EDUCATION COMMISSION.

REPORT

OF

THE COMMISSIONERS

APPOINTED TO INQUIRE INTO

**STATE OF POPULAR EDUCATION
IN ENGLAND.**

Vol. I.

Printed and sold by *W. Clowes and Sons, London and Beccles.*
Sent to both Houses of Parliament by Command of Her Majesty.

T. 3. M66-

A861.1

6818

The Reports of the Assistant Commissioners appointed to collect Information as to the State of Popular Education in certain Specimen Districts in England and Wales, and in Foreign Countries; the Answers to a Circular of Questions issued by the Commissioners to Persons interested in Popular Education in various Parts of the Country; and, as an Appendix, the vivâ voce Evidence of Witnesses taken before the Commission, especially in reference to the Working of the System of Annual Grants administered by the Committee of Council on Education, are contained in Five Octavo Volumes, and will be laid before Parliament soon after the Easter Recess.

TABLE OF CONTENTS.

	Page
PART I.—INTRODUCTION.—EDUCATION OF THE INDEPENDENT POOR	716
PART II.—EDUCATION OF PAUPER CHILDREN	352
PART III.—EDUCATION OF VAGRANTS AND CRIMI- NALS	386
PART IV.—STATE SCHOOLS	415
PART V.—CHARITABLE ENDOWMENTS	456
PART VI.—STATISTICS	553

INTRODUCTION.

Division of the Subject ; Materials of Report ; Proceedings of Commissioners, and appointment of Assistant Commissioners ; Statistical Inquiry	7
--	---

Part I.

Education of the Independent Poor.

CHAPTER I.

INSTITUTIONS FOR THE EDUCATION OF THE INDEPENDENT POOR.

SECTION I. CENTRAL INSTITUTIONS FOR THE EDUCATION OF THE CHILDREN OF THE INDEPENDENT POOR, INCLUDING THE COM- MITTEE OF COUNCIL ON EDUCATION.

General British and Foreign and other Societies ; Diocesan
Boards and Inspectors ; Grants for Education in 1832 ; Estab-
lishment of Committee of Council for Education in 1839 ;
Report of its Proceedings and Expenditure ; Organization of
the Office. [For Statistical Tables in illustration, see Statistical
Tables, page 574 to 579]

16

SECTION II. SCHOOLS FOR THE CHILDREN OF THE INDEPENDENT POOR.

CLASSIFIED IN REFERENCE TO THEIR OBJECTS. 1.
Infant Schools.—Private and Public ; Importance of Infant
Schools and their difficulties. 2. *Day Schools.*—Their Religious
Character ; Views of Managers and Parents ; Evidence ;

TABLE OF CONTENTS.

	Page
Management. 3. <i>Evening Schools</i> .—Proposal by Bishop Hinds in 1839; supply Deficiencies in early Education; Difficulties as to Establishment of Evening Schools, and Mode of obtaining Teachers; Grouping Schools. 4. <i>Sunday Schools</i> .—Give Religious Instruction; Welsh and Northern Sunday Schools; Denominations with which they are connected. [For Statistical Tables in illustration, see Statistical Report, page 580, 581] -	27
II. SCHOOLS CLASSIFIED IN REFERENCE TO THEIR CONSTITUTION.	
Foundation Deeds. modelled by Committee of Council; Provisions of Management Clauses - - - - -	55
III. SCHOOLS CLASSIFIED IN REFERENCE TO THEIR FINANCES.	
i. EXPENDITURE.—Classification of Expenditure; Salaries to various Classes of Teachers; Expense in relation to Number of Scholars; Government Assistance per Scholar. ii. INCOME.—Sources of Income; Subscriptions inadequate. 1. <i>Government Grants</i> . Effect of Government Grants on Subscriptions towards Establishment and Maintenance of Schools. 2. <i>School Fees</i> . Proportion of Income raised by School Fees; full Price of Education; Ability and Inclination of Parents to pay Fees. 3. <i>Subscriptions</i> . Amount of Subscriptions; what Classes of Persons subscribe. [For Statistical Tables in illustration, see Statistical Report, page 581 to 591] - - - - -	62
IV. THE NUMBER OF SCHOOLS AND SCHOLARS.	
Number of Scholars on the Books of Schools; Classification of Schools; Proportion of Children aided by the Grant; Number of Children of all Classes and of poorer Classes in School; Number of Children who receive no Education at all. [For Statistical Tables in illustration, see Statistical Report, page 591 to 637] - - - - -	78

CHAPTER II.

TEACHERS OF SCHOOLS FOR THE INDEPENDENT POOR.

SECTION I.—TEACHERS OF PRIVATE SCHOOLS.

Character of Teachers of Private Schools; Private School Teachers injured by Competition of Schools aided by Government Grants; Recommendations - - - - -

SECTION II.—PUPIL-TEACHERS.

Monitorial System; Minutes of 1846; Description of Pupil-Teacher System, and Evidence as to its Merits and Defects; how far they follow their Profession - - - - -

SECTION III.—STUDENTS IN TRAINING COLLEGES.

Origin of Training College System; Establishment of Board and Borough Road Training Colleges; Statistics of

TABLE OF CONTENTS.

v

	Page
System; uniform Course of Study in Training Colleges produced by the Syllabus of the Committee of Council; Account of the Syllabus, and Observations on it; Course of Study in the Colleges; Art of Teaching; Evidence and Observations; Finance of Training Colleges; Recommendations; Certificates	108
SECTION IV.—TRAINED TEACHERS IN CHARGE OF SCHOOLS.	
Superiority of Trained over Untrained Teachers; how far Rank of Certificate tests Value of Teacher; Shortcomings of Trained Teachers; general Character of Trained Teachers; their Views, Position, and Prospects	149
SECTION V.—GENERAL STATISTICS AS TO TRAINED TEACHERS.	
Supply of Trained Teachers probably sufficient	164
SECTION VI.—RECAPITULATION	
	166
[For Statistical Tables in illustration of this Chapter, see Statistical Report, page 637 to 647.]	

CHAPTER III.

ATTENDANCE OF CHILDREN.

SECTION I.—THE STATISTICS OF SCHOOL ATTENDANCE.	
Regularity and length of Attendance, and Time during which the Schools are open. [For Statistical Tables in illustration, see Statistical Report, page 648.]	170
SECTION II.—CAUSES WHICH DETERMINE THE LIMITS OF SCHOOL ATTENDANCE.	
Feelings of Parents as to Education of their Children; Non-attendance from Poverty and Neglect; Removal of Children for sake of Wages	174
SECTION III.—PLANS FOR INCREASING THE AMOUNT OF SCHOOL ATTENDANCE.	
I. <i>The State of Juvenile Labour.</i> —Employment of Children in Agriculture; Manufactures; Mines; miscellaneous Occupations in Towns; what sacrifices Parents may be expected to make for Education of Children; shortening School hours	180
II. PROPOSALS FOR A GENERAL COMPULSORY SYSTEM OF EDUCATION.—Prussian System, and Laws of Switzerland and America; Feelings in this Country on the Subject; Reasons for not recommending general compulsory System	192
III. COMPULSORY EDUCATION IN FACTORIES, PRINT WORKS, AND MINES.—1. <i>Factories.</i> Provisions of Factory Acts; Evidence as to their effects; Recommendations; 2. <i>Print Works.</i> Provisions of Print Works' Acts, and their effects; 3. <i>Mines.</i> Provisions of 23 & 24 Vict. c. 151; Character of mining Populations	201

	Page
IV. PRIVATE COMPULSION EXERCISED BY EMPLOYERS OF LABOUR.—Account of London Lead Company's Scheme ; Conditions under which such Schemes are possible	217
V. PRIZE SCHEMES.—Staffordshire Prize Schemes ; Opinions as to Value of Prize Schemes	221
VI. DISTRIBUTION OF MINOR STATE APPOINTMENTS ON EDUCATIONAL GROUNDS	223
VII. GENERAL CONCLUSIONS	225
For Statistical Tables in illustration of this Chapter, <i>see</i> Statistical Report, page 648 to 660.	

CHAPTER IV.

SCHOOLS INSPECTED AND ASSISTED.

SECTION I.—INSPECTION.

Duties of Inspectors ; Benefits of Inspection	227
---	-----

SECTION II.—STANDARD OF EFFICIENCY IN THE INSPECTED SCHOOLS.

Meaning of the words "Excellent," "Good," and "Fair," used by Inspectors in reporting on Schools ; Inspection does not measure the Attainments of individual Children ; the general Character of the Schools	234
--	-----

SECTION III.—THE INSTRUCTION GIVEN IN INSPECTED SCHOOLS.

Standard attainable by Children of 10 Years of Age ; this Standard not attained by Majority of Children ; Evidence of Inspectors and Assistant Commissioners ; Causes of this. [For Statistical Tables in illustration, <i>see</i> Statistical Report, page 660 to 670]	242
---	-----

SECTION IV.—MORAL INFLUENCE OF INSPECTED SCHOOLS.

Great moral Influence of Schools ; Illustrations from particular Places	266
---	-----

SECTION V.—CONCLUSIONS	273
------------------------	-----

CHAPTER V.

PUBLIC SCHOOLS UNASSISTED.

Assisted Schools superior to Unassisted ; Number of assisted Schools and Districts in which they occur ; average Expense of Schools ; Difficulties of obtaining Subscriptions from non-resident Proprietors ; Suggestions for specifically aiding unassisted Schools considered. [For Statistical Tables in illustration, <i>see</i> Statistical Report, page 671 to 672.]	277
--	-----

CHAPTER VI.

MEASURES RECOMMENDED.

Observations on present System	293
SECTION I.—PLANS WHICH HAVE BEEN PROPOSED FOR IMPROVING AND EXTENDING POPULAR EDUCATION.	
1. <i>Education to be provided by Voluntary Contributions.</i> —No Grounds to expect such a State of Things; 2. <i>Compulsory Education provided by the State.</i> —Not required or desirable in this country; 3. <i>Education provided by a System of Parochial Rating.</i> —Grounds on which it is advocated and objections to it	297
SECTION II.—EXAMINATION OF THE PRESENT SYSTEM OF AID AND INSPECTION.	
Arguments in favour of it. ITS DEFECTS :—1. Expense, and its tendency to increase; 2. Difficulty of admitting Poorer Schools; 3. Necessity of Localizing Part of the Expenditure; 4. Defective Teaching; 5. Complication of Business in the Office. Summary	308
SECTION III.—GENERAL PLAN FOR MODIFYING AND EXTENDING THE PRESENT SYSTEM.	
1. General Principles; 2. Distribution of Grant from the Central Fund; 3. Grant from the County Rate; 4. County Board of Education; 5. Payment. Explanation of the Objects of these Recommendations	328
SECTION IV.—CONSIDERATIONS IN FAVOUR OF PROPOSED PLAN.	
1. <i>Simplification and Limitation of present Grants.</i> —Grants to be paid directly to Managers; Conditions to be fulfilled; Simplicity of this Mode of Payment; Payment to be made through County or Borough Treasurer; 2. <i>Objects to be attained by additional Grant from County Rate.</i> —Payment for Results; Impossibility of giving Assistance on any other than proposed Plan; Constitution of County Boards; Independence of Religious Teaching, and of Management	333
SECTION V.—EXPENSE OF PROPOSED PLAN.	
Estimate of Public Expenditure on Education of 1,500,000 Children	344
SECTION VI.—INSPECTION.	
Its Utility; its denominational Character; Views of Commission with regard to Subjects to be inquired into; no Recommendation made	347
SECTION VII.—BOOKS, MAPS, DIAGRAMS, ETC.	
Special Grant on this account superseded	348

PART II.**Education of Pauper Children.****I. THE EDUCATION OF PAUPER CHILDREN IN WORKHOUSES.**

Bad State of Education of Children in Workhouses ; bad moral Influence of Workhouses ; Difficulty of getting good Teachers for Schools in Workhouses ; Grant towards Salaries of Workhouse Teachers ; its Administration ; Difficulties connected with it -	352
---	-----

II. THE EDUCATION OF PAUPER CHILDREN IN DISTRICT SEPARATE SCHOOLS.

Origin of District Schools ; Laws on the Subject ; Evidence as to Success of District Schools ; Obstacles to the Establishment of such Schools ; Separate Schools and their Success ; Recommendations -	366
---	-----

III. EDUCATION OF CHILDREN OF OUT-DOOR PAUPERS.

State of Out-door Pauper Children ; 18 and 19 Vict. c. 34 ; Proposals for Amendments -	380
--	-----

IV. CONCLUSIONS AND RECOMMENDATIONS - 384**PART III.****Education of Vagrants and Criminals.**

Description of Class of Children, and Account of Legislation on the Subject -	386
---	-----

I. NON-INDUSTRIAL RAGGED SCHOOLS.

Evidence as to Ragged Schools at Bristol ; Classes which resort to them ; Policy of Committee of Council in respect of them ; Observations and Recommendations -	388
--	-----

II. INDUSTRIAL SCHOOLS.

Uncertified and Certified Industrial Schools ; Conditions of Aid to such Schools ; Industrial Schools Act ; its practical Effect ; Mr. Dunlop's Act ; Recommendations that Vagrant Children should be committed to district and separate Union Schools [For Statistical Tables in illustration, see Statistical Report, pages 678, 679] -	396
---	-----

III. REFORMATORIES.

Reformatory Acts ; present Number of Reformatories ; their Condition and Results. [For Statistical Tables in illustration, see Statistical Report, pages 678, 679] -	404
--	-----

IV. CONCLUSIONS - 413

PART IV.

State Schools.

State Schools, either Military or Naval - - - - 415

I. MILITARY SCHOOLS.

1. GARRISON AND REGIMENTAL SCHOOLS ; Origin of Education in the Army. 2. SCHOOLS FOR ADULTS ; State of Attendance in these Schools ; 3. SCHOOLS FOR CHILDREN ; Efficiency of Army Education ; 4. NORMAL SCHOOL AT CHELSEA ; Studies, and Number of Students ; Royal Military Asylum School - - - - 416

II. NAVAL SCHOOLS.

1. SEAMEN'S SCHOOLMASTERS ; Ship Schools defective ; Inefficiency of Seamen's Schoolmasters ; 2. SCHOOLS ON BOARD SHIPS IN HARBOUR ; 3. ROYAL MARINE SCHOOLS ; 4. THE DOCKYARD SCHOOLS ; 5. GREENWICH HOSPITAL SCHOOLS ; Report on Greenwich Hospital ; State of the School ; 6. RECOMMENDATIONS - - - - 428

PART V.

Charitable Endowments.

I.

EDUCATIONAL CHARITIES.

Condition of Educational Charities ; Powers of Trustees and of Charity Commissioners ; Educational Charities not turned to the best account ; Evidence ; Endowed Schools might be made efficient ; Appointment of Teachers ; Proposed Inspection and Supervision by Committee of Council ; Modification of Provisions in Deeds and Statutes by Court of Chancery ; Powers of Charity Commissioners to lay Schemes before Parliament ; Recommendation to vest Power of Improvement in the Privy Council ; Objects with which such Powers might be exercised ; Adaptation of Character of Instruction to present State of Things ; Improvement of Character of Teachers ; better Application of Income of Charities ; Case of Christ's Hospital ; Abolition of useless or obsolete Restrictions ; Consolidation and Annexation of small Endowments ; Changes as to Site, Boards of Trustees, and Exhibitions ; further Facilities for Educational Foundations - - - - 456

II.

CHARITIES WHICH ARE NOT AT PRESENT APPLICABLE TO
EDUCATION.

Amount and Classification of Charities ; Evils of Endowments for Distribution of Alms ; Cases in Illustration ; Obsolete Charities ; Charities which have become excessive for their Purpose ; Inadequate Authority of Charity Commissioners ; Recommendations - - - - -	515
<hr/>	
SUMMARY OF RECOMMENDATIONS - - - - -	542

PART VI.

STATISTICS.

*The Statistics are arranged so as to illustrate the Report, Chapter
by Chapter.*

INTRODUCTION.

Forms issued through the Medium of Societies connected with Education - - - - -	553
Forms issued in the Specimen Districts, through the Medium of the Assistant Commissioners - - - - -	559
CHIEF RESULTS OF GENERAL STATISTICAL INQUIRY - - - - -	573

PART I.

CHAPTER I.

SECTION I.

INSTITUTIONS FOR THE EDUCATION OF THE INDEPENDENT
POOR.

Tables showing—

Operations of Societies connected with Education ; Dates of Estab- lishment ; Income and Expenditure - - - - -	574
Operations of Diocesan Boards, and Dates of Foundation - - - - -	575
System of Diocesan Inspection - - - - -	578
Amount of Grants voted annually by Parliament for Edu- cation from 1839 to 1860 - - - - -	578
Expenditure from Government Grants during the period between 1839 and 1859 - - - - -	579

SECTION II.

I. SCHOOLS CLASSIFIED IN REFERENCE TO THEIR OBJECTS.

Tables showing—

Proportion of Schools for Boys only, Girls only, Infants only, and for mixed Sexes	580
Proportion of Scholars between 3 and 7 years of age in separate Infants' Schools	580
Centesimal proportions of Scholars educated by Religious Denominations in Day and Sunday Schools	581
Centesimal proportion of Scholars in Evening Schools who have previously attended Day Schools	581

II. SCHOOLS CLASSIFIED IN REFERENCE TO THEIR CONSTITUTION.

This branch of the subject is not capable of statistical illustration.

III. SCHOOLS CLASSIFIED IN REFERENCE TO THEIR FINANCES.

Tables showing—

Proportions of every <i>l.</i> of income (exclusive of Grants for Pupil-teachers) expended as Teachers' Salaries, and upon other Objects	582
Amount of Income (exclusive of Government Grants) of three Classes of Public Week-day Schools	582
Amount of Income of the Subdivisions of the same three Classes	583
Amount of Income (exclusive of Government Grants) of Public Week-day Schools connected with Religious Bodies stated in the order of Counties	584
Summary, under Counties, of Expenditure in Grants to Schools from Parliamentary Votes, between the Years 1833 and 1859, inclusive	585
Proportions of Income <i>per Scholar in average Attendance</i> , derived from various Sources, in certain Classes of Public Week-day Schools, inspected and uninspected	586
Proportions of every <i>l.</i> of Income (exclusive of Government Grants for Pupil-Teachers), derived from various Sources	587
Fees paid by Scholars in various Classes of Public Week-day Schools, inspected and uninspected	587
Fees paid in Church of England and other Schools receiving Annual Grants from Government	588
Fees in Private Week-day Schools	590
Highest Incomes of Teachers of Private Schools	591

	Page
IV.—THE NUMBER OF SCHOOLS AND SCHOLARS.	
Tables showing—	
Total Number of Schools and Scholars in England and Wales	591
Number of Public Week-day Schools and Scholars in Four Classes	592
Number of Schools and Scholars in Subdivisions of Classes	592
Number of public Evening Schools and Scholars in Denominational Subdivisions	593
Number of Sunday Schools and Scholars in Denominational Subdivisions	594
Proportion of Public Week-day Scholars to the Total Estimated Population of each County	594
Number of Public Week-day Schools and Scholars, arranged Denominationally and in Counties	596
Number of Sunday Schools and Scholars, arranged Denominationally and in Counties	617
Number of Evening Schools and Scholars, arranged Denominationally and in Counties	628
Proportion of Scholars in Week-day Schools of all Kinds in the Specimen Districts to the Estimated Population of those Districts in 1851 and 1858	635
Centesimal Proportion of Scholars in Private Week-day Schools to Scholars in Week-day Schools of <i>all</i> kinds in the Specimen Districts in 1851 and 1858	636
Centesimal Proportions of Public Week-day Schools, established during certain Periods	636
Centesimal Proportions of School Buildings connected with Public Week-day Schools erected during certain Periods	637

CHAPTER II.

TEACHERS OF SCHOOLS FOR THE INDEPENDENT POOR.

I.—TEACHERS OF PRIVATE SCHOOLS.

Table showing—	
Proportion of Teachers in the Specimen Districts holding Certificates of Competency	637

II.—TEACHERS OF PUBLIC SCHOOLS.

Tables showing—	
Number of Certificated Teachers, Assistant Teachers, and Pupil-Teachers, employed in Great Britain in each year between 1849 and 1859	638
Proportions of Certificated, Registered and Pupil Teachers, to the Total Number of Teachers in the Specimen Districts	639
Centesimal Proportion of Masters and Mistresses in the Specimen Districts, who have been Teachers for more or less than Three Years	640

TABLE OF CONTENTS.

xiii

	Page
Centesimal Proportion of Masters and Mistresses in the Specimen Districts, trained and untrained - - - -	640
Emoluments of Masters and Mistresses in inspected Schools in Great Britain, in Denominational and District Divisions -	641
Number of Training Colleges, Dates of Establishment, of earliest Government Grants, and Denominational Connexion -	643
Training Colleges under Government Inspection; Average Number of Students and Tutors - - - -	644
Training Colleges, Amount received from Government; Cost of Buildings, how defrayed, and Income in 1858 - -	645
Proportion of Incomes of Colleges in 1859, contributed by Government - - - -	646
Classification of Attainments of Candidates in Church of England Training Colleges for Males in 1859 - - - -	647

CHAPTER III.

ATTENDANCE OF CHILDREN.

Tables showing—

Proportion of Scholars in average Daily Attendance in Public Week-day Schools in the Specimen Districts - - - -	648
Proportion of Scholars in average Daily Attendance in Private Week-day Schools in the Specimen Districts - - - -	649
Proportion of Scholars in average Daily Attendance in Sunday Schools in the Specimen Districts - - - -	649
Proportion of Scholars in average Daily Attendance in Evening Schools in the Specimen Districts - - - -	650
Results of the Four preceding Tables compared - - - -	650
School Accommodation in the Specimen Districts - - - -	651
Amount of Attendance during the Year of Scholars in Public Week-day Schools in Specimen Districts - - - -	651
Estimated Attendance during the Year in Denominational Schools in England and Wales - - - -	652
Proportion of Scholars who have attended Public Week-day Schools 176 Days in the Year, from 1853 to 1857, in the Specimen Districts - - - -	652
Ages of Scholars in public Week-day Schools in the Specimen Districts - - - -	653
Percentage of Population at various Ages between 3 and 15, to whole Population between those Ages, and Percentage in Attendance at School at each Age, in Great Britain - -	654
Comparison of the Results of the Two preceding Tables - -	654
Ages of Scholars in Private Week-day Schools in the Specimen Districts - - - -	655
Comparative Attendance of Scholars at various Ages in Public and Private Week-day Schools - - - -	656

	Page
Estimated Length of the School Life of Children in Public Week-day Schools - - - - -	656
Ages of Scholars in Sunday Schools in the Specimen Districts -	657
Ages of Scholars in Evening Schools in England and Wales -	658
Statistics as to the Attendance at certain Periods of Age, in Public, Private, Sunday, and Evening Schools, compared -	658
Proportion of Scholars who have been in <i>the same</i> Public Week-day Schools in the Specimen Districts for certain Periods -	659
Proportion of Scholars who have been in <i>the same</i> Public Week-day Schools in England and Wales for certain Periods -	660

CHAPTER IV.

THE INSTRUCTION GIVEN IN SCHOOLS.

Tables showing—

Centesimal Proportions of Scholars in Public Week-day Schools learning various Subjects - - - - -	660
Quality of the Instruction given in Schools which are aided and unaided by Annual Grants from the Committee of Council on Education - - - - -	661
Centesimal Proportions, <i>in detail</i> , of Scholars in Public Week-day Schools, in the Specimen Districts, learning various Subjects - - - - -	662
Centesimal Proportions of Scholars in Private Week-day Schools learning various Subjects - - - - -	665
Centesimal Proportions, <i>in detail</i> , of Scholars in Private Week-day Schools, in the Specimen Districts, learning various Subjects - - - - -	666
Proportion of Scholars learning various Subjects in Private and in Public Week-day Schools compared - - - - -	669
Centesimal Proportion of Scholars in Evening Schools learning various Subjects - - - - -	669
Centesimal Proportions, <i>in detail</i> , of Scholars in Evening Schools in the Specimen Districts learning various Subjects - - - - -	670

SUPPLEMENTARY TABLES.

Tables showing—

Number of Schools annually aided and not aided open to the Inspection of the Committee of Council on Education in 1860 -	671
Number of Scholars in the foregoing Schools open to the Inspection of the Committee of Council on Education in 1860 -	672
Number of paid Teachers in the foregoing Schools open to the Inspection of the Committee of Council on Education in 1860 -	672

TABLE OF CONTENTS.

XV

	Page
Number of Schools, and of Scholars between the Ages of 5 and 15, under Government Inspection in 1858	673
Proportion of Scholars for whom Accommodation was provided in 1858	673
Number of Scholars on the Books and in average daily Attendance in 1858	673
Proportion of Scholars for whom Accommodation is provided to total Number of Scholars	673
Proportion of Scholars in average Attendance in 1858 to Number in Attendance in 1851	673
Proportion of Scholars in average Attendance, to total Population between the Ages of 5 and 15, in 1858	673
Income and Expenditure of Inspected Public Week-day Schools in 1858	673
Sources whence Deficiencies in the Incomes of Public Week-day Schools were supplied in 1858	673
Character of Public Week-day Schools under Government Inspection in 1858	673
Proportion of Parliamentary Grants for Education awarded for building and enlarging School-rooms and Normal Colleges, from 1848 to 1858	675
Proportion of Parliamentary Grants for Education awarded for Capitation Grants, and Number of Schools aided by the same from 1854 to 1858	675
Proportion of Parliamentary Grants for Education awarded as Grants for Books, Maps, and Diagrams, and Number of Schools aided by the same, from 1850 to 1858	675
Number of Teachers Certificated in each Year between 1847 and 1859, and Number in charge of Schools in each Year	676
Number of Teachers Registered in each Year between 1854 and 1859	676
Expenditure from Government Grants in 1859	677
Certified Industrial Schools in England and Wales in 1860	678
Uncertified Industrial Schools in England and Wales in 1860	679

 - organization of elementary schools, 538.
 - inspection and examination, 539.
 - transfer of pupils to higher school, 539.
 - exhibitions, 539.
- Blue Coat School. *See* Christ's Hospital.
- Boards of Education, appointment of, recommended, 545.
- Books, Maps, and Diagrams, endeavours made by Committee of Council to provide good, 349.
- regulations respecting grants for, 349.
 - effects resulting from authoritative selection of, 350.

Education, Government System of—*cont.*

- Educational Charities, class of persons who receive the benefit of charity schools, 495.
- grounds on which the question of free boarding schools is to be decided, 495.
- grotesque peculiarities of costume should be discontinued, 503.
- injurious restrictions should be abolished or relaxed, and the benefit of endowments extended, 503.
- instances of injurious restrictions, 503.
- sometimes lead to diversion of charity from its original purpose, 507.
- lawfulness of abolishing or relaxing, 508.
- consolidation and annexation of small endowments, 509.
- by Privy Council, 511.
- power to change the sites of schools and to re-organize boards of trustees, 511.
- exhibitions belonging to schools to be under jurisdiction of Privy Council, 512.
- registration of instruments of foundation, &c., 513.
- accounts to be audited by the inspectors on the spot, 513.
- power of inspecting title deeds, 513.
- facilities for educational foundations to be extended, 514.
- as regards the grantors, 514.
- as regards the grantees, 515.
- no further power of granting land in mortmain to be given, 514.
- the redemption of rentcharges to be promoted, 515.
- the educational endowments connected with cathedral institutions not to be placed under Privy Council, 515.
- recommendations respecting, 548.
- See also Christ's Hospital; Endowed Schools; Grammar Schools.
- Education Committee of Privy Council. See Committee of Council for Education.
- Education, Boards of. See County Board; Borough Board.

Education, Government System of:

MERITS:

- independent arguments in favour of, 308.
- schools founded in connexion with, cannot be superseded or brought under another system, 309.
- success of, with respect to schools, training colleges, &c., 309.
- secures good managers, 309.
- produces good feeling, and is not proselytizing, 310.
- only system by which religious character of popular education can be secured, 310.
- religious character of instruction could not be secured by undenominational system, nor by separating secular and religious instruction, 311, 312.
- resolution of Wesleyan Committee of Education on this subject, 312.

Education, Government System of—*cont.*

DEFECTS:

- 1. *Expense, and its Tendency to increase.* Necessity of large outlay on popular education, and unreasonableness of objecting to it, 313.
- present grant would ultimately amount to 2,000,000*l.* yearly, possibly much more, 314.
- difficulty of the Committee of Council arising from case of "poor schools," 315.
- attempt to meet this by a departure from previous principles of aid, 315.
- origin of the capitation grant, and its history since 1853, 315.
- attempts to increase it by various proposals for giving larger sums to schools, 316.
- 2. *Difficulty of admitting poorer Schools.* Case of the "poorer schools," 316.
- Mr. Fraser's opinion that their poverty arises from non-residence of proprietors, 317.
- small parishes have difficulty in meeting conditions of Privy Council, 317.
- difficulties in treating poor schools without modifying present system, 319.
- injustice of throwing a large sum on the central revenue for local benefits, 320.
- share of locality in management, 320.
- 3. *Defective Teaching.* Failure in teaching elementary subjects, 320.
- cannot be remedied by present system, 320.
- 4. *Complication of Business in the Office.* Mr. Lingen's opinion of the difficulty of extending present system over the whole country, 321.
- reasons of difference between Privy Council Office and other public offices, 321.
- appropriation of grants to several persons requires complicated machinery, 322.
- need of reference to head of department, 323.
- causes which increase responsibility of the Secretary, 323.
- difficulty of keeping departments separate, 323.
- need of care in dealing with managers, 324.
- difficulty from amount and variety of correspondence, 324.
- advantage of relieving the office of these details, 325.
- general agreement as to difficulties of the office, 326.
- SUMMARY:
- advantages of the system, 327.
- its evils, 327.
- object of its first promoters, 327.

- Charities not Educational, sometimes applied in aid of poor rate, 520.
- the Coventry case, 520.
 - difficulty of distribution, 520.
 - in some cases become excessive through diminution of population, 521.
 - no sweeping scheme for removal of, recommended, 521.
 - almshouses not to be interfered with, 521.
 - nor charities for orphans or widows, 522.
 - change made in circumstances of the case by improvement of the Poor Laws, 522.
 - case of the Jarvis' Charity, 522.
 - case of the Mayor's Charity at Manchester, 526.
 - result of periodical distributions of alms in the case of Coventry, 528.
 - found useful in elections, 529.
 - the Canterbury charities, 529.
 - distributed by clergyman of parish, 529.
 - the objects of which have failed, 530.
 - for discharge of insolvent debtors, 530.
 - for kindred of founder, 530.
 - which have outgrown their objects, 531.
 - loans, 531.
 - apprenticeship fees, 531.
 - example of St. Nicholas parish, Bristol, 533.
 - of Loughborough, 534.
 - individual cases should be considered, 534.
 - authority of Charity Commission inadequate, 534.
 - want of constitutional authority and a responsible minister to take charge of measures, 536.
 - recommendations respecting, 547.
 - See also Birmingham, King Edward's Free Grammar School at.
- Charity Commission, powers of, 457.
- to be transferred to Privy Council, 475.
 - to lay schemes before Parliament not effectual, 478.
 - authority of, inadequate, 534.
 - recommendation that it be converted into a department of the Privy Council, 547.
- Charity Schools, class of persons who receive the benefit of, 495.
- Charterhouse, St. Thomas, description of the district, 283.

- educated at home, or left without education from sickness or neglect, 84.
 - educated in district schools, subsequent careers of, 267.
 - labour of. See Juvenile Labour.
- Christian Brothers, schools of, 109.
- Christ's Hospital, 496.
- revenues of, 496.
 - number of children in, 496.
 - originally intended for the poor, 496.
 - class taking advantage of, has risen, 497.
 - regulation as to circumstances of children admitted, 497.
 - other proofs of original object of, 498.
 - causes which led to alteration in class of children admitted, 498.
 - improvements recently made in system of education, 498.
 - system of donation governors, and impolicy of, 498, 499.
 - injurious to educational influence of, 500.
 - governors of, to be appointed on ground of personal qualification, 500.
 - to be inspected by Privy Council, 500.
 - no interference proposed with system of education in London school, 501.
 - presentations to be bestowed by merit, 501.
 - exhibitions to be given by merit, 501.
 - fund for apprenticeships to be converted into exhibitions, &c., 501.
 - question as to expediency of keeping up boarding school at Hertford, 501.
 - composition to be made with parishes and companies having presentations, 502.
 - probable effects of these measures, 502.
 - grotesque peculiarities of costume to be discontinued, 503.
 - recommendation respecting, 548.
- Church Schools, management clauses in foundation deeds of, 57.
- terms of foundation deeds of, as to inspection, 62.
- Circular of questions, 11.
- Clergy, deficiencies in school subscriptions made up by, 78.
- Collegiate Schools, statistics of, 81.
- Collieries. See Mines and Collieries.
- Commission, terms of the, 7.
- Committee of Council for Education, establishment of, in 1839, 20.
- general account of its proceedings, 21.
 - efforts of, at first confined to assisting the erection of elementary and normal schools, 21.
 - originate the pupil-teacher system in 1846, 21.
 - grants to training colleges, 22.
 - grants in augmentation of teachers' salaries, 22.
 - building grants, 23.
 - capitation grants, 23.
 - origin of, 23.
 - extension of, to all schools, 24.
 - other grants, 24.
 - general tabular view of operations of, 24.
 - principle of system of, established, 25.
 - constitution, 26.
 - permanent establishment of office, 26.

- Endowed Schools, regulations to be framed as to certificates of masters, 489.
- the superior authority for these purposes should be the Privy Council, 475.
 - the powers of the Charity Commissioners to be transferred to the Privy Council, 475.
 - estates of educational charities intermingled with those of other charities, 476.
 - powers of modifying the regulations of founders exercised by Courts of Equity, &c., 476.
 - desirable the principle should be clearly laid down, 477.
 - schemes framed by Court of Chancery and special Acts of Parliament defective as means of improvement, 477.
 - special defects of the Court of Chancery, 477.
 - power of Charity Commissioners to lay schemes before Parliament not effectual, 478.
 - divisions of jurisdictions, and uncertainty as to their limits, 479.
 - method of improvement proposed, 479.
 - central authority necessary; power to be vested in Privy Council, 479.
 - Privy Council to be empowered to frame regulations, and lay them before the trustees; bill to be afterwards brought before Parliament, 481.
 - judicial powers of Court of Chancery to remain unimpaired, 481.
 - powers not to extend to any foundation during the lifetime of founder, or within 21 years after, nor to religious regulations as to trustees, &c., 481.
 - objects indicated for employment of amending power, 481.
 - instruction to be adapted to requirements of class to whom it ought to be given, 482.
 - recommendations respecting, 548, 549.
- Equity, Courts of, powers exercised by, of modifying regulations of founders, 476.
- Evening Schools, first suggested by Bishop Hinds in 1839, 39.
- his proposal of a grant for, 39.
 - adult scholars at present in, 40.
 - by rule of Committee of Council, must be connected with day schools, 40.
 - at present supply deficiencies of early education, 41.
 - illustrations of zeal with which scholars attend, 41.
 - prove anxiety of poor for instruction, and inadequacy of that which they receive, 42.
 - account of, at Coventry and Stockport, 43.
 - difficulties of establishing, and mode of overcoming them, 44.
 - no difficulty as to religious belief, 44.
 - difficulty arising from different ages and attainments of pupils, 44.
 - bad effects of this in London, 44.
- Evening Schools, difficulty of getting proper teachers for, 45.
- consequences of these difficulties if not overcome, 45.
 - suggestions as to procuring teachers for, 46.
 - not as yet in their proper position, 47.
 - do not give secondary instruction, 47.
 - importance of, 47.
 - teachers for, should be got from day schools by giving up afternoon schools in winter, 47.
 - this would involve no sacrifice as to the usefulness of the day school, 48.
 - teachers would like the plan of giving up afternoon schools in winter in order to teach, 48.
 - case of parishes where day school under a mistress, 48.
 - might be a source of income to day schools, 48.
 - observations on engagement of assistant masters to supply place of masters in afternoon, 49.
 - grouping of, under organizing masters, 49.
 - unconnected with day schools, promotion of, 50.
 - opinion of Mr. Maurice as to Working Men's College, 50.
 - statistics of, 81.
 - provision of, inadequate, 86.
 - recommendations respecting, 547.
- Exhibitions belonging to schools to be under jurisdiction of Privy Council, 512.

 — proportion of children committed to, under Acts, 400.
 — effect of restricting Act to children convicted of vagrancy, 400.
 — Mr. Dunlop's Act (17 & 18 Vict. c. 74.) confined to Scotland, 400.
 — evidence as to its working, 401.
 — comparison between effects of English and Scotch Acts, 401.
 — mode of enforcing contributions from parents, 402.
 — children for whom industrial schools are intended should be in district and separate union schools, 402.

Education, Government System of—*cont.*

- PLAN FOR MODIFYING AND EXTENDING :
- plan recommended, 544.
 - 1. *General Principles.* Two grants, first from the State, second from the county rate, 328.
 - conditions for obtaining either, 328.
 - 2. *Distribution of State Grant.* Conditions for obtaining State grant, 329.
 - school to be under certificated teacher, 329.
 - additional grant for pupil-teachers, 329.
 - register, 329.
 - pupil-teachers, 329.
 - 3. *County Rate Grant.* To be paid for individual children upon examination, 329.
 - subjects of examination, 330.
 - sums to be paid, 330.
 - sums for infants, 330.
 - 4. *County and Borough Board.* Constitution, 330.
 - board in corporate and large towns, 331.
 - periods of election, 331.
 - inspector on each Board, 331.
 - examiners, 331.
 - 5. *Payment.* Mode of payment from the central grant, 331.
 - from the county grant, 332.
- ADVANTAGES OF PROPOSED PLAN :
- *Simplification.* Grants to be paid directly to the managers, 333.
 - condition, 333.
 - complication and rigidity of present rules obviated, 334.
 - capitation grant for different classes of schools, 335.
 - payment of masters and pupil-teachers to be left to managers, 335.
 - graduated capitation grant for different classes of schools, 336.
 - simplicity of proposed mode of payment, 336.
 - payment to be made through the county or borough treasurer, 336.
 - objects attained by this part of the plan if taken alone, 337.
 - insufficient to give assistance to all schools, 337.
 - *Objects of County Rate Grant.* 1. Assistance of poor schools, 2. local interest, 3. improved teaching, 338.
 - principle upon which poorer schools may be assisted, 338.
 - grant from rates would give schools a starting point, 338.
 - impossibility of giving assistance on any other than proposed plan, 339.
 - objections to Mr. Fraser's plan, 339.
 - county boards would increase local interest, not interfere with schools, and relieve the Council Office of details of business, 340.
 - constitution of county boards, 340.
 - examination would assist poor schools and improve the present teaching, 341.

Education, Government System of—*cont.*

- reason of employing schoolmasters, 341.
- variations of standard in the examination, 342.
- local rate, 342.
- *Independence of Religious Teaching and School Management.* Non-interference with school management or religious teaching, 343.
- but exclusive religious teaching deprecated, 343.

EXPENSE OF PROPOSED PLAN :

- proposal that all schools shall have a prospect of earning one third from public sources, 344.
 - — best schools to earn more, 345.
 - estimate of amount to be raised by rates, 345.
 - — to be contributed by the State, 345.
- Elections, charities found useful in, 529.
- Elementary Subjects, not taught so as to excite intelligence of children, 257.
- imperfectly taught under Privy Council system, 320.
- Employers in manufacturing districts contribute largely to school subscriptions, 76.
- Employers, Education by. *See* Compulsory Education by Employers of Labour.
- Endowed Schools, origin and character of, 15.
- statistics of, 81.
 - powers of trustees over, 457.
 - in the metropolis, 460.
 - in Herefordshire, 461.
 - in Hull, Yarmouth, and Ipswich, 461.
 - in the unions of Lincoln, Gainsborough, &c., 462.
 - in Dudley union and the potteries, 463.
 - in the unions of Weardale, Fenrith, and Wigton, 464.
 - in Rochdale, 465.
 - in Bristol and Plymouth, 465.
 - in Wales, 465.
 - tenor of evidence on, 467.
 - Mr. Cumin's report on, 468.
 - improvement of, advocated by Mr. Fearon and Sir J. K. Shuttleworth, 469.
 - capable of being rendered efficient, 469.
 - appointment of schoolmasters, 469.
 - certificates to be required, 470.
 - — might be granted by Universities, 470.
 - — public notice to be given of, and appointment to be confirmed by superior authority, 470.
 - to be placed in duly qualified hands, 471.
 - power of removing the schoolmaster, 471.
 - Act 23 & 24 Vict. c. 136. fails in regard to a large class of schools, 472.
 - a superior authority should be empowered to compel removal of masters and mistresses in extreme cases, 473.
 - necessity of periodical inspection of, 474.
 - a body of trustees should be created in cases where the schoolmaster is a corporation sole, 474.

Inspected Schools—*cont.*

CONCLUSIONS AND RECOMMENDATIONS :

- inspected are superior to uninspected schools, 273.
 - appointment of Inspectors-General of Schools recommended, 273.
 - junior classes neglected in inspection, 273.
 - only one-fourth of the boys attain the first class, 273.
 - elementary subjects and younger children neglected by teachers, 273.
 - the religious and moral influence of the schools is great, 273.
 - a good type of teaching has been established, 274.
 - inducements to be offered to masters of all schools to bring each scholar to a certain degree of proficiency, 274.
- Inspection of Schools :
- terms of foundation deeds as to, 62.
 - number of inspectors and assistant inspectors, 227.
 - duties of inspectors, 227.
 - returns made by managers through inspectors, 228.
 - duties of inspectors as defined by forms, 228.
 - as to capitation grant, 228.
 - managers' and inspectors' report, 228.
 - advantages of, 229.
 - evidence and opinions on, 229.
 - different standards adopted by inspectors, 229.
 - practical defects of, 230.
 - children not examined individually, 230.
 - not desirable that inspectors should try to examine individual children, 230.
 - complaint that inspection produces mechanical training, 231.
 - teachers manage schools with a view to, 232.
 - illustrations; Scripture teaching in Church of England schools; English history, 233.
 - inspection should be announced beforehand, 233.
 - of endowed schools, recommendation respecting, 548.
 - in Church of England schools, utility of, 347.
 - its denominational character, 347.
 - inspection into religious instruction, 347.
 - views of majority and minority of the Commission in regard to it, 348.
 - no recommendation made, 348.
- Inspectors-General of Schools, appointment of one or more recommended, 273.
- Inspectors of Schools, importance of reports of, 7.
- duties, &c., of Diocesan Inspectors, 19.
 - schoolmasters not fit for the office of, 160.

Inspectors of Schools—*cont.*

- different standards adopted by, 229.
 - recommendation that one be a member of each proposed Board of Education, 546.
 - See also Inspection of Schools.
- Instruction. See Inspected Schools.
- Ipswich, children of all denominations in, attend schools belonging to other persuasions, 36.
- endowed schools in, 461.

Industrial Schools, provisions of Acts penal as regards parent, but not as regards children, 403.

— children in same relation to the State as indoor pauper children, 403.

— recommendation that district and separate union schools be declared industrial schools, 403.

— provisions as to reception and settlement of children, 404.

— public services of promoters of, 404.

— Industrial School Act of 1857 should be extended, and applied to district and separate schools, 414.

— recommendation respecting, 551.

Infant Schoolmistresses, emoluments of, 65.

— more training colleges required for mistresses of infant schools, 165.

— recommendation respecting, 546.

Infant Schools are public nurseries for the poor, 28.

— importance of, 28.

— private, useful in remote villages, 28.

— generally very inefficient, 29.

— organization, and character of instruction which ought to be given in them, 30.

— standard attained in, 30.

— illustrations of value of such training, 31.

— importance of, to progress in day schools, and as part of a national system of education, 31.

— attendance of children in, can be secured, 32.

— cheapness of, 32.

— free from difficulties connected with religion, 32.

— difficulties of, 32.

— provision of, inadequate, 86.

Inquiry, Statistical, account of, 11.

Insolvent Debtors, charity for discharge of, 530.

Inspected Schools :

STANDARD OF EFFICIENCY IN :

— meaning of "excellent," "good," "fair," applied to schools in inspectors' reports, 234.

— Mr. Brookfield's description of a "fair" school, 234.

— of an "excellent" school, 235.

— of a "bad" school, 236.

— Mr. Cook's evidence as to attainments of boys of 12 in a good school, 237.

— approbation of the standard adopted, 238.

— present system tends to make the first class the measure of the value of the school, 238.

— inducements to inspector to report too favorably, 239.

— evidence as to character of inspection, by Mr. Cook, 239.

— by Mr. Watkins, 241.

— by Mr. Macleod, 242.

— observations on Mr. Cook's evidence, 241.

Inspected Schools—cont.

INSTRUCTION GIVEN IN :

— majority of children do not reach the first class, 242.

— standard attainable by children of 10 years of age, 243.

— how far this is attained, 244.

— teachers' success should be measured by proficiency of the first class children, 244.

— proportion of children who reach first class, 245.

— complaints of inspectors as to bad instruction, in elementary subjects, especially reading, 247-250.

— consequence of imperfect teaching of elementary subjects, 250-255.

— children not taught to understand the meaning of words, 255.

— illustrations, and observations thereupon, 256.

— children are not taught elementary subjects, so as to excite their intelligence, 257.

— illustrations from reports of Assistant Commissioners, 259.

— scheme of education settled in anticipation of a better state of attendance, 260.

— school books in use not well calculated to interest children, 261.

— Canon Moseley's report on teaching reading in Greenwich Schools, 262.

— capricious removal of children from school to school, 262.

— gross ignorance of children on entering school, 263.

— irksomeness and difficulty of teaching very young children, 263.

— teachers not to be blamed for results, though they ought to prevent them, 264.

— inspected schools not to be considered as failures, 264.

— age at which children may be expected to leave schools, 265.

— sound foundation for further teaching might be laid before ten, 265.

MORAL INFLUENCE OF :

— discipline of the schools, 266.

— inspectors' evidence as to, 266.

— subsequent careers of the children, 267.

— effect of schools in diminishing crime, &c., 267.

— illustrations from Kidsgrove school, 267.

— from Burton-on-Trent National school, 269.

— from Messrs. Chance's school, Birmingham, 270.

— effect of education in the navy, 272.

— in the collieries of Mr. Cossham at Bristol, 272.

— ill-educated soldiers the most troublesome, 272.

— opinion of the Dean of Bristol, 272.

Pauper Children, Education of—*cont.*

- obstacles to establishment of district schools, 370.
- 1. consent of guardians in certain cases, 370.
- 2. limitation of powers of guardians as to children to be sent, 371.
- 3. no department formed to carry the Acts into force, 371.
- guardians unwilling to establish schools, and adverse to expense, &c., 371.
- Mr. Bowyer on veto given to parents, 372.
- absence of department charged with carrying Act into effect, 372.
- separate schools a substitute for district schools, 372.
- success of, at Stepney, 373.
- only two boys turned out ill out of 216, 373.
- these instances due to bad influence of parents, 374.
- danger of parental influence on degraded children, 374.
- orphan children best of the class, 374.
- separate schools more readily established than district schools, 375.
- should be at a distance from the workhouse, 375.
- answer to objection that district and separate schools give pauper children a better education than the children of the independent poor, 375.
- district and separate schools should be universally established, 377.
- difficulty of dealing with boards of guardians, 377.
- recommendation that Poor Law Board be required to compel the establishment of district and separate schools, 378.
- no difficulty in getting teachers, 378.
- alteration proposed in 12 & 13 Vict. c. 13. s. 2., and in 20 & 21 Vict. c. 41. s. 21., 379, 380.
- *Out-door Pauper Children.* Number of, 380.
- how far 13 & 19 Vict. c. 34. operative, 380.
- number attending school according to return of 1856, 381.
- this number probably exaggerated, 381.
- moral, intellectual, physical, and industrial condition of out-door pauper children, 381.
- these children become criminals, 382.
- suggestion that 13 & 19 Vict. c. 34. be amended, 382.
- that guardians grant relief to enable certain poor persons to educate their children, 383.
- that Poor Law Board regulate proceedings of guardians, 383.
- that such education be a condition of out-door relief, 383.
- that cost of relief be charged to the same account as other relief, 383.
- conscience clause, 383.

Pauper Children, Education of—*cont.*

- Mr. Chester's proposal to pay school-ence for children not paupers; and objections, 383.
- *Conclusions and Recommendations.* Pau- perism hereditary, 384.
- pauper children should be educated, 384.
- district and separate schools successful, 384.
- workhouse schools fail, 384.
- difficult to get good teachers for work- house schools, 385.
- district schools should be generally esta- blished, 385.
- out-door paupers should be educated out of the rates, 385.

 — classification of masters according to inspection by Committee of Council, 359.
 — scale of increase of salaries by Poor Law Board, 360.
 — conditions of increase, 360.
 — income of teacher injured by the efficiency of the school, 361.
 — labour of teacher does not depend on number of children, 361.
 — irregularity of stipend objectionable, 361.
 — correspondence between Committee of Council and Poor Law Board on these points, 362.
 — letter of Committee of Council; position of workhouse teachers, 362.
 — answer of Poor Law Board, declining to increase salaries beyond those of masters of workhouses, 363.
 — plan of capitation fees not suited for workhouse schools, 363.
 — experiment of Kneller Hall, 363.
 — failure foretold by Mr. Symons, 363.
 — failure of Kneller Hall, through dislike of teachers for workhouse schools, 364.
 — children should not be educated in workhouses, 364.
 — Mr. Fraser's report as to good intellectual teaching in some workhouses, 365.
 — explanation of the cause, 365.
 — confirmed by Mr. Hedley, 365.
 — Mr. Browne's report, 366.
 — *In District and separate Schools.* District Schools recommended by Poor Law Commissioners in 1841, 366.
 — question of expense, 366.
 — character of workhouse children, 367.
 — by 7 & 8 Vict. c. 101. s. 40, Poor Law Commissioners may form school districts, 367.
 — s. 42. provides for board of management, 367.
 — powers of district board, s. 43., 367.
 — 11 & 12 Vict. c. 82. extends former Act, with limitations, 367.
 — only six district schools established under these Acts, 368.
 — schools established successful, 368.
 — evidence of Mr. Rudge as to North Surrey District School, 368.
 — moral effects, 368.
 — evidence five years later, 369.
 — state of schools in 1856; statistics of subsequent career of children, 369.
 — results of district schools highly satisfactory, 369.

Regimental Schools. *See* Military Schools.
 Registers to be kept in schools claiming proposed State grant, 329.
 Religious Differences but little heeded by parents in the selection of schools for their children, 35-37.
 Report, the division of, 13.
 Reports on state of education in foreign countries, 13.
 Results, General Statistical, of the present system of education, 83.
 Returns from societies connected with education, 11.
 — collected by assistant commissioners, 12.
 Robinson, Mr., account of internal arrangements of training colleges at York, 146.
 — evidence of, against withdrawal of grant from training colleges, 146.
 — teachers manage schools with a view to inspection, 232.
 Rochdale, children in, attend indifferently schools of all denominations, 36.
 — effect of legislation in forcing manufacturers in, to provide schools, 76.
 — endowed schools in, 465.
 Roman Catholic Poor School Committee, general objects of, 16.
 Roman Catholic Schools, management clause of foundation deeds of, 60.
 — terms of foundation deeds of, as to inspection, 62.
 Roman Catholic Training Colleges, methods of, for forming character of their students, 129.
 — supply of students to, 142.
 Royal Marine Schools. *See* Naval Schools.
 Royal Military Asylum. *See* Military Schools.
 Rudge, Mr., evidence of, as to North Surrey district school, 368.
 Rural districts, landowners in, contribute too little towards schools, 77.

S.

Saint Thomas, Charterhouse, description of the district, 284.
 Salaries of masters, 64.
 — of workhouses, 362.
 — of mistresses, 64.
 — of infant school mistresses, 65.
 — to teachers of schools not in receipt of annual grants, 65.
 — complaint as to, of male pupil-teachers, 100.
 Scholars, number of, on the books of schools in England and Wales, 79.
 — proportion of children aided by Privy Council grants, to those for whom grant was intended actually at school, 83.

Schools assisted by Privy Council Grants would accommodate more children than they actually contain, 83.
 — general statistical results of present system, 83.
 — number of children who ought to be in school at same time, assuming all to receive average amount of instruction, 84.
 — how far possible to ascertain average length of attendance, 84.
 — number that should be on books, 84.
 — deficiency of number actually on the books, 84.
 — children educated at home, or left without education from sickness or neglect, to be set off against deficiency, 84.
 — if average period of attendance is shorter than assumed, deficiency smaller, 84.
 — general evidence as to attendance, 85.
 — provision of evening schools inadequate, 86.
 — likewise of infant schools, 86.
 — progress of popular education in last ten years, 87.

School Attendance :

STATISTICS OF :

— questions as to, 1, length of; 2, regularity of, 170.
 — complete solution of first question impossible, 170.
 — age at which children go to and leave school, 171.
 — what constitutes regular attendance, 172.
 — regularity of, from day to day, 172.
 — as to regularity of, at the same school, 173.
 — parents do not pay for broken weeks, 174.

CAUSES WHICH DETERMINE LIMITS OF :

— parents are anxious their children should be educated, 174, 175, 177.
 — not to blame for not prolonging school attendance of their children unless teaching is good, 177.
 — children who never attend school, 178.
 — non-attendance from poverty, 178.
 — from neglect, 179.
 — parents remove children from school for the sake of their wages, 179.
 — scheme of education in schools was settled in anticipation of large attendance, 260.

PLANS FOR INCREASING :

— *See* Compulsory Education; Factories; Government Appointments; Juvenile Labour; Mines and Collieries; Print-works.

GENERAL CONCLUSIONS :

— 1. Three-fifths of the children might receive indispensable instruction, 225.
 — 2. Attendance not on the whole discouraging, 225.
 — 3. General compulsion not recommended, 225.
 — 4. Demands of labour cannot be resisted, 225.

- Popular Education—*cont.*
- objects of recommendations in the Report, 296.
 - proportion of educational charities belonging to, 458.
- PLANS PROPOSED FOR IMPROVING :
1. *Voluntary Contributions.* Majority of Commission think it desirable the State should assist education, and that it would be impolitic to withdraw or greatly diminish present grant, 297, 298.
 - minority think Government interference with education generally undesirable, and that annual grants should be gradually withdrawn, otherwise adopt plan approved by majority, 298, 299.
 2. *Compulsory Education enforced by the State.* In Prussia compulsory education supported by public opinion, 300.
 - compulsion neither required nor desirable in England, 300.
 3. *Education by Parochial Rates.* Importance and objects of the proposals for a parochial rating system, 301.
 - would secure the more rapid establishment of schools, 301.
 - difficulties of a rate are chiefly connected with the erection of schools, 302.
 - but buildings comparatively little required, 301.
 - difficulty as to management of schools under a parochial rate, 302.
 - importance of retaining present class of managers, 303.
 - ratepayers' management would be illiberal, 303.
 - experience as to workhouse schools, 303.
 - difficulty as to religious teaching in schools supported by rates, 304.
 - Dr. Temple's view on the subject, 305.
 - case of the management clauses, 305.
 - origin and nature of religious difficulty as to management, 305.
 - Churchmen and Protestant Dissenters, 306.
 - Protestants and Roman Catholics, 306.
 - common schools in United States and Canada, 306.
 - recognition of advantages in a rating system, 307.
 - points upon which rating bills introduced into Parliament have failed, 307.
 - as to the management and religious independence of schools, 307.

Teachers. See Private Schools, Teachers of ; Pupil-teachers ; Trained Teachers.
 Teaching, Art of, instruction in, in training colleges, 124.
 ——— in female training colleges, 126.
 ——— Mr. Cook's evidence on the subject, 127.
 ——— contains two branches, one technical, the other skill in imparting knowledge, 130.
 ——— first branch sufficiently taught, 131.
 ——— second branch not a matter of definite rule, 131.
 ——— failures of certificated teachers due to defective rather than excessive training in second branch, 132.
 ——— Dr. Temple of this opinion, 132.
 Temple, Dr., opinion as to qualification of schoolmasters, 132.
 ——— evidence of, as to how far students learn subjects contained in training college syllabus, 138.
 ——— view of, on the difficulty as to religious teaching in schools supported by rates, 305.
 ——— report of, as to workhouse schools, 354.
 Trained Teachers superior to untrained, 149.
 ——— spirit in which they pursue their calling, 151.
 ——— youth of, 151.
 ——— certificate a doubtful indication of professional aptitude, 152.
 ——— short-comings of, 154.
 ——— junior classes of schools neglected, 154.
 ——— irksomeness of elementary teaching, 154.
 ——— competent to give required instruction without lowering its standard, 155.
 ——— position of elementary subjects in popular education, 156.
 ——— how far defective teaching is due to, 156.
 ——— behaviour and temper of, 157.
 ——— school managers are occasionally inconsiderate, 158.
 ——— views of, on their own positions ; some dissatisfied, 158.
 ——— alleged grievances of, 159.
 ——— not fit for office of inspectors, 160.
 ——— prospects of promotion of, 160.
 ——— their training sometimes contributes to dissatisfaction, 161.
 ——— necessity for caution on the part of training college authorities, 162.
 ——— qualities required in, 163.
 ——— opportunities of, for making provision for later life, 163.
 ——— supply and demand of, 164.
 ——— number which may ultimately be required, 165.
 ——— present colleges capable of keeping up this number, 165.
 ——— more colleges required for infant school-mistresses, 165.
 ——— possible excess in supply of, 166.
 ——— recapitulation, 166, 168.

Recommendations—cont.

COUNTY AND BOROUGH BOARDS :

- constitution of, 545.
- in corporate and large towns, 549.
- periods of election, 546.
- inspector on each board, 546.
- to appoint examiners, 546.

TRAINING COLLEGES :

- present payments to be continued, 546.
- hours of study to be shortened, if possible, 546.
- training of infant school mistresses, 546.
- alterations in syllabus, 546.
- in system of certificates, 148, 166, 546.

EVENING SCHOOLS :

- importance of extending, 547.
- grant to, 547.

CHARITIES, BETTER APPLICATION OF :

- Charity Commission to be converted into a department of the Privy Council, 547.
- Christ's Hospital, benefits of, to be extended, 548.
- educational endowments, injurious restrictions to be abolished, 548.
- endowed schools, adaptation of instruction to be given in, 548.
- change of sites, 548.
- to be inspected, 548.
- competency of masters of, 549.
- trustees of, may be required to remove or pension master, 549.
- public notice of appointment of master, 549.
- endowments, small, combination of, 548.
- foundation, instruments of, and other instruments regulating charities, to be registered, 549.
- free schools, extension of benefits of, 548.
- schools for poor, facilities to be given for endowing, 549.
- trustees, reorganizing boards of, 548.
- especial attention drawn to better employment of existing charities, 551.

CHILDREN EMPLOYED IN FACTORIES, &c. :

- remedy for evasion of the Factory Acts, 210, 549.
- of the Printworks Acts, 549.
- of the Mines and Collieries Acts, 550.

PAUPER CHILDREN :

- Act 18 & 19 Vict. c. 34. as to education of out-door pauper children to be amended, 382.
- district and separate union schools to be declared industrial schools, 403.
- children in workhouses to be separated from adults, 550.
- district and separate schools to be established, 550.
- children of out-door paupers to be educated out of the rates, 550.

Recommendations—cont.

VAGRANT AND CRIMINAL CHILDREN :

- education of, should be compulsory, 414.
- children under special temptations to crime should be on same footing as indoor pauper children, 414.
- ragged schools, no further assistance to be given to, as such, 414.
- ragged schools, public assistance to be continued to those which are also industrial schools, 550.
- industrial schools, Scotch Act to be extended to England, 550.
- district and separate schools to be declared industrial schools, 551.
- as to reception and settlement of children, 404.
- reformatories, aid to be continued to, 551.

STATE SCHOOLS :

- *Army schools*. Annual Report should be issued, 551.
- *Naval Schools*. Normal schools to be established at Greenwich, 551.
- pupil-teacher system to be introduced into schools under the Admiralty, 551.
- Navy schoolmasters to be established, 454, 551.
- ship schools to be inspected, 551.
- pupil-teachers in, 453.
- evening schools to be held on board ships, 551.
- dockyard schools, condition of, recommended to attention of the Admiralty, 551.
- Royal Marine Schools, to be placed on same footing as Army schools, 551.
- Redgrave, Mr., evidence as to working of clauses of 8 & 9 Vict. c. 28., regulating employment of children in printworks, 210.

Redhill, Philanthropic Society's School at, 386.

- Reformatories, first establishment, 386.
- provisions of reformatory Acts, 404.
- rate for, 405.
- assistance from Treasury towards maintaining, 405.
- statistics of, 81, 406.
- expenditure, 406.
- parents' contributions, 407.
- importance of enforcing them, 407.
- whether present number of reformatories is sufficient, 408.
- growth of system, 408.
- internal arrangements, 409.
- buildings, &c., 409.
- discipline, 409.
- course of education, 410.
- religious instruction, 410.
- industrial training, 410.
- ship, 410.
- advantages of, 411.
- results of, 411.
- satisfactory, 414.
- diminution of juvenile crime, 412.
- satisfactory condition of, 413.
- recommendation respecting, 551.

- Statistics of teachers of private schools, 637.
 — of public schools, 638; 676.
 — of attendance of children, 648.
 — of instruction given in schools, 660.
 — number of schools liable to inspection, 671.
 — number of scholars therein, 671.
- U.
- Unassisted Public Schools :
 — inferiority of teachers of, 277.
 — evidence of Assistant Commissioners as to superiority of assisted to, 277.
 — number of, 278.
 — difficulty of obtaining subscriptions for, 278.
 — not produced by poverty of landowners, 278.
 — average expense of parish school, and average cost to the parish, 279.
 — non-residence of landowners causes difficulty of getting subscriptions, 279.
 — apathetic districts, evidence as to, 280.
 — evidence as to schools in country towns, 280.
 — no more expenditure incurred than necessary, 280.
 — for the most part dependent on few individuals, 280.
 — not actually in debt, though generally accounts show a balance against the treasurer, 281.
 — general results of the return exhibiting proportion of voluntary contributions in 168 schools, 281.
 — attitude of farmers in relation to support of, 282.
 — non-resident coal proprietors subscribe but little, 283.
 — St. Thomas, Charterhouse, an apathetic town district, description of, 284.
 — smallness of population of parishes, 285.
 — tables by the Rev. Nash Stephenson, 285.
 — evidence of Rev. J. Scott as to extension of present system of assistance, 286.
 — relaxation of conditions of Committee of Council proposed by Sir J. K. Shuttleworth, 286.
 — not to apply to towns, 287.
 — proposal that parishes with population under 600 should receive extra assistance, 288.
 — appertaining to these proposals,—case of the Coventry memorialists, 288.
 — extra assistance cannot be given to small parishes, 288.
 — aid given by the Committee of Council to poorer schools, 289.
 — Government assistance in proportion to apparent want, objectionable, 289.
