RESOLUTION OF THE RIGHT HONORABLE THE GOVERNOR GENERAL.

FINANCIAL DEPARTMENT.

Allahabad, 23d June, 1842.

The Governor General observes, that a Comparative Statement of Civil Charges in Bengal and the North Western Provinces, from the 1st of May 1830

Years.	Cos. Rs.	(compiled from the books of the Civil Auditors) exhibits a gradual increase of Charges during the last six years of that series, amounting to Ninety-nine Lakhs of Rupees under the several heads of Salaries and Commission, Establishment, and Contingencies, while under those heads in the previous years of that series (until 1834 [35] no material of regular increase took place!
1829-30.	2,97,21,348.	
1830-31.	2,83,97,481.	
1831-32.	2,87,83,628.	
1832-33.	3,00,27,262.	
1833-34.	2,98,82,852.	
1834-35.	3,28,36,850.	
1835-36.	3,13,11,662.	
1836-37.	3,29,08,803.	
1837-38.	3,56,90,519.	
1838-39.	3,70,00,488.	
1839-40.	3,85,73,195.	
1840-41.	4,12,42,121.	

2d. The Governor General is pleased to appoint a Committee of Finance to consider and report, from time to time, upon the Civil Charges of Bengal and the North Western Provinces, with power to send for Papers and Records, and to require explanations of the several Charges from the several Officers of the Government.

3d. The Governor General is pleased to appoint T. H. Maddock Esq., Secretary to the Government of India, in the Secret and Political Departments, in charge of all the Civil Departments with the Governor General.

Lieutenant Colonel J. Stuart, 34th N. I. Secretary to the Government of India, in the Military Department, and

C. G. Mansel Esq., Junior Secretary, in all the Civil Departments with the Governor General,—to be Members of the Committee.

F. Currie Esq., Judge of the Sudder Dewanee and Nizamut Adawlut, North Western Provinces, and

J. Thomason Esq., Member of the Sudder Board of Revenue, North Western Provinces,—to be temporary Members of the Committee;—and to nominate Lieutenant H. M. Durand, His Lordship's Private Secretary, to be Secretary to the Committee.

4th. The Governor General directs, that all orders of the Committee shall be signed by the Secretary; but the Reports of the Committee will be signed by the several Members thereof.

5th. The Governor General desires, that the Committee will, in the first instance, give their attention to the Charge under the head of Contingencies which in Bengal alone has increased more than Fifty Lakhs of Rupees in the course of the last eight years.

6th. The Committee will keep a Record of all their proceedings, and such Record will be submitted to the Governor General by the Secretary of the Committee on the first day of every week.

7th. The Governor General refers the Committee to the Returns of all Civil Offices and the

Establishments connected therewith under the Presidency of Bengal, showing the number of persons and the expence attaching to each Establishment, on the 1st May 1817 and 1st May 1827, which Returns were printed on the 25th February 1830 for the use of Parliament; and likewise to the Returns which under the Orders of the Hon'ble Court, transmitted to India at the close of 1841, should before now have been prepared, affording similar information to the 1st of May 1841.

8th. It will be the duty of the Committee to compare in every Department, present, with former charges, and wherever the charges shall have been increased, to consider, whether the alleged grounds of such increase still exist, or were originally sufficient to justify the imposition of the new burden upon the Revenue.

9th. They will likewise in all cases consider, whether such increased charges have been attended by commensurate advantages to the public service.

10th. The Committee will not deem the long duration of any charge to be a conclusive reason for its continuance; nor will they allow the existence, still less the recent creation of a precedent, to be conclusive in favor of the creation of a further charge upon the same principle, but rather question the propriety of the precedent itself, and propose its revocation should it be found to want sufficient grounds for its support.

11th. They will remember that, while the continuance of a charge may be convenient to individuals, its reduction may be demanded by the exigencies of the Revenue; and while they fail not to do strict justice to private persons, they will not forget the just claim of the people of India to be well governed.

12th. The Governor General cannot too strongly impress upon the Committee, that a Surplus Revenue is essential to the purposes of good Government, that without it no great public improvement can be effected, and that a State in pecuniary distress, not only loses the means of being liberal, but has too often been found to become unjust.

No. 492 of 1842.—Lieutenant J. J. F. Cruickshanks, of the Engineers, a Cadet of the season 1827, is promoted to the Brevet Rank of Captain from the 15th June 1842.

Bombay Castle, 23rd July 1842.

No. 493 of 1842.—The Honorable the Governor in Council is pleased to publish the following Rules and Regulations for the sale, purchase, or interchange of Mess Rooms for all Regiments on this Establishment, whether European or Native, in supercession of Para. XXIV. of the Separate G. G. O. No. 12 of 1842, dated 6th April, and to direct their punctual observance on the occasions specified.

2d. It is expected and required, that all Regiments, whether of Cavalry or Infantry, drawing the monthly allowance from Government, shall keep up an efficient Mess, and that Mess Rooms are, or will be consequently built at all Stations or Cantonments, whether on Field or Peace Establishment, by the Officers of Regiments themselves, as at present, and thro' the aid of the above allowance.

3rd. The Presidency Station and that of Surat, are alone excepted, where, from having no regular Cantonments or Officer's Lines, distance of Residence would prevent the constantly assembling in one Mess Room.

4th. Great inconvenience having arisen from Officers of different Messes of Regiments declining to receive over each others Mess Room, on occasion of exchange of Quarters, the Officers of the Quarter Master General's Department, or Public Staff Officers, at each Station of the Army, are in future, to prevent any Private Houses in the Officer's Lines, or other buildings contiguous thereto, being purchased or appropriated for the purpose of Mess Rooms. In instances where there are no regular Mess Rooms, the Officers of that Department, or other Public Staff Officer, are required to point out a piece of Ground in, or convenient to the Lines of each Regiment, for the purpose of building a Mess Room. After which all Regiments are successively bound to keep up such Mess Room, from the Government allowance, either exchanging when the Rooms may be of equal value and in equal repair, or purchasing, or paying the difference, as by a Committee may be decided.

5th. In order to fix a principle of expence which may ensure general respectability and comfort, in the dimensions of Mess Rooms, they are to be calculated and built to accommodate an average of two thirds of the Establishment of Officers of every Regiment, and allowing each an occasional guest. The following dimensions are considered advisable. A Centre Room of 45 feet by 20 for a European Regiment and 30 by 20 for a Native Corps with a Veranda all round of 10 feet, one side to comprize a Butler's Pantry and Godown for Wines &c. with an entrance between them to the Centre-Room of fourteen feet in width. The ends of the Centre Room to be on Arches, which will render the Veranda available when a long Table may be required on a guest night.

6th. The original expence of such a Building including a second Godown and a Cook Room, shall in no case exceed (or at least be chargeable by one Regiment to another) the sum of two thousand eight hundred and eighty Rupees for a European Corps, and two thousand one hundred and sixty for a Native Regiment. But it is not required that the whole sum shall be expended on a Mess Room, provided it has the prescribed dimensions or complete accommodation for the effective Officers present.

7th. In case of a Regiment having built a new Room, at a Station or Cantonment, and being shortly after ordered to the Field, the Regiment that immediately relieves it, shall reimburse the one marching, provided the Mess Room be left in perfect good order, and deducting Rupees 120 for a European Regiment, and for a Native Corps 90 for every complete month it may have been used by the departing Regiment, and in order to effect this, so as to enable the Regiment to provide a Mess Tent and Carriage, application may be made thro' the Quarter Master General, for an advance of the amount to be paid to the marching Regiment by the relieving Regiment, and which is to be stopped from the latter, or stationary Regiment, till repaid, and provided always each Regiment shall not have enough in the Tent and House Rent Fund, to meet the required advance.

8th. In all cases of common Reliefs it being now declared that all Officer's Messes shall occupy regular Mess Rooms, as fixed upon at the different stations, any difference in the actual value of the Buildings at the time being, is to be investigated and determined by a Committee of five Officers (having no interest in the subject of reference) at which the Officers of the Engineer's and Quarter Master General's Department when presents may be ordered to assist, and such Committees will govern their investigation by reference to the original cost of the Buildings (and in no case to be admitted above what is stated in the 6th Para. of this order) the actual state, repairs, and the time each Mess Room may have been occupied by each Regiment, and the award and valuation, in every case so made, is to be deemed final and binding on all Regiments.

9th. The allowance for Tent Carriage or Mess House Rent is in future to be accounted for by every Regiment in the Service, in a Book kept for that purpose under charge of the Adjutant or Pay Master of the Regiment and is to be termed the "Mess Tent and House Rent Fund" and which Book is to be produced at all inspections, as other Regimental Books, and on no account is any part of the Public allowances ever to be appropriated to Messing Expences, or to be made subject to any charges but those of providing and keeping Mess Rooms and Furniture, and Mess Tents and Carriage, this account is to be balanced every month, and all charges against it are to be authenticated by the President of the Mess, or of the Mess Committee.

10th. The better to facilitate the object of these Regulations, and to prevent future disputes regarding Mess Rooms, it is directed that, upon relief or exchange of Quarters of one Regiment with another, the Public Tent or House Rent allowance shall not be paid to any Regiment, unless the following Certificate from an Officer of the Quarter Master General's Department, or otherwise the Public Staff Officer of the station, shall accompany the first Abstract in which that charge is made from the new Quarter or Cantonment.

11th. This is to certify, that the Officers of the Regiment have agreed and settled to receive over the regular appointed Mess Room lately occupied by the Regiment, agreeably to the decision of the Committee of Valuation, assembled for that purpose.

(Signed) A. B.

12th. All Commanding Officers of Divisions, Stations, on Contonments, are strictly enjoined to give their attention and influence towards the strict fulfilment of these Regulations.
