PREFACE.

This report deals very briefly with education and educational statistics in British India for the year 1925-26. It is based upon the reports of Provincial Directors of Public Instruction and has been considerably abbreviated this year. The quinquennial report on Education which will be published during the current year will contain a full and detailed analysis of education in India during the past five years.

I am greatly indebted to Mr. R. M. Statham for the compilation of this report which is almost entirely his own work.

R. LITTLEHAILES,
*Educational Commissioner
with the Government of India.*
