EXPLANATORY NOTE.

This is the eighth of the series of the publication styled "Statements showing progress of the Co-operative Movement in India" issued by this Department under instructions from the Government of India in the Department of Education, Health and Lands. The statements have been compiled with certain modifications on the lines recommended by the Committee on Co-operation in India held in 1915, and are arranged as shown in the table of contents on the opposite page.

2. The **Abstract Tables** indicate some of the leading features of progress in the co-operative movement during the year 1925-26, and show the numbers of societies and members and the amount of working capital, both for the whole of India and by Provinces and States. The all-India abstracts are illustrated by a diagram in the frontispiece.

In *Abstract Tables II and III*, when comparing the figures for the years 1915-16 to 1925-26 with the figures for years prior to 1915-16, the following points should be borne in mind:—

- (i) that in the case of Guaranteeing Unions and Re-insurance Societies the number of members represents the number of affiliated societies and not the number of individual members included in such societies ;
- (ii) that with effect from 1917-18 individual members of Central and Provincial Banks, Banking Unions, and Guaranteeing Unions are not included in the total number of members shown in Abstract Tables II(a) and II(b) as it is assumed that these have already figured once as members of an agricultural or non-agricultural primary society ;
- (iii) that the figures for working capital given in Abstract Table III do not include the working capital of Unions, Cattle Insurance, and Re-insurance Societies as these are not furnished in Statements D, E, and F, respectively ;
- (iv) that with effect from the year 1915-16 the loans and deposits of society-members have been transferred in Abstract Table III from the head "Loans and deposits held at the end of the year from members" to the head "Loans and deposits held at the end of the year from societies," and that the latter head no longer includes loans and deposits from Provincial or Central Banks for which a separate head has been provided ; and
- (v) that with effect from the same year (1915-16) the figure given against the head "Loans and deposits held at the end of the year from non-members and other sources," includes all loans and deposits held by Central and Provincial Banks from individuals, Joint Stock Banks, and other sources not included against the preceding headings.

3. The **General Statements** give a detailed record of the main statistics relating to co-operative societies in the several provinces of British India, (with the exception of Baluchistan, where the co-operative movement has, as yet, made little progress), and in the Indian States of Mysore, Baroda, Hyderabad, Bhopal, Gwalior, Indore, Kashmir, Travancore and Cochin for the year 1925-26. The figures have been taken from the statements furnished by provincial Registrars of Co-operative Societies, and by the Indian States concerned. The statements relate, in the case of Bihar and Orissa, to the year ended 31st December 1925, in the case of Bombay, Assam and Baroda, to the year ended 31st March 1926, and in the case of Madras, Bengal, the United Provinces, Burma, the Central Provinces and Berar, Coorg, Ajmer-Merwara, Mysore, Gwalior, Indore and Bhopal to the year ended 30th June 1926. The returns for the Hyderabad State refer to the year ended 7th July 1926, those for the Punjab, Delhi and the North-West Frontier Province to the year ended 31st July 1926, those for Travancore and Cochin to the year ended 16th August 1926 and those for Kashmir to the year ended 16th September 1926.

Statement A exhibits the operations of Central Banks and shows figures separately for Provincial Banks and for Central Banks including District Banks, Banking Unions, and all other societies constituted with the object of lending to individual societies and tapping deposits from a larger area than that of the primary agricultural or non-agricultural society. The figures for Unions other than Banking Unions have been excluded from this statement and are shown in a separate Statement (D). The total number of Banks during the year 1925-26 rose from 555 to 567, with a membership and working capital of 197,930 and Rs. 25,82 lakhs, as against 190,385 and Rs. 21,23 lakhs,

respectively, in 1924-25. The net profit resulting from the operations of these Banks also increased from Rs. 38,72,615 to Rs. 43,32,983 in 1925-26.

Statements B and C show the operations of the agricultural and non-agricultural primary societies in the same form. It will be observed that the number of such societies increased during the year from 63,873 agricultural (excluding insurance societies) and 5,432 non-agricultural to 70,733 agricultural (excluding insurance societies) and 7,069 non-agricultural societies, respectively. The total membership and working capital at the close of the year were as follows :—

	1925-26.	
	Members. Number.	Capital. Rs. (lakhs).
Agricultural	2,321,959	22,93
Non-Agricultural	730,126	8,85
Total	3,052,085	31,78

The following are the profits resulting from the operations of these societies :—

	Rs.
Agricultural Societies	82,99,708
Non-Agricultural Societies	35,97,856
Total	1,18,97,564

Statement D shows the operations of unions, other than Banking Unions, which either supervise only or both supervise and guarantee. Unions which do banking business are classed as Central Banks and are included in *Statement A*.

Statement E shows the operations of Cattle Insurance Societies. These societies exist only in Madras, Bombay and Burma.

Statement F exhibits statistics pertaining to Central Re-insurance Societies that is to say societies which, in return for a definite share of the insurance premia of the affiliated societies, undertake a definite share of their risks. Societies of this type at present exist only in Burma.
