Government Resolution No. 5450, dated 1st June 1908, passing orders on the above papers	”

From
J E C JUKES, Esq, I C S,
 Superintendent, Land Records and Registration, N D ,

To
THE COMMISSIONER,
 Northern Division

Camp Ahmedabad, dated 9th January 1908

Sir,

I have the honour to submit proposals for the original settlement of the village of Chor-Amba in the Māndvi Tāluka

2 The village is a small hamlet, boasting a population of only 171 souls. It was granted in inām for the life time of three holders, and on the death of the last of these in the year 1903 it lapsed to Government and a settlement became necessary

3 The measurement and classification of the land of the village were undertaken by a surveyor of my field party, and tested by the District Inspector of Surat. I also took a full five per cent test of the work. The village had previously been surveyed in the year 1881-82, but, except the map, no records of the survey were available, and it became necessary to undertake the work entirely anew

4. The results of the present survey as compared with the previous measurement are as follows:—

	Total area.	Of which uncultivable	Remainder cultivable
By former survey	751		..
By present survey	830	378	452

The variation in area is due to relinquishments by the Forest Department.

5 The realizations from the village under the ināmdārs are shown below:

	Ra.
From 1876-77 to 1880-81	532
From 1881-82 to 1902-03	.. 420

Since the death of the last ināmdār a plough-rate has been levied, which has resulted in an average collection of Rs 268

6 The question of the rates to be applied is simple. The village falls quite naturally into the fourth or last group of the tālukas and is in no way different from its neighbours. I would therefore apply the rates of that group, namely Ra. 1-4-0, as both soil and water assessment. Appendix Q, attached, shows the effect of these proposals. In that statement the area under the former survey includes both cultivable and uncultivable land, as separate details are not available. The total assessment of occupied land will be Rs 263, or, after the application of the "regu ar distance scale," Ra. 252. This is a considerable decrease from the old assessment, but it is almost identical with the "plough-rate" levied for the past three years.

7 I would suggest that the limit of "kaetas" be fixed at one acre in accordance with Government Resolution No 12104 of December 9th, 1907, and that the rules as to trees adopted for the rest of the tāluka be made applicable here also.

8 The period of guarantee should be fixed to expire concurrently with that of the rest of the tāluka.

I have, etc,
J. E C JUKES,
 Superintendent, Land Records and Registration, N D

No 114, dated 11th January 1908

Forwarded to the Collector of Surat for favour of his remarks, to be kindly submitted through the Settlement Commissioner and Director of Land Records,

J DsC ATKINS,
Commissioner, N D

No 761, dated 19th February 1908

Forwarded with compliments to the Settlement Commissioner and Director of Land Records.

2 The undersigned concurs in the proposals of the Superintendent, Land Records and Registration, N D

A. R. BORUS,
Collector of Surat

No. 1013, dated 27th March 1908

Forwarded with compliments to the Commissioner, N D

2 The undersigned supports the proposals made by the Superintendent and concurred in by the Collector

3 Appendix Q appended to the Superintendent's report not being in the proper form, a fresh one has been prepared in this office and enclosed herewith

G S CURTIS,
Settlement Commissioner and Director of Land Records.

No 1967, dated 15th April 1908

Submitted to Government for favour of sanction

J DFC ATKINS,
Commissioner, N D.

Revenue Survey and Assessment

Surat

Original settlement of the village of Chor-
Amba in the Mándvi Táluka.

No 5450

REVENUE DEPARTMENT

Bombay Castle, 1st June 1908

Letter from the Superintendent, Land Records and Registration, N D, No 63, dated 9th
January 1908, to the Commissioner, N D

Memorandum from the Commissioner, N D, No 114, dated 11th January 1908, to the
Collector of Surat

Memorandum from the Collector of Surat, No 761, dated 19th February 1908, to the
Settlement Commissioner and Director of Land Records

Memorandum from the Settlement Commissioner and Director of Land Records, No 1013,
dated 27th March 1908, to the Commissioner, N D.

Memorandum from the Commissioner, N D, No 1967, dated 15th April 1908

RESOLUTION.—The proposals made by the Superintendent, Land Records
and Registration, N D, which are supported by all the officers through whose
hands these papers have passed, are sanctioned.

2 The settlement should be introduced in the year 1908-09, and the rates
levied in the year 1909-10 and guaranteed so as to expire concurrently with
those of the other villages of the táluka in the year 1933-34
