PREFATORY NOTE.

This report, which has been prepared for presentation to Parliament, is issued by the Bureau of Public Information, Government of India, under the authority and with the general approval of the Secretary of State for India; but it must not be understood that the approval either of the Secretary of State or of the Government of India extends to every particular expression of opinion.

The report has again been written in the abbreviated form adopted for the last three issues, the descriptive and explanatory passages which previously served to introduce the subject matter having been curtailed or omitted. The chapter on the Provinces has again been left out in order to keep down the size of the volume; but full information is available in the provincial administration and departmental reports.

It should be explained that though the report as a whole covers the financial year 1934-35, the chapter on Politics and Administration relates to the calendar year 1935.
