31st March 1855.

The following Bill was read a second time in the Legislative Council on the 31st March 1855, and referred to a Select Committee, who are to report thereon after the 4th of June next:—

*A Bill for the better Regulation of Buildings, and for the more effectually preventing Accidents by Fire within the Town of Calcutta.*

Whereas it is expedient to repeal Act XII. of 1837, and to provide for the better regulation of buildings and for the more effectual prevention of accidents by fire within the said Town: It is enacted as follows:—

Preamble.

I. Act XII. of 1837 is hereby repealed, except as to any act or offence done or committed, or to any fine or penalty incurred, or to any proceedings commenced before the passing of this Act.

Act repealed.

II. No house or out-house which shall be built within the Town of Calcutta after the passing of this Act shall be covered with an outer roof or covering of thatch or combustible materials, unless the consent of the Commissioners for the Improvement of the Town of Calcutta be obtained for that purpose.

Houses built after the passing of this Act not to be covered with an outer roof of combustible materials without the consent of the Commissioners.

III. It shall not be lawful for the owner or occupier of any house or out-house, whether built before or after the passing of this Act, or whether at the time covered with an outer roof of thatch or other combustible materials or not, either in re-building, altering, repairing, or recovering the same, or on any occasion, or for any purpose whatever, to cover or cause or permit to be covered any such house or out-house, either wholly or in part with an outer roof or covering of thatch or other combustible materials, without the consent of the said Commissioners first obtained for that purpose.

Houses not to be covered with an outer roof of combustible materials, without such consent, when rebuilt or repaired after the passing of this Act.

IV. It shall not be lawful for the owner or occupier of any house or out-house within the said Town which at the time of the passing of this Act has or is covered with an outer roof of thatch or other combustible materials, or for any person having control over the same, to suffer such roof or covering or any roof or covering of combustible materials to remain as the outer covering of the said house or out-house after the 1st day of January 1857.

No house to have an outer roof of combustible materials after the 1st of January 1857.

V. Every person who, without such consent as aforesaid, shall cover or cause or permit to be covered any house or out-house within the said Town wholly or in part with an outer roof of any combustible materials, or suffer an outer roof or covering of such material erected before the passing of this Act, or any roof or covering of combustible materials, to remain as an outer covering of the said house or out-house after the 1st day of January 1857, contrary to any of the provisions herein contained, and who shall not, within one week after notice given to him for that purpose, either remove the same or cover the same with an outer roof of incombustible materials, shall, on conviction before a Justice of the Peace, be liable to a fine not exceeding Company's rupees 100, or in default of payment thereof, to imprisonment for any term not exceeding one month. Provided that such notice as aforesaid may be given by any person or persons whatsoever, and that service of any such notice upon the said premises shall be deemed sufficient service of such notice.

Penalty.

VI. The said Commissioners are hereby empowered,

Proviso.

upon the application of any person, to signify their consent, by any writing signed by their Secretary or Surveyor for the time being, to the covering, either wholly or in part, any house or out-house within the said Town with an outer roof of thatch or other combustible materials or to the continuing of any such outer roof after the period herein before mentioned. But every such consent shall express the time for which it is to remain in force. And, after the expiration of such time, the owner or occupier of the said house or out-house suffering the said outer roof or covering of combustible materials to continue shall be liable to be proceeded against as if he had originally covered the said house with such roof or suffered the same to continue without such consent as aforesaid. But it shall be lawful for the said Commissioners from time to time to revoke or to renew such consent if they shall think fit.

Consent of Commissioners—continuance and revocation of consent.

VII. Upon any conviction under this Act, it shall be lawful for the Justice before whom it shall take place to order that any such roof or covering of combustible materials, or that any building or thing hereby prohibited, to which such conviction shall relate, to be removed within a time to be appointed and certified in writing by the said Justice. And if, at the expiration of the said time, the said roof or covering, or the other building or thing directed to be removed, has not been removed, it shall be lawful for the said Commissioners, without further reference to such Justice, and without any further summons or notice, to remove or cause to be removed the said building or thing, and (if they shall think fit, but not otherwise) to cover or cause to be covered the said house or out-house with an outer roof of incombustible materials, and to cause such alteration to be made in the walls as may enable them to support such outer roof.

Upon conviction under this Act, Justice may direct materials, &c. to be removed.

If not removed, the Commissioners may remove such materials.

And cause the house, &c. to be properly roofed.

VIII. It shall be lawful for the said Commissioners to sell or cause to be sold the materials of such roof or covering, building or thing, as in the last preceding Section mentioned, and, out of the monies arising from such sale, to pay the reasonable charges for such removal, and of such new covering and alteration, when the same shall take place. And the said Commissioners shall pay the surplus, if any, to the occupier of the said house or to the person entitled to the immediate possession thereof. If the monies accruing from such sale be not sufficient to pay such costs and charges, the said occupier, or the person entitled to the immediate possession of the said house, shall be liable to pay the same, and if he shall not, on demand, pay the same, then it shall be lawful for any Justice of the Peace, by warrant under his hand (upon a summons issued to such occupier or person), to cause the amount thereof, together with the costs of such distress, to be levied by distress and sale of the goods, chattels, and effects of such occupier or person, and to cause the amount thereby realized to be paid over to the said Commissioners.

Mode of recovering expenses if the money arising from such sale be insufficient.

Is hereby given, that persons desirous of entering into a contract for the SUPPLY OF MISCELLANEOUS EUROPE ARTICLES, as per Schedule No. 1, as may be required by the Commissariat Department at the Presidency, for the term of two years from the date of the acceptance of the tender, may, on application at this Office from 11 A. M. to 5 P. M. daily (Sundays excepted), obtain copies of the schedule or list of prices, and such information relating thereto as they may require.

2. Sealed Tenders for the contract will be received at this Office, on Thursday the 26th instant, at 1 o'clock precisely. These must specify, both in words and figures, the rate per cent. above or below the prices exhibited in the above list at which the supply will be made, on the understanding that the articles supplied are to be of unexceptionable quality, and according to musters which may be seen in this Office, or of the sort usually supplied, and are to be delivered, in the first instance at the Commissariat Stores at the Presidency, if required, and afterwards to the indenting Departments, in good condition, free of all charges beyond the stipulated price, in such quantities as may from time to time be demanded, and that the same are liable to exami-

nation and rejection by the executive Commissariat Officer, or by the indenting or receiving Officer; or by a Committee of Officers appointed on the part of Government, in the event of the contractor being dissatisfied with the decision of the above Officers, or either of them; it being understood that the decision of such Committee is to be final, and binding on all parties.

3. No tender will be received unless accompanied by a deposit in cash, of the sum of Rupees one thousand two hundred and eighty-nine (1,289), which sum will be forfeited in the event of delay, evasion, or refusal on his part to execute the necessary deed of contract when required to do so, on his tender being accepted; in which latter case he must be prepared to give unexceptionable bonded security to the further amount of Rupees five thousand one hundred and fifty-eight (5,158), which, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of his contract.

4. A contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him, in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the articles, or such others as may be required in lieu thereof, shall be purchased by this Department, without delay, at his risk and cost, if it be considered expedient to do so, and in all such cases thirty (30) per cent. upon the amount of expenses incurred, or a fine of from Rupees thirty (30) to two hundred (200), at the option of the executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of contract, it being understood that the simple condemnation of any article by a Committee constitutes a breach of contract, whether the rejected articles be replaced by the contractor or by this Department; in every such case, also, it is to be understood that the contract may be cancelled, at the discretion of the Commissary General, and that if the contract be so cancelled, the cash deposit mentioned in para. 3 of this Notice will be forfeited to Government.

5. It is also to be understood, that any delay, negligence, evasion, or refusal on the part of a contractor to make supplies or obey orders, or any attempt on his part, or that of his agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him in every instance to be fined to the extent of Rupees twenty-five (25), at the option of the executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

8. Bills for articles supplied under this contract must be preferred within one month from the date of the delivery of the articles, in default of which the contractor will forfeit the full value of the supplies for which bills have not been so preferred, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable.

9. The amount of retrenchments made by the Military Board on the contractors' bills will be recovered from the first bills preferred for payment; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

### Notice

Is hereby given, that persons desirous of entering into a contract for the SUPPLY of MISCELLANEOUS ARTICLES, &c. as may be required by the Commissariat Department at Belgaum for the use of the Hospitals and Ordnance Department, &c. from the date of sanction to the 31st April 1857, may, on application at this Office from 10 A. M. to 5 P. M. daily (Sundays excepted), obtain a list of the articles, with the prices, and such information relating thereto as they may require.

2. Verbal offers for the contract will be received at this Office on Monday the 7th May next, at 12 o'clock precisely, when bidders will be required to bid a per-centage above or below the prices exhibited in the above list at which the supply will be made, on the understanding that the whole of the articles, &c. supplied are to be of the best description of the sorts described in the list, and are to be delivered, in the first instance at the Commissariat Stores at Belgaum, if required, and afterwards to the indenting Departments, in good condition, free of all charges beyond the stipulated price, in such number or quantities as may from time to time be demanded, and that the same are liable to examination and rejection by the executive Commissariat Officer, or by the indenting or receiving Officer; or by a Committee of Officers appointed on the part of Government, in the event of the contractor being dissatisfied with the decision of the above Officers, or either of them; it being understood that the decision of such Committee is to be final, and binding on all parties.

3. No person will be allowed to bid for the contract unless he previously deposits in this Office, in cash, the sum of Company's Rupees four hundred (400), which sum will be forfeited in the event of delay, evasion, or refusal on his part to execute the necessary deed of contract when required to do so, on his offer being accepted; in which latter case he must be prepared to give unexceptionable bonded security to the further amount of Company's Rupees one thousand six hundred (1,600), which, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of his contract.

4. The contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be condemned by a Committee of

Officers as aforesaid, the articles, or such others as may be required in lieu thereof, shall be purchased by this Department without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases thirty (30) per cent. upon the amount of expenses incurred, or a fine of from Rs. fifty (50) to Rs. two hundred (200), at the option of the executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of contract; it being understood that the simple condemnation of any article by a Committee constitutes a breach of contract, whether therejected articles be replaced by the contractor or by this Department; in every such case, also, it is to be understood that the contract may be cancelled at the discretion of the Commissary General, and that if the contract be so cancelled, the cash deposit mentioned in Paragraph 3 of this Notice will be forfeited to Government.

5. It is also to be understood, that any delay, negligence, evasion, or refusal on the part of a contractor to make supplies or obey orders, or any attempt on his part, or that of his agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him, in every instance, to be fined to the extent of Rupees twenty-five (25), at the option of the executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

6. It is further to be understood, that the contractor, or an accredited agent on his part, approved of by the executive Commissariat Officer, is to attend at this Office during the usual hours of business, i. e. from 10 A. M. to 5 P. M. daily (Sundays excepted), also at such other time or place as may be indicated by the executive Commissariat Officer, when he may consider it desirable for the public service to require such attendance.

7. Any party whose offer is accepted will be required to produce his sureties for the approval of the civil or cautionment authorities, as may be necessary, within fifteen days from the date of the acceptance of his offer, or the contract will be resold. No reason will be stated for rejecting any security offered.

8. Bills for articles supplied under this contract must be preferred within one month from the date of the delivery of the articles, in default of which the contractor will forfeit the full value of the supplies for which bills have not been so preferred, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable.

9. The amount of retrenchments made by the Military Board on the contractors' bills will be recovered from the first bills preferred for payment; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

10. Any party who, after offering for this contract, fails to furnish the necessary security, as provided for in Clause 3 of this Notice, will be interdicted from bidding on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due execution and performance of the contract, on his offer being accepted.

11. The annual outlay on the above contract

is estimated at Company's Rupees seven thousand nine hundred and seventy-three, three annas, and five pies (7,973-3-5).

12. No reason will be assigned for the rejection of any offer.

NOTICES.

The attention of the Public is particularly requested to Clause XVII. of the New Post Office Rules, and likewise to Section XXXVII. of Post Office Act No. XVII. of 1854.

"*Clause XVII.*—The Delivery Peons are prohibited from going out of their usual course to deliver Letters, Papers, or Parcels, and from delivering them without immediate payment of the exact amount of Postage; and they are not bound to give change. Should they be subject to detention, they are not to deliver the Letters, Papers, or Parcels, but to return them in the evening to the Post Office, for delivery the following day."

"*Section XXXVII.*—If any person shall refuse to pay any Postage which he is legally bound to pay for any Letter, or other article, the same may be recovered, by any Officer in charge of a Post Office, in the same manner as a fine may be recovered under this Act (*that is, by distress and sale of property*); and it shall be lawful to withhold from the person so refusing, until such Postage be paid, any other Letter or Packet addressed to that person."

2. No Letters will be delivered at the Post Office except on *immediate payment* of Postage; and any complaints that parties may have to make should be preferred, in the first instance, to the Deputy Post Master General.

*Bombay, 28th February 1855.*

As many Letters and Communications, having sole reference to the business of the Bombay Post Office, continue to come to the address of the Post Master General from Mofussil Offices, which ought to be addressed to the Deputy Post Master General in charge of the Bombay Post Office; and other Papers, which ought to be directed to the Post Master General, are sent to the Deputy; and thereby much delay and inconvenience arises in the transaction of business: it is requested, with reference to the Advertisement in Government Gazette, dated the 21st November 1854, notifying that the business of the Bombay Office had been made over to the Deputy, that care be taken in addressing properly all Letters and Communications, either to the Post Master General, or to the Deputy Post Master General, according as the business to which they refer has to be attended to and disposed of by either. It is requested that instructions to this effect be issued to all subordinate Offices.

*Bombay, 21st February 1855.*

Parties who may desire to send or call at the Post Office for their Overland Letters, are requested to register their Names; otherwise the Letters will be sent out for delivery by the Post Office Peons. No Bearing Letters will be delivered except on *immediate payment* of the Postage.

NOTIFICATION.

FINANCIAL DEPARTMENT.

On and after 1st May next, all advances to the Executive Engineers, whether on account of salaries or works in progress, will be made from the Civil Treasuries only. Such advances will be charged to "Public Works Department."

2. The Civil Treasurers and Executive Engineers will exchange Receipts for the Balance Debtor on 30th April next, of the Executive Engineers' Account Current, the Civil Treasurer acknowledging the balance as paid into the Treasury on 30th April, and the Executive Engineer acknowledging the receipt of the amount as an advance on 1st May. These advances will be charged, as above directed, to "Public Works Department." The Civil Treasurers and Executive Engineers concerned are required to effect this promptly and carefully. The object is not only to charge the balances to "Public Works Department," which could be effected without the exchange of Receipts, but for a special purpose pertaining to this year only, to cause the Balances Debtor of the Executive Engineers' accounts to appear as advances of the year 1855-56.

3. Superintending Engineers, who may have received advances on account of salaries and establishment, are required similarly to repay any unadjusted balance remaining to their debit on 30th April next, and to take a fresh advance on 1st May.

4. The Military and Marine Accounts Current, closed on 30th April next, will be adjusted by repayment of the balance by means of advances taken, on or after 1st May, from the Civil Treasury for the purpose.

5. In supersession of existing restrictions in respect of advances to Executive Engineers, the following Rules are prescribed:—

6. The Civil Treasurers will advance, on demand, such sums not less than Rupees 300, and in even hundreds, as the Executive Engineer may certify to be necessary for his current sanctioned operations, without further detail, provided that after 31st October next no advance be made until the Executive Engineer's Account Current of the previous half year shall have been received correct, so far as the Civil Treasurer can determine.

7. The advances taken by the Executive Engineers will be adjusted by bills rendered to the Chief Engineer of Public Works for audit, and copies of the intimations of the amounts passed on audit to the credit of the Executive Officers will be sent by the Chief Engineer of Public Works to the Civil Treasurers concerned, to enable them to show the adjustment of the advances in their books.

8. Executive Engineers, from 1st May next, will render but one Account Current in the Public Works Department, without distinction of the several other departments to which the charges may belong.

9. The Chief Engineer of Public Works will open books of account in his Office, to be called "Public Works Account," which is to be a suspense account for ledgering, under such heads of charges as the Accountant General may prescribe, the sums passed by the Chief Engineer of Public Works to the credit of Officers of the Public Works Department.

10. The Chief Engineer of Public Works will submit to the Accountant General an annual statement of the actual receipts and disbursements of the Public Works Department, distinguishing in the receipts the amounts advanced from each several Treasury, and distinguishing the disbursements under the heads "Public Works Ordinary," and "Public Works Extraordinary," and "Cash Balance," with the other subordinate headings, according to the 11th paragraph of Extract No. 930 from the Proceedings of the Most Noble the Governor General of India in Council in the Financial Department, under date the 9th February 1855. This statement is to be rendered by the 1st August.

11. The Chief Engineer of Public Works will annually render to the Accountant General, on or before 1st May, as correct an estimate as can be conveniently framed of the expenditure of the Public Works Department of the ensuing year, under the several heads noted in the foregoing paragraph; and, on or before the 1st October, will render a corrected estimate, similarly framed.

12. When Executive Engineer Officers receive sums of money from extraordinary sources, such as the Sale of Stores (with the value of which the Executive Engineer has not been debited), or Travellers' Bungalow Fees, they are required to pay such sums into the Civil Treasuries, and to make an entry of the transaction in their Accounts Current, debiting themselves with the receipt, and crediting themselves by the payment into the Treasury. These entries are necessary to ensure due account thereof by the Civil Treasury.

By order of the Right Honorable the Governor in Council,

W. HART,

Secretary to Government.
