

REPORT ON MUNICIPAL TAXATION
AND EXPENDITURE
IN THE BOMBAY PRESIDENCY
INCLUDING SIND
FOR THE YEAR 1925-1926

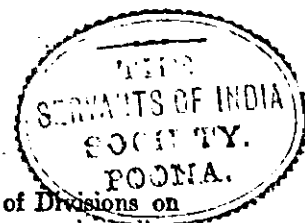

Report on Municipal Taxation and Expenditure in the Bombay Presidency including Sind for the year 1925-26.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P.-55

Bombay Castle, 3rd October 1927.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and Notified Areas in the Bombay Presidency including Sind for the year 1925-26.

RESOLUTION.

PART I—SUMMARY.

Number and Area.—The total number of Municipalities in the Bombay Presidency including Sind was 156 as against 155 in the previous year, the increase of one being due to the creation of a municipality at Bhagur in the Nasik District. The number of Notified Areas in the Presidency proper, *viz.*, 12, exclusive of those which merely exist for the control of buildings and do not levy taxes, remained unaltered.

2. *Change in the Population and Boundaries.*—There was no appreciable change in the population resident in the municipal districts in the year under review, the small increase of about 6,000 souls over that of the previous year, being due to the inclusion of the population of the Bhagur Municipality. The municipal limits of the Ahmednagar, Dhulia, Alandi, Poona City, Pandharpur, Bagalkot and Roha Ashtami Municipalities were altered during the year.

3. *Constitution of Municipalities.*—With the exception of the Godhra and Modasa Municipalities, the constitution of all the municipalities in the Northern Division remained unchanged. In both these towns the number of elected members was increased by one. Triennial elections were held in the municipalities of Dholka Viramgam, Modasa, Ranpur, Gogho, Godhra, Dohad, Bhiwandi, Kalyan and Bassein. By-elections due to the death or resignation of councillors were held at Kapadvanj, Kaira, Umreth, Godhra, Bhiwandi and Dhandhuka. All the municipalities in the Northern Division possess elected Presidents and a four-fifths elective element.

In the Bombay Suburban Division no triennial elections were held nor was there any change in the constitution of any of the municipalities.

In the Central Division triennial elections were held during the year in the Municipalities of Chopda, Parola, Yawal, Raver, Chalisgaon, Savda, Amalner, Shirpur, Trimbak, Nandgaon, Yeola, Igatpuri, Sinnar, Panchgani, Ashta, Islampur, Karad, Mhaswad, Rahimatpur, Satara City, Tasgaon, Vita, Wai, Sholapur and Barsi. By-elections were held at Ahmednagar, Sindkheda, Nandurbar, Shahada, Taloda, Pandharpur and Karmaḷa. The Municipality at Nandgaon was restored from 1st June 1925. At Sholapur, Barsi and Pandharpur elections of certain candidates were set aside by the orders of the Court.

In the Southern Division triennial elections were held at Belgaum, Athni, Nipani, Bail Hongal, Bijapur, Guledgud, Ilkal, Ranebennur, Navalgund, Byadgi, Nargund, Haveri, Kumta, Alibag, Mahad, Pen, Roha Ashtami, Uran and Vengurla. By-elections were held at Belgaum, Saundatti-Yellamma, Dharwar, Hubli, Byadgi, Kumta, Alibag, Roha and Vengurla. In general throughout the Southern Division except at Uran seats were keenly contested. Voting was influenced more by communal and caste considerations than by fitness and qualification of candidates. In nine cases applications to set aside elections were made but all except one were dismissed.

In Sind all the Municipalities excepting the Karachi and Hyderabad Municipalities have been re-constituted on a four-fifths elective basis. In Karachi and Hyderabad the proportion of elected councillors is eight-ninths instead of four-fifths.

4. *Attendance at Municipal Meetings.*—The number of meetings held improved from 3,834, to 3,925, the increase occurring in Southern Division and Sind and Bombay Suburban Division. In the Northern and Central Divisions slightly fewer meetings were held than last year, the decreases being 55 and 64, respectively. The average attendance of members fell from 60·9 per cent. in the previous year to 56·2 per cent. in the year under report. Instances of failure to attend two-thirds of the meetings are still reported to be common. In Sind the attendance of councillors at meetings varied a good deal and in some cases was unsatisfactory.

5. *Changes in the system of Taxation : House Tax.*—Except small modifications in schedules of rates, there were no changes in this form of taxation. In Bijapur reductions were made by the Managing Committee in the rental value of houses belonging to Municipal councillors and their relatives. The President of the Municipality has been asked to scrutinise these assessment lists and it is reported that steps are being taken to revise them.

Octroi.—Belgaum, Guledgud, Ilkal, Mhaswad and Hala revised their octroi schedules.

Terminal Tax.—Malwan, Ahmednagar, Nadiad, Broach, Ankleshwar and Amalner revised their terminal tax. Kalyan substituted the system of terminal tax for octroi. In Dhandhuka the levy of terminal tax was introduced.

Water Rate.—Panchgani, Barsi, Ahmedabad, Bandra, Kurla and Bhiwandi increased their income by revising their water rates.

Sanitary Cess.—Bagalkot and Amalner introduced a general sanitary cess, while Gadag Betgeri, Panchgani and Chalisgaon have taken action to revise their rates of special sanitary cess.

Conveyance Tax and Tolls.—The reports of the Commissioners indicate that there is a growing tendency to impose the toll and wheel tax in new areas and to increase the rates of levy of these taxes where they are already in existence.

Miscellaneous Taxes.—In the Southern Division Gadag Betgeri introduced a tax on cinemas, theatres, etc. At Malwan a tax on animals was introduced. Matheran revised its rules for the levy of a rate on unbuilt lands used or occupied for business purposes. Savda revised its market and slaughter house fees.

6. *Municipal Income.*—During the year under report the aggregate gross income of the Municipalities increased from 307½ lakhs to Rs. 319 lakhs. Deducting receipts under "Extraordinary and Debt" the net income amounted to Rs. 223 lakhs, nearly the same as in the preceding year.

7. *Octroi and Terminal Tax Receipts.*—Under this head there has been a large decrease of Rs. 5,08,000 in Sind due to unfavourable trade conditions at Karachi and to reduced imports of grain. This decrease was however counter-balanced by an increase of Rs. 3,51,000 in the Presidency proper, the increase being distributed as under :

District	Town or City	Amount
		Rs.
Dharwar Hubli	28,000
Do. Gadag Betgeri	20,000
Belgaum Belgaum	9,000
Do. Bail-Hongal	9,000
Ratnagiri Chiplun	3,000
Do. Malwan	2,000
Bombay Suburban Division	.. Bandra	13,000
Ahmedabad Ahmedabad	16,000
Do. Dhandhuka	3,000
Do. Dholka	5,000
Kaira Nadiad	7,000
Panch Mahals Godhra	5,000
Do. Dohad	7,000
Broach Broach	9,000
Do. Ankleshwar	7,000
Do. Jambusar	7,000
Surat Surat	4,000
Thana Kalyan	22,000

8. *Taxes on Houses and Lands.*—The increase of Rs. 2,11,000 under this head was general throughout the Presidency including Sind and was attributable mainly to the revision of assessments and to the assessment of new buildings in some quarters and better recovery of past arrears.

9. *Water Rates.*—The increase under this head throughout the Presidency amounts to Rs. 4,08,000 equivalent approximately to an increase of 14 per cent. over the collections of last year. It is satisfactory to note from the reports of Commissioners of Divisions that this increase results not only from a revision of the rates imposed but also from better recovery of dues.

10. *Recovery of Dues.*—The Municipality of Ahmedabad carried on their collection work satisfactorily and the ratio of collection to total demand was 93 per cent. as against 90½ per cent. during the preceding year. The Municipalities of Modasa, Umreth, Borsad, Godhra, Surat, Thana, Kalyan and Bassein have very heavy arrears to collect and the collection work at these places is badly in need of improvement. At most of these places municipal councillors themselves are in arrears and as observed by the Collector of Thana "this is most unsatisfactory and shows a lamentable lack of civic conscience or sense of responsibility on the part of elected councillors who themselves set such a bad example to the rate payers."

In the Central Division out of a total demand of Rs. 20,74,000, outstanding arrears at the end of the year amounted to Rs. 2,95,533, *i.e.*, 14·2 per cent. The heaviest arrears were in Vambori (23 per cent.), Yawal (36 per cent.), Chopda (20 per cent.), Dhulia (17 per cent.), Shirpur (17 per cent.), Poona City (17 per cent.), Jejuri (46 per cent.), Saswad (50 per cent.), Indapur (55 per cent.), Sirur (46 per cent.), Talegaon-Dabhade (19 per cent.), Lonavla (18 per cent.), Alandi (33 per cent.), Junnar (39 per cent.), Karad (49 per cent.) Mhaswad (24 per cent.), Ashta (53 per cent.), Sholapur (15 per cent.), Barsi (17 per cent.), Karmala (49 per cent.) and Sangola (39 per cent.). More than 44 per cent. of the total amount of arrears was on account of house tax.

In the Southern Division the heaviest arrears were in Athni (67·6 per cent.), Belgaum (20·9 per cent.), Gokak (22·9 per cent.), Malwan (37·5 per cent.), Vengurla (33·3 per cent.) and Uran (26 per cent.). In Athni the arrears are steadily increasing. They were 50 per cent. of the total demand in 1923-24, 61·1 per cent. in 1924-25 and 67·6 per cent. in 1925-26. As usual suspensions of house tax and general sanitary cess on account of successive bad seasons are stated to be the cause. Belgaum is also going from bad to worse. The Collector has called for fortnightly progress reports regarding recovery of arrears from both Municipalities. It is gratifying to note that the arrears in Bijapur have fallen from 45·5 per cent. to 16·3 per cent., those in Hubli from 20 per cent., to 8·8 per cent. and those in Gadag-Betgeri from 43·7 per cent. to 29·5 per cent. Ranebennur, Roha, Panvel and Mahad presented a clean sheet.

In the Bombay Suburban Division the Bandra Municipality showed some improvement but the arrears are still very large (Rs. 69,588). In Kurla arrears amount to Rs. 1,14,252 out of a normal annual income of 2½ lakhs. It is reported that this is due to the obstructive attitude of some of the members of the last Municipal Board.

In Sind the total outstandings amounted to Rs. 2,63,000 as against Rs. 2,73,000 in the preceding year. The arrears amounting to Rs. 2,33,000 in the Karachi Municipality which represent 10 per cent. of the taxes to be collected are mainly due from certain public bodies, *i.e.*, the Official Receiver, Karachi Port Trust and the North Western Railway, and partly to the late issue of bills owing to late disposal of appeals against house tax.

The total amount of the arrears of taxes and dues in all the Municipalities of the Presidency including Sind at the end of the year 1925-26 amounted to Rs. 13·55 lakhs, the figure for 1924-25 being Rs. 14·83 lakhs. While an improvement of Rs. 1·28 lakhs is satisfactory, outstandings are still heavy and there is ample room yet for progress in this direction.

11. *Revenue derived from Municipal Property.*—Under this head there was a decrease of Rs. 1,00,000. Sind alone showed a decrease of Rs. 2,03,000 which was

due chiefly to the smaller demand for land as a result of general trade depression. In contrast to this general drop in revenue, it is interesting to note that receipts in Ahmedabad and Surat show an increase of Rs. 27,000 due in the main to (1) larger receipts from sewage farms at Ahmedabad, (2) larger number of sales of land at Surat and (3) improved interest receipts in the case of both municipalities from their invested balances. In the Southern Division the increase of 30,000 was shared by all Districts. In the Bombay Suburban Division receipts under this head amounted to Rs. 9,000 more than in the preceding year.

12. *Grants and Contributions for General and Special Purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors and for educational purposes fell from Rs. 28,30,000 to Rs. 25,15,000, the reduction being due to the fact that educational grants, hitherto given to certain municipal bodies, have been paid directly to District Local Board Local Authorities in consequence of the transfer of control of education to the Local Authorities set up under the Primary Education Act of 1923.

13. *Nature of Income and Incidence per head of Population.*—Of the total income of the Municipalities amounting to Rs. 2,22,88,506, Rs. 1,53,09,000 were realised from municipal taxes and rates as compared with Rs. 1,46,12,000 in the preceding year, direct taxation yielding Rs. 90,02,000 or 58·82 per cent. and indirect taxation Rs. 63,07,000 or 41·18 per cent. of the total. The corresponding percentages in the previous year were 55·4 per cent. and 44·6 per cent., respectively. The average incidence of taxation per head of population increased from Rs. 5-7-6 to Rs. 5-11-6 and that of income per head of population decreased from Rs. 8-5-5 to Rs. 8-5-2.

14. *Working of Octroi and Terminal Tax systems.*—In the Northern Division the octroi system has been introduced in eight municipalities, viz., Viramgam, Dholka, Ranpur, Gogho, Surat, Bulsar, Thana and Bassein. Sixteen municipalities prefer terminal tax, while five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander have refrained from imposing either of these systems of taxation. Out of the gross receipts of Rs. 4,48,436 from octroi, a sum of Rs. 48,645 was granted as refunds, equivalent to a percentage of 10·84 as against 10·03 in the previous year, the rise being due to the grant of refunds to the extent of Rs. 46,000 at Surat. The working of the terminal tax system is reported to be satisfactory and its substitution for octroi at Kalyan resulted in an increase of Rs. 22,000 in the income of that body during the year. In the Bombay Suburban Division octroi is not levied. Terminal tax is levied by the Bandra Municipality and the income derived from this tax during the year under report was Rs. 94,000. In the Central Division octroi was levied in 33 municipalities, while nine municipalities, viz., Ahmednagar, Vambori, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandurbar imposed a terminal tax. The gross collections from octroi amounted to Rs. 13,59,244, the net income being Rs. 12,63,730, the percentage of refunds being 7·02 against 7·54 last year; the corresponding amount for the Southern Division was Rs. 5,68,000 of which Rs. 22,000 were refunded, the percentage of refunds being 3·9 as against 3·6 in the previous year. The percentage was high at Bagalkot (22·3), Honavar (21·6), Panvel (13·6) and Karwar (12·8). As many as 24 municipalities out of 39 levy Octroi. In Sind the terminal tax system remained in force in the Karachi, Tatta, Keti Bunder, Kotri, Sukkur, Shikarpur, Garhi Yasin, Ghotki, Larkana, Kambar, Mirpurkhas, Umarkot and Jacobabad Municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 322 lakhs as against Rs. 305 lakhs in the previous year. Excluding the items of "Extraordinary and Debt" the expenditure amounted to Rs. 239½ lakhs as against Rs. 218½ lakhs of the previous year. The increase in the ordinary expenditure was, therefore, Rs. 21 lakhs.

16. *Water-supply.*—The expenditure on water-supply increased by 10 lakhs. The increase is due primarily to expenditure on increasing the volume and improving the quality of existing systems of water-supply. It is eminently satisfactory to note that so important a public need is receiving the attention due to it and Government hope that the figures of expenditure in future years will continue to show progress in this respect.

17. *Financial Working of Water-supply Installations.*—In the Northern Division the income of the Ahmedabad Municipality from water rates decreased from Rs. 11,32,438 to Rs. 11,20,382, of which Rs. 5,79,725 were derived from the direct sale of water and Rs. 5,40,657 from the general water rate, etc. The expenditure including interest, sinking fund instalment and depreciation charges amounted to Rs. 3,64,673 as against Rs. 3,11,172 in the previous year. The working of the water supply installation at Surat shows a net profit of Rs. 90,825 as against Rs. 36,309 in the preceding year. Rander, Thana and Bhiwandi Municipalities realized net profits of Rs. 2,474, Rs. 870 and Rs. 2,286, respectively. The fall in profit in Thana was due to the failure of the Municipality to collect the full dues for the year. The work of constructing at Kapadvanj water works installations, which was started in the previous year, was pushed forward with the help of a further grant-in-aid of Rs. 1,00,000 from Government.

In the Bombay Suburban Division none of the municipalities own an independent water system. It is reported that a water supply system for Bandra and Kurla Municipalities has been now taken in hand by the Development Department and that a new project for the Ghatkopar-Kirol Municipality has been sanctioned.

In the Central Division the Ahmednagar, Jalgaon, Dhulia and Trimbak water works showed a profit. The Ahmednagar Municipality has received further substantial relief by way of a grant-in-aid of Rs. 2 lakhs from Government during the year. The Nasik Municipality are running their water works at a loss. The Jalgaon Municipality has undertaken the Girna water supply scheme and surveying operations were started during the year.

In the Southern Division the total revenue from the water works at Bijapur increased from Rs. 19,801 to Rs. 44,986 owing to the recovery of the arrears of past years, while the expenditure was Rs. 57,183 as against Rs. 65,509 in the previous year. The Municipal management of the water works has been economical and the Municipality appears to be making a real effort to make the works self-supporting. In Dharwar the total income fell from Rs. 45,944 to Rs. 43,236 and the expenditure showed an increase of Rs. 3,362. At Hubli the income increased from Rs. 49,806 to Rs. 83,562. It is gratifying to note that of the total receipts Rs. 44,999 was derived from the direct sale of water and Rs. 38,563 from the general water rate. As usual the water works at Alibag and Roha Ashtami worked at a loss. Panvel and Pen however showed a profit.

In Sind the water supply accounts of the Hyderabad Municipality showed a total revenue of Rs. 1,62,800 and an expenditure of Rs. 1,02,300 leaving a closing balance of Rs. 60,500. In Sukkur a sum of Rs. 19,200 was derived from the direct sale of water while the expenditure amounted to Rs. 54,800.

18. *Drainage.*—In the Northern Division, the Ahmedabad Municipality have undertaken the construction of new underground drains in the undrained wards of the City in furtherance of the general drainage scheme of the Municipality. The increase in expenditure in the year under report is Rs. 4,17,000. The Surat Municipality spent Rs. 9,000 on the construction of a new storm water drain. In the Central Division the increase of Rs. 2,15,700 was shared by all the districts except Sholapur. The Poona City Municipality spent large sums on new works in progress. In East Khandesh at Bhusaval and Savda the increase was due to the construction of gutters. Dhulia and Betawad spent respectively Rs. 10,397 and 6,279 more in constructing drains and gutters.

In the Southern Division, Hubli constructed a number of gutters at a cost of Rs. 26,000 and Bijapur 19 drains at a cost of Rs. 8,500. Roha received a grant of Rs. 7,000 from the Sanitary Board for an open surface drain which was completed during the year. In Sind there was a net decrease of Rs. 15,000. Karachi expended Rs. 34,500 for laying a 24" discharge main along Napier Road over a large area. New drains were constructed at Hala, Sukkur and Ratodero.

19. *Conservancy.*—The expenditure under this head for the year under report was Rs. 32,47,000 as against Rs. 31,76,000 in the previous year. This small increase is fairly well distributed over all districts and represents—

- (a) Cost of new staff employed;
- (b) Increments in pay to staff; and
- (c) The cost of construction of gutters, etc., in a few towns.

It is noteworthy that of the total expenditure of Rs. 32,47,000, Karachi alone accounts for Rs. 4,53,662; the 28 Major Municipalities spent another Rs. 20,59,586, leaving the comparatively insignificant amount of Rs. 7,33,752 for distribution between all the other 127 Municipalities.

20. *Road Expenditure and Appropriation of Wheel Tax and Road Tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 23,13,000 as against Rs. 18,06,000 in the previous year, showing an increase of Rs. 5,07,000, for the major portion of which Sind (Rs.1,88,000), Northern Division (Rs.1,55,000) and Central Division (Rs.1,55,000) are responsible. The Southern and Bombay Suburban Divisions also each contributed Rs. 19,000 to the general increase. There is still much diversity of practice in the application of the rule that the whole of the net receipts from the wheel tax and road tolls should be expended on road repair and road construction. In the Northern Division Dhandhuka, Ankleshwar, Bulsar, Rander, Bassein and Bhiwandi Municipalities were offenders in this respect. It is gratifying to note that Ahmedabad, Viramgam, Nadiad, Broach and Thana expended on their roads large amounts in excess of their receipts from these taxes. In the Central Division a number of the Municipalities failed to observe the rule, exceptions being Ahmednagar, Vambori, Dhulia, Ashta, Panchgani, Satara City and Jalgaon and all the Municipalities in East Khandesh save Erandol. In the Southern Division the rule appears to have been followed by a majority of the Municipalities. Of the net increase of Rs. 1,85,000 in Sind, Karachi alone spent Rs. 2,07,000 more than its expenditure in the previous year on the construction of roads, nallahs and foot-paths and on the acquisition of land. There were increases aggregating to Rs. 25,000 also in the Municipalities of Tando Allahyar, Matiyari, Sukkur, Garhi Yasin, Larkana, Kambar and Mirpurkhas. On the other hand the Municipalities of Tatta, Hyderabad, Shikarpur, Ratodero, Shahdadpur and Jacobabad showed reductions amounting to Rs. 49,000. The Tatta, Shikarpur, Rohri, Larkana, Ratodero, Sehwan, Bubak, Tando Adam, Umarnkot and Jacobabad Municipalities failed to spend fully the income which they received during the year from the levy of wheel tax and road tolls.

Section 91-A of the Bombay District Municipal Act, 1901, as amended by Bombay Act, VIII of 1914, imposes upon Municipalities the duty of prescribing a regular line for the boundaries of public streets. The Act as amended by Bombay Act, IV of 1924, restricts this obligation to city municipalities and to town municipalities only when they are notified by Government in this behalf. In the Northern Division none of the Municipalities except Broach and Thana are reported to have prescribed new road lines during the year. Broach aligned nearly 18,910 square feet of land during the year. At Thana the work of regular alignment of streets could not be completed for want of qualified men.

In the Bombay Suburban Division the Bandra Municipality has made appreciable progress in determining setback lines. Kurla and Ghatkopar-Kiroli Municipalities have done nothing in the matter though repeatedly warned. Juhu has no roads.

In the Central Division with the exception of Dhulia, Nasik and Sholapur practically no progress has been made. Dhulia completed the work of prescribing regular lines, while Nasik realigned three narrow roads. Sholapur fixed finally 64 new regular lines of streets.

In the Southern Division Bijapur has aligned 6 roads, Bagalkot 3 roads, Gadag Betgeri 5 streets, Ranabennur and Pen have completed the work of alignment. In Dharwar road lines were marked out but the alignment was not satisfactory and requires to be revised. City Survey operations have been completed in Pen and Roha and the municipalities have proposed to chalk out a regular line. Ratnagiri and the municipalities in Belgaum and Kanara districts did not take any action during the year. In Sind the fact that most of the municipal towns are not surveyed prevents compliance with the provisions of section 91-A of the Bombay District Municipal Act. In Karachi and Hyderabad regular lines of certain streets were prescribed. No action in this direction appears to have been taken by Shikarpur, Garhi-Yasin and Rohri.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 43,31,000 against Rs. 45,41,000 in the preceding year. In the Northern Division Ahmedabad was responsible for a decrease of Rs. 1,45,000 under this head due to the fact that they refrained from repeating the contribution of

Rs. 1,50,000 to the National Schools which was given in the previous year. In the municipalities of Kalyan, Bhiwandi and Bassein expenditure decreased on account of the transfer of control of the primary schools to the Local Authorities set up. In the Central Division, the decrease (Rs. 1,75,000) is shared by all the districts except Ahmednagar and was due to the handing over of the primary schools. In the Southern Division there was an increase of Rs. 54,000 which was shared by all districts except Kolaba and Ratnagiri. Sind showed an increase of Rs. 51,000, which was shared mainly by Karachi, Shikarpur and Sukkur.

22. *Closing Balance.*—The year's working resulted in a decrease of Rs. 2,35,000 in the total closing balance. Sind alone was responsible for a decrease of Rs. 6,96,000, whereas the Northern, Central, Southern and Bombay Suburban Divisions show increases of Rs. 2,13,000, 9,000, 1,17,000 and 39,000, respectively. The aggregate closing balance of all the Municipalities in the Presidency including Sind amounted to Rs. 1,18,51,000 as against Rs. 1,20,86,000 in the preceding year. In Sind the total income fell by Rs. 16,04,000 and the total expenditure by Rs. 7,37,000 and the actual balance excluding deposits amounted to Rs. 80 lakhs, of which Rs. 60.95 lakhs represented the closing balance of the Karachi Municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities in the Presidency including Sind during the year under review with the exception of Bhagur, Poona City and Sangola in the Central Division and Kotri, Manjhand and Jacobabad in Sind. The Ahmedabad and Broach Municipalities maintain auditors to examine their accounts in addition to the Government agency. The audit revealed a serious lack of appreciation on the part of some of the municipalities of the suggestions made by the Audit Department from time to time. Many old irregularities continue to be repeated and the disposal of audit notes was delayed for months in many cases. In the Central Division the accounts of the Karad Municipality were found to be in a chaotic condition and the question of further arrangements for the administration of this Municipality is engaging the attention of the Commissioner, Central Division. In the Southern Division several councillors in Belgaum, Bijapur, Nargund and Gadag Betgeri were again in arrears, though the fact that they were in arrears in the preceding year had been brought to their notice. No substantial reduction in the arrears can be expected unless and until the councillors set an example to the public by paying up their dues punctually. The following remarks by the Collector of Thana apply to many municipalities with large arrears of dues to be collected "The Auditors usually refer to the poor balances of the municipalities and state that in most cases an unsatisfactory financial condition is the result of faulty and perfunctory collection of revenue and dilatoriness in recovery of dues, consequent on late preparation of assessment lists and demand registers". The Municipalities have yet to realise that prompt collection of their dues is one of their primary duties, and any failure on their part in this connection can only be taken as a sign of unfitness for the responsibilities with which they are invested.

24. *Grants for Sanitary and Town Improvement Schemes.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings with adequate play grounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be the pressing and general needs of the Municipalities, most of which suffer for want of funds. Government have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important desiderata by granting loans and liberal grants-in-aid from time to time. The principal grants made during the year were :—

	Rs.
Grant-in-aid to the Kapadvanj Municipality towards its water supply scheme	1,00,000
Grant-in-aid to the Ahmednagar Municipality for its water supply and drainage schemes	2,00,000
Grant-in-aid to the Poona City Municipality for the Poona Drainage Improvement Scheme	2,65,000
Grant-in-aid to the Sholapur Municipality for the improvement of its drainage scheme	7,200

In view of the rapid increase in the number of sanitary works which are being undertaken, the higher standard of cost and of their own straitened financial position, which has unfortunately been intensified by the recent floods in Gujarat, it is patent that Government cannot hope in the near future to give grants for sanitary improvements on such a liberal scale as they have hitherto endeavoured to give them. So far as funds permit, efforts will be made to assist the smaller Municipalities, the resources of which are limited, and, where works are carried out through the agency of the Public Works Department, to give grants to cover the percentage charges for establishment, tools and plant. The larger Municipalities will have to rely on their own resources to finance such improvements. It is gratifying to note that several of them are already raising the funds required for their water-supply and drainage works in the open market, and are able to obtain them at a very reasonable rate of interest, which testifies to the soundness of their finances.

PART II.—REMARKS REGARDING THE PRINCIPAL MUNICIPALITIES.

25. *Ahmedabad*.—On the whole the record of the Municipal administration showed steady progress in almost every branch. Arrears at the end of the year under report are nearly one-third less than they were in the preceding year. Good progress has been made during the year in the task of providing for the chief needs of the City. The Municipal income has nearly trebled itself in the last ten years.

Surat.—The record of the administration of the Surat Municipality on the whole is satisfactory. The Municipal revenue from taxes, rates and fees rose from Rs. 7,45,473 to Rs. 8,97,639. The increase was mainly due to recovery of arrears which dropped from Rs. 3,69,827 to Rs. 3,03,371. In the opinion of Government stringent and well-organised measures should be adopted for the recovery of arrears which are still heavy. Government entirely associate themselves with the Commissioner in the expression of regret at the absence of harmony in the relations between the Municipality and its School Board which, as observed by him, is bound to be detrimental to the best interests of primary education. They concur with the Commissioner in his remarks regarding the need for improvements in the City's water-supply, and construction of an underground drainage system. A City of the wealth and size of Surat possesses sufficient credit to enable it to raise the money required for these works at reasonable rates of interest, if the Municipality decides to undertake them and takes proper steps to strengthen its financial position.

Poona.—The year under report was one of progress in the administration of the Municipality as a whole. The most noteworthy event of the year was the constitution of a School Board. The Commissioner, Central Division, considers the adoption of a building programme for primary schools in the Municipal area as a matter requiring early attention.

Government note with regret the death of Rao Bahadur L. J. Apte, the late President, who displayed a keen interest in the Municipal administration.

Karachi.—The absence of real improvement in the collection of taxes is a disquieting feature of the report. It is particularly regrettable to find that some of the councillors of the Municipality figure as defaulters. The situation calls for the early employment of remedial measures. Government concur in the observation made by the Commissioner in Sind that it is a matter of importance that the Municipality should watch the expenditure carefully. While it is satisfactory to learn that the Municipal situation in Karachi compares favourably with that of other efficiently administered cities in India, it is evident from the report of the Commissioner that a higher standard is still attainable and Government hope that possibilities in this direction will be zealously investigated and that future reports will establish that some measure of success has been achieved.

Hyderabad.—Government observe with satisfaction the good management by the Municipality which has resulted in placing the municipal finances on a satisfactory footing. They note with approval the increasing interest taken by the electorate, especially Muhammadans, in municipal matters and the satisfactory attendance of members at municipal meetings. It is hoped that the Municipality will consider the desirability of imposing special cesses such as a drainage cess and an education cess. They will also consider the benefits likely to be obtained by an increased expenditure on arboriculture,

The continued high mortality, particularly among children, during the period under report, calls for early remedial measures. The opening of a tuberculosis dispensary is a step in the right direction. Government hope that the Municipality will put forth every possible effort to check the increase in the number of deaths. The principal problem before the Municipality is the opening out of new areas to remove congestion and provide for the expansion of the City.

PART III.—GENERAL REMARKS.

26. The increased expenditure on such important matters as conservancy, roads, water supply and drainage is a gratifying testimony to the efforts which are being made by the Municipal bodies to introduce improvements and maintain a high standard of efficiency in their administration. It is still more satisfactory to find that there is a growing tendency among these Local bodies to rely on their own credit in raising funds in the open market required for sanitary improvements such as drainage and water works, and to undertake them without relying on any grant-in-aid from Government. The opportunities thus given to the citizens of the Municipalities to invest money in their own local loans not only provide a useful and lucrative form of investment, but also must awaken a keener interest in Municipal affairs, when it is realized that the value of the investments must rise and fall with the Municipal credit which must depend on the efficiency of the administration. At the same time the list of Municipal wants, which appears to grow larger each year, shows that the Municipal Bodies are still a long way from satisfying the demands of their citizens. It is in fact clear that the demand for modern amenities on the part of the public has outrun the resources both of the Local bodies and of the Provincial Government who can no longer give grants for sanitary improvements on the scale on which they were formerly given. It is illogical for the taxpayer to clamour for more amenities, and to clamour still louder when he is asked to pay an additional anna or two by way of taxation in order to meet the cost of them. This attitude shows that there is still a lamentable absence of any real civic sense among the bulk of the people including the members of the Municipal Councils who are unwilling to face the unpopularity which inevitably attends all schemes for reforms which involve an increase in taxation.

The absence of any real civic conscience among the bulk of the inhabitants of the Municipal towns is further evidenced by the heavy arrears of municipal dues which were left outstanding at the close of the year, and still more by the fact that some of the worst offenders in this connection are Municipal Councillors themselves. In fact the number of Municipal Councillors in arrears of municipal dues has shown a steady increase during the past three or four years. In the opinion of Government the conduct of these gentlemen in refusing to pay their dues promptly is disgraceful. It is impossible to expect the ordinary citizens to pay their dues promptly when such a bad example is set to them by their own elected Councillors. In order to bring such offenders to book, Government desire that in future the Collectors should report to the Commissioners the names of the Municipal Councillors of the various municipalities who were in arrears in payment of their municipal dues at the close of the financial year under report, giving the amounts due and the dates from which they have been outstanding. The Commissioners should send a consolidated list for their Divisions to Government giving the names of the municipalities and the defaulters, the amounts due and dates from which they are outstanding. These details will then be published in a Press Note by Government with their remarks. It is hoped that the fear of publicity may have the desired effect on gentlemen who do not hesitate to increase their local influence as Municipal Councillors to their own advantage.

27. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and to the officers and Departments concerned.

By order of the Government of Bombay
(Transferred Departments),

C. W. A. TURNER,
Secretary to Government.

**Appendix to Government Resolution, General Department, no. P.-55,
dated the 3rd October 1927.**

THE PROGRESS OF MUHAMMADAN EDUCATION.

Northern Division.—The total number of Muhammadan pupils in Municipal schools at Ahmedabad was 3,453 (2,594 boys and 859 girls) as against 3,184 in the previous year showing an increase of 269 pupils. Dholka, Viramgam, Prantij, Modasa, Dhandhuka and Ranpur Municipalities maintain one Urdu school each while at Sanand and Gogho Muhammadan students, being small in number, attend Municipal schools. At Prantij and Dhandhuka girls' classes are attached to the Urdu schools for boys. Viramgam also maintains an Arabic knowing teacher while Modasa makes an annual grant-in-aid to three Urdu-Arabic schools.

In the Kaira District, each Municipality except Dakor has at least one Urdu school and Umreth in addition continued to maintain a separate Urdu school for girls as in the preceding year. At Godhra there were 4 Urdu schools, *i.e.*, 3 for boys and 1 for girls. The Municipality spent Rs. 9,228 as against Rs. 5,784 in the previous year on Muhammadan education. Scholarships are given in infant classes by way of encouragement. At Dohad the number of Urdu schools remained the same, *viz.*, 2, 1 for boys and 1 for girls.

In the Broach and Surat districts no marked progress was noticeable. However the Collector of Broach remarks "that it appears from the attendance prizes which the School Board at Broach have given during the year under report that the Broach City Municipality is doing something in the direction of promoting the progress of Muhammadan education." The attendance in the Municipal Urdu schools is reported to be disappointing at Thana because of the existence of another indigenous school which attracts a good number of pupils of both sexes as religious education is given there along with secular instructions. Kalyan, Bassein and Bhiwandi transferred the control of all their primary (vernacular as well as Urdu) schools to the School Board of the Thana District Local Board.

Bombay Suburban Division.—The control of primary education in all the Municipal areas except Bandra was transferred to the School Board of the Bombay Suburban District Local Board. Bandra maintains 2 Urdu schools for boys and 2 for girls. The average attendance of boys fell from 93 to 56 while that for girls from 51 to 24, which shows lack of interest taken by the community in education of their children.

Central Division.—Muhammadan education has progressed materially in the Ahmednagar Municipality and to a less extent in the Sangamner and Vambori Municipalities. The control of primary education in the Ahmednagar and Sangamner Municipalities was transferred to the Local Authorities from 1st March 1925 and 1st September 1925, respectively.

The control of primary education in all the municipalities in the East Khandesh District except at Jalgaon and Amalner was transferred to the District Local Board from 1st July 1925. The Municipalities of Jalgaon and Amalner were declared Local Authorities. Both these Municipalities maintain Urdu schools for boys and girls. The number of Urdu schools in the West Khandesh district is the same (*viz.* 15) as last year. The Dhulia Municipality has been declared a Local Authority. There are 7 Urdu schools—3 for boys and 4 for girls—at Dhulia and there is a steady increase in the number of pupils. The state of the Urdu schools at Shirpur appears to have improved during the year. There is a steady increase in the number of pupils at Nandurbar, Shahada and Taloda. The general state of the Urdu schools at Sindkheda and Betawad was satisfactory.

The Primary Urdu schools at Yeola, Sinnar, Igatpuri, Trimbak, Nandgaon and Bhagur in the Nasik District were transferred to the District Local Board. The Urdu schools at Nasik are doing good work. An English class up to the 3rd standard has been attached to the Urdu Boys' School at Nasik. The Yeola Municipality has also appointed an independent teacher to teach English to the boys in the higher classes in the Urdu school. The illiteracy of the Momin weavers at Malegaon is mainly responsible for the poor number of children attending the Municipality's Urdu schools, still the year under review shows an increase in the number on the rolls and in the attendance.

During the year the Poona City Municipality maintained 13 Urdu schools, 6 for boys, 5 for girls and 2 night schools. The number of boys in the schools increased but of girls diminished. The element of trained hands in the Urdu school was increased while the policy of appointing female teachers in Urdu girls' schools was continued during the year. The Junnar Municipality maintains two Urdu schools, one for boys and one for girls. There is a decrease in the number of pupils for which the poverty of the Muhammadan population is responsible, the boys being required to earn their livelihood by manual labour. The President remarks that satisfactory progress at Junnar cannot be expected unless education is made compulsory. The Purdah system again impedes the progress of education of Muhammadan girls. The Baramati Municipality continues to maintain an Urdu school up to standard VI. At Lonavla owing to the rise in attendance of Muhammadan boys, the Municipality have developed the Urdu class into an Urdu school. A class for girls has been opened and a lady teacher has been appointed. As many children attend private schools, there was no improvement in attendance in the Poona Suburban Municipality's Urdu class. The Sirur Municipality has an Urdu class attached to their Vernacular school; besides it pays a grant of Rs. 50 to the Private Urdu Girls' school and has remitted all municipal taxes on the school building.

In the Satara District the control of primary schools has been transferred to the District Local Board in all the Municipalities except the Satara City Municipality which maintains separate Urdu schools as before.

The number of Urdu schools in the Sholapur and Karmala Municipalities increased by one each during the year. At Sangola there is no separate Urdu school. Thirty-two Muhammadan boys attend the Municipality's vernacular school. Several scholarships are given in the Urdu schools at Sholapur while the Sangola Municipality awards 7 free studentships to Muhammadan boys.

Southern Division.—The number of Urdu schools remained unaltered. The attendance in the girls' schools in the Belgaum District declined from 409 to 326. There was an increase of 205 in the attendance in the schools in the Bijapur District which is attributed to non-attendance of students last year on account of plague. The attendance in Dharwar District was generally good. Free instruction was given in Dharwar, Hubli and Ranebennur. The Anjuman-i-Islam of Hubli maintained a night school and a library. The Urdu class opened by some local enthusiasts at Matheran last year was closed and it is expected that the Muhammadan boys will now attend the municipal school. The Collector of Kolaba remarks that the progress of Muhammadan education in the district is on the whole very slow as the people take little interest in it. In Chiplun, which maintains no separate schools for Muhammadans, 86 of 820 students were Muhammadans. A new class for Urdu instruction was opened at Vengurla during the year. The attendance at the end of the year was 41 and the class is reported to be flourishing. There was no change of importance in Kanara.

Sind.—During the year under report in the Karachi Municipality, 2,111 Muhammadan boys and 1,330 Muhammadan girls received instruction in Municipal primary schools at a cost of Rs. 1,11,010 as against 1,803 boys and 1,106 girls at a cost of Rs. 1,02,267 last year. One new school for boys was opened there. The Municipality also paid grants-in-aid amounting to Rs. 7,684 to 12 private Muhammadan boys' schools and 5 girls' schools as against Rs. 21,915 in the previous year. At Tatta the number of Muhammadan students in the English and vernacular schools was 39 and 150, respectively, as against 34 and 150 in the previous year. At Keti Bunder the number was 37 as against 39 in the preceding year. Kotri Municipality maintains two schools at Nango Lane and Khanpur which are attended mostly by Muhammadan boys. Muhammadans also form 38 per cent. of the pupils on the rolls of the main vernacular school at Kotri. This Municipality has also two girls' schools at Nango Lane village and in Kotri town. The former receives Muhammadan girls only and the latter Muhammadans and Hindus. At Manjhand the Muhammadan population is one-third of the total; the proportion of Muhammadan students to the total number of boys is 20 per cent. No fees are charged to any of the Muhammadan students. In the district of Hyderabad the number of Muhammadan boys and girls attending the Municipal schools in Hyderabad was 881 and 129, respectively, out of a total number of 2,559 boys and 680 girls attending them. The small number of Muhammadan students receiving education in

the municipal schools of the Municipalities of Hala, Tando Allahyar, Nasarpur, Matiari and Tando Mahomed Khan is due in part to the existence of Mulla schools in those areas. In the Sukkur District the number of Muhammadan pupils in primary and secondary schools is on the whole increasing. At Larkana the Municipality had in all 5 schools with 828 pupils, out of whom 180 were Muhammadans. It as usual contributed a sum of Rs. 300 to the Madressah for Muhammadan students. One Dini Madressah was opened during the year under report and it received a grant of Rs. 75 per annum from the Municipality. At Kambar, where the control of primary education was transferred to the District Local Board School Board, there was an increase of 16 boys and 7 girls in the boys' school and the girls' school, respectively. In the Ratodero Municipality the number of Muhammadan students increased by 5, 8 and 3, respectively, in the Anglo-Vernacular school and the vernacular school for boys and girls. In the Sehwan Municipality there were 49 Muhammadan students on the roll in the vernacular school as against 33 in the preceding year. The number of students exempted from payment of fees rose from 17 to 33. The number of Muhammadan students in the Anglo-Vernacular school rose from 13 to 15 and 5 students received free education. In the Bubak Municipality the number of Muhammadan students rose from 56 to 62, out of whom 25 were exempted from the payment of fees. In the Nawabshah District the number of Muhammadan boys attending the Municipal schools at Tando Adam and Shahdadpur was 29 and 32, respectively. There is one Mulla school at Tando Adam in which there are 35 boys and 12 girls. The school receives a grant of Rs. 100 from the Municipality. The Mulla school at Shahdadpur has been closed. The attendance of Muhammadans at the Madressah at Mirpurkhas, which is a Government High school, is increasing, the present number being 100. The school was started with six standards. Government have recently accorded sanction to the opening of the seventh standard. In the Upper Sind Frontier District every effort is being made to encourage Muhammadan education. The result is that the percentage of Muhammadan students on the rolls was 58 against 56 in the preceding year.

* The difference in the figures of the last year's closing balance is due to March final Adjustments.

† The amount of Rs. 91,000 includes the income (1) from the Terminal Tax on imported articles, viz., Rs. 50,425 and (2) income from the tax on the export coffee sales, viz., Rs. 40,575.

The difference of Rupee one in the opening balance over last year is due to elimination of pica.

* In the case of Karad Municipality closing balance was shown to be Rs. 5,775 and that of Malcolmpeth Municipality was shown to be Rs. 24,863 in the last year's report; but these figures have now been corrected to Rs. 2,226 and 25,272 respectively owing to March final adjustment.

* The cost of the whole of the Engineering Establishment not entertained exclusively for a particular Department or work should be shown.

† Cost of buildings erected or stores used for special works, e.g., for water works, should be charged to those works; cost of such buildings or stores only will be shown here as it cannot properly be shown under any of the other heads.

‡ Contributions should be classified according to the object for which they are made, e.g., for schools under Public Instruction, &c. Contribution not made for any particular purpose or for a purpose for which no separate head is provided should be charged under this head.

* Besides this a sum of Rs. 23,760 was recovered as Terminal Tax on articles exported from the Nagar Railway Station and the incidence has been arrived at on total receipts.

† Besides this a sum of Rs. 2,634 has been recovered on articles exported from the Yambori Railway Station the total receipts amount to Rs. 4,618 and the incidence in Column 63 has been worked out on that figure.

‡ The incidence of taxation is worked out on including export, terminal tax on cotton bales.

§ The incidence of taxation excluding export, terminal tax on cotton bales is Rs. 1-11-4.

¶ There is a difference of Rs. 3 between the total of all the classes and that shown in column 6 of form II in the case of P. C. M. owing to the elimination of pie
