The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of Municipalities in the Bombay Presidency during the year 1902-1903.

RESOLUTION.—During the year 1902-1903 the number of Municipalities in working order (165) remained unchanged. Of the total number, 14 are City Municipalities and the rest Town Municipalities.

2. The adoption of the final figures of the census of 1901 has resulted in a small increase in Municipal population. Except at Sháháda in the Khándesh District, there were no changes in the boundaries of Municipalities.

3. During the year the constitution of several Municipalities was altered, so as to bring it into conformity with the proviso to Section 10 of Act III of 1901. Triennial elections took place only at Bhatkal and Honávar in Kánara, where the polls were fairly attended.

4. There was no change of principle in the system of Municipal taxation, the main items of revenue being as usual octroi and the tax on houses and lands. In several Municipalities the octroi schedules were revised mainly with a view to reducing the rates to the standards prescribed by the Government of India in 1899. New taxes sanctioned during the year included octroi duties at Uran, a small property tax at Gogha, which has not yet been levied, a conservancy cess at Dhulia and Málegaon, a general water-tax at Dhulia and Sátára and a toll-tax at Ránebhennur. The rates of house-tax were revised at Bándra, Taloda, Nandurbár, Karád, Ratnágiri, Ilkal and Panvel, in the last of which a revised water-tax was also levied. The Poona Suburban Municipality remitted the increase of one per cent. in the rate of house-tax sanctioned by Government in January 1899 to meet special expenditure on plague. At Kalyán new conservancy cess rules were adopted and at Bándra the halálkhor cess was increased by 50 per cent. The terminal charges levied by the Karáchi Municipality since 1898 on wheat, cotton, wool, and hides and skins were abolished in July 1902, and in their place the Municipality has been permitted to levy for five years a drawback amounting to 10 per cent. on all refunds made on goods on which octroi has been paid.

5. The total municipal income during the year under review was Rs. 67,16,475 as compared with Rs. 67,18,404 in the previous year. Eliminating the receipts under "Extraordinary and Debt", the net revenue amounted to Rs. 59,84,404 against Rs. 62,23,667 in the previous year. The decrease of Rs. 2,39,263 or 3·8 per cent. was shared in by the Central Division and Sind. The following statement shows the totals under the various heads:—

	1902-1903.	1901-1902.	Increase or decrease.
(1) Municipal rates and taxes—			
(a) Octroi	26,75,682	31,34,190	—5,18,508
(b) Tax on houses and lands	6,87,037	6,87,986	—949
(c) Tax on animals and vehicles	1,08,838	1,09,443	—2,605
(d) Tax on professions and trades	15,499	10,104	+5,395
(e) Tolls on roads and ferries	2,28,326	2,19,712	+8,614
(f) Water-rate	4,54,002	4,14,237	+39,765
(g) Lighting rate	292	157	+135
(h) Conservancy (including scavenging and latrine rates)	3,15,278	2,97,343	+17,935
(i) Others	99,512	97,712	+1,800
(2) Realizations under special Acts	26,089	30,157	—4,068
(3) Revenue derived from Municipal property and powers apart from taxation	7,11,308	6,83,197	+28,109
(4) Grants and contributions for general and special purposes	5,82,096	3,94,094	+1,68,002
(5) Miscellaneous	1,32,447	1,45,338	+17,111
(6) Extraordinary and Debt	7,32,071	4,94,737	+2,37,334
Total	67,16,475	67,18,404	—1,929

6. The total income from Municipal rates and taxes (Rs. 45,22,466) showed a decrease of Rs. 4,43,417, which was due principally to smaller realizations under octroi in Sind, where they fell by more than Rs. 5,10,000. The decrease occurred mainly in the Karachi Municipality, where in the previous year a very large business was done in grains, chiefly exports to Bombay, Kathiawar and Cutch, stimulated by famine, while sugar was sent in large quantities to the Punjab. Plague and cholera also were responsible for a decrease in smaller Municipalities in Sind. In the Presidency proper the gross income from octroi in the Northern and Southern Divisions increased respectively by Rs. 3,335 and Rs. 14,000 but in the Central Division there was a decrease of Rs. 25,628, which was shared in by all districts except Nasik and Satara, and was due to the general depression of trade caused by the plague. In the Northern Division there were no variations of importance. In the Southern Division the increase is found in the Hubli, Gadag-Bettigeri and Bijapur Municipalities due partly to fluctuation in trade and partly to effective supervision. A decrease of 25 per cent. in the receipts of the Bagalkot Municipality has not been explained.

7. The receipts from the tax on houses and lands showed a decrease in all Divisions in the Presidency proper. The higher figure in Sind was due to the fact that the collections in Karachi were for the first time made for the financial year instead of the calendar year, so that practically 15 months' taxes were collected and credited during 1902-03. In the Northern Division the fluctuations were in no case large. Disputes following a revision of the rates were responsible for the decline at Ahmedabad. Evacuation of houses owing to plague rendered collections difficult at two towns in the Northern Division and throughout the Central Division. In the Southern Division the decrease (Rs. 6,798) was more apparent than real in three districts. In the Bijapur District it was due to plague. At Hubli the smaller receipts are attributed to revision of the assessment, and at Rajapur nearly two-thirds of the collection was in arrears.

8. The receipts from the tax on animals and vehicles decreased in the Northern and Southern Divisions and in Sind, but increased by Rs. 8,324 in the Central Division, owing to the recovery of arrears of past years in the Poona, Satara and Sholapur Districts.

9. The comparatively small revenue from the tax on professions and trades showed an increase of Rs. 5,395, which occurred mainly in the Central Division and is due to the transfer to this head of realizations on account of factory and cotton manufacturing taxes.

10. The income from tolls increased in the Northern and Southern Divisions, but in the Central Division it showed a decrease of Rs. 5,348, which was principally due to smaller realizations at Barsi owing to the prevalence of plague during harvest time. At Ahmedabad the income rose by Rs. 9,500 owing to the levy for the first time of the amended toll-tax sanctioned by Government in 1901.

11. The increase of nearly Rs. 40,000 on account of water-rate was participated in by all Divisions except the Southern, where the income decreased from Rs. 20,380 to Rs. 18,200, almost wholly owing to a revision of the cess at Hubli. The net increase of nearly Rs. 6,000 in the Northern Division occurred chiefly in the Ahmedabad, Rander and Surat Municipalities. In the Central Division the rise of Rs. 8,346 under this head occurred mainly in the Khandesh, Poona and Satara Districts and was due to the introduction of a general water cess by the Municipalities of Dhulia and Satara City and to the large number of house connections allowed by the Poona City Municipality. The increase in Sind is shared in by the Karachi and Hyderabad Municipalities. In the latter it is ascribed to recoveries of arrears and to the laying of a new water service in the town, and in the former the receipts cover a period of 15 months.

12. Conservancy cess yielded a revenue of Rs. 3,15,278, which was nearly Rs. 18,000 in excess of the income during the previous year. The increase is due partly to the introduction of a general conservancy tax at Dhulia and the recovery of arrears in the Poona District and at Belgaum and partly to the change at Karachi in the period of collection.

13. The income from other taxes showed a net increase of nearly Rs. 2,000. The receipts from a capitation tax levied on pilgrims rose by Rs. 3,784 in the Central Division and by nearly Rs. 3,000 in the Southern Division on account of larger attendance at fairs. The diminution of revenue of nearly Rs. 2,000 under Trade and Registration fees in Poona is not explained.

14. The decrease of Rs. 4,000 from realizations under special Acts is merely nominal and is principally due to the transfer of receipts on account of factory and cotton manufacturing taxes in the Central Division to the head "taxes on professions and trades," as stated above.

15. The revenue derived from Municipal property and powers apart from taxation increased from Rs. 6,83,196 to Rs. 7,11,306. The increase occurred in all Divisions. In Sind the revenue under "Rents of land" improved by over Rs. 6,000, owing to the extended use of the bonded warehouse and the bonding of snuff for the first time at Sukkur, and to the increase of rent of grain godowns at Larkhāna. The total receipts from the sale-proceeds of land rose from Rs. 76,535 to Rs. 87,837. In the Northern Division there was a small decrease, and in the Southern Division the increase of Rs. 6,600 was mainly due to the sale of plots at Bijapur. In Sind the receipts increased by Rs. 10,000, owing to the recovery by the Hyderabad Municipality of arrears uncollected during the previous year on account of plague, and to the sale of certain plots and buildings by the Larkhāna Municipality. Conservancy receipts in the Central Division showed a rise of nearly Rs. 10,000, mainly due to increased demand for night-soil as manure in the Khāndesh and Sholapur Districts. Fees and revenue from Educational Institutions showed a falling off in the Presidency proper, in the Central Division the temporary closing of schools on account of plague being responsible for a decrease of over Rs. 3,000; in Sind there was an increase of nearly Rs. 4,000, which occurred almost wholly in the Sukkur District, and was due partly to larger attendance and partly to the sale of a school-house at Ghotki. In Sind there was an increase of Rs. 4,000 in fees and revenue from markets, as the Karāchi Municipality obtained more favourable rates for the slaughter-yard contract and market stalls and the Hyderabad Municipality realized the revenue which could not be collected in the previous year owing to plague. As regards other fees, the only noticeable fluctuation is a decrease of Rs. 6,757 under Bundar fees on account of slackness of trade at Sukkur. The realizations from fines under the Municipal Act increased in the Northern Division by nearly Rs. 2,000, the increase occurring entirely in the Ahmedabad Municipality, but fell off in the other Divisions. Interest on investments shows an increase of nearly Rs. 5,000, the bulk of which occurred in the Northern Division and was due chiefly to the interest on a deposit made in the Bank of Bombay by the Surat Municipality.

16. Grants and contributions for general and special purposes increased from Rs. 3,94,094 to Rs. 5,62,096. Most of this is found in Sind, where a special grant of Rs. 1,67,000 was made by Government to the Karāchi Municipality towards past plague expenditure. Grants paid by Government in the Northern Division for educational purposes appear to be greater by nearly Rs. 12,000. In the Ahmedabad Municipality there was no real increase, as a similar grant was in the previous year erroneously shown under grants for general purposes; in the Mahudha Municipality a special grant of Rs. 6,914 was received towards building a school. The decrease of Rs. 20,000 in the Central Division and of nearly Rs. 10,000 in the Southern Division was due to special grants made in the previous year for medical purposes. As regards grants from Local Funds, there was an increase in the Northern Division of over Rs. 4,000 in the grant for educational purposes in the Ahmedabad, Surat and Thāna Districts and a net increase of over Rs. 7,000 in grants from other sources for general purposes due chiefly to the contribution received by the Bhiwandi Municipality from the late Mr. Baker Sahab Faki for raising the bund of the Varula tank. In the Central Division the increase of Rs. 6,244 in the contributions for general purposes is ascribed partly to the contribution by the Poona District Local Board to the Indapur Municipality for removal of silt in the Bhargaoram Tank, and partly to the payment by the Sātara District Local Board of arrears of contribution for the past three years.

17. Under "Miscellaneous" the amount of recoveries on account of "services rendered to private individuals" fell from Rs. 76,365 to Rs. 20,658,

but that under "Other items" rose from Rs. 68,971 to Rs. 1,41,749, so that the net increase under this head amounted to Rs. 17,110 only. Taking these items according to Divisions, it appears that in the Northern Division recoveries for services rendered fell from Rs. 55,584 to Rs. 3,481 owing mainly to the inclusion in the previous year under this head instead of the head "other items" of receipts on account of water-supply at Kurla and Bándra. These receipts apparently ought to be shewn under the head "Water-rate." Under "other items" also in the previous year a refund of Rs. 13,000 was credited to the Surat Municipality.

In the Central Division the increase of Rs. 4,413 was shared in by all districts except Khándesh and Ahmednagar, where there was a large falling off attributable mainly to the fact that large house connection works were carried out during the previous year, while no such works were undertaken in the year under review. In Násik the increase of Rs. 7,072 is nominal, as the amount was credited to Government but subsequently withdrawn to adjust loan accounts. In Poona the increase was due to the lapse to the Poona City Municipality of amounts held in deposit by that body for more than three years and in Sátára to the sale by the Sátára City Municipality of aloe plantations along the Kas Canal. In Sholápur the increase is ascribed partly to the collection of fees for keeping private water-pipes open on ceremonial occasions and partly to the refund to the Pandharpur Municipality of the unexpended balance of the sum deposited with the Executive Engineer for expenses in connection with the Bhíma Bridge project.

In the Southern Division the total receipts fell nominally by over Rs. 2,000 mainly at Bijápur, where a grant was received from Government in aid of charity to weavers in the preceding year.

In Sind the increase of nearly Rs. 24,000 was due to the recovery by the Karáchi Municipality of old lime-washing and disinfecting bills, the issue by the same Municipality of a larger number of notices of demand and the levy of warrant fees.

18. Of the total income Rs. 45,22,466 were realized from Municipal rates and taxes against Rs. 49,70,883 during the previous year, indirect taxation yielding Rs. 26,15,682 or about 57·8 per cent. and direct taxation Rs. 19,06,784 or 42·1 per cent., as compared with 63·2 and 36·8, respectively, in the preceding year.

19. The incidence of taxation per head of population has risen from Rs. 1-8-10 to Rs. 1-14-5, and the incidence of income from Rs. 2-4-7 to Rs. 2-13-2. Karáchi again has the highest rate of taxation (Rs. 5-9-0) and Ashta the lowest (Rs. 0-2-4).

20. The gross collections of octroi duty amounted to Rs. 26,15,682 as compared with Rs. 31,34,190 in the previous year, while the net receipts amounted to Rs. 15,76,242 as compared with Rs. 17,32,700 in the preceding year. Statement No. IV appended to this Resolution shows under what classes the standards

Grain—Jalgaon, Násik, Bársi, Karmála, Bijápur, Tando Alahyar, Garhi Yásin and Rato-dero.

Sugar—Bárámáti, Vengurla, Mírpur Khás, Lárkhána and Rato-dero.

Oil of sorts—Jalgaon, Bárámáti, Indápur, Bársi, Athni, Byndgi, Chiplun, Mahád and Bubak.

Drugs, Gums and Spices—Jalgaon, Sholápur, Bársi, Hubli, Navalgund, Vengurla, Tando Mahomedkhán, Sukkar and Rato-dero.

Tobacco—Nipáui, Kambar and Bubak.

Cluth—Karád, Tando Mahomedkhán, Tando Adam, Hala, Tando Alahyar, Lárkhána, Kambar, Mírpur Khás, Rato-dero and Jacobabad.

Metals—Sholápur and Hubli.

of consumption prescribed by Government were exceeded. It is observed that the Municipalities in the Northern Division were free from excesses under every class of commodities. In the other Divisions, however, there are many cases of apparent over-taxation, and the most notable of these have been specified in the margin. The tenor of the explanations furnished in a majority of cases

lends support to the theory that the system of refunds is defective or that the article is unsuitable for octroi taxation. Revised rules for the levy and refund of octroi are still under preparation.

21. The total expenditure of Municipalities in this Presidency amounted to Rs. 66,49,308 against Rs. 61,45,790 in the previous year. Deducting "Extra-

ordinary and Debt," the expenditure under the other heads amounted to Rs. 57,27,364, exceeding the previous year's figure (16,98,923) by Rs. 24,441. The fluctuation in the various heads of expenditure will be seen from the statement given below:—

	1902-1903.	1901-1902.	Increase or decrease.
	Rs.	Rs.	Rs.
General administration and collection charges ...	15,88,306	19,50,035	—3,61,729
Public safety ...	7,31,722	2,82,824	—1,102
Public health and convenience ...	27,00,005	24,21,242	+3,15,363
Public instruction ...	7,45,002	7,17,451	+28,153
Contributions ...	35,000	45,464	—10,158
Miscellaneous ...	8,89,822	3,31,906	+57,916
Extraordinary and Debt ...	9,21,944	7,46,868	+1,75,076
	66,49,309	64,45,790	+2,03,519
Closing balance ...	14,78,595	14,05,304	+71,201
Total ...	81,25,904	78,51,184	+2,74,720

22. The charges on account of General Administration and collection decreased from Rs. 19,50,035 to Rs. 15,88,306, the decrease being shared in by all Divisions except the Southern, where there was a slight increase. In the Northern Division there was a decrease at Ahmedabad of over Rs. 6,000 due to the Secretary's post having remained vacant for some months and to the reduction in the Magistrate's establishment, but this was counterbalanced by an increase of over Rs. 4,000 due to the maintenance of the toll establishment throughout the year and the construction of Nākas. In the Central Division the reduction of nearly Rs. 16,000 was mainly owing to less refunds paid in Poona City. In the same Municipality the office of Special First Class Magistrate was abolished. Reductions in establishments were effected by the Municipalities of Bhingar and Nāsik. The slight increase in the Southern Division is due to larger refunds of octroi and the payment of arrears claims by the Bāgalkot Municipality. In the Dhārwār District the noticeable decrease of more than Rs. 4,000 was chiefly ascribed to the non-disposal of refund applications by the Hubli Municipality owing to want of funds. This is receiving attention. Sind is responsible for the large decrease of Rs. 8,43,475 mainly under refunds, corresponding to the diminution of imports and exports at Karāchi. The Hyderabad, Umarnkot and Jacobabad Municipalities are together responsible for Rs. 22,000 owing to the reduction of gross income in octroi. The increase of over Rs. 2,000 in refunds at Sukkur is due to large refunds paid on account of snuff brought from the town to the warehouse, and the increase of over Rs. 2,300 under pensions and gratuities at Shikārpur is due to a gratuity paid to the widow of the Municipal Secretary.

23. The expenditure under public safety decreased by nearly Rs. 4,000 in the Northern Division. In Sind there was an increase over Rs. 3,000 owing to the purchase of a fire engine by the Hyderabad Municipality. In the other Divisions the fluctuations are immaterial and call for no remarks.

24. The total outlay on account of Public Health and convenience shows an increase of Rs. 3,15,363, in which all, except the Southern Division, participate. This sum is made up of an increase of Rs. 1,43,409 spent on drainage, Rs. 31,529 on conservancy, Rs. 43,510 on buildings and Rs. 1,21,765 on roads, and of a decrease of Rs. 18,540 on plague charges and Rs. 21,778 on water-supply besides minor items.

25. *Water-supply.*—In the Northern Division there was a net increase of nearly Rs. 14,000, contributed mainly by Ahmedabad and Surat, in the former owing to the employment of a competent Engineer on the head-works and repairs to engines, and in the latter to the entertainment of establishment to look after the city distribution service and to the outlay incurred in improving the service. In the Central Division there was an increase of Rs. 3,108 due partly to the

removal of silt from tanks and the deepening of wells in the districts of Poona and Sátára, and partly to expenditure on better water pipes by the Karád Municipality. In the Southern Division all districts, except Bijápúr and Kánara, share in the decrease. In Sind the decrease under "Water-supply—capital outlay" occurred at Karáchi, where heavy expenditure was incurred in the previous year. The increase under this head at Sukkur was due to the construction of a small service tank in the town.

26. *Drainage.*—The increase is almost entirely on capital outlay incurred on the extension of drainage. At Ahmedabad this amounted to Rs. 1,26,885 and at Poona to Rs. 23,060 in connection with the Manjri experimental farm. A decrease in Sind under capital outlay incurred in the previous year is found in the Hyderabad, Suákur and Shikárpúr Municipalities.

27. In the Northern Division the expenditure on conservancy and latrines decreased in all districts except Ahmedabad, where more sweepers and carts were employed for removing rubbish and sullage water. In the Central Division the increase of Rs. 14,716 is shared in by all districts except Násik. The appointment of the Assistant Civil Surgeon at Poona as Consulting Health Officer to the City Municipality is specially noticed. In Sind the bulk of the increase under conservancy (Rs. 13,930) occurred in Hyderabad and is attributed to expenditure on the suppression and prevention of plague and cholera. The decrease of over Rs. 4,000 in the Thar and Párkar District is due to the fact that in the previous year more than Rs. 5,000 were spent on the filling in of a tank.

28. Owing to a transfer of Rs. 10,000 in the Central Division from Hospitals to Plague charges partly counterbalanced by other variations, the nominal outlay on Hospitals and Dispensaries fell from Rs. 2,73,050 to Rs. 2,68,304. In Sind there was an increase of over Rs. 5,000 due to the opening of a charitable dispensary at Hyderabad, the construction and repair of buildings connected with the dispensaries at Tando Adam, Tando Mahomedkhán and Lárkhána and the payment of increased charges for medicines in the last named Municipality.

29. The expenditure on markets and slaughter-houses shows a net decrease of nearly Rs. 9,000 shared mainly by Sind and the Central Division. In the Central Division the decrease amounted to Rs. 6,503 and is attributed to the absence of charges similar to those incurred in the previous year by the Municipalities of Ahmednagar, Dhulia, Nandurbár, Poona City and Barámati. In Sind there was an increase of nearly Rs. 3,000 in the Lárkhána District, about 75 per cent. of which occurred at Kambar and was due to extensive repairs to markets and slaughter-houses. The increase of over Rs. 4,000 under Dak Bungalows is mainly due to the construction of a new bungalow at Kotri, additions and alterations to the bungalows at Shikárpúr and Sukkur and the constructions of a new Musafarkhana at Ghotki.

30. The total expenditure under Public Works, buildings, rose from Rs. 43,379 to Rs. 86,889. In the Northern Division there was a net increase of Rs. 12,110 due to the construction of a new Town Hall at Ankleshvar and a new school building at Bulsár and to repairs to Municipal buildings at Surat. In the Central Division the expenditure rose by Rs. 5,756, owing to the construction of a new Municipal office at Sinnar and the addition by the Malcoimpeth Municipality of two rooms to its school building. In the Southern Division the whole expenditure on this head is small. In Sind the increase of Rs. 24,000 was due to a number of small works undertaken by the Karáchi Municipality, to expenditure incurred by the Hyderabad Municipality on the Holmsted Hall work and to the construction of a bungalow at Sukkur for the Municipal Secretary.

The charges on account of roads show a net increase of nearly Rs. 1,25,000, the greater part of which was spent at Karáchi. In the Northern Division the increases were largest at Ahmedabad and Bándra, where it amounted in the former to Rs. 20,000 and in the latter to Rs. 7,730. In the Central Division the expenditure was stationary. The Southern Division shows a rise of Rs. 6,846, owing to larger amounts laid out by the Hubli, Dhárwár, Gadag-Bettigeri and Belgaum Municipalities. In Sind the Karáchi Municipality spent Rs. 81,000 on extraordinary repairs necessitated by the destructive

cyclone in June 1902, and the Lárkhána Municipality incurred an outlay of Rs. 12,106 on the metalling of roads connected with the new district headquarters.

31. The reduction under stores occurred chiefly in the Central Division, owing to the absence of any charge corresponding to the sum of Rs. 7,700 spent by the Sholápur Municipality in the previous year on the purchase of a steam roller. The decrease in Sind is due to the sum of Rs. 17,137 on account of plague shown last year by the Karáchi Municipality under this head.

32. Charges on account of plague rose by Rs. 23,824 in the Central Division, but fell by Rs. 14,065 in the Southern Division where the epidemic was less virulent, while in Sind the expenditure incurred by the Karáchi Municipality was less than that of the previous year by Rs. 5,829.

33. The charges on account of Public Instruction show an increase of nearly Rs. 28,000. The construction of a vernacular school at Mahudha accounts for Rs. 7,000 of that amount, while Rs. 5,044 represent payment of arrears of salaries of schoolmasters in the Khándesh and Sátára Districts, and of a contribution by the Lonávla Municipality towards a new school-house. The increase of over Rs. 4,000 in the Southern Division was due mainly to repairs to school buildings, purchase of furniture, and salaries of school teachers in all districts, except Ratnágiri and Kolába. Sind is responsible for an increase of Rs. 12,143, which occurred mainly in the Sukkur District and was due to the purchase of furniture at Sukkur, the construction of new school-houses at Ghotki and Garhi Yásin and the entertainment of larger establishment at Rohri. The Lárkhána District showed a decrease of nearly Rs. 5,000, owing to the closing of girls' schools and the absence of expenditure on new works. The rise under contributions in Sind is due to the payment by the Sukkur Municipality of a donation towards the construction of a boarding house for the Shikárpur High School and increases in the contributions by the Shikárpur and Rohri Municipalities towards the Dayaram Jethmal Sind College and other institutions.

34. Contributions for general purposes are everywhere smaller. In the Central Division the decrease amounts to over Rs. 4,000 and in Sind to Rs. 5,000, the latter being due entirely to the reduction in the contribution paid by the Jacobabad Municipality to the Cantonment Committee of their share of octroi and wheel tax.

35. The increase of Rs. 57,916 under "Miscellaneous" is contributed by all Divisions and is due partly to payment of interest on loans and partly to the expenditure incurred by almost all Municipalities in connection with the coronation festivities. The Sholápur Municipality expended Rs. 7,000 on laying a water pipe for the Police Lines.

36. The total expenditure under the head "Extraordinary and Debt" shows a net increase of Rs. 1,75,077 due mainly to the investment of 1½ lakhs by the Ahmedabad Municipality. The increase in the Hyderabad Municipality under investments in securities is due to the opening of a Reserve Fund during the year to which are credited the sale-proceeds of land. Larger payments during the current year by the Karáchi, Hyderabad and Sukkur Municipalities account for the increase under payments to Sinking Funds. In the Northern Division repayment of loans show an increase of over Rs. 13,000, while in the Central Division there was a decrease of Rs. 8,000. An increase of over Rs. 4,000 in the Southern Division is mainly due to the repayment of their due instalments by the Hubli, Dhárwár and Ratnágiri Municipalities, while in Sind an increase of over Rs. 62,000 was due to a large repayment by the Karáchi Municipality.

37. There was an increase of over Rs. 71,000 in the total of closing balances, which increased in the Central Division and Sind, but fell off considerably in the Northern and Southern Divisions. At Ahmedabad the balance decreased from Rs. 2,08,970 to Rs. 1,29,550 owing to the outlay on drainage extension.

38. The net aggregate liabilities of the several Municipalities in the Presidency on account of loans amounted to Rs. 46,97,705, which was distributed in the several divisions as follows:—

			Rs.
Northern Division	20,13,426
Central Division	8,67,125
Southern Division	4,19,656
Sind	14,07,498

39. Here and there small plots of land were sold by Municipalities in all Divisions generally as additions to existing occupancies, the only considerable sales being those of some independent plots by the Hyderabad Municipality for Rs. 11,447. Small strips and plots of land were purchased by various Municipalities for widening roads or other public purposes.

40. The accounts of all Municipalities, except those mentioned in the margin, were audited during the year and no serious discrepancies were discovered. Orders have already been issued to the remaining Municipalities to have their accounts audited at an early date. The accounts at Yankanmardi were not satisfactorily audited and re-examination was ordered.

Guledgud, Bágalkot, Pen
and all in the Kanara District
except Kumta, Sirsi and
Bhatkal.

41. Public works of the usual character are required in some form or other in almost every Municipality. In one or two large towns, Poona for instance, where a constant water-supply has been provided, drainage schemes are urgently required. Many need an improved water-supply. Education and medical relief are generally provided for suitably, if not liberally, but better buildings are called for. In most towns money might properly be spent on requirements of conservancy, sanitation and general utility, if the funds were available.

42. There are few Municipal towns, however, which do not suffer from financial embarrassment at the present time, caused by the prevailing plague epidemic, either in the shape of a heavy debt to be liquidated, or a chronic decline in revenue. These depressing circumstances merit and receive the fullest sympathy, but Municipalities are apt to regard them as excusing inaction rather than as demanding special efforts on their part. The improved financial position of Karachi, where it has been found possible to abolish the special plague taxes, and the administration which is favourably reported on are gratifying. The keen public-spirited interest evinced by councillors in many Municipalities is cordially recognised and Municipal administration generally has been pronounced fairly satisfactory. In some Municipalities private disputes and jealousies stand in the way of improvement and reform. These are fortunately few, though it is observed with regret that the names of one or two important cities are included in this category.

43. Copies of the Resolution should be submitted to the Secretary of State, and the Government of India, and should be forwarded to Commissioners and Collectors and other Officers and Departments as usual.

J. SLADEN,
Acting Secretary to Government.
