1922

To
MY MOTHER.

PREFACE.

The reader has a right to ask what qualification the writer may have for dealing with the subject upon which he offers his opinions.

The author of this book claims the qualifications of an observer who, during many years, has studied the ways and thoughts of the Natives of South Africa on the spot, not through interpreters, but at first hand, through the medium of their own speech, which he professes to know as well as the Natives themselves.
