

**Administration of the Excise Department  
for the year 1916-17.**

No. FL. 3377-86—S. R. 66-17-3, DATED 7TH JANUARY 1918.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS  
THE MAHARAJA OF MYSORE.**

**GENERAL AND REVENUE DEPARTMENTS.**

**READ—**

Letter No. Ped. C. 5 of 1917, dated 31st October 1917, from the Excise Commissioner in Mysore, submitting a Report on the Administration of the Excise Department for the year 1916-17.

**Order No. FL. 3377-86—S. R. 66-17-3, dated 7th January 1918.**

1. *Financial results.*—The total receipts and expenditure of the Department during the year were Rs. 63,26,501 and Rs. 3,47,097 as against Rs. 59,09,297 and Rs. 3,36,826, respectively, in the previous year. Deducting assignments towards local cess, railway cess, refunds of toddy revenue to inamdars and other miscellaneous items, the net receipts of the Department amounted to Rs. 58,29,348 as against Rs. 55,45,208 in 1915-16. The demand for the year, including the arrears of previous years, was Rs. 62,36,032 as against Rs. 59,56,099 in 1915-16. Out of this, a sum of Rs. 61,97,274 was collected, the percentage of collection being 99·4 as against 99·8. The total demand including arrears was Rs. 64,37,345, out of which Rs. 63,26,501 were collected, including arrears and remissions, thus leaving a balance of Rs. 1,60,844 as against Rs. 1,64,494 in the previous year. Though the percentage of the reduction of the old arrears during the year was 25·8 as against 9·9 in 1915-16, yet the amount of old arrears is still very large and requires special attention.

2. *Incidence of taxation.* The general incidence of taxation per head of population was Rs. 1-1-8 as against Rs. 1-0-5 in the previous year.

3. *Arrack.*—To meet the increase in the demand for arrack in the State there was an increase of 27,966 gallons in the quantity manufactured and of 42,783 gallons in the issues from the Central Distillery. There was, however, a decrease of 11,610 gallons in the quantity supplied to the Civil and Military Station due to the difference in the price in the two areas.

The increase in the consumption during the year was 36,540 gallons, the increase in the Bangalore District alone being 28,370 gallons. The Bangalore City shops were responsible for 89·8 of the consumption in the district. The increase is generally attributed to the reduction in strength to 30° U. P. to favourable seasonal conditions, to the increase in the retail selling rate in the Civil and Military Station and partly to the rise in the price of toddy in both the Civil and Military Station and City shops. The decrease in the consumption of foreign liquors, special liquors and country beer also contributed to this increase to a certain extent.

Taking the increase as a whole, it does not appear to be abnormal or much above the average for the past five years. There was one arrack shop for every 40·3 square miles and 7,739 people, as against 39·9 square miles and 7,730 people in 1915-16; and the incidence of taxation per head of population for the whole State was 8 annas 2 pies as against 7 annas 5 pies in the previous year. Seven arrack shops were closed during the year.

As in certain parts of the State vend rent or license fee was more than the margin of profit, the system of minimum prices was introduced.

4. *Foreign liquor.*—There was a decrease of 5,229 gallons in the consumption of foreign liquors, owing to the high prices charged by the vendors. The decrease was very heavy in the Kolar District; the foreign beer tavern there was also closed owing to the difficulty in getting English draught beer. The realisations

No. FL. 3377-86--S. R. 66-17-3, DATED 7TH JANUARY 1918.

show a slight increase due to the increase of license fee by 25 per cent and the opening of a retail shop at Bangalore.

The question of suitably amending the definition of "Foreign liquors" and "Country liquors" to make the importation of cheaper varieties of foreign beer and liquors more costly than at present is under consideration.

5. *The Mysore Pharmaceuticals, Limited.*—In view to encourage this chemical industry 1,465 gallons of rectified spirit were issued to this Company at concession rate.

6. *Toddy*—(a) *Date.*—The number of shops licensed during the year was 2,479, showing a decrease of 34. As in the previous year, there was on an average one shop for every five villages. Government agree with the Excise Commissioner that there is further scope for reduction in the number of shops. He is requested to submit definite proposals in the matter early for the consideration of Government.

The number of toddy trees licensed during the year was 422,458. About 62 per cent of these belonged to Government.

(b) *Bagani.*—The number of bagani toddy shops closed in the Kadur District was 28. There was a decrease of Rs. 6,300 in the shop rental and of 2,94 in the number of trees licensed. The decrease in both cases is reported to be due to the fall in the number of private trees allowed to be tapped owing to temperance movements in the Malnad. Government consider that the steady decrease in the number of date and bagani trees tapped requires careful investigation.

*Date groves.*—With a view to make the date reserve list up to date a special staff was sanctioned in August 1917 for each district. It is hoped that the work will be completed at an early date, and all important questions pending settlement regarding their conservancy and improvement will be submitted to Government for orders with the recommendation of the Excise Commissioner.

7. *Inamdars' claims to toddy revenue.*—During the year the claims relating to 46 inam villages were settled and refunds amounting to Rs. 42,350 were sanctioned.

In future the amount paid to inamdars whose claims have been sanctioned during the year may be shown separately from that paid to those who were declared "privileged" during the previous years. The Excise Commissioner is requested to see that arrangements are also made for prompt disbursement of the dues in such cases.

8. *Country, Beer and Akkibhoja.*—There was a fall of 7,586 gallons in the consumption of country beer during the year.

The manufacture and sale of Akkibhoja require careful investigation, and the Excise Commissioner is requested to take effective steps to have it brought under control especially as the District Excise Officer, Kadur, suspects its clandestine use in some parts of the district.

9. *Ganja.*—The consumption of ganja increased by 820 seers, the increase in the Shimoga District alone being 573 seers. This is attributed to the better quality of the supply, the comparatively cheaper rate at which it was sold in certain parts and to the prevention of smuggling in other parts of the State.

*Ganja cultivation.*—The outturn of the crop during the year is reported to be less in quantity owing to heavy and unseasonal rains. It is satisfactory to note that the quality was on the whole better than that of the previous years. In view of the fact that a large quantity of 12,000 seers was ordered to be destroyed as being unserviceable, greater attention is necessary in regard to its cultivation to ensure a sufficient supply of ganja of the best quality for each year.

10. *Opium.*—The sale price of opium was raised from Rs. 37-8-0 to Rs. 41-8-0 per seer of 80 tolas. There was an increase of 328 seers in its consumption. This is attributed partly to the variation in prices and partly to smuggling in Kolar and Bangalore. The preventive staff in these districts should be more vigilant and make every effort to put down smuggling.

11. *Number of shops.*—The number of Excise shops was reduced during the year by 68. The question of extending the system of Licensing Boards, sanctioned

No. FL. 3377-86—S. R. 66-17-3, DATED 7TH JANUARY 1918

tioned as a tentative measure for Bangalore, Mysore and the Kolar Gold Fields, to other parts of the State will be considered after the result of the experiment in the above places are reported to Government.

12. *Offences.*—During the year, 3,011 cases involving 3,547 persons were reported as against 3,263 cases affecting 3,900 persons in the previous year. Out of the total number of offences for disposal during the year, 419 related to heinous offences; the cases relating to illicit distillation were 73 as against 32 in the previous year. There were only 2 cases of smuggling in liquors as against 23 in the last year. Out of the 365 cases involving 560 persons referred to Magistrates, 283 involving 422 persons were disposed of by them, the percentage of conviction being 59·6 as against 70·5 in the previous year. Government agree with the Excise Commissioner that the percentage of conviction is far from satisfactory. The District Excise Officers and Inspectors are directed to pay greater attention to the investigation of cases. The report discloses an increase in cases of illicit distillation, particularly in the Shimoga District which is attributed to larger detection by the preventive staff. The fall in the number of trees tapped is stated to be due to illicit tapping in the Hassan District and over-tapping in the Tumkur District. These localities demand greater watch on the part of the officers concerned.

*Reserve staff.*—The work done by the Reserve staff during the year under report is satisfactory; 30 cases of illicit distillation, among others, were detected by the members of the staff. Government expect that their services will be utilised to a greater extent in the detection of Excise offences.

13. *Inspection.*—The Excise Commissioner's inspection extended only to two districts in the year, which cannot be considered sufficient. The inspection work of the District Excise Officers was also on the whole very unsatisfactory. Government agree with the Excise Commissioner that the District Excise Officers should inspect at least once a year all the arrack and drug shops in their charge and he is requested to issue suitable rules in this direction.

14. *General.*—The proposals of the Excise Commissioner for the reorganization of the department to improve its efficiency and the abolition of superfluous Ranges with an increase in the Sub-Ranges will be awaited.

The Government are pleased to record their appreciation of the efficient manner in which the Administration of the Excise Department was carried out during the year under review.

B. RAMASWAMIYA,  
Offg. Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore.  
The Comptroller, Mysore Government.  
The Deputy Commissioners of Districts,

Exd.—c.R.

No. PED. C. 5 OF 1917.

EXCISE COMMISSIONER'S OFFICE,  
*Dated, Camp Mysore, 31st October 1917.*

FROM

P. RAGHAVENDRA RAO, Esq., B.A., B.L.,  
*Excise Commissioner in Mysore.*

TO

B. RAMASWAMAIYA, Esq., B.A., B.L.,  
*Officiating Secretary to the Government of His Highness  
the Maharaja of Mysore, Revenue Department, Bangalore.*

SIR,

I have the honor to submit my report on the working of the Excise Department of the State for the year 1916-17, with the usual statistical statements.

#### CHAPTER I.—INTRODUCTORY.

2. *Personnel of the Department.*—I was in charge of the department throughout the year, except for a short period of twenty days, during which I was on privilege leave when Mr. D. Srinivasa Iyengar, B.A., my Headquarter Assistant, was in charge of the office.

3. Mr. D. Srinivasa Iyengar, B.A., Assistant Commissioner continued to be my Headquarter Assistant throughout the year. The late Mr. C. Krishnama Naidu was in charge of the District Excise Office, Tumkur District, till 13th February 1917. After his death on the 14th February 1917, Mr. Channaraj Urs, B.A., LL.B., Probationary Assistant Commissioner, was in charge of the District Excise Office until relieved on the afternoon of 14th April 1917 by Mr. V. S. Rajagopalachar appointed to act as District Excise Officer in Government Order No. Fl. 5689—S. R. 159-16-7, dated 2nd April 1917. Mr. Mohamed Abdulla Sheriff was District Excise Officer, Kadur District, till 22nd December 1916 when he went on leave. He has since been reverted to the Revenue Department as Amildar. Mr. T. Abdul Khadir, Treasury Assistant Commissioner, was in charge of the District Excise Office till 5th February 1917. Mr. N. Cheluvengar, Range Inspector, 1st class, appointed to act as District Excise Officer, Kadur District,—*Vide* Government Order No. Fl. 4227—S. R. 71-16-7, dated 30th January 1917, assumed charge of the office on the forenoon of the 6th February 1917 and has continued there since. Mr. M. P. Visvanatha Rao, District Excise Officer, Shimoga District, who was on privilege leave from 10th June 1916 when Mr. Sheik Abdulla, Amildar of Tarikere Taluk acted, returned to duty on 6th September 1916 and was in charge of the District Excise Office, Shimoga, throughout the remaining period of the year. Mr. M. Ranga Rao, District Excise Officer, Bangalore, was on privilege leave of absence for a short period of twelve days from 28th August to 8th September 1916 both days inclusive when Mr. M. Srinivasa Murti, the Treasury Assistant Commissioner of the Bangalore District, was in charge of the District Excise Office. Messrs. Y. V. Krishnamurthy, B.A., M. Krishnaswami Iyengar, B.A., B. Shamanna, B.A., L.C.E., and J. E. Rozario, District Excise Officers of Hassan, Chitaldrug, Mysore and Kolar Districts, respectively, remained in charge of the districts throughout the year.

4. *Excise Ranges.*—The number of ranges during the year remained the same as in the preceding year, viz., 52. But Gubbi Taluk which formed part of Kunigal range  
Ex. Rt. 16-17

was tacked on to Tumkur range with effect from 1st October 1916 as ordered in Government Order No. 481-2—S. R. 17-15-2, dated 18th July 1916, with a view to facilitate supervision by the respective Range Inspectors.

The required information, *re* the reconstitution of Range and Sub-Range Offices not having been received in time from all the districts, the matter could not be taken up for treatment during the year under report. It is my intention to recommend the abolition of superfluous ranges and to increase the number of Sub-Ranges wherever necessary. Some Range Inspectors who are attending to marking work themselves have to be relieved of it by the appointment of additional Assistant Inspectors. Ranges which come under this category are Kankanhalli, Nagamangala, Gundlupet, Hassan, Channarayapatna, Hole-Narsipur and Tirthahalli.

5. Important changes affecting the Excise Administration in the State for and during the year 1916-17 were as follows:—(1)

| Liquor.                                  | Rate per gallon. |
|------------------------------------------|------------------|
| (a) Palmyra and Molasses arrack 30 U. P. | 0 12 0           |
| (b) Sugarcane Jaggory arrack 30 U. P.    | 0 13 2           |
| (c) Brandy 20 U. P.                      | 1 13 7           |
| (d) Whisky do .. ..                      | 1 12 6           |
| (e) Gin do .. ..                         | 1 9 9            |
| (f) Rum do .. ..                         | 1 8 9            |
| (g) Milk Punch 15 U. P.                  | 2 13 2           |
| (h) Rectified spirit 60 O. P.            | 2 15 8           |
| (i) Methylated spirits .. ..             | 2 5 10           |

Messrs. Hajee Ismail Sait & Sons, succeeded in getting the liquor manufacturing contract for the State for a period of three years from 1st July 1916. Rates allowed to them are noted in the margin. (2) The "Arrack Carrying Contract" of Messrs. K. Netta-kallappa and V. Thimmiah having terminated on the 30th June 1916, the tender of Mr. V. Chinnaswamy Mudaliar was accepted for a period of three years, co-terminus with the manufacturing contract, the rates being two annas four pies per gallon for mofussil Depots and three pies for Bangalore City Depot. (3) The duty on country beer was raised from two annas one and a half pies to four and a half annas per gallon from 1st July 1916. (4) A reserve staff consisting of an Excise Inspector, two Assistant Inspectors, one Sub-Inspector and eight peons, was sanctioned in lieu of the detective staff for a period of one year from 1st October 1916, the Headquarter Assistant Commissioner being placed in charge of it with an allowance of Rs. 75 per mensem. (5) The strength of arrack issued for consumption was reduced from 25 U. P. to 30 U. P. On the recommendation of the Department of Public Health, provision was made for keeping a pail of water in arrack shops for the purpose of washing tumblers used by consumers. (6) The issue price of opium to shop-keepers was raised from Rs. 37-8-0 to Rs. 41-8-0 per saer of 80 tolas. (7) The Duty on special liquors of 20 U. P. was enhanced from Rs. 5-4-0 to Rs. 6-0-0 per gallon, proportionate to the duty on 30 U. P. (8) The price to be paid by the licensees of shops on account of manufacturing and transport charges remained unaltered in the case of molasses arrack but was enhanced for other spirits. (9) The license fees on foreign liquor shops was enhanced by 25 per cent. (10) The power of sanctioning the annual toddy refund bills of privileged Inamdars was delegated to the Excise Commissioner in Mysore. (11) The modified rules relating to the Inamdar's claims to toddy revenue were approved by Government in their Order No. 3697-706—S.R. 94-14-3, dated the 30th December 1916. (12) Certain modifications in the rules, *re* the correspondence between the District Excise Officers and Deputy Commissioners, and the Excise Commissioner in Mysore, were sanctioned by Government.

## CHAPTER II.—COUNTRY SPIRITS.

6. *Distillery Buildings.*—No material additions or alterations were effected to the distillery buildings during the year under report; and the proposals for the extension of the Warehouse, Office Buildings, etc., whose immediate execution is essential, are yet in the hands of the Public Works Department.

Several parts of the distillery buildings, Distillery Officer's Quarters, the Manufacturer's Office and the Staff Quarters were installed with Electric lights. The working of this not having been quite satisfactory during the year under report, the Electric Department are effecting the necessary improvements for the satisfactory working of the same. Nothing further has been heard since, regarding the smell from the spent wash combined with the tannery refuse after the laying out of an earthen pipe sewer to lead them to Pantarkatte, but it is common knowledge that, during part of the year, the stench arising from the effluent is a source of considerable inconvenience to the residents of Shankarpuram, Chamrajpet and the Fort.

7. *Telephone Communication.*—The working of this was far from satisfactory and repairs said to have been made to the instruments were found to be ineffectual; but it is

to be hoped that, with the transfer of the Telephone System to the Electric Department, a better state of affairs will prevail. The old instrument at the Head Office was replaced by a new one of a different pattern—a change necessary at the other or, the distillery end as well.

8. *Distillery Water-supply*.—The supply of water to the distillery was regular and ample throughout the year both from Hesaraghatta and Kempambudhi Distillery Tanks.

Repairs and improvements to the pipe line conveying Hessarghatta water to the Staff Quarters have not yet been taken in hand by the Public Works Department, to which necessary references have been made.

9. *Coffey Stills*.—Both the coffey stills continued to work during the year, the older of the two however requiring frequent and extensive repairs.

10. *Visitors*.—The following gentlemen visited the distillery during the year :—

1. Rao Bahadur Govinda Bhai Desai, B.A., LL.B., F.R.A.S., Excise Commissioner, Baroda State.
2. Dr. P. C. Roy, D.Sc., C.I.E., Professor of Chemistry, Presidency College, Calcutta.
3. Rajamantra Pravina Diwan Bahadur J. S. Chakravarti, M.A., Financial Secretary to the Government of Mysore.
4. J. Bhore, Esq., Sanitary Engineer, Bangalore.

*Inspecting Officers*.—As usual, the Excise Commissioner and his Headquarter Assistant inspected the distillery several times.

A committee consisting of Messrs. (1) D. Srinivasa Iyengar, Headquarter Assistant to Excise Commissioner, (2) M. Ranga Rao, District Excise Officer, Bangalore and (3) J. E. Rozario, District Excise Officer, Kolar, met in the distillery premises from the 26th to 29th March 1917, for weighing, classifying and valuing the ganja cultivated and harvested by the raiyats of the Goribidnur Taluk.

11. *Attenuation Register*.—This was maintained and written up as in previous years. Arrangements have since been made to get the returns in the forms prescribed so as to embody every detail according to the process of distillation now in vogue.

The distillery is now in charge of first grade Inspector, Mr. P. S. Ananta Rao, who underwent a special course of distillery training at Madras. The manufacturers have also appointed a specially qualified expert for work in the distillery. With this arrangement, it is hoped that the management of the distillery will be found to be up to the mark.

12. *The Privilege of Manufacture*.—The first year of the triennial contract for the manufacture of country spirits, granted to Messrs. Hajee Ismail Sait & Sons, passed through successfully, though at the beginning of the year the manufacturers were doubtful of meeting adequately the demand for liquors due to scarcity of raw products and the required essences.

13. *Manufacture*.—The quantity of spirits manufactured during the year was 5,08,296 gallons 14 drams, which added to the opening balance of 21,243 gallons 25 drams at the beginning of the year, made a total of 5,29,539 gallons 39 drams. The actual quantity passed out of the distillery, inclusive of the issues to the Civil and Military Station, Bangalore, amounted to 5,06,771 gallons 25 drams, leaving a closing balance of 22,768 gallons 14 drams at the end of the year. The issues include as usual wastage in the spirit stores which during the year under report was, 3,189 gallons 9 drams. There has been an increase of 27,966 gallons 42 drams in the quantity manufactured and of 42,783 gallons 28 drams under issues from the distillery as compared with the figures for 1915-16. This increase in demand has been met fully by the manufacturers, and the District Officers have explained their reasons for this increased demand.

14. *Issues to the Civil and Military Station*.—Sixty-two thousand five hundred and eight gallons 1 dram of 30 U. P., besides 5,232 gallons of Rum and 80 gallons of rectified spirits (60 O. P.) were issued to the Civil and Military Station, Bangalore, during the year under report, making a total of 67,820 gallons and 1 dram as against 75,782 gallons 30 drams in the year previous. The decrease of 11,610 gallons 29 drams under ordinary spirits of 30 U. P. appears to be due to the permission given to the Civil and Military Station licensees to fix their own retail prices and their consequent inability to compete successfully with the licensees of the City shops whose retail price continued to be fixed at a lower rate. The increase of 3,680 gallons under Rum is probably due to the appreciation of this drink specially at a time when the import of Foreign liquors has been found to be difficult on account of the European War.

15. *Issues within the State*.—The issues “under-bond” from the distillery (1) to the Bonded Depots of the State for supply to the licensees of shops on prepayment of Duty and Price and (2) to Government and Charitable institutions, *free of Duty*, amounted to

4,35,332 gallons 35 drams against 3,88,159 gallons 45 drams in the year previous as detailed hereunder :—

|                       |    | 1916-17. |      | 1915-16. |      |
|-----------------------|----|----------|------|----------|------|
|                       |    | Gls.     | Drs. | Gls.     | Drs. |
| Molasses spirit ..    | .. | 420,947  | 11   | 372,887  | 42   |
| Do in bottles ..      | .. | ..       | ..   | 66       | ..   |
| Jaggory spirit ..     | .. | 2,010    | ..   | 2,458    | ..   |
| Proof ..              | .. | 149      | ..   | 106      | ..   |
| Special liquors ..    | .. | 9,403    | 24   | 10,260   | 3    |
| Rectified spirits ..  | .. | 1,679    | ..   | 1,204    | ..   |
| Methylated spirits .. | .. | 1,144    | ..   | 1,178    | ..   |
| Total ..              | .. | 435,332  | 35   | 388,159  | 45   |

Increase under molasses arrack is attributed to the reduction in strength of the liquor from 25 to 30 U. P. The licensee of the check shop at Bowringpet was allowed to bottle liquor for himself under the supervision of the local staff, and the issue of it in sealed bottles from the distillery was stopped. For a time in the early part of the year, the arrack licensees were not permitted to indent for jaggory spirits and the supply of brandy was also temporarily stopped for want of essences; hence the decrease under the two items. More rectified spirit was issued to the Mysore Pharmaceuticals, Limited, Bangalore. A portion of the increase under-proof liquor is due to replacement of old stock in the depots ordered to be returned to the distillery.

16. *Methylated Spirits*.—The quantity of methylated spirits manufactured during the year under report was 1,131, gallons. This includes a quantity of 10 gallons of the spirit returned from the depots to be handed over to the manufacturers after recovering the value thereof. The opening balance at the beginning of the year was 19 gallons. Thus out of the total quantity of 1,150 gallons, 1,144 gallons were issued, leaving a balance of only six gallons at the close of the year. One hundred and four gallons were supplied “Duty free” to the following institutions :—

|                                                                         | Gls. | Drs. |
|-------------------------------------------------------------------------|------|------|
| 1. The Medical Officer in charge of the Victoria Hospital, Bangalore .. | 54   | 0    |
| 2. The Senior Surgeon in charge of the Medical Stores, Bangalore ..     | 44   | 0    |
| 3. The Director of Mines and Geology ..                                 | 6    | 0    |
| Total ..                                                                | 104  | 0    |

The *ad valorem* duty levied on denatured spirits has since been done away with. Attempts are being made to replace the outside supply of this spirit in the Civil and Military Station, Bangalore, by supply of the locally manufactured variety. The use of Mohwa as a base for the manufacture of liquor for denaturation, with a view to lower the cost price of this spirit which is in increasing demand on account of industrial enterprises is also a matter which is receiving careful consideration at present.

17. *Rectified Spirits*.—The details of issue of rectified spirits may be classed under four heads as particularized below :—

I. Duty free :—(a) From the Distillery direct—

|                                                           | Gls. | Drs. |

## III. Duty paid at concessional rates :—

Four hundred and sixty-five gallons of Rectified spirits were issued from the Distillery to the Mysore Pharmaceuticals, Ltd., Bangalore, at the concessional rate of Rs. 4-14-5½ per gallon as per Government Orders till the 21st December 1916 when the manufacture “under bond” system was brought into effect.

## IV. Under Bond.—

One thousand gallons were issued to the same firm under bond during the remaining portion of the official year.

18. *Transport of Liquor.*—The contract for the transport of liquors to all the Bonded Depôts of the State was held by Mr. Chinnaswami Mudaliar during the year.

The quantity of arrack and other country spirits transported by him during the year under report amounted to 4,47,922 gallons 23 drams, out of which 1,15,010 gallons 45 drams were transported to the City Bonded Depot at Bangalore.

The remuneration payable to him therefor amounted to Rs. 50,177-15-10 as detailed in Appendix B, as against 48,629-11-3 for the year 1915-16. The wastage, both bung and stand on the quantity of liquors transported by him to the mofussil depôts of the State worked out to 4,251 gallons 27¾ drams against 4,132 gallons 31 drams in the previous year. This excess wastage is chiefly due to the peculiar difficulties experienced by the Carrying Contractor in dealing with the Railway authorities and in replenishing the decrepit and useless casks which were in use before. The Duty and the Price of the liquor in excess of the margin of wastage allowed to the Carrying Contractor will be recovered from him in the usual course.

Permission was granted to Messrs. Parry & Co., for the transport of 30 U. P. spirit from Nellikuppam, Madras Presidency, to Coorg through the Mysore State.

19. *Bonded Depôts.*—The number of Bonded Depôts in the State was the same as in the previous year, viz., 69, the closing of the Bonded Depot at Krishnarajapur being compensated by the opening of one at Gundlupet.

20. *Advance to Manufacturers.*—The particulars of the advance with the adjustment and balance are detailed in Appendix A.

21. *Transactions in Bonded Depôts.*—Receipts under all heads of liquor supplied from the distillery showed an increase of 46,729 gallons 9¾ drams. Issues to shop keepers showed also an increase of 36,557 gallons 34 drams under molasses arrack resulting in an incidence of 3.79 drams against 3.42 drams in the previous year. In the Cities of Bangalore and Mysore, the incidence was 50.2 and 17.9 against 42.9 and 17.4 respectively while in the Kolar Gold Fields, it was 51 drams against 48.9 in the previous year. Issues of other liquors from the Bonded Depôts were less than those of the year 1915-16.

The particulars of transactions of all liquors in the several Bonded Depôts of the State are noted in Appendix J 1.

22. *Incidence of Consumption and Taxation.*—During the year under report, there was one arrack shop for every 40.3 square miles and 7,739 people as against 39.9 square miles and 7,730 people, during the previous year. The incidence of taxation per head of population for the whole State was 8 annas and 2 pies as against 7 annas 5 pies in 1915-16. In the industrial areas it fell from Rs. 6-5-7 to Rs. 3-0-8 and in Coffee tracts the average was Re. 0-9-4, the highest being Rs. 1-2-6 in the Koppa Taluk as in the previous year.

23. *Number of Shops.*—Seven hundred and thirty-one arrack shops (including the three check shops in the Kolar Gold Fields area) were licensed during the year as against

738 in the year previous. During the year under report, two shops in Tumkur, two in Mysore, three in Kadur and one in Chitaldrug District were closed and one check shop was newly opened in addition to the two existing ones in the Kolar Gold Fields area. Consequent on the introduction of the minimum retail rate for arrack, all the check shops were ordered to be closed with effect from 1st July 1917.

24. *Rentals*.—The rentals realized from the sale of retail arrack shops together with the temporary jatra shops, were Rs. 5,03,865-7-4 as compared with Rs. 5,11,630-8-0 in the previous year, showing a decrease of Rs. 7,765-8-8 which is contributed by all the districts excepting Tumkur, Mysore and Chitaldrug. The variation though slight, appears to have been due to careful bidding during the sales.

25. *Consumption*.—The consumption of arrack during the year amounted to 4,19,685 gallons against 3,83,145 during 1915-16. The increase in Bangalore District was greater, being 28,370 gallons. Next come Kolar with an increase of 5,126 gallons, Shimoga 2,063 gallons, and Tumkur 1,268 gallons. The Bangalore City shops were responsible for 89·8 per cent of the whole of the district consumption with an increase of 15,493 gallons as compared with the consumption during 1915-16. The heaviest fall was in Chikballapur by 1,130 gallons. Reasons attributed for the increase are (1) the reduced strength of arrack from 25 U. P. to 30 U. P. (2) favourable seasonal conditions. The abnormal increase in Bangalore City is explained to be due to enhancement of retail rate of toddy in the locality and of arrack in the surrounding Civil and Military Station shops. The Deputy Commissioner of Shimoga is of opinion that the heavy decrease of 3,187 gallons in the previous year and the inadequate supply of special liquor in the early part of the year under report, were the chief causes for increased figures during 1916-17. The fall in Chikballapur and Hassan is attributed to cessation of railway construction works. In the Kadur District it was due partly to fall in the price of coffee and to the temperance movement. In this connection the District Excise Officer, Kadur, brings to notice that some of those who abstained from drinking arrack have taken to Akkibhoja which, in its worst form, is more harmful than any spirituous liquor of a refined make. This matter is under further investigation at present. In the Chitaldrug District the decrease was partly due to plague.

26. *Jaggory Arrack*.—Separate license fees were levied for the two shops in Hassan, two in Mysore, one in Bangalore District in addition to the one in the Kolar Gold Fields area which was given to the check shop licensee for a sum of Rs. 60 per annum, the total amount of fees thus levied aggregating to Rs. 1,488. The sales of sugarcane jaggory arrack supplied in bottles amounted to 1,920 gallons, resulting in a decrease of 680 gallons for the whole year, due to concessions granted to arrack shop-keepers to sell this bottled liquor having been withdrawn in some places.

27. *Special Liquor Shops*.—Twenty-four shops were separately licensed during the year under report and the rental realized amounted to Rs. 27,204 as compared with Rs. 18,921 in the year previous, showing an increase of Rs. 8,283.

During the year under report 9,474 gallons of special liquors were sold to shop-keepers. The net result is a decrease of 680 gallons as compared with the sales of 1915-16. This is attributable to the shortage of supply in the beginning of the year and to the reduced number of workmen employed on the Krishnarajasagara Works. The increase, where it did occur, was due to the big advance in the prices of foreign liquor.

28. *Proof Liquor*.—Fifteen gallons 2½ drams of proof liquor were utilized for adjustment of weak liquor on prepayment of duty by the defaulters concerned, while 102 gallons 15 drams of it were used in the Bonded Depots at the cost of Government. Compared with the total quantity spent during 1915-16, there was a net increase of 1 gallon 45 drams. But the quantity on which Duty was paid, was less by 18 gallons 48¼ drams and the quantity used for depot adjustment increased by 20 gallons 42¼ drams. There was an unnecessary use of proof liquor in some depots due to the adjusting officers referring to the old Casella's Table Books instead of the Revised Sikes's Tables issued for use from 1st July 1916. The mistake was, however, soon found out and rectified.

29. *Rental revenue*.—The rental value for 1916-17 was 2 annas 2 pies less than the previous year's figure which was Rs. 1-5-4 per gallon of country spirits. It is a good sign that it is slowly going down year after year.

It may be seen that in seven of the 12 areas noted below, the vend-rent was more than the profit allowed. To remedy the anomaly, the minimum retail rate has been fixed with effect from 1st July 1917, and the shops in the Bangalore City leased out, by tender for a period of two years, as an experimental measure. Suitable proposals from districts will be considered in the disposal of shops for the year 1918-19. The abnormal increase

of vend-rental from Rs. 2-15-0 to Rs. 3-14-8 per gallon in the Cauvery Reservoir Works has reacted itself in the decrease of Rs. 924 in the shop rental for 1917-18.

STATEMENT SHOWING THE INCIDENCE OF VEND-RENTAL.

THE MYSORE PHARMACEUTICALS, LIMITED.

INTRODUCTORY.

30. *Origin and Development of the Concern.*—The Secretary of the Mysore Economic Conference submitted to Government with his letter No. 20, dated 2nd July 1913, an application from Dr. J. M. Moore and Mr. A. Pell for certain concessions to enable them to start a factory under the name of "The Mysore Chemical Industries, Limited" for the manufacture of pharmaceutical preparations.

In view of the foregoing recommendation and of the desirability of affording encouragement to Chemical Industry of the kind, Government in their Proceedings No. G. 4508-12—G. M. 67-13-132, dated 5th December 1913, were pleased to sanction the grant of certain concessions to the promoters of the concern, the most important of the concessions being the supply of alcohol at cost price, and at a reduced rate of Duty, and the grant of a site for the Factory free of tax or assessment, for a limited period.

Government Proceedings No. 4974-75—A. I. 96-14-19, dated 12th May 1915, made it incumbent on the company to pay in advance, the Duty on the alcohol required before its removal from the distillery and provided for refunds on articles exported out of Mysore on which any further duty was levied at the place of import; an allowance of 12½ per cent for wastage was also granted to the company. A temporary Watch and Ward Establishment with effect from 1st May 1915 was sanctioned, the company bearing the cost therefor.

Later in their Order No. Fl. 3510-12—S. R. 32-15-9, dated 22nd January 1916, Government were pleased to sanction (as a further encouragement to the Infant Industry) the refund to the company of the Duty paid on alcohol contained in the medical preparations supplied to the Mysore Government Medical Stores for a period of three years.

Upon a representation from the Managing Director of the Firm that by the system of having to pay the Duty beforehand and to wait for the refunds of amount due to him, considerable delay and inconvenience as well as financial embarrassment were caused to him, Government, in their Proceedings No. Fl. 6430-1—S. R. 32-15-14, dated 22nd June 1916, were pleased to sanction for two years the issue of alcohol to the company under-bond and the levy of Duty at a later stage. The Watch and Ward Establishment was strengthened by the entertainment of a Sub-Inspector (on Rs. 15+5), and was also ordered to be continued for another two years.

On the request of the company for the service of two watchmen to guard the premises both by day and night, two men at Rs. 9 per mensem were entertained from 1st May 1917.

31. *Pharmaceuticals' Buildings.*—The manufacture of all Pharmaceutical preparations, the pounding of drugs, the packing and despatching of consignments were all

carried on in one and the same building, till about the end of December 1916, and the inconvenience felt by the staff for want of accommodation was met by the construction of a separate building close to the main block which permitted the transfer thereto of all raw material and other stores, and relieved the congestion to a very great extent.

By 10th January 1917, a portion of the main building was divided into two portions, by a partition thus enabling one of them being used as the Bond Room. The office of the Excise Inspector was located in the Bond Room, in full view of the other portion where all the manufacturing processes are gone through.

A boiler also was put down during the year, but as it has yet to be certified by competent authority, it has not been made use of.

32. *Visitors.*—The following gentlemen visited the factory during the year under report :—

1. A. R. Banerji, Esq., M.A., I.C.S., 2nd Member of Council.
2. Dr. Achyuta Rao, retired Senior Surgeon to the Government of Mysore.
3. P. G. D'Souza, Esq., B.A., B.L.
4. R. E. Bury, Esq., Loco. and Carriage Superintendent, Mysore State Railway.
5. K. Subba Rao, Esq., Secretary, Economic Conference.

The Excise Commissioner paid several inspection visits during the year.

33. *Receipts from the Distillery.*—*Rectified Spirits* 60 O.P. One thousand four

| Year                    | Gallons | Amount of duty paid  |     |
|-------------------------|---------|----------------------|-----|
|                         |         | Rs. a. p.            |     |
| 1914-15 (April to June) | 300     | 1,610                | 5 0 |
| 1915-16 .. ..           | 1 050   | 5,146                | 1 6 |
| 1916-17 .. ..           | 1,465   | 2,461                | 4 0 |
|                         |         | on 465 gallons only. |     |

hundred and sixty-five gallons were received during the year as against 1,050 during 1915-16. The marginal figures indicate the steady rise in the demand for alcohol in the factory. For the two months of April and May 1915, the company paid Duty at Rs. 5-9-8 per gallon and purchased 200 gallons, but from 1st of June 1915 to the end of June 1916, Duty at Rs. 4-14-5 per gallon was credited by them, after deduction, once for all, of a rebate of 12½ per cent allowed for wastage from the half Duty payable by the company. The concession Duty paid by the company on alcohol purchased from April 1915 to 21st December 1916, the date on which the Under-Bond System was introduced is noted in the margin.

34. *Expenditure of Alcohol in the Factory.*—There was an opening balance of 5 ounces on 1st July 1916. This, together with a quantity of 1,446 gallons 53 ounces, was spent during the year, leaving a balance of 18 gallons 107 ounces on tap on the evening of 30th June 1917.

35. *Stand Wastage.*—Twenty-nine casks containing 1,450 gallons and 15 gallons separately, were receipted during the year.

The average stand wastage per cask works to 144·5 ounces up to 13th November 1916 and to 57·1 ounce after that period. The excessive wastage in the beginning is ascribed to the loss on one occasion in October 1916 of 606½ ounces in one cask.

The recent arrangement whereby constant watch is kept on alcohol, permits the Inspector himself issuing it at regular hours. All chances of abnormal wastage have, as far as practicable, been avoided.

36. *Issue of Alcoholic Preparations.*—(a) (*Within the State*). During the year under review, 439 lbs., of medicinal preparations containing 4,091·6 ounces of 60 O. P. spirit were issued to the local institutions and 9,558½lb. containing 93,727·1 ounces, to the Government Medical Stores.

(b) (*Outside the State*). The quantity of alcohol contained in Medicinal preparations exported for the year 1916-17, is 1,64,807·9 ounces proof or 1,03,004·9 ounces in terms of 60 O. P.

The amount of Duty credited into the Civil and Military Station Treasury was Rs. 9,997-9-6, during the year 1916-17.

37. *Refunds.*—Refund bills to the extent of Rs. 7,024-14-6 were sent up for audit to the Comptroller, through the Head Office and the full amount also paid to Mr. A. Pell, Managing Director either by cash or by book adjustment.

38. *Watch and Ward Establishment Charges.*—The following charges have been recovered from the company up-to-date towards the maintenance of the establishment.

|                                                  | Rs. a. p.  |

40. *Out-look of the Concern.*—The company has fared better during the year under report inasmuch as it secured a large order from the Mysore Government Medical Stores and from the Chief Medical Officer, Madras and Southern Mahratta Railway, Rayapuram, Madras.

A set of rules has since been issued prescribing the mode of work in, and departmental control over, the factory, and the results of its working require to be watched for at least a period of twelve months, before it can be said that they have met requirements or otherwise.

## CHAPTER III.—FOREIGN LIQUORS.

41. *Shops.*—The total number of licenses of all kinds issued for the year 1916-17 remained the same, namely 49, as last year. There was however one occasional license, one ordinary refreshment room license, less, and one retail and one Railway Refreshment Room license, more than during the previous year. The Dining Car licenses granted to Messrs. Spencer & Co., were cancelled due to War conditions, and the fees collected therefor ordered to be refunded. The application of Mr. G. Anderson, English Beer Tavern licensee at Champion Reef, Kolar Gold Fields, to cancel his license, was sanctioned with effect from December 1916, and proportionate rental also ordered to be refunded. This was a necessary measure as supply of foreign draught beer could not be procured.

As a temporary measure one more retail foreign liquor shop was opened in Bangalore City.

42. *Consumption.*—Twenty-four thousand seven hundred and sixty-two gallons  $\frac{1}{4}$  dram of Foreign liquor were sold during the year as against 29,991 gallons  $33\frac{1}{2}$  drams during 1915-16. The decrease is observed under all heads except under “Hotel” where the consumption has doubled. The decrease of 6,382 gallons in the Kolar District and of 579 gallons 48 drams elsewhere is explained as due to higher rates charged by vendors and to the closure of English Beer Tavern, Kolar Gold Fields. On the other hand the increase of 1,632 gallons  $15\frac{1}{2}$  drams in the Bangalore District was due to the opening of a third Foreign Liquor shop in Bangalore City, and also to the temporary increase in the European population consequent on the location of the combined British Infantry Depots near Bangalore. Nearly 70 per cent of the total consumption is in Kolar Gold Fields area; and the consumption in the Bangalore District which is a little more than one-fourth of that in the Kolar Gold Fields, is nearly four times that in the Mysore City. There were no sales at all in the Nandi Hills Refreshment Stall, specially licensed at the request of the Superintendent of Government Gardens, Mysore.

43. *Realizations.*—Realizations amounted to Rs. 10,009-12-0 under “Foreign Liquors” including Registration fees Rs. 1,620, and surcharges Rs. 1,110 as against the total Rs. 9,165 during 1915-16. Increased realization under license fee was due to enhancement of it by 25 per cent and the opening of a third retail shop at Bangalore. There was no surcharge amount collected in any district except Kolar where also, due to fall in consumption, the surcharge was less by Rs. 720.

As a result of prohibitive prices of genuine Foreign Liquors owing to the War, the Foreign Liquor licensees desire to substitute cheap varieties manufactured in Japan and Java. As such liquors would compete unfavourably against country made liquor in the State, it has been recommended to Government to levy import Duty on them. Again, in the interest of special liquor licensees in the State, permission has been refused to the Foreign Liquor licensees to sell the distillery special liquors in their shops.

## CHAPTER IV.—TODDY.

44. *Shops.*—Two thousand four hundred and seventy-nine date toddy shops were licensed during 1916-17. One shop in the Bangalore District which was temporarily closed for want of bidders during 1915-16 was re-opened during the year under report. Thirty-four shops were closed in all the other districts taken together. The figures in the accompanying statement show that there is scope for the closure of more shops in the future :—

| District             | Number of shops closed | Number of shops opened | Number of village for each shop | Area for each shop | Population per shop |
|----------------------|------------------------|------------------------|---------------------------------|--------------------|---------------------|
| Bangalore .. .. .    | ..                     | 1                      | 9                               | Sq. Mls.<br>11.4   | 3,006               |
| Mysore .. .. .       | 9                      | ..                     | 4                               | 7.06               | 1,725               |
| Kolar .. .. .        | 8                      | ..                     | 12                              | 12.78              | 3,133               |
| Tumkur .. .. .       | 13                     | ..                     | 5                               | 8.0                | 1,452               |
| Chitaldrug .. .. .   | 3                      | ..                     | 4                               | 13.08              | 1,774               |
| Hassan .. .. .       | ..                     | ..                     | 7                               | 8                  | 1,707               |
| Kadur .. .. .        | 1                      | ..                     | 5                               | 10.8               | 1,316               |
| Shimoga .. .. .      | ..                     | ..                     | 4                               | 10.3               | 1,325               |
| Total and average .. | 34                     | 1                      | 5.3                             | 9.14               | 1,810               |

In the Cities of Bangalore and Mysore and in the Kolar Gold Fields, Licensing Boards have been formed for the local areas and on the result of experience gained in these localities, will depend the extension of the system to other areas. For the year 1916-17, there was an average of one shop for 1,810 persons and 9.14 square miles and the incidence of taxation rose from 8 annas 2 pies to 8 annas 7 pies per head of population. On an average there was one toddy shop for every five villages.

45. *Rental.*—The annual sales of the Date toddy shops including license fees on jatra shops amounted to Rs. 20,19,346-12-6 during 1916-17 as against Rs. 19,03,615-4-0 in the year 1915-16, resulting in a net increase of Rs. 1,15,731-8-6. The decreases and increases of rentals wherever they occurred, are explained to be due to (1) loss sustained by contractors in previous years, temperance movement in malnad districts and (2) keen competition, respectively. The Deputy Commissioner, Bangalore, reports that the average increase in the district was Rs. 1-12-0 per month per shop, and that the fluctuation amounted to only 1.8 per cent on the total toddy rentals for the previous years. In view of the comparatively small amount of revenue involved and of the beneficial results consequent thereon the question of the abolition of jatra shops is one deserving of consideration.

## TODDY REVENUE.

46. *The marking of Toddy Trees.*—Blue paint was used for the marking of toddy yielding trees in the State, during the year. Four lakhs twenty-two thousand four hundred and fifty-eight toddy trees were licensed in the State, during the year as against 4,37,486 in 1915-16.

There was a decrease of 16,416 in the number of trees marked for local use and an increase of 1,338 in those marked for outside use, which, on the whole, does not exceed 4 per cent of the total trees marked. It was 3.2 per cent during 1915-16.

Of the total number of trees licensed 2,63,375 or about 62.3 per cent belong to Government and the rest to private owners, the same as in last year.

While 14,559 date and 878 cocoanut trees were tapped in the Mysore State for the shops of the Madras Presidency, the Mysore licensees took up 17,433 date, 7,201 cocoanut and 60 palmyra trees in the Madras Presidency. The total number of trees so taken were 4,537 more than in the previous year or 9,257 more than those licensed out for the benefit of the licensees of British shops.

The districtwar details of marking are to be found in Appendix G.

The question of the modification of the rule regarding the payment of tree-tax on British trees tapped for Mysore shops with a view to prevent smuggling of toddy, was discussed with the Deputy Commissioners of Districts. The consensus of opinion was in favour of continuing the existing practice of collecting the whole tree-tax at the time of application for trees. The proposed modification was to collect the tree-tax in two instalments. It is feared that even if this was given effect to, it would not help to mitigate malpractices to any material extent. The inconvenience or disadvantage in one locality of the frontier area would be more or less counterbalanced by convenience

or advantage in another. Smuggling complained of was purely local in its nature and as such a point to be surmounted by the local staff.

47. *Consumption of Toddy*.—Toddy drawn from 4,30,237 trees as detailed in Appendix G, was consumed during the year as against the produce of 4,41,381 in 1915-16. Thus there was a decrease of 11,144 toddy trees tapped for local consumption. Supply from British Territory represents 5·7 per cent during the year under report as against 4·6 per cent during 1915-16.

48. *Date Trees*.—Three lakhs eighty-three thousand and four local and 17,433 British date trees were tapped during the year as against 3,95,801 local and 14,932 British ones. About 46 per cent of the British trees was for Bangalore District. Largest number of these was for the use of Mysore District and the smallest for Shimoga District.

49. *Cocoanut Trees*.—Eight thousand eight hundred and twenty local, 7,201 British trees against 8,747 local and 5,225 British ones were tapped during the year. All the trees tapped in the British Territory were for Bowringpet Taluk of Kolar District which consumed 72·5 per cent of the total number.

50. *Palmyra Trees*.—The number licensed rose from 8 in the previous year to 60 tapped in British Territory for consumption in Bowringpet Taluk. It is interesting to notice that only 144 trees were tapped till the end of 1915-16 since the commencement of Tree-tax system.

In the Bangalore District there was a fall of 1,665 date and an increase of 1,069 cocoanut trees in the total number of trees marked. The demand for the district is 63,648 date and 3,515 cocoanut whereas the total number of trees marked was 37,069 date and 3,908 cocoanut. Due to efficient supervision on the frontier area, the number of trees licensed for the Anekal Taluk was greater than the number licensed during 1915-16. The number of private trees licensed in the district has far exceeded the number of Government trees thus indicating that Government groves are not very flourishing. The demand for cocoanut toddy is increasing year after year in the Bowringpet Taluk and there is a tendency for its spread in the Bangalore District also. The Deputy Commissioner of Chitaldrug brings to notice that the trees yielded more toddy due to timely rains, thus lessening the number of trees tapped for local consumption. He is of opinion that the tendency to tap private trees should be encouraged, if only to afford rest to the exhausted Government groves. The fall in the number of trees tapped for local consumption in the Mysore District is explained to be due to heavy rains during the first half of the year where for want of good toddy, consumers abstained from drinking it to a certain extent.

From a reference to the statistics of previous years it will be seen that the number of date trees tapped has come down from 10,04,754 in 1897-98 to 4,10,733 and the number of bagani trees which rose up to 19,747 in 1905-06 has dwindled down to 13,719. But the number of cocoanut trees has risen gradually from 2,336 in 1899-00 to 13,972. This is probably due to the deterioration of date groves in certain parts.

The appreciable fall of 11,144 toddy trees was more than made good by a big increase of Rs. 1,39,400 under rental, over the realization of the previous year.

The ratio of date tree-tax to rental was ·43 as against ·46 in the previous year, and that of bagani tree-tax was ·58 as against ·61.

The percentage of total tree-tax to total toddy revenue fell from 31·7 to 30·6 and that of shop rent rose from 68·3 to 69·4.

51. *Date Groves and Plantation*.—The Government have recently sanctioned a special staff consisting of 2 Assistant Inspectors and 4 tree markers for each district to revise the Date Reserve List and to bring it up-to-date. As soon as the Reserve Lists of the several districts are compiled and approved, further steps will be taken, *re* conservation of date groves, etc.

#### BAGANI TODDY.

52. *Number of Shops*.—Number of Bagani toddy shops was 584 as against 612 in 1915-16. This decrease is due to the closure of 28 shops in the Kadur District.

53. *Rentals*.—The shop rental realized by the sale of bagani toddy shops amounted to Rs. 49,070-9-2 as against Rs. 55,392 in 1915-16 resulting in a decrease of Rs. 6,321-6-10. This is explained as due to the fact that bagani trees in private holdings are not leased out liberally owing to the temperance movement in Hassan and Kadur Districts.

54. *Trees*.—Thirteen thousand seven hundred and nineteen bagani trees as against 16,668 during 1915-16 were licensed during the year under report. The decrease of 2,949

trees, though explained as due to temperance propaganda has yet to be viewed with caution by the local officers, as it is likely that illicit tapping might have been on the increase under the circumstances. Government have sanctioned certain concessions to malnad raiyats in the matter of tapping bagani trees. These have been duly published in the Gazette for general information and the concessions have to come into effect as from 1st July 1918.

55. *Inamdar's Claims to the Excise Revenue from Toddy.*—Twenty cases of these claims involving forty-six Inam villages were disposed of by Government during the year. The proprietors of forty-two of these villages were declared as "privileged" and entitled to the revenue, while the claims of those in respect of three of the remaining villages were rejected for want of proof. In one case the privilege was allowed only for the life-time of the present proprietor.

Refunds amounting to Rs. 42,350-0-6 were sanctioned during the year in favour of privileged Inamdars, out of which Rs. 18,162-2-7 were covered by refund bills treated by the Excise Commissioner under powers delegated to him in Government Order No. F. 4521-70—G. F. 155-16-2, dated the 14th February 1917. Intimations of actual payments made during the year out of the amount thus sanctioned have been received in all but a few cases.

The year was remarkable for the issue of the long contemplated revised rules regulating the disposal of Inamdar's claims. The settlement of the claims of the Inamdar of a shopless village containing a grove which was involved in much complication under the old rules is considerably simplified by the revised rules. Such an Inamdar, as also the one having a toddy shop in his village, get under the revised rules the tree-tax on trees tapped in his Inam village, irrespective of the location of the shop for which the trees are tapped. Thus the cumbrous method of assessing the Inamdars' dues under Rule 13 in one case and the necessarily circuitous process of calculating the amount of the tree-tax payable, by reference to the amounts of more than one taluk, under Rules 9 and 12 of the old rules in the other case, have been done away with from the 1st July 1917, when the revised rules came into force.

## CHAPTER V.

56. *Country Beer.*—The country beer tavern at Robertsonpet was leased out to Mr. G. Anderson at the average rental for the past three years.

The total revenue realized by the sale of this and the English beer tavern at Andersonpet, Kolar Gold Fields, as well as the three bottled beer shops in the Cities of Bangalore, Mysore and Kolar Gold Fields amounted to Rs. 13,084-3-5 as against Rs. 13,024 in the previous year resulting in an increase of Rs. 60-3-5. Two beer canteens were licensed for the sale of country beer to the British Infantry soldiers encamped at Hebbal, at the concession rate of Duty at  $1\frac{1}{2}$  pies per gallon, and a license fee of Rs. 2 a month.

57. *Consumption.*—The consumption of country beer including the quantity sold in the Railway Refreshment Rooms amounted to 17,428 gallons  $45\frac{1}{2}$  drams as against 25,014 gallons 23 drams in the previous year. Besides this, a quantity of 30,503 gallons was consumed in the military beer canteens.

## II. AKKIBHOJA.

58. The number of shops licensed to vend this liquor remains the same as in the year previous, viz., 35 being all of them localized in Tirthahalli Taluk of Shimoga District. The total revenue realized by the sale of these shops aggregated to a sum of Rs. 4,272 as compared with Rs. 3,682-8-0 of the previous year showing an increase of Rs. 590-8-0. As matters stand at present there is no scope for further measures being taken in the control over the manufacture and sale of Akkibhoja.

## CHAPTER VI.—INTOXICATING DRUGS.

59. *Stock of Ganja in the Provincial Stores.*—The stock of ganja in the Provincial Stores on 1st July 1916 was 26,737 seers, 13 tolas. This with the quantity, viz., (1) 4,298 seers, 42 tolas purchased from the licensed cultivators of the Goribidnur Taluk, (2) 65 tolas of confiscated ganja ordered to be taken to stock and (3) 33 tolas (samples received from Goribidnur) made a total quantity of 31,033 seers, 73 tolas.

60. *Issues.*—Out of this stock a quantity of 10,527 seers was issued to the several Treasuries of the State for sale to the licensees, 850 seers were supplied to the Civil and

Military Station, Bangalore, and 5 seers to the Mysore Pharmaceuticals, Limited, total issues being 11,382 seers. A quantity of 12,082 seers, 25 tolas were ordered to be destroyed being found unfit for human consumption. Thus the balance at the close of the year was 7,569 seers and 48 tolas.

61. *Cultivation of Ganja.*—Ganja cultivation was carried on in the Goribidnur Taluk, as in the previous years, under the supervision of the departmental staff. The total area licensed for cultivation was 30 acres and 9 guntas as against 40 acres in the previous year. The outturn being 4,295 seers, 42 tolas against 11,309 seers 62 tolas in 1915-16, the amount of remuneration paid to the several raiyats, who cultivated and supplied the drug, was Rs. 3,944-15-0 against Rs. 9,893-13-3, in the previous year. Though the yield of ganja during the year under report is very much less than that of last year, being only 3.5 maunds against 7.1 per acre, due chiefly to excessive and unseasonal rains, yet, the quality was on the whole, reported to be better than that of the preceding years. As only a limited supply of ganja was received during the year under report, the stock of the previous years which though not excellent was yet considered fit for issue, was ordered to be issued along with the new stuff mixed in suitable proportions.

62. *Price of Ganja.*—As usual the price of ganja payable at the Taluk Treasury by shop-keepers was Rs. 1-4-0 per seer of 80 tolas.

63. *Shops.*—The number of shops licensed during the year was 257 against 258 in 1915-16, one shop in Chitaldrug and two in Tumkur District being closed, while two new ones were opened in the Shimoga District. The incidence remained the same as in the previous year, viz., 1 shop for 65 villages, 114 square miles and 22,144 persons.

64. *Rentals.*—The rental realized from the sale of 257 ganja shops referred to above during the year under report was Rs. 87,869-8-0 against Rs. 79,102 in the year previous, thus showing an increased rental of Rs. 8,767-8-0. This increase is distributed over all the districts except Kolar where there is a decrease of Rs. 837.

65. *Consumption.*—Consumption of ganja rose from 9,610 seers to 10,430 seers. The increase was mostly in the Shimoga District being 572 seers, 70½ tolas. The heaviest fall namely 58 seers was in Hassan District. The Deputy Commissioner, Shimoga, explains the increase as due to better quality of the drug and the cheap rate at which it was sold in the district, while no explanation has been given by the Hassan District for the decrease. The retail rate in the taluks of Challakere and Molakalmuru of the Chitaldrug District were enhanced by the shop-keepers, as the result of which there was a drop in the consumption of the drug by 43 seers. Mysore city shops show an increase of 220 seers and this, the Deputy Commissioner attributes to the putting down of smuggling and the illicit cultivation of ganja.

#### MAJUM.

66. This was not manufactured afresh in the Central Stores, Bangalore. The stock on the first July 1916 was 14 seers, 72 tolas of which only 4 seers were issued during the year under report leaving a balance of 10 seers, 72 tolas at the close of the year.

#### COCAINE AND NOVOCAINE.

67. Twelve licenses for the possession of this drug were granted to Chemists and Druggists as against 9 in the previous year. Three fresh licenses were issued in the Bangalore District.

#### OPIUM.

68. As usual, the opium required for consumption was obtained from the Madras Store-house through the Residency and issued to licensees from the Local Treasuries. The issue price was raised from Rs. 37-8-0 to Rs. 41-8-0 per seer of 80 tolas.

69. *Number of Shops.*—The number of shops licensed to sell opium remained the same as in the previous year, viz., 110. There was one shop for every 230 square miles and 46,285 persons.

Fifteen licenses were granted to Medical Practitioners during the year as against 13 in the year previous.

70. *Rental.*—The auction sale of these 110 shops fetched an annual rental of Rs. 25,749 as against Rs. 27,066-12-0 showing a decrease of Rs. 1,317-12-0. The decrease is distributed over all the districts except Tumkur and Mysore where there was a slight increase.

71. *Consumption of Opium.*—The consumption which had fallen from 1,478½ seers

| Increase    | Srs.      | Decrease     | Srs.     |
|-------------|-----------|--------------|----------|
| Bowringpet  | .. (309½) | Seringapatam | .. (87½) |
| Mandya      | .. (39½)  | Nanjangud    | .. (12)  |
| Gundlupet   | .. (38)   | Nelamangala  | .. (9)   |
| Kolar       | .. (37½)  | Bangalore    | .. (8)   |
| Anekal      | .. (29)   | Tumkur       | .. (8)   |
| Mysore      | .. (27½)  | Srinivasapur | .. (8)   |
| Hoskote     | .. (18)   |              |          |
| T.-Narsipur | .. (11)   |              |          |

in 1905-06 to 1,080 seers in 1912-13, gradually rose to 1,308 seers and 33 tolas in the previous year. But during the year under report, there was again a further increase of 398 seers and 46 tolas, the total issue being 1,706 seers and 79 tolas for the year. The marginally noted taluks show considerable fluctuations. The greatest increase is in Bowringpet Taluk and the drop was heaviest in Seringapatam Taluk. The latter had shown abnormal increase in the previous year. Bangalore and Kolar District Deputy Commissioners suspect "smuggling" to be the reason for this fluctuation.

Though there have been detected cases of the smuggling of opium from the State to places outside it, yet the increase cannot be entirely attributed to it. The varying retail rates of sale of the drug have, it is thought, also much to do with the fluctuation in consumption.

CHAPTER VII.—MEASURES FOR THE PROTECTION OF THE REVENUE.

72. *General Results.*—During the year under report, 3,011 cases affecting 3,547 persons were reported as against 3,263 cases affecting 3,900 persons in the year previous, and including those pending at the beginning of the year, the total number of cases which the departmental officers had to deal within the year under report was 3,471 cases affecting 4,216 persons. Appendix M, gives a classified statement of the offences reported during the year, from which it will be seen that 419 cases relate to heinous offences, 2,484 to breaches of license conditions and 108 to the cutting of date leaves and trees as against 491, 2,624 and 148 respectively, during the previous year. Of the cases coming under the Excise Regulation and the rules affecting liquors, 2 cases related to smuggling, 73 to illicit distillation and possession of materials therefor, 144 to illicit manufacture of toddy and 122 to unlicensed sales, illicit transport, illegal possession and use of false measures as against 23, 32, 195 and 119 cases, respectively, in the preceding year. The increase in the number of cases of illicit distillation was mainly contributed by the taluks of Shimoga, Honnali and Shikarpur and this good result must be attributed to the vigilant and efficient supervision exercised by the Local Excise Staff as well as the Provincial Reserve Staff. Under offences relating to drugs, 41 cases pertained to illicit cultivation of hemp plants and 6 to smuggling ganja as against 73 and 23 cases respectively, in the year previous. Fifty-three cases relating to opium were reported, of which 9 cases related to illicit possession of opium and one to illicit cultivation of poppy plants in Kolar Town.

73. *Bangalore District.*—The number of offences reported during the year fell from 501 to 431. Thirty-one of these cases relate to heinous offences, 6 to adulterations and 394 to minor offences including breaches of ordinary license conditions. The district report does not state what the decrease in detection is due to. After the introduction of 30 U. P. liquor followed up by the minimum retail rate, cases of dilution of liquor are decreasing.

74. *Kolar District.*—The number of offences reported during the year increased slightly from 452 to 465. One case of illicit cultivation of poppy plants was taken up by the Kolar Range Inspector. As the culprit was not traced, the case was ordered to be struck off the file by the Assistant Commissioner and First Class Magistrate of Kolar. Five cases of illegal possession of opium were taken up by the Bowringpet Range Staff during the year as against 2 in the previous year. The accused concerned in all these cases were convicted by the Magistrate. Cases relating to smuggling of drugs into Madras Presidency seem to be on the increase in this district since the time the retail rates were allowed to be fixed by the licensees themselves. Unlike liquor, drugs can be easily smuggled without fear of being noticed by any body. A case of smuggling of 10 seers of opium from Kolar to Madras was successfully detected by Assistant Inspector Krishnasingh on the Bowringpet Railway platform. The accused was convicted by the Railway Magistrate, Civil and Military Station, Bangalore and sentenced to three months' rigorous imprisonment. The opium shop-keeper at Kolar who was suspected of having supplied the drug to the accused was temporarily rusticated by being debarred from taking up excise shops in the State for the year 1917-18. In token of good work done, Assistant Inspector Krishnasingh was awarded a money reward of Rs. 50 by the Magistrate. No

cases of ganja smuggling suspected from across the British area bordering Chintamani and Srinivasapur Taluks, have been reported so far.

75. *Tumkur District*.—The number of cases reported during the year under report rose from 397 to 435 though not under heinous offences. Two hundred and seventeen reports relating to killing of licensed date trees by over or careless tapping having been included in the case statement, the total number of reported crimes has swelled. Otherwise the detection in the district is poor. The dead tree statement has to be got prepared once a quarter and penalties levied and credited without treating individual cases as so many crimes.

76. *Mysore District*.—The number of offences decreased by 18 per cent. Among heinous offences there was an increase of 5 cases under illegal cultivation of ganja plants. A case of illicit manufacture of arrack was detected by Police Inspector C. R. Subba Rao of Krishnarajasagara Works. Another good case of smuggling of British ganja was reported by Range Inspector Mr. B. N. Rama Rao of Nanjangud Range. These officers were awarded a gold medal each, valued Rs. 50.

It is hoped that the above recognition by the department will serve as a strong incentive to the Executive Staff of the department to take more pains in detection work and for the sister departments particularly the Police and the Revenue to co-operate with the Local Excise officers.

77. *Hassan District*.—The number of cases reported fell from 288 to 176. Among heinous offences, cases of illegal transport and illicit cultivation of ganja fell from 6 and 8 to 1 and 4 respectively. Compared with last year's statistics, there has been a further fall of 837 bagani trees licensed to be tapped during 1916-17, and it is disappointing to see that the local staff were not roused to a sense of responsibility in the detection of illicit tapping cases. The Reserve Staff did make a successful attempt in booking an important case of illicit tapping of nearly 200 date trees in Belur Taluk which is still *subjudice*.

78. *Kadur District*.—The number of cases reported slightly decreased from 295 to

\* 274. There has also been a perceptible decrease under illicit manufacture of toddy from 94 to 72. One case of illicit manufacture of liquor was reported as against 4 in the previous year. The Deputy Commissioner repeats that there is greater scope for the detection of heinous cases in the district. It is however not explained why the services of the Special Reserve were not requisitioned whenever required.

79. *Shimoga District*.—The number of offences reported during the year increased by three per cent. While cases of illicit distillation of arrack rose from 23 to 70, those of illicit manufacture of toddy fell from 46 to 28. Of the 73 cases of illicit distillation of arrack reported, about 30 were detected by the Reserve Staff and the rest by the Local Excise Staff. There is yet much scope for the detection of heinous offences.

80. *Chitaldrug District*.—The number of cases reported during the year under report fell from 526 to 497. One case of illicit manufacture of arrack was reported from the Davangere Taluk and the accused concerned in it was convicted by the Taluk Magistrate.

81. *Offences relating to Date Leaf Cutting*.—The number of cases under this head decreased by 27 per cent as against the decrease of 39 per cent in the previous year. The decrease has been distributed throughout the State. The fall in the Mysore District is attributed to the efficient patrol of groves by the Local Excise Staff and in the Chitaldrug District to the copious rainfall and good harvest of crops during the year and consequent supply of fodder for cattle. The case of causing mischief by fire to date trees in the Channagiri Taluk and reported to be *subjudice* in the last year's Administration Report, ended in conviction, but the sentence passed by the Magistrate was very inadequate, being a nominal fine of Rs. 5 only. The other cases reported from the Seringapatam Taluk was struck off the file as the whereabouts of the accused persons who had absconded could not be traced. The District Excise Officer, Shimoga, took up most of the cases reported from the district while checking the groves under the Sulekere Tank, Channagiri Taluk, the offenders being all land owners requiring date wood for kilns. The Deputy Commissioner of Hassan has proposed to issue a circular to all the Patels in the district detailing their responsibilities and duties in the interest of Excise Revenue. The Draft Village Manual, in which this question has been dealt with in detail is before the Government at present and its publication is awaited.

82. *Departmental Disposal*.—Appendix M. (1) shows the disposal of cases by the officers of the Department during the year under report. The percentage for the whole State was 93.0 against 89.1 in the preceding year. The disposal in the Mysore District heads the list with 96 per cent, while Kadur with 79 per cent of disposal stands last.

The Districts of Hassan, Kolar and Shimoga show 95 per cent, and Tumkur and Bangalore Districts 94, while the percentage of Chitaldrug is 91. Chitaldrug District had the heaviest file and Hassan the lightest.

83. *Pendency of Cases.*—Four hundred and one cases were pending disposal by the departmental officers at the beginning of the year and 238 at its close. In the list of pending cases at the close of the year, Kadur District shows the heaviest and Hassan the lightest number of cases on file.

84. *Disposal by the Magistracy.*—The number of cases sent up for trial before the Magistrates was 306 as against 362. Including the cases already pending, the total number dealt with by them was 365 as against 421 in the previous year. All but 77 cases were disposed of before the close of the year. Out of 560 persons concerned, 334 were convicted, 89 acquitted and the cases against 9 were struck off the file, leaving 128 awaiting their trial at the close of the year. The percentage of Magisterial disposal was 79 as against 86 during 1915-16. District Excise Officers should draw the attention of the Range Inspectors to avoid seeking unnecessary adjournments in the hearing of cases. Whenever necessary, the attention of the Magistrates should also be drawn to the frequent and often uncalled for adjournments of cases, through the District Magistrates. The percentage of convictions was 59·6 as against 70·5 in the previous year and 81·5 in the year 1914-15. This is far from satisfactory. No cases of acquittal were retried and conviction obtained.

85. *Opium Cases.*—Nine cases of illegal possession of opium, two from the Bangalore District, five from the Kolar District, and one case each from Mysore and Kadur Districts, were reported during the year. Besides these, a case of illegal cultivation of poppy plants reported from the Kolar Taluk was ordered to be struck off the file by the Assistant Commissioner and First Class Magistrate, Malur Sub-Division as the offender was not known. Bangalore District reported also two cases of illegal transport of opium. Of the 9 cases one is yet pending disposal in the Bangalore District. The nature of disposal has not been reported from the Kadur and Mysore Districts; the remaining cases were all prosecuted to conviction, that relating to Bowringpet Taluk being worthy of notice as already stated.

86. *Assault of Officers.*—Of the three cases pending at the beginning of the year, two ended in the conviction of the accused, while the accused in the third relating to the Goribidnur Taluk was acquitted. The accused in the assault case of Kadur District relating to 1914-15 was acquitted by the Treasury Assistant Commissioner and First Class Magistrate for want of evidence. Excise Inspector Mr. D. H. Arulaswami Pillay of Kankanhalli was assaulted by a licensee while checking the marking of trees in the Rampur grove. The police took up the case on file and placed a charge sheet before the Taluk Magistrate but the accused was discharged for want of sufficient evidence against him.

87. *Rewards.*—The amount disbursed on account of rewards and secret service during 1916-17 was Rs. 562 as against Rs. 458-15-0 in 1915-16.

88. *Reserve Staff.*—The reserve staff which was sanctioned by Government in their

|                                                          | No. of cases detected. |

| 9. Smuggling of ganja ..                                 | 1                      |
| 10. Illegal sale of toddy ..                             | 1                      |
| 11. Import of foreign liquors without permits ..         | 2                      |
| Total ..                                                 | 61                     |

Order No. Fl. 1426-7—S. R. 8-16-2, dated the 5th September 1916, commenced work from November 1916. The staff detected 61 heinous cases during the period of eight months, the details of which are noted in the margin. The services of this staff were requisitioned by the Deputy Commissioner of the Shimoga District, where they detected 30 cases of illicit distillation, all in the Shimoga Taluk. The Deputy Commissioner reports that this has effected some tangible improvement in the direction of putting down such malpractices.

*Inter-Departmental Relation.*—While this department is thankful to the Salt and Abkari Department, Madras Presidency, for their hearty co-operation in the successful prosecution of the ganja and the opium smuggling cases respectively detected in Nanjangud and Bowringpet, it is hoped that cases still lurking and left undetected on both sides of the frontier will be soon booked through the combined efforts of the officers of both Administrations. With this end in view, a periodical meeting of frontier officers will be encouraged. The Reserve party has been granted general permission to visit neighbouring British Taluks to gather information regarding frontier offences.

89. *Drunkenness*.—The Police took up 115 cases of drunkenness against 170 during 1915-16. All but three cases ended in conviction and two were pending at the close of the year. No case of causing drunkenness was however booked against the vendors by the Departmental Officers. The attention of the local officers is drawn to this omission.

90. *Inspection*.—During the year under report, I toured through the districts of Bangalore and Mysore inspecting the Taluk and Range Offices, Bonded Depôts and groves. Copies of my inspection notes were as usual, communicated to the Deputy Commissioners concerned for necessary action.

The details of inspection made by the several District Excise Officers are given in Appendix 'O.' The following offices have not been inspected by the District Excise Officers concerned :—

- (1) Mysore—Yelandur Taluk Office and seven Sub-Ranges.
- (2) Kolar—Bowringpet Range Office and thirteen Sub-Range Offices.
- (3) Tumkur—Kallambella Sub-Range Office.
- (4) Hassan—Three Sub-Ranges.

The remaining Taluk, Range and Sub-Range offices, and all Bonded Depôts in the State, have been inspected by the respective District Excise Officers. The Kadur and Shimoga District Excise Officers have inspected almost all the arrack shops in their districts. It is very desirable that an effort should be made by all District Excise Officers to inspect, at least once in a year, all the arrack and drug shops in their charge. Date groves and Bagani kans require more visits by the District Officers to have any salutary effect upon the work of the lower subordinates. The District Excise Officer, Shimoga, has inspected 36 scenes of illicit distillation.

91. *Disciplinary Measure*.—One Probationary Inspector was reduced to a clerical post as an accountant, for unsatisfactory work and suspicious conduct in the handling of an illicit tapping case in the Hassan District.

## CHAPTER VIII.—FINANCIAL RESULTS.

92. The gross demand under all items excluding (1) a major portion of Railway Cess of Tumkur District, (2) gain in the issue price of arrack and ganja amounted to Rs. 64,00,526-4-4 as against Rs. 60,37,981-11-1 during 1915-16. Total collections amounted to Rs. 62,39,681-15-1 as against 58,73,487-6-2 and balance fell from Rs. 1,64,494-4-11 to Rs. 1,60,844-5-3 as detailed in the statement below :—

\* Of this 4,140-0-0 pertains to 1917-18 and represents the loss by resale.

R=Remission.

Appendices F. and F.1 give the figure for each district of Iyan Revenue and Tree-rent respectively. Appendix F. 2 contains Talukwar details under the two items.

Ex. Rt. 16-17

Arrears of previous years amounted to Rs. 1,64,494-4-11. It was very heavy in the Mysore and the Bangalore Districts.

93. The total amount under *current demand* rose from Rs. 58,68,230-0-8 in 1915-16 to Rs. 62,36,031-15-5; certain items of railway cess regarding Tumkur District are not furnished and therefore omitted. The subjoined statement shows the demand under the several heads of revenue as compared with 1915-16:—

**STATEMENT SHOWING THE DEMAND UNDER THE SEVERAL HEADS OF EXCISE REVENUE.**

| Major head      | Minor head                                                           | Amount         |                | Remarks<br>(The ratio of current years' realization to that of 1901-02) |
|-----------------|----------------------------------------------------------------------|----------------|----------------|-------------------------------------------------------------------------|
|                 |                                                                      | 1915-16        | 1916-17        |                                                                         |
|                 |                                                                      | Rs. a. p.      | Rs. a. p.      |                                                                         |

| Total           |                                                                      | 59,56,101 10 1 | 63,22,852 5 10 | ....                                                                    |

94. *Proportion of fixed to variable portion of Revenue.*—In the margin is given a statement showing the relation of duty (inclusive of tree-tax) to the rental amounts. The percentage of the total Excise Revenue derived from the sale of various privileges fell from 44-5 to 43-2.

| Items                 | 1915-16 | 1916-17 |
|-----------------------|---------|---------|
| Country Spirits       | 3-76    | 4-31    |
| Beer                  | 25      | 35      |
| Ganja                 | 1-53    | 1-1     |
| Date toddy (tree tax) | 46      | 43      |
| Bagani                | 61      | 58      |

95. *Collection.*—Of the arrears demand, Rs. 11,271 were actually collected during 1916-17 and Rs. 31,136-15-9 remitted.

The percentage of collection of arrears was highest in Chitaldrug District and lowest in the Kolar District. The percentage of reduction of old arrears for the whole State was 25-8 as against 9-9 in the year 1915-16. There is thus improvement in dealing with old arrears.

The total collections under current demand was Rs. 61,97,273-15-4 in the year under report, the percentage of collection under this item for the whole State being 99-4 as against 99-3.

The collection under the several items of Excise Revenue bears the following percentages to the total realizations:—

| Items           | For 1916-17 | For 1915-16 |
|-----------------|-------------|-------------|
| Country spirits | 46%         | 45-1%       |
| Toddy           | 49%         | 50-1%       |
| Ganja           | 3-7%        | 3-5%        |
| Opium           | 0-41%       | 0-45%       |
| Other sources   | 0-89%       | 0-85%       |

The percentage of collection under total demand is 97·5 in spite of the considerable collection of the arrear demand.

| Districts          | 1915-16 |         | 1916-17 |         |
|--------------------|---------|---------|---------|---------|
|                    | Arrears | Current | Arrears | Current |
| Bangalore .. .. .  | 6·4     | 99·9    | 34·5    | 99·8    |
| Kolar .. .. .      | 5·9     | 99·9    | 0·4     | 99·9    |
| Tumkur .. .. .     | 14·19   | 99·3    | 37·6    | 99·4    |
| Mysore .. .. .     | 11·18   | 99·8    | 10·8    | 98·9    |
| Hassan .. .. .     | 11·4    | 99·6    | 15·3    | 99·7    |
| Kadur .. .. .      | 8·7     | 99·9    | 6·6     | 99·8    |
| Shimoga .. .. .    | 57·6    | 99·5    | 17·3    | 98·6    |
| Chitaldrug .. .. . | 8·09    | 99·8    | 80·6    | 99·9    |

Above are noted the Districtwar percentages of collection as compared with the figures for the previous year with reference to both arrears and current demand.

Appendix 'K' gives the collection Districtwar, under each head of revenue including the gain on sale of opium and issue price of arrack and also proportionate cost of distillery, recovered from Civil and Military Station Administration through the Residency.

Taluks showing *nil* balance are grouped as below :—

| Taluks having neither old arrears nor current balance | Taluks that have only current demand | Taluks which have only old arrears to be recovered |
|-------------------------------------------------------|--------------------------------------|----------------------------------------------------|
| 1. Dodballapur                                        | 1. Channapatna                       | 1. Goribidnur                                      |
| 2. Pavagada                                           | 2. Nelamangala                       | 2. Chamrajnagar                                    |
| 3. Chikballapur                                       | 3. Hassan                            | 3. Nagamangala                                     |
| 4. Sagar                                              | 4. Nagar                             | 4. Hole-Narsipur                                   |
| 5. Sorab                                              | 5. Tarikere                          | 5. Yelandur                                        |
| 6. Hosdurga                                           |                                      | 6. Hiriyur                                         |
| 7. Molakalmuru                                        |                                      | 7. Jagalur                                         |

96. *Balance.*—The total balance up to the end of the year under report is Rs. 1,60,844-5-3 as detailed below :—

|                                                                        | Rs.      | a. | p. |
|------------------------------------------------------------------------|----------|----|----|
| (1) Of Pre-T. T. system period .. .. .                                 | 19,263   | 6  | 3  |
| (2) „ the first decade after the introduction of T. T. system. .. .. . | 66,527   | 15 | 3  |
| (3) „ the second decade do do do .. .. .                               | 70,912   | 15 | 9  |
| (4) Loss in resale of long lease toddy shops .. .. .                   | 4,140    | 0  | 0  |
| Total .. .. .                                                          | 1,60,844 | 5  | 3  |

The percentage of contribution, each district, towards the total balance are :—

|                   | Rs.   |                    | Rs.   |
|-------------------|-------|--------------------|-------|
| Bangalore .. .. . | 19·58 | Hassan .. .. .     | 12·58 |
| Kolar .. .. .     | 13·14 | Kadur .. .. .      | 5·19  |
| Tumkur .. .. .    | 5·54  | Shimoga .. .. .    | 7·10  |
| Mysore .. .. .    | 34·68 | Chitaldrug .. .. . | 2·19  |

The following taluhs have considerably inflated this item of demand which runs from year's end to year's end and they are arranged in the order of the heaviness of the arrears :—

|                            | Rs.    |                           | Rs.   |
|----------------------------|--------|---------------------------|-------|
| Bangalore Taluk .. .. .    | 24,482 | Chikmagalur Taluk .. .. . | 4,945 |
| Mysore „ .. .. .           | 14,418 | Seringapatam „ .. .. .    | 4,262 |
| Belur „ .. .. .            | 12,667 | Anekal „ .. .. .          | 3,196 |
| Nanjangud „ .. .. .        | 10,325 | Tumkur „ .. .. .          | 2,348 |
| Shimoga „ .. .. .          | 8,821  | Mudgere „ .. .. .         | 2,343 |
| Nagamangala Taluk .. .. .  | 7,778  | Kankanhalli „ .. .. .     | 2,371 |
| Chamrajnagar Taluk .. .. . | 5,236  | T.-Narsipur „ .. .. .     | 2,105 |

The balances of each of the above first 9 taluhs is rather very high, and requires special attention of the Amildars concerned.

Except Bangalore and Chitaldrug Districts where very large sums (Rs. 15,366 and Rs. 16,656), were remitted, the balances of the remaining districts have grown heavier than what they were at the commencement of the year. But, on the whole, the total balance is the smallest since 1900-01, being only 57 per cent of what it was in that year.

It is hoped that the Officers concerned will strive hard to reduce old arrears to a negligible sum at least by the end of 1917-18.

97. The net receipts for the year under report, after deducting collections, under certain items and departmental charges as noted in the margin, were Rs. 54,82,251-2-2, as against Rs. 53,12,354-7-11 in the preceding year. The general incidence of taxation per head of population was Rs. 1-1-8 against 1-0-5 in 1915-16.

98. The departmental expenditure during the year 1916-17 is 5·5 per cent of the gross receipts as against 4·9 last year. For reasons beyond my control, it was not possible to submit for the consideration of Government during the year under report, my proposals for the re-organization of the department, but I have every hope of being able to submit them in time to give them a possible chance of inclusion in the Budget Estimates for the year 1918-19. To my mind, this has been deferred sufficiently already and I feel that I should be failing in my responsibility if I did not urge them now at least for the favourable consideration of Government.

#### CHAPTER IX.—GENERAL REMARKS.

99. Once again it is my privilege to record and to bring to the notice of Government the satisfactory work done by the department during another year of its existence. The annual sales were by no means disappointing and instances of resale for default, or remissions for non-recovery of current arrears were few indeed. The year that has concluded must in these circumstances be considered, to have been quite a successful one therefore from the departmental point of view. The discipline was excellent on the whole and the morale as promising as it could be. I must express my sense of appreciation of the good work done by the department in all its various branches and grades and I should also be wanting in my duty if I did not at the same time bring this circumstance to the kind notice of Government as well.

In conclusion I desire to cordially thank the Deputy Commissioners of districts once again for their friendly co-operation and advice in all matters of general interest referred to them, as also their respective District Excise Officers who have one and all, striven to give satisfaction in the discharge of their duties. To Mr. D. Srinivasa Iyengar, my Headquarters Assistant, my thanks are equally due, for the manner in which he has borne his part. Lastly come the establishment of my own office, the members of which, have all of them, done their best to give satisfaction in the execution of their work. My sense of appreciation is theirs as well.

I have the honor to be,

Sir,

Your most obedient Servant,

P. RAGHAVENDRA RAO,

Excise Commissioner.

31st October 1917.

## APPENDIX A.

Statement showing the details of the adjustment of the money advanced by Government for payment to the Arrack Manufacturing Contractors for spirits sent to Bonded Depots during 1916-17.
