[TUESDAY]  
P<sup>mo</sup>.]

We having duely considered of the Paper delivered us in Council by Mess<sup>rs</sup>. Fraser and Wright last Consultation day, in which they desire our advise relating to the Payment of what owing by the new Company to their Merchants of Metchlepatam and Maddapollam, wherein they mention they had compared the Accounts with their Generall Bookes, which agreed to [acc<sup>t</sup>] matter, but by all the wayes and Argument they cou'd use they can't perswade them to abate anything of y<sup>e</sup>. Principal or Interest, of which they formerly gave us great hopes w<sup>ch</sup>. induced us to give our opinions as we did in our Consultation of the 5<sup>th</sup>. of October, but upon this our second consideration we think it not adviseable for Mess<sup>rs</sup>. Fraser and Wright to proceed any farther in the Payment of that Debt, more then what money they have in their Hands of the New Companys for Goods sold, till the Companys farther pleasure be known therein, and this our advise we give for the reasons following.

That when M<sup>r</sup>. Tillard was here, who applyed himself severall times to the Governour and Council for their advise in that Affair, and in a Paper he delivered us dated the primo February last, wherein he Acquainted us he was offered to be Lent a considerable sūm of money on his Bills on the New Company at 10<sup>s</sup> and 6<sup>d</sup> P<sup>agoda</sup> to pay off their Merch<sup>ts</sup>. which in our Consultation of that dayes date (signed likewise by Mess<sup>rs</sup>. Fraser and Wright) we advised him to accept of it, but in regard that the Bonds produced before us by their Merchants were given in such manner as the like was never seen, Principall and Interest being in Figures, and signed by their President &ca unto which was affixed the Companys Seal, and for some expressions that fell from the Merchants when before us, besides M<sup>r</sup>. Tillard saying that he himself beleived that the Company did not expect their Debt at Metchlepatam to be near so considerable as it was, we therefore advised him to leave what is now unpay'd till the Company were thorowly

———FORT ST. GEORGE, JANUARY 1705-06———

informed of the circumstances of that settlement not knowing but that they might order some Scrutinys to be made into the Management thereof for other wayes he could have had at that time money enough to have pay'd good part of the remainder, if not all of it, and we likewise advised him to go home on the Dutchess, and carry all Bookes and Papers with him, that so they may clearly see how the Debt arrised, and now by the Letter we received by the Fleet frigate from the Hon<sup>ble</sup>. Directors for the New Companys Affairs, wherein they write that the Court of Mannagers had given leave for Mess<sup>rs</sup>. Fraser and Wright to go to Matchlepatam, and there Joine with and assist M<sup>r</sup>. William Tillard in adjusting their Acco<sup>t</sup>. on the Coast of Choromandell, and draw Bills upon them for what they found justly due, if any, and that we the Governour and Council will befriend them in procuring money on their Bills of Exchange in case they should have occasion, by which it plainly appears that when they wrott that Letter, they knew little or nothing of their great Debt on this Coast, or they would never have wrott so doubtfully of it, and 'tis very probable that upon M<sup>r</sup>. Tillards arrivall in England, and the Company having perused our Consultations, they will for the reasons therein mentioned expect that no considerable part of the Debt remaining be pay'd till their farther orders, which we may depend on they will send by next shipping. Ordered that y<sup>e</sup>. Secretary gives Copy of the foregoing to Mess<sup>rs</sup>. Fraser and Wright.

NO EUROPE Ships being arrived yet from Bengall w<sup>ch</sup>. makes us apprehensive that they will be too late to fetch the Bales from Fort St<sup>t</sup>. David, besides it may be dangerous for one of those Ships to go thither not knowing but French Ships may fall in, which will be this month if they have any in these parts, for which reason 'tis Agreed we order the Deputy Gov<sup>r</sup>. and Council to freight hither what Bales they can on Vessells that are now there, as likewise on the Samuel a Vessel that we send hence, on which the Warehousekeeper is to load what Packing stuff he can spare or procure, and before they are Dispatch'd. to be well assured no French Ships are in Pollicherry road.

Agreed that one Thousand Pagodas be advanced to M<sup>r</sup>. William Martin Paymaster to defray Charges Garrison Painting of Callicoes having been brought to great perfection in this Place, but from the discouragement those Goods meet with in England being prohibited to be imported, that Art has much dwindled away here, and many of that Trade left us for want of an Employ but the Company by their last Generall Letter, seeming desirous that it should be preserved and incouraged, and in order thereto have directed to have some of those Goods sent them and the Warehousekeeper acquainting us that there is Three Hundred Peices of Fine Moorees fitt for that purpose, 'Tis agreed they be putt to Painting to the best workmen in that science.

TO THE HON<sup>ble</sup>. THOMAS PITT ESQ<sup>r</sup>.

PRESIDENT FOR AFFAIRS OF THE UNITED ENGLISH  
EAST INDIA COMPANY ON THE COAST OF CHOROMANDELL  
AND GOVERNOUR OF FORT S<sup>t</sup>. GEORGE &C. COUNCIL.

The Humble Petition of Major Kisna and Boochee  
Most humbly Sheweth.

Whereas your Petitioners did frequently for two years past importune your Hon<sup>r</sup>. &ca. for the Measurers of Grains Employ, which of late your Hon<sup>r</sup>. &c. were pleased to grant 'em, and allow them for every Pagodas worth of Paddy one eighth part of a measure, which amounts to Two measures and a half  $\text{ᷚ}$  Garse, to go through with w<sup>ch</sup>. your Petitioners are obliged to employ Thirty People, which is such a vast Charge upon 'em that they are hardly able to sustain by it, all which they have often laid before your Honour &c. for your Serious Consideration.

Whereas your Petitioners were formerly allowed four fanams  $\text{ᷚ}$  Garse both from the Buyer and Seller, and that they are considerably Indebted in Town, do humbly implore your Honour &c. that the said allowance may again be restored to 'em which will enable yo<sup>r</sup>. Petitioners to pay Two hundred Pagod<sup>r</sup>.  $\text{ᷚ}$  Annum to the Hon<sup>ble</sup>. Comp<sup>a</sup>. and likewise to save somewhat to maintain themselves and Family, and to clear their aforesaid Debt.

And as in duty bound shall ever  
Pray &c.

Queens Man of Warrs hands as they call them, they had sent out Vessells that in case they mett with her to order her for Battavia and being under a very great concern for the safety of their Ships they told the Governour that if any of our Ships meddled with theirs, or kept them in Port to their prejudice they expected full and immediat satisfaction from the Company or they would seek for it else where, and whereas we had hitherto prossitively denied that our Ships was the Pyrats in these Parts 'twould now appear the contrary for what had they to do with the Warr between us, France and Spaine, and that we might as well take the Juncks that Trade from China, Battavia and Malacca to Manilha, as meddle with their Ships, who are Subjects to Princes who have nothing to do with our Warrs, To which the Governour answered them that he would summon the Council this afternoone & consider what is fittest to be done, telling them that he had heard nothing of it before, and wonder'd that the Commander of their Ship did not write him, and doubted not but they would hear another Account more to their satisfaction by the Vessells daily expected from thence.

Thomas Pitt Esq<sup>r</sup>. President reads his Account of the R<sup>t</sup>. Hon<sup>ble</sup>. United Companys Cash for the month of February last Ballance due to the President Pagod<sup>s</sup>. 786 : 16 : 2.

Generall Letter to the Generall and Council of Bombay dat<sup>d</sup>. yesterday, as also one to the Governour and Council of Anjengo dated this day both now read and approved.

This day William Ridgley Master of the Diana Sloop Delivered in a Petition (with his Account) who was sent to Malacca July 1704 to advise of what French Ships were arrivd on this Coast and what more expected, and afterwards if possible to fetch Pollicondore, and goe thence and cruce in the Streights and lye at some convenient Place with advices for the Companys and all English Ships from China, but within two Leagues of Pollicoudore meeting with a storm of wind was forced to Cochin China, where his Vessell and People were seized and lay in Prison Eleven months undergoing Great hardship as his Petition, which is Entered after this Consultation more particularly appears: His Accounts now delivered in, ordered to be given the Accomptant, who is to peruse the same, and make his report next Consultation day.

This day we had under our consideration the miserable condition of the West Coast, which being lately made Independant from this Place makes us uncap[ab]le of applying those Effectual means as the present Circumstances of that Place require but well Beleiving that the Company will expect that we use our endeavours to preserve it from utter ruin till they can give their orders about; Tis therefore agreed that we forthwith returne the Huglyana Ketch, and on Her what Persons [we] can get that are Proper to reside in the Council of Bencoolen and some Writers if procureable, as also what Stores most necessary to be sent, with Thirty Candy of Red wood and One hundred Bales of Longcloth if they can take it on board.

This day we had severall West Coast Bills presented in Consu[lt]ation which being to so great an Amount as Forty Nine thousand fifty-seven Dollars occasioned a Debate whether we should Pay them, besides Drawn at Ten dayes sight, but after all considering that our refusall of Payment would be the utter ruin of that Settlement, besides the United Company have in every Letter since they made it Independant Ordered that we should supply them with whatever they wanted: Tis therefore unanimously agreed that the Bills now drawn to the Amount before mentioned be pay'd the Tenth of next month or as soon as the Companys in Cash to do it, tho we can't but with the greatest concern part with so much money of the Companys without the least knowledge of what is become of it.

This day Mess<sup>rs</sup>. Edward Fleetwood and Robert Wright designing a China Voyage was before us, when made proposalls for the buying the Companys Silver, after some Debate urging the great quantity of Dollars in Town, and that a considerable part of the Companys was French Crowns, which is one and a half per cent worse th'en Dollars in China, they offered to give Ten Pagod<sup>s</sup>. for Sixteen three quarters Dollar weight, upon which they were ordered to withdraw till we had considered of the same.

—FORT ST. GEORGE, MARCH 1705-06—

Wee allowing to be true what urged by Mess<sup>rs</sup>. Fleetwood & Wright as to the quantity of Dollars and French crowns, and considering the great want we shall be under to pay off the West Coast Bills, and Fort S<sup>t</sup>. David Merchants, for which if we sell not the Silver we must take up money at Interest, and none being willing to let it under three or six months, in which time we may happen to sell it at Sixteen and a quarter which will not near compensate the Interest, so 'tis more the Companys advantage to sell it at this time at Sixteen and a halfe. 'Tis therefore agreed the aforesaid Persons are again called in, and acquainted with our resolutions not to sell it under sixteen and a halfe, and to give their immediate answe're thereto, who accordingly came in and agreed to give Sixteen and a halfe to pay in one month. Ordered that the Warehouse-keeper weighs off the same to them in the presence of M<sup>r</sup>. Raworth and Assay-master it having not been weighed since it came from Bengall.—

Agreed that Fifteen hundred Pagodas be advanced to Mr. William Martin Paymaster to defray charges Garrison.

Ordered that the Warehousekeeper layes before us as soon as possible the state of the Merchants Accounts and what Goods for Europe now in the Warehouse with their quality & quantity.

And farther seteth forth that during your Petitioner being detained at Cochin China with the Vessell and all her Crew, which was eleven months, your Petitioner did out of his own money supply them all with Provisions and necessarys or they must infallibly have perish'd, and when orders came for their clearance your Petitioner &c were not permitted to depart till he had pay'd their ransome, to obtain which having been before plunder'd of all his Effects he was necessari[ta]ted to borrow money of a China man there, and to repay the same, and their Passage. Yours of the 6<sup>th</sup>. we received about 8 this morning and when we are more at leasure we shall consider of that business of M<sup>r</sup>. Harrison and M<sup>r</sup>. Bridges, and send you a Cooper so soon as we can get one.

We beleive it necessary to give the Nabob a Present if he comes to your Place, and hope to the Amount of Three or Four hundred Pagod<sup>s</sup>. may doe, and we would not have you exceed Five, but if you hear he intends to come to St. Thoma it would be very well if you could evade it, and send him only a Present of some Liquors, telling his People you have no Orders from Madrass, and that the Governour of which Place will be Gratefull to him for his civillitys to you, for if you should Present, and we too, both may be considerable, whereas good part of one, if not all, may be saved if you can mannage it as before Directed.

We have had frequent experience of Abdull Nubbys Friendship, and are in Arrears to him for it, therefore you may Present him as formerly Order'd, and if you find it absolutely necessary you may add a small matter thereto, but believe he will expect bis with the greatest Secrecy and so you must do by that, if you Present the Nabob and give him any money.

In the manngement of this Affair Abdull Nubbys advise and Friendship will be necessary, as well as the ablest of your Merchants and Inhabitants, we wrott you what the President was advised from Court, and what we had in a Generall Letter from Bombay, but yet that does not Imply that the Nabob has of a certain such Orders; Tis good to be cautious, but not intimidated, and

Ridley went hence to the West Coast with M<sup>r</sup>. Watts, but in what circumstances we doubt not, but the Company was fully informed before they sent him out one of Council of y<sup>t</sup>. Place, which is the reason we think it not convenient to send any one hence to precide over him, but for M<sup>r</sup>. Lapie and M<sup>r</sup>. Greaves they were sent writers hence the former came out a servant to Depaz, and the other a writer on the Colchester, so considering these Gentlemens standing that now tender their Service we cannot press them to go otherwayes then they have now proposed. M<sup>r</sup>. Glessell second of Bencoolen and to succeed M<sup>r</sup>. Wheeler in the Cheifship of Bantall M<sup>r</sup>. Thomas Wright Third of Council in Bencoolen, M<sup>r</sup>. William Dean Fourth, M<sup>r</sup>. Lapie Fifth, and M<sup>r</sup>. Greaves Sixth. M<sup>r</sup>. Glessell &c to have the usuall Salar[y] of that Place, and to have such Employs according to their seniority in the Council. And that for the encouragement of the Gentlemen now going Tis agreed that the following sum<sup>s</sup> be advanced to them which they are to repay at Bencoolen out of their salary to M<sup>r</sup>. Glessell Pagod<sup>s</sup> 100: M<sup>r</sup>. Wright Pagod<sup>s</sup>. 50. M<sup>r</sup>. Dean Pag<sup>s</sup>. 50.

Ordered that the Master of the Huglyana Ketch Ships 8 or 10 Supernumery Laskars to remain if desired at Bencoolen, and that the Paymaster advance them their Imprest money.

The Accomptant does now report that he has examined Cap<sup>t</sup>. Ridgley Accounts, who finds it right cast up, and for what charged therein he tenders his oath, agreed the Ballance being Pagod<sup>s</sup>: 655: 5: 40 be pay'd out of Cash, and the Account Ent<sup>d</sup>. after this Consultation.

Agreed that Three hundred Pagod<sup>s</sup>. be advanced to the Painters towards painting three hundred peices of Moorees.

TO THE HON<sup>BLE</sup>. THOMAS PITT ESQ<sup>R</sup>. PRESIDENT  
FOR AFFAIRS OF THE R<sup>T</sup>. HON<sup>BLE</sup>. ENGLISH  
EAST INDIA COMP<sup>A</sup>. [ON] THE COAST OF  
CHOROMANDELL AND GOVERNOUR OF FORT  
S<sup>T</sup>. GEORGE & C. COUNCIL.

The humbly Petition of Budde Narrain &c. Merchants in Company belonging  
to Vizagapatam

Most humbly sheweth

'Tis now fourteen years your Petitioners have been in the Hon<sup>ble</sup>. Companys Service at Vizagapatam in which they have had great dealings, and Invested severall and large summs of money for the providing their Goods but [soon] after to the great Loss and the prejudice of your Petitioners there, happening troubles in the Countrey, the Weavers belonging to your Petitioners ran away with Considerable summs of theirs by which with other Losses they sustained at that time remain[ed] Four Thousand Pagodas Indebted to the Hon<sup>ble</sup>. the Company, w[hich] your Petitioners endeavouring to clear, could not effect it before the Death of M<sup>r</sup>. Holcombe, soon after which M<sup>r</sup>. Frewen coming thither demanded the Ballance owing by your Petitioners to the Hon<sup>ble</sup>. the Company, which they proposed to pay in two or three years time provided the Investments were wholly put into their Hands, for which they would give good security & accordingly brought four very eminent and able Merchants to be bound for them, who stay'd there eight days, but by Juggap[a] M<sup>r</sup>. Holcombes Braminy (with the malice and hatred he bore to your Petitioners) their well designed Proposals was over sett he representing strange and false Notions against you[r] Petitioner to M<sup>r</sup>. Frewen, and recommending to him one Coor[gala] Lingana who fifteen years past was dismissed the Comp<sup>A</sup>. Service, but is now taken in again, and has the Investment in his own Hands, at which time your Petitioners were clap[ped] up into close Prisons, and their Familys Houses and Effects all seiz'd and some time after your Petitioners were sent up hither in a Boat. Your Petitioners will here lay before you<sup>r</sup>. Hon<sup>r</sup>. &c Short Account of the hase and villainous proceedings of Juggapa which are too many to be described in writing:

'Twas he who was the only Person that perswaded and advised M<sup>r</sup>. Holcombe to Lend, but his money to the Polligars, [Marrawarrs] &c for Security of which was made over Villages and Countrys to M<sup>r</sup>. Holcombe, by which means Juggapau secured to himself no small Presents from the Persons to whom y<sup>e</sup>. money was Lent, and was the sole occasion of bringing M<sup>r</sup>. Holcombes Affairs into the ruinous condition they now are Your Petitioners have likewise been considerable sufferers thro' severall of his roguish Actions, in which they cannot be particular, but leave it to your Hon<sup>rs</sup>. &c consideration whether such a Person is fitting to be continued in the Hon<sup>ble</sup>. the Comp<sup>A</sup>. Service in which he can't but show himself as great a villain as he has hitherto done, and will leave no stone unturned to ruin theirs or your Petitioners Affairs; for 'tis reasonable to beleive he'l endeavour to bring M<sup>r</sup>. Frewen into the same snare he did M<sup>r</sup>. Holcombe, by his advising of him to Lend money to the Country Government, for which he has already been about him, but meets with noe encouraging answere, M<sup>r</sup>. Frewen refusing to adhere to his Villainous request without a possitive order from the Govern<sup>r</sup>. and Council for y<sup>e</sup>. same.

Not long before M<sup>r</sup>. Holcombes death Juggapau marry'd his son to the Nabobs Cossanavees's Daughter at Chiccacull which cannot but be of prejudice to the Companys affairs.

All which your Petitioners humbly lay before your Hon<sup>rs</sup>. &c Serious Consideration requesting that by the first Ship that goes they may bee returned to their own Country, and have the Investments again put into their hands, for w<sup>ch</sup>. they'll give sufficient and good security, by which meanes in two or three years they will be enabled to clear the Hon<sup>ble</sup>. the Companys Debt.

And as in duty bound shall ever pray etc.

Tis with great regrett we should give your Hon<sup>r</sup>. any occasion of displea-

 we could not avoid it to present the Injustices we have received from the Coni-  
 coplyes in curtailing the Pay of our daily Labour in curing the Companys Cloth,  
 which we have for some time conniv'd at, which is the motive we have absented  
 ourselves; Of the Thousand Pagodas your Hon<sup>r</sup>. delivered them for us on Account  
 of washing the last Cloth we received no more than Six hundred thereof keeping  
 in their hands the other Four hundred, which we demanded of them, to which they  
 replyed we should ask it of the Govern<sup>r</sup>. for they had none of it, and that your  
 Hon<sup>r</sup>. may be more fully informed of the injustices done us, we shall instance  
 that they were Indebted on the last Account the sum of One hundred and  
 eighteen Pagod<sup>s</sup>. and Senh<sup>r</sup>. Ignatio the suffi of Forty Pagodas, and Jaggappa  
 Pag<sup>r</sup>. 50 and they oblige us to wash another parcell of Cloth, for which because  
 they alledged we did not take great care they pay'd us nothing for our labour  
 and as for the accustomed Portion of Rice we were to have for conjeeing the  
 Goods, we have received none this year, besides the Longcloth and Sallampores  
 we have washed this year has been very thick and much harder to cure and  
 require more Labour and time then usuall, for which have not had sutable satis-  
 faction and whereas we are assured of your Hon<sup>r</sup>. &c. Justice to the Poor and  
 oppressed, we are in hopes to be satisfied for all that is due to us, and we farther  
 humbly Pray that the Six Conicoplyes may be turned out of their Employs, and  
 be chastiz'd according to their deserts as aforementioned, and again they have given  
 one of our Cheif Washers 24 Mercall of Paddy  $\Psi$  Pagoda, and to the other three  
 but 21  $\Psi$  Pagodas which are irreparable injustices to us, also if by accident we  
 made a small hole in the Cloth, they would deduct from  $\frac{3}{4}$  Pagoda  $\Psi$  hole, and  
 besides would make us take the Cloth and considering these oppressions, we Re-  
 solve to serve the Company no longer, but to seek our rice where we can meet

ZRE MAHAW RAJAH LEEELAW [AT ATO]HEEN  
DATED 2<sup>o</sup>. MARCH 170 $\frac{1}{2}$  & REC<sup>d</sup>. [ . ] MAY 1706.

Your Honour has doubtless before this been [informed] of the unfortunate troubles that has happen'd here to M[es<sup>rs</sup>. Griffith] and Delton, who brought it upon themselves, for that their king passed by severall Outrages they often committed, till such time as they left the shore and went on board their Ships, w<sup>th</sup>. they stop'd and tooke all they mett with for two months together, all which we patiently bore through the esteem we had for yo<sup>r</sup>. Company, and finding the troubles daily increasing, we were forced for our own defence to betake ourselves to Armes, for that whatever came in their way they destroyed by fire or sword so as the old saying is, he that throwed a stone up in the air is in danger of having it fall upon his head, is their case, we would never have offered to have Acted contrary to our Cowle had not meer necessity for our own safetys enforced us to it, we are still

—FORT ST. GEORGE, MAY 1706—

very willing to observe our Cowle, but hope yo<sup>r</sup>. hon<sup>r</sup>. will take care what sort of People you send to us for y<sup>e</sup>. future, who instead of Acting for the Credit and Honour of y<sup>e</sup>. Nation brings a discredit and contempt upon it.

Your Honour will questionless have before hand learnt the troubles that has happen'd here to M<sup>r</sup>. Griffith & [Mr.] Deltons meanes during the time of their being ashore they committed severall Outrages, and when they got aboard Ship they not only seized and tooke whatever they could lay hands on for two months together, but destroyed by Fire and Sword severall of our Garrisons, not so much as sparing man or Child, and naild down all our Guns, all which we bore with patience thro' the esteem and Friendship we had for your Honour and your Company, and the more we suffered the more they putt upon us, till at last we were obliged to resent them accordingly, we were not the first that Acted contrary to our Cowle, so desire w<sup>d</sup>. you send any one to Reside here, let them be better qualified for such an undertaking then the last [ . . . ] prove a discredit to your Hon<sup>r</sup>. The Corres[pondence] formerly between us occasions my writing the same which I had done sooner, but that I have had a great deal of business upon my Hands.

The Following order was signed by the Govern<sup>r</sup>. and Council :—

We considering the necessity there would be of dispatching the Loyall Cooke and Loyall Merchant in October next having been so long out of England, and fearing we shall not have Goods more then to Load those two Ships, we think it the Companys Interest to Lett out for Freight for Bengall and Persia their Ship Nathaniel, for which there has been proposalls as before mentioned, upon Debate of which 'tis Agreed that we demand Five thousand five hundred Pagodas, and to bring Wine and Horses as former Ships, and the Secretary to acquaint Mess<sup>rs</sup>. Agreed that Five Thousand Pagodas be pay'd Collaway and Vinkettee Chittees in part of Callicoes brought into y<sup>e</sup> Warehouse, as soon as we are in Cash.

The Council in Bengall having in their last letter wrote us to send them One thousand Candy of Redwood, Ordered that the Warehousekeeper do provide the same.

Cap<sup>t</sup>. Benjamin Dennis Commander of Ship Nathaniel y<sup>r</sup>. day delivered in a Petition requesting his Charterparty money being 750 Dollars, Agreed the same be pay'd him, and his Petition is as enter'd after this Consultation.

The Arrac Farmer being this day again before us, and making heavy complaints what a hard bargain he has which induced us to Agree to his having the Wine Licence for Two Hundred Pagodas a year to commence from the 25<sup>th</sup> March last, and to continue during the remaining part of his Lease that he holds the Arrac Farme and no longer.

Mess<sup>rs</sup> Addison, Lister and Bradshaw having been acquainted the 23<sup>d</sup>. of last month by the Secretary on w<sup>t</sup> termes we expected the Hyre of the Nathaniel for a voyage to Bengall and Persia and so back hither, was this day again before us, urging that what we demanded the Voyage would not bear it, which they had very well considered, but in regard there was no going into those Seas but in a Europe Ship, by reason of the Arrabs who daily increase in these insolvencys they were willing to give Four Thousand Eight Hundred Pagodas, who after some Debate were brought to agree for Five Thousand, and to bring ffour Horses, with seventy Chests of Wine and Rosewater ffreight free from the Company.

We were not wanting to observe that Five thousand Pagodas payes little more then two-thirds of the Ship Demmorage for a twelve months but considering that the Freight is pay'd here, and the advantage made thereon by the Company for England, with the two and a halfe % Cent pay'd upon the Cargo at Gombroone, also their having Freight free the Horses and Wine, with the Custom to be pay'd on what they bring back will more then pay the Demmorage, likewise gives Life to the Trade of this Port, which seems inclinable to dwindle, and had not the Ship been Employed in this manner must have lay'd by the Walls.

The 14<sup>th</sup>. Instant M<sup>r</sup>. Raworth and M<sup>r</sup> Frederick who has y<sup>e</sup>. charge of Collecting M<sup>r</sup>. Meads Estate acquainted us that they found amongst his Papers a Mortgage Bond for Four Hundred Pagodas Lent Timapau, about which this day Tirra Venga Lamma Widdow Petitioned us as Entered after this Consulta-

tion setting forth that it was her money and only made use of Mr. Meads name, which is very common in these Parts, and that she had sent her Bond with [the] Court Fees to Mr. Mead to sue for, and recover the same, w<sup>ch</sup>. was averred by severall Persons, and some of good reputation. The consideration of which affairs is deferred to our next meeting but order'd in the mean time that the Register surch the Court Bookes, whether Mr. Mead commenced a sute for that Bond and whether Mess<sup>rs</sup>. Raworth and Frederick can find in his Bookes that he had received Court Fees for the same as promised in the petition and report in next Consultation.

Generall Letter to the United Council in Bengall dated yesterday now read and approved.

Agreed to send Mr. Thomas Faucett at Maddapollam the sūm of One Hundred Pagodas by two Peons on Boat being towards the charge of putting down the old Factory.

Mr. Matthew Empson Sea Customer payes into the R<sup>t</sup>. Hon<sup>ble</sup>. United Companys One thousand Pagod<sup>a</sup>. on Account Sea Customs.

The humble Petition of Tirrey Venga Lamma Widdow,  
Most humbly sheweth.

That about six or seven years agoe Timapau came to your Petitioner and acquainted her that Pattasome a Merchant had Lent to Maddama a Widdow

— FORT ST. GEORGE, MAY 1706 —

the sūm of Four hundred Pagodas for security of which [she] had Mortgaged her Houses to him, and Pattasome being [at] that time in want of his money, Timmapau proposed to your Petitioner to Lend him the aforesaid sūm of Four hundred Pagod<sup>s</sup>. and that the Mortgage of the Houses shou<sup>d</sup>: be made over to your Petitioner, and that she should have the Interest due thereon, besides a consideration for her serv[ice] which induced your Petitioner to comply therewith, [but] Timmapau advised her to take the Mortgage Bond ([she] being a Woman) up in M<sup>r</sup>. Meads name, who was his Particular Friend, which accordingly was done, and the 400 Pagod<sup>s</sup>. pay'd by your Petitioner when Timapau deliver'd to her one Bond in English, and one Cajau, some time after having occasion for the money requested Timapau to recover it, who demanded of her the Court Charges, which she pay'd to him in 12 or 13 Pagod<sup>s</sup>. and at the same time deliver'd to him both y<sup>e</sup>. Bonds which were carryed and allowed of in Court, all which by severall Witness your Petitioner can make plainly appear. Upon M<sup>r</sup>. Meads death your Petitioner demanded the Mortgage Bond of Timapau, which were refused to be delivered him by M<sup>r</sup>. Meads Attorneys without your Hon<sup>rs</sup>. positive order for the same, your Hon<sup>rs</sup>. cannot but be sensible that 'tis a Generall Custom amongst the Gentues when they Lend money for their security they take up Bonds in English Names, which is your Petitioners case, and is well known to M<sup>r</sup>. Warr, so request your Honour will be pleased to take it into your serious consideration, and bestow your Justice and favour upon a Poor distressed Widdow, in ordering either the Bonds to be delivered up to her, or the Four Hundred Pagodas w<sup>th</sup>. the Interest due thereon, to be pay'd her for that on yo<sup>r</sup>. M<sup>r</sup>. Thomas Wright Warehousekeeper reads his Acco<sup>ts</sup>. Remains ending ultimo April last.

There being more Wheat and Horse Gram in the Warehouse then what is necessary for the Garrison; Ordered that the Warehousekeeper sells half of each.

Jappan Copper bearing no Price on this Coast, for that brought by the Toddington having been put up to Outcry when some few Lotts went off at Pagod<sup>s</sup>. 48  $\frac{3}{4}$  Candy, but presently fell to 47 and under, and few or no bidders.

—FORT ST. GEORGE, JUNE 1706—

upon which the sale was deferred, and since there having been some small Parcels sold at 46: and under, and we see no likelihood of its riseing, we think it the Companys Interest to send it to Bengall it selling there for Twenty five Rupees a maund, which will come out about Fifty Pagodas & Candy, so 'tis resolved and ordered that the Warehousekeeper Loads on the Nathaniel bound thither Two hundred Candy of Copper, and a Chest of drinking Glasses.

We having again considered of the Bond for Four hundred Pagodas claimed by the Widdow Terra Vengama Lamma taken in M<sup>r</sup>. Meads name, and found amongst his Papers after his Death, but in regard it lay so many years without being recovered or demanded by M<sup>r</sup>. Mead, and for what has been averred by severall People who have taken their Oaths thereto very solemnly in their Pagoda (the substance of w<sup>ch</sup>. with the Translate is Lodged in the Secretarys Office) all which induces us to beleive that the Bond does belong to the Widdow, so 'tis unanimously agreed that Mess<sup>rs</sup>. Delton arrived at Place on this Coast called Vizagapatam and went thence to Bengall, the Letter he wrott us thence was so short and imperfect that we can make no Judgement thereof, but from that Letter and all reports, we hear the first beginning of these troubles was that your King seiz'd an English Ship with her Effects, extorted considerable sūms of money from M<sup>r</sup>. Mannagers Orders to us in last years Generall Letter which was to Coine all the Silver for Bengall, for that they thought it not safe to adventure it to Rajammaul Mint, which reason is stronger now then it was then, for that the Government has intirely stop't up the Port of Suratt, and 'tis much to be feared they may do the same in Bengall, which reason besides other apparent advantages to the Company induced us to give the Order (as Entered after this Consultation) to the Commander of the Ship to send for his Bengall Packet ashore; which when we have perused, shall resolve what to do in this matter.

To CAP<sup>r</sup> JOHN CHAMBERLAIN

S<sup>r</sup>.

You having been so Generous as to tender us y<sup>e</sup> Service with your Ship to go to the Southward in quest of a Vessell lately fitted out from Pollioherry in the Nature of a Sampan [with] Souldiers and sailers to the number of Sixty which makes us apprehensive they are gone to the Southward to lye off Point Ped[ro] to surprize our Ships, which we daily expect from England, Persia and

—FORT ST. GEORGE, JULY 1706—

other Parts, so having the consent of your Employers for you to go upon this Expedition (which we must esteem a great peice of service to the Company as well as a Generall good to y<sup>e</sup> [State]) we have equipped your Ship with Men Amunition & Provisions sutable to your desire, so enjoyn you to follow these Instructions. That upon receipt of this you repair on board your Ship, and immediatly wind and weather permitting weigh your Anchor and use your utmost dilligence to ply to the Southward as far as Point Pedro the Northermost part of Ceilone, and there Cruize too and frow between the shore and Twenty five ffathom [of] water, using your utmost endeavours to speak with all the Shipping, and advise the English, and our Allies of this Samp[an] and caution them from being surprized by them, but be very carefull you fall not in with a French Ship of a greater force then yourself.

We deliver you herewith an open Letter for the Supra Cargoes and Commanders of all English Shipping for yours & their perusal.

You are likewise during this expedition to keep a very good looke out and a strict watch at night, and your ship constantly in a posture of defence, and we can think of nothing so inducive for that Vessell if She sees you to draw near you, as the concealing your Force, which will be as great a Surprize to them, as the intended theirs for others, and we can't doubt if you meet with them, you will give us a good Account of them, and put an end to such designs.

We would not have you call at any Port to the loss of time, but if you goe by Fort S<sup>t</sup>. David in the day time we would have you fire two Guns, when if they have any thing materiall to advise you they'l make a waft with their Flagg and send a Boat to you, and if you chance to call at Negapatam you may meet with a Letter from us her[e] if any thing of importance offers, but 'tis our advice you stop no where to hinder your speedy getting to your station. In [Case] your way to which if you should meet with the Sampan, and effectually spoile his Voyage, we then order you immediatly to returne hither, unless you stay to come in Company of some of our Shipping from Negapatam, or thereabouts; & if you should find she has taken any of our Ships, and that you meet with them, we question not but you'l use your utmost endeavours to retake them but pray take care you don't ketch a Tartar.

We here deliver you a Copy of Ensign Hugonins Commission by which you'l find he is to follow your Orders during this expedition and there goes on you a Tandell, who know[es] the Land well all along the Coast and Ceilone, and four Peons which you may put ashore as you see convenient bring us Advices.

You are to Cruize off Point Pedro till the 10<sup>th</sup> of August unless you meet with the French Sampan as before mentiond and effectually disappoint him in his design and when you returne from your Cruize we would have you call at Negapatam whither we intend to send a Smack to lye and if no newes causes us to alter our measures, she shall goe and Cruize off Ceilone till the middle of Septem<sup>r</sup>. if our Affairs require it, and aboard her you shall find our orders relating thereto.

In case any misfortune should happen to you (which God forbid) we order M<sup>r</sup>. Rouch to succeed you in your Command till the arrivall of the Ship here, and to follow these our orders.

You will receive with this an Account of the Stores, Amunition and Provisions put on board you, of which we desire great care may be taken, and that you'l appoint Persons to looke after them, and keep an exact Account of the expence thereof, as also the ffifty Pagodas as pay'd you.

There are many unforeseen accidents that may happen in this Expedition, which we can't provide for in these our Instructions, so it must be left to your Prudence, but what we most earnestly recommend is your speedy getting to y<sup>e</sup>.

THOMAS PITT.

To ENSIGN FRANCOIS HUGONIN

We having ordered you to goe Chief Officer of the fifty men we now send on board the Riseing Eagle Cap<sup>t</sup>. Chamberlain Command<sup>t</sup>. upon an expedition to the Southward. This is to Command and enjoyn you to looke well after your men and keep them in good order, and during Voyage you are intirely to obey the orders of Cap<sup>t</sup>. Chamberlain but more especially when come to Action, and who ever else shall succeed him in the Command of the Ship, and this is your Commission for the same. Dated in Fort St. George 14<sup>th</sup> July 1706.

THOMAS PITT.

To THE SUPRA CARGOES, AND COMMANDERS  
OF ALL ENGLISH SHIPPING

We have been lately informed that the ffrench from Pollicherry have set out a Boat in the Nature of a Sampan to row and saile, and forty Souldiers and twenty sailers all Europeans from which we inferr that they are in expectation thereby to surprize our Ships, which may happen to those f[rom] Europe, as well as from any other Parts, so to do our indeavours, to prevent so great a misfortune we have fitted out hence [the] Riseing Eagle Cap<sup>t</sup>. Chamberlain Command<sup>t</sup>. with such a Force who we doubt not but will give a good Account of them if he meets them, and beleiving that they are gone [to] the Southward to lye off the Northermost part of Ceilone [in] the track of our Shipping we have ordered Cap<sup>t</sup>. Chamberlain to make the best of his way to the Southward, and cruize thereabouts where we hope he will get time enough to prevent any of our Shipping falling into their hands, and to caution you all against being surprized by them. If you meet with these Advices off the Northermost part of Ceilone we think it adviseable you stand in for Negapatam where you will meet with Letters of advice from this Place or Fort St. David if any thing has offered materiall since the Date of this. Gentlemen

I having now served the Hon<sup>ble</sup> Company almost 4 years to my great detriment by loss of time and Expencc, do request your permission of laying down the Service that I may (by employing myself in some other parts) regain what I have lost, and you will very much oblige.

This is to advise you that M<sup>r</sup>. Raworth and some Gentlemen being this morning at the Mount teil us y<sup>t</sup>. they saw three saile to the Southward of you, and in a Letter from Fort S<sup>t</sup>. David, 'tis reported that at Pollicherry they saw three saile past to the Northward, now 'tis not improbable [but] they may order their Europe Ships to lye between their Port and this, knowing that ours must drap into their mouths that come from the Southward, besides it may be their Europe Ships that made not the Land till Saddrass, or thereabouts so for God sake looke out well to prevent so great a misfortune as to be snapt by them, by the Peons that puts this on board pray send us word whether you see any Ships to y<sup>e</sup> Southward of you, if so, tis not unlikely but they are French Ships. But if not, prosecute your voyage yet with great caution & care God speed you well. I am

This morning I received yours of last nights date, and beleive the Gentlemen at the Mount were mistaken in saying that they saw Ships to the Southward of you. [This] day Noone I received a Letter from M<sup>r</sup>. Roberts dat<sup>d</sup>. 15<sup>th</sup> June in which was the following Clauce. "Since writing the forgoing the French "Vessell saild very near the Shore, and is gone to Pollicherry, she has a main "Mast aud foremast with a pair of Courses Two Topsails and a spritsaile which "is all the saile she has, her people told the Cattamaram fellow they belonged "to Pollicherry and went out to see for some Ships, but could meet none, so "was returning to Pollicherry, I will keep a continuall eye upon them and advise "when she sails again.

I wish M<sup>r</sup>. Roberts had mentioned whether the Vessell returned from the Northward or Southward, but what I am informd I impart to you to make a Judgement thereof, I wish you good success in your undertaking and am

In persuance of an Order of the Governour and Council of the 25<sup>th</sup> Instant directed to us the subscribers hereof, we went to the now dwelling House of

## —FORT ST. GEORGE, AUGUST 1706—

Cap<sup>t</sup>. Plumbe to view his additional new building, as the same relates to the Partition Wall (so much contested for) which parts the said Plumbs House and ground from that of his neighbours M<sup>r</sup>. Chardins.

First we observed that Captain Plumbs new building w[as] not built upon the aforesaid old Wall, so much in doubt as to his right owners, but contiguous with, or adjoining to the said Wall, and on Cap<sup>t</sup>. Plumbs own Ground, w<sup>ch</sup>. M<sup>r</sup>. Chardin agrees to, and confesses he may, and can build and thus far they are both in the right, so that the contravercy is to whom the old Wall properly belongs.

M<sup>r</sup>. Chardin on his part produced to us a Bill of Sale in ample form given by William Richardson to Clement King dated the 21<sup>st</sup> of February 1679, mentioning the scituation and Spot of Ground on which M<sup>r</sup>. Chardins House has been since built as it now is.

Cap<sup>t</sup>. Plumbe produced to us also, his Lease for the House and ground he now possesses dated 16<sup>th</sup> February 1680 under the Hands of the then Agent Masters and Councill appendant[ed] to which is the Hon<sup>ble</sup>. Companys larger Seal, which mention[s] likewise the Scituation and space of Ground, on which Cap<sup>t</sup>. Plumb's house now stands, but the aforesaid Bill of Sale given by William Richardson to Clement King being of Date a year older then the Companys Lease to s<sup>d</sup>. William Richardson for the House and Ground Cap<sup>t</sup>. Plumb now occupies and possesses, it's reasonable to believe that Clement King might have built said partition Wall now in question to keep up the right and property he had to the small houses and space of ground he bought & purchased of the said Richardson by fenceing in the same, but still this seems more probable then well proved, for admitting the Wall now in contest to belong to M<sup>r</sup>. Chardin, in which case Cap<sup>t</sup>. Plumbe loses three foot in Length of what he ought to have by measuring from said Wall from the East to the West, and of his building fronting Gloucester Street a Alley, because the Plan or draught of Cap<sup>t</sup>. Plumbes Lease is sett down eighty one foot from East to West which measures now but seventy Eight foot; all w<sup>ch</sup>. we humbly referr to your Hon<sup>r</sup>. &c. consideration & remain.

This day Mr. Edmund Mountague Second of Fort St. David, who came lately from thence with our leave, and since his arrivall seeing that there would be very speedily a vacancy in the Council here by Mr. Wright going for England, delivered in a Petition to be of this Council, in some measure according to his seniority upon which the Governour in consideration that the Employ of Sea Customer being void, which is of the greatest importance to the Company of any Employ in this Place under the Governour, and that to have it mannaged to their best advantage, it requires a man that is a thorow paced Merchant, that understands the Trade and Goods of the Country, as also an honest dilligent and sober man, and one that will give his constant attendance to execute the same, so the Governour beleiving Mr. Mountague to be a Person to be qualified as aforesaid, by his eight years experience of him, as also from all reports, proposes him as a fit Person for that Employ which being opposed by the Council, Tis agreed that they do bring in their reasons for it in writing signed by them to be Ent<sup>d</sup>. upon the Consultation Booke, and the Governour promisses to bring what farther reasons he has why he proposed him, and that he insists upon their compliyance therein.

'Twas proposed by Mr. Fraser that he should be received in as youngest of Council, and have an employ accordingly, upon which the Governour put the question and it was carryed by the Majority for his being youngest of Council, to which y<sup>e</sup>. Collaway and Vinkettee Chittees; the latter two Persons being called in a part to know whether they would Joine with them, possitively refused it, for reasons

—FORT ST. GEORGE, SEPTEMBER 1706—

they had given y<sup>o</sup>. Gov<sup>r</sup>., which he now imparted to the Council; so 'twas demanded upon what termes they would undertake the Contract, the List of Goods to be provided being now produced to them, their answer was by reason of the dearness of Cotten they cou<sup>d</sup>. not do it, under twelve  $\frac{3}{4}$  Cent advance on the last Contract and the same Musters, so after some debate with them wee offered them Five  $\frac{3}{4}$  Cent, and what induced us to it, was the last advices we have had from Fort S<sup>t</sup>. David that there was no likelihood of making any Contract there, they refusing our offer we dismiss them, and ordered them to consider of it and give their finall answer in two or three dayes.

The Heads of the Casts having been confined some time in order to compell them to asses, and raise the money for the Town Wall, according to the List delivered them in Consultation, who now deliver in a Petition (as Entered after this Consultation) the purport being to have a Paper under the Governour and Councils hands that they shall ever be free from Taxes hereafter, to which they were answered that when they had cleared the whole Account of the Town Wall they should have a kind of a discharge, and that they should pay no more on that Account.

THE PETITION OF

Humbly Sheweth

That when President John Pitt & C<sup>a</sup>. Council made a Contract with your Petitioners they accordingly delivered the Goods, and for what moneys there was due to them on Ballance they gave 'em their Bonds for the same, after which notwithstanding they had then no money, made another Contract with your Petitioners for one hundred and fifty Thousand Pagodas, telling them, money would come from Bengall and other Places, which your Petitioners not in the least doubting, gave Credence to, but the said Contract obliged them, that if they did not bring in the said Goods by a certain limited time to abate 25  $\frac{3}{4}$  Cent, your Petitioners upon signing said Contract, urged they could not perform it without taking up money at Interest, the said President & C<sup>a</sup>. promised them, that they need not doubt, that money in a month or fourty dayes time would come from Bengall, when they would satisfie them with Interest, upon which your Petitioners not without some difficulty provided the Goods, and sure enough, a ship from Bengall soon after arrived, but without money, at which time they tooke a quarter part of the said Goods which they had provided, and told them they expected a ship from China with a great sum of money, when they would clear off all Debts, and take off the remaining three quarters of the Goods, some time after President Pitt dyed, and this China Ship arrived, and brought a

small quantity of Gold which M<sup>r</sup>. Tillard delivered your Petitioners, telling them there was ships arrived Madrass that brought news of both Companys being United, and that the Governour of Madrass had wrot him to come up, and promised that when he arrived Madrass he would send your Petitioners their Ballance, but after he arrives here he designs for England, your Petitioners hearing this, came hither to demand their just Debt of M<sup>r</sup>. Tillard, who told them he would endeavour to gett Bills of Exchange upon the Company and pay them, but your Petitioners still importuning M<sup>r</sup>. Tillard at length told them he could not succeed in that, but he was going for England himself, where he would get money and remitt them their due, your Petitioners being exasperated by these delays presumed to tell him he could not goe without discharging the Debt, he say'd he must go, your Petitioners then has no other remeddy left then to represent their said case before your Honour &c<sup>a</sup> Council, who also gave them for answere, M<sup>r</sup>. Tillard must goe, and therefore had given him liberty; your Petitioners say'd they would stop him in the King and Companys names, and that they would all cutt their throats at the Sea Gate rather then suffer him to goe, for which your Hon<sup>r</sup>. &c<sup>a</sup> being displeas'd, say'd you had dispatch'd him home, to which your Petitioner replyed that had they M<sup>r</sup>. Tillard again in Metchlepatam he should not goe, and then they had not known all this trouble; after these Debates your Petitioners knowing they must submit to Power, and the more silent and submissive, because they had their fore Fathers served the Company many yeares, at length M<sup>r</sup>. Tillard some time after discharged part of the Debt, w<sup>h</sup>. your Petitioners demanded the whole, but your Hon<sup>r</sup>. &c<sup>a</sup> giving in writing to pay what money M<sup>r</sup>. Tillard should remitt from England they waited that time.

After M<sup>r</sup>. Tillard went for England arrived ships that brought out orders to Mess<sup>rs</sup>. Fraser and Wright to discharge your Petitioners Debt, but deferred it a considerable time, and then pay'd off but Fifteen hundred Pagod<sup>s</sup>. being but part of Interest, bidding them stay till ships arrived from Eng<sup>d</sup>. now this years shipping being arrived, your Petitioners went to Mess<sup>rs</sup>. Fraser and Wright, who told them they had no advices from the Company, and that they must goe to M<sup>r</sup>. Raworth which they did, who gave them for answere that neither had he any advices from y<sup>e</sup>. Company if he had, he would inform what relating to y<sup>e</sup>. Petitioners.

Your Petitioners understand that M<sup>r</sup>. Tillard arrived eight months before these ships departed England, but sends no money, we waiting here Two years past at great expence your Honour &c<sup>a</sup> may think they have no other remedy because they have thus patiently suffered themselves to be imposed on these Four yeares past, but they would have your Hon<sup>r</sup>. &c<sup>a</sup> sensible that 'tis the respect they owe to the Hon<sup>ble</sup>. Company, that they have not long ere this represented their aggrivances to the Kings of their own Country, for when the Surat Merchants accused the English of Piracy, were they not forc'd to a restitution at Surat, the King having received the money of your Nation, and satisfied the Merchants, then if your Petitioners have Bonds to produce, with how much more facility shall they obtain justice and satisfaction when it is for so considerable a sūm.

Your Petitioners having suffered so long, and so many times represented with submission their hard usage, do now humbly wait your Hon<sup>r</sup>. &c<sup>a</sup> answere, which when received, shall Act accordingly, either in making their application to the Kings Court, where they have their Gomastas, or use such other means, as is most adviseable for the speedy recovery of their Just Debt.

As to the Contract of One hundred and fifty thousand Pagodas, the Company received no more Goods then a  $\frac{1}{4}$  part the other  $\frac{3}{4}$  lyes still on your Petitioners hands unsold, and spread all over this Coast, being improper for the Markets of this Country, which money lying dead, the delays of Payment, and the Interest that they are obliged to pay are Losses too considerable to bear, all which surely

## —FORT ST. GEORGE, SEPTEMBER 1706—

the Company must make good, in regard they obliged your Petitioners by Contract to bring in their Goods by a certain limited time or to abate twenty five  $\Psi$  Cent, If your Petitioners had their money in due time pay'd them, the Profits that would have arose there from, by a moderate computation would have certainly amounted to not less then forty  $\Psi$  Cent, and likewise the charges they have been at in lyeing from their Homes without Trading these two year's, and other disadvantages accompanying too tedious to relate, all which Losses we humbly request your Hon<sup>r</sup>. &c<sup>a</sup>. to consider of wayes and means to repair that they suffer no longer.

Your Hon<sup>r</sup>. &c<sup>a</sup>. are pleased to say that the New Comp<sup>r</sup>. has no residence here, but with submission yo<sup>r</sup>. Petitioners see the same Flagg flying, the same Chop upon Cloth Bales Letters &c<sup>a</sup>. and your Honour having sent M<sup>r</sup>. Tillard home is the more inducive to us to beleive that it is much one and the same Interest, and therefore the more earnestly call upon your Hon<sup>r</sup>. &c<sup>a</sup>. for Justice, having never heard the English Nation to be otherwise then Hon<sup>ble</sup>. and Just; and surely was your Queen acquainted with this our Case; doubtless would resent it to the Company, and compell them to justice for the Credit of her Nation and were your Petitioners Indebted to the Company to be sure th<sup>o</sup> they proved Insolvent by misfortunes, yet they would nor could expect no other then prosecutions as far as Power extended.

The Hon<sup>ble</sup>. Company have been in great esteem among us here in India these many years, and now your Petitioners are very sorry that they should be the Instrument of bringing shame, and disgrace to 'em, which they ca[n] avoid if they complain to higher Powers, having [previously] represented their aggrievances, they humbly intreat your Hon<sup>r</sup>. &c<sup>a</sup>. to take their case into your serious consideration.

And y<sup>r</sup>. Petition<sup>r</sup>s. as in duty bound will ever Pray

That whereas lately your Hon<sup>r</sup>. &c. was pleased to assess your Petitioners Pag<sup>r</sup>. 6353. Last night received a Letter from the Deputy Govern<sup>r</sup>. and Council of Fort S<sup>t</sup>. David dated 10<sup>th</sup>. Instant & unexpectedly therein they advise us they have concluded the Contract for Fifty thousand Pagod<sup>s</sup>. upon the termes of the last years, the particulars as hereafter mentioned. And the Governour now acquainting the Council that since [last] Consultation he had been endeavouring to perswade [the] Merchants here to accept Five ꝑ Cent advance whi[ch they] seem very unwilling to do, but told him they [should a]bide by what Contract was made at Fort S<sup>t</sup>. David to the sorts and prizes, beleiving as we su[ppose that it] would be made there, or if it was, would be very dear, so having the advise late last night, and supposing no News in Town of the Contract being concluded there, we this morning sent for Collaway and Vinkettee Chittees, and discoursed them farther about the Contract when after some Debates 'twas agreed they should have the same Prizes as at Fort S<sup>t</sup>. David, when they obligd themselves to bring in for the January Ships the following Goods; and the Governour also injoined the Council to say nothing of what advices we have rec<sup>d</sup>. from Fort S<sup>t</sup>. David, which the Merchants are not to be acquainted with till 3. and 4. dayes hence.

HON<sup>BLE</sup>. S<sup>R</sup>. & C<sup>A</sup>.

M<sup>R</sup>. Secretary acquainted me that your answer to my Petition was that 'twas agreed to receive me in youngest of Council, I did not expect you would have thrown such a slur upon me, when my Seniority, and standing in the Companys Service is equall if not superior to most of the Council of this Place, for twelve yeares agoe I was sent for from Fort S<sup>t</sup>. David to goe Deputy Governour to the West Coast, but prevented by sickness, and presently after was made provisionall Land Custome[r] for some time, and then sent again to Fort S<sup>t</sup>. David where I have went thro' all Places of trust, w<sup>ch</sup>. I have discharged without the least blemish to my integrity or ability and I can't but think it the greatest of hardships to those that serve in Subordinate settlements, to be thus bar'd of their just right, but since 'tis soe, I hope for more justice from the Company themselves I am

FORT S<sup>T</sup>. GEORGE  
SEPT<sup>M</sup>. 18<sup>TH</sup>. 1706.

Hon<sup>ble</sup>. S<sup>rs</sup>. & C<sup>a</sup>.  
Your most hum<sup>ble</sup>. Servant  
EDM<sup>D</sup>. MOUNTEGUE.

In answer to the Governours Proposall of advancing M<sup>r</sup>. Mountegue to be Sea Customer and Third of Council I looke upon it to be our Hon<sup>ble</sup>. Masters intentions y<sup>t</sup>. no one shall be changed or altered in this Council but by their immediate order, they having already fixed it and farther that in case M<sup>r</sup>. Martin or M<sup>r</sup>. Raworth shall decline and think themselves not capable of serving in that Post, that as I have hitherto served the Company in severall Stations Honestly & justly I may be as capable as M<sup>r</sup>. Mountegue.

THOMAS FREDERICK.

I doe beleive M<sup>r</sup>. Mountegue may be a fitt Person to be Sea Customer, and that it may be an advantage to y<sup>o</sup>. Comp<sup>a</sup> he should be in that Employ.

This I should have say'd last Consultation day, but when I began to speake on the Subject then in debate, the Governour stop'd me, telling me I must give my Vote for one or t'other, And consideration that if M<sup>r</sup>. Martin was incapable of the Employ (which now by succession he ought to have) I might be put into it as soon as M<sup>r</sup>. Mountegue, induced me to give my Negative Vote.

However I shall wave that; that it mayn't be thought I put my private Interest in competition w<sup>th</sup>. the Companys, and agree on said consideration with the President in his proposall.

ROB<sup>T</sup>: RAWORTH.

I don't find by the Companys Letters that we can take M<sup>r</sup>. Mountegue into Council here (except he comes in last of Council and Storekeeper) there being no clause in their Letters whereby we can put in any body superior to those y<sup>t</sup>. are nominated by the Company to be of Council here, but in the Company's Letter 'tis mentioned that either by the Death, or absence of seniors those that are Juniors are to succeed, and 'tis ordered that M<sup>r</sup>. Meverell should be second at Fort S<sup>t</sup>. David, and then M<sup>r</sup>. Mountegue by that order can be but Third there. If he's a man of such service and capacity, that he is the man fitt to make Sea Customer here, surely his Masters the old Company wo<sup>d</sup>. have befriended him to a higher Post after he had served them so long a Senh<sup>r</sup>. merchant. 'Tis my opinion that we cannot take him in Sea Customer, and don't at all question but that I can serve my Hon<sup>ble</sup>. Masters in that Employ, as faithfull & dilligently as he can doe, and

— — FORT ST. GEORGE, SEPTEMBER 1706 — —

as much for their Credit as he or any body else, and as for it's being a place of great Trust, I have as Creditable, Substantiall Good freinds that are my security to the Company, as he, that will be answereable in case of any breach of trust in me, and therefore am against his being of Council here.

Having a Consultation the 12<sup>th</sup>. Instant M<sup>R</sup>. Edmund Mountegue delivered a Petition there, the purport of which was he had served the Hon<sup>BLE</sup>. Company a considerable time, and had hopes the Governour and Council would have their thought[s] of encouragement to him, this cause the Governour & C<sup>A</sup>. to think what to doe in this case; so it was carryed by the Majority he should be youngest of our Council, but upon Second thoughts having longer time to consider am in doubt with myself whether he can be fix't so here, because their Honours has positively appointed him his Post of Council at their Honours Subordinate Factory S<sup>T</sup>. David, I cannot say further in this case saving if I have been amiss in my Judgment do with humble submission submitt myself to your Hon<sup>RS</sup>. & C<sup>A</sup>. Councils better Judgement. As to M<sup>R</sup>. Mountagues Paper dated the 26<sup>th</sup>. August last, thô' not known to the Council till the 12<sup>th</sup>. Instant, that the same was read to us by the Secretary in Consultation, wherein he requires a Post and Station in the Hon<sup>BLE</sup>. Comp<sup>S</sup>. service sutable to his standing and meritt, upon which the Hon<sup>BLE</sup>. President proposed him at once to be Fourth of Council here, with the Employ of head Customer at the Sea Gate, by which he was to precede three Gentlemen of the establish'd Council of this Place from England, which after much debate past in the negative by the unanimous votes of the whole Council: that day when the Hon<sup>BLE</sup>. President required each of the Council to deliver in writing their reasons for their so Voteing by next Consultation day, to which nothing was answered, tho' the Arguments were plain enough in the debates of that whole matter, when it was moved that M<sup>R</sup>. Mountegue should be sent for into Consultation, which was not admitted, to know of himself what he required, or expected by this Paper delivered by him having premised thus much I shall now (taking the Hon<sup>BLE</sup>. Companys orders for my best guidance) humbly offer the following reasons for my not consenting to M<sup>R</sup>. Mountagues being a member of this Council as was proposed.

And first by the Hon<sup>BLE</sup>. the old Companys Establishment, the lowest in Council of Fort S<sup>T</sup>. George were to precede and take place of the Cheifs of all subordinate Factorys on this Coast, which has ever since been the practice of this Place, as may more fully appear by severall late instances in the present

## — FORT ST. GEORGE, SEPTEMBER 1706 —

Governours time, as when the Tavestock arrived here on the 14<sup>th</sup>. of December 1704. from England, and brought us the Hon<sup>ble</sup>. Mannagers Generall Letter containg their orders for the establishment of their Councils of this Place and Fort S. David, but there appearing y<sup>n</sup>. a vacancy in the Council here by the death of some that were nominated and appointed by the Hon<sup>ble</sup>. Mannagers, to supply and fill up which, the Hon<sup>ble</sup>. President propos'd Mr. Meverell as the next Sen<sup>r</sup>. Merchant, and next to him Mr. Frederick being thought so qualified, as having been before appointed by the old Company one of their Council here, thô then absent and in China their service, yet was elected youngest in the Council for the united affairs thô he arrived not here from China till the last of febr<sup>y</sup>. 1704.

In the March following in the said year there happ[e'n'd] another vacancy in the Council by Mr. Ellis Death on the 6. or 7. say'd month, to fill up which Mr. Raworth was named, but it being objected that there were [those] then upon the Place much his Senh<sup>r</sup>. to which the Gov<sup>r</sup>. well answered by saying that he was qualified a Merch<sup>t</sup>. by the Tavestock and that the New Company expected a proportionable equality in the preferment of their servants with those of the old Companies, and accordingly Mr. Raworth was chosen youngest of the United Companys Council.

Thus matters stood till the primo May 1705 when Mr. Martin arrived here on the Loyall Cooke from Amoy [in] China, concerning whom we had orders for his being [taken] into Counsell here, and he was accordingly placed [here] under Mr. Raworth as yoügest of Council, wh[ic]h con]tinued till the 27<sup>th</sup>. of June said year, when [the Fleet] frigatt arrived here from England; and Hon<sup>ble</sup>. Mannagers Generall Letters dated 12<sup>th</sup> January 1704. by which Mr. Empson was reinstated in his former place and Mr. Martin next under and below Mr. Marshall as youngest of Council, and upon the first vacancy Mr. Raworth was ordered next after Mr. Martin, as in like case Mr. Frederick next after Mr. Raworth, which was accordingly done, as may appear by the 38<sup>th</sup> Paragraph of y<sup>e</sup>. aforesaid Generall Letter, when Mr. Mountague was by proportion and measure of time as much then Senh<sup>r</sup>, to the former three mentioned Gentlemen as he was when he delivered in his Paper, thô in a Politicall sense they are made & become his Senh<sup>r</sup> for the reasons before cited, and cannot that pass now for sence of Argument, which before past for severall good reasons, as may appear if reference be had to the Consultations of those times relating to the severall Elections of the Gentlemen above mentioned, and the case does not alter now.

Besides what hath been say'd Mr. Mountague has by the Hon<sup>ble</sup>. Companys orders his station and Place appointed him at Fort S<sup>t</sup>. David whence we cannot remove him to be taken, in any degree of Council here, Mr. Empson formerly, and Mr. Meverell lately are plain Instances of this matter who were ordered to Fort S<sup>t</sup>. David the latter to succeed the former to be second there, and thô neither of these Gentlemen went thither as appointed but stayed here, where they could not be taken into Counsel till the Hon<sup>ble</sup>. Companys further pleasure were known, who are the only Masters of their own orders, and this being good sense and reason then, why not the same now.

Mr. Mountague being named some twelve years agoe to be sent Cheif to the West Coast, may be true, and I believe rather than well remember, nor do I make any reflections on, or objections to his merit or capacity, but y<sup>e</sup> Comp<sup>ys</sup> orders, tho even then or before, there were other promotions as that of Anjengo, when we were in quest for a fitting Person to be sent a Cheif there, and since here upon this Coast as Metchlepatam and Maddapollam, and lately [at] Vizagapatam, where three Cheifs have succeeded after the death of Mr. Holcombe, and all by appointment hence, to any of which Places Mr. Mountague was never so much as named; thô those Gentlemen were all of them his Jun<sup>rs</sup>.

---

—FORT ST. GEORGE, SEPTEMBER 1706—

Upon the whole I adhere to the Hon<sup>ble</sup>. Companys orders as that I cannot consent to any thing that seem's soe contrary to the constitution of their Council here, and at Fort S<sup>t</sup>. David, to whose good pleasure I humbly submitt whatever may be the Event, because I remember the 39 Paragraph of the Generall Lett<sup>r</sup>. by the Fleet frigate.

So that my humble opinion is that I think and beleive M<sup>r</sup>. Martine is now, and may more and more daily improve himself capable of the sea Customers employ, by the help of so many good assistance of great experience, as are placed there, and the Custome House [bookes] wherein the Manifests, and Entryes of all Goods Exported and imported are Registrated, and lye open to the view and Perusall of any concerned, and is a good Index to y<sup>e</sup> knowledge and value of all manner of Bengall &c<sup>a</sup> Goods by which means the Comp<sup>a</sup> cannot well be wronged unless all their servants there should confederate and conspire the same, the Paymasters Employ being much more intricate and misterious, and M<sup>r</sup> Martin has been though[t] fitt and capable to have been sent first Cape Merch<sup>t</sup> on y<sup>e</sup> New Comp<sup>a</sup> Ship Catherine where he &c<sup>a</sup> mananged a stock of upwards of £20000. Sterl<sup>l</sup>: with Credit and applause.

WILLIAM [FRASER]

I having enter'd my reasons in the last Consultation for the proposing of M<sup>r</sup>. Mountague to be Sea Customer, and I think sufficient to convince all men that aim at nothing but y<sup>e</sup> Companys Interest, and such as understand it, and whereas 'tis the Companys orders that merit shall be preferrable to seniority ; I can't but Justifie that in this my proposall they are equally link'd together, and Warranted by Preced<sup>ts</sup>. made by the Company of late, who have 'twice taken the Sea Customer from this board, and made him Second of Fort S<sup>t</sup>. David and brought back the Second of Fort S<sup>t</sup>. David, and made him Sea Customer here, from which it can't but be inferred that they intend the Second of Fort S<sup>t</sup>. David to be superior to the Junior Council here, then I desire you Gentlemen of Council to consider that the Cheif Justicies Employ at the Choultry devolves upon him that is Sea Customer, who you can't but know ought to be a man well versed in the Customs, and Justice of the Choultry, and if he be otherwise of course he must relye upon a Knavish Dubash, and bring destruction upon the People, what I have proposed and say'd in this matter, is without any design to lesson the Person that should of course come into this Employ, but as one man is more capable then another, 'tis my Duty as your Governour to propose such as are most capable more especially in Employs of such great importance for none can think that I reap any manner of advantage from one, or that I have any prejudice to the other, but [*bona fide*], do it for the Companys Interest, so hope 'twill be agr[eed] to by all the Council, who ought to do the same, but if otherwise I charge the ill consequences on those that oppose it, and clear myself thereof by this my Declaration.

Humbly Sheweth.

That whereas your Petitioner Residing here in this Town as Factor for affairs of Coja Sur[haad] now in Bengall from whence he remitted me by Shipping Forty Nine Chests of Ophium, and Ten Bales of Fine Cossacs, as also a Bill of Lading, Invoice and Letters all in a Packett, at the safe arrivall of the Ship Coja Hagapeery Clandestinely tooke possession of said Packet, Ophium, & Bales, did not acquaint your Petitioner any thing of it, but continuing in his irregular proceedings, refuses to deliver yo<sup>r</sup>. Petitioner said consignment, pretending some Accounts to be between your Petitioners Master, and the said Coja Angapera, who tooke likewise from Gregory Panues Four hundred and fifty Tomauns from Persia sent to your Petitioner all which will amount to about Ten thousand Pagod<sup>s</sup>. according to currant sale here.

Your Petitioner is ordered by his Master Coja Suratt from Bengall to pay M<sup>r</sup>. Addison Six Thousand Pago<sup>s</sup>. out of the produce of said Goods, can't comply with Coja Angapera being in possession of the Goods &c<sup>a</sup>.

Now may it please your Hon<sup>r</sup>. if in reality and account is depending between your Petitioners Master and said Coja Anga Pera, your Petitioner requesteth, that M<sup>r</sup>. Addison may be pay'd first, and the business be examined, y<sup>e</sup> remainder to be deposited into your hands till his Master comes here from Bengall, or send his Attorneys to plead the case and in mid time your Petitioner implores Justice, a[nd] as in duty bound shall ever Pray.

THE ANSWER OF AGA PEREE TO A PETITION PREFERRED AGAINST HIM BY ELIAS CALLOOSE.

May it Please your Hon<sup>r</sup>. &c<sup>a</sup>.

Elias Calloose having made a complaint to your Hon<sup>r</sup>. &c<sup>a</sup> that your Orator had seiz'd a[list] of Goods sent up hither by Coja Surhaad, which is but a sly and malicious insinuation, for Coja Surhaad did send said Goods to your Orators to

## —FORT ST. GEORGE, OCTOBER 1706—

dispose of and remitt the produce thereof to him, as  $\Psi$  his Letter to your Orator will appear, but they being the propper Goods of your Orator, your Orator has thought fitt to send them to other Places, where they may turne to a better Account, which is the constant and known Customs among the Armenians whenever their Gomashter refuses to make up Accounts, as  $\Psi$  a certificate under the Hands of the most substantial Merchants of our Nation in this Place will appear, as for that forged Account which Elias Calloose (without any Power, or Authority from Coja Surhaad) has presented to your Honour &c<sup>a</sup> your Orator can easily detect the falshood thereof by Coja Surraads own Letters who acknowledges therein that he has of your Orators to the Amount of Ten thousand Toman which is three Lack of Rupees, and desires your Orator to come to Bengall to make up Accounts with him, but your Orator has so happily experienced y<sup>e</sup> Honours, Justice, and Integrity of the English Government in these parts, y<sup>t</sup> he shall never be perswaded to make his application for Justice elsewhere, and I believe your Hon<sup>r</sup>. &c<sup>a</sup> will deem it a very preposterous Action in your Orator to be so very importunate with your Hon<sup>r</sup>. &c<sup>a</sup> to send for Coja Surraad up hither if your Orator was any wayes Indebted to him, but with humble submission to yo<sup>r</sup>. Hon<sup>r</sup>. &c<sup>a</sup> your Orator thinks that Person deserving no small punishment who shall have the impudence to present your Honour &c<sup>a</sup> with a notorious and apparent falshood, and your Orator is ready to bind himself with sufficient security in the penalty of Two thousand Pagod<sup>s</sup>. to the R<sup>t</sup>. Hon<sup>ble</sup>. Company if upon Coja Surraads arrivall here he is not found very considerably Indebt<sup>d</sup> to your Orator, and if Elias Calloose hath either Hono<sup>r</sup>. or honesty he cannot refuse to do the same in behalfe of what he has alledged against your Orator besides when Coja Surraad Entertained Elias Calloose for hi[s] Gomaster, and gave him a sum of money to Trade with [It] is declared in the obligation Surraad took of him, that y<sup>e</sup>. Money was part of the stock of our Orator in his hands. As for the money in the hands of Gregory Phanoes & Elias Calloose your Orator hath Attatch<sup>d</sup> it long before these Bills of Exchange came and humbly beggs it may be deposited in Court for part satisfaction of Coja Suraads Debt to your Orator, which if your Orator does not prove to your Honour, &c<sup>a</sup> and the worlds satisfaction he is willing to be condemned in such a penalty as your Honours &c<sup>a</sup> shall then think fitt, all this your Orator humbly leaves to your Hon<sup>rs</sup>., &c<sup>a</sup> wisdom and prudence to determine in whose approved Justice your Orator sh[all] ever humbly acquiesse.

The Nabob arriving yesterday at St. Thoma, and this morning our Mulla Braminy returning to us, sayes that the Nabob received very well the Governours compl[ym<sup>t</sup>.] and did intend to come and stay some dayes at a Garden house a little to the southward of this Town, which [wee] ordered to be cleaned up for his reception if he continued that resolution, which we were resolved should not be encouraged to by any Invitation, they likewise told us [that] they beleived he came not with a design to give us any trouble, which they inferr from the small Force he brought with him, which were not above Five or Six hundred Horse, and Foot, from which we could make no Judgement he having the Country all about at Command; and not knowing what Forces he might have ordered to follow him from Arcott, which induced the Governour to give his orders to double the Guards, and dispose matters for our defence, the Mulla and Braminy further acquainted us that the Nabob in his discourse showed an Earnest inclination to come and dine with the Governour, & spoake many kind things of the English, which they usually doe of all People, when they are carrying on the worst of designs against them.

## —FORT ST. GEORGE, NOVEMBER 1706—

The Governour summoned this Counsel not only to acquaint them what before mentioned, but to consider to send some of the Council to compliment him, about which we likewise consulted some of our Merchants, & our Mulla and Braminy, who all agreed that 'twas absolutely necessary to be done, tho' we ourselves were not so unanimous in that Point, but considering that it was alwayes Customary (except that time when came in an Hostile manner) we are apprehensive should we now omitt paying him that respect, it may induce him to give us trouble, more especially in our Investment now carrying on, which made us resolve to send Mess<sup>rs</sup>. Raworth and Frederick and Henry Davenport Sec<sup>ry</sup>. and immediately to send away the Mulla to the Nabob to know when they shall attend him.

The Directions of the Gentlemen that went were to give the Governour service, and acquaint him of the great Deference he had for his Person, and how often he acknowledged the great obligations he had to him, but by all means avoid encouraging his coming hither to dinner, and if the Nabob should press it, to decline giv[ing] any answer, saying it was a matter about which they had no directions from the Governour.

Our Durbar People representing to us the necessity there was of giving a Present, and all of us being of y<sup>e</sup> same opinion 'tis left the Governour to informe himself what is proper and necessary, but y<sup>e</sup> quantity to be adjusted next Consultation.

The Accomptant produces the amount of M<sup>r</sup>. Meads Deceased Estate amounting to Pagod<sup>s</sup>. 2120 : 29 :—

The Governour acquaints the Council that the Mulla returning yesterday about noone from the Nabob told him that he was ready to receive the Vessett we intended him, so that he immediatly dispatch'd those Gentlemen yesterday ordered to goe, who returned again in the evening acquainting him of the Extraordinary kind reception they had from his Excellency and how Generous he had been to them, who also sent the Governour a Jewell worth between one hundred and one hundred and fifty Pag<sup>s</sup>. and that he had given each of them an Emrold Ring worth about 30 or 40 Pagod<sup>s</sup>. a peice & M<sup>r</sup>. Coningsby & Doct<sup>r</sup>. directed, who the Nabob then enjoyn'd as also Narrain to tell the Governour he desired to come and Dine with him to which he expect<sup>d</sup>. an immediate answer, of which this morning we maturely considered, and consulted our Durbar People, & were all of opinion that should we possitively refuse his coming we should entirely forfeite his Freindship, which in severall respects would be of ill consequence to the Companys Affairs, so resolved to send Narrain and the Mulla to the Nabob to acquaint him from the Gov<sup>r</sup>. that the Honour he designed him to dine with him, was too great for him to expect, or desire, but since he was informed that 'twas his pleasure and inclination he should be very wellcome but requested he w<sup>d</sup>. bring but twenty of his guards with him, for that by the Queens order he could receive no more into the Fort, which if he Agreed too, they were then to desire he would be pleased to appoint his day.

This morning the Governour summoned the Council to consider of, and resolve on the quantum of the Present for the Nabob, and to see what he had provided, which he was informed would be most acceptable to him, and desired that Two of the Council may be appointed to weigh, tell, & make up the Account thereof to prevent the like base and voile informations that has formerly been given against some of his Predecessours of cheating the Company in y<sup>e</sup> Amount of their Presents, and for the same reason he had valued the Jewell that the Nabob sent him, and the Rings he gave the other Gentlemen as mentioned in a foregoing Consultation. Agreed that the Present now to be made to the Nabob, in consideration that he has had nothing of Value for these four years past, to be to the Amount of One Thousand Pagod<sup>s</sup>. and not to exceed that sum, and y<sup>t</sup>. M<sup>r</sup> Empson and M<sup>r</sup> Raworth takes the Account and makes up the Present by the Direction of the Governour.

Narrain and the Mulla went to wait on the Nabob at S<sup>t</sup>. Thoma as ordered this day, and the Gentlemen of Council to the Garden, whither he came about noone, when Narrain decerning that a considerable part of his Forces followed him at least two hundred Horse and Foot, told him he hoped [he] did not expect the Governour should admitt them all to the ffort, who he was confident would not any mo[re] then what agreed on, therefore desired that he would keep his promise, to which he answered that if he went, all th[ose] must be admitted with him, so lighted at the Garden, & bid Narrain goe and acquaint the Governour with his resolution, and that if he could not be received with all his Company it should be the same thing to him if we sent the Dinner to him where he was at y<sup>e</sup> Garden, with which message Narrain came, and soon after the Secretary confirmed the same, when the Governour possitively refused to receive him with more y<sup>n</sup>. twenty men, so ordered the Dinner immediatly to be carryed to him to the Garden with all other necessarys, whither the Secretary and Narrain returned, who were to acquaint the other Gentlemen w<sup>th</sup>. the Governours resolution, and that the Guns he intended to Fire, they should acquaint the Nabob was the Kings health, his own, and such of the great Ministers of State [as] was his Freinds, and would oblige him thereby, the Present was also sent with a List to M<sup>r</sup>. Raworth.

About five this evening Mess<sup>rs</sup>. Raworth & c<sup>a</sup> returned from the Garden, and gave the Governour the following Accom[pts].

That the Nabob at first seem'd out of humour at the answere that was sent him, it was beleived he would not dine there, but after some paucing he dissembled his resentment and sett down to Dinner, and Eat heartily and tasted the Liquors sent him which he liked very well, after Dinner the Present was sett before him, which at first he seemingly refused, but afterwards accepted of it, and soon after he rose up and returned to S<sup>t</sup>. Thoma, and tooke Narrain with him, by whom he sent a Horse value about One hundred Pagod<sup>a</sup>.
