# Royal Message to India

---

December 23rd, 1919

"It is my earnest desire at this time that so far as possible any trace of bitterness between my people and those who are responsible for my Government should be obliterated. ... ... ... A new era is opening. Let it begin with a common determination among my people and my officers to work together for a common purpose.

With all my people I pray to Almighty God that by His wisdom and under His guidance India may be led to greater prosperity and contentment and may grow to the fulness of political freedom.
