A STATISTICAL SURVEY

MINISTRY OF EDUCATION
GOVERNMENT OF INDIA

PREFACE

This publication which is fourteenth in the series entitled 'Education in Universities in India' gives a statistical survey of the progress of University Education in the country during the year 1962-63.

The information contained in this publication is mainly factual and does not attempt to draw any general conclusions. It is hoped that educationists, research scholars and others interested in higher education will find the publication useful.

I take this opportunity to thank the authorities of all Universities and Boards of Intermediate education who have supplied the information contained in this Publication.

CHAPTER I

GENERAL SURVEY

(1) *Introduction :*

In the field of university education, the Government of India is responsible for the maintenance of the four Central universities and for coordinating and maintaining the standards of university education in the country. For this latter purpose, the University Grants Commission was set up in 1953. As a matter of fact, the report of the development of university education in 1962-63 is largely a report of the activities of the University Grants Commission during the year. The main function of the Commission is to give grants to universities and colleges for executing various development schemes and projects aimed for all-round improvement in this field of education.

The central problem facing us in the field of education is that of raising quality and reducing wastage, having, at the same time, to deal with the continually increasing influx of students. The number of students in the country has doubled over a period of eight years while, in comparison, the establishment of new universities and colleges has not been quite up to the mark. More universities and colleges are, therefore, needed to be established to solve this problem. On the other hand, to reduce the present high rate of failures and to raise the quality of education, improved teaching, better library and laboratory facilities, good text books and other miscellaneous facilities are required to be provided. The shortage of competent and experienced teachers in certain fields is an acute problem. It is necessary to provide reasonable salaries as well as the essential amenities and incentives to the teaching profession to enable universities and colleges to recruit and retain sufficiently qualified staff. However, no real improvement of university education is possible unless steps are taken to raise the standards maintained by colleges, by helping them to develop their staff, equipment, libraries, laboratories and other facilities. With this in view, the University Grants Commission has been providing financial assistance every year to selected colleges throughout the country.

The efforts of the Commission to maintain and improve the standards of higher education have been partly circumscribed by the financial resources available. The actual needs of universities and colleges for improvement and development happen to be of much larger magnitude than the financial provision that can be mustered for the purpose. During 1962-63, a sum of Rs. 10.8 crores for plan and non-plan purposes was placed at the disposal of the Commission by the Government of India. Out of this, Rs. 7.8 crores was spent on plan projects and Rs. 2.9 crores on non-plan projects, during the year.

A brief account of the activities of the Union Government (including University Grants Commission) in the field of university education during the year 1962-63 is given below.

(2) New Universities :

During the year under review, four new universities came into existence, namely, Jodhpur University; Orissa University of Agriculture and Technology, Bhubaneswar ; Udaipur University and Shivaji University, Kolhapur, thus bringing the total number of universities to 55 during 1962-63. It may, however, be mentioned that Shivaji University did not start functioning till 1963-64 and Punjab Agricultural University, Ludhiana, although established in 1961-62 could not supply statistics for the year 1962-63. The present statistical report, therefore, gives information in respect of 53 universities only.

During the year the University Grants Commission recommended to the Government of India that Kashi Vidyapeeth, Varanasi; Tata Institute of Social Sciences, Bombay and Gujarat Vidyapeeth, Ahmedabad might be recognised as institutions 'deemed to be universities'.

(3) Central Universities :

Some of the important activities concerning the Central Universities is briefly reported below.

In Aligarh Muslim University, development schemes involving an expenditure of Rs. 111.21 lakhs for various faculties were approved by the U.G.C. with permission to incur 70 per cent of the approved expenditure. A scheme for the development of the campus at a cost of Rs. 20 lakh was sanctioned by the U.G.C. and work in this direction was in progress. The medical college of the University was started on 2nd October, 1962.

In Banaras Hindu University, the grades of pay of teachers of technical colleges were brought on par with those in arts and science colleges with effect from 1st April, 1961. For research in physiology of reproduction, the department of Zoology received a grant of \$102,500 from the Ford Foundation. The University Employment Bureau arranged to provide career-information as well as guidance and counselling facilities to the students.

In Delhi University, the proposal of the Government to take over the management of the Deshbandhu College, Kalkaji was accepted. Endowments were received from various sources for the institution of Sir Sri Ram Professorship in physics, Sir Sbankarlal Professorship in mathematical economics. The Zoology department received a grant from the Ford Foundation for research in physiology of reproduction.

In the Visva-Bharati, the construction of Mahadevi Birla-laya girls hostel and the outdoor dispensary and clinic to be attached to the contemplated Andrews Memorial Hospital was completed during the year. The U.G.C. approved the proposal of the University for providing limited facilities for science courses in view of the pressing demand for science education. They also agreed to the University constructing a new press building at an estimated cost of Rs. 86,000.

(4) Vice Chancellors' Conference :

The 4th Annual Conference of the Vice Chancellors of Indian Universities and institutions 'deemed as universities' was held from 11th to 13th October, 1962, under the joint auspices of the U.G.C. and the Ministry of Education.

Some of the important recommendations made at this conference are briefly given below.

- (i) The Commission should enlarge the area of cent percent assistance for crucial purposes. In comparatively less important areas developmental expenditure could be shared between the U.G.C. and State Governments.
- (ii) The Commission might approach the State Governments for obtaining an assurance that the new scales of pay introduced with the Commission's help would be continued as a permanent measure after the discontinuation of Central assistance.
- (iii) The disparity between the salaries of teachers in university departments and affiliated colleges should be reduced.
- (iv) Facilities for post-graduate studies in colleges should be developed on a co-operative basis.
- (v) The total span of school and college education required for the first degree should be 15 years and not 14 years as at present.
- (vi) Adequate arrangements should be made for collaboration between universities, national laboratories and other research institutions.

(5) *Standards Committee :*

In 1961-62, the U.G.C. had appointed a special committee to undertake a systematic and objective study of the standards prevailing in the universities and to make necessary suggestions for their improvement. The committee circulated a questionnaire to the universities for collecting information about standards and other related matters. The replies received from the universities were being analysed and the committee was likely to visit a few selected centres before finally submitting its report. A study of the comparative standards of evaluation in selected universities was undertaken as a pilot project.

(6) *General Education Programmes :*

The general education programmes, drawn up in 1959-60, were in operation in 17 universities during the year. The Standing Advisory Committee constituted earlier continued to advise and assist the universities in the implementation of their respective programmes. Assistance was made available for seminars, conferences, preparation of reading material, purchase of books, exchange of teachers, visits by experts and guest speakers, etc. The reading material project on general education at Aligarh Muslim University was nearing completion. Another project of the same University for the preparation of reading material in general education for students of the faculty of engineering and technology was approved at an estimated cost of Rs. 19,500. Similar projects were sanctioned for implementation at the Universities of Baroda and Osmania. Seminars on general education were held at the Universities of Banaras, Bombay, Gujarat, Panjab, Rajasthan and Nagpur. The project of Bombay University for starting a quarterly journal on general education was approved and the first issue of this journal was published in January, 1963.

(7) *Three-year Degree Course :*

The University of Gauhati introduced the three-year degree course from the year 1962-63. A total amount of Rs. 112.23 lakh (Rs. 62.73 lakh for non-recurring and Rs. 49.50 lakh for recurring expenditure) was paid to 30 universities for the implementation of the scheme during the year. The Government of U.P. appointed a committee to examine the revision of the existing pattern of education and to consider the possibility of introducing the three year degree course in the State.

(8) *Post-graduate Education :*

For the development of post-graduate studies in science subjects in colleges, a sum of Rs. 8.15 lakh was paid during the year to 26 colleges throughout the country. The scheme relating to the development of post-graduate departments in humanities and social science was initiated late during 1962-63 and a limited grant of Rs. 42,736 was sanctioned to three colleges on this account.

(9) *Centres of Advanced Study :*

With a view to improving quality and raising standards at the post-graduate and research levels, the U. G. C. initiated a scheme of establishing centres of advanced study in selected departments of various universities on an experimental basis. The committee appointed to advise the Commission in this regard recommended the establishment of 27 such centres in 13 universities in the first instance. The proposed centres would be integral parts of the universities concerned, but would have a measure of autonomy to enable them to work efficiently, and they would function on all India basis.

During 1962-63, the U. G. C. released Rs. 65,000 to the "Theoretical Physics and Astrophysics" Centre of Delhi University, Rs. 3,227 to the "Chemistry of Natural Products" Centre of Delhi University, Rs. 20,000 to the "Applied Mathematics" Centre of Calcutta University, and Rs. 20,000 to the "Pure Mathematics" Centre of Bombay University.

(10) *Professional Education :*

On the recommendations of a committee appointed to examine the question of the establishment of agricultural universities, the following suggestions were made to the Ministry of Food and Agriculture :

- (i) As far as possible, new agricultural universities should be established and this at places where good institutions teaching at least three of the main ingredients of the course of study in agriculture already existed.
- (ii) It might be desirable to establish institutions of higher learning having the status of universities where studies were polarised round science and the profession of agriculture.
- (iii) Apart from institutions and, in special cases, constituent colleges which formed integral parts of an agricultural university, ordinarily such a university ought not to have colleges affiliated to it.

The Ministry of Food and Agriculture agreed to these suggestions and themselves made the further suggestion that agricultural universities might be allowed to exercise jurisdiction over institutions imparting education in agriculture on carrying on research and extension work in agriculture wherever they might be located in a particular State.

The U.G.C. sanctioned the establishment of a unit of post-graduate studies in basic medical sciences at the University of Calcutta and agreed to provide Rs. 17.13 lakh to the University for non-recurring expenditure as well as to share 50 per cent of the approved expenditure on the appointment of academic and other staff. The commission also considered the report of the Expert Committee which examined and assessed the requirements of Panjab University for starting honours and post-graduate courses in basic medical sciences. The report was referred to Panjab University for comments.

(11) *Engineering and Technological Education :*

During the year under review, grants amounting to Rs. 82.04 lakh (Rs. 43.62 lakh for non-recurring and Rs. 38.42 lakh for recurring expenditure) were paid to 19 Universities for the approved research schemes and development of various courses of study. Grants totalling Rs. 32,285 (non-recurring) and Rs. 45,717 (recurring) were sanctioned for special research projects.

On the recommendations of the All India Council for Technical Education, the U.G.C. approved the introduction of a degree course in chemical engineering at Roorkee University. The cost of this scheme with an annual intake of 30 students as approved by the AICTE would be Rs. 10.85 lakh, (non-recurring) Rs. 2.22 lakh (recurring) and Rs. 3.25 lakh for construction of hostels for 120 students. The Commission would share 50 per cent of the approved recurring and non-recurring expenditure. For the construction of hostels, the Ministry of Scientific Research and Cultural Affairs was requested to sanction the required loan.

The Commission also accepted the recommendations of the AICTE for the expansion of the department of chemical engineering & technology in the Panjab University (at an approved cost of Rs. 10.84 lakh, the Commission's share being Rs. 3.09 lakh), the introduction of a degree course in metallurgy at Roorkee University (at a cost of Rs. 20.31 lakh, the Commission's share being Rs. 6.91 lakh) and raising the intake of students to the College of Engineering, Burla, Utkal University, from 120 to 180 per annum (at an approved cost of Rs. 13.96 lakh, the Commission's share being Rs. 5.04 lakh).

The proposals of 21 universities for the development of engineering & technological institutes/departments during the Third Plan period were referred to the All India Council for Technical Education for evaluation.

(12) *Correspondence courses and Evening Colleges :*

The Expert Committee appointed by the Government of India to work out the details of the scheme of correspondence courses and evening colleges submitted its report during the year. In pursuance of its recommendation that the correspondence courses in India should be administered by the universities only and, in the first instance, by one University only i.e. the University of Delhi, the latter started the courses from the year 1962-63. The

Government of India agreed to cover the deficit, if any, for running these courses and a sum of Rs. 35,000 was sanctioned during the year.

(13) *Teachers :*

During the year under review, the U. G. C. paid grants amounting to Rs. 85.15 lakh to the universities towards the revision of salary scales of college and university teachers. Of this, Rs. 55.14 lakh was received by 23 universities for teachers of the colleges under them. Rs. 20.14 lakh by 30 universities for university teachers and Rs. 9.87 lakh by 14 universities for technical teachers.

Travel grants amounting to Rs. 1.07 lakh were paid to some universities to enable teachers and research workers to visit and work at centres of research and advanced study in the country. An amount of Rs. 23,779 was also paid to 12 teachers to enable them to participate in academic conferences held abroad.

Under a scheme of assisting outstanding teachers to continue their teaching research after superannuation, awards were made available to 45 teachers, thus bringing the total number of such beneficiaries to 67 so far. A sum of Rs. 1.38 lakh was paid to the universities for disbursement to the teachers concerned.

Further, the U. G. C. appointed a committee to work out an annuity/insurance/pension scheme for teachers; the committee submitted its report which was sent to the Central Universities at the first instance for their comments. The Commission also agreed in principle to institute a scheme relating to study leave for teachers and the details of the scheme were being worked out.

Approval was given for the construction of staff quarters in 12 universities at a cost of Rs. 61.91 lakh, the U.G.C.'s share being Rs. 35.60 lakh. During 1962-63, an amount of Rs. 27.71 lakh was paid to some universities on this account. Three colleges received assistance to the tune of Rs. 85,000 for the same purpose.

(14) *Miscellaneous Grants :*

A brief account of grants paid by the University Grants Commission under some of the important schemes (other than those already mentioned in the preceding paragraphs) during the year 1962-63 is given below :

An amount of Rs. 2.53 lakh was paid to 16 universities for organising summer schools, seminars and refresher courses. Seven colleges were paid Rs. 1.40 lakh under the scheme of centenary grants to colleges. Grants amounting to Rs. 26.41 lakh were paid to the colleges for construction of hostels and Rs. 11.94 lakh for extension of library and laboratory facilities. A sum of Rs. 3 lakh was paid to 7 Universities for construction of guest houses. A total amount of Rs. 66.46 lakh was also paid to various universities for construction of hostels.

19 Universities were given grants totalling Rs. 43,421 for the publication of doctoral theses and learned works of high standard. A sum of Rs. 3.98 lakh was paid to various universities for the establishment and improvement of printing presses. The Universities of Annamalai, Delhi, Lucknow, Ranchi

and Kurukshetra established film clubs during 1962-63 and they were given grants amounting to Rs. 1.14 lakh for this purpose. Rs. 16,700 was released to 11 Universities for preservation and utilisation of manuscripts.

(15) *Scholarships and Fellowships :*

During the year under report, the U.G.C. awarded 150 research scholarships in the humanities and 100 in science. A sum of Rs. 6.67 lakh was paid to universities for research scholarships in the humanities and Rs. 3.18 lakh for scholarships in science subjects.

73 junior fellowships in science to the tune of Rs. 2.55 lakh and 46 in the humanities to the tune of Rs. 1.76 lakh were awarded during the year. 22 senior fellowships were also awarded in the humanities and 14 in science subjects, and grants amounting to Rs. 0.98 lakh and Rs. 0.92 lakh respectively were paid for these fellowships. In addition, 30 fellowships were awarded for research in engineering and technological subjects and a sum of Rs. 1.87 lakh was released to the universities for the purpose. Further, an amount of Rs. 5.63 lakh was paid in respect of 139 junior fellowships awarded to encourage students to take up post-graduate studies in various branches of engineering.

To promote post-graduate studies in museology, some scholarships, each of the value of Rs. 200 per month, were instituted at the Universities of Baroda and Calcutta. A sum of Rs. 71,488 was paid to these Universities in respect of these scholarships and for the development of the departments concerned.

(16) *Foreign Exchange :*

For the year 1962-63, foreign exchange of the value of Rs. 27.85 lakh was made available to the University Grants Commission for helping universities and colleges to obtain the necessary foreign exchange for importing science equipment, books, journals and other articles required for teaching and research. Out of this, foreign exchange worth Rs. 27.81 lakh was actually released during the year. Apart from this, foreign exchange of the value of Rs. 10 lakh was made available to the Commission during 1962-63 for obtaining science equipment, books, etc. from East European countries on rupee-payment basis. Out of this, exchange worth Rs. 7.10 lakh was actually utilised during the year.

The Government of India agreed to authorise the universities to incur foreign exchange expenditure during every licensing period upto Rs. 500 in each individual case for importing small items of equipment urgently required by them for research, subject to an overall ceiling of Rs. 10,000 for each university. During the licensing period October, 1962—March, 1963 the Ministry of Finance sanctioned a total foreign exchange worth Rs. 2.50 lakh for this purpose.

(17) *Foreign Aid Programmes :*

The UNESCO under the Expanded Programme of Technical Assistance agreed to make a special allocation of \$3,00,000 during 1962 for the purchase of scientific equipment for the Centres of Advanced Study. This programme would

continue till 1968. The UNESCO in consultation with the Ministry of Education appointed an Advisory Mission consisting of 12 members for working out a plan of operation.

Eight teachers were selected during the year for training or studies abroad under the Ford Foundation Fellowships Programme, United Nations Technical Assistance Programme and the Colombo Plan. The services of foreign experts were made available to seven Indian universities. Two scientists from the U.K. visited our universities for a short period during the year.

Research facilities in agricultural, physical and biological sciences were also available to the Indian universities under various United States programmes.

(18) *Students' Welfare :*

Students' welfare forms an integral part of educational development. The general academic atmosphere in an institution is affected significantly by the conditions in which students live and work. With the rapid increase in the number of students seeking the benefits of higher education, the need for adequate amenities for students in colleges and universities has become greater and more urgent. The following is a brief sketch of some of the important works done in this direction during the year 1962-63.

Besides giving substantial financial aid for construction of university and college hostels (which has already been mentioned elsewhere), the University Grants Commission, during 1962-63, sanctioned construction of four non-resident students' centres in colleges at an estimated cost of Rs. 2.12 lakh and paid Rs. 11.53 lakh for the construction of such centres. An amount of Rs. 2 lakh was also paid to the universities for the same purpose. The total number of non-resident students' centres established upto 1962-63 was 92.

Grants amounting to Rs. 2.98 lakh were paid to universities for the establishment of health centres.

During the year under review, 101 new colleges joined the scheme of Students' Aid Fund initiated in 1958-59, thus bringing the total number of beneficiary colleges to 1,028. The U.G.C.'s contribution to this fund in various universities and colleges amounted to Rs. 9.54 lakh in 1962-63.

For the establishment of hobby workshops the U.G.C. paid Rs. 1.83 lakh to colleges and Rs. 0.30 lakh to universities during the year. Approval was accorded for the establishment of a hobby workshop in Jadavpur University at an estimated cost of Rs. 46,553 (non-recurring) and Rs. 5,000 (recurring) per annum. Sanction was also issued for the construction of five hobby workshops in colleges at an estimated cost of Rs. 2,23,330 (non-recurring) and Rs. 12,500 (recurring) per annum.

A sum of Rs. 8,000 was paid to the M.S. University of Baroda to meet the Commission's share of expenditure towards the cost of establishing a counselling centre for students as an experimental measure.

The chapter concludes with a brief account of the activities of the universities during the year under review, with particular reference to new faculties, departments, courses and subjects started for the first time in the year.

AGRA

Higher studies in linguistics and social sciences were started.

ALIGARH MUSLIM

Ph.D. in Law, M.B.B.S., diploma in psychology and certificate in typing were introduced.

ALLAHABAD

The Faculty of engineering and the Faculty of medicine were set up during the year. Degree and diploma in psychology and diplomas in Marathi, Gujarati and Ancient Iranian & Pahlavi were also newly instituted.

ANDHRA

A department of sociology and social work was newly started. Three-year special degree courses in arts, science and commerce replaced the old four-year Honours degree courses. M.Sc. in Chemical Technology was replaced by M.Tech. (chemical engineering) degree. Diploma in acting was also instituted.

ANNAMALAI

The University started M. Litt. (Research) in psychology, M.Sc. in marine biology, M.Ed., University diploma in engineering (one-year course) and certificate in librarianship. Sociology was introduced in pre-university classes for the first time. The post-graduate courses in structural engineering, public health engineering and agricultural engineering were revived.

BANARAS HINDU

M.D. (medicine), M.D. (physiology), M.D. (pharmacology), M.S. (surgery) and M.S. (anatomy) courses were started in the College of Medical Sciences.

BARODA, M.S.

B.Sc. (Home) General, M.Sc. (Home) in home economics and household management and diploma in German language were introduced during the year.

BHAGALPUR

Post-graduate courses in economics and mathematics were started.

BIHAR

The University instituted courses in Maithili, post-graduate diploma in medicine, D.T.M. & H., D.C.P. and D.G.O.

BOMBAY

Under the scheme of teaching Hindi to African students, the University made arrangements for teaching Hindi to 30 African students, the cost being borne by the Ministry of Scientific Research and Cultural Affairs, Government of India.

The degrees of Bachelor of fine arts (painting) and Bachelor of library science and a certificate in Russian language were instituted in the University during the year.

BURDWAN

Three-year degree courses in arts, science and commerce were started during the year U.E. (i.e. university entrance) in arts and science and courses in philosophy were also newly started.

CALCUTTA

M.A. in archaeology, M.Sc. (Medicine) in anatomy, physiology, pathology (including bacteriology) & pharmacology, diploma in psychological medicine, diploma in otorhino-laryngology and B.E. (ceramic) were introduced during the year under report.

DELHI

The department of management & industrial administration and the department of Buddhist studies were constituted and the department of physics was renamed as the department of physics & astrophysics. B.A. (Honours) in Karnatak music, B.Sc. (Honours) in anthropology, diploma in radiation medicine, diploma in modern Persian and one-year certificate courses in Hindi and Urdu were started for the first time.

GAUHATI

Three-year degree courses in arts, science and commerce were introduced during the year. Post-graduate degree courses in Bengali, history and mathematics were newly started. The University also introduced five year integrated course in engineering (with pre-professional engineering), six-year integrated course in medicine (with pre-professional medicine), five-year integrated course in veterinary science (with pre-professional veterinary science) and four-year integrated course in agriculture (with pre-professional agriculture).

GORAKHPUR

M.A. (mathematics), B.E. and diploma in social welfare (D.S.W.) were started.

GUJARAT

Pre-University and three-year degree courses were introduced during the year under review.

JABALPUR

Post-Graduate degree course in Urdu was started.

JAMMU & KASHMIR

Post-graduate departments of Sanskrit, Persian, physics and chemistry were established during the year.

JODHPUR

The University was established during the year under review.

KALYANI

M.Sc. (Ag.) in agronomy, horticulture, cytogenetics, soil science and entomology, B.Sc. (Hons.) in physics, botany and zoology, M.A. in English and B.A. (Hons.) in economics were newly started.

KARNATAK

Post-graduate departments of commerce, education and law and the school of foreign languages were set up. The University also instituted the post-graduate course in social welfare and diploma in librarianship.

KERALA

The departments of chemistry, botany, zoology, mathematics, physics and library science were established in the year 1962. The degrees of Bachelor of library science and Master of commerce, diploma in English, diploma in the teaching of English; *Adib-e-Fazil* (Urdu) and *Malpan* (Syriac) were newly sanctioned. A diploma course in German was also started. Further, M.Sc. (anatomy) and M.Sc. (bio-chemistry) were abolished and M.D. degrees were awarded instead.

KURUKSHETRA

The Faculty of Indic studies consisting of the departments of Sanskrit, Pali, Prakrit, ancient Indian history, philosophy and religion was established during the year.

MADRAS

M.V. Sc. course was introduced for the first time.

MAGADH

Post-graduate degree courses in english, hindi, history, geography, mathematics, philosophy and economics were instituted.

MARATHWADA

Post-graduate teaching in commerce, political science and botany were started during the year.

NAGPUR

The Faculty of agriculture was bifurcated into two viz. the Faculty of agriculture and the Faculty of animal husbandry and veterinary science. M.Sc. (Agri.) by thesis for B.V.Sc. passed candidates, B.Sc. in occupational therapy, post graduate diploma in co-operation, diploma in child health and certificate in social work (for women only) were the new courses started.

NORTH BENGAL

The University started functioning from the 1st June, 1962.

ORISSA AGRICULTURE & TECHNOLOGY

The University was established during the year.

OSMANIA

A shortened B.Ed. course was started and the diploma in journalism was replaced by the Bachelor degree in journalism.

PANJAB

Post-graduate courses in chemical engineering and pharmacy, M.Sc. (dairying), B.Sc. (dairying), B.Sc. (aeronautical engineering), B. Arch., B.Sc. (home science) and diploma in German were instituted and elementary logic was introduced in the pre-university class.

POONA

The University introduced military studies at the general and special levels of B.A. examination. Examination for diploma in anaesthesia and B.Ed. (basic) were held for the first time during 1962. The degree of Master of Ayurvedic science was newly instituted. Marathi was permitted as alternative medium of instruction at the B.Ed. level while a new eight paper course in anthropology for M.A. and M.Sc. was accepted.

PUNJABI

The University started functioning during the year.

RABINDRA BHARATI

This University also started functioning during the year under review.

RANCHI

The department of geology was set up and M.Sc. course in mathematics was started.

ROORKEE

The University introduced degree courses in chemical and metallurgical engineering as also Master of engineering in civil (special) and tele-communication engineering courses.

S.N.D.T. WOMEN'S

The University introduced music, drawing and painting in the pre-university class, Ph.D. courses in Gujarati and Marathi and a short term course in nursing of three months' duration.

The salary scales of the qualified members of the staff of the University library were revised in accordance with the suggestions of the University Grants Commission.

UDAIPUR AGRICULTURAL

The University was established during the year.

U. P. AGRICULTURAL

B.Sc. course in agricultural engineering & technology was newly started.

UTKAL

M.Com., M.D. (in pathology, pharmacology, bio-chemistry, skin and venereal diseases and pædiatrics) and diploma in anaesthesiology was introduced the first time.

VISVA-BHARATI

M.Litt. (Research) in psychology, M.Sc. in marine biology, M.Ed., M.A. in history, B.Sc. (Hons.) in chemistry, one year diploma in engineering and certificate in librarianship were newly started. Sociology was introduced at the pre-university stage for the first time during the year.

CHAPTER II

STATISTICAL SURVEY

(A) Universities

The total number of universities in India increased to 53 in 1962-63. Apart from these there were 5 'deemed to be universities'. Even though Punjab Agricultural University was also established in 1961-62 its statistics has not been included here because of its non-receipt. The data in this chapter excludes Institution of National importance.

Information on year of foundation or reconstitution of the universities their territorial jurisdiction and type is given in Table I. The same table also gives information about their faculties and the medium of instruction examination at different stages. The distribution of universities according to type as under -

Type	Number
Teaching & Affiliating	33
Residential & Teaching	17
Teaching & Federal	2
Affiliating only	1
Total	53

(B) Teaching Departments

The total number of teaching departments rose from 530 in 1961-62 to 612 in 1962-63 in the universities. 91 new departments were added in various universities and one department (Department of German language) was closed or amalgamated with some other departments in Jabalpur University. This includes some departments which were first reported in 1962-63 even though they were in existence from some earlier years. The university-wise details of the new departments are given below :-

University	No. of new teaching Departments	Subjects

Apart from these, there were 43 teaching departments in the 5 deemed to be universities.

(C) Colleges

The number of colleges maintained by or affiliated to the universities increased from 1,704 in 1961-62 to 1,861 (excluding deemed to be universities) in 1962-63, an increase of 9.5 per cent as compared to an increase of 10.5 per cent in the previous year. This increase was due to granting of new affiliations to or opening of 151 colleges during the year. (24 colleges of K. S. Darbhanga has been included in 1962-63, for which statistics were not available during 1961-62). 18 colleges were disaffiliated or closed down during the year. Thus net increase in the number of affiliated colleges was 157 during the year under review.

The distribution of the 151 additional colleges was as follows :—

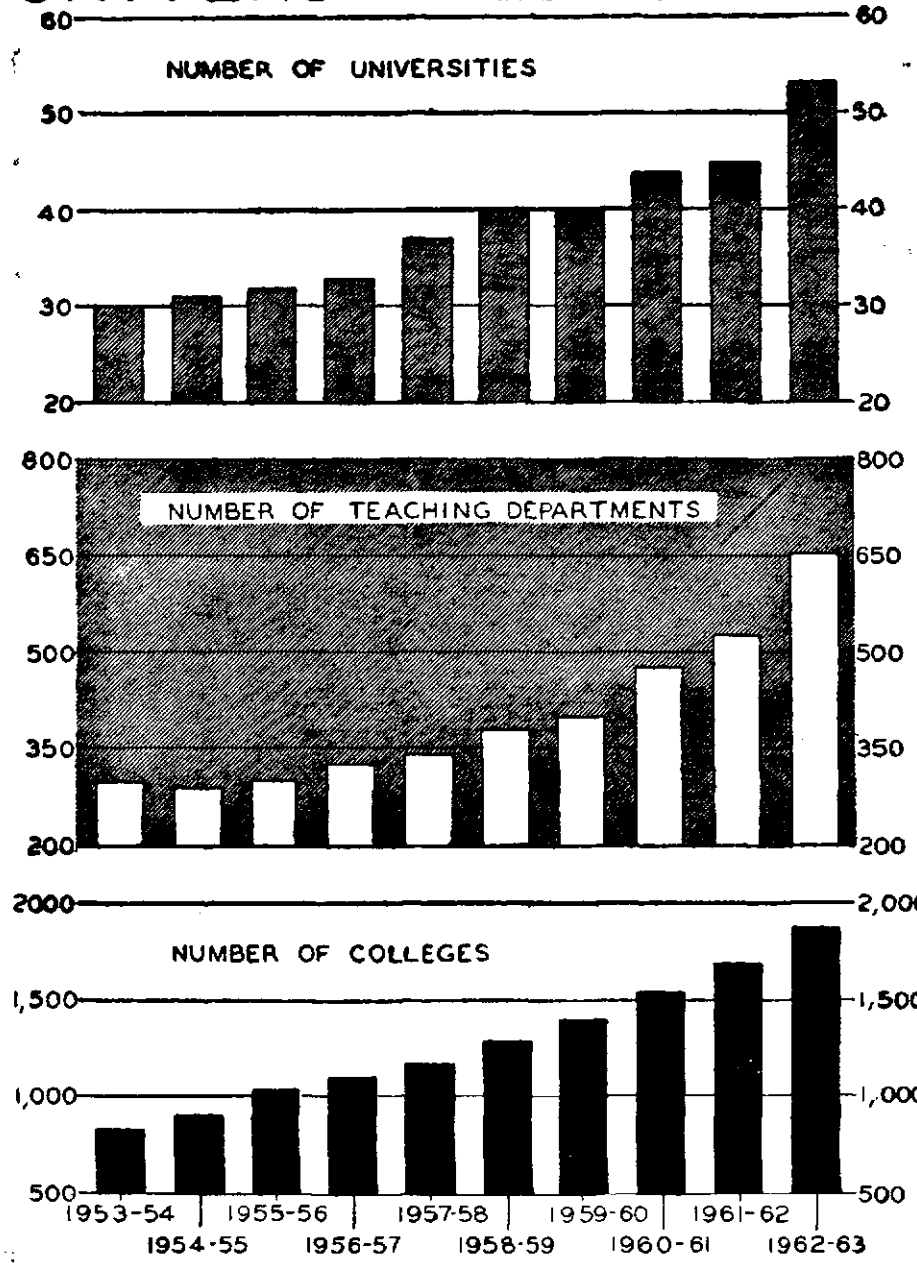

Name of University	Colleges added affiliated
Agra	3

Of the 1,861 colleges, 1,565 were affiliated or associated colleges and 296 were university constituent colleges (Table II). The corresponding number in 1961-62 was 1,453 and 251 respectively. The distribution of the total number of colleges by management was as follows :—

Management	Numbers	Percentage
Government	510	27.4
University	142	7.6
Local Boards	6	0.3
Private	1,207	64.7
<i>Total</i>	<i>1,865</i>	<i>100.0</i>

These, 1,565 colleges, include 4 university constituent colleges in the 56 deemed to be universities, all managed by the Universities themselves.

PROGRESS OF UNIVERSITY EDUCATION

The distribution of colleges by type of education is given below. The corresponding distribution for each university is given in Table III. Of the total of 1,865 colleges, 854 provided for general education which includes the study of arts, science, oriental learning, theology, home science, sociology, music, dancing, fine arts etc., 498 provided for technical and professional education which included 48 institutions of commerce education and the remaining 513 provided for general as well as professional education.

Type of College	Number of College
General Education	854
Professional education	498
Agriculture	45

Law	52
Medicine (including pharmacy & nursing)	89
Physical education	5
Veterinary Science	16
Others	5
General and professional education	513
<i>Total</i>	<i>1,865</i>

Of the 513 colleges for general and professional 23 colleges taught agriculture; 346 had commerce classes; 52 had Education; 77 had classes in Engineering and Technology; 38 had classes in Law; 80 had classes in Medicine; two colleges taught veterinary science and 14 colleges had courses in other professional subjects.

Of the 4 colleges of the 'deemed to be universities' 2 provided for general education and two provided for professional education the subject being "Education".

(D) Boards of Intermediate Education

Only one Board, Board of High School and Intermediate Education, U. P., functioned during the year. This board functioned as examining body for intermediate and school examination. 1,034 colleges were affiliated to this Board for intermediate examination of which 29 were also affiliated to some universities for degree courses. These 19 colleges have been included along with the other colleges affiliated to universities while the classification of the remaining 1,005 colleges is given below:—

Type of Colleges	Number
General education	540
Professional education	11
Agriculture only	4
Commerce only	6
General and professional education	444
<i>Total</i>	<i>1,005</i>

Pupils

The total number of students enrolled in university teaching departments, constituent colleges and colleges affiliated to universities and boards of intermediate education rose from 11,37,967 (9,44,774 boys and 1,93,193 girls) in 1961-62 to 12,37,412 (10,18,765 boys and 2,18,647 girls) in 1962-63. This gives an increase of 8.7 per cent (7.8 per cent in the case of boys and 13.2 per cent for girls). The break-up of this enrolment by type of institution is given below—

Type of institution	1961-62		1962-63	
	Boys	Girls	Boys	Girls
University Teaching Departments	54,491	8,799	65,215	10,759

Colleges Classes affiliated to Boards	1,52,942	22,455	1,52,942	22,455
<i>Total</i>	<i>9,44,774</i>	<i>1,93,193</i>	<i>10,18,765</i>	<i>2,18,647</i>

A detailed break-up of the enrolment by universities and boards of intermediate education is given in Table IV.

The largest enrolment was in the teaching departments and colleges of Calcutta University (1,19,542). Next in sequence was Madras University (62,010), Punjab University (57,284) and Kerala University (54,615). The least enrolment was in Kalyani, Indira Kala Sangeet and Rabindra Bharati universities. The details regarding the affiliated colleges were not available. A distribution of the university by total enrolment groups is given below—

Enrolment Group	Number of Universities
Above 1 lakh	1
50,001—1 lakh	5
25,001—50,000	9
10,001—25,000	15
5,001—10,000	8
1,001—5,000	7
1,000 and below	8
<i>Total</i>	<i>53</i>

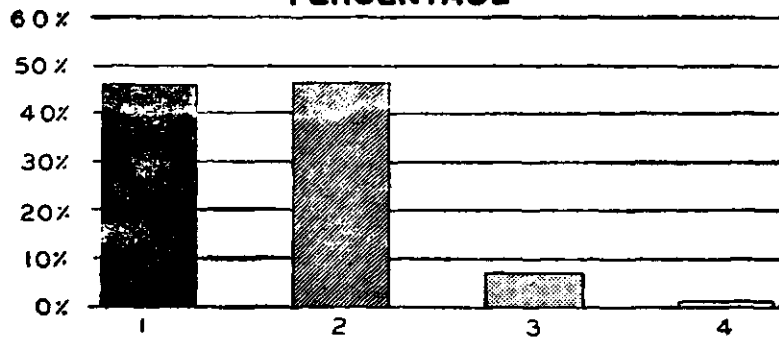

As compared to 1961-62, the enrolment in 1962-63 increased in all the universities except Allahabad, Indira Kala Sangeet, Punjab, Patna and Rajasthan. The decrease in Patna was due to the creation of Magadh University and that of Rajasthan was due to the establishment of Jodhpur University. In other cases the decrease was insignificant. Among the other universities the largest increase was in Gauhati University (7,765), followed by Gujarat (6,760), Vikram (6,461), Poona (6,349), Kerala (4,731) and Burdwan (4,390) universities. Of the remaining universities, the increase in enrolment was between 1,000—4,000 in 13 universities and less than 1,000 in 21 universities. Of the total enrolment of 12,37,412 students, 1,75,397* were enrolled in institutions affiliated to the Board of High School and Intermediate

Education, for which the distribution of students by general and professional education was not available. Of the 10,62,015 students enrolled in teaching departments and colleges affiliated to universities, 7,79,942 (73.4 per cent) were enrolled for general education courses and the remaining 2,82,073, (26.6 per cent) for technical and professional education courses. Among 8,65,823 boys, 6,05,829 (70.0 per cent) were studying general education subjects and 2,59,994 (30.0 per cent) were studying technical and professional subjects. In the case of girls, 88.8 per cent were enrolled for general education.

The distribution of the total enrolment by stages of education was as follows—

*Note—This includes enrolment of institutions deemed to be Universities and Boards of Education.

Girl students numbering 1,96,192 constituted 15·9 per cent of the total enrolment in the universities and colleges. Of these, 1,74,113 (88·7 per cent) were enrolled for general education courses and the remaining 22,079 (11·3 per cent) for professional education courses. Among professional education courses, medicine—allopathy (10,057) and teacher training (7,975) continued to attract the large number of girl students.

Further, 1,654 students were enrolled in the five deemed to be universities and their colleges. Of these, 170 were girls. 1,282 boys and 68 girls were enrolled in the university teaching departments and the balance in constituent colleges. The distribution of these students by type of education and stages is given below—

Of the 170 girls, 78 were enrolled in general education (16 for inter/pre-university, 26 for graduate and 36 for doctorate) and 92 for professional education.

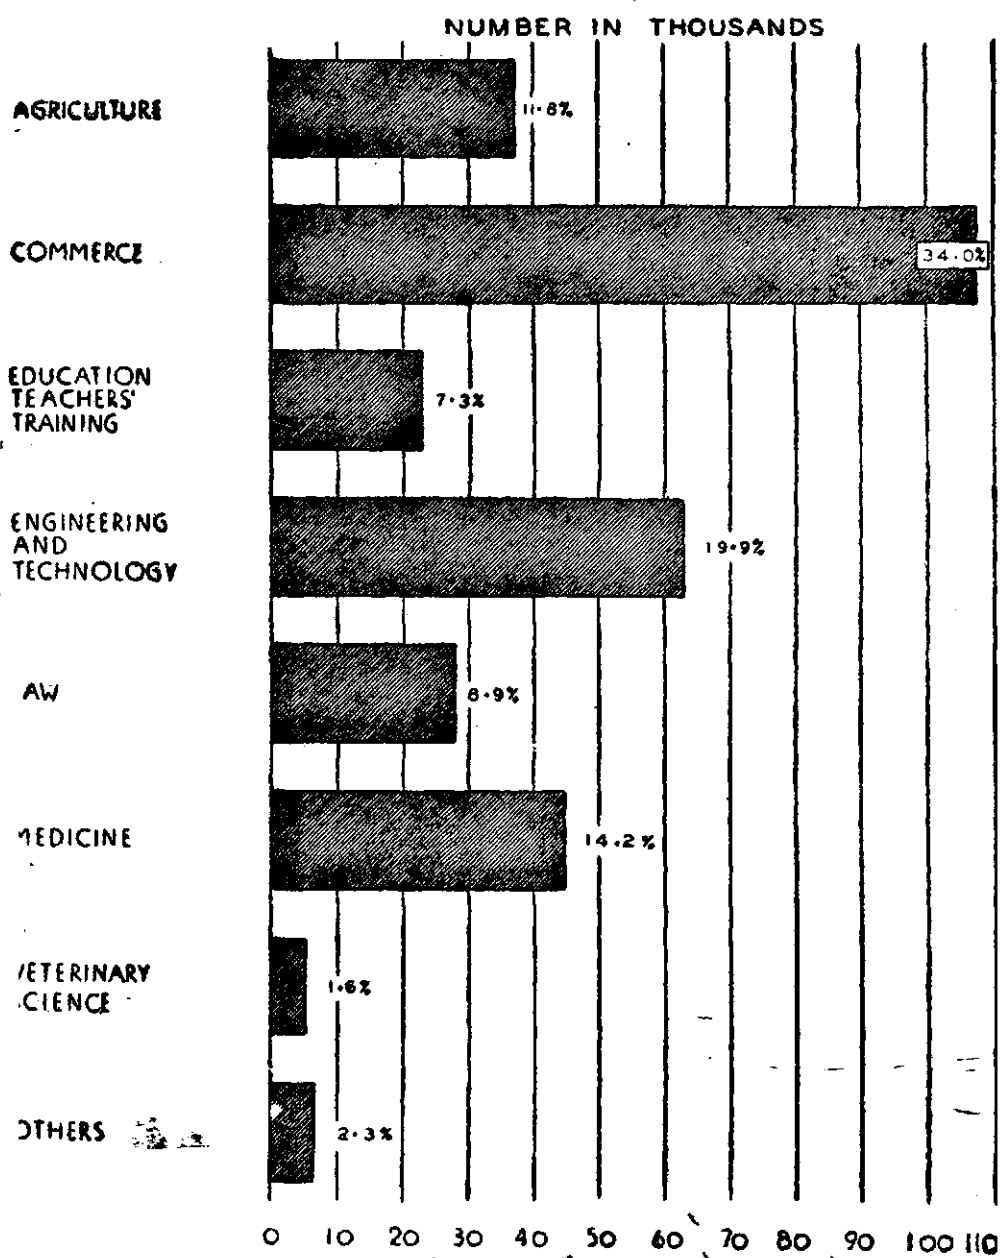

Teachers

The number of teachers in position in universities and their constituent and affiliated colleges (excluding those working in colleges affiliated to boards of intermediate education) and deemed to be Universities in 1962-63 was 67,633 (58,571 men and 9,062 women) as compared to 61,816 (53,819 men and 7,997 women) in 1961-62. Teachers include full-time teachers, part time teachers and also honorary teachers. Research guiding staff, demonstrators and tutors are also included. This shows an increase of 9·4 per cent (8·8 per cent for men teachers and 13·5 per cent in the case of women teachers).

The distribution of teachers by type of institutions in which they worked is given below for the year 1960-61 to 1962-63—

NUMBER OF STUDENTS RECEIVING PROFESSIONAL EDUCATION 1962-63

The number of men and women teachers in all the three types of institutions have increased. In the case of university teaching departments the percentage increase is 16.2 as compared to 1961-62. The corresponding per cent increase in the constituent colleges and affiliated/associated colleges are 16.2 and 6.7 respectively. The university-wise distribution is given in Table VIII.

Of the total number of teachers 45,270 (66.9 per cent) were teachers for general education and the remaining 22,363 (33.1 per cent) for professional education. The details are given below—

Type of Education	1960-61		1961-62		1962-63

The number of teachers for general education courses increased by 8.0 per cent from 1961-62 and the teachers of professional education increased by 1.2 per cent. There was a slight decrease in the number of teachers for Law and 'other' professional courses. The maximum increase in the number of teachers was in medicine (19.1 per cent) followed by veterinary science (18.0 per cent) and engineering and technology (14.8 per cent). The increase in the number of teachers in other subjects were agriculture—13.9 per cent; commerce—13.4 per cent and Education/teachers training—6.9 per cent. The university-wise details are given in Table IX.

Apart from these there were 248 teachers (234 men and 14 women) in the five deemed to be universities. Of these 195 were in university teaching departments and 53 were in constituent colleges. Of these 98 were teachers for general education and 150 were teachers for professional education. The university and subject wise details are given in Table IX.

Scales of Pay

Table X gives the university wise scales of pay of lecturers, readers and professors. The disparities in the scales of pay of teachers employed in universities and their colleges persist. The scales of pay is only not uniform

among the universities but it varies also from college to college within a university. Of the 53 universities 29 universities adopted the scale of pay recommended by the U.G.C. for lecturers, readers and professors in their teaching departments. Among the other universities the minimum of the scale of pay of lecturers was least (Rs. 200) in Bhagalpur, Magadh, Patna, Ranchi and S.N.D.T. Women's universities. As regards readers the starting salary was less than Rs. 500 in Bhagalpur, Magadh, Patna, Ranchi and Udaipur Agricultural university and was least (Rs. 300) in the universities of Andhra and Mysore.* The starting pay and allowance of the professors in university teaching departments was less than Rs. 800 in Andhra, Mysore, Orissa Agricultural and Technology and Udaipur Agricultural universities.

The scales of pay in vogue for lecturers in affiliated colleges for General Education are given below. The maximum and minimum of all the scales obtaining in various colleges only are given.
