PREFACE TO FIRST EDITION.

The period fixed by the Punjab Government for the compilation of the *Gazetteer* of the Province being limited to twelve months, the Editor has not been able to prepare any original matter for the present work ; and his duties have been confined to throwing the already existing material into shape, supplementing it as far as possible by contributions obtained from district officers, passing the draft through the press, circulating it for revision, altering it in accordance with the corrections and suggestions of revising officers, and printing and issuing the final edition.

The material available in print for the *Gazetteer* of this district consisted of the Settlement Reports, and a draft *Gazetteer*, compiled between 1870 and 1874 by Mr. F. Cunningham, Barrister-at-Law. Notes on certain points have been supplied by district officers ; while the report on the Census of 1881 has been utilised. Of the present volume, Section A of Chap. V (General Administration), and the whole of Chap. VI (Towns), have been for the most part supplied by the Deputy Commissioner ; and Section A of Chap. III (Statistics of Population) has been taken from the Census Report. But with these exceptions, the great mass of the text has been taken almost, if not quite, verbally from Mr. Cunningham's compilation already referred to, which again was largely based upon Major Nisbet's Settlement Report of the district.

The report in question was written in 1868, and modelled on the meagre lines of the old settlement reports, affords very inadequate material for an account of the district. No better or fuller material, however, was either available or procurable within the time allowed. But when the district again comes under settlement, a second and more complete edition of this *Gazetteer* will be prepared ; and meanwhile the present edition will serve the useful purpose of collecting and publishing in a systematic form, information which had before been scattered, and in part unpublished.

The draft edition of this *Gazetteer* has been revised by Major Nisbet and Messrs. Bulman and Trafford. The Deputy Commissioner is responsible for the spelling of vernacular names, which has been fixed throughout by him in accordance with the prescribed system of transliteration. The final edition, though completely compiled by the Editor, has been passed through the press by Mr. Stack.

PREFACE TO SECOND EDITION.

The present edition of the *Gazetteer* has been completed in the cold weather of 1894-95 on the conclusion of settlement operations. It is based largely on the Assessment Reports of the various tahsils and the Final Settlement Report for the district. Excepting small portions of Chapters II, III and VI this edition has been entirely re-written, as it was found that owing to the opening up of the district by the Chenáb Canal, the alteration of boundaries, the establishment of a new tahsil, all of which have occurred since the first edition was prepared, the information given in the latter was both meagre and obsolete. In the present edition an attempt has been made to bring the facts up to date and to include the most recent statistics. A small scale map has also been added which shows the principal towns and villages, main lines of communication, existing boundaries of tahsils, assessment circles, &c., the lines of the Chenáb Canal and its branches, and the alignment of the Wazirabad-Lyallpur Railway now under construction. The account of the agricultural system of the district in Chapter IV has been copied from the *Gazetteer* of the adjoining district of Lahore. For the valuable notes on the history and working of the Chenáb Canal, and of the progress of the Chenáb Canal colonisation scheme, I am indebted to the kindness of Mr. Sidney Preston, Superintending Engineer, and of Lieutenant Popham Young, Colonisation Officer, respectively. Mr. H. D. Watson, Assistant Commissioner, assisted me throughout in compiling the information and recasting the text, and but for his aid the work would not have made such speedy progress.

GUJBANWALA :

The 10th March 1895. }

M. F. O'DWYER,

Officiating Deputy Commissioner.
