## DIARY AND CONSULTATION BOOK, 1753.

### INTRODUCTION.

1753 was in many ways a critical year in the fortunes of both the English and the French. The contest into which the English had entered as allies of Muhammad 'Ali with the French, the Dalavai of Mysore and Morari Rao the Maratha, was not without its brilliant victories. Thrice Lawrence defeated his enemies, twice at the Golden Rock and once at the Sugar Loaf Rock, and relieved Trichinopoly, the city in dispute between the Dalavai and the Nawab. But each time his success proved inconclusive mainly because of the suspicions of the Tondiman, the fears of the King of Tanjore, their tardy attempts to supply Trichinopoly with provisions, and the diplomacy of Dupleix who encouraged the Dalavai, bought the Marathas, intimidated the King of Tanjore and offering the Nawabship to Murtaza 'Ali of Vellore instigated him to raise disturbances around Arcot. In the Deccan the fortunes of Bussy at first suffered a temporary eclipse only to revive again with added vigour and lustre; the intrigues of the Diwan Saiyid Lashkar Khan to discredit the French cost the Nizam the cession of four circars of Ellore, Condapalle<sup>1</sup>, Rajahmundry and Chicacole. The contest was, indeed, an arduous test as much in warfare and diplomacy as in finances. To the English the wavering attitude of Tanjore, the implacable determination of the Dalavai to secure Trichinopoly through means fair or foul, and the utter poverty and helplessness of the Nawab were as formidable obstacles as they were to the French, the treacherous behaviour of Morari Rao and Murtaza 'Ali, the rapid depletion of the treasury and the stubborn resistance offered by Lawrence and by Saunders and his Council. Before the year closed both parties were weary and exhausted and both sought a temporary respite in the conference at Sadras. The failure of this conference belongs to the succeeding year; but the motives underlying the failure are clearly discernible in the Military Consultations of 1753<sup>2</sup>.

The Public Consultations rarely mention the military events of the year. But they forcibly depict the conditions caused by warfare. As in the previous year there was in 1753 the same dearth of investments, the same difficulty of getting the merchants and weavers to fulfil their contracts<sup>3</sup>, the same complaints from the farmers of revenue about the losses sustained at the hands of the enemy<sup>4</sup> and even more than the same feverish activity on the part of the Government to supply the army with men, munitions and money. The severest strain was put on the Company's finances and to relax it many expedients were devised and several reforms introduced. The year also witnessed the re-establishment of the Mayor's Court and other Courts of Justice and a thorough enquiry into the affairs of the subordinate settlement of Sumatra.

Saunders was at the head of the Government throughout the year. In the beginning he was assisted by a Council of four members, Charles Boddam, Henry Powney, Alexander Wynch and John Smith. In May a fifth member, Charles Bouchier, was admitted into the Council in the vacancy created by the death of William Cockell<sup>5</sup> (1752). There was nothing remarkable about these Councillors except that, in all vital matters of high policy and administration, they generally co-operated with the Governor to tide over each successive wave of perilous situations. This is notably evident in the ungrudging support they gave to Saunders in his unhappy controversy with Lawrence<sup>6</sup>, in

the express summons to Richard Starke, the Deputy Governor of Fort St. David, to come to the Presidency at once to explain his grievances and to establish harmony<sup>1</sup>, and in the various measures which Saunders proposed to exercise a strict control over the investment, accounts and expenses of the Presidency. Whatever private differences there might have been between them or between them and the Governor they were not yet allowed to affect public affairs<sup>2</sup> which so imperatively demanded goodwill and co-operation.

Almost from the beginning the supply of war material to the camp *via* Fort St. David absorbed the attention of Saunders and his Council<sup>3</sup>. As months passed, as Lawrence marched from Trevedy to Trichinopoly to engage the enemy, the problem became more and more acute. In February, Bombay was requested for a detachment<sup>4</sup>. In March, Captain Polier and his Swiss company newly arrived from Bengal were sent to Fort St. David<sup>5</sup>. When the shipping season was soon to commence, Richard Starke and his Council were informed that the *Winchelsea* was expected to touch at Fort St. David and that they should land from that ship, as also from other ships, which might touch there, all the recruits and military stores<sup>6</sup>. It was apprehended that the French were expecting a large supply of recruits<sup>7</sup>, and therefore, the recruits intended for Bengal were landed from Europe ships<sup>8</sup> and Bombay was again pressed for a reinforcement<sup>9</sup>. The military stores sent for the Bay were likewise landed and the Government of Fort William was acquainted with the necessity of the measure<sup>10</sup>. These precautions were undoubtedly wise. For the indents for men and military stores from the camp were pouring in quick succession, and to comply with them, to outmatch the French with a superior force, no avenue could be left unexplored. At the call from the camp in July a detachment under Captain Ridge was ordered to proceed to Devicotta and from there to the camp at the first summons from Lawrence<sup>11</sup>. Of the Swiss recruits landed from Europe ships those intended for the Coast were incorporated in Schaub's and Gaupp's companies and those intended for Bengal were incorporated in Polier's company<sup>12</sup>.

Great difficulty was experienced in the provision of gunpowder. Fort St. David, it is true, manufactured gunpowder<sup>13</sup>; but it was quite insufficient to meet the growing demands of the army. Consequently, the first thing done was to order (January) the erection of a Powder Mill in Madras<sup>14</sup>, the need for which had been stressed by Brohier, the Engineer, in the previous year<sup>15</sup>. Brohier pitched upon the Egmore Redoubt for its site<sup>14</sup>, but its construction was not completed in 1753 though arrangements were made in advance for its necessaries, Devicotta being directed to send piles of Erk-wood for making charcoal<sup>16</sup> and the Military Storekeeper required to have a sufficient quantity of charcoal ready for its use<sup>17</sup>. In the circumstances, the Presidency was greatly dependant on England, on Bengal and on Bombay, for this all important article. Every ship that arrived from England brought ammunition<sup>18</sup>, yet, that too was found insufficient, part of the gunpowder intended for Bengal was landed<sup>19</sup> and every Captain was requested to spare what he could<sup>20</sup>, and

furthermore, both Bombay<sup>1</sup> and Bengal<sup>2</sup> were requisitioned for supplies. The gunpowder received from Bengal was on more than one occasion found entirely worthless<sup>3</sup>. In June, for instance, the Engineer reported that while an ounce of the Fort St. David manufacture carried the shell 43 yards, an ounce of the Bengal manufacture did not move the shell out of the mortar<sup>4</sup>. The Presidency asked Fort St. David to reserve such powder for salutes alone<sup>5</sup> and to send the best variety to the camp. The fact was that the Government of Bengal bought gunpowder from the Moors who showed one sample and sent another insisting on being paid for it before it was delivered at Hooghly<sup>6</sup>.

These and other preoccupations concerning the Company's finance and commerce, left little time for the Government to push through the programme of improving the fortifications of Fort St. George. Brohier, we learn, was all the time engaged in the work. When Colonel Scott, the Engineer General, arrived at Madras (August) on his way to Bengal, Brohier was asked to lay all his plans "of the works carrying on and intended" before him<sup>7</sup>. On Scott's recommendation Lieutenant Barker of the Artillery was appointed as assistant to Brohier<sup>8</sup>. A letter from Scott recorded in the Consultations throws some light on the works in progress<sup>9</sup>. He advised that the bricks and chunam should be made with all expedition and that a greater number of coolies and artisans should be employed. This was apparently done<sup>10</sup>, and in order that the Company's works might not suffer, it was laid down that no persons employed on them or on the fortifications should undertake the construction of private buildings without the permission of the Government<sup>11</sup>. Brohier desired the continuance of his pay as Engineer in addition to the pay he received as Captain in the Artillery, and a palankeen and a horse for the efficient discharge of his duties, but though these requests were not granted, the allowances of his assistant were increased on his recommendation<sup>12</sup>. The duties of the Engineer were, in fact, increasing. He was asked to survey and repair the gun-carriages<sup>13</sup> and the damages sustained by the buildings in the terrible storm of 1752<sup>14</sup>; to undertake the construction of the Powder Mill<sup>15</sup> and of the Officers' quarters in the square adjoining the demolished Portuguese Church<sup>16</sup>; to estimate the charges of building the St. Thome Redoubt<sup>17</sup> and the repairs needed for debtors' prison<sup>18</sup> and the hospital<sup>19</sup>.

To make room for the military barracks, the hospital fronting the parade ground in the Fort, had been in 1752 ordered to be shifted to Peddanayagie Pettah<sup>20</sup>. This transfer actually took place only in May 1753<sup>21</sup>. From that time onward little is mentioned about the hospital till August when Mr. Horseley, a Surgeon's mate, was entertained to assist doctors Turing and Munro<sup>22</sup>. In December a new era began in the management and organization of the hospital. Agreeable to the orders from Home<sup>23</sup> it became customary for one of the members of the Council to visit the hospital almost every week and to lay before the next meeting of the Board, the complaints, if any, from the patients or surgeons<sup>24</sup>. Nothing, however, of any direct benefit resulted from this practice during the year, save that the salivating ward open and leaky in many places was ordered to be repaired<sup>25</sup>. But the indirect benefits from it must have been considerable since it must have naturally contributed to a closer attention of the surgeons on the patients. As we shall see the years to come witnessed innumerable improvements because of this direct supervision by the Government.

One of the problems with which the surgeons as well as the Government were faced was the ill health and sickness among the Coffrees or slaves imported from Africa. The policy of utilizing the males in the military on the Coast and the females in the pepper plantations of Sumatra has been alluded to in the previous volume<sup>1</sup>. In 1753 this policy could not be effectually carried out owing to smallpox and other diseases with which the Coffrees were afflicted<sup>2</sup>. James Calvineer who had contracted to diet them was paid extra allowances for the special diet he had to provide them on doctors' orders. The sick, we are told, were "very frequently" served with chicken, etc. It was resolved in July that in future the Coffrees should be allowed the same pay as the military to diet themselves as it "will be more satisfactory to themselves as well as less expensive to the Company<sup>3</sup>." That the Government were ever solicitous about their welfare is seen by the fact that, when the *Dragon* arrived with a fresh cargo of slaves from Madagascar, the same salutary rules as were made in 1752 to house and to look after them were enforced<sup>4</sup>. Besides the Coffree women were directed to be cloathed, a Coffree smith was granted an allowance<sup>5</sup> and, on doctors' advice, the Coffrees intended for Sumatra were ordered to be detained on the Coast till their complete recovery<sup>6</sup>.

A serious revolt of the Coffrees could have crippled one of the major schemes launched by the Company. This occurred, however, not on the Coast but in Negrais where an expedition was sent under David Hunter<sup>7</sup>. Since several allusions to this expedition are given in the Public Consultations, it is well to trace here briefly its course till the close of 1753. Under the impulsion of the Directors who wished to revive trade with Burma and to secure a safe harbour for repairing and refitting ships of large burden, the Government in 1752 directed Robert Westgarth to establish a Residency at Pegu<sup>8</sup>, and Thomas Taylor to make a settlement at Negrais<sup>9</sup>. The King of Pegu, a Tailung, who had recently raised himself to the throne after a crushing victory over the Burmese, granted readily enough the permission to re-establish trade relations with Syrian, a city in the proximity of his capital<sup>10</sup>. But to the proposal to set up a fortified factory at Negrais he and his brother, Upper Raja, were opposed though they sometimes made promises and often gave some hopes<sup>11</sup>. This was mainly, it would seem, due to the influence of M. Bruno, a French envoy of Dupleix at the Court of Pegu<sup>12</sup>. By the beginning of 1753 it was perfectly clear that what was needed to achieve success, to dislodge the French, was an expedition under an experienced commander willing to co-operate but capable, if necessary, to carry conviction at the threat of force. Such a project was matured by the Directors and accordingly David Hunter, the Governor of St. Helena, arrived in Madras and started from there with an assistant, a few Company's vessels, some Coffrees, a small force, an engineer and a few artisans<sup>13</sup>. But the expedition was doomed to meet great disappointments. No sooner had Hunter reached Negrais and set himself busy to fortify the place, than the Coffrees revolted, sickness took a heavy toll, and the swamps and marshes of the forests made their stay exceedingly precarious<sup>14</sup>. Hunter himself fell ill<sup>15</sup>. The Presidency encouraged him to persevere<sup>16</sup>, remitted the customs on King's goods<sup>17</sup>, ordered for the King and his brother two costly palankeens<sup>18</sup>, and being unable in the midst of warfare to render adequate

assistance to Hunter, requested Bengal to send him men and supplies<sup>1</sup>. But nothing tangible resulted. Experience suggested to Hunter that Persaim was far more healthy and better suited for trade than Negrais. Thither he sent Taylor to explore the ground and approached the King for permission<sup>2</sup>. The King promised but did nothing. The palankeens were consequently retained to be sent under more propitious circumstances<sup>3</sup>. More about this expedition will be noticed in the succeeding volumes. Suffice it to remark here that, though the King of Pegu gave but little encouragement, that of Tavoy, in fear of the Dutch, invited the English to settle in his kingdom and promised every facility in the trade in tin, etc<sup>4</sup>.

While the affairs at Negrais were far from flourishing the affairs at Fort Marlborough were fast descending into chaos. Though that settlement was subordinate to Fort St. George it was conducting its transactions on quite independent lines, separated as it was by a stretch of the sea which made any effective supervision illusory. Its management does not seem to have attracted early attention either at Home or at the Presidency. We hear little about it in the Consultations of the previous years, save in connection with the Company's shipping, the supplies of stores and provisions, and occasional friction with the country powers and with the Dutch at Batavia. In 1752 the Directors demanded a thorough enquiry into its affairs<sup>5</sup> and on the receipt of their orders in the following year<sup>6</sup> Saunders and his Council resolutely set themselves to further the undertaking. The primary step was to appoint Supervisors, and this was by no means easy as both Walsh and Drake, the two persons selected, put up excuses of ill health, being unwilling to sacrifice their prospects on the Coat<sup>7</sup>. At length after a tedious controversy Drake who occupied the third rank in the Council of Fort St. David was censured for his refusal<sup>8</sup> and John Pybus was selected in his stead<sup>9</sup>. Walsh was compelled to acquiesce<sup>10</sup> and he and Pybus were appointed Supervisors<sup>11</sup>. Meanwhile a committee consisting of Saunders, Boddam and Powney<sup>12</sup>, having waded through a whole mass of correspondence with Sumatra, produced a masterly report<sup>13</sup> as scathing in its criticism of the past as it was helpful in its suggestions for the future.

The report touched upon many matters. The Company's vessels from Sumatra had been often sent to Batavia for private trade<sup>14</sup>. A notorious neglect had been shown in keeping the smaller vessels and sloops in repair<sup>15</sup>. Little attention had been bestowed in lading the Company's ships<sup>16</sup>. There had been a steady decrease in the produce of pepper and this was due, not, as was alleged, to smallpox, nor to the arbitrary and oppressive customs of the country, nor to the idleness and ignorance of the planter, nor again to the badness of the soil and the nature of the crops, but to a "gross Neglect and Indolence" of those in authority who had dropped the surveys and taken no pains to improve cultivation. The only way to restore the investment to its former flourishing condition was to make regular surveys, to compare the produce of the current with that of the preceding year, to reward the industrious and to punish the lazy<sup>17</sup>. It was essential to examine whether the several subordinate settlements that had been kept up really answered the purpose. "We had hopes that the several new settlements they had made would have been of considerable Advantage to the Company, but this does not appear." It was equally essential to make

intensive scrutiny into the new acquisitions to see if they admitted of improvement and if the money spent on them now could be recovered in the future. The reckless propensity to extend the Company's settlements without any serious consideration should be curbed<sup>1</sup>. The most friendly relations should be established with the country powers<sup>2</sup>. The Supervisors must also "inform themselves whether justice is duely and impartially administered", and rectify all irregularities. "It won't be amiss to enquire whether the leading Men are treated with the Respect due to their different stations"<sup>3</sup>. No Company's servant should be dismissed without the previous consent of the Presidency. At most he could only be suspended, and every person must be allowed the free liberty of defending himself. "In their consultations they should keep up a decent Decorum and not suffer themselves to be molested with noisy Altercations, whoever presumes at this should be ordered to withdraw, when any subject is proposed it should be debated calmly, every one suffered to give his opinion without Interruption, and when put to the Vote, the voices should be collected from the youngest in Council to the Deputy Governor and not from the Deputy Governor to the Youngest in Council as it is at present"<sup>4</sup>.

This frank disclosure of unpalatable facts, this earnest endeavour to cleanse the Augean stables, to put the settlement on a firm footing, does much credit to Saunders as well as his colleagues of the West Coast Committee. The Supervisors were not only supplied with a copy of the report but armed with special powers over the Deputy Governor and Council of Fort Marlborough<sup>5</sup>. In November they started on their mission<sup>6</sup>, but from that time till the end of the year we do not come across the affairs of Sumatra.

In Fort Marlborough as well as in Madras the Government more than once came into conflict with the Dutch. The relations between the two nations could have been strained but for the tact and good sense shown by Saunders and his Council. Whenever complaints were preferred by the Dutch they were examined, and, if found justifiable, redressed. On a complaint from the Governor of Negapatam that some sepoys under Pigot's orders from Vizagapatam had forcibly entered into the Dutch territory and taken away a refugee, Pigot was reprimanded for his misconduct<sup>7</sup>. When Batavia complained that Fort Marlborough had erected fortifications and made a settlement at Natal contrary to the treaties subsisting between the Dutch and the country chieftains, the Deputy Governor and Council of Sumatra were directed to make a strict enquiry into the allegations of the Dutch, to abandon Natal if their claims were just, to refer for further orders if their claims should prove unfounded. The Government of Fort Marlborough seems to have settled at Natal with the approbation of the Presidency. But when the Presidency approved they did not know about the agreements of the Dutch, and hence it was, that the enquiry was ordered and the fact reported to Batavia with a request to produce copies of their agreements<sup>8</sup>. The Dutch likewise showed good sense in assisting the Captain of the *Delawar* to refit his battered ship at Galle, in providing facilities for him at Batavia<sup>9</sup>, and in compensating, on a representation from Saunders and his Council, Captain Burman for the unjust seizure of his *Surprise* sloop at Padang<sup>10</sup>. Saunders and his Council believed that so long as the Company's interests were safeguarded there was no reason to disturb harmony in their relations with the Dutch<sup>11</sup>.

We may now turn to a subject of most absorbing interest, the Company's investment on the Coromandel Coast. Commerce can hardly flourish where war prevails, and the fever of warfare which raged in the Carnatic and spread in the Deccan undermined the Company's investment. The weavers found it impossible to pursue their trade in peace, the merchants felt it precarious to entrust them with money, and the Government experienced much difficulty in

procuring merchants who could be expected to carry out their contracts, and having procured them, in advancing them sufficient funds at a time when the demands from the camp practically impoverished the treasury. Yet several efforts were made to encourage the investment both in Madras and the Subordinate Factories.

It has been seen in the previous volume that the clouds which threatened to engulf Ingeram, Bandermaalanka and Vizagapatam, the three Northern Factories were dispelled by the murder of Ramdas Pantaloo<sup>1</sup> and the friendliness shown by the Raja of Viziam Razu<sup>2</sup>. The Raja granted Nellapallee and other towns<sup>3</sup> and Coringa<sup>4</sup> and the Resident of Ingeram took possession of them early in 1753<sup>5</sup>. For some time the affairs continued fairly quiet, and Westcott the Resident of Ingeram, Andrews the Resident of Bandermaalanka and Pigot and his Council at Vizagapatam found little difficulty in procuring as much cloth and calicoes as possible and lading them on vessels to Madras<sup>6</sup>. They were periodically supplied with money for the investment<sup>7</sup> and in May, on orders from Home specially asked to encourage it<sup>8</sup> and to try if painting could be done cheaper in the Deccan<sup>9</sup>. The paintings done at Vizagapatam proved bad, the colours, particularly red, too dull for the Europe market. Pigot was asked to make another trial<sup>10</sup>. Meanwhile they were finding their prospects barred by a series of obstacles. In April Vizagapatam complained of the dearness of cotton and the scarcity of dubs<sup>11</sup> (copper money), with which alone the weavers could buy thread and supply their daily needs<sup>12</sup>. In May the same difficulty was reported from Bandermaalanka<sup>13</sup>; while Ingeram alluded to another cloud in the horizon, the renewal of the quarrel between the Raja and the Nawab of Rajahmundry<sup>13</sup>. In July Vizagapatam remarked that they had little prospect of increasing the investment "as the Merchants are extremely backward in bringing in Cloth, either through the Dearness of Cotton, the Scarcity of Copper Money or that a very strict regard is paid to the sortments, though in all other Respects They had every Indulgence shewn them"<sup>14</sup>. Saunders and his Council were not slow to assess the situation. They knew that the money they had sent in Madras Pagodas and Rupees was of very little avail in the face of the scarcity of dubs. In July they ordered that 10 candies of copper should be coined and sent thither at the earliest opportunity<sup>15</sup>. But this order could not be complied with as the Mint was wholly engaged in coining the treasure intended for Bengal<sup>16</sup>. In August therefore 60 candies of copper were sent to Vizagapatam to be coined there for the three settlements<sup>17</sup>. Here again as ill luck would have it, it was not till the close of the year that the persuasion of Pigot and the representation of Saunders extorted from the Nawab the grant of permission to coin dubs at Vizagapatam. The Nawab was afraid of incurring the displeasure of the French who were great with Salabat Jang: and so he hesitated, and at last consented to the coining of dubs only for the use of the Company's factories<sup>18</sup>. But it was too late. For, by that time events had moved swiftly towards a crisis. To the scarcity of copper money had been added an intensive competition of the French from Masulipatam and a fierce fighting between the Nawab and the Raja. The French were encouraging all merchants to trade with them by accepting whatever cloth was brought in, whether good, bad or indifferent, at a high price<sup>19</sup>. The Nawab and the Raja were burning and pillaging the villages, driving the weavers from their houses, and levying contributions on

the people<sup>1</sup>. In this quarrel it is interesting to note that the Company's settlements maintained neutrality despite much pressure from both parties<sup>2</sup>. When the Raja proposed to buy peace from the Nawab for 5½ lakhs of Rupees and requested Pigot for an advance, he was told that Vizagapatam had hardly any money to spare<sup>3</sup>: when the Nawab demanded of Westcott, the rents of the towns granted by the Raja he was put off by the excuse that they were due only in December<sup>4</sup>. Eventually the Raja joined by Naranda, a Northern Chieftain, gained a complete victory over the Nawab<sup>5</sup>, and by tact and timely assistance rendered to the Raja's wounded men, Pigot obtained from him permission to hoist English colours at Connara, a place where the French had intended to settle in order to ruin the English trade<sup>6</sup>. This, however, was to little purpose. The grant of the four circars by Salabat Jang to Bussy<sup>7</sup> created at once a potential menace which was soon to overwhelm all the three Northern Factories.

Conditions were not better at Fort St. David. In January and February the Deputy Governor and Council were able to send a respectable quantity of bales to lade the ships bound for England<sup>8</sup>. But, as the French occupation at Trevedy continued, as Chidambaraum fell to the enemy, the merchants became slow in bringing in cloth; the Salem merchants represented that they could not send any without an escort for fear of being pillaged on the way<sup>9</sup>. With the shifting of the scene of action to Trichinopoly (May) and the continuous stream of demands for supplies of money from the camp, Fort St. David was frequently drained of its treasury and therefore, as frequently was compelled to make demands on the Presidency for advancing money to the merchants<sup>10</sup>. The Presidency tried their utmost to satisfy these demands<sup>11</sup> and requested Lawrence to send an escort to the Salem merchants<sup>12</sup>. Yet, Fort St. David still complained of want of sufficient funds to carry on the investment<sup>13</sup> while Lawrence found it impossible to spare the escort<sup>14</sup>. In these trying circumstances the Presidency made every effort to retrieve the situation. The Deputy Governor and Council of Fort St. David were asked to keep a strict watch over their accounts<sup>15</sup>, to insist on the merchants to reduce their balances, (which in one case amounted to more than 18,000 pagodas<sup>16</sup>), to advance no more than 5,000 pagodas at a time to each merchant<sup>17</sup>, to grant no more advances until they had cleared of their outstanding balances, and not to make any advances to the Salem merchants who could not be expected to bring in their cloth<sup>18</sup>. Fort St. David promised to adhere to these instructions, and in the meantime, being unable to secure much cloth from the old merchants, engaged a new merchant Paupa Razu, an agent of Linga Chittee, to provide for the investment<sup>19</sup>. This merchant succeeded in fulfilling his contracts<sup>20</sup> but the Presidency resented the action of the Deputy Governor and Council who had employed him without their previous consent<sup>21</sup>. Towards the end of the year, the blue dyers at Fort St. David complained that a combination of the dealers in indigo had doubled the price of that article and the Deputy Governor and Council requested whether such a monopoly highly injurious to the Company's investment might not be prohibited<sup>22</sup>. The reply sent by Saunders and his Council is full of interest. They observed that "all such Combinations should be prevented if possible without the immediate Interposition of Power, which is inconsistent with the Liberty of an English Colony and on which alone Trade can flourish, but that if the Exportation of that Commodity were prohibited, it might have the desired Effect<sup>23</sup>."

The difficulty of transporting cloth from the weaving towns in the interior to Fort St. David suggested to Saunders and his Council the expediency of considering an investment at Devicotta. Devicotta had hitherto served solely as a magazine for military stores from where supplies could be conveniently despatched *via* Tanjore to Trichinopoly. But it was nearer to Shiyali, a cloth manufacturing centre, and consequently it might be expected to yield considerable saving in transport charges. It had, however, to be considered what effect the change would have on the Fort St. David investment, and whether the expenses of erecting godowns and maintaining a proper staff at Devicotta would not be exorbitant. The matter was therefore referred to Fort St. David and Devicotta and they were asked to make a thorough and impartial investigation and to offer their opinions (November)<sup>1</sup>. Fort St. David reported unfavourably: that the change would interfere with their investment and “probably embroil the merchants of the two settlements who would be obliged to provide their Cloth in the same towns.” At the same time they suggested that, if proper godowns were built at Devicotta to enable their merchants to lodge their cloth in security as soon as it was manufactured, and if the King of Tanjore was induced to let the cloth pass from the weaving towns near Devicotta free of juncan, more cloth could be produced at cheaper rates<sup>2</sup>. As Devicotta did not send in its report during the year<sup>3</sup>, the Presidency did not pass any orders.

In Madras itself the investment came up for consideration as soon as the Europe ships began to arrive. In May, when the *Clinton* and the *Suffolk* brought the list of the investment to be provided on the Coast, extracts from this list relating to the subordinate settlements were distributed and the Madras merchants were summoned before the Board<sup>4</sup>. They were harangued on the complaints from Home about the debasement of several manufactures, particularly of the long cloth ordinary, and warned that, unless they promised amendment and undertook to provide cloth on the same terms as those of last year, the Government would be compelled to introduce a new set of merchants. “We should not only reject every Piece of Goods unfit for the Europe Market or inferior to Muster, but in that case require them immediately to make good their respective Balances”. To this, Tellasingha Chittee in the name of the whole group replied that the causes of the debasement were, the unsettled state of the country, which rendered labour as well as materials of all sorts costly, the risks involved in advancing money to the weavers and transporting the goods from the villages into the town. It was “in vain to expect the same species of Goods . . . for the same Prices as were formerly given.” Still, they would undertake the investment and promise improvement so far as the circumstances permitted, not with a view to immediate profit, but with a view to avoid being called upon to make good their balances “which would as greatly affect their Credit as the name of the Company’s Merchant is a support to it in the other Branches of their Trade.” Saunders and his Council being perfectly sensible of the justice of these remarks determined to try them again at least for one year, and engaged with each set to provide the same sortments as before<sup>5</sup>. In July, each of the three sets of merchants of ordinary goods, Tellasingha Chittee and Cundapah Chittee, Gundaveddy Venkata Ramah and Nella Chittee and Sunca Venkata Ramah and Ambalatody Chittee were advanced 5,000 pagodas<sup>6</sup>.

The provision of the fine goods was taken up early in August. It will be recollected that in 1752, Linga Chittee, the principal merchant in this branch, had been severely reprimanded about the badness of his manufacture and, in accordance with the policy formulated, he and his partners had been compelled to agree to an abatement of 5 per cent<sup>7</sup>. This procedure had created

some discontent among them and the President therefore had cautiously sounded new merchants and ascertained that Tellasingha Chittee was not unwilling to accept the proposed terms<sup>1</sup>. When therefore Linga Chittee absolutely refused to undertake part of the investment at an abatement of 5 per cent. Tellasingha Chittee was called in. He agreed to the proposed terms and at first chose as his partner Gundaveddy Venkata Ramah, but later, after the Board had approved this selection, selected Linga Chittee and Servanah Chittee as partners and gave up Gundaveddy. But the Board insisted on the inclusion of Gundaveddy into the contract and declared that each should have a fourth part of the investment. The other three consented after some discussion and all the four were advanced 20,000 pagodas to begin with<sup>2</sup>.

In September and December the Painters, Tonapah and his partners were given the usual advances<sup>3</sup>. In the former month, on a complaint from the washers that their conicoplys had defrauded them of large sums the washers were allowed to choose their own conicoplys<sup>4</sup>. It is creditable to note that no complaints from the Madras merchants were heard during the year.

A few points relating to the goods imported from Europe call for remarks. Broad cloth damaged in the late storm of 1752, which had been sold to the merchants but which they refused to clear from the Company's warehouse on the ground that the Company should bear the loss was ordered in April to be sold in auction<sup>5</sup>. It was, however, actually auctioned in November after previous notice was given to encourage bidders that the cloth would be delivered to the buyers for one month's trust<sup>6</sup>. There was really no demand for broad cloth, and for this reason the bales received during the season were not put up for sale in 1753. But as the Directors had positively ordered that it should be sold the same season it arrived, it was directed to be put up at outcry on the 30th January 1754<sup>7</sup>. As the medleys received during the season were very much spotted and mildewed, a defect which had also been noticed for several years past, the fact was reported to the Directors. On a complaint from the inhabitants that the Company's velvets and camblets were retailed at a much higher price than was customary, they were ordered "to be retailed in future at the usual advance<sup>8</sup>." Iron was put up at outcry in July<sup>9</sup>; lead in August<sup>10</sup>. Copper put up for sale with lead having had no bidders was auctioned in September<sup>11</sup>.

In this period of chronic turmoil, of falling investments and diminishing market for foreign goods, no problem harassed Saunders and his Council more than the problem of finance. For finance was bound up with four great issues; the great demands of the army, the utter poverty of the Nawab, the scarcity of gold, and the insufficiency of treasure sent from Home. Saunders and his Council therefore had always to be vigilant and resourceful. The Military Consultations of 1753 bear eloquent testimony to their efforts to induce the Nawab to bestow more attention on his revenues, to pay up his large debts to the Company, and if not, to put an end to the wasteful war by coming to terms with the Dalavai, even at the cost of losing Trichinopoly<sup>12</sup>. The Public Consultations describe their endeavours to supply the needs of the army and the investment, to avoid the perils created by the scarcity of gold, and to supplement the insufficiency of treasure received from England. As will be seen, every source of revenue was carefully supervised and every attempt made to economize expenditure where economy could be practised with safety.

The scarcity of gold continued throughout the year: and this meant also a scarcity of pagodas with which all Government payments were made. To minimize this evil, to maintain always a sufficiency of pagodas in stock for

defraying expenses rupees were sold for pagodas almost every month, often more than once in a month<sup>1</sup>. Yet this evil was not so formidable as the enormous demands of the army which came from Fort St. David. The usual method of remittances was by bills: bills drawn on the Presidency in favour of persons who had lent money to Fort St. David were cleared as fast as they were presented. Such bills were very frequently drawn<sup>2</sup>. The Presidency also remitted bills<sup>3</sup> on substantial persons, on the Company's servants or on the representatives of the well-known bankers of that age, Bucanjee Cossidass<sup>4</sup>. During May the Presidency found it inconvenient to honour bills drawn at short notice and ordered Fort St. David to issue no bills of less than 10 days sight<sup>5</sup>. The Deputy Governor and Council, however, felt it impossible to carry out this order the moment the demands from the camp became pressing, and so, the order had to be withdrawn<sup>6</sup>. Many a time when no bills could be drawn and Fort St. David was short of money the Presidency had to send cash from its own coffers or by borrowing<sup>7</sup>. The situation at Fort St. David became critical when Lawrence set out on his march from Trevedy to Trichinopoly taking with him a large sum of money from the treasury<sup>8</sup> (April). From that time to December either on account of the investment or on account of the army, innumerable requests for money came from Fort St. David<sup>9</sup>. In November, we are informed 20,000 pagodas were lent by Saunders to comply with one of these requests<sup>10</sup>.

The Company's ships as usual arrived from England between May and August: the *Clinton* and the *Suffolk* in May<sup>11</sup>; the *Marlborough*, the *Edgbaston* and the *Boscawen* in June<sup>12</sup>; the *Montfort*, the *Harcourt*, the *Portfield*, the *Falmouth*, the *Egmont* and the *Elizabeth* in July<sup>13</sup>; the *Winchelsea* and the *Dragon* in August<sup>14</sup>. They brought, save the last, bullion for the Coast as well as for the Bay<sup>15</sup>. As soon as the bullion was landed and reported to be correct by the Committee of Treasury, it was sent to the Mint for coining. Coining had to be done with all expedition not only for the needs of Madras and its subordinate settlements<sup>16</sup>, but for supplies to Bengal<sup>17</sup>. The Mint was technically under the direct control of the Governor, who was the Mint Master; but it was immediately, it would seem, under Linga Chittee, who was answerable for the bullion delivered into the Mint and who contracted to coin money<sup>18</sup>. There was also an Assay Master whose business was to assay the coins and to point out any deficiency in their fineness. His duties were thus important as the credit of the Company depended on the genuineness of the coins that it issued. On one occasion in 1753, he was severely reprimanded for his remissness<sup>19</sup>.

Though the Mint was busy all the year round, the Government discovered in August that the treasure consigned to the Coast was inadequate to meet its demands. The Accountant calculated that the expenses of the Coast settlements for the current year would exceed by 1½ lakhs of pagodas the total of the supplies received from Europe and the produce of the revenues. To supply the deficiency Saunders and his Council hit upon the only possible solution, the detention of part of the treasure intended for Bengal, and informed that Presidency that they had been obliged to take that step because of the most pressing needs of the army<sup>20</sup>. Fort William complained that the Company's orders for their investment amounted to about double the treasure that had been sent them, that unless they were supplied with all the treasure sent for

them by the Company, they would be compelled to raise loans at high interest<sup>1</sup>. But they were told that necessity alone had prompted that measure and that the Directors had approved it<sup>2</sup>.

By this method, and by exercising a stringent control over expenditure in general, Saunders and his Council hoped to triumph over the situation. A strict watch was kept throughout over the accounts of the subordinate settlements and, whenever they were backward in transmitting them, they were warned<sup>3</sup>. In Madras itself all branches of administration, notably the construction and repair of buildings, were carefully supervised. For every construction the Engineer was first asked to prepare estimates: no repairs above 50 pagodas were ordered to be made without an order of consultation<sup>4</sup>. On the suggestion of Saunders the Accountant was ordered to draw up monthly abstract of the expenses of the settlement compared with the preceding month, explaining the causes of increase and decrease, so that, a strict watch over expenditure might be maintained. In accordance with the orders of the Directors he was also asked to draw up, soon after the arrival of the Coast and Bay ships and the landing of treasure, an account specifying what treasure might be necessary for the use of the Coast settlements for the current year, mentioning the sums required for the investment, fortifications, camp, bonds, etc.<sup>5</sup>.

Of the sources of revenue, customs and other duties (see pages 407, 408) did not call for much attention. There was, however, a conspicuous instance in which the Government tried to augment customs: in order that the land customs of Madras might be increased an old regulation prohibiting vessels from Bengal from landing at any Moors ports to the southward of Madras was revived and Fort William requested to publish this regulation<sup>6</sup>. But in the matter of the Company's farms the Government had to be constantly on the alert to see that no requests for remissions were granted out of all proportion to the losses sustained by the renters. In February the farmers of Paddy Fields and Salt-pans represented that they had sustained considerable losses in the late storm and prayed for a proportionate abatement in their rents. The Board disallowed this claim on the ground that the terms of their cowles did not permit such allowances as they expressly stated that the benefits as well as the losses should be shared by the farmers<sup>7</sup>. It has been seen in the previous volume that the renters of Poonamallee requested for remission on account of the damages sustained from the enemy in 1752 and were granted a remission of 12,000 pagodas<sup>8</sup>. This sum they alleged was quite insufficient and failed to remit the rents due in June 1752. There was no reason whatsoever to believe their exaggerations and so in May 1753 Saunders peremptorily insisted on their payments due "unless they would take the most solemn Oath before their God in the Pagoda according to the Custom of the Gentous that their Damages really and bona fide amounted to more<sup>9</sup>." This had the desired effect and the dues were paid in June<sup>10</sup>. The same month the Board undertook to make detailed enquiries in regard to the value of the Poonamallee farm with a view to reletting it on the expiry of the current cowle (July)<sup>11</sup> and eventually farmed it out to Rayal Pundit, a substantial Brahminy of Trivelore. He undertook to rent the country for a year for 35,000 pagodas and to repair the tanks which were greatly damaged at his own expense, provided he was given preference for farming it again the next year, or in default, paid the expenses he had incurred over the repairs<sup>12</sup>. Nor was this all. It was resolved to examine all cases of arrears due from the farmers before the loss of Madras and, for this purpose, a committee was appointed<sup>13</sup>. And when in December the farmers of St. Thome etc. villages applied for remission on account of

the losses sustained from the ravages of Raja Sahib, which they asserted amounted to more than 2000 pagodas, they were allowed no more than 1000 pagodas unless they swore in their Pagodas as to the verity of their accounts<sup>1</sup>.

The year 1753 is memorable for the re-establishment of the Mayor's Court in Madras. The Old Mayor's Court had vanished with the loss of Madras to the French in 1747; and the Company's counsel having held that it could not be revived except by a new Charter, the Charter was obtained by the Directors and transmitted early in 1753<sup>2</sup>. To understand better the action taken by the Government on receipt of the Charter it is necessary to know briefly its provisions. There was to be a Mayor's Court, a Court of Oyer and Terminer and Gaol Delivery and Justices of the Peace and a Court of Requests. The Mayor's Court was to consist of a Mayor and 9 Aldermen. They were to assemble on the first Tuesday in every December and nominate two persons one of whom was to be chosen by the President and Council as Mayor for the ensuing year. Vacancies among Aldermen must be filled by the President and Council who also must fine all persons refusing to serve as Aldermen. The Court was empowered to decide all civil suits arising at Madras or at the Subordinate Factories, save those between Indians and those under the value of 5 pagodas. It might imprison for debts, frame rules of procedure subject to the Company's approval and grant Probates of wills and Letters of Administration. The Company were liable to be sued in it. It was to examine Christians upon oath, Quakers upon affirmation and Indians according to caste custom. Appeals were to lie to the President and Council whose decision up to 1000 pagodas was to be final. Further appeals for larger sums were to lie to the King in Council. The President and members of the Council were to be Justices of the Peace, were to hold Quarter Sessions, were to be Commissioners of Oyer and Terminer and Gaol Delivery for dealing with all offences, save high treason. The President and Council were to name the first Commissioners of the Court of Requests numbering not less than 8 nor more than 24. On the first Tuesday of every December half the Commissioners must go out when the remainder must elect persons to fill vacancies. This Court was to hear and determine summarily all suits to the value of 5 pagodas and under. A Sheriff was to be appointed annually by the President and Council who might also appoint an Accountant General to the Mayor's Court<sup>3</sup>.

This Charter with an explanatory Despatch, with instructions for the procedure of the Courts and with law books arrived on the *Falmouth* on the 24th July<sup>4</sup>. Saunders and his Council at once set themselves to enforce it. During the last week of July and the whole of August they were busily engaged on this work. On the 30th the Board took the oaths of Justices of the Peace, and Commissioners of Oyer and Terminer and Gaol Delivery and considered the question of the appointment of the new Mayor and Aldermen. The Charter named Cornelius Goodwin as Mayor and William Percival, Dawsonne Drake, Robert Clive, Samuel Banks, John Walsh, Samuel Greenhaugh, George Mackay, Andrew Ross and William Roberts as Aldermen. Of these Goodwin and Clive had left for Europe, while Drake, Banks and Roberts had become unqualified for office by their absence from Madras for over a year. The vacancies thus created were filled up by the appointment of William Percival as Mayor and Andrew Munro, Edward Edwards, Richard Fairfield, John Browning and John Smith as Aldermen<sup>5</sup>. The new Mayor and Aldermen were sworn on the 2nd August and supplied along with the exemplification of the Charter and a book of instructions, the Company's order directing them to give cost to the defendants where the matter sued for did not exceed 5 pagodas<sup>6</sup>. On the 5th. the Commissioners of the Court of Requests consisting of 8 in number were appointed. It was felt undesirable to increase this number in view of the

apprehension that when in December half their numbers were to retire there might not be sufficiently qualified persons to choose from<sup>1</sup>. They were sworn on the 13th and on the same day Josias Du Pre was appointed Clerk of the Peace and Coroner, as well as the Company's Solicitor and Clerk of the Court of Appeal; and Claud Russell was appointed Accountant General of the Mayor's Court<sup>2</sup>. There arose some doubts as to whether a Sheriff could be appointed forthwith. The Charter fixed the first Tuesday in December for his election, but at the same time directed that the person who should be Sheriff at the time of the arrival of the Charter should continue until "another shall be duly elected and sworn." There was, however, no Sheriff in Madras and without the appointment of one, the Courts could not sit for dispatch of business as it was his duty "to execute and make Returns of all Process." There was also the provision that the Charter should be published within 30 days of its arrival, and by not appointing the Sheriff at once, this provision was bound to be partially frustrated. For these reasons it was resolved to appoint a Sheriff and John Browning was appointed as such<sup>3</sup>.

Exactly one month after the receipt of the Charter it was proclaimed with all pomp and ceremony. At 10 o'clock on the morning of the 24th August the members of the Council, the Mayor, the Aldermen, the Sheriff and the Commissioners of the Court of Requests, having assembled in their respective robes with several officers in the Fort House, moved from thither in a grand procession to the sorting godown—there being no Town Hall—carrying the Charter before the President and Council. Here had gathered together the principal inhabitants of Fort St. George, and a great concourse of chief inhabitants of the Black Town. And here, the officers having taken their seats in the order of precedence, the Charter was placed on a table before the President, silence was ordered and the Crier of the Court of Sessions proclaimed, after the Clerk of the Peace, the purport of the Charter. Then when the National Anthem was over, the President solemnly addressed the Mayor and Aldermen and Commissioners of the Court of Requests to pay "a strict attention to the administration of Justice." With a salute of 21 guns the proceedings were wound up and the procession as solemnly as it had come returned to the Fort House<sup>4</sup>.

Various other measures relating to the Charter were subsequently passed. On the representation of the Court of Requests an Interpreter and 4 Talliaris were granted them at the Company's expense<sup>5</sup>; 2 pagodas were allowed their Beadle<sup>6</sup>, 4 pagodas their clerk whose fees amounted only to 6 pagodas and could not be increased without oppressing the poor<sup>7</sup>; a prison for their debtors and an office for their Clerk were ordered to be built<sup>8</sup>; their table of fees was approved<sup>8</sup>; and it was decided to request the Directors to empower them to appoint new members in the course of the year in the place of such as were absent. We learn that agreeable to the Charter the Commissioners of the Court of Requests balloted out half their number and elected as many in their room in December<sup>7</sup>. In regard to the Mayor's Court their list of fees was approved<sup>6</sup>, Andrew Ross, on his arrival in September was sworn as Alderman, and, on a petition from him, his rank was fixed<sup>9</sup>. In September it was resolved to despatch a Pattamar to Bombay and to write to them "That having received his Majesty's Charter constituting a Mayor's and other Courts, We are at a Loss for the usual Ensigns of State, such as the Sword, Mace, Silver Oar &c<sup>a</sup>. which were carried away by the French, and that we desire they will order such to be made for us as are in use with them<sup>10</sup>." In December Andrew Munro was appointed Mayor and James Alexander, Sheriff<sup>11</sup>.

The re-establishment of the Mayor's Court did not immediately attract towards it all causes between Indians. Suits between them could be tried in that Court only when both parties agreed, and no such suits were tried in it

during the year. In one cause of considerable interest which arose between Cawn Moodaliar and Tenneveroy, the Government encouraged the time immemorial custom of arbitration. The parties, they said, should choose arbiters and no compulsion must be used to impose any arbiters on them or to make them resort to the Mayor's Court<sup>1</sup>. There was much to be said for this method which was familiar to Indians and which involved no expenses. There was no point in compelling them to resort to a tribunal which was manifestly based on English procedure and which would, at any rate, take time to plant itself firmly on Indian soil.

Yet, though the Government was not inclined to set aside hastily good customs of proved merit, it was not slow to enforce the maintenance of law and order and to remove oppression and injustice even at the risk of interfering in the sphere of caste and religion. When disputes broke out between the Right and Left hand castes of St. Thome "in regard to the performance of certain ceremonies in their Weddings" and both parties applied for redress, the same rules and orders passed by the Government within the Madras bounds were extended to St. Thome and Poonamallee<sup>2</sup>. When it was noticed that wealthy Indians habitually took to building Pagodas, making the poor contribute both labour and money towards their construction, not indeed with a view to provide sufficient places of worship, but merely to "acquire the good opinion and respect of the low and ignorant Poor," it was ordered that no Pagodas or Choultries should be erected in future inside the bounds of Madras without the permission of the President and Council. There were already more Pagodas in Madras than were necessary and the suppression of this extravagant craze for temple-building, "this useless piece of Vanity," would, it was believed, render great service "to the Black Inhabitants, as it will prevent their being yet more loaded with unnecessary Taxes<sup>2</sup>." When again, towards the close of the year it was apprehended that the duties collected from "the Black Inhabitants on all Imports both by Land and Sea for the Maintenance and support of the several Pagodas" in Madras were more than what the custom prescribed, the managers of the Pagodas were asked to deliver accounts of their collections and to specify the authority on which they were based, so that "the Board may be enabled to form such Resolution thereon as to them shall appear most for the Publick Good<sup>3</sup>."

Among minor matters of interest in this Volume may be mentioned the case of Lieutenant De Mare and Captain De Gingins<sup>4</sup>, certain accounts of Clive of his Stewardship<sup>5</sup>, the protest of Captain Chabbert against the refusal of the Government to allow him passage on a French ship to Europe<sup>6</sup>, the case of the crew of the *Falmouth* and the third Mate of that ship<sup>7</sup>, the recommendation of the Presidency to reinstate Meer Munsoor, the Subedar of the sepoys<sup>8</sup>, the enquiry into Shaik Hussain's escape from Fort St. David<sup>9</sup>, the purchase of a pair of Persia Chaise horses<sup>10</sup>, and Mrs. Madeiros' house for the President<sup>11</sup>, the sale of the materials of the demolished Portuguese Church<sup>12</sup>, the allowances granted to Padres Severini and Bernard<sup>13</sup>, and the refusal to comply with the application of Sampat Rao, the Nawab's Diwan, to purchase a house at Chepauk<sup>14</sup>. The lists of Company's servants, of the inhabitants not in the Company's service and of the Company's revenues are mentioned on pages 403 to 408. As usual the table of shipping is given on pages xvi to xxxiii.

## —FORT ST. GEORGE, JANUARY 1753—

[Ltr]s to be  
wrote Vizt.

AGREED that the following Letters be wrote to go by Captain Dominicus.

[To] Dutch  
Chief at  
Galle.

To the Commandant &c<sup>a</sup>. Council at Gallé, that having order'd Cap<sup>t</sup>. Dominicus there to refit his Ship, We request they will give him all the Assistance they can, and we shall duely honour all Bills they may draw upon us on that Account.

To the Gov<sup>r</sup>.  
of Batavia.

To the Gov<sup>r</sup>. of Batavia &c<sup>a</sup>. that in case the Delawar should not be compleatly refitted at Gallé We have order'd Cap<sup>t</sup>. Dominicus to proceed to Batavia to make what further repairs may be necessary, in which we request his Assistance as well as in procuring a Cargo of Plank for our Hon'ble Companys use at this Settlement.

To Fort  
Marbro'

AND that the Letter which was prepared to go by the Delawar, be now forwarded with this Addition, that if the Delawar should want any further repair, than what can be done at Gallé, we have order'd Cap<sup>t</sup>. Dominicus to proceed from the West Coast to Batavia, to refit, & return hither with a Cargo of Timber & Plank, but as we do not esteem the conveyance in which the Cap<sup>t</sup>. goes from hence to Gallé sufficiently safe to risk any Treasure by, We direct them to put on board the Delawar one chest of Bullion to the value of one thousand Pounds sterling which we shall replace from hence, that we would have them land such part of the Cargo on board that Ship intended for Madagascar as they think may answer, and sell the same [by] publick outcry for the Companys Account.

Fort St.  
David.

AGREED also to write to the Dep<sup>y</sup>. Indent, also a copy of a Letter from Mr. Dupleix in answer to their Protest, and acquainting us that the Colchesters Leak is not yet found out for want of Divers, but having at last procured one they intend to set him to work, as soon as the Weather permits, that the reason, all the Colchesters Bales have not been landed was for want of Boats, which having been employ'd on that Business at the time they should have been repair'd are rendered unserviceable, but they now hope soon to get the remainder landed, that we may depend on between five & six hundred Bales from that Settlement by the end of the month that on their applying to Cap<sup>t</sup>. Mainwaring for the twelve Barrells of Gunpowder he replied that not being certain whether he should proceed to Europe or remain in India, he could not yet say what quantity he can spare, that they have resolv'd in Consultation to allow three Rupees  $\text{₹}$  month to the familys of those seapoys who have been kill'd in Action, that they are in great want of small arms & request a supply, that sundry stores having been at divers times deliver'd to the Steward by the Storek<sup>r</sup>. for various uses, & not brought to account they desire our directions thereon, advising that they have drawn on us for fifteen thousand (15000) A. ORDER'D that the Vessell purchas'd by David Hunter Esq<sup>r</sup>. for the Hon'ble Companys service & now Call'd the Arcot Snow be survey'd & a Report of her condition, Burthen, Quantity & Quality of Stores be laid before the Board, And that the Cuddalore Sloop be also survey'd & her Condition reported at the same time.

[Eight Bales of Baftaes in the Warehouse imported in [17]51 to be survey'd &amp; reported. A Powder Mill to be erected at Egmore Ridout &amp; Powder to be made there in the interim.

The Export Warehousek<sup>r</sup>. represents to the Board that Eight Bales of \*Baftaes sent up here from Fort St. David by the Swallow in 1751 are still remaining in the Warehouse and so much damaged, that he apprehends they are unfit for service. AGREED that they be survey'd at the next sorting & a Report thereof made at the subsequent Consultation.

The present Extraordinary demand for Gunpowder, the precariousness of our receiving sufficient supplies from the other Settlements & the great disadvantage that would attend the want of it, rendering it necessary to guard against such an inconvenience as much as possible, We are of Opinion the most effectual means will be to erect a Powder Mill here, which is accordingly order'd to be immediately set about, and the President acquaints the Board, that he had consulted the Engineer thereon, Who is of opinion that Egmore Ridout will be the properest Place to fix it in, & the most convenient for making Powder, in the Interim, which is therefore AGREED to be appropriated to that service.

—FORT ST. GEORGE, JANUARY 1753—

Letter, giving as his Opinion that the Colchester cannot be repair'd where she now is sufficiently to enable her to proceed for Europe, the other dated the 15<sup>th</sup>. Instant, advising that the Dragon Sloop has been deliver'd over to them, that they shall get her out of the River, the first springs, equip, & dispatch her with Cap<sup>t</sup>. Copy of a Petition of Vencatachilum praying to be paid for a number of blue stones provided by his late Father, for building a Pagoda; but which during the Petitioners Absence in the King of Tanjores service were without his knowledge appropriated to the Companys service in building the Hornwork at Fort St. David.

No. 7 from Mr. John Andrews at Bandarmalanka dated 7<sup>th</sup>. Instant, enclosing his Accot<sup>s</sup>. for last Month, and acquainting us that he is in daily expectation of a Vessell from Vizagapatam, on which he intends to send us his Bales, that our Remittance on Buckanjee Cashedoss for (5000) Mss. Inst<sup>t</sup>. advising us that they have shipped one hundred and fifty Bales for the Company on the Vizagapatam Snow, with which they shall dispatch her to Mr. Andrews, and by the End of the Month shall send us the remainder of their Cloth, That their Merchants have not kept the Weavers up to the Lengths, Breadths, or Goodness according to Contract for out of six hundred \* Corge of Cloth they have been able to make up but little more than two hundred Bales, that no further demands having been made on the Estate of Mr. John Churchey Dec<sup>d</sup>. they shall write off the Ballance as we directed, That our order prohibiting the Exportation of Cloth of the Companys Manufacture has been duely published, & they will be careful to prevent that Practice. A Note from Mr. John Moore for sundrys supply'd for the Expedition to Arcot in August 1751 being laid before the Board, AGREED that it is proper to discourage demands of this kind, on the Company, for matters of so long a standing as it prevents the Ascertainning the certain Expences of any Undertaking & that in future no Cognizance be taken of such as may be made out of due season, however in the present Case, & that of Vencatachilum referr'd John Moores

St. David to be wrote to.

AGREED that the consideration of Mr. Drakes Letter sent us from Fort St. David be deferr'd till some information can be obtain'd in relation to what he alledges & that in our next advices to the Gentlemen there, we acquaint them that we cannot as yet say any thing to Vencatachilum's Petition, but as to that of Meier Munsoor, when we pay for the other Horses of the Troop that were kill'd or render'd unserviceable we shall consider him.

HON<sup>'</sup>BLE SIR & SIRs,

In consequence of an order of last Consultation We have inspected into the Baftaes represented by the Ware H<sup>o</sup>.K<sup>r</sup>. to the Board, to be receiv'd from Fort St. David, very much damag'd, and had been laying in the Warehouse so Considerable a Time, which we found on examination by having the Pieces drawn through the light, that in the whole Quantity of Forty five Cerge thirty of which were much torn & full of Holes, & the remaining part tho' a little better, the Cloth was so excessively rotten not to bare [*sic*] a rewashing, & all had been rejected a long while ago by the Painters, as utterly unfit for their purpose to work upon for sending to Europe; We shall be glad to receive your commands, what you would please to have done with the same, since We are of opinion they can be of no use to the Company from their bad condition, &

We are with great Respect.

TO THE HON<sup>'</sup>BLE THOMAS SAUNDERS ESQ<sup>r</sup>.

PRESID<sup>t</sup>. & GOV<sup>r</sup>. & C<sup>A</sup>. COUNCIL OF FORT ST. GEORGE.

HON<sup>'</sup>BLE SIR & SIRs,

In compliance to your orders, we have survey'd the Arcot Snow, & Cudalore Sloop, and it's our opinion that the Arcot burthens about 130 or 140 Tunns, but very ill built for sailing.

Her Bottom appears (so far as we can see of it) to be in good order, & well sheath'd but beleive her to be a weak Vessell her Floor Timbers being but seven Inches thick, what the rest of her Timbers are we cannot Judge she being close Ceiled

## —FORT ST. GEORGE, JANUARY 1753—

Her Bends appear to be very indifferent nor has she any Knees to her Beams in the Hold.

As for stores she has very few that will serve again, her Lower masts rather too small, & her Foremast much damag'd by a large rent in it, besides which she is in want of a new Topsail Yard, Topmast, & Gaft, a suit of sails, standing & running Rigging both forward & abaft, two anchors, three Cables, & all kinds of small stores.

In surveying the Cuddalore Sloop we find her Bottom, (so far as we can see of it forward) to be very much Worm Eaten, & sounding the Pump. we find she makes six Inches of Water in an Hour, therefore it's our opinion she should be sent to some Port, where she can be hauled ashore, and have a good repare [*Sic*], as to her upper Works she don't appear to want any thing extraordinary, except a new Windlace, new Gunnells, and Boldspreet, which seems to be too Weak for her.

PROCEEDINGS of a Court of Enquiry Compos'd of the following Officers in the Service of the Hon'ble United East India Company held at Fort St. George Jan<sup>ry</sup>. the 17<sup>th</sup>. 1753 to examine the Depositions regarding the Liberties Lieut<sup>t</sup>. De Mare is said to have taken with Cap<sup>t</sup>. De Gingins's Character.

CAP<sup>t</sup>. ROBERT CLIVE, PRESIDENT.

Cap <sup>t</sup> Edmund Maskelyne.	Lieut <sup>t</sup> . Edward Pero.	} Members
Lieut <sup>t</sup> . Lawrence Merryman.	Lieut <sup>t</sup> . John Brohier.	
Ensign James Symmonds.	Ensign Francis Paccard.	
Ensign Achilles Preston & Ensign William Green.		

The Letters mark'd Numbers. 1. 2. 3 being read to the Court as annexed unto these Proceedings, Mr. John Moore is call'd upon for his Evidence, Who deposes as follows.

That the Evening Liuet<sup>t</sup>. De Mare landed here from Fort St. David, he ask'd him how Cap<sup>t</sup>. Gingins did, to which he made no other Answer than that Cap<sup>t</sup>. Gingins was a Rogue & a Rascal & had sent him & his Party to be sacrificed, & that whenever they met, they should soon decide it.

Mr. John  
Moore  
appearing  
before me  
has sworn  
upon the  
Holy  
Evangelists  
to the Truth  
of this his  
Deposition,  
in Fort St.  
George  
January  
19<sup>th</sup>. 1753.  
CHR.

Justice of  
The Peace.

## —FORT ST. GEORGE, JANUARY 1753—

Ensign Joseph Clack being call'd upon for his Evidence informs the Court that he was in Company with Mr. Moore at the time the foregoing discourse happen'd, & heard Lieut<sup>t</sup>. De Mare say (upon Mr. Moores enquiring of him after Capt<sup>t</sup>. Gingsins's Health) that Capt<sup>t</sup>. Gingsins was a Villain & Rascal & had sent him & his Party as a sacrifice, & that when they met they should soon settle accounts; He likewise deposes that Lieut<sup>t</sup>. De Mare repeated the same Expressions at Denckers Punch House where Lieut<sup>t</sup>. Pero & Lieut<sup>t</sup>. Spears were present and that the latter recollected these Circumstances, & advis'd him by Letter that he had sent Capt<sup>t</sup>. Gingsins his Deposition in writing which he was ready to attest upon Oath.

Ensign Joseph Clack appearing before me has sworn upon the Holy Evangelists to the Truth of this his Deposition in Fort St. George. January 19th. 1753. CHS. BODDAM, Justice of the Peace.

Lieut<sup>t</sup>. De Mare acknowledges his being in Company with the two Evidences, where Lieut<sup>t</sup>. Pero was likewise present, & says, that upon recounting the Tritchenopoly affairs to them, He said in his Passion that Capt<sup>t</sup>. Gingsins, & Lieut<sup>t</sup>. Campbell had used him like a Rascal & Villain, which he was ready to prove; But that he never declar'd that Capt<sup>t</sup>. Gingsins had sent either himself or Command, as a sacrifice.

In relation to Mr. Dawson's Deposition qt<sup>d</sup>. in Letter N<sup>o</sup>. 3 (He) Lieut<sup>t</sup>. De Mare denies what is therein alledg'd, but says He might have told Mr. Dawson amongst some other Gentlemen, that Capt<sup>t</sup>. Gingsins had inform'd him, the Nabob had made him an offer of 40 Horses as nigh as he can recollect, to remount the Troop, of which, if good, Capt<sup>t</sup>. Gingsins proposed accepting 20, but that he told him they proved good for nothing. He further says that Capt<sup>t</sup>. Gingsins did put his Present Horses into the Troop.

Lieut<sup>t</sup>. Pero standing up as an Evidence deposes that he was in Company with Lieut<sup>t</sup>. De Mare, Ensign Clack, & Mr. Moore when Mr. De Mare said that Capt<sup>t</sup>. Gingsins, & Lieut<sup>t</sup>. Campbell had treated him like a Rascal & Villain, but that he never heard any thing further upon the subject to the best of his knowledge, Excepting that they would decide the matter when they met.

ROBT: CLIVE.

LETTER NO. 1 FROM MAJOR STRINGER LAWRENCE TO CAPT. RODOLPH DE GINGINS.

FORT ST: DAVID.  
DEC<sup>R</sup>. 29<sup>TH</sup>. 1752.

SIR

I have receiv'd your Letter of the 24<sup>th</sup>. in regard to the Court of Enquiry upon Lieut<sup>t</sup>. De Mare, & find by the Companys Military Regulations, affairs of this nature are order'd to be brought before the Gov<sup>r</sup>. & Council with an Addition of Two Captains, As you have acquainted Mr. Saunders. In my opinion the Captains Clive & Maskelyne are the properest on this occasion, as Mr. Pareilles speaks no English, & is therefore qualified for an Evidence only not a Judge, & the other Gentlemen lately put into Commission can't I think be so well vers'd in these matters as those I propose.

It appears by the orderly Book & the Information of Mr. Campbell the Adjutant, that Lieut<sup>t</sup>. De Mare was order'd to the Battery, where he was made Prisoner in his proper Tour of Duty, & that his Party consisted of as many Men as was Customary, so that his accusation falls to the Ground, Capt<sup>t</sup>. Clark, & Mr. Campbell acquaint me that Ensign Trusler with fewer Men, repuls'd the Enemy, when attack'd in the same Post, & pursued them to their Camp, if so, I think the Enquiry ought to be whether Lieut<sup>t</sup>. De Mare defended

## —FORT ST. GEORGE, JANUARY 1753—

the Battery as he ought. The Disposition to support him was made in a regular & soldier like manner by the account I have receiv'd of it, so that if it should be found that Lieut<sup>t</sup>. De Mare could have maintain'd his Post, twenty minutes longer He certainly ought to have done it, as in that time your whole Body must have join'd.

On taxing Mons<sup>r</sup>. Law with cruelty towards our soldiers made Prisoners, particularly a Drummer, said to be murder'd in cool Blood by the Evidence of Mr. De Mare, Serjeant Nelson was call'd to prove that the Drummer was shot when beating to Arms, & Mr. Law affirmed that in the Presence of all the French Officers, Lieut<sup>t</sup>. De Mare declar'd himself satisfied in regard to this Matter, & that it was nothing but a false Report.

Those Gentlemen who were on the spot will be best able to give what further Light into this affair, may be wanted, and well convinced that all your actions, during the time you commanded were calculated for the Publick Good.

I am  
with great Esteem  
SIR  
Yr. most humble & most Obed<sup>t</sup>. Servant,  
(Sign'd) STRINGER LAWRENCE.

Capt. De Gings.

LETTER N<sup>o</sup>. 2. FROM LIEUT<sup>t</sup>. CHARLES CAMPBELL ADJUTANT TO  
ENSIGN JAMES TRUSLER.

DEAR TRUSLER,

I have receiv'd your Letter of Yesterdays date, & agreeable to your desire have looked over my Orderly Book by which I find the Post Lieut<sup>t</sup>. De Mare was taken in to be regularly reliev'd every night by him, Ensign Wilkey & You, & that it was Mr. De Mares proper Turn of Duty to be at that Post, the Night he was taken.

His Command then was as follows.

	Serj <sup>ts</sup> .	Drum <sup>rs</sup> .	Rank & File.
Grenadier Company     ...     ...	1	1	21

All the \* Coffree Company & 160 Seapoys.

Two field Pieces and 6 men of the Train.

I likewise find by my Book that you with the same Command of Men had the Charge of that Post for two Months before you went to meet the King of Mysore, & during your absence, Ensign Wilkey had the charge of it, & when you return'd you took Post there again, & the night the French attack'd you there, you had only the half of the Coffree Company the other half being orderd on command with Ensign St. Felix.

I'm extremely sorry to find there is reason for looking so far back, however every one is in Honour bound to tell the Truth.

I am,  
DEAR JAMES  
Yours most sincerely  
(Sign'd) CHARLES CAMPBELL.

LETTER N<sup>o</sup>. 3 FROM M<sup>r</sup>. GEORGE DAWSON TO CAP<sup>t</sup>. RODOLPH DE GINGINS.

DEAR SIR,

I was favour'd with yours dated the 17<sup>th</sup>. Ult<sup>o</sup>. last night, in which you desire to know if I had not heard, M<sup>r</sup>. De Mare make some Reports to your disadvantage. I did upon my Word & Honour hear him say to this Purport, that you had requested of the Nabob some Horse to remount your Troop, upon which, he desired you to go into his stables and take such as were proper for that service, when you went & took one or two at different Times, but never put them in the Troop.

Any other Certificate than this I cannot give you to which I can take my Oath.

I am sorry my name should be brought [into] Question, to a thing, I have no other concern in, than an intire Esteem for your Friendship.

If I have not the Pleasure of writing you again Give me leave to wish you a safe Return to England, with all imaginable Health and Happyness.

I am

—FORT ST. GEORGE, JANUARY 1753—

Letter from Cap<sup>t</sup>. Rob<sup>t</sup>. Clive with Steward Account Remains, and a List of Provisions (sign'd by the Storekr. of Fort St. David) when they were deliver'd to him by Mr. Smith, the same being read (as enter'd hereafter) represents that Gentleman to be a Witness of their Condition at that Time & no Orders being given for the disposal of them (except the Tobacco & Tamarind) most of them must Certainly have perish'd before this that the two other articles were twice put up at Outcry, without any Purchasers offering themselves, & the former was afterwards given the Coffrees that of the Beef & Pork, a large Quantity was sent with the Bombay Detachment, under Command of Cap<sup>t</sup>. Andrews, for which he has Receipts & the Remainder is still quite unfit for use. Wherefore as it is manifest what the Hon'ble Company may suffer from these articles has not been owing to any neglect in him, but entirely from length of Time, Hopes he shall not be made answerable for them; The Board being convinced that Pease & Wheat, two principal articles in the said Account, are very liable to decay, & Mr. Smith acknowledges they were extreemly indifferent when deliver'd to Cap<sup>t</sup>. Clive, AGREED that they be wrote off with the Tobacco, & Tamarind, which are well known to have been so bad, that no one would offer any thing for them, that with regard to the Saltmeat, what was sent with the Bombay Detachment, be carried to the head of Charges Extraordinary, & what he says is yet remaining be survey'd, and if found really not fit for any use that it be wrote off also, & as to the Copper Ware, if it is not in being, that Cap<sup>t</sup>. Clive be order'd to make it good.

AGREED that such of the Stores as the Gentlemen at St. David represent Major Lawrence to be in immediate want of & we can supply, be laden on our Hon'ble Masters Sloop Fortune, & dispatch'd to St. David, directing her to be return'd to us as soon as the Stores are landed.

HON'BLE SIR & SIRS

Being convinced from the Proceedings of my Enemies, that my continuing in the Service of the Hon'ble Company will be attended with Continual Uneasiness to myself & Family, humbly beg that you'll grant me leave to quit the service, & in so doing you will greatly oblige one who is with the greatest Respect & Esteem

TO THE HON'BLE THO<sup>s</sup>. SAUNDERS ESQ<sup>r</sup>.

PRESID<sup>t</sup>. & CA. COUNCIL

HON'BLE SIR & SIRS

Cap<sup>t</sup>. Maskeyline has inform'd me from the Governor that the Proceedings of the late Court of Inquiry concerning the Calumnies of Lieut<sup>t</sup>. Demare have been laid before you, & that they are thought sufficient to lead to a proper Determination of that Affair.

I have taken my resolution to go to Europe by the first Ship, & therefore request that you will do me the favour to appoint as soon as possible the day of my Trial to be held before yourselves, conformable to the 14<sup>th</sup>. article of the Companys Military Regulations by which as Major Lawrence is absent the eldest Commander here under him may undoubtedly supply his Place.

My Character as a Soldier and my Duty as bearing his Majestys Commission, require that this affair be not left to Uncertainties as far as depends on me, I hope therefore you will not think me too importunate, in desiring an immediate answer to my Request that I may as soon as possible prepare to obey your Orders or that I may take such other Resolutions as that answer shall render necessary.

TO THE HON'BLE THO<sup>S</sup>. SAUNDERS ESQ<sup>R</sup>.  
PRESID<sup>T</sup>. & GOV<sup>R</sup>. & C<sup>A</sup>. COUNCIL OF  
FORT ST: GEORGE

HON'BLE SIR & SIRS

As M<sup>r</sup>. Pybus has acquainted me that I may make my Application to your Honour & C<sup>a</sup>. Council, in regard to a Part of the Wood in the Dewicotta Country which he gave me leave to Cutt away & Clear in a manner fitt to be cultivated to the Extent of 15 Wealy which now since a Part of it is already clear'd and Cultivated, it appears that there will be twenty \* Wealy in all, which with the same Expencc of raising a high Bank around it, will be kept free from the over flowing of the salt Water, And as there about, all is low Ground, & no Place fitt to build a House upon for those People who cultivate that Ground, M<sup>r</sup>. Pybus was so kind and gave me a spott of high Ground for that Purpose, to the East of the Willage call'd Pillupaduway, to the Extent of one Wealy, where besides the House built, I have also begun a small Garden.

It is therefore my most humble request that these Grounds may not come under the managem<sup>t</sup>. of the Renters, Who, neither themselves, nor any body else, would have been at the Expencc of cultivating that Ground, which has not only been expensive in Cutting & Clearing away the Wood, but more so in raising a High Bank all around it, for to prevent its being over flown with the Salt Water, which has made it fruitless before, & under whose Management, I shall not be able to recover the Expences I have been at, besides many other Inconveniencies of being under their Disposal; But humbly beg that, it may please your Honour & C<sup>a</sup>. Council to graint me the above mentioned Grounds, to be under my own management, as a Property, for which I readily will pay a Yearly Acknowledgement whatever shall be thought proper & humbly submit to your Honours Pleasure in settling this affair, being at all times ready to any Service for the Hon'ble Company that lies in my power, and remain with all due respect

HON'BLE SIR & SIRS

Your Honours

TO THE HON'BLE THO<sup>S</sup>. SAUNDERS ESQ<sup>R</sup>.  
PRESID<sup>T</sup>. & GOV<sup>R</sup>. & C<sup>A</sup>. COUNCIL OF FORT ST: GEORGE

HON'BLE SIR & SIRS

Accompanying this your Honour & C<sup>a</sup>. will receive the Stewards Acco<sup>t</sup>. Remains, as also a List of Provisions (sign'd by the Storekr. of Fort St. David) when they were deliver'd over to me by M<sup>r</sup>. Smith, that Gentleman is a Witness of their Condition, and as I never receiv'd any orders from M<sup>r</sup>. Floyer & C<sup>a</sup>. to sell them off (the Tobacco & Tamarind Excepted) Consequently most of them must have perish'd long before this, the above two Articles were twice put up at Outcry, without any Purchasers offering themselves, the former was afterwards given to the Coffree's.

As to the Beef & Pork, a large Quantity of both was sent with the Bombay Detachment, under the Command of Cap<sup>t</sup>. Tho<sup>S</sup>. Andrews as will appear by his Receipt, the Remainder is Still of Fort St: David but quite unfit for service.

Being with great Respect

The Decrease in Customs on Grain proceeds Chiefly from the Scarcity & Dearness of it in Bengal, which prevented any being imported from thence in September, So that the Quantity fell short about 580 Garse of Rice than in the Proceeding Year, as also from a lesser Value, which the large Importation from the Country, Limited it to.

## —FORT ST. GEORGE, FEBRUARY 1753—

No. 16 & 17 From Mr. Foss Westcott Resid<sup>t</sup>. at Ingeram, the first dated the 12<sup>th</sup>. Ultimo, acknowledging the receipt of ours of the 24<sup>th</sup>. December, in Compliance wherewith he intends to send his Letter again to the Chief & Council of Metchlepatam, and shall acquaint Mr. Knapton who is now at Vizagapatam with our Directions for his Coming up hither. The other dated the 14<sup>th</sup>. Ultimo, serving only to accompany a Plan of Nilli Pillee &c<sup>a</sup>. Towns, lately granted to the Hon'ble Company by the Rajah as also the Rivers of Ingeram and Coringa.

No. 18 From Mr. John Andrews at Bandarmalanka dated 20<sup>th</sup>. January, enclosing Invoice & Bill of Lading for one hundred & Eighty one Bales of \* Callico consign'd to us on the Vizagapatam Snow, for Account of the Hon'ble Company, and desiring we will send him one Bale of Green & One Bale of Blue † Perpetuanoes for the Yearly Present.

No. 19 From Mr. John Pybus at Devecotah, dated 31<sup>st</sup>. Ult<sup>o</sup>. enclosing the Accounts of that Settlement, for last Month, & mentions that as we have promis'd him a Successor shortly & his health being so much impair'd as to render his Stay there any longer of very dangerous Consequence, he propos'd to leave the Charge of that Settlement to Mr. George Dawson, and to go to Fort St. David for the recovery of his Health, & from thence hither.

Gen<sup>l</sup>. Letter to the Dep<sup>y</sup>. Gov<sup>r</sup>. & Council of Fort St. David, dated this day, sign'd acquainting them that since we wrote to them the 25<sup>th</sup>. ultimo, the Arcot Snow having return'd to Covelon, we have order'd her hither instead of proceeding to them, that as we expect two Ships half loaded from Bengal & one Empty, we shall dispatch the two first to them (which will be the Earliest), to fill up as the season grows late & if the Southerly Wind should set in as is probable before the Arrival of the last, her Passage to St. David would be render'd very tedious, therefore we direct them to prepare accordingly & that they make a Calculate of what number of Bales will be necessary, and send us the remainder on the Colchester, also acquainting them that we shall discharge their Bill on us, & remit them a large supply of Cash by the first good Sea Conveyance.

Letter from Duncan Robertson dated this day read, setting forth that he was left here by Cap<sup>t</sup>. Bell, at the request of Mr. Robins & Mr. Hopkins to go on an Expedition to the northward, with the latter, on which Account he Conceiv'd himself to be in the Compys<sup>a</sup>. Service, and not having receiv'd any Pay or Salary for Eight months, he prays to be allow'd such subsistence as we shall think fit; as We are not thoroughly Convinced that Mr. Robertson was retain'd in the Companys Service, & that we think it necessary to have some further Information as to the Circumstances of what he alledges, AGREED that the said Letter do lye on the Table for the further Consideration of the Board.

The Petition of John Norris Victualer read, (as enterd hereafter) setting forth that having at a time of necessity lent the Company a Pair of Chaise Horses for the Troop, one of which was kill'd in Action and the other left at Fort St. David which he prays may be taken for the use of the Troop, and that he may be allow'd for the Pair the Price he was offer'd at the time of lending them Viz<sup>t</sup>. three hundred Pagodas And the Petitioner having made appear by Letter, that he was offer'd that sum, AGREED therefore as well as in Consideration of his having lost the use of his Money for a great while that his Request be complied with.

Letter, not dated, from Mr. Chabbert, late Captain of the first Company of Swiss read (Translate whereof is enter'd hereafter) requesting for the several reasons therein mention'd that he may be permitted to take his Passage for Europe on a French Ship intended to be shortly dispatch'd from Pondicherry also another Letter dated this day requesting an Answer to his former.

Opinion of  
the several  
members  
thereon  
Viz<sup>t</sup>.

The Board having deliberated on the Subject of the said Letter, & not being entirely unanimous in their Opinions, the President requir'd of each Member his particular Sentiments and reasons, in writing, which they respectively deliverd in as follows.

Mr.  
BODDAM.

“ As we have so many Ships of our own going home, I think Capt. Chabbert cannot want a Passage, & may as easily be accomodated aboard of them as any reason he can give for on a French Ship, which in my opinion what he asserts in his Letter to induce him for taking his Passage on the latter appears frivolous as there is no doubt to be made but some of our Ships will be dispatch'd in good Season, and the objection he makes on that Account is totally removed; So I cannot by any means Consent in Complying with his request, as Affairs are Circumstanced at Present, between the Gentlemen of Pondicherry, and us that he be admitted to embark on board a French Ship neither do I believe it agreeable to the Companys Directions or to the Rules commonly practis'd in our Settlements, that a Person under the Companys authority should have the Liberty of preferring foreign Ships, before their own particularly when Conveyances, offer so conveniently of meeting with an accomodation to apprehend no Disappointment.

CH<sup>s</sup>. BODDAM.

Mr.  
POWNEY.

“ I am of Opinion that we have no right forcibly to detain Capt. Chabbert, or prevent his going to Pondicherry, yet as he has applied to us for our Permiss<sup>n</sup>. and pressed for an answer, which cannot well be refus'd, I think the present Circumstances of Affairs between us, & the French, the little room there is to doubt of his having sufficient Accommodation in an English Ship, as well as the unusualness of Persons going home on foriegn Ships are sufficient motives for our not acquiescing.

HENRY POWNEY.

Mr. WYNCH.

“ As Capt. Chabbert was sent out by the Company in their Service, I think he should embark for England on one of their Ships, and as there has not been an Instance (but in time of War when a neutral Ship has been preferred by some few) of any Gentleman that has been in the Companys Service going on a foreign Ship, except such whose Circumstances have oblig'd them to fly the Country, this added to the Terms the French, & We are upon in these parts, I Cannot give my Consent to his Embarking on a French Ship.

A<sup>r</sup>. WYNCH.

Mr. SMITH.

“ Capt. Chabbert has given his word that he will not enter into the French Service but immediately Embark for Europe, and I look upon him as a man of too much honour to forfeit it which is the reason I am of opinion, that he may be permitted to go on a French Ship.

JOHN SMITH.

the Presi-  
dent.

Which several opinions being read the President then declared that he had made the strictest Enquiry of every one who could give him the least Insight into the present Affair, on what occasions it had been usual for Persons residing in our Settlements to go home on foreign Ships, & found it had never been done by any except such, who by reason of Debt or other desperate Circumstances were in some measure oblig'd to it, that as there are three Ships to be dispatch'd from hence this Season & one very shortly there is not the least doubt of his having Accommodations Especially as some of the Ships from Europe last Season brought out more Passengers than intend to proceed on all those now homeward bound, besides that Capt. Chabbert having in a very peremptory manner insisted on going from Pondicherry as being a Stranger & not Subject to our orders; For all which reasons he is of opinion we should not consent to his going home on a French Ship.

—FORT ST. GEORGE, FEBRUARY 1753—

Whereupon the opinion of the Majority of the Board being against granting the said Request; the Secretary is order'd to signify the same to Capt. Chabbert.

Capt. Chabberts request not Granted. the Secy. to acquaint him thereof.

The President acquaints the Board that he had receiv'd from Major Lawrence the opinion of himself and the rest of the Officers on the Court of Enquiry in relation to the difference between Capt. De Gingins & Lieut. De Mare which is read (as enter'd hereafter) And Capt. Gingins Letter read at last Consultation being taken into Consideration the Board are of opinion that as by the Hon'ble Companys Military Regulations, it is prescribed that in all Cases of a Military Nature which may come before the Hon'ble Board, the Commanding Officer of the Military & two Capt<sup>ns</sup>. are to be admitted as Members to Judge and determine therein with them the President & Council. It is at this time not in their Power to grant the Tryal Capt. D'Gingins requires from the absence of Majr. Lawrence and the want of a Captain to supply his Place there being no more than two here that can be admitted as members (both Capt<sup>s</sup>. Scrimsour & Vareilles having been objected to as improper to sit as Members at the Court of Enquiry on Mr. De Mare, (& must of Course in a Tryal of this Nature), Nevertheless Majr. Lawrence and the whole Corps of Officers in Camp at a Court assembled for that purpose are of Opinion that the Aspersions Mr. Demare is charg'd with are sufficiently proved, & that he ought no longer to Continue in the Service which they (the President & Council) think implies a Justification of Capt. D'Gingins's Conduct they make no doubt but he will be satisfied therewith, especially as Mr. Demare has resign'd his Commission; And the Secretary is directed to acquaint Captain D'Gingins herewith.

Majr. Lawrence &ca. officers opinion on the Court of Enquiry in relation to Lieut. De Mare read.

Accot. Sale of damag'd. Baftaes read.

Pursuant to an Order of Consultation the 18<sup>th</sup>. December, the Accomptant lays before the Board an Account of sundry Deficiencies in the stewards account Remains of the Companys Household Furniture Order'd that the secretary deliver the same to the steward, and acquaint him that we expect him to account for that Deficiencies.

AGREED that fifty thousand (50,000) Madrass Rupees be sent on the Hon'ble Companys Sloop Cuddalore, for forwarding the Investment there.

(50,000) Rupees to be sent to Vizagapatam on the Cuddalore Sloop.

It being reported to the Board that the Gun Carriages on the Ramparts &ca. suffer greatly by being continually & unnecessarily expos'd to the Weather, whence continual Charge arises for repairs which might be avoided by the method practiced in Europe of keeping the Guns dismounted on the Bastions, & the Carriages under Cover, AGREED that the proper Officer be consulted on this occasion previous to any Resolution hereon.

Propos'd to dismount the Guns on the Ramparts &ca.

& keep the Carriages under Cover. the proper Officer to be previously consulted.

Pursuant to an order of Consultation of the 6<sup>th</sup> Novr. Mr. Brohier now delivers in a Report of the Damages sustain'd by the Hon'ble Companys Buildings in the late Storm with an Estimate of the Expence it will require to put them in Repair amounting to Pagodas four thousand three hundred and fifteen (4315 - -) and subjoin'd thereto a further Estimate of the Charge of building a strong and substantial Revettment to the Ditch before the East Curtain as low as the Barr amounting to Pagodas nineteen thousand five hundred & eighty

& an Estimate of Expences of repairing also. An Estimate of the charge of building a Revettment to the ditch before the East Curtain the Consideration of it deferr'd. But the damages sustain'd by the buildings to be immediately repair'd.

seven (1757 --) the present Revettment having receiv'd infinite Detriment by the Sea, being broke down in several Places, & the Sand wash'd up against the Wall which has likewise suffer'd; He also represents that as the Sea has within these few Years apparently gain'd upon the Town it will soon endanger the East Curtain if not timely prevented by such a Building against which the Surf may throw up the Sand and secure the Curtain that otherwise would bring down in its ruins all the contiguous Buildings, and put the Hon'ble Company to a more considerable Expence in repairing it; As this seems a Matter of very material Consequence, the Board Judge it improper to be too precipitate in their Determination thereupon, AGREED therefore to deferr the same for further Consideration, But that with respect to the other Damages, they be repair'd without loss of Time.

Cash acct. read.

The President reads the Cash Account for last Month, Ballance remaining now Compar'd with the Chest, Twenty three thousand, nine hundred and Sixty four Curr<sup>t</sup>. TO THE HON'BLE THOMAS SAUNDERS, ESQ<sup>r</sup>. PRESIDENT, COUNCIL & C<sup>a</sup>.  
THE HUMBLE PETITION OF JOHN NORRIS VICTUALER

SHEWETH

That your Honours Petitioner almost two Years since having by him a Compleat Pair of Horses fit for a Gentlemans use with a four Wheel Chaise, for which he had been offer'd three hundred Pagodas which he refus'd, But when the Troop was rais'd the same was demanded for the Hon'ble Companys use, which accordingly was deliver'd for the same, One of which Horses was afterwards kill'd in the Field, and the other left at Fort St. David about two Months since, which is very expensive to him in keeping.

Therefore your Honours Petitioner humbly prays that you would be pleas'd to take the same into Consideration, and take the Horse at Fort St. David into the Hon'ble Companys Service, & allow him for the value of the Pair, which at this Time would be very acceptable to your Honours Petitioner.

And Y<sup>r</sup>. Petitioner as in duty bound, shall ever pray & c<sup>a</sup>. & c<sup>a</sup>.

HON'BLE SIR & SIRS

THE unlucky & uncertain Circumstances with respect to the Departure of the English Ships design'd for Europe, which are not yet arrivd from Bengal altho' the season is far advanc'd, and the great reason there is to imagine that, considering the number of Passengers who are desirous of going from hence to Europe, I shall not be able to get any Accommodation aboard of an English Ship which moreover sailing so late will be liable to risques I don't think proper to run.

## —FORT ST. GEORGE, FEBRUARY 1753—

ALL these Considerations I say, determine me to take my Passage upon the French Ship now ready to sail from Pondicherry, to which Place I desire you will permit me to repair directly, I don't imagine it can be necessary, Honourable Sir & Sirs to urge to you that the Law of Nations is held as a sacred Law amongst all People, 'tis on that I ground my request, 'tis now six Months since you admitted of my resignation and appointed another Captain in my Stead, whereupon I demanded the Protection of the English Flag as a Stranger and Inhabitant, only, of Madrass, where I dont think any one has a right to keep me by Force, especially as such plausible reasons determine me to quit it. The two Nations are not at War, and since an English Major by name Mr. Commins took the same steps some Years ago and that I do now; I should think that I who am a Stranger free from any Service may well do the same, the rather as my Affairs require me in England, I must go there as soon as possible which I intend to do from the first French Port in Europe, where a Conveyance may offer.

All these Reasons, & the Confidence I repose in your Equity, Hon'ble Sir & Sirs, leave me no room to doubt of the Liberty resulting from it, to me.

I have the Honour to be with respect

HON'BLE SIR & SIRS

Yr. most humble and most Obedient Servant

so strong & able to beat the Seas as otherwise She would; I therefore request the favour your Honours will take my Case into Consideration, & give me a quick Dispatch directly from this Place, which will be the most certain means of gaining my Passage round the Cape, before the Westerly Winds sett too strong in,

I am

HON'BLE SIR & SIRs

Your most Obedt. & most humble Servant,

EDM<sup>d</sup>: COOKE.

FORT ST: GEORGE

FEBRY. 8<sup>TH</sup> 1753.

HON'BLE SIR & SIRs

I have receiv'd the Letter Mr. Bourchier Your secretary wrote me the 5<sup>th</sup>. Instant by your Direction in answer to those I had the Honour of addressing to you, one dated the 3<sup>d</sup>. & the other the 5<sup>th</sup>. Instant.

I cannot but be extremely surpriz'd at your direct opposition to my taking my Passage for Europe on any Foreign Ship, and the more so as the Hon'ble Mr. Thomas Saunders, to whom I had the honour of mentioning this Affair about twenty days ago, did not then hint to me any such opposition, he only told me that he thought it would be better for me to go in an English Ship, but that however if he heard no news from Bengal in seven or eight days, he would himself assist me in procuring my Passage in the French Ship, which was to sail from Pondicherry; 'Twas in consequence of this discourse of the Hon'ble Mr. Tho<sup>s</sup>. Saunders that (ten days afterwards finding no Ship or News arrive from Bengal) I desir'd leave at Pondicherry to take Passage on the Ship which is to sail from thence the 10<sup>th</sup>. of this Month, which bieng granted me I prepar'd and dispos'd every thing to go there. Notwithstanding this, Your Hon'ble Council have signified to me by Mr. Bourchiers said Letter wrote by your Direction, that I must go in an English Ship, and that you will not Consent to my taking Passage on any other, for no other reason than that it is contrary to y<sup>e</sup>. Custom in the Hon'ble Companys Settlements, I could quote you Hon'ble Sir & Sirs, the examples of a Captain Commandant at Bengal, who went to Europe, some Years ago on a Dutch Ship, of young Huguonin who went in a Danish Ship & perhaps many others which have not come to my knowledge; I could tell you further that such a Custom cannot constitute a Law, nor oblige any one to submit to it; But you are invested with power, and you think proper to violate in me the law of Nations, & of publick Liberty, in detaining me Contrary to my Inclination that I may be oblig'd to embark on the Ships you expect from Bengal; This, Honble Sir & Sirs, is enough, I ought, & actually do consider myself as a Prisoner, and entirely disappointed in my Affairs, ever since Your Secretarys Letter by your direction was sent me, which being consider'd, and thinking that I have not deserv'd such Treatment from you, as well as that you have no right to deprive me of my Liberty, I beg you will permit me (Hon'ble Tho<sup>s</sup>. Saunders Esqr. Governour & President, also you Mr. Charles Boddam Esqr. and Second also you Mr. Henry Powney Esqr. also you Mr. Alex<sup>r</sup>. Wynch Esqr. & also you Mr. John Smith Esqr.) to protest as I do solemnly against the direct & unjust Violation of my Liberty in detaining me at Madrass. Wherefore you will be answerable each for himself, or one for all,

—FORT ST. GEORGE, FEBRUARY 1753—

for all Charges Damages & interest which may arise therefrom, taking as Witnesses of this my Protest, to wit

Mr. Cornelius Goodwin  
 Cap<sup>t</sup>. John Rodolph D Gingsins  
 Cap<sup>t</sup>. Robert Clive  
 Mr. Robert Orme.

In whose Presence I have made  
 my said Protest

to serve according to Law & as occasion may require.

I have the honour to be with respect  
 HON'BLE SIR & SIRS  
 Y<sup>r</sup>. Most humble & most Obed<sup>t</sup>. Servant  
 CHABBERT.

DIRECTED

TO THE HONBLE M<sup>R</sup>. THOMAS SAUNDERS ESQ<sup>R</sup>. GOV<sup>R</sup>. PRESID<sup>T</sup>. & C<sup>A</sup>. & THE  
 GENTLEMEN OF THE SUPERIOUR COUNCIL OF MADRASS AT FORT S<sup>T</sup>: GEORGE.

TO CAP<sup>T</sup>. JOHN CHABBERT.

SIR

The President & Council have orderd me to acknowledge the receipt of your Letter of the 7<sup>th</sup>. Inst<sup>t</sup>. wherein you Protest against them for the unjust violation of your Liberty in detaining you at Madrass, say you Consider yourself as a Prisoner, & entirely disappointed in your Affairs, since the Letter I wrote you by their direction the 5<sup>th</sup>. Inst<sup>t</sup>. & that you think you have not deserv'd such Treatment from them, as well as that they have no right to deprive you of your Liberty. In reply to which I am also directed by them to acquaint you that altho' you have put their denying you Permission to take your Passage for Europe on a French Ship on so extraordinary a footing as being depriv'd of your Liberty and a Prisoner, They don't look upon you in that light, And as there is now one of the Hon'ble Companys Ships in the Road, bound for Europe, whereon you may be furnished with a Passage, (to which end, I send you herewith a Permit to the Commander to receive you on board with your Necessaries) they doñt conceive that they can be accused of detaining you here, therefore esteem your Protest of no Validity, & as to your being of opinion that you have not deserv'd such Treatment they cannot avoid taking notice that after the Indulgence that has been shewn you in allowing you the Liberty of receiving a handsome Compensation from the Officer that succeeded you after the resignation of your Commission; Cap<sup>t</sup>. Schaub, & his detachment of Swiss being detain'd at Pondicherry, and many of your Recruits having deserted thither, it carrys with it a very odd appearance that you should so much persist in going there.

I am  
 SIR  
 Y<sup>r</sup>. very obed<sup>t</sup>. Servant  
 CH<sup>S</sup>: BOURCHIER.  
*Secretary.*

Gen<sup>l</sup>. Letter  
from Fort  
St. David  
read.

Gen<sup>l</sup>. Letter No. 23. From the Deputy Gov<sup>r</sup>. & Council of Fort St. David, dated the 10<sup>th</sup>. Instant, advising that in consequence of what we wrote them of our Intentions to send them two Ships, to fill up for Europe, they have made an Estimate of the Bales that will be necessary for them which they compute to be about one thousand nine hundred (1900) & that will be the utmost they can have ready by the end of this Month, for altho' they have a sufficiency ready wash'd upwards of five hundred remain to go through the Beaters hands, & is as much as they can perform in that time therefore hope we shall not expect them to be ready for the last Ship sooner, but with regard to the first, they shall not fail to give her the most expeditious Dispatch. That the Colchester will be capable of proceeding herein seven or eight days, but for the reasons they have already alledg'd, they must omit sending any Bales by her, Cap<sup>t</sup>. Mainwaring has deliver'd one Bale short of Invoice, which he acquaints them was return'd ashore here, appearing damag'd, & the same was remark'd in his Officers Receipt, That they are inform'd the Colchester has on Board some Stores design'd for St. Helena, & desire our Directions concerning them, requesting Six Corge of Wax Cloth which they shall be in much distress for, That the Lead & small Arms they indented for may be sent them by the first Opportunity as Major Lawrence expresses a great want of the latter, and acquainting us that they have drawn on us for Pagodas thirteen hund<sup>d</sup>. (1300) Payable to Mr. John Smith.

Bill drawn

The Brill a Country Ship being bound to Persia, a Gen<sup>l</sup>. It's thought proper not to Comply with it

## —FORT ST. GEORGE, FEBRUARY 1753—

The Yorkshire Grey a new Ship of about 300 Tons lately arriv'd from Pegue being offer'd to Sale for Ten thousand (10,000) Pagodas, as the Smallness of the Brilliant (together with the reasons we have to doubt of her Safety) renders it very necessary our Honble Masters should be furnish'd with such a one, both for supplying their Settlement at Fort Marlbro' with the usual Stores, & transporting their Bales from the Subordinates, and the Price put upon her being judged reasonable; AGREED to purchase her for their use, if upon survey she is found to answer the representation that has been Made us of her, & the Secretary is directed to desire Captains Burman, Bunyon and Sutherland, to go on Board her, to examine her And deliver us their report in Writing.

Two Letters from Mr. Robt. Clive of this date read (as enter'd hereafter) the first in regard to the Deficiencies in the Honble Companys Goods, Furniture, &c<sup>a</sup>. He was order'd to account for, inclosing a List of sundrys sent hither for the use of Mr. Prince when he came here as Deputy Govr. wherein many of the Articles said to be missing are specified, desiring to be referr'd to the St. David Consultations in regard to the Horses wherein it will be found that they were order'd to be sold at Outcry, & their Amount paid into the Companys Cash, Representing that as to the Tents, they were never under the Charge of the Steward but Storek<sup>r</sup>. One of which is now with Majr. Lawrence, & the other was lost in passing the Coleroon, when Lieut<sup>t</sup>. Pascall was Quarter Master; that at the time of the removal of the Presidency hither, & many of the Stores under his Charge, He was acting in a Military Capacity at Tritchenopoly, & could not possibly be attentive to what was doing at Fort St. David, which he hopes will induce us not to make him answerable for any Deficiencies that may have happen'd in his Absence, as they are to, but a small Value, and are Articles that have been in Constant use during the Time of his Stewardship; the Second sets forth that the great Share of Illness, he has labour'd under for nine Months, has reduced him to the necessity of applying to us for leave to return to England, otherwise he should think his Stay, as well as Assistance due to the Company having been so fortunate in their Service; The Board being very sensible of Mr. Clives unhappy Indisposition, AGREE that his Request to proceed to England be complied with, & the Secretary is directed to serve Capt. Cooke with a Permit to receive him with his necessaries on board the Adml. Vernon; that with regard to the Deficiencies in the Furniture &c<sup>a</sup>. an exact Account be taken of them & produc'd, to be made good by such Persons who were in actual Charge of them, that the Register of the Sea Gate, Mr. Charles Turner as was usual be appointed to the Care of what is remaining at this Settlement, and that what may be at St. David be put under the Care of one of the Junior Servants there.

A Letter from Mr. Robt. Turing read (as Enter'd hereafter) representing that having long labour'd under such an indifferent State of Health, as in his own & the other Surgeons Opinion cannot admit of any relief so speedily & effectually as by the sea air & Change of Climate, he desires leave to be absent for that Purpose, and as soon as his Present Complaint will allow, will return to his Duty; AGREED that his request be complied with, as his Continuance here under such Circumstances will be of very little Service to the Publick.

I am much Concern'd my present Situation should be such as to lay me under the necessity of applying to your Hon<sup>r</sup>. & ca. for leave to return to England; Your Hon<sup>r</sup>. & ca. are well acquainted with how much Sickness, I have labour'd under for these Nine Months past, & the opinions of Doctors Munro & Turing upon the Subject: It is really want of health that obliges me to make this Request, otherwise I should think my Stay as well as Assistance in this Country due to the Hon'ble Company as I have been so very fortunate in their Service, I therefore desire Your Hon<sup>r</sup>. & ca. will give me leave to take my Passage upon the Adm<sup>l</sup>. HON'BLE SIR & SIRS

In Compliance to your orders, We have been on board the Yorkshire Grey, survey'd her, and find her to be a new Ship burthen 270 Tons, as well built for strength as any we have seen in the Country, and by what we can see of her Mould appears as if she would sail pretty well, but before She proceeds to Sea,

—FORT ST. GEORGE, FEBRUARY 1753—

the Slopes of her Hawses must be widend, in order to make her Hawseholes larger, and her Upper Works must be Caulk'd, they having been badly done when Built, as for Stores she is much in want of them.

Bengal. advising that they shall dispatch shortly, the Bombay Castle to us with 320 Tons, & the Chesterfield half loaden, that the Godolphin will sail in about ten days, but that 'tis out of their Power to supply her with Salt Petre; That as we write so pressingly for Gunpowder, and having but a very small Quantity remaining they will endeavour to purchase some from the Moors, & supply us w<sup>th</sup> Godolphin, desiring we will send them two hundred Tons of Redwood, for the ensuing Season, and enclosing Copy of a Letter from the President & Council of Bombay " warning them not to purchase a Ship belonging to the King " of Persia bound to the Bay under the Care of one Mahmed Beg Shamloo lest " the Companys Affairs should be thereby embroil'd with the Persian Govern- " ment, which Ship being now on this Coast they transmit the said Advices as " a necessary Precaution to us."

N<sup>o</sup>. 30 From the Chief & Council at Vizagapatam dated the 1<sup>st</sup>. Letter from Cap<sup>t</sup>. Letters from Capt. D'Gingins desiring a Court Martial

The Board are of opinion that the Reasons which before weighed with them not to grant Cap<sup>t</sup>. D'Gingins's Request are of sufficient force to induce their refusal now, and tho' the Acrimony which has appear'd throughout this Affair, & is very obvious in the Address now under Consideration might be a just motive for not returning any answer to these repeated Importunities, yet as the Board have ground to think it proceeds not so much from Cap<sup>t</sup>. D'Gingins's own Sense of the Affair, as from some hidden Fomenters of Discord, a Reply is now draughted out, read & approv'd (as enter'd hereafter). Not granted.

Letter from Mr. Edward Edwards Assay Master read (as enter'd here- after) setting forth that his Indent for Mint Utensils have not been complied with, & as they are absolutely wanted desires it may be mention'd in the Gen<sup>l</sup>. the present deficiency to be wrote off.

The Board having at last Consultation resolv'd that the Deficiencies in the Hon'ble Companys Household Furniture should be made good by the respect- ive Persons who have had the Charge thereof, it is found upon Enquiry, that they have pass'd under the management of several Persons without any regular Account of Deficiencies being taken, so that it is now impossible to determine who are justly chargeable, besides most of the Articles being such as were in constant use may probably have been entirely worn out and many were known to be carried away or destroyed by the Officers of his Majestys Squadron, 'tis AGREED therefore that the Register of the Sea Gate do now take an exact Account of all the Companys Furniture here, for which he is hence forward to be answerable & that the Deficiencies be wrote off to Profit & Loss.

—FORT ST. GEORGE, MARCH 1753—

TO THE HON'BLE THOMAS SAUNDERS ESQ<sup>R</sup>.  
PRESID<sup>T</sup>. & GOV<sup>R</sup>. & C<sup>A</sup>. COUNCIL OF FORT ST. GEORGE.

HON'BLE SIR & SIRS

The Indents for Assay Office & Mint, which I have often sent home have not been complied with, I therefore shall be glad you'll let some thing be mention'd concerning them in the Gen<sup>l</sup>. Letter that goes home by this Ship, as I really am in great want of most Articles.

I am  
HON'BLE SIR & SIRS,  
Your most Obed<sup>t</sup>. humble servant,  
EDWARD EDWARDS  
*Assay Mr.*

FORT ST. GEORGE  
FEBRY. 26<sup>TH</sup> 1753.

TO THE HONBLE THOS. SAUNDERS ESQ<sup>R</sup>.  
PRESID<sup>T</sup>. & C<sup>A</sup>. COUNCIL.

HONOURABLE SIR & SIRS

I receiv'd the letter which Mr. Secretary Bouchier by your order wrote to me on the 6<sup>th</sup>. of February which I should have done myself the Honour to have answer'd before, had I not perceiv'd you were Embarassed with Affairs.

I am extremely concern'd that this Answer should oblige me to trouble you again on the Subject of Lieutenant Demarrs Calumnys. It is impossible I should not be surpriz'd at not receiving all the Redress on this occasion, which it was in your Powers to have given me, as the President Mr. Saunders in a letter to me dated the 20<sup>th</sup>. bid me be assur'd, "that I should have the strictest Justice done to my Character." I humbly request that you will excuse the liberty I take in pointing out wherein I think this has not been done.

You are pleased to say that "it is not in your Power to grant me the Tryal I desire from the absence of Mr. Lawrence, & the want of a Captain to supply his Pla[ce] there being no more than two here, Who can be admitted as Members, Both Cap<sup>ts</sup>. Scrimsour & Vareilles having been objected to, as improper to set [*sic*] as Members at the Court of Inquiry on Mr. Demarr, and must of Course in [a] Tryal of this Nature."

The Objections meant here I suppose are drawn from Major Lawrence's Opinion, That Gentleman objects only to Mr. Vareilles as one unacquainted with the English Language, & should he be a Roman Catholick, Your Military Constitutions would prohibit him likewise, But I have not learn'd that Major Lawrence or any one else has ever objected to Cap<sup>t</sup>. Scrimsour, the objections to Mr. Vareilles or any other not taking Place in regard to him, On the Contrary my last Address to you pointed out Cap<sup>t</sup>. Scrimsour under the designation of the next Officer in Command to Mr. Lawrence so plainly that I cannot think my meaning has been misunderstood; As therefore the Companys Regulations & your opinion in the Letter now before me, admitted of Cap<sup>t</sup>. Scrimsour to preside to my Tryal were there no Objections to him, and as no Objections to my Knowledge have or can be made, to what can I or to what will the World attribute my misfortune in being thus depriv'd of the Common right of a Tryal when accus'd; It must be thought to have been denied me either thro' the Compassion or thro' the Prejudices of my Judges, both which are equally injurious to me.

As to my being satisfied with the Opinion of Major Lawrence & the Corps of his Officers, I beg leave to assure you that I hold in the highest Gratitude the Honour Conferr'd on me by this unanimous Attempt to Compensate as far as in them lay the injuries my Character had suffer'd, by this declaration that they

—FORT ST. GEORGE, FEBRUARY 1753—

think me undeserving of them; But this Declaration ought in no ways to have diverted your Hon<sup>r</sup>. &ca. from my Trial, I beseech your Pardon for thinking that it is doing me no favour to say that you think the Declaration of Major Lawrence, & his Officers implys a Justification of my Conduct, when if I had been tried I am perfectly Conscious, that you must have publicly pronounced me acquitted: For sure none but his Enemies will say that because a Man in all probability will be acquitted, there is no need he should be tried.

The last reason given why I have not receiv'd my Tryal is that Mr. Demarr has resign'd his Commission, & is no longer subject to Military Regulations; By the Custom of all Military Regulations which now subsist in Europe, Mr. Demarr should have been put under an Arrest immediately after the last Court of Inquiry, if not before, & should have continued so till at a Regular Tryal, he had gone thro' his Charge against me; This was denied to Cap<sup>t</sup>. Clive the President of the Court, after Sentence of the Court his Comission, if he had deserv'd it, might have been taken from him, but all offers to resign it before were no Impediment to his Coming to a Tryal; Aspersions on the Honour of a Military Man are so sacredly provided against, that excepting by the Compromise of the Parties, I never heard an Instance of their being past over without a Tryal, & if cast without foundation a Publick Ceremony as much to the dishonour of the Calumniator as to the Honour of the Injured, leaves both Characters for ever after in the State they deserve, without the possibility of Misinterpretations in regard to either of them. When Mr. Allen aspers'd Cap<sup>t</sup>. Clive before Pondicherry, it was left to Cap<sup>t</sup>. Clive's Choice whether he should be broke, Who, out of Compassion requesting that this might not be done, had immediately the Satisfaction to see Mr. Allen recanting and asking his Pardon in presence of a Line of Two thousand Men drawn out for that Purpose.

How evidently different the Treatment I have receiv'd, has been from such usages, I need not insist on, for I suppose no body is unacquainted that Mr. Demarr has left this Place, with a Certificate from the President as authentick in regard to his Military Character as the most Honourable & most deserving Officer of the Corps could have expected; Why all this has been so, I cannot account for, excepting I will admit myself to have behav'd in my Capacity as a Soldier in such a manner as to render an Affair of this Nature, & of such Consequence to me unworthy of your Attention only because it regarded me.

To obviate these Interpretations, I have already shewn that nothing that depended on me was wanting to my being brought to a Tryal, and as nothing will afford me so sensible a Pleasure as appearing before the Hon'ble the Court of Directors in a light not unworthy of the Benefits I have receiv'd in their Service; I must entreat your Permission to say, what nothing but the Circumstances to which my Reputation has thus unhappily been reduced, could extort or excuse.

I have had the Honour to Command the Companys Troops during the War, till the Arrival of Maj<sup>r</sup>. Lawrence, As Treachery is what I have been aspers'd with. I shall insist on no other part of my Behaviour than my Fidelity & Attachment to the Cause which had I not had at heart, as warmly as any Man, Why did not I enter into the Overtures to which Chunda Saib so often solicited me, & why should I take on myself not to decamp with my little Army, after leaving a Garrison in the City of Tritchenopoly, when I had positive orders from the President for so doing.

As this is the last Address, I shall ever have the Honour to make to you, I beg leave to wish you all manner of Success & Prosperity, and remain with the profoundest Respect

HONOURABLE SIR & SIRS

Your most Obed<sup>t</sup>. & most humble Servant

R. D'GINGINS.

*—FORT ST. GEORGE, FEBRUARY 1753—*

TO CAPT. RODOLPH D'GINGINS.

SIR

We have receiv'd your Letter of Yesterday the President promis'd you Justice should be done you accordingly a Court of Enquiry was held on Mr. Demare, the minutes of this Court was sent to Mr. Lawrence, the Opinion of the Officers was transmitted & laid before the Board, the Secretary deliver'd You a Copy of it with our Decision that the Aspersion of Mr. Demare was groundless, & your Conduct Clear'd. If the Decision of the Govern<sup>r</sup>. and Council & the Whole Corps of Officers is not sufficient, We know of no other.

Before you are disgusted you should be upon a Certainty & not a supposition that there were Captains; Mr. Vareilles who you insinuate may be a Roman Catholick, is the Gentlemen of whose Abilities Mr. Robins being convinced while he was at Madrass recommended to us as the properest Officer to be your Aid de Camp. You gave him the Command of the Train, & We should do injustice to him, if we did not take notice that in a late Action he behav'd very Gallantly; As he was unacquainted with the English Language, he was not Call'd on.

Capt. Maskelyne Who was the Officer on Duty had the Presidents order to put Capt. Scrimmour on the Court of Enquiry, He replied that he believ'd Capt. Clive would not sit if Capt. Scrimmour was there, the President insisted on it, but Capt. Scrimmour was reported unable to attend, in which Condition upon Enquiry you'll find him at present.

Mr. Demare resign'd his Commission and had nothing more than a Discharge as usual. The Clearing your Character was one thing you desir'd Another a Satisfaction for an Injury receiv'd; We don't suppose you was bent upon his ruin, but believe you would have been satisfied with a proper Acknowledgement, There are in all Societies, People Who by Constitution are always at War with themselves, Tired not Satisfied, they dispume their Cholar by sowing discord & fomenting instead of healing Differences, and We believe this has been the Case.

If Chunda Offer'd to bribe you to wound mortally the hand that fed you, Certainly you was in the right to scorn an Action that would have been loaded with the greatest Infamy.

If you was order'd from Tritchenopoly, it was when Capt. Clive was in the utmost difficulty and must with his whole Command have been cut to Pieces had he not been reliev'd. In the mean time the Mysores, Morata, and Tanjorenes join'd you, which quite alter'd the Case, We very readily referr this to the Company and are

Gen<sup>l</sup>. Letters read Viz<sup>t</sup>.

Gen<sup>l</sup>.  
Letters read  
Viz<sup>t</sup>. From  
Fort St.  
David.

No. 34 & 35. From the Deputy Gov<sup>r</sup>. & Council of Fort St. David the first dated the 20<sup>th</sup>. Ult<sup>o</sup>. acknowledging the receipt of our letter of the 17<sup>th</sup>. & advising that they have but few more Bales to send on board the Adm<sup>l</sup>. Vernon, when, they shall be able to determine what Quantity they can send us on the Colchester, that they shall continue on board that Ship her St. Helena Tonnage, consisting of Arrack, Sugar, & Candles, untill they receive our further Directions as the Adm<sup>l</sup>. Vernon has the like Stores on board for that Settlement; That they will observe our directions in regard to the deficiencies &ca. in the Stewards Account. The Second dated 26<sup>th</sup>. Ut<sup>o</sup>. acquainting us that the Adm<sup>l</sup>. Vernon is in readiness to receive her Dispatches as soon as our Packets arrive, That they are loading the Colchester but are in great want of Wax Cloth for their Bales and desire a supply from hence, That the demands from Camp & other Exigencys are so great & pressing that the two hundred thousand (200,000) Rupees, we lately sent them will be but barely sufficient to answer them, and therefore desire a Further Supply, also that an Assistant may be sent them in the room of Mr. John Smith Deceased.

Bengal.  
&

No. 36. & No. 38. From the President & Council of Bengal both dated the 29<sup>th</sup>. Jan<sup>ry</sup>. the first acquainting us that they have loaden on the Godolphin 4883 Bags of Rice & 32 † Duppers of Oyl, & by that Ship send us Capt. Poliers Swiss Company, the Second advising that they dispatch to us the Bombay Castle with sundry Merchandize, also the Stores agreeable to our Indent for Bencoolen & by the Chesterfield shall send us what Gunpowder they can spare.

Ingellee.

No. 37. From Mr. Henry Kelsall dated at Ingellee the 7<sup>th</sup>. Ultimo advising the Godolphins Draught of Water &ca. & enclosing his Protest against Captain Hutchinson for refusing to take on board six hundred & fifty Bags of Rice, part of his Tonnage.

Ingellee.

No. 39. From Mr. Luke Scrafton dated at Ingellee the 6<sup>th</sup>. Ult<sup>o</sup>. advising Dispatch of the Bombay Castle from thence, also her draught of Water and enclosing the usual Papers

\* *Hijili* a small marshy district on the western side of the mouth of the Hoogley river. It is the sea coast division of the Midnapore district. Job Charnock occupied the place in 1687 on behalf of the East India Company—Imperial Gazetteer of India, Vol XIII, page 116.

† Dubber (Hindustani *dabbah*), a large oval vessel, made of green buffalo-hide, which after drying and stiffening, is used for holding and transporting *ghee* or oil—Hobson-Jobson, page 328.

—FORT ST. GEORGE, MARCH 1753—

AGREED to write to the Deputy Gov<sup>r</sup>. and Council of Fort St. David, advising them of the Arrival of the Godolphin & Bombay Castle which we shall dispatch with the utmost Expedition & would therefore have them forward to us all their Bales on the Colchester, & [ . . . ] sending us as Conveyances may offer all the Cloth they have in hand, as we imagine the Chesterfield will be able to take in rather more than we shall have here To send us by some Sea Conveyance (lest it should fall into the Enemy's hands) an account of what Gunpowder they have in Store, how much is made Monthly, & what expended, To send us all the Piles they can by every Conveyance, That as Capt. Clive proceeds to Europe from hence, they must write us of the Copper said to be deficient in his Account, that we may settle it with him, that after our late plentiful Supply of Cash, We are a little startled at their request for a further sum as such extraordinary demands will soon Exhaust our Stock, we shall however shortly make them a Remittance as the Army must be supply'd & other necessary Exigencies provided for.

Fort St. David to be wrote to.

The Season being so far advanc'd as to render the Passages of the Ships to Europe doubtful 'tis AGREED that the Bombay Castle be first dispatch'd directly home, as she can be soonest loaded, having her Salt Petre & Redwood, & upwards of half her Loading already on board, & may possibly save her Passage which would be much more hazardous, were she to be sent to the West Coast, But as the detention of the Godolphin here (on account of landing her Cargo of Rice, & taking in her Salt Petre & Redwood—a Work of Time) must inevitably be so long as to render her Passage, even were she to be dispatch'd directly home from hence extremely precarious, & by sending her to the West Coast for the Surplus Pepper she will only be in the same Circumstances, 'tis AGREED that the Stores for Bencoolen on board the Bombay Castle, be transported to the Godolphin, & that all possible diligence be us'd in expediting her dispatch to the West Coast, as well as in loading the Bombay Castle directly for Europe.

the Bombay Castle to be loaded & sent directly home.

AGREED that the Prince George as soon as she can be got ready be sent to Fort St. David with Capt. Poliers Swiss Company, as We think it may be attended with some hazard to send them on Smaller Vessells, and it would be of infinite disservice to our Affairs should they likewise fall into Mr. Dupleix's Hands, which 'tis not improbable he might attempt.

Capt. Poliers Swiss Company to be sent to Fort St. David, on the Prince George.

Letter from Mr. Edward Edwards dated this day read, (as enter'd hereafter) desiring that his Wife may be permitted to take her Passage to Europe on one of the Ships now bound there, AGREED that the said Request be complied with.

Mr. Edwards desires leave for his Wife to go to Europe.

The President pays into Cash the sum of four hundred & sixty Pagodas, four fanams & Sixty Cash (460. 4. 60) on account the Estate of Mr. John Churchey Dec<sup>d</sup>.

Money paid into Cash on acct. the Estate of John Churchey.

As it seems doubtful by the Gen<sup>l</sup>. Letter from Bengal whether the Gentlemen can be able to supply us with any Gunpowder, & our Demand being very urgent, 'tis AGREED that applications [be made] to the several Captains of the Europe Ships [ . . . for] as much out of their respective Ships Stores, of [Gunpowder], Muskets & Pistols as they conveniently can, & the Secretary is order'd to acquaint them of our Request, also that it will be doing the Company an acc[eptable] Service, if they can furnish us with any four Pounder Cannon & Shot, which we are in great want of for the Prince George.

the Captn. of the Europe ships to be apply'd to for as much Gunpowder, Muskets & Pistols as they can conveniently spare. likewise some four Pounder Cannon & shot for the use of the Prince George.

HON'BLE SIR & SIRs

The Salt Petre not being come down before I left Bengal could not procure a sufficient Quantity of it to stiffen my Ship, the want of which I find makes the Ship extream tender, Therefore humbly request your Hon<sup>r</sup>. &ca. Council to grant me 600 Bags of Salt Petre only half Freight to enable me the better to keep my sides up & [in] the Weather in order for gaining my Passage about the Cape, which at this late season of the Year, can't Expect the Wind & Weather to be very favourable; As your Hon<sup>r</sup>. &ca. Council are very sensible how agree- able & advantagious it will be to the Company for this Ship to gain her Passage, considering how Precarious if not improbable it is for the rest of the homeward bound Ships to get round the Cape of Good Hope, so late in the season as it will be before those Ships can possibly be dispatched, I therefore humbly entreat your Hon<sup>r</sup>. &ca. SIR

We have receiv'd your Letter of this date acquainting us with a Paragraph in the Ship Bombay Castles Charter party, which says that she shall not be dispatch'd before the 21<sup>st</sup>. Nov<sup>r</sup>. 1752 N.S. nor after the 11<sup>th</sup>. March 1753 N.S. & the same being elapsed, & the Ship in all points ready for the Companys service, which you find by a Letter from our Secretary is to proceed to Europe, You thought it necessary to acquaint us that the said limited time is expir'd & the Ship ready, in order (if you apprehend right) to be Entitled to four months Demorage, over & above all Demorage incurr'd hitherto.

In reply to which we can only say that we are Compleating your Loading with the greatest Expedition We are capable of, & as soon as that is done shall give you your Dispatches for England, where we must referr the adjusting the said Article of Demorage, between the Hon'ble Court of Directors, & the Owners of the Bombay Castle.

HON'BLE SIR & SIRS

In the Account of Disbursements & Receipts on the Arcot Expedition, which I deliver'd in shortly after my return from thence, I have now discover'd two Errors, which my attention to other Affairs at that time will I hope excuse.

I have credited the Company as having receiv'd at Arcot, the sum of 9000 Rupees & the sum of 430 Pagodas for which it is mention'd I drew Bills on this Settlement payable to Nella Contaggioon. Now it appears by Mr. Smith the Paymasters Account of Disbursements and by Nella Contaggioons Bills deliver'd up that I only receiv'd Rupees 7000, & Pagodas 130 by which errors I have wrong'd myself in the sums of 2000 Rupees, & of Pagodas 300, which I humbly request your Hon<sup>r</sup>. &c<sup>a</sup>. will order to be paid me.

Permission & Assistance, to enable me to repair thither, on the first Ship, where proper Accommodations are to be had, in regard to my Health, You must in general be extreamly sensible of my Circumstances, which is the very reason of my having been so Cautious in executing this resolution, that I might do it in a creditable manner, therefore I hope your Hon<sup>r</sup>. &c<sup>a</sup>. will be pleas'd to assist me therein, & it shall on my arrival in England, be faithfully repaired, & Generously acknowledg'd; if your Hon<sup>r</sup>. &c<sup>a</sup>. do not think proper to gratify me in this request, I'm under an absolute necessity to stay in the Country, untill I can have assistance from my Friends in Europe.

FORT ST. GEORGE  
12<sup>TH</sup>. MARCH 1753.

SIR & SIRS

I really should never have expected that a Letter could have come from your Council so unworthy of it, as that Mr. Bouchier wrote me by your direction the 9<sup>th</sup>. Instant, indeed the Gentlemen of Council have never seen it, & are perfectly ignorant of its Contents, This is a Fact I am very positively inform'd of, as also that it is wrote in a Stile peculiar to Gov<sup>r</sup>. Saunders. You seem by it to intend an Answer to the Protest & Letter I presented to you the 7<sup>th</sup>. Instant, But you will give me leave to say your design is without Foundation, & this I shall endeavour to prove.

You say not one word in relation to what I mention'd to you in my said Letter on the Subject of Gov<sup>r</sup>. Saunders's Consenting & even promising to facilitate my Passage upon a French Ship, but who, twenty days after entirely

---

*—FORT ST. GEORGE, FEBRUARY 1753—*

---

changed his Sentiments without any other reason, than the Caprice of a Will prone to variation; Yet I observ'd to you that it was in consequence of this first Consent of Mr. Saunders, I resolv'd to take the advantage of the then approaching Departure of the French Ship which sail'd the 10<sup>th</sup>. Instant. You think (or at least Mr. Saunders thinks) 'tis saying enough to deny the Validity of my Protestations, because of the permission you give me to embark on the Ship Adm<sup>l</sup>. Vernon which is to sail for Europe the 28<sup>th</sup>. of this Month, that is Eighteen or Twenty days after the Departure of that from Pondicherry: But do me the favour to tell me whether you really think, Gent<sup>a</sup>. a Man is not depriv'd of his Liberty, when, being on the point of Undertaking a long & necessary Voyage, Two Conveyances offer, in one of which (to set out twenty days before the other) he may have the same Accommodations for the Price of Twenty Guineas, as in the other for one hundred; Do you think, I say, that this Poor Traveller can be understood to enjoy his Liberty, when a Governour in contempt of the Law of Nations, & of publick Liberty, obliges him to sacrifice both his Purse, & Time by forcing him to take the dearest and most tardy Conveyance.

I have made use of this figure, tho' somewhat Trivial, to prove to you, Gentlemen, that the infringement & violation of my Liberty in this respect is sufficiently establish'd, altho' you have meant to refute my protest againts it; But as (People perswade themselves) all bad Causes may be denied, Mr. Tho<sup>s</sup>. Saunders, in good Policy is willing to deny this, 'tis Certain however that as he cannot be judge & Party in the same Cause, I dont imagine your Opinion can carry any decision on the Subject.

As to the pretended Indulgence you tell me of; You will give me leave to say it has no Relation to the foregoing, besides 'tis extreamly chimerical, since I am well persuaded, I am not obliged to give you an account of my Private Affairs, with an Officer, whom I have made such with the approbation of the Honourable Court of the Comp<sup>y</sup>. at London. Therefore, unless you would require me to thank you for not doing me an Injury, which you could not do, 'tis Certain that your Proceedings towards me, are as hard, as unmerited on my Part.

I don't know how to apply what you say in your Letter, of the Swiss Detachment, Prisoners at Pondicherry, Every body at Madras know that when you sent it from hence for Fort St. David, in ten small Boats, which were for six days beating against the Winds & Sea, Every body, I say, know that at that time there were in this Road, two of the Hon'ble Companys Europe Ships, & an infinite number of other Ships or large Country Vessells in which this unfortunate Detachment would have run no risque, & might have had a safe & Convenient Passage to Fort St. David.

As to the injurious & inconsiderate reflection with which you finish your Letter, it touches me but little, altho' you endeavour in it to sully my reputation & that of my Countrymen by a Captious & insulting Discourse. Mr. Saunders does not know how sacred the Character of a Military Man is, whose Integrity is acknowledg'd and established by Persons much above him; He may perhaps, have some knowledge of India, where has been ever since his tender Years, & he has even well adopted its despotick Principles; but when he returns to Europe he will find it quite another thing, and I won't doubt a moment of his Changing much his way of Thinking.

I am with such sentiments as I owe you

HUMBLY SHEWETH,

That Your Petitioner has now serv'd the Honourable Company upwards of fifteen Years, & though your Hon<sup>r</sup>. & C<sup>a</sup>. Council have been so good to advance his Pay to thirty Rupees  $\text{₹}$  Month, yet as there is monthly stopp'd at Bencoolen, one Dollar for Rice, & one Dollar for Ghee, it greatly lessens your Petitioners Pay, which he humbly begs he may receive in full, without such stoppage.

That your Petitioner has had much difficulty & Trouble in procuring Sepoys for the West Coast, & that he was occasionally obliged to give some of them Hopes of having six Months Pay advance they alledging that the usual advance of four Months was only sufficient to buy them Cloaths, & necessarys for the Voyage, & that out of it they could leave nothing with their Wives & Familys, Your Petitioner therefore humbly prays that they may be allow'd six Months Pay advance, & as some of them are apt to run away after they have receiv'd their advance Pay, Your Petitioner humbly requests a Guard of Twenty or Thirty Peons to prevent them from it.

Your Petitioner further humbly prays that the Tamteewalla & Boureewalla may have the usual Pay of Twelve Rupees  $\text{₹}$  Month.

And Your Petitioner as in duty bound shall ever pray.

THE HON'BLE EAST INDIA COMPANY.

& to Grant him a Certificate to that Purport; but not to interfere in it so far as to make the Hon'ble Company answerable for the amount of it in England; which the Sec<sup>y</sup>. is order'd to acquaint him with.

The Storekr. lays before the Board a Letter, he has receiv'd from Capt. Wm. Grierson of the Hon'ble Companys Sloop Porto Bello on the subject of his Allowances for Port Expences & Provisions being order'd to be no longer Continued, but upon the footing of the other Commanders of the Companys Vessels, representing that as he was appointed Commander of the said Sloop by the Hon'ble Court of Directors, & has remain'd in her ever since, being now almost six Years, during which time he has always enjoy'd those Allowances. He therefore requests that they may be continued to him untill her return from her intended Voyage, which he supposes cannot be long, when if We think proper we may discharge him from her, As it would be a reflection upon him after serving six Years to be reduc'd in the same Vessell, Which being Consider'd as the said Allowances are no more than [he] were appointed by the Honble Company when she came from England; Tho' We imagine, they did not then intend, she should after being discharg'd by Mr. Boscawen from his Squadron have been employ'd for any other Service, than that of Bengal River, for which She was first built, when She would have been on the same footing as the other Sloops there, Yet as there is a necessity for her being now sent another way, & Capt. Grierson having all along behav'd himself suitable to his Station, he is in, AGREED That the said Allowances be continued him, till the Sloops Return.

AGREED that a Genl. Letter be wrote to the Dep<sup>y</sup>. Gov<sup>r</sup>. & Council of Fort St. David in answer to several lately receiv'd from them to go by the Godolphin & Prince George be now draughted out as follows; That we have by those Vessels sent a reinforcement of Military for the Camp, on whose Arrival they will immediately acquaint Major Lawrence, & take his Advice in sending them to him, that we have sent them also a Supply of one hundred thous<sup>d</sup>. (100,000) Rupees (which the low State of our Cash obliges us to recommend to them to be very frugal of,) & some Lead and Medicines; We shall account with Capt. Mainwaring for the Bale missing, & have sent them Mr. Henry Eustace Johnson Writer to their Assistance, directing them to return us the Godolphin, & Prince George as soon as possible, to send us up Twenty Camp Kettles, by them, & pay Mr. Westcotts Attorneys for the Blackwood Furniture at the Garden House made by Mr. Floyers Direction at Bombay, of which we now send them six Elbow Chairs, & Two Settees.

Sailing Orders to Captains Hutchinson and Burman are also order'd to be draughted out, directing them in case any Attempts should be made to stop them in Pondicherry Road, & make the Prisoners the Military they have on board, to use what means they can to prevent it.

The Import Warehousekr. now pays into Cash the following sums Viz<sup>t</sup>.

Five thousand, two hundred, sixty three Pagodas, five fanams and fifty five Cash (5263. 5. 55) on account of Rupees sold & Eleven thousand (11000) Pagodas on his running Account.

N<sup>o</sup>. 58. From Mr. Westcott Resident at Ingeram dated 6<sup>th</sup>. Instant enclosing Indent for Wares & Stores for that Settlement, also Journal Parcels & Cash Account for the last Month, & expressing his Concern at our disapproval of his Cloth, assuring us that it has not been thro' want of his Endeavours to procure the best, but the Demand of the French last year, & the number of Persons resorting there, since the Troubles in these Parts, to purchase Goods for the Eastern Market has very much hurt the Manufacture of the Ordinary Goods, that he does not apprehend the Vizagapatam Investment can be injur'd by his [*sic*] as he has prohibited his Merchants from purchasing Goods there, which he believes they have Complied with, that he has been particularly careful to keep the Merchants to their due Lengths & Breadths, & turn'd out a large Quantity of Cloth on that Account.

## AT A CONSULTATION

*Present*

MONDAY  
THE 2<sup>d</sup>.

THOMAS SAUNDERS ESQ<sup>r</sup>: GOV<sup>r</sup>: PRESID<sup>t</sup>.  
CHARLES BODDAM. HENRY POWNEY.  
ALEX<sup>r</sup>: WYNCH. JOHN SMITH.

Last Consultation read & sign'd.

General Letters read Viz<sup>t</sup>.

Gen<sup>l</sup>. Letter  
from  
Vizagapatam  
read.

No. 60 From the Chief & Council at Vizagapatam dated 14<sup>th</sup>. Ult<sup>o</sup>. acknowledging the receipt of our letter & Supply of fifty thousand (50,000) Arcot Rupees ꝓ Vizagapatam Snow, & advising that their Merchants have brought in but very little Cloth since the last sent us, which they say is occasion'd by the Dearness of Cotton & Want of Copper Money, & that they cannot promise what quantity they can furnish by August also enclosing Cash Account for February.

Gen<sup>l</sup>. Letter  
from  
Fort St.  
David read.

No. 61 From the Deputy Gov<sup>r</sup>. & Council of Fort St. David dated 30<sup>th</sup>. Ult<sup>o</sup>. in answer to ours by the Godolphin acknowledging the receipt of the Treasure sent them, which they assure us they will disburse only where immediate occasion may require, that they have no Camp Kettles in Stores, but some are making, which they will send us when finished, & shall pay for the Blackwood Furniture as we direct, that they have appointed Mr. Henry Eustace Johnson under the Secretary, & hope that Branch will in future be conducted more to our Satisfaction.

Benga<sup>l</sup>  
wrote to.

Gen<sup>l</sup>. Letter to the Presid<sup>t</sup>. & Council of Bengal, dated this day read, approv'd, & sign'd acquainting them with the disposition of the Adm<sup>l</sup>. Vernon, Bombay Castle, Chesterfield, & Godolphin, that the late arrival here of those ships, will in all Probability render their Gaining the Passage doubtful, in which should they fail the disappointment to our Hon'ble Masters will be very great, especially as we were prevented in our design of sending home a Ship in September, that therefore we desire in future, they will dispatch the January Ships to us as early as the Weather will permit, that we observed by the Lists of Tonnage, that the Bombay Castle, & Chesterfield had more than Charter Party Salt Petre on board, however as they mention'd nothing of it to us, & the Commanders could give us no positive information, We Computed it as Part of their Tonnage, that we were also in the dark for want of advice, whether the said Ships had their St. Helena Tonnage on board or not, Capt<sup>s</sup>. Cooke, & Carter indeed satisfied us they had, but Cap<sup>t</sup>. Browne was uncertain, we therefore desire they will be more particular in their Advices; That we have receiv'd the Packing Stuff, Baftaes\* &ca. also 98 Chests of Gunpowder, & request a further supply by September if procurable, we were doubtful whether Cap<sup>t</sup>. Carter deliver'd us the full Quantity of Gunpowder, as neither Invoice nor Bill of Lading was sent us till he produc'd Mr. Drakes Letter to him to receive it

\* See note at foot of page 36.

## —FORT ST. GEORGE, APRIL 1753—

on board, we desire an Invoice may be sent us that we may credit their Presidency; That at the desire of Mr. Hunter we request they will supply him, by a Sloop to the Negrais with Sundrys as  $\text{p}$  List Enclosed, that the King of Persia's Ship, they mention to us, which the Presid<sup>t</sup>. & Council of Bombay had warn'd them not to purchase, was before we receiv'd their Advices bought by Mr. Pigot at Vizagapatam, however we hope no ill Consequences will ensue, that we shall send them what Redwood they indent for, & as we have (5000) Baggs of Salt Petre on hand, we shall not want any more, that Considering our distress we were surpriz'd the Swiss Detachment,  $\text{p}$  Godolphin was sent without Arms, & we desire they will spare us as many as possible.

Letter from Cap<sup>t</sup>. Roger Mainwaring Commander of the Colchester read (as Enter'd hereafter) requesting to be supplied with eight Barrels of Gun powder, and four Six Pounder Guns, also to be advanc'd the sum of five thousand, five hundred Pagodas to refit his Ship, AGREED that the said sum be advanc'd him for that purpose on the Charter Party terms, & that he be also supply'd with the Gunpowder he desires, as he spar'd the Company some at Fort St. David, but as it is intended to dispatch that Ship in a day or two with Mr. Hunter, & the detaining her till the Cannon can be got ready may be of disservice, the Secretary is directed to acquaint Cap<sup>t</sup>. Mainwaring, we shall defer furnishing him with them, till his return, unless it be immediately necessary to have them now.

Letter from George Baker, Chief Mate of the Porto Bello Sloop read, setting forth his long & faithful Services to the Company, without any opportunity of improving his Fortune, & that he has exerted himself in the execution of his Duty, yet he has not been promoted according to his Seniority in the Service, submitting his Case to the Consideration of the Board; Altho' there is not any manner of Objection to Mr. Baker, yet as no Opportunity now offers of Gratifying him, ORDER'D that the said Letter do lye on the Table.

The Godolphin being ready to take in Goods, ORDER'D that Captains Edward Burman, Hamilton Parkinson, and John Heriot do go on board to survey her, and report to the Board, whether she be in a proper condition to take in her Cargo for England, And if on such survey she shall appear to be in good order, the Export Warehousekeeper is directed to begin to load her, and the Secretary to serve Captain Hutchinson with the usual orders for taking in Goods, Caution against Fire, putting good Dunnage under the Bales and not detaining the Boats on board.

Agreeable to a Resolution in Consultation the 26<sup>th</sup>. February of sending the Prince George to the W<sup>t</sup>. Coast, with a Cargo of Rice & Salt, ORDER'D that the Export Warehousekeeper do Compleat her Loading as soon as possible that she may be dispatch'd thither, & as there is a demand for Timber & Plank, for the Companys use, 'tis AGREED that after delivering the said Cargo at Fort Marlbro' the Captain be order'd to proceed to Batavia for such a Cargo and return hither.

The Subject of a General Letter to the Dep<sup>y</sup>. Gov<sup>r</sup>. & Council of Fort Marlborough being now agreed on, ORDER'D that the Draught thereof with the other necessary Dispatches be prepar'd.

The Presid<sup>t</sup>. reads the Cash Account for last Month, Ballance remaining now Compar'd with the Chest, Twenty seven thousand, eight hundred, twenty two Current Pagodas, thirty fanams, and Sixty Two Cash, (27822. 30. 62) and ten thousand & five (10005) Madrass Pagodas, which is Carried forward.

HON'BLE SIR & SIRs

As I understand your Hon<sup>r</sup>. & C<sup>a</sup>. intend to leave near 200 Tons of the Godolphins Tonnage to be fill'd up at Fort Marlbro'. & the Season being so late that it is very reasonable to apprehend we may meet with some hard Weather, before we get out of the Bay. HON'BLE SIR & SIRs

Whereas a Sloop, call'd the Surprize Joseph Bond Master was some time since seiz'd by the Dutch (as I conceive) in a very illegal manner, I therefore take the Liberty (in behalf of myself & the rest of the Gentlemen at Fort Marlbro' who were concern'd in the said Sloop) to present to your Hon<sup>r</sup>. & C<sup>a</sup>. Council the Deposition of the said Joseph Bond, to which is annexed a Copy of the Invoice of Goods laden on board her; besides which your Hon<sup>r</sup>. & C<sup>a</sup>. will please to observe that the Sloop with her Stores, Impress, and Provisions (when she sail'd from Fort Marlbro') amounted to three thousand two hundred Spanish Dollars, or thereabout, the exact Price I cannot affirm the Accounts being at that Place, As Your Hon<sup>r</sup>. & C<sup>a</sup>. Council will by the aforesaid Deposition plainly perceive the manner of the Sloop being seized, likewise what small Reparation the General of Batavia has offer'd for such unjust & unprecedented a Proceeding, I therefore most humbly request that your Hon<sup>r</sup>. & C<sup>a</sup>. Council will take this matter into your Consideration, and represent it in such manner as you shall think proper, I am

## —FORT ST. GEORGE, APRIL 1753—

JOSEPH BOND late Master of the Surprize Sloop, now at Fort Saint George on the Coast of Choromandel in the East Indies maketh oath as follows, that is to say, He being at Fort Marlborough on the Coast of Sumatra on or about the third day of August, which was in the Year of our Lord, One thousand seven hundred & fifty one with the said Sloop received from her Owners on board thereof sundry Goods, Wares & Merchandizes to the amount of five thousand six hundred & thirty two Spanish Dollars, one Sooca, & fifty four Pice as by the Invoice thereof, a Copy of which is hereunto annexed, as does fully & at large appear, and he according to Orders saild with the said Sloop & Cargo for Sinkell & Laboo, and through scarcity of Water & Provisions was under a necessity of Stopping at Priaman to get a supply, where on the third day of October in the same Year, the said Sloop with her said Cargo was seized by order of the Gov<sup>r</sup>. & Council of Padang, and this Deponent was kept Prisoner on board of a Padgalong being a Sloop of War belonging to the Netherlands Company, and thence carried into Padang Road, from whence they convey'd him, this Deponent, in their Boat on Shoar [*sic*] under a Guard of two Soldiers, & then before the Governour & Council, who desir'd to see this Deponents Pass, which he shew'd to them, & the said Gov<sup>r</sup>. after the reading of it told this Deponent, that the Gov<sup>r</sup>. of Bencoolen had no right to give a Pass to Sinkell, assigning for reason that it was their Port, & for that, & no other Cause the said Sloop & him, this Deponent, were detain'd.

On the seventh day of the same Month of October, He this Deponent was sent for to attend the said Governour & Council, at which time they inform'd him that they had determin'd to send him, this Deponent, to Batavia as Passenger on board the said Sloop which they with her Cargo had made Seizure of, or words to that or the like Effect, further desiring that he, this Deponent, would give them an Inventory of her Cargo, which he accordingly did, agreeable to the Invoice annexed, as likewise an account of what had been taken out of the Cargo to buy Rice for the People to the amount of fifteen or sixteen Dollars, & sign'd the same, & this Deponent further saith, that on or about the eleventh day of the same Month, He the said Gov<sup>r</sup>. of Padang sent for him this Deponent to go on board the said Sloop, together with the \*Fiscall & some other Gentlemen, to examine the Goods that were on board of her, which He, this Deponent refus'd, & for this Reason, to wit, that as he had been kept from the said Sloop, for the space of Eight days, he was very dubious, whether or no some part of her Cargo might not be embezeled, and this Deponent further saith that on the Twenty third of the same Month, he was sent on board the said Sloop to be carried a Passenger to Batavia, where on the fifth day of November then next ensuing, he, this Deponent arriv'd, & went on Shoar with the Master, in the Sloops Boat, & the next day went on board an English Sloop then in Batavia Road & belonging to Fort Marlborough aforesaid with an Intent to get thither, & to give his this Deponents Employers, the Owners of the said Sloop a just & true Account of all Transactions & Proceedings that had happen'd with respect to the said Sloop, Her Cargo, and Himself And this Deponent further saith that on the Twenty fifth day of the same Month, he was at Batavia sent for on Shoar to see the Goods that were put into the Warehouse, & to put his, the Deponents, seal thereon, to which he replied as before with this Addition that he had given a just Inventory of what Goods were on board to the Gov<sup>r</sup>. & Council of Padang, & to the Truth of which he was ready to make oath, And this Deponent further saith that on the Twenty first day of March in the Year One thousand seven hundred & fifty two He this Deponent arriv'd at Fort Marlbro' & acquainted his Owners of every Particular that had happen'd to him, the said Sloop, & her Cargo, since the seizure was made, and this Deponent further saith, that on the Twenty second day of May then next, his Owners sent him again to Batavia to know from the General there his final determination with regard to the said Sloop & her Cargo, and on the second day of June he arrived there, & waited on the General who a few days after told him that he would return the said Sloop & her Cargo, if he, this Deponent, would receive the Cargo as it then was, without having any regard to its State or Condition, as also the said Sloop without

any Repairs (which lay bulged along side their Wharf at Onroost, and full of Water) or words to that, or the like Effect, to which, this Deponent replied, that he could not Consent to receive the said Cargo, without first taking a view of what Condition it was in, & to which after many Scruples & Objections, He the said General consented to let him, this Deponent, go to the Storehouse where the same was with this restriction that he this Deponent should only take a superficial view of them, but not examine into the Particulars thereof. This Deponent further saith that he accordingly did go, & with the slight examination that he was permitted to make, he saw that there was three Bales wanting, & several others open, & on poizing the several Chests of Ophium in his hands, he on his Oath saith that he doth not beleive there was in the five Chests of Ophium sufficient to fill one, and this Deponent further saith that the Storekr. who went with him to shew him the Goods, put his hand into one of the Ophium Chests, & took out a large piece of Brick, which, this Deponent carried to the General, at the same time informing him that there was three Bales wanting, & several others open, to which the General answer'd if he, this Deponent did not choose to receive them as they were and give full release of all Demands on account of both the Sloop & her Cargo, He, this Deponent, might let them remain as they were, for that he beleiv'd the Govr. & Council of Bencoolen did not care whether he this Deponent receiv'd them or not, or words to that, or the like Effect.

That your Petitioner having been employ'd by Mr. Philip Jacob Dormieux Merch<sup>t</sup>. of Sadrass, as his Factor in a Voyage to Batavia, & several other Transactions, the Accounts whereof remain as yet unsettled, & your Petitioner having used all possible means to come to an Agreement, & settling the said Accounts by Arbitration which has been utterly refus'd, by which your Petitioner has suffer'd & still suffers considerable Losses by being detain'd in this Place. And your Petitioner having sufficient Proof that the said Philip Jacob Dormieux has wrote to Bussora to the Dutch Consul to arrest the Goods & Merchandize sent by your Petitioner to that Port in the Ship Brill, your Petitioner greatly suspected that he will use the same unlawful means in other Ports of India where your Petitioner may go to Carry on a Trade, by making use of several Bonds & Obligations of your Petitioners remaining in his hands against your Petitioner, which the said Philip Jacob Dormieux has refus'd to surrender to your Petitioner.

And whereas your Petitioner now intends to go to the Northern Settlements to prepare and purchase Goods & Merchandize for the next Bussora Voyage, humbly prays your Hon<sup>r</sup>. will be pleas'd to grant him a Certificate under the Honourable Companys Seal that he has at several & Sundry times requested the said Dormieux & his Attorney Thaddeus Aga Perry to Settle their Accounts, & has Petition'd the Worshipful Court of Choultry Justices to oblige the said Dormieux & Thaddeus his Attorney to nominate Arbitrators to determine the Difference between them, but that they obstinately have refused to agree

—FORT ST. GEORGE, APRIL 1753—

Cap<sup>t</sup>. Cooke, of the Adm<sup>l</sup>. Letter or Invoice, but as they consisted of the same Articles (Viz<sup>t</sup>. Arrack, Sugar, Rice & Candles) as the Colchesters Stores, he desired the Gen<sup>l</sup>. &amp;

Fort St.  
 David,

No. 74 From the Deputy Gov<sup>r</sup>. & Council of Fort St. David dated 21<sup>st</sup>.  
 Instant, acquainting us that Major Lawrence with the whole Army being  
 obliged to March into the Tritchenopoly Country, & apprehending that during  
 his Stay there which he thinks will be two Months the Communication with Fort  
 St. David may be cutt off, he had applied to them for one hundred thousand  
 Rupees, & eight thousand Pagodas which he represents as absolutely necessary  
 to take with him for the payment of the Army, that however their Cash being

—FORT ST. GEORGE, APRIL 1753—

low, they had advanced him only the half of what he desired, which leaves them no more than six thousand Pagodas for their necessary Expences, therefore requesting a speedy supply.

The Gentlemen at Fort St. David having requested an immediate Supply of one hundred Reams of Carriage Paper, AGREED that the Hon'ble Companys Sloop Dragon be dispatched to them with half that Quantity only, which the Storek<sup>r</sup>. represents is all that can be spar'd at present.

Sloop Dragon with Cartridge Paper to be sent to St. David.

Agreed also that we write to the Deputy Gov<sup>r</sup>. & Council of Fort St. David, in answer to their several Letters receiv'd lately, that we have receiv'd the Jewels and Carpets for Presents, as well as the Camp Kettles, as for the latter we were in immediate want of them for Mr. Hunters Expedition, & only desir'd if they had any remaining they would send them, but said nothing about making them, as we can do that as well here, & that in future we expect they will wait for our orders to make things of this sort, That we shall enquire into the Allegation of the Trevendeporum Renters, & then give our Sentiments; that we think the reason they urge for sending the Colchesters St. Helena Invoice by the Adm<sup>l</sup>. Vernon very weak, as a Copy would have done as well, & we have been under a necessity of sending an imperfect Invoice of those Stores by the Godolphin, that this bears a great appearance of Negligence and if the Companys Affairs are not more attended to, we shall take further notice of it; that we shall as soon as possible send them a supply of Cash & we think this a good opportunity to settle their Merchants Ballances which we observe are very considerable; that we cannot admit of any further Allowance for making Powder, except the Cost of the Spirits represented to be so necessary an Ingredient, that in future we would have the Storehouse & Military Storehouse Journal Parcels sent up monthly, & all those Accounts since this has been the Presidency, that if the first Europe Ship should touch there she must be immediately dispatch'd here, that by her advices we may be able to direct them what to land out of the rest.

& Fort St. David to be wrote to.

The Engineer representing that he finds great difficulty in procuring Charcoal, proper for making Powder, which when the Mill is finish'd may greatly impede that Work, & at the same time assuring us that at Devecotah there is a sort of Wood very proper for the Purpose call'd Erkwood AGREED that we write to Mr. George Dawson at Devecotah directing him to provide a Quantity, & to give orders for cutting so far as one hundred thousand Piles, which he also informs us he shall want for the Works, & forward the same to us as opportunitys may offer.

DeveCotah to be wrote to, for Piles & Erkwood.

AGREED that a further supply of five thousand (5000) Madrass Pagodas be sent to Mr. Foss Westcott Resident at Ingeram as by his Cash Account there appears to be a Ballance of Pags<sup>s</sup>. (9008. 18. 42) due to him, & only ten thousand Madrass were sent him by the Don Carlos.

(5000) Mas. Pags. to be sent to Ingeram.

The Import Warehousek<sup>r</sup>. acquaints the Board that sundry Bales of Broad Cloth having receiv'd Considerable Damage in the Storm which happen'd the 31<sup>st</sup>. of October last, by the bursting open of the Doors & Windows the Buvors have refus'd to Clear it, alledging that all damage should remain for the Companys Account, untill the Goods are deliver'd, ORDERED that it be referr'd to the Import Warehousek<sup>r</sup>. & Mr. Wynch, to examine what Quantity of Cloth is damaged, & make their report to the Board.

HON'BLE SIR

The Piece of Ground adjacent to the northern side of the Church at Wepery, at the other side of the Road, extending itself from West to East all along that Road, hath been the Place, where before this time the Companys Bricks many years since have been burnt, But being now the Work of burning Bricks quite finish'd on that side, & the whole Ground lying Barren & Idle,

—FORT ST. GEORGE, APRIL 1753—

We desire your Hon<sup>r</sup>. most humbly to be the same Ground (by reason of its so near & convenient a Situation to this Place where we live) let out to our Mission for Tillage upon the Customary Conditions other Inhabitants are obstructed to; And since the whole Superficies of it is nothing now but heaps of Rubble, Hills & Pits, which will require a great Labour & Expences to be made an Arable Field by degrees; We beseech only to have it free for a certain number of Years, committing the determination of them to your Hon<sup>rs</sup>. Disposition, Submissively remaining

HONOURABLE SIR,

HON'BLE SIR & SIRs

In consequence of an Order of Consultation we have look'd over the Broad Cloth Bales that were damag'd by the Storm which happen'd on the 31<sup>st</sup>.

October 1752, by the bursting open of the Doors, Windows, and Leaking of the Godowns, notwithstanding, we are inform'd great care was immediately taken to open & dry all that appear'd to be wet; there is about ninety Bales, part of which are what was sold at Outcry, the others what was reserv'd for use, in which we find there are many pieces not damag'd & which we think the Purchasers ought to take; what remains not fit to be deliver'd or kept for use your Hon<sup>r</sup>. & c<sup>a</sup>. will be pleas'd to give such directions as you think proper.

WE ARE,  
HON'BLE SIR & SIRs,

From the Deputy Gov<sup>r</sup>. & Council of Fort St. David, the first dated 27<sup>th</sup> Ult<sup>o</sup>. advising that they have drawn on us for four thousand (4000) Arcot Rupees payable to Cap<sup>t</sup>. Robert Gascoigne or order, value receiv'd into the Hon'ble Companys Cash of Mr. Peter St. Paul, The second dated the 3<sup>d</sup>. Cooke Esq<sup>r</sup>. the third dated 4<sup>th</sup>. Instant, in answer to our Letter of the 26<sup>th</sup>. referring to their Letter of the 15<sup>th</sup>. Ult<sup>o</sup>. for the reason of their Proceeding with regard to the St. Helena stores and assuring us that the Camp Kettles they sent us up, were not made on purpose, but were in hand when they receiv'd our Directions to send us some if they had any in store, That they will comply with our orders relating to the Europe ships touching there, & also for sending up monthly the Journal Parcels of every Employ, & the whole sett for last year, that their Ballance of Cash is no more than Pagodas (83. 35. 69) and therefore our promised supply will be very acceptable, that their merchants Ballances have been greatly reduc'd since December, & Andeappahs in particular is no more than Eighteen thousand five hundred, Eighty seven Pagodas, seventeen fanams & fourteen Cash (17587. 17. 14) [*sic*] they would willingly lessen it still more but are prohibited by the Disturbances in the Country, and the large outstanding Debts due to his Estate, which they have in vain tried to accommodate by mild measures, & shall therefore try others; that they wait our Directions in regard to the Trevendeporum Renters, that Ensign Davis having by Letter acquainted the Deputy Gov<sup>r</sup>. that himself Ensign Cudmore, a Swiss Voluntier, & Twenty two Private Men being made Prisoners at Trivady & carried to Pondicherry, most of them wounded. Mr. Dupleix had refused them a surgeon, medicines, & other necessarys, in consequence of which they (the Gentlemen at St. David) had order'd a surgeon thither to visit their wounds, and directed them to be supply'd with money for their present subsistence; They enclose the Warehousek<sup>rs</sup>. No. 76 Genl. Letter from the Gov<sup>r</sup>. & Council of Batavia dated 20<sup>th</sup>. October 1752 acquainting us the Gentlemen at Fort Marlborough not satisfied with publickly undermining the Netherland Company in their lawfull & exclusive Trade on the West Coast of Sumatra have also made a settlement & erected a Fortification at \* Natal, a Place within their Companys Jurisdiction, that they have made representations on this Head to the Gentlemen at Fort Marlborough, & requir'd them to evacuate this Place, but without effect, they therefore desire we will interpose our Authority, & cause the same Island to be restored, & every thing left in the Condition they were left in the Year 1748, & in default Protest against us for the Consequences; they also inclose a Copy of a Letter dated 10<sup>th</sup>. October wrote by them on the same subject to the Gentlemen at Fort Marlborough.

No. 77 from Mr. George Dawson at DeveCotah dated 29<sup>th</sup>. Ultimo, acquainting us that in Consequence of our directions of 25<sup>th</sup> April, he had given orders for cutting one hundred thousand Piles, & a large quantity of Erkwod, & will send them up with all possible dispatch.

The President acquaints the Board, Mr. Starke has inform'd him, that Shaik Hussain (who was taken in Syringham, & has ever since been confin'd at Fort St. David) had made his Escape out of Prison & was got to Pondicherry.

the Board

Hussains  
Escape.

AGREED that we write to the Gentlemen at Fort St. David in answer to their several letters, that as their Cash is low we shall supply them, as soon as we can get Bills, that we shall discharge those they have drawn on us, & in future their Draughts must be at ten days sight, that altho' they say they have lessen'd their Merchants Ballances, we disapprove of so large a sum as Eighteen thousand Pagodas being still due from Andeappah, for the whole Ballances from all the Merchants when that Place was the Presidency, were limited to thirty thousand Pagodas, however we don't approve of their Intentions of using other than mild measures, & recommend the deciding cases of Property by Arbitration, & even then if either of the Partys should object to the Arbitrators that the matter be refer'd to us, that we approve their sending a surgeon & necessarys to our Men Prisoners at Pondicherry; That we have not yet had an opportunity of enquiring into the losses sustain'd by the Trevendeporum Renters, but shall do it as soon as we can, & give our sentiments, however that this may not prevent the Closing of their Books, it may be transferred to the New Sett, that we would have their Cloth sent up hither as soon as embaled if opportunity offer, That the manner of Shaik Hussains Escape gives us reason to imagine there was too great a familiarity between him & those under whose charge he was, & direct that this affair be very particularly enquir'd into, that the Storek<sup>r</sup>. & Military Storek<sup>r</sup>. must be very careful in taking proper Vouchers for what they deliver out on the Nabobs account, that when it comes to be adjusted there may be no disputes.

The two last Consultations read and sign'd.

Having acquainted our Hon'ble Masters in the General Letter, dated 3<sup>d</sup>. Nov<sup>r</sup>. last with our Intention to fill up the Vacancy in Council occasion'd by the death of Mr. Cockell with the next in standing if the first ships from England brought no particular orders to the Contrary, & as the advices by the Suffolk & Clinton have no directions on this head, 'tis AGREED that Mr. Charles Burchier the next in succession be admitted to fill the said Vacancy, as Junior Council and the usual Oaths of Fidelity, being admistred [*sic*] to him, he promises to write to his Friends in England to find security for him in £4000; and accordingly taking his seat at the Board, is appointed to the charge of the Rental General, & scavengers Employ.

Pagodas for  
the Northern  
Settlements.

AGREED that the Bullion receiv'd & expected by the ships from Europe be deliver'd into the Mint from time to time to be coin'd as fast as possible, that a Calculate be made of what quantity of Madrass Pagodas may be necessary for the use of the Northern Settlements and that a sufficient proportion of the Gold be coin'd for that purpose.

(100,000)  
Rupeas to be  
sent to Viza-  
gapatam by  
the first Con-  
veyance..

As the Northern investments have generally turn'd out so much more beneficial than any other, & our Hon'ble Masters strongly recommend the encouraging, & promoting the manufacture there as far as is consistent with prudence, 'tis AGREED that one hundred thousand Rupees be sent to Vizagapatam by the first safe Conveyance that may offer, as early & ample supplys are the most effectual means of extending and encreasing that Trade, & that it be recommended to the Gentlemen at the Northern Settlements to exert themselves in their several Branches which cannot fail of gaining the approbation of our Honourable Masters.

The Houses hir'd in the Pettah, & intended for an Hospital, being now refitted, ORDER'D that they be appropriated for that use, & the present Hospital on the Parade converted into Barracks & that proper necessarys such as Cottts, Matts, &c<sup>a</sup>. be provided for the Recruits expected shortly to arrive.

officers from  
Europe this  
Season.

ORDER'D that Commissions be drawn out for Capt. John Brohier Capt. William Lin & the several other Officers coming out this season, as they arrive, if they have not already had Commissions Granted them in England.

Opinion of  
the Board  
relating to  
Payments  
&c<sup>a</sup>. out of  
Cash.

The President applies to the Board for their Opinions whether, for all advances & Payments made out of Cash by order of Consultation, a regular entry thereof in the Cash Book, & a receipt from the Persons to whom such advances or Payments are made are sufficient Vouchers & authorities to him, as Cashkr. for the same, the Board are of opinion, they are very sufficient.

Opinion of  
the Board  
that the  
Mint Master  
is not an-  
swerable for  
Bullion

The President also desires the sentiments of the Board, whether as Mint Master he is chargeable with all the Bullion deliver'd into the Mint to be coin'd, or whether Linga Chittees receipt for the same will not acquit him in case of any deficiency, either by fraud of any kind, or the failure of Linga Chittee; The Board conceive that as the President & Council for the time

## —FORT ST. GEORGE, MAY 1753—

being have on behalf of the Company contracted from time to time with Linga Chittee ever since the Year 1739 \* for coining their Bullion, which has never been disapprov'd of at home, he ought properly to be consider'd in this respect as an immediate servant of the Company to whom he & his securitys are accountable for what Bullion is deliver'd into the Mint, & that his Receipt is a sufficient Indemnity to the Mint Master for the same.

Order'd that a copy of the Companys General Letter to St. David, in regard to Colonel Scott be sent thither that proper Preparations may be made for his reception on his arrival, & AGREED that at the same time the Deputy Govr. & Council be directed to pay him the same Military Honours as to Major Lawrence; that as the Deputy Govr. is order'd hither, in his absence we would have Mr. Cooke open all Letters from Majr. Lawrence & Cap<sup>t</sup>. Dalton to the President, & in case either of them should be in want of money or stores to supply them as fully as possible, & on all emergent occasions act to the best of his ability, immediately advise us, that as the Consumption of Military stores is considerable, we want to know what quantity are remaining at Fort St. David, & would have the two Coppers, there, one in the Cook Room, & the other in the Storehouse Godown sent up hither for the use of our Powder Mill.

The List of Goods to be provided on this Coast receiv'd by the Suffolk & Clinton being again read & Consider'd, ORDER'd that such parts as relate to the subordinates be extracted to be forwarded thither by the first Conveyances, & with regard to the remarks on our Investment, 'tis AGREED that altho' there is little reason to hope for an amendment so long as the Troubles in the Province subsist; yet that the Merch<sup>ts</sup>. be order'd to attend at the next Consultation, & acquainted with the Complaints of the several species of Goods provided by them respectively, & that we insist on their rectifying what has been found amiss.

Our Hon'ble Masters having been pleas'd in the said List of Investment to recommend the curing of all the Northern Cloths here or at St. David, The Board after due consideration are of opinion that it is impracticable for as it is generally late in the Season before the Gentlemen at those settlements can have any opportunitys of forwarding their Investments hither it will be absolutely impossible to get the Cloth cured in any reasonable time, for the dispatch of the ships to Europe, which must reduce us to the necessity of detaining them or of sending part of their Cargos brown, the bad consequences of the first are too obvious to need a remark, the latter the Company have forbid; AGREED therefore to recommend it in the most pressing manner to the Gentlemen at the Northern Factorys to cure as much of their Cloth there as they can, & that they be particularly careful to have it done in a better manner, than has been hither to sent to us, & if they should not be able to get the whole bleach'd in that case to send us the remainder brown, that we may get it wash'd here.

The Madrass Paintings of the late being also Complain'd of, which as well as every other Branch of our Trade & Manufactures is certainly much debased since the commencement of the Troubles, the Board is of opinion it might be attended with success, if that part of our Hon'ble Masters Investment was encourag'd at the Northern settlements, where tis observ'd not only that the Colours are much superiour to ours, but labour General much Cheaper, 'tis therefore AGREED that Proper Patterns be sent to the Gentlemen there with directions for promoting that Business.

Letter from the Supra Cargo's of the Clinton Suffolk read (as enter'd hereafter) acquainting us that it will be an acceptable service to the Company, if we can load any Goods on board those ships, fit for the China Market, & desiring also to be acquainted what treatment they may expect should they be oblig'd to touch at \* Quedah.

The Board are of opinion Northern Cloths cannot [be cur'd] here.  
Reason why

## —FORT ST. GEORGE, MAY 1753—

Resolution  
thereon.

RESOLVED that the Supra Cargos be acquainted in their dispatches from hence that we have not been able to procure any staple Commodities for the China Market, & we do not think it adviseable to send any others on the Companys account, which from the precariousness of that Market, they might as probably suffer a Loss as produce a Gain, & as to the King of Quedah, we have no advices that his resentment is as yet subsided, we therefore think it would be improper to touch there.

Genl. Letters

AGREED that the following Genl. Letters be wrote Vizt.

To Fort St.

\* Vide Gen  
Letter from  
Fort St.  
David dated  
4th. May,  
& read in  
Consultation  
the 7th. of  
May.

To the Deputy Govr. & Council of Fort St. David that as there is very good Ground to beleive a Charter for erecting a Mayors Court here, will be sent on the Coast & Bay ships, we think it most adviseable to leave the case of Andeapahs\* Creditors to be decided there, as that will be proper Place for determing all matters of Property & therefore we would not have them interfere in it.

Bombay.

To the President & Council of Bombay to acknowledge the receipt of their Letter of the 18<sup>th</sup>. April, and to acquaint them that the Chief & Factors at Tellicherry have not sent us any foreign silver, that the Clinton & Suffolk are arriv'd here, & as we have reason to apprehend from the Present prospect of affairs on this Coast, & the quantity of Tonnage there will be on hand both of last & this Year, that the whole cannot be provided for as we do not apprehend we shall be able to load more than one ship in September and another in January we desire to know whether it may be in their power to contribute towards the compleating any, & what Tonnage, that we may give the Gentlemen at the Bay timely notice, & concert proper measures with them in consequence, that the affairs in this Province still continue in as troublesome a situation as ever, and we hope it will be in their Power to assist us with a Reinforcement agreeable to our request under date 12<sup>th</sup>. February especially as we are apprehensive the French will have a large supply of Men this season; To acquaint them with What ships have been dispatch'd home from hence this season, to enclose Lists of the arrival & departure of ships in Europe, & also a Packet for them receiv'd by the Clinton from Europe.

Batavia.

To the Governor & Council of Batavia to acquaint them that we have not till lately received their Letter of the 20<sup>th</sup>. October, that we are much concern'd at the continual Complaints on either part of mutual Encroachments & Insults, that we lately transmitted them an authentick Narrative of the unjust seizure (at Padang) of the surprize sloop belonging to Fort Marlborough, & don't doubt their having done Justice to the injured; That in regard to Natal, We are incompetent Judges at present, for on the one hand they claim an exclusive right by Conquest as well as by Agreement with the Natives, on the other; Our agents At Fort Marlborough assure us that they cannot discover that the Natives have ever enter'd into any such Contracts, but that they are a free People, and at Liberty to call in or admit whom they please into their Country; that however we have order'd our agents at the West Coast to make a more strict Enquiry and if they can discover that the Netherlands Comp<sup>y</sup>. have any such right as is pretended, & in that case to evacuate Natal immediately, but if there should remain any doubt to referr it to us, that, as in their said Letter they assure us the original agreements under which they claim are yet at Padang, We hope they will furnish us & the Gentlemen at Fort Marbro' with authentick Copys to facilitate their and our Enquiries.

---

*—FORT ST. GEORGE, MAY 1753—*

To the Deputy Gov<sup>r</sup>. & Council of Fort Marlborough to forward a Copy <sup>Fort Marlbr<sup>r</sup></sup> of our Honourable Masters Commands to them, Copy of which is enclosed to us by the Clinton, also a Copy of the Gov<sup>r</sup>. & Council of Batavia, their Letter to us, of the 20<sup>th</sup>. October, & to acquaint them that relying on their Representations that the Netherlands Company had no exclusive right to Natal, We permitted them to hoist His Majestys Colours there, & are sorry it has given rise to disputes with the Dutch, and tho' we don't mean to take what ever they say for granted, yet we would have a strictly impartial Inquiry made into the merits of the Case, & if it should appear that they have any such right as they pretend to, either by Contract, or otherwise Natal must be immediately evacuated but if any doubt should remain, that the affair must then be referred to us; that to facilitate their Enquirys, We have desir'd the Gov<sup>r</sup>. & Council of Batavia to furnish them with authentick Cópys of the agreements under which they Claim.

AGREEABLE to Resolution of last Consultation the several setts of Companys <sup>Proceedings on the Investment.</sup> Merchants attending, are call'd in & acquainted that the debasement of the several Manufactures (particularly the Long Cloth Ordinary) provided at this settlement, which has been gradually creeping in, notwithstanding our unwearied, tho' ineffectual endeavours to prevent it, has at length produced such loud Complaints from Europe as must lay us under a necessity of trying whether some other method than that practised of late years may not be attended with better success, that however as it has always been the Companys Rule & Maxim to act in the most open & generous manner with their servants of every Denomination, Merchants as well as others, we are unwilling to break thro' so noble a Custom by introducing any new setts of Merchants without previously acquainting those who have hitherto been employ'd with our just causes of Complaint, & giving them an opportunity of retrieving their Characters, & thereby restoring themselves to the good opinion of their Employers, that if they would undertake the Investment on the terms of last year, and promise an amendment in their several Branches, they might depend on our supporting them to the utmost of our Abilitys, as on the contrary they might be assured we should not only reject every Piece of Goods unfit for the Europe Market or inferior to Muster, but in that case require them immediately to make good their respective Ballances, that we had order'd their attendance this day to signify to them our ultimate Resolution in this respect to which their answer was expected.

The Merchants having desir'd leave to withdraw to consider of what had been offer'd, after some time return'd, when Tellesinga Chittee, in the name of the whole, address'd the Board to the following Effect.

That they were very sensible & not with unconcern, how much reason there has been of late years to complain of almost every species of Goods provided on this part of the Coast, but at the same time the causes of it were no less obvious than the Effect; that the unsettled state of the Country, & the Dangers in every part of it have render'd Materials of all sorts as well as Labour much dearer than formerly (not to mention the hazard of advancing money to the Weavers, & transporting the Goods when manufactured) that it is in vain to expect the same species of Goods can be manufactured for the same Prices as were formerly given, that, sensible of the Precariousness of the times, and apprehensive of the Disrepute that might attend the meddling with the Companys Investment at such a season, they undertook it not so much with an view or expectation of immediate Profit, as thro' fear of being call'd upon if they had declin'd it, to make good their Ballances, which would as greatly affect their Credit, as the name of a Companys Merchant is a support to it, in the other Branches of their Trade that the most they can take upon themselves faithfully to promise, is, that they will exert themselves to the utmost of their Abilitys in procuring as great an amendment in their several Branches as the times will admit of, and hope the Board will put a favourable Construction on their declining to undertake for any thing further

## —FORT ST. GEORGE, MAY 1753—

They were then order'd to withdraw & the Board after some time spent in deliberating on the proper measures to be taken on this occasion, and being well convinced that what the Merchants alledge is beyond contradiction true, are unanimously of opinion that it will be more for the Companys Advantage to try the present setts at least for one Year longer, than to introduce new ones as the fear of being called upon immediately, in case of Failure, for their Balances, & of having all goods inferiour to Muster turn'd out, will we hope be a strong inducement to them to exert themselves; They were then again call'd in & acquainted that on their Promise of amendment, & on the terms declared to them the Board had resolv'd to try them another Year, to which they acquiesced, whereupon tis AGREED that each set provide the same sortments as they have hitherto done.

Court Martial for their Tryal cannot be held till Major Lawrences Arrival. That they have remaining 1950 Bengal Maunds of salt Petre, of which 150 Candys will be as much as they can use for Gunpowder for twelve months, that the Ballances due by the Trevendeporum Renters shall be transferred to their new Books, that the Nabobs account to Ult<sup>o</sup>. Council at Fort St. David is now sign'd, acknowledging the receipt of their several Letters, & acquainting them that as soon as the Syren has landed her Cargo, we shall return her to them with a supply of Cash, and as they think the granting Bills on us at a short term will encourage the paying of money into their Cash, they may draw at five days sight; that another Sloop is coming from Bombay with a further supply of five hundred Barrells of Powder, which we would have them land & dispatch the Sloop to us and as we have reason to beleive the Shirley, a Country Ship, from Bengal has also some on board, that too must be landed there; that we would, by all means have them lay in a proper Store of Grain: That we have agreed to allow the Widow a Moinichen five Pagodas a Month, which their Military Paymaster must discharge that we are in want of two Pair of Smiths Bellows if any are in store they must be sent us. The President acquaints the Board that the Renters of the Poonamalee Country having from time to time deferr'd the Payment of what remains due on the Cowle which expired the 30<sup>th</sup>. of June last, alledging that the allowance of Twelve thousand Pagodas agreed in Consultation the 9<sup>th</sup>. October last in Consideration of the Losses sustain'd there by the ravages of the Enemy was inadequate to the Damage they had suffer'd, he within a few days past order'd them to attend him, & peremptorily insisted on their Paying without further delay the Ballance due on that Cowle, after deducting the abovemention'd Twelve thousand Pagodas unless they would take the most solemn Oath before their God in the Pagoda, according to the Custom of the Gentous, that their Damages really & bonâ fide amounted to more, this they all declined, & rather chose to pay the sum in Question which they have promis'd to do in a Month.

No. 93, From the Hon'ble the President & Council of Bombay dated 13<sup>th</sup>. Ult<sup>o</sup>. advising that they have order'd the Companys sloop Sea Horse bound for Bengal to touch here to deliver us five hundred Barrells of Gunpowder & three thousand shot.

## —FORT ST. GEORGE, JUNE 1753—

N<sup>o</sup>. 94 From the Hon'ble the President & Council of Bengal dated 19<sup>th</sup>. <sup>Benga.</sup> March, advising that they have consign'd us by the Shirley a country ship sixty one Chests of Gunpowder, and shall forward us as much more as they can procure by the month [of] September.

N<sup>o</sup>. 95. From Thomas Cooke Esqr. &ca. Council of Fort St. David dated <sup>Fort St. David.</sup> 31<sup>st</sup>. May acquainting us that they will observe our directions for landing the Gunpowder out of the sloop expected from Bombay & also the Shirley if they should touch there, that they have directed a quantity of Grain to be laid in, that they send us on the Calcutta snow the two Coppers, we indented for, & two pair of Europe Bellows, which they desire may be return'd them, in case we can supply ourselves out of the Europe ships; that they have acquainted Andeapah Moodelaire with our order for deferring his cause till the Erection of a Mayors Court, but before they had receiv'd our directions on this head, He had deliver'd into Council a Petition setting forth the nature of his demand, that by Letter from DeveCotah they are inform'd the Enemy have detach'd a part of their Force to Verdachilum, that they had consulted Capt<sup>s</sup>. Clarke, & Gardiner thereon, who are of opinion that Fort is already capable of maintaining itself, unless Heavy Cannon should be brought against it, in which case any Reinforcement they could spare, would be of no service, for which reasons they have not sent any; that they omit sending their Monthly Papers, the Cash account not being closed, on account of some Ballances which are not yet paid in, but the Account remains of Military stores shall be forwarded in a few days, that they have drawn on us two setts of Bills at 5 days sight.

One set for ten thousand (10000) Arcot Rupees payable to Buckanje Cashe-doss, Value receiv'd of him.

One sett for Twenty three thousand four hundred (23,400) Arcot Rupees, payable to Alex<sup>r</sup>. Wynch Esqr. Value receiv'd of Mr. James Reppington and acquainting us that Cap<sup>t</sup>. John Clarke has resign'd his Commission.

AGREED that a General Letter be wrote to Tho<sup>s</sup>. Cooke Esqr. &ca. Council <sup>Genl. Letter to be wrote to St. David.</sup> at Fort St. David, acquainting them that we shall in a few days send the Syren Sloop to them with a supply of Cash, Broad Cloth, Gun powder, and spare Arms, on which Vessell the Deputy Gov<sup>r</sup>. will return, that as it is probable none of the Europe ships, except the Winchelsea, will touch there, being consign'd directly hither, in case any of them should appear in the Offing, a signal must be made to bring them to, and we would have all their Officers, Military Gunpowder, and such stores as may be wanted at St. David, landed there, & that they may take twenty five Pipes of Madeira, out of the Winchelsea for the use of that settlement, that the Gunpowder receiv'd from Bengal turns out very bad, therefore if the Shirley should touch there, the Gunpowder, we have directed them to land out of her must be tried, & if it proves bad, reserv'd for salutes, that in regard to Andeapahs affair, we still think the Mayors Court the properest Place to decide it, & therefore will not interfere, that we approve their resolution in regard to Verdachilum, that we shall discharge their Draughts on us, & that we shall fill up the vacancy by Captain Clarkes resignation.

The Clinton & Suffolk being almost ready to be dispatch'd ORDER'D that <sup>Letter to be wrote to the supra Cargos of the Clinton & Suffolk.</sup> a General Letter be prepar'd to Mess<sup>rs</sup>. Phipps, Revell, Harrington, Hull, & Smith to the Purport as agreed in Consultation the 14<sup>th</sup>. Ultimo.

Two Bales of Broad Cloth being mention'd at the Foot of the Clintons <sup>Mr. Pigou, at Canton to be wrote to about two Bales of Broad Cloth, omitted to</sup> Invoice, to have been shipp'd last year on board the Rhoda, & consign'd to this Presidency but omitted in the Invoice 'tis AGREED that as those Bales were not landed here, a General Letter be wrote to Mr. Frederick Pigou, Supra Cargo of that ship, who is now in Canton acquainting him therewith, & that in case

TO THE HON'BLE THO<sup>s</sup>. SAUNDERS ESQ<sup>r</sup>.

PRESIDENT & GOV<sup>r</sup>. & C<sup>a</sup>. COUNCIL OF FORT ST. GEORGE.

HON'BLE SIR & SIRS

Having receiv'd order from the Honourable Presid<sup>t</sup>. to prove the Powder lately arriv'd from Bengal, I caused a quantity to be well dry'd, & upon Tryal of it with a Cohorn Mortar, & this Country Powder, found it carry'd the shell the undermention'd ranges.

Bengal Powder.	Fort St. David Powder.	
1 ounce did not move the shell out of the Mortar.	}	1 ounce carried the shell 43 yards.
2 ounces threw the shell 2 Yd's.		2 ounces .. .. 98 Do.
4 Ozs. .. .. 77 Do.		4 Ozs. .. .. 560 Do.

which ranges compar'd together plainly demonstrate that the Bengal Powder is hardly fit for salutes, even in double quantitys of the usual charge; as this country Powder is much inferior to Europe Powder; and on examination of the Bengal Powder find that there is scarce  $\frac{1}{3}$  part of the quantity of salpêtre there should be in it, & the Ingredients are not properly prepar'd nor mix'd together.

Tellicherry  
& Anjengo  
to be  
wrote to.

AGREED also that Gen<sup>l</sup>. Letters be prepared to the Chiefs & Factors at Tellicherry & Anjengo, advising them of the Arrival here of the Clinton, Suffolk, and Marlborough, enclosing a list of shipping intended for India this season, & desiring that they will advise us from time to time how their Investments are likely to turn out, that we may be the better able to concert measures for saving our Hon<sup>ble</sup> Masters as much of the heavy charge of Demorage as possible.

No Pagodas  
or Choultrys  
be erected in  
the Bounds  
without  
leave of the  
Presid<sup>t</sup>. &  
Council.

It being observed to the Board that it is a piece of Vanity very frequent amongst the wealthier part of the Black Inhabitants, Merchants, Dubashes and Conicoplys to build Pagodas, by which they acquire the good opinion & respect of the low and ignorant Poor, whose superstition & Veneration for these kind of Buildings is without bound, tho' in reality they themselves are oblig'd to contribute a part of the Fruits of their Labours, towards their support, which tends greatly to the discouragement of Industry, & as there are already more Pagodas within the Bounds than are necessary for the Inhabitants to resort to for their Worship; It is moved that no other Pagodas be suffer'd to be erected within the Bounds without leave first obtain'd from the Presid<sup>t</sup>. & Council for the time being; the Board having consider'd the foregoing are of opinion that the restraining this useless piece of Vanity will be of service to the Black Inhabitants, as it will prevent their being yet more loaded with unnecessary Taxes, 'tis therefore RESOLVED that an order be struck up at the Gates & other publick places, & also published by beat of Tom Tom prohibiting the erection in future of any Pagoda within the Companys Limits, without leave first obtain'd of the Presid<sup>t</sup>. & Council, under such Pains, & Penalties as they shall think fit.

Ancient  
Rules &  
Orders about  
the Casts &  
their cere-  
monies to be  
observ'd at  
St. Thome &  
Poonamalee.

Sundry Disputes having lately arisen between the Right & Left hand Casts & others in regard to the performance of certain ceremonys in their Weddings at St. Thome notwithstanding the order published last Year\* upon the like Complaint directing that the Ceremonys of each Cast be perform'd according to their respective ancient Customs, but as the Board are not sufficiently inform'd of the nature of the case to make any determinate order thereon, The President undertakes to inform himself more particularly & to acquaint the Board with the result of his Enquiry in the mean time it is RESOLVED that the Rules, Laws, & Orders relating to the performing of Ceremonys amongst the Black Inhabitants hitherto observed within the Companys ancient Bounds do also extend to & be observed in like manner at St. Thome & Poonamalee, & that notice thereof be published by Beat of Tom Tom, & affixed up at the Sea Gates, & other publick Places.

Companys

of the

Governm<sup>t</sup>.

The President acquaints the Board that he is inform'd some of the Companys Merchants Dubashes, Conicoplies &c<sup>a</sup>. both here & at Fort St. David are concern'd in renting Districts, Towns, or Villages of the Country Government, which he is of opinion may in the end be of bad consequences, & involve us in dispute under various pretences, which are never wanting, when it suits a convenient purpose to cavil, he therefore proposes that this Practice be discourag'd in future as much as possible, in which the Board entirely concur.

Letter from

4th. Jan<sup>y</sup>.  
1734. Para  
34th.

It being observ'd that several Country ships from Bengal have of late made it a practice to land the Cargos at Nagore & other Moors Ports to the southward, where agents are left to vend them, and purchase others in return, whereby our Hon<sup>ble</sup> Masters have already suffer'd in their Customs, & may probably in time more sensible feel the Effects, if some means are not found to discourage this Trade and their [*sic*] being a standing order in the year 1734\* directing that a clause be inserted in all Passes prohibiting them from touching or breaking Bulk at any Moors Ports to the southward of Madrass unless in cases of absolute necessity 'tis AGREED that a Copy of the said order be sent to the Gentlemen at Bengal, that they be acquainted with the bad Consequences to our Hon<sup>ble</sup> Masters of consigning ships to Moors Ports, & that we desire & recommend to them to discourage it as much as possible.

Instant for both those Settlements Ingeram, and Madapollam agreeable to resolution of last Consultation, & an addition to the Bengal Letter in answer to theirs of the 25<sup>th</sup>. April receiv'd the 19<sup>th</sup>. Instant Viz<sup>t</sup>. that in regard to their observation on the Adm<sup>l</sup>. Vernons detention here, it should be noted that she did not arrive here till the 7<sup>th</sup>. & her Dispatches were sign'd the 21<sup>st</sup>. of February, that we were not ignorant of the Charter Party Terms in regard to Salt Petre, but imagin'd that if the unusually large Exceeding had been intended at whole Freight, it might have been mention'd to us, as to St<sup>t</sup>. Helena Stores, tho' they are not included in the Tonage, yet as we are order'd to put them on board if not already done at the Bay, it is necessary we should be advised about them; That we shall detain no more Treasure than we are obliged to for our own Exigencys.

General Letters read Viz<sup>t</sup>.Genl. Letter  
from Bengal  
read.

N<sup>o</sup>. 101 Gen<sup>l</sup>. Letter from the Honble the Presid<sup>t</sup>. & Council of Bengal dated 25<sup>th</sup>. April in answer to ours of the second of that month, acquainting us that the late dispatch of the Godolphin, Bombay Castle, & Chesterfield from thence was owing to the delays of their Merchants, but that they are sorry to observe the Adm<sup>t</sup>. Vernon which left that Place so early as the 15<sup>th</sup>. Jan<sup>ry</sup>. was not dispatch'd from hence till the 1<sup>st</sup>. of March which may render her Passage doubtful, that they shall forward the ships to us as early as possible but cannot ascertain the time, as it depends on the com<sup>g</sup>. in of their Investment, That the Salt Petre in the abovemention'd ships was inserted in the list of Tonnage as they imagin'd we were acquainted with the Charter Party Terms, which gave us a Power of sending it on half Freight, if we thought proper, to which the Capt<sup>n</sup>s would have consented, That as the St<sup>t</sup>. Helena Stores are no part of the Tonnage, they did not mention them to us, and cannot conceive how that could lead us into any error, that as part of the Gunpowder by the Chesterfield did not arrive till after they had sent down the dispatches, they could not then forward the Invoice & Bill of Lading, but sent in by a subsequent conveyance, that they consign'd us another Parcell of Powder by the Shirely, & are preparing more for us by September, that they have receiv'd Mr. Hunters Indent, & will comply with it as far as possible in Aug<sup>t</sup>. but are apprehensive they shall not be able to prevail on any artificers to go to the Negrais, that they sent no Arms with the Swiss Company by the Godolphin, because they are in great want themselves & therefore cannot spare us any, that they desire we will not detain any of the Money design'd for their use this season.

Genl. Letter  
from  
Bandarmalanka  
read.

N<sup>o</sup>. 102 From Mr. John Andrews at Bandarmalanka dated 2<sup>d</sup>. Instant enclosing the accounts of that settlement for last Month, & desiring that a pair of scales weights & Triangles may be sent him.

Genl. Letter  
from Fort  
St. David  
read.

N<sup>o</sup>. 103 From Mr. Tho<sup>s</sup>. Cooke & Co<sup>a</sup>. Council at Fort St. David dated 21<sup>st</sup>. Instant, advising that Mr. Palk having drawn on them for five thousand Pagodas, with one & a half (1½) % Cent Batty, in favour of Buckanjee Cashedoss, they accepted the Bill & not having cash sufficient to answer it, have been oblig'd. to draw on us for the amount in Rupees, the Proprietors refusing to take it in any other specie, at the exchange of 388 Rup<sup>a</sup>. for 100 Pagodas, amounting to nineteen thousand six hundred and ninety one Rupees Arcot (19691) payable at five days to the said Buckanjee.

Ingeram.

N<sup>o</sup>. 104 From Mr. Foss Westcott at Ingeram dated 6<sup>th</sup>. Instant, advising the receipt of our Letter 21<sup>st</sup>. May, and assuring us that he will be careful in keeping the Merchants to a good assortment, but cannot promise a large Investment on account of the disagreement between the Rajah & Nabob the former being determin'd to risk a Battle rather than comply with the unreasonable sum demanded by the latter has augmented his Forces to forty thousand Men, which has so much alarm'd the whole Country, that the People are moving to Places of safety; that another disadvantage is the great scarcity of Copper, the value of which is increas'd near 40 % C<sup>t</sup>. occasion'd by the Dutch keeping up their Dubs & Copper, & without a supply of the one or the other, the Merchants say it will be impossible for them to make any Contracts, enclosing Journal Parcels & Cash and account for last Month.

—FORT ST. GEORGE, JUNE 1753—

N<sup>o</sup>. 105 From George Scott Esqr. Chief &c<sup>a</sup>. Factors at Anjengo dated 28<sup>th</sup>. May acknowledging the receipt of our Letter of the 10<sup>th</sup>. August & Enclosing two Packets one for our Hon<sup>ble</sup> Masters to go by the first ship the other for the Presid<sup>t</sup>. & Council of Bombay, which they desire us to forward immediately on receipt.

ORDER'D that the said Packet be forwarded to Bombay by Pattamar, together with one for the Gent<sup>n</sup>. there receiv'd from the Hon<sup>ble</sup> Company by the ship Marlborough & that a General Letter be wrote to accompany them.

Packets from Anjengo & England be forwarded to Bombay.

The Presid<sup>t</sup>. acquaints the Board that Vizaram Rauze, (the Rajah mention'd in Mr. Westcotts Letter N<sup>o</sup>. 104 above extracted) has apply'd to him for some Gunpowder to the value of two thousand Rupees which may amount to about One hundred Barrells & at the same time observes that as this Rajah has shewn himself a firm Friend to the Company, & is withal very powerful he thinks it would be good policy to gratify him as far as may be judged consistent with prudence, in which sentiment, the Board concur, but are of opinion that the Quantity desir'd is rather too large & that half of it would equally shew a readiness & desire to preserve his Friendship, AGREED therefore that Fifty Barrells only be sent him.

Vizaram Rauze to be supply'd with 50 Barrells of Gunpowder.

The usual Oaths having inadvertently been omitted to be administered to Mr. Tho<sup>s</sup>. Cooke & Mr. John Smith on their admission into Council, the same is now tender'd to & taken by the latter, who promises to write to his Friends in England to give the usual security.

Mr. Smith takes the Oath which was omitted at his admission into Council.

RESOLV'D that in the next General Letter to Fort St. David Mr. Tho<sup>s</sup>. Cooke be directed to take the prescribed Oath, & write to his Friends in England to give the usual security.

Mr. Cooke at St. David to take the oath.

The other from the Deputy Governour & Council of Fort St. David dated the 29<sup>th</sup>. Ultimo advising the Deputy Governour's arrival there in a \*Mussolah, having left the Syren sloop of Alamparwe and that Mr. Cooke had delivered over the Ballance of Cash being Pag<sup>s</sup>. 224. 29. 75. Ult<sup>o</sup>. acquainting us that a Dispute having arisen between the Renters of Yanam and those of Sancra pollam in Relation to some Paddy the former had sown on a Piece of Ground, whereto both Party's had a Claim, which Paddy therefore He had prevented their carrying away; They agreed to have it decided by Arbitrators but the Decision not being to the satisfaction of the Yanam Renters, They made their Complaint to the French Chief and Council at Metchlepatam who in Consequence wrote him a Letter (which he encloses). "setting forth their Pretentions to the said District and insisting on Redress but declaring withal that they would not receive any answer unless the Titles they formerly requir'd were given them" Desiring our Directions thereon.

settlements.

An Order having been made in Consultation the 28<sup>th</sup>. May, for sending a Quantity of Copper to the Northern Settlements The President now lays before the Board as Entered hereafter a Calculate of the Produce in the Mint of the Plate copper received this season from Europe, whereby it appears that by coining it into Dubbs, the Company will suffer a Loss of two Pagodas, three Fanams & Candy, notwithstanding which the Board are of Opinion that it would even be more eligible the Company should sustain this Loss than that the Investment to the Northward should be subjected to any Difficulties for want of Copper Money, which as appears by the advices from thence is likely to be the Case unless a supply be sent, It is therefore AGREED That ten Candy of Copper (which is thought sufficient for a present supply) be deliver'd into the Mint to be coined and sent to the three Northern Settlements, that they be invoiced, at the Invoice Price of the Copper with Charges of Coinage and that the Gentlemen there be directed not to issue them at a cheaper Rate if it can be avoided, which from the present scarcity there is Reason to hope may be Effected.

OUR Honble Masters having been pleas'd to acquaint us, That they have directed the President and Council of Bombay to send the Swallow round to us in Case We should think her a proper Vessell to be employed between this Place and the West Coast, 'tis AGREED to write to the Gentlemen at Bombay that as she is Europe built, We have reason to imagine she will be but an unprofitable Vessell, Experience having shewn that Oak is much more liable to Injury & Decay thro' the Heat of this Climate, than Teak, whence a large and Constant charge of Repairs must necessarily arise, besides, We have very lately purchased a ship of about three hundred Tuns for the Company which We apprehend will be sufficient for the Purpose, and therefore shall have no Occasion for the Swallow.

N. 109 and 110 from Mr. George Dawson at DeveCotah the first dated the 20<sup>th</sup>. Ult<sup>o</sup>. serving only to accompany the accounts & Papers of that Settlement for the Month of May, the other dated the 26<sup>th</sup>. Ultimo, acquainting us in answer to Ours of the 18<sup>th</sup>. that there has always been twenty Garce of Paddy in store there which used annually to be sold out, and a fresh stock bought in, That the account Remains of Military stores, and the Monthly accounts for June shall be forwarded in a few days, Enclosing a Return of the Garrison.

Genl.  
Letters  
from Deve  
Cotah read.

N. 111. From the Deputy Governour and Council of Fort St. David dated the 4<sup>th</sup>. Instant accompanying their accounts and Consultations for April promising shortly to forward the Journal Parcels for May, and acquainting us that the Deputy Governour having communicated to them a Letter (which they enclose) from the Master of the Syren Sloop, desiring that a supply of Provisions & Water may be sent him otherwise he apprehends, he shall be obliged to return hither, as he almost despairs of reaching St. David till the Wind and Currents shift, They in consequence sent him some Provisions and as they are in great want of Money, desire our Leave to dispatch a Mussoolah for Part of the Treasure on board the Syren, That the Farm of their Bound Rent expiring the 12<sup>th</sup>. Instant they had let it out again to the same Persons for five years at the annual Rent of four thousand five hundred Pagodas, being five hundred Pagodas  $\text{₹}$  annum more than the last. That Cawn Modelaire having again applied to them in answer to our Direction for leaving the Decision of his late Brothers affairs to the Mayors Court, They transmitt Us a copy thereof, and at the same time represent, that should he be obliged to wait the Event of a Law suit, it will be utterly out of their Power to recover any Part of the large Ballance due from him to the Company, as they cannot in Reason expect it till the Disputes with the Creditors of Andeapah's Estate are settled, nor can they venture to make any further advances for fear of encreasing the Ballance, the consequence of which must be that the Investment will suffer.

Genl.  
Letter from  
Fort St.  
David read.

RESOLV'D That twenty chests of Madrass Rupees, Twenty Chests of Arcot Rupees and Ten Chests of Bullion be prepared to be shipp'd in the Montfort for Bengal, which is the Proportion the Gentlemen there desir'd some time since and have not since contradicted and that they be advis'd we shall be under a Necessity of detaining here the Military Recruits intended for them as otherwise the Numbers the French may receive will give them too great a superiority, That we shall also detain Captain Howes who is come out this season on their Establishment & shall give him a Brevet to act as Captain in the Bengal Detachment on this Coast, That our Necessity has obliged us to land ten Chests of small Arms consigned to them  $\text{₹}$  Montfort, but shall by the latter ships forward a Part of what is designed for them.

AGREED to write to the Gentlemen at Fort St. David in answer to their several Letters reced since our Last that We are surpriz'd at their supineness in not having sent Water and Provisions to the Syren as the Master told Mr. Starke when he left the sloop that if he was not supplied, he should be oblig'd to bear away by the 6<sup>th</sup>. That after the President had wrote Mr. Starke the 3<sup>d</sup>., (which he Confess'd the Receipt of) That they should be ordered in a Gen<sup>l</sup>. Letter to send a Boat for the Treasure on board the Syren, it was rather too late to call a Consultation on the subject; it should have been done before, That in Regard to Cawn Moodelee's Affair, We have already given Directions on that head, That We have always avoided intermeddling in cases of Property nor have any Right to do it, and except in Petty Cases the Choultry Court have generally recommended to Arbitration, That we therefore direct they do not interfere but that the Parties be left at full Liberty either to apply to the Mayors Court or chuse such Arbitrators as they shall think fit, and that no compulsive Measures be used. That what they say in Regard to the Investment being affected thereby is idle and childish, had Cawn Moodelee paid in the whole Ballance, except this sum, there might be some shadow of Reason in it but the whole of his Demand does not exceed six or seven thousand Pagodas, and his Debt to the Company is upwards of Eighteen thousand, besides when the Merchants complain that the Circumstances of the Times will not admitt of their bringing in Cloth, We see no Reason for making them Advances to lye in their Hands for carrying on their private Trade, That we observe they have been very dilatory of late in forwarding their accounts, and insist on their being sent immediately as well as the Nabob's which in future must be transmitted Monthly. That Doctor Arch<sup>d</sup>. Keir who was entertained for the army must attend a Detachment we shall send them on the Portfeild and his Wages must be paid him from the Time of his arrival at St. David, but no Batta.

N. 124 and N. 125. Gen<sup>l</sup>. Letters from the Deputy Governour & Council of Fort St<sup>t</sup>. David read, The first dated the 26<sup>th</sup>. Instant acquainting us of the arrival there of the Portfield and that they propose sending her to DeveCotah to land the Military as it will facilitate their March to the Army, and a Material Reason for this step is a Rumour that a Party of the Enemy have cross'd the Coleroon with a Design of beseiging that Fort. That they have resolv'd to

order Captain Ridge to wait at DeveCotah till we shall acquaint them whether We intend to send the Recruits receiv'd by the Falmouth & Egmont to join the above Detachment. That they have landed forty nine Swiss from the Winchelsea which they intend to send in Chelingas\* with the Portfield to DeveCotah, as she cannot take them in; That Captain Ridge has represented to them, he apprehends great Danger of Desertion in his March and knows not how to prevent it unless join'd by a Party of Seapoys; That they cannot spare any, but think some might be raisd expeditiously if approv'd. AGREED to write to the Deputy Governour & Council of Fort St. David in answer to the Several Letters receiv'd from them since our Last that We approve their Resolution of sending the Portfield to Devecotah which was agreeable to what the President wrote Mr. Starke, but Capt<sup>n</sup>. Ridge's waiting there till it be known, whether we intend sending the Recruits receiv'd  $\text{¶}$  Falmouth & Egmont is needless as they must be first train'd, & unless the Swiss landed from the Winchelsea be disciplin'd, they will be rather of Dis-service than advantage, That Major Lawrence must be advis'd of the March of this Party that he may concert proper Measures That the Portfield must be detained no longer than necessary, That the French Deserters must be sent hither by the first Conveyance, That we shall send them further supplys of Treasure as Opportunities offer, That a Charter for a Mayors Court is arriv'd but causes between the Natives are not to be determin'd in it unless both Partys agree to it, that this must be signified to Cawn Moodelee on whose Affair we have already given our Opinion, That we have appointed Mr. John Browning to assist in our Export Warehouse he must therefore proceed hither by the first Opportunity.

Mr. Alexander Wynch Contractor for furnishing the Army with Provisions represents to the Board the great Difficulties he labours under in supplying them in the Trichinoply country, on which account he had propos'd giving the Men the whole sum allow'd him to provide for themselves, but that Major Lawrence judging this would by no Means answer the End, since the army might thereby happen some times to be drove to great streights for Want of necessary subsistence, had order'd the surplus Charge to be defray'd out of the Military Chest, being sensible of the Impossibility of procuring the stipulated Quantity & Quality of Provisions for the allowance of 4 fanams  $\text{¶}$  Man  $\text{¶}$  Day, He therefore requests the Board will consider the circumstances of the Case & not insist upon the Performance of his agreement whilst the Army continues in the Trichinoply Country, as in that Case he must inevitably be a very great Loser. TO THE HONBLE THOMAS SAUNDERS ESQ<sup>r</sup>.PRESID<sup>t</sup>. & GOV<sup>r</sup>. & C<sup>a</sup>. COUNCIL OF FORT ST: GEORGE

HONBLE SIR &amp; SIRs

Mr. Secretary Bouchier has inform'd me of my being appointed one of a Commission for proceeding to the West Coast to supervise the Company's affairs there, I beg your Honour &c<sup>a</sup>. to be persuaded of my Readyness at all times to execute Your Commands, and that it is with great concern I am now under the Necessity of excusing myself from this Charge. My constitution, impair'd as it has been by a series of Illness will not allow me to undertake it, and as I am in great Measure confin'd to a particular Regimen of Exercise & Diet, an Interruption in either must be a great Prejudice to my Health; besides, might I judge from the Effects which the Rainy season here has on me, I cannot but apprehend the worst of Consequences, in so moist a soil as that of Sumatra. As there are other Gentlemen in the Service who do not labour under these Infirmities & who would undoubtedly be desirous of his Honour of such an Appointment, I flatter myself You will easily admit of my Excuse. I am with great Respect

HONBLE SIR & SIRs

Mayor &  
Aldermen.  
The Presi-

of his  
Majesty's  
Charter &c.

The Board being met pursuant to a Resolution of last Consultation to administer the Oaths requir'd by the Charter to the Mayor and Aldermen, and Mess<sup>rs</sup>. William Perceval, John Walsh, Andrew Monro, Edward Edwards, Richard Fairfield & John Smith having been summon'd for that Purpose, and attending they were call'd in and the President acquainted them, that his Majesty had been graciously pleas'd by his Letters Patent to Grant, Establish & Ordain that there should for ever be within the Town of Madrasspatnam, One Body Politick or Corporate by the Name of the Mayor & Aldermen of Madrasspatnam to consist of a Mayor & Nine Aldermen & had in his Royal Grant appointed several Persons to be first and Modern Mayor and aldermen some of whom (to wit the Mayor & four of the Aldermen) by their having left India or being otherwise absent were disqualified, but that his Majesty foreseeing this might probably happen, had granted a Power to the President and Council to fill up any such vacancy's out of the principal Inhabitants That in consequence thereof they had appointed Mr. Will<sup>m</sup>. Perceval (one of the Aldermen named in the Charter) to be the first and Modern Mayor and Mess<sup>rs</sup>.

## —FORT ST. GEORGE, AUGUST 1753—

Andrew Munro, Edward Edwards Richard Fairfield, John Browning and John Smith to fill up the vacancy's occasion'd by such Disqualification.

The President then administred the Oath of Allegiance and the Oath of Office first to Mr. William Perceval the Mayor, & then to Messrs. John Walsh, Andrew Munro, Edward Edwards, Richard Fairfield and John Smith who severally took the same upon the Holy Evangelists in the words following, VIZ<sup>r</sup>.

## THE OATH OF ALLEGIANCE.

“ I . . . (The Person swearing repeating his own Name) do sincerely Promise and swear that I will be faithful & bear true allegiance to his Majesty King George the Second.

So HELP ME GOD.

## THE OATH OF OFFICE.

You shall swear that you shall well & truly serve our sovereign Lord the King in the Office of Mayor, (In swearing the Aldermen the word Mayor was omitted, & the word Aldermen Substituted) of the Town or Factory of Madraspatnam, And Shall duely Execute the Office of one of the Judges of the Mayors Court there, and shall do Right to all Manner of People, Poor & Rich, without Fear or Favour according to the best of Your knowledge.

So HELP YOU GOD.

The President then deliver'd to the said Mayor and Aldermen the Exemplification of his Majesty's Charter, together with a Copy thereof and a Book of Instructions for Carrying the same into Execution, also an Order of the Honourable Court of Directors dated the 24<sup>th</sup>. Janry 1753. directing the Mayors Court to give Costs to the Defendant where the Matter sued for shall not exceed five Pagodas & they withdrew.

N. 126. Gen<sup>l</sup>. Letter from the Deputy Gov<sup>r</sup>. & Council of Fort St. David dated the 28<sup>th</sup>. Ult<sup>o</sup>. read, serving only to enclose Copy's of two Letters from the superiour of the Jesuits at Pondicherry one to them, & the other to Padre Severini in Relation to the Money due from the Company to the China Jesuits.

The Board having in consultation the 9<sup>th</sup>. October last, RESOLV'D in Regard to an abatement made on the fine Goods, that if the Merchants would not agree to it, it would be proper to introduce a new set, and altho' they were prevail'd on to admit of the Deduction then proposed, yet the Reluctance they shew'd gave but little Reason to hope for any material Amendment from them, it was therefore thought adviseable to sound the other Merchants (tho' in the most distant & cautious Manner to prevent Combinations) and if it appear'd practicable, to introduce some of the most substantial into that Branch, In Consequence of which the President now acquaints the Board that he had at different times discoursed with the Merchants, on that subject and that Tellinga Chittee shew'd an Inclination to undertake a Part of the Investment of Fine Goods at an abatement of 5 % Cent and thereupon he had order'd him and the Merchants before engaged to attend this Day. Linga Chittee, the principal Person heretofore concern'd in that Branch being then Call'd in, was acquainted that the Board being sensible the Company's Investment of fine Goods might be procured upon more moderate terms than he demanded were determined to try another set of Merchants unless he would undertake it at an abatement of 5 % Cent, and keep up to muster, but he absolutely refusing to admitt of any abatement was order'd to withdraw, and Tellinga Chittee being then call'd in, the Offer was made him of managing that Branch on the aforementioned Terms, to which he replied that however willing he might be to

## —FORT ST. GEORGE, AUGUST 1753—

undertake so valuable a Part of the Company's Investment, he could not venture to do it of himself without the consent of the other Merchants as it might be greatly in their Power to prejudice him, and the supplanting them in this Branch would certainly be a very great Incitement to them to do so, he was thereupon ask'd whether, he would undertake it in Conjunction with any other substantial Merchants, and whether he could recommend any such, to which he replied that he thought Gundaveddy Vencata Ramah a very proper Person & he would willingly accept the Contract with him; he was then order'd to withdraw, and Gundaveddy Vencata Ramah being sent for was acquainted with Tellinginga's Proposal and requir'd to declare whether he would acquiesce to it, and on his consenting, Tellinginga was again call'd in, and told that Gundaveddy agreed to the Terms propos'd; Tellinginga thereupon desir'd that Linga Chittee and Servanna Chittee might also be admitted into the Contract, but as Linga Chittee had before refused it, the Board shew'd an Unwillingness to consent, whereupon he desired Leave to discourse with Linga & Servanna which being allowed, he returned, and acquainted the Board that he, Linga, & Servannah exclusive of Gundaveddy were willing to undertake the whole at an abatement of 5  $\text{₹}$  Cent, but Gundaveddy having been sent for on the Recommendation of Tellinginga, and the Proposal made to him the Board insisted that he should be admitted into the Contract, and that each should have a fourth Part, to which all the Party's at last consenting, a List of the Goods to be provided was deliver'd them (as enter'd hereafter) and they were order'd to proceed with the greatest Dispatch in the Execution of their undertaking.

Proceedings  
& Debates  
upon a  
Complaint  
lodged  
by the  
Seamen of  
the Fal-  
mouth agt.  
the third  
Mate.

THE President acquaints the Board He had summon'd them upon an affair that appear'd to be of some consequence for their Opinions which was as follows That the seamen of the Falmouth or the Major Part of them having seiz'd some Mussoolah Boats that were along side the ship & come ashore in a very mutinous manner, upon enquiring into the Meaning of it, He receiv'd from them a Petition without any Name to it, (which is now laid before the Board & enter'd hereafter) setting forth their Inducement to such a Behaviour was entirely owing to the severity they had receiv'd from one Mr. Bromfield the third Mate, who not only treated many of them in a very cruel Manner but had been the Death of one of their Comrades as would very evidently appear upon an Examination of the Matter which they requested, and That they might have Justice done to them. That hereupon He the President immediately sent for Captn. Field and acquainted him with the subject of their said Complaints and desired of him to know the real circumstances of the Case, Who said that what They alledged of being Illtreated by Mr. Bromfield was so far true That He had now and then imprudently (being provok'd by their Insolence which at times had been very great) to strike them, but as to being the Occasion of the Death of the Man, as they mention, it was absolutely an untruth for the Man had for a Considerable time after he receiv'd the Blow which they say was the Cause of his Death, done his Duty as well as he was capable in the Circumstances, He had always been in from the Time of his coming aboard that ship, which was being afflicted with a Rupture, and in the Opinion of his Surgeon & Mate, His Death was not at all owing to the Blow. That with regard to Mr. Bromfield He is a Person of a very good Character & so good an Officer that being with him the last voyage, He had taken him for that Reason this Voyage, and with Respect to his People They were in General a very troublesome Crew & mutinously inclin'd, for upon first Notice of their being dissatisfied, He went on board and assured them, to make them quiet, He would give orders Mr. Bromfield should never act but when he was present himself, which would prevent any such Behaviour from him again, with which they seem'd satisfied, & He gave orders to his Chief Officer on board not to let a Man stirr out of the ship and to confine the first that offer'd it, But he had not been long ashore when the People being troublesome and attempting to leave the ship, His Officer accordingly seiz'd one of them the most culpable with an Intent to confine him, Upon which five or six of the rest immediately rescued the Prisoner by main force from the Officer, and with the rest of their Comrades seiz'd upon the Mussoolah's along side, & came shore, which he looks upon as a very particular Instance of Mutiny, and He thought they ought to be made Examples of, The President then observed as it was a Case of a very particular Nature, It was necessary we should proceed thereon with Caution & therefore first consider how far we were authorized to take Notice of it, The same being accordingly deliberated on, The Board were of Opinion That as the Murder, the Third Mate is accused of by the ships Company as well as the Mutiny Captn Field charges some of his Crew with, are Facts committed on the High sea's, and within the Jurisdiction of the Admiralty, They cannot come under the Cognizance of the criminal Courts constituted by his Majesty's Charter lately receiv'd Recourse being thereupon had to sundry old \* Charters Commissions &c<sup>a</sup>. granted by the Crown, There was found among others a Commission bearing Date the 23<sup>d</sup>. day of March in the 5<sup>th</sup>. Year of his present Majesty's Reign directed to all Admirals, Vice Admirals, Rear Admirals, Judges of Vice Admiralty's and Commanders of any of his Majesty's ships of War then

and for the time being, and also to George Morton Pitt Esqr. President & Governour of Fort St. George, Robert Symmonds &ca. and the President & Council of the said Fort St. George for the time being empowering them to try &ca. all Pyracies & Felonys committed in or upon the Sea, or within any Haven River &ca. within the East Indies, and altho' there is great Reason to believe that his Commission is yet in force by virtue of the words President & Council for the time being notwithstanding the Loss of this settlement, yet as the sitting in Judgement on Lives of his Majesty's subjects is a matter of too much consequence to be enterd upon where the Power for doing it is subject to the least doubt, The Board are of opinion that it will be most adviseable to refer the Determination of this Affair to the Gentlemen at Bengal (who cannot be under the same uncertainty with Regard to their Powers that we are,) more especially as there are now in the Road no less than three other Europe ships whose People as is represented, are all mutinously inclined and ready to lodge complaint against their Officers, should We proceed to enquire judicially into the present accusations, The Consequence of which might be the Detention of those ships a considerable time to the manifest Prejudice of Our Honble Masters affairs, 'tis AGREED Therefore, That if Captn. Field will consent and his ships Company be satisfyed to have the third Mate sent to Bengal on another ship to have their Complaint enquired into there, that it be referr'd to the President & Council accordingly Captain Field being then sent for before the Board was made acquainted with the same & asked if He had any objections, He answer'd that He should be very ready to acquiesce therein, but thought The permitting his Officer to take Passage on another ship would be in a Manner giving up the Point to the People, who were a set of such mutinous fellows that it would be dangerous going to sea with them without some Example was made of their Ring Leaders who were about 6 or 7 That he could pick out & If they were left behind, he believ'd the ship might proceed without any Danger, upon this He was told that as the greatest Part of the Crew were concerned in the affair, We imagined the detaining those People without proceeding any further in the Matter might serve only to induce the Rest to persist in their Refusal to go in the ship with the Officer, & then it might not be in our Power to referr the Matter to the Gentlemen in Bengal, That as it appeared to us the said Officer had been in some Measure culpable (which Captn. Field said also He could not but acknowledge) and no Inconvenience as We imagin'd could happen from this being sent in another ship, We should be glad He would consent thereto; But as He did not seem very willing to do so, alledging the same Reason as before, That the People might look upon it as having gained their Point and behave so insolently, That no Command could be carried among them, It was Resolv'd to send for the other commanders for their sentiments on the Affair, and being severally call'd in, & made acquainted with the Particulars of what had passed, They were ask'd, If they did not think the Officer had behaved unbecomingly & if the Case had happen'd to either of Them, They should not have esteemed the Men entitled to some satisfaction, & whether, They imagined any Inconvenience could arise from the Officers going on another ship to Bengal, They all tho call'd in separately declared That from what They had heard of the Matter, They really thought the Officer had been guilty of too much severity which deserv'd being taken Notice of, Tho' at the same time, could not but say the Behaviour of the People in rescuing out of the Chief Mates hands The Man He had made a Prisoner for attempting to go out of the ship & afterwards leaving the ship themselves was of such a Nature, That the Persons who appeared the most forward in it deserved to be made Examples of could it be effected in such Manner that no Ill Consequences might happen from it, which from what had been represented to them by the Board They acknowledge They thought might be apprehended, and for that Reason imagined it would be most proper could it be referr'd to Bengal and the Officer proceed upon another ship, and Captn. Baron offer'd him a Passage on board the Winchelsea, Whereupon after the Commanders were withdrawn the Board came to a Resolution

there may not have been others of a later date.

Proposed to send the third Mate on another ship to Bengal & that the affair may be referr'd to the Gentlemen there.

The several Commanders of the Europe ships called in to give their sentiments thereon.

ORDER'D That the Secretary do deliver to the Register of the Mayors Court an Original of the said Orders & Directions of the Honble Court of Directors, relating to the Accountt. Doubts in Regard to the appointment of Sheriff.

The Board having proceeded thus far in the Nomination of the several Officers directed by the Charter and the Honble Court of Directors, some Doubts arose whether The President & Council have any Power to appoint a Sheriff for the Remainder of the Present Year, for it having been a Matter of Uncertainty whether the old Charter establishing a Mayor's and other Courts subsisted or not after the Loss of Madrass, The Appointment of a Sheriff & other officers has on that Account been omitted ever since, and as the present Charter directs that the Person who shall be Sheriff at the time of the Arrival of the Charter shall continue in his Office untill another shall be duely elected and sworn, and (immediately following) That the President and Council shall yearly on the first Tuesday in December assemble themselves and proceed to the Election of a new Sherif for the Year ensuing, it seems according to the Letter of the Charter, that the President & Council's Power of choosing a Sheriff does not commence untill December next, upon which it was observed that by omitting to appoint a Sheriff now, The Intention of the Charter (which should take Place within Thirty Days after its Arrival) will for a time be frustrated, for the Sheriff being the proper Officer to execute and make Returns of all Process the Courts without him cannot sit, for the Dispatch of Business, whereas the appointing a Sheriff tho' there is not any direct Power for doing it at this Time, does not seem to Carry with it any bad Consequences as it does not oppose any express Direction of the Charter, but only supplies an evident Defect for which a Latitude seems to be left by the last Clause in the Charter when it is declared that it shall be valid according to the true Intent & Meaning & be construed and adjudged in the most favourable & beneficial sense for the best Advantage of the Company &c<sup>a</sup>. notwithstanding any non Recital, Mis Recital, Defect, Incertainty or Imperfection.

Resolved to appoint one.

After Mature Deliberation on the Question put, it is unanimously RESOLVED That it is the Opinion of this Board, The President and Council not only may without incurring a forfeiture of the Charter proceed to the Election of a Sheriff but that it is consistent with its Intent and Meaning they should do so.

Mr. John Browning appointed Sheriff.

Letter supposed from the Crew of the Falmouth desiring the third Mate may be tried here.

The President lays before the Board an anonymous Letter subscribed with the Letters of the Alphabet, supposed to be from the Crew of the Falmouth which is read as entered hereafter, setting forth that they have been informed their third Mate is not to go to Bengal that they cannot expect Redress there, that therefore they desire he may be brought to his Tryal here and that unless they are gratified therein They are One & all determined not to weigh an anchor or do any Duty.

Proceedings thereon.

The President at the same time acquaints the Board that the said Letter was deliver'd to him by one of the Falmouth's Crew who was deputed & sent ashore by the rest for that Purpose, and that upon this Occasion judging a mild Behaviour might avail more than severity, he assur'd the Man (and desired he would acquaint his Companions) the third Mate should be sent to Bengal in the Winchelsea, and represented to him what an ungenerous Action it would be in him and his Comrades voluntarily to expose the Company's ship & Cargo to Danger on Account of the Misbehaviour of one Person. That these arguments seem'd to have the desired Effects, for the Man declared he was satisfied and believed his Companions would be so if a Letter were given them from the Board to the Gentlemen at Bengal recommending to them to enquire and do Justice in the Affair, which he (the President) promised should be done, & then dismiss'd him.

a Letter to be wrote to Bengal to be delivd. by the Falmouth's Crew.

Upon which the Board are of opinion that, as for, the Reasons given in last Consultation, it would be better to avoid bringing this Affair to a regular Process here if such a Letter as is desir'd can appease the ships Company, it will be very proper to grant it and the Secretary is directed to prepare it accordingly.

We make bold to trouble you concerning the Affair that We was all on shore about, and We all hope you will not take it any ways amiss, Our Chief Mate informs us this Morning that our Third Mate is not to go to Bengal in the ship with us, and for us to think of bringing of him to a Tryal there we expect the answer that we shall get will be that if we had been on a Right Cause we should have been righted here, and this being the only Place for us to make our Application on such an affair as this is, We all hope that the President and Council will be so good as to bring him to a Tryal here, for we don't chuse to let it go any further, for if we let it drop we are lyable to be prosecuted ourselves if we doe and we hope the Gentlemen will not think it any ways mutinous in us if We insist of doing no Duty in the ship for We none of us will go from this Place in the ship till we are righted nor offer to way [*sic*] an Anchor, so we all hope your Goodness will be pleased to give us an Answer or Else we must all come on shore to Morrow Pray be so good as to send an answer by the Bearer which is all at present from your dutiful servants.

SIR

In Order to the more quick Dispatch of Carrying on the publick Works, I must request the Favour of your Orders in sundry Matters, concerng. those works, and which I had the Honour to mention to you, when last I waited upon you.

—FORT ST. GEORGE, AUGUST 1753—

As we are obliged to build an entire new wall to the North side of Fort St. George, with your Approbation, I propose this should be done One hundred Yards further out than the Counter scarp of the Present wall, which will greatly enlarge this Place and at a small additional Expence.

That you will please give your Orders prohibiting all Manner of Persons, building or digging within certain Distances quite round the Works. As for destroying Houses I am extremely loath to propose this, till Necessity obliges us thereto.

That you will please to order the Bricks shall be made up to the standard size, agreed upon by the late Mr. Robins, and they be sufficiently baked and burnt, and of good clay, And this Order you will further please to extend throughout all the Presidency, That the Brick Makers may not plead Ignorance or custom of making Bricks, otherwise than Mr. Robin's Moulds are, And that Forty or fifty Lack of Bricks be provided for at this Place only, with all possible speed.

To allow free Leave to make Bricks by all Persons qualified to undertake this for the good of the service.

That you will please Order a large Quantity of Chinnam to be provided for, of the shell sort if to be had, or else the best of the stone sort, and to allow the Importation thereof freely.

That You will please order a greater Number of Cooleys and Tank diggers to be got together.

That you will please order in all the different Places where works are to be carried on, that those who provide Materials shall furnish the best of each kind, and at the Cheapest Rates, it may be easily afforded, for the Company's use and for their best advantage.

That you will please allow me to employ Lieut<sup>t</sup>. Robert Barker of the Artillery as Enginier, and if this meets your approbation that then you will please, to order the said Lieut<sup>t</sup>. Robert Barker to be exchanged from Capt<sup>n</sup>. Jones his Company to Capt<sup>n</sup>. Brohier his Company and Lieut<sup>t</sup>. Alford to go to Bengal in Lieut<sup>t</sup>. Barkers Room.

The above requests, being meant for the Good of the public service, I flatter myself they will meet with your Approbation.

HONBLE SIR & SIRs

Captain Christopher Baron having represented to me by Letter, the great Leakage that was found out in the Company's Madeira Wine after it begun to be unloaded, which he setts forth, is not occasioned by the bad stowage as will appear by the Report of the survey order'd on board him on his arrival here, but by the badness of the Casks & Newness of the Wine.

## —FORT ST. GEORGE, AUGUST 1753—

After the Wine was all landed, I had it survey'd by the Company's Cooper in Presence of the Purser, and by gaging the Pipes found the following Deficiencies.

SIR

THE following is an account of the Honble Company's Wine sent ashore here.

By the survey that was on board before I began to unload, it appear'd they were properly stowed, bung up, & bulge free, Therefore I cannot account any way for their Leakage, only of one Pipe which run out at the Taphole, by the Badness of the Cork or stopper which was worm eaten, some of the other Casks were found with their Heads quite out; so that the whole must be owing to the Badness of the Casks and Newness of the Wine, which my Officers are ready to declare on Oath if required.

## —FORT ST. GEORGE, AUGUST 1753—

TO THE HONBLE THOMAS SAUNDERS ESQ<sup>R</sup>.

PRESIDENT & GOVERNOUR & C<sup>A</sup>. COUNCIL OF FORT ST: GEORGE.

HONBLE SIR & SIRs

I am sorry to hear there is such a Deficiency in the Assay of our Rupees, I strove very hard to find out the Error last Year, and thought I explained myself pretty fully on the subject, in my Letter to the Board dated July 2<sup>d</sup>. 1752 however I find that is not sufficient, therefore have employed myself further on the Matter for this ten Days past in endeavouring to find out the Error, and beleive I have accomplished it, tho am very certain the fault lies a little to the Manner the Natives of this Place melt their silver, and really I have found it by Experience.

I have made assays of several Mexico and Pillar Dollars, and find a considerable Difference in the former from what we receive them into the Mint as you'll perceive from the inclosed Paper, which is Reports of both from 1744 to 1752. The Difference in the Mexico Dollar is much about equal to the Deficiency in the Rupee, therefore am certain from that Chiefly proceeds the Cause, As to the Pillar, one with another I find them turn out much the same as we receive them into the Mint.

Accompanying this, You'll receive the Mexico & Pillar Dollars I made assays of, which I beg may be sent home  $\text{p}$  first ship.

You desire me to explain why my Calculation of Carrats and Grains exceeds those at home, which is very easy to explicate, from this; That We in this Part of the world always reckon twelve Grains to the Carrat, and those at home, reckon but four, so that three Grains of ours is equal to one of their's, The Manner I make the Calculation, is practised by the Dutch in all their Settlements in India however to convince you further, I have enclos'd you a Dutch assay Paper, and am

TO MR. EDWARD EDWARDS

ASSAY MASTER.

SIR

THE President and Council having duely considered the Purport of your answer to the Letter I wrote you by their Order, regarding the Deficiency in the Weight and Fineness of the Rupees, Have directed me to acquaint you that what you urge of the Badness of the Mexico Dollars being the Cause that the Rupees are not of their proper Fineness is an argument that Carry's with it very little weight, and rather proves that you have been extreemly remiss in your Duty, For as Assay Master it is your Business to assay all Gold & silver that is deliver'd into the Mint before the same is coined, and to see that neither Pagodas or Rupees are coined but of the fixed standard, Therefore if the Dollars you speak of were of a lower Touch than usual, it was certainly incumbent on you to have brought the same to a proper fineness, and at the same time to have represented to them the President and Council the Difference you now mention that they might have taken Notice of it to the Company & have given you such Directions thereon as they judged necessary to obviate any consequences that might from thence arise to the Discredit of the Mint, An affair of very great Importance to the Interest of our Honble Masters.

As the Method you follow of making your Assays before the Metals are coined only They imagine may give the workmen in the Mint, an Opportunity of debasing them as They prepare Them for coining, They direct that out of every Parcel of Rupees & Pagodas that are coined, you take afterwards a few & assay them again, which seems the most probable Means to prevent such Practices, should you at any time detect or suspect any Persons guilty thereof, you must immediately represent the same to the President & Council that they may be treated according to their Demerits.

With Regard to your Manner of Computing Carrats & Grains, as it is not familiar to the Gentlemen at home, The President & Council desire that you will in future make your Calculations agreeable to the Method practised in England.

The Bill of Exchange above advised of payable to Mr. Perceval being now presented to the Board ORDER'd that it be accepted & paid when due.

Fort St.  
David to be  
wrote to.

AGREED that a General Letter be wrote to Fort St. David in answer to their severals since the 28<sup>th</sup>. Ultimo, That in Regard to Cawn Moodelaire We have already given Directions and as the Charter excludes Natives, we recommend Arbitration, in which the Parties are to be left to their free Choice, and are not to be confined to chuse Arbitrators at St. David, but may have Merchants at any other Place. That Captain Keble wrote the President Mr. Starke promised to supply him with Provisions as soon as he arriv'd at St. David, the sooner it had been done the better. That in Regard to what Mr. Drake mentions of his Health, we do not think it so much impaired as to prevent his going to the West Coast. We would therefore have him prepare and come up hither as soon as he has settled his Affairs, As we have Order'd Mr. John Pybus to proceed to Fort St. David by the first Opportunity to take Charge of his Employs. That they did Right in ordering Captn. Ridge with his Detachment to remain at DevéCotah agreeable to what the President & Major Lawrence wrote the Deputy Governour. That we do not disapprove of their Method of disposing of the French Prisoners that it would not have been amiss to have consulted us, as there was Time enough, That their Madeira Wine must be Charged at 60 Pagodas ꝯ Pipe, That the Company may be no sufferers by Leakage. That the King of Tanjore having supplied Major Lawrence with two Candy's of Gunpowder, They must repay it That in regard to what they mention of the Cloth at Salem, we should give all the Assistance in our Power, but the Mysore Army being in the Way will, We imagine make a very large Escort necessary which may not be convenient, we shall however mention it to Major Lawrence, but we can by no Means consent to the Merchants disposing of it. That we have debted their settlement for the sundry's they landed from the Winchelsea the value whereof we enclose. That they must send us their open account Current with this Presidency that we may make the Adjustments. That they will receive herewith Invoice and Bill of Lading of Arms sent them ꝯ Fanny sloop, on which Vessell Mr. Alexander Baird took Passage to them having receiv'd his sallary to the 25<sup>th</sup>. FORT ST. GEORGE.

HONBLE SIR & SIRs,

Agreeable to our Instructions we now enclose for your Inspection a List of Fees for the Officers of the Court of Requests. In the appointing them, We have chiefly consulted what is usual in Courts of the like Nature in England and at the same time had the strictest Regard to the Honble Companys Directions to make them as moderate as possible. Your Honour & c<sup>a</sup>. will please to acquaint us with any alterations you may think necessary.

As the most of our Business will lie among the Natives, an Interpreter is absolutely necessary, but as the permitting him to receive Fees will be a further addition to the charges of the Court, we have positively forbid it, and in Lieu thereof beg Leave to recommend him to your Honour & c<sup>a</sup>. for an allowance of Three Pagodas a Month. We must also request four Talliars for the service of the Court.

We are very Respectfully

Ultimo acknowledging the Receipt of our Letter by the Syren, and in answer thereto acquainting us that he will comply with our Orders in Relation to the Ground in Dispute but that the Paddy cannot be returned the Freshes having carried it away. That the supply of Cash sent him will be sufficient as the Cloth brought in is so bad that he has been able to collect only about forty four Bales of proper sortments. That the French have begun to Coin Dubbs \* at Metchelpatam which has lower'd the Price, and if they should fall to their old Price, which he thinks probable the Merchants have promised to bring in as much Cloth as he will contract for by Christmas of a good Manufacture. That he will observe

That Mr. Heath is at Madapollam, but as soon as he can return he will order him to proceed to Vizagapatam and in Case Colonel Scott should be gone will wait our further Orders.

the Red-

The Export Warehousekeeper acquaints the Board that the Redwood lying here belonging to the Company as well as that sent to Europe last Year, and some lately consigned to the Bay is so indifferent in Quality that it had been in general remark'd, by the several Europe Commanders, and that he thinks himself obliged, in his own Justification, to make this Representation, as the said Redwood was purchased at this settlement when it was a subordinacy by the Gentlemen then in Charge of it, ORDER'D That in future all the Redwood purchased on the Company's account be very carefully examined and that none be taken in but of the best sort.

rejected.

## —FORT ST. GEORGE, SEPTEMBER 1753—

Altho the Price offer'd for the Copper is more than it is imagined, it will fetch at Outcry, yet as the Company's Directions in their General Letter dated the 8<sup>th</sup>. Dec<sup>r</sup>. 1749 are positively that all their Goods without Exception be sold at Publick Outcry and again in the 18<sup>th</sup>. Paragraph of their Commands dated 24<sup>th</sup>. Janry. 1753, it is repeated that those Orders must on no Pretence, whatsoever be deviated from. RESOLV'd Therefore that the Copper be again tried at Outcry agreeable to Resolutions in Consultation the 13<sup>th</sup>. Ultimo.

Reasons for  
it.  
Order'd to  
be put up at  
Outcry.

The several Members of the Board agreeable to Resolution in Consultation the 9<sup>th</sup>. June having used their best Endeavours tho ineffectually to re-let the Poonamalee Country on the same or better Terms than are stipulated in the Last Cowle, which expired the 1<sup>st</sup>. July, The President now acquaints the Board that the best Proposals he had received were from one Rayal Pundet a substantial Braminey Inhabitant of Trivaloor who had offer'd to rent the said Country for one year at Thirty five thousand Pagodas (35000) and to repair the Tanks which are greatly damaged & impaired at his own Charge, The Expence whereof is estimated at two Thousand (2000) Pagodas, provided the Preference be given him of farming it again the succeeding Year or in Default of such Preference that his Expences in the Repairs be allowed him, which Terms, as they are by much the best that have been offer'd The Board consent to, and a Cowle is order'd to be prepared accordingly for one Year to commence from the 1<sup>st</sup>. of July last, and that sufficient security be taken for Performance of Covenants.

Poonamalee  
Country let  
to Farm for  
1 year from  
1<sup>st</sup> July last  
for 350. 0 Pa  
with some  
further  
Conditions.

The President acquaints the Board that the Noquedah<sup>1</sup> of the King of Pegue's ship had acquainted him by Letter that the ship was in Readyness to sail, and desired that he might be permitted to depart, AGREED That the Noquedah be prevailed on if possible to stay a few days under Pretence of preparing our Dispatches to the King, in which time the Colechester may possibly arrive with Advices from the Negrais.

Noquedah of  
the King of  
Pegue's ship  
desires  
Leave to  
sail.  
To be  
desired to  
stay a few  
days.

The Export Warehousekeeper delivers in an account (as enter'd hereafter) of the Cost of a Rich \* Palankeen intended as a Present from the Company to the King of Pegue and another for his Brother Apporazah, The first amounting to Eleven hundred & forty four Pagodas, Twenty six Fans. & fifty Cash and the other to Pags. 319. 11. 21.

\*Vide Extra-  
ordinary  
Occurrences  
9<sup>th</sup>. April.

ORDER'D that the said Account be paid the said Palankeens having been view'd by the several Members of the Board who are of opinion that altho the Cost of the Things is very large yet as it is a rich and curious Piece of Workmanship it is worth the Price.

Letter from Mr. John Brohier read as enter'd hereafter acquainting the Board that Colonel Scott having appointed Lieut<sup>t</sup>. Robert Barker to act under him as an Engineer, had also directed him to apply on his Behalf for an allowance as such also representing that the Nature of his Employ as Engineer requires that he should have a Palankeen & Horse to attend the Works, and that he apprehends the Company's Promise, of a future Recompense, for his services do not debar him what necessary allowances the service may require

Mr. Brohier  
desires Mr.  
Barker  
assistant  
under him  
may have  
an allow-  
ance  
and that  
Himself may  
be allowed a  
Palankeen  
& Horse.

RESOLVED That Fifteen Pagodas <sup>per</sup> Month be allowed Mr. Barker as an Assistant under Mr. Brohier, but with Respect to Mr. Brohier's Request for a Palankeen and Horse, 'tis the Opinion of the Board that it is improper to be complied with, as Our Hon<sup>ble</sup> Masters in the 50<sup>th</sup>. Paragraph of their Gen<sup>l</sup>. Letter dated 15<sup>th</sup>. Dec<sup>r</sup>. acquaint us they have promoted Mr. Brohier to the Command of one of the Artillery Company's " to shew their sense of his past

15 Pag. <sup>per</sup>

May with the Packet from England ꝑ Clinton & acquainting us that as soon as they are able They will advise us in Regard to the Tonnage on their side enclosing a

Bill of Exchange on the shroff here for One hundred & Three Thousand on [sic] hundred & Twenty five (103125) Arcot Rupees which they desire us to receive and forward to the Gentlemen at Bengal to whom they have already remitted sixty Thousand Rupees by the Way of Surat.

N. 149, N. 150, and N. 151, from the Deputy Governour and Council of Fort St. David, The first dated the 5<sup>th</sup>. Instant acknowledging the Receipt of our Letters of the 26<sup>th</sup>. & 29<sup>th</sup>. Ult<sup>o</sup>. and acquainting us that having landed, the Timber, Treasure &c<sup>a</sup>.  $\text{¶}$  Delawar, They return her to us, but have no Bales to send us the Dragon sloop having brought us all that were ready, and about one hundred and thirty more are at the Washers, That the Draughts on them from Tritchinopoly for five thousand (5000) Pagodas, and twenty Eight thousand (28000) Rupees with advances to the Paymaster, and Ten thousand (10000) Pagodas to Irshipa Chittee have so much exháusted the Treasure sent them  $\text{¶}$  Delawar, that they apprehend they shall want a further supply by the End of the Month, and hope it will be large enough to answer their Purposes till January. That the Salem Merchants whom they acquainted with our having wrote Major Lawrence for an Escort for their Cloth, impatiently wait his Answer, That Mr. Drake is concerned We should give so little Credit, to his Representation, in regard to his Complaints which are so much encreased as to prevent his giving in his Answer but that he will do it as soon as he is able. That they have stationed Mr. Alex<sup>r</sup>. Baird under the Secretary and have affixed at their Gates the Advertisements We sent them regarding the Charter That Lieut<sup>t</sup>. Keene agreeable to our Permission has resigned the service, That the Reverend Mr. Stavely takes his Passage hither on the Delawar, Enclosing a Petition from the Painters of Tripopilore, another from the Renter of the Weighing and Measuring Duty, Indent for Military stores, Invoice of Horse Furniture Their Open account Current to Ultimo April with Consultations & Monthly Papers for July. The second dated the 6<sup>th</sup>. Instant advising that they have drawn on us for One thousand Pagodas payable to Captain John Brohier value received of Mr. John Call. And the third dated the 7<sup>th</sup>. Instant enclosing a Letter to their Board from Mr. Dawsonne Drake assuring them that his Complaints are so much encreased that he is incapable of proceeding to the West-coast agreeable to our appointment, Enclosing also the opinion of the Doctors on Mr. Drake's Case.

The Purport of the Petitions of the Tripopilore Painters and the Renter of the Weighing and Measuring Duty abovementioned are Viz<sup>t</sup>: The first sets forth that they were formerly allowed to bring in Cloth to paint from Pondicherry, Port Novo & Negapatam which when done paid the Company a Custom on Exportation back to those Places, but this being prohibited in the year 1751 Their Goods were all bought up by the President till this Year and as they have now a large quantity on hand they pray that they may have Leave as formerly to export the same otherwise they must be inevitably ruined. The Renters Petition sets forth that when he took that Cowle, at 400 Pagodas  $\text{¶}$  annum, it was upon an Assurance that Fort St. David would be the Presidency and that all Grain Vessells would import there, that not only this has prov'd otherwise but the Importation of Grain from the Country is obstructed by the Troubles and even on what is brought in, The Merchants, Commanders of Vessell's &c<sup>a</sup>. refuse to pay him the Customary Duty, praying therefore that he may have Leave to lay down the Cowle, or that he may be supported in collecting the Duties and a reasonable Abatement made in the Rent.

The President acquaints the Board that the Bill of Exchange enclosed in the General Letter from Bombay drawn at twenty Days sight had been presented, and duely accepted.

St. David

to.

That we shall stand in great Need of their Bales to compleat the Delawar's Loading, They must therefore be cured as fast as possible and the Merchants press'd, to bring in Cloth faster, That we shall shortly send them a further supply of Cash That as to the Petitions of the measuring Farmer and Trepopilore Painters, The first must have all proper Assistance in collecting the Duty's which the Merch<sup>ts</sup>. must be obliged to pay, and the Painters may be permitted, to dispose of the Goods they have on hand.

TO THE HONBLE THOMAS SAUNDERS ESQ<sup>r</sup>.  
PRESIDENT AND GOVERNOUR & C<sup>a</sup>. COUNCIL  
OF FORT ST: GEORGE.

HONBLE SIR & SIRs

I Received some time since from Mr. Secretary Bouchier by your Orders an account transmitting from FORT ST: DAVID of Military stores expended and on service during my holding that Employ not yet brought on those Books which I have been prevented from giving my Remarks on sooner by a very severe fit of Illness, but shall now as particularly as the Want of the necessary References to Books and Papers now at St. David will admitt of.

The Majority of such stores as are there inserted, were receiv'd from his Majesty's Commissary which could not be accounted for as they had not then been valued; Others sent to Tritchanopoly with Directions to be returned, and some with Captain Clive on his Expeditions which could not properly be brought under any Head then on the Books, and were therefore kept on Memorandum; Expedition to Arcot I beleive expended the Greatest Part of them, And in Relation to the Arms & c<sup>a</sup>. deliver'd at different Times to the seapoys, many of which have been continued on the Books and accounted for so long since as the seige of Pondicherry, it having been customary only to take the Officer's Receipt belonging to each Company for all such Issues. As most of them must necessarily be long since either lost broken or otherwise destroyed I take the Liberty to offer it as my Opinion that the easiest as well as most exact Method to settle that Account would be by debiting Expedition to Tritchinopoly the Amount of them as it now stands, and crediting that Head for such Part as may from time to time be returned.

I am with much Respect  
HONBLE SIR AND SIRs  
Your most Obed<sup>t</sup>. humble Servant.

THE HUMBLE PETITION OF THE COMPANY'S WASHERS

SHEWETH

YOUR Petitioner begs Leave to inform your Honour that since February 1748 to Sept<sup>r</sup>. 1750 Your Petitioner having examined the accounts of their Conicoply's found that Two of them named Ramah Kistnah and Moodoo

—FORT ST. GEORGE, SEPTEMBER 1753—

squander'd away Pagodas 215, belonging to Your Petitioners for which Reason your Petitioners discharged them of their Business, since which Peddu Naig Verapa Chitty and others sent for your Petitioners and beg'd they would excuse the said Conicoply's for the first time by giving to your Petitioners a Promissary Note for Pagodas 80, and desired that they might be admitted in their Business again which your Petitioners accordingly did, since which from Octobr. 1751 to July 1753 They have again squander'd away Pags: 300 and on your Petitioners demanding of them the Reason why they would ruin Your Petitioners in that Manner, They threatens and charges your Petitioners with Falsities and brib'd the Peons of the washing Town and a few of the Washers to side with them, and admitts whom they please for the Head Washerman, and since January last they pay'd Your Petitioners no more than 15 fanams for washing a Corge of Long Cloth, Whereas they are allow'd by the Company 35 fanams  $\text{p}$  Corge and on your Petitioners employing two other Conicoply's to examine into their Accounts, They, by Paddu Naigs Means strive to turn the Conicoply's out of the Bounds. Your Petitioners further begs [*sic*] Leave to impart to Your Honour that the Head Washer called Anca and one Rangapah the Company dalavy can inform your Honour the Truth of the whole Affair now Your Petitioners begs your Honour will do them Justice in the Premises, and to order the said Conicoply's accounts to be taken from them and examined wherein Your Petitioners beleive will find they have wrong'd them of as much more Money, and Your Petitioners as in duty bound

SHALL EVER PRAY.

TO THE HONBLE THE PRESIDENT AND  
COUNCIL OF FORT ST. GEORGE.

HONBLE SIR & SIRS

The Reason for not complying with our Instructions in purchasing the Number of Slaves We was order'd to do by the Honble Court of Directors was, We were not capable with all our Endeavours of performing, we having bought all that was offer'd or could possibly get that was fit for the Company's Use, We could have bought many more but they must have been such as would have been of no service to the Honble Company, We are with due Respect.

ORDER'D that the Error in the Account sortments of Mr. Andrews's Cloth be rectified and a perfect Account returned by Express that his Books may be closed.

A Rectified accott. sortments to be sent Mr. Andrews

Pursuant to Order of last Consultation The Company's Washers attending & being called in and Question'd in Regard to their Complaint of Fraud in their Conicoply's They persist in their Allegation, that no more than fifteen fanams have been paid them  $\text{₹}$  Corge since January last, altho' the Company allow thirty five fanams; The Conicoply's being thereupon call'd in and charged with the fraud, absolutely deny any Intention of Injuring the Complainants, but at the same time say there may probably be a Ballance due to them which they are ready to pay upon adjusting the Accounts.

Complaint of the Company's Washers enquired into.

The Board being of Opinion that the Fraud complain'd of is not clearly made out as the account is not closed, tho' tis not improbable but that there may have been such an Intention.

Opinion of the Board

&

ORDER'D that the Washers be at Liberty to chuse their own Conicoply's in future; that those they complain of be obliged forthwith to settle their accounts and pay the Ballance (if any shall appear due) to the Washers or whomsoever they shall appoint.

Order thereon.

Letter from Captain Henry Kent & Captain Francis Taylor read as enter'd hereafter, purporting that they had been on board & survey'd the Delawar, and that they find her in a proper Condition to take on board her Cargo for Europe.

Report survey of the Delawar read.

And the Export Warehousekeeper acquaints the Board that upon the said Report of the survey, (which was taken the 13<sup>th</sup>. Instant), and in consequence of a conditional Order of last Consultation he had sent on board thiry two Tons of salt Petre being the Kintlage Proportion and part of the Redwood but that Captn. Winter objected to it.

Kintlage saltpetre and Redwood ship'd.

And a Letter from Captn. Winter being read as enter'd hereafter purporting that the Redwood is so large hollow and light, that instead of Twenty four which is the Charter party Quantity it would take up at least the Room of Seventy Tons, and desiring that it may be sawed & cut into smaller Pieces.

Captn. Winter objects to the Redwood being large hollow & light.

from Fort  
St. David  
read.

N. 155 & N. 156. From the Deputy Governour and Council of Fort St. David, The first dated the 15<sup>th</sup>. Instant is abstracted in the Diary preceeding these Minutes, and the second dated the 18<sup>th</sup>. Instant, acquainting us that the utmost Quantity of Bales they can furnish us with for the Delawar will be one hundred. That in Regard to Cawn Modelair and Toneveroy; The first is unwilling to submit his Case to the Mayors Court and proposes Arbitration, The other's first Choice was for the Mayors Court, and on Cawn Moodelairs refusing to consent proposes to chose Arbitrators at Madras which the other will not submit to, giving it as their Opinion that very little can be hoped for from the mild Measures we have restrained them to, That Mr. Pybus has promised to settle the Memorandum account in a proper Manner, That they will observe our Directions relating to the Train of artillery and Materials for Fortifications &c<sup>a</sup>. That Captain George Gardener has applied to them for the Arrears of Cloathing Money which the Bombay Detachment claim, desiring our Directions thereon, Enclosing Indent for Packing stuff, also a Petition of Cootah

## —FORT ST. GEORGE, SEPTEMBER 1753—

'Arrack Farmer, setting forth that when he took that Cowle Irshippa Chitty was to have been jointly concern'd with him in it but Tonnaveroy's Name was inserted, instead, who acted only as Irshippa's agent, but has since pretended to act in his own Right and has drawn out of the stock upwards of three thousand Pagodas whereby the Petitioners Credit is affected, praying that Irshippa Chitty may be admitted as Joint Partner with him in the Cowle and that Tonaveroy may have no further Concern in the same.

N. 157 From Mr. John Andrews at Bandarmalanka dated the 12<sup>th</sup>. Instant Enclosing Invoice and Bill of Lading for One hundred and seventy two Bales of Cloth consigned to us by Sloop George, and acquainting us that the Troubles still subsisting make it unsafe to trust the Weavers with any money and two thousand Pagodas he advanced in July lie still unemployed in the Merchants Hands besides, The French Gomastahs buy in all the Cloth he turns out without Regard to Length Breadth or Quality at a much higher Price than he is allowed to give.

AGREED that the Honble Company's sloop Dragon be dispatched to Fort St. David with twenty five thousand (25000) Pagodas, and the Packing stuff indented for, and that a General Letter be wrote to the Gentlemen there advising them thereof and that we would have them return the sloop to us immediately with what Bales they have ready as we propose to send her a second Trip. That we disapprove of their advancing so much as Ten thousand Pagodas to Irshippa Chitty only, when 'tis thought necessary to make Advances to the Merchants each should have a Proportion, and no more than five thousand Pagodas at a Time, That Cootah and Tonnaveroy must be both accountable for the Rent of the arrack Farm as the Cowle was granted to them jointly, nor can we make any Alteration in it, Tonnaveroy's Dispute with Irshippa Chitty being of a private Nature must be settled by themselves, and in Regard to the Dispute between Cawn Moodelair and Tonnaveroy, We never will consent to any compulsive Measures, but the Party's must be left at full Liberty to Chuse whom they please for Arbitrators, for if Tonnaveroy is apprehensive of Partiality at Fort St. David, 'tis but reasonable he should have the Priviledge of chusing such as he may think he can better confide in, the Ballance due from Cawn Moodelair is much more than the sum in dispute. The Overplus must therefore be demanded of them. That we can give no Directions about the Arrears for Cloathing the Bombay Detachment as we know not what stoppages have been made from the Men on that account. That We observe a particular sum inserted monthly in the Paymasters Accounts for Captn. Schaub's Detachment, but no Pay Roll which is wrong and must not be practised in future as it's certain some of those Men have deserted, Captain Schaub must therefore be wrote to, to send a proper Roll.

ORDER'D that the Bales be landed from the George sloop and re-sorted as expeditiously as possible that they may be re-embaled and laden on the Delawar.

ORDER'D that the Secretary demand of Captn. Winter a Draught on his Owners for five hundred Pagodas sixteen Fanams (580. 16) [*sic*] at 7/8<sup>d</sup>. 1/8<sup>d</sup> Pagoda for so much advanced him here for the Repairs of the Delawar at Galle.

ORDER'D that the Export Warehousekeeper send the same on board accordingly and that an acknowledgement be taken from Captn. Winter that the same is laden on half Freight over & above the Charter Party Tonnage.

Peter Dencker requests payment of a Note due to him from the late Mr. Churchey.

Letter from Peter Dencker read (as entered hereafter) Enclosing a Note to him from the late Mr. Churchey for twenty Eight Pagodas twenty four Fanams, Requesting that the same may be discharged out of Mr. Churchey's Estate, The Ballance whereof has been paid into the Company's Cash, and assigning the Reasons why this Affair has been suffer'd to lye dormant so long.

Granted conditional-ly.

ORDER'D that the said Note be discharged with simple Interest upon Mr. Dencker's making Oath before a Magistrate that it is of Mr. Churchey's own proper hand writing & signature and that he has not receiv'd, any satisfaction for the same, and upon Payment thereof ORDER'D that the Estate of the said Mr. Churchey be debted in Account for the Amount of Principal, & Interest.

The Bond to Mr. Morse for 20,000 Pags. deliver'd up & cancell'd.

The Secretary lays before the Board a Letter to him from Mr. William Perceval which is read as enter'd hereafter serving to accompany the late President and Council's Bond to Nicholas Morse Esqr. for twenty thousand Pagodas and acquainting him that he knows of no Duplicate either of that or the thirty thousand Pagoda Bond, And the said first mention'd Bond is accordingly now produced & cancell'd.

A Lieutenant of Artillery to be sent to the West coast.

Mr. Pero appointed.

For the better training and Regulating the Artillery at the West Coast, which, as well as every other Branch stands in need of new Modeling, RESOLVED That an experienced Lieutenant be chosen for that Purpose out of those on this Establishment, and Mr. Edward Pero first Lieutenant of D'Illens's Company being propos'd as a proper Person.

AGREED that he be appointed to proceed to the West Coast as Captain Lieutenant of Artillery on that Establishment.

Mr. Robt. Barker to have a commission for Lieutt. in the Train.

And a Lieutenancy of Artillery becoming vacant by the Removal of Mr. Pero, ORDER'D that a Commission be made out to Mr. Robert Barker recommended by our Honble Masters to fill the first vacant Lieutenancy that might happen in the Artillery Company at Bengal, but at Collonel [sic] Scotts Request & his own Desire exchanged against Mr. Thomas Alford who was recommended to succeed to the first vancancy here.

The Train at Vizagapatam not to be draughted from the two Companys but to be supernumerary's.

A Detachment of the Train with a Lieut<sup>t</sup>. being necessary for the Garrison of Vizagapatam, It is debated whether they should be consider'd as independant of the two Companys here or draughted from them, On the one hand it is urged that Our Honble Masters have establish'd only two Company's of Artillery for the whole Coast and therefore all the settlements are to be garrison'd by Draughts from them, On the other, it is consider'd that the Artillery have during all the Troubles been particularly careful, that their service is yet as necessary as ever, especially the Officers, and therefore that this Force should not be weaken'd unless thro' unavoidable Necessity; Upon the whole it is

RESOLV'D That the Train of Artillery at Vizagapatam be not draughted from the two Companys but be considered as supernumerary's.

Mr. Brohier to separate in his accott. the articles of furniture from Repairs & value each.

Mr. Brohier in his account of Materials and Expences of Fortification &c<sup>a</sup>. having blended sundry Articles of Household Furniture and other Utensils with Repairs without particularizing any value. ORDER'D that he separate the same under distinct Heads and that the value of each Particular article be ascertained, that they may be properly carried to account in the Company's Books.

GOVERNOUR & PRESIDENT OF FORT ST. GEORGE & COUNCIL.

SIR & SIRS

I beg Leave to lay before this Honble Board that on the 5<sup>th</sup>. of Febry. 1741. I advanced to Mr. John Churchey deeces'd some Provision for his Voyage to Vizagapatam where he was then bound which amounted to 28 Pagodas 24 fans. whereof the said Mr. Churchey then did give me a Note of his own hand Writing and signing promising to pay the same after his Arrival at Vizagapatam with the interest that should become due thereon, and I send the next year the said Note of hand to Vizagapatam to demand Payment thereof, but it.

## —FORT ST. GEORGE, SEPTEMBER 1753—

was returned me with an Answer that he was not able to pay it then and Mr. Richard Prince coming soon after that to Madrass, I gave him the Note, and desir'd, he would at a proper time procure the Payment thereof and wrote to the said Mr. Prince several times after that but receiv'd for answer that the said Mr. Churchey could not pay, and the said Mr. Prince coming from Vizagapatnam to St. David I enquired of him if he had reced my Money of Mr. Churchey, to which he answer'd, he had not, and said he would give me the Note again as soon as he could find it, that it was pack'd up amongst his Papers then, and I coming sometime after that to Madrass did not get the said Note at that Time, and when the said Mr. Richard Prince did some time after come to Madrass, I did at several Times apply for the said Note, and received for Answer that it was mislaid, and when it could be found I should have it and from that time I could not get the said Note into my Hands again till a few Days before the said Mr. Prince embarked for Europe that his Writer Tho<sup>s</sup>. Pelling found it and gave it me as it will appear by his Declaration here join'd, after which I did send it to Vizagapatam by Alex<sup>r</sup>. Kidd as it will appear by his Receipt here annexed who brought it me back and said he had forgot it and lastly this Year have sent it, by George Downing who did demand the Payment thereof of Mr. George Pigot, but the said Mr. Pigot has told him he could not pay it by Reason that the Money of that Estate had been paid into the Honble Company's Cash and that it must be paid at Madrass.

I humbly beg this Honble Board will be pleased to take my Case into Consideration and order my just Demand upon the Estate of the abovemention'd John Churchey to be paid with the Interest that is due thereon.

There has lately been spread a Report which, as it concerns us, is the Occasion of our taking the Liberty to address you, We know not how true it may be, and we even perswade ourselves that if it had any Grounds, your Equity Gentlemen would have prompted you not to delay the Executn. HONBLE SIR

The Coffrey Women, slaves to the Honble Company employed on the Works complain of a want of Cloathing particularly in the rainy weather, and as the Monsoon is coming on I take the Liberty to represent that I conceive it will contribute much to the Preservation of their Health if they are allowed what is necessary for it. There is a Coffrey smith who works in the Yard, and has also worked at St. Helena who has applied to me for Shoes and Cloathing as he says he has always been allowed it at St. Helena. If the same Indulgence is allowed him here, it will induce him to do his duty with Diligence, submitting it to your superiour Judgement. I am most respectfully

N. 165, and N. 168 From the Honble the President & Council of Bengal the first dated the 30<sup>th</sup>. July, acquainting us of the arrival there of the Company's Sloop Sea Horse and ship Montfort by which they received our Letters of the 20<sup>th</sup>. June & 15 July, That they are sorry the Gun powder they sent us turned out so bad, The Musters they bought it by, were good, and the Moors insisted on being paid before they delivered it Hughly, what they shall send us in September is made by Mr. Witherington, and will, they hope be satisfactory. That the Treasure  $\text{p}$  Montfort turned out right. That they are concerned We should revive a standing Order of near 20 Years ago in Relation to their ships importing at Places to the southward. The Reason of which they say is that they have at those Places found immediate Vent for their Goods, whereas by consigning them here they have by Reason of the Troubles remained four or five years unsold, whereby the Proprietors are sufferers 40 or 50  $\text{p}$  Cent on prime Cost by Loss of Interest besides the Commanders of their ships complain of suffering Delays here by want of Boats which they are not subject to at other Places, That they shall be explicit to our Honble Masters on the subject, as our Paragraph might otherwise make an Impression on them to their Disadvantage, That as our Honble Masters affairs require it, They have no Objection to our detaining the Military intended for them, but hope as soon as We can spare them we will do it. That they propose in a few days to dispatch a sloop to the Negrais with stores for Mr. Hunter, but it is not in their Power to furnish him with all the Artificers he wrote for, having as yet prevailed only on some Bricklayers and Cooleys to proceed thither and that on extravagant terms, That they will endeavour to engage some Carpenters and Caulkers & send them there or here and should be glad to know when we shall send any Vessell thither. ## —FORT ST. GEORGE, OCTOBER 1753—

Arrival of the Portfield That her Treasure turned out right, That they should be glad to know our sentiments in Regard to the Disposal of the Companys ships, That they apprehend they shall be obliged to detain two, and make us the Offer of freighting one or both of them on the terms We wrote our Honble Masters We could procure for the Hardwick & Scarbrô or, (if those can't be procured) on any other terms whereby the Demorage may be saved. That they send us a Box Packet for our Honble Masters which they desire us to forward. That they will send us up the Durrington in January half laden.

July ☿ Sloop Syren with the Treasure and stores, also that of the 13<sup>th</sup>. August with the Madeira Wine & Copper ☿ Winchelsea, That Colonel Scott's stay there being but short he could not be so accurate as might be wished. That the Chief of what he has recommended to be set about is a wall from Marlin's Point to Fornery's Battery in lieu of the present Palisadoes. The Repair of Simpson's Battery & a small Ditch & Draw Bridge before the Mettah Gate. That they will comply with our Directions relating to Ordnance &ca. & a monthly abstract That they supplied the Sea Horse with sundry Articles and sent an account thereof to Bengal. That Mr. Pigot has wrote to the Nabob for Leave to coin the Copper, The other dated 11<sup>th</sup>. Sept<sup>r</sup>. acquainting us that the Nabob had refused them the Liberty of coining the Copper, saying that the French who are our Enemy's are very great with Salabat Jing, that however they should be under no Apprehensions were they to coin without further Application, but shall wait our Orders. Enclosing their monthly Papers.

Genl. Letter  
from  
Ingeram  
read.

N. 169 From Mr. Foss Westcott at Ingeram dated 20<sup>th</sup>. Ultimo advising that he has consign'd to us on the Snow Don Carlos One hundred Bales Callicoes which he hopes will make up in Quality for what is wanting of the Quantity usually sent from that Place, enclosing Invoice, Bill of Lading and Monthly Papers.

Genl. Letter  
from Fort  
St. David  
read.

N. 170 From the Deputy Governour and Council of Fort St. David dated the 4<sup>th</sup>. Instant advising the Receipt of ours of the 26<sup>th</sup>., That the Reason of their advancing Irshippa Chitty so large a sum at once of ten thousand Pagodas was because his Ballance was very small and he promised to bring in Cloth as fast as he should be supplied with money and has already furnished very near half that sum, & they expect he will soon bring in the whole, that he is the only one of all their Merchants they can depend on, and they were willing to lessen the Ballances of the others which was the Reason they made them no advances. That they have acquainted Cootah as well as Cawn Moodelair & Tonneveroy Pilla with our Directions and shall trouble us no further on that head. In Regard to the Cloathing of the Bombay Detachment. They enclose Captn. Gardiners answer that they have wrote to Captn. Schaub for Rolls of his Detachmt. that they have drawn on us for Pagodas three hundred and fifty one (351) payable to the Honble Thos. Saunders Esqr. value Received into the Honble Company's Cash of Mr. Peter St. Paul enclosing their monthly Papers.

Bengal to be  
wrote to.

AGREED That in the next General Letter to the Gentlemen at Bengal we reply to their Paragraph relating to the Standing Order against their ships imports. to the southward, That the argument they use Viz<sup>t</sup>. That their Goods have remained here five years unsold, is of no force, for they were of such a sortment as would not have met with quick vent at the other Places nay some of those very Goods having been tried at the southern Ports ineffectually were afterwards brought here and disposed of, and had the Cargos which they represent met with a quick sale to the southward been imported at our settlements being chiefly Grain, they would have succeeded as well, nor can any Reason be assigned why the Troubles in the Country should affect our Ports more than any other but even if it were so this could be no Excuse for the Britania's importing at Pondicherry two years ago which Place has felt the Effects

of the War fall as much as any of our settlements if not more. That we dont but our Honble Masters may receive an unfavourable Impression of their Conduct in this Respect to whom We shall likewise be very explicit in our Representation of the Affair.

As Nabob Mahomed Mohein Cawn's Reasons for refusing to permitt our <sup>Nabob Mahomed Mohein Cawn to be</sup> Coining Dubbs at Vizagapatam appear (by his Letter to Mr. Pigot) to proceed <sup>rather from his Apprehensions of offending the French than that it would otherwise be disagreeable to him,</sup> The President is desired to write him a Letter, <sup>and tis agreed that Mr. Pigot be directed to do so likewise, acquainting him that</sup> as We observe his granting Us Permission to coin Dubbs at Vizagapatam may <sup>be attended with some Inconvenience to him We will not press it but desire that he will not take Umbrage at our doing for the immediate use of our own settlements only, without his Leave from whence no ill Consequences are likely to arise.</sup>

AGREED that a General Letter be wrote by the Prince George to the Gover- <sup>Batavia to</sup> nour and Council of Batavia to return them Thanks for their Civilities and <sup>he wrote to.</sup> services to our shipping to desire the continuance of Harmony and Friendship and to assure them of our Readyness to shew them any good Offices in Return.

That the Prince George be got ready as soon as possible and call at Fort St. David, to take up Mr. Pybus, and that a General Letter be wrote to the Gentlemen there acquainting them of this Resolution and that Mr. Pybus is required to prepare himself accordingly. <sup>Mr. Hugh Norris appointed 3d. in Council &c at St. David. —FORT ST. GEORGE, OCTOBER 1753—

It being doubtfull what Quantity of Bales may be received from Vizagapatam, tho' there is the greatest Reason to beleive that the utmost Quantity of all Parts will not exceed twelve hundred, and as it is highly necessary on account of the approaching Monsoon & Rainy Weather that all the Bales We have ready to be shipp'd on the Delawar which there will be a Necessity for unslowing again, should the Vizagapatam Bales be insufficient to compleat her Tonnage, in order to put on board in Salt Petre what might be wanting in Bales. To prevent these Inconveniencies, It is agreed that so much Salt Petre as with twelve hundred Bales will compleat the Charter Party Tonnage be now laden on the Delawar including therein the Twenty Tons of Salt Petre requested by Captn. TO THE HONBLE THOMAS SAUNDERS ESQ<sup>r</sup>.

PRESIDENT AND GOVERNOUR & C<sup>A</sup>. COUNCIL OF FORT ST. GEORGE.

HONBLE SIR & SIRS

Agreeable to your Orders We have perused the several Letters and Papers from the West Coast, The Remarks We have made thereon We now lay before you that you may make such Regulations as you judge necessary.

—FORT ST. GEORGE, OCTOBER 1753—

FIRST CONCERNING SHIPPING.

The Gentlemen there being in want of sundry stores from Batavia surmising it would be no loss of time for the Delawar to return to them, commissioned Captn. Winter to purchase them, her passage proved very tedious, The Consequence may one time or other prove bad and as these Gentlemen cannot be acquainted with voyages intended for such ships, We think it should in future be avoided.

The several Vessells at the West Coast are sloop Cuddalore about 80 Tons, in May 1751 she stands charged \$ 4277. 3. 15, In April 1752 she is debted to Robert Dunckley \$ 4035. 1. 39 which ought to be particularly enquired into, she left Marlborough October 1752 and arrived here in a Condition almost irreparable.

Sloop Swallow about 40 Tons, in May 1751 stands \$ 3802. 3. 62 and in April 1753 \$ 3862. —. 37 her Credits for service being near equal to her Charges, but her Burthen not being above half of the Cuddalore, her value does not seem to be in Proportion which affords Matter of scrutiny.

Sloop Mary about 30 Tons in May 1751 stands \$ 7204. 1. 40, In April 1752, \$ 7249. —. 32 having been credited nearly equal to her Expences, but as her Burthen is small it may be very reasonably asked how she comes to be valued so high, it looks as if the due Credits have not been given her, for surely her Cost could not be so much.

Exclusive of these are upon the Books Ending 1752.

how are these employed? If in Sloops and Boats they should be charged to them and due Credit given for the service of such Vessells, The Crew of each should be regulated and no hands suffered but what are employed.

We observe Sloop Mary had by strong Northerly Winds been driven from Croce to Batavia whence after a chargeable Repair and a Loading of sugar and Arrack put on board her, she returned to Marlbrō. Mr. Stephens requesting an extraordinary allowance it has been long suspected and by their own Letter, it appears that the Interest of private Persons and not Northerly winds, has drove these sloops often to Batavia, which is a most scandalous Practice and ought to be severely resented. We dont think there is any Occasion for an extraordinary Allowance to Mr. Stephens, and if these sloops were well fitted and two Months Provisions on board they would be able to stand the Weather and there would be no Excuse for their Deviation.

—FORT ST. GEORGE, OCTOBER 1753—

A most notorious Neglect has for many years appeared in not keeping the sloops and small vessells belonging to the West Coast in proper Repair & no plausible Reason ever been assigned for not remedying it when the extravagant Expences in making a Jobb of it at Batavia are evident, and as you may have perceived by sloop Cuddalore the Charges by letting some of them run so far to decay as to be almost irreparable are considerable, some Method should be thought of to remove this ill convenience and if those Gentlemen would set heartily about it We think it might be easily effected, they have an exceeding good Dock at Poolo, Iron, Nails, Dammar, Oil, Junk, Pitch, Tar they have of their own Timber, Plank, Masts & yards are cheap at Batavia and may be brought them by the storeship, it may be objected there are no ship Carpenters, There are many Malay ones who dubb, plain, saw and do all work belonging to a common Carpenter, and with a proper European one to line out and the Master of the sloop to supravise, it may be done, for how many Vessells in India repair in this Manner, We therefore think it ought to be strongly recommended to them.

They are at present in want of sloops Therefore the Cuddalore should be return'd as soon as possible.

SECONDLY OF GOODS FROM EUROPE OR FROM ONE PART  
OF INDIA TO BE DISPOSED OF AT ANOTHER.

Our Honourable Masters in their seperate Letter of the 24<sup>th</sup>. January last recommend that the Prices of Wares &c<sup>a</sup>. here and at Batavia should be compared that if the latter be more reasonable they may be supplied from thence by the store ship.

There appear several Deficiencys ¶ Delawar and Prince George which are referr'd here, in future they should be absolutely order'd to insist upon the Payment of such Deficiencys and Care should be taken here That the Bills of Lading be regularly signed which has not always been the Case.

As they are in Want of slaves the Coffree Women who are of very little use here should be sent them.

In their Letter ¶ Delawar they mention an Indent of stores, but none is come nor is any mention'd in the List of the Packet, There is a small one of Wares ¶ Prince George which may be easily complied with.

As the Company are so indulgent to permitt their servants to supply themselves with what they may be in want of out of their warehouse, it is but reasonable such an advance should be put upon them as will make good any Wastage or Damage that they are generally liable to.

THIRDLY TOUCHING INVESTMENTS.

By a survey of the Sugar & arrack Works by Mess<sup>rs</sup>. Smith & Scott They appear in a flourishing Condition, The sugar sent us by the Delawar seems good, It sold for 16 Pagodas ¶ Candy which is as much or more than any from Batavia this Year, The Advances on this Account are upwards \$ 5000 it should be recommended to them to keep strictly within the Bounds of their Contract.

By the Delawar they advised they should have one hundred, and by the Prince George they say two hundred Tons of surplus Pepper, it will therefore be necessary to advise the Gentlemen at Bengal of it.

They make a lame Excuse for loading the surplus Pepper on the Onslow, alledging they had not received our Orders, but our General Letter to them ¶ Success Galley and the Companys Directions ¶ Onslow make it plainly appear a palpable Disobedience of Orders.

To account for the decrease of Pepper (instead of the small Pox a specious Pretence which has served many years, and is not now mentioned) They introduce a long train of Reasons, Viz<sup>t</sup>: The Arbitrary oppressive Tempers of sovereigns, The Laws & Customs of the Country, The Indolence & Ignorance

---

*—FORT ST. GEORGE, OCTOBER 1753—*

of the Planters The Badness of the soil to the Northward of Anak Soongey on the Moco Moco Country which formerly was the most flourishing and is by Neglect run to ruin, to those they add, that a Pepper Plantation does not bear till four or five years and continues ten or Eleven, that it has been the Custom to renew them at Eight years whereas it should have been at five, and from hence at a certain Period will evidently be occasioned a Decrease of Pepper. The Laws, Customs, Dispositions and Vices subsisted equally formerly as now & will as long as there are Malays, and it seems particular that an improper time should have been fixed on for renewing them, and however these Reasons may be Calculated to amuse those at a distance they cannot have that Effect where a true Information can so soon be had, a gross Neglect and Indolence are the true Cause; surveys have been dropped, and a proper Attention has not been had to the Industrious or lazy Behaviour of the Pangarans &c<sup>a</sup>. The only way to restore the Investment to its former flourishing Condition is to make regular surveys, compare the present with the preceeding year by which the Increase and decrease will easily appear and the proper Reward or Resentment applied. It is said, that there is some fatigue in these surveys, it may be so, it is also as true that all Residents at subordinates have Advantages in Trade and who so proper to take the Trouble as those that receive the Benefit.

The several subordinate settlements are, Moco Moco — Croee — Cattown — Laye — Sillebar — Tallo — Manna — Caor — Natal and several others not mentioned in their Gen<sup>l</sup>. Books Particular Enquiry should be made into their situation whether the keeping of them will answer the Purpose, The Expences will be seen under the head of Charges General at the close of their Books.

By the accounts transmitted us from the West Coast, We had hopes that the several new settlements they have made would have been of considerable Advantage to the Company, but this does not appear. What great Benefits were represented to Us from an Establishment at Natal and now after a very considerable Expense by Mr. Marriots Report not a single vine is planted nor is it the Disposition of the People to do it. Mr. Combes touched there in the Success Galley and delivers in a Letter purporting no more than a Discourse he had with some of the Heads; a more curious and particular Enquiry might have been expected from one of his Experience. By what We can learn the real Intention in the People of Natal's applying to the English to settle there was not with a Design of planting Pepper but to get their Protection against the Dutch, who claim a Title to this District, and the King of Acheen who frequently molests them, by Mr. Marriots Account the Imports of Natal amount to Three hundred thousand (300,000) Dollars, it consists chiefly in Ophium, and is a great Prejudice to the Dutch and King of Acheen in this Article.

At this Distance, 'tis impossible to form any clear, and decisive Judgment concerning the several new settlements, There are indeed some Monthly accounts of these entered after their Consultations by which the Produce of Pepper and the Expence are clear, if a Conclusion be made by these, the Expence greatly exceeds the Advantage, it will therefore be necessary to make a more extensive scrutiny into their situation whether they admitt of Improvement and may not in time be brought to such Perfection as fully to repay the heavy charges of nursing them in their Infancy. There seems to have prevailed at the West Coast a strong Propensity to extending the Companys Districts, but not a mature and serious Consideration whether such Extension would fully answer the Purpose. A Prince invites them to make a settlement on a Promise of Planting Pepper, it would certainly be more encouraging if he told them his Country produced such a Quantity of Pepper, and We think such a Proposal should be accepted on no other Terms.

FOURTHLY OF COUNTRY GOVERNMENT &C<sup>a</sup>.

Though We have in our Letters to the West Coast recommended to them to prevail upon Sultan Ooladeen to return to the Coast and to pay him his

## —FORT ST. GEORGE, OCTOBER 1753—

monthly Allowances yet they make no Mention of it. By Mr. Combes Letter concerning Natal, it appears he has not been paid and that his Children are pledged to the King of Acheen. As the sultan of Moco Moco has declared his son successor to the Government which has already occasioned some uneasiness in his subjects, should an accident happen to him it might give but too favourable an Opportunity to Ooladeen, if his Views tended to establish himself in that Kingdom, The Consequences of which would be very prejudicial to the Company's Affairs. We therefore conclude it would be prudent to pay him (if not already done according to Order) his Allowances get from the King of Acheen his Children and prevail upon him to return to the Coast, supporting him in a genteel Manner during his stay at Marlbro and passage here, however religious and free from Dissimulation he may seem to be, The Temptation of Power and Government to one who thinks himself unlawfully expelled are certainly very great and the Malays are remarkable for Dissimulation.

As Rewards and Punishments properly administred generally create Love and fear in the Governed, and are as certainly produced by Humanity and strict Justice in Governors, it becomes a very essential Part of the Supravisors Commission to inform themselves whether Justice is duely & impartially administred, That Vices meet with adequate Punishments & Merit and Industry their suitable Rewards, and should they find, by supineness or arbitrary Proceedings any Deviations, to express their disapproval, and rectify. It wont be amiss likewise to enquire whether the leading Men are treated with the Respect due to their different stations.

## FIFTHLY OF FORTIFICATIONS, BUILDINGS, REPAIRS AND REVENUES.

Orders have been sent from the Coast that they should not make any Additions to their Fortifications till surveyed by an Engineer, We dont observe they have infringed it.

It appears that accommodations are wanting for the Companys servants.

And if they find it practicable to give proper Repairs to their vessells at Poolo storehouses will be necessary, but these should not be set about lightly or in a hurry, a Plan should be formed suitable, to the Purpose and an Estimate made of the Expençe.

Exclusive of the Fortifications at Marlbrō, There appears to be the following Houses and Godowns \$ 57214. 3. 20 — Old Buildings, Chunam Kiln — Smith's shop — Salt Godown — Brick Shedd — Garden house, — Bridge — Wheel Crane — New Buildings — Brick Rice Godown, New Hospital — Boarded Godown, Hungerford Grove — Buildings on the N.W. Curtain — Burying Ground — Brick shedd for Materials — New Pepper Godown — Brick Godown and Lodgings — Freemans House & Compound — Saloop House — Brick Treasury — New Drain — and Cumberlo House \$ 13818. -. 80.

The several Buildings at the subordinates came under the same Enquiry, whether they are built with proper Materials purchased at the usual prices and no more charged than made use of, whether they are put to the proper uses and are sufficient for the sundry Wares and stores that settlement has Occasion for.

## SIXTHLY OF FACTORS, WRITERS, MILITARY OFFICERS AND THEIR ACCOUNTS.

Captñ. Lieutenant Hood is the first who by his unjust confining one of the Military and by his insolent Behaviour to the Board seems highly culpable, he was put under arrest and kept confined to his House a considerable time whereas by the Military Regulations, he should have been immediately brought to a Court Martial consisting of the Deputy Governour and Council with two Military Officers and would with Justice have been suspended as he deserved.

*—FORT ST. GEORGE, OCTOBER 1753—*

Mr. John Massey, Paymaster has a heavy Charge exhibited against him, Though he appears culpable, Yet he ought to have been allowed to deliver in his Answer in Writing, and as the Supravisors by being on the spot must have a clearer insight into the Affair, it will be better to leave it to their Determination.

There seems to have been great Neglect and a strong Appearance of Fraud. We cannot help remarking that We are afraid Affairs have been many years in this irregular situation, That Mr. Massey has adopted the Measures of his Predecessors as he had them from his Remains have not been regularly taken and accounts confused by which means great Deficiencies have been overlooked, and bad Customs introduced, which gave too great an Opportunity to fraud, Materials paid for with Goods at exorbitant Prices, which has occasioned their Badness in Quality, all which Practices must be abolished.

John Bruff has been dismissed from the service as he received the Materials for Mr. Massey but was not invested with a Power to reject and could only represent them to his superiour, and at the same time was not acquainted in what Manner they were brought to account, We think he is not culpable and should be restored to his Employ.

Mr. Beach on insulting the Board by coming to Consultation with Pistols in his Pocket on a quarrel that happen'd betwixt him and Captñ. Hutchinson was dismissed the Council Board, This behaviour indeed deserved a severe Reprimand tho if he had not been in other Respects culpable, the Disgrace was too severe for the fault, but this Gentleman's Character is represented so low that he was a very unfit Person to be at the Board.

Mr. Say also has been degraded from a Councillor to a Factor on taking a Malaymans Goods and selling salt.

Lieutt. Hood and Mr. Cranmer were sent home on the Exeter, Mr. Cranmer left his Residency at Laye without Leave and intended to run away to Batavia Lieutenant Hood had got on board the Company's sloop with the same Intent, and twas suspected their Intention was to run away with the vessell.

Though there appears great Misdemeanour in the above Gentlemen, yet the manner of examining into and resenting it deviates greatly from the Company's Orders and Regulations. A Reformation of the present ill Habits, and abuses that have crept into that settlement may require an Exertion of Authority, but Care should be taken that it does not go too great a Length, The Supravisors therefore should enquire into the Conduct of them & judge whether they have deserved the Disgrace they have suffer'd, and it should be enjoined the Deputy Governour and Council that whenever any one of what Degree so ever be accused, he have free Liberty of defending himself by giving his Answer in writing which must be entered in Consultation, if the Fact be proved against him they must Refer the Case to the Coast, if it be requisite suspending him the service till the Decision of their superiours be known, but not to dismiss the service or send them to Europe. In their Consultations they should keep up a decent Decorum and not suffer themselves to be molested with noisy Altercations, whoever presumes at this should be order'd, to withdraw, when any subject is proposed it should be debated calmly, every one suffered to give his opinion without Interruption and when put to the Vote the voices should be collected from the youngest in Council to the Deputy Governour and not from the Deputy Govern<sup>r</sup>. to the Youngest in Council as it is at present.

The Gentlemen acknowledge there has been a Remissness which indeed appears very plainly by the Resolutions they have already taken; They promise Amendment but it is not carried into Execution with the Regularity that would create Respect to themselves and a thorough Correction in the Culpable.

this last seems to be the Expencc attending that settlement which has been mentioned under another Head, There is not, nor is there likely to be any Credit, but instead, if not prevented this Head will be swelled to a considerable amount Therefore the Supravisors should make a particular Enquiry and if they find it calculated only for private views drop it, The Gentlemen have greatly deceived us in the Representation of it and should be cautioned not to do the like in future.

The latter greatly exceeds the former and is occasioned by a most scandalous Neglect in not delivering over and receiving an account Remains regularly which must be insisted on & be interchangeably signed in a Book of Remains kept for that Purpose, and it should be a standing Order in future that the Person in Possession shall be responsible; as to the present, a strict Examination should be made into it and if possible recover'd from those who ought to pay it.

which when deducted from \$ 9794. —. 11 the Encrease in the Investment is \$ 4181. 1. 93 but what Proposition does this bear to the Expence when deducting \$ 14664. 3. 78 from \$ 65866. —. 62. there is so large an Encrease as \$ 51201. —. 84 tis therefore necessary to make a deeper Enquiry and trace out from whence it proceeds, Marlborough account in particular whose Expences as well as Investment we will separate from the General Account.

this head is double what it used to be.

The Supravisors after informing themselves how these are disposed of should curtail the Expence in Wages and allowances, We observe that given to Artificers is treble what it was formerly. Charges Diet encreased \$ 2926. —. 18 and account sallary \$ 2071. 2. 13 is easily accounted for by a greater Number of Covenanted servants, whether necessary and how employed the supravisors will enquire, it wont be amiss to send them a General List of our servants as a Model, and order, them to transmitt us by every ship such a List of theirs by which we can always judge whether they are properly distributed.

## —FORT ST. GEORGE, OCTOBER 1753—

Charges Cattle is in all settlements a fixed Expence, 5 Guard, and 2 Chaise Horses are usually allowed and We think 252 Dollars  $\text{p}$  annum in lieu of all Charge of Groom, Slaves, Grain &c<sup>a</sup>. very sufficient and this to be paid to the Deputy Governour at \$ 21  $\text{p}$  Month in case the Number of Horses be kept up.

The Difference in Charges Merchandize and Account Presents are not very considerable.

Charges Marine as remarked under the head of shipping ought to have its due Credit by the sloops or such other services where those People are employed.

The heads of Repairs, Charges extraordinary and Charges General are increased very considerably as we are not furnished with the Paymasters Account for 1730 'tis impossible to make a just Comparison, They depend on variable Circumstances and become the more direct Enquiry of the supravisors who can have Recourse to the Men and Books they can concern, These very particularly demand their strict Attention as the head of Charges General only amounts to near two thirds of what the whole Coast was in 1730.

The Outsettlements are equally in want of Proper Regulation.

There evidently appears a Decrease in the Investment a monstrous instance of neglect, and at the same time the Expences of that Residency are above doubled, very little Regard seems to have been had to our Honble Masters affairs as this Place twenty years ago produced near a third of the whole, it becomes a very material Part of the Supravisors Enquiry.

By the foregoing state of Laye, Cattown, Tallo, Manna, and Croee Residency's, Their Expences seem to bear a near Proportion to their Produce, Manna indeed being the most flourishing, It has been strongly insinuated to us that Croee and Cawoor will most gratefully reward the Hand that cultivates them, at present, in the former there appears a small Investment and a very exorbitant Expence the latter, Expence only, Therefore these two settlements bespeak the supravisors close Inspection. It is very particular that in the new settlement of Croee where one would imagine the Buildings were but just erected, there immediately appears a Head of Repairs \$ 1028. 3. 74 and in examining that, the workmanship is generally two thirds more than the Materials particularly in the Month of September where Repairs is debted to Cash \$ 217, without specifying what it is for, This should be explained.

In Conformity to your Orders We have regulated the Weights in the several Employs agreeable to the standard setts received from England. The half hundred Weights at the Sea Gate, Choultry, Warehouse and two storehouses proved about two Ounces and a half too heavy and the smaller Weights in Proportion. At the Mint We found five weights that were too heavy and some old ones that were deficient which the Assay Master assured us had been thrown aside for defective, A particular account of them is subjoined such as pass'd Examination We chopped with the figures 1753 to prevent the use of any others. Instant containing an account of their Proceedings in Relation to their Investment Viz<sup>t</sup>: That finding the Merchants (except Irshippa Chittee) gave them but little Hopes of their Performances and Linga Chittee's agents at the same time offering Proposals to bring in three hundred Bales by January provided they are duely & speedily supplied with Money They accepted the same and advanced them five thousand (5000) Pagodas to begin. That they think our Order not to advance above 5000 Pagodas at a time is very confined considering the lateness of the season, that they have advanced a further sum of 5000 Pag<sup>s</sup>. to Irshippa Chittee he having brought in a great Part of the ten thousand before advanced him. In general they seem to excuse themselves on the Backwardness of their Investment by saying they have not been kept sufficiently supplied with Money and desire that of what We may in future send them We will limit how much We would have appropriated to the Investment. That on the 8<sup>th</sup>. Instant a ship directly from Portugal called the Royal Galley bound for Bengal and Surat imported there. The supra Cargo desired to know whether he could coin the Treasure there and finding it could not be done proceeded to Pondichery—Enclosing a Letter from Cap<sup>t</sup>. N. 173 and N. 174 from the President & Council of Bengal the first dated the 13<sup>th</sup>. Sept<sup>r</sup>. advising the arrival of the Winchelsea Falmouth & Egmont with our several Letters and the Treasure which turned out right as did the Redwood ♂ Shirley. That the Orders for their Investment amount to above double the Treasure we have sent them, they therefore desire if we can possibly spare them any more, we will do so, as otherwise they must be obliged to take up large sums at Interest. That the Gentlemen at Bombay advise them they have made us a Remittance of about 100,000 A. Rupees which they desire us to forward. That they observe by our Letters we intend sending them the Dragon and Colchester or Delawar which will so much increase their Tonnage, that unless We can be assisting in letting them to Freight, they shall be at a Loss how to provide for them. That they send us a Box Packet for our Honble

N. 175 from the President & Council of Bombay dated the 26<sup>th</sup>. August, advising the Receipt of our Packet of the 18<sup>th</sup>. June also that the ships Tavistock Sandwich, Stafford and Salisbury from Europe were arrived there. Enclosing Copy of the 10<sup>th</sup>. Paragraph of Our Honble Masters Commands to them, requiring us to assist them as far as we can in the disposal of their Tonnage, and desiring We will acquaint them whether the Swallow will be a proper vessell for our service.

Genl. Letter  
from Mr.

read.

N. 177 From Mr. John Pybus at Fort St. David dated the 11<sup>th</sup>. Instant acquainting us that as we had done him the Honour to appoint him joint supervisor to the West Coast with Mr. Walsh, he accepted it with the greatest Chearfulness and to prevent any Delays by the Prince George's calling for him at Fort St. David he proposed to embark that Evening in a Boat for this Place, That Mr. Drake has undertaken to execute his Employes untill Mr. Norris's Arrival.

Bengal to be  
wrote to.

AGREED that a General Letter be prepared to the President and Council of Bengal acquainting them (besides what agreed on at last Consultation) in Relation to the Offer they make us of fighting [*sic*] two or more of the Compy's ships, that they must be sensible of the Difficulty of letting ships of that Burthen, as well as that it requires time to provide proper Cargo's which it is impossible to do, now the season is so far advanced, but had we had earlier Notice possibly some thing might have been done. That we shall be very willing to stand a part with them in taking up any next Year and desire their sentiments thereon. In regard to what they mention about our detaining a Part of the Treasure, That our great Expences occasioned by the Troubles has been the Cause of it, and even what we have kept being about 33 Chests will scarcely suffice, and We had leave from our Honble Masters to do so. That the Gentlemen at Marlbrō having advised us they shall have thirty Tons of surplus Pepper, We desire they will order a ship to take it in and touch here for our Advices. That We have had no Advices from the Negrais and desire they will send their Artificers directly as we know not when We shall have a Conveyance. That as soon as we can spare their Military we will send them down that the Bombay ships are arrived there from Europe.

Bombay to  
be wrote to.

AGREED also that a General Letter be prepared to the President and Council of Bombay advising the Receipt of theirs, That it will be impossible for us to give them any Assistance, in providing for their Tonnage, On the Contrary several ships on this side must lye on hand. That We have already given them our sentiments in Regard to the Swallow. That the China ships except the Harcourt were spoke with in the Streights of Malacca.

## —FORT ST. GEORGE, OCTOBER 1753—

HONBLE SIR

As you was pleased to order I would give you in Writing my Proposals for preventing such extraordinary Deficiencies in the Rice as has happen'd in the 300 Baggs already shipt on board the Honble Companys ship Prince George, I humbly conceive you will not think that I am now going to offer, an unreasonable Request; which is that every Bagg may be weighed ashore at a stated Weight (which I am ready to get done) after which it will be very easy for the Officer on board to perceive if there is a considerable Deficiency, and in such case to return it directly for shore with the Peon that attends it, under the Care of an Officer of the ship that such Peons & Boat People may be made accountable for the same. If some such Regulation as this be made, I can with a moderate allowance for Waste (which always happens) be able to answer for what may be lost, and I imagin the Common Loss of Rice from Bengal to this place which is about 6 % cent cannot be thought too much to allow from here to the West Coast.

Perhaps your Honour may think that after such Regulation as this, it is not likely that there can be so much Deficiency in Rice as from Bengal here, To which I must beg Leave to remark, That it is sent off there in this Manner and when sent ashore here it is under the Care of the Captain or supra Cargo's our servants who are immediately answerable to them for any Irregularities, when on the Contrary I have neither Purser Conicoply nor even a Cooley allowed me to inspect or assist in these Things.

Objections I know have already been made to this and I have been asked why I do not send for Lascars to look after the Company's Goods when going off, but I beleive sir you are sensible it would not only be taking too many Men out of the ship at once but as they have always four Months Pay advanced them before they go on board one half of them would desert and by that Means the ship would be distressed for Lascars who are not to be got here without a great deal of Time and Trouble.

The three hundred Baggs of Rice already gone off turns out at the most moderate Calculation I can make 3200 lb. short of what it was weighed off shore at which is Eight % Cent Loss before they are stowed away in the Hold, and as I have taken all the Care that was in my Power to prevent such Deficiency and made any Complaint from the first Boat that went on board I hope sir you will not think it reasonable I should be answerable for so considerable a Loss which I could by no Means prevent.

I am  
HONBLE SIR

Your most humble and most Obedient Servant

EDWARD BURMAN.

FORT ST: GEORGE

18<sup>TH</sup>. OCTOBER 1753.TO THE HONBLE THOMAS SAUNDERS ESQ<sup>R</sup>.

The Good Harmony which now subsists between your Government & this makes me hope that [on] the subjects thereof find all the satisfaction which their Complaints require here in accidents & Affairs of which Past & present Experience gives Proof, so likewise those of these Islands will meet with the same Reception & Protection especially as your Honour directs that Place with a Prudence & Rectitude which is well known.

Don Francisco Antonio Figueroa who is my Secretary of Government and War, contracted Matrimony with Donna Cecilia de Ytta & Sallazar who I am informed was born in Madrass in Nov<sup>r</sup>. 1718 & is now living in Manilha being the only Daughter, of D. Geronimo de Ytta and Salazar & of M. Francisca Milique. By which Means and the Death of Don Geronimo in Pondicherry in 1751 (where he had married on the Death of his said Wife with Dona Juana

---

*—FORT ST. GEORGE, OCTOBER 1753—*

de Bar) a Partition was made of both the Inheritance between D. Pedro de Ytta and the other Brothers which [*sic*] are in Pondicherry And there being in Madrass two Houses which belong to Donna Cecilia as the Portion of her Mother M. Melique, One of which the English demolished in the black Town when they treated of fortifying that Place many years before the French besieged it, on Conditions stipulated with the said D. Geronimo that the Company should pay for it 1000 Pagodas (notwithstanding it cost 1400) which sum not being paid, the said Don Pedro Claimed it of your Honour desiring this Reimbursement & the value of that House now situated in the white Town, in order to give an account thereof and satisfy the said Figueroa to whom they now belong which had no Effect on Pretence that the Resolution of the Company was expected from London omitting the Common Report (with many others of this kind) that this happened because they were Effects of Roman Catholics whose Priviledges which before were free have been limited since the Restitution of that Place by the French as appears by the Letters which passed between your Honour & him on that Occasion.

Now the said Don Francisco having complained of this Proceeding alledging many remarkable services which his Father Don Geronimo had done for the Company pretending that a due satisfaction of this Wrong appears to be just here, I have ordered that he should write to your Honour with my Recommendations not doubting but that on the Knowledge of this, the most just Means will be taken and that these Complaints will be obviated, which as Governour & Father of this Republick I am obliged to defend.

And on these Terms he rests satisfied at present, giving full Powers and Instructions to Mr. W. Roberts second supercargo of the ship called Laxor, who returns & has offered to interpose with your Honour in this Affair.

And relying that from the Justice & great worth of your Honour the said Person will meet with a due Protection, I am assured of the good Issue of his Pretension & your Honour will find me in Consequence thereof obliged to the best Correspondence in whatever depends on my Part.

THE MARQUISS OF OVANDO.

FEBRUARY 12<sup>TH</sup>. 1752.

HONBLE SIR

I find myself under a Necessity to importune your Honour that you will be pleased to take under your Care & Protection with the Justice & Equity which is worthy of your station, The Pretensions which Mr. Will<sup>m</sup>. Roberts has been pleased to take charge of, that by Means of your Intervention the Company may deliver up to me the House which Don Geronimo de Ytta & Salazar an Inhabitant of Madrass & Father of my Wife Donna Cecilia de Ytta, dying in Pondicherry in 1751 left in Madrass, which house belongs to me as the Portion of M. Melique her Mother, whom the said Don Geronimo married to his first Wife, And at also of One thousand Pagodas which the said Company offered to pay for the House which he had in the Black Town & which a long time before the late wars was thrown down and demolished on those Conditions, in order to better fortify that Place.

My Brother in Law Don Pedro de Ytta who lives at Pondicherry acquainted me with the steps he has taken for this Reimbursement, and that it has been refused or def[erred] and to satisfy me he has remitted all the Letters which he writ to your Honour and the Answers, which I have delivered to Mr. W. Roberts my Attorney for beleiving that your Honour will render me all the Justice which is due to me on the subject, I have omitted any other Presentation than that of praying the Governour of these Islands (to whom I have the Honour to be Secretary) to recommend this Business to your Honour, which he

## —FORT ST. GEORGE, OCTOBER 1753—

does in Consideration of the Character which the English have of being strongly inclin'd to do Justice and that the Spaniards inhabiting these Islands have always endeavoured to cultivate the same Conduct with that Nation.

If I shall have the Favour at the same time to receive your Honours Commands it will be the utmost of my Wishes.

THOMAS SAUNDERS ESQ<sup>R</sup>. GOV<sup>R</sup>. PRESID<sup>T</sup>.  
CHARLES BODDAM. HENRY POWNEY.  
ALEXANDER WYNCH. JOHN SMITH.  
CHARLES BOURCHIER.

The Book of Standing Orders lying on the Table.

The Minutes of last Consultation dated yesterday read & signed.

Mr. Bourchier resigns Secretarys Employ. Mr. Dupre succeeds him & Mr. Russell appointed Sub Secretary.

Mr. Charles Bourchier desiring Leave to resign the Secretary's Employ, agreeable to the Resolution in Consultation the 28<sup>th</sup>. of August permitting him to do so after the Dispatch of the Delawar, The Board consent thereto, and Mr. Josias Dupre being called in, is ordered to take Charge thereof and Mr. Claud Russell also attending is directed to act as Subsecretary.

Letter from Captain Burman desiring that he may not be charged with a Deficiency in Rice which happened before it went on board. To be made Good by the Export Wareho. Conicoply, Sea Gate Dubash & ye. Head Boatman.

Letter from Captain Edward Burman read as entered hereafter representing that the first three hundred Baggs of Rice shipped on the Prince George were found to contain when they came on board at least Three thousand two hundred Pounds less than when weighed on shore and that as the Deficiency happened before the Rice came into the ship he hopes he shall not be obliged to make it good. The Board judging it a Hardship that Captain Burman should be charged with what was never actually in his custody, at the same time thinking it as highly necessary the Company should not suffer and that some Means should be provided to prevent such Pilferage in future which could never happen but thro' the Knavery or Neglect, of the Dubashes, Conicoplies, or Head Boatmen, RESOLVED that the Sea Gate Dubash The Export Warehouse Conicoply, and the Head Boatman make Good the said Deficiency and that the Export Warehousekeeper recover the same which may render them more circumspet hereafter.

Letter from ye. Doctors representing that the Coffreys are sick.

Letter from Doctor's Andrew Munro and Robert Turing to the President read as entered here-after representing that most of the Coffreys are sick of the small Pox, Fevers &c<sup>a</sup>. and not in a Condition to be sent to the West Coast.

They are not to be sent to Fort Marlbro & Prince George.

AGREED That the Sending them be postponed to another Opportunity and that a Postscript be added to the General Letter to Fort Marlborough of the 15<sup>th</sup>. Instant acquainting them with our Reasons for altering our Intentions, and that as Mr. Hunter finds it necessary to detain the Cuddalore sloop at the Negrais some time longer We shall send them the Long Cloth ordinary they have indented for, by the ship to touch here in January and fill up at the West Coast.

Some French Deserters to be sent to the West Coast

Several French Deserters having enlisted themselves here, as it has been experienced that Deserters from the French service are not to be depended upon this Coast, AGREED that they be sent to Fort Marlbro to be incorporated in the Military there.

—FORT ST. GEORGE, OCTOBER 1753—

The season being far advanced and the Weather very precarious RESOLVED that instead of the three Lacks of Rupees agreed in Consultation the 22<sup>d</sup> Instant to supply the Gentlemen at Fort St. David with by the Prince George only one Lack of Rupees and thirty thousand Pagodas be sent and that the Remainder be conveyed to them by the first safe Opportunity's that may offer.

30,000 Pag<sup>s</sup>. and only one, instead of three Lack of Rupees, to be sent to St. David & Prince George.

AGREED that We write to the Deputy Govr. & Council of Fort St. David in answer to the several Letters received from them since our last that We highly disapprove of their Introducing a new Merchant contrary to positive Orders which are that whenever any Proposals of that kind are made they are to be communicated to the Presidency for their Approbation especially as they have not even acquainted us with the Persons Name but call him Linga Chitte's agent. We therefore expect they will be answerable for his Engagement and We absolutely forbid their doing the like in future. That as the Salem Merchants cant bring in what they say they have in Readyness, there is no Occasion for further Advances to them. That if the other Merchant's Ballances are reduced they should not be laid aside but be advanced with the others. That We judge it improper during the unsettled state of the Country to advance more than 5000 Pagodas at a time. That in a regard to their not having been in a Capacity to exert themselves for Want of supplies, from January till the Removal of the French to Tritchenopoly they were entirely surrounded and the President then wrote to the Deputy Governour he was of Opinion the Cloth might be brought to DeveCotah & from thence by Boat & his Answer was the Merchants would not undertake it. That we wrote to Major Lawrence to afford the Merchants an Escort for their Cloth from Salem but we dont find it is come in. That the Casualty's of Captain Schaub's Company are not sufficient, We must have the Monthly Pay Rolls at Length, and We expect that the Paymaster has them to produce, and Vouchers must in all Cases be taken for every Delivery and Payment. That We remark the slowness of their Washers in curing their Cloth, and would them enquire whether they are paid the stipulated Prices. That the Nabobs Account must be sent us and if it be not ready a Committee of the Board must be appointed to compleat it as soon as possible. That no Person must quit his station untill, he has settled his accounts with the Company, The Person succeeding to his Employs is to see this done and if he neglects it he must be answerable for any Loss, That we shall send an ample supply of Treasure by the Prince George and they must get Boats in Readiness to land the Consignment that she may not be detained that they may be better able to judge than we whether it is not safer to send the Money for the Army by Boat to DeveCotah than by Peons as Chellimbrum is in the Enemy's hands. That they may supply Mr. Cook with what may be necessary to defray his Expences. That we approve their detaining the Dragon as they could not get their Bales ready to send us on her That We shall consider of Clemente Poverio's Petition & acquaint them with our Resolution. That We cannot send them the Plank they indent for by the Prince George, but shall do it by the first proper Conveyance That We shall send them the Fort St. David Military Paymasters Accounts 1751 which Mr. Powney informs us they want which they must copy & return us the Original.

Fort St. David to be wrote to.

As the Place of Under Searcher of the Sea Gate will become vacant on the Departure of Mr. John Walsh for the West Coast ORDER'D That Mr. Henry Vansittart take Charge thereof.

Mr. Henry Vansittart appointed under Searcher of the Sea Gate.

A Surgeon being wanted for the Negrais and Mr. William Anderson late surgeon's Mate of the Edgbaston who was left sick here being desirous of that Employ, ORDER'D that he be entertained and proceed on the Porto Bello sloop shortly to be dispatched.

The President acquaints the Board that he had desired Mr. Brohier to examine the Timber brought from the Negrais in the Porto Bello sloop and that he was of Opinion it is a kind of Portia Tree and might be very useful for making of Carriages if brought over in Pieces of 15 or 16 Inches Diameter, tho' it does not seem so durable as Teak and much more subject to be eat by the White Ants RESOLVED that the Company's Vessels employed between this Place and the Negrais be loaded with that kind of Timber from thence rather than come empty when Teak cannot be procured.

The Export Warehousekeeper represents to the Board that the sorting Godown and apartments are very much out of Repair ORDER'D That Mr. Brohier survey the same and deliver in an Estimate of the Charge of the necessary Repairs thereof.

That the Companys Works may meet with as few Interruptions as possible especially from self-interested views which it is apprehended might be the Case if those employed in carrying them on are suffered to undertake private Business on their own accounts it is RESOLVED that no person whatever employed on the Fortifications or other of the Company's Works do on any account undertake private Buildings or other Business without Leave of the President & Council.

It having been intimated to the Board that many French and other foreign Letters are conveyed to Europe in the Company's Packets under Cover to Persons in England which in the present Circumstances of affairs had better be avoided, The Secretary is hereby directed to deliver in to the Board all such Letters brought to him to be forwarded to Europe in the Company's Packet as he may have any Reason to suspect of containing foreign Letters.

Mr. George Dawson at DeveCotah being ordered up hither as soon as he shall have settled the accounts of that settlement with Mr. Hopkins ORDER'D that Mr. Richard Brickenden proceed to Fort St. David on the Prince George & from thence to DeveCotah by the first Conveyance that may offer, as an assistant to the Chief & that a General Letter be Wrote advising Mr. Hopkins thereof.

MONDAY  
 THE 5<sup>th</sup>.

The Book of Standing Orders lying on the Table.

The Minutes of last Consultation dated the 30<sup>th</sup>. Octob<sup>r</sup>. read & signed.

General Letters read Viz<sup>t</sup>.

N. 187 From Mr. Chas. Hopkins Chief of DeveCotah dated the 17<sup>th</sup>. Ult<sup>o</sup>. acquainting us of his arrival there, That Mr. Dawson had delivered over to him the Charge of the settlement and that he had laden six hundred & fifty Piles on the Dragon. Genl. Letter from DeveCotah read.

N. 188. From Mr. George Dawson at DeveCotah dated the 18<sup>th</sup>. Ult<sup>o</sup>. acquainting us that agreeable to our Orders he had delivered over to Mr. Hopkins the Charge of that settlement with the several Books and shall at the End of the Month give him a correct account Remains of stores and then proceed hither by the first Opportunity, Enclosing the monthly accounts for September. Genl. Letter from Mr. Dawson at DeveCotah read.

N. 189. From WestCott Esq<sup>r</sup>. Resident at Ingeram dated the 8<sup>th</sup>. of October, accompanying the Books of that settlement Ending April 1753 with the monthly accounts for September, and acquainting us that the Affairs between the Nabob & Rajah are as far as ever from being accommodated and many of the Weavers have moved off with their Effects into the Ellore Country That the Nabob has demanded of him the Rents of the Towns &c<sup>a</sup>. granted the Company by the Rajah, but that he has put him off by saying they are not due till Christmass when he will pay them to the proper Persons, and desires our Instructions how to act in this Affair. Genl. Letter from Ingeram.

Draughts of General Letters to the northern settlements are now read and approved Viz<sup>t</sup>. Draughts approved.

To George Pigot Esq<sup>r</sup>. Chief &c<sup>a</sup>. Council at Vizagapatam. That as Coll. Scott during his short stay could not form a perfect Plan of their Fortification and proposes to return in January, and as the Works he has directed them to set about repairing, cannot suffer much for want of it between this & then, We would have them deferr it and in the mean time prepare a Quantity of Brick & Chunam. That as the Nabobs refusing to grant them Liberty to coin Dubbs may really be thro' Fear of disobliging the French, we would not have them press for publick Leave, but to desire he will connive at their doing & privately for the use of the Companys own settlements only. That We have To Vizagapatam.

— FORT ST. GEORGE, NOVEMBER 1753 —

received the sixty five Bales they sent us  $\text{₹}$  Alice Sloop and were greatly disappointed that the Quantity was so small, but hoped, as they advise the Troubles were subsided, that they would have been able to invest the whole supply we have sent them, and tho' Mr. WestCott writes the Troubles still subsist, We don't doubt but they will exert themselves to procure as much good Cloth as possible, which must be sent us up early in Janry, as much of it bleached as they can get done and the rest brown. That We approve, their declining to advance the Rajah the sum he requested, which must never be done but in Cases of absolute Necessity. That the Chints they sent us is at the Wash, when 'tis cured We shall give them our sentiments on it. That it must be observed as a standing Order that no Person is to quit his station without first settling his accounts with the Company and the Person succeeding must see it done, or be answerable for any Loss that may happen, That their Books to April 1753 must be sent us ballanced and their account Quick stock, That they may supply Mr. Andrews at Madapollam with 20 or 30 Muskets and what Military Stores he may want and they can spare, That the Delawar sailed for Europe the 30<sup>th</sup>. Ultimo.

To Ingeram.

To Foss Westcott Esqr. Resident at Ingeram That we have received the one hundred Bales consigned to us  $\text{₹}$  Don Carlos, which is very short of the usual Quantity and We imagine what he alledges as the Cause Viz<sup>t</sup>. The Troubles and Want of Dubbs would equally effect Mr. Andrews & yet he has succeeded much better. We rather think it proceeds from a bad Custom the Merchants are fallen into of providing a bad sortment which obliges him to reject a great Part and we recommend to him to persevere in turning out all Cloth inferiour to Muster which may in time have a good Effect. That his last advices differ from Mr. Pigots, who writes us that the Troubles are at an End We hope it will prove so and that he will be able to invest the whole supply. We have sent him in good Cloth which must be sent us up early in January bleached if possible or what cant be cured in time, brown. That no Person must quit his station without settling his accounts with the Company and the Person succeeding to any Employ must see it done or be answerable for any Loss that may happen. This is a standing Order. That in Regard to the Rents demanded by the Nabob, We would have him write to the Rajah and hear his answer, and act so as to keep fair if possible with both Parties. That the Delawar left us the 30<sup>th</sup>. Ult<sup>o</sup>. for England.

Draught approved To Madapollam.

To Mr. John Andrews Resident at Madapollam that We received one hundred & seventy two Bales he consigned us  $\text{₹}$  George sloop which turned out tolerably good, We should have been glad the Quantity had been larger but even that was acceptable. That the French buying up his turned out Cloth must be no Example to him, but he must be very carefull to keep up his sortment. That We are informed many of the English & Swiss who were Prisoners at Pondicherry have entered into the French service, and are sent to Metchlepatam to reinforce Mr. Bussy, We think it might have a good Effect if he were to publish an Offer of Pardon and five Pagodas a Man to all that will surrender themselves, and direct him to do so. That no Person is to quit his station without first settling his accounts with the Company and whoever succeeds to an Employ must be answerable for all Losses, if he neglects to see this done. That as much of his Cloth as can be cured by January must be sent us with the rest brown. That the Delawar sailed from hence the 30<sup>th</sup>. Ult<sup>o</sup>. for England.

Letter from Messrs. Walsh & Vansittart in Relation of a Bond to the Mayors Court left in their hands.

Letter from Messrs. Walsh & Vansittart read as entered hereafter, setting forth that Mr. Joseph Fowke who was Mayor of Madrass in 1746 left in their hands a Bond dated 30<sup>th</sup>. Sept<sup>r</sup>. 1746 from the President and Council of that Time for Pags. 4368. 26. 54 which is declared to be publick Money that had been deposited in the Corporation Cash Chest, desiring our Directions to whom they are to deliver the same.

— FORT ST. GEORGE, NOVEMBER 1753 —

ORDERED That the Secretary by Letter acquaint the Mayor & Aldermen with the Purport of the above recited Letter and for their further Information enclose a Copy of the 88<sup>th</sup>. Estimate of the Repairs of the sorting Godown read.

Order'd to be repaired.

The Secretary lays before the Board as entered hereafter a Letter from Mr. John Pybus to Mr. Charles Bouchier (late Secretary) in Relation to the Money found amongst the late Captn. Chace's Effects and supposed to be Part of what was deposited in his Hands on the Companys Account for the use expressed & explained in Consultation the 22<sup>d</sup>. Ult<sup>o</sup>. setting forth that he cannot find any Memorandum or Entry whereby it appears the said Money is the Property of the Company and that he cannot answer Paying the same without sufficient Vouchers and an Indemnification, in which Case he has directed Mr. Henry Vansittart to discharge the same Mr. Wynch, Commissary is desired to make further Enquiry and Collect what Proofs he can of this Affair, and report to the Board.

Letter from Mr. Pybus in Relation to Money found with Captn. Chace's Effects said to belong to the Company.

The Commissary to enquire & Report

The Export Warehousekeeper represents to the Board that there is yet remaining a Parcell of Redwood provided by the Contractors in the Year 1750, which is so extreamly bad that he is of Opinion it ought not to be received, ORDER'D that it be rejected and that the Contractors deliver in the like Quantity of Good wood or immediately pay in the Ballance of their account.

a Parcel of bad Redwood to be rejected.

The Colchester having been obliged on account of the Damage she received in the last Novem storm to put her Cargo on shore at Fort St. David, which was reshipp'd and brought hither; On landing the same, There appeared a

Deficiency's of Colchester several Orders thereon.

Deficiency at Fort St. David of One Bale of Piece Goods, and here of 80. 3. 3

<sup>Candy md. lb.</sup>  
of Salt Petre and 39. 10. 23 Redwood In Regard to the Bale, Captain Mainwaring has alledged that it was never received on board here, on the other hand the Export Warehouse keeper declares it appears to have been duely delivered in the same Manner as the other Bales. As to the Salt Petre it is imagined the Deficiency may arise from a Mistake at Fort St. David in not deducting the Tare of the Bags which amounts to as much as what appears to be wanting in the Salt Petre AGREED that the Gentlemen at Fort St. David be desired to send us the exact Weight of the Salt Petre and Tare of the Baggs and if there shall appear any real Deficiency, that it be represented to our Honble Masters in order to their recovering the same of the Owners of the Colchester as well as what is wanting of the Redwood and the Bale in Dispute, unless Captain Mainwaring can prove his assertion, in which Case the Export Warehousekeeper is to make good the same to the Company.

The Import Warehousekeeper acquaints the Board that five Chests of assay utensils and one Case marked Glass were landed here from the ship Drake anno. 1752. That the first are not invoiced but are inserted in the Bill of Loading, and the Case of Glass neither mentioned in the Invoice nor Bill of Loading AGREED That it be mentioned in the next General Advices to our Honble Masters.

The Company to be advised of Sundries received last year from Europe & not invoiced.

It having been agreed in Consultation the 30<sup>th</sup>. April That the Broad Cloth damaged in the last November storm and rejected by the Buyers should be sold at Outcry for the Company's Account RESOLVED That it be put up on

 ORDERED That Notice be given at the Sea Gate that the Cloth will be delivered  
 to the Buyers (being responsible Persons) for one Months Trust.

Investment  
 at Deve-  
 Cotah  
 considered.

The Settlement of DeveCotah having hitherto served only as a Magazine  
 for Military stores from whence they may be with Conveniency conveyed into  
 the Tanjore and Tritchenopoly Country's in which it has indeed been very ser-  
 viceable, and the more so as it is not improbable but that Place had it not been  
 in our Possession would have fallen into the Hands of the French who would  
 have then had it in Power with greater Facility to cut off our Communication,  
 It is now moved that a Tryal be made whether an Investment cannot be pro-  
 vided there on advantagious Terms and the same being considered, it is offered  
 as a great Objection that it's Vicinity to Fort St. David will interfere with  
 their Investment which must decrease in Proportion to the Quantity of Goods  
 provided at DeveCotah as the greatest Part of the Cloth that can be provided  
 at the latter Place must be manufactured at Scially from whence St. David is  
 now supplied, It is urged indeed that Scially being farther distant from St.  
 David than DeveCotah, the Cloth may be had at the latter Place cheaper than  
 at the former because the Merchants being at a considerable less Expen-  
 ce for Carriage may well afford to abate the difference but it is doubtfull whether this  
 Abatement will be sufficient to answer even the additional Expen-  
 ce of Coni-  
 coplys Packers &c<sup>a</sup>. servants that must necessarily arise if an Investment be  
 made at DeveCotah, however That no means may be left untried to promote this  
 material Branch of the Company's affairs where the least Prospect of success  
 presents itself. It is AGREED that the Gentlemen at Fort St. David be desired  
 to give us their impartial Opinions of the Advantages and Disadvantages that  
 may attend the making an Investment at DeveCotah and that Mr. Charles  
 Hopkins the Chief there be directed to inform himself thoroughly of what  
 Cloth can be provided and the particular Places where, that he procure Musters  
 of the several sortments and transmitt them to us with the lowest Prices they  
 can be procured at, and give us his Opinion upon the whole how far he may  
 be able to succeed in such an undertaking, that he be cautioned at the same time  
 not to suffer too warm a Desire of success to biass his Judgment but that his  
 Enquirys be impartial and accurate.

Fort St.  
 David and  
 DeveCotah  
 to be wrote  
 to about it.

A Pension of  
 15 Pag<sup>s</sup>. a  
 Month  
 allowed  
 Clemente  
 Poverio.

\* Vide  
 Captn.  
 Dalton's  
 advices from  
 Tritcheno-  
 poly as  
 abstracted  
 in Extra  
 Occurences  
 20th. & 27th.  
 July 1752.

The Petition of Clemente Poverio (enclosed to us from Fort St. David and  
 entered after the General Letter from thence dated 16<sup>th</sup> October. N. 179),  
 being considered setting forth his services and the Misfortune of losing his  
 Leg in a late action near Tritchenopoly and praying an allowance for his  
 subsistance, and Major Lawrences Certificate (also entered after the said  
 Letter) being likewise read, The Board are of Opinion that as the Petitioner  
 has always behaved like a gallant Officer and gave a great Instance of his  
 Fidelity in resisting a large Bribe \* offered him by the Mysore Dalloway to  
 betray the Fort of Tritchenopoly, he should have a subsistance suitable to his  
 Rank as a Captain having had a Commission to command a Company of  
 Topasses, AGREED therefore that he be allowed Fifteen Pagodas a Month untill  
 our Honble Master's Pleasure be known.

The Com-  
 pany's  
 Merchants to  
 be allowed  
 2 Peons  
 a piece.

The Number of Peons employed here having been thought too large, and  
 thereupon ordered in Consultation the 16<sup>th</sup>. July to be reduced by one hundred  
 in order whereto it was found necessary to strike off those allowed the Com-  
 panys Merchants, who have since made Application to be indulged with them  
 as formerly it being a Mark of Distinction, AGREED that they be allowed two  
 apiece, as the Expen-  
 ce is not large, and it is necessary at this Time to gratify  
 them in things of little moment.

Conveyances  
 of houses to  
 be paid by  
 the sellers.

Some Disputes having at different times arisen in Relation to the Paying  
 for Conveyances of Houses &c<sup>a</sup>. sold, To prevent the like in future, ORDER'D  
 that the sellers pay for the same unless the Parties shall have made any parti-  
 cular settlement to the Contrary.

TO THE HONBLE THO<sup>s</sup>. SAUNDERS ESQ<sup>r</sup>.

PRESID<sup>t</sup>. & GOV<sup>r</sup>. & CA. COUNCIL OF FORT ST: GEORGE.

HONBLE SIR & SIRs

Having received your Order for surveying the sorting Cloth Godown and reporting it's Condition with an Estimate of the Charge of the Repairs wanted to it, I now take the Liberty to do it & to annex the Estimate herewith.

The Apartments occupied by Chas. Boddam Esq<sup>r</sup>. having (when first built) been plaistered with Mortar mixt with brakish Water, the Plaistering peels off and will not retain any white Washing on it, so that it will require to be entirely taken down, the Joints of the Bricks well pitched & new plaistered with coarse Chunam & a coat of fine Chunam without Panel Work over it, and this Method, I conceive will be the most frugal as it will not be subject to Repairs.

The present stair Case of those Apartments being extremely ill contrived takes up a good Godown and one Room above stairs which may be saved by building the stair Case in the Yard and as the Timber & Plank of the present stair Case will be sufficient for this Alteration, I conceive the Expençe of it will not be disproportionable to the Benefit the Building will receive by it.

A Bale Godown to the Westward will require an entire new Tarrass, the Joists being of Country Wood covered with Palmiera's are decayed by the Weather & white Ants.

Notwithstanding the Terrasses in General of that Building have been often repaired, They are still leaky in several Places, as the new Plaistering will not cement with the old Work, and Care not having been taken heretofore of Mixing the Mortar with fresh water, All the Plaistering of these Terrasses and of all the Parapets of the Building will require to be taken up and a new Coat laid over them. The Damps which appear on the Walls within the Godowns proceeding from the Badness of the Parapets which admit of the Rains soaking down into them.

The Pavement of the south Yard being in a very bad Condition will require to be new laid as well as the Pavement of the street.

Several trifling Repairs of Carpenters & Smiths work to Locks, Hinges, sorting Tables, Doors, Windows & ca. will be also necessary to be done, All which when compleated will, I conceive put this Building in such Condition as not to want any Repairs for some time.

I am mostly respectfully

HONBLE SIR & SIRs

Your most Humble & most Obedient Servant

Instant expressing their Concern that we should dis-approve of their taking in Pauparauze Linga Chittee's agent as a Company's Merchant, to which they were induced by a like Example in May 1752 and because they could have but little Dependance in any of the other Merchants except Irshippa Chittee, however they promise never to do so in future and as far as the 5000 Pagodas advanc'd this man they take upon themselves to be answerable to our Honble Masters and shall follow our Directions should We think proper to have his Name struck off the List of Merchants. PRESIDENT & GOVERNOUR & THE OTHER GENTLEMEN  
OF THE COUNCIL OF FORT ST: GEORGE.

HONBLE SIR & SIRS

His Majesty's late Charter to the Honble East India Company, by the authority of which the Mayors Court is Re-established at this Place, appoints me, to be one of the Aldermen of that Court, but my absence when it was replaced, put it out of my Power to enter upon the Office at that time. Having therefore upon my arrival from Mocha duely qualified myself at your Desire by taking the proper Oaths, I have since applied to the Mayors Court to be admitted therein in a station & rank above such of their Aldermen as are not named in his Majesty's Charter, but hold their office by your subsequent appointment. The Majority of the Court have declined to give their assent to my Request, because they say, that they look upon you to be the most proper Judges to determine them in this affair & they recommend it to me to make my application accordingly.

I therefore beg Leave to desire that you will be pleased to give Directions to the Mayors Court, that my station & Rank therein may stand agreeable to the Order of the Nomination of Aldermen in his Majesty's Charter & above such as are not name'd there but hold their office by a subsequent appointment.

I have the Honour to be with the utmost Respect.

TUESDAY  
THE 4<sup>TH</sup>.

CHA<sup>S</sup>. BOURCHIER *indisposed*.

The Book of Standing Orders lying on the Table.

The Minutes of last Consultation dated the 26<sup>th</sup>. November read & signed.

Mr. Charles Boddam reports that he had visited the Hospital & found no Cause of Complaint. Report of the Hospital

N. 198 General Letter from the Deputy Governour & Council of Fort St. David dated the 28<sup>th</sup>. Ultimo read giving us the sentiments of their merchants in Relation to the making an Investment at DeveCotah whereby in General it appears that no advantages would arise to the Company either in the Quantity or Price of the Cloth to be procured, but on the Contrary that it would interfere with the Fort St. David Investment, & probably embroil the merchants of the two settlements who would be obliged to provide their Cloth in the same Towns, that indeed if proper Godowns were erected at DeveCotah it might be of great service to the Merchants who might lodge their Cloth there in security as fast as they got it manufactured and if the King of Tanjore could be prevailed on to let the Cloth pass from the weaving Towns near DeveCotah free of Juncan, the Carriage would be very moderate that if this were obtained & Genl. Letter from Fort St. David read.

## — FORT ST. GEORGE, DECEMBER 1753 —

DeveCotah made a magazine only, the Investment might probably encrease & the Cloth turn out cheaper, acquainting us also that Captain Schaub has not yet sent them his Rolls, that only five of the seven Rafts are arrived there, Enclosg. Indent for Civil & Military stores a rectified account of Cloth over & wanting, Names of the weaving Towns near DeveCotah, and a Report of Military stores at St. David, desiring our Directions in Regard to some which are unserviceable.

Consideration of the DeveCotah Investmt. postponed.

AGREED That the Consideration of the DeveCotah Investment be deferr'd, until an answer be received from Mr. Hopkins to the Letter wrote him on that subject.

St. David Indents to be complied with.

ORDER'D That the Indents received from Fort St. David for Civil & Military stores be complied with as far as possible.

Dragon sloop to be sent hither.

AGREED that the Gentlemen at Fort St. David be directed to send the Dragon sloop up hither if at any time she should happen to be there unemployed and a spurt of southerly Wind should offer, that she may be returned to them with the several articles they are in want of.

10,000 Pags. to be sent to St. David by Bill.

That the Gentlemen at Fort St. David may be enabled to furnish Major Lawrence with the necessary supplys of moneys for the use of the army &c<sup>a</sup>. AGREED that a further Remittance of ten thousand (10000) Pagodas be made them by Bill.

Company's Rice to be sold.

The Export warehousekeeper represents that there are about forty seven Garce of the Companys Rice in their Godowns and that as Rice now bears a Good Price he thinks this a favourable Time to dispose of it and musters being laid before the Board ORDER'D that the same be sold as Opportunities offer after the 20<sup>th</sup>. Instant if there should be no Reasons to the Contrary, for as much as can be got provided, the best be not disposed of for less than Ninety Pagodas ₤ Garce, nor the second sort under Eighty five Pagods. ₤ Garce.

a Monthly Writer allowed the Military Storekeeper.

The Military Storekeeper having represented that the Business of that Employ cannot be regularly transacted without an assistant, and all the Company's servants being fully employed in the several other Branches, AGREED that Thomas Pelling be employed under the Military Storekeeper as a monthly writer.

Mr. George Dawson station'd under the storekeeper. a monthly writer taken into the Secretary's office.

AGREED that Mr. George Dawson lately arrived, from DeveCotah be station'd under the storekeeper & that Mr. Alex<sup>r</sup>. Dalrymple now in that Employ assist the Secretary in the Room of Mr. Brickenden lately sent to DeveCotah, and as it will be necessary by the first Opportunity to remove one of those now in the Secretary's Office to Madapollam in the Room of Mr. Heath who is to attend Coll<sup>l</sup>. Scott AGREED that Mr. William Aldersey who came out in the Delawar & was left behind sick be taken in as a monthly Writer.

a Pair of Chaise Horses to be bought for the President.

A pair of Persia Chaise Horses offering for sale for four hundred Pagodas AGREED that they be purchased for the use of the President, The Governor for the Time being, having been always allowed them at the Company's Expence.

Sampetrou desires to purchase a House at Chepauk.

The President represents to the Board that Sampetrou the Nabob's Duan had expressed a Desire of purchasing a House situated in Chepauk which was formerly inhabited by Mr. Starke and since by several Persons, and had desired Permission to do so, but that he declined giving any determinate Answer until the sentiments of the Board could be taken, he therefore desired their Opinion whether it would be proper to comply with Sampetrou's Request or not.

Opinions thereon Vist

After some Debate the Members of the Board differing in their Opinions, they were called upon severally to deliver their Reasons for or against the Question, & first as youngest in Council present.

— FORT ST. GEORGE, DECEMBER 1753 —

Mr. John Smith declares he is of Opinion that Sampetrow may be permitted to purchase the House as it was formerly in the Possession of Moormen, the present Proprietor bought it of one & other Houses round about it have been sold in the same manner. Mr. Smith

Mr. Alexander Wynch is of Opinion that as the present Proprietor of the House bought it of a Moorman it would be a great Hardship on him were he deprived of the Liberty of selling it so again. Mr. Wynch

Mr. Henry Powney is of Opinion that as Sampetrow is but a temporary Inhabitant and resides here only to transact the Nabob's affairs a House in the Black Town will be as convenient for that Purpose as any other & that he should not be permitted to purchase the House in Question. Mr. Powney

Mr. Charles Boddam is of Opinion that neither Sampetrow nor any other Moorman of Rank & Distinction, particularly Men who have been in Power or Officers of State who have withdrawn themselves should be suffer'd to purchase Houses so privately situated from Town, as it may afford them Opportunities of being spies on our Transactions whilst they themselves are unobserved, besides which many other Inconveniences may arise from it in Case of Disputes with the Country Government should such Person demand that Protection, his Property may justly entitle him to a satisfaction could not be given tho' the Company's Interest were ever so essentially concerned. But he is of Opinion the Black Town is the Proper Place for such Persons to inhabit and even there only in hired Houses. Mr. Boddam

THE PRESIDENT is of Opinion that as Sampetrow is an officer of the Nabob and has amass'd together immense wealth, his views in purchasing the House at Chepauk may be to claim the Protection of the English as an Inhabitant & Proprietor in their Territories should he at any time be called to account by his Master, many Instances of which have happen'd & particularly at Vizagapatam where Mr. Stratton connived, at Vizeram Rauze's purchasing a House and building another which has occasion'd some Disgust as on the late Rupture between him and the Nabobs of Rajahmundrum, The former desired his Family might be permitted to reside in those Houses under the English Protection which was refused wherefore the President is of Opinion that Sampetrow should not be permitted to purchase the House. The President.

Which is also the Opinion of the Majority.

This being the Day on which the Charter directs the Mayor & Aldermen to assemble & Choose two of their Body to be returned to the President and Council for them to elect one to be Mayor for the year ensuing, The Register of the Mayors Court by their Order now attends the Board with Notice that they had done so, and desired admittance, The Mayor and Aldermen being thereupon introduced, presented to the President and Council Messrs. Andrew Munro and John Smith, and then withdrew. The Mayor & Aldermen present two of their Members.

The Question being then put whether Mr. Munro or Mr. Smith be elected Mr. Andrew Munro appointed Mayor.

The Book of Standing Orders lying on the Table.

The Minutes of last Consultation dated the 4<sup>th</sup>. Inst. read & signed.

Report of  
the Hospital.  
The Saliva-  
ting Ward  
to be fitted  
up.

Mr. Henry Powney reports that he had visited the Hospital, and represents that the salivating ward is very improper for the Purpose being only a common tiling which being open in many Places must be extremely prejudicial to the Patients by exposing them to the Weather ORDER'D that the Tiling be plaistered & the ward made commodious for the Patients.

Gen<sup>l</sup>. Letters  
from Fort St.  
David read.

N. 199 & N. 200 General Letters from the Deputy Governour & Council of Fort St. David read, The first dated the 3<sup>d</sup>. Instant advising the Receipt of two Remittances of ten thousand Pagodas each enclosed in the Secretary's Letters to them dated the 26<sup>th</sup>. & 27<sup>th</sup>. Ultimo The other dated the 6<sup>th</sup>. Inst<sup>t</sup>. accompanying their Consultations and accounts for October and advising that they have three hundred & four Bales in all on hand which are at the Washers Beaters & Dyers.

Letter from  
the Court of  
Request  
desiring a  
Representa-  
tion may  
be made  
home & an  
allowance  
to their  
Clerk.

Letter from the Commissioners of the Court of Requests read as enter'd hereafter acquainting Us that agreeable to the Charter they had ballotted out half their Number and elected as many in their Room desiring our application to the Honble Court of Directors to obtain a Power to appoint new members in the Course of the year in the stead of such as many be absent, & representing that the Fees to their Clerk ever since the Establishment of that Court have amounted to no more than six Pagodas, nor can they be enlarged without oppressing the Poor therefore recommending him to have an allowance of 4 Pagodas  $\text{₹}$  Month.

Granted.

AGREED that the Representation be made to our Honble Masters as requested & that the Clerk of the said Court have an allowance of four Pagodas  $\text{₹}$  Month as the Profits of his Employ are very inconsiderable and no way adequate to the Trouble.

Estimate of  
repairing  
one of the  
Confiscated  
Houses.  
Order'd  
to be done.

Letter from Mr. John Brohier read as enter'd hereafter with an Estimate of sundry Repairs necessary to be made to one of the Confiscated Houses late Mr. Carvalho's amounting to thirty five Pagodas twenty two fanams & twenty Cash (35. 22. 20) ORDER'D that the same be repaired accordingly.

Petition of  
the Farmers  
of St. Thome  
for an allow-  
ance for  
the Damages  
sustained by  
the Enemy.

Petition of Subramoney Modelaire and Linga Chittee Farmers of St. Thomé &ca. Villages read as entered hereafter setting forth that the Loss they sustained by the Ravages of Rajah Saib son of Chunda Saib amounts as  $\text{₹}$  account of Particulars accompanying the said Petition to upwards of Two thousand Pagodas & praying that the same may be allowed them out of the Rent now due on that Cowle.

— FORT ST. GEORGE, DECEMBER 1753 —

A particular Enquiry having been made into the Damages and Losses sustained in the St. Thome Districts by the Incursions of the Enemy The Board are of Opinion that the said Farmers cannot have suffer'd so considerably as they represent tho' it is very probable their Loss may have amounted to more than one thousand Pagodas it is therefore AGREED that they be allowed One thousand Pagodas only unless they will take the most solemn Oath in their whole to the Truth of their account in which Case they are to be allowed the whole.

Agreed to allow 1000 Pags. unless they will swear to their account & then the whole to be allowed.

Linga Chittee having been ordered in the year 1752 to coin a certain Quantity of Madrass Dodoes and Cuddalore Cash and to issue them at the usual Currency, an account Coinage is now laid before the Board as enter'd hereafter, whereby it appears that the Cost of ten and three Quarters Candy of Copper is Pagodas 1335. and that the Dodoes and Cash coin'd therefrom issued at the Currency produced no more than 28172 Fanams which at thirty six fanams  $\frac{3}{4}$  Pagoda amounts to Pagodas 1060. 12. so that by this Calculation there is a Ballance due to Linga Chittee of Pags. 274. 24. — but as the said Fanams will not in Reality exchange at thirty six for a Pagoda tho' the Company's Books are kept at that Rate, it is ORDER'd that Linga Chittee pay into Cash the said 28172 fanams and that the Cost of the Copper being Pagodas 1335 be paid him.

Ballance of an accott. Coinage of Dodoes & Cash in 1752 to be paid Linga Chittee.

A Certificate from Mr. Claud Russell Accountant General of the Mayors Court read, Purporting that Mr. Daniel Morse Register of the said Court is to pay into the Company's Cash the sum of Two thousand four hundred & thirty Eight Pagodas thirteen fanams and fifty five Cash (2438. 13. 55) to be placed to the account of the Accountant General and to the Credit of the Creditors of Coja Miguel Paulo an Armenian deceased.

Certificate for Money to be paid into Cash in the name of the Account General.

And the said sum of Pags. 2438. 13. 55 being now tender'd accordingly is received into the Company's Cash and a Receipt pursuant to our Honble masters Directions signed for the same.

The money receiv'd & Receipt signed.

The Vizagapatam Chints being now compleatly cured ORDER'd that musters be laid before the Board at the next Consultation.

Musters of Vizagapatam chints to be laid before the Board.

ORDER'd that a Pattamar be dispatched to the northern settlements acquainting them of the late good success at Trichinopoly which we would have communicated, to the Country Powers as Occasion may offer and that as Mr. Westcott inform us the Rajah has lately gained a compleat victory over the Nabob and got Possession of the whole Country, We are in hopes they will be able to make some Progress in their Investment to assist our January Dispatch.

Pattamars to be sent to the northern settlements.

Pitloor Vencata Kistna and Kellavah Chittee Beetle & Tobacco Farmers pay in One thousand three hundred & thirty three Pagodas twelve fanams (1333. 12. —) for two months Rent of that Cowle due the 1<sup>st</sup>. of November last.

Beetle & Tobacco Farmers pay in Rent.

Pitloor Vencata Kistnah and Kellavah Chittee Farmers of the Arrack & wine License pay in six hundred & sixty six Pagodas twenty four fanams (666. 24. —) for two month's Rent of that Cowle due the 1<sup>st</sup>. of November last.

TO THE HONBLE THOMAS SAUNDERS ESQ<sup>r</sup>.

PRESIDENT & GOVERNOUR & C<sup>a</sup>. COUNCIL OF FORT ST: GEORGE.

HONBLE SIR & SIRs

Agreeable to the Tenour of his Majesties Charter and the Orders of the Court of Directors We met this Day being the first Thursday in December and balloted out Mess<sup>rs</sup>. Hugh Norris, Charles Simpson, James Munro, & Francis Taylor, in the Room of whom We elected, Mess<sup>rs</sup>. Samuel Ardley, George Dawson, Mathew Clarke and Claud Russell.

As the members of the Court are liable to be removed to different Parts of the Coast on the Company's service, and no Provision is made for the Election of new ones, but on the first Thursday in December every year, Your Honour & c<sup>a</sup>. may think it necessary to represent this to the Court of Directors in order to procure authority for the filling up Vacancies at any time of the year in case of a want of Members to carry on the Business of the Court by the Death or absence of several of the Commissioners.

Upon Examination of the Fees of the Clerk of the Court they appear not to have amounted to quite six Pagodas from the time of its Establishment. As this a very trifling Recompense & the Fees of the Court cannot be raised without distressing the poor Inhabitants, We take the Liberty to recommend him to your Honour & c<sup>a</sup>. for an allowance of four Pagodas a month. We are with Respect

HONBLE SIR & SIRs

Instant acknowledging the Receipt of ours of the 8<sup>th</sup>. and acquainting us that Pauparauze Linga Chittee's agent has brought in to the amount of 7000 Pagod<sup>s</sup>. of Cloth, and that they have advanced him 5000 Pagodas more, That in Regard to their writing Assistants Mr. Beard's Handwriting is not fit to appear in publick Business besides that it is impossible to keep him to his Duty, that he requests Leave to come up hither being desirous of returning to Europe. That Mr. Charles Saunders having been very ill of an Inflammation in his Liver is incapable of applying to a Desk. That Mr. Greenslate, is very capable but negligent to the last Degree & tho' all Endeavours have been used to reclaim him he still persists and says he rather chuses to lay down the service than submit to be confined to the Fort, The Secretary therefore desires one good assistant & then promises his Business shall be regularly kept up. That Mr. Norris informs them when Mr. Cooke left that Place the Original Books were very near brought up but the Copies greatly behind hand and their being very incorrect has prevented their being ballanced, but that they will be completed in a few days. That the Dragon sloop has been repairing at Cuddalore and when finished is to be sent to DeveCotah with Gun Carriages and Orders to take in a Loading of Piles & proceed hither That all their Military stores have been survey'd except the Gun Powder which the Weather will not permit but it is in General very bad.

that Complaisance made it necessary to do little favours some times for each. That they have now in the Hospital some of the Rajah's wounded men and desire our Compliance with an Indent for surgeons utensils & Instruments. That the Nabob had given them a Promise of Permission to coin Dubbs, but while they were preparing a small Present for him on the Occasion, they heard of his Defeat, however they are preparing to coin on his verbal Promise. That having Reason to apprehend the French intended to settle near them and had fix'd on Connara about 30 miles to the Northward they obtained the Rajahs Leave to hoist the English Flag there and desire our Permission to build a small Lodge for the Peons, That the Troubles have so much impeded their Investment that for this Month past they have not had five Bales brought in but the Country being now open their Merchants have sent to buy up all the Cloth that can be got tho' they fear little can be got before January.

Genl. Letters

to.

AGREED that the following General Letters be prepared Viz<sup>t</sup>.

Fort St.  
David.

To Fort St. David in Regard to the Monopoly of Indigo, That all such Combinations should be prevented if possible without the immediate Interposition of Power which is inconsistent with the Liberty of an English Colony and on which alone Trade can flourish but that if the Exportation of that Commodity were prohibited, it might have the desired Effect. That we are glad to find Pauparauze has brought in so much Cloth but that whilst advances are made to him alone the Trade is wholly flung into his Hands to the utter Ruin of the other Merchants whom We would not have laid aside but that we think it best to advance them at the same time That their Remark of Mr. Beard is just and if he really designs to resign the service he may do so & then proceed hither but not else. As to Mr. Greenslate & all others who can, but refuse to do their Duty, our Order for confining them must be strictly obeyed and if Mr. Greenslate is still refractory we shall dismiss him from the service; That the DeveCotah Books are behind hand owing to the not sending regular Invoices of Military stores, which must never be omitted, That Captn. Gardiner must proceed to Camp & Captn. Donald Campbell take the Command at St. David and such Officers as came in for their Health and are recover'd must also return to Camp. That Mr. John Perceval who accepted of a Commission in the Military being desirous of resigning he may continue at St. David in the Civil Employ.

To Bengal & Bombay in Relation to Officers & Voluntiers agreeable to what advised Major Lawrence the \* 22<sup>d</sup>. November.

Vizagapa-

To Vizagapatam that We should have been better pleased if the Nabob's Perwana could have been obtained for coining Dubbs, however we consent to their proceeding in that Business on his verbal Promise that we don't see how the hoisting the English Colours at Conarra will prevent the French settling there as the Raja has not nor can make us a Grant of it and if he could it would answer as well to the French to settle a few Miles further. That however we do not disapprove of what they have done but would have them avoid entering into fresh Disputes with the French unless in support of the Company's Rights or that some real advantage may arise from it, if they perceive any in this they may build as light mettah at Conarra as the Expencc will be inconsiderable. That their Indent for surgeon's utensils &c<sup>t</sup>. is unprecedented as the surgeon has an allowance to provide everything but if they find it more convenient to be supplied from hence they must acquaint us in time that We may indent to Europe and then the Surgeons allowance must be struck off. That the Detachment at Ingeram being consider'd as part of the Garrison of Vizagapatam are allowed Batta which is unnecessary & therefore that Detachment is to be independent.

— FORT ST. GEORGE, DECEMBER 1753 —

To DeveCotah, That We observe one Francis Flaction in the Military Pay-Roll called an Ensign and paid as such, That we know no such Person & must be acquainted how he came by that Rank. Devecotah.

ORDER'D also that General Letters to Ingeram, Madapollam, Tellicherry & Anjengo be prepared to cover Duplicates of the last & to advise of the several Occurrences since we wrote to them. To Ingeram, Madapollam, Tellicherry & Anjengo.

The Paddy in store at DeveCotah having laid there a considerable time & being subject to Damage and waste and as the present Harvest promises plentifully ORDER'D that Mr. Hopkins be directed to sell the same & replace it with a like Quantity of fresh Grain. Paddy at DeveCotah to be sold & replaced with new.

Agreeable to Order of last Consultation the Export Warehousekeeper lays before the Board muster of the Chints painted at Vizagapatam for a Tryal which being carefully examined it is the General Opinion that they are but indifferently executed, That the Colours particularly the red, want Life, and that the Cloth is too coarse, AGREED that the Gentlemen at Vizagapatam be advised thereof and that it will not answer unless their artists improve which probably they may on a further tryal and therefore We would have them put another Parcell in hand. Vizagapatam Chints examined. Opinion thereon.

\*Letter from Captain George Frederick Gaupe read as entered hereafter giving as particular an account as he is able of the Cloathing for his Detachment which was seized & carried into Pondicherry amounting to One hundred Pagodas which he prays to be reimbursed ORDER'D that it be paid accordingly as the Loss of the Cloathing was by an unforeseen accident & what he should not therefore be liable to. \* Vide Consult. 19th. Novr. Letter from Captn. Gaupps desiring to be paid for some Cloathg. lost. Granted.

The Petition of Meer Munsoor read as enter'd hereafter setting forth his services as a subidar of seapoys, that he has been unemployed for Eight months past whilst others have been preferr'd which has reduced him to Distress and want Praying that he may be allowed his Pay & be provided for in such manner as the Board shall think fitt. The Petitioner having on many Occasions behaved himself with remarkable Bravery, & received many wounds which for some time render'd him incapable of Duty & was one Reason of his not being before provided for, AGREED that he be allowed his Pay & sent to Arcot with a Recommendation to be preferred to the first vacant Subadarship. Petition of Meer Munsoor to be allowed his Pay & to be employed. Granted.

There being a Quantity of Salt Provisions in the Garrisons of Arcot, Chingalaput &c<sup>a</sup>. as store in Case of a seige, which having been salted a Considerable time will become useless if not replaced The Commissary offers to salt & deliver the like Quantity in the several Forts, on his being permitted to issue out the old at proper times to the several Garrisons instead of fresh meat which the Board consent to as otherwise the salt Provisions must perish & be utterly lost. Old salt Provisions in the several Garrisons to be replaced with new. The Commissary undertakes it.

AGREED that Mess<sup>rs</sup>. John Smith and Charles Bouchier be a Committee to enquire concerning the arrears of the several Farms at the time this settlement was lost and Report to the Board their Proceedings therein. Mess<sup>rs</sup>. Smith & Bouchier to enquire concerning the arrears of Rent & report.

Altho there is but little Probability of the Companys Broad Cloth selling to advantage, Part of last years Importation lying still on the Buyers hands yet as our Honble Masters have positively directed that their Broad Cloth shall be sold the same season it arrives ORDER'D that it be put up at Outery on Wednesday the 30<sup>th</sup>. of January next, and the usual Notice be affixed at the Sea Gate. December (being a Duplicate the Original which is not yet received) acknowledging the Receipt of our Letter of the 7<sup>th</sup>. Ult<sup>o</sup>. and in answer thereto acquainting us in Regard to our Observation that the Reasons he assigned for the smallness of his Investment must equally have affected Mr. Andrews. That he labours under many Inconveniencies his Predecessors never felt for the French having large supplies from the Country Government as it comes easily to them, so they pay little Regard to the sortment of their Goods as to the Lengths and Breadths and all the Cloth he rejects is immediately taken in by them at the full Price or a very little Abatement, and as he is order'd to be strict in his sortment no great Investment can be made till the French alter their Measures; Enclosing Journal Parcells & Cash account for last month. HONBLE SIR & SIRS

Being Attorney's to Mess<sup>rs</sup>. Richard Starke and Cornelius Goodwin who are Respondentia Creditors of Captn. Edward Jacob deceas'd on ship Princess Augusta her Voyage to Bencoolen 1745 and by Enquiry find the sum of Pags. 1321. 26. 7 was deposited in the Company's Cash at Fort St. David by Mr. Thomas Cooke who took charge of the Estate. The above sum appears to be the produce of Goods left at Bencoolen by Captain Jacob that Voyage, and remitted to Fort St. David by his Attorney Roger Carter as by his Letter to the Governor & Council of that Place. Captain Jacob had likewise taken up Respondentia of several Gentlemen for the same Voyage, and the ship being unfortunately taken by Angria, and he carried Prisoner to Gariah\*, from whence he wrote a Letter to Mr. Samuel Barlow, acquainting him that he and Mr. Goodwin, had no Risque on board the ship which he had declared at Bencoolen, but every Body else had their Risque on board, when the ship was taken by the Enemy. Mr. Starke become a Respondentia Creditor by Mr. Samuel Barlow making over the Bond to him, and as we think these Gentlemen intitled to the Money deposited in the Companys Cash We desire your Honour &c<sup>a</sup>. will please to order the same to be paid us.

We are
