FORT WILLIAM,
HOME DEPARTMENT,
LEGISLATIVE,
THE 18TH JANUARY, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 18th of January 1845.

ACT No. — OF 1845.

An Act for regulating the levy of Water Rent, Tolls and Dues on certain Canals for irrigation and navigation, constructed by Government in the North Western Provinces, and for the protection of the said Canals from injury.

Whereas numerous Canals have been constructed, and are in progress of construction at the public expense in the North Western Provinces of the Presidency of Fort William in Bengal, for the purpose of irrigation and also for navigation so far as it may be practicable to unite the two objects, and whereas it is requisite to regulate the levy of rents, tolls or dues, on such Canals, and to provide for their protection from injury—

I. It is hereby enacted, that the Lieutenant Governor of the North Western Provinces shall be competent, by proclamation to be made in the Government Gazette, to declare the Provisions of this Act applicable to any such Canal.

II. And it is hereby enacted, that the said Lieutenant Governor of the North Western Provinces shall be competent to draw out rules to regulate the levy of water rent, and the supply of water for irrigation, and the payment of tolls and dues on boats, rafts or floats, and admission to the benefits of navigation on such Canals, as may be found most suitable to the peculiar circumstances of each. The rules thus drawn out shall be published for general information in the Government Gazette.

III. And it is hereby enacted, that any acts done by private individuals in contravention of the rules so published, shall be punishable either by temporary deprivation of the benefits of the Canal, or by the penalties hereinafter described.

IV. And it is hereby enacted, that all balances of water rent due for lands irrigated by the Canal shall be levied, either by temporary deprivation of the benefits of the Canal, or by the same process as is prescribed for the recovery of balances of land revenue.

V. And it is hereby enacted, that whoever willfully causes any obstruction to any of the said Canals, or to any of the water courses drawn and supplied therefrom, or damages the banks of the Canal or the works constructed for its maintenance shall be liable to the penalties hereinafter described.

VI. And it is hereby enacted, that all persons offending against the provisions of this Act, or of the rules passed under this Act, shall be punishable on conviction before the Magistrate by imprisonment without labor for a term not exceeding fourteen days, or fine to an amount not exceeding 50 Rupees, or both; and in default of payment of such fine, by additional imprisonment for fourteen days.

VII. And it is hereby enacted, that if the Owner of any boat, float or raft, navigating any such Canal, shall refuse to pay the prescribed toll, it shall be lawful for the Officer charged with the levy of tolls on the Canal, to detain such boat, raft, or float, and if the toll be not paid, in the course of ten days, then it shall be lawful for the said Officer under the direction of the Superintendent of the Canal, on the 10th day after the seizure, to sell such

property, or so much thereof as may be necessary, or to declare the whole confiscated; provided that in all such cases no confiscation shall be carried into effect till the circumstances have been reported to the Commissioner of the Division and his sanction obtained thereto.

VIII. And it is hereby enacted, that it shall be lawful for the Lieutenant Governor of the North Western Provinces, to appoint Officers for the collection of the rent, toll and dues, hereinbefore mentioned, and to confer on such Officer the powers of Deputy Collectors for the levy of such rent, and of Joint Magistrates for the enforcement of such penalties as have been hereinbefore specified.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India after the 18th day of March next.

FORT WILLIAM
HOME DEPARTMENT
LEGISLATIVE,

THE 25TH JANUARY, 1845.

This Draft having been sent up by the Law Commission, with explanatory notes, is now published with those notes by order of the Right Hon'ble the Governor General in Council.

ACT No. — of 1845.

Whereas it is doubtful what is now the substantive (a) Law of the place, (b) in the Territories subject to the Government of the East India Company, without the local jurisdiction of Her Majesty's Supreme Courts at Calcutta, Madras and Bombay;

And whereas also a practice has grown up in the Courts of the East India Company, of administering to every person not being a Hindoo or Mahommedan,—in all cases not specially provided for,—the substantive Law of the country of such person, or of the country of the ancestors of such person, whenever such substantive Law is not inconsistent with equity and good conscience;

And whereas it is lawful for Aliens to hold lands in the said Territories, and there is a great and increasing number of Aliens in the said Territories;

And whereas also the diversity of Laws, which the said Courts of the East India Company, according to the said practice, may have to administer, is likely to occasion great and increasing inconvenience and difficulty;

And whereas also there is in the said Territories a great and increasing number of persons, whose legal connection with their country or with the country of their ancestors is interrupted by illegitimacy, and it is doubtful whether the said practice is applicable to such persons;

And whereas also the said Courts of the East India Company will, in the application of the said practice, have frequently to determine intricate questions of pedigree, before they can decide what Law they are to administer;

And whereas also there is in the said Territories a large number of Armenians, and it is doubtful what is the Armenian Law;

And whereas also the English substantive Law is the Law of the place (b) in such parts of the Territories subject to the Government of the East India Company as are within the local jurisdiction of Her Majesty's Supreme Courts aforesaid, and it is expedient that the Law of the place in the Territories subject to the Government of the East

India Company within and without such jurisdictions should, as nearly as circumstances will permit, be the same;

And whereas also there is a large and increasing number of British subjects in the Territories subject to the Government of the East India Company, and it is lawful for such British subjects to hold lands therein, as well without as within the local jurisdiction of Her Majesty's Supreme Courts aforesaid; and the Courts of the East India Company now administer English substantive Law to such British subjects whenever such substantive Law is not inconsistent with equity and good conscience, and it is expedient that they should continue to do so;

I. It is hereby enacted, that from and after the day of in the year 1845, the substantive Law of the place in the Territories subject to the Government of the East India Company, without the local jurisdiction of Her Majesty's Supreme Courts aforesaid, shall be so much of the substantive Law of England as is applicable to the situation of the people of the said Territories, and as is not inconsistent with any Regulation of the Codes of Bengal, Madras, or Bombay, or with any Act passed by the Council of India, or with this Act:

II. Provided, and it is hereby enacted, that nothing in this Act contained shall apply, so far as regards Marriage, Divorce, or Adoption, to any person professing any religion other than the Christian religion.

III. Provided also, and it is hereby enacted, that nothing in this Act contained shall be construed to prevent any Court from deciding any case according to any Law or usage immemorially observed by any Race or People not known to have been ever seated in any other country than the said Territories, or from deciding according to any good and lawful custom.

IV. And whereas also it is held by Her Majesty's Supreme Courts at Calcutta, Madras and Bombay, that (c) no Act of Parliament, which has been passed since the thirteenth year of His Majesty King George the First, extends to India, unless there be in such Act a special provision to that effect; and it is expedient, as aforesaid, that the substantive Law of the place in the said Territories, within and without the local jurisdiction of the last mentioned Courts, should be, as nearly as circumstances will permit, the same;

It is therefore enacted, that no Act of Parliament, passed since the thirteenth year of King George the First, shall be held to be extended to any place in India by virtue of this Act, unless there be in such Act of Parliament a special provision for extending it to India.

V. And whereas no Court of the East India Company is in respect of the administration of English Law, a Court of Law, as distinguished from a Court of equity and good conscience; and doubts might arise in what way such Courts ought to adjudicate the legal rights of the persons subject to the substantive Law of the place enacted by this Act; and to modify such legal rights whenever equity and good conscience require; (d)

It is hereby enacted, that the said Courts of the East India Company shall adjudicate such legal rights, and modify the same, whenever equity and good conscience require, in the same way in which the said Courts of the East India Company now adjudicate and modify the legal rights of British subjects,

VI. And whereas it is not expedient, that the distinctions (e) known in English substantive Law, between real property and personal property, should subsist in the Territories subject to the Government of the East India Company without the

local jurisdiction of Her Majesty's Supreme Courts aforesaid;

It is hereby enacted, that all immoveable property, situate within the Territories subject to the Government of the East India Company, and without the local jurisdiction of the said Supreme Courts, and every interest in immoveable property so situate, shall be regulated by the rules which regulate personal property according to the substantive Law of England, and shall be adjudicated upon accordingly in all Courts within the said Territories, whether established by Royal Charter or otherwise.

VII. Provided, and it is hereby enacted, that nothing in this Act contained shall be construed to affect the distinction (*f*) recognized by the Law of England, as well as by the Law of other civilized nations, according to which succession to immoveable property of a person deceased follows the Law of the place where such property is situate, while succession to moveable property of a person deceased follows the Law of the place of the domicile of such person.

VIII. And whereas it is probable that a High Court of Appeal will be established at Calcutta, or at each of the three Presidencies, which will supersede all the functions, whereby the several Supreme Courts and Sudder Courts now correct the decisions and control the proceedings of the inferior Courts: but it is uncertain how much time may elapse before such High Court of Appeal can be established: it is therefore hereby enacted, that until the establishment thereof in all cases to be decided under this Act, an appeal shall lie from the decision of any of the Courts of the East India Company to the Supreme Court of Fort William, or Fort St. George, or Bombay, according as the suit may have been commenced in the Provinces subordinate to either of the said Presidencies; and such Court shall have the same powers as to suspending or allowing execution of the judgment or decree appealed against, and as to taking security for costs, or for the performance of the decree or judgment of the said Courts of the East India Company as the Sudder Courts have in other cases of appeal from the said Courts of the East India Company, and shall also make rules of practice for the conduct of the said appeals in all other respects conforming in substance and effect as nearly as possible to the course of procedure of the said Sudder Courts.

IX. And it is hereby enacted, that in every suit brought in any Court of the East India Company, wherein the matter out of which the cause of action arose, shall have had place before the said day of 1845, the decision shall be according to the Law or Laws under which the parties shall appear to the Court to have supposed themselves to be living or according to equity and good conscience, following such Law or Laws.

X. And it is hereby enacted, that nothing hereinbefore contained shall apply to any Hindoo or Mahomedan, or to any property of any Hindoo or Mahomedan (*g*) unless such Hindoo or Mahomedan shall have renounced either of those religions, and shall not have adopted the other of those religions. (*h*)

XI. Provided always, that no Hindoo or Mahomedan shall, in consequence of any thing in this Act contained, by renouncing the Hindoo or Mahomedan religion, lose any rights or property or deprive any other person of any rights or property.

XII. And it is hereby enacted, that so much of the Hindoo and Mahomedan Law as inflicts forfeiture of rights or property upon any party renouncing, or who has been excluded from the communion of either of those Religions, shall cease to be enforced as Law in the Courts of the East India Company.

XIII. Provided always, and it is hereby enacted; that if, in any case falling within the provisions of Section XI. or XII. it shall appear to the Court that the application of any of those provisions would outrage the religious feelings of any party against whom the Court is called upon to apply them, the Court shall state the facts of the case and submit the statement for the decision of the Court of Appeal, who shall decide whether the provisions shall be applied or not, and with what modifications, and whether any and what compensation shall be given to any party for the loss which such party may sustain in case the said Court of Appeal should decide that the said provisions should not be applied.

XIV. And it is hereby enacted, that nothing in this Act contained shall apply to the Court of the Recorder of Prince of (*i*) Wales' Island, Singapore and Malacca. (*k*)

NOTES TO THE DRAFT ACT.

(a) SUBSTANTIVE LAW.

For two reasons we think it right to explain the sense in which we have used this expression.

First; because, though the expression has been used in Treatises of Jurisprudence and in Official Reports, it has not, we believe, been before used in Legislation.

Second; because we believe the expression has been used, or at least understood, in a sense different from that which it is intended to bear in this Act.

It has been used or understood, we believe, as if it included the definitions of crimes; as if there were Substantive Criminal Law, and Substantive Civil Law; as if the only subject matter of the whole *corpus juris* excluded by it, were the Rules of Pleading, Evidence, and Procedure. When the expression is used in this sense, the Rules of Criminal Pleading, Evidence and Procedure are considered as adjective to the Penal Code, or Definitions of Crimes,—the Penal Code itself being considered not as adjective to the Civil Code, but as substantive.

In this Act we intend the term to include only the definitions of rights and obligations; and we consider the definitions of civil injuries and the definitions of crimes as parts of adjective Law.

This, we think, is clearly the correct import of the expression. The definitions of civil injuries, and of crimes are evidently only necessary for preventing infractions of rights and obligations.

If we suppose every member of the community to have sufficient motives, independently of legal proceedings, to respect the rights of his neighbour and his own obligations, there would be no use in defining civil injuries or crimes. That is to say, definitions of civil injuries and of crimes are of no use, except as adjective to definitions of rights and obligations.

We have also the authority of the Fourth Report of the English Commissioners of Criminal Law for this use of the expression.

"It is in the first place material, (they say,) to advert generally to the relation which the criminal branch of the law bears to the whole system. Every system of municipal law consists necessarily of two distinct parts, which may be distinguished as substantive and adjective laws. The former comprehends the definition of civil rights and obligations; while it is the office of the latter to prevent the occurrence of certain grave infractions of such rights and obligations. And one mode of prevention, namely, the infliction of punishment on those who offend, in order, by example, to deter others from offending, constitutes the great principle on which the law respecting crimes and punishments is founded," p. VI.

(b) LAW OF THE PLACE.

Lex loci. The Hindoo Law and the Mahomedan Law are properly the Laws of persons belonging to the Hindoo and Mahomedan religions; they cannot therefore be considered as *Lex loci*, in the sense in which English Law is the *Lex loci* of the Presidencies,—although they are the Laws of a vast majority of the Inhabitants.

(c) APPLICATION OF STATUTES TO INDIA.

We wrote to the Judges of the Supreme Courts of Madras and Bombay, to ascertain, if this proposition

is correct as to their Courts, and have been favored with early answers. The answer of Sir Robert Comyn and Sir Edward Gamber shews that the proposition is correct as regards the Supreme Court of Madras. By Sir Henry Roper's answer, it seems that the question has never been decided at Bombay. From the evidence of Sir Ralph Rice, however, before the Select Committee of the House of Lords, 1830, it appears that the thirteenth year of King George the First has been considered at Bombay also, as the epoch at which English Law was introduced by the Establishment of the Mayor's Court.

We observe also in the Reports of cases decided by the Sudder Dewany Adawlut of Bombay, vol. 1. p. 338, that a case is cited by the Advocate General from the Courier Newspaper of the 30th January 1818, in which the learned Recorder of that day is made to say, that "the first Charter of Justice might be said to be that of George I. in 1726, creating the Mayor's Court at each of the three Presidencies." Perhaps therefore the allegation in the Preamble to this section may be considered sufficiently proved.

(d) EQUITY AND GOOD CONSCIENCE.

The Mofussil Courts as regards English Law are not Courts of Law, but of Equity.

They now administer to British subjects the same system which is administered by English Courts of Equity. See the case of *Hoo v. Peter Marquis*; Reports of the Sudder Dewany Adawlut. Vol. 4, p. 243.

But one very remarkable difference in their circumstances causes an equally remarkable difference in the mode in which they administer that system. They are Courts administering English Equity in a country in which there are no Courts of English Law. This is a vast advantage. A very great portion of the business of English Courts of Equity consists of attempts (not always though generally effectual) to prevent or remedy the mischievous effects of proceedings in Courts of Law. Where there are no such Courts this function has of course no existence. The Mofussil Courts have nothing to do but to administer Equity, following Law of course, but unembarrassed by the co-existence of Courts of Law,—that is to say, to give to every suitor his legal rights when there is nothing inequitable in them,—when there is any thing inequitable, then his legal rights modified and corrected by Equity. Again, as every British subject who sues in the Mofussil is seeking Equity, he is obliged, according to the well known rule, to do Equity as the price of obtaining it.

The effect of this Act will not be, to introduce any new system into the Mofussil Courts, but merely to extend to all persons who are not Hindoos or Mahomedans that system which is already administered to British subjects.

(e) DISTINCTION BETWEEN REAL AND PERSONAL PROPERTY.

This, in the early stages of English Law, would have been a very important change. But now every man may by that Law dispose of his real property by will as he pleases. And by Mr. Fergusson's Act the real Estates of British subjects in the Presidencies are liable for debts of all kinds. Practically therefore, this change will not be a great one, especially when we take into account the circumstance that all the Mofussil Courts are Courts of Equity, in which kind of Courts the distinctions between Realty and Personality are not looked upon with favour.

We apprehend that the Law of Primogeniture as it now exists in England has not much direct operation, because the greater part of landed property is either in settlement or passes by will. It is probable, however, that the original Law of Primogeniture, excluding as it did any testamentary power, has still a considerable indirect effect through the feelings of landed proprietors. It probably induces them in their settlements and wills to make an *eldest son*, as it is commonly expressed.

The question agitated among Political Economists has been, whether a *compulsory* Law of equal partition is beneficial or otherwise. We believe it has not been frequently urged that, so long as every man is left at liberty to divide his property as he pleases after his death, the national welfare requires that, in the event of his making no provision; the principle of Primogeniture should prevail.

Whether, in a country where the power to settle and devise real property exists, the feeling in favor of Primogeniture, or something approaching to Primogeniture, with its effect upon wills and settlements, is beneficial or not,—is a question too wide to be discussed in this note. Nor is such a discussion necessary for the present purpose; because the feeling does not exist with regard to the real property of Englishmen in India, and assuredly could not be created in such circumstances by merely permitting the remnant of the ancient English Law of Primogeniture to continue in existence. The existence of that remnant, therefore, surely holds out no prospect of advantage, equivalent to that of having one simple and uniform Law of Succession for all kinds of property.

There is one distinction between moveable and immoveable property, which we believe is in practice observed in the Mofussil, and which we think ought to have the sanction of Law. We mean the distinction introduced into English Law by the Statute of Frauds, which makes writing and signature necessary to a conveyance of real property. But we think a provision to this effect will more properly form the subject of a separate Act than of an exception to this Section.

(f) DISTINCTION BETWEEN MOVEABLE AND IMMOVEABLE PROPERTY.

It cannot be denied that, by the recognition of this distinction, the difficult question of Domicile will frequently arise for decision in the Mofussil Courts, and also that those Courts will frequently have to inquire what is the Law of the domicile of a deceased person, in respect of succession to moveable property. These difficulties, however, cannot be removed without making British India an exception in this respect to other British possessions, and perhaps to the whole civilized world; and even if we thought it advisable to propose the abolition of the distinction, we should doubt whether any Legislature, except the Imperial Parliament, could with perfect propriety alter a part of the Law which seems to have a near relation to the *comitas inter gentes*.

When we come to the Codes of Substantive Law we shall go fully into this subject, and consider how far we can, consistently with a due respect to the general practice of nations, relieve the Courts of this country from the necessity of applying any other Law than that of the place.

(g) DIFFERENCE BETWEEN THE LAW ADMINISTERED TO HINDOOS AND MAHOMMEDANS IN THE MOFUSSIL.

The right of Hindoos and Mahomedans to have Hindoo and Mahomedan Law administered to them is limited, both in the Presidencies and in the Mofussil; but the limitation is not the same in the two cases. Neither is the Law administered to these two classes, in cases where they are not entitled to their own Laws, the same (practically at least) in the Presidencies and in the Mofussil.

When we are making the three Codes of Substantive Law, which appear to be required for the three great classes of which the population of this Indian Empire consists, viz, Hindoos, Mahomedans, and persons who are neither Hindoos nor Mahomedans, it is to be hoped that we may find it possible to give to the two former classes the same Law, in the cases in which Hindoo and Mahomedan Law are not now specially reserved to them, or may not continue to be especially reserved to them, as that to which the last class will be subject in such cases. It is also to be hoped or rather it is not to be doubted, that we shall be able to provide that the legal condition of each of the three classes shall be the same respectively in the Presidencies and in the Mofussil.

This Act, however, is intended for the last class only, and any provisions affecting the other two would be out of place in it.

(h) CONSEQUENCES OF PERSONS CHANGING THEIR LAW.

According to the view expressed in Note (b), these persons no longer professing the Hindoo and Mahomedan religions, the Hindoo and Mahomedan

Laws will not be applicable to them respectively. They will become properly subject to the *lex loci*. It is necessary however to provide against any loss of rights to them, or to any other persons through them, by this change of Law. This is done by Section XI.

But besides the change from Hindoo and Mahomedan Law to the *lex loci* which owes its origin to this Act, there is a loss of rights consequent upon renunciation of the Hindoo and Mahomedan religions, by the operation of the two systems of Law belonging respectively to those religions. It was to prevent this loss of rights that Section IX, Regulation VII. of 1832 of the Bengal Code was enacted. Section XII. of this Act will make the Law uniform on this point, throughout the territories under the Government of the East India Company except within the limits of the local jurisdiction of Her Majesty's Supreme Courts. We think it ought to be the same within those limits, but to make it so does not fall within the scope of this Act.

(i) SETTLEMENTS IN THE STRAITS OF MALACCA.

The whole of the Settlements in the Straits being subject to the Law which is administered by the Recorder's Court, there is no room for the application of this Act to those Settlements.

(k) EXTENSION OF ACTS OF THE COUNCIL OF INDIA.

We at first thought of extending, by a general provision in this Act, all the Acts of the Council of India which have extended the provisions of Acts of Parliament to any parts of India, or to any persons in India. But having looked through those Acts, we believe it will be a more expedient course to make separate and special provision for that purpose.

The sort of case which Section XIII. is intended to meet may be thus exemplified. A married Hindoo man renounces his religion and becomes subject to the *lex loci*, according to that Law he might sue for a restitution of conjugal rights if his wife refused to cohabit with him. But according to Hindoo Law the wife would have a right to separate herself from a husband who had become outcast, and, nevertheless, to have her maintenance out of his property.

This right of the husband and this right of the wife are inconsistent with each other and only one of them can prevail. To avoid outrage to the religious feelings of the wife, her right to separate herself ought to prevail. But it is very difficult to foresee all the cases requiring special provision when a man passes from the the Hindoo or Mahomedan Law to the *lex loci*, and to make such special provision beforehand, as shall meet the exigency. A discretion is therefore left to the Court of Appeal in these cases to decide according to what may appear to be the merits of each individual case.

This is a very anomalous provision; but it is a provision intended for a very anomalous state of things.

Ordered, that the draft Act be reconsidered at the first meeting of the Legislative Council of India after the 18th day of April next.

II. And it is hereby enacted, that all Regulations or parts of Regulations which extend any of the Regulations or parts of Regulations herein before repealed, be also repealed.

III. And it is hereby enacted, that in the Territories subject to the Presidency of Fort William in Bengal, attachments and sales of land, or of any interest in land in satisfaction of the decrees or other process of the Courts of Civil Judicature, shall be made by such Courts or under their directions; and that the Rules now in force for the attachment and sale of such real property as the Courts of Civil Judicature are now authorized to sell in satisfaction of decrees without application to the Revenue Authorities, shall apply to attachments and sales made under the authority of this Act.

IV. And it is hereby enacted, in addition to the said Rules, that in the said Territories whenever a holder of a decree of any Court of Civil Judicature shall apply to such Court for the sale in execution of any Estate paying Revenue to Government, or any portion of any such Estate, he shall at the time of making such application file an authenticated extract from the Register of the Collector's Office, specifying the Jumma of such Estate, which shall be inserted in the notification of sale.

V. And it is hereby enacted, in addition to the said Rules, that in the said Territories previous to the day of sale the Court shall obtain from the Collector's Office a statement of the balance of Revenue, if any, due from such Estate, and shall cause it to be notified to the persons assembled at the sale whether there is any balance due, and if any, the amount thereof.

VI. And it is hereby enacted, in addition to the said Rules, that whenever the land for the sale of which, or of any interest in which a decree holder makes application, has been subjected to a settlement under the provisions of Regulation VII. 1822 of the Bengal Code, or subsequent enactments, no such land or any interest therein shall be attached or sold unless it appears by the Settlement Record to belong to the party against whom the execution is issued, or to some other person from whom it has been derived to such party; and in every such case the decree holder shall at the time of making such application file an authenticated extract from the Settlement Record specifying the nature and extent of the interest in such land belonging to such party or other person. Provided, however, that nothing in this Section contained shall apply to any case in which the land or interest belonging to the party against whom the execution has issued, has been adjudged to such party or to some other person from whom it has been derived to such party, by a decree in a regular suit setting aside the Settlement Record relating to such land or interest.

VII. And it is hereby enacted, in addition to the said Rules, that in the said Territories the purchaser at any such sale shall be required to deposit immediately, either in Cash, Bank of Bengal Notes or Post Bills, or Government Securities duly endorsed, fifteen per cent on the amount of his bid, and in default of such deposit, such land or interest therein shall forthwith be put up again and sold, and if the purchaser shall omit to pay the purchase money the deposit shall be forfeited and shall be applied as if it were purchase money, and the land or interest therein, or such portion thereof as may be sufficient to satisfy what remains due shall be again put up to sale, due notification having been first again given.

VIII. And it is hereby enacted, that in the said Territories, sales of land, or of any interest in land in execution of decrees of Court or other judicial process shall be of the nature of private transfers.

IX. And it is hereby enacted, that in the said Territories all applications which may have been made by the Courts of Civil Judicature to the Revenue Authorities for the sale of land, or of any interest in land in satisfaction of decrees or other process of such Courts, previously to the passing of this Act, shall be proceeded upon as if this Act had not been passed.

X. And it is hereby enacted, that nothing contained in this Act shall affect the process of Her Majesty's Supreme Court of Judicature, or of any Court in the Settlements in the Straits of Malacca.

Ordered, that the Draft Act be reconsidered at the first Meeting of the Legislative Council of India after the 25th day of March 1845.
