No. 216 of 1835.—With reference to the general order No. 442 of the 20th October last, and in view to a still more complete assimilation of the regulations of this presidency with those of Bengal and Agra, the Right Honorable the Governor in Council is pleased to cancel that portion of the general orders of 21st March and 12th September 1823, under the spirit of which, general officers have been permitted to exercise the command of divisions when absent beyond their respective limits, and to declare,

that henceforward the divisional command, and absence from the division, are to be considered as incompatible.

Permanent divisional commanding officers are not, however, to forfeit any portion of the staff salaries when absent, either on private leave or on duty, while within the limits of the Bombay territories, nor is the next senior officer of the division on whom the temporary command may devolve, entitled to any additional allowances in virtue of such command, nor does he relinquish in the interim, the command of his own brigade.

The rules prescribed by the general order of 20th October last, are to be considered as equally applicable to 1st as to 2nd class commands: it is however to be clearly understood that, though all officers succeeding to the temporary command of brigades or districts, become, when confirmed by government, entitled to the difference between the allowances of which they were previously in receipt, and the full staff salary of a brigadier of the class to which the absentee belongs, yet such as happen to be at a station with less than two corps of the line, are not to make over the command of their own regiment to any other officer.

Officers in command of stations at which there may be two or more corps of the line, are, when detached on duty, entitled, in common with permanent brigadiers, to compensation for the loss of the allowance of which they were previously in receipt; in such case the next senior officer becomes entitled to the authorized staff salary of rupees five hundred and twenty, for the command of the station, and will make over the command of his regiment to the officer entitled to receive it.

The above modifications of the previously existing rules, are, so far as they affect brigade command allowance, to have retrospective effect to the 17th December last.

Bombay Castle, 24th April 1835.

No. 217 of 1835.—The Right Honorable the Governor in Council is pleased to re-publish at this presidency, for general information, the following general order No. 89 of 1835, by the Honorable the Governor General of India in Council.

Fort William, 6th April 1835.

To remove existing doubts, the Honorable the Governor General of India in Council, is pleased to notify, for general information, that a vacancy in the situation of superintending surgeon at any of the presidencies, is to be filled up agreeably to the rule laid down by the Honorable the Court of Directors, by the surgeon who stands first in regular succession to the appointment, whether such surgeon be present or absent, provided, in case of his absence from his presidency, that he be not on furlough to Europe, and shall have proceeded with leave, on medical certificate for the recovery of his health, to any place, settlement, or colony, where he retains his claim to Indian allowances.

When an absent medical officer succeeds to the situation of superintending surgeon the surgeon on the spot who may be appointed to officiate for him, is to receive the whole of the staff salary, the absentee not being entitled to any portion thereof until he returns, and takes charge of his appointment.
