CALCUTTA :

OFFICE OF THE SUPERINTENDENT OF GOVERNMENT PRINTING, INDIA,

1906.

**** A memorandum on Technical Education in India, was written in 1886**
*** by Sir A. P. Macdonnell, when officiating as Secretary to the Government of India. The circulation of this memorandum, and a subsequent resolution from the Government of India suggesting the institution of industrial surveys, gave rise to correspondence and reports which, together with Sir A. P. Macdonnell's memorandum, are here reproduced. The later papers which are included in this volume comprise the letter addressed to Local Governments upon the encouragement of technical and industrial education in November 1901 after the Simla Conference; the despatches in which the Secretary of State sanctioned a scheme for State technical scholarships; and the resolutions in which the Government of India reviewed the reports of Sir E. Buck and Colonel Clibborn's committee upon technical and industrial education.**
