TERMS OF AGREEMENT ENTERED INTO BY THE LEADERS OF ANDHRA AND TELANGANA REGIONS AT THE TIME OF FORMATION OF THE ANDHRA PRADESH STATE.

A. Regional Standing Committee.—(1) There will be one legislature for the whole of the Andhra Pradesh State which will be the sole law-making body for the entire State and there will be one Governor for the State aided and advised by a Council of Ministers responsible to the State Assembly for the entire field of administration.

(2) For the more convenient transaction of the business of Government with regard to some specified matters, the Telangana area will be treated as a region.

(3) For the Telangana region there will be a Regional Standing Committee of the State Assembly consisting of the members of the State Assembly belonging to that region including the Ministers from that region but not including the Chief Minister.

(4) Legislation relating to specified matters will be referred to the Regional Committee. In respect of specified matters proposals may also be made by the Regional Committee to the State Government for legislation or with regard to questions of general policy not involving any financial commitments other than expenditure of a routine and incidental character.

(5) The advice tendered by the Regional Committee will normally be accepted by the Government and the State Legislature. In case of difference of opinion reference will be made to the Governor whose decision will be final and binding.

(6) The Regional Committee will deal with the following matters—

(i) Development and economic planning within the framework of the general development plans and policies formulated by the State Legislature;

(ii) Local Self-Government, that is to say, the constitutional powers of Municipal Corporations.
Improvement Trusts, District Boards and other district authorities for the purpose of Local Self-Government or Village Administration;

(iii) Public health and sanitation, local hospitals and dispensaries;
(iv) Primary and Secondary Education;
(v) Regulation of admissions to the educational institutions in the Telangana region;
(vi) Prohibition;
(vii) Sale of agricultural lands:
(viii) Cottage and small-scale industries; and
(ix) Agriculture, Co-operative Societies, Markets and Fairs.

Unless revised by agreement earlier this arrangement will be reviewed after ten years.

B. Domicile Rules.—A temporary provision will be made to ensure that for a period of five years, Telangana is regarded as a unit as far as recruitment to subordinate services in the area is concerned; posts borne on the cadre of these services may be reserved for being filled by persons who satisfy the domicile conditions as prescribed under the existing Hyderabad Rules.

C. The position of Urdu.—The Government of India would advise the State Government to take appropriate steps to ensure that the existing position of Urdu in the administrative and judicial structure of the State is maintained for a period of five years.

D. Retrenchment of surplus personnel in the new State.—The Government of India do not anticipate any retrenchment. The intention is that so far as possible, the service personnel from the Hyderabad State should be automatically integrated into the services of the Andhra Pradesh without any process of screening. Should, however any retrenchment be found necessary, the entire personnel of the services of the enlarged State will be treated on an equal footing.
E. Distribution of expenditure between Telangana and Andhra Regions.—Allocation of expenditure within the resources of the State is a matter which falls within the purview of the State Government and the State Legislature. Since, however, it has been agreed to between the representatives of Andhra and Telangana that the expenditure of the new State on central and general administration should be borne proportionately by the two regions and the balance of income from Telangana should be reserved for expenditure on the development of Telangana area, it is open to the State Government to act in accordance with the terms of this agreement in making budgetary allocations. The Government of India propose to invite the attention of the Chief Minister of Andhra to this particular understanding and to express the hope that it would be implemented.

N.B:—The above was laid on the Table of the Lok Sabha and Andhra Legislative Assembly on 10th August, 1956 and on the Table of Hyderabad Legislative Assembly on 14th August, 1956.
ARTICLE 371 OF THE CONSTITUTION OF INDIA

371. (1) Special provision with respect to the States of Andhra Pradesh, Punjab, Maharashtra and Gujarat.—Notwithstanding anything in this Constitution, the President may, by order made with respect to the State of Andhra Pradesh or Punjab, provide for the constitution and functions of regional committees of the Legislative Assembly of the State, for the modifications to be made in the rules of business of the Government and in the rules of procedure of the Legislative Assembly of the State and for any special responsibility of the Governor in order to secure the proper functioning of the regional committees.

(b) the equitable allocation of funds for developmental expenditure over the said areas, subject to the requirements of the State as a whole; and

(c) an equitable arrangement providing adequate facilities for technical education and vocational training, and adequate opportunities for employment in services under the control of the State Government, in respect of all the said areas, subject to the requirements of the State as a whole.

TELANGANA SAFEGUARDS

With the formation of the Andhra Pradesh State on 1-11-1956 the long cherished aspiration of the Telugu-speaking people for having a State of their own was achieved, thanks to the combined efforts of the Leaders of the Andhra and Telangana Regions. Both were concerned primarily with securing the fuller cultural and economic development of the Telugu People. The leaders of both the regions found it necessary to provide safeguards for ensuring due protection of the interests of Telangana and its development: Provisions in this regard were accordingly made in what has come to be known as the Gentlemen’s Agreement.

Though it has been the settled policy of the Andhra Pradesh Government to faithfully implement the terms of the Gentlemen’s Agreement, lapses have arisen in the implementation of the policy. In order to ensure the proper implementation of the safeguards the following decisions have been taken at a meeting of the leaders of all the Political Parties of the Legislature convened for the purpose by the Chief Minister.

Employment:

All non-domicile persons, who have been appointed either directly, by promotion or by transfer to posts reserved under the Andhra Pradesh Public Employment (Requirement as to Residence) Rules, 1959 for domiciles of Telangana Region will be immediately relieved from service. The posts so rendered vacant will be filled by qualified candidates possessing domicile qualifications and in cases where such candidates are not available the posts shall be left unfilled till qualified domicile candidates become available. Action on the above lines will be taken immediately.

All non-domicile employees so relieved shall be provided employment in the Andhra region without break in service and by creating supernumerary post’s if necessary.

Two Senior Officers will be appointed charged with the responsibility for implementing these decisions immediately and effectively.

There have been some complaints that employment has been obtained on the basis of false domicile certificates. The Government will arrange to enquire into any such complaints.
Statutory Bodies:

The Andhra Pradesh Public Employment (Requirement as to Residence) Act and Rules applied to posts under Government and Local Bodies only. The High Court has recently held that this Act does not apply to the Andhra Pradesh State Electricity Board. The Government, however, felt that as these bodies are State-wise organisations reservation of Posts for Telangana candidates should also be made in them as in the case of posts under Government. The State Government will immediately file an appeal against the judgment of the High Court regarding the applicability of the A. P. P. E. (R.R.) Rules to the Andhra Pradesh State Electricity Board. Simultaneously the State Government will move the Government of India to make provision in the Bill extending the Andhra Pradesh Public Employment (Requirement as to Residence) Act, for a further period of five years so as to include within its purview statutory or other Corporations financed by the Government.

Integrated Seniority Lists:

In all cases where the Government of India have approved common gradation lists of Andhra and Telangana officers, or issued any directive for preparation or revision of such lists, the lists so approved, or prepared shall alone be followed for regulation of conditions of their service. In cases, however, where no such lists have been approved by the Government of India or no directive has been issued by them regarding their preparation or revision the provisional lists being followed by the State Government shall continue to be followed, pending approval of the Government of India. Where the Government of India have given any directive regarding the equation of posts or preparation of common gradation lists, such directive shall be followed by the State Government without any further correspondence.

Telangana Surplus Funds:

The Telangana surpluses will be determined on the following basis:--

(a) The existing method of allocation of expenditure and receipts to either region will continue.
(b) The Telangana surpluses for each year will be computed by adding to the net Revenue surplus of Telangana region of that year the difference between one-third of the total capital expenditure of the State in that year and the actual capital expenditure in the Telangana region in that year.

(c) So far as Statutory or other Boards, Corporations, etc., functioning on State-wise basis financed by State Government are concerned, they will, for the purpose of computing Telangana surpluses, be treated as if they were State-wide Government Departments, and as if their receipts and expenditure were booked in Government accounts. In the case of Andhra Pradesh State Electricity Board, however, the expenditure on power generation and high tension transmissions lines only will be apportioned between the two regions in the manner indicated above. Expenditure on distribution lines and rural electrification, will be booked to each region as per actuals.

(d) The Industrial Trust Fund, which is being operated exclusively for Telangana Region will continue to be so utilised.

To work out on the basis of the above principles the exact Telangana surpluses which have accrued since the formation of the Andhra Pradesh State and to avoid any controversy in this regard the Comptroller and Auditor-General of India will be requested to depute a senior officer of the rank of an Accountant-General. He will be requested to give his findings before 28th February, 1969.

The Telangana surpluses so determined will be fully utilised for development of Telangana region during the next Five Years. Any Telangana surpluses accruing in future will be worked out at the end of each financial year and due provision will be made for its utilisation in the Telangana region in the succeeding year. A half-yearly review of expenditure in the Telangana region will be undertaken by Government and a copy of their review will be furnished to the Regional Committee and the members of the Legislature.

We also take note that there are backward areas in the Andhra region and they also deserve immediate attention. For the removal of imbalances it shall be the endeavour of the Government to give top priority to the rapid
economic development of those areas also so that employment opportunities could improve to mitigate the hardship faced by the unemployed.

Education:

Steps will be taken to afford better educational opportunities to students irrespective of region, in the capital city of Hyderabad with effect from the ensuing academic year.

We trust that by taking energetic action on the above lines the grievances voiced in the Telangana region will be fully redressed. The cultural enrichment and economic development of the Telugu people should continue to be our primary concern. It must be borne in mind that maintenance of unity and tranquility in the State is essential to create a proper climate for attracting larger investment in the State leading to economic progress and creation of more employment opportunities for the younger generation. Nothing should, therefore, be done which would in any way lead to fissiparous tendencies in our society. Therefore, we vehemently and unequivocally condemn the slogan that is raised in certain quarters for the creation of separate Telangana State. We, of different political persuasions, firmly resolve to bend all our energies towards achieving quicker development and fuller integration of our State. Andhra Pradesh holds a pre-eminent position in the map of India, and in order to be able to contribute our own share to the national integration of the country, it is of paramount importance that within our State we achieve full unity.

MINISTRY OF HOME AFFAIRS

PRESS COMMUNIQUE, Dated 18th February, 1970.

The following is the text of the Statement on Telangana:

Taking into account expressions of the dissatisfaction among certain sections of the people of Telangana about non-fulfilment of safeguards promised to them at the time of State's Reorganisation in 1956, the Chief Minister of Andhra Pradesh convened a meeting of leaders of political parties in the State on January 19, 1969. They noticed deficiencies in the implementation of the assurances and decided upon certain correctives. Soon after the Supreme Court held that the special provisions made in relation to Telangana in the matter of Public Employment under section 3 of the Public Employment (Requirement as to Residence) Act, 1957, were ultra vires of the Constitution. This agitated the minds of the people of Telangana further.

The Central Government immediately took steps to analyse the causes of dissatisfaction among the people of Telangana and came to the conclusion that while there was need for maintaining and strengthening the unity of the State special measures were necessary in order to provide immediate as well as long-term answers to the needs of the people of that Region. A number of positive measures aimed at accelerating the pace of Development and expansion of Employment opportunities in Telangana and creating conditions for the Balanced Development of all parts of the State through co-operative and shared efforts on the part of the people of the State, were announced by the Prime Minister in the Lok Sabha on 11th April, 1969.

The Committee of Jurists appointed to explore the possibility of providing for appropriate Constitutional safeguards in the matter of public employment in favour of people of Telangana Region has since reported. Another Committee appointed under the Chairmanship of Sri Justice Vashist Bhargava, a Judge of the Supreme Court, to determine the surplus relateable to Telangana has also made its recommendations.
A High-powered Development Committee headed by the Chief Minister of Andhra Pradesh with his cabinet colleagues from Telangana Region, the Chairman of the Regional Committee and a Member of the Planning Commission as its members, has already started functioning. It is assisted by a Plan Implementation Committee of officers headed by an adviser of the Planning Commission.

As regards the public services the Central and State advisory committees have almost completed consideration of the representations received by them and the State Government are taking action to implement the decisions of the Central Government in these cases. In addition the State Government have appointed a committee headed by a Former Chief Justice of a High Court to go into grievances of the Telangana service personnel arising from the non-compliance of directives given by the Central Government and certain other matters.

In the light of the recommendations made by the Committee of jurists and the Bhargava Committee and keeping in view the need for associating the representatives of Telangana to a greater extent in the task of ensuring speedy development of the region and securing better employment opportunities to the people of the area Government have taken the following decisions.

The Bhargava Committee has determined the unspent surplus of the Telangana Region as on 31st March, 1968, to be Rs. 28.34 crores. Government have accepted this finding.

Government have also taken note of the fact that the surplus had accumulated over a period of nearly 10 years. Non-utilisation of the surplus over a long period has retarded to a certain extent the development of Telangana. Taking this into account Government consider that an additional amount should be made available to Telangana for accelerated development during the Fourth Plan Period. Government have accordingly advised the State Government that the total special provision for the Development of Telangana from 1st April, 1968, to the end of the Fourth Plan period should be Rs. 45 crores. This will be in addition to the normal share of Telangana in the developmental expenditure of the State.
To enable the State Government to complete the accelerated Development programme during the fourth plan the Central Government will give suitable loan assistance. The loan to the extent of the unspent surplus as on 31st March, 1969, would be a charge on the Andhra Region and the loan needed to undertake the additional measures of development mentioned in para 6 will be a liability of the entire State.

The Bhargava Committee has also recommended that the basis adopted by it for computing the unspent surplus up to 31st March, 1968, should be followed for determining the surplus in future years. Government are advising the State Government to accept this recommendation and also to ensure that the unspent surplus relateable to any year should be utilised for the development of Telangana in the following year in addition to its normal share in the development expenditure for that year.

Government are of the view that the backward tracts of the Telangana Region should receive adequate consideration in future development programmes of the State Government and hope that the State Government and the High-powered Telangana Development Committee will soon go into this matter and come to a decision as to Telangana's due share in the general development expenditure of the State.

The other measures decided upon include the amendment of Andhra Pradesh Regional Committee Order, 1958, with a view to enlarging its functions and adding to its effectiveness.

At present the power of the Regional Committee to make recommendations to the State Government suggesting Legislative or executive action is limited to matters not involving any financial commitment other than expenditure of a routine and incidental character. It has
been decided to enlarge this power so that the committee can hereafter make recommendations relating to matters coming within its purview subject only to the overall financial arrangements contemplated in the annual budget or in the Five-Year Plan. The amended Regional Committee Order will also provide for periodical communications from the State Government to the Regional Committee indicating the progress of implementation of the Committee's recommendations. Similar communications will also be sent by the State Government regarding implementation of decisions in matters relating to the integration of services.

The list of subjects falling within the purview of the Regional Committee is also being enlarged to include University Education and Medium and Heavy Industries. At present the Committee can make recommendations only in the field of Primary and Secondary Education and Cottage and Small-Scale Industries. Following the recommendation made by the Committee of jurists “Method of Recruitment and principles to be followed in making appointments to subordinate services and posts under the State Government in the Telangana Region” is also being added to the list of Regional subjects. In addition the Committee will have the power to suggest measures for securing adequate employment opportunities for people of Telangana under the State Government, Quasi-Government Institutions, Statutory Authorities and Corporate Bodies in Telangana Region.

Another important provision which is being included in the Regional Committee Order will enable the Committee to have a separate discussion on the Annual Budget in so far as it relates to receipts and expenditure in respect of the Telangana Region. This will be facilitated by showing the details in the annual financial statement separately in respect of Telangana and Andhra Regions.
Another amendment in the Regional Committee Order will provide for resolutions passed by the Regional Committee being placed before the State Assembly along with any reports on the basis of which the Resolutions are passed. The Regional Committee will also consider the periodical progress reports received by it from the State Government and submit its own views to the Assembly.

Under the existing scheme if a recommendation made by the Regional Committee is not found acceptable to the State Government the matter has to be referred by the Chief Minister to the Governor whose decision is final. It is now being provided that if the State Government is unable to accept any such recommendation the Chief Minister will first endeavour to arrive at an agreement by discussion with the Chairman of the Regional Committee and the matter will be referred to the Governor only if no such agreement is arrived at.

About the working of the Regional Committee the Governor will make a report to the President annually or whenever so required by the President.

With a view to ensuring that Telangana personnel are given adequate opportunities for appointments at all levels of administration and incorporate and other statutory bodies, the State Government are ascertaining the actual position and will take appropriate action.

The State Government will ensure that funds appropriated for the Telangana Region are utilised to meet the expenditure of that Region and are not reappropriated for any other purpose. The State Government will strengthen the Secretariat of the Regional Committee. They have already appointed an Additional Chief Secretary, whose main tasks and duties include implementation of the Telangana safeguards, pursuit of speedy and appropriate
action on the Resolutions of the Regional Committee, integration of services and other matters arising out of the State's Reorganisation Act, 1956.

Government hope that these decisions which have been taken keeping in view the needs of the Telangana Region and the interests of the State of Andhra Pradesh as a whole will be accepted by all the people of Andhra Pradesh and given effect to in a co-operative spirit to promote a balanced development of all the areas of the State.
