The Reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of the Local Boards in the Bombay Presidency during the year 1901-1902.

RESOLUTION.—In the year under report the number of District and Taluka Local Boards (230) remained unchanged.

2. As a result of the last census, changes occurred in the figures of population and area of the various Boards. Apart from these the only changes are due to transfers of territory between Taluka Local Boards.

3. There was no change in the number of Boards (215) enjoying the elective franchise. New Boards were constituted in the districts of Kaira, Thana, Poona, Sholapur, Nasik, Bijapur and Dhárwár on the expiry of the triennial period, but except in Poona and parts of Dhárwár little interest was shown in the elections. The average attendance of members, and especially of non-official members, shows an improvement on the previous year, but no official member seems to have attended a single meeting of the Dhárwár Taluka Local Board. The District Boards held half-yearly meetings as required by the rules, but a number of Taluka Boards, especially in the Northern Division, met less than four times owing to the lack of business which the prevalence of famine and plague has brought about.

5. There was a satisfactory increase in the total income of the Boards during the year under review (Rs. 44,38,342). The increase was largest in the Northern Division, and is due, as remarked by the Commissioner, to a partial recovery which will no doubt proceed much further with the return of better seasons. The following statement compares the receipts under the various heads of revenue with those of the preceding year:—

	1901-1902.	1900-1901.
	Rs.	Rs.
Provincial Rates	27,04,924	22,55,505
Interest	13,049	14,481
Police	78,129	84,197
Education	1,28,146	1,30,262
Medical	15,735	12,622
Scientific and other Minor Departments.	24,706	14,930
Miscellaneous	13,781	60,014
Civil Works	4,77,884	4,50,437
Contributions... ..	9,79,447	10,53,069
Debt	3,502	9,231

The principal variations are explained below.

6. *Provincial Rates.*—There was a general increase in the receipts under this head, which represent the net proceeds of the one-anna cess. The increase is due partly to the recovery of arrears of previous years and partly to better receipts on account of the year 1901-1902. The largest increase (Rs. 2,18,779) took place in the Northern Division. In the Central and Southern Divisions and Sind the increases were Rs. 93,508, Rs. 40,088 and Rs. 97,042, respectively.

7. *Police.*—The diminution of income under this head, to which are credited cattle-pound fees, occurred in the Central Division and Sind, and is due to a falling off in the number of cattle impounded. The Collector of Hyderabad,

however, suspects peculation by the Pound Munshis and is inquiring into the matter. In the Central Division the forests were, as in the preceding year, thrown open to free grazing as a measure of famine relief, so that a decline in pound fees was to be expected.

8. *Education*.—The decrease is entirely due to the closure of schools in the Southern Division on account of famine and still more of plague.

9. *Medical*.—The increase was due chiefly to the sale of some promissory notes belonging to three dispensaries in Sind.

10. *Scientific and other Minor Departments*.—The increase under this head is chiefly due to (1) the receipt by the Belgaum Board of a contribution of Rs. 4,830 for the Veterinary Dispensary, and (2) larger profits from the Local Fund Gardens in Sind.

11. *Miscellaneous*.—The decrease was chiefly due to the cessation of sales of grass to owners of cattle, who no longer require such assistance now that times are better.

12. *Civil Works*.—The income under this head consists chiefly of tolls on roads and ferries, together with a few contributions from private individuals. The receipts rose in the Northern and Central Divisions and fell in the Southern Division and Sind. The increase of Rs. 32,826 in the Central Division was mainly due to an improvement in toll receipts resulting from brisker competition for farms and recovery of arrears. In the Northern Division the total toll collections showed an increase of Rs. 3,919. The receipts increased in Ahmedabad, Broach and Thána, but in Surat there was a large decrease of Rs. 6,522, of which nearly 65 per cent. occurred in Olpád alone and is explained to be due to the unfavourable season, which, as the Commissioner remarks, is a little hard to understand as it was not worse in that Táluka than elsewhere. In the Southern Division the decrease in toll receipts is attributed to the influence of plague and famine in keeping down the bids. The increase of Rs. 3,506 in the income from ferry tolls in the Ratnágiri District has not been explained. In the Northern Division popular contributions rose from Rs. 9,737 to Rs. 17,707, and receipts under "Civil Works—Miscellaneous" fell from Rs. 13,998 to Rs. 7,118.

13. *Contributions*.—There was a decrease both in the grants from Provincial to Local Funds and in those from one Board to another. The former fell from Rs. 10,39,400 to Rs. 9,69,609, and the latter from Rs. 13,668 to Rs. 9,837. The decrease in Government contributions in the Northern and Central Divisions was mostly nominal and due to the absence in the Ahmedabad, Broach, Ahmednagar and Sátára Districts of temporary deficits and consequent overdrawals or advances from the Government Treasury. In the other Districts of these Divisions there was an increase due chiefly to larger Government contributions in aid of dispensary or school buildings and to special Government grants for the improvement of *ghát* communications. The contributions from Government for the last mentioned purpose in the Thána District amounted to Rs. 10,000, and in the Poona, Násik, Kánara and Kolába Districts to Rs. 5,000 each. Government also contributed Rs. 3,000 for the construction of wells in Belgaum.

14. The incidence of income per head of population rose from 3 annas 10 pies to 4 annas 1 pie, and the incidence of taxation from 2 annas 1 pie to 2 annas 5 pies.

15. The total expenditure of the Boards amounted to Rs. 40,69,478 against Rs. 40,62,938 in 1900-1901, showing an increase of Rs. 6,540. In the Central Division the expenditure was reduced by Rs. 47,945, and in the Southern Division by Rs. 76,342, while in the Northern Division and in Sind it exceeded that of the previous year by Rs. 52,991 and Rs. 77,837, respectively. In the following statement the aggregate outlay under the several heads is contrasted with that of the preceding year:—

	1901-1902.	1900-1901.
	Rs.	Rs.
Refunds and Drawbacks	3,454
Post Office	24
Administration	1,42,297	1,15,490
Education	15,10,385	15,12,508
Medical	3,01,627	3,33,825
Scientific and other Minor Departments	78,282	77,816
Pensions and Gratuities	2,304	3,245
Stationery and Printing	15,231	14,693
Miscellaneous	63,177	58,105
Famine Relief	9,055	73,119
Civil Works	18,26,239	17,09,964
Contributions	1,03,712	81,381
Debt	6,978	49,203
Interest on debt	6,736	134

The causes of the chief fluctuations are noticed in the following remarks.

16. *Administration.*—The diminution of expenditure under this head is shared between Sind and the Central and Southern Divisions. In the latter Division the decrease occurred chiefly in Dhárwár owing to the reduction of the District Local Board Overseer's establishment.

17. *Education.*—The charges incurred during the year under this head were lower in the Central and Southern Divisions, while in the Northern Division and Sind they were higher than in the preceding year. The decrease of Rs. 7,905 in the Central Division, which is shared by all Districts except Poona, was principally due to the closure of schools on account of plague and famine, while in the Southern Division the decrease of Rs. 4,768 was chiefly owing to a reduction in the pay of the Superintendent of the School of Industry at Ratnágiri on the post falling vacant. In the Northern Division the expenditure rose by Rs. 6,700 owing to fewer schools being kept closed during the year. In Sind the increase of Rs. 5,330 was mainly under "Primary Schools" and under "Grants-in-aid".

18. *Medical.*—The reduction in this item of expenditure is shared between the Central and Southern Divisions and Sind. This head of expenditure is largely affected by the course of the plague, which is directly responsible both for the decrease in Sind and for the increase in the Northern Division, and indirectly for the decreases in the Central and Southern Divisions, owing in the one case to smaller repayments of plague charges to Government, and in the other to the adoption of cheaper plague measures than in the previous year.

19. *Miscellaneous.*—The expenditure under this head decreased in the Presidency Proper, but there was a large increase of Rs. 27,394 in Sind, due mainly to the purchase of a ferry steamer by the Karáchi District Board, and partly also to loss on the working of the Gidu-Kotri Ferry in 1900-1901. The decrease in the Southern Division is merely a reversion to normal figures from the exceptional expenditure of 1900-1901.

20. *Famine Relief.*—There was a considerable diminution of expenditure under this head in the Northern and Southern Divisions. In the latter Division the Dhárwár Board alone incurred Rs. 3,646 on the completion of certain tank works in Navalgund Táluka, which had been started as famine works in 1900-1901 and left unfinished. In the Central Division, however, the expenditure increased from Rs. 1,320 to Rs. 5,089, which was wholly incurred in the Khándesh District. In Sind there was no outlay under this head.

21. *Civil Works.*—The outlay under this head shows a satisfactory increase of Rs. 1,16,276, which is shared between the Northern and Central Divisions and Sind, as will be seen from the following statement:—

				1901-1902.	1900-1901.	Increase or Decrease.
				Rs.	Rs.	Rs.
Northern Division	5,42,247	4,58,075	+84,172
Central Division	4,81,283	4,75,168	+6,115
Southern Division	3,97,486	4,10,511	-13,025
Sind	4,05,223	3,66,209	+39,014
			Total	18,26,239	17,09,963	+1,16,276

The aggregate charge represents 44 per cent. of the total expenditure of the Boards during the year. In the Southern Division though there appears a decrease, the percentage of the amount spent on Civil Works to the collective expenditure of the Boards in that Division has increased from 39 to 41. In Dhárwár the large decrease of Rs. 35,389 is the result of retrenchments effected by the Boards to build up the prescribed minimum balance. In the following table the charges under the various sub-heads are compared with those of the previous year:—

				1901-1902.	1900-1901.	Increase or Decrease.
				Rs.	Rs.	Rs.
Buildings	{ Original	65,937	42,330	+23,607
			{ Repairs	64,604	58,946	+5,658
Communications	{ Original	2,37,295	2,28,343	+8,952
			{ Repairs	10,36,094	9,67,785	+68,309
Water-supply and Water Works	{ Original	85,927	84,467	+1,460
			{ Repairs	74,811	88,963	-14,152
Drainage Works	{ Original	234	+234
			{ Repairs	200	58	+142
Other Works of Improvement	11,168	5,605	+5,563
Establishment, Contingencies, etc.	1,87,554	1,82,107	+5,447
Staging Bungalows	36,095	37,065	-970

The figures indicate that larger sums have been spent during the year on "Buildings," "Communications" and "Other Works of Improvement," while there is a decrease under "Water Works Repairs," as owing to the comparatively favourable monsoon expenditure on the improvement of water-supply was not necessary to the same extent as in the year 1900-1901. As usual, the greater portion of the outlay on "Civil Works" was devoted to the construction and maintenance of roads, which accounts for nearly 31 per cent. of the entire expenditure of the Boards. The amount expended on Public Works carried out by the Boards through their establishments was Rs. 9,60,226 against Rs. 8,89,581 in 1900-1901, while on works executed through the agency of the Public Works Department Rs. 8,66,011 were spent as compared with Rs. 8,20,382 in the previous year. No work of any note, however, was carried out by the Boards. The question of empowering Local Boards to guarantee interest on light railways is at present under the consideration of Government.

22. *Contributions.*—The disbursements under this head were larger in the Northern and Central Divisions and Sind. In the Northern Division contributions amounted to Rs. 34,092 against Rs. 24,088 in the previous year. The large increase (Rs. 13,227) in Broach is due to the refund to Government of sums overdrawn by the Board during the years 1899-1900 and 1900-1901. In Thána and Ahmedabad the increases are the result

of higher assignments to Municipalities out of the realizations of the one-anna cess. The decrease in Kaira is partly due to smaller assignments to Municipalities out of the Provincial Rates and partly to reduced grants to Sanitary Boards owing to the falling off in popular contributions. Surat shows a decrease of Rs. 2,008 as it had no further instalments to pay to the Broach District Board on account of the Sahol Bridge. In Sind the outlay rose by Rs. 16,942 owing chiefly to the payment to Government by the District Board of Thar and Párkar of a contribution of Rs. 10,000 for the construction of bridges on the Jámrao Canal. The decrease in the Southern Division is due to a reversion to normal figures from the exceptional expenditure of the previous year.

23. *Debt.*—The reduction under this head is shared by all Divisions and is chiefly due to the absence of the exceptional items which had swelled the expenditure of the previous year.

24. *Balances.*—The closing balances of the Boards in the Presidency amounted to Rs. 15,05,134 against Rs. 11,35,984 in the previous year. Though increased by upwards of four lakhs of rupees, they are still short by ten lakhs of the figure at which they stood before the financial disorganization caused by plague and famine. In Ahmedabad the balance at the end of the year was *nil* and in Bijápur insignificant, both the Boards being crippled by famine; while the Board of Násik which suffered from plague, and that of Ahmednagar which was affected by famine, and the Boards of Kaira and Broach which were sorely stricken by both, are much below the recognized limit of solvency. Government have recently made to all District Local Boards in the Central Division, five in the Northern Division and three in the Southern Division special grants totalling Rs. 7,50,000 for expenditure on medical and educational objects. It is gratifying to learn that out of the grant of Rs. 88,000 made to the Bijápur District Local Board Rs. 5,000 are being spent in teaching the weavers in the District improved methods of weaving. Some of the Boards in Sind have had unnecessarily large balances, and the Commissioner has rightly drawn their attention to the advisability of spending as much as they safely and prudently can. It is satisfactory to find that in the Southern Division the Boards that have balances in excess of the prescribed minimum have taken adequate measures to utilize the surplus.

25. Little remains to be added. The depressing influences of plague and famine in the Presidency proper continued to affect adversely the resources and hinder the progress of the Boards. In Sind the season was fairly prosperous, but though the rise in income was large, there was not a corresponding increase in the outlay on public works. None of the Boards in the Presidency has been able to carry out any large and noteworthy work of public utility. On the whole, however, the Boards may be said to have discharged their ordinary duties satisfactorily. Better results may be expected when normal conditions are restored.

26. Government hope in the next financial year to make a substantial increase in their grants-in-aid of primary education.

27. Copies of this Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and other officers and Departments as usual.

A. M. T. JACKSON,
Acting Secretary to Government.
