## PREFACE

THE articles contained in these volumes were compiled, for the most part, by Mr. R. Burn, I.C.S., from materials that had been prepared for the revision of District Gazetteers. The whole is therefore largely based on the labours of the District and Settlement officers, who collected the information required, and also rendered valuable assistance by examining the articles on Districts, *tahsils*, and towns. Special thanks are due to the late Mr. J. Hooper, C.S.I., and to Messrs. W. H. Moreland, C.I.E., S. H. Butler, C.I.E., and H. R. Nevill, I.C.S., who contributed portions of the Provincial article, or made useful criticisms. Other acknowledgements will be found attached to various articles.
