Notes of one Circle are not interchangeable with those of another Circle, and cannot be cashed at par except within their own Circle or Sub-circle. A commission of one per cent. usually is charged by Bankers for cashing notes of foreign Circles.

The Numbers and Indicating Letters should be carefully noted when receiving, and parting with, Notes.

The value of a whole Note lost in post or otherwise cannot be recovered from Government, except, by a special order of Government, under very special circumstances.

The value of Notes mutilated may be recovered on the circumstance being reported to the Commissioner of Paper Currency of the Circle to which the Note belongs, with its number, date, &c., who, after a certain time, will pay the amount on an indemnity-bond to be granted by the principal and two securities.

The value of a half Note, the other half of which has been lost, may be recovered in the same manner. A Note lost should at once be reported to the Commissioner of Paper Currency of the Circle to which it belongs, with its number, &c., for the purpose of its being "stopped."

The Government cannot refuse to cash a Currency Note by whomsoever presented, but the name and address of the presenter will be taken and reported to the rightful owner for him to take whatever steps he may think necessary.

Any person who has come into possession honestly of a mismatched Note, may, if he desires, leave it in deposit at the Currency Office of the Circle concerned, in order that, if the corresponding half turns up, he may be put in the way of recovering the value.
