1942

**REPORT ON THE ADMINISTRATION OF DISTRICT LOCAL
BOARDS IN THE NORTHERN DIVISION
FOR THE YEAR 1940-41.**

No. L.F.—20/41..

Camp via Shahi Bagh,
Ahmedabad, 10th November 1941.

Read Letters from the Collectors in the Northern Division forwarding with their remarks Reports of the District Local Boards during the year 1940-41.

1. Number of Local Boards.

There was no change in the number of District Local Boards.

2. Area and Population.

The area and population of the District Local Boards remained the same, i.e., 13,719 square miles and 3,349,961 persons, respectively.

3. Constitution.

The constitution of the Boards remained unchanged.

4. Elections.

There were no general elections during the year under report but there were bye-elections in all the District Local Boards except Surat and Bombay Suburban District for filling up the vacancies caused by the resignations by, or disqualifications or death of, members. In the Thana District 5 vacancies occurred due to disqualification for conviction under the Defence of India Rules.

5. Meetings.

The total number of meetings held by the Boards was 55 as against 49 in the previous year. The average percentage of attendance was 79.11 as against 79.49.

The number of meetings held by the Boards was not less than the number prescribed in section 35 (1) of the Bombay Local Boards Act, 1923. The Kaira, Broach, Surat and Thana District Local Boards transacted urgent business by circulation of papers as required by section 41 of the Local Boards Act.

No meeting proved abortive for want of a quorum.

In all 7 meetings were adjourned, 2 in Ahmedabad District, 4 in Kaira District and one in the Broach District Local Board. Of these 2 meetings were adjourned as the work on the agenda could not be finished for want of time. One meeting was adjourned by the Ahmedabad Board in honour of the late President Mr. B. S. Patel. The Broach Board has not given the reasons for adjournment.

The Kaira District Local Board adjourned 3 meetings on political grounds, i.e., as protest against the arrests of Congress workers under the Defence of India Rules. Travelling allowance amounting to Rs. 175-2-0 was paid to the members for attending these meetings. This is in contravention of the orders issued in Government Circular, General Department, No. 1689/33, dated 7th May 1937.

6. Income.

The aggregate income of Local Boards in the Division (excluding opening balance and debt) decreased from Rs. 51,13,019 to Rs. 48,54,889. The principal variations under the main sources of revenue are explained below:—

(a) *Land Revenue*.—The receipts increased from Rs. 47,185 to Rs. 56,728, i.e., by Rs. 9,543. The increase was contributed mainly by the District Local Boards of Surat and Bombay Suburban District, by the receipt of 4 instalments of Government grant-in-aid in case of Surat Board and receipt in advance of the quarry fees due to the lease of Gilbert Hill for 5 years by the District Local Board, Bombay Suburban District.

(b) *Local Rates*.—The receipts rose from Rs. 8,45,095 to Rs. 8,90,932, i.e., by Rs. 45,837. There was an increase, due to more collection of local fund cess, of Rs. 1,45,633 in Ahmedabad, Kaira and Thana Districts while there was a decrease of Rs. 77,252 and Rs. 24,993 in Broach sub-division and Surat District respectively. The reason for this decrease is said to be less collection of local fund cess during the year under report.

(c) *Police*.—The receipts under this head decreased from Rs. 70,841 to Rs. 59,636, i.e., by Rs. 11,205, and the decrease was contributed to mainly by the Boards of Ahmedabad, Kaira and Surat and was due to less receipts from cattle pounds.

(d) *Education*.—There was a decrease from Rs. 30,79,016 to Rs. 28,04,845, i.e., by Rs. 2,74,171 and this was mainly due to the adjustment of Government grant under the Primary Education Act in almost all cases of all District Local Boards except Bombay Suburban District. The District Local Boards of Ahmedabad and Broach mainly contributed to the decrease, i.e., by Rs. 77,246 and Rs. 1,03,012 respectively on account of both Boards getting less grant from Government. In case of Broach the decrease is also due to less receipts of popular contribution.

(e) *Medical*.—The receipts under this head rose from Rs. 93,715 to Rs. 1,00,846, i.e., by Rs. 7,131 and the increase is contributed to by all District Local Boards except Ahmedabad. The main causes of the increase are (a) more receipts from fees levied in dispensaries, (b) more Government grants and (c) popular contributions.

(f) *Miscellaneous*.—There was a decrease of Rs. 40,968 under this head. The main contributors being Ahmedabad, Broach, Surat and Bombay Suburban District Local Boards. Against this decrease there was an increase of Rs. 9,778 in Panch Mahals which was due to sale of investments. The decrease was due to (a) less receipts from the sale of investments in Ahmedabad, (b) adjustment of the savings of the Road Grading Machinery on account of scarcity works in Jambusar and Wagra Talukas of the Broach sub-division, (c) adjustment of Weights and Measures Department in Bombay Suburban District and less receipts of Government grants for Village Uplift works.

(g) *Civil Works*.—The Divisional figures show an increase of Rs. 4,910 over the last year's figures of Rs. 7,92,921. There are increases of Rs. 65,994, Rs. 19,478 and Rs. 22,451 in case of the District Local Boards of Ahmedabad, Broach and Thana respectively. This increase is however counter-balanced by decreases of Rs. 24,782, Rs. 66,778, Rs. 5,751 and Rs. 5,712 in the case of Kaira, Panch Mahals, Surat and Bombay Suburban District Local Boards. The main reasons for the increase in Ahmedabad District are the payment of a grant of Rs. 43,818 for the Grand Hotel Buildings and the revision of the grant payable to this Board under the Motor Vehicles Act for the abolition of tolls. The Broach District Local Board was given a special grant from the Petrol Tax Fund. In Thana District however the increase was due to adjustment of popular contribution of the Kinvavli Dispensary. There were also more receipts from ferries and establishment charges from the School Board.

The decreases are attributed mainly to less receipts of Government grants for roads and water supply. In the Panch Mahals there was no scarcity and therefore no grant was received from Government on that account.

7. Expenditure.

The aggregate expenditure of the Boards chargeable to current income increased from Rs. 49,58,640 to Rs. 50,17,120. The increase or decrease under the main heads is explained below :—

(a) *Education*.—Expenditure increased from Rs. 31,31,701 to Rs. 32,40,424, i.e., an increase of Rs. 1,08,723 and it was contributed to by all the Boards except Surat where there was a decrease of Rs. 52,631. The net increase therefore is Rs. 1,08,720. There was an increase of Rs. 1,17,440 in Kaira District alone and is attributed to the opening of new schools in villages having population of 700 or over. The reasons for increase in other Districts are (a) opening of new schools by Ahmedabad and Broach Boards, (b) transfer of the schools of the non-Local Authority Municipalities in Panch Mahals, (c) larger payments to schools in Thana District and (d) payment of grants to approved schools by the District Local Board, Bombay Suburban District. The decrease of Rs. 52,631 in Surat District is due to non-payment of personal pay to Primary School teachers.

(b) *Medical*.—Expenditure rose from Rs. 3,02,650 to Rs. 3,11,719, i.e., by Rs. 9,069 and the main contributors were Broach, Thana and Bombay Suburban District Local Boards. The Ahmedabad and Kaira Boards showed some decreases. The increases are due to (1) grant of war allowance to low paid servants and increments to Medical Officers by the District Local Board, Broach, (2) employment of five subsidised Medical Practitioners and one nurse at Vada by the District Local Board, Thana, and expenditure on cholera epidemic in Kalyan Taluka and (3) increase in the prices of medicines due to war conditions.

(c) *Superannuation*.—There was an increase of Rs. 40,317 over the last year's figures of Rs. -27,009 and the main contributors were Panch Mahals (Rs. 3,473) and Broach (Rs. 36,202) Boards. The reasons for the increase are that the District Local Board, Panch Mahals purchased securities while in the case of the District Local Board, Broach adjustment of securities of Rs. 35,000 of the Educational Pension Fund to the District School Board was made for the expansion of the Primary education.

(d) *Miscellaneous*.—The expenditure decreased from Rs. 35,822 to Rs. 30,263, i.e., by Rs. 5,559 and it was mainly due to the closure of the Paper Making Industry by the District Local Board, Broach, and also due to the fact that no adjustments were made towards the Weights and Measures Department by the District Local Board, Bombay Suburban District. There was however an increase of Rs. 2,960 in Thana District due to the Board's contribution to the sufferers from the cyclone of October 1940. The Panch Mahals Board did not pay the share of Local Fund to the School Board and hence there was a decrease of Rs. 3,990.

(e) *Civil Works*.—There was a net decrease of Rs. 83,963 over the last year's figures of Rs. 12,25,646. The main contributors to the decrease were Kaira (Rs. 37,696), Panch Mahals (Rs. 71,677) and Ahmedabad (Rs. 14,063) District Local Boards. As against these decreases there was increase of Rs. 27,411 and Rs. 11,117 in the Broach and Surat Districts. The decreases are mainly due to less expenditure on works, discontinuance of surveyors and non-payment of contribution to school building scheme in Ahmedabad District as sufficient grant was paid during the past year. The decrease in Kaira District is attributed to less expenditure on village water supply. Similarly there was less expenditure on wells in the Bombay Suburban District. There is a marked fall in expenditure by the Panch Mahals District Local Board and is attributed to less Government

grant during the year as there was no scarcity. As against these decreases there was an increase in Surat District owing to the construction of a school building at Buhari and the Boarding School at Godsamba. Owing to the construction of a dispensary building at Kinhavli and due to the execution of more works in Thana District there was a slight increase in expenditure.

8. Closing Balances.

The aggregate closing balances of the Boards amounted to Rs. 27,27,487 as against Rs. 27,93,276 in the preceding year. There was thus a decrease of Rs. 65,789 the main contributors being Broach, Surat and Kaira Boards. The closing balances except of the Boards of Panch Mahals and Thana seem far in excess of the minima and it is due to the accumulation of balances of the School Boards.

9. Primary Education.

The number of primary schools remained practically the same during the year under report except that in the Surat and the Bombay Suburban Districts 51 and 7 new schools were opened. Amongst aided schools there was a decrease of 19 schools in Kaira. The increase of 51 schools in Surat District is due to the conversion of some classes into independent schools, the transfer of 13 schools of non-Local Authority Municipalities and the taking over of some "Lokashalas" under the management of the Board.

The Agricultural Bias classes at Uttarsanda and Ras in Kaira District and the two special institutions, namely, two central schools, one at Muvalia and the other at Ambali in Panch Mahals continued to function during the year. These two central schools are meant for ameliorating the condition of aboriginal tribes and free lodging and boarding are provided to all students admitted there. Agricultural Bias courses were also introduced in the schools at Derol, Rustumpura and Sampa of the Panch Mahals.

The District Local Boards of Panch Mahals and Broach hold respectively balances of Rs. 70,675 and 75,675 for the construction of new school buildings under the cheap school building scheme introduced by Government. The Kaira District Local Board received a special grant of Rs. 9,000 for the construction of a basic school building at Thamna and it was completed during the year under report.

The Sir Purushottamdas Thakordas scheme is in force in the Panch Mahals District and the Surat District. Under this scheme 6 new buildings were completed in Panch Mahals and the construction of 6 more schools has been sanctioned. Additional school buildings under this scheme are under construction in the Surat District.

In the Thana District the Board sanctioned the opening of 8 first full grade primary schools for girls as recommended by Government and have started 7 such schools during the year. The work of the District Local Board, Thana, deserves to be commended on this score and it is hoped that the Board's request for a grant will be considered by Government.

The District Local Board, Bombay Suburban District, has been able to construct 9 school buildings under the Government Cheap Building Scheme.

The Panch Mahals Board continued the shift system during the year.

The scheme of compulsory primary education formulated by the Broach District Local Board is still awaiting Government sanction. It is quite satisfactory to note that the Broach Board is paying attention to physical education and also to medical examination of the pupils. The Board spent Rs. 4,996 for the purchase of apparatus for physical training. It is said that with the help of one of the Physical Directors of the Gujarat Vyayam Mandal physical training centres were organised and 141 school teachers were trained in physical training.

10. Medical and Public Health.

There was no addition to the number of dispensaries maintained by the District Local Boards.

The Ahmedabad District Local Board continued the special malaria campaign by distributing cheap Ayurvedic pills through the agency of its school teachers.

Treatment of eye cases was continued at Alindra, Mahudha and Virsad by Dr. Santaram M. Dave.

The District Local Board, Bombay Suburban District has kept three "Jubilee" microscopes in its dispensaries at Andheri, Malad and Chembur for diagnostic and other purposes.

In accordance with the programme of rural medical relief scheme Subsidised Medical Practitioners were appointed in all Districts except Bombay Suburban District. The number of such Practitioners is given below :—

District Local Board.				Subsidised Medical Practitioners.	
Ahmedabad	...	...	...	...	22
Kaira	...	...	...	...	21
Panch Mahals	...	...	...	...	13
Broach	...	...	...	...	13
Surat	...	...	...	...	13
Thana	...	...	...	...	16

These dispensaries serve the rural areas.

In the case of the Panch Mahals Board though 13 subsidised medical centres have been sanctioned the Board could run only 7 because no suitable persons are, it is reported, available for appointment.

The appointment of nurse-mid wives is also an item in the programme of rural medical relief. It is found that in Ahmedabad no qualified nurse-mid wife has come forward to serve in rural areas and so the posts remained vacant except at the dispensaries at Mental and Dholera. In Panch Mahals nurse-mid wives have been appointed in Halol, Jhalod and Kalol. Similar appointments of 2 nurses by the Broach District Local Board, 3 by the Surat and Thana Boards and 1 by the District Local Board, Bombay Suburban District were made.

In Kaira District the number of small-pox cases were more than normal. Mass vaccination was ordered and extra staff was employed. The disease however did not rage in an epidemic form. Cholera broke out in Mulund but prompt action was taken by the Medical Officer under the instructions of the Board.

11. Veterinary Dispensaries.

The number of Veterinary Dispensaries in charge of the Boards was 28. Only one new dispensary was opened in Ahmedabad District and one has been sanctioned for Panch Mahals. The District Local Board, Surat, has continued the two centres, one at Rankuwa and the other at Paria as there are no dispensaries in Mandwi Taluka and Pardi Mahal.

Outbreaks of epizootic diseases among cattle were reported in Surat District with 2,211 cases and 185 deaths. Necessary measures were taken for the prevention of the diseases.

There are two veterinary dispensaries in Municipal areas one at Ahmedabad and the other at Broach. Both the Municipal areas get benefit from the dispensaries but pay nothing for the upkeep of these institutions. The District Local Boards should consider the question of the levy of fees on patients coming from these urban areas if these bodies refuse to pay any contribution for the purpose.

12. Civil Works.

The following table shows the Government grants to Local Boards and the amounts spent by them from the grants and their own funds on local public and Village Approach roads and grants from the Petrol Tax Fund.

Division.	Amount of Government grant allotted during the year.	Amount spent from the year's Government grant and unspent grant of previous years.	Amount spent from local funds.
	Rs.	Rs.	Rs.
Northern Division ...	8,17,824	2,80,798	2,11,247

It will be seen that the Boards did not spend the full grants allotted to them. It is seen that the District Local Board, Broach, has not included the grant for village approach roads under this head.

13. Water Supply.

The figures of Government grants for village water supply given to the Boards are shown below :—

Division.	Amount of Government grant allotted during the year.	Amount spent from the year's Government grants and unspent grants of previous year.	Amount spent from local funds.
	Rs.	Rs.	Rs.
Northern Division ...	1,78,895	1,10,884	49,188

The District Local Board, Broach, has not included the grants made for improvement to water supply in the sub-division.

The question of tackling the problem of water supply in the Bhal tract and the Viramgam Taluka in the Ahmedabad District is receiving attention and a special grant for shallow bores was made during the year under report. It is reported that 5 out of 8 bores in Viramgam Taluka proved successful. It is satisfactory to note that the Boards have spent from their funds Rs. 49,188 as against Rs. 10,300 in the previous year.

By the end of the year under report Government changed the policy as regards execution of village water supply works. The grants will be placed at the disposal of the District Rural Development Boards who in their turn can entrust the work to the Public Works Department or any other agency which they find suitable. Moreover a portion of the grant has also been directly placed at the disposal of the Superintending Engineer, Northern Circle, for execution of village water supply works which have been investigated by the Special Executive Engineers and which have been arranged in order of urgency.

14. Standing Committees and other Committees.

All the Boards appointed Standing Committees. In addition to these Committees the Ahmedabad, Panch Mahals and Thana District Local Board had appointed Works Committees. The Works Committees in Ahmedabad District are styled Sub-divisional Committees and they supervise the execution of works, suggest works for inclusion in the Board's budget and approve bill before payment. Dispensary Committees have been appointed by the Kaira, Broach and Bombay Suburban District Local Boards. Village Panchayat Committees were appointed in Broach and Thana. The District Local Board Broach, also appointed Provident Fund Committee and Veterinary Dispensary Committees.

15. Village Panchayats and Sanitary Committee.

The Village Panchayats (Amendment) Act of 1939 made it compulsory to have a Village Panchayat in a village with a population of 2,000 or over. Accordingly 204 new villages in the Northern Division were notified for establishing Village Panchayats. The old Village Panchayats were dissolved and new ones with the revised constitutions were established. The reservation of seats for women, Muslims, Harijans and Backward Tribes is provided on the population basis except that when any of these communities is in majority no seat is reserved for them.

The major portion of the year was spent in reconstituting and establishing Village Panchayats and making necessary arrangements for holding elections of Village Panchayats. The new Village Panchayats were to be established with effect from 1st November 1940 but actually all were not so established. One great reason for this is the disinclination of the people in rural areas to tax themselves for local self Government. The success of Village Panchayats depend very largely on the interest which the village people take in their own affairs. Instances multiply of village people agitating to have their Village Panchayats abolished. In Ahmedabad District, members of 3 Village Panchayats resigned and steps had to be taken under section 6 (3) of the Village Panchayats Act. The village people of Pingli in Panch Mahals were not willing to work as members of the Panchayat. In Broach no person came forward for election in 5 Village Panchayats. In the case of one Village Panchayat the elected as well as the nominated members resigned. In Thana District in 13 Village Panchayats no candidates came forward to stand at the election and the seats had to be filled by nomination.

Under the new Village Panchayats Act the Secretaries of Village Panchayats are appointed and paid by Government. In Broach, Panch Mahals and Thana, the Boards trained some secretaries in the work of Panchayat administration.

It has been remarked that all the Panchayats have not begun functioning owing to financial difficulty. The rules for the levy of taxes by the Village Panchayats were finally sanctioned but had to be cancelled owing to some technical defects and steps are in progress to have them sanctioned after observing all formalities.

All Sanitary Committees in Villages with a population over 2,000 each were abolished and Village Panchayats established in their places. Now there remain only five Sanitary Committees in the Division.

16. Audit of Accounts.

The Audit Notes on the accounts of the District Local Board revealed mainly the following irregularities :—

(a) Illegal and irregular payment of travelling allowance Instances were pointed out in the case of Kaira, Broach and Panch Mahals District Local Boards. Time barred claims of travelling allowance were paid to the members by the District Local Board. The Panch Mahals District Local Board paid travelling allowance to the Board's clerk who accompanied the President to Ahmedabad for Congress work. The Broach Board on the other hand paid travelling allowance to the Vice President for his journeys for inspection of works and to Mr. B. B. Shelat for inspection of dispensaries. These claims are not covered by the Local Board Travelling Allowance rules.

In Surat District it has been again noticed that in one case false muster rolls were prepared after obtaining ante dated reports, a practice which is reprehensible. The presence of labourers was falsely marked and labourers were paid for a work for a day on which the same labourers were paid for other work.

The Broach District Local Board did not prepare estimates of road works which were to be constructed by road making machinery. Measurements as to the length of the work done were also not taken nor completion certificates granted in some cases.

In Surat District there was over payment due to incorrect measurements while there was a double payment of Rs. 4-0-0 by the Kaira Board.

The Ahmedabad District Local Board does not maintain the Register of properties, Road Material, tools and plants, surplus material, major works, contracts and roads. The register of major works was also not kept in Panch Mahals.

The District Local Board of Ahmedabad had commenced new works leaving incomplete works, without proper sanction while the Panch Mahals Board reappropriated savings from the Government grant without the Commissioner's sanction.

17. General.

The administration of all the District Local Boards in the Division was smooth and satisfactory. The relations between the Boards and Government were generally cordial.

As all the Taluka Local Boards were abolished in 1938 the question of establishing a Taluka Committee under section 38A of the Local Boards Act 1923 for the areas of Dohad and Jhalod in Panch Mahals which form part of the Partially Excluded areas is under the consideration of Government.

On the whole the working of the Boards was fairly satisfactory during the year under report. One impression that Local Board Administration leaves in the mind is that greater keenness is shown in entering on new and spectacular schemes than in ensuring the proper functioning of schemes on which the bulk of the expenditure must be made for day to day efficiency.

H. T. SORLEY,
Commissioner, N. D.

REPORT ON THE ADMINISTRATION OF DISTRICT LOCAL BOARDS IN THE CENTRAL DIVISION FOR THE YEAR 1940-41.

1. Number of Local Boards.

There was no change in the number of District Local Boards, i.e., 7 only.

2. Area and Population.

The area and population of the District Local Boards remained the same, viz., 37,167 square miles and 6,059,798 persons respectively.

3. Constitution of the Boards.

The constitution of the Boards remained unchanged. During the year under report the District Local Board, Nasik was superseded by Government Resolution, General Department, No. 4329/33, dated March 20th, 1941.

4. Elections.

No general elections were held during the year.

5. Meetings.

The total number of meetings held by the District Local Boards was 71 as against 54. The average percentage of attendance of the members at the meetings was 80.61, as against 87.21 in the preceding year.

One meeting in the West Khandesh and three meetings in the Nasik proved abortive for want of quorum. The number of meetings adjourned for other reasons was 17 as against 9 during the previous year.

All the Boards held the required number of meetings prescribed by section 35 (1) of the Act.

Flagrant cases of adjournment.

Three meetings of the District Local Board, Poona, were adjourned without transacting any business on the agenda. As no travelling allowance was paid to the members, no remarks are called for.

6. Income.

The aggregate income of the District Local Boards excluding the opening balances and debts increased from Rs. 76,63,122 to Rs. 81,19,529. The principal variations are explained below :—

(a) *Land Revenue.*—The receipts increased from Rs. 38,611 to Rs. 48,739. The increase was contributed by Ahmednagar (4,340), East Khandesh (2,260), Nasik (5,991) and Satara (2,032). The increase was partly absorbed by a decrease of Rs. 4,495 in West Khandesh, Poona and Sholapur districts. The increase was due to the receipt of grant-in-aid for the preceding year on account of fees from quarries, sand and kankar, which before formed part of the income of the Board. The decrease in West Khandesh, Poona and Sholapur was due to the reduced receipts of grant.

(b) *Local rates.*—There was a net decrease of Rs. 29,083. The decrease was recorded mainly by Ahmednagar, East Khandesh and West Khandesh districts. The figures of decrease for the respective districts being Rs. 54,268, Rs. 25,798 and Rs. 37,429 respectively. As against this decrease there was an increase of Rs. 30,794, Rs. 31,759 and Rs. 26,236 in

Nasik, Poona and Sholapur districts respectively. The heavy decrease in Ahmednagar and East Khandesh was due to the fact that last year's figures were inclusive of the collection of suspended local fund cess. In West Khandesh it was due to a reduced local fund cess. The increase in Nasik, Poona and Sholapur was due to the recovery of arrears and greater collection of local fund cess during the year.

(c) *Education*.—The net increase of Rs. 4,01,327 is accounted for as under :—

Increase.		Decrease.	
	Rs.		Rs.
Ahmednagar ...	3,76,770	East Khandesh ...	51,491
West Khandesh ...	51,764	Satara ...	35,336
Nasik ...	24,552		
Poona ...	24,699		
Sholapur ...	10,369		
	4,88,154		86,827

The heavy increase in Ahmednagar was partly due to the receipts of Rs. 3,50,000 deposited by the District School Board in fixed deposits which was returned on maturity and partly to the book adjustment in expenditure on school buildings. In West Khandesh, Nasik, Poona and Sholapur it was mainly due to the receipts of large Government grant-in-aid for Primary Education and the receipt of share from Non-local authority municipalities. The decrease in East Khandesh and Satara was due to reduction in Government grant and local fund cess on education.

(d) *Miscellaneous*.—The receipts under this head fell by Rs. 65,564. The decrease was mainly in East Khandesh where it was Rs. 53,993. Against the decrease there was an increase of Rs. 842 only in Nasik and Poona. In East Khandesh the withdrawal from fixed deposits last year amounted to Rs. 1,01,338 and this year they amount to Rs. 70,178 only. The decrease in other districts was small and so calls for no remarks.

(e) *Civil Works*.—There was a net increase of Rs. 1,46,573 under this head. The increase occurred in Ahmednagar (49,704), East Khandesh (12,141), West Khandesh (20,569), Poona (52,727), Satara (7,407) and Sholapur (10,897). This was set off by a decrease of Rs. 6,872 in Nasik. Increased grants on the revised basis under the Motor Vehicles Act received by Ahmednagar and East Khandesh and more grants on Civil works in the remaining districts were causes of increase. The decrease of Rs. 6,872 recorded by Nasik was due to the reduced Government grant.

7. Expenditure.

The aggregate expenditure of the Local Boards increased from Rs. 78,72,724 to Rs. 82,45,245. The increase or decrease is explained below :—

(a) *Education*.—The expenditure showed an increase from Rs. 53,39,529 to Rs. 58,32,193. This was contributed by all the District Local Boards except East Khandesh. It was mainly due to the expansion of Primary Education. In Ahmednagar the figure of Rs. 11,11,481 as expenditure includes the suspense amount of Rs. 3,50,000 which was deposited by the School Board in fixed deposit and there was no such investment during the preceding year. In Satara the increase was due to the payment of duty pay allowance to the teachers under training. In Sholapur no reasons for the increase of Rs. 37,183 were furnished by the Board. In East Khandesh the decrease was small.

(b) *Medical*.—There was a net increase of Rs. 33,879 in expenditure under this head. The increase of Rs. 38,478 was recorded by all the districts except Sholapur. In Sholapur there was a decrease of Rs. 4,599. In Ahmednagar, East Khandesh and Satara the increase was due mainly to increased expenditure on preventive measures in combating the epidemics of cholera, small-pox and plague. In Satara it was also due to increased expenditure on hospitals and rural dispensaries. In West Khandesh it was mainly due to the payment of war allowance to the Medical Vaccine Establishment and to the additional expenditure on account of temporary vaccinators appointed for mass vaccination work during the year. In Poona the increase is due to larger expenditure under sanitation charges, Ayurvedic Pharmacy and grants to Village Panchayats. In Nasik the increase was due mainly to the payment of arrears of 1939 on account of supply of drugs.

In Sholapur the decrease of Rs. 4,599 was due to the retrenchment of the posts of midwives.

(c) *Scientific and other minor Departments*.—The increased expenditure from Rs. 77,720 to Rs. 86,489 occurred in Ahmednagar (1,088), East Khandesh (1,712), West Khandesh (525), Nasik (3,419), Poona (296), and Satara (3,316). In Sholapur there was a decrease of Rs. 1,617 only. The causes for the increase were—

(i) Payment of difference in pay of establishment in fixing time-scale of pay, the payment of travelling allowance to veterinary Assistant Surgeon and their attendants for their extensive touring in the Ahmednagar district.

(ii) Increased quantity of medicine as well as establishment required for veterinary dispensaries in East Khandesh and Poona districts and payment of War allowance to servants in the veterinary dispensaries in the West Khandesh district.

(iii) Payment of arrears for the supply of drugs by the District Local Board, Nasik.

(iv) The adjustment of cost of medical stores by the District Local Board, Satara, which was treated in the first place as advance. In Sholapur the decrease was due to the discontinuance of the practice of inoculating animals at the cost of the District Local Board.

(d) *Miscellaneous*.—There was a net decrease of Rs. 13,264 under this head for which the Ahmednagar, East Khandesh, West Khandesh, Poona and Sholapur districts were responsible. In Nasik and Satara districts there was an increase of Rs. 464 and Rs. 1,385 respectively. In Ahmednagar the decrease was due to the discontinuance of the grants to the Taluka Development Associations and in East Khandesh and Poona it was due to less expenditure under this head. In Sholapur it was due to the non-payment of grants to Village Panchayats under section 93 of the Village Panchayats Act, as the Board had no balance to make payment. The increase in Nasik and Satara was due to more expenditure on unforeseen charges, e.g. expenditure on census work.

(e) *Civil Works*.—The expenditure showed a decrease from Rs. 16,41,882 to Rs. 14,93,418. The decrease occurred mainly in East Khandesh, Nasik, Satara and Sholapur on reduced expenditure on original and current repair works. In the West Khandesh District there was less expenditure on current repairs to buildings and Dharmashalas. In Poona the increase of Rs. 19,077 was on communications, water supply and repairs to buildings. The increase of Rs. 2,692 in Ahmednagar was due to the execution of certain Provincial works by the Board.

(f) *Industries*.—There was a net decrease of Rs. 4,264. The decrease occurred in Poona district mainly. In Nasik and Satara it was comparatively small.

8. Closing Balances.

The aggregate closing balances of the Boards amounted to Rs. 13,04,969 as against Rs. 12,44,541. The increase was shared by the District Local Boards, West Khandesh, Nasik, Poona and Sholapur. The closing balances of Ahmednagar, East Khandesh and Satara showed a decrease. The closing balances are considerably in excess of the statutory minimum in all the districts.

9. Primary Education.

Ahmednagar.—The number of primary schools and pupils attending them was 676 and 47,266, against 678 and 45,031 respectively of the preceding year showing an increase of 2,235 in pupils. The aided and unaided schools decreased by 6 and 1 along with 220 and 31 pupils respectively. There was an increase of 58 voluntary schools with a corresponding increase of 1,302 pupils.

The six English classes attached to the Primary Schools and seven Agricultural Bias classes were maintained. The number of students in English classes decreased by nine but in Bias classes it increased by 17. The experiment of Basic schools at Dighol and Miri was continued with 98 pupils.

Seven new school buildings were constructed and 19 more are under construction.

East Khandesh.—The number of schools decreased by 17. This was due partly to the closure of schools for the scheduled classes and of others having low attendance. On the other hand the other number of pupils increased by 1,668.

The shift system was introduced in a number of schools for want of an adequate number of teachers.

The Board has provided special facilities for pupils of the scheduled classes and Aborigines in the form of 154 scholarships from Re. 1 to Rs. 4 per mensem.

West Khandesh.—The number of schools rose from 445 to 461 with the pupils from 44,771 to 46,685.

There is free and compulsory education in villages with a population of 1,000 and above since June 1st, 1929. The Board provided Bhil students with scholarship amounting to Rs. 9,776. Four new school buildings were under construction.

Nasik.—Number of schools was 609 as against 613 in the previous year. The decrease was due to the amalgamation of free schools (meant for scheduled class children) with the main schools. The number of students in the above schools was 43,961 as against 45,672 in the preceding year.

Poona.—The following comparative table shows the number of schools and pupils by management.

Serial No.	Management.	Number of schools.		Number of pupils.	
		1939-40.	1940-41.	1939-40.	1940-41.
1	Local Board	506	568	86,664	85,878
2	Non-Local Authority Municipality ...	85	85	7,920	7,618
3	Aided (including voluntary)	174	161	7,411	6,985
	Total	805	784	51,995	50,476

The number of agricultural bias classes continued to be three and the number of pupils was 207 as against 149 of last year. The Board contributed Rs. 7,725 to the School Building Construction Fund. The decrease in the number of schools and pupils is attributed to the fact that grants to 314 voluntary schools with 9,903 pupils in villages with a population of 700 were paid direct by Government. This naturally affected the number of schools and the pupils under the control of District School Board.

Satara.—The schools decreased from 1,050 to 1,048 and the students from 89,868 to 88,930. The total number of Urdu schools was 60 out of which 51 were for boys and nine for girls. The number of pupils in these schools was 2,776 out of which 2,316 were boys and 460 girls.

Facilities in the form of scholarships were given to 820 girls.

Nine school buildings are proposed to be constructed from the School Building Fund to which the Board contributed Rs. 7,725.

The number of agricultural bias classes continued to be the same, i.e., four while the number of pupils increased from 294 to 302.

Basic Education on the lines of the Wardha scheme was introduced in 11 schools with 859 pupils.

Sholapur.—The number of schools of various kinds recognised and unrecognised was 578 with 45,681 pupils as against 580 with 45,807 pupils of the preceding year.

The School Building Committee constructed four buildings at the cost of Rs. 20,000.

The number of agricultural bias classes was seven. Basic schools were started at Pangri taluka, Barsi and Javala taluka, Sangola.

General.—The ambitious desire of the District Local Board, Ahmednagar to increase the number of schools and to undertake various schemes for the spread of literacy is commendable. But unless it attempts to improve its finances by the levy of additional local fund cess as repeatedly emphasised, there can be no hope for much success.

10. Medical.

During the year cholera broke out in a mild form in Ahmednagar, East Khandesh, Nasik, Satara and Sholapur districts. There were cases of small-pox in Ahmednagar, West Khandesh, Nasik and Satara districts. Plague from His Exalted Highness the Nizam's territories spread in the bordering talukas of Sholapur and Barsi talukas of Sholapur district and Jamkhed Peta of Ahmednagar district. There was one plague case in the Satara District which was imported from the Belgaum district. Reasonably prompt and adequate measures were taken by the Boards to combat the epidemics.

The number of dispensaries maintained by each of the Board is as under:—

District.	Allopathic.	Ayurvedic.	Unani.
Ahmednagar ...	12	2	...
East Khandesh ...	7	15	1
West Khandesh ...	5	9	1
Nasik ...	9	11	...
Poona ...	4	4	...
Satara ...	7	8	...
Sholapur ...	14	...	...

In pursuance of the scheme outlined by Government to encourage private medical practitioners in villages for providing medical aid in rural areas, the subsidised medical centres continued to work as detailed below :—

District.	No. of Centres.
Ahmednagar	12
East Khandesh	11
West Khandesh	13
Nasik	6
Poona	11
Satara	9(+7)*
Sholapur	14

* Figure in brackets indicates increase.

The District Local Boards, East Khandesh, West Khandesh and Poona have each sanctioned the opening of 5 more centres in the district. The subsidised medical practitioners are affording medical relief free to the poor villagers at these centres.

11. Veterinary.

The number of the Veterinary Dispensaries maintained by the District Local Boards remained the same (viz., 57) as that of the last year. The Ahmednagar District Local Board paid a grant of Rs. 300 to a private Veterinary dispensary while the Nasik District Local Board paid a grant of Rs. 600 to the Veterinary dispensary at Nasik. The Sholapur and the Barsi Municipalities did not pay their full grants to the Local Board Veterinary dispensaries within their jurisdiction.

There were outbreaks of epizootics in the Nasik district.

All the above Veterinary dispensaries were reported to have worked satisfactorily.

12. Civil Works.

The following statement shows Government grants paid to Boards during the year and the amounts spent from these grants and from their own funds on local public works :—

Division.	Amount of Government grant including unspent balance of the preceding year.	Amount spent from the Government grant.	Amount spent from the local fund.
<i>Central Division.</i>	Rs.	Rs.	Rs.
Total for 1939-40	7,15,496	5,18,298	5,23,901
Total for 1940-41	7,16,825	5,35,461	5,80,208

The unspent balance of grant for village approach roads was refunded to Government.

It will be seen that there was apparently a tendency on the part of the District Local Boards to incur less expenditure on communications from their own funds and to depend mainly upon Government grants. In Ahmednagar district the metal collection and finishing work on the Domari-Amalner and Kharda-Jategaon roads were continued and the work of Nirgudi approach road was also taken up to relieve the distress in the scarcity affected areas and the works were closed in the beginning of the harvesting season. In Nasik district Government grants for civil works were not fully utilised during the year for which they were allotted. The Board used to leave grants unspent from year to year. This was a serious default on the part of the superseded Board. Now with the appointment of the Administrator the state of affairs is improving.

13. Water Supply.

The following tables show the Government grants given during the year for the Village Water Supply and the amounts spent by the Boards therefrom and from their own funds :—

Division.				Amount of Govern- ment grant includ- ing unspent balance of the preceding year.	Amount spent from Govern- ment grant.	Amount spent from the local fund.
Central Division.				Rs.	Rs.	Rs.
Total for 1940-41	...	...	...	55,769	86,180	21,712
Total for 1939-40	...	...	...	1,87,257	1,01,268	19,032

During the year grants were provided by Government for incomplete works only as the survey of villages for water supply was undertaken by the Executive Engineer, Maharashtra Zone specially appointed for the purpose by Government. Under the revised scheme of village water supply Government have now undertaken the responsibility of constructing water supply projects investigated by the Special Officer and the works are entrusted to the Rural Development Board.

14. Committees.

All the District Local Boards appointed Standing Committees. All the Boards except Ahmednagar had in addition Budget Committees. There were Civil Works Committees and Public Health Committees in Ahmednagar, Nasik, Poona and Satara districts. Veterinary Committees were appointed in Ahmednagar and East Khandesh districts. The District Local Boards, Ahmednagar, West Khandesh, Poona and Satara had Village Panchayat Committees. The District Local Board, East Khandesh had in addition Ayurvedic and Medical Committees. The Poona District Local Board had a Law and Account Committee while the District Local Board, Satara had 3 additional Committees for Law and Reforms, Industrial Schools and Water Supply.

15. Village Panchayats.

The following table will show the increase in the number of village panchayats under the New Village Panchayat Act in the Division :—

Ahmednagar	...	77(+44)	Poona	...	112(+34)
East Khandesh	...	93(+35)	Satara	...	120(+78)
West Khandesh	...	28	Sholapur	...	94(+83)
Nasik	...	75(+25)			

(Increase is indicated by the figures in brackets.)

In a majority of cases elections have been recently held. It remains to be seen how these Panchayats conduct themselves and make use of the powers and resources at their disposal.

No material progress was made in the improvement of the financial condition of the Village Panchayats in Ahmednagar, East Khandesh and Poona districts owing to the arrears of house-tax not being cleared off. Unless strenuous efforts are made to collect the tax as it falls due, the Village Panchayats are not expected to function well for want of sufficient funds.

The District Local Boards, Poona and West Khandesh with Government help held two classes for the training of Village Panchayat Secretaries and trained 96 and 59 candidates in Village Panchayat administration.

Most of the Village Panchayats in the West Khandesh took part in the Village Improvement Week which was celebrated by the Rural Development

Boards, West Khandesh and repairs were made by them to the existing roads and gutters from their own funds. The Village Panchayat at Prakasha won the Shield which was assigned by the Rural Development Board for the best Village Improvement Work. The Village Panchayat at Kusumba in the Dhulia taluka was awarded the Sir Frederick Sykes Shield for the year 1940.

Sanitary Committees.

The number of Sanitary Committees in the Nasik and Satara districts was only 8 and 5 respectively as shown in Statement No. V-A. Under the new Village Panchayat Act, Sanitary Committees having a population of 2,000 or more were replaced by Village Panchayats.

16. Audit of Accounts.

The audit notes of the District Local Boards revealed the usual irregularities, viz., (i) slackness of supervision over the execution of works, (ii) keeping back receipts of collection of pound fees, (iii) Payment of pensions in some cases contrary to law, (iv) irregular and excess payment to members, staff and contractors. In East Khandesh misappropriation of cattle-pound money by the pound-keepers in respect of the following pounds were brought to light: (i) Dongaon, (ii) Chikhali, (iii) Kalmadu, (iv) Kapusvadi and (v) Hatnur. These cases are being investigated by the Police.

Similarly the Police Patel of Medshinge in Sholapur district did not maintain a cattle-pound kird during the four years from 1934-35 to 1937-38 and misappropriation to the extent of Rs. 54-14-0 was detected. The case is being investigated by the Police, and its result is awaited.

The following irregularities were noticed in the Public Works Department Accounts of the District Local Board, Ahmednagar :—

The balances shown in the Register of Stock account of road materials did not agree with those in the metal returns received from the Sub-Divisional Officers which led to the presumption that either expenditure of the materials shown by them in the muster rolls was false or entries made in the stock account were not correct. The Board was asked to reconcile the discrepancies and compliance is awaited.

Extravagance in expenditure in the establishment of the District Local Board, Ahmednagar and East Khandesh was brought to the notice of the Commissioner who after investigating the matter had to pass orders under section 121 of the Local Boards Act.

17. Provision of Equal Facilities for Depressed Classes.

The Boards continued to provide equal facilities to all classes without any distinction of caste and creed in the use of schools, dispensaries, dharmashalas and public wells.

Any other Special Features of the year.

There is nothing worth mentioning during the year.

General Remarks.

The following remarks of the Administrator after taking over the Nasik District Local Board on the standard of the work of the staff deserve to be quoted :—

"The general standard is at the lowest degree. Responsibility of work and sense of duty are practically unknown. Discipline is sadly lacking. It will be some time before the above deficiencies are filled up but not without drastic changes."

It is too early yet to accept this conclusion as final but there is very considerable ground for believing that the standard and efficiency of the staff of all these Boards leaves much to be desired while the tendency for its cost to increase is always present and active.

In some Boards, viz., East Khandesh and Ahmednagar the Commissioner had to interfere with proposals for a quite unjustifiable increase in posts in the upper grades and grant of advance increments as a matter of routine. The Commissioner has got very little doubt that the Act should be amended to make the Commissioner's sanction necessary for an increase or change in the staff as is provided in the Municipal Acts. At present this control has to be exercised at far too late a stage.

Apart from this, the most noticeable point in the administration of the year is the very considerable drop in the amount spent by the Boards from their own funds on communications. This is particularly true in the case of Poona where the remarks of the Collector as to the state of Local Board roads and works are most depressing and certainly deserved. It is however equally true of progressive Boards like East Khandesh and Ahmednagar. In the latter particularly the standard of work aimed at is undoubtedly too high. Neither of these two Boards nor Poona (which is still the lowest taxing Board in the Division) have made the least attempt to face the unpopular financial steps that these schemes necessitate the raising of their local fund cess although in all these areas it can be raised without upsetting in the least degree the economy of the agriculturists.

The work of the Presidents of the District Local Board Ahmednagar (Mr. P. K. Bhapkar, M.A., LL.B.) and of West Khandesh (Mr. S. T. More, Bar-at-Law) continued to be noticeable and worthy of commendation. The new President of Sholapur has started with promise but is still occupied in studying the difficulties that he has to solve.

Poona, 11th October 1941.

D. MacLACHLAN,
Commissioner, Central Division.

REPORT ON THE ADMINISTRATION OF LOCAL BOARDS IN THE SOUTHERN DIVISION FOR 1940-41.

1. Number of Local Boards.

No change.

2. Area and population.

As a result of the conversion of the notified area committees at Khed and Rajapur into municipalities, the area of the Ratnagiri Board decreased by 3.64 sq. miles and its population by 11,583.

3. Constitution.

No change.

4. Elections.

There were only by-elections in Belgaum, Bijapur and Kolaba to fill up casual vacancies.

5. Meetings.

Forty meetings were held against forty-four in the previous year; 12 were adjourned against 8 in the previous year. None failed for want of quorum. The average attendance fell from 89.1 to 80.2. Ratnagiri had the best attendance.

All the boards held the minimum number of meetings prescribed by Section 35(1) of the Act.

Section 41(1) of the Act was resorted to thrice by the Kanara board and thrice by the Ratnagiri board.

6. Income.

The aggregate income, excluding opening balance and debt, fell from Rs. 49,27,894 to Rs. 47,94,592. The important fluctuations are:—

Principal head of income.	Income during		+ Increase. - Decrease.
	1939-40.	1940-41.	
	Rs.	Rs.	Rs.
(a) Land Revenue	8,243	6,780	+ 3,537
(b) Local rates	9,47,770	9,15,562	- 32,208
(c) Education	82,70,322	80,88,641	- 182,281
(d) Medical	61,079	66,206	+ 5,127
(e) Civil works	5,80,987	5,85,199	+ 54,212
(f) Industries	12,183	16,955	+ 4,772

(a) *Land revenue.*—The increase is chiefly due to the receipt by the Dharwar Board from Government of Rs. 4,200 on account of sand and quarry-fees for 1939-40.

(b) *Local rates*.—Receipts decreased in Belgaum by Rs. 60,897, in Dharwar by Rs. 47,308 and in Kanara by Rs. 1,347. There were increases in Bijapur, Kolaba and Ratnagiri of Rs. 50,948, Rs. 20,244 and Rs. 6,152 respectively. An unfortunate failure to credit the local fund cess to the board promptly is responsible for the decrease in Belgaum. This however was remedied by the Collector after the close of the year when the matter came to his notice. Receipt of the previous year's cess and larger collections thereof during 1939-40 explain the decrease in Dharwar and Kanara. The increase in Bijapur is due to the receipt during the year of the arrears of the cess for 1939-40, and in Ratnagiri to the recovery of the past arrears of octroi by civil suits and larger collections of cess. No reason is given for the increase in Kolaba.

(c) *Education*.—There are decreases in Belgaum (Rs. 1,07,397), Dharwar (Rs. 2,329), Kolaba (Rs. 43,572) and Ratnagiri (Rs. 48,831) and increases in Bijapur (Rs. 19,185) and Kanara (Rs. 663). The variations are principally in Government grants.

(d) *Medical*.—The income of all the boards rose, chiefly owing to the receipt of larger Government grants. The increase in Dharwar is further attributable to the satisfactory bids received at the sales of the right to collect taxes at fairs.

(e) *Civil works*.—There were increases in Bijapur, Dharwar and Kanara of Rs. 20,115, Rs. 47,525 and Rs. 9,533 respectively and decreases in Belgaum, Kolaba and Ratnagiri of Rs. 8,529, Rs. 2,714 and Rs. 11,718. The variations were mainly in the allotment of the Government grant for communications. The decrease in Belgaum is further attributed to the fall in income from tolls on roads and ferries.

(f) *Industries*.—Almost the whole of the increase is due to the fees received from the biennial verification of weights and measures in Belgaum.

7. Expenditure.

The aggregate expenditure chargeable to current income decreased from Rs. 49,75,129 of last year to Rs. 48,57,929. The variations are as under :—

(a) *Administration*.—Expenditure increased from Rs. 1,70,372 to Rs. 1,71,572. There was an increase of Rs. 7,078 in Ratnagiri which was partly set off by decreases in all the other districts Belgaum (Rs. 1,777), Bijapur (Rs. 936), Dharwar (Rs. 1,148), Kanara (Rs. 1,239) and Kolaba (Rs. 778).

Ratnagiri paid the arrears of pay of the retrenched staff of the Taluka Local Boards, previous year's travelling allowance to members and engaged additional temporary octroi staff. Reduction in staff or in the expenditure on travelling allowance or in both are the chief causes of the decreases in the other boards.

(b) *Education*.—The decrease from Rs. 34,97,400 to Rs. 33,44,031 arises as below :—

							Increase.	Decrease.
							Rs.	Rs.
Belgaum	...	...	...	...	...	...		1,22,847
Bijapur	...	...	...	...	...	...	21,898	
Dharwar	...	...	...	...	...	...		19,170
Kanara	...	...	...	...	...	...		37,924
Kolaba	...	...	...	...	...	...		46,901
Ratnagiri	...	...	...	...	...	...	42,020	

Belgaum and Kolaba received reduced grants from Government. The expenditure in Dharwar in 1939-40 was inflated by payment of pay of primary school teachers for past years. Kanara stopped the personal pay to teachers as a measure of temporary retrenchment.

(c) *Medical*.—Expenditure rose from Rs. 2,70,864 to Rs. 2,93,382. In Belgaum, Bijapur, Dharwar and Ratnagiri, the increases were Rs. 14,685, Rs. 1,729, Rs. 5,574 and Rs. 1488 respectively. Kanara and Kolaba show small decreases of Rs. 873 and Rs. 85 respectively.

The causes of the increase were :—

(i) payment of larger subsidies to rural medical centres by Belgaum and Dharwar;

(ii) increased epidemic control charges in Belgaum, Dharwar and Ratnagiri;

(iii) increased expenditure on malaria in Belgaum, and

(iv) payment of increments to the medical and vaccination staff in Bijapur.

(d) *Civil works*.—The decrease from Rs. 8,78,052 to Rs. 8,66,282 occurred in Belgaum (Rs. 34,331), Dharwar (Rs. 10,894), Kanara (Rs. 4,005) and Kolaba (Rs. 11,517). In Bijapur and Ratnagiri there were increases of Rs. 40,320 and Rs. 8,657 respectively. The expenditure on communications and water supply accounts for the variations. The increase in Bijapur is further attributable to the construction of new school buildings.

8. Closing balance.

The aggregate closing balance of the boards amounted to Rs. 17,27,367 against Rs. 17,90,607 in the previous year. The balances in all the boards are above the prescribed minimum.

9. Primary education.

Belgaum.—The number of primary schools rose from 834 to 840 (including 86 girls' schools) and of pupils from 61,819 to 64,146. There were 96 Urdu Schools and 41 schools for the scheduled classes with 10,221 and 3,234 pupils respectively. The board provided the scheduled classes with 19 scholarships of the total value of Rs. 520.

The number of pupils attending the 13 agricultural bias classes attached to primary schools rose from 384 to 425.

Physical training was imparted in almost all the schools at an expenditure of Rs. 4,752. A twenty-one day training course in physical education opened at Belgaum in February 1941 was availed of by 46 men and 26 women teachers.

The shift system introduced in 131 one-teacher schools continues. So do the two "basic" schools at Hudli and Hosur.

Bijapur.—There were 769 primary schools as against 771 in the previous year, attended by 52,075 pupils against 44,567. The number of Urdu schools was 53 with 4,061 pupils attending them, as against 3,536 in the last year. There were 16 scholarships for the scheduled classes and 27 for Muslims. Physical training and scouting are attended to in all schools. The eight agricultural bias classes continued.

Dharwar.—The number of schools remained stationary but the number of pupils increased from 50,365 to 59,716. The number of one-teacher schools decreased from 353 to 348. The English classes attached to three primary schools continued.

Kanara.—Schools decreased from 409 to 391, but pupils increased from 27,221 to 27,255. There were three schools for the scheduled classes and two agricultural bias classes attached to primary schools at Tergaon and Chendiye. His Excellency the Governor of Bombay paid a visit to the school at Chendiye. Physical training is imparted in all schools.

The shift system has been introduced in 55 schools.

Kolaba.—425 schools were working against 427 in the previous year with 29,059 pupils against 28,554. Two of the four night classes for adult education were closed during the year owing to poor attendance. The English classes attached to seven primary schools continued.

Ratnagiri.—No new schools were opened but the number of pupils fell from 61,448 of last year to 60,496.

The school buildings at Devrukh, Sakharpa and Majagaon were completed. Government sanctioned grants for the construction of school buildings at (1) Tarkarli, (2) Achara, (3) Kalsa, (4) Parule, (5) Nandivde and (6) Bhogave. The buildings at all these places except the last are now nearly completed. The School of Industry at Ratnagiri and the Weaving Class at Kankoli continued.

10. Medical and public health.

Plague broke out in 127 villages in Belgaum and in some parts of Dharwar, Bijapur, Kanara and Ratnagiri; cholera in some villages of Belgaum and Ratnagiri and small-pox in some villages of Kanara and Dharwar. The epidemic in Kanara has not completely abated and the appointment of the Civil Surgeon as "plague authority" is expected to improve matters. In other places timely and vigorous preventive measures stamped out the epidemics. Belgaum engaged 11 anti-epidemic workers while Government appointed nine medical officers and three inoculators for anti-plague work in Dharwar. Belgaum and Dharwar each set up two plague mobile units for work in the affected areas. Bijapur engaged a touring medical officer for preventive and curative measures. Malaria was prevalent in Belgaum, Dharwar and Kanara as usual. Kolaba was free from any epidemic.

Rural medical centres are doubtless becoming popular but for want of qualified men some centres still remain unopened, as in Kanara where it is contemplated to raise the pay of the medical officers in order to attract qualified men to the fever-belt area. Dharwar was the only board which employed a health officer.

11. Veterinary dispensaries.

Epizootics which broke out in three talukas in Belgaum and in five in Ratnagiri were checked by timely preventive measures.

12. Civil works.

The communications grant allotted to and the amounts spent by the boards from these grants and their own funds are :—

Name of the District Local Board.					Amount of Government grant allotted during the year.	Amounts spent from the year's Government grant and unspent balance of previous year.	Amount spent from local fund.
					Rs.	Rs.	Rs.
Belgaum	...	...	...	...	48,700	44,714	91,560
Bijapur	...	...	...	...	89,736	86,064	93,793
Dharwar	...	...	...	...	44,944	81,007	42,682
Kanara	...	...	...	...	81,134	36,827	18,079
Kolaba	...	...	...	...	27,141	26,002	22,510
Ratnagiri	...	...	...	...	86,025	82,190	48,885
Total					2,21,690	1,96,374	8,07,409

The Belgaum Board constructed new earth roads 13 miles long and converted two miles of unmetalled roads into metalled roads. Resurfacing was done to 36 miles of metalled and 31 miles of unmetalled roads. Bijapur increased its road mileage 390 to 402. Kolaba completed nine new roads.

13. Water supply.

The expenditure of the boards on water supply was :—

Name of the Board.						Amount spent from Government grants during the year.	Amount spent from local fund.
						Rs.	Rs.
Belgaum	...	...	...	...	...	5,615	3,638
Bijapur	...	...	...	...	...	4,249	2,010
Dharwar	...	...	...	...	...		11,021
Kanara	...	...	...	...	...	149	883
Kolaba	...	...	...	...	...	708	5,438
Ratnagiri	...	...	...	...	...	18	1,691
Total						10,729	24,681

14. Standing and other committees.

Standing committees were appointed by all the boards in accordance with Section 36 (I) of the Act. Budget committees were appointed by Belgaum and Bijapur, taluka committees by Kolaba and Ratnagiri, veterinary dispensary and medical dispensary committees by Belgaum, Bijapur, Dharwar, Kanara and Kolaba and public health committees by Kanara and Ratnagiri. There was also a village panchayat committee in Belgaum, a works committee and a rural development committee in Kanara, a rules committee and an industrial and agricultural committee in Ratnagiri and a retrenchment committee in Kolaba.

15. Village panchayats and sanitary committees.

The number of village panchayats at the beginning of the year was 178. Out of these 16 in Bijapur were abolished as they existed only in name. In addition, the local areas of 312 villages were declared villages under the provisions of the amended *Village Panchayats Act* and the establishment of these new panchayats and the re-constitution of the old ones under the amended Act was in progress during the year. The new panchayats number 88 in Belgaum, 42 in Bijapur, 50 in Dharwar, 17 in Kanara, 13, Kolaba and 102 in Ratnagiri.

It is too early to say much about the working of the panchayats under the new Act with its principle of the compulsory constitution of panchayats in villages with 2,000 inhabitants and compulsory house-tax, but the absence in some cases of any candidates for election shows that there is a considerable amount of initial prejudice, due mainly to the dislike of new taxation, to be overcome.

The Dharwar board complains of the want of copies of the new Act and Rules in Kannada. This however is not the principal obstacle which has prevented the new panchayats getting under way as quickly as was hoped. The principal difficulty has been the introduction of the new taxation rules.

The number of sanitary committees decreased from 84 to 48, some of them having been converted into village panchayats.

16. Audit of accounts.

The accounts of all the district local boards for 1939-40 were audited. There were no serious irregularities requiring special mention.

17. General Remarks.

The Dharwar, Kolaba, Ratnagiri and Kanara boards still refuse to increase their local fund cess above one anna in the rupee of land revenue. Ratnagiri however continues to maintain its octroi system which gives it a revenue as great as it would get from an additional anna of cess. Dharwar is a naturally rich district. Kolaba and Kanara are in constant difficulties for want of funds. The Belgaum and Bijapur boards, which levy a two-anna cess maintain a good standard of efficiency and carry out an expanding programme. The principal reason for the failure to increase the cess is the opposition of the large and particularly the absentee landlord. There is also the objection that the agriculturist is sufficiently taxed while the non-agriculturist escapes. This objection has not yet been satisfactorily met. The Kanara board has at last appointed an Engineer. Although the subsidised medical practitioner's scheme is making a promising start, arrangements on the public health side are not satisfactory. When epidemics occur, as they did this year, Government steps in and appoints temporary staff, but the temporary staff has no permanent foundations on which to build. Under present arrangements there can be no steady education of the public in public health matters. The number of veterinary dispensaries is woefully inadequate when the value of the animal population of the division is considered. Ratnagiri district, for instance, has only two. The Kanara board suggests the institution of subsidised veterinary dispensaries. So far however the public does not seem to have shown sufficient readiness to pay for veterinary services to induce private veterinary practitioners to start work in the villages even with a subsidy. Improvement seems unlikely unless means are found of increasing receipts from fees.

18. Conclusion.

The work of the Dharwar board is somewhat disappointing, although it has the great merit of having a Health Officer. It has failed to spend a considerable proportion of the Government grants allotted to it. Generally however the work of the Board is good and well reflects the widespread anxiety of the country side to improve itself and its conditions of life.

Belgaum, 19th September 1941.

(Signed) E. W. PERRY,
Commissioner, Southern Division.

* Adjustments as pointed out by the Accountant General.

† Difference due to adjustment.

* Rs. 8,123 deducted from the last year's closing balance as per communication from the Accountant General.

† Balance of last year increased by Rs. 1,135 as per Accountant General's communication.

* The closing balance for 1939-40 was wrongly shown to be Rs. 93,765.

† Balance of last year increased by Rs. 833 as per Accountant General's communication.

* The difference between the last year's closing balance and the opening balance taken for the year under report is due to the fact that the balances of Taluka Local Boards which have been abolished, have been excluded as the same have subsequently been credited to the Board's account.

** Opening balance is reduced by Rs. 2,037 on account of much final adjustment.

No II.

Province of Bombay during the year ending 31st March 1941.
