GENERAL DEPARTMENT.

Resolution no. 8325.

23

Bombay Castle, 28th November 1918.

Read—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities in the Bombay Presidency for the year 1916-17.

RESOLUTION.

*Number of municipalities and notified areas.*—During the year under review the Ghatkopar-Kirol notified area in the Thana District was converted into a municipality, while the Rajapur Municipality in the Ratnagiri District, which had been under suspension since 1911, was converted into a notified area. The Bhingar Municipality in the Ahmednagar District was also abolished and the demunicipalised area included within the limits of the Ahmednagar Cantonment. The number of municipalities was thus reduced from 156 to 155. The superseded Municipality of Erandol was reconstituted from the 6th September 1917, while the Municipalities of Vambori and Hyderabad continued under suspension. During the year under report, a notified area was constituted at Malsiras, and two local areas comprising lands outside the limits of the Ahmedabad municipal district, one situated within a radius of one mile from the Kankaria railway station and the other lying within a distance of one mile from the Asarwa, Sabarmati and Ellis Bridge railway stations, were also constituted as notified areas, with a view to regulating the construction of buildings. The number of notified areas thus increased from 29 to 32. Of the fourteen notified areas in the Northern Division, eight exist merely for the control of buildings and have therefore no income to spend.

2. *Changes in the population and boundaries.*—There was a small decrease in the total recorded population resident in municipal districts of 1,826. The boundaries of the Municipalities of Raver and Larkana were extended during the year, so as to include certain areas in which ginning and rice-husking factories were located. The limits of the Dhandhuka and Dharwar Municipalities were also extended. Elsewhere the municipal boundaries and figures of population remained unchanged.

3. *Municipal elections.*—Triennial elections in the Northern Division were held in the Municipalities of Surat, Rander, Broach, Jambusar, Prantij, Sanand, Dhandhuka, Bandra, Bassein and Ghatkopar-Kirol. They aroused very little competition, except in Bandra where four out of the eight wards were keenly contested. In the Central Division, triennial elections were held at Kharda, Jalgaon, Parola, Yaval, Amalner, Savda, Chopda, Satara, Wai, Sholapur and Barsi. In Yaval and Satara the elections which were keenly contested resulted in applications to the District Court. In the case of Yaval the suit was withdrawn, while in the case of Satara the District Judge upheld the elections. The triennial term of the Chopda Municipality, which expired on the 31st March 1916, was extended by three months in order to enable that body to hold elections under the revised election rules which provided for the system of voting by secret ballot. In the Southern Division, elections were held in the Municipalities of Belgaum, Gokak, Bagalkot, Guledgud, Ilkal, Alibag, Pen and Mahad. In all these towns the new boards came into office on the 1st October 1916, with the exception of Bagalkot which commenced its fresh term of office from the 1st April 1917. The elections in Belgaum, Gokak, Bagalkot and Guledgud are reported to have aroused considerable local interest. In Sind, triennial elections were held in the Mirpurkhas Municipality, the new board coming into office on the 1st June 1916. The term of office of the Municipalities of Sukkur, Rohri, Kotri and Larkana,

which expired on the 31st March 1917, was extended up to the 31st March 1918 in the case of the first three municipalities and up to the 28th February 1918 in the case of the Larkana Municipality. The triennial period of the Karachi Municipality, which expired on the 30th September 1916, was extended by one year.

4. *Constitution of municipalities.*—In the Northern Division the total number of municipal councillors rose from 504 to 512 in consequence of the establishment of a municipality at Ghatkopar-Kirol with eight members—four elected and four nominated. In the Central Division the total number of councillors was reduced from 814 to 801 owing to the abolition of the Bhingar Municipality and the resignation of the District Deputy Collector, Yeola Sub-Division, from the Yeola Municipality in order to allow the constitution of the municipality to be restored to its original number of 18 councillors. In the Southern Division the increase in the total number of councillors from 491 to 497 was due to the reconstitution of the Guledgud Municipality with the extended franchise under which two-thirds of the total number of councillors are elected. The total number of councillors in Sind rose from 351 to 353, the increase being due to the addition of two members on the Jacobabad Municipality with a view to securing representation for the residents of the Jacobabad Cantonment, which was abolished, the area having been included within the municipal limits. During the year, the Shikarpur Municipality was also reconstituted with a two-thirds elective element, but the number of councillors on the municipal board remained unchanged.

5. *Presidents of municipalities.*—The Poona City Municipality has enjoyed the privilege of electing its president since the year 1885. The Municipalities of Ahmedabad and Surat also elect their presidents in accordance with the announcement made by Government in 1915, that the president of any municipality for which a Municipal Commissioner has been appointed shall be elected by such municipality. In 1916, the same privilege was conferred on the City Municipalities of Broach, Nadiad, Ahmednagar, Nasik, Dhulia, Sholapur, Belgaum, Bijapur, Dharwar, Hubli and Gadag-Bettigeri. Government have recently directed under section 23 (2) (c) of the Bombay District Municipal Act, 1901, that every president of a city municipality in the Presidency proper shall in future be elected by such municipality, and that accordingly the remaining city municipalities, viz., those of Bandra, Godhra, Viramgam, Thana, Jalgaon, Yeola, Barsi, Satara Town, Bhusawal, Malegaon, Pandharpur, Bagalkot, Guledgud and Ratnagiri, shall in future elect their presidents, the arrangement coming into force when the offices next fall vacant. Government have also requested the Commissioner in Sind, to whom powers under section 23 of the Bombay District Municipal Act, 1901, have been delegated, to issue similar orders so far as the city municipalities in Sind are concerned.

A large number of the remaining municipalities in the Presidency at present exercise, in accordance with the pronouncement made by Government in 1908, the privilege of selecting their president on the condition that the selection must be approved by two-thirds of the whole body of councillors, whereupon the appointment would be made by the Governor in Council under section 23 (2) (a) of the Bombay District Municipal Act, 1901, in accordance with the wishes of the municipality.

6. *Attendance at municipal meetings.*—In the Northern Division, 714 meetings in all were held by the municipalities, of which 47 proved abortive for want of a quorum and 192 were adjourned. The Ahmedabad Municipality alone held 70 meetings as against 42 in the preceding year. The attendance of both the official and non-official councillors at municipal meetings in this division was, on the whole, good. The total number of meetings held by the municipalities in the Central Division was 866. Of these, 105 proved abortive for want of a quorum and 206 were adjourned. The attendance of councillors at the meetings of the municipalities in the Southern Division was, generally speaking, adequate. Of the 654 meetings held, 82 proved abortive for want of a quorum and 103 were adjourned. The percentage of meetings which failed for want of a quorum was high in the case of the Municipalities

of Honavar, Bagalkot and Panvel. The Collectors concerned have been asked by the Commissioner, S. D., to endeavour to awaken a greater sense of responsibility in the municipal councillors. 358 meetings in all were held by the municipalities in Sind, of which 23 proved abortive for want of a quorum and 81 were adjourned. The attendance of the municipal councillors in Sind was generally satisfactory.

7. *Changes in the system of taxation.*—Apart from the introduction of the system of terminal taxation in certain municipalities, which has been referred to elsewhere, the following changes in the system of taxation are reported to have taken place during the year. The Municipalities of Bulsar, Sangamner, Wai, Shirpur, Guledgud, Kumta, Bhatkal, Hyderabad, Sehwan, Tando Allahyar and Nasarpur revised their octroi schedules, while the Bhiwandi Municipality levied octroi for the first time with effect from the 1st October 1916. The Municipalities of Saswad and Manjhand imposed house-tax and the Municipalities of Sindkheda, Savda, Faizpur, Yaval, Raver, Satara Town, Bijapur, Bhatkal, Kumta, Karwar, Haliyal, Mahad and Ratnagiri revised their house-tax schedules. The Municipalities of Ahmedabad and Lonavla levied respectively a special drainage tax and a consolidated rate on buildings and lands. The Municipalities of Sangamner, Yaval, Amalner, Faizpur and Nipani imposed a sanitary cess, while the Municipalities of Ahmedabad, Ghatkopar-Kirol, Parola, Erandol, Jalgaon and Dhulia revised their sanitary cess rules. A rate on cess-pools was imposed by the Garhi Yasin Municipality. The Municipalities of Dhulia and Bijapur amended their general and special water rate rules, respectively. The Dharwar Municipality raised the rate of tolls on laden vehicles from 2 annas to 4 annas and the Municipalities of Pen and Haliyal revised their rules for the levy of tax on animals and vehicles. In Viramgam the revised conveyance and toll taxes were introduced with effect from the 1st April 1916. The Municipalities of Nipani, Alandi and Junnar levied wheel tax. The last named municipality also imposed tolls. The Lonavla Municipality levied a tax on hawkers, while the Gadag-Bettigeri Municipality abolished dog tax. The Gokarn Municipality raised the rate of pilgrim tax from 1 anna to 2 annas.

8. *Municipal income.*—The aggregate gross income of the municipalities amounted to Rs. 129½ lakhs during the year under review, as against Rs. 118½ lakhs in the preceding year. Deducting the receipts under "Extraordinary and debt" the net revenue amounted to Rs. 92½ lakhs as against the previous year's total of Rs. 92¼ lakhs. The following table indicates the fluctuations under the principal heads of income:—

	1916-17.	1915-16.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes:—				
(a) Octroi (net receipts, i. e., deducting refunds) and terminal tax ... ..	27,99	25,56	2,37	.....
(b) Taxes on houses and lands ... ..	10,60	10,03	57	.....
(c) Water rate ... ..	12,94	12,18	76	.....
2. Revenue derived from municipal property and powers other than those of taxation ... ..	15,50	15,55	.....	5
3. Grants and contributions for general and special purposes ... ..	8,57	13,29	.....	4,72
4. Extraordinary and debt ... ..	36,96	25,56	11,40	.....

9. *Octroi and terminal tax.*—Under this head, there were increases of Rs. 88,000 and Rs. 2,02,000 in the Northern Division and in Sind, respectively, counterbalanced to a certain extent by decreases of Rs. 47,000 and Rs. 6,000 in the Central and Southern Divisions, respectively. Thus the total revenue under this head increased by Rs. 2,37,000. The increase in the Northern Division was shared by the Municipalities of Ahmedabad, Nadiad and Ankleshwar, and was due to the larger earnings from the terminal tax levied

at these places. In the Central Division the decrease, which was shared by all the districts except East Khandesh and Satara, is attributed to the outbreak of plague which dislocated trade, and, in a few cases, to high prices having reduced the normal bulk of imports. In the Southern Division, the Municipalities of Dharwar, Gadag-Bettigeri, Byadgi, Bijapur, Bagalkot, Belgaum and Nipani were responsible for a total decrease of Rs. 19,000, ascribed mainly to the heavy rains in certain parts of Belgaum, Bijapur and Dharwar Districts which hampered imports of foodstuffs, etc., to the late cotton season and to the failure of tobacco crops in Nipani and of jowari in Belgaum. This decrease is to a large extent counterbalanced by the increased receipts in Hubli (Rs. 11,000), Guledgud (Rs. 1,000) and Sirsi (Rs. 1,500). The increase in Hubli is due to the municipality not having paid refunds during the year, in Guledgud to the imposition of enhanced octroi rates and in Sirsi to the larger imports on account of the Mari Fair. In Sind, the revenue of the Karachi Municipality, which has introduced the system of terminal taxation, showed an increase of Rs. 2,44,000 over the preceding year's figure under this head. The enhancement was largely accounted for by the falling off in octroi receipts on the outbreak of the war and the grant of refunds on the export of large stocks of taxable goods which were lying in Karachi at the time of the introduction of the terminal tax. The increase of Rs. 10,000, which occurred in Sukkur, is attributed to the enhanced receipts from the terminal tax. On the other hand, there occurred decreases of Rs. 35,000, Rs. 14,000 and Rs. 5,000 in Hyderabad, Shikarpur and Umarkot, respectively. The falling off in Hyderabad and Shikarpur was due to a severe epidemic of plague, while that in Umarkot is ascribed to the scanty rainfall which affected the trade of the town generally.

10. *Taxes on houses and lands.*—The receipts under this head increased by Rs. 57,000, of which Rs. 46,000, Rs. 11,000 and Rs. 18,000 were contributed by the Central and Southern Divisions and Sind, respectively, these increases being to a certain extent counterbalanced by reduction of Rs. 18,000 in the Northern Division. In the Central Division, the increase was contributed by all the districts except Ahmednagar, and in the Southern Division chiefly by the Municipalities of Belgaum, Nipani, Gadag-Bettigeri, Bhatkal and Ratnagiri. In Sind the rise mainly occurred in the Karachi Municipality. The enhancement of income under this head is generally attributable to the recovery of past arrears and to the revision of the assessment registers. In the Northern Division, the Ahmedabad Municipality alone showed a decrease of Rs. 22,000 for which no explanation has been offered. In connection with the question of the adequacy of rates imposed on houses and lands by the municipalities in his division, the Commissioner, N. D., observes: "The income derived from taxation of houses and lands remains stationary in spite of the great increases of recent years in the values and rents of urban property. Increases of taxation would be unpopular and the periodical revaluations are usually carried out by committees of the councillors, who are usually themselves averse to increases of taxation and in sympathy with similar objections on the part of their neighbours. The result of this is that the periodical revaluation sometimes has little or no practical effect on the municipal income". The Collectors should be requested to draw the attention of the municipalities concerned in their respective charges to these remarks and to impress upon them the urgency of revising their assessment registers adequately, in consideration of the increases in the values and rents of urban property.

11. *Water-rate.*—Under this head there was an increase of Rs. 76,000 to which the Northern and Central Divisions contributed Rs. 34,000 and Rs. 9,500, respectively, and Sind Rs. 33,000, the Southern Division showing a decrease of Rs. 500. The excess in the Northern Division, for which no reasons have been assigned, was shared by the Municipalities of Ahmedabad (Rs. 14,000), Kurla (Rs. 10,000), Surat (Rs. 7,000) and Thana (Rs. 3,000). The rise in the Central Division was due mainly to the increase in the number of water connections in Lonavla, to the revision of water rates and the levy of a general water cess by the Satara Town Municipality and to the collection of arrears and the grant of additional pipe connections in Sholapur. In Sind,

the Karachi Municipality is solely responsible for the increase under this head. It was due partly to the consumption of a larger quantity of water on account of the location of war hospitals in that city and partly to the extension of private water service connections.

12. *Recovery of municipal dues.*—In the Northern Division, the total outstandings on account of taxes on houses and lands, which at the commencement of the year under review amounted to Rs. 23,711, were brought down to Rs. 20,464. Almost all the municipalities except those of Kalyan, Kurla, Bandra and Bassein are reported to have shown greater activity in the collection of their arrears. The arrears on account of water rate, however, increased from Rs. 46,816 to Rs. 49,233, the Ahmedabad Municipality alone being responsible for Rs. 22,600. More than half of the remaining arrears belong to the Thana District, the Municipalities of Kurla and Bandra being responsible for Rs. 13,582 and Rs. 9,631, respectively. The municipalities in the Thana District are again reported to be the principal delinquents in respect of the recovery of their arrears on account of taxes under the heads "animals and vehicles" and "conservancy". The Collector of Thana should be requested to call upon the municipalities to take the necessary steps for the prompt recovery of their outstandings. Where recovery is found impossible, the arrears should be written off under proper authority. In the Central Division, a sum of Rs. 82,858 remained unrealised at the close of the year out of a total demand of Rs. 8,73,200, including arrears amounting to Rs. 63,778. Of the unrealised amount (Rs. 82,858), 46 per cent. represented house-tax arrears, while 29 per cent. and 27 per cent. were respectively on account of water rate and conservancy cess. Instructions have been issued by the Commissioner, C. D., to the municipalities concerned for the prompt collection of their dues. In the Southern Division, the total average percentage of the outstandings showed no improvement. The figures of demand for the year 1916-17. and of the previous years' arrears were Rs. 3,04,000 and Rs. 33,000, respectively, while the total of the unrealised balances at the close of the year amounted to Rs. 35,000, the percentage of arrears on the total demand being 10. The municipalities in the Kanara District, which had at the commencement of the year arrears to the extent of 22 per cent. on the total demand, reduced them to 3 per cent. at the close of the year. The municipalities in the Ratnagiri District also showed an improvement in this respect. The large arrears in the Municipalities of Saundatti-Yellamma (31 per cent.) and Vengurla (30 per cent.) were reduced to 20 per cent. and 23 per cent., respectively, but these percentages are still high enough to call for energetic measures from the municipal authorities for their reduction. The percentage of arrears is also high in the Municipalities of Mahad (34), Panvel (30), Bijapur (22) and Alibag (18). The last named municipality, however, showed some improvement over the preceding year, in which the percentage was as high as 33. The Commissioner, S. D., has asked the Collectors concerned to impress upon the defaulting municipalities, personally while on tour, the need of paying special attention to this important branch of their duties, and to watch the collections. In Sind, special measures were taken to reduce the outstandings, most of the arrears of past years having been either written off or recovered. The figures against Karachi include arrears of house-tax (Rs. 9,000) due from the Port Trust, and of water rate from the North-Western Railway and the Military Department. The municipality should be called upon to recover these arrears without delay, if this has not been already done.

13. *Revenue derived from municipal property, etc.*—There were increases of Rs. 20,000 and Rs. 5,000 under this head in the Central and Southern Divisions, respectively, counterbalanced by a decrease of Rs. 15,000 each in the Northern Division and in Sind. Thus the total receipts under this head diminished by Rs. 5,000.

14. *Grants and contributions for general and special purposes.*—The receipts under this head, which are chiefly made up of grants given by Government to municipalities for the improvement of water supply and drainage, for the opening up of congested areas and for educational purposes, fell from Rs. 13,29,000 to Rs. 8,57,000. The decrease was general, Rs. 2,67,000,

Rs. 1,75,000 and Rs. 25,000 having been contributed by the Northern, Central and Southern Divisions, respectively, and Rs. 5,000 by Sind. The large decrease in the Northern Division is accounted for by the fact that a grant of Rs. 2,75,000 made to the Ahmedabad Municipality towards the cost of its water-supply project was included under this head in the previous year. The decrease in the receipts for the Central and Southern Divisions was due generally to the absence of large provincial grants during the year under review.

Grants from Government for educational purposes amounted to Rs. 5,72,600, as against Rs. 6,07,300 in the preceding year. In the Northern and Southern Divisions and in Sind there were decreases of Rs. 7,300, Rs. 34,400 and Rs. 11,100, respectively, in the receipts under this head. The large falling off in the Southern Division is explained mainly by the fact that the previous year's figures for the Municipalities of Gadag-Bettigeri and Ranbennur were inflated by large grants for school buildings. In Sind, the Municipalities of Hyderabad, Tatta and Kotri received no grants during the year. The increase of Rs. 6,000 in Karachi is ascribed to the payment of the building grants for carrying out certain additions to schools during the year under report. In the Central Division there occurred an increase of Rs. 18,100 under this head, which was shared by all the districts except Nasik and Sholapur. Of this increase, Rs. 10,095 represented the building grant made by Government to the Parola Municipality for the construction of the Margaret Simcox Vernacular school building.

15. *Nature of income and incidence per head of population.*—Of the aggregate income of the municipalities, Rs. 65,09,000 were realised from municipal rates and taxes, as compared with Rs. 61,18,000 in the previous year, the direct taxation yielding Rs. 37,16,000 or 57.09 per cent., and indirect taxation Rs. 27,93,000 or 42.91 per cent. of the total revenue from taxation. The corresponding percentages in the preceding year were 58.22 and 41.78, respectively. The average incidence of taxation per head of population rose from Rs. 2-9-4 to Rs. 2-12-5, while the average incidence of income fell from Rs. 3-14-9 to Rs. 3-14-5. The incidence of taxation was the highest (Rs. 7-6-2) in Alandi in the Poona District and the lowest (Rs. 0-3-10) in Ashta in the Satara District.

16. *Working of the octroi system.*—With the increased gross collections from octroi, the percentage of refunds to gross collections declined in the Northern Division from 10.6 to 9.3. In the Central Division the percentage again remained stationary at 12, whereas in the Southern Division it was 5.6. In the Northern Division it was highest in Kalyan, being 59 per cent., while Broach and Bulsar came next with percentages of 30 and 15.6, respectively. The explanation furnished for the large refunds in Kalyan is that all goods intended for Bhiwandi pass through this town. With regard to Broach, it is reported that the refund rules are very liberal, that refunds are allowed even if the goods change hands or break bulk, that the period allowed for claims is a year and that the minimum amount in respect of which claims may be made is as low as 8 annas. No explanation is given in respect of the refunds granted in Bulsar. In the Southern Division, refunds were again very large in Sirsi, being 49 per cent. of the gross collections, and are accounted for by the fact that the merchandise intended for the surrounding talukas and some talukas of Mysore passes through it. The percentages of refunds in Karwar and Kumta were 18.2 and 18.6, respectively. The Hubli Municipality did not grant refunds during the year under review for want of funds. The total number of applications for refunds pending disposal at the end of the year was 3,371 and the sum to be refunded amounted to Rs. 36,000. The municipality is reported to have made an attempt to reduce these figures by providing a suitable amount for the purpose in its budget for the year 1917-1918. In view of this unsatisfactory state of affairs, the municipality has now realised the need for a change in the existing system of taxation, and proposals for the introduction of the terminal tax in lieu of octroi are being formulated.

17. *Terminal taxation.*—The system of terminal taxation has so far been introduced as a tentative measure in the Municipalities of Ahmed-

abad, Bandra, Nadiad, Ankleshvar and Umretli in the Northern Division, Jalgaon Dhulia, Loniavla and Raver in the Central Division, Roha-Ashtami and Vengurla in the Southern Division, and Karachi, Sukkur, Larkana and Umarmot in Sind. The tax at Ahmedabad and Bandra is collected by the B. B. & C. I. Railway Company on behalf of the municipalities at these places.

18. *Expenditure.*—The total expenditure of the municipalities during the year under report, which amounted to Rs. 1,30,69,000, showed a decrease of about Rs. 50,000 on the previous year's figures. Excluding the item of "Extraordinary and debt", the expenditure amounted to Rs. 93½ lakhs as against 103 lakhs in the preceding year. The decrease in the ordinary expenditure was therefore Rs. 9½ lakhs.

The following table indicates the fluctuations under the principal heads of expenditure:—

	1916-17.	1915-16.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. General administration and collection charges ...	10,39	10,15	18	.....
2. Public health and convenience ...	53,55	64,86	.....	11,31
3. Public instruction ...	16,43	16,40	3	.....
4. Extraordinary and debt ...	37,12	28,24	8,88	.....

19. *General administration.*—The increase of Rs. 18,000 under this head was shared by the Northern Division (Rs. 9,000), Central Division (Rs. 9,000), and Sind (Rs. 1,000), but the Southern Division showed a decrease of Rs. 1,000. The increase is attributed to the general revision of establishments of the several municipalities with a view to securing greater efficiency and better collections of municipal dues.

20. *Public health and convenience.*—A considerable decrease of Rs. 11,31,000 took place under this head during the year under report. It was shared by all the divisions, the Northern Division being responsible for Rs. 3,07,000, the Central Division for Rs. 3,36,000, the Southern Division for Rs. 3,74,000, and Sind for Rs. 1,14,000. This decrease is mainly attributable to the fact that, in view of the financial situation created by the war, Government had to refrain from sanctioning large grants to municipalities for the improvement of sanitation within their areas.

21. *Water-supply.*—In the Northern Division, the expenditure under "capital outlay" and under "establishment, repairs, etc.," decreased from Rs. 3,79,000 and Rs. 2,52,000, to Rs. 35,000 and Rs. 2,13,000, respectively. The reduction under "capital outlay" chiefly occurred in the Ahmedabad Municipality which had, in the previous year, disbursed a very large sum under this head. The decrease of Rs. 8,000 in Surat is also accounted for by the fact that a large expenditure was incurred by the municipality in the preceding year on the purchase of a Venturi meter and a meter testing apparatus. Out of the decrease of Rs. 39,000 under "establishment, repairs, etc.," Rs. 25,000 represent an apparent and not a real decrease, as this sum, which was due for payment to the Bombay Municipality on account of the water supplied to the Bandra and Thana Municipalities, was not paid in the previous year owing to the bills having not been received in time. The decrease of Rs. 3,23,000 in the capital expenditure on water-supply in the Central Division was due to the fact that large expenditure was incurred under this head in the previous year by the Municipalities of Poona City, Nasik, Satara Town and Sholapur. On the other hand, the Ahmednagar Municipality spent during the year under report Rs. 10,222 on the Pimpalgaon water-works. The decrease under the sub-head "establishment, repairs, etc.," in the Central Division amounted to Rs. 8,000 only. In the Southern

18

Division there was a reduction of Rs. 3,13,000, under "capital outlay" and of Rs. 4,000 under "establishment, repairs, etc." The decrease under the former head mainly occurred in Hubli, where the preceding year's figures included a sum of Rs. 3,20,000 as a result of account adjustments of capital outlay incurred on water-works in previous years. The falling off under the latter head is principally attributable to less expenditure having been incurred by the Municipalities of Dharwar (Rs. 4,200), Hubli (Rs. 2,900), Bijapur (Rs. 1,900), and Roha-Ashtami (Rs. 1,700). These decreases were to a certain extent counterbalanced by increases of Rs. 6,100 and Rs. 1,700 in the Municipalities of Pen and Panvel, respectively, due to repairs to tanks. In Sind, while the expenditure under the head "capital outlay" decreased from Rs. 1,70,000 to Rs. 1,42,000, that under the head "establishment, repairs, etc." increased from Rs. 1,79,000 to Rs. 1,89,000. The falling off under "capital outlay" chiefly occurred in the Hyderabad Municipality which spent during the year Rs. 1,000 only, as compared with Rs. 26,000 in the preceding year. The bulk of the increase under "establishment, repairs, etc." occurred in Hyderabad, where considerable repairs to the engines and water-works lifts were carried out. The Sukkur Municipality purchased spare parts for the pumping engines at a cost of Rs. 5,000. Owing to good rainfall, the Karachi Municipality spent Rs. 11,000 less than in the previous year on the pumping of water at the Dumlotte wells for maintaining an adequate supply.

22. *Financial working of water-supply installations.*—In the Northern Division, the income of the Ahmedabad Municipality from water-rates rose from Rs. 3,01,941 to Rs. 3,16,087, of which Rs. 2,15,171 were derived from the direct sale of water as against Rs. 2,06,756 in the previous year and Rs. 1,00,916 from indirect taxation as against Rs. 95,185. The total expenditure, including payment of Rs. 33,098 as interest on loans, instalments of Rs. 45,645 and Rs. 12,000 towards the sinking and depreciation funds, respectively, and the cost of working and other expenses, amounted to Rs. 1,65,144, as against Rs. 1,69,318, in the preceding year. The municipality therefore earned a net profit of Rs. (3,16,087 - 1,65,144 =) 1,50,943, as compared with Rs. 1,32,623 in the previous year. The percentage of net profit on the total capital outlay of Rs. 20,13,611 was 7.5. The increase is mainly attributable to a rise in the water-rate receipts, due to prompt recoveries and to greater consumption of water for trade purposes. The Surat Municipality realised a net profit of Rs. 33,274, as against Rs. 24,824 in the preceding year, the total receipts being Rs. 1,13,965 and the expenditure Rs. 80,691. The percentage of net profit on the total capital outlay of Rs. 10,76,716, was 3.09. The Rander Municipality made a profit of Rs. 2,976. The Thana Municipality with a revenue of Rs. 14,054 and an expenditure of Rs. 2,096 earned a profit of Rs. 11,958, that is, a gain of 11.2 per cent. on the total capital outlay of Rs. 1,06,362. The net earnings of the Bhiwandi Municipality amounted to only 2.8 per cent. on the capital outlay of Rs. 44,436, its receipts being Rs. 2,108 and expenditure Rs. 864. In the Central Division the revenue derived by the Ahmednagar Municipality from its existing water-supply arrangements (Pimpalgaon tank works) amounted to Rs. 31,267, while there was an expenditure of Rs. 18,732, the net profit being Rs. 12,535. The water-supply accounts of the Jalgaon Municipality showed a total revenue of Rs. 18,304 and an expenditure of Rs. 10,686, leaving a profit of Rs. 7,618. The receipts of the Dhulia Municipality from its water-supply installation amounted to Rs. 25,506 and the disbursements to Rs. 17,753. The municipality, therefore, derived a net profit of Rs. 7,753. The Nasik Municipality also realised a profit of Rs. 3,639, the figures of income and expenditure being Rs. 33,673 and Rs. 30,034, respectively. No reasons have, however, been given by the Commissioner, C. D., for the increase of income in these municipalities. In the Southern Division the income of the Bijapur Municipality from direct and indirect taxation amounted to Rs. 18,751, while the expenditure actually incurred was Rs. 13,735, exclusive of the working expenses to be credited to the Public Works Department which were not settled before the close of the year. With regard to the working expenses, Government have already directed that, in lieu of charging a fixed rate for the water pumped

through a meter, the Bijapur Municipality should be called upon to pay in half-yearly instalments (in advance) the actual cost of running the water-supply installation up to the point where local distribution commences, and that these instalments should be in lump, subject to adjustment when the final accounts for the year, which are required to be audited, are ready. The total capital outlay on the water-works at the close of the year amounted to Rs. 7,31,685. In Dharwar, the total revenue amounted to Rs. 24,131 and the expenditure to Rs. 32,324, showing a deficit of Rs. 8,193, which was made good from the general revenues. The Commissioner, S. D., observes that the proposals for the revision of the water-rate rules with a view to making the water works self-supporting, which were returned to the municipality for amendment, have not yet been resubmitted by it in spite of repeated reminders. The Collector has, however, been asked by the Commissioner to see that the municipality takes up the question without delay. In the case of the Hubli water works, the income and expenditure amounted to Rs. 37,846 and Rs. 35,046, respectively. The resulting profit of Rs. 2,800 is, however, illusory, as the expenditure does not include the amount of the instalment paid in repayment of the water works loan. In Alibag no water tax is levied, while the working expenses amounted to Rs. 153. The accounts of the Roha-Ashtami Municipality showed a total income of Rs. 1,100 from water and an expenditure of Rs. 1,753, in other words, a loss of Rs. 653. Such loss is expected to continue till the debt on account of the water works loan is wiped off.

In Sind, the income of the Hyderabad Municipality from water rates increased from Rs. 53,000 to Rs. 54,000, the latter sum being made up of direct receipts (Rs. 51,000), and indirect receipts (Rs. 3,000). The expenditure fell from Rs. 80,000 to Rs. 68,900, the loss sustained by the municipality being Rs. 14,000. With a view to meeting this deficit, the Commissioner has sanctioned the increase in the rate for private water connections with effect from the 13th January 1917. The Sukkur Municipality derived a revenue of Rs. 9,000 from the direct sale of water and Rs. 24,900 from indirect taxation, the latter sum being made up of receipts from house-tax (Rs. 9,200), and terminal tax (Rs. 15,700). The working expenses of the water works amounted to Rs. 39,000, leaving a deficit of Rs. 5,100. The Commissioner in Sind, who, as promised last year, investigated the circumstances in which house-tax and octroi receipts were credited by the municipality to the water works revenue, observes: "Since 1895-96 a portion of the proceeds of octroi and house-tax has been credited to the water works account. As a result of the arrangement, owners of domestic connections obtained their water-supply at the expense of the numerous octroi payers who have no such connections and at a rate far below cost price. The Collector has been requested to take steps to rectify this improper system of indirect taxation to finance the cost of water-supply."

23. *Drainage.*—In the Northern Division, the Ahmedabad Municipality alone possesses a drainage system. Its expenditure under "capital outlay" and "establishment, repairs, etc.", amounted to Rs. 1,053 and Rs. 74,928, as against Rs. 6,230 and Rs. 77,369, respectively, in the preceding year. The decrease under the former head was chiefly due to the stoppage of granting new drainage connections. The Kalyan Municipality showed an increase of Rs. 12,500 under "capital outlay", which, however, represents nothing more than a book transaction. In 1912, Government gave to the municipality a grant of Rs. 12,500 for a drainage scheme, but the amount had to be withdrawn as the municipality was neither able to spend the money nor to produce a reasonable scheme for making use of it. In the Central Division, the increase of Rs. 58,840 under "capital outlay" was mainly due to the Poona City Municipality having paid its share (Rs. 49,047) towards the excess expenditure on the capital cost of the Poona City water-supply and drainage. The Municipalities of Jalgaon, Dhulia, Igatpuri and Poona Suburban also contributed to the increase to a small extent. On the other hand, there occurred a decrease of Rs. 16,229 under the head "establishment, repairs, etc.", for which no explanation has been offered. In the Southern Division, the expenditure under "capital outlay" decreased

by Rs. 7,244, while that under "establishment, repairs, etc.", increased by Rs. 1,568. The Municipalities of Bijapur, Bagalkot, Gadag-Bettigeri, Haveri, Nipani, Sirsi, Panvel and Pen were responsible for the reduction under the former head. On the other hand, the Hubli Municipality spent Rs. 9,000, more under "capital outlay". The drainage scheme for the Civil Lines and Frere Town quarter of Karachi was completed early in 1916. This accounts for a decrease of Rs. 35,000 in Karachi under the head "capital outlay."

24. *Conservancy.*—Under this head, there was an increase of Rs. 15,900 in Sind, which was, however, counterbalanced by decreases of Rs. 8,300, Rs. 5,300 and Rs. 1,400 in the Northern, Central and Southern Divisions, respectively. In the Northern Division, the Surat Municipality was responsible for a considerable decrease of Rs. 13,000, ascribed to a large number of absentees among cart-drivers and a consequent decrease in outlay on carts. In Ahmedabad the reduction of Rs. 3,000 under this head is mainly attributed to smaller expenditure in connection with hydrants. The decrease of Rs. 2,600 in Viramgam is not real, inasmuch as the expenditure on public latrines, which was accounted for under this head in the previous year's figures, has, during the year under report, been wrongly shown under a different head, namely, "other sanitary requirements". Of the total increase of Rs. 9,000 in the expenditure under this head in the municipalities of the Thana District, Rs. 2,500 were contributed by the Ghatkopar-Kirol Municipality and the remainder by the Municipalities of Kurla and Thana. The latter two places, which are reported to be in a grossly insanitary condition, are still in need of expenditure under this head on a larger scale. In the Central Division there was generally a decrease in the municipalities of the East and West Khandesh and Nasik Districts, while large increases appeared in the Municipalities of Jalgaon, Amalner, Sholapur and Poona City. In the Southern Division, the Municipalities responsible for the decrease were Bagalkot (Rs. 2,000), Hubli (Rs. 6,000) and Panvel Rs. 1,000. The deficit was partly counterbalanced by excess expenditure in Matheran (Rs. 4,000), Belgaum (Rs. 1,000), Nipani (Rs. 1,000) and Gadag-Bettigeri (Rs. 1,000). The increase in the Matheran Municipality was principally due to the construction of new latrines and the purchase of hand carts, and in the remaining municipalities to the entertainment of additional establishments and the revision of the pay of the existing conservancy establishments. The increase in Sind was mainly shared by the Municipalities of Karachi, Hyderabad and Shikarpur. In Karachi it was due to the increased cost of feeding bullocks on account of a rise in the price of fodder, in Hyderabad to the purchase of bullocks and conservancy carts, and in Shikarpur to the employment of an additional conservancy establishment and the purchase of sullage and water carts. In Sukkur the annual expenditure on conservancy, which amounted to Rs. 26,000 during the year under review, was met by indirect taxation and not by the imposition of a conservancy cess. The Governor in Council notes with regret the fact that the municipality has declined to levy this cess, which, in his opinion, is a charge for the service rendered, and, as such, ought to be recovered from the inhabitants.

25. *Working of the Bombay Municipal Servants Act, V of 1890.*—The Bombay Municipal Servants Act, V of 1890, had, up to the end of the year under review, been extended to the Municipalities of Ahmedabad, Surat, Broach, Viramgam, Nadiad, Godhra, Dohad, Bulsar and Bandra in the Northern Division, Poona City, Nasik, Satara City, Malcolmpeth and Poona Suburban in the Central Division, Belgaum, Athni, Nipani, Gokak, Saundatti-Yellamma, Bijapur, Bagalkot, Guledgud, Ilkal, Alibag, Roha, Ashtami, Pen, Mahad, Panvel, Matheran, Karwar, Sirsi, and Ratnagiri in the Southern Division, and Karachi in Sind. There were no prosecutions under the Act in the municipalities in the Presidency proper during the year under report. In Sind, however, prosecutions were instituted against seven sweepers at Karachi. One of them was sentenced to rigorous imprisonment for ten days, while the prosecution against the others was withdrawn in consequence of their having taken up employment on ambulance trains under the military authorities.

26. *Road expenditure.*—In the Northern Division, the expenditure under this head rose by Rs. 14,000. The increase was mainly due to the construction of a new road, called the Kasai Wada Road, in Kurla and to the purchase of the land acquired for another road in the same town. The increased expenditure of Rs. 7,000 in Bandra on special road repairs and acquisition of set-backs was counterbalanced by a corresponding decrease in the expenditure in Ahmedabad, due chiefly to less expenditure having been incurred on the widening of the roads in the city and on the paving of streets in *pols*. The decrease of Rs. 35,000 in the Central Division is shared by the municipalities in all districts except Ahmednagar and East Khandesh. The largest decrease, namely Rs. 25,000, which occurred in the Poona District, is reported to be due to less expenditure incurred by the Poona City Municipality under this head owing to plague having interfered with the collection of road metal. On the other hand, there was an increase of Rs. 3,400 in the Ahmednagar District on account of the purchase of land required for the widening of roads in the Ahmednagar city, while a sum of Rs. 14,000 was spent mainly by the Municipalities of Jalgaon, Bhusaval, Yaval and Dharangaon on the construction of new roads and the repair of existing roads. In the Southern Division, the increase of Rs. 1,000 in the total expenditure calls for no special remarks. The figures for Sind show a decrease of Rs. 17,000 under this head, the Karachi Municipality alone being responsible for Rs. 12,000. The decrease in Karachi was, however, nominal, as the previous year's figures included a sum of Rs. 35,000 invested by the municipality in fixed deposit from the current balances of the new Road Construction Fund. Decreases also occurred in the Municipalities of Hyderabad, Shikarpur and Bubak on account of the curtailment of expenditure on roads. On the other hand, the Jacobabad Municipality spent Rs. 11,000 for metalling four main roads. The Umarnot Municipality also incurred an excess expenditure of Rs. 3,500, due to the pavement of the bazaar with burnt bricks, lime and concrete.

Section 91-A of the Bombay District Municipal Act, 1901, as amended by Bombay Act VIII of 1914, imposes upon municipalities the duty of prescribing the regular line of every public street within their areas. The municipalities in the Central Division, as reported by the Commissioner, are, as a general rule, slow in carrying out the provisions of this section, but progress in this direction was made by the Municipalities of Erandol and Parola, while the Municipalities of Yeola, Igatpuri and Mhaswad are also beginning to move in the matter. In the Southern Division, the Municipalities of Bijapur and Bagalkot have sanctioned the alignment of roads in several cases. The Ranabennur Municipality has sanctioned a set-back plan, while the other municipalities in the Dharwar District have appointed committees to draw up plans. Action under section 91-A is also reported to have been taken by the Municipalities of Kumta, Honavar, Bhatkal and Vengurla. The remaining municipalities, which have not yet taken any action in this respect, have been again asked by the Commissioner, S. D., to comply with the duty imposed on them by law. In Sind, the city municipalities are reported to have paid attention to this matter. The Commissioner in Sind has, however, requested the district officers to see that all municipalities in the province systematically comply with the provisions of the section. No information on the subject has been furnished by the Commissioner, N. D., who should be requested to notice in his future municipal administration reports the action taken by the several municipalities in his division in this respect.

27. *Appropriation of wheel-tax and road tolls.*—With the exception of Ahmedabad, Dholka, Gogha, Jambusar, Thana, Kalyan, Bassein, Bandra and Bhiwandi, all the municipalities in the Northern Division incurred greater expenditure on the maintenance of their roads than the income derived by them from the levy of tolls and wheel-tax. The Bulsar Municipality had a balance of Rs. 4,565 to spend, as the acquisition proceedings for lands and houses acquired were not completed at the close of the year under review. The Municipalities of Gogha, Jambusar, Bassein and Bandra, which continued to be the offenders against the rule that the

whole of the proceeds of the wheel-tax and of road tolls should be expended on the maintenance of roads, failed to give reasons for their default during the year under report. In view of the recommendation made by the Commissioner, N. D., Government have permitted the Municipalities of Bulsar and Jambusar to include the whole of the road watering expenditure in the road maintenance charges up to the financial year 1916-17. In the Southern Division, the Municipalities of Athni, Gokak, Guledgud, Nargund, Navalgund, Sirsi, Karwar, Haliyal, Vengurla, and Chiplun failed to comply with the rule referred to above. All these bodies have been called upon by the Commissioner, S. D., to credit the unspent balances to a special fund for eventual expenditure on roads. In Sind, the Municipalities of Garhi-Yasin, Kambar and Rato-dero were the only offenders against the rule, and their attention has been drawn by the Commissioner to the necessity of complying with the rule. In spite of the repeated orders of Government, the Commissioner, C. D., has failed to furnish information on the subject regarding the municipalities in his division. He should again be requested to embody the necessary particulars in his future municipal administration reports.

28. *Expenditure on buildings.*—In the Northern Division the increase of Rs. 17,000 over the previous year's expenditure of Rs. 14,000, was due to the purchase of a school-building by the Thana Municipality and to the acquisition of land in Kurla for a new municipal office. The decrease of Rs. 18,000 in the Central Division was accounted for by the fact that certain large items of expenditure appearing in the preceding year's accounts did not recur during the year under review. The Satara Suburban Municipality incurred an additional outlay of Rs. 4,100, which is attributed to the construction of a municipal office. In the Southern Division, the expenditure rose from Rs. 8,500 to Rs. 15,000, the Municipalities of Ranebennur, Chiplun and Bagalkot participating in the increase. In Ranebennur it was due to the construction of a new municipal office, and in Chiplun to the purchase of old police lines for a site for a new dispensary. In Sind, the expenditure under this head fell by Rs. 40,000, the Municipalities of Karachi and Tatta being chiefly responsible for the decrease. The fall in Karachi is attributed to the non-recurrence of certain large works which were undertaken during the previous year, and in Tatta to less expenditure incurred on the Anglo-Vernacular school-building during the year under report. These decreases are, however, to a certain extent counterbalanced by an increase of Rs. 10,000 in Rato-dero and of Rs. 3,000 in Shikarpur.

29. *Public instruction.*—The cost of public instruction amounted to Rs. 16,43,000, as against the previous year's total of Rs. 16,40,000. The increases of Rs. 8,000 and Rs. 22,000 under this head in the Northern Division and in Sind, respectively, were to a large extent counterbalanced by respective decreases of Rs. 20,000 and Rs. 7,000 in the Southern and Central Divisions. The increase in Sind was chiefly shared by the Karachi Municipality, which revised the pay of its school establishment and constructed a compound wall round the Keamari School. The increase noticeable in Hyderabad was only nominal, being due to the transfer from the school fund to the general fund of the building grant of Rs. 5,600 received from Government. The Sukkur Municipality also participated in the increase by purchasing a complete set of science apparatus for the High School. The decrease in the Central Division was shared by the West Khandesh, Poona and Nasik Districts. The decrease in the Dhulia Municipality is accounted for by the fact that in the preceding year it had to refund to Government the building grant of Rs. 20,711 for the Marathi and Urdu girls' schools and to pay Rs. 13,924 to the Public Works Department for the erection of a building for the Marathi girls' school. The decrease of Rs. 2,600 in Poona City was due to smaller expenditure on the pay of teachers and the purchase of new books and maps. The increase in the Satara and Ahmednagar Districts was generally due to the entertainment of additional teachers and an increase in their pay. The increase of Rs. 5,300 in the Sholapur District is attributed to the acquisition of land by the Barsi Municipality for a play-ground for its schools and also to the

non-closure of schools during the plague epidemic. The construction of an Anglo-Vernacular school at Bhusaval and the opening of two new classes for Mahomedan girls at Erandol were responsible for an increase of Rs. 20,000 in the East Khandesh District. The municipalities responsible for the reduction of expenditure under this head in the Southern Division were Ranebennur (Rs. 18,000), Bijapur (Rs. 9,000), Matheran (Rs. 7,000), Hubli (Rs. 4,000) and Mahad (Rs. 3,000). The decrease in the first three municipalities was due to the fact that the previous year's figures included the amounts expended on the construction of new school buildings. On the other hand, the Bagalkot Municipality incurred an additional expenditure of Rs. 12,000 chiefly for the construction of a new school building, while the Municipalities of Belgaum, Nipani, Gokak, Guledgud, Gadag-Bettigeri and Chiplun spent larger amounts aggregating Rs. 10,000, mainly in connection with the raising of the pay of teachers, etc.,

30. *Extraordinary und debt.*—There were increases of Rs. 70,000 and Rs. 10,05,000 in the charges under this head in the Central Division and in Sind, respectively, partially counterbalanced by decreases of Rs. 1,14,000 and Rs. 73,000 in the Northern and Southern Divisions, respectively. In the Northern Division the total investments declined from Rs. 3,95,000 to Rs. 3,40,000. The Ahmedabad and Surat Municipalities contributed to their sinking funds Rs. 84,814 and Rs. 3,000, respectively. The former municipality also paid Rs. 70,000 into its Improvement Trust Fund. In the Central Division there was a decrease of Rs. 13,600 under "investments". The increase of Rs. 29,000 under "repayment of loans" was due to the payment of instalments by the Municipalities of Ahmednagar, Jalgaon, Bhusaval, Savda, Dhulia, Nasik, Poona City, Lonavla and Jejuri towards the extinction of their capital debt on account of their water-supply and town improvement schemes. The decrease in the Southern Division was chiefly due to the advances and deposits being less than in the previous year. The excess in Sind was accounted for by the Karachi Municipality showing an increase under the head "investments (in securities)" and "deposits".

31. *Closing balance.*—The result of the year's operations was a decrease of Rs. 95,000 in the total closing balance. The reductions in the Central Division and in Sind amounted to Rs. 71,000 and Rs. 1,27,000, respectively, while there were increases of Rs. 70,000 and Rs. 33,000 in the Northern and Southern Divisions, respectively. The aggregate closing balance of the municipalities amounted to Rs. 40,52,000.

32. *Liabilities of municipalities.*—In the Northern Division the only municipality in debt to Government was Bandra. Of its total debt of Rs. 36,101 outstanding at the commencement of the year, the municipality paid off Rs. 4,718, exclusive of interest, leaving a balance of Rs. 31,383. In the Central Division the total liabilities of municipalities which obtained loans from Government amounted to Rs. 23,34,045 at the close of the year. The amount of instalments paid during the year was Rs. 67,703, exclusive of interest. In the Southern Division all the municipalities in debt to Government, except Hubli and Ranebennur, paid during the year instalments aggregating Rs. 21,154, exclusive of interest. The total liabilities of the municipalities amounted to Rs. 5,21,389 at the close of the year. None of the Sind municipalities were in debt to Government.

33. *Audit of accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities with the exception of Jalgaon, Bhusaval, Yaval, Faizpur, Amalner and Dharangaon in the Central Division, and Athni and Chiplun in the Southern Division. No serious irregularities were noticed except in the Municipalities of Poona City, Chopda, Hubli, Bijapur and Tatta. In Poona City the audit disclosed the fact that all the irregularities noticed in the past ten years had not been remedied. A special report has been called for by the Commissioner from the Chopda Municipality regarding the steps taken by it to remedy the defects brought to light by the auditors. In view of the auditor's remarks regarding the unsatisfactory affairs in the Hubli Muni-

pality, the Collector of Dharwar has been requested to submit to Government a special report in the matter. The auditor's report also disclosed serious flaws in the administration of the Bijapur Municipality. The affairs of this municipality have since engaged the special attention of the Collector of Bijapur, whose report regarding them is awaited by Government. Leakages of octroi revenue had taken place in the Tatta Municipality owing to lax supervision and a faulty system of check. Measures have since been reported to have been taken to deal with these frauds.

The Governor in Council regrets to have to refer here to the want of the sense of corporate responsibility on the part of many municipal bodies, which he had recently on an occasion to comment on elsewhere, and trusts that municipal councillors will show themselves more alive to its importance. In spite of the repeated warnings from Government, municipalities have failed to realise the great importance of the prompt disposal of audit notes of the Examiner, Local Fund Accounts. The defaulting municipalities have, however, been warned once more in this respect.

It is satisfactory to note that, with a few exceptions, municipalities have now either framed or revised their rules and by-laws under sections 46 and 48, respectively, of the Bombay District Municipal Act, 1901. It is hoped that the Commissioners will spare no efforts to impress upon the defaulting municipalities the necessity of framing or revising their rules and by-laws without further delay.

34. *Municipal needs.*—Of the various needs of municipalities, the most pressing are, as usual, a wholesome and plentiful water-supply, efficient drainage, the opening up of congested and insanitary areas to light and air, good roads, sanitary conveniences, hygienic school buildings with adequate play-grounds, municipal office buildings, markets, slaughter-houses, dispensaries, etc. With Government assistance in the shape of loans and grants-in-aid, some progress has been made in the past. In view, however, of the existing financial stringency, Government are at present constrained to refrain from freely assisting municipalities in financing their schemes.

In the Northern Division, the successful boring operations at Viramgam have secured a cheap and good water-supply for the town. The municipality has now to deal with the question of the distribution of water to the town by pipes. Boring experiments are also being carried out at Dholera, which is in great need of a potable water-supply. A scheme for the improvement of the Thana water-supply is under consideration, while the receipt of a revised project for the supply of water to Godhra is awaited from the Sanitary Engineer. A scheme for the supply of water to Borsad is also under the consideration of the sanitary authorities. The plans and estimate for the Dholka water-supply scheme have been approved, but the execution of the work has been held in abeyance pending the return of normal prices for machinery and iron work. The boring operations at Broach, which is urgently in need of a good water-supply, have not proved successful and the municipality is now confronted with the problem of providing a supply by other means, probably at a very heavy cost. Towards the close of the year under report a special inquiry was instituted by Government into the chronic complaints regarding the shortage of water-supply in Bandra. The inquiry disclosed serious mismanagement in the water-supply and meter departments due to the incompetence of the municipal engineering staff. By a simple and inexpensive alteration in the mains, an adequate supply has now been secured for the town. Kurla is reported to be in need of a drainage scheme. In the Southern Division, the question of improving the water-supply at Nargund is under the consideration of the Sanitary Engineer. The Haliyal water-supply scheme has been postponed for the present, as the municipality is unable to finance it. The Gadag-Bettigeri Municipality completed the erection of the Maconochie Market and has commenced the work of erecting a cloth market. It has also introduced the Nasik system for the disposal of night-soil and has completed the construction of a masonry drain towards the cost of which Government gave a grant-in-aid of Rs. 20,000. The Ranebennur

Municipality undertook the erection of the municipal office building out of the loan of Rs. 5,000 granted to it by Government. In Sind, the Hyderabad water-supply is very unsatisfactory and the question of improving it is under consideration.

The enactment of adequate building by-laws and a vigilant use of such by-laws also rank among the important needs which require special attention of municipalities. With a view to assisting municipalities to bring their building by-laws up to a satisfactory standard, model building by-laws have now been drawn up and approved by Government and the Collectors have been requested to communicate copies of them to the municipalities in their respective districts and to suggest to these bodies the desirability of an early consideration of their own building by-laws with reference to the model by-laws.

35. *Grants for sanitary and town improvement schemes.*—In view of the financial situation created by the war, a sum of Rs. 1,80,000 only was provided in the budget for the year 1916-17 under the head "24-B—Sanitation" to meet the absolutely necessary demands from local bodies for sanitary projects. The execution of the Alandi water-supply scheme, for which a grant-in-aid of Rs. 1,34,760 was sanctioned in the previous year, was held in abeyance partly in view of the necessity for stringent economy and partly on account of the success which attended the temporary water-supply arrangements made at the Kartiki fair. The grant-in-aid was therefore withdrawn. The grants made during the year under review are enumerated below :—

<i>Northern Division.</i>		Rs.
Original works in connection with the development of Salsette as a residential area	-	20,000
<i>Central Division.</i>		
Provision of a water-supply for the Poona sewage effluent area	-	30,481
Fresh grant-in-aid towards the cost of the Lonavla water-supply scheme	-	20,000
Treatment of the Poona City water-supply with alum and chlorine	-	14,286
Further grant-in-aid in connection with the Karad water-supply scheme	-	8,405
Additional grant-in-aid in connection with the Poona water-supply and drainage schemes	-	1,066
<i>Southern Division.</i>		
Improvement of the Roha-Ashtami water works	-	8,745
Additional grant-in-aid towards the cost of the Bijapur water works	-	2,080
<i>Miscellaneous.</i>		
Purchase of boring tools and plant in connection with the improvement of water-supply	-	20,484
Trial surveys for preliminary investigations of sanitary projects	-	3,950
Total		- 1,19,897

During the year under review, an allotment of Rs. 50,000 was placed at the disposal of the Sanitary Board, who have been authorised by Government to sanction sanitary projects which do not cost more than Rs. 20,000, and to make grants up to a limit of Rs. 10,000 for any single work. The amount was distributed by the Board as shown below :—

<i>Northern Division.</i>		Rs.
Construction of surface drains at Nadiad in the Kaira District—		
(1) from Lalbhai Chakla to Ladhu Chhida,	}	5,902
(2) from Chantiavad to Ahmedabadi gate, and		
(3) from Ahmedabadi bazaar to Ahmedabadi gate.		

*Central Division.*

Provision of drains along certain roads at Dhond in the Poona District	5,000
Scheme for the drainage of Dhorwada at Satara	7,056
Construction of new gutters at Parola in the East Khandesh District	5,070

*Southern Division.*

Erection of a slaughter-house at Belgaum	9,300
Construction of a gutter from Haidar Buruz to the main gutter on the Bijapur-Indi Road at Bijapur	5,000
Improvement of sullage gutters at Karwar in the Kanara District	4,153

*Sind.*

Erection of a vegetable market at Mirpurkhas in the Thar and Parkar District	6,000
Filling in of the swamp at Arain village, Taluka Sukkur	2,519

Total 50,000

36. *Remarks regarding the principal municipalities.—*

*Ahmedabad.*—The Governor in Council notes with regret that no improvement was shown by the municipality in the transaction of business, as evinced by the unnecessarily large number of meetings held during the year. A satisfactory feature of the administration, however, was an improvement in the collection of municipal dues.

*Surat.*—The administration report of the municipality presents a record of a year's successful work which reflects credit on all concerned.

*Broach.*—With regard to this municipality, the Commissioner, N. D., observes—"The conservancy arrangements of this city continue to be bad and the municipality has recently refused to follow the advice of the sanitary authorities for assuring direct control and supervision over the conservancy of the private latrines, because this action would necessitate a cess of a few annas per month on each owner. The penalty for this neglect is the high rate of mortality due to cholera." The attention of the municipality should be drawn to these remarks.

*Bandra.*—With the assistance of Mr. N. D. Mehta, District Deputy Collector, who has been appointed to be chief officer, the Bandra Municipality has effected considerable improvement in the management of its affairs.

*Poona.*—Government are glad to notice the improvements that have now been effected by the Poona City Municipality in the administration of its affairs and hope that further progress will be achieved in the ensuing year.

*Sholapur.*—The financial position of the municipality is unsatisfactory and the general administration very inefficient. Endeavours are, however, being made to effect an improvement.

*Karachi.*—The administration report of the Karachi Municipality contains at the same time a record of quiet progress and the promise of greater activities in the future. The financial position of the municipality is satisfactory and encourages the hope that schemes for the improvement of sanitation and for the expansion of the city will be pushed vigorously on. The Governor in Council has pleasure in endorsing the Commissioner's congratulations to the Honourable Mr. Harchandrai Vishindas, C.I.E., President of the municipality, and to Mr. Measham Lea, its Chief Officer, on another year's successful administration.

*Shikarpur.*—The Shikarpur Municipality provides a regrettable exception to the general good work done by the municipalities in Sind. The Collector of Sukkur observes—"Shikarpur has suffered from violent party feuds, a poor office and a rapid succession of chief officers appointed by the municipality who were unable to cope with the municipal quarrels and

intrigues in the office and staff. Now that the municipality has secured the services of a Deputy Collector lent by Government as its Chief Officer, it is hoped that the administration will improve."

*Sukkur.*—The Sukkur Municipality is a well-managed body, and credit is due to the President, the Honourable Khan Bahadur Pir Baksh, for its smooth and successful working during the year.

37. *General remarks.*—During the year under review, the net income of the municipalities decreased by about Rs. 50,000 and the ordinary expenditure by about Rs. 9½ lakhs. The reduction of expenditure was mainly due to the curtailment of outlay on large sanitary works on account of the financial stringency, in view of which Government were constrained to refrain from freely assisting municipalities in financing their schemes. Many municipalities have, however, failed to realise the fact that unless they endeavour to develop their own resources by a proper and judicious increase of taxation it will not be possible for them to carry out improvements which are urgently required. Generally speaking, the municipalities have done a good year's work and though complaints of want of interest in elections, irregularity of attendance on the part of councillors, reluctance to delegate adequate powers to executive officers and a desire to impose the burdens of municipal taxation on non-residents or the poor are not wanting, the tenor of the reports is on the whole encouraging.

38. Copies of this Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and to the other officers and departments concerned.

G. A. THOMAS,

Secretary to the Government of Bombay.

*Abstract of Statement No. I accompanying the Review of the District Municipal Reports for the year 1916-17.*

Number of municipalities constituted under the Bombay District Municipal Act, 1901	156
Population within municipal limits	2,966,894
Number of towns of which the municipal committees are appointed partly by election and partly by nomination	118
Number of towns of which the municipal committees are appointed by nomination only	98
Aggregate number of members of municipal committees—	
<i>Ex officio</i>	376
Nominated	790
Elected	997
Of the above—	
Officials	488
Non-officials	1,730
Europeans	104
Indians	2,059

\* The closing balances of the past year for Raver and Savda Municipalities were 6,661 and 27,688 respectively but they have now been corrected by those municipalities as pointed in the audit.  
 † Last year the balance in case of Municipalities of Chopda and Dharangaon was shown as Rs. 6,495 and 7,233 respectively.  
 ‡ The balance as reported last year was Rs. 5,250 but it is really Rs. 5,257.  
 § The figure includes school contribution, last year's balance being Rs. 4,796.  
 ¶ The balance reported last year (Rs. 5,302) was through mistake.
