 Expenditure on Education as shown in the Central & State Annual Budgets-1972-73 to 1974-75 No.10-1974

P R E F A C E

This annual publication is intended to make available provisional statistics of education in different States and Union Territories of India for the year 1970-71. The coverage of this publication is comprehensive as it includes all the detailed information viz., educational institutions, enrolment, teachers and expenditure incurred on various types of institutions.

2. The statistics given in this publication have been compiled on the basis of regular annual returns in Form A supplied by the State Governments and Administrations of Union Territories without reconciling the inconsistencies and other discrepancies observed in these returns. Considering the great demand for the detailed educational statistics for the latest available year, these provisional statistics are being made available pending the publication of final figures. The final reconciled data would, however, be published in the main Report of the Ministry entitled 'Education in India' relating to the same year.

3. We had to include the data relating to the previous year in respect of Andhra Pradesh, Kerala, Orissa, Tamil Nadu and West Bengal, as these States did not supply the data relating to the year 1970-71 in time for inclusion in this publication.

4. The Ministry of Education & Social Welfare warmly appreciate the assistance and co-operation rendered by the Directorates of Education/Public Instruction of various State Governments and Union Territories but for whose cooperation it would not have been possible to bring out this publication.

5. I would also like to place on record the good work done by the officers and staff of the Statistics and Information Division of the Ministry of Education and Social Welfare in the compilation of this publication within a very short period of the receipt of the data from the State Governments.

J. VEERARAGHAVAN
Joint Secretary to the Govt. of Ind
