The **TIMES** says: "We had thought that the cheap issues of uniform volumes on all manner of subjects were being overdone; but the 'Twelve English Statesmen,' published by Messrs. Macmillan, induce us to reconsider that opinion. Without making invidious comparisons, we may say that nothing better of the sort has yet appeared, if we may judge by the five volumes before us. The names of the writers speak for themselves."

## ENGLISH STATESMEN.

UNDER the above title Messrs. MACMILLAN & Co. beg to announce a series of short Biographies, not designed to be a complete roll of famous Statesmen, but to present in historic order the lives and work of those leading actors in our affairs who, by their direct influence, have left an abiding mark on the policy, the institutions, and the position of Great Britain among States.

The following List of Subjects is the result of careful selection. The great movements of national history are made to follow one another in a connected course, and the series is intended to form a continuous narrative of English freedom, order, and power. The following Volumes of the series are arranged for:—

- WILLIAM THE CONQUEROR.** By EDWARD A. FREEMAN,  
D.C.L., LL.D. [Ready.]
- HENRY II.** By Mrs. J. R. GREEN. [Ready.]
- EDWARD I.** By F. YORK POWELL.
