The Reports from the Commissioner in Sind and the Commissioners of Divisions on the Administration of the Local Boards in the Bombay Presidency during the year 1907-1908.

RESOLUTION.—In the year under review the number, area and population of District and Taluka Local Boards (236) remained unchanged.*

2. Triennial elections were held in the Presidency proper in the districts of Thána, Násik, Poona, Sholápur, Bijápur and Dhárwár. They aroused no general interest among the voters except at Bhugaon in the Haveli Taluka of the Poona District, where the elections are reported to have been keenly contested, and to have led to a reference to the District Judge.

3. In the Presidency proper 899 meetings were held during the year compared with 801 in the preceding year, 28 being adjourned for want of a quorum. The rule requiring half-yearly meetings was complied with by all District Local Boards except Karáchi, where the prevalence of plague again interfered with the work of the Board. Eleven Taluka Local Boards in the Northern Division, nine in the Central Division, and four in the Southern Division failed to hold the prescribed number of meetings. In the Northern Division and in Sind the provisions of section 34 of the District Local Boards Act were made use of and business transacted by circulation of papers among the members. There was a slight improvement in the average attendance of members in the Presidency including Sind.

4. The total income of the Boards increased from 63½ to 64 lakhs in the year under review.

The following statement compares the receipts under the principal heads of revenue with those of the preceding year:—

(Rupees in thousands.)

Civil Works	4,96	5,47	...	51	
Contributions	23,17	23,07	10	...	

The noteworthy items in these figures are a rise in the educational revenue in Dhárwár District, owing to the opening of 24 new schools, a special contribution of Rs. 12,000 from Ráo Sáheb Ramnarayan Amarchand of Poona towards the cost of the City Veterinary Dispensary, a special grant of Rs. 6,800 to Sálára for expenditure on plague measures, and an extra grant to Ratnágiri for the assistance of the weaving class in the School of Industry.

* In Sind the variations in the figures of the Thar and Párkar District are due to the area and population formerly shown in the annual report being incorrect.

5. The incidence of income and taxation per head shows no material variation from last year's figures of 5 annas 10 pies and 2 annas 11 pies.

6. The total expenditure of the Boards amounted to 62½ lakhs, being an excess of 8½ lakhs over 1906-1907.

The following statement shows the distribution of the expenditure under the various heads compared with that of the previous year:—

(Rupees in thousands.)

7. The important variations in the above figures are noted below:—

Education.—Under this head there was an increase of nearly Rs. 87,000 which is shared in by all Divisions and is due to the utilization of the enhanced grants made by Government in furtherance of primary education. Many new schools were opened and the teaching staff strengthened and improved in almost all districts. In the Panch Mahals an interesting experiment was inaugurated in the opening of a special class for the training of Bhils to fit them for schoolmasters in Bhil schools. In the Southern Division six new schools were opened in Belgaum, one in Bijapur, two in Kánara and 24 in Dhárwár, the percentage of children of cess-payers attending the schools in Belgaum and Bijapur being nearly 75. The Collector of Dhárwár states that the number of aborigines and hill tribes attending schools has nearly doubled during the year on account of the special encouragement given to Lamanis. In other Districts also it is reported that progress has been made in inducing children of the depressed classes to attend school. A weaving class was started during the year at Belgaum to which a contribution of Rs. 2,000 by the District Local Board has been sanctioned. Kárwár has also opened a weaving class and the Kárwár District Local Board also pay a contribution to a private carpentry and smithy class. The work of free distribution of quinine to teachers and boys of above-Ghát schools in Kánara has been reported to be progressing. In order that quinine may reach sufferers from malaria in out-of-the-way jungle villages which are numerous, the Collector has arranged to supply it direct at the Board's cost with printed instructions to the headmen of such villages.

Scientific and other minor Departments.—Under this head there was an increase of nearly Rs. 18,000, which was shared in by all Divisions. In the Central Division the increase in Ahmednagar, Násik and Sátára is attributed to the employment of an extra veterinary graduate to check the spread of cattle disease. In Ahmednagar 4,850 heads of cattle were inoculated against rinderpest and 2,079 were treated for various diseases. The increase in Kolába was due to the opening of new itinerating veterinary dispensaries at Mahád and Panvel. The Hyderabad District Local Board incurred greater expenditure on account of a mule and cattle show held for the first time at Moro.

8. *Civil Works.*—This head shows a net increase of about Rs. 6,86,000 which was distributed over all Divisions, the Northern Division and the Central Division being together responsible for nearly Rs. 5 lakhs. The aggregate charge under this head in the whole Presidency including Sind represents 53 per cent. of the total expenditure of the Boards against 49 per cent. in the

preceding year. The following statement compares the charges under the various sub-heads with those of the preceding year:—

As usual, the largest expenditure was incurred on "Communications," the total amount expended thereon having exceeded that in the previous year by nearly 5 lakhs. In the Panch Maháls a part of the Godhra-Khakharia Road and certain portions of the Dohad-Godhra Road were retalled and two feeder roads completed. In Surat the total amount expended on communications was Rs. 27,500 in excess of the previous year's expenditure. The construction of (1) the Motlibai Wadia Road from Ichchápur to Suváli and (2) the Bulsar-Khergam Road was continued and the roads from Ohond to Dugri and from Madhi Railway Station to Bújpura were taken in hand during the year. In Thána Rs. 16,000 out of the Government grant of Rs. 23,000 were as usual utilized on forest roads. The Bándra-Ghodbandar Road was widened and repaired and the construction of the Gokhirve-Vajreshwari Road was taken up during the year. In the Central Division the increase under this sub-head occurred in all districts. In East Khándesh (1) the Párola-Dharangán and (2) the Yával-Ráver Roads and the second section of the Bodvad-Jámner Road, in West Khándesh (1) the Nandurbár-Nizámpur and (2) the Sháhada-Khotia Roads, in Násik the Kalwan-Devala Road, in Poona a metalled road from Baramati to Sangvi, and in Satára a road from Ashta to Ashta Road Station were constructed during the year. In Sholápur repairs were carried out to the Pandharpur-Jeur and Karmála Roads. In the Southern Division the expenditure incurred on communications represented 65 per cent. of the whole outlay on Civil Works against 62 per cent. in the preceding year. The construction of the road from the Gokák Falls Mills to the town of Gokák was completed in the Belgaum District and two important roads, *viz.*, the Bádami-Madkavi and the Bilgi-Konnur Roads, were undertaken in the Bijápur District at a cost of Rs. 28,000. Three small roads were constructed in the Dhárwár District, four in Kánara and twelve in Ratnágiri. In Sind the sums spent on communications amounted to 4 lakhs. No new roads were constructed except in the Karáchi and Hyderabad Districts, where the number and mileage of the roads constructed was 18 and 144 $\frac{3}{4}$, respectively.

9. The expenditure on "Water-works and water-supply" also showed an increase of Rs. 67,000. In the Kaira District of the Northern Division, 44 new wells were sunk, 10 new water-troughs were constructed and 8 tanks excavated. In Broach 16 new wells and 28 tanks and in Surat 12 wells were excavated. In the Central and Southern Divisions also considerable sums were spent in improving the water-supply. The Dhárwár, Kánara, Kolába and Ratnágiri Districts spent a larger amount in the year under report on original works compared with the figures of the previous year. Ten new wells were sunk in Dhárwár, four in Kánara, six in Bijápur and five in Belgaum. The construction of a dam at Neral in the Kolába District was commenced. In Sind 12 new wells were constructed in the Hyderabad and five in the Sukkur Districts and two new wells and two tanks in the Karáchi District.

10. New school-houses, dispensaries, dharamshálas and inspection bungalows were constructed in all Divisions including Sind.

11. The appended Table A shows the opening and closing balances of the Boards of the different districts in each Division. The closing balances of the Boards in the Presidency amounted to 32 lákhs compared with 30½ lákhs in the previous year. In the Northern Division, the accumulations of Rs. 8,68,000 are less than those of the previous year, but still exceed the total of the minimum balance prescribed for that Division by Rs. 5,40,000. In the Central Division the closing balance (Rs. 8,43,000) is more than double the total of the minimum balance (Rs. 3,39,000). In the Southern Division the accumulations amount to Rs. 6,77,000 and are nearly treble the total of the minimum balance (Rs. 2,54,000). In Sind, the closing balance (Rs. 8,09,000) is nearly 17 times as large as the total of the minimum balance prescribed for that Division. In all districts except Ahmednagar the balances are much in excess of the prescribed minima. The reason for the excess is generally attributed to the surrender of allotments by the Public Works Department owing to their being unable to complete the works budgetted for. Provision has been made in supplementary budgets for utilizing these balances. In several cases the balances are being accumulated to be devoted to large works of public utility. The Accountant General has issued instructions to the Local Auditors to revise the minimum balances required to be maintained by District Local Boards as contemplated by Government Resolution No. 2087, dated 5th June 1894. The Accountant General's report on the subject will be awaited.

12. Though the year's work does not present features of any special importance, the administration of the Local Boards has on the whole been satisfactory. His Excellency the Governor in Council, however, notices with regret the fact that the working of the Boards does not excite any increasing interest among those who are qualified to vote, nor does the attitude of the non-official members in general in matters of local fund administration show much improvement. A "Works Committee" has been formed in each taluka of the Karachi District and everywhere in the Northern Division excepting the Mehmedabad Taluka of the Kaira District, for the supervision of works in progress. The Governor in Council desires to be informed in future reports of the extent to which this arrangement is found to stimulate the interest of members in local fund administration. It is to be observed in this connection that an obstacle to the development of local interest in the work of these Boards is to be found in the extremely limited nature of their resources, 236 Boards disposing of a revenue of 64 lákhs, equal to an average of Rs. 27,000 per Board. Further, of this 64 lákhs, one-third is devoted to education and administered by the Educational Department, while another third is required for the maintenance of existing roads, or for the construction, through the agency of the Public Works Department, of new thoroughfares. The remaining third of the total revenue affords slender scope for the exercise of the functions of the Board members in controlling its expenditure. It is to be feared that unless considerable additional revenue can be found for these Boards, they will fail to offer the field for education in local self-Government which they were intended to provide.

13. Copies of the Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and other officers and Departments concerned.

R. E. ENTHOVEN,
Secretary to Government.
