## PREFACE.

---

THIS little work on Practical Journalism (I believe the first of the kind) originally appeared in the form of a series of articles in *The Bazaar*. The argument in favour of the issue of such a book will be found in the "Introductory" chapter. I should like it to be understood that every line which is printed in the ensuing pages is addressed only to literary beginners. I make no pretensions to be considered either tutor or adviser to my experienced brethren of the Press, who, I trust, will deal as gently as they can with my attempt to smooth somewhat the path of the young journalist. Every popular author, even, had to make a beginning; and, remembering his (or her) early struggles, will, no doubt, ever be inclined to regard with kindness the aspirations of the novice.

JOHN DAWSON.
