ADMINISTRATION REPORT

ON THE

RAILWAYS IN INDIA

FOR THE YEAR

1914-15

Introductory

It is proposed in future, for the convenience of the public and in view of the interest now taken in the matter, to include in this report **The relation of the Government to Railways in India.** an historical resumé of the Government's policy and a statement of the existing position as regards the general arrangements for the working of State Railways in India by Companies.

One of the special features of the Indian Railway system is the diversity of conditions that prevails in the relation of the State to the various lines in respect of ownership and control. **Diversity of relations between the State and Railways.** Of the important lines situated in British India or in which the Government of India is interested, three (the North Western, Eastern Bengal, and Oudh and Rohilkhand Railways) are owned and worked by the State; eight (the East Indian, Great Indian Peninsula, Bombay, Baroda and Central India, Madras and Southern Mahratta, Assam-Bengal, Bengal-Nagpur, South Indian, and Burma) are owned by the State but worked on its behalf by Companies enjoying a guarantee of interest from the Government; three important lines (the Bengal and North-Western, Rohilkund and Kumaon, and Southern Punjab), and many of less importance, are the property of private companies, some being worked by the owning Companies and some by the State or by the Companies that work State-owned systems; several minor lines are the property of District Boards or enjoy a guarantee of interest granted by such Boards.

The diversity of conditions is in certain respects less important than might at first appear for the following reasons:—

The Government of India exercises under the Indian Railways Act, 1890, in respect of all railways in British India (and also, by virtue of arrangements with Native States, in respect of the chief railways passing through such States), certain general powers. Thus, a railway may not be opened until a Government Inspector has certified that it has been constructed so as to comply with requirements laid down by the Government and can be used for the public carriage of passengers without danger to them. The Government of India can also, in the interest of the safety of passengers, require a railway, to be closed, or the use of particular rolling-stock to be discontinued, or may prescribe conditions for the use of the railway or the rolling-stock. They can appoint a Railway Commission to investigate complaints on certain matters such as the withholding of reasonable traffic facilities or the grant of undue preference.

In addition the Government of India (or in some cases Local Governments) exercise under the provisions of contracts detailed control over the management of all railways in British India, greatly exceeding that which is secured by the Indian Railways Act. They also have a certain financial interest in all Companies in British India, and a preponderating interest in most of those which are of the first importance.

The main causes which have led to the present diversity of conditions in regard to the agency by which railways are managed, and the relations of the Government with the various classes of Companies now in existence, are summarised in the following paragraphs:—

The first proposals for the construction of railways in India were submitted in 1844 to the East India Company in England by Mr. R. M. Stephenson: afterwards Chief Engineer of the East Indian Railway, and others; and included the construction of lines by railway companies to be incorporated for the purpose and the guarantee by the East India Company of a specified return. A contract for the construction by the East Indian Railway Company of an experimental line of 100 miles from Calcutta towards Mirzapore or Rajmehal at an estimated cost of 1,000,000*l.* was made in 1849, and a return of 5 per cent. was guaranteed by the East India Company on the capital; and a similar contract was made in the same year with the Great Indian Peninsula Railway Company for a line from Bombay to Kalyan at an estimated cost of 500,000*l.* But the policy of entrusting generally the construction of Indian railways to guaranteed Companies was not adopted until 1854 on the recommendation of Lord Dalhousie, who, in a minute dated 20th April 1853, explained his reasons for preferring the Agency

RIVER GANGES IN FLOOD.—HARDINGE BRIDGE.

of Companies, under the supervision and control of the Government, to the construction of lines on behalf of the Government by its own officers. He held that Engineer officers would make railways as well and possibly as cheaply and as expeditiously as companies; but that the withdrawal from other duties of the large number of Engineer officers required would be detrimental to the public interest, that the conduct of commercial undertakings did not fall within the proper functions of any Government and least of all within the functions of the Government of India, since the dependence of the population on the Government was in India, one of the greatest drawbacks to the advance of the country, and that the country would therefore benefit by the introduction of English energy and English capital for railway purposes, with the possibility that such energy and capital would in due course be encouraged to assist in the development of India in other directions.

The policy supported by Lord Dalhousie was adopted, and between 1854 and 1860 contracts for the construction of railways in India were made by the East India Company, or (after 1858) by the Secretary of State for India with the East Indian, Great Indian Peninsula, Madras, Bombay, Baroda and Central India, Scinde (afterwards the Scinde, Punjab and Delhi), Eastern Bengal, Great Southern of India (afterwards, when amalgamated with the Carnatic Railway Company—see below—the South Indian) and Calcutta and South-Eastern Railway Companies. Under these contracts the Railway Companies undertook to construct and manage specified lines, while the East India Company (or the Secretary of State for India) agreed to provide land and guaranteed interest on the capital, the rate fixed being in various cases 5, $4\frac{3}{4}$, and $4\frac{1}{2}$ per cent according to the market rates prevailing when the various contracts were made. Half of any surplus profits earned was to be used towards repaying to the Government any sums by which it had been called upon to supplement the net earnings of any previous period in order to make good the guarantee of interest; and the remainder was to belong to the shareholders. In practically all matters of importance, except the choice of staff, the Companies were placed by the contracts under the supervision and control of the Government, which had power to decide on the standard and details of construction; the rolling-stock to be provided; the number, time, and speed of trains; the rates and fares to be charged; the expenditure to be incurred; the standard of maintenance; and the form of accounts. The railways were to be held by the Companies on leases terminating at the end of 99 years, and on such termination the fair value of their rolling-stock, plant, and machinery was to be paid to them. But provision was also made to enable the Government to purchase the lines after 25 or 50 years on terms calculated to be the equivalent of the Companies' interests therein, and also to enable the Companies to surrender their lines to the Government and to receive in return their capital at par.

An attempt to secure the construction of railways in India on terms more favourable to the Government than those of the contracts with the original guaranteed companies was first made in 1862, when a subsidy, but not a guarantee, was granted to the Indian Branch Railway Company, which proposed to make feeders to the trunk lines in Northern India, and did actually make one such line. Similar assistance was granted later to the Indian Tramway Company, which made a short line in Madras. In 1864, the terms granted to the two Companies mentioned were taken as a standard for general adoption with a view to the encouragement of similar companies. The chief provisions were that the Government, besides giving the necessary land free of cost, would grant an annual subsidy for 20 years at a rate not exceeding 100*l.* per mile of line, with an addition in respect of large bridges costing more than 10,000*l.* These terms failed to attract capital, and the two unguaranteed Companies which had begun work found themselves after a few years unable to proceed without further assistance from the Government. Consequently, in 1867, a contract was entered into with the Indian Branch Railway Company (which soon after changed its name to the "Oude and Rohilkund Railway Company") by which the Company was guaranteed interest at 5 per cent. per annum on the cost of certain lines to be carried out by it, on conditions similar to those laid down in the contracts of the period 1854—1860. Similarly the Indian Tramway Company, after having been given in 1868 a guarantee of 3 per cent. per annum, went into liquidation in 1870, and became absorbed in a new Company called the Carnatic Railway Company (afterwards amalgamated with the Great Southern of India Railway Company to form the South Indian Railway Company), with which the Secretary of State entered into a contract guaranteeing interest on its capital at 5 per cent. per annum. In 1869, Sir John Lawrence summed up the result of the experiment of the construction of railways by unguaranteed Companies as follows:—"The Government of India has for several years been striving to induce capitalists to undertake the construction of railways in India at their own risk, and on their responsibility with a minimum of Government interference. But the attempt has entirely failed, and it has become obvious that no capital can be obtained for such undertakings otherwise than under a guarantee of interest fully equal to that which the Government would have to pay if it borrowed directly on its own account."

The attempt to encourage unguaranteed Companies having thus been unsuccessful, it became necessary to decide whether the old practice of relying on guaranteed Companies, of the type that had provided capital for, and had constructed, the first railways in India, should be continued. The Government of India expressed their objections to this course. They doubted whether their power of control over such Companies secured the great-

est possible economy in construction. They also disliked the arrangements under which they guaranteed the interest on the capital of Companies, and thus became responsible for loss on working while having only a comparatively remote prospect of profiting by the result of successful working. Two important changes were consequently made in the practice that had been followed since the beginning of railway construction in India :—

1. Arrangements were made with some of the most important of the guaranteed Companies that, in lieu of the provision that half of any surplus profits was to be applied in repayment of sums advanced by the Government under the guarantee of interest, half of the surplus profits for each half-year should be the property of the Government. In consideration of this modification, the Government relinquished, in the case of three Companies, the Great Indian Peninsula, the Bombay, Baroda and Central India, and the Madras, its right to purchase the lines at the end of the first 25 years from the dates of the respective contracts.

2. It was decided by the Secretary of State that the time had arrived when in both raising and expending such additional capital as might be required for new lines in India, the Government should secure to itself the full benefit of its own credit and of the cheaper methods, which it was expected that it would be able to use. Accordingly for several years after 1869 the chief capital expenditure on railways was incurred direct by the State, and no fresh contracts with guaranteed Companies were made except for small extensions. Among the lines constructed or begun by State agency and from State capital between 1869 and 1880 were the Indus Valley, Punjab Northern, Rajputana-Malwa, Northern Bengal, Rangoon and Irrawaddy Valley, and Tirhoot.

By the end of 1879, *i.e.*, in about 25 years from the introduction of **Progress in the construction of railways.** railways in India, 6,128 miles of railway had been constructed by Companies, which had expended approximately 97,872,000*l.* (These figures include the Calcutta and South Eastern and Nalhati Railways, which were constructed by Companies but were purchased by the Government in 1868 and 1872, respectively). By the same date 2,175 miles of railway had been constructed by the Government at a cost of 23,695,226*l.*

In 1880, the necessity for great and rapid extension of the railway system was urged by the Famine Commissioners, appointed after the great famine of 1878, who estimated that at least 5,000 miles were still necessary for the protection of the country from famine. It was held by the Government of the time that a limit was necessary on the capital borrowed annually; and it was clear that the limit fixed was not high enough to

allow of such progress in railway construction as was desirable. With reference to this difficulty the Famine Commissioners remarked "that there would be manifest advantages in giving free scope to the extension of railways by private enterprise if it were possible; and, though the original form of guarantee has been condemned, it may not be impossible to find some substitute which shall be free from its defects, and may secure the investment of capital in these undertakings without involving the Government in financial or other liabilities of an objectionable nature."

Action in the direction suggested by the Commission was taken by the formation of three Companies without a guarantee (the Bengal Central in 1881 and the Bengal and North-Western and the Rohilkund and Kumaon in 1882) and three new guaranteed Companies (the Southern Mahratta in 1882, the Indian Midland in 1885, and the Bengal-Nagpur in 1887). The Bengal and North-Western and the Rohilkund and Kumaon Railway Companies are referred to more fully in a later paragraph. The Bengal Central Railway Company's operations were not successful at the outset, and a revised contract was entered into with the Company, with effect from the 1st July 1885, under which the Secretary of State guaranteed interest at $3\frac{1}{2}$ per cent. on the Company's capital the balance of net earnings remaining after payment of interest on advances by the Secretary of State and debenture capital (but not on the share capital) being divided between the Secretary of State and the Company in the proportions of three-quarters to the former and one-quarter to the latter. The new contract gave the Secretary of State the right to take possession of the line on the 30th June 1905, or subsequently at intervals of 10 years, on repaying the Company's capital at par. The rate of interest guaranteed to the Southern Mahratta Railway Company was also $3\frac{1}{2}$ per cent.; in this case the balance of net earnings remaining after payment of interest on advances by the Secretary of State (but not on share or debenture capital) was divisible in the same way as in the case of the Bengal Central Railway Company. The guarantee to the Indian Midland and Bengal-Nagpur Railway Companies was 4 per cent., and the Secretary of State was entitled to three-quarters of the surplus profits in excess of all interest charges. The lines constructed by the three Companies last mentioned were declared to be the property of the Secretary of State, who had the right to determine the contracts at the end of approximately 25 years after their respective dates, or at subsequent intervals of 10 years, on repaying at par the capital provided by the Companies.

The Assam-Bengal Railway Company was formed on similar lines in 1892, except that any surplus profits were to be divided between the Secretary of State and the Company in proportion to the capital provided by each. The rate of guarantee in this case was $3\frac{1}{2}$ per cent. for the first six years and thereafter 3 per cent. The Burma Railways Company was

formed in 1897 to manage and develop the line in that Province that had been constructed by the State. Interest at $2\frac{1}{2}$ per cent was guaranteed on the share capital raised by the Company, and the surplus profits were originally divisible in the proportion of four-fifths to the Secretary of State and one-fifth to the Company, but since 1908 the division has been proportional to the capital invested by each in the undertaking. The contract with the Burma Company is terminable by the Secretary of State in 1928 and on subsequent occasions on repayment of the Company's capital at par.

The terms of the guarantee given to the Companies formed since 1880 have thus been much more favourable to the Government than in the case of the Companies formed before 1869.

In dealing with the Guaranteed Companies formed before 1869 and with those formed in 1881 and subsequently, it has been the practice (ex-

Termination of contracts of the old Guaranteed Companies.

cept in the cases mentioned above, when the purchase of some of the old guaranteed lines was postponed in order to secure to the Government a share in surplus profits) to use in some way or other at the earliest possible date the right reserved by the Government of terminating the contracts of the various Companies. The method of making use of this right has differed in different cases. The Eastern Bengal, Oudh and Rohilkhand, and Scinde, Punjab and Delhi lines were purchased and transferred to State management, the last named now forming part of the North Western Railway. Similarly, the Bengal Central line was purchased and made part of the Eastern Bengal Railway. The Madras and the Indian Midland lines were acquired but left, after acquisition, under the management of Companies working other lines with which it was advantageous to amalgamate them. In all other cases (East Indian, South Indian, Great Indian Peninsula, Bombay, Baroda and Central India, Southern Mahratta, and Bengal-Nagpur), the course adopted has been to arrange for the continuance of management by the original Company (or by a new Company closely related to the old one), but to secure more favourable financial conditions for the State by one or more of the following methods, *viz.* :— reduction of the amount of capital retained by the Companies in the undertakings, reduction of the rate of interest guaranteed by the State on such capital, and modification in favour of the Government of the clauses relating to the division of surplus profits.

Particulars of the contracts now existing with Guaranteed Companies will be found in Appendix I of Volume II of this Report. But the relations be-

Arrangements between the Government and Companies at present.

tween the Government and the Guaranteed Companies now working railways may be summarised as follows:—

The lines that they work are the property of the State.

The greater part of the capital is the property of the Government, either through having been originally supplied by it or through

the acquisition by the Government of the greater part of the Companies' interests on the termination of old contracts.

When funds are required for further capital expenditure, the Government has the option either of providing them or of calling on the Company to provide them. The Company receives guaranteed interest at a fixed rate on its capital; and similar payments out of the earnings are made to the Government. If, after these have been made, surplus profits remain, they are divided between the Government and the Company in the various proportions provided for by the contracts. The Company's share is in all cases only a small fraction of the Government's share.

All the contracts, except one, which is for a fixed term of 25 years, are terminable at the option of the Secretary of State, at specified dates; and on termination the Company's capital is repayable at par (except in the case of the East Indian Railway Company, which is for special reasons to receive a terminable annuity instead of a cash payment).

The administrative control exercised by the Government over the Companies is as follows :—

The Company is bound to keep the line in good repair, in good working condition, and fully supplied with rolling-stock, plant, and machinery; to keep the rolling-stock in good repair and in good working condition; and to maintain a sufficient staff for the purposes of the line;—all to the satisfaction of the Secretary of State.

The Secretary of State may require the Company to carry out any alteration or improvement in the line, or in the working, that he may think necessary for the safety of the public or for the effectual working of the line.

The Secretary of State may require the Company to enter into agreements, on reasonable terms and conditions, with the administrations of adjoining railways for the exercise of running powers, for the supply to one another of surplus rolling-stock, for the interchange of traffic and rolling-stock and the settlement of through rates, and for additions and alterations to or the redistribution of existing accommodation in junctions or other stations in view to their convenient mutual use.

The train service is to be such as the Secretary of State may require. In order to secure a general control over the rates quoted by companies the Secretary of State has retained power to settle the classification of goods and to authorise maximum and minimum rates within which the companies

shall be entitled to charge the public for the conveyance of passengers and goods of each class.

The Company has to keep such accounts as the Secretary of State may require, and these are subject to audit by the Secretary of State.

In all other matters relating to the line the Company is made subject to the supervision and control of the Secretary of State, who may appoint such persons as he may think proper for the purpose of inspecting the line, auditing the accounts, or otherwise exercising the power of supervision and control reserved to him. In particular the Secretary of State has the right to appoint a Government Director to the Board of the Company, with a power of veto on all proceedings of the Board. All the moneys received by the Company in respect of the undertaking, whether on capital or revenue account, have to be paid over to the Secretary of State.

All expenditure by the Company has to be stated and submitted for the sanction of the Secretary of State.

Thus the Government has the preponderating financial interest in the lines worked by the two classes of Guaranteed Companies, *viz.*, those formed before 1869 and retained as working agencies with reduced capital after purchase, and those formed on terms more favourable to the State after 1880; it has exceedingly wide control over the methods of working; and it has the right of taking possession of the lines at specified times on repayment at par of the capital of the Companies.

In addition to the lines referred to above and apart from lines constructed by branch line Companies, District Boards and Native States, which have been dealt with in later paragraphs of this report, two lines of some importance have been constructed by Companies which receive

Other lines worked by Companies. no direct assistance by the Government, *viz.*, the Bengal and North-Western Railway and the Rohilkund and Kumaon Railway. (The Rohilkund and Kumaon Railway Company was guaranteed interest at 4 per cent during construction and received for 10 years thereafter a subsidy of Rs. 20,000 per annum. This ceased in 1994.) While, however, these Companies have no guarantee or other direct payment from the Government, they derive some advantage (partly through direct participation in profits and partly through reduction of expenses) from the fact that the working of certain State lines has been entrusted to them, *viz.*, the Tirhoot Railway to the former Company and the Lucknow-Bareilly Railway to the latter. Their lines can be purchased by the State in 1932 on terms which are different in respect of the different sections of the lines, but are, on the whole, much more favourable to the Companies than those provided for in the contracts with the Guaranteed Companies. Failing purchase in 1932, the lines will become the property of the State in 1981 on terms much less favourable to the Companies. The general administrative control exercised

by the State over these Companies and the control over expenditure are similar to that which is exercised, as explained above, over Guaranteed Companies.

Indian Railways in 1914-1915.

The greater number of the powers for the detailed control of railways as described in the foregoing paragraphs are vested in the Railway Board. The Board consists of a President and two Members with a secretariat establishment.

At the beginning of the year under review Sir T. R. Wynne, K.C.S.I., K.C.I.E., was President of the Railway Board and Sir H. P. Burt, K.C.I.E., Member, while the vacancy caused by the retirement of Mr. W. H. Wood, during the previous year remained unfilled. In January 1914, it had been decided that the importance of financial and commercial considerations in connection with the control of Indian Railway Policy justified the modification of the rule which had hitherto been in force to the effect that the President and Members of the Railway Board must all be men of large experience in the actual working of Railways. It was then decided that for the future one Member, who equally with the others might be appointed President, should be selected for commercial or financial experience. Following on this decision the vacancy on the Board was filled on 10th April 1914 by the appointment of Mr. R. W. Gillan, C.S.I., I.C.S. The new Member did not, however, take his seat on the Board until 2nd October 1914 as he was called on in the meantime to officiate as Member of the Executive Council in charge of the Departments of Commerce and Industry and Railways during the absence on sick leave of the Hon'ble Mr. (now Sir W. H.) Clark, the permanent Member. On 2nd May 1914, Sir T. R. Wynne resigned the Presidency to take up the appointment of Government Director of Indian Railway Companies in London, and the vacancy thus created has been filled by the appointment of Mr. A. R. Anderson, C.I.E., until then Agent of the Madras and Southern Mahratta Railway. Since the close of the year 1914-15 Sir H. P. Burt has resigned the Presidency to follow Sir T. R. Wynne, who has become the Managing Director of his old Company (the Bengal-Nagpur Railway Company), as Government Director of Indian Railway Companies. This vacancy has been filled by the appointment of Mr. F. D. Couchman, who was at the time of his appointment Agent of the Burma Railways Company, and previously a State Railway Engineer.

The late President, Sir T. R. Wynne, had had 40 years' connection with Indian Railways at the time of his retirement, having been appointed from the Royal Engineering College, Cooper's Hill, in 1874. He resigned

Sir T. R. Wynne, K.C.S.I., K.C.I.E.

Government Service in 1887 to take up the appointment of Agent and Chief Engineer, Bengal-Nagpur Railway Company, a position which he held until 1905, save that during the years 1902-04 he was employed by a Syndicate as Manager of a large Railway and Mining enterprise in China. In January 1905 Sir T. R. Wynne was appointed a Member of the newly constituted Railway Board and three years later President on the retirement of Sir F. R. Upcott, K.C.V.O., C.S.I.

Sir H. P. Burt, like Sir T. R. Wynne, received his technical training at the Royal Engineering College, Cooper's Hill, having been appointed an

Sir H. P. Burt, K.C.I.E.

Assistant Engineer of the Public Works Department in 1879 and during the whole course of his 36 years in India he remained in the service of Government. After being employed in the Engineering and Traffic Departments of State Railways and in the Government of India Secretariat as Under Secretary in the Traffic Branch, he became Agent of the Oudh and Rohilkhand Railway in 1902 and later Agent of the Eastern Bengal Railway, and then of the North Western Railway. Whilst still Agent of the North Western Railway, he was appointed temporary Additional Member of the Railway Board in November 1912, in connection with the acute congestion of traffic experienced on the more important Indian Railways. He became a permanent Member in July 1913, and, as already said, succeeded Sir T. R. Wynne as President on 3rd May 1914.

Capital.

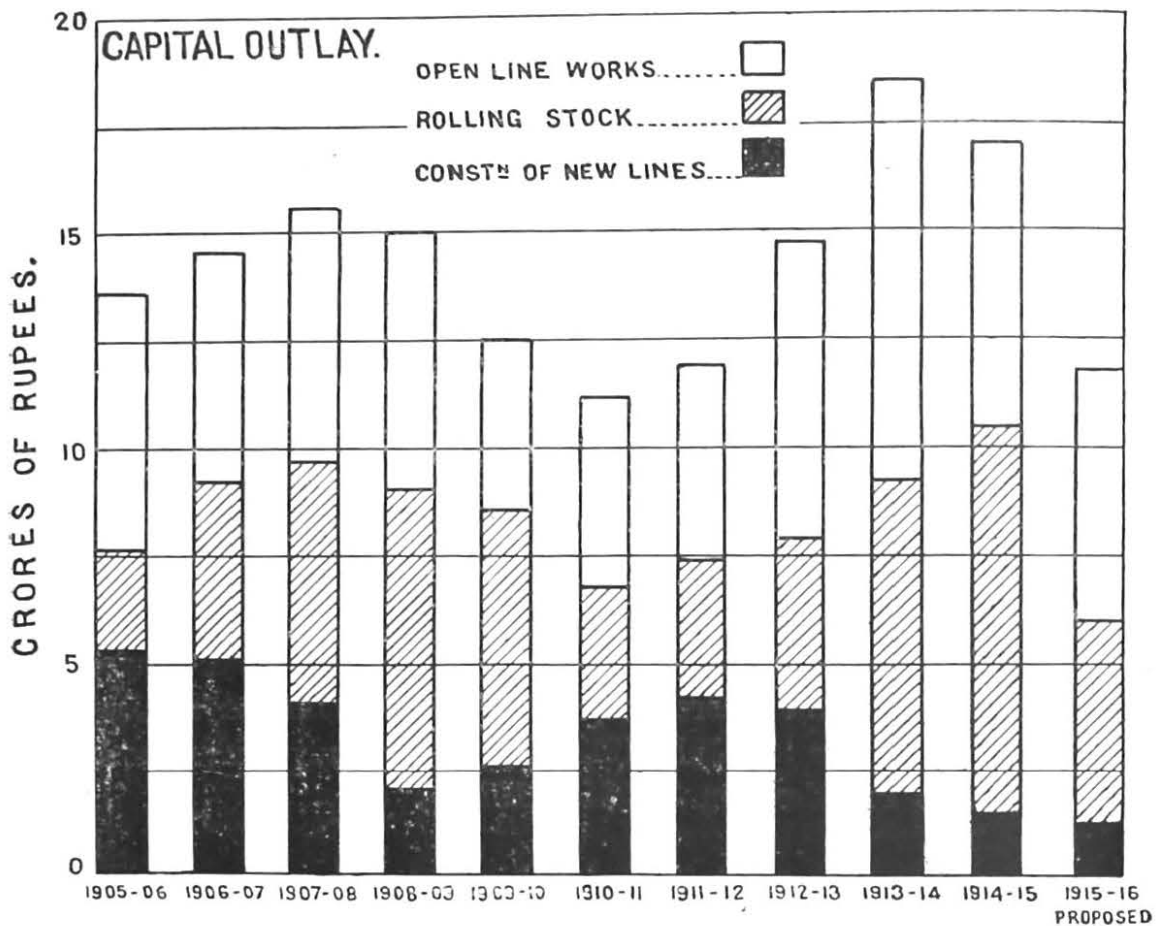

The actual capital outlay (booked cost) on lines in which the State is financially interested (excluding premia for the purchase of Companies' lines) from the commencement of operations on all lines open at the close of the year 1914-15 amounted to Rs. 4,61,89.79 lakhs, and on lines then under construction to Rs. 3,08.19 lakhs. In addition Rs. 91.37 lakhs had been expended on miscellaneous items. The total outlay thus amounted to Rs. 4,65,89.35 lakhs.

The actual expenditure during 1914-15, amounted to Rs. 17,15 lakhs, distributed as follows:—

		Rs.
Open line works including suspense	6,71,93,000
New lines	1,34,81,000
Rolling-stock	9,07,99,000
		17,14,73,000
Total	17,14,73,000

The following diagram shows graphically how these figures compare with those of past years. The distribution of the grant of Rs. 11,65 lakhs,

which has been sanctioned for the financial year 1915-16, is also added for purposes of comparison.

During the year under review the actual capital expenditure fell short of the net grant for the year by Rs. 64 lakhs. This does not indicate that the revised arrangements, which were referred to in the last year's Report as having been introduced to ensure full utilization of the available funds, have proved a failure. The lapse was entirely due to the steps taken to prevent after the outbreak of war, the incurrence of further liabilities in England for other than urgent needs. This precaution was necessary to avoid the embarrassment which, in the special financial circumstances caused by the war, would have resulted from expenditure in England exceeding the grant for the year by even a small amount.

The conditions induced by the present war have prevented larger funds being made available for capital expenditure on railways during the year 1915-16 than Rs. 11,65 lakhs. All new construction has been rendered impossible, though fairly liberal allotments have been made for lines already in progress and for open lines. The manner in which grants for the latter purpose are generally to be distributed is touched upon in a later paragraph.

Results of Working.

The financial result of the working of the State railways during the year 1914-15 is a return of Rs. 483 lakhs. Out of this a sum of Rs. 150 lakhs (£1,002 thousand) was expended in the form of annuity payments in redemption of capital. The following table compares the results attained with those of previous years:—

	1909-10.	1910-11.	1911-12.	1912-13.	1913-14.	1914-15.
Revenue.						
<i>Gross traffic receipts.</i> —State railways	43,38,58,967	45,91,16,336	50,36,56,936	55,02,95,460	56,31,02,029	54,15,77,506
<i>Gross traffic earnings.</i> —Guaranteed railways	59,707
<i>Repayment of advances of interest.</i> —Subsidized railways	8,71,440	5,90,185	8,64,671	10,07,610	*13,96,517	10,00,356

* Variations from last year's report due to supplementary adjustments.

The gross earnings of *all Indian railways* during the year 1914-15 amounted in round figures to Rs. 6,042·01 lakhs, compared with Rs. 6,358·56 lakhs in 1913-14, being a decrease of Rs. 316·55 lakhs, while the working expenses were only Rs. 18·84 lakhs less than in 1913-14. The net earnings amounted to Rs. 2,767·91 lakhs, against Rs. 3,065·62 lakhs in 1913-14, or a decrease of Rs. 297·71 lakhs. These net earnings yielded a return on the capital outlay (Rs. 51,922·13 lakhs) on open lines, *i.e.*, on mileage earning revenue, of 5·33

per cent, as compared with 6.19 per cent in 1913-14. The corresponding actual return per cent for the previous years is compared as follows :—

1905.	1906.	1907.	1908.	1909.	1910.	1911.	1912.	1913-14.	1914-15.
6.07	5.96	5.86	4.33	4.81	5.46	5.67	6.77	6.19	5.33

The following diagram shows graphically the ratio of aggregate revenue expenditure to gross receipts of State lines, worked by the State and Companies, for the past ten years :—

The number of passengers carried and the earnings therefrom are compared in the next diagram.

The decrease in the passenger traffic during the year under review was chiefly due to the effect of the war upon trade and to the absence of tourists and military officers from the country. But for the opening of new railways and the movement of troops consequent on the war, this decrease would have been still greater.

A similar comparison of the tonnage of, and earnings from, goods traffic is afforded by the following diagram.

The large falling off in the earnings from goods traffic, which was not accompanied by a corresponding decrease in the quantity carried, was principally due to the low rated commodities (coal and grain and pulse) carried and to the war and famine conditions.

Naturally the outbreak of war during the period under review has had a material effect upon the business of Indian Railways. During the year 1914-15 the Railways made a smaller contribution to the exchequer than had been anticipated; they were able to lend assistance in various other ways.

The War and Railways.

Soon after the outbreak of war the Railways of India were called upon at extremely short notice to concentrate **Despatch of Expeditionary Forces.** at the Ports of Bombay and Karachi troops of all arms with their full equipment and supplies, for the despatch overseas of by far the largest Expeditionary Forces that have ever left this country. At the same time the railways terminating at the ports were required to assist in carrying out urgent work in fitting up transports for the conveyance of these various Indian Expeditionary Forces. This work was not only done in railway workshops but also on the transports themselves at the docks, where foremen and workmen were sent to fit up and adapt the vessels for the carriage of troops.

ARMoured MOTOR CAR—EAST INDIAN RAILWAY.

Shortly afterwards the Railway Board were asked to arrange for the **Construction of Hospital trains.** construction of three hospital trains for the distribution of returned wounded soldiers from overseas Expeditionary Forces, landed at Bombay, to War Hospitals and Depôt Hospitals all over India. These trains were completed in the Carriage and Wagon Shops of the North Western Railway most

ARMoured TRAIN—EAST INDIAN RAILWAY.

expeditiously. Each train consists of nine vehicles, fit for accommodating 113 Indian and 6 European patients, is provided with electric light and fans throughout, and contains a dispensary, operating room, Hindu, Mohame-dan and European kitchens, and quarters for staff. Arrangements for cold storage, sterilisation, ample supply of hot and cold water, etc., have been made and a staff of workmen accompanies the trains to keep all the special fittings and electric gear in order.

AMBULANCE TRAIN.—NORTH WESTERN RAILWAY.

INTERIOR OF AMBULANCE TRAIN.—NORTH WESTERN RAILWAY.

Further, several Railways have built motor ambulances, armoured motor cars and armoured trains to meet the requirements of the Military Authorities and certain railway stores have been despatched for the Expeditionary Forces as required. Material assistance was also rendered by individual railways in certain other directions notably in making available and facilitating the transport of coal for the purposes of the Royal Indian Marine. The tasks thus entrusted to the railways were carried through without a hitch and to the entire satisfaction of Government.

INTERIOR OF MOTOR AMBULANCE.—EAST INDIAN RAILWAY.

ARMoured MOTOR CARS—EAST INDIAN RAILWAY.

Normally fifty officers of the Corps of Royal Engineers are employed in the State Railway Department. Forty-five of these have been set free for military duty; and in addition some thirty Civilian Officers belonging to the State Railways have joined the army. A considerable number of officers of the several Railway Companies, and of subordinates of all lines, have taken up military duty as well.

State Railways have also rendered assistance by providing the personnel necessary for the construction, repair and working of certain railways overseas.

MOTOR AMBULANCE—EAST INDIAN RAILWAY.

Effect of war on Recruitment. The war has materially affected the recruitment of both the Superior and the Subordinate Establishment of the Engineering, Traffic and Locomotive and Carriage and Wagon Departments of State Railways. In ordinary course, a proportion of the recruits required annually are obtained from England, but it has been decided that, in existing circumstances, the services of men who are qualified to fill the vacant appointments are more urgently required elsewhere. Recruitment from England has, therefore, almost entirely ceased. In India, on the other hand, there has been no dearth of qualified candidates and recruitment has proceeded in the ordinary way. In October 1914 nine appointments as probationary Assistant Traffic Superintendents

were made. Of the selected candidates, two were Europeans and seven Indians. The exceptionally large number of appointments made was due to the constitution of a Commercial Department on the North Western Railway to which allusion is made later on.

Railway Staff

The total number of servants in railway employ at the close of the year was 600,116, of which number 7,640 were Europeans, 10,345 Anglo-Indians, 582,131 Indians. Of the Europeans and Anglo-Indians 15,981 were enrolled as Volunteers. At the close of 1914-15 there were 10,664 children and 10,163 apprentices and workmen attending the Railway Schools.

The corresponding figures for the past ten years are shown in the following table:—

Year.	EMPLOYÉS.				Number who are Volunteers.	Children attending Railway Schools.	Apprentice and Workmen attending Railway Schools.
	Europeans.	Anglo-Indians.	Indians.	Total.			
1905	6,529	9,181	496,323	452,033	12,989	6,907	6,106
1906	6,840	9,354	462,759	478,953	13,805	6,898	6,391
1907	7,186	9,984	499,983	517,153	13,816	7,140	7,358
1908	7,344	9,951	508,188	525,483	13,911	8,719	6,513
1909	7,278	9,695	493,933	510,896	13,924	7,922	8,912
1910	7,406	9,554	522,741	539,701	13,723	8,239	8,552
1911	7,635	9,872	545,337	562,894	14,632	8,679	8,280
1912	7,850	10,066	571,506	589,422	15,014	9,632	9,591
1913-14	7,986	10,437	614,882	633,305	15,606	10,992	8,943
1914-15	7,640	10,345	582,131	600,116	15,981	10,664	10,163

Mileage.

During the year 1914-15, 645.70 miles of railway were opened to traffic, bringing the total mileage open (after allowing for minor corrections due to realignments, etc.) up to 35,285 miles. The additional mileage was made up as follows:—

	5' 6" gauge.	3' 3½" gauge.	2' 6" gauge.	2' 0" gauge.	Total.
	Miles.	Miles.	Miles.	Miles.	Miles.
State lines worked by the State ...	104.18	5.00	110.08
State lines worked by Companies ...	17.37	102.33	20.73	...	140.53
Branch line Companies' railways under rebate terms, worked by the Branch line Company.	1.15	30.50	40.65
Branch line Companies' railways under rebate terms, worked by the main line.	72.59	...	123.79	...	196.38
Companies' lines subsidized by the Government of India.	6.00	...	6.00
District Board lines	...	8.53	8.53
Companies' lines subsidized by District Boards	5.33	...	5.33
Native State lines worked by Native States	...	37.39	7.95	12.00	57.34
Native State lines worked by the main line	...	14.72	41.82	...	56.54
Companies' lines guaranteed by Native States	14.72	...	14.72
TOTAL ...	104.14	168.07	231.00	51.50	645.70

For the second year in succession the mileage on the 2' 6" gauge opened to traffic during the year exceeds that on any other gauge. For the first

time in the history of Indian railways the mileage of railways which have been completed by Companies who have obtained concessions on rebate terms exceeds the mileage of railways which have been financed by any other one method and have been opened during the year. Of the total mileage of 237 financed under these terms 210 miles have been constructed with money raised in India.

The mileage sanctioned for construction during the year comprised:—

	5' 6" gauge.	3' 3½" gauge.	2' 6" gauge.	2' 0" gauge.	Total.
	Miles.	Miles.	Miles.	Miles.	Miles.
State lines worked by Companies	1'85	3'54	5'3
Branch line Companies' railways under guarantee terms, worked by the Branch line Company.	92'70	...	92'7
Branch line Companies' railways under guarantee terms, worked by the main line.	8'30	...	8'30
Branch line Companies' railways under rebate terms, worked by the main line.	38'15	...	56'37	...	94'52
Unassisted Companies' lines	20'75	20'75
Native State lines worked by Native States	...	83'73	33'15	...	124'88

Lines opened during the year.

The Hardinge Bridge. The Lower Ganges Bridge at Sara was formally opened to all kinds of traffic by His Excellency the Viceroy on the 4th March 1915, and with His Excellency's permission was named the Hardinge Bridge.

The necessity for bridging the Ganges at some point in Lower Bengal arose from the increasing volume of traffic of all descriptions and kinds which has now to be carried in both directions over the Eastern Bengal Railway between Calcutta and Northern Bengal and Assam. Hitherto the traffic has been taken across the Ganges in barges, supplemented, as the traffic increased, by metre and broad gauge wagon ferries. The constant changing of the river channels, the instability of the river banks, the sudden rushes of traffic when the main staples (jute, tea, rice, etc.) have had to be moved, and the break of gauge of the Railways on the Northern (metre) and Southern (broad gauge) banks of the Ganges have for years combined to produce conditions with which neither the railway administration nor its clients were content.

It was in the year 1889 that the Eastern Bengal Railway first put forward the proposal to build this bridge but it was not till 1908, after much controversy and discussion as to the gauge, the site, and the constructing agency, that the construction of the bridge was finally sanctioned, when the preliminary arrangements for construction were immediately begun.

The bridge which has now been built is an engineering work of greater magnitude than any previously undertaken in the East, and takes its place as one of the most interesting and important engineering works of the world. It is desirable, therefore, to give some account of the principal features of the work.

The bridge consists of 15 spans of 345'-1½" girders from centre to centre of bearings with three land spans of 75' each at each end,

VIEW OF HARDINGE BRIDGE FROM LEFT BANK.

giving a total length of 5,900 feet, that is to say, approximately $1\frac{1}{8}$ miles. It carries a double line of rails and a footway for pedestrians. The foundations consist of wells sunk from 150 to 160 feet below low water level. This great depth was considered necessary owing to the alluvial nature of the soil in the river bed and its liability to be scoured to a depth of 100 feet. The wells carry masonry piers the tops of which are at high flood level, while on the piers are iron trestles $34\frac{1}{2}$ feet in height, which in turn carry the girders. Each well weighs about 16,000 tons, and the wells and piers and trestles of the entire bridge weigh over 300,000 tons.

End View. Hardinge Bridge.

A headway of 40 feet above highest-flood level has been provided to permit of the free passage of river craft of all kinds at all seasons. Some 29 million cubic feet of stone have been used in the bridge and training works combined. This protection will not be considered excessive when it is stated that at highest-flood not less than $2\frac{1}{2}$ million cubic feet of water flow under the bridge per second.

Each span of girders weighs 1,250 tons and there are 30,000 tons of steel-work in the whole bridge. Before the design of the girders was taken in hand a careful enquiry into the maximum weight, which engines and vehicles used on the standard gauge might be expected to attain, was carried out. The result of this enquiry was to show the desirability of enhancing the scale of loading in the case of this bridge. The existing scale laid down in 1908

as a standard for all India was accordingly increased. For Chord Members the increase amounted to 6.4 per cent, for Web Members to 12 per cent, and for Floor Members to 20 per cent. This is equivalent in respect of the main girders to a train of vehicles weighing 1.6 tons per foot hauled by two 8-wheel coupled locomotives with 20-ton axle loads on each of the coupled wheels, and in respect of the floor system to an 8-wheel coupled locomotive with 23-ton axle loads on each of the coupled wheels. Some 1,700,000 rivets were riveted up at site. For this pneumatic and hydraulic power were employed. In the construction of the masonry of the

bridge, cement concrete was freely used, concrete blocks weighing from 6 to 7 tons each being moulded in the blockyards and, after being allowed to set, carried to the works and used in place of bricks. Electricity was employed for the transmission of power over the whole of the work. The cost of the whole work is estimated to amount to some 360 lakhs of rupees, made up of 100 lakhs for the River Training works, 72 lakhs for the approaches and 188 lakhs for the Bridge structure proper.

The construction of the Hardinge Bridge will very largely remove the inconveniences to which the traffic has hitherto been subjected, although transshipment of the greater part of the traffic from metre to broad gauge

Service Girder in place for erection of last span of Hardinge Bridge.

will still be necessary at one or more points north of the river. This transshipment will now, however, be carried out in permanent tranship yards, the site of which will not depend on the vagaries of the river, while the very great expense of maintaining a ferry service under unusually unfavourable conditions will be avoided, thus bringing about large savings in working expenses; moreover, the greater rapidity and certainty of transport is expected to result in a very great increase in the volume of traffic on existing lines, while extensions such as the Sara-Serajganj Railway now under construction will bring much new traffic which the Eastern Bengal Railway without the bridge would have been unable to deal with.

The construction of the bridge, therefore, will, it is expected, on a return to normal times, so increase the earning capacity of the Eastern Bengal Railway as to justify the great cost of this bold project.

Sara-Santahar Broad Gauge Extension.

The decision to construct the Hardinge Bridge on the broad gauge rendered it necessary to consider to what extent the metre gauge lines to the north of the Ganges should be converted to broad gauge.

The immediate object that had to be secured was a suitable transshipment yard where the interchange of traffic from broad to metre gauge and *vice versa* could be conveniently carried out. Santahar, the first junction station on the metre gauge lines north of the river, was eventually selected as most suitable for a transshipment station, but the problem of the extent to which the metre gauge lines are to be converted was still under consideration at the close of the period under review. Its consideration has involved the examination of many connected questions of great importance, but recently a solution has been found which it is hoped will meet satisfactorily all the requirements of the case.

As soon as the construction of the Hardinge Bridge had been decided upon, the extension of the broad gauge from a point about 7 miles North of Sara to Santahar, a distance of 45 miles, was put in hand so as to allow of the simultaneous completion of both projects. This programme was carried out and on the 5th March 1915 when the Hardinge Bridge was opened, the broad gauge line from Sara to Santahar was also opened for passenger traffic. At first it had been intended to extend the broad gauge from Sara to Santahar by converting the metre gauge track to broad gauge but the enormous volume of fast and heavy passenger and goods traffic passing over the line rendered this impossible and the broad gauge line had to be built alongside of, and parallel to, the metre gauge track, so that at present both the metre and the broad gauge tracks are in use. It is proposed, however, that as soon as the embankment on which the new broad gauge track is laid has become consolidated, a second broad gauge track should be substituted for the metre gauge track.

Raja Bhat Khawa-Dalsingpara Branch.

This metre gauge line, which is 17½ miles long, forms a branch of the Eastern Bengal Railway, by which administration it has been constructed and is worked. It has been built in two portions, the first of which—7½ miles from Raja Bhat Khawa to Kalchini—was opened for passenger traffic in March 1914. The second or more northerly section from Kalchini to Dalsingpara has only been recently completed and was opened for passenger traffic in March 1915.

The line takes off from Raja Bhat Khawa, a station on the Santrabari Extension and immediately rises towards the foot of the hills. It runs in a west-north-westerly direction through several prosperous tea gardens, to the terminus at Dalsingpara. In addition to tea traffic some timber traffic is expected from the Government Forest Reserves which adjoin.

Bhairab Bazar-Tangi Branch of the Assam-Bengal Railway.

This project comprises a metre gauge railway, 40 miles long, and a wagon ferry across the river Meghna, with the necessary facilities on either bank and constitutes an important link connecting the Dacca Section of the Eastern Bengal Railway and the Assam-Bengal Railway system, between which no railway communication has hitherto existed. The line serves a densely populated and very fertile country growing paddy and jute, and brings Dacca, the most important town east of the Brahmaputra, into railway communication with the port of Chittagong. Apart from its value in the development of the district traversed, the line may thus be expected to procure a considerable through traffic. The branch was opened for traffic on the 1st July 1914, temporary ferry terminal arrangements having been made at Gouripur which is separated from Bhairab Bazar by the old Brahmaputra. The permanent alignment will reach Bhairab Bazar by a bridge of 3 spans of 100 feet and 5 spans of 60 feet girders over the old Brahmaputra with a headway of 23 feet. The permanent ferry terminal arrangements on this bank will be located immediately above the Bazar on a site which is being protected by heavy pitching against the erosion of the river. These important works are now in hand.

Jullundur-Doab Railway.

The construction of railways to serve the rich tract of country between the upper waters of the Beas and Sutlej rivers, known as the "Jullundur-Doab", was under discussion for many years from 1903 onwards, till in 1909 a proposal was made by the Southern Punjab Railway Company to construct a direct line from Jullundur southwards to Ferozepore, 75 miles long, across the Sutlej river, and to run a branch westwards from a junction at Lohian Khas on the right bank to Phillaur, a length of 39 miles. Later, a chord line of 19 miles was added between Jullundur and Nakodar, completing a system of 133 miles of branch lines on the broad gauge, which serve completely the whole Jullundur-Doab, between the main line of the North Western Railway and the Sutlej river, a thickly populated and well-cultivated tract, with many large towns and villages, including Kapurthala, Sultanpur Lodi, Nakodar and Nur Mahal.

Work was begun in November 1911, and the line opened in sections for passenger traffic from 1st January 1913 to 15th June 1914, when the Sutlej bridge of 20 spans of 100 feet was completed.

There has been no goods traffic to speak of since the whole line has been open, but the passenger traffic alone has given handsome returns and shows that, when in normal years the considerable surplus crops are exported to Karachi, the line will fully justify the expenditure on its construction.

Jacobabad-Kashmor Railway.

This 2' 6" gauge line, 77 miles long, constructed by the Upper Sind Light Railways Company, and opened on the 1st December 1914, is a feeder to the North

Western Railway, by the Administration of which it is being worked. It taps a well-populated and rich country irrigated by inundation canals. There is every prospect, therefore, of its carrying a large traffic which will increase as the cultivated area about Kashmir develops. Hitherto, the development of this part of the district has been retarded by its being dependent for transport on the river Indus, distant some seven miles from Kashmir.

Cawnpore-Banda Railway. This 5' 6" gauge line, 76½ miles in length, has been constructed by the agency of the Oudh and Rohilkhand Railway as a chord connecting Juhi, a station on the Great Indian Peninsula Railway and a suburb of Cawnpore, with Khairada, a station on the Jhansi-Manikpur Branch of the Great Indian Peninsula Railway. It traverses a portion of Bundelkhand which is indifferently served by roads or railways, and gives this part of the country better and much needed communication with the large trading centre, Cawnpore. The line crosses the Jumna River by means of a bridge of 12 spans 250 feet, a mile and a half below its junction with the Betwa River. North of the Jumna throughout the Cawnpore district, the land is populous, well-cultivated and largely under irrigation. South of the Jumna, in the Hamirpur and Banda districts, the land is less populous and is intersected by numerous ravines though the soil is good. The chord was opened for traffic in two sections, the northern section from Juhi to Hamirpur Road, 33½ miles, was opened in April 1913, and the southern section from Hamirpur Road to Khairada, including the bridge over the Jumna, was opened in July 1914. The working of the chord was taken over by the Great Indian Peninsula Railway Company on and from the 1st April 1915 and under the contract the Company have agreed to work the chord at the same percentage of working expenses as obtains on the undertaking. They have also agreed to stock the line for 5 per cent of the gross earnings. The net profit derived from working the chord will accrue to Government.

Dudwa-Gauri Phanta Extension. This branch line on the metre gauge has been constructed by the Rohilkund and Kumaon Railway Agency to carry timber from the Nepal and Government Forests.

The branch is 14½ miles long and was opened for traffic in April 1914. It terminates a few hundred yards from the Nepal border. The country traversed is entirely under forest and is very unhealthy during the rains. All labour for construction had to be imported and it was difficult to keep owing to the prevalence of malaria.

For the present, the branch is only kept open during the cold weather and early summer from November to June or July as it is impossible to keep the staff out on it during the rainy season. It is possible things may improve in this respect when more of the neighbouring forest is cut and cultivation takes its place.

Broach-Jambusar Railway. The Broach-Jambusar Railway has been built by the Bombay, Baroda and Central India Railway Company as a feeder to their broad gauge system, chiefly with a view to developing cotton traffic. The line has been built on the 2' 6" gauge and second-hand rails and girders removed from the parent line have been utilized. The total length from the junction at Broach station to the terminus at Jambusar is 29 $\frac{3}{4}$ miles.

Petlad-Vaso Railway. This line, which is 15 $\frac{1}{2}$ miles long and of 2' 6" gauge, starts from Petlad station on the Petlad-Cambay Railway and runs in a northerly direction to its terminus at Vaso. The object of the line is to develop cotton and tobacco traffic.

Jodhpur-Phalodi branch of the Jodhpur-Bikaner Railway. This branch, 79 miles in length, has been constructed by the Marwar Durbar as a light railway on the metre gauge. The primary object of the line is to afford protection against famine. It is anticipated, however, that the branch will carry a considerable traffic, as Phalodi is one of the most important towns in Jodhpur State, while other towns in which wealthy Marwari traders reside, lie along the route.

The Jodhpur-Osian section—34 miles—was opened for traffic on 21st September 1913. The Osian-Marwar Lohawat section—27 miles—was opened on 17th March 1914 and the remaining section to Phalodi—45 miles—on 12th May 1914.

Dhrangadra-Halvad Extension of the Dhrangadra Railway. This 20-mile extension in the extreme north of Kathiawar serves Halvad, an important cotton centre and the ancient capital of the State. The line was opened for passenger traffic on 9th March 1915.

Dhond-Baramati Railway. This 2' 6" feeder line, opened for traffic in May 1914, and constructed by the Dhond-Baramati Railway Company, of which the Managing Agents are Messrs. Shapurji, Godbole and Company, runs south from Dhond Junction on the Great Indian Peninsula Railway, to Baramati, 27 miles. The country traversed is barren, but at Baramati the fertile valley of the Nara canal is opened up. Jagri is the chief export.

Bari-Tantpur Extension. An extension of the Dholpur-Bari 2' 6" gauge light railway was opened for the carriage of public traffic during the year in two sections, Bari to Baseri, a distance of 9 miles, on the 15th September 1913, and Baseri to Tantpur, a distance of 8 miles, on November 16th, 1914.

This line, which has been constructed by the Dholpur Durbar, opens up the valuable red sand stone quarries in the neighbourhood of Tantpur. From these quarries it is believed that a considerable quantity of the stone for the Mogul buildings in Agra was brought, and they are still extensively worked.

A VIEW OF THE GHAT SECTION. SOUTHERN SHAN STATES RAILWAY

Nidamangalam-Mannargudi R. railway. The Nidamangalam-Mannargudi Railway, 8½ miles in length, which was opened for traffic on February 15th, 1915, has been built by the South Indian Railway Company from funds furnished by the Tanjore District Board. It connects Nidamangalam, a station on the Nagore Branch of the South Indian Railway, with the important town of Mannargudi, which is the centre of a rich agricultural district and has a population of approximately 25,000. A project is under consideration for extending it to Tiruturaipundi on the Tanjore District Board Railway, from which station a branch line to Vedaraniem is also projected.

Southern Shan States Railway. Altogether 70.25 miles of this line have now been opened for passenger traffic, of which 16.05 miles were opened in June 1912, 6.95 miles in August 1913, 40.06 miles

in February 1915 and the last section 7.19 miles from Kalaw to Aungban on 19th March 1915. The through mileage from Rangoon of the section now open is 305.91 to 375.99 miles. It is now proposed to extend the line on to Heho, a distance of 19.31 miles.

The project was undertaken in order to assist in developing the Southern Shan States, and in particular to serve the trade of the fertile valley of the Inle Lake which lies some 33 miles beyond the present terminus of the Railway. It will also facilitate the Civil Administration of the States.

The branch forms a junction with the Burma Railways Main Line at Thazi where the climate is not unlike that of the Punjab, and running east commences at the fifteenth mile to climb into a tangled mass of forest-clad hills and precipitous river gorges until at mile 63 Kalaw is reached. Here, the railway enters a country of rounded grassy hills and pine woods where the climate is pleasant and temperate.

It is expected that Kalaw will gradually develop into a popular health resort for Lower Burma for which it possesses many natural and physical advantages.

The section and plan of the line (skeleton diagrams of which are given) indicate the natural difficulties which, together with the scarcity of any kind of labour and the unhealthy climate of the foot hills, have had to be overcome in constructing the line.

Important Lines under Construction.

Burdwan-Howrah Chord. The original intention was that the chord should start from Burdwan but, as a result of the investigations carried out during the year as to the best point of connection near Burdwan, it has been decided that instead of the chord branching off at Burdwan in the direction of Howrah two additional tracks should be laid along the present alignment between Burdwan and Saktighar and that the actual point of bifurcation from the main line should be at Saktighar. Between Saktighar and Bally, a distance of 45 miles, there will be a double line while the existing double line between Bally and Lillooah will be quadrupled. Work on the whole scheme is now in progress and the chord is expected to be opened for public traffic about the middle of 1916.

Itarsi-Nagpur Railway with a branch to the Pench Valley Coalfields. This project can conveniently be divided into 3 sections, *viz.*, the Northern, the Southern and the Eastern. The Northern section extends from Itarsi to Amla, the Southern from Amla to Nagpur and the Eastern from Amla to Parasia. The Northern section, which is 81 miles long, is now open throughout. On the Southern section the length between Pandurnah and Nagpur is expected to be opened for public traffic in October 1916 and that between Amla and Pandurnah sometime in April in the year following. The Eastern section, that is, the Pench Valley Branch to the Coal-fields, is expected to be ready for opening in October 1915.

Great Indian Peninsula Railway. Overhead connection at Bombay. The connection between Victoria Terminus and the Harbour Branch of the Great Indian Peninsula Railway, although but 1.96 miles in length, is one of the most costly undertakings per mile which have

ever been carried out on an Indian Railway. It involves heavy work in the heart of a large city and is estimated to cost Rs. 62 lakhs. The total expenditure up to the 31st March 1915 was Rs. 19 lakhs. It is anticipated that the line will be opened for traffic in June 1918.

Investigation of Indo-Ceylon connection. Adam's reef.

The possibility of connecting India and Ceylon by a railway across the bank of sand extending the whole way from Rameswaram to Mannar has been reported on from time to time, since 1895 various schemes having been suggested.

The South Indian Railway having been extended to Dhanushkodi, the southernmost point of Rameswaram Island, and the Ceylon Government Railway to Talaimannar, on Mannar Island, two points distant from each other about 21 miles across a narrow and shallow strait, the project has again been investigated with the idea of connecting these two terminal

stations by a railway constructed on a solid embankment raised on the sand bank known as "Adam's Bridge," to supersede the ferry steamer service which has been established between these two points.

In 1913, a detailed survey was made by the South Indian Railway Company and a project has now been prepared. This project contemplates the construction of a causeway from Dhanushkodi Point on the Indian side to Talaimannar Point on the Ceylon side, a length of 20.05 miles of which 7.19 will be upon the dry land of the various islands, and 12.86 will be in water. The sections on dry land will consist of low banks of sand pitched with coral and present no difficulty. The section through the sea will be carried on a causeway which it is proposed to construct in the following way. A double row of reinforced concrete piles, pitched at 10 feet centres and having their inner faces 14 feet apart, will first be driven into the sand. These piles will then be braced together longitudinally with light concrete arches and chains and transversely with concrete ties, struts and

chains. Behind the piles slabs of reinforced concrete will be slipped into position, the bottom slabs being sunk well into the sand of the sea bottom. Lastly, the space enclosed by the slabs will be filled in with sand.

The top of the concrete work will be carried to six feet above high water level, and the rails will be laid at that level. The sinking of the piles and slabs will be done by means of water jets. This causeway, it is expected, will cause the suspended sand brought up by the currents, to settle on either side bringing about rapid accretion and eventually making one big island of Rameswaram island and Mannar island.

If this method of construction is adopted, it is estimated that the total cost of the causeway and works at the two terminal points, *viz*:—Dhanushkodi and Talaimannar will be approximately 111 lakhs.

New construction financed by Private Enterprise, District Boards and Native States.

During the period under review, concessions were granted and capital raised for the construction by private companies of the railways shown in the table below. These companies have been floated under the so-called "Branch Line" terms, which are printed as Appendices Nos. 32, 33 and 34 of Volume II of this Report and which were issued in their final form in November 1913. Under these terms, financial assistance is offered by Government to private companies undertaking the construction of feeder lines to existing State or Company-worked railways, in either of the following forms:—

- (1) A rebate paid by the parent line from its net earnings from traffic brought to it by the feeder railway, sufficient to make up 5 per cent. on the paid up capital of the Branch Line Company; the liability of the main line being, however, limited to the total of the net earnings from this traffic.
- (2) A firm guarantee from Government of a $3\frac{1}{2}$ per cent. return on the paid up capital. In certain cases, when the Branch Line Company so desires, a guarantee may be offered in respect of a portion of the capital of the Company, and a rebate in respect of the remainder.

During the year ending March 1914, Rs. 224 lakhs of capital were raised under the Branch Line terms for the construction of 341 miles of railway; while the lines similarly financed during the year under review aggregated 377 miles and involved a total capital outlay of Rs. 197½ lakhs. Negotiations were, in addition, concluded, and concessions granted for the construction of several branch lines, which have not been shown in the

table, as the capital required for their construction had not been raised by the 31st March 1915.

Name of railway.	Gauge.	Length.	Capital subscribed.	Financial assistance.	Working agency.	Promoters.
		Miles.	Rs. (lakhs).

Trichinopoly-Puddukotai Railway.	3' 3½"	32	20	Rebate	South Indian Railway.	Raja of Puddukotai.

It is satisfactory to note that notwithstanding the effect which the outbreak of war has exercised on the money market, three out of the eight lines included in the foregoing table were financed after its outbreak—a fact which testifies to the popularity of Companies floated under the Branch Line terms. Additional evidence of this popularity is furnished by the fact that apart from the schemes for which concessions have actually been granted, there were under negotiation at the close of the year 1914-15 proposals for the construction of 2,376 miles of railway on the 2' 6" gauge, 649 miles on the metre gauge, and 570 miles on the broad gauge, or an aggregate of 3,595 miles of railway, involving a total capital outlay of nearly twenty crores of rupees, or upwards of thirteen millions sterling.

But, however attractive the Branch Line terms of 1913 may have proved in respect of the better developed provinces of India, it was recognised that in Assam, owing to the undeveloped state of the country, further inducements than those held out by the Branch Line terms were necessary if private capital was to be attracted to railway projects. It was accordingly decided that special terms should be offered for the construction of railways in that province and a Resolution was issued in January 1915 which permitted the grant, for a limited number of years after opening of a railway to traffic, of a provincial subsidy of 1 per cent. by the Assam Administration in addition to the Imperial guarantee of 3½ per cent. The number of proposals for the construction of feeder lines in Assam, which have been put forward since the publication of this Resolution, shows that the value of this additional concession is fully appreciated by the public

chains. Behind the piles slabs of reinforced concrete will be slipped into position, the bottom slabs being sunk well into the sand of the sea bottom. Lastly, the space enclosed by the slabs will be filled in with sand.

The top of the concrete work will be carried to six feet above high water level, and the rails will be laid at that level. The sinking of the piles and slabs will be done by means of water jets. The number of proposals for the construction of feeder lines in Assam, which have been put forward since the publication of this Resolution, shows that the value of this additional concession is fully appreciated by the public

Improved terms for Assam.

and it may confidently be expected that, within a few years, a system of such feeder railways, adequate to the development of which Assam at present stands in need, will have sprung up.

The part taken by the District Boards of the Madras Presidency in the development of railway communications in the Presidency is well known.

District Boards.

Since the year 1884, District Boards in Madras have been empowered to levy a special cess not exceeding 3 pies per rupee of land revenue,—the proceeds of this cess being reserved for the construction of feeder railways intended to develop the districts which finance and own them.

The Tanjore and Kistna District Board Railways were for some years the only examples of lines so constructed, but recently the example of those Boards has been followed in several other parts of the Presidency. During the year under review, the following lines were under construction at the cost of local funds:—

- (1) Podanur-Pollachi (3' 3 $\frac{3}{4}$ ") by the District Board of Coimbatore, 25 miles in length and estimated to cost Rs. 11 $\frac{1}{2}$ lakhs.
- (2) Tenali-Repalli Railway (5' 6") by the District Board of Guntur, 23 miles in length and estimated at Rs. 14 lakhs.
- (3) Nidamangalam-Mannargudi and Tirutturaipundi-Vedaraniem Railways (3' 3 $\frac{3}{4}$ ") by the Tanjore District Board, having a combined mileage of 31 $\frac{1}{2}$ and being estimated to cost approximately Rs. 20 lakhs.

For various reasons, no new District Board Railways were actually sanctioned during the year, but at its close negotiations were in progress in connection with a number of important schemes, which it was hoped would shortly materialise.

To encourage District Board enterprise in other parts of India, permission to legislate for the levy of a railway cess was extended during 1913 to all Local Governments desiring to introduce such legislation but it will probably be some years before any of the local Boards in these provinces have accumulated sufficient funds to commence the construction of branch railways.

Native States.

at the cost of Native States:—

During the year under review the following lines were under construction

Baroda.

	Length in miles.
1. Chalala-Dhari, metre gauge	11.71
2. Patan-Kakoshi, metre gauge	24.72
3. Bilimora-Sara-Kalamba, 2' 6" gauge	34.98
4. Jarod-Samlaya, 2' 6" gauge	5.35
5. Motipura-Tankhala, 2' 6" gauge	27.16
6. Masar Road-Jambusar, 2' 6" gauge	7.22
7. Vaso-Pihij, 2' 6" gauge	3.48
8. Samlaya-Savli-Timba, 2' 6" gauge	33.24

3. Tarikere-Narasimharajapura, 2' 0" gauge 25-00
Travancore.		
Quilon-Trivandrum, metre gauge 39-15

Amongst the Native States who own property in the shape of railways are Baroda, Hyderabad, Bhavnagar, Gondal, Porbandar, Jodhpur, Bhopal, Patiala, Morvi, Junagad, Kashmir, Kolhapur, Rajkot, Jetpur, Mysore, Cooch Behar, Gwalior, Mewar, Kotah, Navanagar, Rajpipla, Bikaner, Dhrangadra, Parlaki-medi, Cambay, Maler Kotla, Jind, Cochin, Travancore, Cutch, Jaipur, Mourbhanj, Sangli, Dholpur, and Bahawalpur. The order in which these names are given represents approximately the sequence in which the different States first began to interest themselves in schemes of railway extension.

The rebuilding of the Par Bridge—Bombay, Baroda and

In many cases at the inception of the projects undertaken during the last quarter of the nineteenth century the Native States concerned had no hope of securing a direct profit, but spent their moneys with a view solely to the development of their territories. This policy has justified itself not only by the development which has actually been brought about but in many cases by a substantial direct return in the form of net earnings secured from the railway property.

Both Baroda and Mysore have now a regularly constituted department in charge of Railways, while Bhavnagar, Gondal, Porbandar, Jodhpur, Morvi, Junagad, Gwalior, Bikaner and Dholpur manage their own railways. The lines of other States are worked by the neighbouring Main Line Companies under an agreement with them or by State Railway Administrations under an agreement with the Government of India.

Aerial Ropeways.

With a view to the control of aerial ropeways, for which several schemes have recently been submitted to the Railway Board, the Government of India have had under consideration the advisability of introducing special legislation on the subject, as neither the Indian Railways Act nor the Tramways Act can apply to the case of ropeways.

Central India Railway. Five spans of 160' Double Track.

The Local Governments and Administrations who were consulted in the matter have forwarded their views, and these are now under consideration.

Improvement of Open Line Equipment.

Up till the end of the year under review expenditure on the numerous works of open line improvement in progress throughout the country had not been in any way curtailed. It has been possible, moreover, to arrange a supply of funds during the year 1915-16 which will permit of a rate of progress on these works but little less rapid than that reached during recent years. In the view of the Railway Board the increased facilities for handling traffic rapidly afforded by such works of improvement, as the doubling of existing tracks, the remodelling of cramped station yards, the construction of additional crossing stations and sidings and the improvement of watering arrangements are more urgently required than further additions to rolling stock. The difficulty which the present war necessarily places in the way of obtaining manufactured material need not, therefore, bring to a standstill the programmes of work which have been framed, since much can be done with great advantage with the materials and labour available in India.

The special map which accompanies this report shows where the more important open line works were in progress during the year.

The Rebuilding of the Tapti Bridge—Bombay, Baroda and

A route mileage of over 400 was in process of being equipped with a second track or with third and fourth tracks.

Additional tracks.

The Great Indian Peninsula Railway completed and opened for traffic the third and fourth tracks between Byculla and Thana in February 1915, 18½ miles. The quadrupling between Thana and Kalyan, 12½ miles, is being rapidly pushed on. On the same railway the second track between Shegaon and Murtajapur has been completed, while the doubling of the 134 miles between Murtajapur and Nagpur is still in progress.

Following on the quadrupling of the tracks between Naihati Junction on the Eastern Bengal Railway and Sealdah Terminus it has been decided to undertake the quadrupling of tracks between Tiljala Junction outside Sealdah and the Port Trust Railway serving Calcutta Docks. Work made good progress on these 4½ miles. At various points both on the broad and metre gauge sections of the Eastern Bengal Railway a second track is being provided where congestion has been acutely felt. During the year the doubling of 35 miles of track in all was in progress.

The same policy is being pursued by the East Indian Railway Administration who are laying a third track on two short sections, Uttarpara to Lilloah, 3 miles, and Bhadreswar to Baidyabati, 2½ miles, apart from the work being done in connection with the construction of the Burdwan-Howrah Chord to which a reference has already been made. On the same railway, 9 miles of double track has been laid during the year.

On the Bengal-Nagpur Railway the section between Bankura and

Central India Railway. Ten spans of 187' 6" Double Track.

Bhojudih, 46 miles in length, is being doubled, and good progress was made during the year.

On the North Western Railway 172 miles of second track is being laid between Rohri and Kotri. When this work has been completed, the North Western Railway Administration will have a practically continuous double line from Karachi to Lodhran, 524 miles.

Apart from minor schemes for the remodelling of stations, 57 projects for the remodelling of yards at a cost exceeding a lakh of rupees were in progress on Indian Railways. It would be tedious to enumerate the different yards in which work was in hand, but a few of the more important of them may be mentioned. The Bombay, Baroda and Central India Railway Administration had no less than 14 such projects in progress, the most important of which were the remodelling of Ahmedabad, Bandra, Baroda and Bulsar yards. On the North Western Railway the yards at Lahore and Amritsar, two of the most important stations on the line, were being extensively remodelled. On the Great Indian Peninsula Railway, several important remodelling schemes have been necessary in connection with the doubling of the Shegaon-Nagpur section. Of these the principal are Shegaon, Badnera, Wardha and Nagpur, while Nandgaon, Bhusaval, Khandwa, Agra, Sholapur and Hotgi yards are also being reconstructed.

The remodelling of Nagpur yard is the biggest scheme of the kind at present in progress. It involves the construction of an entirely new hump goods yard. The space at present occupied by goods arrangements is thus being made available for a remodelled passenger station. The approximate estimated cost of the entire scheme is Rs. 70 lakhs.

On the Bengal-Nagpur Railway, the largest remodelling schemes in hand are Bilaspur, Gondia, Chhindwara, Adra and Bhojudih.

On the South Indian Railway, the remodelling of Chingleput and Mayavaram stations were completed.

On the Eastern Bengal Railway, the remodelling of Naihati yard has been completed, while work was in progress on Sealdah, Ranaghat, Katihar and Santahar.

The East Indian Railway have important remodelling schemes in hand at Howrah, Bandel, Mohuda and Ghaziabad, while on the Madras and Southern Mahratta Railway the important Bezwada remodelling scheme is nearing completion.

No less than 92 new stations were in course of construction on open lines of railway during the year. The Eastern Bengal Railway heads the list in this connection with a total of 26 new stations under construction, while on the North Western Railway, 25 new stations are being built, though several of these have been necessitated by military considerations rather than by the requirements of ordinary public traffic.

Nineteen important bridges were being regirdered during the year. In last year's Report mention was made of the difficulty which frequently attends work of this kind, and special mention was made of a difficult piece of work undertaken by the North Western Railway engineers. In the present Report mention may be made of an ingenious method of erecting new girders adopted by the Engineer-in-Chief, South Indian Railway, in the case of a number of important regirderings carried out on his railway. The rivers to be crossed in these cases have wide sandy beds, dry throughout a considerable part of the year. On either side of the track timber trestle ramps were built at the piers of the bridge sloping down to the level of the river bed on either side. The new girders were erected in the first instance on the river bank and each new span was dragged out on trollies on a track in the river bed to a point opposite to the pair of girders to be renewed. The new girders and the old ones were then fastened together by hawsers and the old girders were dragged on trollies down the ramp on one side of the bridge, while the new girders were being dragged in the same way up the ramp on the other side. In this way the weight of the old girders acted as a counterpoise to that of the new girders and the replacement was successfully and economically effected.

Fifty-nine schemes for the improvement of water-supply were also in hand which in many cases involved the construction of large dams for the

New stations.

Girder renewals.

Water-supply.

**View of Junction of Harbour Branch with Bombay-Thana Quadrupled lines at Kurla,
Great Indian Peninsula Railway.**

Substitution of a "Trough" Plate Girder span under traffic on the Kurang Bridge.—North Western Railway.

impounding of an adequate supply during the monsoon period. The Bengal-Nagpur Railway Administration were responsible for seventeen water-supply schemes, while on the Madras and Southern Mahratta Railway fifteen and on the Bombay, Baroda and Central India Railway, thirteen, such schemes were in progress.

Besides these works in connection with the improvement of the capacity of a railway there are certain works which make considerable demands on railway funds and which as they are not directly connected with the movement of traffic, are apt to be lost sight of by the ordinary travelling public. Locomotive and Carriage and Wagon shops are amongst such works. In late years all Railway Administrations have had to spend very freely on the improvement of their workshops and as the following will show considerable progress has been made. In Bombay, entirely new and up-to-date Carriage and Wagon shops have been erected at Matunga by the Great Indian Peninsula Railway while the Bombay, Baroda and Central India Railway have the remodelling of their Locomotive shops, at Parel; in hand. At Lahore, the North Western Railway have recently completed their new Carriage and Wagon shops and the new Locomotive shops are fast approaching completion.

At Kanchrapara, the Eastern Bengal Railway have just completed the erection of their new Carriage and Wagon shops and are considering the remodelling of their Locomotive shops at Kanchrapara as well as considerable additions and alterations to the metre gauge shops at Saidpur. At Perambur, the Madras and Southern Mahratta Railway have also recently completed the erection of new Locomotive shops and at Gorakhpur on the Bengal and North-Western Railway new and up-to-date Carriage and Wagon shops have been completed while new Locomotive shops are in process of erection.

All these improvements have necessitated a large outlay of money but should quickly make their influence felt by a cheaper, quicker, and increased out-put of work.

Rolling-Stock.

During the period under review, the additions to the rolling-stock of Indian railways, apart from renewals carried out on revenue account, have

Rolling-Stock.
been as follows :—

	5' 6" gauge.	Metre gauge.	Smaller gauge.
Locomotives	353 (174)	56 (56)	32 (17)
Coaching vehicles in terms of 4-wheeled units	821 (871)	483 (600)	283 (145)
Wagons and trucks in terms of 4-wheeled units	11,908 (4,943)	2,283 (1,513)	563 (219)

The average annual additions to the rolling-stock for the preceding five years are shown underneath the corresponding figures for the year under review.

It will be noticed, that the additional wagons supplied during the year have been unusually numerous. The effect of this upon the general position is noticed in another paragraph.

The results recorded during the year from the use of superheaters on engines are striking. In every case considerable saving both in fuel and water consumption, is reported. The saving in fuel has been between 1 per cent and 25 per cent, and in water, 15 per cent to 35 per cent, according to the circumstances under which the engines were working. Superheater engines have also proved capable of hauling greater loads than saturated engines. It is generally anticipated, moreover, that the reduced boiler pressure will prolong the period of running, before heavy boiler repairs become necessary.

The Locomotive Superintendent, North Western Railway, reports that by using superheaters on engines of the heavy goods (2-8-0) type on the Karachi District, it has been found possible, under favourable conditions, to haul loads of 72 vehicles between Kotri and Karachi, on which section, engines of the same type using saturated steam, could only take 55 vehicles, owing to grades of 1 in 200. Not only do the superheater engines take heavier loads, but they show a reduction of 30 per cent in fuel and in water consumption per vehicle mile.

These very satisfactory results have led several railways to decide that all their engines for main line work shall be fitted with superheaters, and this will have an important bearing on several proposals for regrading, at present under consideration.

No striking alterations in type of vehicle have been introduced during the year. The Great Indian Peninsula Railway Company have obtained their first instalments of 2' 6" gauge stock for the Central Provinces and Dhond-Baramati Railways, the first branches of the Great Indian Peninsula Railway to be constructed on this gauge. The coaching vehicles provide accommodation for 1st and 3rd class passengers only, and the distinctive appearance of the Great Indian Peninsula Railway Company's 5' 6" gauge stock has been retained in the stock built for the narrow gauge.

The bogie hopper wagons provided by the Bengal-Nagpur Railway for carrying iron ore for the Tata Iron and Steel Works, are a noteworthy instance of a special class of vehicle having to be provided to meet a special demand.

2' 6" Gauge Train.—Central Provinces Railways.

Bogie Hopper Wagon—Bengal-Nagpur Railway.

The preliminary oil fuel trials referred to in last year's Administration Report, have now been completed. Five different systems of burning oil have been tried, with many variations in the arrangement of burners, air supply, brick arches and brick linings of fire-boxes, etc. Having found the best working conditions for each system (as indicated by free steaming, freedom from black smoke and minimum fuel consumption) the next step was to determine the relative merits of the different systems for everyday work.

As a result of the preliminary trials, Holden's Coal and Oil System (but with oil only), and the Mexican Trough System have been selected for the final trials. The new engines to be used in the final trials are now under erection, and are being fitted accordingly. It is expected that the final trials will commence about September next, after the engines have run a sufficient number of trips to ease all bearings and get the oil-burning apparatus thoroughly tuned up.

The preliminary trials have proved conclusively, that oil fuel is preferable to coal in respect to uniformity, free steaming and freedom from black smoke. So far as can be judged at present, the wear and tear of fire-boxes is not materially increased by the use of oil fuel. The substitution of oil fuel for coal is therefore merely a question of the price at which the oil fuel can be supplied. The final trials will determine the price that railways can afford to pay.

Improvements in Traffic Working.

The train control system which was first introduced on certain lengths of the Great Indian Peninsula Railway during the year 1913-14 and a short description of which was given in the Railway Administration Report for that year, has been extended to various sections of that line. The results obtained from the working of the system continue to be satisfactory. Its adoption on certain other railways has been postponed owing to the difficulty in obtaining telephone materials.

With the approval of the Railway Board, the Bengal-Nagpur Railway have terminated the agreement with their Refreshment Contractors and formed a Catering Department of their own to work all the Restaurant Cars and Refreshment rooms on the system. The Company expected that this arrangement will make for efficiency and the comfort of the travelling public besides proving a financial success, as has been the case on English Railways.

Owing to the great increase in the mileage and the volume of traffic dealt with by the North Western Railway it was found that the Traffic Department of that line could no longer be efficiently supervised and controlled by one Traffic Manager. The Railway Board decided that the only practicable means of improving matters was to reorganise the department so as to follow, as far as Indian conditions would permit, the system in force on Railways in Europe and America of dividing the traffic organisation into two separate departments, *viz.*, one to deal solely with transportation and passenger traffic and the other to deal solely with the commercial side of traffic working, including rates and claims. With this object in view the Railway Board deputed a senior Traffic Officer to examine the conditions and the requirements of the railway and to draw up a scheme of reorganisation on the lines indicated.

His report was received in October 1913. It dealt with the question of a complete separation of the two branches of work, and in course of time it may become necessary to go as far as suggested in it. The Railway Board, however, considered that the immediate introduction of the scheme as a whole would cause some confusion in the working of the Traffic Department and they submitted to the Secretary of State for sanction certain modified proposals for bringing into operation separate Commercial and Transportation Departments.

Under these proposals, the Transportation Department will be controlled by a Traffic Manager, a Deputy Traffic Manager and three Divisional Deputy Traffic Managers holding charge of definite portions of the line with District Superintendents working directly under them. The Commercial Department will have one Chief Commercial Superintendent working directly with the Agent, and having under him one Rates Superintendent and three Superintendents holding charge of the Commercial branch of the work of divisions of the line corresponding with those of the Transportation Department.

This organisation makes the Deputy Traffic Managers, Transportation, responsible for the working of their respective divisions only, thus allowing them to move about and personally to inspect stations and assist their District Officers far more freely than they were able to do under the old system in which a Deputy Traffic Manager was responsible for certain branches of the work over the whole line. Moreover, as the Commercial part of the work is gradually taken over by the Commercial Divisional Superintendents further relief will be effected and better opportunity afforded to the officers of the Transportation Department to exercise that close personal check which is so essential to efficient working, and those of the Commercial Department to specialize in their branch of the work. It is felt that this will enable the latter to give the many budding industries in

**CATERING ARRANGEMENTS FOR INDIAN PASSENGERS,—NEW STYLE.
INTERIOR OF INDIAN REFRESHMENT CAR.—NORTH WESTERN RAILWAY.**

CATERING ARRANGEMENTS FOR INDIAN PASSENGERS.—OLD STYLE.

the country the special attention which is necessary for their development as well as to apply proper means for canvassing and obtaining traffic to be handled by the Transportation Department.

The proposals placed before the Secretary of State for India were approved generally and a distinct move in the direction of introducing them has been made. But the outbreak of war and the consequent surrender of staff for military duty has temporarily interfered with the completion of the change which will be gradually carried out as opportunity offers.

The Railway Board have been giving special consideration to the question of the assistance which can be rendered by railways in the development of indigenous industries by the quotation of favourable rates for the carriage of raw material required in manufacture and the carriage of the finished product. They are of opinion that the conditions brought about by the war, which have placed obstacles in the way of the importation of foreign manufactures, render the present time exceptionally opportune for the starting of new enterprises and the revival of old ones. In these circumstances, it was decided to bring matters prominently before the notice of railway administrations.

The Railway Board, in pursuance of the policy of the Government in this matter, have continued to encourage the purchase in India of all articles of indigenous origin or of local manufacture, which are required for railways and which do not compare unfavourably in quality and price with similar articles obtained from England. Apart from the special circumstances brought about by the war, the value of orders placed in this country has steadily risen, which, in view of the conditions governing the placing of such orders, indicates progressive industrial development.

Since the out-break of war, the abnormal industrial situation in England has resulted in the diversion of substantial orders for rails, cast-iron sleepers and chairs to India, as also for such rolling-stock as can at present be constructed in this country.

The following summary of the work carried out in the Superintendent of Local Manufactures' Department, may be of interest.

Government Test House at Alipur.

The receipts for the past year for inspection, chemical analysis, and physical tests, show an increase over those of the previous year of about 24 per cent.

As regards both inspection and testing, the increases are principally due to work undertaken on behalf of Government Departments (other than State Railways) and Companies' lines, and not appreciably on account of an increased volume of work from State Railways.

The work given to firms in Calcutta and to the Barakar Iron and Steel Works, is shown in the following figures :—

	1913-14.	1914-15.
	Rs.	Rs.
Wagons	11,87,980	20,54,980
Carriages	75,600	68,000
Steamers	34,452	Nil.
Barges	2,12,173	11,894
Bridge and Structural Work...	15,88,397	8,14,345
Permanent-Way	2,01,586	1,21,756
Castings, etc.	8,06,088	8,60,671

In addition to the tensile and bending tests made on samples of material for railways, a great deal of varied and miscellaneous work has been done in the Physical Laboratory; and the Chemical Laboratory has been well employed in the analysis of coal, oil fuels, oil, water, lime and cement. As many as twenty-three private firms, who had not previously employed this Department's services, sent samples of oil and cement to be reported on. Many of the samples of cement were of Indian, Japanese or Chinese manufacture.

Coal Department.

During the calendar year 1914, the tonnage of coal inspected by the State Railways Coal Department, amounted to 3,985,572 tons. Of this, the coal carried to destination by rail amounted to 3,060,257 tons, and by sea from Calcutta, to 925,315 tons in 267 cargoes. Coal mined in India in 1914, amounted to a total of 15,727,631 tons, out of which railways accounted for a consumption of 5,200,000 tons or, roughly, one-third of the coal raised. Owing to the difficulty of obtaining tonnage, large quantities of coal under contract for delivery to railways at Karachi, Bombay and Madras by sea, were transferred to the all-rail

route, total transfers to the end of the period under review amounting to about 450,000 tons. In spite of these transfers, the total quantity of coal shipped from Indian ports was actually greater than during the previous year. However, the high freights prevailing will probably cause a considerable decrease in the export of coal during the present year.

Owing to the falling off in traffic in consequence of the war, the coal under contract for several railways, was found to be in excess of requirements, and arrangements were made for the delivery of a portion of this coal to be postponed until the year 1916-1917. The total coal affected by this arrangement was about 450,000 tons.

Coal prices fell steadily during the year, particularly for inferior qualities, owing to the accumulation of stocks at the collieries. This fall in value continued up to the end of the period under review, when large quantities of fair second class coals could be obtained at about Rs. 2 per ton at pit's mouth, a rate which is not much over the cost of raising the coal.

At the end of the year, an offer was made by the Coal Department to the coal trade through the Indian Mining Association, to inspect and pass cargoes of public export coal. It was hoped that this offer would stimulate the export coal trade, but the rise in sea freights has prevented much business being done. A number of cargoes for two firms in out-ports have, however, been inspected and passed, and when freights drop to a normal figure, this arrangement may tend to stimulate the Indian export trade.

Accidents.

The Annual Report by the Railway Board on accidents on Indian Railways, which has hitherto been issued as a separate publication, has been included in this Report as it is considered desirable to include in fuller detail in one publication all information of interest concerning Indian Railways.

The Abstract returns of accidents which form an accompaniment to the report on accidents have also been included in the report as Appendices 29, 30 and 31.

The number of persons killed and injured on Indian Railways in the working of public traffic during the year 1914-15 as compared with previous years, was as follows :—

Particulars.			1910.	1911.	1912.	1913-14.	1914-15.
Passengers ...	Killed	By accidents to trains, rolling-stock, permanent-way, etc.	3	12	7	58	16
		By accidents from other causes, including accidents from their own want of caution or misconduct.	184	198	199	210	217
		Total killed ...	187	210	206	268	233
"	Injured	By accidents to trains, rolling-stock, permanent-way, etc.	184	134	159	104	140
		By accidents from other causes, including accidents from their own want of caution or misconduct.	475	565	635	711	731
		Total injured ...	659	699	794	815	871
Railway Servants.	Killed	By accidents to trains, rolling-stock, permanent-way, etc.	37	27	20	36	36
		By accidents from other causes, including accidents from their own want of caution or misconduct.	361	396	385	444	407
		Total killed ...	398	423	405	480	443
"	Injured	By accidents to trains, rolling-stock, permanent-way, etc.	108	125	130	133	161
		By accidents from other causes, including accidents from their own want of caution or misconduct.	545	666	736	712	699
		Total injured ...	653	791	866	845	859
Other persons	Killed	At level crossings ...	37	49	44	56	52
		Trespassers ...	1,036	1,126	1,173	1,303	1,327
		Suicides ...	157	223	234	208	245
		Miscellaneous ...	42	47	83	23	67
		Total killed ...	1,272	1,445	1,534	1,590	1,691
"	Injured	At level crossings ...	26	39	42	49	37
		Trespassers ...	268	301	353	394	361
		Suicides, attempted ...	8	8	7	8	9
		Miscellaneous ...	51	31	47	31	39
		Total injured ...	352	379	449	482	446
Total of all classes.	Killed	1,857	2,078	2,145	2,338	2,367
	Injured	1,664	1,869	2,109	2,142	2,176

The total number of persons of all classes killed by causes beyond their control was 76 against 117 and the number injured 329 against 270 in the previous year. Out of a total of 451.09 millions against 466.40 millions of passengers travelling, and of 16,022.85 millions of miles against 16,612.58 millions of miles travelled, 16 passengers were killed and 140 injured against 58 killed and 104 injured in the previous year. This gives an average of

one fatal casualty in 28·19 millions against one in 8·04 millions of persons travelling, and an average of one in 1,001·43 millions against one in 286·42 millions of miles travelled in 1914-15 and 1913-14, respectively. This diminution in the number of fatalities cannot, however, be attributed to any decrease in the number of accidents. In the previous year an unusually large number of persons were killed; two accidents alone causing the death of 56 persons.

The number of passengers killed from causes beyond their own control was 0·04 per million of passengers travelling.

The table below shows the number of accidents which occurred on each of the principal railways and the consequences which attended those accidents.

Railway s.	Number of accidents reported during the financial year 1914-15.	PASSENGERS AND OTHERS.		SERVANTS.		TOTAL.

The following are particulars of the more serious train accidents:—

A passenger train running through Sambhu station on the North Western Railway, on the 20th November 1914, was pulled up by the driver in order to obtain permission to proceed to the next station. This "permit"

North Western Railway.

should have been in the pouch which is picked up mechanically by the engine when a train does not stop at a station, but was missing on this occasion. After some delay caused by the Assistant Station Master misdating a second "permit", the train was backed and drawn up about the centre of the station, and while standing in this position was run into from behind by a mail train which was following. Three vehicles were wrecked and 8 persons killed and 25 injured by the collision.

The case was the subject of departmental enquiry as a result of which the accident was attributed to the action of the Assistant Station Master in lowering the signals for the mail train in contravention of the rules and so allowing that train to enter the station before the line on which it was to be received was clear. The Assistant Station Master was subsequently prosecuted, convicted and sentenced to 2 years' imprisonment and a fine of Rs. 200.

A goods train while ascending the gradient passing through a tunnel near Igatpuri station on the Ghat section of the Great Indian Peninsula Railway on the 15th October 1914, parted between the 2nd and 3rd vehicles from the leading engine and the rear portion ran back towards Thal

Great Indian Peninsula Railway. Ghat Reversing station where it collided

with a down goods train standing outside the station, owing to the points leading to No. 3 catch siding, which is provided for such a contingency, being held over by the pointsman for the down main line, instead of being allowed to remain in their normal position for the catch siding. Eight railway servants were killed and twenty-two injured.

Two engines were working the train which was fitted with automatic vacuum brakes. Considerable trouble had been experienced in hauling the train up the gradient owing to the engine in rear slipping and the train had on one occasion come to a stand in a tunnel situated lower down than the one in which it subsequently parted, owing to the vacuum brake connecting hose pipe between two vehicles coming uncoupled. In restarting the train the staff had neglected to restore this connection and consequently when the train parted in the tunnel further up by the breakage of a drawbar, the rear portion ran backward down the grade and could not be controlled owing to the vacuum brake having been rendered inoperative after the first stoppage.

The staff at fault were dealt with departmentally.

The question as to the best arrangement of the catch siding, as to obviate a recurrence of the kind is still under investigation.

An up Baraboni Pilot collided with a down Baraboni Pilot between Ondal and Sonachora stations, on the East Indian Railway, on the 4th April 1914, resulting in the death of three railway servants including the driver who was primarily responsible for the accident, and injuries to eight other railway servants. The rolling-stock was also considerably damaged. The accident was due to the driver of the Down Baraboni Pilot having started with a wrong line clear. The Assistant Station Master of Sonachora was also responsible for the accident inasmuch as he failed to give proper instructions as to the train for which the line clear was intended, or to ensure that his instructions were fully understood and properly carried out, as required by the rules.

The accident would have been averted, had the Assistant Station Master sent immediate warning to Ondal Junction cabin when he discovered that the down Baraboni Pilot had left with a wrong line clear. The staff at fault were departmentally punished.

On the 21st May 1914, two third class carriages of an up mixed train caught fire between Shedbal and Miraj stations, on the Poona Branch of the Madras and Southern Mahratta Railway. The train was brought to a stand and it was found that an Indian woman and a child, who had shut themselves up in the lavatory in the front carriage, had been burnt to death, and that out of the ten passengers who had jumped from the carriages whilst the train was in motion, five had received slight and five serious injuries. The two carriages were burnt to the underframes and, as the fire was burning too fiercely to be extinguished, the train was divided and the burning vehicles isolated. It is believed that the carriages were set on fire by a lighted cigarette being dropped by one of the passengers into a window slot which was open at the bottom and to the current of air passing upwards between the inner and outer linings of the window and fanning the burning cigarette end into a flame.

To prevent similar accidents, in future, it has been suggested to Railway Administrations that some form of fire extinguishers be carried in the brake vans of mixed trains and that the bottom of window wells, which are left open in certain carriages in order that articles dropped into the window slot might ordinarily fall on to the floor of the carriage, be closed.

The Ceylon Boat Mail collided with a goods special near Samudram

station on the South Indian Railway, on the 26th May 1914. An employée of the Railway, who was travelling in the rear brake-van of the goods train was slightly injured; but the damage to rolling-stock, especially in the case of the goods train, was considerable.

South Indian Railway. A storm the night before had blown down trees which had damaged the wires connecting the block instruments. This had necessitated the suspension of the ordinary method of working trains on the Absolute Block System and resort to the working of trains under special rules and regulations framed by the Company to meet such a contingency. Neglect by the station staff of certain precautions imposed by these regulations led to the admission into the same block section of the mail and the goods train from opposite directions simultaneously and a further neglect on the part of the driver of the goods train of precautions as to speed resulted in the collision.

In investigating the cause of the accident it was found that the rules and regulations framed by the Company for the working of trains during the failure of telegraphic communication left too much to the discretion of the staff, and it was consequently decided to revise the rules.

The staff at fault were dealt with departmentally.

Early on the morning of the 20th November 1914, a "glancing" collision occurred at Korukkupettai, a small station on the Madras and Southern Mahratta Railway, in the outskirts of Madras.

Two goods trains had to cross at this place. The up train arrived first and entered the loop siding. The down train was then received on the platform line; it was a long train and was brought to a stand before the rear brake-van had been drawn fully clear of the points. The fact of the points being fouled appears to have escaped notice and the up train was permitted to resume its journey towards Madras, with the result that the engine collided with the rear of the down train and derailed the last three vehicles on it.

The Assistant Station master, who was, in a great measure, responsible for the accident was found dead under one of the wagons. The guard of the down train, who was equally responsible, was prosecuted and sentenced to pay a fine of Rs. 150, or, in default, to undergo three months' rigorous imprisonment.

Contracts.

During the year under review, one important contract, dated the 8th May 1914, was entered into by the Secretary of State, with the Great Indian Peninsula Railway Company to give effect to the arrangements for working

the Cawnpore-Banda Railway. The Chief points of interest in these arrangements are (a) that the Railway will be worked as a State Railway; (b) that funds for Capital expenditure will be provided by the Secretary of State; (c) that the line will be worked for the same percentage of Working Expenses as obtains on the Great Indian Peninsula Railway Undertaking and (d) that the entire net Receipts will be credited to the Secretary of State.

Purchase of the Tarkessur Railway by Government.

In connection with the construction of the Burdwan-Howrah Chord, which will cross the Tarkessur Railway at Kamarkundu midway between the junction with the East Indian Railway at Magra and the terminus at Tarkessur, several representations were received from the Managing Agents of that Railway Company pointing out the adverse effect the new chord line would necessarily have upon the prospects of the Tarkessur Railway, a line only 22-21 miles in length. The framing of terms which would safeguard the interest of the Branch Line Railway Company was a problem presenting considerable difficulty. The Government of India therefore decided, with the approval of the Secretary of State, to take advantage of the opportunity afforded by the provisions of the contract between the Secretary of State and the Tarkessur Railway Company of purchasing the line on terms favourable to the Government on the 1st January 1915. The Tarkessur Branch was accordingly purchased for a sum equal to the aggregate net profits of the Company during the twenty years last preceding the date of purchase and made over to the East Indian Railway Company to work as a part of their system as from 1st January 1915.

Maps, etc.

In the pocket inside the back cover of this volume will be found, in addition to the special map referred to on page 37 *ante* under the head "Improvement of open line equipment", a general map of India shewing railways open and under construction on the 31st March 1915; also one prepared by Mr. J. H. Trott,* and two diagrams, one shewing comprehensively the gross capital outlay, gross earnings, working expenses, mileage, etc., of the Indian railway system, and the other shewing certain statistics of accidents on Indian Railways.

* *Map of Railway Systems, by Mr. J. H. Trott*—This additional map is included only in copies of the report used for official purposes. It may be obtained by the public, on payment, from Mr. J. H. Trott, Moradabad, United Provinces, who holds the copyright.

CONTENTS.

	Page.
1.—History of railways constructed and in progress on the 31st March 1915	1
2.—Details of mileage open and sanctioned for construction	240
3.—(i). Capital outlay during the year and (ii) total capital outlay to end of the financial year 1914-15	260
4.—Capital liability on account of railways classed as State railways at the end of 1914-15	274
5.—Details of gross earnings of each railway system for the years 1910 to 1914-15	278
6.—Details of working expenses of each railway system for the years 1910 to 1914-15	296
7.—General results of working each railway system for the years 1910 to 1914-15	310
8.—Statistical results of working the various classes of railways during the financial year 1914-15	317
9.—Main results of working of all Indian railways treated as one system for the years 1910 to 1914-15	318
10.—Railways and tramways projected up to the 31st March 1915	319
11.—Principal commodities carried by railways and the earnings therefrom during the financial year 1914-15.	334
12.—Analysis of working of each railway system during each half of the financial year 1914-15	410
13.—Coal and wood fuel consumed by locomotives on each railway system, and price paid per ton, during the calendar years 1910 to 1912 and the financial years 1913-14 and 1914-15	468
14.—Quantity of Indian coal mined during the calendar years 1892 to 1914, quantity of coal consumed by locomotives on the railways in India and the quantity of Indian coal exported by sea to Indian ports and to foreign ports outside India including Burma, and quantity of foreign coal imported into India, during the calendar years 1892 to 1912 and during the financial years 1913-14 and 1914-15	478
15.—Details of working of State collieries worked by either Railway Companies or the State for the years 1910 to 1914-15	480
16.—Rolling-stock under different heads on each railway on the 31st March 1915	482
17.—Number of, outlay on, and work done by, rolling-stock during the financial year 1914-15	502
18.—Rolling-stock fitted with automatic brakes on the 31st March 1915	518
19.—Rolling-stock lighted by either gas or electricity on the 31st March 1915	522
20.—Trains provided with means of communication throughout between passengers and railway servants on the 31st March 1915	523
21.—Carriages provided with means of communication between passengers and railway servants on the 31st March 1915	524
22.—Railways on which points and signals were interlocked on the 31st March 1915	526
23.—Railways on which block instruments were used for train signalling on the 31st March 1915	528
24.—Number of servants of all races employed on each railway system (open lines only), and the amounts deposited by them in the Provident Fund, at the close of the financial year 1914-15	530
25.—Number of men enrolled in Railway Volunteer Corps on the 31st March 1915	532
26.—Strength and cost of the Police force, including watch jemadars and watchmen, on each railway system (open lines); for the financial year 1914-15	534
27.—Transactions of the Fine Funds for the financial year 1914-15	535
28.—Railway, and railway-aided, schools on the 31st March 1915	536
29.—Number of persons reported, during the 12 months ended the 31st March 1915, as killed or injured in India by the travelling of trains or the movement of vehicles used exclusively upon railways	538
30.—Accidents to trains, rolling-stock, permanent-way, etc., reported during the twelve months ended the 31st March 1915, as having occurred on the several railways opened for traffic in India, distinguishing the different classes of accidents and the number of passengers and others, and of railway servants killed or injured in each class of accident	550

CONTENTS—*concl'd.*

- 31.—Accidents to trains, rolling-stock, permanent-way, etc., reported during the financial years 1913-14 and 1914-15, as having occurred on all railways opened for traffic in India, distinguishing between the different classes of accidents and the number of passengers and others, and of railway servants killed or injured in each class of accident 570
- 32.—Terms on which the Government of India are prepared to consider offers for the construction by the agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by companies. (Resolution No. 457 R. P. of 1913) 572
- 33.—Terms on which the Government of India are prepared to consider offers for the construction by the agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by companies. (Resolution No. 969 R.P. of 1914). 581
- 34.—Grant of special concessions to Branch Line Companies formed for the construction of railways in Assam. (Resolution No. 1824 P. of 1915). 582

APPENDIX I—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

GENERAL.

From the year 1906-07 Interest on Debt in India has been calculated at the actual average rate for the year of interest on the mean non-specific debt of India, instead of at the fixed rates of 4 and 3½ per cent previously employed. The actual rates from 1906-07 to 1914-15 were 3·437, 3·412, 3·358, 3·384, 3·377, 3·401, 3·500, 3·388 and 3·499 per cent, respectively.

One effect of the change is that, in some cases, while the capital outlay on a railway at the end of 1907 was ahead of that at the end of 1906, the interest charge in connection therewith was less.

Number Main head 1 **BENGAL-NAGPUR RAILWAY SYSTEM—**
Sub-heads (a) to (h)

Chairman—ROBERT MILLER, Esq.

Managing Director—SIR T. R. WYNNE, K.C.S.I., K.C.I.E.

Offices—132, Gresham House, Old Broad Street, London, E.C.

Date of registration of the Company—23rd February 1887.

Lines comprised in the system—The Bengal-Nagpur railway system is made up of—

	Open line.	Under construction or sanctioned for construction.	Total.
	Miles.	Miles.	Miles.
(a) Bengal-Nagpur railway proper (5' 6" gauge)	1,555·17		
(b) East Coast railway, Northern section (5' 6" gauge)*	321·55

Details of construction—

Permanent-way.—The line is laid with 75-lb., 85-lb. and 90-lb. steel rails on transverse wooden, steel and cast iron pot sleepers.

Ballast.—The line is ballasted throughout with stone, except for a few miles on the Adra district (between Khargpur and Garbeta) where laterite is used.

Fencing.—The line is fenced only between Nagpur and Kamptee and at the more important stations, also at some of the station yards and first class level crossings on the Barang-Waltair section.

Curves.—On the main line there are no curves sharper than 1,000 feet radius.

Gradients.—The ruling gradient between Asansol and Nagpur, and Bilaspur and Katni is 1 in 100; between Sini and Khargpur, 1 in 125; between Khargpur and Waltair, 1 in 150; between Khargpur and Howrah, and Khurda Road and Puri, 1 in 200; and between Midnapore and Bhojudih, 1 in 200 in the down direction, and 1 in 125 in the up direction; and between Vizianagram and Parvatipuram, 1 in 125.

Contracts—

Dated the 9th March 1887 (called the original contract), between the Secretary of State and the Bengal-Nagpur Railway Company, as to taking over certain State railways and the construction of other lines, and their management, maintenance and working.

Dated the 31st December 1891 (supplemental to the contract of 1887), between the Secretary of State and the Bengal-Nagpur Railway Company, as to the construction and working of the Sambalpur Branch railway.

Dated the 27th June 1901 (called the Debenture contract, supplemental to the contract of 1887), between the Secretary of State and the Bengal-Nagpur Railway Company, as to the issue of debentures.

Dated the 23rd January 1902 (supplemental to the contract of 1887), between the Secretary of State and the Bengal-Nagpur Railway Company, as to the construction of certain new lines and the working of the Northern section of the East Coast railway.

Dated the 28th April 1903 (supplemental to the contract of 1887), between the Secretary of State and the Bengal-Nagpur Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 22nd February 1910 (supplemental to the contracts of 1887, 1891, 1901, 1902 and 1903), between the Secretary of State and the Bengal-Nagpur Railway Company, as to the construction of certain further extensions and branch lines in connection with the Company's undertaking and to certain questions under the contract of 1902.

-------------	----------------------

 BENGAL-NAGPUR RAILWAY SYSTEM—contd.

1 (a) Bengal-Nagpur railway (5' 6" gauge)—contd.

Contracts—contd.

Dated the 5th November 1912 (supplemental to the contracts of 1887, 1891, 1901, 1902, 1903 and 1910) between the Secretary of State and the Bengal-Nagpur Railway Company, as to certain modifications of the original contract of 1887 as varied by the several supplemental contracts.

Dated the 4th March 1914 (supplemental to the contracts of 1887, 1891, 1901, 1902, 1903, 1910 and 1912) between the Secretary of State and the Bengal-Nagpur Railway Company, as to the adoption of the Government financial year for the preparation of accounts.

Main provisions of contracts—

- (i) *Land*.—Provided by the Government at the cost of capital.
- (ii) *Government aid*.—Guarantee of interest at 4 per cent per annum in sterling on the Company's ordinary capital of £3,000,000 up to the 31st December 1913. Thereafter on this ordinary capital and on any further ordinary capital that may be required, the guarantee to be 3½ per cent.

(iii) *Distribution of profits*.—

- (A) *Up to 31st December 1913*.—The net earnings for any complete calendar year up to December 1912, and thereafter for any complete financial year, after providing for:—

(a) payment to Government of interest on advances made by Government for capital expenditure on the Company's extensions and on over-drafts of capital in connection with open line capital expenditure, at 3½ per cent per annum up to and including 30th June 1909, and thereafter at 3¼ per cent per annum (except for advances of capital expenditure on the Company's old extensions, interest on which continued to be paid at 3½ per cent per annum),

(b) repayment of interest paid by Government to the Company for that year, and

(c) payment of interest on capitalized interest under clause 21 of the supplemental contract, dated 23rd January 1902,

are divided in the ratio of ¾ths to the Government and ¼th to the Company if the ordinary capital of £3,000,000 is not increased before that date. If the said capital is increased, the Company's share of surplus profits shall be increased by the fraction which shall bear to one-fourth the same proportion as the additional capital bears to the existing capital of £3,000,000.

As from 1st January 1901, interest at 3½ per cent per annum on the capital expended by the Government on the Northern section of the East Coast railway, is a charge against the net earnings of the Company's undertaking, and the ¼th share of surplus profits formerly payable to the Company is further divisible between the Government and the Company in the proportion which the gross earnings of the Northern section of the East Coast railway bear to the gross earnings of the remainder of the Company's undertaking.

- (B) *From 1st January 1914*.—With effect from the 1st January 1914, the net earnings attributable to the two half-years of a financial year, less—

(a) interest (not charged to capital under the provisions of the contract of 22nd February 1910) on debentures or debenture stock of the Company,

(b) guaranteed interest on Company's open line capital, and

(c) interest at 3½ per cent on the Secretary of State's open line capital, shall be divided between the Secretary of State and the Company in the ratio of the average amounts during the year of the Secretary of State's open line capital and the Company's open line capital, in accordance with the contract of the 5th November 1912.

- (iv) *Rates and fares*.—The Government to authorise maximum and minimum rates, and prescribe the various classes of passengers and goods as well as the extent to which, within the maxima and minima, the Company may vary the rates in respect of distance, weight or special conditions.

(v) *Special obligations as to the conveyance of*—

(a) Mails, troops, police, high Government officials and Government stores.—To be conveyed on the same general conditions as those in force on State railways of the same gauge and at rates to be approved by Government.

(b) Government bullion and coin and the persons in charge thereof.—To be carried at special rates approved by Government.

- (vi) *Power of the Government to determine contract*.—The railway and its appurtenances are declared to be absolutely the property of the Government, which may determine the contract by giving twelve months' previous notice on the 31st December 1950 or on the 31st December of any succeeding fifth year.

On the termination of the contract the Company is to hand over to the Government the railway and all its belongings of every description, and the Government are to repay the amount at par of the share capital which has been paid in by the Company.

The contract for the Sambalpur branch brings this branch within the provisions of the original contract of 9th March 1887, but provides that the Government may purchase the branch at any time after 1st January 1895, on giving twelve months' notice.

APPENDIX 1—contd.

History of railways constructed and in progress.

Main head 1
Number Sub-heads (a) to (h). BENGAL-NAGPUR RAILWAY SYSTEM—contd.

1 (a) Bengal-Nagpur railway (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

The contracts of 23rd January 1902 and 22nd February 1910 provide for the construction, maintenance and working of the new lines as part of the Company's undertaking, and are to remain in force until the original contract of 1887 shall be determined.

(vii) Power of the Company to surrender contract.—Nil.

(viii) Term of contract [if not determined under (vi) or (vii)].—None specified.

Statistics of working (Those for the periods prior to 1888 will be found in Appendix 38 to the Report for 1907.)—

Includes the Northern section of the late East Coast railway, the Gondia-Chanda, Nagpur-Ohhindwara and Jubulpore-Gondia extensions and Purulia-Ranchi and Raipur-Dhamtari branches.

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Interest.	Company's share of surplus profits (based on terms of contract) attributable to each year.	Percentage of Company's share of net earnings (surplus profits plus guaranteed interest on share capital) on Company's capital.	Gain or loss to the State pertaining to each year.	Earnings per mile per week.	Proportion of expenses to earnings.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 1 Sub-heads (a) to (b) BENGAL-NAGPUR RAILWAY SYSTEM—contd.

1 (b) Gondia-Chanda Extension, Bengal-Nagpur railway (2' 6" gauge)—contd.

Details of construction—

Permanent-way.—The line is laid with 40-lb. flat-footed steel rails on sál sleepers.

Ballast.—The line is ballasted with stone and moorum.

Fencing.—The line is not fenced.

Curves.—The sharpest curve is of 955 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Contracts—

The line forms an integral part of the Bengal-Nagpur railway and is worked under the contracts noted under 1 (a), Bengal-Nagpur railway (5' 6" gauge).

Statistics of working—

Included under 1 (c), Jubulpore-Gondia Extension (2' 6" gauge).

1 (c) Jubulpore-Gondia Extension, Bengal-Nagpur railway (2' 6" gauge)—
Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total

Total open mileage	311.8
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION— Khirsadoh to Sirgora (sanctioned on 24th June 1904)	...	8.43	9.43	320.23
Grand total	320.23

Details of construction—

Permanent-way.—The permanent-way consists of 41-lb. flat-footed steel rails on sál sleepers.

Ballast.—The line is ballasted with stone, except between Seoni and Chhindwara where good black ballast has been used. Between Chhindwara and Barkuhi the ballast consists mainly of moorum.

Fencing.—Only important station yards are fenced.

Curves.—The sharpest curve is of 409 feet radius.

Gradients.—The ruling gradient is 1 in 80, except between Khirsadoh and Barkuhi where it is 1 in 60.

Contracts—

The line forms an integral part of the Bengal-Nagpur railway and is worked under the contracts noted under 1 (a), Bengal-Nagpur railway (5' 6" gauge).

Statistics of working—

Includes the Gondia-Chanda and Nagpur-Chhindwara Extensions.

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number $\frac{\text{Main head 1}}{\text{Sub-heads (a) to (h)}}$ BENGAL-NAGPUR RAILWAY SYSTEM—contd.1 (e) Nagpur-Chhindwara Extension, Bengal-Nagpur railway (2' 6" gauge)—
Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total
1	2	3	4	5
<i>Main line—</i>	1-1-11	38'88		
Itwari to Lodhikhera	10-5-11	7'40		
Lodhikhera to Sansar	20-10-13	38'91	85'19	
Sansar to Chhindwara				
<i>Branches—</i>	1-1-11	4'66	4'66	
Saoner to Khape				
Katchidhans branch	20-10-13	4'08	4'08	
Grand total	93'93

Details of construction—

Permanent-way.—The permanent-way consists of 41-lb. flat-footed steel rails on sal sleepers.*Ballast.*—Cuttings are fully ballasted and banks are being moorumed throughout.*Fencing.*—The line is not fenced.*Curves.*—The sharpest curve is of 636·6 feet radius.*Gradients.*—The ruling gradient is 1 in 80.

Contracts—

This line forms an integral part of the Bengal-Nagpur railway and is worked under the contracts noted under 1 (a), Bengal-Nagpur railway (5' 6" gauge).

Statistics of working—

Included under 1 (c), Jubulpore-Gondia Extension (2' 6" gauge).

1 (f) Parlakimedi Light railway (2' 6" gauge)—

On the 20th May 1901 the Indian Railways Act, 1890 (IX of 1890), except section 135, was applied to the line. The working of this railway was taken over by the Bengal-Nagpur Railway Company from the 1st January 1902.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Naupada to Parlakimedi	1-4-00	24'62	24'62

Details of construction—

Permanent-way.—The line is laid with 31-lb. flat-footed steel rails on transverse wooden sleepers.*Ballast.*—The line is ballasted throughout with laterite, gravel and stone.*Fencing.*—Short lengths of fencing have been provided in a few places where the railway runs in cuttings alongside the road.*Curves.*—There are no curves of less than 1,000 feet radius.*Gradients.*—The ruling gradient is 1 in 100.

Agreement—

Dated the 24th January 1905, between the Raja of Parlakimedi and the Bengal-Nagpur Railway Company, as to management, maintenance and working.

Main provisions of agreement—

- (i) *Land.*—Provided by the Raja of Parlakimedi at the cost of capital.
- (ii) *Government aid.*—The railway was constructed by the Raja of Parlakimedi, whose property it is, and is managed, maintained, stocked and worked by the Bengal-Nagpur Railway Company as if it were part of the Company's undertaking.
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*— } The total amount of actual working expenses of the line, including cost of maintenance, is deducted by the Company from the gross receipts, and the balance is paid to the Raja of Parlakimedi.
- (v) *Rates and fares.*—Controlled by the Company.

APPENDIX 1—contd.

History of railways constructed and in progress.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 2} _{Sub-heads (a) to (t)} BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM.*Chairman.*—COLONEL SIR W. S. S. BISSET, K.C.I.E.*Secretary.*—C. A. R. CROMMELIN, Esq.*Offices.*—Gloucester House, 110, Bishopsgate, London, E.C.*Date of registration of the former company.*—1855.

The property vested in the former Bombay, Baroda and Central India Guaranteed Railway Company was purchased by the Secretary of State on the 31st December 1905, from which date all the contracts then subsisting between the Secretary of State and that Company were determined, the Company was re-constituted and the railway was worked temporarily under the terms of the provisional contract, dated the 27th December 1905, pending the execution of the new contract, dated the 8th April 1907, as from the 1st January 1906. The purchase price was fixed at the sum of £11,685,581, and the Secretary of State agreed to create and issue to the Company, on the 31st December 1905, India 3 per cent stock to the amount of £10,089,146 in satisfaction of £9,685,581, part of the purchase price, the Company raising a new stock capital of £2,000,000 being the unpaid balance of the purchase money of £11,685,581.

Lines comprised in the system.—The Bombay, Baroda and Central India railway system is made up of—

	Open line.	Under construction or sanctioned for construction.	Total.
	Miles.	Miles.	Miles.
(a) Bombay, Baroda and Central India railway (5' 6" gauge)	996'30	...	996'30

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

number ^{Main head 2} Sub-heads (a) to (t) **BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—*contd.***

(a) Bombay, Baroda and Central India railway (5' 6" gauge)—*contd.***Details of construction—**

Permanent-way.—The main line is laid with 69-lb. double-headed, 82-lb. bull-headed and 90-lb. flat-footed steel rails on creosoted pine, Australian and oval pot sleepers.

The branches are laid mostly with 69-lb. double-headed and 48-lb., 50-lb. and 75-lb. flat-footed steel rails on oval pot and wooden sleepers. The Godhra-Rutlam-Nagda section is laid with 75-lb. flat-footed steel rails on transverse steel, deodar, creosoted pine sleepers and cast iron pots and the Nagda-Muttra section, with 87-lb. and 90-lb. flat-footed steel rails on sal, deodar, Australian wood sleepers and cast iron pots north of Nagda.

Ballast.—The line is mostly ballasted with broken stone, gravel and shingle.

Fencing.—Excepting the Pátri branch the line is fenced throughout. One hundred and thirty-seven miles of the Godhra-Rutlam-Nagda section and only the station yards on the rest of the line, are fenced. On the Nagda-Muttra section most of the station yards only are fenced.

Curves.—The sharpest curve on the main line and on the Godhra branch is of 1,500 feet radius, on the Pátri branch of 2,865 feet radius, on the Godhra-Baroda chord of 1,910 feet radius, on the Godhra-Rutlam-Nagda section of 1,000 feet radius and on the Nagda-Muttra section of 1,275 feet radius.

Gradients.—The ruling gradient on the greater part of the main line is 1 in 500, but there are short lengths of 1 in 200 at the approaches to major bridges. On the Godhra branch the ruling grade is 1 in 200, except for a short length at the Mahi low level bridge where it is 1 in 80; on the Pátri branch and the Godhra-Baroda chord it is 1 in 300, except for short lengths of 1 in 200 on the latter. The ruling gradient on the Nagda-Muttra section is 1 in 200, as also on the Godhra-Rutlam-Nagda section with short lengths of 1 in 100 and from 1 in 101 to 1 in 150 between Godhra and Jekot.

Contracts—

Dated the 8th April 1907 (called the principal contract), *between the Secretary of State and the Bombay, Baroda and Central India Railway Company*, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Dated the 15th October 1908 (called the Debenture contract, supplemental to the contract of 1907), *between the Secretary of State and the Bombay, Baroda and Central India Railway Company*, as to the issue of debentures or debenture stock of the Company.

Dated the 24th October 1913 (supplemental to the contracts of 1907 and 1908), *between the Secretary of State and the Bombay, Baroda and Central India Railway Company*, as to the continuance with further modifications, with effect from the 1st January 1912, the principal contract of the 8th April 1907 and the adoption of the Government financial year for the preparation of accounts.

Main provisions of contracts—

(i) **Land.**—Was provided by the Government free of cost to the former Company. After the 31st December 1905, the cost of land provided by the Government is debited to the appropriate capital account.

(ii) **Government aid.**—The Government guarantee to pay to the Company interest at the rate of 3 per cent per annum on its stock capital of £ 2,000,000 raised in satisfaction of the unpaid balance of the purchase money of £11,685,581, also on the amount which shall for the time being have been paid to the credit of the Secretary of State in respect of any further ordinary stock which the Company may issue with his sanction.

Capital required for the purposes of the undertaking after 31st December 1911 shall, at the option of the Secretary of State, either be advanced by him (in which case he shall be at liberty to call on the Company subsequently to raise money for its repayment), or be provided by the Company by the issue, as the Secretary of State shall decide, of further ordinary stock, or of debentures or debenture stock.

(iii) **Terms of working.**—

(iv) **Distribution of profits.**— } From the half-yearly gross earnings of the undertaking are deducted the working expenses of the undertaking and all other charges to Revenue account properly attributable to each half-year, the remainder, together with the interest to be credited by the Secretary of State in respect of any balance of unexpended capital in his hands under clause 19 of the contract of the 24th October 1913, being the net receipts.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 2 BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.
Sub-heads (a) to (f)

2 (a) Bombay, Baroda and Central India railway (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

The net receipts of the undertaking for each half-year, after deducting payments of net earnings to subsidiary lines, allowances for rebate, direction and other deductions are applied in repayment of interest for the half-year on any debentures or debenture stock of the Company and in payment to the Secretary of State and the Company of interest at 4 per cent per annum on the Secretary of State's preferred capital and on the average amount to the credit of the Company's Capital Account. Next in making good any deficiency in the net receipts of the first half-year of any year as compared to the payment chargeable thereon and mentioned above. The surplus of the two half-years of any year is next applied in payment of interest for the year at 4 per cent on the deferred capital of the Secretary of State and the balance if any remaining is divided between the Secretary of State and the Company in proportion to the average amounts standing to the credit of the Secretary of State and the Company respectively in the Government Capital Account and the Company's Capital Account, including in the Secretary of State's Capital both his preferred and deferred capital. The interest payable by the Secretary of State under the guarantee of 3 per cent is to be deducted from the interest at 4 per cent per annum payable to the Company on the average amount to the credit of the Company's capital account.

(v) *Rates and fares.*—The Government will from time to time authorize maxima and minima rates, and prescribe the several classes and descriptions of passengers and goods to which such rates shall be respectively applicable, as well as the extent to which, within the authorized maxima and minima, the Company may vary the said rates. The Railway Board may at any time require the Company to quote such rates over the undertaking for both passengers and goods to and from the western ports between Karachi and Bombay, inclusive, including a rate from stations of origin and delivery where the route is either entirely or only partly over the undertaking, so as to secure equal treatment of such ports.

(vi) *Special obligations as to the conveyance of—*

(a) *Mails, troops, high Government officials and Government stores.*—To be conveyed on the same general conditions, and at rates to be approved by the Government not being less than those in force on State railways of the same gauge.

(b) *Government bullion and coin, and the persons in charge thereof.*—To be carried at special rates to be approved by the Government.

(vii) *Power of the Government to determine contract.*—Contract may be determined by Government on the 31st December 1941, or on the 31st December of any succeeding fifth year, by giving to the Company in England, 12 calendar months' previous notice.

(viii) *Power of the Company to surrender contract.*—Nil.

(ix) *Term of contract [if not determined under (vii) and (viii)].*—30 years.

Statistics of working (Those for the periods prior to 1906 will be found in Appendix 38 to the Report for 1907.)—

INCLUDES THE GODHRA-BULDAH-NAGDA AND NAGDA-MUTTRA SECTIONS FROM 1913.

Year.	Mileage open at end of each year.	Total capital outlay including suspense to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Interest.	Company's share of surplus profits (based on terms of contract) attributable to each year.	Percentage of Company's share of net earnings (surplus profits plus guaranteed interest on share capital) on Company's capital.	Gain or loss to the State pertaining to each year.	Earnings per mile per week.	Proportion of expenses to earnings.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Nagdā to Ujjain	15-7-96	34.32	34.32

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails on cast iron oval pot sleepers.

Ballast.—The line is ballasted with broken stone.

Fencing.—Only station yards are fenced.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Agreement and contracts—

Agreement, without date, having effect from the 15th July 1896, between His Highness the Maharaja Scindia of Gwalior and the Bombay, Baroda and Central India Railway Company, as to management, maintenance and working.

Contract, dated the 1st February 1901, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the revising, and extending up to the 31st December 1905, of the arrangements for working the Rajputana-Malwa railway and other lines.

Contract, dated the 8th April 1907 (called the principal contract), between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Main provisions of agreement and contracts—

(i) *Land.*—Provided free of cost by the Gwalior Durbar.

(ii) *Government aid.*—The line is the property of the Gwalior Durbar (which provides all funds chargeable to the capital account), and is managed, maintained, stocked and worked by the Bombay, Baroda and Central India Railway Company as part of the Company's railway system.

(iii) *Terms of working.*—
 (iv) *Distribution of profits.*— } The Nagdā-Ujjain railway is debited with a share of the working expenses of the Company's railway system in proportion to the total earnings of the Nagdā-Ujjain railway in each half-year, and the balance in favour of or against the Gwalior Durbar is paid over to, or by it, as the case may be.

(v) *Rates and fares.*—To conform generally to those in force on the Godhra-Rutlam-Nagda railway, unless otherwise specially agreed between the Durbar and the Company.

(vi) *Special obligations as to the conveyance of—*

(a) *Mails, troops, high Government officials and Government stores.*—Mails and postal officers on duty to be carried at the rates and on the conditions in force from time to time on State railways. (The agreement does not contain any provision for the carriage at special rates of troops, high Government officials and Government stores.)

(b) *Government bullion and coin, and the persons in charge thereof.*—Not specified.

(vii) *Power of the Durbar to determine agreement.*—
 (viii) *Power of the Company to determine agreement.*— } The agreement may be terminated at any time on one year's notice from either party, expiring on the 30th September or 31st March in any year.

(ix) *Term of agreement [if not determined under (vii) and (viii)].*—Not specified.

1	2	3	4
Anand to Petlad	5-5-90	13.17	
Petlad to Tarapur	20-6-01	8.33	
TOTAL	21.50

Details of construction—

Permanent-way.—The permanent-way consists of 66½-lb. flat-footed steel rails on steel sleepers from Anand to Petlad and on creosoted pine sleepers from Petlad to Tarapur.

Ballast.—The line is ballasted with gravel.

Fencing.—Thirteen miles, between Anand and Petlad, are fenced. The rest of the line is unfenced, except in station yards.

Curves.—The sharpest curve is of 1,433 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Agreements and contract—

Agreement, without date, having effect from the 5th May 1890, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to management, maintenance and working.

Contract, dated the 8th April 1907 (called the principal contract), between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Agreement, dated the 3rd March 1909, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, modifying the agreement of 5th May 1890.

Agreement, dated the 16th May 1910, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, modifying further the agreement of 5th May 1890.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 2} _{Sub-heads (a) to (f)} BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.

2 (c) Petlad-Cambay railway (Anand-Tarapur section) (5' 6" gauge)—contd.

Main provisions of agreements and contract—

- (i) *Land*.—Provided free of cost by the Baroda Durbar.
- (ii) *Government aid*.—The line is the property of the Baroda Durbar (which provides all funds chargeable to the capital account), and is managed, maintained, stocked and worked by the Bombay, Baroda and Central India Railway Company as part of the Company's railway system.
- (iii) *Terms of working*.—
- (iv) *Distribution of profits*.— } Excepting the cost of making good damages due to extraordinary casualty which is borne by the Durbar and is chargeable against capital, the Petlad railway is debited for maintenance and working expenses, including the cost of supervision and hire of rolling-stock, with the same percentage of gross earnings as may be incurred in the half-year on the 5' 6" and 3' 3½" gauge lines of the Bombay, Baroda and Central India railway system, and with any single item of capital expenditure not exceeding Rs. 1,000 classed as a 'Minor work,' subject to a maximum charge on such account of an amount bearing the same percentage of gross receipts as obtains for similar expenditure on the Bombay, Baroda and Central India railway. The balance in favour of or against the Baroda Durbar is paid over to or by it, as the case may be.
- (v) *Rates and fares*.—To be fixed from time to time by the Company with the approval of the Durbar, but in the absence of any special agreement between them, they are, as far as may be, to conform to those generally in force on the Bombay, Baroda and Central India railway (5' 6" gauge).
- (vi) *Special obligations as to the conveyance of*—
- (a) *Mails, troops, high Government officials and Government stores*.—Mails and postal officers on duty to be carried at the rates and on the conditions in force from time to time on State railways in British India. (There is no provision for the carriage at special rates of troops, high Government officials and Government stores.)
- (b) *Government bullion and coin, and the persons in charge thereof*.—Not specified.
- (vii) *Power of the Durbar to determine agreement*.—
- (viii) *Power of the Company to determine agreement*.— } Either party may at any time determine the agreement on giving 12 months' notice to the other.
- (ix) *Term of agreement [if not determined under (vii) and (viii)]*.—Not specified.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

Sub-heads (a) to (f)

2 (d) Petlad-Cambay railway (Tarapur-Cambay section) (5' 6" gauge)—concl'd.

Details of construction—

Permanent-way.—The permanent-way consists of 66½-lb. flat-footed steel rails on creosoted pine sleepers.*Ballast.*—The line is ballasted with gravel.*Fencing.*—Only station yards are fenced.*Curves.*—The sharpest curve is of 1,910-foot radius.*Gradients.*—The ruling gradient is 1 in 600, with a short length of 1 in 200 between Sayama and Cambay.

Agreements and contract—

Agreement, dated the 17th May 1902, between the Cambay Durbar and the Bombay, Baroda and Central India Railway Company, as to management, maintenance and working.

Contract, dated the 8th April 1907 (called the principal contract), between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Agreement, dated the 17th October 1908, between the Cambay Durbar and the Bombay, Baroda and Central India Railway Company, modifying the agreement of 17th May 1902.

Agreement, dated the 10th May 1910, between the Cambay Durbar and the Bombay, Baroda and Central India Railway Company, modifying further the agreement of 17th May 1902.

Main provisions of agreements and contract—

- (i) *Land.*—Provided free of cost by the Cambay Durbar.
- (ii) *Government aid.*—The line is the property of the Cambay Durbar (which provides all funds chargeable to the capital account), and is managed, maintained, stocked and worked by the Bombay, Baroda and Central India Railway Company as part of the Company's railway system.
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*—
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, high Government officials and Government stores.—
- (b) Government bullion and coin, and the persons in charge thereof.—
- (vii) *Power of the Durbar to determine agreement.*—
- (viii) *Power of the Company to determine agreement.*—
- (ix) *Term of agreement [if not determined under (vii) and (viii)].*—

As noted under 2 (c),
Petlad-Cambay rail-
way (Anand-Tarapur
section) (5' 6" gauge).

Dondaiche to Nardána	25-11-99	19.78	
Nardána to Amalner	15-3-00	16.92	
Total	155.48

Details of construction—

Permanent-way.—The permanent-way consists of 70-lb. flat-footed steel rails on wooden sleepers.*Ballast.*—The line is ballasted throughout with stone.*Fencing.*—Only station yards and important level crossings are fenced.*Curves.*—The sharpest curve is of 1,910 feet radius.*Gradients.*—The ruling gradient is 1 in 200.

Contracts—

- Dated the 28th August 1896 (called the principal contract), between the Secretary of State and the Tapti Valley Railway Company ;
- Dated the 30th October 1896 (set forth in the schedule to the principal contract of 1896), between the Secretary of State and the Bombay, Baroda and Central India Railway Company ;
- Dated the 1st February 1901, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, revising, and extending up to the 31st December 1905, the arrangements for the working of the Rajputana-Malwa and other lines.
- Dated the 16th January 1902, between the Secretary of State and the Tapti Valley Railway Company, modifying the terms on which the Company's line is worked by the Bombay, Baroda and Central India Railway Company.
- Dated the 8th April 1907, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.
- Dated the 26th August 1907, between the Secretary of State and the Tapti Valley Railway Company; for the continuance of the working of the Tapti Valley railway on the terms in force on the 31st December 1905.
- Dated the 10th July 1908, between the Secretary of State and the Bombay, Baroda and Central India Railway Company ;
- Dated the 12th November 1908, between the Secretary of State and the Tapti Valley Railway Company ;
- as to the construction, management, maintenance and working of the Tapti Valley railway.
- giving effect, as from the 1st July 1908, to the arrangement agreed upon for the improvement of the rebate from interchanged traffic payable to the Tapti Valley Railway Company by the Bombay, Baroda and Central India Railway Company.

Main provisions of contracts—

- (i) *Land.*—In British territory provided by the Government free of cost to the Company. The Secretary of State to use his influence to obtain the free grant of land in Native States.
- (ii) *Government aid.*—
- (iii) *Distribution of profits.*— } The Government constructed the line (from funds supplied by the Company), and manage, work, stock and maintain it, through the agency of the Bombay, Baroda and Central India Railway Company. During the continuance of the contracts between the Secretary of State and the Bombay, Baroda and Central India Railway Company relating to the working of State branches, the charge to the Tapti Valley Railway Company in each half-year for the provision of rolling-stock and the working and maintenance of the line, is the share of the general working expenses of the whole of the 5' 6" and 3' 3½" gauge systems of railways worked by the Bombay, Baroda and Central India Railway Company which is attributable to the Tapti Valley railway in proportion to its gross earnings, less the rebate of 45 per cent of the combined shares attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways which the Government are entitled to retain, provided that the charge is not to exceed 44 per cent of the gross earnings in any year. In the event of the termination of the contracts above referred to, the charge is to be a percentage of the gross earnings not exceeding in any half-year that obtaining on the Bombay, Baroda and Central India railway, nor in any year 50 per cent. The residue of the gross earnings, after deduction of the charge for working, etc., is payable to the Tapti Valley Railway Company.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 2 BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.
Sub-heads (a) to (f)

2 (e) Tapti Valley railway (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

- By agreement with the Bombay, Baroda and Central India Railway Company, the Government allow to the Tapti Valley Railway Company in respect of each year, by way of rebate, a sum not exceeding 45 per cent of the combined shares attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways, or either of them, and the Tapti Valley railway, as will, together with the net earnings of the Tapti Valley Railway Company, make up an amount equal to interest for the year at the rate of 4 per cent per annum on the actual capital expenditure. The Government also allow to the Company the sum of Rs. 6,000 per annum towards its office expenses and expenses of management.
- (iv) *Rates and fares.*—To be such as may from time to time be arranged between the Government and the working agency, but it is provided that they shall be within the maximum and minimum rates and fares for the time being in force on the Bombay, Baroda and Central India railway (5' 6" gauge). The classification of goods is to be in conformity with that in force on the Bombay, Baroda and Central India railway (5' 6" gauge).
- (v) *Special obligations as to the conveyance of.*—
 (a) Mails, troops, high Government officials, and Government stores.— } As in the case of 2 (a),
 (b) Government bullion and coin, and the persons in charge thereof.— } Bombay, Baroda and
 Central India railway
 (5' 6" gauge).
- (vi) *Power of the Government to determine contract.*—The Government may, by giving 12 months' notice, determine the contract and acquire the railway—
 (a) on the 31st December 1921, or at the end of any subsequent period of 10 years, in which case the Government undertake to pay to the Company in rupees a sum equal to 25 times the average yearly net earnings of the Company during the last preceding five years, provided that such sum shall not exceed by more than 20 per cent the total capital expenditure of the Company, nor be less than such capital expenditure; or
 (b) on the 31st December 1950, in which case the Government will pay to the Company in rupees an amount equal to the total capital expenditure.
- (vii) *Power of the Company to surrender contract.*—Nil.
- (viii) *Term of contract [if not determined under (vi) or (vii)].*—Not specified.

DOUBLE LINE, RAJPUTANA SECTION—					
3' 3½" gauge—					
Agra Fort to Idgah Junction (Agra) At Delhi	11-8-78. 25-12-02	1'14 1'78	2'92		
5' 6" gauge—					
At Delhi	27-2-05	0'09	0'09		
Total double line	3'01	

*Of this 26'28 miles, between Bhatinda and Kot Kapura, are of mixed (5' 6" and 3' 3½") gauge.

Details of construction—

Permanent-way.—The Rajputana section is laid with 50-lb. flat-footed steel rails on deodar sleepers. The Malwa section has mixed 40-lb. iron, 41½-lb. and 50-lb. steel flat-footed rails on deodar sleepers. The Cawnpore-Achnera section has 41½-lb. and 50-lb. steel rails on deodar sleepers. The Rewari-Fazilka section has 41½-lb. steel rails on deodar sleepers.

Ballast.—The line is ballasted throughout with stone, kunkur, sand and hard quartz.

Fencing.—The following lines are fenced: (1) Rajputana section, main line, Delhi to Ahmedabad via the Rewari-Phulera chord, 518'91 miles; Rewari-Bandikui-Phulera loop, 173'76 miles, and branches, 94'61 miles; (2) Malwa section, main line, Khandwa to Ajmer, 97'85 miles, and branch, 2'17 miles; (3) Cawnpore-Achnera section, main line, 148'23 miles and Brindaban branch, 2'69 miles; and (4) Rewari-Fazilka section, 114'23 miles, including stations.

Curves.—The sharpest curve is of 600 feet radius.

Gradients.—On the main line of the Rajputana section, Delhi to Ahmedabad, viz. Rewari-Phulera chord; on the Rewari-Bandikui-Phulera loop; and on the Brahmavart branch, the ruling gradient is 1 in 150. On the Agra branch it is 1 in 150, except for 1,058 feet on 1 in 142 and 841 feet on 1 in 145 at mile 1. On the Sambhar branch, it is 1 in 200, except for 3,810 feet on 1 in 150 at the beginning of the line. On the Farukhnagar branch it is 1 in 100. On the Malwa section it is 1 in 150, except between Khandwa and Kalakhund where it is 1 in 100 and between Kalakhund and Patal Pani (Mhow Ghat) where it is 1 in 40. On the Cawnpore-Achnera section, and on the Brindaban branch it is 1 in 200; and on the Rewari-Fazilka section, 1 in 169.

Details of construction—

Permanent-way.—The permanent way consists of 41½-lb. flat-footed steel rails on deodar sleepers.**Ballast.**—Ballast is provided only at points and crossings, and for 100 feet on each side of bridges and level crossings; elsewhere sand is used with stone top dressing. The line has since been ballasted with stone.**Fencing.**—Only station yards are fenced.**Curves.**—The sharpest curve is of 1,146 feet radius.**Gradients.**—The ruling gradient is 1 in 300, except for 400 feet near Sabarmati, where it is 1 in 200 and for 4,000 feet between miles 1 and 2, where it is 1 in 286.

Contracts—

Dated the 1st February 1901, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, revising, and extending up to the 31st December 1905, the arrangements for the working of the Rajputana-Malwa railway and other lines.

Dated the 25th March 1902, between the Secretary of State and the Ahmedabad-Dholka Railway Company;

Dated the 18th July 1902, between the Secretary of State and the Bombay, Baroda and Central India Railway Company;

as to the construction, management, maintenance and working of the Ahmedabad-Dholka railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 2 BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—con.
Sub-heads (a) to (f)

2 (g) Ahmedabad-Dholka railway (3' 3½" gauge)—contd.

Contracts—conold.

Dated the 17th September 1902, between the Secretary of State and the Ahmedabad-Dholka Railway Company, modifying the contract of 1902, as to the issue and allotment to the Secretary State of a certain number of fully paid up shares in the capital of the Company.

Dated the 8th April 1907, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Dated the 10th July 1908, between the Secretary of State and the Bombay, Baroda and Central India Railway Company; } giving effect, as from the 1st July 1908, the arrangement agreed upon for the improvement of the rebate from interchanged traffic payable to the Ahmedabad-Dholka Railway Company

Dated the 12th November 1908, between the Secretary of State and the Ahmedabad-Dholka Railway Company; }
 the Bombay, Baroda and Central India Railway Company.

Main provisions of contracts—

(i) *Land*.—Provided by the Government free of cost to the Company.

(ii) *Government aid*.—

(iii) *Distribution of profits*.—

The Government constructed the line (from funds supplied by the Company), and manage, work, stock and maintain it, through the agency of the Bombay, Baroda and Central India Railway Company. During the continuance of the working agreement with the Bombay, Baroda and Central India Railway Company, the charge to the Ahmedabad-Dholka Railway Company for the provision of rolling stock and the working and maintenance of the line, is the share of the general working expense of the whole system of the 5' 6" and 3' 3½" gauge lines worked by the Bombay, Baroda and Central India Railway Company which is attributable to the Ahmedabad-Dholka railway in proportion to its gross earnings, less the amount of rebate of 45 per cent of the combined share attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways which the Government are entitled to retain, provided that the charge is not to exceed 44 per cent of the gross earnings in any year. In the event of the working agreement with the Bombay, Baroda and Central India Railway Company terminating before the contract with the Ahmedabad-Dholka Railway Company, the charge for working the latter Company's line is to be such percentage of the gross earnings as may be provided in any other working agreement that may be entered into, or, if the line be worked by State agency, such percentage as the Secretary of State may consider just or reasonable; but it is not in either case to exceed the percentage of working expenses on gross earnings obtaining on the Bombay, Baroda and Central India railway, or 50 per cent in any year. The residue of the gross earnings, after deduction of the charge for working, etc., is payable to the Ahmedabad-Dholka Railway Company. By agreement with the Bombay, Baroda and Central India Railway Company, the Government allow to the Ahmedabad-Dholka Railway Company in respect of each year, by way of rebate, a sum not exceeding 45 per cent of the combined shares attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways, or either of them, and the Ahmedabad-Dholka railway, as will, together with the net earnings of the Ahmedabad-Dholka Railway Company, make up an amount equal to interest for the year at the rate of 4 per cent per annum on the actual capital expenditure. The Government also allow to the Company the sum of Rs. 5,000 per annum towards its office expenses and expenses of management; but when the Company's net earnings in any year exceed 4 per cent on the capital expenditure, the excess is to be applied towards the reduction of this allowance.

(iv) *Rates and fares*.—To be such as may from time to time be arranged between the Government and the working agency, but it is provided that they shall be within the maximum and minimum for the time being in force on the Bombay, Baroda and Central India railway (3' 3½" gauge). The classification of goods is to be in conformity with that in force on the Bombay, Baroda and Central India railway (3' 3½" gauge).

(v) *Special obligations as to the conveyance of*.—

(a) Mails, troops, high Government officials, and Government stores.—
 (b) Government bullion and coin, and the persons in charge thereof.—

} As in the case of 2
 (7), Bombay, Baroda
 and Central India rail-
 way (3' 3½" gauge).

(vi) *Power of the Government to determine contract*.—The Government may, by giving 12 months' notice, determine the contract and acquire the railway on the 30th June 1922, or at the end of any subsequent period of 10 years, in which case the Government undertake to pay to the Company in rupees a sum equal to 25 times the average yearly net earnings of the Company during the last preceding three years, provided that such sum shall not exceed by more than 20 per cent the total capital expenditure of the Company, nor be less than such capital expenditure.

2 (Z) Ahmedabad-Parantij railway (3' 3½" gauge)—

Date of registration of the Company.—6th January 1896.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Ahmedabad to Talod	1-5-97	39.82	
Talod to Parantij	2-7-97	7.83	
Parantij to Himmatnagar	23-10-97	14.05	
Himmatnagar to Khed Brahma	1-7-11	34.00	
TOTAL	88.70

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on creosoted pine and deodar sleepers.

Ballast.—The line is ballasted with kunkur, sand and stone.

Fencing.—Only station yards are fenced.

Curves.—The sharpest curve is of 1,146 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Contracts—

Dated the 13th March 1896 (called the principal contract), between the Secretary of State and the Ahmedabad-Parantij Railway Company, as to the construction of the Ahmedabad-Parantij railway.

Dated the 4th June 1896, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working by the Company of the Ahmedabad-Parantij railway.

Dated the 1st February 1901, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, revising, and extending up to the 31st December 1905, the arrangements for the working of the Rajputana-Malwa and other lines.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 2} _{Sub-heads (a) to (i)} BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.

2 (b) Ahmedabad-Parantij railway (3' 3½" gauge)—contd.

Contracts—concl'd.

Dated the 29th January 1902, between the Secretary of State and the Ahmedabad-Parantij Railway Company, modifying the terms on which the Company's line is worked by the Bombay, Baroda and Central India Railway Company.

Dated the 8th April 1907, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Dated the 17th September 1907, between the Secretary of State and the Ahmedabad-Parantij Railway Company, for the continuance of the working of the Ahmedabad-Parantij railway on the terms in force on the 31st December 1905.

Dated the 2nd October 1908, between the Secretary of State and the Bombay, Baroda and Central India Railway Company;

Dated the 24th November 1910, between the Secretary of State and the Ahmedabad-Parantij Railway Company;

as to the construction, management, maintenance and working of the Brahmakhed extension as part of the Ahmedabad-Parantij railway, subject to the modifications therein set forth of the terms applicable to the main line.

Main provisions of contracts—

(i) *Land*.—Provided by the Government free of cost to the Company. The Secretary of State to use his influence to obtain the free grant of land in Native States.

(ii) *Government aid*.— } The Government constructed the line (from funds supplied by the Company), and manage, work, stock and maintain it, through the agency of the
 (iii) *Distribution of profits*.— } Bombay, Baroda and Central India Railway Company. During the continuance of the contracts between the Secretary of State and the Bombay, Baroda and Central India Railway Company relating to the working of State branches, the charge to the Ahmedabad-Parantij Railway Company in each half-year for the provision of rolling-stock and the working and maintenance of the line is the share of the general working expenses of the whole of the 5' 6" and 3' 3½" gauge systems of railways worked by the Bombay, Baroda and Central India Railway Company which is attributable to the Ahmedabad-Parantij railway in proportion to its gross earnings, less the rebate of 10 per cent of the combined shares attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways which the Government is entitled to retain, provided that the charge is not to exceed 44 per cent of the gross earnings in any year. In the event of the termination of the contracts above referred to, the charge is to be a percentage of the gross earnings not exceeding in any half-year that obtaining on the Bombay, Baroda and Central India railway, nor in any year 44 per cent. The residue of the gross earnings, after deduction of the charge for working, etc., is payable to the Ahmedabad-Parantij Railway Company.

By agreement with the Bombay, Baroda and Central India Railway Company, the Government allow to the Ahmedabad-Parantij Railway Company in respect of each year, by way of rebate, a sum not exceeding 10 per cent of the combined shares attributable to the Bombay, Baroda and Central India railway 5' 6" and 3' 3½" gauge systems of the gross earnings from traffic interchanged between those railways, or either of them, and the Ahmedabad-Parantij railway, as will, together with the net earnings of the Ahmedabad-Parantij Railway Company, make up an amount equal to interest for the year at the rate of 4 per cent per annum until the close of the half-year next after that in which the Brahmakhed extension is opened throughout for public traffic, and thereafter at 5 per cent per annum, on the actual capital expenditure. The Government also allow to the Company the sum of Rs. 5,000 per annum until the close of the half-year next after that in which the Brahmakhed extension is opened throughout for public traffic, and thereafter Rs. 6,000 per annum towards its office expenses and expenses of management.

(iv) *Rates and fares*.—To be such as may from time to time be arranged between the Government and the working agency, but it is provided that they shall be within the maximum and minimum rates and fares for the time being in force on the Bombay, Baroda and Central India railway (3' 3½" gauge). The classification of goods is to be in conformity with that in force on the Bombay, Baroda and Central India railway (3' 3½" gauge).

(v) *Special obligations as to the conveyance of*.—

(a) Mails, troops, high Government officials, and Government stores.— } As in the case of 2 (f),
 (b) Government bullion and coin, and the persons in charge thereof.— } Bombay, Baroda and Central India railway (3' 3½" gauge).

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 2
Sub-heads (a) to (f) BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.

2 (c) Gaekwar's Mehsana railway (3' 3½") gauge—contd.

Details of construction—

Permanent-way.—Except from mile 10 to mile 24.69 of the Mehsana-Patan section, which is laid with 40-lb. iron rails on deodar sleepers, the line is laid with 41½-lb. flat-footed steel rails on steel, deodar, half round jungle teak and Australian hard wood sleepers.

Ballast.—The line between Mehsana and Taranga Hill is ballasted with stone, between Manund Road and Harij and between Chanasma and Bechraji, with lime stone and the rest with kunkur.

Fencing.—Of the Manund Road-Harij and Chanasma-Bechraji sections only the station yards are fenced; and of the other three sections 41½ miles are fenced by wire, and the rest with cactus, but this latter has in several places been entirely destroyed by floods and locusts and what remains is much broken up. On the Patan-Wagrod section only the station yards are fenced.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—On the Mehsana-Kheralu section the ruling gradient is 1 in 150, except for 5,100 feet, between Varetha and Taranga Hill, where it is 1 in 75. On the Mehsana-Virangam section it is 1 in 400, except for 1,350 feet between miles 5 and 6 where it is 1 in 200 and 900 feet between miles 12 and 13 where it is 1 in 300. On the Mehsana-Patan section it is 1 in 400, except for 850 feet between miles 6 and 7 where it is 1 in 200. On the Patan-Wagrod section it is 1 in 150, on the Manund Road-Harij section, 1 in 200 and on the Chanasma-Bechraji section, 1 in 366, all in banking section.

Agreements and contract—

Agreement, dated the 17th June 1893 (called "the Mehsana Working Agreement"), between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working by the Company of the Gaekwar's Mehsana railway.

Contract, dated the 8th April 1907 (called the principal contract), between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the maintenance, management and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Agreement, dated the 20th July 1908, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the construction by the Company of the Gaekwar's Kheralu-Dabhora railway.

Agreement, dated the 20th July 1908, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the construction by the Company of the Gaekwar's Manund Road-Harij and Chanasma-Bechraji railways.

Agreement, dated the 16th February 1909, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, modifying, as from the 27th March 1908 to the 26th March 1909, inclusive, the Mehsana Working Agreement of the 17th June 1893.

Agreement, dated the 15th December 1909, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to, the management, maintenance and working of the Manund Road-Harij and Chanasma-Bechraji lines from the date of opening to public traffic up to and including the 22nd October 1910.

Agreement, dated the 16th May 1910, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, for the continuance of the management, maintenance and working, from the 27th March 1909, of the Mehsana-Kheralu, Mehsana-Virangam and Mehsana-Patan railways, subject to further modifications of the Mehsana Working Agreement of the 17th June 1893.

Agreement, dated the 17th May 1910, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working of the Kheralu-Varetha (Taranga Hill) extension, subject to further modifications of the Mehsana Working Agreement of the 17th June 1893.

Agreement, dated the 3rd December 1910, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the maintenance and working of the Manund Road-Harij and Chanasma-Bechraji lines as from the 23rd October 1910, subject to further modifications of the Mehsana Working Agreement of the 17th June 1893.

Main provisions of agreements and contract—

- (i) *Land.*—As under 2(c), Petlad-Cambay railway (Anand-Tarapur section) (5' 6" gauge.)
- (ii) *Government aid.*—The lines are the property of the Baroda Durbar (which provides all funds chargeable to the capital account), and are managed, maintained, stocked and worked by the Bombay, Baroda and Central India Railway Company as part of the Company's railway system.

APPENDIX 1—contd.

Number Main head 2 BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—cont
Sub-heads (a) to (i)

2 (j) Jaipur State railway (3' 3½" gauge)—concl'd.

Agreement—

Agreement, dated the 11th September 1906, between the Jaipur Durbar and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working by the Company of the Jaipur State railway.

Railway Board's letter No. 1810 R.T., dated the 30th October 1907, as to the payment of rebate to the Jaipur Durbar.

Main provisions of agreement—

- (i) *Land*.—Provided by the Jaipur Durbar at the cost of capital.
- (ii) *Government aid*.—The line is the property of the Jaipur Durbar (which provides all funds chargeable to the capital account), and is managed, maintained, stocked and worked by the Company as part of its railway system. By way of rebate the Government allow out of their share of the net earnings of the Bombay, Baroda and Central India railway (3' 3½" gauge) (outside the contract between the Secretary of State and the Bombay, Baroda and Central India Railway Company), a sum up to 10 per cent of the net earnings of the main line from traffic interchanged with the Jaipur State railway to such extent as is necessary to make up, together with the net earnings of the Jaipur railway, an amount sufficient to give a return of 3½ per cent per annum on the capital expenditure incurred.
- (iii) *Terms of working*.— } Excluding the cost of making good damages due to extraordinary casualty which is borne by the Durbar and is chargeable against capital, the Jaipur State railway is debited for maintenance and working expenses, including the cost of supervision and use of rolling-stock, with the same percentage of the gross earnings of the Jaipur State railway as the total expenditure incurred on the entire Bombay, Baroda and Central India railway system bears to the earnings of that system, and also with any single item of capital expenditure not exceeding Rs. 2,000, subject to a maximum charge on such account of an amount bearing the same percentage of gross receipts as obtains for similar expenditure on that system. The balance in favour of or against the Jaipur Durbar is paid over to, or by, it as the case may be.
- (iv) *Distribution of profits*.— }
- (v) *Rates and fares*.—To be fixed from time to time by the Company with the approval of the Jaipur Durbar and, in the absence of any special agreement between them, to conform, as far as may be, to those generally in force on the Bombay, Baroda and Central India railway (3' 3½" gauge).
- (vi) *Special obligations as to the conveyance of*.—
- (a) *Mails, troops, high Government officials and Government stores*.—Mails and postal officers on duty to be carried at the rates and on the conditions in force from time to time on State railways in British India. (There is no provision for the carriage at special rates of troops, high Government officials and Government stores.)
- (b) *Government bullion and coin, and the persons in charge thereof*.—Not specified.
- (vii) *Power of the Durbar to determine agreement*.— } After 2 years from the date of opening (*viz.*, the 17th October 1907) of the Jaipur State railway
- (viii) *Power of the Company to determine agreement*.— } the agreement may be determined by either party giving to the other 12 calendar months' notice expiring on the 30th September or 31st March of any year.
- (ix) *Term of agreement [if not determined under (vii) and (viii)]*.—None specified.

Statistics of working—

2 (k) Palanpur-Deesa railway (3' 3½" gauge)—
 Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
	1	2	3
Palanpur to Deesa	8-11-93	17.28	17.28

Details of construction—

Permanent-way.—The permanent-way consists of 40-lb. flat-footed iron rails, except in station yards and the first 3 miles of the line which are laid with 41½-lb. steel rails. The rails are laid on Denham-Olpherts' plate, cast iron pot, and still dish cover sleepers.

Ballast.—The line is ballasted with stone and sand.

Fencing.—The line is fenced throughout.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Contracts—

Letter from the Government of India, Public Works Department, No. 352 R.C., dated the 25th March 1892, to the Government of Bombay;

Letter from the Under Secretary of State for India, No. 682, dated the 18th May 1892, to the Board of Directors, Bombay, Baroda and Central India Railway Company;

Letter from the Board of Directors, Bombay, Baroda and Central India Railway Company, No. 611, dated the 20th May 1892, to the Under Secretary of State for India;

Letter from the Under Secretary of State for India, No. 920, dated the 22nd June 1892, to the Board of Directors, Bombay, Baroda and Central India Railway Company;

Letter from the Government of Bombay, No. 1643, dated the 19th August 1892, to the Government of India, Public Works Department;

Contract, dated the 1st February 1901, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, revising, and extending up to the 31st December 1905, the arrangements for the working of the Rajputana-Malwa and other lines.

Contract, dated the 8th April 1907, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

as to the construction, management, maintenance and working, by the Bombay, Baroda and Central India Railway Company, of the Palanpur-Deesa railway as a part of the Rajputana-Malwa railway.

Main provisions of contracts—

(i) *Land.*—Provided free of cost by the Palanpur Durbar.

(ii) *Government aid.*—The railway is owned jointly by the Government and the Palanpur Durbar, and the former provide any further open line capital funds. It was constructed and is managed, maintained, stocked and worked by the Bombay, Baroda and Central India Railway Company as part of the Bombay, Baroda and Central India railway (3' 3½" gauge).

(iii) *Terms of working.*—The railway is debited with a share of the general working expenses of the Bombay, Baroda and Central India Railway Company's system in proportion to the gross earnings of the Palanpur-Deesa railway.

(iv) *Distribution of profits.*—The net earnings, after deducting the working expenses as in (iii) above, in any half-year, are to be divided between the Government and the Palanpur Durbar in proportion to the capital provided by each, after excluding (so long as the line remains a 3' 3½" gauge one) from the Government capital the sum of Rs. 25,117 the extra expenditure incurred in providing a 5' 6" gauge sub-structure.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, high Government officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof.—

As under 2 (f), Bombay, Baroda and Central India railway (3' 3½" gauge).

(vii) *Power of the Government to determine contract.*—

(viii) *Power of the Company to determine contract.*—

(ix) *Term of contract.*—

Baroda and Central India railway (3' 3½" gauge), unless it be decided to extend the railway in which case it will be open to the Government to terminate the working arrangement on giving the Company 6 months' notice.

The agreement is co-terminous with the Company's contract with the Secretary of State for working the Bombay,

2 (I) Vijapur-Kalol-Kadi railway (3' 3½" gauge)—

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
			4
1	2	3	4
Vijapur to Kalol			
Kalol to Kadi	10-6-02	29-44	
Kadi to Bhojani Road	13-7-03	11-93	
	1-4-12	4-74	
TOTAL			46-11

Details of construction—

Permanent-way.—21 miles are laid with 41½-lb. flat-footed steel rails and 25 miles with 40-lb. flat-footed iron rails on deodar sleepers,

Ballast.—The line is ballasted with stone and kunker.

Fencing.—Only station yards and 11-07 miles of the Vijapur-Kalol section are fenced.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 2} _{Sub-heads (a) to (f)} BOMBAY, BARODA AND CENTRAL INDIA RAILWAY SYSTEM—contd.

2 (l) Vijapur-Kalol-Kadi railway (3' 3½" gauge)—concl'd.

Details of construction—concl'd.

Curves.—The radius of the sharpest curve is 3,820 feet on the Vijapur-Kadi section and 1,910 feet on the Kadi-Bhoyani Road section.

Gradients.—The ruling gradient is 1 in 150 between Vijapur and Kadi and 1 in 200 between Kadi and Bhoyani Road.

Agreements and contract—

Agreement, dated the 23rd November 1903, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working, by the Bombay, Baroda and Central India Railway Company, of the Vijapur-Kalol-Kadi railway.

Contract, dated the 8th April 1907 (called the principal contract), between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working, as from the 1st January 1906, of the Bombay, Baroda and Central India railway, the Rajputana-Malwa railway and other subsidiary lines.

Agreement, dated the 3rd March 1909, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, modifying as from the 1st July 1908 to the 30th June 1909, inclusive, the agreement of the 23rd November 1903.

Agreement, dated the 16th May 1910, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, for the continuance of the management, maintenance and working, from the 1st July 1909, of the Vijapur-Kalol-Kadi railway, subject to further modifications of the agreement of the 23rd November 1903.

Agreement, dated the 17th June 1913, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working of the Kadi-Bhoyani extension, subject to further modifications of the agreement of the 23rd November 1903.

Main provisions of agreements and contract—

As noted under 2 (c), Gaekwar's Mehsana railway (3' 3½" gauge), with the exception that charges for repairs or renewals of way, works and stations on the Kadi-Bhoyani extension, due to defective design or construction of the extension or to defective materials used in the works constructed, are to be paid for by the Durbar.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—				
Unai to Kalamba (sanctioned on 5th July 1911)	8.66	8.66	
Grand total	34.98

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails on sal sleepers.

Ballast.—The line is ballasted with sand and moorum.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 1,432 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Agreement—

Dated the 23rd October 1914, between the Government of His Highness the Maharaja Gaekwar of Baroda and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working of the Bilimora-Kalamba railway.

Main provisions of agreement—

- (i) *Land.*— } As noted under 2 (c) Petlad-Cambay railway (Anand-Tarapur section)
- (ii) *Government aid.*— } (5' 6" gauge).
- (iii) *Terms of working.*— } The Company works the Bilimora-Kalamba railway at actual cost, plus a sum equal to 10 per cent of the total working expenses, but not less than Rs. 300 per mensem in the half-year for superintendence. The railway is also debited with a contribution from its net earnings to the Company's Provident Fund, calculated on the same basis as obtains on the Bombay, Baroda and Central India railway. The balance in favour of or against the Baroda Durbar is paid over to or by it, as the case may be.
- (iv) *Distribution of profits.*— }
- (v) *Rates and fares.*— }
- (vi) *Special obligations as to the conveyance of.*— } As noted under 2 (c), Petlad-Cambay railway (Anand-Tarapur section) (5' 6" gauge).
- (a) Mails, troops, high Government officials and Government stores.—
- (b) Government bullion and coin, and the persons in charge thereof.—
- (vii) *Power of the Durbar to determine agreement.*— }
- (viii) *Power of the Company to determine agreement.*— } The agreement may be terminated at any time on one year's notice from either side, to expire on the 30th September or 31st March in any year.
- (ix) *Term of agreement [if not determined under (vii) and (viii)].*—Not specified.

Statistics of working—

Year.	Mileage open at end of the year.	Total capital outlay, including suspense, to end of the year, i.e., outlay on (i) lines open, and (ii) lines partly or wholly under construction. Details of construction—

Permanent-way.—The line is laid with 41½-lb. flat-footed steel and iron rails on half-round jungle teak sleepers.

Ballast.—The line is ballasted chiefly with coarse river sand.

Fencing.—Only the station yards and small lengths at miles 4 and 9 are fenced.

Curves.—The sharpest curve is of 1,432 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Agreement and contract—

Agreement, dated the 19th March 1900, between the Rajpipla State and the Bombay, Baroda and Central India Railway Company, as to the maintenance and working of the Rajpipla State railway.

Contract, dated the 8th April 1907, between the Secretary of State and the Bombay, Baroda and Central India Railway Company, as to the management, maintenance and working, as from the 1st January 1906, of the Bombay, Baroda and Central India, the Rajputana-Malwa and other subsidiary lines.

Main provisions of agreement and contract—

- (i) **Land.**—Provided free of cost by the Rajpipla State.
- (ii) **Government aid.**—The line is the property of the Rajpipla State (which provides all funds chargeable to the capital account), and is managed, maintained, stocked and worked by the Bombay, Baroda and Central India railway as part of the Company's system.
- (iii) **Terms of working.**— } The Rajpipla State railway is debited with the actual cost of working plus a sum equal to 12½ per cent. on total working expenses (but not less than
- (iv) **Distribution of profits.**— } Rs. 300 per mensem nor more than an average of Rs. 800 per mensem) in the half-year for supervision; and in addition thereto a contribution from its net earnings to the Company's Provident Fund calculated on the basis of the Bombay, Baroda and Central India railway Provident Fund rules 6, 7 and 8. The balance in favour of, or against, the Rajpipla State is paid over to, or by it, as the case may be.
- (v) **Rates and fares.**—
- (vi) **Special obligations as to the conveyance of.**— } As under 2 (o), Gaekwar's Dabhoi railway (2' 6" gauge).
- (a) Mails, troops, high Government officials and Government stores.—
- (b) Government bullion and coin and the persons in charge thereof.—
- (vii) **Power of the Rajpipla State to determine agreement.**— } The agreement may be determined by either party, at the end of any financial half-year on one year's notice from either side.
- (viii) **Power of the Company to determine agreement.**—
- (ix) **Term of agreement [if not determined under (vii) and (viii)].**—Not specified.

2 (s) Bodeli-Chhota Udaipur railway (2' 6" gauge)—

Sanction to the construction of this line by the agency of the Bombay, Baroda and Central India Railway Company, on behalf of the Baroda and Chhota Udaipur Durbars, was conveyed in Railway Department (Railway Board) Notification No. 25, dated the 2nd February 1915.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Bodeli to Chhota Udaipur (sanctioned on 2nd February 1915)	22.65	22.65

2 (t) Navsari-Kamrej Light railway (2' 6" gauge)—

Sanction to the construction of this steam tramway by the Baroda Durbar was conveyed in the Foreign and Political Department letter No. 185-1-B., dated the 4th February 1914.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Navsari via Palsana to Kamrej (sanctioned on 4th February 1914)	20.00	20.00

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

BOMBAY PORT TRUST RAILWAY (5' 6" gauge).

The railway serves all the Docks of the Port of Bombay and also the Bunders on the east of the Island north of the Ballard Pier, as well as various depôts allotted to certain trades, and is used for goods and troop traffic only.

It consists of a double line track for its whole length, as well as of reception and sorting yards, depôts stations, and numerous sidings in the docks.

Sanction to the construction of this line by the Bombay Port Trust was conveyed in Railway Board's Notification No. 152, dated the 28th May 1913, and at the end of March 1915, 50 miles of track were laid and connected up.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Wadala Junction to Victoria Overbridge	1-1-15	4-00	
Victoria Overbridge to Docks	1-2-15	2-00	
Total			6-00

Details of construction—

Permanent-way.—The tracks are laid throughout with 75-lb. flat-footed steel rails on wooden sleepers principally jarrah, teak and sál with spike connections.

Ballast.—As the greater part of the railway is laid on newly reclaimed ground, moorum ballast is being used extensively for packing and boxing, and will be used until such time as it is considered that a firm formation has been obtained. On old ground blue stone trap ballast is being provided. Over several parts of the Sewri-Mazagon reclamation it was found necessary to carry the rails on wooden mattresses owing to severe settlement. The largest mattress is 900 feet long.

Fencing.—The line is being fenced where necessary.

Curves.—The radius of the sharpest curve is 800 feet outside the dock area and 500 feet within the docks.

Gradients.—The steepest grade on the line is 1 in 150, near the Nawab Tank bridge.

Contract—

Main provisions of contract—

} Nil. The line is owned and worked by the Bombay Port Trust.

Statistics of working—Not available.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

CALCUTTA PORT COMMISSIONERS' RAILWAY (5' 6" gauge)—

The railway serves the godowns, warehouses, jetties, workshops, jute, sugar, tea, rice and grain depôts, timber yards, mills and coal depôts on both the Calcutta and Howrah Foreshores, and is used for goods traffic only. The railway consists of a single track, but there are a large number of sidings for crossing trains and loading goods.

The first section, from Chandpal Ghât to Kidderpore Docks, was laid in 1886, being included in the general sanction for the Docks, and was used solely for the carriage of material for the construction of the Docks. It was opened to general goods traffic in 1891.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.

<i>Line on the Howrah Foreshore—</i>				
Telkul Ghât <i>via</i> Bhurpara Khal to Shalimar	31-12-01	...	2.23	
TOTAL	15.34

Details of construction—

Permanent-way.—The Cossipore-Chandpal Ghât section is laid with steel rails weighing 75 lbs. to the yard on wooden sleepers. The Chandpal Ghât-Kidderpore Dock section is laid partly with new rails on wooden sleepers and partly with East Indian railway second-hand material on wooden sleepers. The Shalimar branch is laid with 75-lb. double-headed steel rails on cast iron chairs and flanged rails spiked on sâ sleepers. The Dock section is laid with 60-lb. and 75-lb. flanged and double-headed rails laid on wooden sleepers.

Ballast.—On the Cossipore-Chandpal Ghât section, packing and boxing is generally done with coal cinders and in some places with 1st class ballast. The Chandpal Ghât-Kidderpore Dock section is packed with brick ballast. On the Shalimar branch, packing is done with 1st class *jhama* ballast.

Fencing.—The line is fenced throughout. The Chandpal Ghât-Kidderpore Dock section is fenced on both sides.

Curves.—The radius of the sharpest curve is 250 feet.

Gradients.—The ruling gradient on the greater part of the railway is 1 in 300, except where the line crosses the Howrah bridge approach, where the gradient is 1 in 82 and between Hastings bridge and Watgunge where the gradient is 1 in 190.

Contract—

Nil. The line was constructed by the Port Commissioners out of Port Trust Funds and is maintained and worked by them. The land from Chandpal Ghât to Ahiritollah Ghât was originally transferred to the Commissioners by Government for which the former pay a quit rent of Rs. 37,292 per annum. The land north of Ahiritollah Ghât was acquired by the Commissioners under the Land Acquisition Act and that south of Chandpal Ghât was transferred by Government to the Commissioners.

Statistics of working—Not available.

APPENDIX 1—contd.

Details of construction—

Permanent-way.—The permanent-way consists mostly of steel rails and sleepers of wood and iron. The steel rails are of various types: (i) 90-lb. flat-footed laid on (a) the newly opened double tracks between Dum Dum Junction and Kankinara, (b) the up and down tracks between Kankinara and Santahar and Poradaha and Jagati, (c) the Murshidabad branch between Ranaghat and Krishnagar city, (d) the Pattipooker-Chitpore connection, (e) the low level line between Dum Dum and Canal Junction and (f) the whole of the Central section; (ii) 85-lb. bull-headed laid on (a) the original double line between Calcutta and Kankinara, (b) the newly opened double tracks between Dum Dum and Kakurgachi and (c) the up and down tracks between Kakurgachi and Majherat *via* Tiljala; (iii) 75-lb. double-headed laid on the third track between Naihati and Haliashahar; (iv) 75-lb. new pattern flat-footed laid on the Murshidabad branch between Krishnagar city and Lalgholaghat; (v) 73-lb. double headed laid on the Southern section between Beliaghata and Tiljala, Ballygunge and Diamond Harbour, Sonarpur and Canning and Majherat and Budge Budge; and (vi) second-hand 62-lb. flat-footed laid on the Churni Extension.

The line from Jagati Junction to Faridpur and Kustia loop are laid partly with 90-lb. flat-footed and partly with 75-lb. double-headed rails and the line from sub-way at Canal Junction Cabin to Chitpore, partly with 75-lb. double-headed and partly with 75-lb. flat-footed rails. A few short lengths near ghat stations at Goalundo are still laid with old iron permanent-way.

The wooden sleepers are laid under all flat-footed rails, Denham and Olphert's ordinary sleepers, with wooden sleepers at joints and continuous joint pattern combined chair-fish plates, and Denham and Olphert's cast iron sleepers, with wooden sleepers and cast iron chairs with wooden keys at joints, under 85-lb. bull-headed rails, ordinary cast iron and Denham and Olphert's cast iron sleepers, under 75-lb. double-headed rails, and both Denham and Olphert's cast iron sleepers and wooden sleepers, under 73-lb. double-headed rails.

Ballast.—On the main line of the Eastern section, from Bhairamara to Shakhole, the line is ballasted with broken trap and onward to Santahar with shingle. Where 85-lb. bull-headed rails have been laid, brick ballast has been replaced by stone. The ballast on the lengths relaid with 90-lb. rails is also being gradually replaced with stone. The bottom ballast on the Murshidabad branch is brick and the ballasting is being completed with stone. The Canning branch and the Faridpur branch are practically unballasted.

Fencing.—The whole of the Eastern section is fenced, except between Pachooria Junction and Goalundo and the Faridpur branch. The Southern section is fenced except the Canning branch. The Central section is fenced throughout.

Curves.—The sharpest curve is of 1,000 feet radius.

Gradients.—The ruling gradient over approaches to bridges on navigable channels is 1 in 300; elsewhere it is 1 in 1,000.

Contracts.—

Nil.—The line is owned and worked by the State.

Rates and fares.—Certain maxima and minima have been fixed by the Government, between the limits of which the Railway Administration can vary the rates and fares for goods and coaching traffic.

* This line was originally on the 2' 6" gauge, but was converted to, and opened on, the 3' 3½" gauge up to Raja Bhat Khawa from 18th April 1910 and up to Jainti from 1st May 1910.

Details of construction—

Permanent-way.—The permanent-way consists of 50-lb. flat-footed steel rails and wooden sleepers, with the following exceptions:—

The lines from Manihari Ghat to Katihar, mile 237½ to Jogbani and Golakganj to Dhubri, the Santrabari extension and the Bahadurabad-Singhjani section, including Kandirpara Ghat line, are laid with 41½-lb. flat-footed steel rails. Nine miles of Dacca section are laid with 64-lb. double-headed and the remainder, with 82-lb. flat-footed second-hand steel rails. On the Tangla extension, the Dalsingpara branch and in certain station yards of the Dacca section the rails are second-hand 41½-lb. flat-footed.

Ballast.—The whole of the line, except the portions from Golakganj Junction to Dhubri, Forbesganj to Jogbani, Rangiya to Tangla, Raja Bhat Khawa to Dalsingpara and Singhjani to Fulchhari, is ballasted or shortly to be ballasted. The ballast is brick, stone or shingle.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 3} _{Sub-heads (a) to (e)} EASTERN BENGAL RAILWAY SYSTEM—contd.

3 (b) Eastern Bengal railway (3' 3½" gauge)—concl'd.

Details of construction—concl'd.

Fencing.—The whole of the 3' 3½" gauge lines are fenced, except the sections Santahar to Kaunia, Bonarpara to Fulchhari, Barsoi to Kissengunge, Forbesganj to Jogbani, Golakganj to Dhubri, the Santrabari extension, Rangiya to Tangla, Raja Bhat Khawa to Dalsingpara and Dacca to Mymensingh, the Gauhati extension and the Singhjani-Fulchhari extension. On the unfenced sections the station yards are usually fenced.

Curves.—The sharpest curve is of 500 feet radius.

Gradients.—The ruling gradient on the 3' 3½" gauge section is 1 in 200 which occurs at the approaches of large bridges and fairly frequently and for long lengths on the Gauhati extension where there are also short lengths of 1 in 100 and 1 in 128 between Pandu station and Gauhati. On the Santrabari extension and on the section from Raja Bhat Khawa to Kalchini the ruling gradients on the last few miles near the hills are 1 in 100, and 1 in 150, respectively, but there is a small length of 1 in 50 between Buxa Road and Jainti.

Contracts—

Nil.—The line is owned and worked by the State.

Statistics of working.—

Included with 5' 6" gauge section, 3 (a).

3 (b) Eastern Bengal railway (2' 6" gauge)—

The Ranaghat-Krishnagar branch has been amalgamated with the Eastern Bengal railway system from 1st July 1904. The Teesta-Kurigram branch was originally a portion of the 2' 6" gauge lines from Teesta Junction to Mogalhat and Jatrapur, known as the Kaunia-Dharilla branch. The line from Teesta Junction to Mogalhat has been converted to the 3' 3½" gauge and now forms part of the "Kaunia-Dhubri section." The line from Kurigram to Jatrapur has been abandoned.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Ranaghat-Krishnagar branch— Aistala Ghat (right bank of the Ohurni river) near Ranaghat to Krishnagar	5-4-99	20.25	
Teesta-Kurigram branch— Teesta Junction to Kurigram	18-7-81	14.85	
TOTAL	35.10

Details of construction—

Permanent-way.—On the Ranaghat-Krishnagar and Teesta-Kurigram branches the rails are flat-footed steel, 25 lbs. per yard; the sleepers are pynkado and sál.

Ballast.—The Ranaghat-Krishnagar branch is brick ballasted and the Teesta-Kurigram branch is not ballasted.

Fencing.—No lines on the 2' 6" gauge are fenced.

Curves.—The sharpest curve is of 500 feet radius.

Gradients.—No grade on the Ranaghat-Krishnagar and Teesta-Kurigram branches exceeds 1 in 200.

Contracts—

Nil.—The line is owned and worked by the State.

Statistics of working.—

Included with 5' 6" gauge section, 3 (a).

3 (c) Cooch Behar State railway (3' 3½" gauge)—

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 3 EASTERN BENGAL RAILWAY SYSTEM—contd.
Sub-heads (a) to (e)

3 (c) Cooch Behar State railway (3' 3½" gauge)—contd.

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, 41½ lbs. per yard, laid on sal sleepers

Ballast.—The line is laid without ballast, but arrangements are being made to ballast it.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 1,300 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Agreement—

Dated the 25th February 1907, having effect from the 1st January 1907, between the Secretary of State and His Highness the Maharaja of Cooch Behar, as to the management, maintenance and working of the Cooch Behar State railway by the Eastern Bengal railway.

Main provisions of agreement—

- (i) *Land.*— } The railway is the property of the Cooch Behar Durbar, which provides all funds not contemplated in clause 2 of the agreement required for the completion and equipment of the line from time to time, and it is managed, maintained and worked by the agency of the Eastern Bengal railway.
- (ii) *Government aid.*— }
- (iii) *Terms of working.*— } For management, maintenance and working, the Eastern Bengal railway retains 40 per cent of the gross earnings: provided that when the stock of the Eastern Bengal railway is used for the conveyance of any traffic on the Cooch Behar State railway, the Eastern Bengal railway retains up to, but not exceeding, 45 per cent of the gross earnings obtained from the use of such stock. The remainder, being the net earnings of the Branch, is paid over to the Durbar.
- (iv) *Distribution of profits.*— }
- (v) *Rates and fares.*—The Administration of the Eastern Bengal railway has full control over the rates and fares on the Cooch Behar State railway, subject to the maxima and minima prescribed by the Government of India in schedule A appended to the agreement (certain station to station rates applicable after the opening of the Dharila bridge are prescribed in schedule B to the agreement).
- (vi) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.—Mails are conveyed in accordance with rules in force on State railways. There is no special provision in the agreement for the carriage of troops, high Government officials and Government stores.
- (b) Government bullion and coin, and the persons in charge thereof.—Not specified.
- (vii) *Power of the Government to determine agreement.*— } Terminable on the expiry of six months' notice from either side.
- (viii) *Power of the Cooch Behar Durbar to determine agreement.*— }
- (ix) *Term of agreement.*—Until determined under (vii) and (viii).

Statistics of working (Those for the periods prior to 1905 will be found in appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. 1914-15 . . .	33-09	20,50,061	2,69,264	1,41,749	6-91	156	47-86	

*The increase in 1906 and 1907, and the decrease in 1909, are chiefly due to the cost of repairs of damages caused by floods in 1906, which were originally debited to Revenue in 1906 and 1907 having been written back to capital in 1909.

† The increase is due chiefly to the debit to Revenue of the cost of repairs of flood damages.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Main head 3

Number Sub-heads (a) to (e) **EASTERN BENGAL RAILWAY SYSTEM—contd.**

3 (d) Mymensingh-Jamalpur-Jagannathganj railway (3' 3½" gauge)—*Date of registration of the Company.—9th June 1899.*

This line, which terminates on the Brahmaputra river, is connected with the Eastern section of the Eastern Bengal railway at Goalundo by the India General Navigation and Railway and River Steam Navigation Companies' steamer services. The new Singhjani-Fulchhari extension, starting at Singhjani, a station on this line, links it with the Northern section of the Eastern Bengal railway at Fulchhari.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Mymensingh to Singhjani	15-10-98	33-92	
Singhjani to Jagannathganj	15-10-99	21-90	
TOTAL	55-22

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, 50 lbs. to the yard, laid on s&ll sleepers.

Ballast.—The line is ballasted throughout with brick.

Fencing.—The line is fenced only at stations and through the town of Mymensingh.

Curves.—The sharpest curve is of 2,685 feet radius.

Gradients.—The ruling gradient is 1 in 300.

Agreements and contract—

Agreement, dated the 6th January 1897 } *between the Secretary of State and the India General Steam*
 (called the preliminary agreement) } *Navigation Company (called the Old Company), as to the con-*
 Contract, dated the 6th January 1897 } *struction, management, maintenance and working of the*
 (called the scheduled contract) } *Mymensingh-Jamalpur-Jagannathganj branch railway.*

Agreement, dated the 3rd October 1899, (supplemental to the preliminary agreement and scheduled contract of 1897), *between the India General Steam Navigation Company (called the Old Company) and Messrs. W. H. Cheetham, C. C. Kilburn, and A. Pointon, merchants, the liquidators thereof, the India General Navigation and Railway Company (called the New Company), and the Secretary of State, as to the substitution, as from the 1st July 1899, of the New Company for the Old Company as a party to the preliminary agreement and the scheduled contract, respectively, and for the transfer of the domicile of the Mymensingh-Jamalpur-Jagannathganj branch railway Head Office from Calcutta to London.*

Main provisions of agreements and contract—

(i) *Land.*—Provided by the Government free of cost to the Company.

(ii) *Government aid.*—For the more convenient and economical construction of the railway its execution was undertaken by the Government, who also stock, manage, maintain and work it through the agency of the Eastern Bengal railway. The Government agree to allow to the Company, in respect of each calendar year, by way of rebate, such a sum not exceeding in any year the net earnings from traffic interchanged between the Eastern Bengal railway system and the Company's railway only, as shall together with the Company's net earnings for the year, make up 3½ per cent. per annum, on the actual capital expenditure on the branch, (Mymensingh is to be considered a station on the Eastern Bengal railway system, and cross-traffic passing over the Company's line when booked through between stations on the Dacca-Mymensingh section and other stations on the Eastern Bengal railway is not to be taken into account in calculating rebate).

(iii) *Terms of working.*— } For management, maintenance, working and the use of rolling-stock,
 (iv) *Distribution of profits.*— } the Eastern Bengal railway retains 45 per cent. of the gross earnings of the branch; the remainder, being the net earnings, is paid over to the Company.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 3 EASTERN BENGAL RAILWAY SYSTEM—concl'd.
Sub-heads (a) to (e)

3 (d) Mymensingh Jamalpur-Jagannathganj railway (3' 3½" gauge)—concl'd.

Main provisions of agreements and contract—concl'd.

- (v) *Rates and fares.*—To be arranged between the Government and the working agency, subject to the condition that they are to be within the maxima and minima, and that the classification of goods is to be in conformity with that in force on the Eastern Bengal railway.
- (vi) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.— } Not specified.
(b) Government bullion and coin, and the persons in charge thereof.— }
- (vii) *Power of the Government to determine contract.*—Government may determine the contract on 12 months' notice either on—
- (a) the 31st December 1919, or at the end of any subsequent period of 10 years, in which case the Government undertake to pay to the Company in rupees a sum equal to 25 times the amount of the average yearly net earnings, not including rebate payments, derived by the Company from the branch railway during the three years immediately preceding the time at which the contract is determined, provided that such sum shall not exceed by more than 20 per cent. the total capital expenditure of the Company, nor be less than such total capital expenditure; or
- (b) on the 31st December 1948, in which case the Government undertake to pay to the Company a sum equal to the total capital expenditure in rupees.
- (viii) *Power of the Company to surrender contract.*—Nil.
- (ix) *Term of contract.*—Until determined under (vii).

Running powers—

Home line over Foreign lines :—

	Miles.
Idgah Agra to Agra Fort, Bombay, Baroda and Central India (3' 8½" gauge) railway, for goods trains only	1.24
Naihati to Majherat, Eastern Bengal railway	31.25
Canal Junction to Chittpore " } for goods trains only	1.75
Moghal Sarai to Benares Cantonment, Oudh and Rohilkhand railway, for certain passenger trains only	10.00
Idgah Agra to Agra Cantonment, Great Indian Peninsula railway, for goods trains only	1.46
Total	45.70

Foreign lines over Home line :—

Bengal-Nagpur railway at Katni	} for passenger and goods trains	0.80
" " " at Katrasgarh		0.66
" " " at Asansol		0.50
" " " at Howrah, for passenger trains only		1.00
Great Indian Peninsula railway at Cawnpore, for passenger trains 0.97 mile and for goods trains 0.53 mile		1.49
" " " at Katni, for goods trains only		0.38
" " " at Manikpur	} for passenger and goods trains.	0.63
North Western and Oudh and Rohilkhand railways, Ghaziabad to Delhi		13.00
Total		17.96

4 (a) East Indian railway (5' 6" gauge)—

The lines owned by the late East Indian Guaranteed Railway Company were purchased by the State in 1879, and all the contracts then subsisting between the Secretary of State and the company (except those relating to debentures or debenture stock) were determined. The purchase price was £32,750,000, and it was provided that this should be paid in the form of a terminable annuity of the amount of £1,473,750, payable from the 1st January 1880 to the 14th February 1953. One-fifth of the annuity was deferred, and the holders of this portion (representing a capital sum of £6,550,000) constitute the present East Indian Railway Company. Since the purchase certain State and Companies' branch lines were incorporated in the undertaking.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.

Details of construction—

Permanent way.—The main line from Howrah to Delhi, including the Grand Chord, the Loop line from Khana Junction to Kiul, the Jubbulpore branch, Tarkessur branch, Jharia branch, Ondal loop, Ikrah branch, Giridih branch, Patna-Gya branch, Barun-Daltonganj branch, Agra branch, Shikohabad-Farukhabad, Bandel-Barharwa and Bhagalpur-Bausi branches are laid with steel rails throughout. A few short branches are still laid with iron rails, but these are being replaced with second-hand steel rails removed from the main line in the course of relaying operations.

On both the up and down roads of the main line from Howrah to Allahabad, a distance of about 564 miles, the rails are 85-lb. bull-headed with the exception of a few lengths aggregating 307.50 miles laid with 88½-lb. bull-headed rails, and 2 short lengths of about 2 miles laid with 75-lb. double-headed rails.

Above Allahabad the main line up to Fatehpur (mile 636) is laid with 85-lb. bull-headed rails. The sections Fatehpur to Jhijhak and Ghaziabad to Patpore are laid with 88½-lb. bull-headed rails. The rest of the main line and branches are laid with 75-lb. double-headed rails.

The Grand Chord line, is laid with 85-lb. rails, between Sitarampur and Gurpa, and with 88½-lb. bull-headed rails, between Gurpa and mile 325, near Phasars (excepting a length of 5 miles) and between mile 375 (near Pusauli) and Moghal Sarai and on the newly opened down track between Gya and Kastha and Ganj Khwaja and Moghal Sarai. The remaining length is laid with 75-lb. double-headed rails.

The Deoghur and Tarkessur branches are laid with 75-lb. double-headed rails and the Naihati branch, with 88½-lb. bull-headed rails.

As at present laid, about thirty per cent of the sleepers are wooden and the remainder iron. The wooden sleepers principally consist of sal and deodar; but of late jarrah and Australian hard wood sleepers have also been put into the road. The chairs are cast iron and vary in weight from 36 to 51½ lbs. The iron sleepers are of the Denham-Olpherts' pattern and weigh about 252 lbs. each.

Ballast.—The line, with the exception of the Barharwa-Bandel branch, is ballasted throughout with stone.

Fencing.—The line is fenced throughout, except on the Damoodur, Ikrah, Salanpur, Chanah, Pandra, Azimganj, Barun-Daltonganj, Shikohabad-Farukhabad, Barharwa-Bandel, Bhagalpur-Bausi and Deoghur branches, the Ondal loop and the Ondal-Sainthia and Dhaubaid-Jharia chords.

Curves.—The sharpest curve is of 1,000 feet radius and situate between Agra (Jumna Bridge station) and Agra City station.

Gradients.—The ruling gradient on the main line is 1 in 300, except between Ranegunge and Luckeeserai where it is 1 in 200 with a 1 in 100 banking section, between Simultala and Jhajha, and on the Grand Chord, 1 in 200 (compensated on curves), with a 1 in 80 banking section between Gurpa and Gujhandi. The ruling gradient on the Tarkessur branch, is 1 in 500, on the Shikohabad-Farukhabad branch is 1 in 400, on the Daltonganj branch, 1 in 333, on the Patna-Gya and Digha Ghat branches, 1 in 250. On the Bandel-Barharwa branch, the Loop line, the Monghyr branch, the Ondal-Sainthia Chord, the Bhagalpur-Bausi branch, the Khurja-Hapur branch and the Jubbulpore branch, it is 1 in 200; on the Azimganj branch, 1 in 100, and on the Deoghur branch 1 in 50.

Sub-heads (a) to (d)4 (a) East Indian railway (5' 6" gauge)—*contd.*

Contracts and agreement—

- Contract, dated the 22nd December 1879 (called the principal contract) *between the Secretary of State and the East Indian Railway Company*, as to the maintenance, management and working of the undertaking.
- Agreement, dated the 27th July 1882, *between the Secretary of State and the East Indian Railway Company*, as to the working of the Kurhurbaree and Serampore collieries.
- Contract, dated the 10th November 1893 (supplemental to the contract of 1879), *between the Secretary of State and the East Indian Railway Company*, as to the incorporation in the undertaking of certain State branch lines.
- Contract, dated the 28th February 1896 (supplemental to the contract of 1879), *between the Secretary of State and the East Indian Railway Company*, as to the raising of capital by debentures.
- Contract, dated the 22nd November 1897 (supplemental to the contracts of 1879 and 1896), *between the Secretary of State and the East Indian Railway Company*, as to the construction and working of the Moghal Sarai-Gya railway.
- Contract, dated the 4th April 1899 (supplemental to the contract of 1879), *between the Secretary of State and the East Indian Railway Company*, as to the creation of debenture stock.
- Contract, dated the 14th November 1899 (modifying the contract of the 22nd December 1879 as supplemented by the contracts of 1896 and 1899), *between the Secretary of State and the East Indian Railway Company*.
- Contract, dated the 16th April 1903 (supplemental to the contracts of 1899, and to those of 1879, 1896 and 1899 therein referred to), *between the Secretary of State and the East Indian Railway Company*, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.
- Contract, dated the 10th July 1907 (supplemental to the contracts of 1879, 1899 and 1903), *between the Secretary of State and the East Indian Railway Company*, as to the creation of a 3½ per cent Debenture stock.
- Contract, dated the 25th October 1911, *between the Secretary of State, the Deoghur Railway Company and the East Indian Railway Company*, as to the transfer to the Secretary of State of the Deoghur railway and its management, maintenance and working by the East Indian Railway Company as a part of the undertaking.
- Contract, dated the 10th June 1914, *between the Secretary of State and the East Indian Railway Company*, as to the adoption of the Government Financial year for the preparation of accounts.

Main provisions of contracts and agreement—

- (i) *Land*.—Provided by the Government at the cost of capital.
- (ii) *Government aid*.—Guarantee of interest in sterling at 4 per cent per annum on £6,550,000, the capital sum representing the deferred portion (one-fifth) of the annuity payable by Government in purchase of the East Indian railway. Also guarantee of principal and interest in respect of debentures and debenture stock issued by the Company.
- (iii) *Distribution of profits*.—The surplus profits in each half-year remaining after payment of interest and annuity charges, and the contribution to the Provident Fund, to be divided as follows :—
Of the first Rs. 25,00,000 of such surplus profits (or of the whole amount when it does not exceed Rs. 25,00,000) the Government to receive four-fifths and the Company one-fifth; of any excess beyond Rs. 25,00,000 the Government to receive fourteen-fifteenths and the Company one-fifteenth.
- (iv) *Rates and fares*.—Maximum and minimum rates and fares to be authorised, and the classification of passengers and goods to be prescribed, by the Government.
- (v) *Special obligations as to the conveyance of*.—
(a) Mails, troops, high Government officials and Government stores.—To be conveyed on same general conditions, and at rates (to be approved by the Government) not less than those in force for the time being for similar services on State railways of the same gauge.
(b) Government bullion and coin, and the persons in charge thereof.—To be carried at special rates to be from time to time approved by the Government.
- (vi) *Power of the Government to determine contract*.— }
(vii) *Power of the Company to surrender contract*.— } By the contract of the 14th November 1899 the Government and the Company mutually agree that they will not determine the contract dated the 22nd December 1879 before the 31st December 1919. On that date, or at the end of any succeeding fifth year thereafter, either party may determine the contract by giving two years' previous notice. (On the determination of the contract the portion of the annuity that has been deferred will become payable for the period remaining up to the 14th February 1959.)
- (viii) *Term of contract* [if not determined under (vi) and (vii)].—50 years from 1st January 1880.

Sub-heads (a) to (d)

4 (b) Delhi-Umballa-Kalka railway (5' 6" gauge)—

Chairman.—Alexander Izat, Esq., C.I.E.

Secretary.—E. A. Neville, Esq.

Offices.—237, Gresham House, Old Broad Street, London, E.C.

Date of registration of the Company.—25th January 1889.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
Main line.— Delhi to Kalka	1-3-91	161'88		
Kaithal branch.— Thanesar to Kaithal	1-12-10	29'76		
Total open mileage	191'64	
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION. Panipat to mile 14'81 (sanctioned on 11th September 1913).	...	14'81	14'81	
GRAND TOTAL	206'45

Details of construction—

Permanent-way.—The permanent-way consists of double-headed steel rails, 75 lbs. to the yard, laid on Denham-Olpherts' cast-iron plate and wooden sleepers with cast iron chairs. On the Kaithal branch 75-lb. flat-footed steel rails have been used.

Ballast.—The line is ballasted throughout with stone.

Fencing.—The line is fenced throughout.

Curves.—The sharpest curve is of 1,010 feet radius.

Gradients.—The ruling gradient is 1 in 200, except for 15 miles from Kalka where it is 1 in 40.

Contracts—

Dated the 24th January 1889 (called the principal working contract), between the Secretary of State and the East Indian Railway Company, for working and maintenance.

Dated the 12th February 1889 (called the principal contract), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, for the construction of the railway.

Dated the 19th March 1890 (supplemental to the contract of 1889), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, as to the raising of additional capital by the issue of debentures.

Dated the 19th December 1895 (supplemental to the contract of 1889), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, conceding to the Company, from the 1st January 1893, the 2 per cent of gross earnings previously retained by Government.

Dated the 21st July 1896 (supplemental to the contract of 1889), between the Secretary of State and the East Indian Railway Company, as to the provision of funds for further capital works.

Dated the 24th July 1896 (supplemental to the contracts of 1889 and 1890), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, as to the provision of funds for further capital works.

Dated the 9th June 1897 (supplemental to the contracts of 1889, 1890, and 1895), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, guaranteeing interest at the rate of 3½ per cent on share capital.

Dated the 27th April 1903 (supplemental to the contract of 1889), between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 1st July 1909 (supplemental to the contracts of 1889 and 1896), } as to the working and
between the Secretary of State and the East Indian Railway Company; } construction, respective-
Dated the 3rd November 1909 (supplemental to the contracts of 1889, 1890, } ly, of the Thanesar-
1895, 1896, 1897 and 1903), between the Secretary of State and the } Kaithal branch.
Delhi-Umballa-Kalka Railway Company ;

Dated the 8th April 1914, between the Secretary of State and the Delhi-Umballa-Kalka Railway Company, as to the adoption of the Government Financial year for the preparation of accounts.

Main provisions of contracts—

- (i) *Land.*—To be provided by the Government free of cost to the Company.
- (ii) *Government aid.*— } The Government undertake (through the agency, in the first instance, of the
(iii) *Terms of working.*— } East Indian Railway Company) to supply the necessary rolling-stock and to
work and maintain the line until the 31st December 1926, taking 48 per cent of the gross receipts of
the railway for the working agency and paying 52 per cent to the Company. By the contract of
9th June 1897 Government supplement the net earnings of the Company for the year 1896 and
each succeeding year by such an annual subsidy as will enable the Company, after payment of
debenture interest, to pay a dividend of 3½ per cent per annum on its share capital.
- (iv) *Distribution of profits.*—Surplus profits in any year in excess of 3½ per cent per annum on share
capital are divided equally between the Government and the Company until the Government has
been repaid amounts advanced by way of subsidy, with interest. Thereafter all surplus profits
will belong to the Company.

Number Main head 4 Sub-heads (a) to (d) **EAST INDIAN RAILWAY SYSTEM—contd.**

4 (b) Delhi-Umballa-Kalka railway (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

- (v) *Rates and fares.*—To be agreed upon between the Government and the working agency; but between Delhi and Umballa not more than the maximum, nor less than the minimum; in force on the East Indian railway, and between Umballa and Kalka not more than three times such maximum nor less than such minimum.
- (vi) *Special obligations as to the conveyance of.*—
 (a) Mails, troops, high Government officials and Government stores.— } Nil.
 (b) Government bullion and coin, and the persons in charge thereof.— }
- (vii) *Power of the Government to determine contract.*—The Government may determine the contract on the 31st December 1926, or on the 31st December of any subsequent tenth year. On determination Government are to receive possession of the railway, and to pay the Company a sum equal to 25 times the average yearly profits of the Company during the preceding five years. Payments by the Government by way of subsidy under the contract of the 9th June 1897 and also the additional 2 per cent of gross earnings conceded to the Company under the contract of the 19th December 1895 are to be excluded from the profits of the Company in calculating the price to be paid by the Government.
- (viii) *Power of the Company to surrender contract.*—Nil.
- (ix) *Term of contract [if not determined under (vii)].*—Not specified.

[For Index see page preceding this appendix.]

Number ^{Main head 4} EAST INDIAN RAILWAY SYSTEM—contd.
_{Sub-heads (a) to (d)}

4 (c) South Bihar railway (5' 6" gauge)—contd.

Details of construction—

Permanent-way.—The permanent-way consists of double-headed steel rails, 75 lbs. to the yard, laid on wooden sleepers and cast-iron chairs, and Denham-Olpherts' cast-iron plate sleepers.

Ballast.—The line is ballasted throughout with stone.

Fencing.—The line is fenced only near villages, at stations and for a short distance on each side of level crossings.

Curves.—The sharpest curve is of 3,000 feet radius.

Gradients.—The ruling gradient is 1 in 400.

Contracts—

Dated the 7th August 1895 (called the principal contract), between the Secretary of State and the South Bihar Railway Company, as to construction.

Dated the 22nd August 1895 (called the contract of 1895), between the Secretary of State and the East Indian Railway Company, as to maintenance and working.

Dated the 21st April 1903 (supplemental to the contract of 1895), between the Secretary of State and the South Bihar Railway Company, as to the adoption of 1s 4d per rupee as the "prescribed" rate of exchange.

Dated the 11th December 1906 (supplemental to the contract of 1895), between the Secretary of State and the South Bihar Railway Company, as to the lease of the South Bihar railway to the Secretary of State and yearly payment to the Company until date of determination of the contract of the 7th August 1895.

Dated the 16th January 1907, between the Secretary of State and the East Indian Railway Company, as to working the South Bihar railway as part of the Company's undertaking.

Main provisions of contracts—

- (i) *Land.*—Provided by the Government free of cost to the Company.
- (ii) *Government aid.*—
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*—
- } Government constructed the line, from funds provided by the South Bihar Railway Company, and maintained, stocked and worked it through the agency of the East Indian Railway Company up to the 31st December 1905, for a certain proportion of its gross earnings; and, by agreement with the East Indian Railway Company, also allowed to the South Bihar Railway Company, by way of rebate, a percentage of the East Indian Railway's share of the receipts from traffic interchanged between the two railways towards making up an amount equal to 4 per cent interest for each half-year on the actual capital expenditure (subject to certain limits) on the South Bihar railway.

With effect from the 1st January 1906 the South Bihar Railway Company leased its line to the Government for a yearly sum of £30,000, payable by half-yearly payments of £15,000, at the end of each calendar half-year, in substitution of the corresponding provisions of the principal contract of the 7th August 1895.

As between the Government and the East Indian Railway Company the South Bihar railway as from 1st January 1906 is worked as part of the undertaking of the Company, who pay to the Government from the net half-yearly revenue of the undertaking the half-yearly sum of £15,000 and also interest for each half-year at 3½ per cent per annum on Rupees 7,63,099-1-11, being the amount of capital advances made by the Government for the purposes of the South Bihar railway.

- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, high Government officials and Government stores.—
- (b) Government bullion and coin, and the persons in charge thereof.—
- } As under 4 (a), East Indian railway (5' 6" gauge).
- (vii) *Power of the Government to determine contracts.*—Government may determine the South Bihar Railway Company's contracts on the 30th June 1919, or on the 30th June in the last year of any subsequent period of 10 years from that date, by giving twelve months' notice. In case of such determination the Government will pay to the Company in England £684,580, as being the capital expended on the undertaking with the authorisation of the Secretary of State.
- The East Indian Railway Company's contracts terminate at the same time as the Company's contract of 1879, for which see 4 (a), East Indian railway (5' 6" gauge).
- (viii) *Power of the South Bihar Railway Company to surrender contracts.*—Nil.
- (ix) *Power of the East Indian Railway Company to surrender contracts.*—As under (vii).
- (x) *Term of South Bihar Railway Company's contracts [if not determined under (vii)].*—Not specified.
- (xi) *Term of East Indian Railway Company's contracts.*—As under (vii).

Total	132.89

5 (a) Great Indian Peninsula railway (5' 6" gauge)—

Company's stock at date of purchase	34,859,218	of that name (now called the Great Indian Peninsula railway proper), in amalgamation with that of the late Indian Midland Railway Company (now known as the Midland section). The Guaranteed Company's railway was purchased by the State in 1900, when all the contracts then subsisting between the Secretary of State and that Company were determined and a new Great Indian Peninsula Railway Company was constituted. The purchase price was £40,781,568, payable up to the 17th August 1948, in the form of a terminable annuity of £1,268,516.
Debentures and debenture stock taken over from the former Guaranteed Company	5,922,350	
Total	40,781,568	

pany was constituted. The purchase price was £40,781,568,* payable up to the 17th August 1948, in the form of a terminable annuity of £1,268,516.

The contract between the Secretary of State and the Indian Midland Railway Company, dated the 22nd October 1885, was determined by the Secretary of State on the 31st December 1910. That does not, however, substantially affect the carrying out of the contract, between the Secretary of State and the Great Indian Peninsula Railway Company, dated the 21st December 1900, the effect of which is that the railways formerly known as the "Indian Midland Railway System" are to form part of the undertaking worked by the Company for so long as that contract remains in force.

Nor are the arrangements subsisting at the date of the termination of the Indian Midland Railway Company's contract for working of the Native State branches of that Company's line disturbed in any way by the termination of that Company's contract, the necessary alterations, whereby the Government becomes a party thereto instead of the Indian Midland Railway Company, having been made in the working agreements relating to such branches. The Gwalior Light railway was worked by the Great Indian Peninsula Railway Company up to the 30th June 1913, after which date the working was taken over by the Gwalior Durbar.

The working of the Cawnpore-Banda railway has been taken over by the Company after the close of the year.

Details of construction—

Permanent-way.—On the Great Indian Peninsula railway proper the main line is laid with 100-lb. bull-headed, 82-lb. bull-headed and 69-lb. double-headed steel rails. The sleepers originally laid were chiefly wooden; these have now to a large extent been replaced by iron pots. The whole of the South-East line, except the Ghat sections, is laid with iron pots. On the Midland section the whole of the main line, the Manikpur branch, the Cawnpore branch from Jhansi to mile 326.64 and from Bina to Katni, are laid with 80-lb. flat-footed steel rails on cast iron pot sleepers. The Cawnpore branch from mile 351.77 to Hamirpur Road is laid chiefly with 82-lb. bull-headed rails, on cast iron pot sleepers. The main line between Bombay and Igatpuri and Kalyan and Lonavla is being relaid with 100-lb. bull-headed rails on wooden sleepers.

Ballast.—The line is ballasted with sand, gravel, laterite, kunkur or stone.

Fencing.—With the exception of the Mohpani, Chalisingaon-Dhulia, Jalgaon-Amalner and Warora-Balharshah branches, the Great Indian Peninsula railway proper is fully fenced. On the Midland section the main line is fenced throughout and the branches are partially fenced.

Curves.—The sharpest curve has a radius of 990 feet on the Bhore Ghat, between miles 75 and 76. The next sharpest curve has a radius of 1,056 on the Thull Ghat, between miles 78 and 79.

Gradients.—On the Great Indian Peninsula railway proper the ruling gradients on ordinary sections of the main line vary from 1 in 100 to 1 in 200, with 1 in 100 banking sections near Vasind and Asvali; the ruling gradient on the Ghat sections is 1 in 37. On the Midland section the ruling gradient between Bhopal and Jhansi is 1 in 200; between Jhansi and Agra 1 in 150 and between Jhansi and Manikpur 1 in 125. The Jhansi-Cawnpore branch is practically level, except at bridge approaches where the gradients are 1 in 250 and 1 in 300; and between Jhansi and Garhmanu where it is 1 in 200.

Contracts—

Dated the 21st December 1900 (called the principal contract), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, as one undertaking, of the railways known as the Great Indian Peninsula railway system and the Indian Midland railway system, and the subsidiary lines included therein.

Dated the 24th April 1903 (supplemental to the contract of 1900), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 4th August 1908 (supplemental to the contracts of 1900 and 1903), between the Secretary of State and the Great Indian Peninsula Railway Company, as to Debenture stock.

Dated the 1st August 1913 (supplemental to the contracts of 1900, 1903 and 1908), between the Secretary of State and the Great Indian Peninsula Railway Company, for working the Nerbudda colliery.

Dated the 8th May 1914, between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working of the Cawnpore-Banda railway by the company with effect from the 1st April 1915.

Dated the 3rd July 1914, (supplemental to the contracts of 1900, 1903, 1908 and 5th February and 19th March 1909), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the adoption of the Government financial year for the preparation of accounts.

APPENDIX I—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 5 Sub-heads (a) to (k). GREAT INDIAN PENINSULA RAILWAY SYSTEM—contd.

5 (a) Great Indian Peninsula railway (5' 6" gauge)—concl'd.

Main provisions of contracts—

(i) *Land*.—Originally, i.e., up to the 30th June 1900, was provided by the Government free of cost to the Company; that acquired thereafter is provided by the Government to the Company at the cost of capital.

(ii) *Government aid*.—Guarantee of interest at 3 per cent on the new capital of the Company.

(iii) *Distribution of profits*.—The working expenses of the whole undertaking are divided half-yearly between and attributed to the Great Indian Peninsula and Indian Midland Railway systems, respectively, in proportion to the gross receipts of each (the branch lines in Berar being treated as part of the Great Indian Peninsula Railway system).

From the gross receipts of each of the two systems is deducted the share of its working expenses apportioned as aforesaid; and the gross earnings of each subsidiary line is charged with a share of the working expenses attributed to the system to which it belongs in the ratios which the gross receipts of such subsidiary lines bear to those of that system.

The net earnings of each year are applied:—

(1) in payment to the Secretary of State of the sum of Rs. 2,00,00,000;

(2) in repayment to the Secretary of State in rupees of the interest payable on money raised after 30th June 1900 by the Company, or by the Indian Midland Railway Company (otherwise than by the issue of shares or capital stock), or provided by the Secretary of State after the same date.

Any surplus to be divided between the Government and the Company in the proportion of $\frac{1}{10}$ ths to the former and $\frac{9}{10}$ th to the latter. If the Company's share capital is increased by the conversion of further Indian Midland Railway stock, the Company's share of the surplus is to be proportionately increased, but it is never to exceed $\frac{1}{10}$ th.

(iv) *Rates and fares*.—Maximum and minimum rates and fares and classification of passengers and goods to be as authorised by the Government.

(v) *Special obligations as to the conveyance of*.—

(a) Mails, troops, high Government officials, and Government stores.—To be conveyed on the same general conditions as those in force on State railways, and at rates to be approved by the Government (not being less than the rates in force for similar services on State railways of the same gauge).

(b) Government bullion and coin, and the persons in charge thereof.—At special rates to be approved by the Government.

(vi) *Power of the Government to determine contract*.—

(vii) *Power of the Company to surrender contract*.— } On the 30th June 1925 the Company are to give the Secretary of State possession of the undertaking, and the Secretary of State is to pay to the Company the amounts paid up, or credited as paid up, on all shares or stock then existing in the Company's new capital.

(viii) *Term of contract*.—25 years from 1st July 1900.

Statistics of working (Those for the periods prior to 1901 will be found in appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Interest.	Annuity.	Company's share of surplus profits (based on terms of contract) attributable to each year.	Gain or loss to the State pertaining to each year.	Earnings per mile per week.	Proportion of expenses to earnings.

Catch point No. 9 at Bombay end of Delhi Sadr Yard to terminal point of Agra-Delhi Chord railway.	0-0-13	1.91		
			2.78	

Details of construction—

Permanent-way.—The main line is laid with 85-lb. bull-headed steel rails on 45-lb. cast-iron chairs spiked with 3 spikes to deodar sleepers, and the branch is laid with 75-lb. flat-footed steel rails, second hand, on dog-spiked deodar sleepers.

Ballast.—The line is ballasted with kunkur soling and stone ballast to bring it up to full section.

Fencing.—The line is fully fenced.

Curves.—The sharpest curve is of 950 feet radius.

Gradients.—The ruling gradient is 1 in 400, except between Raja-ki-Mandi Junction and Bilochpura (Agra) and between Delhi Sadr and Delhi Junction where it is 1 in 200 and 1 in 333, respectively.

Contracts—

Dated the 21st December 1900 (called the principal contract), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, as one undertaking, of the railways known as the Great Indian Peninsula railway system, and the Indian Midland railway system, and the subsidiary lines included therein.

Dated the 5th February 1909, between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, of the Agra-Delhi Chord railway as part of the Indian Midland railway system of the Company's undertaking.

Dated the 3rd July 1914 (supplemental to the contracts of 1900 and 1909) between the Secretary of State and the Great Indian Peninsula Railway Company, as to the adoption of the Government financial year for the preparation of Accounts.

Main provisions of contracts—

- (i) *Land.*—Provided by the Government at the cost of capital.
- (ii) *Government aid.*—The line is the absolute property of the Government, which provide all the funds chargeable to capital, and it is managed, maintained and worked by the Great Indian Peninsula Railway Company as part of the Indian Midland Railway system of the Company's undertaking.
- (iii) *Terms of working.*—As noted under 5 (a), Great Indian Peninsula railway (5' 6" gauge), provided that no proportion in excess of 20 per cent of the gross receipts paid to any Railway Administration to whom running powers may be granted over the Agra-Delhi Chord is debited in the General Working Expenses Account of the Company's undertaking, such excess, if any, being directly debited to the Revenue Account of the Agra-Delhi Chord railway as a separate charge against its receipts.
- (iv) *Distribution of profits.*—The whole of the net earnings of the railway belong to the Government.
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—	} As noted under 5 (a), Great Indian Peninsula railway (5' 6" gauge).
(b) Government bullion and coin, and the persons in charge thereof.—	
- (vii) *Power of the Government to determine contract.*—
- (viii) *Power of the Company to surrender contract.*—
- (ix) *Term of contract.*—

the Company, on the 30th September or 31st March by giving to the other party not less than twelve calendar months' notice.	} The contract is current from the day on which the line was opened throughout for traffic and is to continue in force until terminated, either by the Government or

5 (c) Baran-Kotah railway (5' 6" gauge)—

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Baran to Antah	20-2-07	13.58	
Antah to Kotah	1-5-09	26.71	
Total			40.29

Details of construction—

Permanent-way.—The permanent-way consists of 87-lb. flat-footed steel rails and Australian or sal sleepers.

Ballast.—The ballast consists of broken stone.

Fencing.—The line is not fenced.

Curves.—The sharpest curve is of 1,809 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Contracts—

Dated the 21st December 1900 (called the principal contract), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, as one undertaking, of the railways known as the Great Indian Peninsula railway system and the Indian Midland railway system, and the subsidiary lines included therein.

Dated the 19th March, 1909, between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, of the Baran-Kotah railway as part of the Indian Midland railway system of the Company's undertaking.

Dated the 3rd July 1914 (supplemental to the contracts of 1900 and 1909) between the Secretary of State and the Great Indian Peninsula Railway Company, as to the adoption of the Government financial year for the preparation of Accounts.

Main provisions of contracts—

As noted under 5 (b), Agra-Delhi Chord railway (5' 6" gauge), except that the charge for working expenses is not in any half-year to exceed 50 per cent. of the entire gross receipts of the Baran-Kotah railway. (Note.—These terms had effect from the 1st July 1909, the date on which the Baran-Kotah railway was handed over to the Great Indian Peninsula Railway Company for working, vide Railway Board's letter to the Engineer-in-Chief, Nagda-Muttra railway, No. 1022-R.1., dated the 7th June 1909. Prior to that date the charge was the same percentage as obtained for working the lines comprised in the Great Indian Peninsula railway undertaking, vide letter from the Agent, Great Indian Peninsula railway to the Secretary, Railway Board, No. 57-H.-5, dated the 15th April 1912.)

<i>Branch—</i>				
Centre of Bhopal station to the joint boundary of the Bhopal-Itarsi and Indian Midland railways at Bhopal	11-11-95	0.28	0.28	
Total	56.62

Details of construction—

Permanent-way.—The line is laid with the Indian Midland railway 80-lb. flat-footed steel rails on Indian Midland railway cast-iron pot sleepers.

Ballast.—The line is fully ballasted throughout with broken stone.

Fencing.—The line is fenced throughout.

Curves.—There are no curves with a radius of less than 990 feet.

Gradients.—The ruling gradient is 1 in 200, except on the Ghat section, 11 miles, where it is 1 in 80.

Agreements and contract—

Agreement, dated the 16th September 1880, between the Government of India and Her Highness the Begum of Bhopal, as to the construction, management, maintenance and working, by the Government, of the Bhopal-Itarsi railway.

Agreement, dated the 30th June 1887, between the Government of India and Her Highness the Begum of Bhopal, supplemental to, and modifying, the agreement of 1880.

Agreement, dated the 2nd December 1890, between the Government of India and Her Highness the Begum of Bhopal, supplemental to, and further modifying, the agreement of 1880.

Contract, dated the 21st December 1900 (called the principal contract), between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, of the railways known as the Great Indian Peninsula railway system and the Indian Midland railway system, and the subsidiary lines included therein.

Main provisions of agreements and contract—

(i) *Land.*—Land within the Bhopal State was provided free of cost by the Durbar; that within British territory by the Government at the cost of capital.

(ii) *Government aid.*—The Government paid for the portion of the line in British territory, and a moiety of the cost of the bridge over the Nerbudda river; in all about Rupees 13,00,000: the Begum of Bhopal contributed Rupees 50,00,000 for the portion of the line in her dominions.

All additional capital is to be provided by the Government, which undertook to construct, maintain, manage and work the line by State or other agency. At present the line is worked by the Great Indian Peninsula Railway Company as part of its undertaking.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 5} GREAT INDIAN PENINSULA RAILWAY SYSTEM—contd.
_{Sub-heads (a) to (k)}

5 (a) Bhopal-Itarsi railway (5' 6" gauge)—concl'd.

Main provisions of agreements and contract—concl'd.

(iii) *Terms of working.*—For working and stocking the Bhopal-Itarsi railway the Great Indian Peninsula Railway Company receives a sum which bears the same proportion to the total working expenses of the Company's undertaking, including the Bhopal-Itarsi railway, as the gross earnings of the Bhopal-Itarsi railway bear to the gross earnings of the undertaking.

(iv) *Distribution of profits.*—The net earnings are divided in perpetuity between the Government and the Ruler of Bhopal in proportion to the capital contributed by each. In the event of the railway being worked at a loss, such loss is borne by the two parties in the same proportion.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof.—

[For Index see page preceding this appendix.]

Number ^{Main head 5}_{Sub-heads (a) to (h)} GREAT INDIAN PENINSULA RAILWAY SYSTEM—contd.

5 (c) Bhopal-Ujjain railway (5' 6" gauge).

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Bhopal to Ujjain	11-11-95	113-27	113-27

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails on transverse steel sleepers.

Ballast.—The line is fully ballasted throughout with broken stone.

Fencing.—The line is fenced only at, and in the vicinity of, stations, towns and important level crossings.

Curves.—There are no curves with a radius of less than 990 feet.

Gradients.—The ruling gradient is 1 in 150.

Agreements and contract—

Agreement, dated the 4th August 1896 (called the principal contract), between the Government of Her Highness the Begum of Bhopal and the Indian Midland Railway Company, as to the maintenance, management and working, by the Company, of the Bhopal-Parbati section of the Bhopal-Ujjain railway as part of the Company's undertaking.

Agreement, dated the 4th August 1896 (called the principal contract), between the Government of His Highness the Maharaja Scindia of Gwalior and the Indian Midland Railway Company, as to the maintenance, management and working, by the Company, of the Parbati-Ujjain section of the Bhopal-Ujjain railway as part of the Company's undertaking.

Contract, dated the 21st December 1900, between the Secretary of State and the Great Indian Peninsula Railway Company, as to the maintenance, management and working, by the Company, of the railways known as the Great Indian Peninsula railway system and the Indian Midland railway system, and the subsidiary lines included therein.

Memorandum No. 2653-I. B., dated the 1st July 1902, from the Government of India in the Foreign Department, to the Government of India in the Public Works Department, intimating the acceptance by Her Highness the Begum of Bhopal of the provisions of clauses 28 and 29 of the contract of the 21st December 1900, between the Secretary of State and the Great Indian Peninsula Railway Company, in lieu of those of clause 15 of the agreement of the 4th August 1896, between Her Highness' Government and the Indian Midland Railway Company, as to the method of arriving at the working expenses of the Bhopal-Parbati section of the Bhopal-Ujjain railway.

Agreement, dated the 31st January 1911 (supplemental to the agreement of 1896), between the Secretary of State and the Government of Her Highness the Begum of Bhopal, as to the substitution of "Secretary of State," for "Indian Midland Railway Company," as a party to the agreement of 1896.

Agreement, dated the 20th March 1911 (supplemental to the agreement of 1896), between the Secretary of State and the Government of His Highness the Maharaja Scindia of Gwalior, as to the substitution of "Secretary of State," for "Indian Midland Railway Company," as a party to the agreement of 1896.

Main provisions of agreements and contract—

- (i) *Land.*—Provided free of cost by the Bhopal and Gwalior Durbars for the portions of the railway in their respective territories.
- (ii) *Government aid.*—The Bhopal-Parbati section is owned by the Bhopal Durbar, and the Parbati-Ujjain section by the Gwalior Durbar, each of which provides the funds for additional works, alterations in existing works not of the nature of repairs, and expenses other than those due to ordinary wear and tear incidental to the use and working of the railway and works and the conveyance of traffic thereon. The line is managed, maintained, stocked and worked by the Great Indian Peninsula Railway Company as part of the Indian Midland Railway system of the Company's undertaking.
- (iii) *Terms of working.*—For the Bhopal-Parbati section the charges against its gross receipts for working are as noted under 5 (a), Great Indian Peninsula railway (5' 6" gauge).
For working the Parbati-Ujjain section the Great Indian Peninsula Railway Company retains 50 per cent of its gross receipts for each half-year. The gross earnings of the section are also charged with rent for the use of the station and accommodation provided by the Bombay, Baroda and Central India railway at Ujjain Junction station, and with rent for the telegraph lines and instruments when not the property of the section.

umber Main head 5. **GREAT INDIAN PENINSULA RAILWAY SYSTEM—contd.**
 Sub-heads (a) to (k)

(f) Bina-Goonna-Baran railway (5' 6" gauge)—contd.**Details of construction—**

Permanent-way.—The line is laid with 75-lb. flat-footed steel rails, 59·90 miles on deodar sleepers and 85·73 miles on transverse steel sleepers, State railway pattern.

Ballast.—The line is ballasted with broken stone and laterite.

Fencing.—The line from Bina to Goona is fenced. The Goona-Baran section is unfenced except at stations.

Curves.—There are no curves with a radius of less than 990 feet.

Gradients.—The ruling gradient is 1 in 125.

Agreements and contract—

Agreement, dated the 15th July 1896 (called the principal contract), *between the Government of His Highness the Maharaja Scindia of Gwalior and the Indian Midland Railway Company*, as to the maintenance, management and working, by the Company, of the Bina-Goonna section of the Bina-Goonna-Baran railway as part of the Company's undertaking (with clause 13 thereof modified as to maintenance of telegraphs under the authority of the letter from the Government of India to the Honourable the Agent to the Governor General for Central India, No. 596-R. T., dated the 20th June 1899).

Agreement, dated the 20th February 1899 (called the principal contract), *between the Government of His Highness the Maharao of Kotah and the Indian Midland Railway Company*, as to the maintenance, management and working, by the Company, of the Chabra-Baran section of the Bina-Goonna-Baran railway as part of the Company's undertaking.

Agreement, dated the 27th February 1899 (called the principal contract), *between the Government of His Highness the Nawab of Tonk and the Indian Midland Railway Company*, as to the management, maintenance and working, by the Company, of the Dharnaoda-Chabra section of the Bina-Goonna-Baran railway as part of the Company's undertaking.

Agreement, dated the 12th May 1899 (called the principal contract), *between the Government of His Highness the Maharaja Scindia of Gwalior and the Indian Midland Railway Company*, as to the maintenance, management and working, by the Company, of the Goona-Dharnaoda section of the Bina-Goonna-Baran railway as part of the Company's undertaking.

Contract, dated the 21st December 1900, *between the Secretary of State and the Great Indian Peninsula Railway Company*, as to the maintenance, management and working, by the Company, of the railways known as the Great Indian Peninsula railway system and the Indian Midland railway system, and the subsidiary lines included therein.

Memorandum No. 3529 I. B., dated the 20th September 1901, *from the Government of India in the Foreign Department, to the Government of India in the Public Works Department*, intimating the acceptance by the Kotah and Tonk Durbars of the provisions of clauses 28 and 29 of the contract of the 21st December 1900, *between the Secretary of State and the Great Indian Peninsula Railway Company*, in lieu of those of the contracts of the 20th and 27th February 1899, *between the Kotah and Tonk Durbars and the Indian Midland Railway Company*, as to the method of arriving at the working expenses, respectively, of the Chabra-Baran and Dharnaoda-Chabra sections of the Bina-Goonna-Baran railway.

Agreements, dated the ^{16th March} ~~17th April~~ 1905, *between the Government of His Highness the Maharaja Scindia of Gwalior and the Government of His Highness the Nawab of Tonk*, as to the purchase, by the former from the latter, of the Dharnaoda-Chabra section of the Bina-Goonna-Baran railway.

Agreement, dated the 12th January 1911, *between the Secretary of State and the Government of His Highness the Maharao of Kotah*, supplemental to the agreement of the 20th February 1899, *between the Kotah Durbar and the Indian Midland Railway Company*, as to the substitution of "Secretary of State", for "Indian Midland Railway Company", as a party to the agreement of 1899.

Agreement, dated the 20th March 1911, *between the Secretary of State and the Government of His Highness the Maharaja Scindia of Gwalior*, supplemental to the agreement of the 15th July 1896, *between the Gwalior Durbar and the Indian Midland Railway Company*, as to the substitution of "Secretary of State", for "Indian Midland Railway Company", as a party to the agreement of July 1896.

Agreement, dated the 20th March 1911, *between the Secretary of State and the Government of His Highness the Maharaja Scindia of Gwalior*, supplemental to the agreement of the 12th May 1899, *between the Gwalior Durbar and the Indian Midland Railway Company*, as to the substitution of "Secretary of State," for "Indian Midland Railway Company", as a party to the agreement of 1899.

Agreement, dated the 20th March 1911, *between the Secretary of State and the Government of His Highness the Maharaja Scindia of Gwalior*, supplemental to the agreement of the 27th February 1899, *between the Tonk Durbar and the Indian Midland Railway Company*, as to the substitution of "Secretary of State", for "Indian Midland Railway Company", as a party to the agreement of 1899.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number Main head 5 GREAT INDIAN PENINSULA RAILWAY SYSTEM—*contd.*
Sub-heads (a) to (k)5 (f) Bina-Goonā-Baran railway (5' 6" gauge)—*concl'd.*Agreements and contract—*concl'd.*

Memorandum No. 3002-I.B., dated the 30th August 1913, from the Government of India in the Foreign Department to the Government of India in the Railway Department, intimating the acceptance by the Gwalior Durbar of the arrangement come to between the Tonk Durbar and the Great Indian Peninsula Railway Company in 1901, for the purpose of arriving at the working expenses of the Dharnaoda-Chabra section of the Bina-Goonā-Baran railway.

Main provisions of agreements and contract—

(i) *Land.*—Provided free of cost by the several Native States for the portions of the railway in their respective territories.

(ii) *Government aid.*—The Bina-Goonā, Goonā-Dharnaoda, and Dharnaoda-Chabra sections are owned by the Gwalior Durbar, and the Chabra-Baran section by the Kotah Durbar, each of which provides funds for additional works, alterations in existing works not of the nature of repairs, and expenses other than those due to ordinary wear and tear and incidental to the use and working of the railway and works and the conveyance of traffic thereon. The railway is managed, maintained, stocked and worked by the Great Indian Peninsula Railway Company as part of the Indian Midland railway system of the Company's undertaking.

(iii) *Terms of working.*—For working the Bina-Goonā section, the Great Indian Peninsula Railway Company retains 50 per cent of its gross receipts for each half-year. The gross receipts of the section are also charged with rent for works, etc., in sole and joint use at Bina junction as laid down in clause 10 of the agreement of the 15th July 1896, and with rent for telegraph lines and instruments when not the property of the railway.

For working the Goonā-Dharnaoda section, the Great Indian Peninsula Railway Company retains out of its gross receipts a sum which bears the same proportion to the entire gross receipts of the section as the aggregate working expenses of the Indian Midland railway system as a whole (including the Goonā-Dharnaoda section) bear to the gross receipts of that system, for each half-year, subject to a limit of 50 per cent of the gross earnings of the section.

For the Dharnaoda-Chabra and Chabra-Baran sections the Railway Company charges the same percentage of the entire gross receipts of those sections as the aggregate working expenses of the whole system of the Company bear to the gross receipts of that system.

(iv) *Distribution of profits.*—The net receipts of each section are paid over to the Durbar to which such section belongs.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of—*

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof—

} As noted under
5 (a), Great

5 (i) Matheran Light railway (2' 0" gauge)—

Date of registration of the Company.—16th September 1908.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Neral to Matheran	22-3-07	12.61	12.61

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails laid on half-round teak and other wood sleepers.

Ballast.—Broken stone.

Fencing.—Not fenced.

Curves.—The sharpest curve is of 60 feet radius.

Gradients.—The gradient is 1 in 20 compensated.

Local Government Order and agreement—

The Matheran Tramway order published under the Bombay Government, Public Works Department (Railway), Notification No. 34, dated the 28th July 1904, authorising the construction, maintenance and working of the line by the Promoter.

Agreement, dated the 30th October 1909, between the Matheran Steam Light Tramway Company and the Great Indian Peninsula Railway Company, as to the control of traffic and working, by the latter, of the line.

Main provisions of Local Government Order and Agreement—

- (i) *Land.*—Government land was provided free of cost. Private land to be acquired by the Government at the expense of the Tramway Company.
- (ii) *Government aid.*—The line is the property of the Matheran Steam Light Tramway Company, who provide all rolling-stock, locomotives, machinery and plant, and maintain the way and works; the working of traffic, train arrangements, and the keeping and auditing of the Revenue Accounts being under the control of the Great Indian Peninsula Railway Company.
- (iii) *Terms of working.*—The gross receipts are treated as those of the Great Indian Peninsula Railway Company, which retains thereout the actual expenditure incurred by it, including the cost of stores consumed on the Matheran Light railway in the Traffic and Audit Departments, and for station and running staff, printing, stationery and all other expenses connected therewith, plus 5 per cent per annum as rent on the actual cost of new structures, machinery, plant and furniture, and 7½ per cent per annum for ballast, permanent-way, etc., including maintenance and renewal, for the sole use of the Light railway with a certain proportion (based on the weight of local and interchanged traffic) of the annual rent, at the rates above noted, for new joint works, etc.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 6 **MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM.**
 Sub-heads (a) to (m)

Chairman.—Colonel Sir William S. S. Bisset, K.C.I.E.

Acting Secretary.—Percy A. Cory, Esq.

Offices.—91, York Street, Westminster, S. W.

Date of registration of the former guaranteed Company.—1853.

The former Madras Guaranteed Railway Company's contract having expired on the 31st December 1907 the lines owned by that Company were purchased by the Secretary of State for India, and on the 1st January 1908 the then existing Madras railway (with the exception of the Jalarpet-Mangalore section), together with the 3' 3½" gauge sections of the South Indian railway from Katpadi to Gudur and Pakala to Dharmavaram, was made over to the Southern Mahratta Railway Company for working, the enlarged Company being styled the Madras and Southern Mahratta Railway Company.

Lines comprised in the system—

The Madras and Southern Mahratta railway system is made up of—

	Open line: sanctioned for construction.		Total.
	Miles.	Miles.	
(a) Madras and Southern Mahratta railway (5' 6" gauge)	1,031.78	15.86	1,047.59
(b) Kolar Gold-fields railway (5' 6" gauge)	9.88	...	9.88
(c) Madras and Southern Mahratta railway (3' 3½" gauge)	1,519.60	...	1,519.60
(d) Bezwada-Masulipatam railway (3' 3½" gauge)	51.80	...	51.80
(e) Bezwada-Masulipatam railway (3' 3½" gauge)	37.92	...	37.92
(f) Birur-Shimoga railway (3' 3½" gauge)	32.00	...	32.00
(g) Dhone-Kurnool railway (3' 3½" gauge)	51.35	...	51.35
(h) Hindupur (Yessvantpur-Mysore Frontier) railway (3' 3½" gauge)	29.27	...	29.27
(i) Kolhapur State railway (3' 3½" gauge)	15.80	...	15.80
(j) Mysore-Nanjangund railway (3' 3½" gauge)	296.28	...	296.28
(k) Mysore-section (Madras and Southern Mahratta) (3' 3½" gauge)	4.90	...	4.90
(l) Sangli State railway (3' 3½" gauge)	51.10	...	51.10
(m) West of India Portuguese railway (3' 3½" gauge)	...	21.10	21.10
(m) Tenali-Bepalli railway (5' 6" gauge)
Total	3,131.63	36.96	3,168.59

Running powers—

Foreign lines over home line—

Bengal-Nagpur railway, Waltair to Vizagapatam (including the wharf and swamp lines)	} for passenger and goods trains.	4.97
Nizam's Guaranteed State railway, outer signal at Bezwada to Bezwada station		0.89
South Indian railway, over whole or any part of the Madras-Bangalore section		219.00
Total		224.86

6 (a) Madras and Southern Mahratta railway (5' 6" gauge)—

The Madras and Southern Mahratta 5' 6" gauge railway is defined to be the former Madras railway (with the exception of the Jalarpet-Mangalore section), and the southern section of the former East Coast railway (called the North-East line of the former Madras railway).

*The date of opening of the original 3' 3½" gauge line which was converted to, and opened on, the 5' 6" gauge on the 1st November 1899.

Details of construction—

Permanent-way.—The South-West down line, from Madras to mile 134½, and up line, from Madras, to mile 20½ are laid with 75-lb. bull-headed steel rails on cast iron pots. The remainder of the South-West line, from mile 134½ to Bangalore, the North-East line, from Basin bridge to mile 23½, and the North-West line, from Arkonam to mile 231.84, are laid with 80-lb. bull-headed steel rails on cast iron pots, except 2 miles, from mile 96 to mile 98, on the North-West line which is laid with 76-lb. bull-headed rails. The South-West up line, from mile 20½ to Arkonam, and the North-West line, from mile 231.84 to Raichur, are laid with 75-lb. double-headed steel rails on cast iron pots. The remainder of the North-East line, from mile 23½ to end, is laid with 75-lb. flat-footed steel rails on timber and pea-pod steel sleepers. The timber sleepers are being gradually renewed by cast iron pot sleepers.

Ballast.—The line is ballasted with stone and sand, chiefly the latter.

Fencing.—The North-West and South-West lines are fenced throughout and the North-East line only in the vicinity of towns, stations and level crossings.

Curves.—The sharpest curve is of 700 feet radius.

Gradients.—The ruling gradient between Madras and Jalarpet is 1 in 159; between Jalarpet and Bangalore, 1 in 80 (except at Kuppam Ghat where it is 1 in 68 and between Bangalore cantonment and Bangalore city there is a gradient of 1 in 78); between Walajah Road and Ranipet, 1 in 150; between Arkonam and Raichur, 1 in 80 (except at Ballapalli Ghat where it is 1 in 60); between Madras and Bezwada, 1 in 200; and between Bezwada and Waltair, 1 in 150.

Contracts—

Dated the 1st June 1882 (called the original contract), between the Secretary of State and the former Southern Mahratta Railway Company, as to the construction and working of a system of railways in the South Mahratta country to be called the Southern Mahratta railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

6 (a) Madras and Southern Mahratta railway (5' 6" gauge)—contd.

Contracts—conold.

Dated the 28th October 1885 (supplemental to that of 1882), between the Secretary of State and the former Southern Mahratta Railway Company, as to the construction and working of the West Deccan railway.

Dated the 31st August 1887 (supplemental to those of 1882 and 1885), between the Secretary of State and the former Southern Mahratta Railway Company, as to the construction and working of a line from Ranibennur to Harihar and a line from Bellary to Guntakal.

Dated the 31st August 1887 (supplemental to those of 1882, 1885 and 1887), between the Secretary of State and the former Southern Mahratta Railway Company, as to the construction, maintenance and working of the Mysore State railway.

Dated the 27th February 1889 (supplemental to those of 1882, 1885 and 1887), between the Secretary of State and the former Southern Mahratta Railway Company, as to the completion and working of the Bellary-Kistna railway.

Dated the 21st August 1898 (supplemental to those of 1882, 1885, 1887 and 1889), between the Secretary of State and the former Southern Mahratta Railway Company, as to the working of the British section of the Guntakal-Yesvantpur railway.

Dated the 8th April 1903 (supplemental to those of 1882, 1885, the secondly mentioned contract of 1887, and that of 1889), between the Secretary of State and the former Southern Mahratta Railway Company, as to the adoption of 1s. 4d. as the "prescribed" rate of exchange.

Dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing contracts subject to the variations and modifications thereof as therein set forth.

Dated the 16th March 1911, between the Secretary of State and the Madras and Southern Mahratta Railway Company, supplemental to, and in amendment of certain particulars in, that of 1908.

Despatch from the Secretary of State, No. 66 Railway, dated the 9th August 1912, in regard to the issue of further capital by the Company.

Dated the 11th February 1914 (supplemental to that of 1908), between the Secretary of State and the Madras and Southern Mahratta Railway Company, in regard to the issue of debentures and debenture stock.

Dated the 20th May 1914 (supplemental to the contracts of 1882, 1885, 1887, 1889, 1898, 1903, 1908 and 1911) between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the adoption of the Government financial year for the preparation of accounts.

Dated the 12th August 1914 (supplemental to the contracts of 1882, 1885, 1887, 1889, 1898, 1903, 1908, 1911 and 20th May 1914) between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the construction, maintenance and working of the Guntur-Tenali section of the Guntur-Repalli railway as part of the undertaking of the Company.

Main provisions of contracts—

(i) *Land*.—Provided by the Government at the cost of capital.

(ii) *Government aid*.—(a) Interest in sterling is guaranteed at 3½ per cent per annum on the nominal amount of capital stock, for the time being, of the Company, and is payable half-yearly by the Secretary of State, the Government being entitled to retain out of the Company's share of surplus profits for the year the rupee-equivalent of this interest. If the Company's share for the year be less than the guaranteed interest, the deficiency is not to be made good out of the Company's share of a subsequent year.

(b) Moneys for capital expenditure are provided at the Secretary of State's option, either by advances made by him, or by the issue of debentures or debenture stock or further capital stock of the Company: such issues can only be made with the Secretary of State's approval.

(c) Debentures falling due are discharged by advances made by the Secretary of State.

[NOTE.—The advances made by the Secretary of State under (b) and (c) above are, until repaid, treated as further capital contributed by him. All moneys raised by the Company on debentures or debenture stock or capital stock are applied, in the first place, to the repayment of these advances.]

(d) Interest due on debentures or debenture stock is paid in sterling by the Secretary of State.

[NOTE.—The rupee-equivalent of this interest is repaid to the Secretary of State out of the net earnings of each half-year.]

(iii) *Distribution of profits*.—After deducting, from the gross earnings of the Company's and State lines for the half-year, the working expenses (which include the contributions made under the rules to the Provident Fund and the haulage payable to the South Indian railway), the net earnings are applied:—

(a) in payment of rebate to the South Indian railway and to the Bezwada-Masulipatam railway, if any [see parenthetical note under (c) below];

(b) in repayment to the Secretary of State of the interest paid on debentures [see (ii) (d) above]. But the undertaking is to be credited half-yearly with a sum equal to the guaranteed interest paid on the average amount, if any, held by the Secretary of State during the half-year, of the unexpended balances of issues of capital made for the purposes of the undertaking; and,

APPENDIX 1—contd.

History of railways constructed and in progress.

Number ^{Main head 6} Sub-heads (a) to (m). **MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM—contd.**

6 (a) Madras and Southern Mahratta railway (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

(c) the surplus is divided between the Secretary of State and the Company in proportion to the respective shares in which the capital, for the time being, (excluding debenture capital) has been contributed by them. The Secretary of State's capital is taken at a sum of £ 11½ millions, to which is added the amount up to date of his advances; and the Company's capital at £5 millions, the amount for the time being of their share capital.

[NOTE.—25 per cent of the gross earnings derived by the Madras-Bangalore section from traffic carried over that section in South Indian railway trains is payable as haulage to the South Indian railway. In addition, the South Indian railway receives a rebate of 25 per cent of the gross earnings derived by the Madras-Bangalore section from the traffic interchanged between that section and the Jalarpet-Mangalore section, *via* Jalarpet.

The terms of the rebate payable to the Bezwada-Masulipatam railway are given under sub-head 6 (d), Bezwada-Masulipatam railway (3' 3½" gauge), [(iii) and (iv).]

(iv) *Rates and fares.*—Maxima and minima for each class and description of passengers and goods are fixed by the Government, who also prescribe the several classes and descriptions. If the Government require the Company to reduce the rates for salt below those in force on the 28th June 1908, the Company are to be compensated for any loss ensuing.

(v) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—
(b) Government bullion and coin, and the persons in charge thereof.—

To be conveyed on the same general conditions and at the rates in force on State railways of similar gauge.

(vi) *Power of the Government to determine contract.*—The railway and all its appurtenances are absolutely the property of the Government, which may determine the contract on the 31st December 1937, or on the 31st December in any succeeding fifth year reckoning from that date, by giving to the Company in London not less than twelve months' previous notice. Upon the termination of the contract the Company are to give the Government the possession of the railway; and the Government are to pay the Company a sum equal to the nominal amount of its share capital, *viz.*, £5,000,000, and of any additional paid up capital stock that may have been issued for the purpose of the Company's and State lines.

(vii) *Power of the Company to surrender contract.*—Nil.

(viii) *Term of contract.*—The contract is determinable only as noted under (vi) above.

6 (b) Kolar Gold-fields railway (5' 6" gauge)—concl'd.

Details of construction—concl'd.

Fencing.—The line is fenced throughout.

Curves.—There are no curves with a radius of less than 1,000 feet.

Gradients.—The ruling gradient is 1 in 66.

Agreement and contract—

Agreement, dated the 1st July 1902, between the Mysore Government and the former Madras Railway Company, as to working and maintenance with effect from 1st January 1901.

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing agreement subject to the variations and modifications thereof as therein set forth.

Main provisions of agreement and contract—

- (i) Land.—Provided by the Mysore Durbar at the cost of capital.
- (ii) Government aid.—The line (which is the property of the Mysore Durbar) is maintained, stocked and worked by the Madras and Southern Mahratta Railway Company in all respects (except only as to capital expenditure which is provided by the Durbar) as part of their own undertaking.
- (iii) Terms of working.— } Maintenance and working expenses are calculated at the same proportion
- (iv) Distribution of profits.— } of the gross earnings of the Branch as obtains on the Company's system, as a whole, including the Branch. But in the case of accident or damage caused by extraordinary casualty, e.g., by floods, each party bears its own cost of repairs, such cost being eliminated from the Company's revenue account before the percentage of working expenses referred to above is arrived at. The Company works the Branch for the maintenance and working expenses as above, plus cost of new minor works and 5 per cent of the gross earnings of the Branch for the use of rolling-stock, plus the amount due by the Branch for use of the joint station at Bowringpet. In addition the Company receives $\frac{1}{30}$ th of the balance which remains after payment of interest on the capital expenditure of the Branch incurred after the 31st December 1907. Besides the "ordinary" contribution to the Provident Fund, the Branch is liable, when it earns more than 4 per cent on its capital outlay, for a further contribution amounting to the difference between the "ordinary" contribution and 1 per cent of its net receipts.
- (v) Rates and fares.—
- (vi) Special obligations as to the conveyance of.—
- (a) Mails, troops, police, high Government officials and Government stores.—
- (b) Bullion and coin.—
- The same as from time to time obtain on the Company's lines.
- (vii) Power of the Government to determine agreement.—Nil.
- (viii) Power of the Government to determine contract.—As in the case of 6 (a), Madras and Southern Mahratta railway (5' 6" gauge).
- (ix) Power of the Durbar to determine agreement.—Subject to six months' notice expiring only on the 30th June or the 31st December of any year.
- (x) Power of the Durbar to determine contract.—Nil.
- (xi) Power of the Company to determine agreement.—Subject to six months' notice expiring only on the 30th June or the 31st December in any year; and also to withdraw from the agreement if sanction be accorded to the construction of a competing line to the gold-fields.
- (xii) Power of the Company to surrender contract.—Nil.
- (xiii) Term of agreement.—Not specified.
- (xiv) Term of contract.—As in the case of 6 (a), Madras and Southern Mahratta railway (5' 6" gauge).

* This section, which was opened throughout in 1871 as a 5' 6" gauge branch of the former Madras railway, was made over to the former Southern Mahratta Railway Company on 1st February 1887 and converted to 3' 3½" gauge on the 16th May 1887.

Details of construction—

Permanent-way.—The rails in use are of 4½-lb., 50-lb., 60-lb., and 62-lb., flat-footed steel. The sleepers are teak, sal, jamba, pine and Australian eucalyptus and steel trough.

Ballast.—The line is ballasted with stone, gravel, sand and moorum.

Fencing.—The lines from Hospet to Kottur and Bellary to Rayadrug are unfenced, those from Pakala to Dharmavaram and Katpadi to Gudur are fenced only at stations, and the rest are partially fenced.

Curves.—The sharpest curve is of 573 feet radius.

Gradients.—The ruling gradient is 1 in 100, except on the Braganza Ghats (between miles 0 and 3 on the main line) and between Ramandrug and Kanivihalli, where the gradient is 1 in 40, and on the sections between Hospet and Kottur and Bellary and Rayadrug, where it is 1 in 60.

TOTAL	51'80

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on teak sleepers.

Ballast.—The line is ballasted 41 miles with stone and the remainder with sand.

Fencing.—The station yards only are fenced.

Curves.—The radius of the sharpest curve is 717 feet between Masulipatam and Tidal Lock.

Gradients.—The ruling gradient is 1 in 200.

Agreement and contract—

Agreement, dated the 4th February 1908, between the District Board of Kistna and the Madras and Southern Mahratta Railway Company, as to maintenance and working, having effect from the 4th February 1908, the date of opening of the Branch.

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing agreement subject to the variations and modifications thereof as therein set forth.

Main provisions of agreement and contract—

(i) **Land.**—Provided by the Government free of cost.

(ii) **Government aid.**—

(iii) **Terms of working.**—

(iv) **Distribution of profits.**—

The line (which is the property of the District Board of Kistna) is maintained and worked as an integral part of the Company's system by the Madras and Southern Mahratta Railway Company, who provides the rolling-stock and other appliances, etc., necessary thereunto.

For these services the Company is to receive half-yearly 45 per cent of the gross earnings of the Branch; the balance, after meeting the cost of new minor works, being handed over to the District Board.

APPENDIX 1—contd.

History of railways constructed and in progress.

Section of railway.	Date of opening.	Miles.	Total.
	2	3	4
Dronachellam to Kurnool	1-1-09	32-00	32-00

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. second-hand flat-footed steel rails and old pattern second-hand steel sleepers.

Ballast.—The ballast consists of sand throughout.

Fencing.—The station yards only have been fenced.

Curves.—The sharpest curve is of 1,146 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Agreement—

Dated the 15th September 1911, *between the Secretary of State and the Madras and Southern Mahratta Railway Company*, as to maintenance and working with effect from 1st January, 1909.

Main provisions of agreement—

(i) *Land.*—Provided by the Government at the cost of capital.

(ii) *Government aid.*— } The line was constructed by the agency of the Madras and Southern Mahratta
(iii) *Terms of working.*— } Railway Company from funds supplied by the Government, whose property it absolutely is and who will provide any land and all moneys that may, at any time, be required for the purposes of capital expenditure on the Dhone-Kurnool railway. Subject to the general control of Government in every respect, the line is maintained, stocked and worked by the Company, for and on behalf of the State, on the following terms and conditions.

The gross receipts of the Dhone-Kurnool railway are charged with—

(a) the actual cost of maintenance of way and works (including revenue new minor works mentioned in clause 18), other than general supervision usually chargeable to Abstract A of the Standard form of Revenue Account prescribed for use on the Company's railway ;

(b) a share of the other half-yearly working expenses of the Company's railway system (excluding the cost of Government supervision and control for which no such charge will be levied against the Company in respect of the working of the Branch, but including the cost of general supervision usually chargeable to Abstract A), calculated at the same proportion of the gross receipts of the Branch as obtains on the Company's system, including the Branch, as a whole ;

(c) 5 per cent of the gross receipts of the Branch for the use of the Company's rolling-stock ;

(d) Rent and maintenance of works, buildings and premises within the limits of Dronachellam Junction station as indicated in clause 12.

(iv) *Distribution of profits.*—After deducting from the gross receipts of the Branch railway the working expenses above mentioned, the balance belongs to the Government.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin.—

} Subject to the same maxima and minima, rules, conditions and arrangements as from time to time obtain on the Madras and Southern Mahratta Railway Company's railways.

(vii) *Power of the Government to determine agreement.*—

(viii) *Power of the Company to determine agreement.*—

} Determinable by either party on the 30th June or 31st December of any year on six months' notice given.

(ix) *Term of agreement.*—Not specified.

6 (g) Hindupur (Yesvantpur-Mysore Frontier) railway (3' 3½" gauge)—

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Yesvantpur to Dodballapur	15-12-93	19'38	
Dodballapur to Mysore Frontier	17-9-93	31'42	
Total	51'35

Details of construction—

Permanent-way.—The rails on the ghât section are 50-lb. flat-footed steel, State railway type, and 41½-lb. flat-footed steel on the remainder of the line. The sleepers are Mysore teak throughout.

Ballast.—The line is ballasted throughout with stone.

Fencing.—The line is fenced throughout.

Curves.—The sharpest curve has a radius of 660 feet.

Gradients.—The ruling gradient is 1 in 100 with a 1 in 89 gradient on the ghât section.

Agreement and contract—

Agreement, dated the 2nd December 1899, between the Government of His Highness the Maharaja of Mysore and the former Southern Mahratta Railway Company, having effect from 17th September 1893, supplementary to the provisions of the (Mysore) contract of the 31st August 1887, between the Secretary of State and the former Southern Mahratta Railway Company, noted under 6 (a), Madras and Southern Mahratta railway (5' 6" gauge).

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing agreement subject to the variations and modifications thereof as therein set forth.

Main provisions of agreement and contract—

As noted under 6 (e), Birur-Shimoga railway (3' 3½" gauge).

Number Main head 6 MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM—contd.
 Sub-heads (a) to (m) 6 (A) Kolhapur State railway (3' 3½" gauge)—

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Kolhapur to Miraj	21-4-91	29.27	29.27

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on steel trough sleepers.

Ballast.—The line is ballasted throughout with gravel and sand.

Fencing.—The line is unfenced except for a very short length.

Curves.—There are no curves with a radius of less than 1,000 feet.

Gradient.—The ruling gradient is 1 in 100.

Agreement and contract—

Agreement, dated the 17th July 1891, between the Kolhapur Durbar and the old Southern Mahratta Railway Company, as to maintenance and working, having effect from 21st April 1891.

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing agreement, subject to the variations and modifications thereof as therein set forth.

Main provisions of agreement and contract—

(i) *Land.*—Provided by the Kolhapur Durbar at the cost of capital.

(ii) *Government aid.*—The line is the property of, and was constructed by, the Kolhapur Durbar, who supply funds for any necessary additions thereto. It is maintained, stocked and worked by the Madras and Southern Mahratta Railway Company.

(iii) *Terms of working.*— } From the total expenses of maintaining and working the Company's
 (iv) *Distribution of pro-* } system, including the Kolhapur State railway, as a whole, are deducted
fits.— } charges for new minor works and Government supervision debitable
 direct to each of the railways concerned, and the balance is divided between the two railways in the ratio of the gross earnings of each.

From the gross earnings of the Kolhapur State railway are then deducted the charges for new minor works and the proportion of working expenses attributable to that line as noted above, and the remainder, representing its net earnings, is paid half-yearly to the Durbar.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—

(c) Government bullion and coin.—

The same as, for the time being, are in force on the Madras and Southern Mahratta railway.

(vii) *Power of the Government to determine agreement.*—Not specified.

(viii) *Power of the Durbar to determine agreement.*—

(ix) *Power of the Company to determine agreement.*—

(x) *Power of the Government to determine contract.*—

(xi) *Power of the Company to determine contract.*—

(xii) *Power of the Durbar to determine contract.*—Nil.

(xiii) *Term of agreement.*—As against (viii) and (ix).

(xiv) *Term of contract.*—As noted under 6 (a), Madras and Southern Mahratta railway (5' 6" gauge).

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 6} _{Sub-heads (a) to (m)} MD RAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM—contd.

6 (j) Mysore section (Madras and Southern Mahratta) (3' 3½" gauge)—contd.

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. and 60-lb. flat-footed steel rails, with the exception of about 2.75 miles which are laid with iron rails. The rails are laid on Mysore teak sleepers with a small proportion of jamba and steel trough sleepers.

Ballast.—The line is ballasted throughout with stone and sand.

Fencing.—The line is only partially fenced.

Curves.—The sharpest curve has a radius of 660 feet.

Gradients.—The ruling gradient is 1 in 100 between Harihar and Bangalore, and 1 in 70 between Bangalore and Mysore.

Contracts—

Dated the 31st August 1887, between the Secretary of State and the former Southern Mahratta Railway Company, as to the construction, maintenance and working of the Mysore State railway.

Dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing contract subject to the variations and modifications thereof as therein set forth.

Main provisions of contracts—

(i) *Land.*—Provided by the Government on behalf of the Mysore Durbar at the cost of capital.

(ii) *Government aid.*—The railway, which (as between the Government and the Company, and without prejudice to any arrangements between the former and the Mysore Durbar) is declared to be absolutely the property of the Government, was constructed and equipped with rolling-stock and all other appliances necessary thereunto, and is maintained and worked by the Madras and Southern Mahratta Railway Company, on behalf of the Government. All funds for capital expenditure are provided by the Durbar, under capital expenditure being included the cost of stores.

Government guarantee interest in sterling, payable half-yearly on the 1st April and 1st October, at the rate of 4 per cent per annum on the sum of £1,200,000, the nominal amount of debenture stock issued by the Company.

(iii) *Terms of working.*— } From the joint working expenses of the entire system are first deducted certain "direct" charges, viz., on account of new minor works, Government supervision and control, payment for use of rolling-stock and for use of joint stations; these "direct" charges being payable in their entirety by the railways incurring them. The balance of the joint working expenses is then divided as between the whole system and the Mysore section in proportion to gross earnings of each. The share of the Mysore section thus arrived at, added to the "direct" charges incurred on that section, form the working expenses of the Mysore section.

The gross receipts attributable to the Mysore section are applied—

(a) in discharge of the working expenses arrived at as above, and

(b) in payment of interest at 4 per cent on capital expenditure incurred on the section since 31st December 1907;

(c) the surplus being divided between the Government (on behalf of the Durbar) and the Company in the proportion of 19/20 and 1/20, respectively.

(v) *Rates and fares.*—

(vi) *Special obligations as to the conveyance of—*

(a) Mails, troops, police, high Government officials and Government stores—

(b) Government bullion and coin—

(vii) *Power of the Government to determine contract.*—

(viii) *Power of the Company to determine contract.*—

(ix) *Term of contract.*—

As in the case of 6 (a), Madras and Southern Mahratta railway (5' 6" gauge).

APPENDIX 1—contd.

6 (k) Sangli State railway (3' 3½" gauge)—

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Miraj Junction to Sangli	1-4-07	4.90	4.90

Details of construction—

Permanent-way.—The permanent-way consists of second-hand 41½-lb. flat-footed steel rails on teak sleepers.

Ballast.—Ballast is chiefly moorum.

Fencing.—The line is not fully fenced, but only where necessary.

Curves.—The sharpest curve has a radius of 1,011 feet.

Gradients.—The ruling gradient is 1 in 80.

Agreements and contract—

Agreement, dated the 17th July 1907, between the Sangli Durbar and the former Southern Mahratta Railway Company, as to the construction of the Sangli State railway.

Agreement, dated the 17th July 1907, between the Sangli Durbar and the former Southern Mahratta Railway Company, as to the maintenance and working of the Sangli State railway.

Sub-heads (a) to (m) MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM.—contd.

6 (k) Sangli State railway (3' 3½" gauge)—concl'd.

Agreements and contract—concl'd.

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing agreements subject to the variations and modifications thereof as therein set forth.

Main provisions of agreements and contract—

- (i) *Land.*—Provided by the Sangli Durbar free of cost.
- (ii) *Government aid.*—The Sangli State railway was constructed by the former Southern Mahratta Railway Company from funds supplied by the Durbar, whose property it is and who will provide all further funds that may be necessary for new works chargeable to Capital. The Branch is maintained, stocked and worked by the Company.
- (iii) *Terms of working.*— } From the total expenses of maintaining and working the Company's
- (iv) *Distribution of profits.*— } system, including the Sangli State railway, as a whole, are deducted charges for new minor works and Government supervision debitable direct to each of the railways concerned, and the balance is divided between the two railways in the ratio of the gross earnings of each.
- From the gross earnings of the Sangli State railway are then deducted the charges for new minor works and the proportion of working expenses attributable to the Branch as noted above, and the remainder, representing its net earnings, is paid half-yearly to the Durbar.
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of—*
- (a) Mails, troops, police, high Government officials and Government stores.—
- (b) Government bullion and coin.—
- (vii) *Power of the Government to determine agreement.*—Not specified.
- (viii) *Power of the Durbar to determine agreement.*—
- (ix) *Power of the Company to determine agreement.*—
- (x) *Term of agreement.*—As against (viii) and (ix).

The same as, for the time being, are in force on the Madras and Southern Mahratta railway.

The agreement is terminable at the end of any year upon 6 months' notice from either party to the agreement.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. Sonaulim to the Portuguese frontier	3-2-88	10.10	
Total	51.10

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 6} _{Sub-heads (a) to (m)} MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM—contd.

6 (7) West of India Portuguese railway (3' 3½" gauge)—contd.

Details of construction—

Permanent-way.—The permanent-way consists of 60-lb. and 62-lb. flat-footed steel rails on creosoted pine, sal, teak and jamba sleepers.

Ballast.—The line is ballasted throughout with laterite and blue stone.

Fencing.—The line is partially fenced.

Curves.—The sharpest curve is of 720 feet radius.

Gradients.—The ruling gradient is 1 in 100 with a 1 in 40 on the Ghat section.

Contracts and agreement—

Contract, dated the 18th April 1881, between the Portuguese Government and the West of India Portuguese Railway Company, as to the construction of a harbour at the Port of Mormugao and a railway from Mormugao to the Portuguese Frontier.

Contract, dated the 19th December 1892, between the Portuguese Government and the West of India Portuguese Railway Company, providing for the guarantee of interest on the Company's capital in consequence of the cessation of the annual subsidy of Rs. 4,00,000, which was formerly paid by the British to the Portuguese Government and hypothecated by the latter to the Company.

Agreement, dated the 21st August 1902, between the former Southern Mahratta Railway Company and the West of India Portuguese Railway Company, as to the maintenance and working of the railway from Mormugao to the Portuguese Frontier and the harbour at the Port of Mormugao.

Contract, dated the 26th June 1908 (called the principal contract), between the Secretary of State and the Madras and Southern Mahratta Railway Company, as to the continuance of the existing contracts and agreement, subject to the variations and modifications thereof as therein set forth.

Main provisions of contracts and agreement—

(i) *Land.*—Provided by the Portuguese Government free of cost to the West of India Portuguese Railway Company.

(ii) *Government aid.*—Guarantee by the Portuguese Government of interest in sterling at 5 per cent per annum on £800,000, and at 6 per cent per annum on any additional capital. The interest is secured (a) on any annual subsidy payable by the British or the British Indian Government to the Portuguese Government, and (b) on the Abkari (excise) duties levied in Goa. Any deficiency is, however, to be made up by the Portuguese Government from other sources.

The line, which is the property of the West of India Portuguese Railway Company, is maintained and worked by the Madras and Southern Mahratta Railway Company as part of the latter's undertaking, except as to further capital expenditure which is provided by the Portuguese Government.

(iii) *Terms of working.*— } As between the Madras and Southern Mahratta and West of India Portuguese Railway Companies.—

(iv) *Distribution of profits.*— } Railway revenue expenses are in the first instance paid by the Madras and Southern Mahratta Railway Company. Separate half-yearly accounts are kept of the gross earnings respectively of the Madras and Southern Mahratta railway and the West of India Portuguese railway. The gross working expenses of the combined railways (excluding revenue expenditure on new minor works which is borne entirely by the railway—whether the Madras and Southern Mahratta or the West of India Portuguese—incurring it and is in either or both cases excluded from the joint working expenses, and interest payable by the Madras and Southern Mahratta Railway Company on the capital cost of telegraph lines equipped and owned by the Government of India) are borne by the two Companies in the proportion of their respective gross earnings for each half-year.

As to Harbour receipts and expenses, a separate account is kept of all sources of revenue at the Port of Mormugao. The amount chargeable by the Madras and Southern Mahratta Railway Company for maintenance and working is actuals, plus 10 per cent thereon for superior supervision, subject to the proviso that if in the aggregate they (without the sanction of the West of India Portuguese railway) exceed the mean of the figures which represent the relation of such expenditure to receipts during the years 1895, 1896 and 1899, any such excess is to be annulled, or reduced as much as possible by a corresponding diminution in the charge for supervision.

The profits arising from the West of India Portuguese railway, being the excess of earnings over working expenses so calculated, are to be paid half-yearly by the Madras and Southern Mahratta Railway Company to the West of India Portuguese railway.

NOTE.—At the desire of the Board of the West of India Portuguese Railway the Secretary of State has agreed to 80 per cent of the net earnings of each month being paid to the Joint Representative in India as soon as the accounts of each month are completed. (India Office letter No. P.W.-2962, dated the 27th December 1912).

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 6 **MADRAS AND SOUTHERN MAHRATTA RAILWAY SYSTEM—contd.**
Sub-heads (a) to (m)

6 (f) West of India Portuguese railway (3' 3½" gauge)—contd.

Main provisions of contracts and agreement—*consolidated*.

- (v) *Distribution of profits as between the Portuguese Government and the West of India Portuguese Railway Company.*—The surplus profits in any year, after payment of the guaranteed interest for that year, are to be divided equally between the Portuguese Government and the West of India Portuguese Railway Company.
- (vi) *Rates and fares.*—The maximum rates and fares to be fixed with the consent of the Portuguese Government, and not to exceed the maxima on the Great Indian Peninsula railway; they are also subject to the maxima and minima prescribed in the contracts between the Secretary of State for India and the Madras and Southern Mahratta Railway Company.
- (vii) *Special obligations as to the conveyance of.*—
- (a) Mails, both British and Portuguese.—To be conveyed on the West of India Portuguese railway upon the terms of the Treaty of 1878.
- (b) Portuguese Government troops, officials, and Government stores.—To be conveyed on the West of India Portuguese railway on the same conditions as on Indian State railways.
- (viii) *Power of the Portuguese Government to determine contract.*—The Portuguese Government may purchase the railway and all other works—
- (a) at any time by giving six months' notice;
- (b) at any time after the expiration of the first 30 years from the date of opening of the railway or any section thereof, by giving two years' notice.

In the first case the Portuguese Government must pay to the Company in London a sum in sterling not less than the amount actually expended by the Company on the railway and other works, with 10 per cent added, and the value of the rolling-stock, machinery, station appliances and stores.

In the second case the price to be paid by the Portuguese Government is a sum in sterling equal, to the amount of the value of all the shares, debentures and stock of the Company, calculated according to the mean market value in London during the three years immediately preceding the expiration of the two years' notice (such sum not to be less than the amount actually expended by the Company on the railway and other works), plus the value of the rolling-stock, machinery, station appliances and stores.

At the expiration of the term of the contract [99 years, see (xii)], the line becomes the property of the Portuguese Government, but the rolling-stock, machinery, station appliances and stores, and any other movable property or plant, have to be paid for at their fair value.

- (ix) *Power of the West of India Portuguese Railway Company to surrender contract.*—The West of India Portuguese Railway Company may make over the railway and works to the Portuguese Government—
- (a) in the event of failure on the part of the Portuguese Government to pay the guaranteed interest in full, by giving six months' notice;
- (b) at any time after the expiration of the first 30 years from the date of opening of any section of the line without renewal of the Treaty of 1878, by giving two years' notice.

In the first case the West of India Portuguese Railway Company would be entitled to receive from the Portuguese Government, in sterling, the amount actually expended on the railway and works, with 10 per cent added, and the value of the rolling-stock, machinery, station appliances and stores: in the second case, the same amount, less the additional 10 per cent on the expenditure on the railway and works.

- (x) *Power of the Madras and Southern Mahratta Railway Company to determine agreement.*—
- (xi) *Power of the West of India Portuguese Railway Company to determine agreement.*— } Determinable by either party at the end of two years from the 1st July 1902 (the date on which it came into force) on 6 months' notice given, reckoned either from the 30th June or the 31st December next after the delivery of such notice.

Upon the determination of the agreement the Madras and Southern Mahratta Railway Company to surrender to the West of India Portuguese Railway Company the railway and harbour and their equipment, etc., and to pay to the latter all money held on account of the railway.

- (xii) *Term of contract [if not determined under (ix), (x) or (xi)].*—99 years from the date of opening of the line.
- (xiii) *Term of agreement [if not determined under (x); or (xi)].*—The term of agreement is 5 years, unless extended* with the consent of both parties, when the West of India Portuguese Railway Company have the right to resume the working of their line and harbour.

* Since extended to 30th June 1912, and then further extended to 30th June 1917, *vide* Despatch from the Secretary of State No. 42 Railway, dated the 17th May 1912.

Total	330.13	

Details of construction—

Permanent-way.—The first 47 miles from Wadi are laid with 75-lb. bull-headed steel rails, 42 miles being on cast iron pot sleepers and the remaining 5 miles on cast iron chairs and jarrah sleepers. The next 9 miles are laid with 85-lb. flat-footed steel rails on steel sleepers and the following 56 miles with 85-lb. flat-footed rails on jarrah sleepers. The section between Begampet and mile 234 is laid with 85-lb. flat-footed steel rails on steel sleepers, with the exception of the mixed (5' 6" and 3' 3½") gauge line from Secunderabad to Hyderabad and the 5' 6" gauge line from mile 196½ to mile 208½, which has wooden sleepers under the same section of rail. Miles 234 to 306 are laid with 66½ lbs. rails and steel peapod sleepers, and miles 306 to the British frontier, with jarrah sleepers under the same section of rail.

Ballast.—The line is ballasted throughout with stone and sand.

Fencing.—The line is fenced from Wadi to Secunderabad, but from Secunderabad to the frontier only the station yards are fenced.

Curves.—The sharpest curve is of 1,300 feet radius.

Gradients.—The ruling gradient is 1 in 100 on the Hyderabad-British Frontier section and 1 in 150 on the Wadi-Husain Sagar section.

7 (a) Nizam's Guaranteed State railway (5' 6" gauge)—*contd.***Contract and agreement—**

Contract, dated the 27th December 1883, between the Government of His Highness the Nizam of Hyderabad and the Nizam's Guaranteed State Railways Company, Limited, as to the acquisition, management, maintenance and working of the line from Wadi to Hyderabad and Secunderabad, the construction, etc., of certain 5' 6" gauge extensions and the preferential right to construct all new railways in His Highness the Nizam's territories.

Agreement, dated the 16th March 1897, (supplemented to the contract of 1883), between the Government of His Highness the Nizam of Hyderabad and the Nizam's Guaranteed State Railways Company Limited, as to the construction, management, maintenance and working, by the Company, of the Hyderabad-Godavari Valley railway.

Letter No. 257, dated the 7th March 1903, from the Nizam's Government to the Railway Company as to rates and fares.

Main provisions of contract and agreement—

- (i) *Land.*—Provided by the Nizam's Government free of cost to the Company.
- (ii) *Government aid.*—Guarantee of interest in sterling, at 5 per cent per annum on the Company's share (£2,000,000) and debenture (£1,500,000) capital for 20 years, from the date on which such capital is paid up. The guarantee in the case of the share capital ceased on the 25th June 1904, but the guarantee in respect of debenture capital, ceased or ceases, on various dates ranging from 30th June 1904 to 31st January 1928. There have been further issues of debentures, amounting in all to £1,000,000 but on these no guarantee on the part of the Nizam's Government exists.
- (iii) *Distribution of profits.*—During the period of the guarantee the repayment of the guaranteed interest for each half-year, and thereafter interest for each year, at the rate of 5 per cent on the share and debenture capital, is to be the first charge against the net earnings of such half-year or year. Of any residue, either before or after the cessation of the guarantee, one half is to be applied in payment to the Nizam's Government of guaranteed interest not previously recouped and in payment of any other sums owing by the Company to the Nizam's Government, and the other half is to be retained by the Company. When the Nizam's Government has been reimbursed all sums paid under the guarantee, together with simple interest thereon at 5 per cent per annum, the Company is to be entitled to the whole of the net earnings.
- (iv) *Rates and fares.*—Not to exceed those from time to time prevailing on the Great Indian Peninsula railway, unless otherwise agreed between the Nizam's Government and the Company. [By letter No. 257, dated the 7th March 1903, from the Secretary to His Highness's Government in the Financial Department to the Agent and Chief Engineer of His Highness the Nizam's Guaranteed State Railways Company, the provisions in this respect of the agreement of 1883 have been modified so as to permit the Company to levy such rates and fares as are not in excess of those which obtained on the Great Indian Peninsula railway at the date of that agreement.]
- (v) *Special obligations as to the conveyance of.*—
 - (a) Mails and Post Office servants of both the Nizam's Government and the Government of India.—To be conveyed free of charge.
 - (b) Troops, officials, and Government stores.—Troops and officials of both the Nizam's Government and the Government of India to be conveyed at special rates; stores at the lowest rates ordinarily chargeable.
 - (c) Bullion and coin.—At special rates.
- (vi) *Power of the Government to determine agreement.*—In the event of any breach by the Company of any of the provisions of the agreement, the Nizam's Government may give the Company in London six months' notice of its intention to determine the agreement; and unless the breach shall be remedied within the 6 months, the Nizam's Government may determine the agreement and assume possession of the railway, paying the Company in London in sterling so much of the capital as shall be unredeemed.

The Nizam's Government may also terminate the agreement and purchase the railway, rolling-stock, etc., on the 1st January 1934, or 1st January 1954, by giving 12 months' notice in London. On the day on which the railway is thus acquired the Nizam's Government is to pay to the Company, in sterling in London, the amount of the unredeemed capital, plus a bonus of 25 per cent.

At the end of the full term of 99 years, if the agreement continues so long, the land in the possession of the Company, with the railway, buildings, works, and fixed machinery, will revert to the Government free from all debts and charges, but the rolling-stock, plant, movable machinery and stores must be purchased by the Government at their fair value.

7 (b) Bezwada Extension railway (5' 6" gauge)—

This line, which extends from the frontier of His Highness the Nizam's dominions to 642 feet the Bezwada side of Bezwada distant signal, was constructed for the Government of India, by His Highness the Nizam's Guaranteed State Railways Company and is being worked as a part of its own system.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Hyderabad frontier to Bezwada	10-2-89	20.58	20.58

Details of construction—

Permanent-way.—The line is laid with 66½-lb. flat-footed steel rails on jarrah sleepers.

Ballast.—The line is ballasted throughout with stone and sand.

Fencing.—The line is fenced at stations only.

Curves.—There are no curves with a radius of less than 1,900 feet.

Gradients.—The ruling gradient is 1 in 100.

APPENDIX 1—contd.

History of railways constructed and in progress.

Agreement—

Dated the 6th April 1909, between the Railway Board, acting on behalf of the Secretary of State and His Highness the Nizam's Guaranteed State Railways Company, Limited, as to the maintenance, management and working, by the Company, of the Bezwada Extension railway.

Main provisions of agreement—

- (i) *Land*.—Provided by the Government at the cost of capital.
- (ii) *Government aid*.—The line is the property of the Government, who provide all further funds chargeable to the capital account, and it is managed, maintained, stocked and worked by the Company as if it were part of the Company's 5' 6" gauge system.
- (iii) *Terms of working*.—
- (iv) *Distribution of profits*.—
- } The line is managed, maintained, stocked and worked by His Highness the Nizam's Guaranteed State Railways Company for the same percentage of its gross earnings as that of the working expenses of the Company's 5' 6" gauge system to its gross earnings, as published in the Company's Revenue Accounts for the same half-year, plus 5 per cent. of the gross earnings of the Bezwada Extension railway for the use of rolling-stock. But in addition thereto, any extraordinary maintenance charges due to causes other than ordinary wear and tear shall be charged, with the approval of the Railway Board, to the Bezwada Extension railway. Such extraordinary charges shall be excluded in working out the percentage of ordinary maintenance charges payable by the Bezwada Extension railway. The balance is paid over to the Government of India as the net earnings of the Bezwada extension.
- (v) *Rates and fares*.—
- (vi) *Special obligations as to the conveyance of*.—
- (a) Mails, troops, police, high Government officials and Government stores.—
- (b) Government bullion and coin, and the persons in charge thereof.—
- } To be the same as from time to time obtain on the Company's 5' 6" gauge system.
- (vii) *Power of the Government to determine agreement*.—
- (viii) *Power of the Company to surrender agreement*.—
- } Terminable on the 1st January or the 1st July in any year, on 6 months' notice given by either party to the other. Any breach of the terms of the contract may lead, *ipso facto*, to its determination.
- (ix) *Term of agreement*.—Until terminated under (vii) and (viii).

Statistics of working (Those for the periods prior to 1901 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 7 **NIZAM'S GUARANTEED STATE RAILWAY SYSTEM—contd.**
Sub-heads (a) to (g)**7 (c) Hingoli Branch railway (3' 3½" gauge)—**

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Purna to Hingoli	15-5-12	50-31	50-31

Details of construction—

Permanent-way.—The permanent-way consists of second-hand 66½-lb. flat-footed steel rails taken out of the 5' 6" gauge system and new steel trough sleepers.

Ballast.—The ballast used is moorum, except in some cuttings where stone ballast has been laid.

Fencing.—Fencing is provided only round station yards and a small length on either side of second class level crossings.

Curves.—The sharpest curve is of 1910 feet radius.

Gradients.—The ruling gradient is 1 in 133.

Agreement—

Dated the 1st March 1910, between the Government of His Highness the Nizam of Hyderabad and the Nizam's Guaranteed State Railways Company, Limited, as to the maintenance, management and working of the Hingoli branch, by the Company, as part of the Hyderabad-Godavari Valley railway.

Main provisions of agreement—

- (i) *Land.*—Provided by the Nizam's Government free of cost.
- (ii) *Government aid.*—The line is the property of the Nizam's Government who provide all funds chargeable to the capital account.
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*— } The Nizam's Guaranteed State Railways Company, works the Branch railway for the same proportion of its gross earnings as the aggregate working expenses of the 3' 3½" gauge system shall bear to the aggregate gross earnings of that system, plus 5 per cent of the gross earnings of the Branch for use of rolling-stock. The balance of the gross earnings of the Branch after making the said deduction is paid to His Highness the Nizam's Government as the net earnings of the Branch. In the case of accident or damage caused by extraordinary casualty, e.g., by floods, storms, etc., charges for repairs are made to the Branch railway, such charges being eliminated from the aggregate working expenses before the percentage of working expenses referred to above is arrived at.
- (v) *Rates and fares.*—The same rates and fares as are in force on 7 (d), Hyderabad-Godavari valley railway (3' 3½" gauge).
- (vi) *Special obligations as to the conveyance of.*— } Services for these are performed on the same conditions and at the same rates as may be in force on 7 (d), Hyderabad-Godavari Valley railway (3' 3½" gauge).
(a) Mails.—
(b) Troops, police, and high Government officials.—
- (vii) *Power of the Nizam's Government to determine agreement.*— } The agreement is terminable by either party on the 30th June or the 31st December in any year after the line is opened throughout on 12 months' previous notice in writing.
- (viii) *Power of the Company to determine agreement.*—
- (ix) *Power of the Company to surrender agreement.*—Nil.
- (x) *Term of agreement.*—Nil.

DOUBLE LINE— Purna Junction station yard	15-5-12	0·38	0·38	

Details of construction—

Permanent-way.—The permanent-way consists of 50-lb. flat-footed steel rails on steel pea-pod sleepers between miles 0 and $\frac{197}{13}$, $\frac{216}{8}$ and 284 and $\frac{224}{4}$ and 384·27, except within station limits where wooden sleepers are used, and also on second-hand 5' 6" gauge steel sleepers converted into 3' 3½" gauge between miles $\frac{201}{1}$ and $\frac{207}{17}$, and wooden sleepers for the remainder.

Ballast.—The line is ballasted throughout with stone, sand and moorum.

Fencing.—The line is fenced from mile 377½ to 381 and between miles 249 and 250, and at all stations.

Curves.—The sharpest curve is of 1,433 feet radius.

Gradients.—The ruling gradient is 1 in 133·3.

Agreement—

Dated the 16th March 1897 (supplemental to the contract of 1883) between the Government of His Highness the Nizam of Hyderabad and the Nizam's Guaranteed State Railways Company, Limited, as to the construction, management, maintenance and working, by the Company, of the Hyderabad-Godavari Valley railway.

Main provisions of agreement—

- (i) **Land.**—Provided by the Nizam's Government free of cost to the Company.
- (ii) **Government aid.**—Guarantee in sterling, for 20 years from the date on which the line was completed and opened for traffic throughout (16th May 1901), of the interest payable on the debenture capital (not exceeding £2,500,000) raised for the purposes of the contract, together with an additional one per cent for a Sinking Fund. (The amount of capital raised to the present time has been £2,125,000, and the rate of interest payable on it is 3½ per cent.)
- (iii) **Distribution of profits.**—During the period of the guarantee the repayment of the guaranteed interest for each half-year, and thereafter the interest payable on the debenture capital for each year, is to be the first charge against the net earnings for such half-year or year. Any surplus either before or after the cessation of the guarantee, is to be divided equally between the Nizam's Government and the Company.

Sialkot to the frontier of Kashmir State	15-3-90	9.08			
			35.48		
Carried over	1,455.07		

* This length was constructed on the 3' 3½" gauge previous to September 1873, but was converted to the 5' 6" gauge on the 6th October 1878.

† The line was opened by sections on the 5' 6" gauge, using temporary diversions near Domeli—thus Jhelum to Ratal, 1st January 1880 (15 miles) and Ratal to Rawalpindi, 1st October 1880 (56 miles). The diversions were abolished on 8th May 1882; and the complete 1/50 graded through line between Jhelum and Rawalpindi, (76.50 miles), was established. But again in 1888, and in subsequent years up to date, various alignments in connection with the improvements of grades to 1/100 have been opened and the present length of line on the 31st March 1897 is—Jhelum to Rawalpindi, 76.33 miles.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 8} _{Sub-heads (a) to (f)} NORTH WESTERN RAILWAY SYSTEM—contd.

8 (b) Amritsar-Patti railway (5' 6" gauge)—

Date of registration of the Company.—12th April 1905.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Amritsar to Tarn Taran	21-9-06	15-00	
Tarn Taran to Patti	30-12-06	12-05	
Patti to Kasur	4-4-10	27-21	
Total	54-26

Details of construction—

Permanent-way.—The permanent-way consists of 60-lb. flat-footed steel rails laid on deodar jarrah and steel sleepers.

Ballast.—The line is ballasted throughout with broken stone.

Fencing.—Station yards only are fenced.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Contracts—

Dated the 22nd May 1905, between the Secretary of State and the Amritsar-Patti Railway Company, as to the construction, maintenance, management and working of the Amritsar-Patti railway.

Dated the 7th May 1909, between the Secretary of State and the Amritsar-Patti Railway Company, as to the construction, maintenance, management and working of the Patti-Kasur extension as an integral part of the Amritsar-Patti railway.

Main provisions of contracts—

(i) *Land.*—Provided by the Government free of cost to the Company, except for quarrying, ballast, brickfield or other temporary works.

(ii) *Government aid.*—The Government constructed the line (from funds supplied by the Company whose property it is), and manage, maintain, stock and work it, through the agency of the North Western railway.

By way of rebate the Government allow the Company, in respect of each year, such sum up to 45 per cent of the gross earnings from traffic (excluding those derived from the carriage of stores) interchanged between the North Western railway and the Amritsar-Patti railway as shall, together with the net earnings of the Company, make up an amount equal to an interest for the year at a rate of 5 per cent per annum on the actual expenditure charged in the Capital Account, plus Rupees 7,200 on account of office expenses and those of management and direction and such legal expenses as may be properly incurred by the Company and approved by the Secretary of State or the Government of India and as are debitable to Revenue, subject to the same limit.

(iii) *Terms of working.*—

(iv) *Distribution of profits.*— } For management, maintenance, working and provision of rolling-stock the Government retain 45 per cent of the gross earnings in each half-year of the Amritsar-Patti railway; the remainder, constituting the net earnings, is paid to the Company.

But should the net earnings of the Company in any year exceed the maximum amount sufficient to pay a dividend of 5 per cent per annum, such excess is to be applied towards the payment of office expenses and expenses of management and direction [referred to under (ii)] up to a limit of Rs. 15,000, the balance being divided equally between the Government and the Company.

(v) *Rates and fares.*—To be arranged between the Government and the working agency within the maximum and minimum in force on, and the classification of goods to be in conformity with that of, the working Agency.

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof.—

} To be conveyed at the same rates and under the same arrangements as apply to State railways.

(vii) *Power of the Government to determine contract.*—The Government may, by giving twelve months' previous notice in writing of purchase, determine the contract either on the 31st December 1935 or on the 31st December in the last year of any subsequent period of 10 years, by paying to the Company in rupees 25 times the average yearly net earnings of the Company during the last preceding three years, subject to a limit of 20 per cent in excess of, but not less than, the total capital expenditure of the Company.

(viii) *Power of the Company to surrender contract.*—Nil.

(ix) *Term of contract [if not determined under (vii)].*—None specified.

Jakkhal, on the Southern Punjab railway, to Hissar, on the Bombay, Baroda and Central India railway.	1-11-13	50.22	50.22

Details of construction—

Permanent way.—The permanent-way is composed of material released from the main line and consists of 62-lb. flat-footed rails on oval bowls and steel sleepers, 69-lb. double and bull-headed and 73-lb. bull-headed rails on circular bowls, as well as on new sleepers with chairs of 20 and 40 lbs. weight.

Ballast.—The line is ballasted with brick and sand.

Fencing.—The line is unfenced, except at stations.

Curves.—There are no curves with a radius of less than 5,730 feet.

Gradients.—The line is practically level, steepest grade being 1 in 600.

Contract—

Nil.—The line is owned and worked by the State as an integral part of 8(a) North Western railway.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. 1	2	3	4
Frontier of the Kashmir State to the left bank of the Tawi river near Jammu.	15-3-90	16'01	16'01

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails laid on transverse sleepers of deodar.

Ballast.—The line is ballasted throughout with broken stone.

Fencing.—The line is unfenced except at Sialkot station.

Curves.—The sharpest curve is of 2,865 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Agreement—

Dated the 21st April 1913, having effect from 1st June 1912, between the Government of India and the Kashmir Durbar, as to construction and working.

Main provisions of agreement—

- (i) **Land.**—Provided free of cost by the Durbar and the Government in their respective territories.
- (ii) **Government aid.**—The section was constructed (from funds supplied by the Kashmir Durbar, whose property it is), and is managed, maintained, stocked and worked by the North Western railway. By way of rebate the Government allow to the Durbar a payment on traffic interchanged with the North Western railway to such extent, as, together with the share of net earnings attributable to the section, will afford a total dividend of 3½ per cent per annum on the actual capital expenditure to end of each half year, subject to the proviso that such rebate in no case exceeds the North Western railway's net earnings from traffic interchanged with the section.
- (iii) **Terms of working.**— } For management, maintenance, provision of rolling-stock and work-
- (iv) **Distribution of profits.**— } ing, the North Western railway retains 55·50 per cent of the gross earnings of the section, the remaining 44·50 per cent being credited to the Durbar, subject to the rebate noted under (ii).
- (v) **Rates and fares.**—To be such as are from time to time in force on the main line of the North Western railway.
- (vi) **Special obligations as to the conveyance of.**—
- (a) Mails, troops, police, high Government officials and Government stores.— } To be conveyed on the same general conditions as those in force on the main line of the North Western railway.
- (b) Government bullion and coin, and the persons in charge thereof.— }
- (c) Services to the Durbar.—As in clauses 15, 16 and 17 of the agreement.
- (vii) **Power of the Government to determine agreement.**— } The agreement is terminable on six months' notice by either side from and after 1st January 1917.
- (viii) **Power of the Durbar to surrender agreement.**— }
- (ix) **Term of agreement.**—4 years and 7 months from 1st June 1912 and thereafter as noted under (vii) and (viii).

Statistics of working—(Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

[For Index see page preceding this appendix.]

Number ^{Main head 8} Sub-heads (a) to (f). NORTH WESTERN RAILWAY SYSTEM—contd.

8 (e) Jullundur-Mukerian railway (5' 6" gauge)—

Date of registration of the Company.—27th February 1914.

The construction of the line by the Hoshiarpur Doab Branch Railways Company was authorised by the Railway Board in their letter No. 657-R.C., dated the 13th March 1914.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Jullundur City to Tanda Umar	1-1-15	26 40	
Tanda Umar to Dasuya	1-2-15	9 00	
Dasuya to Mukerian	1-3-15	10 00	
Total	45 40

Details of construction—

Permanent-way.—The permanent-way consists of 58½-lb. and 60-lb. flat-footed steel rails on deodar sleepers. The 58½-lb. rails are in all respects, except in the width of foot, similar to the 60-lb. rails which are of British Standard section.

Ballast.—The line is at present packed with sand or earth. A little stone ballast has been provided at bridge approaches, points and crossings and passenger platforms.

Fencing.—Fencing has been provided only at first class level crossings for a short distance on each side of the gates.

Curves.—The sharpest curve is of 1910 feet radius.

Gradients.—The ruling gradient is 1 in 200.

Agreement—

The line has been constructed by the Hoshiarpur Doab Branch Railways Company and is being managed and worked by the North Western Railway, under the terms of an agreement which is under consideration.

Statistics of working—

Year.	Mileage open at end of the year.	Total capital outlay, including suspense, to end of the year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Rebate from North Western railway (+), or share of surplus profits payable to the Secretary of State in England, (—).	Total income.	Percentage of total income on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

[For Index see page preceding this appendix.]

Number ^{Main head 8} _{Sub-heads (a) to (t)} NORTH WESTERN RAILWAY SYSTEM—contd.

8 (f) Khanpur-Chachran railway (5' 6" gauge).—concl'd.

Details of construction—

Permanent-way.—The permanent-way consists of 60-lb. flat-footed steel rails laid on jarrah sleepers.

Ballast.—The line is ballasted with broken brick on curves and approaches to large bridges and the remainder with sand.

Fencing.—The line is not fenced.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—The ruling gradient is 1 in 500.

Agreement—

Dated the 21st August 1912 (having effect from the 1st January 1911), between the Secretary of State and the Bahawalpur Durbar, as to the construction, maintenance and working of the Khanpur-Chachran railway by the North Western railway.

Main provisions of agreement—

- (i) *Land.*—To be provided free of cost by the Bahawalpur Durbar, both during and after construction.
- (ii) *Government aid.*—The line was constructed by the Government (from funds supplied by the Bahawalpur Durbar, whose property it is), and is managed, maintained, stocked and worked, through the agency of the North Western railway as if it were part of its system.
By way of rebate Government allow to the Durbar a sum not exceeding in any year the net earnings of the North Western railway from traffic interchanged with the Khanpur-Chachran branch railway, excluding the net earnings from carriage of railway stores, as shall, together with the net earnings of the branch, make up an amount equal to interest at 3 per cent per annum on the actual expenditure charged in the capital account of the branch.
- (iii) *Terms of working.*— } For management, maintenance, provision of rolling-stock and working, the North Western railway retains 50 per cent of the gross earnings of the branch, the balance being paid to the Durbar.
- (iv) *Distribution of profits.*— }
- (v) *Rates and fares.*—To be the same as may, from time to time, be in force on the North Western railway.
- (vi) *Special obligations as to the conveyance of.*—
(a) Mails, troops, police, high officials and stores of both the Government and the Durbar—
(b) Government and Durbar bullion and coin, and the persons in charge thereof.— } To be carried on the same general conditions and at the same rates as may for the time being be in force on the North Western railway.
- (vii) *Power of the Government to determine agreement.*— } The agreement is terminable on the 1st January or 1st July in any year after 1935, on six months' notice given by either party to the other. The Government may also determine the agreement at any time, on six months' notice, should either the North Western railway or the Bahawalpur Durbar fail to observe their obligations.
- (viii) *Power of the Durbar to surrender agreement.*— }
- Upon the determination of the agreement the North Western railway shall give to the Bahawalpur Durbar possession of the Khanpur-Chachran railway, together with all its belongings and moneys then payable to it, after which the Bahawalpur Durbar shall indemnify the North Western railway against all debts and liabilities as may have been incurred and then be subsisting on behalf of the Khanpur-Chachran railway. The Government may also determine the agreement at any time on giving six months' notice in writing should either the North Western railway or the Durbar fail to observe their respective obligations.
- (ix) *Term of contract.*—From the 1st January 1911 until 1935, subject to (vii) and (viii).

Statistics of working—

8 (g) Ludhiana-Dhuri-Jakhal railway (5' 6" gauge)—

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Ludhiana via Dhuri to Jakhal	10-4-01	78.65	78.65

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails laid on transverse sleepers of deodar.

Ballast.—The line is ballasted throughout with broken brick and kunkur.

Fencing.—Only station yards and about 100 feet on each side of level crossings are fenced.

Curves.—The sharpest curve is of 1,364 feet radius.

Gradients.—The ruling gradient is 1 in 400.

Agreement—

Dated the 6th September 1899, between the Secretary of State and the Maler Kotla and Jhind Durbars, as to the construction, maintenance and working.

Main provisions of agreement—

- (i) *Land.*—Provided free of cost by the Government in the case of British territory and by the Durbars concerned in the case of Native States' territory up to the date of the agreement of 1899; thereafter all land provided by the Maler Kotla and Jhind Durbars is debited to capital.
- (ii) *Government aid.*—The Government constructed the line (from funds supplied in the ratio of $\frac{4}{11}$ th, and $\frac{7}{11}$ th, respectively, by the Jhind and Maler Kotla Durbars, whose property it is), and manage, maintain, stock and work it, through the agency of the North Western railway, as part of its system.
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*— } For management, maintenance, provision of rolling-stock and working, the North Western railway retain 55 per cent, which has, with effect from the 1st January 1913, in pursuance of Foreign Department Memoranda Nos. 2044-I. B. and 2302-I. B., dated, respectively, the 27th September and 5th November 1912, been reduced to 52 per cent, of the gross earnings; and the balance is paid to the Jhind and Maler Kotla Durbars to be divided between them in the ratio of $\frac{4}{11}$ th to the former and $\frac{7}{11}$ th to the latter.
- (v) *Rates and fares.*—To be the same as may, from time to time, be in force on the North Western railway.
- (vi) *Special obligations as to the conveyance of—*
- (a) Mails, troops, police, high officials and stores, both of the Government and the Durbars.—
- (b) Bullion and coin of Government and the Durbars, and the persons in charge thereof.—
- To be carried on the same general conditions and at the same rates as may for the time being be in force on the North Western railway.
- (vii) *Power of the Government to determine agreement.*—
- (viii) *Power of the Durbars to surrender agreement.*— } Either party may determine the agreement on the 1st January or 1st July in any year, by giving six months' notice to the other. Upon the determination of the agreement the North Western railway will give to the Maler Kotla and Jhind Durbars possession of the railway, all its belongings and moneys then payable to them, after which the Durbars will indemnify the North Western railway against all debts and liabilities as may have been incurred and then be subsisting on behalf of the Ludhiana-Dhuri-Jakhal railway. The Government may also determine the contract at any time on six months' notice in writing should either the North Western railway or the Durbars fail to observe their respective obligations.
- (ix) *Term of contract.*—From the 6th September 1899 to the 31st December 1904 and thereafter as noted under (vii) and (viii).

8 (c) Southern Punjab railway (Main line) (5' 6" gauge)—contd.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.	Remarks.
1	2	3	4	5	6
Main line— Delhi of Bhatinda to Samasata Independent entrance from Delhi Brewery to Delhi.	10-11-97 20-12-09	399.89 0.79	400.68		
Branch— Narwana to Kaithal	*1-2-99	23.98	23.98		
Total	424.66	
DOUBLE LINE— Between Delhi Brewery Cabin Junction and Delhi Kishangunge.	1-1-12 1-7-12	0.19 1.37	1.56		* For goods traffic. Opened for passenger traffic—8th March 1899.

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails laid on transverse sleepers of creosoted pine, deodar and jarrah.

Ballast.—The line is ballasted throughout with broken brick and stone.

Fencing.—The line is fenced from Delhi Kishangunge to Nangloi (8.80 miles) only.

Curves.—The sharpest curve is of 2,100 feet radius.

Gradients.—The ruling gradient is 1 in 333.

Contracts—

Dated the 13th August 1895 (called the principal contract), between the Secretary of State and the Southern Punjab Railway Company, as to the construction, management, maintenance and working.

Dated the 4th May 1899 (supplemental to the contract of 1895), between the Secretary of State and the Southern Punjab Railway Company, as to the construction, management, maintenance and working of the Narwana-Kaithal branch.

Dated the 4th June 1903 (supplemental to the contract of 1895), between the Secretary of State and the Southern Punjab Railway Company, as to the adoption of *Rs. 4d.* per rupee as the "prescribed" rate of exchange.

Dated the 4th October 1905 (supplemental to the contracts of 1895, 1899 and 1903), between the Secretary of State and the Southern Punjab Railway Company, as to the construction, management, maintenance and working of the Southern Punjab "Ludhiana" Extension.

Dated the 14th May 1908 (supplemental to the contracts of 1895, 1899, 1903 and 1905), between the Secretary of State and the Southern Punjab Railway Company, for the purpose of defining the position of the Ludhiana-Dhuri-Jakhal railway in relation to the Southern Punjab railway.

Dated the 24th June 1909 (supplemental to the contracts of 1895, 1899, 1903, 1905 and 1908), between the Secretary of State and the Southern Punjab Railway Company, as to the construction, management, maintenance and working of the Sntlej Valley railway.

Dated the 9th July 1912 (supplemental to the contracts of 1895, 1899, 1903, 1905, 1908 and 1909), between the Secretary of State and the Southern Punjab Railway Company, as to the construction maintenance and working of the Jullundur Doab railway.

Dated the 20th January 1913 (supplemental to the contract of 1912), between the Secretary of State and the Southern Punjab Railway Company, as to the construction of the Jullundur City-Nakodar branch as part of the Jullundur Doab railway.

Dated the 22nd April 1914 (supplemental to the contracts of 1895, 1899, 1903, 1905, 1908, 1909, 1912 and 1913) between the Secretary of State and the Southern Punjab Railway Company, as to the adoption of the Government Financial year for the preparation of accounts, and as to the adoption of the year ending 30th September, instead of that ending 31st December, for purposes of payment of rebate and division of surplus profits.

Main provisions of contracts—

(i) *Land.*—In British territory provided by the Government free of cost to the Company. As to that in the territories of any Native State, the Government undertake to use their influence to acquire it for the Company, as far as possible, on the same terms.

(ii) *Government aid.*—The Government manage, maintain, stock and work the railway in all respects as far as practicable as part of the North Western Railway System; and allow to the Company in respect of each half-year, by way of rebate, on the net earnings of the North Western railway from traffic interchanged with the Southern Punjab railway and from all traffic originating and terminating at stations of the North Western railway (including the stations at Delhi and

APPENDIX 1—contd.

8 (e) Southern Punjab railway (Main line) (5' 6" gauge)—concl'd.

Main provisions of contracts—concl'd.

Samasata, respectively, but not including the stations of the Patiala State railway) as shall be sent over the said railway by the North Western railway in exercise of the power conferred upon, or reserved to, it by sub-clause 5 of clause 18 of the contract of 1895, such a sum (not exceeding the net earnings of the North Western railway) from the traffic above specified as together with the Company's net earnings, make up an amount equal to interest for the year at 3½ per cent on the actual expenditure charged in the capital account.

(iii) *Terms of working.*—For management, maintenance, provision of rolling-stock and working, the Government retain 52 per cent of the gross earnings, the remainder being the net earnings of the Company. Such net earnings, together with the rebate referred to under (ii), constitute the Company's net receipts.

(iv) *Distribution of profits.*—Surplus profits in excess of 3½ per cent per annum on the total expenditure of the Company in sterling are divisible equally at the close of each year between the Government and the Company, provided that, after the completion of the Ludhiana Extension, a sum of £5,000 per annum is deducted from the net receipts of the Company's existing lines for administrative expenses in England and India before division of profits.

(v) *Rates and fares.*—To be fixed by the Government within the maxima and minima for the time being in force on the North Western railway.

(vi) *Special obligations as to the conveyance of—*

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof.—

To be conveyed at the same rates and under the same arrangements as may be in force on State railways.

(vii) *Power of the Government to determine contract.*—Government may, by giving twelve months' notice, determine the contract and acquire the line on the 31st December 1929, or on the 31st December 1934 or on the 31st December of the last year of any subsequent period of ten year except the period expiring on 31st December 1954, paying to the Company in sterling a sum equal to 25 times the yearly average of the Company's share of the net earnings of the railway during the last preceding five years, provided that such sum shall not exceed by more than 20 per cent the total capital expenditure of the Company in sterling nor be less than such capital expenditure. Government may also determine the contract on the 31st December 1954 by paying to the Company in sterling a sum equal to the total capital expenditure in sterling.

(viii) *Power of the Company to surrender contract.*—Nil.

(ix) *Term of contract [if not determined under (vii) or (viii)].*—None specified.

Details of construction—

Permanent-way.—The permanent-way consists of 78-lb. double-headed rails on Bradford Leslie pattern cast iron plate sleepers, of 75-lb. flat-footed British standard rails on deodar sleepers with bearing plates at bridges, points and crossings and of 60-lb. flat-footed British standard rails on deodar sleepers on goods and minor sidings.

Ballast.—The line is being ballasted with sand and broken brick.

Fencing.—The line is unfenced except round station yards and at level crossings.

Curves.—The sharpest curve is of 1910 feet radius.

Gradients.—The steepest gradient is 1 in 222.

Contracts—

Dated 9th July 1912, between the Secretary of State and the Southern Punjab Railway Company, as to the construction, maintenance and working of the Jullundur Doab railway, supplementary to the provisions of the contract of the 13th August 1895 (called the principal contract) and of the contracts of the 4th May 1899, the 4th June 1903, the 4th October 1905, the 14th May 1908 and the 24th June 1909, between the Secretary of State and the Southern Punjab Railway Company.

Dated the 20th January 1913 (supplemental to the contract of 1912), between the Secretary of State and the Southern Punjab Railway Company, as to the construction of the Jullundur-Nakodar chord as part of the Jullundur Doab Railway.

Main provisions of contracts—

- (i) **Land.**—Land in British territory provided by the Government free of cost, and that in Native State (not being waste land) on payment of compensation by the Company, unless the Durbar waive their claim to such compensation.
- (ii) **Government aid.**—The Government manage, maintain, stock and work the railway in all respects as far as practicable as a part of the North Western railway system and allow to the Company in respect of this line, for each year, by way of rebate, on the net earnings of the North Western railway, such a sum (not exceeding the amount of such net earnings of the North Western railway) as together with the net earnings of the Jullundur Doab Railway will be equal to interest for such year at the rate of 4½ per cent on the capital expenditure of the Company on the Jullundur Doab railway as charged to the Capital Account, provided that if in any year the rebate so ascertained shall exceed the aggregate of the following two sums:—
 - (a) net earnings of the North Western railway from its traffic interchanged with the Jullundur Doab railway and between the Jullundur Doab Railway and foreign lines passing by way of the North Western railway and from traffic originating and terminating at stations on the North Western railway (including the stations at Delhi, Samasatta, Ferozepore, Ludhiana, Kasur, and Lodhran, Jullundur and Phillaur but not stations of the Patiala railway and including also stations on the Amritsar-Patti railway and stations on any lines joining the North Western railway at Jullundur or Phillaur from the North or the East) and sent over the Jullundur Doab railway, other than the traffic which is subject to rebate under clause 23 of the contract of 1895 or clause 12 of the contract of 1905 or clause 13 of the contract of 1909 or under all such clauses.

APPENDIX 1—contd.

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails on Australian jarrah and deodar sleepers.

Ballast.—The line is ballasted with brick and stone.

Fencing.—Only station yards, and short lengths on either side of all level crossings where gates and gate lodges have been provided, are fenced.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 8} _{Sub-heads (a) to (f)} NORTH WESTERN RAILWAY SYSTEM—contd.

(k) Southern Punjab railway (Ludhiana Extension) (5' 6" gauge)—contd.

Details of construction—contd.

Curves.—The sharpest curve is of 1,910 feet radius.*Gradients.*—The ruling gradient is 1 in 400.

Main provisions of contracts—

This extension is worked by the Government, through the agency of the North Western railway as a part of the Southern Punjab railway under the provisions of the contracts noted under 8(i), Southern Punjab railway (5' 6" gauge), except as follows:—

(i) *Government aid.*—The Government allow to the Company, in respect of each half-year, a rebate on the net earnings of the North Western railway derived from—

- the traffic interchanged between the North Western railway and this railway, whether directly or by way of the other railways of the Company;
- all traffic originating and terminating at stations of the North Western railway (including the stations at Delhi, Samasata, Ferozepore and Ludhiana respectively, but not including stations of the Patiala State railway) which shall be sent over this railway by the North Western railway in exercise of the power conferred upon, or reserved to, it by sub-clause 5 of clause 18 of the contract of 1895; and
- coaching traffic between Ludhiana and Ferozepore over and above the average earnings of the North Western railway from such traffic during the corresponding half-year in the five years preceding the opening of this line.

Such rebate to be of an amount which shall not exceed the amount of the said net earnings, and which, when added to all allowances by way of rebate made to the Company under the provisions of the contracts of 1895 and 1899 in respect of the same half-year, shall not exceed the net earnings of the North Western railway from all traffic interchanged with or sent over any part of the Company's lines (including this line), but which, subject as aforesaid, shall extend to an amount sufficient, with the net earnings of this line, to make up interest at the rate of 5 per cent per annum on the capital expenditure of the Company in respect of this line as charged in the capital account.

Provided that the Company shall not in any half-year be entitled, under clause 12 of the contract of 1905, to any rebate in respect of traffic which is also the subject of rebate under clause 23 of the contract of 1895 and if to the extent to which in that half-year the sum required to make up the earnings of the Company to 3½ per cent under clause 23 of the contract of 1895 would have been insufficient for that purpose without taking into account such traffic or some part thereof, but any surplus of net earnings of the North Western railway in respect of traffic which is subject to rebate both under the first part of clause 12 of the contract of 1905, and also under the contract of 1895 which shall remain after satisfying any claim under the contract of 1895, shall nevertheless be applicable to meet any claim of the Company to rebate under clause 12 of the contract of 1905.

(ii) *Distribution of profits.*—Surplus net receipts in excess of 5 per cent per annum on the Company's total capital expenditure in respect of the extension are divisible at the close of each year in the proportion of ¼th to the Company and ¾ths to the Government.

Statistics of working—

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number $\frac{\text{Main head 8}}{\text{Sub-heads (a) to (i)}}$ NORTH WESTERN RAILWAY SYSTEM—contd.

8 (l) Southern Punjab railway (Sutlej Valley Extension) (5' 6" gauge)—

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total
1	2	3	4
Kasur to Ludhnan	6-7-10	208-19	208-19

Details of construction—

Permanent-way.—The permanent-way consists of 75-lb. flat-footed steel rails on Australian jarrah wood sleepers for main line and main loops and 60-lb. flat-footed rails on jarrah and deodar sleepers for other sidings.

Ballast.—The line is ballasted with broken brick and stone.

Fencing.—Only station yards and short lengths on each side of level crossings provided with gates are fenced.

Curves.—The sharpest curve is of 1,910 feet radius.

Gradients.—The ruling gradient is 1 in 500.

Main provisions of contract—

This railway is worked by the Government, through the agency of the North Western railway, as a part of the Southern Punjab railway under the provisions of the contracts noted under 8 (i), Southern Punjab railway (Main line), except as follows:—

(ii) *Government aid.*—The Government allow to the Southern Punjab Railway Company, for each half-year, by way of rebate, on the net earnings of the North Western railway, such a sum (not exceeding the amount of such net earnings of the North Western railway) as, together with the net earnings of the Company in respect of this railway, will be equal to interest at 4½ per cent per annum on the Company's total capital expenditure on the Sutlej Valley railway, provided that if in any year the rebate so ascertained shall exceed the aggregate of—

(a) the net earnings of the North Western railway from its traffic interchanged with the Sutlej Valley railway and from traffic originating and terminating at stations on the North Western railway (including the stations at Delhi, Samasata, Ferozepore, Ludhiana, Kasur and Ludhnan, but not including stations of the Rajpura-Bhatinda railway) and sent over the Sutlej Valley railway, other than the traffic which is subject to rebate under clause 23 of the contract of 1895 or clause 12 of the contract of 1905 or under both these clauses, and

(b) such surplus (if any) of net earnings of the North Western railway in respect of traffic which is subject to rebate under clause 23 of the contract of 1895 or clause 12 of the contract of 1905 or under both these clauses, as shall remain after satisfying claims under such clauses or either of them (if any),

then the rebate for such year shall be reduced to an amount equal to the aggregate of the said two sums.

(iv) *Distribution of profits.*—Surplus net receipts in excess of 4½ per cent per annum on the Company's total capital expenditure on the Sutlej Valley railway are divisible at the close of each year in the proportion of ¼th to the Company and ¾ths to the Government.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3). * Includes Rs. 3,24,250 adjusted in 1911.

8 (m) Jacobabad-Kashmor railway (2' 6" gauge)—

Date of registration of the Company.—30th April 1913.

The construction of this line by the Upper Sind Light Railways, Jacobabad-Kashmor Feeder, Limited, was sanctioned under Railway Board's Notification No. 282, dated the 16th October 1913.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number Main head 8 NORTH WESTERN RAILWAY SYSTEM—*contd.*
Sub-heads (a) to (t)8 (m) Jacobabad-Kashmor railway (2' 6" gauge)—*concl'd.*

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Jacobabad to Kashmor	1-12-14	76.70	76.70

Details of construction—

Permanent-way.—The permanent-way consists of 80 lb. flat-footed steel rails on sal sleepers.*Ballast.*—The line is not ballasted.*Fencing.*—The line is unfenced, except round Jacobabad station yard.*Curves.*—The sharpest curve is of 716 feet radius.*Gradients.*—The ruling gradient is 1 in 200.

Agreement—

This line was constructed by the Upper Sind Light Railways, Jacobabad-Kashmore Feeder, Limited, and is being maintained, managed and worked by the North Western Railway under the terms of an agreement which is under consideration.

Statistics of working—

Year.	Mileage open at end of the year.	Total capital outlay, including suspense, to end of the year, i.e., outlay on (i) lines open and (ii) lines partly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3). 8 (n) Kalka-Simla railway (2' 6" gauge)—

The railway was constructed by, and at the cost of, the Delhi-Umballa-Kalka Railway Company. On the representation of the Company it was decided to purchase the Company's interest in the line. This was effected by the payment of £300,000; the Secretary of State waiving all claim to arrears of unpaid interest on the advances, *viz.*, Rs. 1,16,47,512, made to the Company. The purchase of the line by the State was effected from 1st January 1906; but the Company continued to work it under the direct orders of the Railway Board up to the 31st December 1906. It was made over to the North Western railway administration with effect from the 1st January 1907.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Kalka to Simla station	9-11-03	59.44	
Simla station to Old Ballock Train Office	27-6-09	0.48	
TOTAL	59.92

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on wooden sleepers. The 40½-lb. rails are being renewed with 60-lb. and 62-lb. flat-footed rails.*Ballast.*—The line is ballasted with stone.*Fencing.*—The line is fenced only along the Kalka camping ground and through the outskirts of the town of Kalka.*Curves.*—Most of the curves are compound, the limiting radius being 120 feet.*Gradients.*—The ruling gradient is 1 in 33.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 8} Sub-heads (a) to (f). NORTH WESTERN RAILWAY SYSTEM—contd.

8 (z) Kalka-Simla railway (2' 6" gauge)—concl'd.

Contract—

Nil.—The line is owned and worked by the State.

Rates and fares.—May be varied within the limits of certain fixed maxima and minima subject to certain special conditions regarding charges for tunnels.

Statistics of working (Those for the periods prior to 1906 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Interest.	Gain or loss to the State pertaining to each year.	Earnings per mile per week.	Proportion of expenses to earnings	Remarks.

Total	82.70

for passenger and goods trains.

9 (a) Oudh and Rohilkhand railway (5' 6" gauge)—

The Oudh and Rohilkhand railway was acquired by the State from the late Guaranteed Company on the 1st January 1889.

A tramway constructed at the expense of Messrs. Carew and Company connects the Rosa Sugar factory with Rosa station on the Oudh and Rohilkhand railway. This tramway is 3.25 miles long and is worked by cattle power. It is used for goods traffic only.

Date of registration of the late guaranteed Company.—August 1867.

* Excluding 2.45 miles, between Par-tabgarh and Chil-bila, which is a part of the main line.

† Of this the length from Barhwal to Bara Banki, 16.79 miles, is of mixed 5' 6" and 3' 8 1/2" gauge.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 9 OUDH AND ROHILKHAND RAILWAY SYSTEM—contd.
Sub-heads (a) to (d)

9 (a) Oudh and Rohilkhand railway (5' 6" gauge)—concl'd.

Details of construction—

Permanent-way.—The main line, which was laid with 75-lb. flat-footed steel rails on cast-iron pot sleepers, is being relaid with 90-lb. flat-footed steel rails, British Standard, on wooden sleepers and about 285 miles, including double line, are practically complete. The pot sleepers in the main line have all been replaced by wooden sleepers. The Benares-Lucknow loop is laid with 75-lb. flat-footed steel rails on cast-iron pot sleepers, of which 63 miles have been replaced by wooden sleepers and 25 miles with 90-lb. flat-footed steel rails. On most of the branches the rails are 75-lb. flat-footed steel. The Bahramghat branch is laid with 60-lb. steel and iron rails, and Madhoganj-Sandi extension partly with 60-lb. flat-footed iron and partly with 60-lb. steel rails.

The Allahabad-Rae Bareli-Cawnpore branch is laid with 90-lb. flat-footed steel rails, British Standard, on wooden sleepers.

The sleepers are of the following types:—Stamped steel bowls, cast-iron pots (Fowler's patent box, Walton's, Hederstedts and M.C.), steel trough and wood (sál, deodar and Australian hard wood). There are a few wrought-iron saddle back sleepers still in the Kotdwara and Bahramghat branches.

Ballast.—The main line and branches are ballasted with sand, kunkur, stone, shingle and broken brick.

Fencing.—The line is fenced throughout with the exception of the Balamau-Sandi, Rosa-Sitapur, Gajroula-Chandpur, Hapur-Meerut, Dhakia-Sambhal and Kotdwara branches and a portion of the Allahabad-Jaunpur branch.

Curves.—The sharpest curve on the line is of 955 feet radius.

Gradients.—The ruling gradient of the railway is 1 in 400, except between Dhakia and Sambhal, 1 in 333. between Benares and Moghal Sarai, 1 in 300; between Moradabad and Lhaksar, 1 in 200; between Lhaksar and Saharanpur, 1 in 150; and between Najibabad and right bank of the Koh river, 1 in 100

Contracts—

Nil.—The railway is owned and worked by the State.

Rates and fares.—Certain maxima and minima have been fixed by the Government, between the limits of which the Railway Administration can vary the rates and fares quoted for goods and coaching traffic.

Statistics of working (Those for the periods prior to 1889 will be found in Appendix 38 to the Report for 1907.)—

Includes the Cawnpore-Burhwal (3' 3½" gauge) Link, 9 (d).

UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—					
Samerpore to Belatal (sanctioned on 13th December 1910)	...	64.55	64.55		*Work stopped.
GRAND TOTAL	140.82	

Details of construction—

- Permanent-way.*—The permanent-way consists of 75-lb. flat-footed British standard rails laid on steel trough sleepers.
- Ballast.*—The line is ballasted with sand. But stone or brick ballast has been provided at station yards and bridge approaches.
- Fencing.*—The line is fenced throughout.
- Curves.*—The sharpest curve has a radius of 2,292 feet.
- Gradients.*—The ruling gradient is 1 in 150.

Contract—

This line was constructed and worked as a State line by the Oudh and Rohilkhand Railway up to the 31st March 1915. Since then the maintenance, management and working of the line has been made over to the Great Indian Peninsula Railway Company, under the terms of a contract, dated the 8th May 1914, between the Secretary of State and the Company.

Statistics of working—

Year.	Mileage open at end of the year.	Total capital outlay, including suspense, to end of the year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Interest.	Gain or loss to the State pertaining to the year.	Earnings per mile per week.	Proportion of expenses to earnings.

Hardwar to Dehra	1-3-00	32.04	32.04

Details of construction—

- Permanent-way.*—The permanent-way consists of 75-lb. flat-footed I. S. R. steel rails on deodar, sal, hard wood and Australian sleepers.
- Ballast.*—The line is ballasted throughout with stone.
- Fencing.*—The line is fenced throughout.
- Curves.*—There are no curves with a radius of less than 1,000 feet.
- Gradients.*—The ruling gradient is 1 in 75.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 9} _{Sub-heads (a) to (d)} . OUDH AND ROHILKHAND RAILWAY SYSTEM—contd.

9 (c) Hardwar-Dehra railway (5' 6" gauge)—concl'd.

Agreement and contract—

Agreement, dated the 6th January 1897, between the Secretary of State and Messrs. Gillanders, Arbuthnot and Company of Calcutta (called "the Promoters"), as to the grant of a provisional concession for the construction of the Hardwar-Dehra Branch railway.

Contract, dated the 26th March 1897 (called the scheduled contract), between the Secretary of State and the Hardwar-Dehra Railway Company, as to the construction, maintenance and working of the Hardwar-Dehra Branch railway.

Main provisions of agreement and contract—

- (i) *Land.*—Provided by the Government free of cost to the Company.
- (ii) *Government aid.*—The line is the property of the Hardwar-Dehra Branch Railway Company, and was constructed, from funds supplied by the Company, by the Government, who maintain, stock and work it through the agency of the Oudh and Rohilkhand railway.
The Government guarantee interest at 3 per cent per annum on the capital expenditure, and also undertake to allow to the Company, in any year in which it does not receive the minimum dividend of 3 per cent from the earnings of the line, the sum of Rs. 3,600 for such year for or towards management and office expenses.
- (iii) *Terms of working.*—For maintenance, provision of rolling-stock and working the Oudh and Rohilkhand Railway Administration retains 50 per cent of the gross earnings of the Branch line.
- (iv) *Distribution of profits.*—The surplus profits in each year remaining after repayment to the Government of the amount of the guaranteed interest for the year are to be divided equally between the Government and the Company.
- (v) *Rates and fares.*—Certain maxima and minima have been fixed by the Government, between the limits of which the working agency (*vis.*, the Oudh and Rohilkhand railway) can vary the rates and fares quoted for goods and coaching traffic.
- (vi) *Special obligations as to the conveyance of.*—
(a) Mails, troops, high Government officials and Government stores.— } Nil
(b) Government bullion and coin, and the persons in charge thereof.— } Nil
- (vii) *Power of the Government to determine contract.*—The Government may determine the contract, on twelve months' notice, either on the 31st December 1919 or on the 31st December in the last year of any subsequent period of ten years, by paying to the Company a sum equal to 25 times the average yearly net earnings of the Company during the last preceding three years, provided that such sum shall not exceed by more than 20 per cent, nor is less than, the total capital expenditure.
- (viii) *Power of the Company to surrender contract.*—Nil.
- (ix) *Term of contract.*—None specified.

Statistics of working—

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number ^{Main head 9} _{Sub-heads (a) to (d)} OUDH AND ROHILKHAND RAILWAY SYSTEM—*concl'd.*

9 (d) Cawnpore-Burhwal link (3' 3½" gauge)—

The construction of the Cawnpore-Burhwal (3' 3½" gauge) link was sanctioned as a part of the project for linking up the 3' 3½" gauge systems of Northern India.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	REMARKS.
1	2	3	4	5
Burhwal to Daliganj	24-11-98	*34.57		*Including the length Burhwal to Bara Banki, 16.79 miles, laid on a mixed (5' 6" and 3' 3½") gauge.
Aishbagh to Cawnpore	25-4-97	45.03		
Total	79.60	

Details of construction—

Permanent-way.—Where the line is not mixed gauge it is laid with new 50-lb. steel rails on sal and deodar sleepers.

Ballast.—The line is ballasted throughout with kunkur and brick.

Fencing.—The line is fenced throughout.

Curves.—The sharpest curve has a radius of 573 feet.

Gradients.—The ruling gradient is 1 in 400.

Contract—

The line is owned by the State. The Bengal and North-Western Railway Company exercises running powers over it under an agreement with the Oudh and Rohilkhand railway, dated the 21st February 1902, which provides that the Company will haul its trains and traffic over the link and pay to the Oudh and Rohilkhand railway 80 per cent, which has, with effect from the 1st July 1905, in pursuance of Railway Board's letter No. R. T. 178, dated the 30th June 1905, been reduced to 75 per cent of the gross receipts arising therefrom.

Statistics of working—

Included with the Oudh and Rohilkhand railway [9 (a)].

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 10} SOUTH INDIAN RAILWAY SYSTEM—
_{Sub-heads (a) to (h)}

Chairman.—Sir Henry Kimber, Bart., M.P.
Managing Director.—N. G. Priestley, Esq.
Offices.—91, York Street, Westminster, S.W.
Date of registration of the Company.—1890.

The lines formerly owned and worked by the late Great Southern of India and the Carnatic Railway Companies were amalgamated on the 1st July 1874, under the title of the South Indian railway which on the 1st January 1891 was purchased by the State and handed over, together with the Villupuram-Guntakal State railway, for working as one undertaking, to a new company—the existing South Indian Railway Company.

With effect from the 1st January 1908 the Jalarpet-Mangalore section of the former Madras railway including the Tirupattur-Krishnagiri, Morappur-Dharmapuri and the Nilgiri railways was incorporated in the undertaking of the South Indian Railway Company, who, from the same date, relinquished and made over to the amalgamated Madras and Southern Mahratta Railway Company the 3' 3½" gauge lines from Katpadi to Dharmavaram and from Pakala to Gudur, and obtained running powers over the Madras-Bangalore section of the Madras and Southern Mahratta railway. The Shoranur-Cochin Native State line was, on the same date, also transferred from the former Madras Railway Company to the South Indian Railway Company for working.

Lines comprised in the system.—The South Indian railway system is made up of—

	Open line.	Under construction or sanctioned for construction.	Total.
	Miles.	Miles.	Miles.
(a) South Indian railway (5' 6" gauge)	445.94	...	445.94
(b) South Indian railway (3' 3½" gauge)	881.49	...	881.49
(c) Nilgiri railway (3' 3½" gauge)	28.96	...	28.96
(d) Peralam-Karakkal railway (3' 3½" gauge)	14.65	...	14.65
(e) Pondicherry railway (3' 3½" gauge)	7.85	...	7.85
(f) Shoranur-Cochin railway (3' 3½" gauge)	64.75	...	64.75
(g) Tanjore District Board railway (3' 3½" gauge)	111.94	23.12	135.06
(h) Tinnevely-Quilon (Travancore) railway (British section) (3' 3½" gauge)	50.41	...	50.41
(i) Tinnevely-Quilon (Travancore) railway (Native State section) (3' 3½" gauge)	58.05	39.15	97.20
(j) Morappur-Hosur railway (3' 6" gauge)	78.40	...	78.40
(k) Tirupattur-Krishnagiri railway (3' 6" gauge)	25.88	...	25.88
(l) Podanur-Pollachi railway (3' 3½" gauge)	...	25.04	25.04
Total	1,762.82	87.31	1,850.13

Running powers—

Home line over foreign line.—

Madras to Bangalore, Madras and Southern Mahratta railway, for passenger and goods trains 219.00.

			2.47	
Total	445.94

Details of construction—

Permanent-way.—The rails are 75-lb., 76-lb. and 80-lb. bull-headed, 75-lb. double-headed and 75-lb. and 60-lb. flat-footed steel and 75-lb. double-headed iron. The sleepers are cast iron pots, irumbogam, sal, jarool and jarrah wood.

Ballast.—The line is ballasted with stone and sand, chiefly the former.

Fencing.—The line is fenced throughout.

Curves.—The sharpest curve is of 700 feet radius.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 10 SOUTH INDIAN RAILWAY SYSTEM—contd.
Sub-heads (a) to (i)

10 (a) South Indian railway (5' 6" gauge)—concl'd.

Details of construction—concl'd.

Gradients.—The ruling gradient of the greater part of the line is about 1 in 100, except on Mallapuram Ghat where it is 1 in 74 with a 1 in 70 banking; on the Walayar Ghat where it is 1 in 66 with a 1 in 62 banking; on the Azhikal-Mangalore section where it is 1 in 90; and on the Podanur-Mettupalaiyam section where it is 1 in 80.

Contract—

Up to and including the 31st December 1907 the line formed an integral part of the former Madras railway. With effect from the 1st January 1908 it was, in terms of the contract of the 2nd March 1909, between the Secretary of State and the South Indian Railway Company, made over to the Company to be worked and maintained as an integral part of the undertaking referred to in the principal contract of the 24th November 1890, the main provisions of which are noted under 10 (b), South Indian railway, 3' 3½" gauge.

Statistics of working—

*Originally constructed on the 5' 6" gauge, but was converted to 3' 3 $\frac{3}{8}$ " gauge—Trichinopoly Junction to Karur on 1st July 1879 and Karur to Erode on 16th December 1879.

Details of construction—

Permanent-way.—The rails in use are 50-lb. and 52-lb. bull-headed steel, 56-lb. and 41 $\frac{1}{2}$ -lb. flat-footed steel, 40 $\frac{3}{8}$ -lb. flat-footed and 68-lb. double-headed iron. The sleepers are cast iron pot, steel transverse, sal, pynkado, west coast teak, jarrah and irul wood.

Ballast.—The line is ballasted throughout, partly with broken stone and partly with laterite and gravel interspersed.

Fencing.—The line is fenced, with the exception of the Villupuram-Katpadi, Madura-Mandapam and Pamban-Dhanushkodi sections which are fenced only at stations.

Curves.—The sharpest curve is of 500 feet radius.

Gradients.—The ruling gradient is 1 in 200, except on the length between Madras Beach and Fort and on the Villupuram-Katpadi, Trichinopoly-Madura and Karur-Erode sections where it is 1 in 100.

Contracts—

Dated the 24th November 1890 (called the principal contract), between the Secretary of State and the South Indian Railway Company, for maintaining and working from the 1st January 1891, the railways which on the 31st December 1890 formed the undertaking of the former Company and completing and working the Villupuram-Guntakal railway.

Dated the 27th June 1901 (supplemental to the principal contract), between the Secretary of State and the South Indian Railway Company, relating to the construction and working of Pamban and Travancore branches.

Dated the 8th April 1903 (supplemental to the principal contract), between the Secretary of State and the South Indian Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 2nd March 1909 (supplemental to the principal contract), between the Secretary of State and the South Indian Railway Company, providing for the relinquishment from 1st January 1908 of the section of the Company's line north of Katpadi and the transfer to the Company from the same date of the Jalarpet-Mangalore section of the former Madras railway.

Dated the 26th October 1909 (supplemental to the principal contract), between the Secretary of State and the South Indian Railway Company, for the construction and working as an integral part of the undertaking of the Dharmapuri-Hosur extension of the Morappur-Dharmapuri railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 10} _{Sub-heads (a) to (h)} SOUTH INDIAN RAILWAY SYSTEM—contd.

10 (b) South Indian railway (3' 3½" gauge)—contd.

Contracts—*concl.*

Dated the 21st December 1910, between the Secretary of State and the South Indian Railway Company, supplemental to and continuing with further modifications, with effect from 1st January 1911, the principal contract of the 24th November 1890 as modified by previous supplemental contracts.

Dated the 23rd April 1914, (supplemental to the contracts of 1901, 1903, 2nd March and 26th October 1909 and 1910) between the Secretary of State and the South Indian Railway Company, as to the adoption of the Government financial year for the preparation of accounts.

Main provisions of contracts—

- (i) *Land.*—Provided by the Government at the cost of capital.
- (ii) *Government aid.*—Guarantee of 3½ per cent in sterling on the Company's share capital of £1,000,000, and on any paid up stock or share (other than preference) capital thereafter issued by the Company with the sanction of the Government (not including premia paid thereon).
- (iii) *Distribution of profits.*—Under section 60 of the principal contract of the 24th November 1890 as amended by section 25 of the supplemental contract of the 21st December 1910, the net revenue receipts of each half-year are applied, in the following manner and order:—
In payment to Government—
 - (a) of interest at the rate of 3½ per cent per annum for such half-year, paid by Government under section 41 of the principal contract, *i.e.*, under (ii) above;
 - (b) of the amount paid by Government in respect of interest for such half-year, upon the sum of £425,000 irredeemable debenture stock of the former Company; upon the debentures for £375,000 and £78,000 respectively issued for the purposes of the Pamban Branch; and upon any debenture stock or debentures or preference stock or shares issued by the Company after the 31st December 1910;
 - (c) of interest for such half-year at the rate of 3½ per cent per annum on the amount of the Government capital as shown in the Government capital account for the division of such receipts;

and

 - (d) the residue, if any, is divisible between Government and the Company in the ratio of the average amounts, calculated as prescribed, of the capital contributed by the Government and the Company, the Government capital being the amount shown in the Government Capital Account for division of net revenue receipts and the Company's capital the amounts of its stock and share capital (other than preference capital) paid up or credited as paid up, excluding any premia received, subject to the proviso that if the amount of the Company's share so arrived at should in the combined halves of any of the years 1911, 1912 and 1913 be less than interest for such year at the rate of 10 shillings per cent on its capital, the Government shall make up the deficiency.
- (iv) *Rates and fares.*—The Government will from time to time authorise maxima and minima rates, and prescribe the several classes and descriptions of passengers and goods to which such rates shall be respectively applicable, as well as the extent to which, within the authorised maxima and minima, the Company may vary the said rates.
The Company have power to quote through rates and fares for both goods and passengers from the Jalarpet-Mangalore section to the Madras-Bangalore section of the Madras and Southern Mahratta railway system (but not in the reverse direction), divisible between the two companies in mileage proportion without deduction of terminals or other special charges, except for traffic to and from the Nilgiri line the mileage over which is reckoned at twice its actual mileage in the division of such rates. No rate or fare to Madras so quoted should, without the prior sanction of the Government, be higher than that which, for the same class or description of traffic, was in force on the 1st January 1910.
- (v) *Special obligations as to the conveyance of.*—
 - (a) Mails, troops, police, high Government officials and Government stores.—To be conveyed on the same general conditions as on State railways of the same gauge.
 - (b) Government bullion and coin, and the persons in charge thereof.—To be conveyed at special rates to be approved by Government.
- (vi) *Services for any Department of the Travancore Durbar.*—On such portion of the Travancore Branch as runs through the Native State of Travancore, to be performed on the same general conditions as on other 3'3½" gauge State railways and at rates approved by the Government.
- (vii) *Power of the Government to determine contract.*—The railway and all its appurtenances are absolutely the property of Government, who may terminate the contract on the 31st December 1945, or at the end of any succeeding fifth year, by giving to the Company in England not less than 12 calendar months' previous notice; also at any time on 6 months' notice should the Company fail to observe its obligations or the undertaking be worked at a loss for not less than three half-years continuously.

On the expiration or determination of the contract the Government are to take possession of the railway and all its appliances, etc., repaying the Company at par its capital of £1,000,000 and any further capital raised by it and paid to Government but excluding any premia paid thereon, and receiving from the Company any unexpended balance of the capital advanced by Government for the purposes of the undertaking as well as for the Travancore Branch.

10 (c) Nilgiri railway (3' 3½" gauge)—

The original Nilgiri Railway Company was registered on the 30th September 1885 with a nominal capital of Rs. 25,00,000, and a contract was executed between the Secretary of State and that Company on the 26th February 1886. The original Company went into liquidation in April 1894, and a new Company was formed in February 1896 to purchase the line from the former Company and supply the capital required to complete it and to construct the proposed extension to Ootacamund. The line from Mettupalaiyam to Coonoor was completed by the new Company and opened for traffic on the 15th June 1899. On the offer of the new Company to sell the line it was purchased by the Government for £235,000 on the 1st January 1903. The extension to Ootacamund was constructed by the Government.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Mettupalaiyam to Coonoor	15-6-89	16.99	
Coonoor to Fernhill	15-9-08	10.86	
Fernhill to Ootacamund	15-10-08	1.11	
Total	28.96

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number $\frac{\text{Main head 10}}{\text{Sub-heads (a) to (b)}}$ SOUTH INDIAN RAILWAY SYSTEM—contd.10(c) Nilgiri railway (3' 3 $\frac{1}{2}$ " gauge)—contd.

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, 50 lbs. to the yard, laid on pynkado sleepers. Between Kallar and Coonoor (12 miles) there is also a central rack rail.

Ballast.—Rack section is ballasted with clean broken granite and the Adhesion section with hard gneiss.

Fencing.—The line is unfenced throughout.

Curves.—The sharpest curve is of 318 feet radius.

Gradients.—The ruling gradient is 1 in 12.5 on the Rack section and 1 in 25 on the Adhesion section.

Contract—

The railway was worked by the former Madras Railway Company up to the 31st December 1907 on behalf of the Government. With effect from 1st January 1908 it was made over to the South Indian Railway Company as a part of the Jalarpet-Mangalore section for working as an integral part of their undertaking in terms of the contract of 2nd March 1909 between the Secretary of State and the Company, with the condition that the South Indian Railway Company are not to pay interest on the capital cost of the Coonoor-Ootacamund railway incurred either before or after 1st January 1908.

Statistics of working (Those for the periods prior to 1908 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

10(d) Peralam-Karaikkal railway (3' 3 $\frac{1}{2}$ " gauge)—

The line is partly in British and partly in French territory and was constructed (by the agency of the South Indian Railway Company) with the object of placing the town and port of Karaikkal in communication with the railway system of Southern India.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Peralam to Karaikkal	14-3-38	14.65	14.65

Details of construction—

Permanent-way.—The permanent-way consists of 41 $\frac{1}{2}$ -lb. flat-footed steel rails laid on wooden and steel transverse sleepers.

Ballast.—The line is ballasted with laterite.

Fencing.—The line is fenced only at stations.

Curves.—There are no curves with a radius of less than 1,000 feet

Gradients.—The ruling gradient is 1 in 200.

Contract—

Dated the 27th March 1902, between the Government of the French Settlements in India and the South Indian Railway Company, for the working of the Peralam-Karaikkal railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 10 Sub-heads (a) to (i). **SOUTH INDIAN RAILWAY SYSTEM—contd.****10 (d) Peralam-Karaikkal railway (3' 3½" gauge)—contd.****Main provisions of contract—**

- (i) *Land*.—In French territory provided by the Colonial (French) Government free of cost but subject to a land tax as for private property : in British territory by the British Government free of cost on condition that the proprietary rights remain vested in the British Government.
- (ii) *Government aid*.—The railway was constructed at cost price by the South Indian Railway Company at the request and on behalf of the Colonial (French) Government, and is worked and maintained by the Company who provide the rolling-stock required for the traffic of the Peralam-Karaikkal railway.
- (iii) *Terms of working*.— } Direction, maintenance and working expenses, excluding the cost of repairing damages due to any extraordinary casualty and new minor works not costing more than Rs. 1,000 on the system, are calculated at the same proportion of the gross receipts of the Peralam-Karaikkal railway as obtains half-yearly on the Company's system, including worked lines, as a whole, plus the cost of repairing damages due to any extraordinary casualty and of New Minor Works on the branch, 5 per cent of the gross receipts of the Branch for the use of the Company's rolling-stock and 5 per cent per annum for interest on Rs. 30,000 which is taken as representing the Branch line's share of the Company's outlay on revenue and other stores and workshop buildings and machinery.
- (iv) *Distribution of profits*.— } From the "net earnings" so arrived at are deducted such sums as according to the rules of the Company's Provident Institution are payable thereto ; the balance, being the "net receipts", are paid every half-year to the Colonial (French) Government :
- Provided always that if, at any time, the working of the Peralam-Karaikkal railway involves an actual loss to the Company, the Colonial (French) Government shall make good such loss.
- (v) *Rates and fares*.—To be agreed to between the Company and the Colonial (French) Government, but should not be less than the minima actually in force on the Company's undertaking.
- (vi) *Special obligations as to the conveyance of*.—
- (a) Mails, troops, police, high Government officials and Government stores.— } Not specified.
(b) Government bullion and coin, and the persons in charge thereof.— }
- (vii) *Power of Colonial (French) Government to determine contract*.— } Determinable by either party
(viii) *Power of the Company to determine contract*.— } on giving to the other 12 months' previous notice expiring on the 30th June or 31st December in any year.
- (ix) *Term of contract, if not determined under (vii) or (viii)*.—Not specified.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number ^{Main head 10} _{Sub-heads (a) to (l)} SOUTH INDIAN RAILWAY SYSTEM—*contd.*

10 (f) Shoranur-Cochin railway (3' 3½" gauge)—

The Shoranur-Cochin railway is the property of the Cochin Durbar and was worked by the former Madras Railway Company up to the 31st December 1907. With effect from the 1st January 1908, it was made over to the South Indian Railway Company to be maintained and worked as part of its undertaking.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Shoranur to Ernakulam	16-7-02	64.75	64.75

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on wooden sleepers.

Ballast.—The line is ballasted throughout with stone and sand, chiefly the former.

Fencing.—The line is fenced in the vicinity of towns, stations and level crossings.

Curves.—The sharpest curve is of 818.57 feet radius.

Gradients.—The ruling gradient is 1 in 80.

Agreement—

Dated the 1st January 1908, *between His Highness the Raja of Cochin and the South Indian Railway Company*, for maintenance and working.

Main provisions of agreement—

- (i) *Land.*—Provided by the Cochin Durbar free of cost.
- (ii) *Government aid.*—The railway (which is the property of the Cochin Durbar) is maintained and worked by the South Indian Railway Company in all respects as part of their own undertaking except only as to the provision of funds for capital expenditure which are provided by the Durbar.
- (iii) *Terms of working.*—For maintenance and working the Shoranur-Cochin railway the Durbar pays to the Company in each half-year—
 - (a) All expenditure on renewals, as distinguished from maintenance expenses, incurred on the Durbar's line;
 - (b) the Durbar's railway share of working expenses arrived at by deducting from the total working expenses of the combined system the expenditure incurred on the combined system for renewals as distinguished from maintenance, and dividing the balance between the Company and the Durbar's railway in the proportion that the gross receipts of the latter bear to those of the combined system;
 - (c) One per cent of net earnings of the Durbar's line as a second contribution to the Company's Provident Institution; and
 - (d) the sum payable under the agreement as rent for the use of the Shoranur Junction station based on the total cost of the Junction station.
- (iv) *Distribution of profits.*—Any difference between the gross receipts of the Shoranur-Cochin railway and the payment for working under (iii) which may exceed 2 per cent on the booked capital expenditure of the Durbar's line including land are deemed "surplus profits," divisible between the Durbar and the Company in the proportion of four-fifths to the former and one-fifth to the latter.
- (v) *Rates and fares.*—Those generally applicable to the South Indian railway system; *vide* (iv) under 10 (b), South Indian railway (3' 3½" gauge).
- (vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials, and Government stores.—	}	As on Indian State railways thereof.—
(b) Government bullion and coin, and the persons in charge		
- (vii) *Power of the Government to determine agreement.*—The agreement terminates upon the determination by Government of the South Indian Railway Company's principal contract with the Secretary of State, dated the 24th November 1890, *vide* (vii) under 10(b), South Indian railway (3' 3½" gauge).
- (viii) *Power of the Cochin Durbar to determine agreement.*—
- (ix) *Power of the Company to determine agreement.*— } On giving 12 months' notice expiring on the 30th June or before the 31st December in any year.

10 (g) Tanjore District Board railway (3' 3½" gauge)—

This railway originally extended from Mayavaram to Mutupet and was constructed by the South Indian Railway Company from funds of which half were provided by the Government of Madras from Provincial resources, and the other half by the Tanjore District Board from its Railway Guarantee Fund which was constituted by enhancing by 3 pies, i.e., from 9 pies to the maximum rate of twelve pies per rupee, the Local Land Cess raised in the district. From the 1st January 1900 the property of the Government in the Mayavaram-Mutupet line was made over to the Tanjore District Board at the cost price of Rs. 12,34,720. The construction of the extension from Mutupet to Avadaiyarcovil was then undertaken by the South Indian Railway Company at the cost of the Tanjore District Board from the available balances at the disposal of the Board and further funds raised by debentures, bearing interest at 4 per cent per annum, running for a term of 20 years ending with the 31st December 1920, on the security of the Mayavaram-Mutupet railway and of the receipts from their Railway Guarantee Fund—the Government reserving the right to take over the extension at any time on twelve months' notice by assuming any liabilities undertaken by the Board in the form of debentures to raise the money and repaying any further amounts spent by the Board out of the balances at their disposal.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total
1	2	3	4	5
Main line—				
Mayavaram to Tiruvalur	2-4-94	54.08		
Tiruvalur to Mutupet	20-10-02	17.03		
Mutupet to Pattukkottai	31-12-03	28.35		
Pattukkottai to Arantangi	23-8-06	3.90		
Arantangi to Quarry				
Total Main line	108.36	
Mannargudi extension—				
Nidamangalam to Mannargudi	15-2-15	8.58	8.58	
Total open mileage	111.94
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION —				
Tirutrapundi to Vedaraniem (sanctioned on 18th October 1912)	...	23.12	23.12	23.12
GRAND TOTAL	135.06

Details of construction—

Permanent-way.—The line is laid with first-class 41½-lb. flat-footed steel and 40.3-lb. flat-footed second class iron rails on sal, pynkado, west coast teak and jarrah sleepers.

Ballast.—The Mayavaram-Mutupet section is ballasted with laterite and the Mutupet-Arantangi and Nidamangalam-Mannargudi sections are being ballasted with laterite over sand.

Fencing.—The line is fenced only at stations.

Curves.—The sharpest curve is of 818 feet radius.

Gradients.—The ruling gradient is 1 in 200. Between Adirampatnam and Pattukkottai it is 1 in 160 and between Nidamangalam and Mannargudi, 1 in 400.

Contract—

Dated the 22nd July 1897, between the Secretary of State and the South Indian Railway Company, as to maintenance and working.

Main provisions of contract—

(i) **Land.**—Provided by the Government free of cost to the Company.

(ii) **Government aid.**—The railway (which is the property of the Tanjore District Board) was constructed, and is maintained and worked by the South Indian Railway Company, who provide the rolling-stock required for the traffic of the Branch line.

Kallidaikurichi to the British frontier near Shencottah	1-8-03	31.28	
Total	50.41

Details of construction—

Permanent-way.—The line is laid with 50-lb. bull-headed steel rails on cast iron pot sleepers.*Ballast.*—The line is ballasted throughout with broken stone.*Fencing.*—The line is fenced at stations and, at a few places where it runs close to villages and public roads.*Curves.*—The sharpest curve is of 1,432.5 feet radius.*Gradients.*—The ruling gradient is 1 in 100.

Contract—

Dated the 27th June 1901 (supplemental to the principal contract of 1890) between the Secretary of State and the South Indian Railway Company, as to the construction, maintenance and working of the Travancore Branch.

Main provisions of contract—

- (i) *Land.*—
- (ii) *Government aid.*— } As under 10 (b), South Indian railway (3' 3½" gauge).

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 10 SOUTH INDIAN RAILWAY SYSTEM—contd.
Sub-heads (a) to (l)

10 (h) Tinnevely-Quilon (Travancore) railway (British section) (3' 3½" gauge)—contd.

Main provisions of contract—contd.

- (iii) Terms of working.—
 - (iv) Distribution of profits.—
- The line is worked by the South Indian Railway Company at the same proportion of its gross earnings of each half-year as obtains on the whole of the Company's undertaking, including the Travancore Branch, plus the usual contribution to the Provident Institution. The "net revenue receipts" of a half-year so arrived at of the Travancore Branch are then applied, in the following manner and order, in payment to the Government of interest—
- (a) on debentures and debenture stock, and
 - (b) due on any capital advanced by the Government
 - (c) the surplus, if any, is divisible between the Government and the Company in the proportion in which the residue of net receipts of the undertaking is divisible as noted against (iii) (d) under 10 (b), South Indian railway (3' 3½" gauge).

If the net receipts of the Branch fall short of the interest charges, the deficiency is first to be divided between the Native State and British sections of the line in proportion to the capital cost of the sections, and as between the Secretary of State and the Company so much of the deficiency as is attributable to the Native State section is to be borne by the Secretary of State, and so much as is attributable to the British section is to be borne by the Secretary of State and the Company in the proportion in which any surplus of net receipts over interest charges would have been divisible. The Company's share of any such deficiency may be deducted by the Secretary of State from its share of any surplus profits due under the principal contract for the same half-year or under this contract or the principal contract for the next succeeding half-year.

As between the Government and the Travancore Durbar, the latter has under-written the guarantee of interest to the extent of the capital cost of the portion of the line in its territory; and it has been agreed that any surplus retained by the Government in accordance with the foregoing shall be divided between them in proportion to the respective lengths of the British and Native State sections of the line, and that the share of any deficiency attributable to the latter shall be borne by the Travancore Durbar.

- (v) Rates and fares.—
- (vi) Special obligations as to the conveyance of.—
 - (a) Mails, troops, police, high Government officials and Government stores.—
 - (b) Government bullion and coin, and the persons in charge thereof.—
- (vii) Services for any Department of the Travancore Durbar.—
- (viii) Power of the Government to determine contract.—
- (ix) Power of the Company to surrender contract.—
- (x) Term of contract.—

As under 10 (b), South Indian railway (3' 3½" gauge).

[For Index see page preceding this appendix.]

Number Main head 10. SOUTH INDIAN RAILWAY SYSTEM—*contd.*
Sub-heads (a) to (j)10 (z) Tinnevely-Quilon (Travancore) railway (Native State section) (3' 3½" gauge)—
Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
Quilon to Punalur	1-6-04	28.28		
Punalur to the Frontier of the Travancore State near Shencottah	26-11-04	29.77		
Total open mileage	58.05	
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION— Quilon to Trivandrum (sanctioned on 1st October 1913)	39.15	39.15	
GRAND TOTAL	97.20

Details of construction—

Permanent-way.—The line is laid with 50-lb. bull-headed steel rails on cast iron pot sleepers, except for a length of 24.56 miles, between Punalur and Shencottah, where there are wooden sleepers of jarrah, irul and teak.

Ballast.—The line is ballasted throughout with broken stone.

Fencing.—The line is fenced only at stations and at a few places where it runs close to villages and public roads.

Curves.—The sharpest curve is of 477 feet radius.

Gradients.—The ruling gradient between Quilon and Punalur is 1 in 100 and between Punalur and Shencottah 1 in 50.

Contract—

The line is worked on the same terms as apply to the Tinnevely-Quilon (Travancore) railway (British section) [10 (h)].

Statistics of working—

See under British section [10 (h)].

10 (j) Morappur-Hosur railway (2' 6" gauge)—

The line is the property of the Government, on whose behalf it was worked by the former Madras Railway Company up to the 31st December 1907. With effect from the 1st January 1908 it was made over to the South Indian Railway Company for working as an integral part of their undertaking.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Morappur to Dharmapuri	18-1-06	18.53	
Dharmapuri to Hosur	15-5-18	54.87	
TOTAL	73.40

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails laid on cross sleepers of pynkado.

Ballast.—The line is ballasted with stone in cuttings and moorum in banks with a stone covering broken to 2" gauge.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 955 feet radius.

Gradients.—The ruling gradient is 1 in 67.

Contracts—

Dated the 2nd March 1909 (supplemental to the principal contract of 1890 as modified by previous supplemental contracts), between the Secretary of State and the South Indian Railway Company, providing for the relinquishment from 1st January 1908 of the section of the Company's line north of Katpadi and the transfer to the Company from the same date of the Jalarpet-Mangalore section of the former Madras railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

(For Index see page preceding this appendix.)

Number ^{Main head 10} _{Sub-^a ds (a) to (f)} SOUTH INDIAN RAILWAY SYSTEM—contd.

10 (j) Morappur-Hosur railway (2' 6" gauge)—concl'd.

Contracts—concl'd.

Dated the 26th October 1909 (supplemental to the principal contract of 1890 as modified by previous supplemental contracts), between the Secretary of State and the South Indian Railway Company, for the construction and working as an integral part of the undertaking of the Dharmapuri-Hosur extension of the Morappur-Dharmapuri railway.

Dated the 21st December 1910, between the Secretary of State and the South Indian Railway Company, supplemental to and continuing with further modifications, with effect from the 1st January 1911, the principal contract of the 24th November 1890 as modified by previous supplemental contracts.

Main provisions of contracts—

As in the case of 10 (b), South Indian railway (3' 3½" gauge). But no portion of the capital expenditure on the Dharmapuri-Hosur section is debitable to the capital account of the South Indian Railway Company. It will be for the separate account of the Government of India.

Tirupattur to Krishnagiri	18-9-05	25.38	25.38

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails laid on cross sleepers of Malabar teak.

Ballast.—The line is ballasted with stone in cuttings and moorum in banks with a stone covering broken to 2" gauge.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 955 feet radius.

Gradients.—The ruling gradient is 1 in 67.

Contracts—

Dated the 2nd March 1909 (supplemental to the principal contract of 1890 as modified by previous supplemental contracts), between the Secretary of State and the South Indian Railway Company, providing for the relinquishment from 1st January 1908 of the section of the Company's line north of Katpadi and the transfer to the Company from the same date of the Jalarpet-Mangalore section of the former Madras railway.

Dated the 26th October 1909 (supplemental to the principal contract of 1890 as modified by previous supplemental contracts), between the Secretary of State and the South Indian Railway Company, for the construction and working as an integral part of the undertaking of the Dharmapuri-Hosur section of the Morappur-Hosur railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

(For Index see page preceding this appendix.)

Number Main head 10 SOUTH INDIAN RAILWAY SYSTEM—concl'd.
Sub-heads (a) to (l)

10 (k) Tirupattur-Krishnagiri railway (2' 6" gauge)—concl'd.

Contracts—concl'd.

Dated the 21st December 1910, between the Secretary of State and the South Indian Railway Company, supplemental to and continuing with further modifications, with effect from the 1st January 1911, the principal contract of the 24th November 1890 as modified by previous supplemental contracts.

Main provisions of contracts—

As in the case of 10 (b), South Indian railway (3' 3½" gauge).

Statistics of working (Those for the periods prior to 1908 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 11} _{Sub-head (a)}. ASSAM-BENGAL RAILWAY (3' 3½" gauge)—*Chairman.*—Sir Frederick R. Upcott, K.C.V.O., C.S.I.*Managing Director.*—James Meadows Rendel, Esq.*Offices.*—Bishopsgate House, 80, Bishopsgate, London, E. C.*Date of registration of the Company.*—18th March 1892.

The construction of the Assam-Bengal railway as a State line was sanctioned in May 1891. The Assam-Bengal Railway Company was formed in England in April 1892 and took over the works commenced by the State. The late Noakhali (Bengal) railway, which was worked by the Assam-Bengal Railway Company up to the end of 1905, was purchased by Government and amalgamated with the Assam-Bengal railway from the 1st January 1906.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number Main head 11 . ASSAM-BENGAL RAILWAY (3' 3½" gauge)—*contd.*
Sub-head (a)**Details of construction—**

Permanent-way.—The line is laid with 50-lb. flat-footed steel rails, partly on sál and pynkado; and partly on bastard sál, nageshur, jarrah wood and ironbark sleepers. The Noakhali and Sylhet branches are laid with 41½-lb. steel rails on sál sleepers.

Ballast.—The ballast consists of broken brick, stone and laterite. The whole line has not yet been ballasted.

Fencing.—The line is fenced between Chittagong Port and Silchar, Láksám and Chandpur, Akhaura and Ashuganj, Gauháti Ghát and Gauháti, and half a mile from Gauháti towards Lumding, and at some stations on the hill section.

Curves.—The sharpest curve is of 358 feet radius.

Gradients.—The ruling gradient between Chittagong and Badarpur is 1 in 150; between Badarpur and Lumding, 1 in 60, with a 1 in 37 banking section, 8.54 miles long; between Gauháti and Tinsukia, and Kulaura and Fenchuganj, 1 in 100; between Láksám and Noakhali, 1 in 200; between Láksám and Chandpur, 1 in 300; between Badarpur and Silchar, 1 in 150; and between Akhaura and Tangi, 1 in 200.

Contracts—

Dated the 26th April 1892 (called the principal contract), between the Secretary of State and the Assam-Bengal Railway Company, as to the construction, management, maintenance and working, by the Company, of their undertaking.

Dated the 6th December 1899, between the Secretary of State and the Assam-Bengal Railway Company, as to the extension of time for the completion of the railway.

Dated the 29th April 1903 (supplemental to the contract of 1892), between the Secretary of State and the Assam-Bengal Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 11th April 1906 (supplemental to the contract of 1892), between the Secretary of State and the Assam-Bengal Railway Company, as to the acquisition by the Company of the Noakhali (Bengal) railway for the purpose, and as a part, of their undertaking as from 1st January 1906.

Dated the 5th March 1914 (supplemental to the contract of 1892), between the Secretary of State and the Assam-Bengal Railway Company, as to the adoption of the Government financial year for the purposes of accounts.

Main provisions of contracts—

(i) **Land.**—Provided by the Government free of cost to the Company.

(ii) **Government aid.**—Government guarantee interest in sterling at 3 per cent on the Company's share capital of £ 1,500,000. (Up to 30th June 1898 interest was allowed at 3½ per cent.)

(iii) **Distribution of profits.**—The net earnings to be applied in payment to the Government of—

(a) The equivalent in rupees of interest paid on debenture capital; provided that, if the Company's share capital is not less than $\frac{2}{11}$ ths of the total capital expenditure, the rate of interest recovered under this sub-head (on debentures issued previous to 30th June 1898) shall not exceed the rate for the time being applicable to the Company's share capital;

(b) the equivalent in rupees of the guaranteed interest paid to the Company in respect of share capital; and

(c) interest on the capital contributed, or deemed to be contributed, by the Government, at the same rate as the guarantee for the time being on the Company's capital. But if the capital advanced by Government exceed $\frac{2}{11}$ ths of the total capital expenditure for the time being, the rate of interest on the amount of the excess to be subject to agreement.

"Surplus profits", after interest charges have been met, are divided between the Company and the Government in the ratio of the respective amounts of capital expended by them on the undertaking.

(iv) **Rates and fares.**—To be approved by the Government.

(v) **Special obligations as to the conveyance of—**

(a) Mails, troops, police, high Government officials and Government stores.—To be conveyed on the same general conditions as obtain on State railways of the same gauge, and at rates to be approved by the Government.

(b) Government bullion and coin, and the persons in charge thereof.—To be conveyed at special rates to be approved by the Government.

(vi) **Power of the Government to determine contract.**—The railway and its appurtenances are absolutely the property of the Government, who may determine the contract on the 31st December 1921, or at the end of any succeeding tenth year by giving 12 months' previous notice.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 11} _{Sub-head (a)} ASSAM-BENGAL RAILWAY (3' 3½" gauge)—concl'd.

Main provisions of contracts—concl'd.

The Government may also determine the contract at any time on six months' previous notice, if the Company fail to fulfil its obligations, or if the line be worked at a loss for three consecutive half-years. On the determination of the contract, the Company is to hand over to the Government the railway and all its belongings of every description, on repayment by the Government of the amount in sterling, at the par value, of the share capital paid by the Company to the Government.

(vii) Power of the Company to surrender contract.—Nil.

(viii) Term of contract.—Not specified.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to and of each year, i.e., outlay on (i) lines open, and (ii) lines partly or wholly under construction. Details of construction—

Permanent-way.—The main line, the Sitapur branch and the sections from Chupra to Inchcape bridge and Bhatni to Turtipar are laid with 50-lb. steel rails mostly on sâl sleepers. The rest of the line north of the Ganges is laid with 41½-lb. steel rails mostly on sâl sleepers. The Ganges-Gogra Doab main lines from Turtipar to Allahabad City and Aunrihar to Inchcape bridge are laid with 50-lb. steel rails on sâl sleepers, and the branches with 41½-lb. steel rails on sâl sleepers.

Ballast.—The whole line, except quite new constructions, is ballasted with kunkur, broken briok or shingle.

Fencing.—The main line and the section from Chupra to Revelganj are fenced.

Curves.—The sharpest curve is of 1,100 feet radius on the Orai diversion.

Gradients.—The ruling gradient is 1 in 300. On the various river ghât lines the gradients are steeper.

Contracts—

Dated the 12th December 1882 (called the original contract), between the Secretary of State and the Bengal and North-Western Railway Company, as to the construction and working by the Company of the Bengal and North-Western railway.

Dated the 22nd February 1886 (supplemental to and modifying in some respects the contract of 1882) between the Secretary of State and the Bengal and North-Western Railway Company.

Dated the 18th July 1890, between the Secretary of State and the Bengal and North-Western Railway Company, as to the taking over and working by the Company of the State railways known as the Tirhoot railway in conjunction with the Company's railway.

APPENDIX 1—contd.

Number Main head 12 BENGAL AND NORTH-WESTERN RAILWAY SYSTEM
Sub-heads (a) & (b)

12 (a) Bengal and North-Western railway (3' 3½" gauge)—contd.

Contracts—consol.

Dated the 19th December 1894 (supplemental to the contracts of 1882, 1886 and 1890), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for the further extension of the Company's system of railways and for the exercise by the Company of running powers for through traffic over the Cawnpore-Burhwal 3' 3½" gauge link of the Oudh and Rohilkhand railway.

Dated the 12th December 1895 (supplemental to the contracts of 1890 and 1894), *between the Secretary of State and the Bengal and North-Western Railway Company*, modifying in some respects the contract of 1890 relating to the Tirhoot railway.

Dated the 23rd July 1896 (supplemental to the contracts of 1882, 1886, 1890, 1894 and 1895), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for further extensions of the Company's railway and of the Tirhoot railway.

Dated the 15th January 1903 (supplemental to the contracts of 1882, 1886, 1894 and 1896), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for further extensions of the Company's railway.

Dated the 24th April 1903 (supplemental to the contracts of 1882, 1890 and 1895), *between the Secretary of State and the Bengal and North-Western Railway Company*, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 14th December 1905 (supplemental to the contracts of 1882, 1890, 1895, 1896 and 1903), *between the Secretary of State and the Bengal and North-Western Railway Company*, continuing with modifications the contract of 1890 relating to the Tirhoot railway and modifying in some respects the contract of 1882 relating to the Company's railway.

Dated the 7th October 1907 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, and 1905), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for further extensions of the Company's railway.

Dated the 1st October 1908 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, 1905 and 1907), *between the Secretary of State and the Bengal and North-Western Railway Company*, for providing for a further extension of the Company's railway from Chupra to Mashrak.

Dated the 9th July 1909 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, 1905, 1907 and 1908), *between the Secretary of State and the Bengal, and North-Western Railway Company*, providing for a further extension of the Company's railway, from Burhwal to Sitapur.

Dated the 13th October 1910 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, 1905, 1907, 1908 and 1909), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for extensions of the Company's railway connecting the Company's Main lines with the Company's Doab lines and with the Tirhoot railway, respectively, by bridges over the Gogra and Gundak rivers.

Dated the 7th December 1910 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, 1905, 1907, 1908, 1909 and 13th October 1910), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for a further extension of the Company's railway from Thawe to Captainganj.

Dated the 13th March 1914 (supplemental to the contracts of 1882, 1886, 1890, 1894, 1895, 1896, 15th January and 24th April 1903, 1905, 1907, 1908, 1909, 13th October and 7th December 1910), *between the Secretary of State and the Bengal and North-Western Railway Company*, providing for the accounts for purposes of these contracts being prepared from 1st April 1913 for the financial year instead of for the calendar year.

Main provisions of contracts—

- (i) *Land*.—Provided by the Government free of cost for the Company's railway ; and at the cost of capital for the Tirhoot railway undertaking.
- (ii) *Government aid*.—Nil.
- (iii) *Terms of working*.—The Company's railway and the Tirhoot railway undertaking are worked conjointly ; but the accounts of each are kept separate and distinct, except those relating to working expenses, other than maintenance, Abstract A.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number ^{Main head 13} _{Sub-heads (a) & (b)} : BENGAL AND NORTH-WESTERN RAILWAY SYSTEM—*contd.*12 (a) Bengal and North-Western railway (3' 3½" gauge)—*contd.*Main provisions of contracts—*contd.*

In addition to the ordinary working expenses and usual contributions to the State Railway and Company's Provident Institutions, the working expenses for each half-year include interest at 4 per cent per annum on all outlay up to the 31st December 1904 expended on "rolling-stock," "steamers and barges and landing stages," "stores," and "stations and offices, station machinery, staff quarters and all other works including permanent-way at Sonapore" for joint use, and on all outlay subsequent to that date up to the close of each half-year incurred on the same matters and on "workshops and store buildings, etc." or any other works used for joint purposes. The interest so charged is to be credited to the respective revenue accounts of the Company's railway and the Tirhoot railway undertaking in the ratio of the contributions of capital made to the joint accounts by each.

The working expenses of the open system, exclusive of the charges for maintenance of way works and stations, other than those for general supervision, are divided between the Company's railway and the Tirhoot railway undertaking in proportion to their respective gross earnings.

The charges for maintenance of way, works and stations, other than the charges for general supervision are appropriated and allotted to the Company's railway or the undertaking on the basis of the actual expenditure incurred by each.

- (iv) *Distribution of profits.*—As to the Company's railway, under the original contract of 1882 any surplus over 6 per cent was to be equally divided between the Government and the Company; but this provision was rescinded by the contract of the 22nd February 1886, which leaves the profits entirely in the hands of the Company.

As to the open system, after deducting half-yearly from the gross earnings of the Company's railway and of the undertaking, respectively, the working expenses noted under (iii), the balance of the gross earnings (termed net revenue) in the case of the Company's line belongs to the Company, and in the case of the Tirhoot railway undertaking is applied in the following manner and order:—

- (a) in payment to the Company of interest accruing in each half-year, after the expiration of the period during which interest is chargeable to capital, at 4 per cent per annum on one half of the capital raised and expended by the Company for the purposes of the railway crossing the Gundak river by a bridge, from Bagaha to Chhitani, including interest paid out of capital during construction;
- (b) in payment to the Government from the aggregate net revenue for the entire year of interest accruing in such year at 5 per cent per annum on all money advanced or expended by the Government for the purposes of the open lines of the undertaking which have not been repaid to the Government;
- (c) the residue if not in excess of 10 lakhs going to Government and the Company in the proportion of $\frac{4}{11}$ ths to the former and $\frac{1}{11}$ th to the latter; if in excess of 10 lakhs, then as to 10 lakhs in the aforesaid proportion and as to the balance in the proportion of $\frac{1}{11}$ ths to the Government and $\frac{1}{11}$ th to the Company.

The difference between the net revenue of the Company's railway belonging and payable to the Company and the aggregate advances made to the Company, in any half-year, is to be adjusted as soon as known by payments in India between the Government and the Company as the case may require.

- (v) *Rates and fares.*—As to the Company's line—to be approved by the Government, who may require the charge for salt, coal and food grains for full-wagon loads carried not less than 100 miles to be reduced to any rate not below $\frac{1}{16}$ th pie per maund per mile and for passengers not below 2 pies per mile.

As to the open system—for the carriage of through passengers and goods over the Company's railway, of all through and local passengers and goods over the Tirhoot railway undertaking, and of all passengers and goods from and to the undertaking or any connected railway carried over the Company's railway or any foreign railway connected therewith, the Government have the power to fix and vary the classification for passengers and goods and the maxima and minima fares and rates for the several classes of passengers and goods, respectively. Until otherwise fixed no rate for goods is to be higher than one pie or lower than $\frac{1}{16}$ th pie per maund per mile.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 12 **BENGAL AND NORTH-WESTERN RAILWAY SYSTEM—contd.**
Sub-heads (a) & (b)

12 (a) Bengal and North-Western railway (3' 3½" gauge)—contd.

Main provisions of contracts—contd.

(vi) Special obligations as to the conveyance of.—

- (a) Mails and post office servants on duty.—To be carried free on the Company's railway; and on the Tirhoot railway on the same general conditions and at the same rates as may be in force on the 3' 3½" gauge State railways.
- (b) Troops, police, high Government officials and Government stores.—As to the Company's railway, to be conveyed on the same general conditions as those in force on the 3' 3½" gauge State railways, and at rates to be approved by the Government. As to the Tirhoot railway undertaking, to be conveyed on the same general conditions and at the same rates as may be in force on State railways of the 3' 3½" gauge.
- (c) Government bullion and coin, and the persons in charge thereof.—To be conveyed at special rates approved from time to time by the Secretary of State.

(vii) Power of the Government to determine the contracts relating to the Company's railway.—The line and all its appurtenances become the property of Government on the termination of the contracts. If the contracts terminate by the efflux of time the Government is to pay to the Company the value of rolling-stock, movable machinery, stores, etc. The Government may determine the contract after 50 years (*i.e.*, on the 31st December 1932), on one year's previous notice of intention to purchase, paying 25 times the average yearly net earnings, less the share of surplus profits belonging to the Government on the assumption that section 39 (5) of the contract of 1882 had been in actual operation for the five years immediately preceding the purchase. And at any time prior to the 31st December 1912, the Government have the right and option to elect that, upon the determination of the contract of 1882 by notice of purchase on the 31st December 1932, they will in lieu of making the aforesaid payment, pay to the Company a sum of money equal to 25 times the average yearly net earnings, less the share of surplus profits belonging to the Government during the five years immediately preceding the 31st December 1912, on the assumption that section 39 (5) of the contract of 1882 had been in actual operation during the same five years. These terms do not apply to the Doab lines referred to in the contracts of 1896, 1907 and 1910, in respect of which the Government undertake to pay to the Company, in the event of purchase, a sum equal to the capital raised and expended thereon with their sanction, including interest paid out of capital during construction. One-half of the capital raised and expended by the Company for the Manjhi Ghat-Bakulha section, including interest paid out of capital during construction, is to be treated as capital attributable to the Doab lines; the other half, and the whole of the capital for the Bagaha-Chhitanni section, including interest paid out of capital during construction, is to be treated as capital attributable to the Company's main lines. The Government may also determine the contract at any time, at six months' notice, if the Company fail to observe its obligations, on paying the value of rolling-stock, stores, etc., and fair value of the line, less the value of the same treated as a reversionary sum absolutely payable on the 31st December 1931.

(viii) Power of the Government to determine the contracts relating to the Tirhoot railway undertaking.—If the original contract with the Company, dated the 12th December 1882, terminate for any reason prior to the expiry of the term of the contracts relating to the Tirhoot railway undertaking, then the latter also, *ipso facto*, terminate at the same time. The Government may also terminate the Tirhoot railway contracts at any time, on 6 months' notice, if the Company fail to observe its obligations. The Government may also terminate the Tirhoot railway contracts on the 31st December 1919, on 6 months' notice: or, at the same date and by the like notice, the Government may modify or alter the terms with the approval of the Company as from the 31st December 1919; but if the Company do not agree to the proposed modifications or alterations then the contracts will terminate on the 31st December 1919. On the determination of the Tirhoot railway contracts the Government will resume possession of the undertaking, and any capital sums which may have been raised by the Government and expended on the Company's lines, or raised and expended by the Company on the undertaking, are to be considered as debts due from the Company and the Government respectively.

(ix) Power of the Company to surrender contracts.—Nil.

(x) Term of contracts relating to the Company's railway.—99 years, *i.e.*, until the 31st December 1981, subject to (vii).

(xi) Term of contracts relating to the Tirhoot railway undertaking.—28 years, *i.e.*, from 1st January 1905 to the 31st December 1932, subject to (viii).

TOTAL OPEN MILEAGE	788.45
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION— Eusera-Ghât to Khagaria (sanctioned on 9th February 1911)	...	35.08	35.08	35.08
GRAND TOTAL	823.53
DOUBLE LINE— Barani Junction to Bachhwara	22-9-06	10.05	10.05	

Details of construction—

Permanent-way.—The line is laid with 50-lb. and 41½-lb. flat-footed steel rails on sâl, pynkado, jarrah sleepers and cast iron sleepers of Denham-Olpherts' pattern.

Ballast.—The line, except the Bhikna Thores branch, is ballasted with kunkur or broken brick.

Fencing.—The line, except new branches, is fenced with stone posts and 4 wires.

Curves.—The sharpest curve, which is on the main line, is of 2,000 feet radius.

Gradients.—The ruling gradient of the line is 1 in 300, except on 3.42 miles between Samastipur and Pertabganj, where the gradient is 1 in 200 and on the Bhikna Thores branch where it is 1 in 80.

APPENDIX 1—contd

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 13 . BENGAL DOOARS RAILWAY SYSTEM—
Sub-heads (a) & (b)

Chairman—Robert Miller, Esq.

Secretary—F. J. Horne, Esq.

Offices—Gresham House, Old Broad Street, London, E. C.

Date of registration of the Company.—30th July 1891.

Lines comprised in the system—The Bengal Dooars railway system is made up of—

	Open line.	Under construction or sanctioned for construction.	Total.
	Miles.	Miles.	Miles.
(a) Bengal Dooars railway (3' 3½" gauge)	36.40	...	36.40
(b) Bengal Dooars railway extensions (3' 3½" gauge)	116.58	5.31	121.87
Total	152.96	5.31	158.27

The lines were constructed for opening out the Western Dooars and for the development of the tea industry.

13 (a) Bengal Dooars railway (3' 3½" gauge)—

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
Main line— East Bank of the Teesta (Barnes Ghát) to Dam Dim	15-1-98	31.00	31.00	
Branch— Lataguri to Ramshai	11-6-98	5.40	5.40	36.4

Details of construction—

Permanent-way.—The line is laid with 4½-lb. flat-footed steel rails on sál sleepers.

Ballast.—The line is ballasted throughout with stone.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 1,432 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Contracts and Agreement—

Contract, dated the 27th April 1891 (called the principal contract), between the Secretary of State and Messrs. Octavius Steel and Company, Promoters, Bengal Dooars Railway Company, as to the construction, maintenance, management and working of the Bengal Dooars Railway Company's original line, including the ferries connected therewith.

Agreement, dated the 27th April 1891, between the District Board of Jalpaiguri and Messrs. Octavius Steel and Company, Promoters, Bengal Dooars Railway Company, as to the payment of a subsidy by the Board to the Company.

Contract, dated the 2nd March 1898 (supplemental to the contract of 1891), between the Secretary of State and the Bengal Dooars Railway Company, as to the construction, management, maintenance, and working of certain extensions of the Company's then existing railways.

Contract, dated the 27th September 1900 (supplemental to that of 1898), between the Secretary of State and the Bengal Dooars Railway Company, as to the extension of time for the completion of the line to Hantupara.

Contract, dated the 7th November 1901 (supplemental to those of 1898 and 1900), between the Secretary of State and the Bengal Dooars Railway Company, as to the extension of time for the completion of the line to Bagrakote.

Contract, dated the 16th April 1903 (supplemental to the contract of 1898), between the Secretary of State and the Bengal Dooars Railway Company, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Contract, dated the 1st May 1914 (supplemental to the contract of 1898) between the Secretary of State and the Bengal Dooars Railway Company, as to the adoption of the Government Financial year for the preparation of Accounts.

Main provisions of contracts and agreement—

(i) **Land.**—Provided by the Government free of cost to the Company.

(ii) **Government aid.**—Original line: The District Board of Jalpaiguri pay to the Company, out of the District Fund, an annual subsidy of such amount, not exceeding Rs. 4,000, as may be required to make up the net profits in each year to 5 per cent on the capital sum expended.

Original line and Extensions: Nil. (It is, however, provided that, on the request of the Company, the Government shall take over the original line and extensions, and shall work and maintain them through the agency of the Eastern Bengal railway, at 40 per cent of the gross receipts in each half-year, paying the remaining 60 per cent over to the Company.)

(iii) **Terms of working.**— } The whole of the profits go to the Company. (If, on a request
(iv) **Distribution of profits.**— } made by the Company, the lines be worked by the Eastern Bengal railway the Government retain in each half-year 40 per cent of the gross earnings, the remaining 60 per cent being paid to the Company after deduction of the income-tax payable to Government.)

APPENDIX 9—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 13} Sub-heads (a) & (b). BENGAL DOOARS RAILWAY SYSTEM—contd.

13 (a) Bengal Dooars railway (3' 3½" gauge)—concl'd.

Main provisions of contracts and agreement—concl'd.

(v) *Rates and fares.*—Original railway, i.e., the Main Line from Barnes Ghât to Mal Junction; the Eastern Branch of the Main Line from Lataguri to Ramshai; the Western Branch of the Main Line from Mal Junction to Dam Dim; the Eastern Extension from Mal Junction to (Hantupara) Madarihât; and the Western Extension from Dam Dim to Bagrakote:—Certain maxima rates and fares for goods, (other than food grains, salt, coal for construction, working and maintenance, and construction and revenue stores excluding coal), passengers, luggage, carriages, horses and parcels have been fixed. For food grains, salt, coal for construction, working and maintenance, and for construction and revenue stores, certain maxima and minima have been fixed. If the gross receipts of the original railway and of the two (Eastern and Western) Extensions shall in any one year have reached 12 per cent on the combined capital outlay of those lines, Government may reduce the maxima rates and fares by a figure up to 25 per cent except in the case of the special rates for food grains, salt, coal for construction, working and maintenance, and construction and revenue stores excluding coal, and for third class passengers. Southern Extension, i.e., from Barnes Junction to Lalmonirhat:—Certain maxima and minima rates and fares have been fixed for goods, passengers, carriages, horses and dogs. Luggage, parcels and bullion are carried at the rates passed by the Railway Conference.

(vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—Mails to be carried under the same terms and conditions as mails were at the date of contract of 1891 being carried on the Eastern Bengal railway, the Government having power to fix the timing of one train each way daily for the carriage of mails. Postal officials travelling on duty to be given free passes.

(b) Government bullion and coin, and the persons in charge thereof. — Not specified.

(vii) *Power of the Government to determine contract.*—If the Company fail to work the Original line and the Extensions for six consecutive months, the Government may determine the contract by paying to the Company a sum equal to their actual expenditure up to the date of notice.

The Secretary of State has the right to purchase the Original line and the Extensions on the 31st December 1919, and at the end of any succeeding seventh year, by giving 12 months' previous notice. In the event of such purchase the price to be paid for the Original line is to be a cash payment of one and two-fifths of the amount of the invested capital liabilities of the Company; while the price for the Extensions is to be a cash payment in England in sterling of a sum equal to 25 years' purchase of the average of the net earnings of the Extensions during the last preceding 5 years, provided that such sum shall not exceed by more than 20 per cent, nor be less than, the total capital expenditure and capital liabilities of the Company in sterling as expended on the Extensions or incurred with the sanction of the Government.

(viii) *Power of the Company to surrender contract.*—Nil.

(ix) *Term of contract.*—None specified.

Statistics of working—

14 (a) Bhavnagar State railway (3' 3½" gauge)—

This line was constructed by Government Agency for the Native State of Bhavnagar (after which it is named). It was worked up to the 31st March 1911 by an Administrative Coalition of the States of Bhavnagar, Gondal, Junagad and Porbandar, which was formed for the purpose of working as one undertaking the railways which, prior to that date, were comprised in the Bhavnagar-Gondal-Junagad-Porbandar railway. The Coalition ceased to exist on the 1st April 1911, on and from which date the line is being worked independently as a separate and distinct railway.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.	Remarks.
1	2	3	4	5	6
<i>Main line—</i> Bhavnagar Docks to Wadhwan Junction	20-12-80	104.79	104.79		*Includes 1.21 miles of Dook estate line which is worked for goods traffic only.
<i>Branches—</i>					
<i>Dhasa branch—</i> Dhola to Dhasa	19-1-81	15.33	15.33		
<i>Kundla extension.</i> Dhasa to Liliamota	1-10-11	20.80			
Liliamota to Savar Kundla	17-3-12	15.00	35.80		
<i>Palitana branch—</i> Sihor to Palitana	16-11-10	16.92	16.92		
<i>Jasdan extension—</i> Botad to Vinchhia.	15-5-13	18.41			
Vinchhia to Jasdan	15-9-13	15.06	33.47		
TOTAL	206.31	

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on creosoted pine, deodar and jodka teak sleepers. The line between Bhavnagar City and mile 63/3¼ on the main line has been renewed with 50-lb. flat-footed rails, except in station yards. The Jasdan extension is laid with 40-lb. flat-footed rails and the Kundla extension, with second-hand 41½-lb. flat-footed rails, except 1.85 miles near Liliamota, which are laid with new 40-lb. flat-footed rails.

Ballast.—The line is ballasted with broken stone, with the exception of the length between Chuda and Wadhwan, which is ballasted with kunkur. Newly opened lines are ballasted with stone in cuttings and moorum in banks.

Fencing.—The line is practically unfenced.

Curves.—The sharpest curve is of 1,000 feet radius.

Gradients.—On the main line the ruling gradient is 1 in 200, except for about 10 chains near the Ranpur Bhogawa bridge where it is 1 in 100. Between Sihor and Palitana it is 1 in 100; between Dhasa and Savar Kundla, 1 in 125 and between Botad and Jasdan, 1 in 150.

Agreement—

Nil.—The line is owned and worked by the Bhavnagar State.

Sub-heads (a) and (b)

14 (b) Dhrangadra railway (3' 3½" gauge)—

This line was constructed for the Native State of Dhrangadra (after which it is named). It was worked up to the 31st March 1911 by an Administrative Coalition of the States of Bhavnagar, Gondal, Junagad and Porbandar, which was formed for the purpose of working as one undertaking the railways which, prior to that date, were comprised in the Bhavnagar-Gondal-Junagad-Porbandar railway. The Coalition ceased to exist on the 1st April 1911, on and from which date the line is being worked by the Bhavnagar State railway.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Wadhwan Junction to Dhrangadra	1-6-98	20.48	
Dhrangadra to Halvad	1-1-18	19.70	
Total	40.18

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails laid on deodar and jodka sleepers.

Ballast.—The ballast used is of broken sandstone.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 1,400 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Agreement—

Provisional agreement, dated the 22nd February 1911, between the Bhavnagar and Dhrangadra States, as to the maintenance, management and working of the Dhrangadra railway.

Main provisions of agreement—

- (i) *Land.*—Provided by the Dhrangadra Durbar free of cost.
- (ii) *Government aid.*—Nil.
- (iii) *Terms of working.*—
- (iv) *Distribution of profits.*—
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, officials and Government stores.—
- (b) Bullion and coin.—
- (vii) *Power of Government to determine agreement.*—Not specified.
- (viii) *Power of Durbar to determine agreement.*—
- (ix) *Power of Bhavnagar State railway to determine agreement.*—
- (x) *Term of agreement.*—To be fixed hereafter.
- Forty per cent of gross earnings (subject to a biennial revision), plus 5 per cent for hire of rolling-stock and, in addition, actual expenditure on the maintenance of way, works and stations. The forty per cent is subject to reduction to 35 per cent when the earnings per mile per week exceed Rs. 50.
- The same as are, for the time being, in force on the Bhavnagar State railway.
- Not specified pending new agreement.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. Sub-heads (a) to (c) **BURMA RAILWAYS SYSTEM.**

Chairman.—Lieut.-Colonel Alfred Glynn Begbie.

Managing Director.—Walter Home, Esq., C.I.E.

Offices.—199, Gresham House, Old Broad Street, London, E.C.

Date of registration of the Company.—21st July 1896.

Lines comprised in the system.—The Burma railways system is made up of—

	Open line. Miles.	Under construction or sanctioned for construction. Miles.	Total Miles.
(a) Burma railways (3' 3½" gauge)	1,341·85	...	1,341·85
(b) Burma railways extensions (3' 3½" gauge)	186·93	66·25	253·18
(c) Southern Shan States railway (3' 3½" gauge)	70·25	34·35	104·50
Total	1,599·03	100·50	1,699·53

15 (a) Burma railways (3' 3½" gauge)—

The Burma Railways Company was formed in 1896 for the purpose of taking over the working of the then existing system of State railways (3' 3½" gauge) in Burma and extending it by the construction of other lines, particularly one from Mandalay to Kunlong. The railways taken over by the Company from Government on the 1st September 1896 comprised the following lines:—Rangoon to Promé on the Irrawaddy river; Rangoon to Mandalay, and thence to the bank of the Irrawaddy, opposite Sagaing; and Sagaing to Myitkyina and a branch to Katha, whence there is communication by river with Bhamo.

Progress in opening—

Mandalay section—					
Myohaung to Mandalay	3-10-99	2.45	2.45		
TOTAL DOUBLE LINE				118.94	

Details of construction—

Permanent-way.—The rails in use on the system are 60-lb., 50-lb. and 4½-lb. flat-footed steel. The sleepers throughout are of Burma teak, pyinkado, Thitya, Engyin and Australian hard woods; pyinkado largely predominating.

Ballast.—The ballast used is either shingle or broken stone.

Fencing.—The main line, from Prome to Rangoon and Rangoon to Mandalay, and the Bassein-Henzada line are fenced. The Mu Valley line is generally unfenced, except at stations. The Lashio, Myingyan and the Sagaing-Alon branches are unfenced, except at certain stations.

Curves.—On the main line (Rangoon to Mandalay), the sharpest curve has a radius of 573 feet, on the Rangoon-Prome section, of 1,146 feet. The sharpest curves on the Bassein-Henzada, Letpadan-Tharawaw, Thazi-Myingyan and Sagaing-Alon branches have radii of 955, 1,432, 1,273 and 2,865 feet, respectively; on the Lashio branch, of 337 feet; on the Mu Valley line, from Sagaing to Myitkyina, including the Katha branch, of 573 feet.

Gradients.—The ruling gradient on the main line from Prome to Rangoon and Rangoon to Mandalay and Myohaung to Amarapura shore is 1 in 200, except for a short length at mile 124 on the Prome branch, where it is 1 in 150; on the Mu Valley section, from Sagaing to Kanbalu, 1 in 200 uncompensated, from Kanbalu to Naba 1 in 100, and Naba to Myitkyina, 1 in 100 uncompensated, with a banking section, from Mawhan to Mohnyin, of 1 in 60 uncompensated. On the Lashio branch it is 1 in 25 compensated between Sedaw and Thondaung, and 1 in 40 compensated, between Thondaung and Lashio; on the Myingyan branch, 1 in 100 uncompensated; on the Sagaing-Alon branch 1 in 150 uncompensated; and on the Katha branch 1 in 50 uncompensated. Between Letpadan and Tharawaw and Henzada and Bassein, it is 1 in 200.

Contracts—

Contract, dated the 9th March 1897 (called the principal contract), between the Secretary of State and the Burma Railways Company, as to taking over the Burma railways, the construction of other railways and their maintenance, management and working.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

- Contract, dated the 6th February 1902, (supplemental to the contract of 1897), *between the Secretary of State and the Burma Railways Company*, as to the issue of debenture stock of £1,250,000.
- Contract, dated the 5th May 1903 (supplemental to the contract of 1897), *between the Secretary of State and the Burma Railways Company*, as to the adoption of 1s. 4d. as the "prescribed" rate of exchange.
- Contract, dated the 22nd February 1907 (supplemental to the contracts of 1897 and 1903), *between the Secretary of State and the Burma Railways Company*, as to the construction, maintenance, management and working of the Pegu-Moulmein and Henzada-Kyangin extensions and the Daga loop line.
- Contract, dated the 23rd February 1907 (supplemental to the contracts of 1897, 1902 and 1903), *between the Secretary of State and the Burma Railways Company*, regarding advances of capital amounting to Rs. 85 lakhs in 1903 to 1906.
- Contract, dated the 9th June 1909 (supplemental to the contracts of 1897, 1902, 1903 and the 22nd and 23rd February 1907), *between the Secretary of State and the Burma Railways Company*, as to the conditions on which the Company was authorised to increase its share capital by £1,000,000 and other matters.
- Letter from the Burma Railways Company No. 523 (General), dated the 28th March 1911, to the Under Secretary of State for India ;
- Letter from the India Office No. P. W. 596, dated the 18th April 1911, to the Burma Railways Company ;
- Letter from the Burma Railways Company No. 591 (General), dated the 13th March 1913, to the Under Secretary of State for India, accepting the proposal that advances made by the Secretary of State on and subsequent to 1st April 1913 should bear interest at 4 per cent per annum.
- Contract, dated the 7th April 1913, (read as part of the supplementary contract of 22nd February 1907) *between the Secretary of State and the Burma Railways Company*, defining the manner in which the earnings of the Burma Railways Extensions shall be ascertained and in particular the proper apportionment of receipts and expenditure in connection with through traffic and of expenses of stations common to the Burma Railways and the Burma Railways Extensions.
- Contract, dated the 24th March 1914 (supplemental to the contracts of 1897, 1902, 1903, the 22nd and 23rd February 1907 and 1909) *between the Secretary of State and the Burma Railways Company*, as to the adoption of the Government financial year for the preparation of accounts.
- Letter from the India Office No. P.W. 216, dated the 18th February 1915, to the Burma Railways Company, stating that advances or overdrafts will not be granted after 31st March 1915 at a rate of interest lower than 4½ per cent.

Main provisions of contracts—

- (i) *Land*.—To be provided by Government at the cost of capital, subject, as regards land outside British territory, to the condition that it can be acquired on reasonable terms.
- (ii) *Government aid*.—The Government undertake to pay interest—
- (a) at 2½ per cent per annum on the Company's share capital of £2,000,000 raised under the contract of the 9th March 1897 (with an additional ½ per cent per annum up to and inclusive of the 1st July 1901);
- (b) at 3 per cent per annum on £1,250,000 raised by the Company by the issue of debenture stock under the contract of the 6th February 1902; and
- (c) at 2½ per cent per annum on the Company's additional share capital of £1,000,000 (excluding the premium thereon which realized £20,000) raised under the contract of the 9th June 1909.
- (iii) *Distribution of profits*.—The net receipts of each year are applied in payment to Government of—
- (a) interest at 3 per cent per annum on the Company's debenture stock of £1,250,000 ;
- (b) interest at 2½ per cent per annum on the Company's share capital of £3,000,000 ;
- (c) interest at 2½ per cent per annum on the Government assumed capital; and
- (d) interest on capital overdrawn by Company at 3½ per cent per annum up to the 31st March 1913, at 4 per cent per annum from 1st April 1913 to 31st March 1915, and at 4½ per cent per annum thereafter.
- The surplus profits, after allowing for interest in any year ending on a 31st March, are to be divided in the ratio of the Government and Company's capital, which, for the purpose of this division, has been stated at £5,750,000 and £3,000,000, respectively, and works out to ⅔ths to the former and ⅓ths to the latter.
- (iv) *Rates and fares*.—Maxima and minima for the different classes and descriptions of services and terminals to be approved by the Government.
- (v) *Special obligations as to the conveyance of*.—
- (a) Mails, troops, police, high Government officials and Government stores.—To be conveyed on the same general conditions as on other 3' 3½" gauge State railways, and at rates to be approved by the Government.
- (b) Government bullion and coin, and the persons in charge thereof.—To be conveyed at special rates approved by the Government.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number $\frac{\text{Main head 15}}{\text{Sub-heads (a) to (c)}}$ BURMA RAILWAYS SYSTEM—contd.

15 (a) Burma railways (3' 3½" gauge)—concl'd.

Main provisions of contracts—concl'd.

(vi) *Power of the Government to determine contract.*—The Government may, by giving 12 months' previous notice, determine the contract as to the Company's undertaking on the 31st December 1928, or on the 31st December 1935, or on the 31st December 1941, or on the 31st December of any succeeding tenth year. On the determination of the contract from any cause, the Government is to repay to the Company in sterling at par the capital raised by the latter, and also to take over the liability of the Company in respect of the debenture stock.

As to the determination of the contract of the 22nd February 1907, as to the construction and working of new branches, see 15 (b), Burma railways extensions (3' 3½" gauge).

(vii) *Power of the Company to surrender contract.*—Nil.

(viii) *Term of contract [if not determined under (vi) or (vii)].*—None specified.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 15} _{Sub-heads (a) to (c)} **BURMA RAILWAYS SYSTEM—contd.**

15 (b) Burma railways extensions (3' 3½" gauge)—contd.**Details of construction—**

Permanent-way.—The permanent-way consists of 50-lb. flat-footed steel rails laid principally on pynkado sleepers.

Ballast.—The ballast consists chiefly of broken stone and shingle.

Fencing.—The Pegu-Moulmein extension is fenced but not the Henzada-Kyangin extension. Level crossings are provided with either gates or chains and posts.

Curves.—The radius of the sharpest curve on the Pegu-Moulmein section is 1,058 feet and that on the Henzada-Kyangin section is 1,432 feet.

Gradients.—The ruling gradient is 1 in 300, uncompensated, on the Pegu-Moulmein extension and 1 in 200, uncompensated, on the Henzada-Kyangin extension;

Contracts—

Contract, dated the 22nd February 1907 (supplemental to the contracts of 1897 and 1903, noted under 15 (a), Burma railways proper), *between the Secretary of State and the Burma Railways Company*, as to the construction, maintenance, management and working as State railways of the Pegu-Moulmein and Henzada-Kyangin extensions and the Daga loop line.

Contract, dated the 7th April 1913, (read as part of the supplementary contract of 22nd February 1907) *between the Secretary of State and the Burma Railways Company*, defining the manner in which the earnings of the Burma Railways Extensions shall be ascertained and in particular the proper apportionment of receipts and expenditure in connection with through traffic and of expenses of stations common to the Burma Railways and Burma Railways Extensions.

Main provisions of contracts—

(i) **Land.**—As under 15(a), Burma railways (3' 3½" gauge).

(ii) **Government aid.**—All moneys required for the purposes of the extensions shall be supplied by the Secretary of State according to such arrangements as shall from time to time be made between the Secretary of State and the Company.

(iii) **Terms of working.**— } Separate half-yearly accounts are kept for (a) the whole of the Com-

(iv) **Distribution of profits.**— } pany's system and (b) for each of the extensions, except in regard

to the Revenue Abstracts B. to G. inclusive and sub-head I of Abstract A, which are for the system as a whole. The total working expenses of the whole system, including the first bonus of 50 per cent payable on deposits in the Railway Provident Fund, are divided between each of the extensions and the rest of the Company's system in the ratio of their respective gross earnings, and the share of expenses so attributed, together with the maintenance expenditure relating exclusively thereto under sub-heads II to VII of Abstract A, are deemed to be the actual working expenses of each. The extensions have also to bear proportionate charges in respect of interest on capital cost of workshop buildings and plant and joint station expenses. After deducting from the gross earnings the working expenses so arrived at, the balance forms the net earnings. From the net earnings are deducted such sums as may under the rules be payable to the Company's Provident Institution as a second bonus, and the remainder constitutes the "net revenue receipts."

The net revenue receipts for each complete financial year are applied in payment of interest at 3½ per cent per annum on the total capital outlay on each extension (including the value of land), and the mileage share of interest on the main line stores and stores suspense balances; and the residue, if any, is divided between the Government and the Company in the proportion of 2/3ths to the former and 1/3th to the latter.

(v) **Rates and fares.**—As under 15(a), Burma railways (3' 3½" gauge).

(vi) **Special obligations as to the conveyance of.—**

(a) Mails, troops, police, high Government officials and Gov-

ernment stores.—

(b) Government bullion, and coin, and the persons in charge

thereof.—

} As under 15(a), Burma railways (3' 3½" gauge).

(vii) **Power of the Government to determine contract.**— } The contract may be determined on twelve

(viii) **Power of the Company to surrender contract.**— } months' notice given by either party to the other on the 30th June 1919, or on the 30th June of any subsequent fifth year. If the principal contract [noted under 15(a), Burma railways (3' 3½" gauge)] shall at any time be determined by virtue of its provisions, then this contract shall also thereupon cease and determine. On the failure by the Company effectually to remedy any breach of this contract or of its stipulations or provisions within six months after due notice shall have been given by the Secretary of State in England, he may, on the expiration of six months or later, determine the contract by giving to the Company in England notice in writing of such determination.

Upon the determination of the contract the Company shall give possession to the Government of the new lines, all property belonging thereto and all moneys then payable, after which the Government shall indemnify the Company against all debts and liabilities as may have been incurred with the sanction of Government and be then subsisting on account of the new lines.

(ix) **Term of contract [if not determined under (vii) and (viii)].**—Not specified.

APPENDIX 1—contd.

Details of construction—

Permanent-way.—The permanent-way consists of 60-lb. and 50-lb. flat-footed steel rails laid on pynkado, Thitya, Engyin and steel transverse peapod sleepers.

Ballast.—The ballast consists of stone and shingle.

Fencing.—Except at stations, the line is unfenced.

Curves.—The radius of the sharpest curve on the open section is 338.69 feet.

Gradients.—The ruling gradient on the open portion is 1 in 25.

Contract—

The construction of the line is being carried out for the State by the Burma Railways Company which is also working the open section under the terms of an agreement which is under consideration.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. Dum-Duma to Talap	5-2-85	6·00		
Talap to Saikhoa Ghat	1-5-10	8·52	24·52	
TOTAL	86·02

Details of construction—

Permanent-way.—The main line is laid for 18 miles with 60-lb. rails and for the remainder of its length with 50-lb. flat-footed steel rails on sál, nahor and uriam sleepers and on cast iron plates of the Denham-Olpherts' type. The Mukum-Talap section of the Saikhoa Ghat branch is laid for 14 miles with 50-lb. section rails and for the remainder with 41½-lb. flat-footed steel rails on uriam sleepers. The Talap-Saikhoa Ghat section is laid for 3½-miles with 50-lb. rails and for the remainder with 41½-lb. rails on uriam sleepers.

Ballast.—The line is partially ballasted with broken stone.

Fencing.—The line is unfenced, with the exception of a short length at Dibrugarh.

Curves.—The sharpest curve is of 700 feet radius.

Gradients.—The ruling gradient is 1 in 150 on the main line and 1 in 100 on the Saikhoa Ghat branch.

Contracts—

Dated the 26th May 1880 (called the principal contract) between the Secretary of State and the Assam Railway Company, subsequently called the Assam Railways and Trading Company, as to the construction, maintenance, management and working of the Dibru-Sadiya railway with branches.

Dated the 25th July 1881 (supplemental to that of 1880) between the Secretary of State and the Assam Railways and Trading Company, modifying the contract of 1880 and providing that the Company shall have the preferential option for the construction and working of any other line(s), in the Luckimpore District—an option which has since been surrendered in consideration of an undertaking by the Secretary of State that the Government right of purchase shall not be exercised until after 1910, vide letter from the India Office to the Company's London Board, No. 2193, dated the 13th December 1898.

Letter No. ¹⁷⁸⁸ P. W., dated the 31st March 1905, from the Honourable the Chief Commissioner of Assam to the Government of India in the Department of Commerce and Industry; Telegram No. R. P. 5, dated the 11th May 1905, from the Railway Board to the Honourable the Chief Commissioner of Assam; } as to the construction of the extension from Talap to Saikhoa Ghat.

Dated the 28th October 1914 (supplemental to those of 1880 and 1881) between the Secretary of State and the Assam Railways and Trading Company, as to the maintenance and working of the Saikhoa Ghat extension, the alteration in the dates for the exercise of the option of purchase of the Company's railway and the adoption of the Government Financial year for the preparation of accounts.

Main provisions of contracts—

(i) *Land.*—Provided by the Government free of cost to the Company.

(ii) *Government aid.*—Annual subsidy for 20 years from date of opening, not exceeding Rs. 80,000 in any one year, or such smaller sum as, added to net earnings, will make up 5 per cent on the paid-up capital (exclusive of cost of Makum Branch).

Annual subsidy on the Makum Branch for 20 years from date of opening, not exceeding Rs. 20,000 in any one year, or such smaller sum as, added to the net earnings of the branch, will make up 5 per cent on the capital cost.

Annual subsidy on the Talap-Saikhoa Ghat extension for 10 years from date of opening at the rate of Rs. 600 per mile.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 17} Sub-heads (a) and (b). **DIBRU-SADIYA RAILWAY SYSTEM—contd.**

17 (a) Dibru-Sadiya railway (3' 3½" gauge)—concl'd.

Main provisions of contracts—concl'd.

The subsidies are subject to deduction if the Company fail to keep the line in good order and properly equipped, and to work it.

(Note—The period of subsidy, for the whole line, terminated as from the 30th June 1903, vide letter from the Honourable the Chief Commissioner of Assam in the Public Works Department, to the Examiner of Public Works Accounts, Assam, No. 1739-P. W./2898, dated the 11th June 1894.)

(iii) *Distribution of profits.*—All the profits go to the Company.

(iv) *Rates and fares.*—To be approved by the Government. If, after five years from the date of opening of the main line, the net profits of the Company exceed 12 per cent of their paid-up capital, the Government may require the Company to make such reduction in their rates and fares as shall not lead to a diminution of the net profits below 12 per cent.

(v) *Special obligations as to the conveyance of.*—

(a) Mails, troops, high Government officials and Government stores.—To be conveyed at rates to be agreed upon from time to time, not exceeding those now paid in the district concerned.

(b) Government bullion and coin, and the persons in charge thereof.—Not specified.

(vi) *Power of the Government to determine contract.*—If the Company fail, for a period extending over six months, to observe its obligations, the Government may determine the contract and call upon the Company to restore the land, &c., made over to it. The Government has the option of purchasing the railway, and its rolling-stock and other equipments and property of the Company, on the 5th February 1921, or at intervals of ten years thereafter, on giving one year's notice and paying 20 per cent in excess of the value of the property as a dividend-paying investment.

(vii) *Power of the Company to surrender contract.*—Nil.

(viii) *Term of contract [if not determined under (vi) or (vii)].*—None specified.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i. e., outlay on (i) lines open and (ii) lines partly or wholly under construction. 17 (b) Ledo and Tikak-Margherita Colliery railway (3' 3½" gauge)—

This line was constructed by the Assam Railways and Trading Company in 1883, under the sanction of a concession granted in an Indenture made with the Secretary of State on the 30th July 1881, and was used originally only for the purpose of bringing coal from the mines on the south bank of the Dihing river to connect with the Dibru-Sadiya railway. It was constituted a railway and its working was taken over by the Dibru-Sadiya railway from the 1st January 1897.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
	2	3	4
Dihing bridge to Ledo	17-2-84	5.50	5.50

Details of construction—

Permanent-way.—The line is laid with 50-lb. flat-footed steel rails on uriam sleepers.

Ballast.—The line is ballasted with broken stone.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 800 feet radius.

Gradients.—The ruling gradient is 1 in 100.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 17 DIBRU-SADIYA RAILWAY SYSTEM—concl'd.
Sub-heads (a) and (b)

17 (b) Ledo and Tikak-Margherita Colliery railway (3' 3½" gauge)—concl'd.

Contract—

Letter, from the Government of India in the Public Works Department, No. 623 R. T., dated the 6th August 1896, as to the carriage of goods over the Company's Colliery line and for the through booking of the same with stations on the Dibru-Sadiya railway.

Resolution by the Government of India in the Public Works Department, No. 234 R. T., dated the 11th March 1897, as to the application of the general rules for working open lines of railway to the Company's Colliery line.

Contract, dated the 26th February 1903, between the Secretary of State and the Assam Railways and Trading Company, as to the grant of a new lease to the Company for working the coal mines in the Makum coal-fields for a period of 30 years from the 30th July 1901 and for the exercise of the privileges granted in connection therewith.

Main provisions of contract—

- (i) *Land.*—Mines and premises leased to the Company at a fixed half-yearly rental, or in lieu of such rent a certain royalty on the out-put of coal.
- (ii) *Government aid.*—Nil.
- (iii) *Terms of working.*—The maintenance charges are kept separate and are borne by the Colliery. All other charges for working the open line system are divided between the Dibru-Sadiya railway and the Colliery branch in proportion to their respective gross earnings. For hire of rolling-stock provided by the Dibru-Sadiya railway, 5 per cent of gross earnings are charged to the Colliery.
- (iv) *Rates and fares.*—Certain station to station goods rates have been approved in the Government of India letter noted above.
- (v) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.— } Not specified.
(b) Government bullion and coin, and the persons in charge thereof.— }
- (vi) *Power of the Government to determine contract.*—The Government may determine the contract and take possession of the mines if the Company fails to fulfil its obligations. On the termination of the contract the Government may purchase buildings and works at a fair valuation.
- (vii) *Power of the Company to determine contract.*—The Company may determine the contract if the mines become destroyed or are rendered unfit through any extraordinary casualty. On the termination of the contract the Company is to take away all machinery, etc., belonging to the mines and the railways or tramways constructed for the purpose of working the mines, unless the Government shall be willing to purchase the same.
- (viii) *Power of the Company to surrender contract.*—Nil.
- (ix) *Term of contract.*—30 years from 30th July 1901.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907).—

Years.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 18 **GONDAL-PORBANDAR STATE RAILWAY SYSTEM.**
Sub-heads (a) to (c)

Lines comprised in the system.—The Gondal-Porbandar State railway system is made up of—

	Open line.	Under construction or sanctioned for construction.	Total.
	Miles.	Miles.	Miles.
(a) Gondal-Porbandar State railway (3' 3½" gauge)	148·01	...	148·01
(b) Jetalsar-Rajkot railway (3' 3½" gauge)	46·21	...	46·21
(c) Khijadia-Dhari railway (3' 3½" gauge)	25·53	11·71	37·24
Total	219·75	11·71	231·46

18 (a) Gondal-Porbandar State railway (3' 3½" gauge)—

This line was constructed by Government agency for the Native States of Gondal and Porbandar (after which it is named). It was worked up to the 31st March 1911 by an Administrative Coalition of the States of Bhavnagar, Gondal, Junagad and Porbandar, which was formed for the purpose of working as one undertaking the railways which, prior to that date, were comprised in the Bhavnagar-Gondal-Junagad-Porbandar railway system. The Coalition ceased to exist on the 1st April 1911, on and from which date the line is being worked independently as a separate railway by the Coalition of the Gondal and Porbandar States.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.	Remarks.
1	2	3	4	5	6
<i>Main line—</i>					
Dhasa to Dhoraji	19-1-81	73·69	144·31		*Is worked for goods traffic only.
Dhoraji to Porbandar	17-12-89	69·07			
Porbandar to Porbandar Bandar	15-3-90	*1·55			
<i>Quarry branch—</i>					
Ranawao to Quarry	17-12-89	*3·70	3·70		
TOTAL	148·01	

Details of construction—

Permanent-way.—The permanent-way consists of 4½-lb. flat-footed steel rails on creosoted pine, deodar, jodks, teak and steel peapod sleepers.

Ballast.—The line is ballasted with broken stone.

Fencing.—The line is practically unfenced.

Curves.—The sharpest curve is of 716 feet radius.

Gradients.—The ruling gradient is 1 in 200, except on Ranawao quarry line where it is 1 in 67.

Agreement—

Nil.—The line is owned and worked by the Gondal and Porbandar States.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.*	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

Number Main head 18 **GONDAL-PORBANDAR STATE RAILWAY SYSTEM—concl'd.**
Sub-heads (a) to (c)

18 (b) Jetalsar-Rajkot railway (3' 3½" gauge)—concl'd.

Details of construction—

Permanent-way.—The permanent-way consists of 4½-lb. flat-footed steel rails on creosoted pine, deodar and jodka teak sleepers, except for five miles, where the rails are laid on steel trough sleepers.

Ballast.—The ballast used is of broken stone.

Fencing.—The line is unfenced except between Rajkot Para and Rajkot Junction.

Curves.—The sharpest curve is of 955 feet radius.

Gradients.—The ruling gradient is 1 in 175.

Agreement—

Memorandum of conditions for separate working, from 1st April 1911, of the Kathiawar railways, sanctioned in the Government of India Foreign Department letter No. 431.I.B, dated the 23rd February 1911, to the address of the Secretary to the Government of Bombay, Political Department.

Terms and conditions, dated the 14th December 1913, prescribed by the Railway Board, as to the maintenance, management and working of the Jetalsar-Rajkot railway.

Main provisions of agreement.—

- (i) *Land.*—Provided, at the cost of capital, by the Native States through whose territories the line passes.
- (ii) *Government aid.*—Nil. The line is the property of the States of Junagad, Gondal and Rajkot and the Talukdar of Jetpur, who supply funds for any necessary additions thereto chargeable to the capital account. It is maintained and worked by the agency of the Gondal-Porbandar State railway, which provides the rolling-stock and other appliances, etc., necessary thereunto.
- (iii) *Terms of working.*— } 40* per cent of gross earnings (subject to a biennial revision) are retained by the working agency, plus actual expenditure on maintenance of way and works and stations, police and magisterial charges, and 5 per cent of gross earnings for hire of rolling-stock supplied by the working agency.
- (iv) *Distribution of profits.*— } * 35 per cent in those half-years in which the gross earnings per mile per week exceed Rs. 50.
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*— } The same as those in force on the Gondal-Porbandar State railway.
- (a) Troops, police, high Government officials and stores.—
- (b) Bullion and coin.—
- (vii) *Power of the Government to determine agreement.*—The Railway Board shall exercise the powers of an arbitrator.
- (viii) *Power of the Proprietors to determine agreement.*—Nil.
- (ix) *Term of agreement.*—Not specified.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION— Chhalala to Dhari (sanctioned on 7th February 1913)			11·71	
GRAND TOTAL			...	37·24

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb flat-footed steel rails laid on jarrah sleepers.

Ballast.—The line is ballasted with moorum,

Fencing.—The station platforms only are fenced.

Curves.—The sharpest curve has a radius of 2,865 feet.

Gradients.—The ruling gradient is 1 in 200.

Agreement—

The line was constructed by the Baroda Durbar at its own cost and made over to the Gondal-Porbandar State railway for working from 1st March 1913 under the following terms:—

Main provisions of agreement—

- (i) *Land.*—Provided at the cost of capital.
- (ii) *Government aid.*—Nil. The line is the property of the Baroda Durbar and is worked by the Gondal-Porbandar State railway.
- (iii) *Terms of working.*—40* per cent of gross earnings (subject to a biennial revision) are retained by the working agency, plus actual expenditure on maintenance of way, works and stations, police and magisterial charges, interest and maintenance charges of the joint works and joint traffic expenses at Khijadia junction and 5 per cent of gross earnings for hire of rolling-stock supplied by the working agency.

* Reduced to 35 per cent in those half-years in which the gross earnings per mile per week exceed Rs. 50.
- (iv) *Distribution of profits.*—The whole of the net earnings are paid over to the Baroda Durbar.
- (v) *Rates and fares.*—
- (vi) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—	} The same as those in force on the Gondal-Porbandar State railway.
(b) Government bullion and coin, and the persons in charge thereof.—	
- (vii) *Power of the Government to determine agreement.*—
- (viii) *Power of the Proprietors to determine agreement.*—
- (ix) *Term of agreement.*—5 years from 22nd May 1913.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

GRAND TOTAL	679.75

Details of construction—

Permanent-way.—About 11 miles of the line are laid with 36-lb. flat-footed iron rails, 184 miles with 36-lb., 46 miles with 41½-lb. and 363 miles with 50-lb. flat-footed steel rails. The sleepers are steel trough, deodar, sâl, maiyang and creosoted pine.

Ballast.—On the greater portion of the line the ballast consists of coarse sand, kunkur and broken stone.

Fencing.—With the exception of a few stations, the line is unfenced.

Curves.—There are no curves with a radius of less than 1,000 feet.

Gradients.—The ruling gradient is 1 in 150, except at mile 0-1 on the Phalodi branch where the steepest gradient is 1 in 130.

APPENDIX 1—contd.

20 (a) Jodhpur-Bikaner railway (Jodhpur section) (3' 3½" gauge)—contd.

Agreements—

Dated the 18th July 1889 } , between the Government of India and the Bikaner and Jodhpur Durbar
 Dated the 30th July 1889 } respectively, as to the construction (at the cost of the two Durbars for the
 portions in their respective territories), management, maintenance and working of the Jodhpur
 Bikaner railway.

Dated the 22nd December 1900, between the Government of India and His Highness the Maharaja
 Jodhpur and the Council of Regency, Bikaner, as to the construction (at the cost of the Jodhpur
 Durbar and of the Government of India for the portions in their respective territories), of a railway
 from Balotra to Hyderabad, and for the management, maintenance and working thereof by the
 Jodhpur-Bikaner railway, as modified by—

Letter from the Government of India in the Public Works Department, to the Agent to the
 Governor General for Rajputana, No. 255 R.T., dated the 6th March 1900, and the
 reply thereto;

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 159
 R.T., dated the 20th August 1908; and

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 215
 R.S., dated the 26th October 1908, and the reply thereto.

Main provisions of agreements—

- (i) *Land*.—Provided free of cost—that in Jodhpur territory by the Jodhpur Durbar and that in Bikaner
 territory by the Bikaner Durbar.
- (ii) *Government aid*.—Nil. The Jodhpur-Bikaner railway is the exclusive property of the two Native
 States—the portion in Jodhpur territory belonging to the Jodhpur Durbar, that in Bikaner
 territory to the Bikaner Durbar—each of which provides the funds requisite for its own line.
- (iii) *Distribution of profits*.—Each of the two Durbars receives all the profits derived from the working
 of the portion of the line situated in its territory.
- (iv) *Rates and fares*.—Certain maxima and minima have been fixed, between the limit of which the
 Railway Administration can vary the rates and fares quoted for goods and coaching traffic.
- (v) *Special obligations as to the conveyance of*.—
 (a) Mails, troops, police, high Government officials and Government stores.— } Not specified; but
 (b) Government bullion and coin, and the persons in charge thereof.— } certain rates and
 fares were approved by executive orders of the Durbars.
- (vi) *Power of the Government to determine agreements*.— }
 (vii) *Power of the Durbars to determine agreements*.— } Not specified.
 (viii) *Term of agreements*.— }

Details of construction—

Permanent-way.—The section is laid with 50-lb. flat-footed steel rails on deodar, pine and maiyang sleepers.

Ballast.—The ballast is of kunkur, stone and broken brick.

Fencing.—With the exception of a few stations and about 3½ miles between Shadipalli and Chhor the line is unfenced.

Curves.—There are no curves with a radius of less than 1,000 feet.

Gradients.—The ruling gradient is 1 in 150.

Agreement and contracts—

Agreement, dated the 22nd December 1900, between the Government of India and His Highness the Maharaja of Jodhpur and the Council of Regency, Bikaner, as to the construction (at the cost of the Jodhpur Durbar and of the Government of India for the portions in their respective territories), of a railway from Balotra to Hyderabad, and for the management, maintenance and working thereof by the Jodhpur-Bikaner Railway Administration, as modified by—

Letter from the Government of India in the Public Works Department, to the Agent to the Governor General for Rajputana, No. 255 R.T., dated the 6th March 1900, and the reply thereto;

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 1537 R.T., dated the 20th August 1908; and

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 2197 R.S., dated the 26th October 1908, and the reply thereto.

Contract, dated the 13th July 1911, between the Secretary of State and the Sind Light Railways, Limited, as to the construction, management, maintenance and working, by the Administration of the Jodhpur-Bikaner railway (or any State, or other, agency), of the Mirpur Khas-Jhudo railway.

Contract, dated the 16th September 1912, between the Secretary of State and Their Highnesses the Maharajas of Jodhpur and Bikaner, as to the management, maintenance and working, by the Administration of the Jodhpur-Bikaner railway, of the Mirpur Khas-Jhudo railway.

Main provisions of agreement and contracts—

- (i) *Land.*—Provided by the Government at the cost of capital.
- (ii) *Government aid.*—The line is the property of the Government, who provide all expenditure for capital, and is managed, maintained, stocked and worked by the Administration of the Jodhpur-Bikaner railway as part of that system.
- (iii) *Terms of working.*—The working expenses of the amalgamated undertaking, excluding the cost of maintenance (but including rent of joint works and interest at 4½ per cent on funds provided for the purchase of stores required for the maintenance and working of the combined undertaking) are divided, in the ratio of the gross earnings of each, between the British and Native State sections. Maintenance charges are the actual expenditure on each section for direct charges; and for joint charges such as the salary, allowances and other expenses of the Chief Engineer, the proportion due in the ratio of the gross earnings. In addition to the working expenses mentioned above, the Government pay to the Jodhpur and Bikaner Durbars in each half-year for the provision of rolling-stock a sum equal to 5 per cent of the share of the cost of the whole of the joint-stock of the system which is attributable to the Jodhpur-Hyderabad railway—the book value of the stock being divided between the several sections of the system in proportion to the gross earnings of each for the period, for the purpose of determining the amount on which the percentage shall be made. The charge for the stock which cannot be considered as joint (*i.e.*, the stock which does not ply on each section nor is profit earning) shall be 5 per cent on the cost divided between the sections using it in proportion to the mileage on which it runs on each section.

APPENDIX 1—contd.

Number Main head 20 **JODHPUR-BIKANER RAILWAY SYSTEM—*contd.***
Sub-heads (a) to (f)

20 (d) Mirpur Khas-Jhudo railway (3' 3½" gauge)—*contd.***Agreement and contracts—**

Agreement, dated the 22nd December 1900, between the Government of India and His Highness the Maharaja of Jodhpur and the Council of Regency, Bikaner, as to the construction (at the cost of the Jodhpur Durbar and of the Government of India for the portions in their respective territories) of a railway from Balotra to Hyderabad, and for the management, maintenance and working thereof by the Jodhpur-Bikaner Railway Administration, as modified by—

Letter from the Government of India in the Public Works Department, to the Agent to the Governor General for Rajputana, No. 255 R.T., dated the 6th March 1900, and the reply thereto;

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 1537 R.T., dated the 20th August 1908; and

Letter from the Railway Board to the Agent to the Governor General for Rajputana, No. 2197 R.S., dated the 26th October 1908, and the reply thereto.

Contract, dated the 13th July 1911 between the Secretary of State and the Sind Light Railways, Limited, as to the construction, management, maintenance and working, by the Administration of the Jodhpur-Bikaner railway (or any State, or other, agency), of the Mirpur Khas-Jhudo railway.

Contract, dated the 16th September 1912, between the Secretary of State and Their Highnesses the Maharajas of Jodhpur and Bikaner, as to the management, maintenance and working, by the Administration of the Jodhpur-Bikaner railway, of the Mirpur Khas-Jhudo railway.

Contract, dated the 9th June 1913, between the Secretary of State and the Sind Light Railways, Limited, as to the construction of the Mirpur Khas-Khadro railway and its maintenance, management and working as a part of the Mirpur Khas-Jhudo railway.

Contract, dated the 5th December 1913, between the Secretary of State and Their Highnesses the Maharajas of Jodhpur and Bikaner, as to the maintenance, management and working, by the agency of the Jodhpur-Bikaner Railway Administration, of the Mirpur Khas-Khadro railway as an integral part of the Mirpur Khas-Jhudo railway.

Main provisions of agreement and contracts.—

- (i) *Land.*—Provided by the Government free of cost to the Company, except that the bank constructed by the Jamrao Canal Department, parallel to and alongside the Jamrao Canal, upon which the railway runs for a distance of about 16 miles, remains the property of the Canal Department, subject to the right of the Company to have the said railway running thereon and other provisions relating to the canal and bridges thereover, etc.
- (ii) *Government aid.*—The railway is the property of the Sind Light Railways, Limited, at whose cost it was constructed by the Administration of the Jodhpur-Bikaner railway, who manage, maintain stock and work it, under agreement with the Government, in conjunction with and as part of the British section of the Jodhpur-Hyderabad railway.
- (iii) *Terms of working.*— } As between the Government and the Sind Light Railways, Limited,
 (iv) *Distribution of profits.*— } the Government undertake the management, maintenance, provision of rolling-stock and working, through State, or other, agency (that at present employed being the Administration of the Jodhpur-Bikaner railway), for 40 per cent of the gross earnings of the Mirpur Khas-Jhudo railway; the remainder, being the net earnings of the branch, is paid by the working agency to the Company.

As between the Government and the Administration of the Jodhpur-Bikaner railway, the Company's line is managed, maintained, stocked and worked by the Jodhpur-Bikaner Railway Administration in conjunction with, and as if it had originally been a part of, the British section of the Jodhpur-Hyderabad railway, and were subject to the provisions of the agreement of the 22nd December 1900 so far as they are not inconsistent with the contract of 1911 between the Government and the Company; provided that the difference (if any) between the following sums, *viz.* :—

(a) the proportion (*viz.*, 60 per cent) of the gross earnings of the Mirpur Khas-Jhudo railway in each half-year payable, under the combined effect of the contracts of 13th July 1911 and 16th September 1912, by the working agency to the Company, and

(b) the sum which would have been payable to the Government as the excess of the gross earnings, over working expenses, of the Mirpur Khas-Jhudo railway in terms of the agreement of the 22nd December 1900, if that railway had been originally subject thereto as part of the British section of the Jodhpur-Hyderabad railway and if the gross earnings thereof, ascertained by separate accounts, had been treated as separate from those of the other portion of the Jodhpur-Hyderabad railway so as to bear its own share of working expenses under that agreement in the same half-year,

is adjusted by payment of such difference by the Government to the Jodhpur-Bikaner Railway Administration or *vice versa*, as the case may be, according as the sum payable by the Railway Administration to the Company is greater or less than that which would have been payable by the Railway Administration to the Government as stated under (b) above.

20 (e) Mirpur Khas-Khadro railway (3' 3½" gauge)—

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Mirpur Khas to Khadro	1-1-12	49.50	49.50

Details of construction—

Permanent-way.—The line is laid with 60-lb. iron rails for 9 miles and 86-lb. flat-footed steel rails for 40½ miles. The sleepers used are deodar throughout.*Ballast.*—The line is not ballasted.*Fencing.*—The line is unfenced.*Curves.*—The sharpest curve is of 995 feet radius.*Gradients.*—The ruling gradient is 1 in 200.

Contracts—

Dated the 9th June 1913, between the Secretary of State and the Sind Light Railways, Limited, as to the construction of the Mirpur Khas-Khadro railway and its maintenance, management and working as a part of the Mirpur Khas-Jhudo railway.

Dated the 5th December 1913, between the Secretary of State and Their Highnesses the Maharajas of Jodhpur and Bikaner, as to the maintenance, management and working, by the agency of the Jodhpur-Bikaner Railway Administration, of the Mirpur Khas-Khadro railway as an integral part of the Mirpur Khas-Jhudo railway.

Main Provisions of contracts—

The same as noted under 19(d) Mirpur Khas-Jhudo railway (3' 3½" gauge) except as follows:—

(c) Power of the Government to determine contract.—Government may determine the contract by 'notice of purchase' either on the 31st December in the twenty-first year after the opening of the line for traffic, or on the 31st December in the last year of any subsequent period of 10 years, paying

Main provisions of contracts—concl'd.

to the Company 25 times the amount of the average yearly net earnings of the railway during the 3 years immediately preceding the purchase, provided that such sum shall not exceed more than 20 per cent, nor be less than, the total capital expenditure.

Government may also determine the contract and purchase the railway in the following events:—

- Government may also determine the contract and purchase the railway in the following events:—
- (a) If it is considered desirable that the gauge of the railway should be altered;
 - (b) If it is considered desirable to convert the railway into a line of through communication; and
 - (c) If it is considered desirable to extend the line (without altering the gauge or making the railway part of a through route) and the Company is unable or unwilling to supply the necessary capital for the purpose;

on payment to the company 25 times the average net earnings during the 3 years preceding the purchase or 115 per cent of the capital expenditure whichever shall be the greater, but if the purchase occurs within less than 3 years from the opening of the line the price shall be 115 per cent of the capital expenditure.

20 (f) Pipar-Bilara Light railway (2' 0" gauge)—

The line was constructed originally as a steam tramway, to which the provisions of the Indian Railways Act were applied on the 6th July 1912.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Pipar Road to Bhavi	25-11-10	19.00	
Bhavi to Bilara	1-3-12	6.25	
TOTAL	25.25

Details of construction—

Permanent-way.—The permanent-way consists of 24-lb. steel rails on deodar sleepers.

Ballast.—The line is ballasted with earth.

Fencing.—The line is not fenced.

Curves.—The radius of the sharpest curve is 478 feet.

Gradients.—The ruling gradient is 1 in 600—except in the sections from mile 6.38 to mile 6.76 and from mile 7 to mile 7.53, where the gradient is 1 in 100 in cuttings.

Agreement—

Nil.—The line was constructed and is owned by the Jodhpur Durbar by whom it was worked up to the 3rd February 1913. From the 4th February 1913, the working was taken over by the Jodhpur-Bikaner Railway Administration.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 21} _{Sub-head (a)} JUNAGAD STATE RAILWAY (3' 3½" gauge)—

This line was constructed by Government agency for the Native State of Junagad (after which it is named). It was, up to the 31st March 1911, worked by an Administrative Coalition of the States of Bhavnagar, Gondal, Junagad and Porbandar, which was formed for the purpose of working, as one undertaking, the railways which, prior to that date, were comprised in the Bhavnagar-Gondal-Junagad-Porbandar railway. The Coalition ceased to exist on the 1st April 1911, on and from which date the line is being worked independently as a separate and distinct railway.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
Main line—				
Jetalsar to Junagad	1-9-88	16-00	67-30

Total open mileage	113-90
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—				
Bantva to Kutiyana (sanctioned on 15th April 1914)	11-17	11-17	11-17
GRAND TOTAL	125-07

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails on creosoted pine, deodar and jodka teak sleepers.

Ballast.—The line is ballasted with broken stone.

Fencing.—The line is practically unfenced.

Curves.—The sharpest curve is of 1,200 feet radius.

Gradients.—The ruling gradient is 1 in 150, except on the approach to Sorath Vantli station on the Kutiyana branch where it is 1 in 100.

Agreement—

Nil.—The line is owned and worked by the State of Junagad.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 22 **MORVI RAILWAY (3' 3½" and 2' 6" gauges)**—
Sub-head (a)

The whole line was originally on the 2' 6" gauge. In 1905 the length between Wadhwan and Rajkot was converted to the 3' 3½" gauge—from Wadhwan to Than Road, 31.84 miles, on a new alignment and onwards to Rajkot, 42.60 miles, on the original alignment with a few unimportant diversions. The line between Vankaner and Morvi was retained on the 2' 6" gauge.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
3' 3½" gauge— Wadhwan to Rajkot Junction	4-3-05	73.94	73.94	
2' 6" gauge— Vankaner to Morvi	24-3-87	15.70		
Quarry branch	23-12-05	8.19	18.89	
Total				92.83

Details of construction—

Permanent-way.—The permanent-way on the 3' 3½" gauge section consists of 41½-lb. flat-footed steel rails on half-round teak sleepers; and that on the 2' 6" gauge section of 29-lb. flat-footed steel rails on steel trough and creosoted pine sleepers.

Ballast.—The line is ballasted with moorum (disintegrated trap).

Fencing.—The line is unfenced.

Curves.—The sharpest curve on the 3' 3½" gauge is of 950 feet radius; and that on the 2' 6" gauge is of 500 feet radius.

Gradients.—The ruling gradient of the greater part of the railway is about 1 in 200 with a 1 in 150 banking section.

Contract—

Nil.—The line was constructed by His Highness the Thakore Sahib of Morvi, at his own expense, and is maintained and worked by him.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907).—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.		Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

Details of construction—

Permanent-way.—The permanent-way consists of 41½ and 50-lb. steel rails on sal, Australian and deodar sleepers. The lines from Lalkua to Ramnagar, Moradabad to Kashipur and Pilibhit to Carewganj are laid with 41½-lb. steel rails on sal and deodar sleepers.

Ballast.—The ballast consists of broken brick and shingle.

Fencing.—The line is partially fenced.

Curves.—There are no curves with a radius of less than 716 feet.

Gradients.—The ruling gradient between Bhojseepura and Kathgodam is 1 in 280, except near the hills where it is 1 in 70; between Bareilly and Kasganj, 1 in 400; between Moradabad and Ramnagar, 1 in 400, except near the hills where it is 1 in 125; between Lalkua and Kashipur, 1 in 200, except for a short distance near Lalkua where it is 1 in 100; and between Pilibhit and Carewganj, 1 in 400.

Contracts—

Dated the 12th October 1882 (called the original contract), between the Secretary of State and the Rohilkund and Kumaon Railway Company, as to the construction, maintenance, management and working of the railway from Bhojseepura to Kathgodam.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number ^{Main head 21} _{Sub-heads (a) to (c)} ROHILKUND AND KUMAON RAILWAY SYSTEM—*contd.*

24 (a) Rohilkund and Kumaon railway (3' 3½" gauge)—*contd.*Contracts—*consid.*

Dated the 8th September 1890 (called the principal contract), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the working of the Company's line and the construction, maintenance, management and working of certain State lines.

Dated the 31st December 1892 (supplemental to the contract of 1890 and called the capital advance contract), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, for the advance of capital for the State line and as to debentures.

Dated the 5th February 1901 (supplemental to the contracts of 1882, 1890 and 1892), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, prolonging and continuing the contract of 1890, subject to certain modifications thereof and of the contracts of 1882 and 1892.

Dated the 24th April 1903 (supplemental to the contracts of 1882 and 1890), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the adoption of 1s. 4d. per rupee as the "prescribed" rate of exchange.

Dated the 15th July 1904 (supplemental to the contracts of 1882, 1890, 1901 and 1903), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the construction, maintenance, management and working of certain Branch railways and the purchase of existing Branch lines.

Dated the 13th July 1906, *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the provision of moneys for capital expenditure on the Powayan Steam Tramway, and the acquisition by the Company of interests in that Tramway, and other matters.

Dated the 24th March 1909 (supplemental to and in modification of the contracts of 1882, 1890, 1892, 1901, 1903, 1904 and 1906), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the raising of capital for the purposes both of the Company's lines and of the Lucknow-Bareilly railway, and for the construction, maintenance, management and working of the Pilibhit-Barmdeo railway extensions of the Dudhwa branch with a permanent bridge over the Sarda river, and the Pilibhit-Shahjahanpur railway.

Dated the 3rd July 1914 (supplemental to the contracts of 1882, 1890, 1892, 1901, 1903, 1904, 1906 and 1909), *between the Secretary of State and the Rohilkund and Kumaon Railway Company*, as to the adoption of the Government financial year for the preparation of the accounts.

Main provisions of contracts.—

(i) *Land*.—Land for the Company's railway constructed in pursuance of the original contract was provided by the Government free of cost to the Company, subject to the condition that the Company pays, on demand, to Government the cost price of land purchased by Government for the purposes of the Company's railway. Land for the railway from Gola Gokaran Nath to Pilibhit, and for all the other State lines provided by the Government after the 1st January 1891, is charged to capital subsequent to the date of the principal contract. Land for Branch railways and Branch line works is provided free, except and excluding land required for quarrying, ballast, brickfields or kindred purposes.

(ii) *Government aid*.—Government guaranteed interest at 4 per cent per annum in sterling on the capital up to £200,000 expended on the Company's original railway until its opening throughout for public traffic but for no longer than and including 1st January 1885; thereafter a subsidy of Rs. 20,000 half-yearly for ten years from the date of opening, which ceased on the 31st December 1894.

In the case of the Lucknow-Bareilly railway the Government guarantee the principal and interest in respect of debentures for the nominal amount of £147,000 issued by the Company in order to raise the sum of £160,000 (the sum actually realised being £160,887).

[NOTE.—Of these, debentures for £40,000 were paid off from advances by the Secretary of State in England on 1st July 1911].

The Company reimburses the Government any amount by which the interest payable under the guarantee may exceed Rs. 96,000 in any one year.

All sums advanced by the Government after the 31st December 1900 bear interest at the rate of 3½ per cent per annum.

(iii) *Terms of working*.—The Lucknow-Bareilly railway is worked in conjunction with the Company's own line, a joint account of working expenses being kept. Joint working expenses account includes—

(1) any item of capital expenditure not exceeding Rs. 1,000 classed as "minor work" subject to a maximum charge on such account of Rs. 15 per mile of railway open per half-year, and

(2) a payment to Government of Rs. 20 per mile of railway open to traffic per half-year for audit and supervision.

The joint working expenses of the open system are divided between—

(a) the Company's original line and "the Additional Main Line Works,"

(b) the Lucknow-Bareilly railway and "the State Line Works" and

(c) "the Branch Railways" and "the Branch Line Works"

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number Main head 24 ROHILKUND AND KUMAON RAILWAY SYSTEM—*contd.*
Sub-heads (a) to (c)24 (a) Rohilkund and Kumaon railway (3' 3½" gauge)—*contd.*Main provisions of contracts—*contd.*

in proportion to the respective gross earnings of those three classes.

(iv) *Distribution of profits.*—The earnings of the Company's original line and "the Additional Main Line Works," after payment of all working expenses, are applied in the following order :—

- (a) in payment of contribution to Provident Fund contingent on net earnings,
- (b) in payment of interest on the Company's Main Line Stock (being part of the Joint Debenture Stock),
- (c) in payment of interest on borrowed capital, and
- (d) in payment of interest at 6 per cent per annum on the *bond fide* paid up share capital of the Company.

The surplus is divided equally between the Government and the Company.

The net earnings of "the Branch Railways" and of "the Branch Line Works" belong absolutely to the Company, without any right of the Secretary of State to participate therein, subject only to the payment thereof of contribution to Provident Fund contingent on net earnings and interest on the Company's Branch Line Stock (being part of the Joint Debenture Stock).

The net earnings of the Lucknow-Bareilly railway and "the State Works", *i.e.*, of the undertaking, are applied in the following order :—

- (a) In payment of contribution to Provident Fund contingent on net earnings,
- (b) in payment of the interest at 4 per cent per annum on the State Stock (being part of the Joint Debenture Stock), except interest on such portion of the State Stock as may for the time being be appropriated for lines under construction, which latter is charged to capital till the close of the half-year next after the opening of lines to traffic,
- (c) in payment of the interest on the debentures of £147,000 issued by the Company in 1890 and of interest at 4 per cent per annum on any further capital supplied by the Company or advanced by the Government for the purposes of the undertaking (3½ per cent per annum on Government advances subsequent to the 31st December 1900),
- (d) in payment to the Government of interest at 4 per cent per annum on the value at cost price of the railways, rolling-stock, plant, machinery and land handed over to or retained by the Company on the 1st January 1891 (standing to debit of Part I of the Capital Account), and
- (e) the residue is divided between the Government and the Company in the ratio of their respective shares of capital in the undertaking.

[Note 1.—The State Stock (part of Joint Debenture Stock), excluding and except so much of it as is appropriated for the construction of the Pilibhit-Barndeo railway, does not participate in profits either as Government capital or as Company's capital.]

[Note 2.—The amount advanced by the Secretary of State to pay off debentures for £40,000 (part of £147,000 *vide* (ii) above and note in connection therewith) does not affect the capital of either the Secretary of State or the Company for the purposes of division of surplus profits of the Lucknow-Bareilly railway.]

(v) *Rates and fares*—

Maxima :—

Passengers :—

1st class, 3 annas per mile.

Lower class, 4½ pies per mile.

Luggage, 2 pies per maund per mile.

Company's lines :—

Goods :—

Edible grains, ½rd pie per maund per mile.

Other goods, 2 pies per maund per mile.

Parcels and live-stock at rates not exceeding 50 per cent over rates on the East Indian railway.

On the Branch railways food grains and salt are to be carried at rates, not less than the minimum for goods, as the Government may fix; and fuel for distances exceeding 100 miles on the Branch railways, or on any part thereof together with any part of the other railways belonging to or worked by the Company at a rate not exceeding ½th pie per maund per mile.

Lucknow-Bareilly railway and branches :—

The Government to authorise, from time to time, maximum and minimum rates, and to prescribe the classification of passengers and goods, as well as the extent to which, within the maxima and minima, the Company varies such rates.

For traffic between the joint line (Bareilly-Bhojeepera) and the Company's own line, the rates in force on the latter may be levied, except in the case of food grains and salt, and of fuel carried

for distances exceeding 100 miles; for the former the rates will not be less than the minimum for goods fixed by Government, and for the latter the rates will not exceed ¼th pie per maund per mile.

(vi) *Special obligations as to the conveyance of.—*

(a) Mails.—On the Company's original line, to be conveyed on payment of Rs. 5,000 half-yearly. On the extensions of the Company's original line (Additional Main Line Works), the Company is to receive a reasonable remuneration in lieu of the sum of Rs. 5,000 above noted.

On the Lucknow-Bareilly railway and branches, on the same general conditions as are for the time being in force on other 3' 3½" gauge State railways, and at rates to be approved by the Government.

(b) Troops, police, high Government officials and Government stores.—

On the Company's lines, at the ordinary tariff rates charged to the public.

On the Lucknow-Bareilly railway and branches, on the same general conditions as are for the time being in force on other 3' 3½" gauge State railways, and at rates to be approved by the Government.

(c) Government bullion and coin, and the persons in charge thereof.—

On the Company's lines at special rates to be from time to time agreed upon between the Government and the Company.

On the Lucknow-Bareilly railway and branches, at special rates to be approved by the Government.

(vii) *Power of the Government to determine contract.—*

Contract of 1882: The Government may terminate the contract at the end of the 50th year, *i.e.*, on the 31st December 1932, by giving 12 months' notice. If the contract terminate by such notice, or by the efflux of time, the Government are to pay to the Company 25 times the average net earnings, less the Government share of surplus profits, during the 5 years immediately preceding either the date of the termination or (at the option of the Government) the 31st December 1912.

[Note.—The cost of making good any shortcomings which render the value of the line not commensurate with the capital expended may be deducted from the purchase price payable.]

The Government may also determine the contract at any time on 6 months' notice (called the "Notice of Determination") if the Company fail to observe its obligations, on payment of the value of the permanent-way, stock and plant, or may call upon the Company to accept the same in lieu of payment, in which latter case the Company must remove its property within 9 months from the termination of the contract, otherwise it becomes the property of the Government.

Contract of 1890: If the original contract with the Company, dated the 12th October 1882, terminate for any reason, then the contract for the working of the Lucknow-Bareilly railway *ipso facto* terminates at the same time. The Government may terminate the contract on the 31st December 1932, or on the 31st December in any subsequent year, by giving 12 months' notice. The Government may also determine the contract on 6 months' notice (called the "Notice of Determination") if the Company fail to observe its obligations.

On the determination of the contract the Government will resume possession of the State railway, and at their option will either repay the capital that has been received from the Company for the purposes of the undertaking, or will take over the liability of the Company in respect of such capital. If the capital is repaid, the payment may, at the option of the Government, be made either in England or in India.

Contract of 1904: If the original contract with the Company, dated the 12th October 1882, terminate either by "Notice of Purchase" or by the efflux of time, then the contract of 1904 terminates at the same time, in which case the Government are to pay to the Company 25 times the average net earnings of the Lalkua-Kashipur-Moradabad-Ramnagar branches during the 5 years immediately preceding the termination, provided such sum does not exceed by more than 20 per cent, nor be less than, the capital expenditure on those railways.

[Note.—The cost of making good any shortcomings which render the value of the line not commensurate with the capital expended may be deducted from the purchase price payable.]

The Government may also determine the contract at any time on 6 months' notice (called the "Notice of Determination") if the Company fail to observe its obligations, on payment of the value of the permanent-way, stock and plant, or may call upon the Company to accept the same in lieu of payment, in which latter case the Company must remove its property within 9 months from the termination of the contract, otherwise it becomes the property of the Government.

Contract of 1909: By clause 18 of the contract of the 24th March 1909, if either the contract of 1890 be determined from any cause or that of 1909 be determined by "Notice of Purchase" as far as each relates to "the State lines", but not further or otherwise, then the other of the two contracts *ipso facto* terminates at the same time.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 24 ROHILKUND AND KUMAON RAILWAY SYSTEM—contd.
Sub-heads (a) to (c)

24 (a) Rohilkund and Kumaon railway (3' 3½" gauge)—concl'd.

Main provisions of contracts—concl'd.

By clause 19 of the contract of the 24th March 1909, that contract so far as relates to "the Schedule Company's Works" (the Pilibhit-Shahjahanpur line), in common with the contract of 1904 terminates *ipso facto* with the determination by "Notice of Purchase" of the Company's original contract of the 12th October 1882, the Government, however, only having the power to purchase "the Company's original line", "the Branch railways" and "the Schedule Company's Works" collectively, not any of them separately from the other or others of them.

By clause 20 of the contract of the 24th March 1909—

(a) the contract of 1909 so far as it relates to "the Additional Main Line Works" terminates *ipso facto* with the determination by "Notice of Determination" of the Company's original contract of the 12th October 1882,

(b) the contract of 1909 so far as it relates to "the Branch Line Works" terminates *ipso facto* with the determination by "Notice of Determination" of the contract of 1904, except as noted above against clauses 18 and 20 of the contract of 1909 and also except as provided for in clause 77 of the contract of 1890, the several powers of the Government to determine by "Notice of Determination" the contracts respectively of 1882, 1890 and 1904, and also that of 1909 so far as they relate to "the State Line Works" to "the Additional Main Line Works" and to "the Branch Line Works", remain separate and unaffected, and are exercisable as to any one or parts thereof independently and without prejudice as to the continuance of the others or parts thereof, in the event of the Company failing to observe its obligations contained in the contract or part of the contract which it is sought to determine: provided that the powers of the Government to determine, by "Notice of Determination", the contract of 1909 so far as it relates to "the Additional Main Line Works" and to "the Branch Line Works" are exercisable separately in respect of any line or branch forming an independent part of such works, if the Company fail to observe its obligations in regard thereto.

(viii) Power of the Company to surrender contract.—Nil.

(ix) Term of contract.—Those of 1882, 1904 and 1909, up to the 31st December 1981; that of 1890, up to the 31st December 1932.

GRAND TOTAL	

Details of construction—

Permanent way.—The permanent-way consists of 41½-lb. and 50-lb. steel rails on sal sleepers.

Ballast.—The ballast consists of broken brick, kunkur and shingle.

Fencing.—The line is partially fenced.

Curves.—There is only one curve with a radius of less than 1,000 feet.

Gradients.—The ruling gradient between Lucknow and Bareilly is 1 in 500, except near Lucknow and Bareilly, where it is 1 in 200; between Mailani and Kaurialaghat, 1 in 400 and between Dudhwa and Chandan Choki, 1 in 100.

Contracts—

Main provisions of contracts— } As noted under 24 (a), Rohilkund and Kumaon railway (3' 3½" gauge).

TOTAL	39-50

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, weighing 24-lb. to the yard, laid on s&l sleepers.**Ballast.**—The line is ballasted with earth.**Fencing.**—The line is unfenced except at Shahjahanpur station.**Curves.**—There are no curves with a radius of less than 300 feet.**Gradients.**—The line is not graded.

Local Government orders and contracts—

Powayan Steam Tramway Company Order, 1889, published under Notification by the Government of the North-Western Provinces and Oudh (now United Provinces of Agra and Oudh), No. 1803 W.R., dated the 18th December 1889, authorising the construction of a steam tramway from Shahjahanpur railway station on the Oudh and Rohilkhand railway to Khotar.

"Further Order" of the Powayan Steam Tramway Company, 1894, published under Notification by the Government of the North-Western Provinces and Oudh (now United Provinces of Agra and Oudh), No. 148-17-W. R., dated the 23rd April 1904, authorising the construction of an extension of the Powayan Steam tramway from Khotar to Mailani railway station on the Lucknow-Bareilly railway.

Contract, dated the 1st July 1901 (called the Tramway Company's contract), between the Secretary of State and the Powayan Steam Tramway Company, as to handing over to the Secretary of State, or to the Working Agency appointed by him, the Tramway for maintenance, management and working.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 25} Sub-heads (a) to (c) **ROHILKUND AND KUMAON RAILWAY SYSTEM—concl'd.**

25 (c) Powayan Light railway (2' 6" gauge)—concl'd.**Local Government orders and contracts—concl'd.**

Contract, dated the 6th November 1902 (supplemental to the contracts of 1882, 1890, 1892 and 1901, noted under 24 (a), Rohilkund and Kumaon railway), between the Secretary of State and the Rohilkund and Kumaon Railway Company, as to the maintenance, management and working of the Powayan Steam Tramway.

Contract, dated the 13th July 1906, between the Secretary of State and the Rohilkund and Kumaon Railway Company, as to the provision of moneys for capital expenditure, and acquisition by the Railway Company of interest in the Powayan Steam Tramway Company.

Contract, dated the 16th January 1912 (supplemental, or to be read as an annexure, to the contract of 1901), between the Secretary of State and the Powayan Steam Tramway Company, as to certain alterations and modifications in the provisions of clauses 2 and 18 of the contract of 1901 in regard to its determination.

Contract, dated the 17th May 1914 (supplemental, or to be read as an annexure to the contracts of 1901, 1902 and 1912); between the Secretary of State of the first part, the Powayan Steam Tramway Company of the second part and the Rohilkund and Kumaon Railway Company of the third part, modifying the terms of the working agency agreement of 1st July 1901 as to half-yearly dates for making up the accounts.

Main provisions of Local Government orders and contracts—

- (i) *Land.*—Provided at the cost of the Company, other than the portion of the provincial road which the Company is authorised to use.
- (ii) *Government aid.*—The line, subject to interests acquired therein by the Rohilkund and Kumaon Railway Company, is the property of the Powayan Steam Tramway Company, and is managed, maintained and worked by the Rohilkund and Kumaon Railway Company on behalf of the Government.
- (iii) *Terms of working.*—The working agency retains 70 per cent of the gross earnings of the tramway, until the line is fully equipped, and thereafter the same percentage as that at which the Rohilkund and Kumaon Railway Company's "open system" is worked, subject to a minimum of 60 per cent.

[NOTE.—The percentage so retained by the working agency is in full satisfaction of the cost of petty works rolling-stock, plant and machinery costing not more than Rs. 200, subject to the limit of Rs. 20 per mile per half-year. The cost of petty works, rolling-stock, plant and machinery exceeding these limits is to be borne by the Capital Account of the Tramway Company.]

- (iv) *Distribution of profits.*—After payment of working expenses as above noted and contributions to the Working Agency's Provident Fund, the balance of the gross earnings, if any, are paid over to the Tramway Company.

(v) *Rates and fares.*—To be those from time to time applicable to the Lucknow-Bareilly railway.

- (vi) *Special obligations as to the conveyance of.—*

(a) Mails, police, troops, high Government officials and Government stores.— } Not specified.

(b) Government bullion and coin, and the persons in charge thereof.— }

- (vii) *Power of the Government to determine contract.*—Government may terminate the contract on the 31st December 1932, or on the 31st December in any subsequent year but not earlier, on 12 months' notice given. Government may also terminate the contract at any time, on 6 months' notice, if the Company fails to observe its obligations.

Government also have the option, on giving 12 months' notice to the Tramway Company, after the Shahjahanpur-Khotar section has been open for public traffic for 15 years and the Khotar-Mailani section for 10 years, and thereafter at terms of 7 years each; to take over the tramway on paying the Tramway Company the value of the property as a dividend-earning investment at the date of giving such notice, with an additional bonus of 20 per cent over and above such value.

- (viii) *Power of the Company to surrender contract.*—Nil.

(ix) *Term of contract [if not determined under (vii)].*—Up to the 31st December 1932.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 26 UDAIPUR-CHITORGARH RAILWAY (3' 3½" gauge)—
Sub-head (a)

The line was constructed at the expense of the Mewar Durbar, and was maintained and worked by the Bombay, Baroda and Central India Railway Company up to the 31st December 1897. With effect from 1st January 1898 the maintenance and working of the line were taken over by the Durbar.

Running powers—

Home line over Foreign line :—

Bombay, Baroda and Central India railway, 3' 3½" gauge, Berach Signal station to Chitorgarh

Miles.
1·42

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Berach near Chitorgarh to Debari near Udaipur	1-8-95	60·39	
Separate station at Chitorgarh	15-8-98	0·47	
Debari to Udaipur	25-8-99	6·44	
TOTAL			67·30

Details of construction—

Permanent-way.—The permanent-way consists of 41½-lb. flat-footed steel rails laid on deodar sleepers.

Ballast.—The ballast consists of broken stone.

Fencing.—The line is fenced round stations only.

Curves.—On the Berach-Debari section the sharpest curve is of 1,146 feet radius; and on the extension from Debari to the Ahr river near Udaipur, at the 61st mile, the sharpest curve has a radius of 820 feet.

Gradients.—The ruling gradient is 1 in 120, except on the section Debari to Udaipur where it is 1 in 100.

Contract—

Nil.—The line is owned and worked by the Mewar Durbar.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907).—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. Sub-head (a)

Date of registration of the Company.—19th October 1909.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.	Remarks.
1	2	3	4	5
Arrah to Sasaram	6-3-11	60.50		
Sasaram to Tarachandi Hill	12-11-14	*4.76		*For goods traffic only.
TOTAL	65.26	

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails on sal sleepers.

Ballast.—The line is ballasted with broken stone.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 573 feet radius, between Arrah and Sasaram and 283 feet, between Sasaram and Tarachandi Hill.

Gradients.—The ruling gradient is 1 in 250, between Arrah and Sasaram and 1 in 100 between Sasaram and Tarachandi Hill.

Local Government orders and agreements—

The Arrah-Sasaram Tramway Company order published under the Bengal Government, Railway Department, Notification No. 39 R., dated the 12th October 1909, authorising the construction of a line from Arrah to Sasaram in the district of Shahabad.

Agreement, dated the 15th October 1909, between the District Board of Shahabad and Messrs. Martin and Company of Calcutta (called "the Promoters") by and on behalf of the Arrah-Sasaram Light Railway Company, as to the grant of a concession to the Company of the right to construct and work the line.

Agreement, dated the 30th October 1912 (supplemental to the agreement of 15th October 1909), between the District Board of Shahabad and the Arrah-Sasaram Light Railway Company; as to the construction, maintenance and working of the extension from Sasaram to Tarachandi Hill as a part of the Arrah-Sasaram Light railway.

The Arrah-Sasaram Tarachandi Hill extension order published under the Bihar and Orissa Government, Railway Department, Notification No. 4760 R., dated the 8th September 1913;

Main provisions of Local Government orders and agreements—

- (i) *Land.*—Provided at the cost of the Company, except one side of the district road the free use of which is authorised.
- (ii) *Aid by the Local authority.*—The District Board of Shahabad recommend and apply to the Local Government to exempt the Company from the tax on account of road cess, or to exact only a nominal tax, for a period of 21 years from the date when the line is opened for traffic, with power of renewal. The Board also guarantee to supplement the net earnings of the Company by such annual subsidy as may be necessary to allow of it paying a dividend of 4 per cent per annum on their share capital, provided that the total liability of the Board on this account in any one year shall not exceed Rs. 88,000 or the sum of 4 per cent on the Company's share capital whichever is less.
- (iii) *Distribution of profits.*—Surplus profits in excess of 4 per cent on the share capital of the Company are divided equally between the District Board of Shahabad and the Company.
- (iv) *Rates and fares.*—Certain maximum rates of fares for passengers and the adoption of the General Classification of goods with separate maximum and minimum rates for goods of the different classes have been prescribed. Full control over charges of all kinds is reserved to the Local Government.

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails on pynkado, sal and Australian jarrah wood sleepers.

Ballast.—The line is ballasted with broken brick.

Fencing.—The line is unfenced.

Curves.—The sharpest curve has a radius of 400 feet.

Gradients.—The ruling gradient is 1 in 250.

Agreements and Local Government orders—

A agreement, dated the 14th December 1897 (called the principal agreement), between the District Board of the 24 Parganas and Messrs. Martin and Company on behalf of the Baraset-Basirhat Tramway Company, Limited, as to the grant of a concession to the Tramway Company by the District Board;

Agreement, dated the 14th May 1902 (supplemental to the agreement of 1897), between the District Board of the 24 Parganas and Messrs. Martin and Company on behalf of the Baraset-Basirhat Tramway Company, Limited, modifying clause 4 of the agreement of 1897;

The Baraset-Basirhat Tramway Company order, published under the Bengal Government, Railway Department, Notification No. 86 R., dated the 15th May 1903;

as to the construction, maintenance and working of the line from Baraset to Basirhat.

A agreement, dated the 3rd August 1903, between the District Board of the 24 Parganas, Messrs. Martin and Company and the Baraset-Basirhat Light Railway Company, Limited, as to the adoption as between the Board and the new Railway Company of the agreement of 1897 as modified by the agreement of 1902, and as to the discharge of the Promoters from all liability thereunder or in respect thereof.

Agreement, dated the 6th November 1907 (supplemental to the agreements of 1897, 1902 and 1903), between the District Board of the 24 Parganas and the Baraset-Basirhat Light Railway Company, Limited;

The Baraset-Basirhat-Taki Extension order, published under the Bengal Government, Railway Department, Notification No. 22 R., dated the 23rd November 1907;

as to the construction, maintenance and working of the extension of the line from Basirhat to Taki and Hosana-bad as a part of the Baraset-Basirhat Light railway.

Agreement, dated the 21st December 1908 (supplemental to the agreements of 1897, 1902, 1903 and 1907), between the District Board of the 24 Parganas and the Baraset-Basirhat Light Railway Company, Limited;

The Baraset-Basirhat-Pattipooker Extension order, published under the Bengal Government, Railway Department, Notification No. 9 R., dated the 19th February 1909;

as to the construction, maintenance and working of an extension of the line from Beliaghata bridge to Pattipooker, as part of the Baraset-Basirhat Light railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 32 **BARASET-BASIRHAT LIGHT RAILWAY (2' 6" gauge)—concl'd.**
Sub-head (a)

Agreements and Local Government orders—concl'd.

Agreement, dated the 7th August 1914 (supplemental to the aforesaid agreements) between the District Board of the 24 Parganas and the Baraset-Basirhat Light Railway Company, Limited;

The Baraset-Basirhat-Belgatchia extension order, published, under the Bengal Government Railway Department Notification, No. 12-R., dated the 15th August 1914.

as to the construction, maintenance and working of an extension from Pattipooker to Belgatchia as part of the Baraset-Basirhat Light Railway.

Main provisions of agreements and Local Government orders—

- (i) *Land.*—Land, other than portions of the District Road between Baraset and Basirhat the free use of which in perpetuity is authorised by the District Board, provided at the cost of Company's capital.
- (ii) *Aid by the District Board.*—The District Board recommend and apply to the Local Government either to exempt the Company from the road cess or to exact only a nominal tax for a period of 21 years from the date when the line is opened for traffic, with power of renewal. The District Board also guarantee such an annual subsidy as may be necessary to make the net profits of the Company equal to Rs. 1,500 per mile of line open, provided that the total contribution by the Board does not exceed Rs. 38,000 per annum, being 4 per cent on the amount of the Company's share capital.
- (iii) *Distribution of profits.*—Surplus profits in excess of 4 per cent on the Company's share capital are divisible equally between the District Board and the Company.
- (iv) *Rates and fares.*—Certain maxima fares for passengers, and a tariff of charges for goods have been fixed. Full control over charges of all kinds is reserved to the Local Government.
- (v) *Special obligations as to the conveyance of.*—
- (a) Mails and postal officers and servants on duty.—At the rates and on the conditions in force from time to time on State railways.
- (b) Troops, police, high Government officials and Government stores.—
- (c) Government bullion and coin, and the persons in charge thereof.— } Nil.
- (vi) *Power of the District Board to determine agreement.*—Upon the expiration of 21 years from the date of the Local Government order authorising the construction of the line, or at intervals of 7 years thereafter, the District Board, by giving 6 months' notice, can purchase the undertaking by paying to the Company 20 times the average net annual profits of the 4 years preceding the transaction, together with a bonus of 20 per cent thereon.
- (vii) *Power of the Company to surrender agreement.*—Nil.
- (viii) *Term of agreement [if not determined under (vi)].*—Not specified.

UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—				
Pandharpur to Pandharpur town (sanctioned on 21st November 1909)	...	3.39		
			3.39	3.39
GRAND TOTAL	119.23

Details of construction—

Permanent-way.—The permanent-way consists of 85-lb. flat-footed steel rails on steel sleepers.

Ballast.—The line is ballasted with stone and moorum.

Fencing.—The line is unfenced, except for a short distance on either side of level crossings and at bridges. Barsi Road Junction and Barsi Town stations and all stations on the Tadwale and Pandharpur extensions are also fenced.

Curves.—The sharpest curve is of 425 feet radius.

Gradients.—The ruling gradient is 1 in 100. There are, however, two steeper gradients on the original line (from Barsi Road Junction to Barsi Town) one of 1 in 89 and one of 1 in 90; and two on the Tadwale Extension—one of 1 in 50 and the other of 1 in 70.

Contracts and agreements—

Contract, dated the 1st August 1895, between the Secretary of State and the Barsi Light Railway Company, as to the construction, maintenance and working of the line from Barsi Road Junction to Barsi Town (called "the Barsi Town railway").

Contract, dated the 26th August 1902, between the Secretary of State and the Barsi Light Railway Company, as to the construction, maintenance and working of "the Pandharpur extension" and "the Tadwale extension," as modified by letter from the India Office to the London Board of the Barsi Light Railway Company, No. P.W. 1020, dated the 22nd June 1904, extending to 1944 the term at the end of which the option of purchase of the Company's undertaking may be exercised by the Government under clause 59 of the contract.

Contract, dated the 23th May 1903 (supplemental to those of 1895 and 1902), between the Secretary of State and the Barsi Light Railway Company, as to the adoption of 1s. 4d. as the "prescribed" rate of exchange.

Contract, dated the 4th December 1905 (supplemental to that of 1902), between the Secretary of State and the Barsi Light Railway Company, as to the construction, maintenance and working of the Pandharpur and Tadwale Extensions, and for the issue of Debenture Stock.

Contract, dated the 31st March 1909 (supplemental to the contracts of 1902, 1903 and 1905), between the Secretary of State and the Barsi Light Railway Company, as to the construction, maintenance and working, and the inclusion in "the Tadwale Extension," of the railway from Tadwale to the frontier of the Hyderabad State (called "the Hyderabad Frontier Extension"), near Latur in that State.

Agreement, dated the 21st April 1909, between the Government of His Highness the Nizam of Hyderabad and the Barsi Light Railway Company, as to the construction, maintenance and working of a railway from the frontier of the Hyderabad State to Latur in that State, known as the Latur extension.

Agreement, dated the 4th May 1909, between His Highness the Nizam's Guaranteed State Railways Company and the Barsi Light Railway Company, as to the former waiving, in favour of the latter, its preferential right to construct and work the railway from the frontier of the Hyderabad State to Latur in that State, known as the Latur extension.

Contract, dated the 7th October 1913 (supplemental to the contracts of 1902, 1903, 1905 and 1909) between the Secretary of State and the Barsi Light Railway Company, as to the extension of the Company's existing line from Barsi town to Pandharpur station on the north bank of the Bhima river to the town of Pandharpur.

Contract, dated the 24th February 1914 (supplemental to the contracts of 1895, 1902, 1903, 1905, 1909 and 1913) between the Secretary of State and the Barsi Light Railway Company, as to the adoption of the Government Financial year for the purposes of accounts.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 33 BARSII LIGHT RAILWAY (2' 6" gauge)—concl'd.
Sub-head (a)

Main provisions of contracts and agreements—

- (i) *Land.*—In the case of the original Barsii railway the Company are allowed the use of part of the road between Barsii Town and Barsii Road Junction station, any land required outside the road being acquired, at the expense of the Company. For the extensions, land in British territory has been provided by the British Government; that in the Hyderabad State by the Government of His Highness the Nizam, free of cost to the Company.
- (ii) *Government aid.*—Nil.
- (iii) *Distribution of profits.*—The whole to go to the Company.
- (iv) *Rates and fares.*—Certain maxima have been fixed, within which the Company are permitted to vary their rates. On the Extensions the goods classification in force on the Great Indian Peninsula railway is to be adopted. In addition to the above, the Company shall be entitled to charge a pontage on passenger and goods traffic crossing the Bhima river subject to certain conditions.
- (v) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.— } To be conveyed upon the whole of the Company's system at the same rates and fares, and on the same general conditions, as may be in force on State railways. On the Latur extension bullion and coin belonging to His Highness the Nizam's Government or the Government of India, and the persons in charge thereof are carried at special rates.
- (b) Government bullion and coin, and the persons in charge thereof.— }
- (vi) *Power of the Government to determine contract.*—The Government may determine the contract on the 1st January 1944, or at the expiration of any subsequent period of 10 years, by giving 12 months' notice. If the contract is so determined, the Government to pay the Company in England in sterling a sum such as, when added to any unspent capital, shall amount to the total paid up capital expended with the authority of the Government. His Highness the Nizam's Guaranteed State Railways Company have the option of purchasing the length of the line (excluding rolling-stock, workshop machinery and stores) from the frontier of the Hyderabad State to Latur in that State, subject in all respects to the rights of the Nizam's Government under the agreement between His Highness' Government and the Barsii Light Railway Company and also under the several contracts between His Highness' Government and the Nizam's Guaranteed State Railways Company, after the expiration of 20 years from the date of its opening throughout for traffic, on giving 12 months' notice, at a price which shall be 5 per cent in excess of the actual capital expenditure. In the event of His Highness the Nizam's Guaranteed State Railways Company not exercising this right, His Highness the Nizam's Government have the right, on giving 12 months' notice, to purchase the same line at any time after the expiration of twenty years from the date of its opening, at a price which shall be 5 per cent in excess of the actual capital expenditure.
- (vii) *Power of the Company to surrender contract.*—Nil.
- (viii) *Term of contract [if not determined under (vi)].*—Not specified.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Tarkessur to Budrani	7-11-94	12·50	
Budrani to Magra	8-3-95	18·62	
Magra to Tribeni	14-4-04	2·15	
TOTAL	33·27

Details of construction—

Permanent-way.—The permanent-way of the main line consists of 30-lb. flat-footed steel rails laid for 10 miles on steel transverse sleepers and for the remainder on pynkado sleepers. The Tribeni extension is laid on sâl sleepers.

Ballast.—Sand and broken brick.

Fencing.—The line is partially fenced.

Curves.—The sharpest curve is of 716·25 feet radius.

Gradients.—The ruling gradient on the main line is 1 in 1,000; there are short gradients of 1 in 500 to 1 in 700 at bridge approaches; from the bridge under the East Indian railway to Magragunj station, the line is on a gradient of 1 in 350. The ruling gradient on the Tribeni extension is 1 in 500.

Agreements and Local Government order—

Agreement, dated the 16th October 1890, between the District Board of Hooghly and the Promoters of the Bengal Provincial Railway Company, scheduled to the order quoted below;

The Bengal Provincial Railway Company order, published under the Bengal Government, Railway Department, Notification No. 1, dated the 4th January 1896;

Agreement, dated the 12th March 1904, between the Secretary of State and the Bengal Provincial Railway Company, as to the construction, maintenance and working of the extension from Magra station to Tribeni bathing ghat on the Hooghly river.

Main provisions of agreements and Local Government order—

(i) *Land.*—Land required for the purposes of the main line, from Tarkessur to Magra

(ii) *Government aid.*—for the extension from Magra station to Tribeni Ghat on the Hooghly river provided by Government free from rent or other charges.

(iii) *Distribution of profits.*—The profits go to the Company.

(iv) *Rates and fares.*—Certain maximum fares for passengers and maximum and minimum rates for goods traffic, combined with the General Classification of goods of the Indian Railway Conference Association, which are usual on Indian 5' 6" gauge railways have been fixed. Full control over charges of all kinds is reserved to the Local Government.

(v) *Special obligations as to the conveyance of.*—

(a) Mails, Postal officers and servants on duty.—To be conveyed at the rates and on the conditions in force from time to time on State railways.

(b) Troops, police, high Government Officials and Government stores.— } Nil.

(c) Government bullion and coin, and the persons in charge thereof.— }

Silao to Rajgir	1-11-11	5.00	
Total	---	---	33.00

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails laid on pynkado sleepers.*Ballast.*—The ballast consists of broken stone, except in the first few miles where a portion of the packing has been done with broken brick.*Fencing.*—The line is unfenced.*Curves.*—The sharpest curve has a radius of 260 feet.*Gradients.*—The grades are easy, except at bridge approaches and up through the villages of Chero and Rajgir where the grade is 1 in 100.

Agreements and Local Government orders—

Agreement, dated the 21st August 1899, between the District Board of Patna and Messrs. Martin and Company of Calcutta, the Promoters, on behalf of the Bukhtiarpur-Bihar Light Railway Company;

The Bukhtiarpur-Bihar Tramway Company order published under the Bengal Government, Railway Department, Notification No. 100 R., dated the 25th June 1901;

Agreement, dated the 16th August 1901, between Messrs. Martin and Company of Calcutta and the Bukhtiarpur-Bihar Light Railway Company;

Agreement, dated the 17th February 1904, between the District Board of Patna and the Bukhtiarpur-Bihar Light Railway Company, as to the use of land for a siding at Bihar.

Agreement, dated the 2nd June 1908 (supplemental to the agreements of 1899 and 1901), between the District Board of Patna and the Bukhtiarpur-Bihar Light Railway Company;

The Bukhtiarpur-Bihar Extension order published under the Bengal Government, Railway Department, Notification No. 11 R., dated the 15th June 1908;

The Bukhtiarpur-Bihar-Rajgir extension order published under the Bengal Government, Railway Department, Notification No. 20 R., dated the 14th November 1911;

Agreement, dated the 28th November 1911 (supplemental to the agreements of 1899, 1901 and 1908), between the District Board of Patna and the Bukhtiarpur-Bihar Light Railway Company;

as to the construction, maintenance and working of the Bukhtiarpur-Bihar Light railway.

as to the construction, maintenance and working of the extension of the Bukhtiarpure-Bihar Light railway from Bihar to Silao.

as to the construction, maintenance and working of the extension of the Bukhtiarpur-Bihar Light railway from Silao to Rajgir.

Main provisions of agreements and Local Government orders—

(i) *Land.*—The District Board of Patna grant to the Bukhtiarpur-Bihar Light Railway Company in perpetuity, subject to their right of purchasing the line [as in (vi) below], the free use of so much of the side portion of the District Board road between Bukhtiarpur and Bihar as is necessary, but not exceeding a width of eight feet, for the purpose of the railway; and promote the acquisition of any additional land required outside the boundary of the said road at the cost of the Company.(ii) *Aid by the Local Authority.*—The District Board of Patna will recommend and apply to the Local Government either to exempt the Bukhtiarpur-Bihar Light Railway Company from the tax on account of road cess or to exact only a nominal tax for a period of twenty-one years from the date when the line is opened for traffic, with power of renewal. The Board also guarantee to supplement the net earnings of the Company by such annual subsidy as may be necessary to allow of the Company paying a dividend of 4 per cent per annum on their share capital, provided that the total liability of the Board on this account in any one year shall not exceed Rs. 32,000 or the sum of 4 per cent on the Companies' share capital.(iii) *Distribution of profits.*—Any surplus profits in excess of 4 per cent on the share capital of the Railway Company are to be equally divided between the District Board of Patna and the Company.

Number Main head 38 **CHAMPANER-SHIVRAJPUR LIGHT RAILWAY (2' 6" gauge)—**
Sub-head (a) **Date of registration of the Company.—18th November 1905.**

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
	2	3	4	5
Main line—				
Champaner Road Junction to Pavagadh.	2-2-11	11-00		
Pavagadh to Shivrajpur	10-11-11	6-00		
Shivrajpur to Ghata	29-3-15	6-00	23-00	
Branches—				
Shivrajpur to Bamankua mines	1-1-11	1-44		
Shivrajpur to Shivrajpur mines	24-1-11	1-80	3-24	
Total open mileage	28-24	
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—				
Ghata to Pasi (sanctioned on 24th January 1913)	6-13	6-13	
Grand total	32-37

Details of construction—

Permanent-way.—The permanent-way consists of 29½-lb. steel rails on wooden sleepers.

Ballast.—The line is ballasted with heavy stone ballast.

Fencing.—The line is unfenced except at station yards.

Curves.—The sharpest curve is of 800 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Local Government order—

The Shivrajpur Tramway order published under the Bombay Government, Public Works Department, Notification No. 5 Ry., dated the 1st September 1909, as to the construction, maintenance and working of the line from Champaner Road to Shivrajpur.

"Further Order" published under the Bombay Government, Public Works Department, Notification No. 2 Ry., dated the 28th January 1913, authorising the introduction of an amended schedule of charges for the carriage of parcels and goods and a revised classification of goods, with maximum and minimum rates therefor.

Main provisions of Local Government order—

- (i) *Land.*— } For the purposes of the line and not for the purposes of any building or
(ii) *Government aid.*— } erection connected therewith, the free use of the side of the provincial road between Champaner Road and Shivrajpur is authorised. Any additional land which may be in the possession of the Government and considered necessary for the purposes of the undertaking shall be provided by the Local Government free of cost. When the cost of the acquisition of land in private occupation exceeds the rate of Rs. 150 per acre, so much of such rate as is in excess of Rs. 150 shall be borne by the promoters; but in any other case the whole cost of acquisition shall be borne by the Government.
- (iii) *Distribution of profits.*—The whole of the profits belong to the Shivrajpur Syndicate, Limited, of Bombay.
- (iv) *Rates and fares.*—Certain maxima for coaching traffic and minima and maxima for goods traffic have been fixed. The railway can vary the rates and fares quoted so as not to exceed the maxima or go below the minima where the latter have been prescribed.
- (v) *Special obligations as to the conveyance of.*—
(a) Mails, troops, police, high Government officials and Government stores.— } Nil
(b) Government bullock and coin, and the persons in charge thereof.— }
- (vi) *Power of the Government to determine contract.*—At the expiration of 31 years from the date of opening of the line, or at the end of any subsequent period of 10 years, the Local Government may, by giving to the promoters not less than 12 calendar months' notice, determine their order and purchase the undertaking at 25 times the average annual net earnings for the three calendar years immediately preceding the purchase, subject to a maximum of 120 and a minimum of 100 per cent of the capital cost.
- (vii) *Power of the Company to surrender contract.*—Nil; but power is reserved to the Company to transfer the undertaking with the sanction of the Local Government.
- (viii) *Term of contract [if not determined under (vi)].*—None specified.

Note.—The railway has been transferred to the Gujarat Railways Company from the 1st April 1915.

Statistics of working—

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 40, DEHRI-ROHTAS LIGHT RAILWAY (2' 6" gauge)—
Sub-head (e)

Date of registration of the Company—17th March 1909.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Dehri-on-Sone to Rohtas.	6-2-11	23·83	23·83

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. steel rails on s&l sleepers.*Ballast.*—The line for a distance of 19 miles has been ballasted and this work is still in progress.*Fencing.*—The line is unfenced.*Curves.*—The sharpest curve is of 240 feet radius.*Gradients.*—The ruling gradient is 1 in 200, uncompensated.

Agreement and Local Government order—

Agreement, dated the 13th October 1907, between the District Board of Shahabad and Messrs. Octavius, Steel and Company of Calcutta (called "the Promoters") for and on behalf of the Dehri-Rohtas Tramway Company, scheduled to the order quoted below;

as to the construction, maintenance and working of the line, from Dehri-on-Sone to Rohtas.

The Dehri-Rohtas Tramway Company order published under the Bengal Government, Railway Department, Notification No. 24 R., dated the 10th November 1908;

Main provisions of agreement and Local Government order—

- (i) *Land.*—The line runs partly on Government land in charge of the Public Works Department and partly along the district road to Akbarpur. The District Board of Shahabad have granted to the Dehri-Rohtas Tramway Company in perpetuity, subject to their right of purchasing the line [as in (vi) below], the free use of so much of the side of the District Board road between Dehri and Rohtas as is necessary, but not exceeding a width of eight feet leaving a clear roadway of fourteen feet intact for ordinary wheeled traffic, for the purpose of the line, and have promoted the acquisition of any additional land required outside the boundary of the said road at the cost of the Company.
- (ii) *Aid by the Local Authority.*—The District Board of Shahabad will recommend and apply to the Local Government to exempt the Dehri-Rohtas Tramway Company from the tax on account of road cess, or to exact only a nominal tax, for a period of twenty-one years from the date when the line is opened for traffic, with power of renewal.
- (iii) *Distribution of profits.*—The profits go to the Company.
- (iv) *Rates and fares.*—Certain maximum rates of fares for passengers and tariff of charges for goods and the East Indian railway classification of goods, have been fixed. Full control over charges of all kinds is reserved to the Local Government.
- (v) *Special obligations as to the conveyance of.*—
 (a) Mails, troops, police, high Government officials and Government stores.—
 (b) Government bullion and coin, and the persons in charge thereof.— } Nil.
- (vi) *Power of the Local Authority to determine agreement.*—Upon the expiration of 21 years, from the date of the Local Government order authorising the construction of the line, and at the end of every seven years thereafter, the District Board of Shahabad have, by giving six months' previous notice, the right of purchasing the line by paying to the Company the value calculated at twenty years' purchase of the average net annual profits of the Company during the four years preceding the transaction together with a bonus of 20 per cent thereon.
- (vii) *Power of the Company to surrender agreement.*—Nil.
- (viii) *Term of agreement [if not determined under (vi)].*—None specified.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix]

Number Main head 41 Sub-head (a) **DHOLPUR-BARI RAILWAY (2' 6" gauge)—**

This railway was sanctioned for construction at the cost of His Highness the Rana of Dholpur, under Railway Board's Notification No. 267, dated the 14th December 1905, and is maintained and worked by the Dholpur Durbar.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Dholpur on the Midland section of the Great Indian Peninsula railway to Bari	24-2-08	19'62	
Bari to Baseri	15-9-13	8'81	
Baseri to Tantpur	1-7-14	7'95	
TOTAL	36'38

Details of construction—

Permanent-way.—Five miles are laid with 35-lb. old steel rails on Indian State railway pattern steel trough sleepers; the remainder with 30-lb. new steel rails on Indian State railway pattern steel sleepers.

Ballast.—The line is ballasted throughout with stone.

Fencing.—The line is not fenced.

Curves.—The radius of the sharpest curve is 1,432 feet.

Gradients.—The ruling gradient is 1 in 200.

Contract—

Nil.—The line is owned and worked by the Dholpur Durbar.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

1st qr. of 1913	19'62	8,54,148	13,682	5,468	0'64	21	60'04
1913-14	28'43	10,73,930	54,372	21,792	2'02	45	60'04
1914-15	36'38	12,40,836	71,705	28,006	2'26	15	60'94

Number Main head 42 Sub-head (a) **DWARA-THERRIA LIGHT RAILWAY (2' 6" gauge)—**

Date of registration of the Company.—15th March 1913.

The line is under construction by the Khasia Hills (Assam) Company of Calcutta, to whom the property and rights which were vested in the Dwara-Therria Light Railway Company, "Limited," under the Dwara-Therria Steam Tramway Order published by the Hon'ble the Chief Commissioner of Assam under Notification No. 44, dated the 14th August 1902, have been transferred by Messrs. H. V. Low and Company, of Calcutta, the previous proprietors of the above property and rights.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Dwara to Maolong (sanctioned on 15th May 1902)	...	13'50	
Maolong to Therria Gha (sanctioned on 15th May 1902, but commencement of work not authorised).	...	6'00	
Total	19'50

The Dwara-Maolong section was passed for goods traffic in June 1915, but an abnormal rain fall severely damaged the earth work from mile 4 to mile 10, and delayed the opening of the line to traffic.

APPENDIX 1—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this appendix.]

Number—^{Main head 43}_{Sub-head (a).} GODHRA-LUNAVADA RAILWAY (2' 6" gauge)—

Date of registration of the Company.—30th March 1911.

The construction of this line by the Guzerat Railways Company was sanctioned by the Railway Board in their letter No. 731 R.C., dated the 13th March 1912.

Progress in opening—

Sections of railway.	Date of opening.	Mile.	Total.
1	2	3	4
Godhra to Lunavada Road	4-12-13	24.30	
Lunavada Road to Lunavada	1-9-14	1.15	
TOTAL	25.45

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed rails on steel trough sleepers, I. S. R. pattern.

Ballast.—The line is laid on coarse and hard sand ballast, covered with quartz ballast.

Fencing.—Only station yards have been fenced.

Curves.—The sharpest curve has a radius of 637 feet.

Gradients.—The ruling gradient is 1 in 100.

Contract—

Dated the 30th April 1914, between the Secretary of State and the Guzerat Railways Company, as to the construction, maintenance, management and working of the line by the Guzerat Railways Company.

Main provisions of contract—

- (i) *Land.*—Land in British territory provided by the Government free of cost to the Company including land permanently or temporarily required for quarrying, ballast, brickfields and kindred purposes.
- (ii) *Government aid.*—The Government allow to the Railway Company in respect of each year by way of rebate, a sum not exceeding the net earnings from all traffic, except the earnings derived from the carriage of stores, interchanged between the Bombay, Baroda and Central India railway and this railway, as shall, together with the net earnings of the Company in respect of this railway, make up an amount equal to interest for the year at the rate of 5 per cent per annum on the paid up share capital of the Company.
- (iii) *Distribution of profits.*—When the net earnings of the Company in any year exceed the minimum amount sufficient to give a return of 5 per cent per annum on the paid up share capital of the Company such excess is to be divided equally between the Government and the Company.
- (iv) *Rates and fares.*—Such as may from time to time be agreed upon between the Government and the Company and the classification of goods to be in conformity with that from time to time in force on State railways of the same gauge.
- (v) *Special obligations as to the conveyance of—*
 - (a) Mails, troops, police, high Government officials and Government Stores.—
 - (b) Government bullion and coin and the persons in charge thereof.—

} To be conveyed at the same rates and under the same arrangements as apply to State railways on the same gauge.
- (vi) *Power of the Government to determine agreement.*—The Government may, by giving twelve months' notice of purchase, determine the contract on the 31st March 1944 or on the 31st March in the last year of any subsequent period of ten years.

APPENDIX I—*contd.**History of railways constructed and in progress.*

[For Index see page preceding this Appendix.]

Number ^{Main head 43} _{Sub-head (a)} . GODHRA-LUNAVADA RAILWAY (2' 6" gauge)—*concl'd.***Main provisions of contract—*concl'd.***

If the contract is determined by 'notice of purchase' the Government shall pay to the Company 25 times the amount of the average net earnings (excluding payments on account of rebate) derived by the Company during the three years immediately preceding the time at which the contract shall be determined, subject to a limit of 20 per cent. in excess of, but not less than, the total capital expenditure of the Company.

The Government may also, by giving twelve months' 'notice of special purchase', determine the contract at any time in the following cases:—

- (a) when it is considered desirable that the gauge of the railway should be altered ;
- (b) when it is considered desirable to convert the railway into a line of through communication and
- (c) when it is considered desirable to extend the railway (without altering the gauge or making the line part of a through route), and the Company is unable or unwilling to supply the necessary capital for such extension.

If the contract be determined by 'notice of special purchase', the Government to pay to the Company 25 times the average net earnings (excluding payment on account of rebate) of the Company during the last preceding three years, or 115 per cent of the total capital expenditure of the Company, whichever may be the greater.

(vii) *Power of the Company to surrender contract.*—Nil.

(viii) *Term of contract [if not determined under (vi)].*—None specified.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 44 **JESSORE-JHENIDAH RAILWAY (2' 6" gauge)**
Sub-head (a)

Date of registration of the Company.—28th March 1911.

The sanction accorded by the Government of Bengal to the construction of this line under the Indian Railways Act, IX of 1890, was approved by the Government of India in their letter No. 275 R.P., dated the 2nd December 1910.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Main line— Jessore to Jhenidah	1-10-13	28-90	
Branch— Kaliganj to Kot Chandpur	1-10-13	7-90	
Total	36-80

Details of construction.—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails laid chiefly on sal, and a percentage of jam sleepers.

Ballast.—Only the first 4 miles from Jessore are ballasted.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 382 feet radius.

Gradients.—The ruling gradient is 1 in 150.

Contract and agreement—

Contract, dated the 26th May 1913, between the Secretary of State and the Jessore-Jhenidah Railway Company, as to the construction, maintenance and working of the line.

Agreement, dated the 26th May 1913, between the District Board of Jessore and the Jessore-Jhenidah Railway Company, as to the grant of certain concessions to the latter by the former under certain conditions.

Main provisions of contract and agreement.—

(i) **Land.**—Land on one side of the District Board road not exceeding 8 feet in width granted free, any additional land being acquired by Government at the cost of the Company.

(ii) **Aid by the District Board.**—The District Board of Jessore guarantee to supplement the net earning of the Company by such annual subsidy as may be necessary to make up a dividend of 4 per cent per annum on the Company's paid up share capital, provided that the total sum so payable by the Board shall not in any one year exceed the sum of Rs. 82,000. The Board will recommend and apply to the Local Government for the exemption of the Company from road cess, or for the levy of only a nominal tax for a period of 21 years from the date of opening of the line for traffic.

(iii) **Distribution of profits.**—Surplus profits of the Company in excess of 4 per cent on their paid up share capital are divisible between the Company and the District Board in equal shares.

(iv) **Rates and fares.**—Rates and fares shall be such as may from time to time be arranged by the Secretary of State and the classification of goods shall be in conformity with that in force on State railways of the same gauge.

(v) **Special obligations as to the conveyance of.**—

(a) Mails, troops, police, high Government Officials and Government stores.—

(b) Government bullion and coin and the persons in charge thereof.—

To be conveyed in the same manner and subject to the same regulations and conditions as are in force on State railways of the same gauge.

Number Main head 44 . JESSORE-JHENIDAH RAILWAY (2' 6" gauge)—*concl'd.*
Sub-head (a)

Main provisions of contract and agreement—*concl'd.*

(vi) *Power of the Government to determine contract.*—The Government may, by giving 12 months' previous 'notice of purchase', determine the contract either on the 31st March 1948, or on the 31st December in the last year of any subsequent period of 10 years, paying to the Company 25 times the amount of the average yearly net earnings during the 3 years immediately preceding, provided that the amount payable to the Company shall not in any case exceed by more than 20 per cent, or be less than, the total capital expenditure of the Company.

The Government may also, by giving 'notice of special purchase', determine the contract at any time in the following cases :—

- (a) when it is considered desirable to alter the gauge of the railway ;
- (b) when it is considered desirable to convert the railway into a line of through communication ; and
- (c) when it is considered desirable to extend the railway (without altering the gauge or making the line part of a through route) and the Company is unable or unwilling to provide funds for such extension.

If the contract be determined by 'notice of special purchase' the Government will pay to the Company 25 times the average yearly net earnings during the 3 years preceding the purchase, or 115 per cent of the total capital expenditure, whichever may be the greater.

(vii) *Power of the Company to surrender contract.*—Nil.

(viii) *Term of Contract [if not determined under (vi)].*—Not specified.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 45 **KOLAR DISTRICT RAILWAY (2' 6" gauge)**— Sub-head (a)

This line is owned jointly by the Mysore Durbar and the Kolar District Board. The Bowringpet-Kolar section has been financed by the District Board of Kolar and is being worked by the Mysore Durbar under the terms of the agreement noted below. The Kolar-Chik Ballapur section which is under construction being financed by the Mysore Durbar in conjunction with the District Board of Kolar.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.	Grand total
1	2	3	4	5
Bowringpet-Kolar section— Bowringpet to Kolar	15-12-13	10·92	10·92	
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—				
Kolar-Chik Ballapur section— Kolar to Chik Ballapur (sanctioned on 11th November 1914)	38·15	38·15	
Grand total	49·07

Details of construction—

Permanent-way.—The permanent-way consists of second-hand 41½-lb. rails, 5 miles of which are laid on teakwood and the remainder on steel peapod trough sleepers. The wooden sleepers are mostly squared and a few half-round.

Ballast.—The line is ballasted with sand.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 716 feet radius.

Gradients.—The ruling gradient is 1 in 100.

Agreement—

Under consideration between the Mysore Durbar and the District Board of Kolar, as to the maintenance, management and working, by the Mysore Durbar, of the Bowringpet-Kolar section of the Kolar District railway.

Main provisions of agreement—

- (i) **Land.**—All land, except that required for quarrying ballast, brick-fields and kindred purposes, was provided by the Mysore Durbar free of cost.
- (ii) **Mysore Government aid.**—The Bowringpet-Kolar section which has been financed by the District Board of Kolar from the proceeds of a debenture loan was constructed, and is worked, by the Mysore Durbar, for the District Board of Kolar. The Durbar guarantees the payment of interest at 4 per cent. to the debenture holders for 25 years after the opening of the section, the District Board subsequently recouping the Durbar any amount advanced for the purpose.
- (iii) **Terms of working.**— } The Bowringpet-Kolar section is charged with the same percent
- (iv) **Distribution of profits.**— } age of its gross earnings as obtains on the Mysore State railways

The balance of the gross earnings is payable to the District Board. In addition to the net earnings the District Board are entitled to a rebate equal to the difference between the percentage charged and the actual working expenses whenever the latter exceed the former.

- (v) **Rates and fares.**—Certain maxima and minima have been fixed by the Mysore Durbar within which rates can be varied under the advice of the Railway Board.
- (vi) **Special obligations as to the conveyance of.**—
 - (a) Mails, troops, police, high Government officials and Government stores—
 - (b) Government bullion and coin, and the persons in charge thereof—
 } Any special service that the Durbar may require for any of their own Departments or for the Departments of the Government of India shall be performed under the same conditions as may, for the time being, be in force on State owned and worked railways,
- (vii) **Power of the Mysore Government to determine agreement.**—The Government have power to purchase the open section at the end of 25 years after the opening, or at subsequent intervals of 10 years subject to 12 months' notice.
- (viii) **Power of the Mysore Durbar to determine agreement.**—The Mysore Durbar may purchase the section at any time after 12 months' notice in the following events:—
 - (a) if it is necessary to alter the gauge of the line;
 - (b) if it is desired to convert this line into a line of through communication; and
 - (c) if the District Board cannot find money required for further extension of the line.
- (ix) **Term of agreement [if not determined under (vii) or (viii)].**—Nil.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 46} _{Sub-head (a)} MADAYA LIGHT RAILWAY (2' 6" gauge)—

Date of registration of the Company.—28th August 1906.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
Zegyo quarter of Mandalay town to Obo	10-2-12	3.40		0
Obo to Toungbyon	25-7-12	4.90		
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION—	8.30	
Toungbyon to Madaya (sanctioned on the 13th February 1906).	...	7.70		
GRAND TOTAL	7.70	16.00

Details of construction—

Permanent-way.—The permanent-way consists of 19-lb. and 24-lb. flat-footed steel rails laid on several varieties of local wood with some old stamped steel sleepers.

Ballast.—In most places throughout the line the ballast consists of brick rubbish.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 286 feet radius.

Gradients.—The ruling gradient of the greater part of the railway is 1 in 1,000, except on the Zegyo-Obo section where it is 1 in 333 with a 1 in 100 banking section.

Local Government order—

Madaya Tramway order published under the Burma Government, Municipal and Local Department, Notification No. 22, dated the 13th February 1906, authorising the construction, maintenance and use of a system of tramways from Madaya in the district of Mandalay to the Obo quarter of Mandalay town.

Main provisions of Local Government order—

(i) **Land.**—Land acquired at an annual track rent of Rs. 250 per mile for the first three years, and Rs. 400 per mile thereafter, provided that no turnout or siding is liable to rent.

(ii) **Government aid.**—Nil.

(iii) **Distribution of profits.**—The whole of the profits belong to the Promoters.

(iv) **Rates and fares.**—The minimum rate of fares for passengers has been fixed at half anna per mile. The charges for goods and for passengers' luggage to be fixed between the Promoters and the Local Government.

(v) **Special obligations as to the conveyance of.**—

(a) Mails, troops, police, high Government Officials and Government stores.—

(b) Government bullion and coin, and the persons in charge thereof.—

(vi) **Power of the Government to determine contract.**—After the expiration of 42 years from the date of the order and within six months after the expiration of every subsequent period of ten years, the Deputy Commissioner, Mandalay district, with the previous sanction of the Local Government, may require the Promoters to sell to him the undertaking at a fair market value of all lands, etc., used for the purposes of the line.

(vii) **Power of the Promoters to surrender contract.**—Nil.

(viii) **Term of contract [if not determined under (vi)].**—None specified.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 49 **TEZPORE-BALIPARA LIGHT RAILWAY (2' 6" gauge)—**
 Sub-head (a)

Date of registration of the company.—2nd October 1893.

This line was authorised for construction under the Indian Tramways Act, 1886, by the Hon'ble the Chief Commissioner of Assam on the 1st June 1895. On the 3rd May 1898, the Indian Railways Act, IX of 1890, except section 135, was applied to the line.

A tramway, 2 miles long, was constructed at the expense of the Borjuli Tea Company connecting the Borjuli Tea Factory with Rangapara station on the Tezapore-Balipara Light railway. It was worked by the Tezapore-Balipara Light railway but from February 1908 has been closed to public traffic.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Tezapore Ghat to Bindukuri	9-3-94	8'10	
Bindukuri to Balipara	1-9-95	12'00	
TOTAL	20'10

Details of construction—

Permanent-way.—The permanent-way consists of 30-lb. flat-footed steel rails on Nahor or Gonserei sleepers.

Ballast.—The line is unballasted.

Fencing.—The line is fenced only at stations.

Curves.—In the first mile there are two curves with radii of 500 feet.

Gradients.—The ruling gradient between Tezapore and Rangapara, 16 miles, is 1 in 125 and between Rangapara and Balipara, 4 miles, 1 in 100.

Local Government order—

Tezapore-Balipara Steam Tramway Company order, published under the Notification by the Hon'ble the Chief Commissioner of Assam, No. 33, dated the 1st June 1895, as to the construction, maintenance and working of the line.

Main provisions of Local Government order—

(i) **Land.**—Provided at the cost of the Company, other than that which is not held under decennial *puttas* or where the holders have not acquired land-holder's rights, provided free of cost. Free use of one side of a provincial or local road is authorised for the purpose of laying the line only.

(ii) **Government aid.***—Supply, free of royalty, of timber for sleepers from Government forests for the

* Letter from the Hon'ble the Chief Commissioner of Assam, No. 3720, dated the 10th November 1893. Government of India, Public Works Department, letter No. 139 R.C., dated the 2nd February 1894. Railway Board's letter No. 342 R.T., dated the 22nd February 1909.

(iii) **Distribution of profits.**—The whole of the profits belong to the Company.

(iv) **Rates and fares.**—Certain rates for carriage of passengers and goods have been fixed, but the full control over charges of all kinds is reserved by the Chief Commissioner.

(v) **Special obligations as to the conveyance of—**

(a) **Mails, Postal Officers and servants on duty.**—Conveyed at the rates and on the conditions in force from time to time on State railways.

(b) **Troops, police, high Government Officials and Government stores.**— } Nil.

(c) **Government bullion and coin, and the persons in charge thereof.**— } Nil.

(vi) **Power of the Government to determine contract.**—After the line has been opened for 15 years and

It has since been decided not to give notice of purchase to the Company on the 1st September 1909 and to defer purchase.

[Telegram from the Government of Eastern Bengal and Assam, No. 804-R., dated the 22nd July 1909.]

with a bonus of 20 per cent over and above such value.

thereafter at terms of 7 years each, the Government, by giving 12 months' previous notice, have the right to terminate the contract and take over the line by paying to the Company the value of the property as a dividend-earning investment together

(vii) **Power of the Company to surrender contract.**—Nil.

(viii) **Term of contract [if not determined under (vi)].**—None specified.

TOTAL	51.00

Details of construction—

Permanent-way.—The line is laid throughout with 41½-lb. flat-footed steel rails on wooden sleepers. These are being renewed with a special section steel rail, 41½ lbs. to the yard as required.

Ballast.—For 9 miles from Siliguri the line has been ballasted with gravel or broken stone, except near Siliguri, where sand has been used. On the hill section, where necessary, broken stone ballast has been put in.

Fencing.—The line is unfenced.

Curves.—The sharpest curve has a radius of 60 feet.

Gradients.—The ruling gradient of the greater part of the line is about 1 in 25; from Sukhna to Ghum (summit) and thence to Darjeeling there is a length of about three-fourths of a mile on grades of 1 in 22½ to 1 in 23.

Contract and agreement—

Contract, dated the 8th April 1879, between the Secretary of State and the late Mr. Franklin Prestage, as to the construction, maintenance, management and working of the railway.

Agreement, dated the 24th January 1913, between the Secretary of State and the Darjeeling-Himalayan Railway Company, providing for the exclusion from the Company's capital of the preference shares raised for buying up the shares of the Darjeeling-Himalayan Railway Extensions Company for the purposes of clause 16 of the contract of 8th April 1879.

Main provisions of contract and agreement—

(i) **Land.**—Government land, and the right to use the existing cart road, to be granted to the Company free of cost. Other land necessary, if any, to be acquired by the Government and transferred to the Company at cost price.

(ii) **Government aid.**—The Government undertake to pay to the Company any sum required to make up its gross receipts to two lakhs of rupees annually.

(iii) **Distribution of profits.**—After the first five years half the net profits of any year in excess of 5 per cent on the paid up capital to be applied in repayment to the Government of the amount expended on the maintenance of the cart road during the same year, or in making good a deficiency in gross receipts.

(iv) **Rates and fares.**—Certain maxima have been fixed within which the Company is permitted to vary rates and fares.

(v) **Special obligations as to the conveyance of—**

(a) Mails, troops, police, high Government Officials and Government stores.—Mails and Post office servants to be carried by the Company in consideration of a payment by the Government of Rs. 10,260 yearly. [No special provision exists as to troops, police, high Government Officials and Government stores.]

(b) Government bullion and coin, and the persons in charge thereof.—Not specified.

(vi) **Power of the Government to determine contract.**— } If the railway should not be completed within
(vii) **Power of the Company to surrender contract.**— } 18 months, or if at any period it should not be worked for six consecutive months, the Company is to surrender the road and land acquired from the Government, receiving any sum due to it for permanent improvements to the road or works connected with it.

After the railway has been opened for 25 years (reckoning from the 4th May 1884), and thereafter at intervals of 10 years, the Government have the power, by giving 12 months' previous notice to terminate the contract and take over the line on payment to the Company of its value as a dividend-earning investment, with an additional bonus of 20 per cent over and above such value.

NOTE.—Government relinquished the right to terminate the contract at the end of the 25th year, and decided to allow the *vide* Railway Board's letter No. 1412 R. T., dated the 1st August 1908, to the Secretary to the Government of Bengal, Railway Department.

(viii) **Term of contract.**—None specified.

<i>Teesta Valley extension—</i>				
Sivoke to Teesta Bridge (sanctioned on 6th February 1913)		17'88	41'63	41'63
GRAND TOTAL				95'25

Details of construction—

Permanent-way.—The permanent-way consists of 40-lb. British standard section steel rails laid on all sleepers.

Ballast.—The line is ballasted with sand.

Fencing.—The line is unfenced.

Curves.—The sharpest curve on the Kissengunj extension is of 200 feet radius and that on the Teesta Valley extension, of 100 feet radius.

Gradients.—The steepest gradient is 1 in 100.

Contract—

Dated the 25th April 1914, between the Secretary of State and the Darjeeling Himalayan Railway Extensions Company, as to the construction, maintenance and working of the Darjeeling Himalayan Railway Extensions by the Company.

Main provisions of contract—

- (i) *Land.*—Land in British territory provided free of cost to the Company. The Company is also permitted to make such use of any roads for the purposes of the extensions as the Government of Bengal may authorise.
- (ii) *Government aid.*—The Government allow to the Company, in respect of each year, by way of rebate, such a sum not exceeding in any year the net earnings of the Eastern Bengal railway, exclusive of earnings derived from the carriage of revenue stores, from traffic originating or terminating on the extensions, as shall, together with the net earnings of the Company or with half the gross earnings after deducting from such half the sum of Rs. 15,000 payable on account of expenses of management, whichever is more, make up an amount equal to interest for the year at a rate of 5 per cent per annum on the actual expenditure charged in the capital account.
- (iii) *Distribution of profits.*—When the net earnings of the Company shall exceed the minimum amount sufficient to pay a dividend of 5 per cent per annum such excess shall be divided equally between the Secretary of State and the Company.
- (vi) *Rates and fares.*—The rates and fares for the carriage of goods and passengers shall be such as may from time to time be arranged between the Secretary of State and the Company and the classification of goods thereon shall be in conformity with that from time to time in force on State railways of a similar gauge; provided that the maxima rates and fares for the Kissengunj extension will be double, and the minima rates and fares the same as those permissible on the Eastern Bengal railway; and that the maxima rates and fares for the Teesta Valley extension will be those stated in schedule A attached to the contract, and the minima rates and fares the same as those fixed for the Western Extension of the Bengal Dooars railway.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 51} _{Sub-head (a)} . DARJEELING-HIMALAYAN RAILWAY EXTENSIONS (2' 0") gauge)—contd.

Main provisions of contract.—contd.

(v) *Special obligations as to the conveyance of.*—

(a) Mails, troops, police, high Government officials and Government stores.—

(b) Government bullion and coin and the persons in charge thereof—

and otherwise as are for the time being in force on such railways.

The Company shall carry out all such services as are usually performed by state railways of a similar gauge in the same manner and subject to the same regulations and conditions as to rates

(vi) *Power of the Government to determine contract.*—The Government may, by giving notice of "determination," determine the contract, if the Company shall fail to complete the railways and make them ready for opening to public traffic throughout by the 31st March 1916, by paying to the Company the fair value of the said railways and work so far as the same shall then have been constructed and shall be relinquished.

The Government may, by giving "notice of purchase," determine the contract, either on the 31st March 1916 or on the 31st March in the last year of any subsequent period of 10 years, by paying to the Company 25 times the amount of the average of the yearly net earnings (excluding payments on account of rebate) of the Company during the 3 years immediately preceding, but so that the total amount so payable to the Company shall not in any case exceed by more than 20 per cent, or be less than, the total capital expenditure of the Company.

The Government may, by giving "notice of special purchase," determine the contract at any time in the following cases:—

(a) when it is considered desirable to alter the gauge of the railway;

(b) when it is considered desirable to convert the railway into a line of through communication; and

(c) when it is considered desirable to extend the railway (without altering the gauge or making the line part of a through route) and the Company is unable or unwilling to provide funds for such extension. If the contract be determined by "notice of special purchase" the Government will pay to the Company 25 times the average yearly net earnings during the 3 year preceding the purchase, or 115 per cent of the total capital expenditure, whichever may be the greater.

(vii) *Power of the Company to surrender contract.*—Nil.(viii) *Term of Contract [if not determined under vi].*—Not specified.

TOTAL	43·87

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, 25 lbs. to the yard, on cross sleepers of pynkado on the sections from Munshir Hat to Amta. The line from Bargachia to Champadanga and Bargachia to Munshir Hat is laid with steel rails 30 lbs. to the yard. The remainder of the line is relaid with steel rails 35 lbs. to the yard.

Ballast.—The line is ballasted throughout.

Fencing.—The line is unfenced.

Curves.—The sharpest curve, sanctioned specially for the town of Howrah, has a radius of 144 feet.

Gradients.—The line is practically level throughout.

Agreements and Local Government orders—

Agreement, dated the 12th June 1889, between the District Board of Howrah and Messrs. Walsh, Lovett and Company on behalf of the Bengal District Road Tramways Company, as to the grant of a concession to the Company of the right to construct and work a tramway over a portion of the road within the jurisdiction of the Board.

Agreement, dated the 27th September 1889, between the Municipal Commissioners of Howrah and Messrs. Walsh, Lovett and Company on behalf of the Bengal District Road Tramways Company, as to the grant of a concession to the Tramways Company of the right to construct and work a tramway over a portion of the road within the jurisdiction of the Commissioners.

Bengal District Road Tramways Company order published under the Bengal Government, Public Works Department, Notification No. 111, dated the 26th March 1895, authorising the construction of a tramway from Howrah to Amta.

Agreement, dated the 3rd May 1897, between the District Board of Howrah and the Bengal District Road Tramways Company (Howrah-Amta), in amendment of the agreement of 12th June 1889.

Agreement, dated the 16th August 1901 (supplemental to the agreements of 1889 and 1897), between the District Board of Howrah and the Howrah-Amta Light Railway Company, as to the construction and working of an extension from Jagatbalabpur to Champadanga.

Howrah-Amta Extension order published under the Bengal Government, Railway Department, Notification No. 75-R., dated the 7th April 1902, authorising the construction of the extension from Jagatbalabpur to Champadanga.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 53 HOWRAH-AMTA LIGHT RAILWAY (2' 0" gauge)—concl'd.
Sub-head (a)

Main provisions of agreements and Local Government orders—

- (i) *Land.*—Provided at the cost of Company, other than one side of portions of the road between Howrah and Amta the free use of which is authorised for the purpose of laying the line only.
- (ii) *Aid by the District Board.*—The District Board of Howrah either exempt the Company from the tax on account of road cess, or exact only a nominal tax for a period of 21 years, with power of renewal. The Municipal Commissioners of Howrah allow the Company free use of so much of the municipal roads as is necessary for the purpose of laying the line, for a period of 20 years from the 27th March 1895; and thereafter levy a track rent of Rs. 2,000 per mile per annum.

The District Board also pay to the Company, by way of interest on the capital expended, such sum of money as may be required to make the net profits of the Company equivalent to a dividend at the rate of 4 per cent per annum, provided that the Board is not involved on this account in a greater liability than Rs. 1,100 per annum per mile constructed and opened with a maximum of Rs. 28,000 per annum.

- (iii) *Distribution of profits.*—Net profits in excess of 4 per cent upon the capital for the time being of the Company is divisible in equal proportions between the District Board of Howrah and the Company.
- (iv) *Rates and fares.*—Certain maximum rates of fares for passengers and tariff of charges for goods have been fixed. Full control over charges of all kinds is reserved to Local Government.
- (v) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.— } Nil.
(b) Government bullion and coin, and the persons in charge thereof.— }
- (vi) *Power of the Local Authority to determine agreement.*—Upon the expiration of 21 years from the date of the Local Government order authorising the construction of the line, or at the end of every 7 years thereafter, the District Board of Howrah, in conjunction with the District Board of Hooghly and the Municipality of Howrah, have by giving 6 months' notice, the right of purchasing the line by paying to the Company its value as a dividend-earning investment, together with a bonus of 20 per cent thereon.
- (vii) *Power of the Company to surrender agreement.*—Nil.
- (viii) *Term of agreement [if not determined under (vi)].*—Not specified.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number $\frac{\text{Main head 54}}{\text{Sub-head (a)}}$ HOWRAH-SHEAKHALA LIGHT RAILWAY (2' 0" gauge)—

Date of registration of the Company.—19th June 1895.

Running powers—

Home line over foreign line—

Telkul Ghat to Kadamtala, Howrah-Amta Light railway, for passenger and goods trains, 2·00 miles.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.
1	2	3	4
<i>Main line—</i>			
Kadamtala to Chanditola	2-8-97	8·88	
Chanditola to Kistrampur	10-9-97	3·75	
Kistrampur to Sheakhala	7-11-97	4·75	17·38
<i>Janai branch—</i>			
Chanditola to Janai.	5-5-98	2·37	2·37
Total	19·75

Details of construction—

Permanent-way.—The permanent-way consists of flat-footed steel rails, 25-lb. to the yard, laid on cross sleepers of pynkadó, except on 5·50 miles, between Kadamtala and Baluhati, which have been relaid with 30-lb. steel rails and sal sleepers.

Ballast.—The line is ballasted throughout.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 144 feet radius at Howrah town.

Gradients.—The line is practically level throughout.

Agreements and Local Government order—

Agreement, dated the 12th June 1889, between the District Board of Howrah and Messrs. Walsh, Lovett and Company of Calcutta (the Promoters), for and on behalf of the Bengal District Road Tramways Company;

Agreement, dated the 16th July 1889, between the District Board of Hooghly and Messrs. Walsh, Lovett and Company of Calcutta (the Promoters), for and on behalf of the Bengal District Road Tramways Company;

Agreement, dated the 27th September 1889, between the Municipal Commissioners of Howrah and Messrs. Walsh, Lovett and Company of Calcutta (the Promoters), for and on behalf of the Bengal District Road Tramways Company;

as to the grant of a concession of the right to construct, maintain and work the line from Howrah to Sheakhala.

The Bengal District Road Tramways Company order published under the Bengal Government, Public Works Department, Notification No. 112, dated the 26th March 1895, authorising the construction of the line from Howrah to Sheakhala.

Agreement, dated the 10th January 1898, between the District Board of Hooghly and the Bengal District Road Tramways Company (Howrah-Sheakhala), providing for an increase in the amount of subsidy guaranteed to be paid by the District Board.

Main provisions of agreements and Local Government order—

- (i) *Land.*—Provided at the cost of the Company, other than one side of portions of the road between Howrah and Sheakhala, the free use of which is authorised for the purpose of laying the line.
- (ii) *Aid by the local authority.*—The District Board of Howrah, for 21 years, with power of renewal, exempt the company from the tax on account of road cess, or exact only a nominal tax; and the District Board of Hooghly guarantee to make up the net profit of the Company equivalent to a dividend of 4 per cent per annum on the capital actually paid up and expended, subject to a maximum of Rs. 950 per annum per mile of line constructed and open. The Municipal Commissioners of Howrah allow to the Company free use of so much of the Municipal roads as is necessary for the purpose of laying the line, for a period of 20 years from the 27th March 1895; and thereafter levy a track rent of Rs. 2,000 per mile per annum.
- (iii) *Distribution of profits.*—Net profits in excess of 4 per cent upon the capital outlay are divisible between the District Board of Hooghly and the Company in proportion of $\frac{1}{3}$ rd to the former

APPENDIX 1—contd.

Number ^{Main head 54} _{Sub-head (a)} **HOWRAH-SHEAKHALA LIGHT RAILWAY (2' 0" gauge)—concl'd.**

Main provisions of agreements and Local Government order—concl'd.

- (iv) *Rates and fares.*—Certain maximum rates of fares for passengers and tariff of charges for goods have been fixed. Full control over charges of all kinds is reserved to the Local Government.
- (v) *Special obligations as to the conveyance of.*—
- (a) Mails, troops, police, high Government officials and Government stores.—
- (b) Government bullion and coin, and the persons in charge thereof.—
- (vi) *Power of the Local authority to determine agreement.*—The District Board of Howrah or that of Hooghly, each in conjunction with the other and with the Municipal Commissioners of Howrah, have the right of determining the agreement and purchasing the line after 21 years from the date of the Local Government order authorising its construction. If purchased by the District Board of Howrah the price will be equal to the value of the whole line, plus a bonus of 20 per cent thereon; if purchased by the District Board of Hooghly the price will be the value of the whole line, plus a bonus of 15 per cent thereon.
- (vii) *Power of the Company to surrender agreement.*—Nil.
- (viii) *Term of agreement [if not determined under (vi)].*—None specified.

} Not specified.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907).—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Subsidy from, (+), or share of net profits to, (—), the District Board.	Total income.	Percentage of total income on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 55. JAGADHRI LIGHT RAILWAY (2' 0" gauge)—
Sub-head (a)

Date of registration of the Company.—27th August 1909:

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total
1	2	3	4
Jagadhri station to Jagadhri city	11-8-11.	3.31	3.31

Details of construction—

Permanent-way.—The permanent-way consists of 24-lb. flat-footed steel rails laid on sal and deodar sleepers.

Ballast.—The line is ballasted for about a furlong in one place only; the remainder is being ballasted gradually with broken bricks.

Fencing.—The line is unfenced.

Curves.—The sharpest curve is of 573 feet radius.

Gradients.—The ruling gradient is 1 in 300.

Local Government order—

The Jagadhri Light Railway Company order of 1908, published under the Punjab Government Notification No. 754, dated the 15th December 1909, as to the construction, maintenance and working of a steam tramway from Jagadhri station to Jagadhri city.

Main provisions of Local Government order—

- (i) *Land.*—Except the portions of the District Board and provincial roads in the district of Ambala which the line is authorised to cross, all land for the purpose of the undertaking is provided at the cost of capital.
- (ii) *Government aid.*—Nil.
- (iii) *Distribution of profits.*—The whole of the profits belong to the Company.
- (iv) *Rates and fares.*—To be fixed from time to time by the Company with the approval of the Local Government.
- (v) *Special obligations as to the conveyance of—*
 - (a) Mails, troops, police, high Government officials and Government stores.— } Not
 - (b) Government bullion and coin.— } specified.
- (vi) *Power of the Government to determine contract.*—At the expiry of 21 years after first opening throughout for traffic, or at subsequent intervals of 10 years, the local authority, by giving 12 months' notice, has the right to terminate the contract and purchase the undertaking, with the previous sanction of the Local Government, by paying to the Company 25 times the yearly average net earnings of the line during the 3 years preceding the purchase with a maximum of 120 and minimum of 100 per cent of the cost price.
- (vii) *Power of the Company to surrender contract.*—Nil.
- (viii) *Term of contract [if not determined under (vi)]*—None specified.

Statistics of working—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number Main head 58 Sub-head (a) **JORHAT (PROVINCIAL) RAILWAY (2' 0" gauge)—**

This line was originally known as the "Kokila Mookh tramway" or the "Kokila Mookh State railway." Its construction out of the Provincial revenues of Assam, for the convenience of the numerous tea-gardens in the neighbourhood of Jorhat, was approved by the Government of India in their letter No. 621-R. C., dated the 11th August 1882.

Progress in opening—

Sections of railway.	Date of opening.	Miles.	Total.	Grand total.
1	2	3	4	5
<i>Main line—</i>				
Gosaigaon to Jorhat	15-12-84	7-00		
Jorhat to Dhali river	15-12-84	2-50		
Dhali river to Titabar	16-7-87	1-75	12-25	
<i>Cold weather line—</i>				
Gosaigaon to Borghop	22-10-01	4-75		
Borghop to a point further down the river	3-12-11	2-50	7-25	
<i>Mariani branch—</i>				
Chenimara Junction to Mariani	7-1-85	7-00	7-00	
TOTAL	32-50

Details of construction—

Permanent-way.—2.51 miles between Jorhat and Gosaigaon are laid with steel rails, 30 lbs. to the yard. About a mile, between Jorhat and Chenimara, 4.25 miles, between Chenimara and Mariani, 0.75 mile, between Chenimara and Titabar, and 4.00 miles, between Jorhat and Gosaigaon, and one mile between Gosaigaon and River terminus are laid with steel rails, 25 lbs. to the yard. The rest of the line, including the section from Gosaigaon to Borghop and the alternative cold weather section across Gosaigaon channel, is laid with steel rails, 18 lbs. to the yard.

Ballast.—The line is unballasted.

Fencing.—The line is not fenced.

Curves.—The sharpest curve is of 480 feet radius.

Gradients.—The ruling gradient is about 1 in 800, except on the Jorhat-Chenimara section where it is 1 in 400.

Contract—

Nil.—The line is owned and worked by the State.

Statistics of working (Those for the periods prior to 1905 will be found in Appendix 38 to the Report for 1907.)—

Year.	Mileage open at end of each year.	Total capital outlay, including suspense, to end of each year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction. APPENDIX 1—contd.

History of railways constructed and in progress.

[For Index see page preceding this appendix.]

Number ^{Main head 57.}_{Sub-head (a)} KULASEKHARAPATNAM-TISAIYANVILAI LIGHT RAILWAY (2' 0")—

This line in the Tinnevely district was originally constructed for the sole use of the East India Distilleries and Sugar Factories (Limited). The maintenance and use of the line for public traffic have since been authorised in Madras Government Order No. 1134-L, dated the 19th June 1914.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total.
1	2	3	4
Kulasekharapatnam to Tisaiyanvilai (sanctioned on 19th June 1914)	...	20.75	20.75

Number ^{Main head 58.}_{Sub head (a)} TARIKERE-NARASIMHARAJAPURA RAILWAY (2' 0" gauge)—

The construction of this line by the Mysore Durbar, under the provisions of the Mysore Tramway Regulation No. II of 1906, was sanctioned by the Government of India in the Foreign Department letter No. 3225-I.B., dated the 25th September 1913.

Progress in opening—

Section of railway.	Date of opening.	Miles.	Total	Grand total.
1	2	3	4	5
Tarikere, on the Birur-Shimoga railway, to Lakvalli ...	15-1-15	12.00	12.00	
UNDER CONSTRUCTION OR SANCTIONED FOR CONSTRUCTION.				
Lakvalli to Narasimharajapura (sanctioned on 25th September 1913).	...	13.00	13.00	
Grand total	25.00

Details of construction—

Permanent-way.—The permanent-way consists of 24-lb. flat-footed rails laid on steel sleepers.

Ballast.—The line is for the present packed up on earth ballast.

Fencing.—The line is unfenced throughout.

Curves.—The radius of the sharpest curve is 119 feet.

Gradients.—From Tarikere the up grade is 1 in 50. The down grade is 1 in 66.6 uncompensated for curves.

Agreement—

Nil. The line is owned and worked by the Mysore Government.

Statistics of working—

Year.	Mileage open at end of the year.	Total capital outlay, including suspense, to end of the year, i.e., outlay on (i) lines open and (ii) lines partly or wholly under construction.	Gross earnings.	Net earnings.	Percentage of net earnings on total capital outlay given in column (3).	Earnings per mile per week.	Proportion of expenses to earnings.

NOTE 1.—In this statement the figures in the column headed "Equivalent in sterling" have been calculated in the following manner:—

(i) In the case of railways purchased from the old Guaranteed Companies* the outlay since purchase, as recorded in rupees in India has been converted at Rs. 15=£1 and added to the sterling capital issued by the Companies before purchase.

* East Indian. South Indian.
Eastern Bengal. Great Indian Peninsula.
Ondh and Bohilkhand. Bombay, Baroda and Central India.
Sindh Punjab and Delhi (North Western). Madras (now included under the Madras and Southern

Mahratta and South Indian railway systems).
(ii) In the case of railways constructed from State funds as well as in the case of lines purchased † out of funds provided by the State for the construction of railways, the total expenditure as recorded in rupees in India has been converted at Rs. 15=£1.

† Nilgiri (South Indian railway). Brahmaputra-Sultanpur (Eastern Bengal railway).
Sagauli-Bazaul (Tirhoot railway). Ranaghat-Krishnagar (Eastern Bengal railway).

(iii) In the case of Companies' lines, and those guaranteed under modern contracts ‡, branch lines and private Companies' lines, as well as Native State lines and lines in Foreign territory, if the capital was raised or advanced by the State in sterling, the sterling figures have been taken. And if it was raised or advanced in rupees the expenditure has been converted at Rs. 15=£1.

‡ Assam-Bengal. Indian Midland.
Bengal-Nagpur. Lucknow-Bareilly.
Bengal Central (Eastern Bengal railway). Mysore.
Burma. Madras and Southern Mahratta.

DIX 3.

APPENDIX 10.

Railways and tramways projected up to the 31st March 1915.

NAME OF PROJECT.	Connected existing railway system.	Initial and terminal points.	Surveyed or not.	Gauge.	Length.	Estimated cost.	REMARKS.
1	2	3	4	5	6	7	8
						Miles.	Lakhs of rupees.
ASSAM.							
Assam-Burma connection railway.	...	(See under Burma)	
Cachar District tramways ...	A. B. ...	(i) Katakhal to Lala Bazar*	Surveyed in 1912.	2' 0" 3' 3½"	23 30	7.41† 8.60†	
		(ii) Silchar to Duarbund with branches to Sonaimukh and Dhalai.	Not ...	2' 6"		14.75	Detailed survey of (ii) sanctioned.
Chaparmukh-Silghat railway	A. B. ...	(iii) Silchar to Tiharpur ... Chaparmukh to Silghat via Nowgong.	Surveyed in 1914.	2' 6" 3' 3½"	14 53	22.67 29.01	Concession for construction granted since close of the year.
Gauhati-Borpani railway ...	E. B. ...	Gauhati to Borpani ...	Surveyed in 1918-14.	2' 0"	70	...	
Sylhet District tramways ...	A. B. ...	(i) Juri to Solgal, via Silua and Pathini.	Surveyed	2' 0"	22	6.41	(a)
		(ii) Branch of (i) from Baitakhal Station to Dulacherra.	Not ...	2' 0"	10	4.82	Reconnoitred in 1911.
		(iii) Karimganj to Chandikhira, with a branch from Patharkandi-Basar to Magura Ohera.	Not ...	2' 6"	43	12.00	Arrangements being made for a survey of the line.
		(iv) Karimganj to Longai valley with a branch into Chaugola Valley.	Not	44	...	New project. Alternative to (i) (ii) and (iii). Survey sanctioned.
		(v) Srimangal to Maulvi Bazar and Maulvi Bazar to Manumukh.	Surveyed in 1912.	2' 0" 3' 3½"	13	6.01 6.42	
		(vi) Shaistaganj to Habiganj and Shaistaganj to Begamkhan	Surveyed in 1912.	2' 0" 3' 3½"	8	3.42† 3.55†	
		Habiganj to Madna and Habiganj to Ajmiriganj ...	Not ...	2' 0" 3' 3½"	12	6.95† 8.26† 11.28†	Reconnoitred in 1911-12.
Sylhet-Tharriah Ghat railway.	A. B. ...	Sylhet to Tharriah Ghat ...	Not ...	3' 3½"	22	...	Survey sanctioned.
Tangla-Baliapara railway ...	E. B. ...	Tangla to Baliapara ...	Surveyed in 1905-06	3' 3½"	(a) Resurvey sanctioned.
BALUCHISTAN.							
Khanai-Hindu Bagh railway	N. W. ...	Khanai to Hindu Bagh ...	Surveyed in 1908.	2' 6" 3' 6"	52 47	64.32 28.95	Fully equipped line. Light line. (a) Projected to develop mining industry and open up Zhob Valley.
BENGAL.							
Barisal connection railway	E. B. ...	See "Khowlna-Barisal-Madaripur Railway."	
Bhairab Bazar-Netrakona-Mymensingh railway.	A. B. & E. B. ...	(i) Bhairab Bazar to Gouripur with branches to (a) Bajitpur and (b) Kathiadi ... (ii) Mymensingh to Netrakona via Gouripur and Shanganj. (iii) Shanganj to Bagmara and extension. (iv) Bagmara to Siju ...	Surveyed in 1913.	3' 3½"	60 3 7 27 21	42.71 2.76 3.48 39.74 20.35	(a) Consideration of (a) and (b) deferred. Concession granted for (i) (ii) and (iii).
Birnagar-Santipur railway	E. B. ...	Birnagar to Santipur ...	Not ...	3' 3½"	21	...	(iv) Under Survey.
Bongong-Satkhira railway...	E. B. ...	Bongong to Satkhira or Nabharan to Satkhira ...	Surveyed in 1914 Surveyed in 1914.	5' 6"	27 26	19.18 18.41	(a) Bongong-Satkhira alignment preferred.

*Also known as Hailakandi Light railway. † Without land and rolling-stock.

(a) Proposals for construction under Branch Line terms have been received from private promoters.

APPENDIX 10—contd.

Railways and tramways projected up to the 31st March 1915.

NAME OF PROJECT.	Connected existing railway system.	Initial and terminal points.	Surveyed or not.	Gauge.	Length.	Estimated cost.	REMARKS.
1	2	3	4	5	6	7	8
BENGAL—contd.							
Burdwan-Howrah chord railway.	E. I. ...	(i) Saktighar to Kamar-kanda.	Surveyed in 1913.	5' 6"	30	65.62	Construction sanctioned 1914.
		(ii) Kamarkunda to Bally			15	25.74	Construction sanctioned close of the year.
Chandrakona Road-Ghatal railway.	B. N. ...	Chandrakona Road to Ghatal.	Not ...	2' 6"	(a)
Contai Road-Contai railway	B. N. ...	Contai Road to Contai ...	Surveyed in 1913, for 2' 6" gauge.	2' 6"	35	12.79†	(a) Survey on 5' 6" ga sanctioned.
Dacca District railways ...	E. B. ...	Munshiganj to Lohajan via Toltollak with a branch to Srinagar.	Not	(a) Now project. Reconnaissance sanctioned.
Goalundo-Narayanganj extension railway.	E. B. ...	Lakhee Khai Hat (opposite Faridpur) to Munshiganj.	Surveyed in 1898.	3' 3½"	40	58.47	
Hajiganj-Shatnal branch railway.	A. B. ...	Hajiganj to Shatnal ...	Surveyed in 1899.	3' 3½"	24	32.81	
Hooghly Bridge connection railway.	E. I. and E. B.	(i) Bridge over the river Hooghly at Bally and approaches (double track).	Surveyed in 1913-14.	5' 6"	8	112.62	
		(ii) Eastern Bengal railway low level northern connection with Hooghly Bridge (single track).		5' 6"	2	6.66	
Jessore-Jhenida railway extensions.	J. J. ...	(i) Jhenida to Kaliganga (ii) Jhenida to Madhumati via Magura. (iii) Jessore to Bagmara via Narail. (iv) Faridpur to Madaripur via Bhanga and Bagmara.	Not ...	2' 6"	26	19.29	(a) (i) (ii) and (iii) reconnoitred in 1914.
				2' 6"	34	23.02	
				2' 6"	60	65.85	
				5' 6"	41	67.77	
Kalighat-Falta railway ...	E. B. ...	Kalighat (Majerhat) to Fatehpur with a branch to Falta	Surveyed in 1914.	2' 6"	26	16.52	(a) Construction sanctioned since close of the year.
Kandi branch railway ...	E. I. ...	Kulgram to Kandi or Labhpur to Kandi or Panchandi to Kandi.	Not ...	2' 6"	(a) New project. Alternative to Sainthia-Khagrahat railway.
Khoolna-Bagirhat railway ...	E. B. ...	Khoolna to Bagirhat ...	Surveyed in 1911.	2' 6"	21	7.84	(a)
Khoolna-Barisal-Madaripur railway.	E. B. ...	Khoolna to Barisal and to Madaripur.	Surveyed in 1913.	5' 6"	96	231.76	(a)
Krishnagar-Jalangi railway	E. B. ...	Krishnagar to Jalangi ...	Surveyed in 1905, for 2' 6" gauge.	2' 6"	56	16.29*	(a) Survey on 5' 6" gauge sanctioned.
Kurigram-Ulipur-Chilmari railway.	E. B. ...	Kurigram to Ulipur and Ulipur to Chilmari (See "Remarks")	Surveyed in 1912-13.	3' 3½"	21	11.76	(a)
Mymensingh District railway.	E. B.
Mymensingh-Tangail railway	E. B. ...	Mymensingh to Tangail via Nandanpur with extension to Eleashin.	Surveyed in 1913-14.	3' 3½"	57	56.48	(a) 3 other alignments (1) via Gangeo, (2) via Kalihat and (3) via Bela have been reconnoitred. Further investigations being made.
					10	9.89	
Nabharu-Satkhira railway	...	(See under "Bongong-Satkhira railway.")	
Nachoul-Rampur Boalia-Gopalpur railway.	E. B. ...	Mile 85.8 of the Katihar-Godagari extension, near Nachoul to Gopalpur, or alternative to Abdalpur	Surveyed in 1913.	5' 6"	57	83.98	Alternative to Nattore-Godagari railway. Cost includes conversion to 5' 6" gauge of Nachoul-Godagiri metre gauge section.
Nattore-Rampur Boalia-Godagari railway.	E. B. ...	Nattore to Godagari, via Rampur Boalia.	Surveyed in 1914. Surveyed in 1910-1911.	5' 6"	51	77.31	

* With second-hand materials and rolling-stock. With new materials and rolling-stock cost is 18.14 lakhs.
† Estimate includes flotation charges and interest during construction.

APPENDIX 10—contd.

Railways and tramways projected up to the 31st March 1915.

NAME OF PROJECT.	Connected existing railway system.	Initial and terminal points.	Surveyed or not.	Gauge.	Length.	Estimated cost.	REMARKS.

(a) Excluding 19,364 tons and (b) Rs. 54,002, written back in Tapti Valley Railway Accounts in connection with traffic booked and carried via Ujjain, but erroneously accounted for via Amalner from 16th May 1912 to 30th November 1912.

* Excluding Rs. 23,089 in respect of running power share over Tangi-Narayanganj section of Eastern Bengal Railway (credited to working expenses). Ferry and Jetty charges, etc., accounted for through invoices which are included in details.

† Excluding Rs. 7,63,960 in respect of ferries and steam-boats which are included in the details. The tonnage and earnings of the Cawnpore-Burhwal (3' 3½" gauge link) railway are included throughout with the Bengal and North-Western railway.

DIX 11—concl'd.

18,260	1,27,060	93,102	33,958	37.60	921	20	1	3	The decrease in the capital outlay in 1911 was due chiefly to the amount written off for depreciation during the year, and also to credits afforded on account of the sale of plant and the transfer of stores, owing to the closing of the colliery from the 1st June 1911, and in 1912 to credits, afforded for the sale of materials.
...	...	*11,378	-11,378	
568,752	†10,32,824	10,32,824	5,789	97	4	2	The capital outlay is approximate and is made up of the purchase money, Rs. 3,05,154, which represents half the original cost of buildings, plant, etc., paid to the East Indian Railway Company on valuation, and the capital expenditure incurred from 1st January 1880. The decrease in the capital outlay in 1912 was due to the expenditure on capital works being less than credits to the Sinking Fund.
641,888	†12,89,572	12,89,572	6,257	101	3	5	
661,248	†11,73,888	11,73,888	6,772	98	5	11

APPENDIX 32.

No. 457. R. B. of 1913.

GOVERNMENT OF INDIA.
RAILWAY DEPARTMENT.
(RAILWAY BOARD.)

Simla, the 14th November 1913.

Terms on which the Government of India are prepared to consider offers for the construction by the Agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by companies.

RESOLUTION.—In supersession of all previous orders on the subject, the following information is published detailing the conditions on which the Government of India will be prepared to receive applications for the grant of financial assistance to companies formed to provide capital for the construction of such branch railways as Government may be prepared to entrust to companies. The terms offered have been made considerably more liberal in several respects.

2. No concession can be granted for the construction of a branch line until the line has been surveyed and detailed estimates of its cost and an adequate report on its traffic prospects have been prepared by an agency approved by the Government of India. When promoters are desirous that such a survey should be made an application should be submitted to the Railway Board in the form prescribed in memorandum B, attached.

3. The conditions on which concessions for the construction of branch lines will be granted are as follows :—

(i) The prospectus of the company to be formed for the purpose of providing capital for the line must be submitted to, and approved by, the Government of India before issue. The capital of the company must be expressed in rupees, and subscription must be invited only in India. The amount of capital to be raised will be subject to the approval of the Government of India and the construction of the line will not be begun until the Government of India are satisfied that capital sufficient to meet the estimated expenditure has been subscribed.

(ii) The railway shall be built according to plans and estimates approved by the Government of India, and must conform to the fixed and moving dimensions for the time being prescribed. The gauge of the line, the route followed, the situation of stations, and details of a similar character shall be subject to the approval of the Government.

(iii) All land in British Territory, which is, in the opinion of the Government of India, required for the construction of the line, will be provided free of charge, including land permanently or temporarily required for quarrying ballast, for brickfields, and similar purposes.

(iv) The results of existing surveys will be made available to persons applying for concessions under these rules. In cases where this is considered advisable by the Railway Board, fresh surveys will be made at the request of promoters enquiring into the probable prospects of any projected line, on the understanding that no preferential claim to a concession for the construction of the line is thereby established. If permission be eventually given for the construction of any line, the cost of all surveys, whether special surveys or surveys previously made at the cost of or with the approval of Government, shall be included in the capital cost of the railway. The Government of India expressly disclaim all responsibility for the accuracy of any survey, plan, estimate, or other information supplied by them.

APPENDIX 32—*contd.*

- (v) Electric telegraphs and telegraphic appliances will be supplied and maintained by the Government of India at the charges and on the conditions in force for the time being for similar services on State railways.
- (vi) Railway materials for the construction of the branch line will be carried over railways owned and worked by the State at the special rates charged for similar materials belonging to State railways.
- (vii) The Government of India will grant financial assistance to approved companies either in the shape of a guarantee of interest, or of a rebate to the branch line company from the net earnings of the main line from traffic interchanged with the branch. Assistance in the latter form can only be promised where the main line is worked by the State; but the Government of India will, in other cases, endeavour to arrange on behalf of the branch line company a similar agreement with the company working the parent line. A rebate and a guarantee of interest cannot be granted simultaneously in respect of the same branch line. In cases where the entire capital is raised by the issue of shares the following terms will apply:—
- (a) *Guarantee of interest.*—The Government of India will be prepared to guarantee from the close of the period during which interest is payable out of capital interest at the rate of $3\frac{1}{2}$ per cent per annum on the approved paid-up share capital of the company to the end of the financial year in respect of which the dividend is declared, subject to the condition that all surplus profits which may be earned by the company after paying interest on the paid-up share capital at the rate of 5 per cent shall be equally divided between the Government and the company. This guarantee, where given, will remain in force until the line is purchased by the Government. Any sums payable by the Government under the guarantee shall be payable in rupees.
- (b) *Rebate.*—When the branch line connects with a railway owned and worked by the State, the Government of India will be prepared to allow the company in respect of and at the end of each financial year, by way of rebate, such a sum, not exceeding in any year the net earnings (exclusive of earnings derived from the carriage of revenue stores) from traffic interchanged between such State railway and the branch line as shall, together with the net earnings of the branch line, make up an amount equal to interest at the rate of 5 per cent per annum on the approved paid-up share capital of the company. This undertaking will be subject to the proviso that, when the net earnings of the company, without the assistance of a rebate, suffice to pay interest at a rate exceeding 5 per cent on the paid-up share capital, the surplus shall be divided equally between the Government and the company. The payment of rebate shall commence at the close of the period during which interest is payable from capital. Payments on account will, subject to subsequent adjustment, be permissible at the end of each half-year. For the purpose of calculating the rebate, the net earnings of the main line from traffic interchanged with the branch, will be assumed to bear the same proportion to the gross earnings of the main line from such traffic as the net earnings of the whole main line system, including the branch, bear to the gross earnings of the whole system.
- (viii) (a) If, in the case of a concession granted under either of the conditions of the foregoing paragraph, it be intended by the branch line company to construct and work the branch line itself, the amount to be spent each year on working expenses will be subject to the approval and sanction of the Government of India.
- (b) In such cases the Government of India may from time to time appoint any one person to be a Director of the branch line company who shall be *ex-officio* a member of all Committees appointed by the Board of Directors of the company or by the company in relation to the undertaking or any other matter connected therewith, and shall have power to exercise at his discretion an absolute veto in all proceedings of the Board of Directors and shall not be removable except by the Government of India, and may act by a Deputy appointed by the Government of India.
- (c) If a branch line company, which has been granted financial assistance under clause vii (a) above and permitted to work the railway by its own agency, be guilty of any breach of contract or of gross mismanagement, or if the working expenses of the railway exceed the gross earnings for six consecutive

APPENDIX 32—*contd.*

half-years, the Government of India may at any time, after giving six months' notice, assume the working of the railway by State or any other agency. If the working of the line is so assumed, the terms of working will be fixed by Government.

- (ix) Where the main line is a railway owned and worked by the State, the main line administration will, if it is so desired, work the branch line for a percentage of the gross earnings of the branch. When the branch and main line are of the same gauge this percentage will usually be that obtaining on the whole system, including the branch, from time to time, but will not in any case exceed 50 per cent of the gross earnings of the branch from all sources, and will include all charges on account of the use of the main line rolling-stock, subject to the condition that the company shall, if and when required to do so during the continuance of the working contract, bear the capital portion of the cost as stated by Government of strengthening the permanent-way and bridges of the branch line to enable the rolling-stock for the time being of the working railway to be used on it without restriction. Where the gauges are not the same, special working terms will be fixed in each case. When the main line is not worked by State agency, the Government of India, if desired to do so by the branch line company, will endeavour to negotiate similar terms for working with the main line administration.
- (x) No capital expenditure by the branch line company shall be recognised, as between the Government of India and the company, unless the prior sanction of the Government of India to that expenditure has been obtained. The company shall have no power to increase its share or stock capital without the sanction of the Government of India or the Secretary of State, or to borrow money, otherwise than for purely temporary purposes, except on conditions to be specified by these authorities.
- (xi) Any unexpended capital which the company may have shall be invested or deposited at interest in a manner to be approved by the Government of India and in the name of the company, not in that of the Managing Agents, and the return therefrom shall be treated as net earnings of the railway.
- (xii) The branch line company, if so required, shall keep accounts in forms approved by the Government of India, and they shall supply, free of charge, all accounts required by the Government. The accounts will be subject to audit by officers appointed by the Government.
- (xiii) Funds for the execution of new works chargeable to capital, which may be found to be necessary for the safety, economy, or efficiency of working after the branch railway has been opened to public traffic, shall be provided by the branch line company. Such works, and their cost shall, when the branch railway is worked by the main line administration, be agreed upon between the branch line company and the main line administration before they are undertaken; in the event of any difference of opinion as to the necessity for, or the cost of, any such work, the matter shall be referred to the Railway Board, whose decision shall be final.
- In the event of the branch line company failing to provide, after six months' notice, any additional capital for work required under this condition or conditions (ii) and (ix) above, the Government of India shall be at liberty to supply the necessary funds, and to carry out the work; and shall be entitled to receive from the sums payable to the branch line company, by way of net earnings or rebate, interest at 5 per cent (or any lower rate that it may in special cases agree to accept) on funds so applied.
- (xiv) Subject to the law for the time being in force, payment out of capital will be sanctioned, during a period which may extend to the close of the half-year in which the railway shall have been opened throughout for public traffic, of such sums as, with the interim net earnings, shall be required to pay interest at a rate to be agreed upon on the paid-up capital of the company.
- (xv) Such expenses on account of administration of the branch line company as the Government of India may sanction may be charged during construction to the capital account of the company, and with effect from the date on which the line is opened for traffic throughout will be charged as follows:—
- (a) if the branch line company works its own line, as part of the working expenses of the line;

APPENDIX 32—*contd.*

- (b) if the company's line is worked by the main line administration,
- (1) when the net earnings do not suffice to pay interest at 5 per cent (or suffice to pay only 5 per cent) on the paid-up share capital of the company, as part of the working expenses to be met out of the stipulated percentage of the earnings of the branch taken by the working agency:
 - (2) when the net earnings exceed 5 per cent on the paid-up share capital of the company, as a first charge on surplus profits before division; provided that, if the surplus profits are insufficient to meet the administration charges, the balance will be paid by the working agency out of the stipulated percentage of the earnings of the branch taken by it.
- (xvi) The rates and arrangements in force on State railways as regards services rendered to other departments of State shall apply to the branch line. The branch line company shall also be liable when called on to provide, at such stations as may be ordered by Government, buildings for post office and quarters for post office staff at a charge not exceeding $7\frac{1}{2}$ per cent per annum on the capital cost of the said buildings and quarters.
- (xvii) The Government of India reserve the right to fix and vary from time to time the classification of goods for tariff purposes, and the maximum and minimum rates for each class of goods and for passengers. They also reserve a general right of control in respect of the number and timing of trains.
- (xviii) During the first year after opening of the branch line, or part thereof, the expenditure incurred on the maintenance of the line may be charged to capital.
- (xix) Notwithstanding anything in the preceding clauses, expenditure due to extraordinary accidents and casualties, or to defects and their consequence in the construction of the line or in any part thereof shall be met by the branch line company, in addition to the percentage of earnings payable to the main line as working expenses, and shall be charged against the branch line net earnings, or against capital, according to circumstances, in accordance with the general usage on Indian railways.
- (xx) All agreements for lines constructed under these terms shall include a special purchase clause permitting the Government of India to purchase the lines at any time, after giving one year's notice, in the following cases:
- (1) When the Government of India consider it desirable that the gauge of the branch line should be altered.
 - (2) When it is desired to convert the branch line into a line of through communication.
 - (3) When the Government of India desire to extend the branch line (without altering the gauge or making the line part of a through route), and the branch line company is unable or unwilling to supply the necessary capital for such extension.
- In the event of a line being purchased under this clause, the price payable shall be 25 times the average net earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, or 115 per cent of the capital expenditure on the line, whichever may be the greater. All payments shall be made on a rupee basis.
- (xxi) The agreements shall also include an ordinary purchase clause permitting the Government of India to purchase the lines at the expiry of 30 years from the date on which the railway was declared open for traffic or at subsequent intervals of 10 years, subject to the condition that at least one year's previous notice of the intention to purchase has been given. The price payable on purchase under this clause shall be 25 times the average net annual earnings (excluding payments on account of guarantee or rebate) during the three years preceding the purchase, subject to a maximum of 120 per cent and a minimum of 100 per cent of the capital expenditure on the line at the time of purchase. All payments shall be made on a rupee basis.

4. Applications for concessions under these orders should be submitted in the forms prescribed by Memorandum A attached to this Resolution. Copies of the forms may be obtained on application to the Secretary to the Railway Board. Requests from promoters

APPENDIX 32—*contd.*

for information as regards existing surveys, or for new surveys—*vide* paragraph 3 (*iv*)—should be addressed to the Secretary to the Railway Board. Applications for new surveys should contain the information required by Memorandum B hereto attached.

The Secretary to the Government of Madras, Public Works Department, Railways.

The Secretaries to the Governments of Bombay, Bengal, Burma, the United Provinces of Agra and Oudh, the Punjab, and Bihar and Orissa, Public Works Department.

The Honourable the Resident at Hyderabad.

The Honourable the Resident in Mysore and Chief Commissioner, Coorg.

The Honourable the Chief Commissioners of the Central Provinces and Assam.

The Honourable the Agents to the Governor General for Rajputana, Central India and Baluchistan.

The Honourable the Agent to the Governor General and Chief Commissioner, North-West Frontier Province.

The Accountant-General, Railways.

The Bombay, Bengal, Bengal National, Upper India, Punjab, Karachi, Madras, Burma, Chittagong Southern India, and Indian Chambers of Commerce and the Indian Merchants' Chamber and Bureau.

ORDER.—Ordered that this Resolution be forwarded for information to the Local Governments and Administrations, to the officers and to the Chambers of Commerce noted in the margin.

Ordered also that the Resolution be published for general information in the *Gazette of India*.

T. RYAN,

Secretary to the Railway Board.

Documents accompanying.

Enclosure No. I.—Memorandum A for the guidance of persons or syndicates desirous of submitting proposals for the construction of branch or feeder railways, with Form A and Appendix A.

Enclosure No. II.—Memorandum B for the guidance of persons or syndicates desirous of having surveys made for branch or feeder lines of railway by the Railway Board.

APPENDIX 32—*contd.*

Enclosure No. I (with Form A and Appendix A) to Government of India Resolution No. 457 R. P. of 1913.

MEMORANDUM A.

For the guidance of persons or syndicates desirous of submitting proposals for the construction of branch railways in India forming feeders either to State lines worked by State or to railways worked by Companies.

1. All applications for leave to construct a branch or feeder railway in any part of British India are to be addressed to the Secretary to the Railway Board.

2. All such applications shall be printed, and shall be drawn up, as far as may be in Form A attached hereto, and shall specify—

- (a) the company, person, or syndicate by whom the application is preferred; the proposed amount of capital, the number of shares and the amount of each share;
- (b) all the termini, together with the names of all the principal towns from, through, into, or near which the railway is intended to be constructed, as well as the names of each civil division and district to be traversed by the proposed alignment;
- (c) the length, so far as known, of the proposed railway;
- (d) the gauge, the weight of rails, etc.;
- (e) motive power to be employed;
- (f) the maximum tolls, rates, and fares proposed to be charged on the projected railway;
- (g) the proposals for working the railway when constructed; and if any agreement is under contemplation, or has been provisionally arranged with any existing Railway Administration under which the proposed line, when constructed, is to be leased out for working by such Railway Administration, the exact nature and terms of such agreement;
- (h) the charges proposed by the applicants for floating the branch company;
- (i) the charges proposed on account of the general administration of the branch company's affairs;
- (j) any further information that may be required to enable Government to thoroughly understand the scope of the proposals.

3. Every such application shall be accompanied by a map to a scale of one mile to one inch, with the line of the proposed railway delineated thereon, so as to show its general course and direction, and also by an estimate as correct as may be of the works proposed to be authorised.

4. When the applicants draw up their own detailed plans and estimates, these documents are invariably to be prepared in strict accordance with the Rules for the preparation of railway projects issued under the authority of the Government of India, of which copies may be obtained on payment from the Superintendent of Government Printing, Calcutta.

5. If Government are prepared to entertain an application put forward in respect of a line that has already been surveyed, permission will be accorded on application to the Secretary to the Railway Board, to inspect, at all reasonable hours, the detailed plans, sections, and estimates at the disposal of Government; and copies of such plans, sections and estimates will be furnished on payment of the cost of copying.

6. But in regard to all such information, statistics, plans, sections, or estimates, which may be furnished, it is to be recognised that the information thus offered to any person interested in the matter, is simply the best information of the kind at the disposal of Government, and that Government cannot accept any responsibility whatever in regard to the accuracy of any of the documents.

APPENDIX 32—contd.

Form A.

To accompany all applications for leave to construct a branch or feeder railway in any part of British India.

Nature of particulars to be specified.	Particulars.
1 The name of the Company, person or persons by whom the application is preferred; the proposed amount of capital, the number of shares, and the amount of each share.	
2 The termini, together with the names of all the principal towns from, in, through, or into, or near which the railway is intended to be constructed.	
3 The length, as far as known, of the proposed railway.	
4 The gauge proposed and weight of rails, etc.	
5 The motive power to be employed.	
6 The maximum tolls, rates, and fares intended to be charged on the proposed railway.	Reference to an Appendix (vide Appendix A) may be here given if necessary.
7 Details of any agreement which may have been provisionally arranged, or which it is desired to enter into, under which the proposed line, when constructed, is to be leased out for working to any existing Railway Administration.	
8 The charges proposed by the applicants for floating the branch company.	
9 The charges proposed on account of the general administration of the branch company's affairs.	
10 Any further information that may be required to enable the Government of India to thoroughly understand the scope of the proposals.	

APPENDIX 32—contd.

Appendix A.

Schedule of maximum and minimum rates and fares intended to be charged on the proposed branch railway.

	Maximum. Pies per mile.	Minimum. Pies per mile.
Passenger fares—		
1st class
2nd class
Intermediate class
3rd or lowest class
	Maximum. Pies per mile.	Minimum. Pies per mile.
Carriages—		
Single carriage
	Maximum. Pies per truck.	Minimum. Pies per truck.
Two or more carriages on one truck
	Maximum. Pies per mile.	Minimum. Pies per mile.
Horses—		
Single horse
	Maximum. Pies per 50 miles or portion thereof.	Minimum. Pies per 50 miles or portion thereof.
Dogs—		
Each
Parcels and luggage—		
If it is proposed to adopt the rates approved by the Indian Railway Conference Association, it will be sufficient to state this fact; otherwise the rates proposed should be stated.		
	Maximum. Pies per maund per mile.	Minimum. Pies per maund per mile.
Goods rates—		
5th class
4th „
3rd „
2nd „
1st „
Special class
X class (Explosives, including dangerous goods)

APPENDIX 32—*conold.*

Enclosure No. II to Government of India Resolution No. 457 R. P. of 1913.

MEMORANDUM B.

Information to be supplied by persons or syndicates desirous of having surveys for branch or feeder lines of railway in India carried out at the cost of Government.

1. All such applications shall specify—

- (a) the company, person, or syndicate by whom the application is preferred ;
- (b) all the termini, together with the names of all the principal towns from, through, into, or near which the survey is intended to be carried, as well as the names of each civil division and district to be traversed by the proposed alignment ;
- (c) the length, so far as known, of the proposed railway ;
- (d) the gauge and the motive power to be employed ;
- (e) the intentions of the applicants as to the construction and working of the railway. If it is intended that the working shall be leased to any existing Railway Administration, the nature of the contemplated agreement shall be specified.

2. Every such application shall be accompanied by a map to a scale of one mile to one inch, with the line of the proposed survey delineated thereon, so as to show the general course and direction.

APPENDIX 33.

No. 969 R.P. OF 1914.

GOVERNMENT OF INDIA.

RAILWAY DEPARTMENT.
(RAILWAY BOARD.)*Simla, the 13th March 1914.*

Terms on which the Government of India are prepared to consider offers for the construction by the Agency of private companies of branch lines forming feeders either to State lines worked by the State or to railways worked by Companies.

READ—

Railway Department (Railway Board) Resolution No. 457 R.P., dated the 14th November 1913.

OBSERVATIONS.—It has been represented that it will facilitate the raising of capital for the construction of feeder railways under the Resolution cited above if a part of the required capital be provided on guarantee terms and the balance on rebate terms.

The Government of India have accordingly resolved to modify Resolution No. 457 R.P., dated the 14th November 1913, in order to permit of the capital required for feeder lines being raised in the manner proposed.

RESOLUTION.—For the sentence "A rebate and a guarantee of interest cannot be granted simultaneously in respect of the same branch line" in clause 3 (vii) of the Resolution of 1913, substitute the following:—

"A rebate and a guarantee of interest cannot be granted simultaneously in respect of the same capital; but capital may be raised for the same branch line, partly under the guarantee system and partly under the rebate system."

After clause 3 (vii) (b) of the Resolution add the following new clause:—

"(c) *Combination guarantee and rebate terms.*—When the capital of a branch line has been raised partly on guarantee and partly on rebate terms, the Government of India will allow in respect of the share capital issued on the ^{guarantee} _{rebate} system the amount (if any) which would have been due on such share capital from time to time had the entire capital been raised on ^{guarantee} _{rebate} terms."

The Secretary to the Government of Madras, Public Works Department, Railways.

The Secretaries to the Governments of Bombay, Bengal, Burma, the United Provinces of Agra and Oudh, the Punjab and Bihar and Orissa, Public Works Department.

The Honourable the Resident at Hyderabad.

The Honourable the Resident in Mysore and Chief Commissioner, Coorg.

The Honourable the Chief Commissioners of the Central Provinces and Assam.

The Honourable the Agents to the Governor-General for Rajputana, Central India and Baluchistan.

The Honourable the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.

The Accountant General, Railways.

The Bombay, Bengal, Bengal National, Upper India, Punjab, Karachi, Madras, Burma, Chittagong, Southern India and Indian, Chambers of Commerce and the Indian Merchants' Chamber and Bureau.

ORDER.—Ordered that this Resolu-

tion be forwarded for information to

the Local Governments and Adminis-

trations, to the officers and to the

Chambers of Commerce noted in the

margin.

Ordered also that the Resolution be published for general information in the *Gazette of India*.

T. RYAN,

Secretary to the Railway Board.

APPENDIX 34.

RESOLUTION No. $\frac{1894}{86}$ P. OF 1915.

GOVERNMENT OF INDIA.

RAILWAY DEPARTMENT.
(RAILWAY BOARD)*Simla, the 7th January 1915.***Grant of special concessions to Branch Line Companies formed for the construction of railways in Assam.**

Observations.—The Government of India have recently had under their consideration the question of adopting further means to encourage the construction of feeder railways in the Province of Assam. It has been recognised that improved means of communication are essential if the material development of which that Province is capable, is to be brought about, but that, in the present partially developed state of large tracts, the immediate financial prospects of branch railways constructed in those tracts are less favourable than are the prospects of similar railways in other Provinces of India. In these circumstances the Government of India consider that in order to encourage the formation of companies for the construction of feeder railways in partially developed tracts in Assam some increased measure of financial assistance is required during the early years after the opening of such railways and before the country traversed has attained to that state of development to which the existence of a railway may be expected to conduce. The Government of India have therefore decided with the approval of His Majesty's Secretary of State in Council of India that the Assam Administration may in approved cases supplement the financial assistance by way of guarantee the grant of which at the charge of Imperial revenues is contemplated by the Government of India Resolution No. 457 R. P., dated the 14th November 1913.

Resolution.—In the case of branch line companies formed for the construction of railways in partially developed tracts in Assam the Government of India will be prepared, provided the conditions implied in the foregoing Observations are fulfilled, to sanction an arrangement by which, in addition to the Imperial guarantee of $3\frac{1}{2}$ per cent contemplated in clause 3 (VII) (2) of their Resolution No. 457 R. P., dated 14th November 1913, the Assam Administration shall undertake for a fixed term of years to make good to the branch line company the sum necessary to increase the rate of dividend to $4\frac{1}{2}$ per cent on the paid up capital of the company when its net earnings are insufficient to admit of the payment of a dividend at this rate. The period during which the Assam administration will undertake this liability must depend on the circumstances of each individual case and the prospects of early development which it presents. In all other respects the orders for the time being in force regarding the formation of companies for the construction of feeder railways in other parts of India will apply to the formation of companies for a like purpose in the province of Assam.

ORDER.—Ordered that this Resolution be forwarded for information to the Government of Assam and that the same be published for general information in the *Gazette of India*.

T. RYAN,

Secretary, Railway Board.
