APPENDIX

Glossary of vernacular terms used in the Volume	327
Index	329—336

Agricultural Statistics of India

1938-39

VOLUME II—INDIAN STATES

Introductory Note

THIS volume deals with statistics for Indian States as far as reported. As in the previous issues, summary tables have been inserted to show the total figures relating to area, the classification of area, and the area under crops for each State or group of States, and the totals for all the reporting States. The total number of cattle, as far as reported, in each of the years 1919-20 to 1938-39 has also been included in the general summary table (No. 1). These statistics are defective for comparative purposes, as additions have been made in the number of reporting States from time to time. Two charts and an index for easy reference have, as usual, been added to the volume.

It should be noted that, for the reasons explained in subsequent paragraphs, the agricultural statistics of Indian States are incomplete. They are also of far less accuracy than those of British Provinces published in Volume I. As these States comprise one-third of the total area of India, the importance of the statistics relating to them can scarcely be over-estimated.

The total area of Indian States is 459 million acres (717,000 square miles), with a population of 81 millions according to the Census of 1931. These States are divided, for purposes of agricultural statistics, into two main classes, namely, (1) States within the jurisdiction of Provincial Governments and Administrations, and (2) States having direct political relations with the Crown Representative.

(1) *States within the jurisdiction of Provincial Governments and Administrations.*—These States comprise only Manipur and the Khasi and Jaintia Hill States in Assam, and their total area is 7,891,000 acres, with a population of 626 thousands.

No agricultural statistics are at present prepared for these States. The total area of these States is included in the area of Assam stated in column 2 of Table I of Volume I (British India), but is also shown separately in column 3 of that table in order to arrive at the net area of British territory (in column 5) dealt with in that volume.

(2) *States having direct political relations with the Crown Representative.*—These are divided into the following main groups :—

	Area Thousand acres	Population Thousands
Baluchistan States	51,462	405
Baroda	5,050	2,448
Bombay States (including Western India States)	36,248	7,976
Central India States	33,121	6,648
Eastern States	42,921	8,093
Gwalior	16,511	3,523
Hyderabad	52,927	14,436
Kashmir	52,061	3,623
Madras States	6,842	6,755

NOTE.—The grouping of the Indian States has been arranged according to their geographical situation, irrespective of the changes made in the allocation of these States under different political agencies.

	Area Thousand acres	Population Thousands
Mysore	18,875	6,557
North-West Frontier Province States (including Tribal areas)	14,676	2,140
Punjab States	30,395	6,137
Rajputana States	83,730	11,490
Sikkim	1,804	110
United Provinces States	4,025	1,206
Total	450,648	80,542

No agricultural statistics are at present available for the Baluchistan States, Eastern States*, North-West Frontier Province States, and Sikkim. Of the remainder, returns are received from the following eighty States :—

	Area Thousand acres	Population Thousands
<i>Baroda</i>	5,050	2,443
<i>Bombay States—</i>		
Aundh	321	77
Bhavnagar	1,898	500
Dharampur	450	112
Jath	627	91
Miraj (Senior)	207	94
Mudhol	236	63
Phaltan	254	59
Ramdurg	108	35
Sachin	29	22
<i>Central India States—</i>		
Barwani	754	141
Bhopal	4,429	730

Marwar	22,442	2,126
Tonk	1,634	317
<i>United Provinces States—</i>		
Benares †	574	391
Rampur †	571	465
Tehri-Garhwal*	2,880	350
Total	257,849	55,527

The total area of all the eighty reporting States named above amounts to 257,849,000[†] acres with a population of 56 millions. These States, therefore, contain 56 per cent of the total area, and 69 per cent of the total population, of the Indian States.

The earliest years from which the statements of agricultural statistics have been received from these eighty reporting States are noted below:—

Mysore	1886-87
Jaipur	1892-93
Gwalior	1896-97
Bikaner, Marwar, Tonk	1898-99
Alwar, Bharatpur, Jhalawar, Kishangarh, Kotah	1900-01
Bahawalpur, Indore, Jind, Nabha, Nagod, Narsingarh, Patiala, Rajgarh	1907-08
Banganapalle, Barwani, Bhopal, Cochin, Dujana, Faridkot, Kalsia, Kapurthala, Loharu, Malerkotla, Pataudi, Pudu- kkottai, Sandur, Simla Hill States ‡, Sirmur, Travancore	1908-09
Kashmir	1910-11
Aundh, Baroda, Bundi, Jath, Phaltan, Sachin	1918-19
Benares, Bhavnagar, Dharampur, Hyderabad	1919-20
Dholpur, Rampur, Tehri-Garhwal	1920-21
Bilaspur §	1922-23
Orchha	1928-29
Miraj (Senior), Mudhol, Ramdurg	1937-38

* Politically under the Punjab Hill States Agency.

† Gwalior Residency and Rampur and Benares Agency.

‡ For some of the Simla Hill States statistics have been received much later than 1908-09.

§ Statistics for the State were formerly included under Simla Hill States.

¶ The difference between this figure and the total area as shown in column 2, Table I, on page 14 is due to the inclusion here of complete area figures for Barwani and Simla Hill States taken from the census returns.

The returns for the States mentioned below relate to the years ending on the dates shown against each :—

	Year ending	
Banganapalle and Sandur	31st March	
Bhopal and Mudhol	" "	31st May
Indore	" "	5th June
Jath and Phaltan	" "	6th June
Baroda, Benares, Bharatpur, Cochin, Dharampur, Dujana, Gwalior, Kishangarh, Kotah, Mysore, Nagod, Narsingarh, Oorchha, Patiala, Pudukkottai, Tehri- Garhwal and Travancore.	" "	30th June
Aundh	" "	5th July
Ramdurg and Sachin	" "	31st July
Jaipur	" "	31st August
Bilaspur	" "	22nd September
Barwani, Bundi, Dholpur, Jhalawar, Marwar and Rampur	" "	30th September
Hyderabad	" "	5th October
Pataudi	" "	30th October
Alwar, Bhavnagar, Bikaner, Rajgarh and Tonk	" "	31st October
Kashmir	" "	12th April in Kash- mir Province and Frontier districts and 16th September in Jammu Province.

Table I.
Total area

From the total area of all the eighty reporting States (257,849,000 acres*), deduction must be made of 106,842,000 acres, comprising chiefly un-surveyed areas and lands held on jagir, muafi, and other privileged tenures, for which statistics are not available. The net area actually covered by these statistics is, therefore, only 151,007,000 acres by professional survey†, or 151,161,000 acres according to village papers‡.

Table II.
Classification of area

	Thousand acres	Per cent	
Forests	19,244	12·7	shown in the margin as far as details are available †. Forests occupy 19,244,000 acres, or 12·7 per cent of the total area, and the area not available for cultivation, that is, land absolutely barren, or unculturable, or covered by buildings, water, and roads, or otherwise appropriated to uses
Not available for cultivation	31,139	20·6	
Other uncultivated land excluding current fallows‡	20,191	13·4	
Current fallows	12,995	8·6	
Net area sown	67,493	44·7	
Total ..	151,062	100	

other than agriculture, amounts to 31,139,000 acres, or 20·6 per cent; while other uncultivated land excluding current fallows amounts to 20,191,000 acres, or 13·4 per cent of the total area, and land kept fallow in the year under report 12,995,000 acres, or 8·6 per cent. The net area actually sown in the year was thus 67,493,000 acres (44·7 per cent of the total area). This net area sown, however, excludes areas sown more than once in the year. If areas sown more than once (as noted below) are taken as separate area for each crop, the gross area sown in the year of report amounts to 70,785,000 acres.

Table III.
Area under irrigation

The total area irrigated in the reporting States during 1938-39 was 10,676,000 acres, as against 10,765,000 acres in the preceding year. Of this, 4,086,000 acres were irrigated from Government canals, 981,000 acres from private canals, 1,807,000 acres from tanks, 2,874,000 acres from wells, and 928,000 acres from other sources of irrigation. These figures, however, do not take into account areas sown more than once during the year with the help of irrigation, but indicate the extent of land actually irrigated. If areas sown more than once are counted as separate area for each crop, the gross area of irrigated crops amounts to 11,769,000 acres, of which 9,069,000 acres are reported to have been under food crops.

* The difference between this figure and the total area as shown in column 2, Table J, on page 14 is due to the inclusion here of complete area figures for Barwani and Simla Hill States.

† For explanation of the terms "professional survey" and "village papers", see footnotes to Table I (page 8) of this volume and the Note prefixed to Volume I.

‡ Vide footnote (h) on page 35.

§ Replaces the former head "culturable waste other than fallow". Out of the total area shown under this head 1,400,000 acres are definitely known to be culturable (vide column 11 of Summary Table No. 2 on page 4).

The gross area cultivated with crops in the reporting States was, as already stated, 71 million acres in 1938-39. The different classes of crops and the area occupied by each, so far as details are available*, are stated in the margin. Of the total area sown, food crops occupied 52,373,000 acres, or 74.2 per cent and non-food crops 18,176,000 acres, or 25.8 per cent. Of the food crops, food-grains (cereals and pulses) occupied as much as 49,315,000 acres, or 69.9 per cent of the total area sown, and other food crops (condiments and spices, sugar, fruits and vegetables, and miscellaneous food crops together) covered some 3,058,000 acres, or 4.3 per cent of the total. Of the non-food crops, oilseeds occupied 7,644,000 acres, or 10.8 per cent of the total area sown, fibres such as cotton, hemp, etc., 7,147,000 acres, or 10.1 per cent, and fodder crops 2,228,000 acres, or 3.2 per cent. The other non-food crops, namely, dyes and tanning materials, drugs and narcotics (tobacco, tea, coffee, opium, etc.) and miscellaneous non-food crops together covered about 1,157,000 acres, or 1.7 per cent of the total.

	Thousand acres	Per cent of total
Food-grains	49,315	69.9
Condiments and spices	1,048	1.5
Sugar	245	0.3
Fruits and vegetables	1,198	1.7
Miscellaneous food crops	567	0.8
Total food crops	52,373	74.2
Oilseeds	7,644	10.8
Fibres	7,147	10.1
Dyes and tanning materials	3	..
Drugs and narcotics	479	0.7
Fodder crops	2,228	3.2
Miscellaneous non-food crops	675	1.0
Total non-food crops	18,176	25.8

The total extent of land on which more than one crop was raised during the year was 3,292,000 acres.

Table V is returned by one hundred and one States, namely, Ajaigarh, Ali-Rajpur, Alwar, Aundh, Bahawalpur, Banganapalle, Banswara, Baoni, Baroda, Barwani, Benares, Bharatpur, Bhavnagar, Bhopal, Bijawar, Bikaner, Bilaspur, Bundi, Chamba, Charkhari, Chhatarpur, Cochin, Cutch, Datia, Dewas (Junior), Dewas (Senior), Dhar, Dharampur, Dholpur, Dhrangadbra, Dhol, Dungarpur, Faridkot, Gondal, Gwalior, Hyderabad, Idar, Indore, Jafarabad, Jaipur, Jaisalmer, Jaora, Jath, Jhabua, Jhalawar, Jind, Jobat, Junagadh, Kapurthala, Karauli, Kashmir, Khairpur, Kishangarh, Kotah, Kushalgarh, Limbdi, Loharu, Maihar, Malekotia, Mandi, Marwar, Miraj (Senior), Morvi, Mudhol, Mysore, Nabha, Nagod, Narsingarh, Nawanagar, Orchha, Palampur, Palitana, Panna, Partabgarh, Patiala, Phaltan, Piploda, Porbandar, Pudukkottai, Radhanpur, Rajgarh, Rajkot, Ramdurg, Rampur, Ratlam, Rewa, Sachin, Sailana, Samthar, Sandur, Shahpura, Sirmoor, Sirahi, Sitamau, Tehri-Garhwal, Tonk, Travancore, Vijayanagar, Wadhwan, Wankaner and other Western India States. According to the latest statistics—(collected in most cases in connexion with the Fourth All-India Cattle Census held in 1935)—the total number of live-stock of the bovine class (bulls, bullocks, cows, buffaloes and young stock, i.e., calves and buffalo calves) was 52,447,000, of the ovine class (sheep and goats), 32,907,000 and of horses and ponies, mules, donkeys and camels, 1,745,000. The numbers of ploughs and carts were 6,320,000 and 2,010,000 respectively.

Table VI (Land Revenue) is prepared by thirty-seven States, namely, Alwar, Aundh, Banganapalle, Barwani, Benares, Bharatpur, Bhopal, Bikaner, Bilaspur, Bundi, Cochin, Dharampur, Dholpur, Gwalior, Hyderabad, Indore, Jaipur, Jath, Jhalawar, Kashmir, Kotah, Marwar, Miraj (Senior), Mudhol, Mysore, Nagod, Narsingarh, Orchha, Phaltan, Pudukkottai, Rajgarh, Ramdurg, Rampur, Sachin, Sandur, Tehri-Garhwal and Tonk.

The Appendix explains the vernacular terms used in this volume, and the charts illustrate (1) the classification of the total area showing the proportion of cultivated and uncultivated lands, and (2) the total area sown in 1938-39 divided between food and non-food crops.

Note.—The entries in this table regarding the classification of area and areas under food and non-food crops comprise figures for Mys Jind, Nabha, Bahawalpur, Pudukkottai, Banganapalle, Sandur, Cochin, Travancore, Bhopal, Barwani, Sirmur, Kapurthala, Malerkote, Hyderabad, Bhavnagar, Dharampur and Benares from 1919-20; Dholpur, Rampur and Tehri-Garhwal from 1921-21; Bilaspur

* The entries regarding cattle comprise figures for Mysore, Jaipur, Gwalior, Bikaner, Marwar, Tonk, Alwar, Kishang Sandur, Baroda, Aundh, Phaltan, Sachin, Jath, Bundi, Hyderabad, Benares, Bhavnagar, Dharampur, Jhabua, Jol Kashmir, Dholpur, Rampur and Tehri-Garhwal from 1920-21; Jaisalmer, Sitamau and Jaora from 1924-25; Bilaspur from 1926-26; Kuaalgarh, Shahpura, Karauli, Bahawalpur, Faridkot, Jind, Loharu, Malerkotla, Nabha, Patiala, Cutch, Dhanganadra, Dhrol, Gona Western India States (including 41 States in Kathiawar and Banas Agencies) from 1929-30; Chambha, Khairpur, Mandi, Sirmur, Idar, Vijayana Kathiawar Agency and the Sabar Kantha Agency from 1934-35; and Miraj (Senior), Mudhol and Ramdurg from 1937-38. Detailed figures

† Replaces the former head "culturable waste other than fallow".

(a) Excluding areas for which no returns are available.

(b) Condiments and spices, fruits and vegetables and miscellaneous food crops.

(c) Cinchona, Indian hemp, other dyes and tanning materials, other drugs and narcotics, and miscellaneous non-food crops.

(d) The total of food crops and non-food crops shown here does not agree with the total sown area shown in Summary Table No. 4 for reasons stated in the footnotes to that table (page 7).

(e) Included in "Other oilseeds".

(f) " " "Fruits and vegetables" (Other food crops).

Column 2.—The professional survey is that carried out by the Survey of India in Northern India, and by the corresponding departments in Southern India. In States where there has been no professional survey, the figures are based on the best available information.

Column 3.—In this column is deducted the entire area for which the statistics required for Tables II and IV are not forthcoming in whole or in part. This area comprises chiefly estates held on privileged tenures, which have not yet been surveyed and which possess at present no agency for the annual collection of agricultural statistics. As surveys extend and the organisation of village statistical establishments develops, the area in this column is reduced, and that entered in the next columns (4 and 5) and dealt with in Tables II and IV is correspondingly increased.

Columns 4 and 5.—Column 4 is a check on the accuracy of column 5. In the latter, "village papers" mean "the papers prepared by the village accountants". In States where no village papers exist, or where the source of information is the same for both the survey and the village papers, the figures in column 4 are necessarily repeated in column 5. The area in village papers may differ somewhat from that given by the Survey Department, (a) because, while the survey area is calculated in blocks, the area by village papers represents the added total of field and village areas, and (b) because, the system followed as regards the inclusion or exclusion of areas covered by water, buildings, roads, and railroads is not always uniform in the two sets of returns.

See explanations given in the footnotes (page 8).

* Statistics are furnished by twenty-seven States of this group, namely, Bahawalpur, Jubbah, Theog, Tharoch, Kumharain, Khaneti, Baghal, Ghund, Mahlog, Baghat, Madhan, Koti, Keonthal, Bija, Dhani, Darkoti, Kuthar, Nalagarh, Bhajji, Kunihar, Rawalgarh, Balsan, Delath, Dhadi, Mangal, Ratesh and Sangri. These represent over 96 per cent of the aggregate area of all the States comprised in the group. The returns, however, relate generally to the settled portions of the reporting States.

† Column 2.—As there has been no revenue survey so far, this column states the area of the State according to the best available information. Column 3 states the areas of jagir and munsif villages, the boundaries of which have been demarcated, but the figures in column 5 are generally repeated in column 4.

‡ Increase due to inclusion of additional States comprised in the group. § See footnotes on page 22.

Column 3 states the areas of jagir and such other villages as are still unsurveyed. It also includes the area of those khalsa villages which have not yet been regularly assessed; these are chiefly the latest acquisition to khalsa under the law of escheat.

Columns 4 and 5.—The area by village papers does not differ from the area by survey, for, although differences occur under the different classes of soil, the total area of each village is the same in both cases.

Column 2.—The definition of the term "Forests" is as follows:—"Any land classed or administered as forest under any legal enactment dealing with forests." Any cultivated areas existing within such forests may be excluded and entered in column 6 (net area sown), an explanation being given in a note.

Column 3 includes all land absolutely barren, and also all land covered by buildings, water, roads, or otherwise appropriated to uses other than agriculture.

Column 4 includes groves not classed in the area sown. Areas under bamboos and thatching grass, when not forming parts of forest areas, are included in this column.

*Figures given in this column represent areas definitely known to be culturable.

†Replaces the former head "Culturable waste other than fallow".

(a) Included under "Other uncultivated land excluding current fallows".

See explanations given in the footnotes (page 29).

* Figures given in this column represent areas definitely known to be culturable.

† Replaces the former head "Culturable waste other than fallow".

‡ Column 2 states the areas of forests left unassessed. Forests in this State not having been demarcated, figures in columns 3 and 4 also include some forest areas. Column 4 states culturable land not in possession of any cultivator. Column 5 states uncultivated land, i.e., *Bir* (grass lands) and pasture land in possession of cultivators for which they pay land revenue. It also includes the area thrown out of cultivation for three or more years.

See explanations given in the footnotes (page 29).

* Figures given in this column represent areas definitely known to be culturable.

† Column 2 states the preserved forests in the Khalsa areas exclusive of the jagir and other alienated lands.

‡ Replaces the former head "Culturable waste other than fallow".

(a) Includes 26,543 acres for which details are not available.

(b) " 50,085 " " " "

(c) Included in column 3.

(d) See explanations given in footnote (a) on page 31.

(e) " " " footnote (b) on page 31.

(f) See footnote (h) on page 31.

(g) " (i) on page 31 and (a) on page 33.

(h) " (j) on page 31 and (b) above.

CLASSIFICATION OF AREA
(BARODA, BARWANI).

36

Column 2 states the areas of State and district forests and of plantations.

Column 3 includes not only lands absolutely unfit for cultivation, but also lands reserved for pasture, and plantations intended for public use and therefore left unassessed. A large portion of the pasture lands is fit for cultivation, and is given out for cultivation from time to time under special orders, such lands when given out for cultivation being transferred from column 3 to 5 or 6 as the case may be.

Column 4 states unoccupied assessed waste.

Column 5.—There is no system of fallows, that is, lands are not systematically left uncultivated for the purpose of giving them rest. Individuals occupy large areas and pay full assessment thereon, leaving portions uncultivated, generally for the use of their cattle. For purposes of account the difference between the areas of the lands occupied by individuals and of those actually cultivated by them is taken as fallow. The lands occupied and assessed are sometimes unfit for cultivation, having been taken up on full assessment merely for use as pasture, but the exact area of all such lands cannot be ascertained, although it cannot be large.

* Figures given in this column represent areas definitely known to be culturable.

† Replaces the former head "Culturable waste other than fallow".

CLASSIFICATION OF AREA
(PATIALA, BHARATPUR)

NOTE.—The variations in the areas shown in different years under the same crop in the same tract do not in all cases represent an actual increase or decrease in the area under that crop. In certain cases a revised classification or the correction of a faulty estimate is responsible for the change.

Columns 2 to 7 state the area actually irrigated during the year; areas sown more than once being counted once only.

*Merged in the Kottayam district from 1938-39.

(a) The excess of the total area irrigated over the total area of crops irrigated is due to the fact that all lands irrigated were not brought under cultivation.

NOTE.—(i) In this table are entered the areas actually sown, whether the crop comes to maturity or not, except in cases when fields, owing to the failure of the first sowings have been devoted to other crops: in such cases the area first sown is omitted. In cases where two or more crops are grown together, an estimate is made of the area covered by each, and the areas so estimated are separately returned. The estimate is made by the village accountant, or is subsequently determined on formulae prescribed by higher authorities.

(ii) The variations in the areas shown in different years under the same crop in the same tract do not in all cases represent an actual increase or decrease in the area under that crop. In certain cases a revised classification or the correction of a faulty estimate is responsible for the change.

(a) Included under "Cumbu or bajra."

NOTE.—(i) Animals in towns, cities, and cantonments as also those employed by Government Departments and by Municipalities have been included wherever it is possible to secure their enumeration. * Oxen and buffaloes not old enough for work or to produce young ones are classed as "Young stock". The statistics for 1929-30 and 1934-35 are, in most cases, those collected in connexion with the Third and the Fourth All-India Cattle Censuses, held during 1930 and 1935 respectively.
(ii) Further details of the 1935 Census are available from the "Report on the Cattle Census, 1935".
* Statistics for other tables are not available.
(a) Included in "Cows".
(b) Included in "Sheep".
(c) Includes "Goats" in Dharampur State.
(d) Included in "Bullocks".
(e) Includes "Bulls" in Dharampur State.
(f) Includes "Young stock (calves)" in Dharampur State.

Column 3(a)—Areas held revenue-free or at privileged rates should be deducted, but the deduction need not be made where such areas are in any case less than an entire village, and where there is any difficulty in estimating the corresponding deduction to be made in the population (column 11). Areas should not be entered in this column merely because the assessment due from them has been suspended or remitted on account of short crops, or for other special reasons.

Column 4—This column should be sub-divided into (a) total fully assessed area for which returns are available, and (b) area cultivated out of the area given in head (a). The latter head should be equal to the former after deducting current fallows and fully assessed waste.

Column 5—Where land revenue includes the zamindar's share, the net demand should be entered, and the table should state the payments due by the zamindars to Government, not those by the rayats to the zamindars. The actual realisable demand on account of the year should be entered, after excluding arrears for past years. This column should include all the heads classed as "Land Revenue" in the Civil Accounts.

Column 6—The population in column 6 is mostly that of the last general census held in 1931.

* Represents the net area by professional survey (column 4 of Table I, No. 5, page 8).

See explanations given in the footnotes (page 300).

* *Alwar*—The classes of tenure are zamindari and village communities, the former comprising *zamindari-bil-ijmal* and the latter *patidari* and *bhaiyachara*. Column 2 states the area by village papers (column 5 of Table I, No. 5). Column 3 (a) shows areas covered with forests (column 2 of Table II, No. 26) which are wholly revenue-free.

† *Bharatpur*—Column 2 includes Raiyatwari area in Bharatpur Circle according to settlement papers as that by professional survey is not available for various tenures separately. See also footnotes on page 320.

‡ Including cesses. § See footnotes on page 319.

See explanations given in the footnotes (page 300).

(a) Represents the area by village papers (column 5 of Table I—No. 5, page 13). (b) Including cesses.

* These are *khalsa* or State lands only. The whole area of the State is stated in Table I—No. 5.

† *Jhalawar*—The whole area stated in this table is classed as "Khatadari" and "Watendari" equivalent to "Raiyatwari" and "Zamindari" respectively. Column 2 excludes entire villages held by jagirdars and udakdars.

‡ Includes population of the *Muafi* and *Jagir* villages excluded from column 2.

Column 4 (a) includes area not fully assessed which cannot be separated from area fully assessed.

Column 5 states "Land Revenue" as defined in the Civil Accounts and includes cesses which cannot be separated from the land revenue.

Column 8 states only ordinary land revenue with cesses.

Columns 9 and 10 represent the incidence of land revenue on areas both fully and partially assessed.

Column 11 includes population of area not fully assessed which cannot be separated from that of fully assessed areas.

* Former name, Gird.

Column 1—The State area leased to cultivators for a fixed term is returned as *raiayatwari*. The area leased out on condition of proprietary right being given to lessees if they reclaimed land within a fixed term is returned as *zamindari—temporarily settled*; and the rest of the area (i.e., the area remaining after deduction of the *raiayatwari* and the temporarily-settled *zamindari* areas from the total area) is entered as *zamindari—permanently settled*.

Column 3 includes *muafi*, *chauth* and *istamar* areas.

Column 6—The population stated is that of the last census.

Column 11 shows the total population in cases where separate figures for areas fully and not fully assessed are not available.

*See footnote † on page 306.

APPENDIX

Vernacular terms used in the Explanatory Notes.

- Bhaiyachara* (Alwar).—Villages held by a number of families, by possession without reference to shares.
- Bir* (Narsingarh).—Grass lands.
- Bunds* (Alwar).—Embankments.
- Chauth* (Bharatpur).—Land paying one-fourth of the rental.
- Ilaka* (*Ilaqa*).—An estate or dependency, a property.
- Inám* (Mysore).—Wholly or partially revenue-free tenure; *minor ináms* are plots of inám lands situated in a village, whether Government or inám.
- Istamrár* (Gwalior, Indore, Bharatpur).—A tenure which, though the revenue is assigned, is charged with a permanently fixed quit-rent.
- (Alwar).—A tenure which, though favourably assessed, is charged with a permanently fixed quit-rent.
- (Bharatpur).—Land paying a reduced permanently fixed *jama* (assessment).
- Jagir* (Mysore, Bikaner, Gwalior, Marwar, Kishangarh, Kotah, Narsingarh).—Land granted revenue-free on condition of military service or as a charitable endowment.
- (Indore, Barwani).—Land granted revenue-free on condition of military service or as a charitable endowment or in recognition of good services rendered to the State.
- (Alwar).—Assignment of land revenue, with or without condition of military service and payment of commutation dues, granted in recognition of meritorious services to relations of the ruling chief or other high officials of the State.
- (Kishangarh).—Land granted revenue-free on condition of military service either actually rendered or fulfilled by a rateable money contribution.
- Jagirdar* (Jhalawar).—Holder of jagir land.
- Jodi* (Mysore).—A whole inám village paying quit-rent to Government.
- Kayamgutta* (Mysore).—A whole village granted by the State on fixed money-rent.
- Khalsa* (Gwalior, Jaipur, Bikaner, Marwar, Bharatpur).—Land paying full revenue to the State.
- Khatadari* (Jhalawar).—Same as *raiyatwari*.
- Muafi* (Gwalior, Alwar, Kotah, Bharatpur, Kishangarh).—Land granted free of revenue.
- Out-bands* (Indore).—Assessment of revenue calculated at a fixed rate per plough.
- Patel* (Mysore).—A village headman appointed by Government.
- Pattidari* (Alwar).—Villages held by a number of families by shares, ancestral or customary.
- Patwari* (Narsingarh).—Village revenue officer or accountant.
- Raiyatwari* (Bharatpur).—State area leased to cultivators for a fixed term.
- Rundhs* (Bharatpur).—State grass preserves.
- Sarvamanayam* (Mysore).—An inám village, wholly revenue-free.
- Shanbóg* (Mysore).—A village accountant appointed by Government.
- Tanka* (Gwalior).—Estate held by certain families who were in power when the country was annexed and who were left in possession of their estates on payment of a fixed annual tribute, or *tanka*, bearing but a small proportion to the annual assets.
- Ubari* (Gwalior).—Land held at an abatement of the full land revenue.
- Udakdar* (Jhalawar).—Holder of a *Ubári* estate.
- Watendari* (Jhalawar).—Same as *Zamindari*.
- Zamindari* (Bharatpur).—Estate on a fixed assessment under a deed of permanent ownership granted by the State.
- Zamindari-bil-ijmal* (Alwar).—Villages held jointly by a body of owners.
