POONA

E
FORWARD

This is one of the series of District Monographs of the All-India Rural Credit Survey organised by The Reserve Bank of India during 1951-52 and relates to the District of Bijapur in the Bombay State. The fieldwork was done during November, 1951 to July, 1952 and was conducted under the central direction of the Committee of Direction. Shri G. J. Khudankar acted as the District Inspector under the general supervision of myself as the Regional Controller for the seven districts where the survey was administered by the Gokhale Institute of Politics and Economics, Poona. The Monograph has been prepared in accordance with the synopsis approved by the Committee of Direction with some minor modifications of arrangement. Mr. G. J. Khudankar assisted me in the draft^{ing} to an extent justifying his joint authorship of the Monograph. The monograph is therefore being forwarded under our joint authorship.

Poona.
