\* The Original amount of the Bombay Civil Service Family Pension Fund lapsed and was written off.

† The reduction in the amount of Treasury Notes is owing, mainly, to the transfer of the Service Funds to the Government.

‡ The amounts in Cols. 9, 10 and 11 show the aggregate of Rupees and Sterling debt together, reckoning the amount in Rs. to II.

§ Excluding temporary debt in England discharged in 1879-80.

|| Including 4,700,000l. incurred for debt and liabilities in the purchase of the East Indian Railway.

\* The value of the Messages under Foreign Traffic, column 8, row 12, represents the Indian share of charge.  
† The decrease is owing to the transfer of the Government Meteorological Reports from the Free List to the Paying List; the fact of there being no diminution in value of messages is traceable to *And-Siamer* Reports transmitted under *necessaries* signal being charged under "Urgent" tariff.  
‡ At reduced rates from 1877.

\* The value of the Messages under Foreign Traffic, columns 8, 10, and 12, represents the Indian share of charge.  
 † The decrease arising from the transfer of the Government Meteorological Reports from the Free List to the Paying List; the fact of there being no diminution in value of messages is traceable to Mail Steamer Reports transmitted under precedence signal being charged under "urgent" tariff.  
 ‡ At reduced rates from 1877.
