INDEX OF CONTENTS.

SECTION I.—THE CASE FOR STEAM PLOUGHING.

	<i>Page.</i>
1 <i>Introduction</i>	1
1a <i>Explanation of systems of ploughing: with sketches</i> ...	2
2 <i>Favourable conditions for power ploughing</i> ...	11
3 <i>Reasons for a Government Demonstration</i> ...	11
4 <i>Cultivation of land in Bombay Presidency</i> ...	12
The various kinds of work for which steam tackles could be usefully employed	
5 <i>The eradication of hariali grass and the cleaning of land...</i>	13
6 <i>Secondary operations after ploughing</i> ...	15
7 <i>Comparison of Sugar Cultivation in India and in the Hawaiian Islands</i>	16
8 <i>Investigations by the writer in India and England</i> ...	16
9 <i>Plants inspected in England with particulars...</i>	17
10 <i>Ploughing in Germany</i>	17
11 <i>Steam plants now at work in India</i> ...	18
12 <i>Steam plant being purchased by Punjab Government</i> ...	20
13 <i>General Remarks</i>	21

SECTION II.—THE MACHINERY.

SELECTION OF POWER.

1 <i>Oil motors versus steam engines</i>	22
2 <i>Explanation of estimates of capital cost and of work done per day</i>	22
3 <i>Explanation of estimates of working expenses and working season assumed</i>	23
4 <i>Abstract of Estimates showing comparative capital cost, and cost per acre ploughed, for each system, with plants capable of ploughing 1,000 acres per season</i>	24

SECTION III.

ESTIMATES.

1 <i>System No. 1.—Direct Traction System.</i>	
a. Conditions under which suitable ...	26
b. Advantages over other systems ...	26
c. Disadvantages as compared with other systems ...	27

	<i>Page.</i>
<i>d.</i> Estimate of capital cost of plant	... 28
<i>e.</i> Estimate of annual working expenses and of cost per acre ploughed	... 28
2 <i>System No. II.—Double engine system</i>	...30—35
<i>a to e.</i> Same as for system No. I.	
3 <i>System No. III.—Round-about system with Traction engine fitted with winding drums</i>	...36—40
<i>a to e.</i> Same as for system No. I.	
4 <i>System No. IV.—Round-about system with Portable engine and separate windlass</i>	...41—47
<i>a to g.</i> Same as for system No. I.	
5 <i>System No. V.—Bullock geared windlass system</i>	...48—50
<i>a to e.</i> Same as for system No. I.
