## PREFATORY NOTE

This volume contains all letters and papers received from England during the period 1717—1721. The documents are printed in the order in which they are found in the manuscript volumes 22 and 23 of "Despatches from England."

The years adopted in dating the letters are what are called the "Old Civil Years" and to convert a year of that old civil style into the corresponding historical year, the following rules given on page 198 of Pringle's "Diary and Consultation Book, 1685," Volume IV, should be followed:—

(1) When any day from 1st January to 24th March (inclusive) is followed by figures denoting a single year, add one to them—

*Example, 25th February 1690=25th February 1691.*

(2) When any day from 25th March to 31st December (inclusive) is followed by figures denoting a single year, make no alteration—

*Example, 25th June 1690=25th June 1690.*

(3) When any day in the year is followed by figures denoting two years, adopt the second of these two—

*Example, 25th February 1690-91=25th February 1691.*

*25th June 1690-91=25th June 1691.*

The manuscript volumes have been mended.

17th November 1927.
