PROVISIONAL STATISTICAL SOCIETY'S STATISTICS
OF
EDUCATION IN THE STATES

2. The information received from the States shows the inconsistencies in the gain time which is also a matter of concern, as a matter of fact published in the year.

1969-70

3. In West Bengal in this year

STATISTICS AND INFORMATION DIVISION
MINISTRY OF EDUCATION AND SOCIAL WELFARE
(DEPARTMENT OF EDUCATION)
GOVERNMENT OF INDIA
NEW DELHI

P R E F A C E

This annual publication, entitled 'Provisional Statistics of Education in States', is intended to make available provisional statistics, pending the availability of the final data. The present brochure in the series contains the data relating to the year 1969-70. The coverage of this publication is quite comprehensive as it includes all the detailed information about the number of educational institutions, enrolment, number of teachers and expenditure incurred on various types of institutions.

2. The information contained in this publication has been compiled from the annual returns received from the State Governments and Administrations of Union Territories without reconciling the inconsistencies and other discrepancies observed in these returns. This has been done to gain time which is usually taken in getting the discrepancies reconciled from the State Governments or, as a matter of fact, from the primary sources. The final reconciled data would, however, be published in the main Report of the Ministry entitled 'Education in India' relating to the same year.

3. In spite of the best efforts of the Ministry the States of Nagaland, Jammu & Kashmir and West Bengal could not supply the requisite data relating to the year 1969-70 in time for inclusion in this publication. Regretfully, we have included the data relating to the previous year in respect of these States. It is hoped that these States will, in future, supply the requisite data in time alongwith other States to complete the coverage.

4. Ministry of Education & Social Welfare warmly appreciate the assistance and co-operation rendered by the Directorates of Education/Public Instruction, of various State Governments and Union Territories but for whose cooperation it would not have been possible to bring out this publication.

5. I would also like to place on record the good work done by the officers and staff of the Statistics & Information Division of the Ministry of Education and Social Welfare in the compilation of this publication within a very short period of the receipt of the data from the State Governments.

New Delhi.

June 19th, 1974.

J. VEERARAGHAVAN
Joint Secretary to the Govt. of India
