken as the representative institution. The position of recovery is as follows:- During 1964-65, Rs. 579.4 lakhs were advanced as loans against overdue of Rs. 15.29 lakhs. The amount of overdue in the previous year was Rs. 110.53 lakhs.

#### Medical and Health

There are 14 dispensaries in charge of the Civil Surgeon Dhulia. In addition to these dispensaries of the municipalities there exists maternity homes. The Zilla Parishad has got its own dispensaries and Primary Health Centres, which are attached dispensaries with all medical and surgical facilities.

Table No. L-5 gives an upto date list of 59 hospitals, dispensaries and Primary Health Centres.

In addition to these 2 mother and children welfare centres and 8 family planning centres are functioning.

Total beds provided in the district were 263 and out-door patients treated in 1964 were 194418. During 64-65, 77 villages were affected by Cholera with a population of 1.98 lakhs. Out of 664 cases 146 proved fatal. 32478 drinking water wells were dis-infected during the period. As regards Small Pox, 75 villages were affected with a population of 49919. Out of 603 cases, 76 were casualties. Due care of vaccination at times was taken.

Number of persons engaged in Medical and Public Health profession

According to 1961 census, 521 persons were engaged as physicians, surgeons and dentists. The spread of physicians in rural area is rather thin as more concentration is perceived in urban areas like Dhulia, Nandurbar and Shahada etc.

Drinking Water Supply -

Out of 1360 villages in the district, 261 villages were without any drinking water source, 164 villages were having inadequate water supply. No. of works with hygienic sources of drinking water were as follows -

Piped water :- 82  
Wells :- 2720  
Conserved tank:- 9

Piped water supply is provided in Akrani, Shahada, Nandurbar, Shirpur, Nawapur and Sakri talukas. More concentration of this facility is seen in Nandurbar and Shirpur.

Education -

The literacy rates in the district are equal to the state averages for rural areas and a little lower than the

corresponding state averages for urban areas. The progress in rural areas should be considered as really outstanding because the district has a very large population of scheduled tribes. Among talukas Dhulia stands first and Sindkheda, Shahada follow Dhulia. The minimum literacy is in Akrani.

Education upto matriculation and above Dhulia (Rural) has 631 males and 20 females. Next comes Sindkheda with 546 males and 31 females. It is interesting to note that only 117 females have been noted matriculates and above in 1961 census in the rural part of the district.

#### High Schools and Colleges

List of all high schools in table No.L-7 indicates 100 high schools in Dhulia district as on 31/3/6<sup>65</sup>. There are 6 colleges. The colleges include, Graduate's Basic Training Centre, Agricultural College, Art Science Colleges, Commerce Colleges, and college of Education. In addition to these there is one polytechnic, institute two industrial and technical institutions and one agricultural school at Dhulia.

#### Towns and villages in Dhulia with and without Primary schools -

Out of 1360 villages and 7 towns 796 villages have their own schools, 571 are without schools. In these villages without schools; 256 villages fall in a population range of 200 - 499; 304 villages come under range <sup>1 to</sup> 199. The rest 2 is in 500 - 599; 2 in 600 - 799, and 7 in 800 and above

#### Beneficiaries and concessions to Backward Classes -

Total 24095 scheduled caste students received Rs.178149 as concessions. 26571 scheduled tribe students received Rs. 127133 as concession. There were 24773 students in other backward class, which received Rs. 97258. In this way Rs. 4.02

lakhs were distributed to all Backward class students. One gratifying thing to note is more tribal students are being benefitted by this scheme. If we study the secondary students, 1844 scheduled caste and 1510 scheduled tribe received Rs.1.47 lakhs and Rs. 1.09 lakhs respectively. In higher education 128 S.C. and 61 S.T. students received Rs. 78.50 thousands and Rs. 37.20 thousands respectively. The majority of secondary students of S.C. and S.T. are taking benefit of concessions. In higher education the number is quite negligible. The above figures pertain to 1964-65.

As regards Economically Backward class concessions, during 1964-65, 13691 students in secondary schools were benefitted. Comparatively only 590 students in Arts and Science, 304 in commerce, 133 in Agriculture were benefitted. Perhaps in both Backward class students after passing their S.S.C. examination seem to be leaving education for earning their livelihood.

Transport and Communication - National High-ways :-

The Bombay - Agra National High-way No.3 passes through this district for 132.2 K.Ms. Dhulia - Jalgaon - Nagpur National High way also passes through this district for 19.6 K.Ms. The Bombay Agra Road passes through the extreme east of the district and hence it is not much useful to the rest of the western part. Surat-Dhulia-Jalgaon-Nagpur is a state high way upto Dhulia and National High way there after 19.6 K.Ms. This comes under B. & C. Department.

State High way -

The total mileage under this category of roads was 400 K.Ms. in 1961-62. Now length under this category as on

31/3/65 is 389.40 K.Ms. Some of the important state high-ways in the district are (1) Nawapur-Dhulia. (2) Songir-Taloda. This is an important state high way which passes through Dhulia, Sindkheda, Nandurbar and Taloda taluka. However for want of a bridge over river Tapi on this state high way it is not motorable in all seasons which causes much hardships to the people of Taloda and Akkalkuwa talukas, (3) Songir-Shahada. (4) Shahada-Shirpur. This state high way joins two talukas i.e. Shahada and Shirpur.

Major District Roads and other District Roads -

This category comes under Zilla Parishad. The length is 467.16 K.Ms. other District Roads also come under Zilla Parishad with a length of 365-66 K.Ms. under the category 796 K.Ms. comes under Zilla Parishad and 9.20 K.Ms. come under B.& C.

The total road mileage of this district is 2231.33 K.Ms. as on 31/3/65.

The surface classification of these roads is as follow -

Black topped :- 483.65 K.Ms.

Water Bound Macadam :- 427.78 K.Ms.

Groanular Material :- 1319.90 K.Ms.  
Lower types

Total :- 2231.33 K.Ms.

Railways -

Dhulia district is served by two systems<sup>of</sup>/railways. One is central and other is western. Both are broad guages. A small section of central Railway (Chalisgaon-Dhulia) branch line having railway route of 31.85 K.Ms. enters in this district from south east and terminates at Dhulia. A much larger section of Western Railway (Surat-Bhusawal) having railway

of 13936 K.Ms. enters this district from west in Nawapur taluka and passes through Nandurbar and Sindkheda talukas of this district and then enters Jalgaon district to the east. There are 4 important stations in this district on this branch i.e. Nawapur, Nandurbar, Dondayacha and Nardana.

There was no increase in the length of railway route in this district during 1964-65. There are in all 18 railway stations on both the railways.

#### State Transport -

The road transport in this district is completely nationalised. Operational statistics of Nationalised Road Transport as on 31/3/64 and 31/3/65 is given in table No. . 9.4 in the abstract part. It can thus be seen from the table that number of routes increased from 128 on 31/3/64 to 145 on 31/3/65. The route mileage increased from 4974 in 1964 to 6405 in 1965. Similarly average service mileage increased from 20587 to 23045.

#### Post and Telegraphs -

In 1963-64 the number of post offices was 227, while in 1964-65 the number increased to 238. Telegraph Offices in 1963-64 were 17, while they were 19 at the end of 1965. Number of Radio Licences in 1963-64 were 514 and renewed licences 3567, while at the end of 1964-65 the number of Radio Licences issued were 812 and renewed 15097.

#### Local Self Government - Village Panchayats :-

There are 708 village panchayats in this district covering 1296 villages out of 1360 inhabited villages. The resources of the village panchayats consist of taxes and fees like the tax on land and buildings, octroi, the tax on fairs and festivals etc. Apart from the income from local tax each

village panchayat receives from the state "Grant in Aid" equal to one third of land revenue collected in the village. In the case of village panchayats having more population and less area, Equalization grant is also given to such village panchayats to the extent of the difference of the population and amount of  $\frac{1}{3}$  of land revenue. This would generally amount to getting the grant of about Rs. 1.00 per head. Further a cess at the rate of 20 percent of land revenue is imposed and a fixed percentage of the cess is granted to the village panchayat.

#### Zilla Parishad and Panchayat Samities

The village panchayats are linked to the Zilla Parishad through the Panchayat Samities, which are 10 in this district. At the Block level, the panchayat samiti consists of all elected and co-opted members from the area of the panchayat samiti. At the top of the district the Zilla Parishad is a body of 51 elected councillors, out of these two seats are reserved for scheduled castes and 22 for scheduled tribes as this district has 37.99 percent population of scheduled tribes. In addition a woman member is co-opted and five associated members are taken up, who are chairman of five federal co-operative societies. The elected chairman of panchayat samiti are ex-officio members.

The Zilla Parishad has to perform almost all development programmes including third plan schemes given on agency basis. There were 71 schemes implemented in III five year plan. Out of which 22 schemes were implemented by the Zilla Parishad and 4 schemes by Zilla Parishad and state sector. All the former district officers except a few are pooled as various heads of departments in Zilla Parishad.

The total revenue receipts during 1964-65 were Rs. 23980196. The revenue receipts during previous year i.e. 63-64 were Rs. 17599270.

#### Municipalities -

Six out of 7 towns in the district have municipal committees. The Dhulia Municipal Borough established 100 years ago is the oldest and Dondayacha is the youngest municipality in the district. Six municipalities cover 94.67 percent of the urban population or 15.1 percent of the total 1961 population. The only remaining town i.e. Nawapur does not have a municipality.

#### Plan and Community Development

In all 71 District Level Schemes are implemented in Dhulia district with the revised outlay of Rs. 594.86 lakhs. Out of these 71 schemes 22 are allotted to the Zilla Parishad and 4 are implemented by Zilla Parishad and state sector (combined) with the total out-lay of Rs. 200.68 lakhs for schemes of Local Sector only and 63.08 for combined schemes of Local and state sector, while 45 schemes are retained under state sector with the total out-lay of Rs. 331.10 lakhs. In addition to these District Level Schemes, there are some Division Level Schemes which are implemented by Zilla Parishad on agency basis and some schemes are implemented by state sector offices. The total population of the district which is 1351236 and per capita plan expenditure comes to Rs. 44.02.

There were 11 agricultural production plans with an allocation of Rs. 47.60 lakhs, Rs. 10.33 lakhs were spent from 1/4/61 to 31/3/65. The Agricultural School at Dhulia was strengthened in as much as 20 additional students were enrolled in

the school and intake capacity of the school was increased. Under Horticultural development, additional area covered by fruit trees is 1707 hectares since 1/4/61. Compost manure to the tune of 258702 Metric tons was prepared and utilised. Green manure was utilised in 9408 hectares. Under kharip grow more food campaign 1574 bags of fertilisers were distributed. An estimated area of 1186 hectares was brought under wheat after harvesting the crop of groundnut in the district. Insecticides were utilised for Rabi Jawar on an area of 109733 hectares. Under ~~scheme~~ co-ordinated cotton extension scheme 18412 quintals of seed was stocked and 16704 quintals were distributed over an area of 126217 hectares. Under scheme AGR-27 i.e. Integrated Oil seeds development scheme, 37231 hectares were brought under intensive development pattern and 6475 hectares were converted from Bajara to oil seeds. The Agricultural college was provided with buildings, drainage, water supply etc. 86608 hectares of land was bunded and counter bunded since 1/4/61.

14 minor irrigation bandharas are constructed; 6891 irrigation wells were built and 5133 pumping sets were installed.

#### Animal Husbandry -

As against a plan provision of Rs. 2.37 lakhs Rs. 1.25 lakhs are spent. One building is constructed for veterinary aid, 82 breeding bulls are supplied. A scheme of fodder bank is also implemented.

#### Dairy Development -

Milk production in the area has been intensified. Milk is procured from rural area and about 25000 litres of milk is distributed. The scheme progressing inspite of difficulties of availability of water and electricity.

Forests -

As against a plan provision of Rs. 6.96 lakhs 7.57 lakhs of rupees are spent. Afforestation and development of pastures in 296 hectares is done in panchayat area. An afforestation for Soil Conservation in forest area in 2759 hectares is done. An area of 1044 hectares is developed as forest pasture. Forest roads of 15.20 K.Ms. of length are constructed.

Fisheries -

Fishing accessories like nylon, hemp twine, cotton twine, fish hooks etc. amounting to 21 kilograms is distributed. 110250 fingerlings were stocked, 35843 Kilogram of net was provided. Dhulia being an inland district there is no much scope.

Warehousing and Marketing -

Agricultural marketing was strengthened by way of loans to 4 market committees financial assistance to 32 marketing institutions. One new market committee was registered. Four grading units were started. The market committees are the hub of activities in this district and cultivators get reasonable prices for their produce.

Co-operation -

Development of co-operation is described ~~also~~ in the same chapter at proper places.

Community Development -

In this district there are 10 Panchayat Samities and 20 Blocks. Out of which 12 are T.D.Blocks and 1 is Multipurpose Development Project. Rural Man Power Project is started in Shahada, Nawapur, Sindkheda Panchayat Samities. In these area rural market horticultural development land improvement etc. works are taken up.

Prices -

Prices at district head quarter are collected both for whole-sale and retail trade and submitted to the Director, Bureau of Economics and Statistics, Bombay. Rural retail prices are collected from Songir, Thalner, Dhanora centres in the district. The position of prices at district head quarter was as follows-

Rice fine medium and coarse were available in open market only upto November 1964. The price of fine rice which was Rs. 1=25 per kilogram in April 1964 went to Rs. 1=44 per kilogram in November 1964. The prices of wheat registered a greater variation as the price of Rs. 0=86 per kilogram for medium Mondya quality was sold for Rs. 1=19 per kilogram in March 1965. Jawar (white) which was sold at Rs. 0=45 per kilogram in April 1964 was sold at Rs. 0=94 by October 1964, and then disappeared from the market. Bajara increased from Rs. 0=56 to Rs. 0=87 per kilogram over a year.

As regards pulses, Arhar (Dal) which was sold at Rs. 1=19 per kilo in April 1964 was marketed for Rs. 1=43 per kilogram. The prices of Sugar remained steady. Sugar which was Rs. 1=26 per kilogram, went only upto Rs. 1=29 per kilogram. The prices of Gur declined from Rs. 1=00 per kilogram to Rs. 0=85 over a period of one year.

The prices of groundnut oil did register rise from Rs. 2=12 to Rs. 2=50 per kilogram in April 1964. The same went to Rs. 2=37 i.e., the price went down, Potato and Onion did not register any rise in the prices and remained steady at

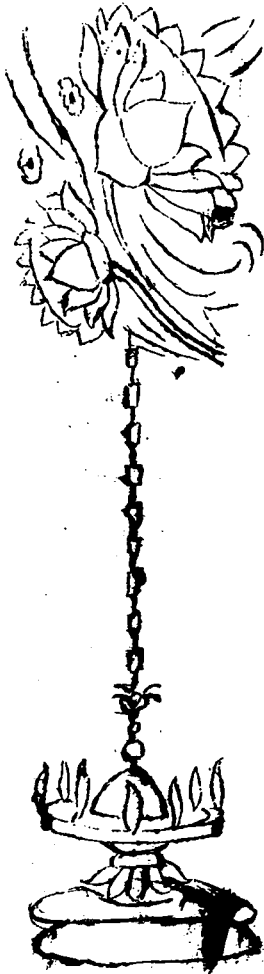

- 27 -

onion at  
Rs. 00=50 and Rs. 00=20 to Rs. 00=22 per kilogram respectively.  
Plantains which were sold at Rs. 0=37 per dozen in April 1964  
were sold at Rs. 00=50 per dozen in March 1965. Tea and Coffee  
powder remained perfectly steady at Rs. 7=00 and Rs. 7=50 per  
kilo.

Clothing -

Dhoti (mill made) and Sari (Hand-loom) did not register  
appreciable rise in price remained more or less steady. Dhoti  
which was sold at Rs. 15=25 per pair in April 1964 was sold at  
Rs. 17=00 in March 1965. The price of handloom Sari <sup>a</sup> rised from  
Rs. 14=00 to Rs. 15=00 between the same period of year.

C O N T E N T S

STATISTICAL ABSTRACT FOR THE YEAR 1964-65

Sr. No.	Table No.	Subject	Page No.
1	2	3	4
-----			
1-A		Dhulia District at a glance	1-4
	I)	<u>Climate</u>	
1	1.1 ✓	No. of Rainy days and Total Rainfall at selected Centres	5-9
2	1.2 ✓	Mean, Mean Maximum, Mean Minimum Temperature at selected Centres	10
	II)	<u>Area and Population</u>	
3	2.1 ✓	Talukawise Rural and Urban Population according to 1961 Census and variation with 1951 Census	11-15
4	2.2	Talukawise classification of Villages according to Population ranges in 1961 Census	16-17
5	2.3	Talukawise classification of Towns to Population ranges in 1961	18
6	2.4	Number of workers in each Taluka, according to 1961 Census	19-20
7	2.5	Number of Non-Workers in each Taluka according to 1961 Census	21-22
8	2.6	Scheduled Caste and Scheduled Tribes	23-24
9	2.7	Population in Urban areas according to 1961 Census	25
	III)	<u>Agriculture</u>	
10	3.1	Land Utilisation	26-31
11	3.2	Area under different crops in each Taluka	32-39
12	3.3 ✓	Yield per Hectore and Outturn of Principal crops	40
13	3.4	Area Irrigated by different sources in each Taluka	41
14	3.5	Area Irrigated under different crops in each Taluka	42-45
15	3.6-a	No. of Irrigation wells in each Taluka	46
	3.6-b	Minor Irrigation works	47
16	3.7	Percentage distribution of Households engaged in Cultivation classified by Interest in Land and Size of Land cultivated (Based on 20 Percent Sample Households)	48-50

-----

VIII) Education

54	8.1	Literacy in each Taluka according to 1961 Census	107
55	8.2	Education in Rural areas in each Taluka according to 1961 Census	108-109
56	8.3	Education in Urban areas of the District according to 1961 Census	110-111
57	8.4	No. of Institutions, Pupils and Teachers	112
58	8.5	Enrolment Beneficiaries and concessions to Economically Backward Classes	113-114
59	8.6	Economically Backward Class concessions of Free-Education	115
60	8.7	Expenditure on Primary Education by way of grants-in-aids to Local Bodies	116
61	8.8	Classification of Towns and Villages with and without Primary Schools by Population ranges	117

IX) Transport and Communication

62	9.1	Length of Railway Route	118
63	9.2-a	Road Length (Extra Municipal) according to Category and Surface	119
	9.2-b	Length of Municipal Roads Surfacewise	120
64	9.3	Motor Vehicles in Operation	121
65	9.4	Operational Statistics of Nationalised Road Transport	122
66	9.5	Traffic Census on Non-Urban Roads	123-124
67	9.6	Information of Postal, Telegraph and Telephone Statistics	125
68	9.7	Availability of Postal Facilities	126
69	9.8	Rural Broad-casting Statistics	127

X) Local-Bodies

70	10.1	Income and Expenditure of Local Bodies	128
71	10.2	Panchayat Samitiwise Income and Expenditure for Village Panchayats	129-132
72	10.3-a	Head-wise receipts of the Z.P.	133
	10.3-b	Head-wise expenditure of the Z.P.	134

73	10.4	Constitution of Municipalities	135-137
74	10.5	Income and Expenditure of Municipalities	138-139
	XI)	<u>Plan and Community Development</u>	
75	11.1	Expenditure in Third Five Year Plan on different Schemes	140-148
76	11.2	Physical achievements of different Schemes in Third Five Year Plan	149-155
77	11.3	Statement showing C.D. Programme	156
78	11.4	Expenditure incurred in different Stages of Blocks	157
79	11.5	Physical achievements on selected items in all Blocks	158-161
80	11.6	Blockwise Index Number of Physical Achievements and Expenditure	162
	XII)	<u>Prices</u>	
81	12.1	Average Retail Prices of Important Commodities at Dist. Head-Quarter	163-168
82	12.2	Operations of Regulated Market in each Taluka	169-174
83	12.3	Consumer Price Index for working class	175
	XIII)	<u>Miscellaneous</u>
