TABLE OF CONTENTS

APPENDIX I—POPULATION AND LAND USE

Introductory Note

Section I—Prefatory Remarks ........................................... 1-3
Section II—Collection, scrutiny and collation of data ................. 3-4
Section III—Tables described ............................................ 5-10

Annexures I & II to the Introductory Note ......................... 11-15

Tables Series

1. Population and Land Use in India

   Table 1.0—Classification of land by topographically usable area, population and
   average annual rainfall ............................................. 16-21
   Annexure—Location of sandy-waste and watery marshy areas .... 22
   Table 1.1—Regions, Sub-regions and Divisions classified by rainfall (Rainfall Belts) 23-35
   Annexure I—Percentage of total area falling in different Rainfall Belts 25
   Annexure II—Percentage of area of Yellow and Brown Belts in various Sub-regions to total land area
   of the Sub-region and percentage of area of the Belt falling in the Sub-region to total area
   of the Belt in India .................................................. 26
   Annexure III—Periods of successive years of deficient rainfall during 1891-1920 and 1921-1950 27
   Table 1.2—Classification of land area ................................ 28-29
   Annexure Classification of land area in Yellow and Brown Belts 30-31
   Table 1.3—Cropping Pattern ........................................... 32-35
   Annexure Cropping Pattern of areas in Yellow and Brown Belts 36-37
   Table 1.4—Cultivation and acreage norms (1951) ...................... 38-39
   Table 1.5—Cultivation per capita (1951) ................................ 40-43
   Annexure Estimate of cultivation per capita (1951) in Statistical Category 'D' territories 44-45
   Table 1.6—Trend of cultivation per capita during three decades (1921-50) .................. 46-47
   Table 1.7—Trend of cultivation and irrigation per capita during six decades (1891-1950)
   India and Zones ..................................................... 48-49
   Table 1.8—Trend of cultivation and irrigation per capita during six decades (1891-1950)
   13 Selected Divisions ................................................. 50-55
   Table 1.9—Mineral Production of India by Sub-regions .................. 56-57
   Annexure I—Percentage distribution of (the quantity of) minerals produced by Natural Divisions 58
   Annexure II—Mineral production of India (arranged by value of production)—Five year average 1946-50 59

2. Yield Rates of Principal Crops in India

   Table 2.0—Official average yield rates per acre for foodgrains in India and Zones 60
   Tables 2.1—Yield rates per acre of principal crops in selected states (compiled by Dr. V. G. Paria) 61
   to 3.6
   Table 2.1—Rice .......................................................... 61
   Table 2.3—Wheat ......................................................... 62
   Table 2.3—Jowar ............................................................ 63
   Table 2.4—Maize ............................................................ 64
TABLE 2·5—Cotton 65
TABLE 2·6—Sugar cane 66
TABLES 2·7—Yield rates per acre of principal foodcrops (based on results of crop-cutting surveys & of the I.C.A.R.) 67
TABLE 2·7—Rice 68—69
TABLE 2·8—Wheat 70—71

3. Population and Land Use—India and the World
   TABLE 3·0—Classification of land area, population and land area per capita in ten population divisions of the World and 12 countries. 72—73
   TABLE 3·1—Comparison—India, the World, Europe & Asia, Africa, America and Oceania 74
   TABLE 3·2—Irrigation in the World, the Continents, India and Zones 75

4. Population and Land Use—Great Britain
   TABLE 4·0—Trend in land use since 1870—England and Wales 78
   TABLE 4·1—Area of Crops and grasslands in U.K. 79
   TABLE 4·2—Area of crops and grasslands in U.K. by use 80
   TABLE 4·3—Estimated yield per acre in U.K. 81

5. Population and Land Use—United States of America
   TABLE 5·0—Land utilisation in U.S.A.—Land and water area by type 1850-1945 85
   TABLE 5·1—Population and Cropland in U.S.A. 1850—1950 86
   TABLE 5·2—Acreage harvested and yield per acre in U.S.A. 1866-1951 87—88
   (i) Wheat
   (ii) Corn
   TABLE 5·3—Exports and Imports 1852—1951 89—90
   (i) Wheat
   (ii) Corn
   TABLE 5·4—Production, Consumption, Exports, Imports, Prices and carryover 1905-1951 for Cotton 91
   TABLE 5·5—Fertilizer consumption in U.S.A. 1850—1951 92—93

6. Population and Land Use—United Socialist Soviet Republics
   TABLE 6·0—Population and Area Sown by crops—U.S.S.R. 94—95
   TABLE 6·1—Areas and Yields—U.S.S.R. 96
   TABLE 6·2—Foodgrains exports—U.S.S.R. 97

APPENDIX II—BIRTH RATES AND DEATH RATES

Note on Birth Rates and Death Rates

I—The nature and purpose of this study 101—104
II—Allowance for error in Census figures 104—105
III—Material supplied by the Superintendents of Census Operations 106—109
IV—Results of study by Census Actuary 109—110
V—Maternity Data of the 1951 Census 110—111
VI—Combined final review of all available material 111—118
Annexure I—Mean decennial growth rate during three decades—General population 119—127
Annexure II—(Part I) Computed Birth and Death Rates in India during 1941-50 (by Shri S. P. Jain) 129—145
(Part II) Birth rates derived from infants enumerated 147—156
Annexure III—Logistic Graduation of Maternity Data and derivation of Table of Age Specific Maternity Rates (by Shri P. N. Kaul) 157—164
APPENDIX III—REVIEW OF CENSUS ECONOMIC DATA

Part A—Census Questions, Definitions and Classifications

<table>

APPENDIX V—SHORTAGE OF FOOD GRAINS

Part A—Note on Production, Consumption and Shortage of Foodgrains in India—1951

Part B—Supply and Prices of Foodgrains
Extracts from the Indian Famine Commission Report, 1880

Part C—Estimates of Rates of Consumption of Foodgrains
(i) Extract from the Indian Famine Commission Report, 1880
(ii) Extract from the proceedings of the Government of India in the Revenue and Agricultural Department No. 35/33, dated Simla the 24th August, 1893 (Appendix II to the Indian Famine Commission Report, 1880)
(iii) Extracts from the Famine Inquiry Commission Report on Bengal, 1945
(iv) Extract from Draft Memorandum on human Nutrition vis-a-vis Animal Nutrition in India (by the Nutrition Committee of the Indian Medical Research and the Animal Nutrition Committee of the Indian Council of Agricultural Research, 1952)
(v) Consumption of foodgrains per person per day (Extract from the National Sample Survey, General Report No. 1)

Part D—Import and Export of Foodgrains in relation to India’s Foreign Trade
(i) Extract from the Indian Famine Commission Report, 1880
(ii) Quinquennial averages of imports and exports of foodgrains in India
(iii) (a) Net Exports and Imports of foodgrains into India—1891-92 to 1911-12
(b) Imports and Exports of Foodgrains into and from India
(iv) Index number of prices (1925-26 to 1929-30 as base)
(a) Wholesale prices of Rice, Wheat and Jowar at selected centres
(b) Index numbers of prices of Wheat in the United States of America, 1866 to 1951
(e) Export and Import trade and balance of trade
(f) Extracts from reports of the Economic Commission for Asia and the Far East (1951 and 1952)

Part E—Distribution of Foodgrains—Government responsibility
(i) Extract from the Indian Famine Commission Report, 1880
(ii) Extract from the Famine Inquiry Commission Report on Bengal, 1945
(iii) Extract from the Famine Inquiry Commission Final Report, 1945
(iv) Extract from the Report of the American Famine Mission to India, 1946
(v) Extracts from Minute of Dissent in the Interim Report, Foodgrains Policy Committee, 1947
(vi) (a) Extract from Table No. 3 (Food Balance Sheet) of Bulletin on Food Statistics issued by the Economic and Statistical Adviser, Ministry of Agriculture (January, 1951)
(b) Statistics of rationed population prepared from reports received upto 31-3-51 in the basic plan, Branch II of the Ministry of Food & Agriculture (Food), Government of India

APPENDIX VI—OLD IRRIGATION PROJECTS AND IRRIGATION DEVELOPMENT PROJECTS

Part A—Irrigation Development Statistics

TABLE I — Old Irrigation Projects & Major and Minor Irrigation Development Plan Projects (Abstract Statement for India by Zones)
TABLE 2 (a) Old Irrigation Projects and Major Irrigation Development Plan Projects (North India)
TABLE 2 (b) Old Irrigation Projects and Major Irrigation Development Plan Projects (East India)
TABLE 2 (c) Old Irrigation Projects and Major Irrigation Development Plan Projects (South India)
APPENDIX VII—MATERNITY DATA AND BIRTH CONTROL

Part A—Maternity Statistics.

Table 1—Child birth and child survival in parts of India (1951 Census Data)...

Table 2—Number per 1,000 births by order and age of mother (Experimental Census of births and deaths, 1952)...

Table 3—Number of children born after completion of child bearing age—Great Britain...

Table 4—Distribution of family size for cohorts of completed fertility—Great Britain...

Table 5—Number per 1,000 birth by order of birth in various countries of the World...

Part B—Note on “Maternity and Child Welfare Services” (by Dr. T. Lakshminarayana)...

(i) Report of the Royal Commission on Population...

(ii) Papers of the Royal Commission on Population—Volume I—family limitation and its influence on human fertility during the past fifty years...
