REVIEW OF THE STANDING COMMITTEE OF THE ADMINISTRATION REPORT OF THE MUNICIPAL COMMISSIONER FOR GREATER BOMBAY FOR THE YEAR 1957-58.

(SUBURBS.)

56*. The Municipal Administration of the suburban areas continued to be carried on under the direct charge of the Deputy Municipal Commissioner (Suburbs) during the year under review.

Finances.

57. In preparing the Budget Estimates for the year under report, an Opening Cash Balance of Rs. 65.39 lacs was estimated. On the final closing of accounts for the year 1956-57, the actual Opening Balance for 1957-58 was Rs. 71.60 lacs which was less by Rs. 9.53 lacs than the actual Opening Balance of the previous year, *viz.*, 81.13 lacs. The total income was budgeted at Rs. 174.48 lacs but the actual realizations amounted to Rs. 2,00,04 lacs showing an increase of Rs. 25.56 lacs over the budgeted amount and an increase of Rs. 30.79 lacs over the actuals of the previous year, *viz.*, Rs. 169.25 lacs. On the Expenditure Side, the budgeted amount was Rs. 2,01,51 lacs but the actual expenditure at the close of the year amounted to Rs. 1,94,79 lacs which was less than the originally estimated by Rs. 6.72 lacs. The anticipated deficit of Rs. 27.03 lacs was thus turned into a surplus of Rs. 5.25 lacs. The financial transactions for the year ended with a Closing Balance of Rs. 76.85 lacs against Rs. 81.60 lacs in the preceding year.

A detailed study of the Income Side reveals that there was a net increase of Rs. 25.56 lacs, compared with the original Budget Estimates of Rs. 1,74.48 lacs and Rs. 5.01 lacs as compared with the revised estimates of Rs. 1,95.04. The main increases were under General Tax Rs. 4.19 lacs, Water Tax Compounded Rs. 1.96 lacs; Licensing and Removal of Encroachments Rs. 0.85 lac; Interest and Profit on Investment of Surplus Loan and other Balances Rs. 2.26 lacs; and Water by Meter Measurement R.s 5.90 lacs. The main decreases in income were under Rent of Water Meters Rs. 0.15 lac, contribution in lieu of Tolls Rs. 0.33 lac.

The actual expenditure for the year, *i.e.*, Rs. 1,94.79 lacs showed a net increase of Rs. 26.01 lacs over the actual expenditure of Rs. 1,68.78 lacs of the previous year. It was, however, less by Rs. 6.72 lacs than the original budgeted expenditure of Rs. 2,01.51 lacs. The final sanctioned grants for the year aggregated to Rs. 2,55.72 lacs against which the actuals amounted to Rs. 1,94.79 lacs leaving an unexpended balance of Rs. 60.93 lacs at the close of year. Of this, a sum of Rs. 34.96 lacs was being renewed for expenditure during the year 1958-59 and the balance, *viz.*, Rs. 25.97 lacs was treated as savings on the final grants sanctioned.

The provisions for Primary Education for the City and Suburbs which hitherto show separately were integrated with a view to avoiding administrative difficulties.

Loan Funds.

The amount of the loan raised during the year to finance the capital works expenditure including purchase of Plant and Machinery was Rs. 60 lacs. A contribution of Rs. 9 lacs was received from Government, being 1/3rd share of the expenditure incurred on the extension and improvement of (*a*) water supply, (*b*) sewerage and (*c*) surface drains. The total funds available for expenditure were Rs. 78.04 lacs against which the actual expenditure incurred amounted to Rs. 58.44 lacs, leaving an unspent balance of Rs. 19.59 lacs. The percentage by which actuals fell short of Budget Estimates was 57 as against 54 and 32 in the preceding two years.

Sinking Fund.

The book value of investments of the Sinking Fund at the close of the year amounted to Rs. 48.82 lacs including Rs. 93 in cash with the State Bank of India. Valuing the Municipal Debentures at par, the market value of Sinking Fund Investments came to Rs. 49.50 lacs. This together with the amount of interest accrued upto 31st March 1958, *viz.*, Rs. 27,655 and the cash with the State Bank of India of Rs. 93 brings the amount of Sinking Fund to Rs. 49.87 lacs, which more than covered the amount, *viz.*, 48.22 lacs at which the Sinking Fund should have accumulated at the close of the year. The excess in the Sinking Fund Investment account was Rs. 1.65 lacs.

Taxation Demand, Collection and Outstanding.

58. The rates of taxes during the year under report in respect of General Tax and Halalkhore Tax were 17¾ per cent. (which included ¾ per cent. Fire Tax) and 3 percent., respectively. The General Tax was levied at 14 per cent. of the rateable value of properties in 12 villages specified in List I of the Bombay Act XXX of 1951 as per provisions contained in Bombay Act XL of 1956. This percentage hold good for properties occupied for industrial purposes in the area specified in List II thereof where as the General Tax was levied at 10 per cent. in respect of all other properties in the area specified in the said List II. The rates for water supply by meter measurement varied from Rs. 0.75 to Rs. 2.40 per 1,000 gallons.

---

* Paragraphs 1 to 55 of Review of Standing Committee relates to the Administration Report of the city of Bombay.

At the close of the year, the total number of properties on the Assessment Register was 42,731 as against 41,890 and 40,819 in the previous two years, showing an increase of 841 and 1071 properties, respectively. The rateable value of all properties was Rs. 5,24.24 lacs as against Rs. 494.60 lacs and Rs. 497.22 lacs for the previous two years. This gave a rate of Rs. 102.74 per head of population as against Rs. 96.93 and Rs. 97.45 in the prevous two years Receipts from meter hire amounted to Rs. 1.16 lacs as against Rs. 1.29 lacs and Rs. 0.83 lac for the preceding two years.

3,296 complaints were registered during the year under report, out of which 1,851 complaints were registered under Section 167 of the Act and 1,445 were registered under Section 162 of the Act.

There were 46 appeals against rateable values under Section 217 of the Act. Of these 1 was withdrawn, 5 compromised and 40 were pending on 31st March 1958.

No suits were filed against rate-payers for recovery of taxes during the year under report.

Miscellaneous receipts accounted for a sum of Rs. 0.47 lac during the year under report.

The net total demand in respect of Property and Wheel Taxes for the year was Rs. 1,35,09 lacs and Rs. 5.41 lacs excluding arrears in respect thereof at the end of the previous year which amounted to Rs. 110.72 lacs and Rs. 5.68 lacs respectively. The total amount collected during the year was Rs. 145.57 lacs as against Rs. 1,38.57 lacs in the previous year. The total outstanding of taxes at the close of the year amounted to Rs. 106.93 lacs, the percentage of outstandings to net demand being 41.62. The Standing Committee find that accumulation of large arrears of taxes has become almost a normal feature of the Collection of our annual revenue and consider that it is very necessary that in order to bring down the huge outstandings a more sustained and concentrated drive should be directed by the Department.

Urban Immoveable Property Tax.

The rates of taxation during the year continued to be the same as in the preceding year, *viz.*, 5 per cent. in the case of buildings and lands, the rateable values of which were more than Rs 2,000n in each case and 2½ per cent. in the case of buildings and lands, the rateable values of which were Rs. 2,000 or below but not less than Rs. 500 in each case. The rates in respect of village properties were 3 per cent. in case of buildings and lands, the rateable values of which were more than Rs. 2,000 in each case and 1½ per cent. in case of buildings and land, the rateable values of which were Rs. 2,000 and below in the areas pecified in List I of the Bombay Act XXX of 1951 an Act to amend the Bombay Municipal Corporation Act and 2 per cent. in the case of buildings and lands, the rateable values of which were more than Rs.2,000 in each case and 1 per cent. in the case of buildings and lands, the rateable values of which were Rs. 2,000 and below in the areas specified in List II of the Act. The properties having a value of Rs. 499 and below were exempted. The properties falling in the same locality were grouped together for the levy of this tax. The net demand in respect of the tax was Rs. 32.37 lacs including the arrears of Rs. 14.18 lacs. The amount collected was Rs. 16.60 lacs, *i.e.*, about 51.27 per cent. of the demand.

From the classification of properties according to the rateable values, It is found that as many as 42,731 properties came within the rateable value upto Rs. 20,000 leaving only 140 properties having rateable values between Rs. 20,001 and Rs. 3,50,001 and above.

Drainage and Sewerage.

59. In order to give addtional amenities to the residents in the Suburban areas, a number of works were carried out during the year. Cleansing of open *Kutcha* drains and sewers were attended to from time to time. Proposals for paving and covering of the *kutcha* drains from Ghodbunder road to the newly constructed Nalla at Vile Parle and similar other works were formulated. The Committee trusts that the proposals will be put up for necessary sanction and works carried out as early as possible., During the year under review the work of construction of sewers in drainage districts Nos. I II and III comprising Khar-Santacruz Juhu-Vile Parle and Ghatkopar-Chembur, respectively made further progress.

Some of the sewer works in Town Planning Scheme III, Bandra, Chuim Village, Town Planning Scheme III Santa Cruz, Palli Hill area, etc., were completed at an aggregate cost of Rs. 5,38,314.

Sewerage facilities were extended to Chembur and Ghatkopar. The scheme of laying additional sewers in some parts of Kurla was sancioned.

The work of construction of purification works at Versova and Ghatkopar was carried out by contract and the same were put into Commission. The civil engineering work of the pumping station at Khar was completed during the year.

After the sewers in different areas started functioning, notices, under Section 231 of the Bombay Municpal Corporation Act, were served with the sanction of the Standing Committee on the property owners for joining their house drains to the newly laid sewers. 528 Notices were served and in 273 cases paries have submitted proposals and in 116 cases, parties carried out the works. 161 privies were converted into water-closets on full flushing system and an amount of Rs. 1,52,644 was paid by way of subvention.

Upkeep, Maintenance and Repairs of Municipal Properties and Roads,

60. An amount of Rs. 20,484 was spent during the year under report on normal repairs including monsoon works of about 111 Municipal Buildings in the Suburbs.

The total mileage of the roads in the Suburbs is about 192.00 comprising 12.18 miles of water-bound roads 152.15 miles of Asphalt roads 13.49 miles of concrete roads and about 14.18 miles of unmetalled roads.

New footpaths on the Bombay Agra Road and Ghodbunder Road were under construction during the year.

The ferry scvice between Versova and Madh Island was maintained satisfactorily during the year. The total receipts amounted to Rs. 18,625 as against the expenditure of Rs. 12,102. The cost of street lighting by electric lamps numbering 6,539 amounted to Rs. 5.12 lacs as against Rs. 5.71 lacs in the previous year.

The work of issuing permission to factories, under Section 390 of the Bombay Municipal Corporation Act continued to be dealt with by the Factory Section under the City Engineer.

Inspite of careful vigilance the spate of unauthorized construction could not be checked effectively. In 195 cases of unatuhorized structures, sanction of the Standing Committee was obtained under Section 351 of the Bombay Municipal Corporation Act. In 47 cases structures were removed by the parties and in 24 cases departmentally during the year.

The total number of building constructed by private enterprise during the year was 435. Out of these 275 were residental buildings. The total number of buildings constructed by Housing Societies and by Employers for their employees was 30 and 7 respectively.

16 Buildings or portions there of collapsed during the year.

The Arbitrators have declared awards in respect of Town Planning Schemes No. V—(Santa Cruz) ; and awards in respect of Town Planning Schemes Nos. III.—(Ghatkopar), IV.—(Santacruz), V.—Vile-Parle, III, IV and V—(Bandra) were awaited. The number of applications for commencement certificates was 267.

Water Supply.

61. Suburbs in the same way as the City, were supplied with water by gravity from the four lakes, *viz.*, Tansa, Vehar, Tulsi and Vaitarna. In the Suburban areas, water is supplied for 24 hours except for certain elevated localities like Bandra Hill and Pali Hill, which receive water for 12 hours at night time. The Western Suburbs are served by the 24" Tulsi main which is augmented from the 57" West and East Tansa mains at Marol and Bandra, the total average daily supply being 15.00 million gallons per day. The Eastern Suburbs are supplied water through ten tappings on the 48" > 32" > 24" Vehar mains the total average daily supply being 13,00 million gallons. Water for all purposes was charged by meter measurement. 948 new connections were made during the year in the suburbs. The total number of stand pipes in the Old Suburban limit was 381 of which 142 were for the gratuitous use of the public and the remaining were on payment. With a view to preventing misuse of facilities granted by the provision of stand-pipes at compounded rates, rules were framed restricting such stand-pipes being given only in case of underdeveloped areas, and in all other cases metered stand pipes were given for groups of families. A compounded charge was levied for these stand pipes in order that the poor may get water at a lower cost. About 94.90 million gallons of water were supplied to the suburban areas during the year, 3,846 million gallons and 56.74 million gallons being for domestic and non-domestic purposes, respectively, against 2,983, 6,000 and 4.932 million gallons in the preceding three years.

141.34 miles of water mains of various sizes varying from 3" to 36" were maintained during the year. There were 1,472 complaints regarding short supply against 1,110 in the previous year. It is reported that most of these complaints were due to inadequate sizes of connections, absence of connections and manipulation of supply by landlords.

There were 74 bursts on various mains and 2,556 repair works were carried out during the year at a cost of Rs. 93,095 lacs.

There were 142 Public Stand pipes and 76 wells during the year under report and about 362 million gallons of water was supplied gratuitously to the public through stand pipes.

1,139 disconnection orders were received from the Assessment department with the approval of the Standing Committee. Out of these, in 96 cases connections were cut off and in the remaining 1,043 cases orders were not executed as the amounts of the Municipal dues were paid up in time. In addition to the above, 32 disconnections were made for defective fittings. In all 1,039 notices were issued for defective fittings druing the year. The total revenue derived during the year from meter hire amounted to Rs. 1.36 lacs and that from the sale of water for all purposes by meter measurement amounted to Rs. 35.91 lacs. The amount recovered as compounded charges was Rs. 1.93 lacs.

For improving water supply in the suburbs, about 22.37 miles of mains were laid and old ones were enlarged to meet the increasing demand for domestic and industrial purposes.

Licences.

62. During the year 5,778 Licences and Permits were issued as against 6,454, 6,292 and 5,783 during the previous three years, showing decrease of 676, 514 and 5 respectively. The fees realized therefrom amounted to about Rs. 1.70 lacs against Rs. 2.46 lacs, Rs. 1.96 lacs and Rs. 1.90 lacs in the previous three years. At the end of the year, an amount of about Rs. 0.41 lac was pending adjustment in respect of 333 licences against a sum of about Rs. 0.20 lac in respect of 111 licences in the previous year. The loss of revenue incidental to the disuse or demolition of old licenced premises amounted to about Rs. 4,612 as against loss of about Rs. 2,849 in the previous years. Fees amounting to Rs. 45,692 were received for permits issued for exhibiting 959 sky-signs and advertisements as against Rs. 30,347, Rs. 33,958 and Rs. 38,544 in the previous three years. The fees realized from the issue of 4,046 licences to Hawkers and Squatters amounted to Rs. 45,334 as against Rs. 45,881, Rs. 48,490 and Rs. 43,538 in the previous three years.

During the year 849 prosecutions for offences under the Act as against 787, 422 and 567 in the pevious three years were instituted. The total amount of fines inflicted in 281 cases of convictions was about Rs. 4,665 as against Rs. 1,360, Rs. 3,401, and Rs. 4,170 for the previous three years in 86, 114, and 206 cases of convictions, respectively.

The total revenue of the Department was about Rs. 4.55 lacs.

Administration of Shops and Establishment.

63. During the year 928 new applications for registration were received. The total number of establishments registered at the close of the year was 12,883 as against 12,261, 10,709 and 11,591 in the previous three years. During the year 14,823 visits were paid to various establishments, 120 complaints were received whereas 4 were pending disposal at the beginning of the year ; 122 complaints were investigated, leaving 2 pending at the close of the year. 103 Mass raids were arranged during the year, of which 69 were 'day raids' and 34 'night raids.' while 605 new prosecutions were instituted during the year as against 6.50 in the previous year. The number of cases pending atthe end of the year was 103 including 6 on dormant file. The total amount of fines realised was Rs. 14,770 as against Rs. 16,620 and Rs. 16,355 in the previous two years. The total expenditure incurred in administering the Act was Rs. 62,292. The grant-in-aid sanctioned by the Government for the year 1956-57 in respect of the administration of the Act in the Suburban area was about Rs. 16,605 against Rs. 16,355 in the previous year. An amount of Rs. 1,843 was received by way of Registration Fees, etc., during the year as against Rs. 2,424 in the preceding year.

Theatre Tax.—The concession of 20 per cent. rebate, if the tax was paid in advance before the 5th of every month was continued during the year. The total collection of receipts from the tax amounted to about Rs. 0.99 lac as against Rs. 0.93 lac and 0.93 lac in the previous two years.

For the administration of Payment of Wages Act, 1936, the staff consisting of one Junior Inspector and one Clerk which was appointed, was continued during the year under report. 59 complaints were received, 61 whereof were disposed of mostly by effecting compromises between employers and employees and 1 was pending at the close of the year.

Markets and Slaughter Houses.

64. During the year the number of Municipal Markets and Slaughter Houses remained the same as in the previous year, *i.e.*, 16 and 5 respectively. Besides, the 16 Municipal Markets there were two private markets, as in the previous year. Several Improvements in the markets were made during the year under report, the impotant among them being provision of cement concrete platforms at the fish Section at Andheri Market, and Town Market Bandra, sheds over the vegetable squatters' spaces at Town Market Bandra and Expanded metal frames to the Slaughter House at Chembur.

The total receipts of the Department during the year amounted to Rs. 5,78,216 as against Rs. 4.99,507 realised in the previous year, showing an increase of Rs. 78,709 over the previous year.

During the year, unwholesome articles of food such as meat, fish, vegetable, etc., weighing 48,248 lbs. were destroyed as against 34,471 and 31,503 lbs. during the preceding two years. The total meat destroyed was 9,251.5 lbs. as against 8,398¾ lbs. and 6,017 lbs. in the previous two years. Out of 73 cases for unauthorized slaughter 72 cases were filed resulting in convictions. Total fines inflicted amounted to Rs. 2,330. The total amount realised by auction sale of confiscated animals was Rs. 1,100.23. The total number of animals slaughtered in merged areas during the year was 80,695 which realised a slaughter fee of about Rs. 0.95 lac.

Suburban Gardens.

65. There were in all 14 gardens in the Suburbs. Besides, the site for laying out a garden at Chuna Bhatti, old Kurla was developed during the year under report. The Garden at Hill Road, Bandra was laid out. A Summer House is proposed to be constructed at Chembur.

127 cement concrete mosaic benches were provided in different gardens in the Suburbs 1,250 trees were planted on public roads and in the gardens in the Suburbs.

2 Vocal Music, 2 Band and 6 Orchestra programmes were arranged at the gardens and bandstands in the Suburbs during the same period.

Seven gardens in the suburbs have been provided with electric lights.

Education.

66. There were 109 schools and 39 classes in the merged areas on 1st April 1957. During the year one new school and 10 new classes were opened. 14 classes were converted into schools and one class was closed. There were thus on 31st March 1958, 124 Municipal Schools and 34 classes with a strength of 52,175 pupils on the roll at the end of the year. The highest number of pupils during the year was 52,266 at the end of August 1957 and the average number of pupils throughout the year was 42,704. Out of 124 schools 52 were Upper Primary Schools.

At the end of the year there were 1,349 ordinary teachers and out of 1,349 teachers, 1,167 (*i.e.*, 86.5 per cent.) were trained as against 974 (*i.e.*, 85.3 per cent.) in the previous year.

The number of Municipal owned school buildings in the Suburbs at the end of March 1958 was 37. The remaining schools were accommodated in rented buildings.

Physical Education was imparted as per the curriculum laid down by Government. Various extra curricular activities; *viz.*, *Sharad Utsav*. Vacation libraries, etc., were conducted in the schools on the lines of the City schools. Mass Drill Displays, Annual Sports, etc., were also held during the year.

The work of enforcement of compulsory education was being looked after by the Assistant Special Attendance Officer with the assistance of respective Superintendents of Municipal Schools and their Subordinate Supervising Officers.

Extension of Milk-in-Schools Scheme to the Suburban Municipal Schools continued to work satisfactorily during the year. About 8,000 under-nourished children received the benefit of free supply of toned milk and snacks in the form of *Chiki* or fruits.

The experiment on teaching on progressive lines started in the previous year in the Municipal Ghatla Marathi School, situated in a small village in Trombay progressed satisfactorily with good results during the year under report.

There were 67 Aided Schools at the close of the year with 575 teachers for 18,500 pupils. There were also 7 Recognised Schools with 32 teachers and 872 pupils attending them.

The total expenditure incurred by the Suburban Aided Schools was Rs. 9.24 lacs as against Rs. 9.24 lacs in the preceding year. The average cost per pupil was Rs. 90.5 to the Aided Schools and Rs. 9.6 to the Corporation.

The total amount of grants assessed during the year was Rs. 2.33 lacs. However, the Budget provision being less, recourse was taken to apply cuts to the assessed grants taking into consideration the success of income from fees, etc., of the schools concerned.

Systematic Medical Inspection of pupils in the first four standards was undertaken during the year. The defects detected among children were communicated to their guardians most of whom consented to their wards being treated in Municipal Medical institution.

Public Health.

67. The total area of the Suburbs admeasures about 43,398 acres or 67.81 sq. miles and has a population of 5,10,250 as per 1951 Census. The mid-year estimated population for 1956 was 7,08,000. The mean density of population roughly came to 16.3 per acre.

The number of live births recorded during the year was 22,612 (11,775 males and 10,837 females) which was more by 373 than that during the previous year *i.e.*, 22,239. Still births reported during the year were 725 or 3.2 per cent. of live births. The total number of deaths registered from all causes during the year was 6,752 (3,720 males and 3,032 females) as against 5,835 in the previous year, showing an increase of 917. Deaths among infants under one year of age numbered 1,757 which increased by 175 against the number in the preceding year (1,576). The infant mortality rate for the year was 77.4 per 1,000 live births as against 70.9 for the previous year. Birth rate was 44.3 and death rate was 13.2 per 1,000 population giving a natural increase of 31.1 per 1,000.

Deaths due to communicable diseases were Small-pox 60; Enteric Fever 55; Malaria 6; Influenza 28; Tuberculosis 322; Dysentery 47 and Diphtheria 22. No deaths were reported from Plague and Cholera. It is reported that the sanitary conditions in the merged areas improved in several respects. Licences were issued to all such trades as were found conducted in the Municipal limits with a view to enforcing on them the minimum hygienic and sanitary requirements.

The Publicity Section of the Public Relations Department organized 57 health education film-shows in addition to 104 mass-vaccination, 48 T. A. D. Inoculation campaign and 5 mass anti-Cholera inoculation campaigns.

The scheme for the supply of milk on Sundays to children under 12 years of age was continued as before at 21 centres and on an average 8,160 children received the milk feed on Sundays. Supplementing the milk-feed with snacks was continued during the year in Municipal Schools and in all 11,850 undernourished children from Municipal Schools received 6 ozs. of toned pasterized milk each, on every school working day. The total expenditure incurred during the year on the supply of milk and snacks amounted to about Rs. 2,12,896.

The Standing Committee view with concern the increasing rate of infant mortality which has increased from 70.9 per thousand live births for the previous year to 77.4 per thousand live births during the year under report. Likewise it is disconcerting to note that out of 540 deaths due to communicable diseases as many as 322 deaths were due to Tuberculosis alone which are far more than the total deaths caused by all other communicable diseases. The Committee would like to urge upon the Municipal Health Authorities to accelerate implementation of health measures so that death rate may be appreciably reduced.

Medical Relief.

There were in all 11 Municipal Dispensaries rendering Medical Relief in the merged Suburban area during the year. Proposals to construct a 20 bedded Maternity Home in the compound of the N. J. Wadia Dispensary, Andheri and a 50 bedded General Hospital at Rajawadi, Ghatkopar, have been sanctioned and the construction of the latter has been nearing completion. A new Municipal Maternity Home in the compound of the N. J. Wadia Dispensary, Ghodbunder Road, Andheri, is proposed to be started shortly.

In addition to the two dispensaries and Maternity Wards attached to the two Hospitals at Bandra and Kurla, there are 9 free Municipal dispensaries in the Suburban areas. Three mobile dispensary units rendered medical relief in the villages in the Suburbs according to a planned programme. The total number of new patients treated in all the dispensaries including two mobile units and the Municipal Mobile Unit was 4,32,246 whereas the total out-patient attendance was 17,99,239.

Street Cleansing and Conservancy.

68. The Conservancy services comprising cleansing of roads and footpaths, collections, removal and disposal of refuse and night soil, licensing and destruction of dogs were carried out satisfactorily during the year.

21 Refuse lorries and a trailer were used for the collection and removal of refuse during the year. The total surface of roads, footpaths and open spaces cleaned during the year was 38.93 lac square yards. The increase was due to the addition of new roads and footpaths. 60,846 tons of refuse were collected during the year, out of which 55,200 tons were utilized for reclamation of Municipal lands and 5,646 tons were sold to private parties for filling up wells and low-lying lands in different wards.

9,320 gallons of night soil were removed daily and 233.72 lacs gallons of cesspool contents were removed during the year by the suburban conservancy staff. The night soil and cesspool contents were continued to be disposed of at the four depots, discharging the same at various points into the creeks except for a small quantity used for composing at Ghatkopar in dry season.

In pursuance of the policy to improve the methods of disposal of excrementitious matter, the works of construction of night soil depots with hoppers at the purification works situated at Andheri Versova Road and Khar were almost complete.

2,176 dog licences were issued as against 2,079 in the preivous year and 3,756 dogs were caught and removed to the Lethal Chamber at Mahalaxmi, during the year.

In addition to the staff of 17 scavengers detailed for catching rats and attending to rat pest complaints, the staff consisting of 5 Junior Overseers, 5 Mukadam and 35 rat-biggaries was appointed on temporary basis from the middle of November 1957 to intensify the rat catching operations. The total number of rats caught during the year was 49,663.

Removal and Disposal of carcasses.—The right of removing and disposing of carcasses was entrusted to the Greater Bombay Co-operative Conservancy Society. The Madhavis operated in the respective villages.

25 Animals (9 big and 25 small) were removed through Municipal Agency.

The work of construction of additional staff quarters at Kurla and Versova was started.

An additional welfare centre was opened at Chembur during the year. Other existing centres at Kurla, Andheri and Khar worked satisfactorily.

The income earned through different sources by the Conservancy Branch was Rs. 1.61 lacs.

Veterinary Dispensary at Khar.—This dispensary was taken over by the Corporation from the *ex*-Bandra Municipality to whom the building was donated by Seth Shri Dayabhai Amarsey in memory of his daughter, Smt. Nandubai, in the year 1934 for treating dumb animals.

A Junior Veterinary Inspector who is in charge of the Dispensary carried out the inspection of the milch cattle stables in H Ward (Bandra). The work of anti-rabic treatment was also carried out at the Dispensary.

The number of animals treated and inoculations done during the year was 6,805 and 75 respectively, and the revenue realised during the year was Rs. 2,684.

During the year, the fleet of motor vehicles of Municipal Transport in the Suburbs consisted of 205 vehicles.

(EXTENDED SUBURBS)

Extended Suburbs.

69. With effect from 1st February 1957, the *ex*-local bodies, *viz.*, Goregaon Dahisar, Malad, Kandivli, Borivli and Mulund and the 34 villages of the District Local Board, Thana, referred to in Schedules I and II of the Bombay Act LVIII of 1956, merged with the Municipal Corporation of Greater Bombay.

The financial positon of all these local bodies which was quite disheartening last year improved during the year resulting in a surplus of Rs. 10.39 lacs at the end of the year.

The actual income, expenditure and surplus in respect of the transactions during the year were Rs. 27.88 lacs, Rs. 16.89 lacs and Rs. 10.39 lacs, respectively. The Surplus Cash balance as on 31st March 1958 thus worked out to Rs. 1.17 lacs as against the estimated closing balance of Rs. 10.84. lacs. During the year a loan of Rs. 25 lacs was raised at 4 1/4 per cent. with 25 year's currency. The loan liabilities of the Corporation in respect of Budget 'F' at the close of the year stood at Rs. 25 lacs.

Taxation, Demand, Collection and Outstandings.

70. The rates of taxes during the year under report in respect of House Tax and Consolidated Tax were 12½ per cent. in the areas of the defunct Municipalities of Malad and Kandivli ; 15 per cent. in the area of the defunct Municpality of Borivli ; 17 1/2 per cent. in the areas of the defunct Municpialities of Mulund ; 10 per cent. in the areas of the defunct Village Panchayat of Goregaon and 8 per cent. in the areas of the defunct Village Panchayat at Dahisar.

71. The rate of Special Sanitary Cess was Rs. 4 per month per privy seat in the areas of the defunct Municipality of Malad ; Rs. 2 in the areas of defunct Municipalities of Kandivli, Borivli and Village Panchayats of Goregaon and Dahisar and 5 per cent. of the Rateable value in the areas of the defunct Municipality of Mulund. The rate of General Sanitary cess was Rs. 4 per year per structure in the areas of the defunct village Panchayat of Goregaon and Rs. 4 per house where Annual Letting Value is above Rs. 45 and Re. 0-4-0 per house where Annual Letting Value is Rs. 45 or less.

Special and General Sanitary Cess.

At the close of the year, the total number of properties on the Assessment Register was 16,027. The reateable value of all these proerties was Rs. 152.78 lacs as against Rs. 1,41.36 lacs for the previous year. This gave a rate of Rs. 138.05 per head of pouplation as against Rs. 127.89 in the preceding year. Receipts from Property Tax and Wheel Tax against the net total demand of Rs. 50.35 lacs including arrears of Rs. 27.04 lacs for the years prior to 1st April 1957 was Rs. 20.45 lacs.

2,392 complaints were registered during the year under report, out of which 624 were registered under Section 167 of the Act and the remaining 1,768 under Section 162 of the Act.

There were 52 appeals against rateable values under Section 217 of the Act and they were pending decision at the end of the year. Similarly 45 claims for refund of taxes received during the year were under disposal on 31st March 1958.

72. An a nount of Rs. 10,200 was spent during the year under report on normal repairs and maintenance of 64 Municipal Buildings in the Extended Suburbs.

Upkeep, Maintenance and Repairs of Municipal Properties Roads.

The total mileage of the roads in the Extended Suburbs is 72 comprising about 40 miles of bituminous road, 20 miles of metalled road and about 12 miles of unmentalled and *kutcha* roads. The expenditure incurred on their mainfenance was Rs. 44,555.

Strict supervision was maintained over irregular, unauthorized and haphazard constructions of buildings in the Extended Suburbs and prosecutions were launched against defaulting house-owners. About 1,000 notices were issued under different sections of the Municipal Act. 300 bulding completion certificates were issued during the year.

The details of the Town Planning Schemes, one for Malad and two for Borivli prepared by the *ex*-Malad and *ex*-Borivli Municipalities and sanctioned by Government were under scrutiny.

73. Water Works Department in the Extended suburbs comprised of(*a*) Distribution, and Maintenace Section of Western Section comprising of P and R Wards (*b*) Distribution and Maintenance Section comprising of T Ward.

Water Supply.

The main source of water supply for Kandivli, Borivli, Dahisar and outlaying villages is mainly through wells. The Western Extended Suburbs are served by 8" Malad-Madh—Marve Military Main, 8" and 12" Goregaon Mains and by Public Stand Pipes fed by bore-wells while the Eastern Extended Suburbs are served by 15" Main with 9" Tapping from the 72" main at Mulund laid on behalf of the *ex*-Mulund Municipal Borough by the Public Health Engineer, Government of Bombay and the connection given to Messrs. Asbestos Cement Company Ltd., at Mulund, directly from the two 72" Tansa Steel Mains.

At present the 8" Malad-Madh-Marve Military Main serves Goregaon, Malad and Madh Islands, The 8" <12", Goregaon Main feeds Government colonies at Goregaon and Versova. At 71 stand pipes in Malad, water is supplied through coupon system. In addition to 37 metered connections in Goregaon water is supplied free at 13 Stand Pipes. Free water is supplied also at Akurli and Babhai Village. Metered connections from the 72" Tansa mains were given to the residents of the Eastern Extended Suburbs.

150 new connections of sizes varying from 1/2" to 4" in Eastern and 24 in the Western Extended Suburbs. The total number of Public Stand pipes in the Extended Suburbs was 136 and 71 public wells of potable water. Water rate was brought down to 75 nP. per 1,000 gallons from Rs. 3.87 per 1,000 gallons. 1,080 million gallons of water were supplied to the Western Extended Suburbs and 178 million gallons to the Eastern Extended Suburbs during the year.

12 miles of water mains of sizes varying from 1" to 15" were maintained during the year. There were 52 complaints regarding short supply and a number of *morchas* and representations were received in the Western Section.

During the year 18 Notices were served for defective fittings. There were no prosecutions.

For improving water supply in the Extended Suburbs, about 6.42 miles C. I. pipes of sizes varying from 4" to 18" and 9,900 R.ft. of G. I. pipes of sizes 1" to 2" were laid during the year. A length of 10,000 R.ft. of 24"> 18" main was laid along Central Salsette Track connecting 24" Tulsi Main to 30" main in Ghodbunder Road near Juhu Lane. From this point a length of about 4,000 R.ft. was laid along Ghodbunder Road to feed the 27"> 24"> 18" Main.

Licences.

74. Unlike in the City and the Suburbs, there was no licensing system in Gram panchayat areas of Goregaon and Dahisar but in the area of Kandivli, Malad, Borivli and Mulund, licences were issued in respect of eating houses, hotels, aerated water shops and pan shops, etc., only. The total receipts on this account amounted to Rs. 4,624.50 during the year. Fees amounting to Rs. 192 were received for permits issued for new advertisements, hoardings, etc., existing at the time of merger. The system of removal of encroachments on public streets was introduced during the year under report resulting in realisation of redemption charges to the tune of Rs. 373.

During the year 11 prosecutions for offences under Section 398 of the Act were instituted which were subsequently withdrawn on payment of the licence fees. Recoveries in respect of stallage charges made at the rates of the *ex*-Municipalities till 31st March 1958 amounted to Rs. 1,473.50.

Administration of Shops and Establishments.

75. The total number of establishments registered at the close of the year was 4,313. During the year 2,919 visits were paid to various establishments. 21 complaints were received of which 15 were disposed of leaving 6 pending disposal at the beginning of the year. 11 mass raids were arranged during the year. The total amount of fines realised was Rs. 650. An amount of Rs. 2,986.70 was received by way of Registraton Fees, etc., during the year.

For the administration of Payment of Wages Act, 1936, the staff consisting of one Inspector and one peon was appointed during the year under report. 9 complaints were received, 6 whereof were disposed of mostly by effecting compromises between employers and employees and3 were pending at the close of the year.

Theatre Tax.—Theatre Tax was collected at old rates prevalent in the *ex*-Municipalities till 31st March 1958. The total collection of receipts from the tax amounted to about Rs. 23,293.75.

Markets and Slaughter Houses.

76. There were in all 15 Markets out of which 8 were Municipal and 7 Private Markets. In the absence of a slaughtering house, the slaughtering of sheep and goats was done in the slaughtering chambers attached to Borivli, Kandivli and Mulund Municipal Markets and Malad private Market. There were 28 outside meat shops.

The total receipts of the Department during the year amounted to Rs. 48,761.

During the year, in all two raids were carried out for the detection of unauthorized slaughter of animals in different parts of the Extended Suburbs. One prosecution was launched in which the accused was fined Rs. 70. Besides 20 live goats were seized and an amount of Rs. 228 was realised by way of sale of confiscated animals and 125 lbs. of unwholesome meat was destroyed.

Gardens.

77. There were only two gardens in the Extended Suburbs. Besides the work of developing four open plots at Mulund, Malad and Kandivli was in progress. Recorded music was relayed in the Lala Tulsiram Park at Mulund on holidays and Sundays through a Contractor.

Education.

78. There were 54 schools and 1 class in the Extended Suburban Area on 1st April 1957. During the year 2 schools were taken over and 4 new classes were opened. One class was closed during the year under report. There were thus on 31st March 1958, 56 Municipal Schools and 4 classes with a strength of 15,656 pupils on the roll at the end of the year. The highest number of pupils during the year was 16,819 at the end of August 1957 and the average number of pupils throughout the year was 11,614. Out of 56 schools, 27 were Upper Primary Schools.

At the end of the year, there were 347 ordinary teachers as against and 319 ordinary teachers in the previous year. Outof 347 teachers only (*i.e.* 44.6 per cent.) were trained as against 122 (*i.e.*, 38.2 per cent.) in the previous year.

The syllabus of studies was divided month by month for the guidance of teachers and for gradual completion of studies in time as per schedule. Teachers' Diaries, Progress cards and Progress Registers were maintained in all schools. Monthly tests of pupils of Standard IV to VII and Weekly Tests of pupils of Standars I to III were taken during the year. Written Annual Examinations of pupils of Standards IV to VII were held along with the examinations of the City and Suburban Schools.

Text books for Extended Suburban Schools contihued to be the same as last year.

The number of Municipal owned school buildings in the Extended Suburbs at the end of the year was 25. Remaining schools were accommodated in rented buildings.

Physical Training was imparted as per the curriculum laid down by government. Various extra-curricular activities, *viz.*, *Sharad Utsav*, Vacation libraries, excursions, etc., were conducted in the schools on the lines of the City and Suburban schools. Mass Drill Displays Annual Sports, Annual Scout Sports, etc., were also held during the year.

The work of enforcement of compulsory education was being looked after by the Assistant Special Attendance Officer with the assistance of respective Superintendents of Municipal Schools and their Sub-ordinate Supervising Officers. A census of school going age, *i.e.*, from 6 to 11 as well as those aged 3 to 6 was carried out from 8th July to 4th August 1957.

The total expenditure for the year amounted to Rs. 3.57 lacs against which an amount of Rs. 2.25 lacs was received from Government. The average cost per pupil according to the number of pupils on the rolls was Rs. 22.84 while the average cost according to the average number of pupils on the rolls for the whole year came to Rs. 30.80.

The experiment on teaching on progressive lines started in the previous year in the Municipal Ghatla Marathi School, situated in a small village in Trombay progressed satisfactorily with good results during the year under report.

There were 41 Aided Schools at the close of the year with 338 teachers imparting education to 87,928 pupils. There was also one Recognised School with 8 teachers and 99 pupils. The total expenditure incurred by these Schools was Rs. 4.59 lacs. The average cost per pupil was Rs. 80.7 to the Aided Schools and Rs. 7.8 to the Corporation.

The total amount of assessed grant came to Rs. 1.09 lacs, However the Budget provision being less, recourse had to be taken to apply cuts to the assessed grant and the final amount worked out to Rs. 0.44 lac.

Systematic Medical Inspection of pupils in the first four standards was undertaken during the year. The defects detected among children were communicated to their guardians most of whom consented to their wards being treated in Muicipal Medical institution.

Public Health.

79. The total area of the Extended Suburbs was about 47,980 acres or 75 sq. miles with a population of 1,59,617 as per 1951 Census. The mean density of population was 3.6 per acre.

The sanitary conditions prevailing in the newly merged areas were appaling and much of the time had to be spent in doing the spade work which was essetial to begin with the work of rendering medical relief and improvement of sanitation.

The complete record of births and deaths was not available with the defunct local bodies oftheir respective areas. A beginning was made to collect the information of births and deaths The Committee hopes that the vital statistics in respect of Extended Suburbs will be made uptodate at least next year.

Notification of infectious diseases by the Medical practitioners was not seen to a desirable extent. However a growing awareness in this respect was observed.

Terminal disinfection of houses was carried out and concurrent disinfection was advised whenever cases of infectious diseases were known to have occurred.

The incidence of diarrhoes and vomitting was high in R Ward during July 1957, attacking 21 persons during a week out of which 3 proved fatal. The incidence of small-pox was also high during the months of February and March. During influenza epidemic about 10 per cent. of the total population suffered from the illness. Necessary measures were taken to abate the incidence.

The work of vaccinationwas taken over from Government Agency from 1st October 1957 Seven Vaccination Stations were opened in different parts of the Extended Suburbs for mass vaccination. Vaccination was also done in other localities where the small-pox cases were detected. No serious ill-effects due to vaccination were observed or reported during the year.

Medical Relief.

There were in all 5 Municipal Dispensaries rendering Medical Relief in the merged Extended Suburban area during the year. There were 2 Maternity homes one each at Malad and Mulund. All these medical institutions were taken over by the Corporation after the merger. A nominal fee of Rs. 2 was charged per patient per day at the Dispensaries while a fee of Rs. 20 and Rs. 30 per patient was charged at the two maternity homes. A proposal to abolish the fees was under consideration. Mins has since been done.

There were two ambulances, one at Malad and another at Mulund, which continued to render services on payment of charges.

Street Cleansing and Conservancy.

80. The Conservancy services comprising cleansing of roads, footpaths and open channel drain, collecion, removal and disposal of refuse and night soil, removal and disposal of carcasses, and destruction of rats, were carried out satisfactorily during the year.

Collection and removal of refuse was done by means of 318 Municipal dust-bins and 85 unauthorized dumping places. The total surface of roads, footpaths and open spaces cleaned during the year was 6.89 lacs square yards. All the open channel drains were also cleaned. Out of 13,460 tons of refuse collected, 12,178 tons was utilized for the reclamation of Municipal lands and 1,782 tons was disposed of by incineration.

3,800 gallons of night soil were removed daily and 13,87 lacs gallons of cessppool contents were removed during the year. The night soil and cesspool contents were disposed of at the three depots at Kandivli, Borivli and Oshivra.

One block consisting of 6 seats of public sanitary conveniences at Kandivli was maintained. Proposals for providing additional public sanitary conveniences at various places were under consideration. Special services for cleansing and removal of contents of septic tanks were continued on payment.

Few complaints regarding rat-nuisance were received and attended.

Removal and Disposal of carcasses.—The right of removing and disposing of carcasses from the Extended Suburban Area was entrusted to the contractors. In all 240 animals consisting of 200 big and 40 small, were removed. No animals was removed through Municipal Agency.

The existing conservancy staff quarters at Borivli, Malad, Goregaon and Mulund were found inadequate. Proposals were made for the construction of additional ones at Malad and Mulund.

No income was earned through any source by the Conservancy Branch during the year under report.

Audit.

81. This year also the Municipal Chief Auditor's Report has not been included in the Municipal Commissioner's Administration Report, as required by Section 137(4) of the Bombay Municipal Corporation Act, as it was not received in time. The Standing Committee feel that every effort should be made to comply with the statutory provisions by the departments concerned. The Municipal Chief Auditor's Report would have been of much help to the Standing Committee while studying the report of the Municipal Commissioner. The report, however, will be forwarded to the Corporation separately when received.

Acknowledgment.

82. In conclusion, the Standing Committee desire to record their appreciation of the very valuable services rendered by Shri V. L. Gidwani, I.C.S., whose high administrative ability and financial acumen were of great help to the Committee. The Committee also place on record their appreciation of the services rendered by the other Municipal Staff.

B. P. DIVGI,

Chairman, Standing Committee.

MUNICIPAL CORPORATION OFFICE,

BOMBAY *17th June 1959.*

FINANCIAL (Budget 'F')
(Extended Suburbs)
(ooo Omitted)

Estimates and Actual Income and Expenditure

According to the Budget Estimates the Income, Expenditure and Surplus for the year were estimated at Rs. 32.90, Rs. 24,08 and Rs. 8,82 respectively. However, the actual income realised was Rs. 27,28 and the expenditure incurred was Rs. 16,89 resulting in a surplus of Rs. 10,39 at the end of the year. The actual income realised *viz.*, Rs. 27,28 showed a decrease of Rs. 5 62 over the estimated income of Rs. 32,90. The actual expenditure for the year was Rs. 16,89.

Incidence of Taxation.

The incidence of taxation per head for the year was Rs. 8.69.

Surplus Cash Balance.

The net unhypothecated Surplus Cash Balance on 31st March 1958 (including the minimum required by law) was Rs. 117 against the opening balance of Rs. 1.85 on 1st April 1957.

Expenditure Grants.

The total amount of grants (including Budget grants Rs. 24,08 and additional grants Rs. 486) was Rs. 28.94 while the expenditure amounted to Rs. 16.89 leaving an unexpended balance of Rs. 12,05. Out of this, grants aggregated to Rs. 6,89 were reserved for being renewed for expenditure in 1958-59 while Rs. 5,16 were treated as savings.

Loan Works Expenditure.

The expenditure on Capital Works during the year amounted to Rs. 16,96 as against Rs. 36,38 provided for in the Revised Estimates under this head.

Loan floated during the year

During the year a loan of Rs. 25 lacs was raised at 4¼ per cent. with 25 years' currency.

Loan Liabilities.

The Loan Liabilities of the Corporation in respect of Budget 'F' at the close of the year stood at Rs. 25,00.

The total number of properties was 42,731 as against 41,890 in the previous year showing an increase of 841.

The rateable value of all the properties was Rs. 5,24,24,669 as gainst Rs. 4,94,60,710 for the previous year. The rateable value thus worked out to Rs. 102.74 per head of population as against Rs. 96.94 in the preceding year.

The total number of bills for propetry taxes and wheel tax issued during the year was 1,19,432 and 19,166, respectively. The bills issued for water charges were 22,754. The amount collected against the net total demand ot Rs. 2,56,90,651 including arrears of Rs. 1,11,42,573 for years prior to 1st April 1957 was Rs. 1,49,96,785. In all 5,358 claims for refund of taxes were admitted during the year and an amount of Rs. 1,59,593.58 was allowed on that account.

There were 3,296 complaints against the rateable value ot the properties during the year of which, 1,851 were received under Section 167 and the remaining 1,445 under Section 162 of the Bombay Municipal Corporation Act. There were 46 appeals against rateable value under Section 217 of the Act. Of these, 1 was whithdrawn, 5 were compromised and 40 were pending on 31st March 1958.

ASSESSMENT AND COLLECTION (EXTENDED SUBURBS)

The rates ot taxes during the year under report were :—

Taxation, Demand Colletion and outstanding.

House Tax and Consolidated Tax.—12½ per cent. in the areas of the defunct Municipalities or Malad and Kandivali 15 per cent. in the areas ot the defunct Municiaplity of Borivali, 17½ per cent.in the areas of the defunct Municipality of Mulund, 10 per cent. in the areas of the defunct Village Panchayat of Goregaon and 8 per cent. in the areas of the defunct Village Panchayat of Dahisar

Special Sanitary Cess.—Rs. 4 per month per privy seat in the areas of the defunct Municipality of Malad, Rs. 2 per month per privy seat in the areas of the defunct Municipalities of Kandivali, Borivali and Village Panchayats of Goregon and Dahisar and 5 per cent. of the Reteable value in the areas of the defunct Municipality of Mulund.

General Sanitary Cess.—Rs. 4 per year per structure in the areas of the defunct Vlilage Panchayat of Goregaon and Rs. 4 per house where Annual Letting Value is above Rs. 45 and Rs. 0-4-0 per house where Annual Letting Value is Rs. 45 or less.

The total number of properties was 16,027.

The rateable value of all the properties was Rs. 1,52,78,067 as against Rs. 1,41,36,225 for the previous year. The rateable value thus worked out to Rs. 138.05 per head of population as against Rs. 127.89 in the preceding year.

The total number of bills for Property taxes and Wheel Tax issued during the year was 18,052 and 167 respectively. The amount collected against the net total demand of Rs. 50,35,174 including arrears of Rs. 27,04,319 for years prior to 1st April 1957 was Rs. 20,45,909.

In all 45 claims for refund of taxes were received during the year and they were under disposal on 31-3-1958.

There were 2,392 complaints against the rateable value of the properties during the year of which 624 were received under Section 167 and the remaining 1,768 under Section 162 of the Bombay Municipal Corporation Act. There were 20 appeals against rateable values under Section 217 of the Act and they were pending decision on 31st March 1958.

V.—CITY ENGINEER'S DEPARTMENT (Suburbs).

PUBLIC WORKS

(*A*) Upkeep, maintenance and repairs.

(*i*) *Buildings.*—The total expenditure incurred on normal repairs including monsoon repairs, on 111 Municipal buildings in the suburbs amounted to Rs. 20,484. Plans and estimates amounting to Rs. 22, 37, 618 for repairs and new works were prepared during the year.

(*ii*) *Roads.*—The roads in the suburbs measuring about 192 miles comprising 12.18 miles of water bound roads, 152.15 of asphalt, 13.49 of concrete and 14.18 of unmetalled type were maintained. The cost of maintenance of asphlated roads came to Rs. 7,57,315. Existing roads were asphalted at a cost of Rs. 11,389

(*iii*) *Street Lighting.*—During the year the number of lights increased from 6210 to 6,539 and the expenditure increased from Rs. 5,11793 to Rs. 5,70 613

(*iv*) *Sewers and drains.*—Sewers and drains were cleaned, the total silt removed during the year being 50,120 cft.

(*v*) *Miscellaneous.*

(*a*) *Ferry service.*—Ferry service between Versova and Madh island was maintained satisfactorily. Total receipts during the year amounted to Rs. 18,625.88 as against the expenditure of Rs.12,102.

(*B*) Construction works under "Loan Works."

(*i*) Works in connection with the construction of roads, buildings, sewers, storm water drains etc., were carried out as per details shown in Appendix A-5. Action under Section 377(1-A) of the Bombay Municipal Act was taken for the improvement of two roads.

(*ii*) From the "Village amenities fund" 17 works mainly concerning improvement of the roads and passages, providing drains etc., were carried out.

(*C*) Inspection and supervision of private buildings.

(*i*) 1,622 applicatons were received for the erection of new buildings and for additions and alterations to the existing ones.

Total number of new buildings constructed by private enterprise was 435 and that by co-operative housing societies 30. Seven structures were constructed by the employers for their employees. 663 building completion certificates were received and 276 buildings were sanctioned for occupation.

(*ii*) *Unauthorised construction.*—During the year, sanction of the Standing Committee was obtained in 195 cases for the removal of unauthorised works.

(*iii*) *Complaints from the public.*—In all, 2,495 complaints were received and attended. As a result 1,822 notices had to be issued under different sections of the Municipal Act.

(*iv*) *Building Collapses.*—16 buildings or portions thereof collpased during the year. However, there were no cases of injuries.

(*v*) *Cement for private owners.*—Authorisations for the release of 306.45 tons of cement for repair works were issued.

(*vi*) *Survey Branch.*—The survey branch continued working satisfactorily. Records were kept up-to-date. In the case of 8 roads, regular lines were prescribed and sanctioned.

(*D*) Town Planning Schemes.

(*i*) The Town Planning Scheme No. X, Bandra as sanctioned by the Government came into force from 1st January 1958.

(*ii*) *Town Planning Schemes No. III (Ghatkopar) and No. VI Santacruz.*—Shri Sakhardande, Judge of City Civil Court, who has been appointed President of the Board of Appeal for the schemes, appointed the Assessors. The Board of Appeal concluded hearings of appeals and final decision was awaited.

(*iii*) *Town Planning Scheme No. V—(Santacruz).*—The award was declared.

(*iv*) *Town Planning Scheme No. V—Vile Parle.*—The work of the city survey could not be completed in view of the proposed changes in the alignment of the Western Express Highway.

(*v*) *Town Planning Schemes No. IV and V—Bandra.*—The Government appointed Shri Sakhardande, Judge of the City Civil Court as the President of the Board of Appeal before which appeals against the award will be heard.

(*vi*) *Town Planning Scheme No. III—Bandra.*—The Government sanctioned the draft town-planning scheme submitted by the Corporation.

(*vii*) *Town Planning Schemes No. I (Ghatkopar), No. II (Bandra) and No. III and IV (Santacruz).*—The schemes were sanctioned by the Government after taking into consideration the suggested variations.

(*viii*) *Town Planning Schemes No. I, IV-IV A and VI—Vile Parle.*—The Schemes were submitted to the Government and their approval was awaited.

(*ix*) *Town Planning Scheme No. VI Bandra, No. I Santacruz, III Vile Parle and No. I Andheri.*—The sanction of the Corporation was obtained to consider the variation in the original schemes. The Government also agreed to suspend some of the offending regulations.

(*x*) *Commencement Certificates.*—267 applications were received from the owners of plots within the various town planning schemes for grant of commencement certificates which were scrutinised and 131 certificates were issued.

(*xi*) *Master Plan and Development.*—Several sites suitable for locating industries and establishments of industrial estates in Suburban areas were examined. A site near Nari Seva Sadan, Ghatkopar, was selected for establishment of an industrial estate. Sites were selected at Goregaon, Kandivli and Govandi for housing projects. The alignment of the Western Express Highway which had to be modified in view of the proposed extension of the runway of Santacruz Aerodrome was finalised.

(*E*) *Factory Section.*—103 new permits were isssued and 9 renewed during the year 26 prosecutions were launched.

(*F*) Transport Branch.

The Suburban Municipal fleet of vehicles consisting of 205 vehicles was maintained 55 vechicles were purchased from the Military Disposal Depot. Staff for repairs and maintanance was increased.

Strikes.—There was a token strike on 13th July 1957 and a general strike on 18th September 1957 and 19th September 1957 of the labour staff. But, the provisions of the Bombay Municipal Servants Act, 1918-19 were not brought into effect.

(*G*) *Works under sewerage scheme in the Suburbs.*—(*i*) The work of laying sewers in Khar, Santa Cruz, Juhu, Vile Parle, Ghatkopar and Chembur areas made further progress. The work of laying 48"—42" main sewer along 100 ft. road in Juhu Housing Colony was completed. The work of laying 24" dia. sewer for Kurla Kamgar Co-operative Housing Society along Shell Colony Road was nearing completion. All the sewer works in Ghatkopar area were completed except those to be laid in the Drainage area "C" and the proposed Government Industrial Housing Scheme.

(*ii*) Construction works on sewage Purification plants at Versova and Ghatkopar were completed. The work of construction of a pumping station at Khar was taken up.

(*iii*) As a consequence of laying of sewers in different areas in the Suburbs, 528 notices were served under Section 231 of the Municipal Act on the property owners calling upon them to connect the house drains to the newly laid sewers. In 273 cases the house owners submitted their proposals.

(*iv*) *Subvention Schemes.*—290 notices under section 248 (1) (*c*) of the Municipal Act, were served against house owners and 161 privies were converted into water closets on full flushing system.

(*H*) *Street Cleansing and Conservancy.*

The main services of the Conservancy branch comprise of cleansing of roads and foot-paths, collection, removal and disposal of refuse and night soil, dog-licencing, destruction of rats and stray dogs etc.

(*i*) *Cleansing of roads and foot-paths.*—Total road area swept during the year was 38,93,658 Sq. Yards. There was an increase in the area on account of addition of new roads.

(*ii*) *Collection, removal and disposal of refuse.*—Out of 60,846 tons of refuse collected in 745 dust-bins and 93 dumping places, 55,200 tons was utilised in reclaiming low-lying Municipal lands. About 5,646 tons was sold to private parties.

(*iii*) *Collection, removal and disposal of night soil.*—Owing to the extension of sewerage schemes, 614 privies were gradually converted into water-closets or were demolished. About 9,320 Gallons of night-soil was collected daily and was disposed of at different depots and/or discharged into the creeks.

(*iv*) *Dog licensing and destruction.*—During the year 2,176 licences were issued and 3,756 ownerless, stray dogs were sent to lethal chambers at Mahalaxmi for destruction.

(*v*) *Rat destruction.*—17 Scavangers and 35 rat-bigaries were engaged in the work of collection of rats, the total number of rats caught being 49,663.

(*vi*) *Removal and disposal of carcasses.*—5,272 dead animals, large and small, were removed.

(*vii*) *Labour Welfare.*—A new Welfare Centre was opened at Chembur and the existing Centres were maintained. The work of construction of additional staff-quarters at Kurla and Versova was started.

(*viii*) *Veterinary Dispensary,Khar.*—During the year 6805 animals were treated and 75 anti-rabic inoculations were given.

CITY ENGINEER'S DEPARTMENT (EXTENDED SUBURBS).

The Extended Suburbs comprising of the Municipalities of Malad, Borivli, Kandivli, Mulund and Grampanchayats of Dahisar and Goregaon were merged with the Bombay Municipal Corporation from 1st February 1957.

(1) *Municipal properties.*—64 properties belonging to *Ex*-Municipalities were maintained at a cost of Rs. 10,200. Special repairs were carried out at a cost of Rs. 11,000.

(2) *Roads.*—Roads in Extended Suburbs, having an aggregate length of 72 miles, were maintained at a cost of Rs. 44,555.

(3) *Street lighting.*—Electric and incandescent oil lamps (total 2,012) were maintained at a cost of Rs. 1,25,000.

(4) *Drains.*—There are no underground drains in the area. Surface drains were maintained.

(5) (*i*) *Construction works.*—New works were carried out from the provision of Rs. 1,16,500 provided in the Revenue Budget, expenditure booked at the end of the year being Rs. 48,000.

(*ii*) *Loan works.*—The expenditure booked against Loan works was Rs. 4,00,000 during the year against the provision of Rs. 11.5 lacs.

(6) *Inpsection of private buildings.*—Applications for permission to erect new buildings or for additions and alterations to the existing ones pending disposal by the *Ex*-Municipalities prior to the merger were about 1,000. Additional 1,000 applications were received and attended. 77 prosecutions were launched for non-compliance with the requeisitions of the Municipal Act during the year, the notices issued under different sections of the Municipal Act being about 1,000. 300 building completion certificates were issued.

(7) *Town Planning Schemes.*—Prior to the merger, three Town Planning Schemes, one for Malad and two for Borivli, were prepared by the *Ex*-Municipalities of Malad and Borivli, who had obtained sanction from the Government for variations in the original schemes. It is necessary to revise these schemes before adoption.

(8) General :—

(*i*) *Land survey of Suburbs.*—For proper and orderly development, it is necessary to undertake the work of surveying the entire area and preparing maps to a scale of 40' to an inch as such maps are not available.

(*ii*) In view of the growing demand from the citizens for more amenities, it is necessary to prepare estimates for the works in connection with making roads, providing sewers, storm water drains, etc.

CONSERVANCY BRANCH.

(9) In addition to the normal area of the Extended Suburbs, special halalkhore services were rendered to the Engineering Stores Depot at Kandivli.

(10) *Cleansing of roads.*—All the roads in the Extended Suburbs were sewpt and cleaned. The total road surface measuring 6,89,914 sq. yards was swept.

(11) *Collection and disposal of refuse.*—House-hold refuse from 318 Municipal dust-bins and 85 unauthorised dumping places was collected, total collection being 13,960 tons. Of this 12, 178 tons was utilised for reclamation of municipal lands and the remaining was disposed of by incineration.

(12) *Night soil.*—3,800 gallons of night soil was removed daily from the latrines. There were 6,044 basket privies on 1st April 1957 and on 31st March 1958 this number increased to 6,099. The existing public sanitary convenience at Kandivli was maintained.

(13) *Cesspools.*—The contents of 2,293 cesspools, as existing on 1st April 1957, were periodically removed during the year. The night soil and cesspool contents were disposed of at the depots at Kandivli, Borivli and Oshivra.

(14) Special service for collection and removal of the contents of septic tanks was continued on payment.

(15) *Removal of carcasses.*—240 carcasses large and small, were removed.

(16) *Labour welfare.*—Proposals for additional labour quarters at Malad and Mulund were prepared.

VI.—WATER WORKS (Suburbs)

General.

(1) The Water Works Department in the Suburbs comprises of (*a*) Distribution and Maintenance Branch, Western Suburbs, (*b*) Distribution and Maintenance Branch, Eastern Suburbs and (*c*) Construction Branch for Eastern and Western Suburbs. The first two mentioned branches deal with distribution and maintenance of Suburban Wards. The Construction Branch deals with the laying of water mains and other construction works, including the works carried out by contract.

Trunk mains feeding suburbs.

(2) The Suburbs are supplied water by gravity from THE THREE lakes *viz.*, Tansa, Vehar and Tulsi through several tapping points, from the trunk mains. The Western Suburbs are served by 24″ Tulsi main which is augmented from the 57″ East and West Tansa Main the average daily supply being 15.00 million gallons. The Eastern Suburbs are supplied, water through the tappings on the 72″ West main, Duct Lines water through the tappings on the 72″ West main, Duct Line, 48″ Old Tansa mains and 48″>32″>24″ Vehar main, the total average daily supply being 13.00 million gallons. During the year 94.90 million gallons of water were supplied to the Suburban areas.

Number of connections and short supply complaints.

(3) 948 New connections were granted during the year. The total number of stand pipes in the Old Suburban limit was 381 of which 142 were for gratuitous use of public and the remaining were on payment. There were 1,472 short supply complaints which were promptly attended to.

Disconnection orders. Notices and Court Cases.

(4) 1,139 Disconnection orders were issued out of which 96 connections were cut off, for non-payment of Municipal dues, and the remaining disconnection orders were not executed, as in most of the cases, the dues were paid in time. 1,039 Notices were issued for defective fittings and in 32 cases where the owners failed to carry out the works within time, prosecutions were launched.

MAINTENANCE WORKS

Maintenance of Pumping Sets, Water mains etc.

(5) The Pumping Sets at Malla, Bandra Hill, Andheri Naka, Jogeshwari, and Ghatla were maintained, during the year, together with 141.34 miles of water mains of sizes varying from 3″ to 36″ diameter. There were 74 bursts which were promptly repaired. 2,666 works pertaning to chokes in service pipes, communication pipes, fire hydrants, etc.,

were carried out. 362 million gallons of water was supplied gratuitously to the public through 142 stand pipes. 76 wells were maintained during the year.

Testing of water fitting.

(6) A total number of 26,277 pipes and 1,22,976 fittings of galvanized iron, stop-taps, bib-taps, etc. were tested at the Water Works Office at Ghatkopar.

Testing, repairs and purchase of Meters.

(7) A total number of 1,031 municipal and private meters of different sizes were tested at Ghatkopar and Bandra Testing Shops 8,784 municipal meters were maintained during the year.

Laying new Mains

(8) For improving the water supply of the Suburbs, about 22.37 miles of water mains, ranging in size from 3" to 30" were laid during the year.

Works carired out on behalf of other departments, parties, etc.

(9) Two works on behalf of the City Engineer's Department, One work on behalf of a private party and four works from the Village Amenities Fund were carried out during the year.

Works for implementing the Master Plan for Water Works.

(10) Out of the five works included in the first stage of Master Plan in Suburbs, four Works were taken in hand, two of which were completed during the year and two are in progress. One was not taken in hand due to non-availability of materials.

WATER WORKS (Extended Suburbs)

Extended Suburbs were merged on 1st February 1957. A skeleton staff was appointed from 26th March 1957 and full working was commenced from 1st March 1958 when additional staff was appointed.

The Water Works Department of the Extended Suburbs consists of (*a*) Distribution and Maintenance Section of Western Section comprising of P and R Wards, (*b*) Distribution and Maintenance Section of Eastern Section comprising of T Ward.

(2) *Sources andDistribution of water supply prior to Merger.*

(a) Western Extended Suburbs.

(*i*) 8" Malad-Madh-Marve Military main.

(*ii*) 8" and 12" Goregaon Mains laid by Public Health Engineer to Governmnt of Bombay.

(*iii*) Public Stand pipes fed by bore-walls.

(*iv*) Public wells.

(b) Eastern Extended Suburbs.

(*i*) 15 "main with its distributaries from 72" Tansa mains laid by Mulund Municipal Borough.

(*ii*) 4" Connection given to Messrs. Asbestos Cement Co. Ltd. at Mulund.

(3) *Present Distribution System.*

A—Western Extended Suburbs.

(*a*) The 8" Malad-Madh-Marve Military main serves Goregaon, Malad and Madh Islands.

(*b*) The 8"<12" Goregaon main feeds Government Colonies at Goregaon and Versova.

(*c*) At 71 Stand pipes in Malad water is supplied on coupon system.

(*d*) In hot weather of 1957, water was supplied through 17 Storage Tanks constructed in different localities.

(*e*) In addition to 37 metered connections in Goregaon, water is supplied free at 13 stand pipes.

(f) Free water supply is given in Akurli and Babhai villages from public stand-pipes fed by bore wells.

Metered connections from the 72" Tansa mains were given to the residents.

B—Eastern Extended Suburbs.

(4) The Water rate was brought down to 75 np per 1,000 gallons from Rs. 3.87 per 1000 gallons.

Tariff.

Augmentation of Supply in Western Extended Suburbs Original Scheme.

(5) The Tulsi lake was to be taken over by the Government and a 27"> 24"> 18" main was to be laid to feed this locality. The Scheme was abandoned on account of the merger of the Extended Suburbs.

Western Extended Suburbs New Scheme.

(6) The 27"> 24"> 18" main along Ghodbunder Road which will serve as a feeder main for this locality, will be fed by 24"> 18" main along Central Salsette Track. Preliminary Survey is being conducted for damming the Dahisar river.

Eastern Extended Suburbs—Augmentation of Supply.

(7) The work of laying Service-mains in Mulund area and extending 12" main in Bombay Agra Road to meet the 15" Mulund main, is being taken in hand to augment the supply.

Quantity of Water supplied.

(8) 1080 Million gallons of water were supplied to the Western Extended Suburbs and 178 million gallons to the Eastern Extended Suburbs during the year.

Wells.

(9) There are 71 public wells of potable water in the Extended Western Suburbs.

Stand pipes.

(10) There are 136 Public stand pipes in the Extended Suburbs.

Number of Connections.

(11) 150 New connections of sizes varying from ½" to 4" in Eastern and 24 in Western Extended Suburbs were made during the year.

Short Supply Complaints.

(12) There were 52 complaints of short supply of water in Eastern Section and a number of morchas and representations were received in Western Section.

Notices and Court Cases.

(13) 18 Notices were served for defective fittings. There were no prosecutions.

MAINTENANCE WORKS.

Pumping Sets.

(14) 2 Pumping sets at Kandivli and Borivli were maintained.

Water Mains

(15) 12 Miles of water mains of sizes 1" to 15" were maintained.

Meters.

(16) 113 Meters were maintained. 120 New meters were ordered.

Revenue.

(17) Total revenue for the year was Rs. 15,694.80.

Expenditure.

(18) The total expenditure for the year was Rs. 37,029.00.

CONSTRUCTION BRANCH

(19) A total length of 6.42 miles of C. I. pipes of sizes varying from 4" to 18" and 9,900 Rft. of Galvanised Iron pipes of sizes 1" to 2" were laid during the year.

Laying 24" 10" Central Salsette Mains.

(20) A length of 10,000 Rft. of 24"> 18" main was laid along Central Salsette Track connecting 24" Tulsi main to 30" main in Ghodbunder Road near Juhu Lane. From this point a length of 4000 Rft. of 30" and 24" water main was laid along Ghodbunder Road to feed the 27"> 24"> 18" main.

VII.—LICENCE DEPARTMENT.

Licences.

Licences and permits renewed and issued during the year under report numbered 5,039 and 739 respectively against 6,454 in the year 1956-57, and the fees realised therefrom amounted, to about Rs. 1,90,046.26 nP. as against the approximate figure of Rs. 2,39,704.00 during the preceding year. At the end of the year, an amount of about Rs. 40,742.73 nP. was found awaiting sanction from A. A. (Subs.) to the adjustments put up in respect of 333 licences as compared with a sum of about Rs. 20,059.00 in respect of 111 licences in the previous year. During the year under report, the loss of revenue incidental to the disuse or demolition of the licensed premises amounted to about Rs. 4,612.50 nP. against the loss of about Rs. 2,849.00 in the previous year.

Sky-Signs and Advertisements.

The total number of permits issued for exhibiting sky-signs and advertisements was 959 which realised about Rs. 45,692.82 nP. as fees while corresponding figures for the previous year were 581 permits and about Rs. 30,347.00 as realisation of fees thereof.

Hawkers and Squatters

The total number of hawkers' and squatters' receipts issued during the year was 4,046. The fees realised amounted to about Rs. 45,334.17 nP. as against Rs. 45,881.00 collected in the previous year.

During the year, the Licence Department instituted 849 prosecutions for offences under Sections 328, 328A and 394 of the Bombay Municipal Corporation Act as against 787 during th previous year. The total amount of fines inflicted in 281 cases was about Rs. 4,665.00 as against Rs. 1,360.00 in the previous year in 86 cases of conviction.

Shops and Establishments.

Registration.

The total number of establishments as on 31st March 1958 stood at 12,883 as against 12,261 on 31st March 1957. 853 new applications for registration were received during the year against which 451 establishments had either been closed down or changed hands. Hence there was a net addition of 402 establishments only. The registration fees amounted to about Rs. 1,843.72 nP. as against Rs. 2,424.00 in the previous year.

Inspections and Prosecutions.

During the year under report 14,823 visits were paid to various establishments. 120 complaints were received in addition to 4 pending from the previous year. Of these, 122 complaints were investigated and disposed of leaving 2 pending at the close of the year. For verfying that the provisions of the Bombay Shops and Establishments Act were strictly followed, 103 mas-raids were carried out. In all 605 prosecutions were launched during the year inflicting an amount of about Rs. 14,770.00 as fines, leaving 103 cases pending at the close of the year including 6 on Dormant File.

Grant-in-Aid.

The grant-in-aid received for the year 1955-56 was about Rs. 16,605.00 and about Rs. 1,843.72 nP. were received by way of registration fees and fees for notices of change etc. The total expenditure incurred on the Administration of the Act was Rs. 62,292.00

Theatre Tax.

There were 14 Class II Theatres in the Suburbs and the realisation of Theatre Tax from them and on account of stray performances during the year under report amounted to about Rs. 98,761.31 nP. whereas a further sum of Rs. 3,850.00 was held in deposit pending adjustment.

Payment of wages Act, 1936.

The Payment of Wages Act, 1936, has been made applicable from 1st April 1955 to the establishments administered under the Bombay Shops and Establihsments Act, 1948. One Inspector and one Clerk have been appointed for the administration of the Act, who were continued during the year under report. 59 complaints were received during the year under report in addition to 3 pending at the close of the preceding year, out of which 61 were disposed of by bringing about compromises between the employers and employees resulting in amicable settelment of the claims. Only one complaint remained pending at the end of the year 1957-58.

LICENCE DEPARTMENT (EXTENDED SUBURBS)

The Licensing Department.—Extended Suburbs was looked after by Shri S. G. Redkar, Assistant Municipal Commissioner, till 31st October 1957 and thereafter till the end of the year by Shri N.J.Alvares, Assistant Superintendent of Licence (Suburbs).

At the time of merger, there was no licensing system in Grampanchayat areas of Goregaon and Dahisar but in the areas of Kandivli, Malad, Borivli and Mulund, it was prevalent for eating houses, hotels, aerated water shops and pan shops etc. only.

Licensing Section.

The rates as per Schedule 'M' of the table of the licence fees were made applicable from 1st July 1957, after issuing a notification to that effect. The total receipts under Section 394 and 412-A was Rs. 4,624.50 nP.

Advertisements.

The advertisements, hoardings, etc. existing at the time of merger were exempted under the Extension of Limits Act of 1956. Recoveries in respect of new advertisements etc. amounted to Rs. 192.00.

Hawkers.

There were no systems of removal of encroachments on public streets and issuing of Squatters and Roving Hand Cart Licences prior to merger. It was however, introduced during the year under report. Action for removal of encroachments was taken whenever possible realising redemption charges of Rs. 373.00. Recoveries in respect of stallage charges were made at old rates of the *ex*-Municipalities upto 28th February 1958 by the Markets Department and thereafter by this department. The amount of stallage charges received was Rs. 1,473.50 nP.

Eleven prosecutions for contravention of Section 394 of the Bombay Municipal Corporation Act were launched but the same were withdrawn on payment of the requisite fees.

SHOPS AND ESTABLISHMENTS SECTION

Prior to merger on 1st February 1957, the Bombay Shops and Establishments Act, 1948 was administered in the *ex*-Municipal areas of Malad, Kandivli and Borivli. The Act was made applicable to the rest of the areas during the year under review.

The total number of Shops and Establishments etc. registered under the Act was 4,313.

Complaints.—Of the 21 complaints received, 15 were disposed of leaving 6 pending at the close of the year.

Mass-Raids.—Eleven Mass-Raids were arranged to detect breaches under the Act.

Visits and Re-visits.—There were 2,919 visits by the members of the Inspectorial staff of this department to establishments in the Extended Suburbs.

Prosecutions.—Of the 19 cases launched for contravention of the Act, 17 resulted in conviction, one in acquittal and one remained pending.

Fines.—The total amount of fines inflicted is Rs. 650.00.

Registration fees etc.—Rs. 2,986.70 nP. were received by way of registration etc. fees.

Payment of Wages Act, 1936.—The provisions of this Act were made applicable to the establishments covered by the Bombay Shops and Establishments Act, 1948. Nine complaints were received under this Act of which six were disposed of leaving three pending at the close of the year mostly by bringing about compromises.

Theatre Tax.—There were eight 2nd Class Theatres in the Extended Suburbs. Theatre tax was collected at the old rates prevalent in the *ex*-Municipalities till 31st March 1958. The revenue collected by way of Theatre Tax was Rs. 23,293.75 nP. during the year under report.

VIII.—MARKET DEPARTMENT (SUBURBS)

There were 16 Municipal Markets and 2 Private Markets in the Suburbs.

The following improvements were made in the Municipal Markets during the year under report:—

(1) Platforms in fish section were provided at Andheri Market.

(2) Sheds over vegetable squatters spaces' were provided at Town Market, Bandra.

(3) Expanded metal was provided to the slaughter House at Chembur.

In all, five Municipal slaughter Houses were functioning during the year. 4,848 buffaloes 632 Cows and Bullocks and 77,729 Sheep and Goats were brought for slaughter at different slaughter houses, out of which 114 buffaloes, 121 Cows and bullocks, 1,279 Sheep and Goats were rejected on ante-mortem examination.

The total approximate weight of dressed meat of buffaloes, Cows and bullocks was 1138 tons and that of sheep and goats was 694 tons.

The total meat destroyed at Kurla Slaughter House was 2.09 tons during the post-mortem examination.

In all 97 raids were carried out for detecting unauthorized slaughter and sale of animals in the Suburbs. In all 73 cases were filed of which 72 resulted in conviction and one case is still pending in the court. The total amount of fines inflicted was Rs. 2,330. The total amount realized by auction sale of confiscated animals and skins was Rs. 1,10023.

The amount realized during the year under report, under different items of revenue, has been shown in Appendix 'C'.

MARKET DEPARTMENT (Extended Suburbs)

There were 15 Markets out of which 8 were Municipal and 7 Private markets.

Slaughtering of sheep and goats was done in the slaughtering chambers attached to Borivli, Kandivli Mulund Municipal Markets and Malad Private Markets.

There were 28 outside meat shops.

In all two raids were carried out for the detection of unauthorised slaughter of animals in different parts of the Extended Suburbs—one prosecution was launched in which the accused was fined Rs 70. Besides, 20 live goats were seized and Rs. 228 was realised by way of sale of confiscated animals and 125 lbs. of meat was destroyed being unwholesome.

The total receipts of the department were Rs. 48,761 during the year under report.

IX.—EDUCATION

Suburban Primary Schools

Education.

There were 109 schools and 39 classes on 1st April 1957 in the Suburbs. One school and 10 new Classes were opened, 14 Classes were converted into Schools and one Class was closed during the year under report. Thus, on 31st March 1958, there were 124 Schools and 34 Classes in the Suburbs.

The total number of pupils on 31st March 1957 was 43,700. The total number of pupils on 31st March 1958 stood at 52,175. Thus there was a net increase of 8,475. The highest number on roll in the Suburban Municipal Schools was, 52,266 at the end of August 1957. The average number of pupils throughout the year was 42,704. The total number of Upper Primary and Lower Primary Schools and Classes during the year under report was 52 and 106 respectively.

At the end of year, there were 1,349 ordinary teachers as against 1,141 during the previous year. Out of 1,349 ordinary teachers 1,167 (*i.e.* 86.5 per cent.) were trained, as against 974 during the preceding year.

The syllabus of studies was divided month by month for the guidance of teachers and for gradual completion of studies in time as per schedule. Teachers' Diaries, Progress Cards and Progress Registers were maintained in all schools. Monthly tests of pupils of Stds. IV to VII and weekly tests of Stds. I to III were taken during the year. Pupils in Stds. I to III were promoted to higher standards at the end of the year on the basis of the results of weekly tests held during the academic year. Written annual examinations of pupils of Stds. IV to VII were held along with the examinations of the pupils of the City Schools. 1638 pupils from the Suburban Schools had appeared for the Primary School Certificate Examination conducted by the Government in April 1958, out of whom 698 pupils were declared successful.

The number of Municipal-owned school buildings in the suburbs was 37 at the end of March 1958. Remaining schools were accommodated in rented buildings.

Physical Education as per the curriculum laid down by the Government was imparted to pupils with some suitable modifications. Various extra-curricular activites *viz.*; Sharad Utsav, Vacation Libraries, Excursions, etc. were conducted in the Suburban Municipal schools on the lines of the City Schools. Mass Drill Displays, Annual Sports, Annual Scout Sports, etc., were also held during the year.

The work of enforcement of compulsion was being looked after by the Assistant Special Attendance Officer with the help of the Superintendents of Municipal Schools and their subordinate supervising officers. As required by Rule 5 of the rules framed by Government under Section 18 of the City of Bombay Primary Education Act as amended up to-date a census of non-attending children of school going age *i.e.* from 6 to 11 as well as those aged 3 to 6 was carried out from 8th July to 4th August 1957.

The provisions for City and Suburbs which hitherto shown separately were integrated with a view to avoiding administrative difficulties and the inconvenience caused by transfer of teachers from City and Suburbs and *vice versa*.

There were 67 Aided Schools at the end of the year with 575 teachers imparting education to 18,500 pupils. Besides these Aided Schools, there were 7 Schools in the Suburbs which were recognised but which did not receive any aid from the Corporation. There were 32 teachers in these schools imparting education to 872 pupils.

The total expenditure incurred by the Suburban Aided Schools was Rs. 9,23,611. The average cost per pupil was Rs. 60.5 to the Suburban Aided Schools and Rs. 9.6 to the Corporation. The total amount of assessed grant came to Rs. 2,33,383. Various cuts were applied to the assessed amounts of grants on the basis of income and expenditure.

EDUCATION—(EXTENDED SUBURBS)

There were 54 Schools and 1 Class on 1st April 1957 in the Extended Suburban Area. Four new Classes were opened, two Schools were taken over and one Class was closed during the yar under report. Thus on 31st March 1958, there were 56 Schools and 4 Classes in the Extended Suburbs.

Education

The total number of pupils on 31-3-1957. was 14,109. The total number of pupils as on 31-3-1958 stood at 15,656. Thus there was a net increase of 1,547. The highest number on Roll in Municipal Extended Suburban Schools was 16,819 at the end of August 1957. The average number of pupils throughout the year was 11,614. The total number of Upper Primary Schools was 27 and that of the Lower Primary was 33.

At the end of the year, there were 347 ordinary teachers in the Extended Suburban Schools as against 319 during the previous year. Out of 347 ordinary teachers only 155 (*i.e.*, 44.6 per cent.) were trained as against 122 (*i.e.*, 38.2 per cent.) during the preceding year.

The syllabus of studies was divided month by month for the guidance of teachers and for gradual completion of studies in time as per Schedule. Teachers' Diaries, Progress Cards and Progress Registers were maintained in all Schools. Monthly tests of pupils of Standards IV to VII and Weekly tests of Standards I to III were taken during

the year. Pupils in Standards I to III were promoted to higher Standards at the end of the year on the basis of results of weekly tests held during the academic year. Written Annual Examinations of pupils of Standards IV to VII were held along with the Examinations of the City and Suburban Schools. 526 pupils from the Extended Suburban Schools had appeared for the Primary School Certificate Examination conducted by the Government in April 1958 out of whom 2·1 pupils were declared successful.

The number of Municipal owned School Buidings in the Extended Suburbs was 25 at the end of March 1958. Remaining Schools were accommodated in rented buildings.

Physical Education as per the curriculum laid down by Government was imparted to pupils with some suitable modifications. Various extra curricular activities, *viz.*, Sharad Utsav, Vacation Libraries, Excursions, etc., were conducted in Schools on the lines of the City and Suburban Schools. Mass Drill Displays, Annual Sports, Annual Scout Sports, etc., were also held during the year under report.

The work of enforcement of compulsion was being looked after by the Assistant Special Attendance Officer with the help of Superintendents of Municipal Schools and their subordinate Supervising Officers. As required by Rule 5 of the Rules framed by Government under Section 18 of the City of Bombay Primary Education Act as amended uptodate, a census of non-attending children of school going age, *i.e.*, from 6 to 11 as well as those aged 3 to 6 was carried out from 8th July to 4th August 1957.

As regards income and expeniture in respect of Extended Suburban Schools, the total expenditure was Rs. 3,57,736 as against the income of Rs. 2,48,020 (Gov. Grant Rs. 2 25,000 plus Misc. Receipts Rs 23,020) the excess of Rs. 1,09,716 was met from General Revenue Budget ' F ' The average cost per pupil according the number of pupils on Rolls was Rs. 22.84 while the average cost according to the average number of pupils on Roll for the whole year came to Rs. 30.80.

There were 41 Aided Schools at the close of the year with 338 teachers imparting education to 87,928 pupils. Besides, these Aided Schools there was 1 school in the Extended Suburban Area which was recognised but which did not receive Grant from the Corporation. There were 8 teachers in the School imparting education to 99 pupils.

The total expenditure incurred by the Extended Suburban Aided Schools was Rs. 4,59,650. The average cost per pupil was 80.7 to the Aided Schools and Rs. 7.8 to the Corporation.

The total amount of assessed grant came to Rs. 1,09,764 and the Buudget Grant was Rs. 40,000. Various cuts were, therefore, applied to the assessed amount on the basis of income and expenditure. The final amount worked out to Rs. 44,905.

X.—PUBLIC HEALTH DEPARTMENT (Suburbs)

Area and Population.—The total area of the Suburbs is 43,398 acres *i e.* about 67.81 square miles and the population as enumerated in the Census of 1951 was 5,10,250 and the mid-year estimated population for 1957 was 7,08,000.

Birth Registration.—The total of births registered during the year was 22,612 as against 22,239 for the year 1956 being 373 in excess of that of the latter year.

Death Registration.—The total number of deaths registered from all causes during the year was 6,752 as against 5,835 in 1956 showing an increase of 917.

Infant Mortality.—Deaths amongst infants under one year of age numbered 1,751 as against 1,576 in 1956 showing an increase of 175.

The infant mortality rate per 1,000 live births registered was 77.4 for the year 1957 as against 70.9 for the previous year.

Infectious Diseases.—No deaths were reported from Plague and Cholera. There were three deaths from Cerebro-spinal meningitis.

There were 60 deaths from Small-pox, 55 from Enteric Fever, 28 from Influenza and 322 from Tuberculosis.

Vaccination.—The number of primary vaccinations and re-vaccinations done was 27,704 and 1,75,020, respectively at the 26 Vaccination Stations as against 26,306 and 46,887 in 1956.

Malaria.—Malaria caused 6 deaths.

Dysentery.—There were 47 deaths from Dysentery.

OTHER PRINCIPAL DISEASES

There were 162 deaths from diseases of the respiratory system, 37 from Bronchitis 329 from diarrhoea, 1,516 from Pneumonia, 349 from congenital debility, 862 from senile debility and 22 from Diphtheria.

Medical Relief.—The institutions rendering Medical Relief in the merged area are :—

The Municipal Hospitals.—One at Bandra and the other at Kurla with a total of 33 beds, medical and surgical.

The total number of new indoor patients admitted in the Hospitals was 12,011. The total attendance of indoor patients was 53,639.

Four Municipal Maternity Homes one each at Ghatkopar and Chembur and two Maternity Wards attached to the two Hospitals at Bandra and Kurla comprise a total of 88 Maternity beds. The total number of births at these Maternity Homes was 7,065.

There were 11 Municipal Free Dispensaries, one each at Kherwadi-Khar, Andheri, Jogeshwari, Vile Parle, Versova, Old Kurla, Chembur, Bhandup and the Dispensaries attached to the two Hospitals at Bandra and Kurla. The number of new cases treated and total attendance at these dispensaries was 4,32,247 and 17,99,239 respectively.

The hired services of two mobile hospital units of the Peoples' Mobile Hospitals also rendered Medical Relief to out-lying villages, etc., in the Suburban area, one in H-Ward and K-Ward and the other in L, M and N Wards.

One Municipal Mobile Dispensary also rendered service in those villages, which are not served by the hired Mobile Dispensary units of the Peoples, Mobile Hospitals

To meet the growing demand on medical relief services steps to provide more dispensaries at convenient sites have been taken. Proposals to construct a twenty-bedded Maternity Home in the compound of the N. J. Wadia Dispensary, Andheri and fifty-bedded General Hospital at Rajawadi, Ghatkopar, have been sanctioned and the construction of buildings for the latter is nearing completion.

Licensable Trades.—Licences were issued to all such trades as were found conducted in the Municipal limits with a view to enforcing on them the minimum of hygienic and sanitary requirements. Such enforcements necessitated statutory actions and prosecutions in several instances.

Food Sanitation.—This included supervision and control through licensing of food shops and establishments, inspection of food stuffs exposed for sale and seizure and destruction of food found unwholesome or unfit for human consumption.

Health and Cleansing Weeks.—Health and Cleansing Weeks were organised with the help of local social organizations, throughout the year. Localities were selected in turns for intensive cleansing and for rectification of sanitary defects noticed in the residential premises. T.A.B. inoculations and vaccinations against small-pox were done. Health education of residents of these localities was carried out by exhibiting films on health and sanitation. Food sanitation was also enforced. These campaigns have brought about appreciable improvement in the localities served.

MILK-IN-SCHOOL SCHEME

A provision of Rs. 3,00,000 was made to meet the cost of the Scheme in the Suburbs. Out of 16,509 children detected undernourished, only 7,530 undernourished

children could be included in the scheme due to the inability of the Milk Commissioner to supply the required quota of milk. Each child was given 8 ozs. of toned pasteurized milk per day. However, in order to provide a larger number of undernourished children with milk, milk in 6 ozs. bottles was supplied from November 1957 with the result that 11,850 undernourished children could be catered milk per day. Snacks in the form of "Chikkies" or Fruits (Chiku, bananas or oranges) were also given to these children from January to March 1957 and thereafter from 2nd August 1957 on working days of the School to supplement the milk feed. Besides, a scheme of free distribution of milk on Sundays to children under 12 years was also continued during the year at 21 Centres in the Suburbs and on an average about 8,160 children received the milk feed on Sundays.

Stables.—Actions were taken against the owners of the milch cattle stables for non-removal of dung, stable refuse, etc., to the Municipal dumping grounds.

Communicable Diseases.—Preventive measures such as anti-cholera and T.A.B. inoculations and vaccinations were continued as usual.

Small pox.—Small-pox caused 236 attacks and 60 deaths. The morbidity and fatality rates being 0.3 and 27.6 respectively. The larger number of cases occurred during the period from February to May 1957 and the highest number of cases was in March 1957. The disease was declared to be in an epidemic form from 24-2-1957 to 25-5-1957. The total number of primary vaccinations was 27,704 as against 22,612 births in the year in addition to 1,75,020 re-vaccinations.

Influenza.—During the Influenza epidemic in May and June although the infection was wide-spread about 10 per cent. of the total population suffered from the illness while the loss of life was only 28. Severe cases were hospitalised and cases of milder type were treated at the Municipal General Dispensaries, Mobile Hospital Vans, Table Dispensaries, Mobile Squads and at the Centres set up by Social Organizations who were supplied with medicines and injections free of cost. Passengers coming from Singapore and from the East were kept under observation.

Medico Social Unit at Kherwadi, Bandra.—A Medico-Social Unit was established at Kherwadi, Bandra in April 1957 by appointing a Medico Social Worker in order to carry out an integrated practice of medicine based on the Family and Community as a Unit. The Centre is meant to cover all types of Public Health Services in a specified area. In this connection honorary services of some of the medical personnel specializing in the different fields of medicine were obtained.

Maternity and Child Welfare Services and Family Planning.—Maternity and Child Welfare Services and Family Planning were continued in all their aspects through the clinics conducted at the two Maternity Homes and two Maternity-*cum*-Hospitals. Aid to poor women delivered at their homes was given in the form of food stuffs.

GENERAL REVIEW

The greater portion of the Suburbs is undrained and unsewered. A good many premises have either inadequate, or objectionable or inefficient sanitary conveniences and some have none at all. Statutory actions were, therefore, taken wherever possible to enforce provision of appropriate and adequate sanitary accommodation.

Sanitary conditions in the numerous villages, 'Gaothan' and outlying habitations have been far from satisfactory, but the intensive cleansing campaigns as well as the village improvement schemes have improved conditions in several of them. Nothing short of slum clearance schemes will however improve materailly the sanitation of such areas. All other measures and expedients are, however being adopted in order to remove insanitary conditions in the Suburbs.

DEPUTY EXECUTIVE HEALTH OFFICER (EXTENDED SUBURBS)

Area and Population.—The total area of the Extended Suburbs included in Greater Bombay is about 47,980 acres (75 square miles). The population as enumerated in the census of 1951 is 1,59,617).

Birth and Death Registration.—The complete record of births and deaths was not available with the defunct local bodies of their respective areas. In view of this, whatever record was available with the offices of these bodies have been collected.

Infectious Diseases.—The areas being newly merged, notification of infectious diseases by the Medical Practitioners was not seen to a desirable extent. There were 121 cases of small-pox and 10 per cent. of the total population suffered from Influenza.

Vaccination.—Vaccination work was commenced after the merger under the direct control of the Assistant Municipal Commissioner and the work was taken over by the Vaccination Branch from 1st October 1957.

Other principal diseases.—There were 21 attacks and 3 deaths from diarrhoea and vomiting.

Medical Relief. —The following institutions were rendering Medical Relief in the merged area.

There are Two Maternity Homes one each at Malad and Mulund. A fee of Rs. 30.00 and Rs. 20.00 respectively is charged per patient at the Maternity Homes. The proposal to discontinue the fees at the aforesaid Meternity Homes was under consideration.

There are Five Municipal Dispensaries one each at Goregaon, Borivli, Manori. (Malad), and Mulund. A nominal fee of As. 2 was charged per patient per day in the above Dispensaries by the defunct local bodies and the same was continued during the year.

Ambulance Service.—There were two ambulances one at Malad and another at Mulund, which continued to render services on payment of prescribed charges.

Sanitary supervision of the newly merged areas of the Extended Suburbs was made with the help of the existing staff who inspected and supervised the premises and their environments with a view to rectify sanitary defects and also food establishments and other licensable trades.

Cemeteries.—There are in all 29 cemeteries out of which only 1 is Municipal.

General Review.—The insanitary conditions prevailing in the newly merged areas were very bad. Due to lack of proper means for disposal of waste water and sullage water, the condition of Gaothans was utterly insanitary. The stables which have been built in utter disregard to any lay-out, health and hygienic conditions made the situation still worse. However attempts were made to improve the sanitary condition as far as possible by enforcing sanitary regulations on the owners and occupiers etc.

XI—GARDENS DEPARTMENT (SUBURBS)

There are 14 Gardens in the Suburbs and 1 additional site was developed during the year under report.

1,250 trees were planted on public roads and in the Gardens in the Suburbs and a store room was provided at Kurla Bail Bazar for storing Garden tools etc.

2 Vocal music, 2 bands and 6 orchestra programmes were arranged for the Suburban Gardens.

Seven gardens in the Suburbs have been provided with electric lights and the question of providing electric lights in three other gardens is under consideration.

V. L. GIDWANI,
Municipal Commissioner,
for Greater Bombay.

Asstt. MUNICIPAL COMMISSIONER.

Administration Report of the Extended Suburbs for the year 1957.58.

The Municipal administration of the Extended Suburbs was in charge of Shri S. M. Y. Sastry, M.A., B.L., Deputy Municipal Commissioner (Improvements) from 1st April 1957 to 31st October 1957 and was in charge of Shri H. T. Sadhwani, B.Sc., LL.B., I.A.S., Deputy Municipal Commissioner (Suburbs) from 1st November 1957. The Assistant Municipal Commissioner Shri S. G. Redker B.Sc., LL.B., was placed in immediate charge of the administration, and all the departments in the Extended Suburbs except Engineering and Water Works were under his direct control till they were taken over by Heads of Department in the Suburbs or the City. In May 1957 Accounts Department was placed under the control of Assistant Accountant (Suburbs) while Assessment Department was taken over by Deputy Assessor and Collector (Suburbs) in June 1957. Assistant Superintendent of Licences (Suburbs) took over the charge of Licensing, Shop Establishment etc., departments from 1st October 1957 and the rest of the departments were taken over from 1st November 1957 except the Conservancy Department which was placed under the control of Assistant Head Supervisor (Suburbs) from 4th March 1958.

The Municipal Library at Goregaon and the Reading Room at Borivli and the Transport Department were under direct control of the Assistant Municipal Commissioner while the Primary Schools were placed under direct control of Education Officer.

The Municipal library at Goregaon is a subscription Library and 320 members took advantage of the library during the year. Average attendance at the Borivli Library during the year was approximately 30 per day.

The Ex-Local Bodies had 66 vehicles most of them were off roads requiring heavy repairs and had outlived their lives. Four Cesspool lorries were added to meet the immediate demands of this area.

These vehicles were garaged at Malad and Mulund where running repairs were also carried out. Major repairs and general overhauling of Vehicles were carried out at the Malad Workshop.

FINANCIAL

(SUBURBS)

A.E./G.B./D1/13 of 26th August 1958.

-- Report from the Chief Accountant on the Accounts of the Bombay Municipal Corporation Suburbs for the year 1957-58.

The following statement summeries the transactions for the year pertaining to Revenue and the actuals for the preceding year:—

	1957-58			Actuals for 1956-57.
	Budget Estimates.	Revised Estimates.	Actuals.	
	Rs.	Rs.	Rs.	Rs.
Opening Balance ...	65,39,000	71,60,310	71,60,310	81,13,559
Income ...	1,74,47,773	1,95,03,580	2,00,04,455	1,69,25,608
Expenditure ...	2,01,51,588	2,10,29,694	1,94,79,049	1,68,78,172
	27,03,815 (Deficit)	15,26,114 (Deficit)	5,25,406 (Surplus)	47,436 (Surplus)
Balance ...	38,35,185	56,34,196	76,85,716	81,60,995
Reservation for advance *vide* para. 2	...	+4,14,692	+10,32,001	+10,00,685
Closing Balance	38,35,185	60,48,888	66,53,715	71,60,310

2. The details of the Reservations for advances etc., are :—

Increase in—	Rs.	Rs.
Renewed Grants ...	3,02,496	
Miscellaneous Advances ...	4,77,346	
Advances for Plant and Machinery ...	2,52,159	
... Net increase ...		10,32,001

3. Th net unhypothecated Surplus Cash Balance of 31st March 1958 was as under:—

Liabilities.		Rs.	Assets.		Rs.
Advance for Plant and Machinery ...		6,41,773	Surplus Revenue Fund—		
Miscellaneous Advances ...		11,57,745	As per Appendix No. 2	...	84,53,233
Minimum required by Law ...		1,00,000			
Surplus Cash Balance ...		65,53,715			
	Total ...	84,53,233		Total ...	84,53,233

4. The Loan liabilities at the beginning and at the end of year were as under:—

Outstanding debt as on 1st April 1957.	Loans raised during the year.	Repayment during the year.	Outstanding debt on 31st March 1958.
Rs.	Rs.	Rs.	Rs.
2,62,10,628.50	60,00,000	1,65,131.88	3,20,45,496.62

A loan of Rs. 60,00,000 was raised by public subscription in the month of November 1957 at 4¼ per cent. interest with a currency of 12 years, sanctioned under Corporation Resolution No. 282, dated the 4th July 1957 and G.R. No. Lon. 3257, dated the 22nd October 1957.

The position of Sinking Fund is shown below:—

Amount of Fund on 31st March 1957.	Interest etc. realisation.	Sinking Fund Instalments.	Withdrawal for payment of loans.	Amount of Fund on 31st March 1958.
Rs.	Rs.	Rs.	Rs.	Rs.
37,30,979	1,58,544	10,23,387	30,000	48,82,910

The value of securities held in the Sinking Fund Account on the basis of Market rates prevailing on 31st March 1958, including accrued interest and cash exceeded the acturial amount of Sinking Fund by Rs. 1,65,139 which was held in the Sinking Fund Account.

INCOME

5. A detailed comparison between the Budget Revised Estimates and the Actuals will be found in Appendix No. 3. The estimated income for the year as per the Budget Estimates was Rs. 1,74,47,773 against which the Actuals amounted to Rs. 2,00,04,455 resulting in increase of Rs. 25,56,682 over the Budget Estimates and of Rs. 5,00,875 as compared with the Revised Estimates, *viz.*, Rs. 1,95,03,580. The reasons for increases and decrcesaes are explaned in Statement 'A'.

6. The position as regards income from General Tax, Water Tax, Halalkhore Tax will be seen from the sub-joined statement:—

	1957-58	1956-57	Increase.
	Rs.	Rs.	Rs.
(1) General Tax (Including Fire Tax)—			
Total Collections booked ...	71,21,711	68,36,036	2,85,675
Deduct—			
Recoveries for previous years ...	20,95,685	24,22,129	3,26,444
Total ...	50,26,026	44,13,907	6,12,119
Add—			
Outstanding for the year at the close of the year ...	* 30,32,059	28,23,248	—2,08,811
Total ...	80,58,085	72,37,155	8,20,930
(2) Water Tax and Water Charges by measurement and at compounded rates—			
Total Collections booked ...	51,58,567	38,24,193	13,34,374
Deduct—			
Recoveries for previous years ...	56,433	** 10,25,258	—9,68,825
Total ...	51,02,134	27,98,935	23,03,199
Add—			
Outstanding for the year at the close of the year ...	61,102	** 16,58,252	—15,97,150
Total ...	51,63,236	44,57,187	7,06,049
(3) Halalkhore Tax and for Special Service—			
Total Collections booked ...	8,90,480	9,02,211	—11,731
Deduct—			
Recoveries for previous years ...	2,80,486	2,48,680	31,806
Total ...	6,09,994	6,53,531	—43,537
Add—			
Outstanding for the year at the close of the year ...	* 3,85,836	3,58,112	27,724
Total ...	9,95,830	10,11,643	—15,813
Net demand on account of Property Taxes inclusive of Refund	1,42,17,151	1,27,05,985	15,11,166

The total outstanding on 31st March 1958 amounted to Rs. 34,78,997.

* As supplied by Dy. Assessor and Collector (Suburbs).
** Figures changed as pointed out by M. C. A.

7. The final sanctioned grants amounted in the aggregate to Rs. 2,55,17,953 as follows:—

	Rs.
Budget Grants ...	2,01,51,588
Unexpended Grants for previous years renewed for expenditure	30,18,514
Additional Grants ...	24,01,851
Final sanctioned grants ...	2,55,71,953

The additional grants were mainly taken for meeting the charges of (*i*) Construction of tenements at Kurla, (*ii*) Construction of Houses for Municipal employees—Middle Class and Poor Class in Suburbs, (*iii*) (*iii*) Meeting the charges of 1955-56 and previous years, (*iv*) Excess contribution payable to Education Fund under Section 126(*c*) of the Act, (*v*) 50 bedded Hospital at Rajawadi, (*vi*) S. T. Bills.

The transfers from one Budget Head to another without affecting the total Budget provision for the year amounted to Rs. 1,70,700.

8. The final sanctioned grants for the year aggregated to Rs. 2,55,71,953 as stated above against which the actuals amounted to Rs. 1,94,79,049 leaving an unexpended balance of Rs. 60,92,904 at the close of the year. Of this a sum of Rs. 34,96,372 is renewed for expenditure during 1958-59 against Rs. 31,93,876 reserved in the accounts of 1957-58 and the balance of Rs. 25,96,532 is treated as savings on final grants sanctioned as detailed in Appendix No. 4.

The heads under which the renewals are required will be found in Appendix No. 4. The details of renewal will be found classified according to the nature of service in the summary to Statement 'B'. The items contributing to decreases under various heads are shown in Statement 'B'.

9. The percentage of Establishment proper and of labour excluding Dearness Allowance, Pension and Provident Fund to the total expenditure for 1957-58 and the previous year are given below:—

	Percentage to total expenditure during.	
	1957-58	1956-57.
	Rs.	Rs.
(1) Establishment proper including supervision ...	10.07	11.67
(2) Labour ...	9.02	9.61

LOAN FUNDS

10. The amount of new loan proposed in the Budget for 1957-58 and actually raised to finance the Capital Works Expenditure including purchase of Plant and Machinery was Rs. 60 lakhs. A contribution of Rs. 9 lakhs was received from Government being 1/3rd of the expenditure incurred on the extension and improvement of (*a*) Water Supply, (*b*) Sewerage, (*c*) Surface Drains.

LOAN WORKS EXPENDITURE

11. The Opening Balance on the 1st April 1957 on account of Loan Funds but excluding Trust Fund was Rs. 9,04,288. Adding to this Rs. 60 lakhs raised during the year and Rs. 9,00,000 received from Government as contribution, the total funds available for expenditure were Rs. 78,04,288. The total expenditure incurred during the year amounted to Rs. 58,44,922 leaving an unspent balance of Rs. 19,59,366 in the Loan Funds at the close of the year.

12. The following statement contrasts the expenditure on Capital Works with the Budget and Revised Estimates during the last five years:—

Year	Loan and Trust Fund			Percentage by which actuals fell short of	Percentage by which actuals fell short of
	Budget Estimates.	Revised Estimates.	Actuals.	Budget Estimates.	Revised Esimates.
	Rs.*	Rs.*	Rs.	%	%
1953-54 ...	75,31,812	1,17,14,583	52,08,536	31	55
1954-55 ...	88,56,732	1,33,05,267	62,41,542	28	53
1955-56 ...	1,02,40,272	1,78,46,414	69,53,760	32	61
1956-57 ...	94,44,173	1,72,71,865	43,26,204	54	75
1957-58 ...	1,34,92,086	2,43,10,514	57,33,471	57	76

The above figures in Columns marked * do not include the amount of subvention and Discount and other charges on the new Loan.

The Revised Estimates for 1957-58 adopted by the Corporation were for Rs. 2,45,70,158 including Rs. 1,14,644 on account of subvention. Rs. 1,45,000 on account of charges for raising the New Loan and Rs. 30,000 on account of estimated expenditure under Trust Fund. The amount of Rs. 57,33,471 shown as actual expenditure is arrived at as follows:—

	Rs.
Expenditure as shown in the summary of Appendix No. 8 including expenditure under Trust Fund ...	58,74,922
Deduct—	
Expenditure for raising the New Loan ...	1,41,451
Total ...	57 33 471

SINKING FUND

13. From Appendix No. 10 it will be seen that the book value of investments of the Sinking Fund as on 31st March 1958 amounted to Rs. 48,82,909 made up of Rs. 48,82,816 being the book value of securities and Rs. 93 in cash with the State Bank of India. Veluing the Municipal Debentures at par the market value of Sinking Fund Investments held on 31st March 1958 comes to Rs. 49,59,755 as shown in Appendix No. 16A. This together with the amount of interest accrued upto 31st March 1958 *viz.*, Rs. 27,655 and cash with the State Bank of India Rs. 93 brings the total amount of Sinking Fund to Rs. 49,87,503 and more than covers the amount *viz.*, Rs. 48,22,364 to which the Sinking Fund should have accumulated upto 31st March 1958. The excess in the Sinking Fund Investment Account was thus Rs. 1,65,139.

INVESTMENTS AND INVESTED BALANCES

14. The details of investments made during the year are as follows :—

	Amount.	Average number of days.
	Rs.	
(1) Current Account Deposits ...	38,88,673	22.88
(2) Fixed Deposits ...	3,30,00,000	79 39
(3) Call Deposits ...	1,38,00,000	117.11
Total ...	5,06,88,673	85.34

The interest earned during the year amounted to Rs. 6,26,289 and the details are as follows :—

	Rs.
(1) On Current Account Deposits ...	2,506
(2) On Fixed Deposits ...	3,16,075
(3) On Call Deposits ...	1,90,406
(4) On Investments in Public Securities, etc. ...	1,17,302
Total ...	6,26,289

The average rates of interest on Current Account Deposits, Call Deposits and Fixed Deposits were 1 per cent., 4.29 per cent. and 4.40 per cent. as against 1 per cent., 3.60 per cent. and 3.61 per cent. for the preceding year respectively. The rate realised on Call Deposits ranged from 4 per cent. to 4½ per cent. while that realised on Fixed Deposits ranged from 3.7/8 per cent. to 4.5/8 per cent. The maximum rates realised on Call Deposits and Fixed Deposits during the preceding year were 4.1/8 per cent. and 4.1/4 per cent. respectively.

The average rates of interest on all Deposits was 4.29 per cent. as against 3.55 per cent. in the preceding year.

DEPARTMENTAL STOCK VERIFICATION

15. Verification of consumable Stores, Stationery, Dead Stock, Plant and Machinery Tools, etc., of various Departments *viz.*, A.S.M., A.S.L., A.E. (Subs.), Dy.A.&C. (Subs.) A.E. (East and West), Water Works Department, Bhabha Hospital, Kurla and Bandra, A.E. (Transport), A.H.S. (Subs.), N.J. Wadia Dispensary at Andheri, Veterinary Dispensary, etc., was carried out. Verification of books, Science Apparatus, Furniture etc., lying in the Suburban Schools was also attended to during the year under report. In all 330 visits were paid to the different Suburban Offices and Schools for the above work during the year 1957-58.

STREET IMPROVEMENTS

16. The provision made in the Revised Loan Works Budget 'D' for (1) meeting the claims on account of acquisition of set-backs and (2) Works of adding set-backs was Rs. 2,00,000 against which an expenditure of Rs. 13,223.62 for acquisition and that of Rs. 7,355.22 (exclusive of 5 per cent. supervision) for works of adding set backs have been booked. The undischarged commitments as on 31st March 1958 in regard to set-backs already acquired and sanctioned to be acquired amount to Rs. 68,599.85. In addition to this further liabilities may be expected on account of further acquisition of set-backs that will be sanctioned during 1958-59.

GENERAL REMARKS

(000 *Omitted*).

17. In the Budget Estimates for the year the Income was originally estimated at Rs. 1,74,48, the Expenditure Rs. 2,01,51 the Deficit being Rs. 27,03.

On the basis of eight months' actuals the income for the year was further revised to Rs. 1,95,03 and expenditure to Rs. 2,10,29 resulting in a deficit of Rs. 15,26.

The actual Income realised was Rs. 2,00,04 and expenditure aggregated to Rs. 1,94,79 resulting in a Surplus of Rs. 5,25.

The Expenditure for the year was estimated at Rs. 2,01,51 and as per revised estimate (8 months basis) at Rs. 2,10,29. The Final Grants, however, sanctioned aggregate to Rs. 2,55,72 against which the actual expenditure booked was Rs. 1,94,79 resulting in an unexpended balance of Rs. 60,93 at the close of the year

As against the unexpended balance of Rs. 60,93 the departments proposed renewal of grants to the extent of Rs. 34,96 for expenditure in 1958-59 and the balance of Rs. 25,97, was treated as savings.

The Opening Surplus Cash Balance was Rs. 71,60. The transactions for the year resuletd in the Surplus of Rs. 5,25. Thus the balance at the close of the year increased to Rs. 76,85 and after taking into account the increase in the reservation of advances as detailed in para. 2 the balance at the end of the year stood at Rs. 66,53.

The expenditure estimated for the year on Loan Works as detailed in para. 12 was Rs. 1,34,92 revised to Rs. 2,43,10 against which the actuals amounted to Rs. 57,33 thus the actuals fell short of the Budget and Revised Estimates by 57 per cent. and 76 per cent. respectively.

The position regarding Sinking Fund was satisfactory as there was an excess accummulation of Rs. 1,35.

The figures of surplus for the preceding two years were Rs. 15,82 and Rs. 47 respectively. The transactions of the year reveal a surplus of Rs. 5,25. This was mainly due to the actual expenditure being less ; counterbalanced to some extent by an inerease in Income under (*i*) Property Taxes, (*ii*) Interest and Profits on investment of surplus, loan and other balances due to larger balances being available for investment.

G. V. DAMLE,
Chief Accountant.

Statement 'A' showing main items contributing to the increases and decreases in Income. Actuals compared with original Estimates.

Budget Head.	Amount of Increase.	Amount of Decrease.	Remarks.
	Rs.	Rs.	
1.—General Tax, Indirect Taxation and Miscellaneous Revenue—			
A.—General Tax ...	4,19,629	...	Due to the assessment of newly constructed properties and the vigorus efforts made by the Ward Staff towards recovery.

FINANCIAL

(EXTENDED SUBURBS)

A.-A./E. S./893 of 15th September 1958

Report from the Chief Accountant on the Accounts of the Bombay Municipal Corporation Extended Suburbs for the year 1957-58.

The following statement summarises the transactions for the year pertaining to Revenue and the actuals for the preceding year:—

	1957-58 Budget Estimates	Revised Estimates	Actuals
	Rs.	Rs.	Rs.
Opening Balance ...	2,02,699	93,992	93,992
Income ...	32,90,116	38,98,236	27,28,185
Expenditure ...	24,08,378	28,60,290	16,89,145
	8,81,738 (Surplus)	10,37,946 (Surplus)	10,39,040 (Surplus)
Balance ...	10,84,437	11,31,938	11,33,032
Reservation for advances *vide* paragraph 2 ...	.....	4,97,400	10,15,785
Closing Balance ...	10,84,437	6,34,538	1,17,247

2. The details of the Reservations for advances, etc. are:—

	Rs.
Increase in—	
Renewed Grants ...	6,89,394
Miscellaneous Advances ...	3,26,391
Net Increase ...	10,15,785

3. The net unhypothecated surplus cash balance of 31st March 1958 was as under:—

Liabilities	Rs. nP.	Assets	Rs. nP.
Miscellaneous Advances	4,17,589.51	Surplus Reserve Fund	
Minimum required by law ...	1,00,000.00	As per Appendix No. 2 ...	5,34,836.50
Surplus Cash Balance ...	17,246.99		
Total ...	5,34,836.50	Total ...	5,34,836.50

4. The loan liabilities at the beginning and at the end of year were as under:—

Outstanding debt on 1st April 1957	Loans raised during the year	Repayment during the year	Outstanding debt on 31st March 1958
Rs.	Rs.	Rs.	Rs.
Nil.	25,00,000	*Nil.*	25,00,000

A loan of Rs. 25,00,000 was raised in the month of March 1958 at 4¼ per cent. interest with currency of 25 years, sanctioned under Corporation Resolution No. 1056 dated the 14th November 1957 and G. R. No. Lon. 3258, dated the 8th February 1958.

INCOME

5. A detailed comparison between the Budget, Revised Estimates and the Actuals will be found in Appendix No. 3. The estimate of income for the year as per the Budget Estimates was Rs. 32,90,116 against which the actuals amounted to Rs. 27,28,185 resulting in decrease of Rs. 5,61,931 over the Budget Estimates and of Rs. 11,70,051 as compared with the Revised Estimates, *viz.*, Rs. 38,98,236. The reasons for increases and decreases are explained in Statement 'A'.

6. The position as regards income from General Tax, Water Tax, Halalkhore Tax will be seen from the subjoined statement:—

	Rs.	nP.
(1) General Tax (including Sanitary Cess)—		
Total collections booked ...	15,61,012	81
Deduct—		
Recoveries for previous years * ...	7,03,976	92
	8,57,035	89
Add—Outstanding for the year at the close of the year * ...	12,76,280	00
Total ...	21,33,315	89
(2) Water Tax and water charges by measurement and at compounded rates—		
Total Collections booked ...	42,472	79
Deduct—		
Recoveries for previous years * ...	240	18
Total ...	42,232	61
Add—		
Outstanding for the year at the close of the year ...	2,11,342	48
Total ...	2,53,575	09

* As supplied by A. & C. and A, E, (W, W,)

Net demand on account of Property Taxes, Sanitary Cess and Water Charges inclusive of refund. 23,86,890 .98
The Total outstanding on 31st March 1958 amounted to Rs. 14,87,622 .48.

7. The final sanctioned grants amounted in the aggregate to Rs. 28,94,173 as follows :—

	Rs.
Budget Grants ...	24,08,378
Additional Grants ...	4,85,795
Final sanctioned grants...	28,94,173

The additional grants were mainly taken for (*i*) meeting the expenditure incurred on establishment due to additional staff and (*ii*) meeting the expenditure on account of increased Dearness Allowance.

8. The final sanctioned grants for the year aggregated to Rs. 28,94,173 as stated above against which the actuals amounted of Rs. 16,89,145 leaving an unexpended balance of Rs. 12,05,028 at the close of the year. Of this a sum of Rs. 6,89,394 is renewed for expenditure during 1958-59 and the balance *viz.*, Rs. 5,15,634 is treated as savings on final grants sanctioned as detailed in Appendix No. 4.

The heads under which the renewals are required will be found in Appendix No. 4. The details of renewal will be found classified according to the nature of service in the summary to Statement 'B'. The items contributing to decrease under various heads are shown in Statement 'B'.

LOAN FUNDS

9. The amount of new loan proposed in the Budget for 1957-58 was Rs. 10 lakhs. The loan actualy raised to finance the capital works expenditure was Rs. 25 lakhs. A contribution of Rs. 8.21 lakhs was received from Government being 1/3rd of the expenditure of the budgetted expenditure for extension and improvement of (*a*) Water Works, (*b*) Sewerage and (*c*) Surface drains.

LOAN WORKS EXPENDITURE

10. The amount of loan funds available during the year was Rs. 25 lakhs. Adding to this the amount of Rs. 8.21 being the Government contribution the total Loan Funds available for expenditure amounted to Rs. 33.21. The total expenditure incurred during the year amounted to Rs. 17,19 leaving unspent balance of Rs. 16,02 in the Loan funds at the close of the year.

11. The following statement contrasts the expenditure of Capital works with the Budget and Revised Estimates.

Year	Loan Funds			Percentage by which Actuals fell short of Budget Estimates	Percentage by which actuals fell short of revised Estimates
	Budget Estimates	Revised Estimates	Actuals		
	Rs.*	Rs.*	Rs.*	%	%
1957-58 ...	19,92,000	36,37,600	16,95,971	14	53

The above figures in Columns marked* do not include the amount on account of Discount and othe charges on the new Loan.

INVESTMENTS AND INVESTED BALANCES

12. The details of investments made during the year are as follows :—

	Amount	Number of days
	Rs.	
(1) Call Deposits ...	25,00,000	15.00

The interest earned during the year amounted to Rs. 3,390 and the details are as follows :—

	Rs.
(1) On Call Deposits ...	3,390

STOCK VERIFICATION

13 The Stock Verification of the consumable stores, Dead Stocks Live Stocks and Plant and Machinery was done in respect of various Offices of *Ex*-Municipalities of Malad, Kandivli, Borivli and Mulund and of Village Panchayats of Goregaon and Dahisar, by visiting in all 40 Offices—7 of Malad, 5 of Kandivli, 9 of Borivli, 11 of Mulund, 6 of Goregaon and 2 of Dahisar. Similarly, 60 schools coming under the jurisdiction of the above bodies were visited for stock verification. Discrepancies and irregularities noticed were brought to the notice of Assistant Municipal Commissioner for taking necessary action. Discrepancies of minor nature were set right on the spot. As the different offices hitherto functioning under unitary control of A. M. C. have since been absorbed in the respective departments since 1st November 1957, necessary steps are being taken by the departments to maintain stock ledgers etc. in their respective departments.

GENERAL REMARKS

(ooo Omitted)

14. In the Budget Estimates for the year the Income was originally estimated at Rs. 32,90 and the Expenditure Rs. 24,08 the Surplus being Rs. 8,82.

On the basis of eight months' actuals the income for the year was further revised to Rs. 38,98 and expenditure to Rs. 28,60 resulting in surplus of Rs. 10,38.

The actual Income realised was Rs. 27,28 and Expenditure aggregated to Rs. 16,89 resulting in a Surplus of Rs. 10,39.

The expenditure for the year was estimated at Rs. 24,08 and as per revised estimates (8 months basis) at Rs. 28,60. The Final Grants sanctioned aggregated to Rs. 28,94 against which the actual expenditure booked was Rs. 16,89 resulting in an unexpended balance of Rs. 12,05 at the close of the year. As against the unexpended balance of Rs. 12,05 the departments proposed renewal of grants to the extent of Rs. 6,89 for expenditure in 1958-59 and the balance of Rs. 5,16 was treated as savings.

The Opening Surplus Cash Balance was Rs. 94. The transactions for the year resulted in the Surplus of Rs. 10,39. Thus the balance at the close of the year increased to Rs. 11,33 and after taking into account the increase in the reservation for advances as detailed in paragraph 2 the balance at the end of the year stood at Rs. 1,17.

The expenditure estimated for the year on Loan Works as detailed in paragraph No. 11 was Rs. 19,92 revised to Rs. 36,38 against which the actuals amounted to Rs. 16,96 thus the actuals fell short of the Budget and Revised Estimates by 14 per cent. and 53 per cent. respectively.

(G. V. DAMLE)
Chief Accountant.

G. V. DAMLE,
Chief Accountant.

V. L. GIDWANI,
Municipal Commissioner.

ASSESSMENT AND COLLECTION (Subs.)

Shri B. G. Jadhav was in charge of the Department from 1-4-1957 to 15-5-1957 and from 15-7-1957 to 31-3-1958. Shri H. S. Sayyed acted as Dy. A. & C. (Subs.) and was in charge of the Department during the period 16-5-1957 to 13-7-1957 when Shri Jadhav was promoted as Ag. Assessor and Collector

Rates and Taxes.—The rates of taxation of buildings for the year were: General Tax (including fire tax) 17¾ per cent. and Halalkhore Tax at 3 per cent. The General Tax on properties in the villages specified in List I and on the buildings and lands occupied for industrial purposes in the areas in List II of the Bombay Act XXX of 1951—(An Act to amend the Bombay Municipal Corporation Act) was levied at 14 per cent. as per provisions contained in Bombay Act XL of 1956, and on properties in villages specified in List II thereof, the General Tax was levied at 10 per cent. only. Propeties in the villages having rateable values of Rs. 75 and under were exempted from the tax. The tax on vehicles and animals was levied at the maximum rates as mentioned in Schedule G. The rates for the supply of water by meter measurement varied from Rs. 0.75 to Rs. 2.40 per 1,000 gallons.

Properties.—The total number of properties on the 31st March 1958 was 42,731 as shown in Statement 'A'. Out of these properties 41,477 were assessed to General Tax, 972 were exempted from it under Section 143(1)(*a*) of the Bombay Municipal Corporation Act. The number of Municipal properties exempted during the year from General Tax under Section 143(1)(*b*) of the Bombay Municipal Corporation Act was 282.

There were 2,166; 1,110 and 456 properties newly assessed, enlarged and demolished, respectively during the year. The corresponding figures for the year 1956-57 were 1,603; 1,138 and 598. The number of single room tenements double room tenements and flats or blocks in the Suburbs on the 31st March 1958 was 84,454; 35,562 and 19,112, respectively.

Rateable Values.—The rateable value of all the properties in the Suburbs on the 31st March 1958 was Rs. 5,24,24,669 as against Rs. 4,94,60,710 on the 31st March 1957. It worked out to Rs. 102.74 (population 5,10,250) per head of population as aginst Rs. 96.94 in the preceding yaer. In 324 cases, the rateble value was Inereased by more than Rs. 2,000 each.

Vehicles and Animals.—Particulars of vehicles and animals taxed during the year exclusive of those taxes under the Public Conveyance Act are as under:—

Motor lorries	822
Motor cars (including taxies)	2,544
Trollies or Trailors	6
Motor cycle with side cars	16
Motor cycles	432
Four wheeled vehicles drawn by animals	12
Two wheeled vehicles drawn by animals	57
Hand Carts	642
Horses	3
Ponies	...
Bullocks	103

The total number of bills in respect of property taxes and wheel tax issued during the year was 1,19,432 and 19,166 respectively of which 1,15,537 and 18,110 respectively were for 1957-58 and 3,895 and 1,056 for the previous years. Out of 1,19,432 bills for property taxes bills numbering 22,754 were of water charges.

Total demand, collection and outstandings for previous years and for the year 1957-58.

Meter Hire.—Receipts from Meter Hire amounted to Rs. 1,16,567 as against Rs. 1,29,337 in 1956-57, Rs. 83,739 remained to be collected at the end of the year.

Exemption.—The amount of full exemption allowed in respect of General Tax on prperties entitled to such exemption under Section 143(1*a*) (1*b*) and partial exemption under Sections 144(3) and 145(3) was Rs. 3,47,519.36.

REFUND—

Year.	No. of claims received.	No. of claims admitted.	No. of claims rejected.	Amount. Vacancy.	Over-collection.	Total.
				Rs.	Rs.	Rs.
1957-58	5,997	5,358	639	39,854.58	1,19,739	1,59,593.58

Drawback.—10 claims for drawback were received during the year and all these claims were rejeceted as none of them fulfilled the conditions prescribed in that respect.

Complaints and Appeals against Rateable Value.—3,296 complaints were registered during the year under report, out of which 1,851 complaints were registered under Section 167 of the Act and 1,445 were registered under Section 162 of the Act. There were 46 appeals against rateable values under Section 217 of the Municipal Act. Of these 1 was withdrawn, 5 were compromised and 40 were pending on 31st March 1958.

Suits.—No suits were filed against ratepayers for recovery of taxes during the year under report.

Miscellaneous Receipts.—Miscellaneous receipts realized from notice of demand, Distress Warrants, Bataki fees, Inspection fees and other item amounted to Rs. 46,526. The number of Notices of Demand issued and served and Distress Warrants issued and executed during the year was 10,154, 9,581 and 8,247 and 851, respectively.

Urban Immoveable Property Tax.—The rates of taxation during the year 1957-58 continued to be the same as in the preceding year, *viz.*, 5 per cent. in the case of buildings and lands, the rateable values of which were more than Rs. 2,000 in each case and 2½ per cent. in the case of buildings and lands, the rateable values of which were 2,000 or below but not less than Rs. 500 in each case. The rates in respect of village properties were 3 per cent. in case of buildings and lands, the rateable values of which were more than Rs. 2,000 in each case and 1½ per cent. in case of buildings and lands, the rateble values of which were Rs. 2,000 and below in the areas specified in List I of the Bombay Act XXX of 1951—An Act to amend the Bombay Municipal Corporation Act and 2 per cent. in the case of buildings and lands the rateable values of which were more than Rs. 2,000 in each case and 1 per cent. in the case of buildings and lands the rateable values of which were Rs. 2,000 and below in the areas spefied in List II of the Act. The properties having value of Rs. 499 and below were exempted. The properties falling in the same locality are grouped together for the levy of this tax.

The net demand in respect of this tax was Rs. 32,37,166 (including the arrears of Rs. 14,18,114 as on 1st April, 1957) and the amount collected was Rs. 16,59,723. The per centage of collection of Urban Immoveable Property Tax works out to 51.27.

General Remarks.—The area of the Suburban H to N Wards is extensive (over 66 square miles) and most of house-owners are middle class ratepayers. However, sustained drive was made by the Ward Staff to effect recovery of as many bills as possible. Necessary action as provided by law including levy of attachment of immoveable Property for non-payment of Municipal taxes was pressed wherever necessary. An amount of Rs. 1,49,95,785 was collected during the year under report as against an amount of Rs. 1,38,56680, collected during the year 1956-57.

There was no occasion during the year on which the provisions of the Bombay Municipal Servants Act had to be brought into effect.

Both the Indoor and Outdoor staff worked with appreciable zeal and devotion.

B. G. JADHAV,

Dy. Assessor and Collector (Subs. and Extd. Sub).

	Total ...		29,89,265

Exemption.—In all 203 properties which were exempted from the levy of Municipal taxes were entered in the Assessment List but their Valuation was not shown therein as per the practice followed by the defunct Local bodies.

Refund.—In all 45 claims for refund of taxes 15 on account of vacancy and 30 on account of over collection were received during the year under report and they were pending final disposal on 31st March 1958.

Complaint and Appeals against Rateable Values.—2,392 Complaints were registered during the year under report, out of which 624 complaints were registered under Section 167 of the Act and 1,768 were registered under Section 162 of the Act.

There were 20 appeals against rateable values and they were pending decision on 31st March 1958.

Miscellaneous Receipts.—Miscellaneous receipts realised from Notices of Demand, Inspection fees and other items amounted to Rs. 5,714. The number of Notices of Demand issued and served and Distres Warrants issued during the year was 10,154, 9,581 and 1,084 respectively.

Urban Immoveable Property Tax.—The rates of taxation during the year 1957-58 were 7 per cent. in the case of buildings and lands, the rateable Values of which were Rs. 1,000 and above in each case and 3½ per cent. in the case of buildings and lands, the rateable values of which were Rs. 999 or below but not less than Rs. 200 in each case in the areas of the defunct Municipalities of Malad and Kandivali and 6 per cent. in the case of buildings and lands, the rateable values of which were Rs. 1,000 or above in each case and 3 per cent. in the case of buildings and lands, the rateable values of which were Rs. 999 or below but not less than Rs. 200 in each case in the areas of the defunct Municipalities of Borivali and Mulund. The properties having rateable values of Rs. 199 and below were exempted. The properties falling in the same locality and owned by the same person are grouped together for the levy of this tax. The tax was not levied in the areas of the defunct Village Panchayats of Goregaon and Dahisar and it was also not levied in the areas which had no local bodies prior to their merger with Bombay Municipal Corporation.

The net demand in respect of this tax was Rs. 13,15,555 (including the arrears of Rs. 7,88,643 as on 1st April, 1957) and the amount collected was Rs. 4,08.803. The percentage of collection of Urban Immoveable Property tax works out to 31.07.

General Remarks.—The charge of the Assessment and Collection Section of the Extended Suburbs was taken over by this Department on 6th May 1957 from the Assistant Municipal Commissioner and the procedur followed by this Department was introduced there in all respects from 1st June 1957. The area of the Extended Suburbs is extensive (over 75 square miles) and most of the ratepayers are middle class house owners. They are also not conversant with the procedure of this Corporation. Moreover, the levy of taxes by the *Ex* Local bodies, *viz.*, Malad Municipality, Kandivali Municipality and Borivali Municipality in their respective areas for some year sprior to merger has been declared illegal by the Courts, and some of the ratepayers who have paid the taxes for these years have served statutory notices claiming refund of the taxes paid by them. However sustained efforts were emade by the Deputy Superintendents of P, R and T Wards with the help of the Ward Inspectors most of whom are the employees of the *Ex*-Local bodies and who are yet new to the working of the Department to effect recovery of as many bills as possible and an amount of Rs. 20,45,909 was collected during the year under report.

There was no occasion during the year on which the provisions of the Bombay Municipal Servants' Act had to be brought into effect.

Both the Indoor and Outdoor staff worked with appreciable zeal and devotion.

B. G. JADHAW.

Deputy Assessor and Collector
(Suburbs and Extd. Suburbs).

CITY ENGINEER'S DEPARTMENT (Sub.)

Shri K. B. Carnac, B.E., M.I.E., M.I.C.E., held the office of the City Engineer during the year. Shri D. D. Dawalbhakta, B.E. (Civil), A.M.I.E., held the post of the Assistant Engineer, 1st Grade (Suburbs) from 1st April 1957, to 31st March 1958.

The distribution of the technical staff is shown in the table in Appendix A-1.

A.—UNKEEP, MAINTENANCE AND REPAIRS OF MUNICIPAL PROPERTIES

(1) *Buildings.*——An amount of Rs. 20,484 was spent during the year on normal repairs and monsoon works on about 111 Municipal buildings in the Suburbs. The repairs works were carried out either departmentally or through the Petty Works Contractors. The expenditure on the Departmental Works including special repairs booked during the year was Rs. 18,037 as against Rs. 14,987 on the works carried out through the Petty Works Contractors. Plans and estimates amounting to Rs. 22,37,618.00 for repairs and new works were prepared for Budget purposes as per the requisitions from the various departments.

(2) (*i*) *Roads.*—The total mileage of the roads in the Suburbs is about 192.00 comprising 12.18 miles of water-bound roads, 152.15 miles of asphlat roads, 13.49 miles of concrete roads and about 14.18 miles of unmetalled roads. Normal maintenance of the asphalted roads was carried out during the year at a total cost of Rs. 7,57,315 The water-bound and kutcha roads, covering an area of about 53,000 Sq. Yds. were watered on alternate days. One water-bound road was asphalted during the year, as per the details shown in Appendix A-(2), at a total cost of Rs. 11,389 from the provision in Revenue Budget.

(*ii*) *Foot-paths.*—New foot-paths on the following two roads were under constructin during the year.

(*a*) Bombay Agra Road from Kurla Police Station to Kurla Andheri Road.

(*b*) Ghodbunder Road—Andheri, Khar Bandra.

(*iii*) *Street name boards.*—Rs. 5,578 were spent on fixing new street boards and on repairs to the existing street boards in the Suburbs.

(3) *Street lighting.*—Two graphs showing (*i*) the number of lamps of different wattages on the various roads in the Suburbs as on 28th February 1958 and (*ii*) monthly expenditure on account of lihgting indifferent wards and the total cost of lighting during the year under review, are shown in Appendix A (3) and (4). The number of the lights increased from 6,210 to 6,539 during the year and the yearly expenditure increased from Rs. 5,11,793 to Rs. 5,70,613.

(4) *Sewers and drains.*—(*i*) The work of Cleansing of sewers and open drains was attended to and total silt removed during the year was 50,120 Cft.

(*ii*) *Storm Water Drains.*—Cleaning of open kutcha drains was attended to from time to time. Proposals for paving some of the kutcha drains are being submitted. To prevent accumulation of debris, etc., in the drains it is necessary that all the open drains are covered so as to facilitate proper maintenance.

(5) *Miscellaneous. Ferry Service.*—The ferry service running between Versova and Madh Island was maintained. The total receipts during the year amounted to Rs. 18,625.88 as against the expenditure of Rs. 12,102,

B.—CONSTRUCTION WORKS UNDER LOAN WORKS PROGRAMME

Works other than the Sewerage Schemes—

(*a*) The detailed information regarding the works completed and those in progress is given in Appendix A (5).

(*b*) Improvements of private roads—Action under Section 377(1-A) of the B.M.C. Act, was taken for the improvement of the following roads.

(*i*) Private road known as Sanghani Esate road off Bombay Agra Road, Ghatkopar.

(*ii*) Road to Mahindra and Mahindra Co.'s Factory at Bhandup.

(*c*) *Village amenities.*—Several works carried out under the 'Village amenities Fund,' consisted mainly of providing approach roads to different villages and improvement of internal lanes by either asphalting or concreting as shown in *Appendix A* (6). Plans and estimates for other amenities in the different villages were under preparation.

(*d*) *Measures to reduce floodings.*—Several proposals as per *Appendix A* (7) were submitted to relieve flooding in different areas of the Suburbs.

(*e*) *Public sanitary conveniences.*—A 16 seated Aqua privy block was constructed at Kacharpatti, Ghatkopar during the year. The total expenditure booked during the year on the above works amounted to Rs. 10,237.

C.—INSPECTION AND SUPERVISING OF PRIVATE BUILDINGS

(*i*) New Constructions—1,622 appliations were received regarding the erection of new buildings and for additons and alterations to the existing buildings, out of which 1,017 were under Section 337, and 605 under Section 342 of the Bombay Municipal Corporation Act. 572 Proposals were amended during the year. The total number of buildings newly constructed (including those wherein additions and alterations were made) by private enterprise were 435 during the year. Out of this 275 were residential and the remaining non-residential. The total buildings constructed by the Co-operative housing societies and by the employers for their employees

were 30 and 7 respectively. The *Appendix* A (8) shows the number of tenements constructed during the year under report.

In all 663 Completion Certificates were received and disposed of after inspection on site and 276 buildings were sanctioned for occupation.

(*ii*) During the year, sanction of the Standing Committee for the removal of unauthorised structures was obtained in 195 cases. In addition 278 cases of the previous year were pending disposal. Unauthorised works in 47 cases were removed by the parties themselves while in 24 cases the works were removed departmentally.

(*iii*) *Complaints from the Public.*—In all 2,495 complaints were received from the public during the year. All these were investigated and remedial measures taken. In 996 cases action was under progress.

(*iv*) *Notices issued.*—In all 1822 notices were issued under different sections of the Bombay Municipal Corporatin. Act. This number includes 307 notices issued under Section 354 of which 71 were complied with while action in 236 cases was still pending. 700 prosecutions were launched against the house owners for non-compliance with the Municipal requisitions. The results of the proceedings are given in *Appendix* A-9.

(*v*) *Building collapses.*—16 buildings or portions thereof collapsed during the year. There were no casualties.

(*vi*) *Cement authorisations to private house-owners.*—Cement continued to be in short supply and the work of issuing authorisations for cement to private house-owners for urgent and essential repairs to their buildings was continued during the year. Authorisations for release of about 306.45 tons of cement were issued during the year after scrutiny of the applications and inspection of works on site.

(*vii*) *Set-back lands added to the public roads.*—The total area of the set-backs-lands added to the roads during the year was 9066.52 Sq. Yds. The important set-backs added to the roads were:—

(*a*) At Ghodbunder Road, Andheri.

(*b*) At Mahatma Gandhi Road, Ghatkopar.

(*c*) Bombay Agra Road, Ghatkopar.

The total compensation paid during the year amounted to Rs. 13,224.

(*viii*) *City Survey.*—(*a*) The Collector took in hand the survey of the Vile Parle area and the work of inquiry was in progress.

(*b*) During the year the regular lines were sanctioned by the Municipal Commissioner under Section 297 (1)(*a*) of the Bombay Municipal Corporation Act, in respect of roads mentoned in *Appendix* A-10.

(*c*) The regular line sanctioned previously on the Kurla Andheri road was revised with the approval of the Corporation under their Resolution No. 451 dated 19th July 1957. The revised width is 70' and 100', against the previous sanctioned width of 100 and 150 feet.

A proposal for revising the sanctioned regular line of Sion Trombay Road has been prepared after carrying out a detailed survey of Sion Trombay Road and is being submitted for administrative approval.

D.—TOWN PLANNING SCHEMES, SUBURBS

The Town Planning Section during the year under report had a busy programme.

(A) DRAFT TOWN PLANNING SCHEMES

The position regarding the four new draft Town Planning Schemes which were before the Arbitrator, during the preceding year was as follows.

(I) Town Planning Scheme No. X—Bandra

The final scheme as sanctioned by the Government came into force from 1st January 1958. However f the printed books of the scheme were awaited from the Government Printing Press for the implementation o, the scheme.

(II) Town Planning Scheme No. III—Ghatkopar

(III) Town Planning Scheme No. VI—Santacruz

The Old Town Planning Act of 1915 was repeated by the new Town Planning Act of 1954 with effect from 1st April 1957. In the new Act the Tribunal of Arbitration under the provisions of the Old Act has been replaced by the Board of Appeal. Accordingly, Shri M. A. Sakhardande, Judge of the City Civil Court was appointed President of the Board of Appeal in respect of these Schemes, who subsequently appointed the Assessors. The Board of Appeal concluded hearing of appeals in respect of both of the above Schemes, and its decision, was awaited. Thereafter the Town Planning Officer (Arbitrator) will forward the final Schemes to Government for final approval.

(IV) Town Planning Scheme No. V—Santacruz

The Town Planning Officer declared his Award in respect of this Scheme on 17th February 1958 calling for appeals against the Arbitrator's Award which will be heard by the Board of Appeal in due course.

(B) Proposed new Schemes

(I) Town Planning Scheme No. V—Vile Parle

The work of City Survey was not completed. In view of the Government's intention to change the alignment of the Western Express Highway passing through this area the proposed layout was expected to change. Mean-while in order to give facility to the plot owners of this Scheme as well as to the residents of Vile Parle area, one of the proposed scheme roads *viz.*, Azad Road Extension was being constructed so as to join the same to Ghodbunder Road through the Railway Culvert by a sub-way.

(C).—Variation of the Schemes

(I) Varied Town Planning Scheme Nos. IV and V—Bandra

The Town Planning Officer (Arbitrator) concluded his proceedings and Awards in respect of both of the Schemes which were published on 31st March 1958. The Government appointed Shri Sakhardande, Judge of the City Civil Court as the President of the Board of Appeal before which the Appeals made against the Town Planning Officer's Award in respect of both these varied Schemes will be heard.

(II) Varied Town Planning Scheme No. III—Bandra

The Draft Town Planning Scheme (Final) (Varied) submitted to Government by the Bombay Municipal Corporation having been sanctioned by the Government the appointment of a Town Planning Officer for the Scheme was awaited.

(III) Variation of Town Planning Scheme Ghatkopar No. I, Bandra No. II and Santacruz No. III and IV

The draft varied Schemes were sanctioned by Government and Shri B. T. Talim, Assistant Consulting Surveyor to Government of Bombay, Bombay has been appointed as a Town Planning Officer in respect of these four Schemes.

(IV) Variation of Town Planning Scheme Nos. I, IV, IV A and VI of Vile Parle

The draft varied Schemes in respect of these three Schemes were duly prepared in consultation with the owners of the plots and the same were published on 28th November 1957 as approved by the Corporation under their Resolution Nos. 1047, 1048 and 1049 dated the 14th November 1957 respectively. The draft schemes were kept open for public inspection for a period of one month from the date of publicaton and objections, if any, were invited. After considering the objections received and making suitable modifications the Schemes were submitted to Government after being approved by the Corporation under their Resolution Nos. (1) 2145, (2) 2146 and (3) 2147, dated the 24th March 1958 respectively. The Government approval to the draft varied schemes and the appointment of the Town Planning Officer were being awaited.

(V) Proposed variation of Town Planning Scheme No. VI, Bandra, No. 1, Santacruz No. III, Vile Parle and No. 1 Andheri

As per our policy of varying all the finalized Town Planning Schemes in the Suburbs, the above four, Schemes were taken up for variation. Accordingly, the Corporation under their Resoution Nos. (1) 1085 (2) 1087, (3) 1089 and (4) 1091 respectively, dated 18th November 1957 declared their intention to vary the above schemes which were published in the Government Gazette dated 5th December 1957 as required under Sec. 22(2) of the Bombay Town Planning Act 1954. Copies of the same were sent to Government as required under Section 22(3) of the said Act, requesting therein to suspend some of the offending regulations of the principal Schemes to avail to the owners the benefits of relaxation of regulations before the finalization of the varied Schemes Accordingly, the Government had suspended the offending regulations of the Schemes mentioned above.

As provided under the Town Planning Act of 1954, *vide* Section 23(1) the draft variations are to be published within a period of one year from the date of publication of intention to vary the Schemes. Accordingly the owners' meeting in respect of the Town Planning Scheme No. I Andheri and No. VI Bandra were held on, 15th March 1958 and 22nd March 1958 respectively. The owners' meetings in respect of the remaining two Schemes will be held shortly.

From the above it can be seen that so far 14 finalized Town Planning Schemes were taken up for variation out of the total of 20 in the Suburbs (excluding the Extended Suburbs).

(D) Commencement Certificates

267 applications were received from time to time during the year from the owners of the plots within the area under the various draft Town Planning Schemes as well as Schemes under variation, for the grant of Commencement Certificates. These were duly scrutinized and necessary certificates were issued as required under Section 29 of the Bombay Town Planning Act 1954.

The number of applications received for the grant of Commencement Certificates in respect of each of the Schemes and the number of proposals approved are indicated in Appendix A—11.

(E) Lay outs

(i) 5 layouts submitted by the owners were submitted to Standing Committee for approval.

A list of layouts for the sub-division of land into different plots sanctioned by the Municipal Commissioner with the approval of the Standing Committee under Section 303(1) of the Bombay Municpal Corporation Act, during the year, under reference, is given in Appendix A-12.

(ii) Amalgamtion and Sub division of Plots

121 proposls were received in respect of the above. These proposals were scrutinized and duly approved as detailed in Appendix A-13.

E.—MASTER PLAN AND ITS IMPLEMENTATION

(*1*) *Existing industries in the Suburban areas.*—A meeting was held during the year with the representatives of the Bombay Industries Association in connection with the issue of permits to factories already existing in the Suburban areas when it was decided that after inspection of the factories, the basis for granting permits will be reviewed and further steps taken.

(*2*) *Development of Trombay Island.*—The works of repairing the diversion road to Mahul and the Maraoli Washi road were completed. The work of finalization of alignment of Konya Hydro-Electric Power Line in consultation with the authorities was also completed.

OTHER DEVELOPMENTS

(*i*) Several sites suitable for locating industries and establishment of industrial estates in the Suburban Areas of Greater Bombay were examined. One site at Nari Seva Sadan, Ghatkopar, was selected for the establishment of an Industrial Estate. Further steps were being taken by the Bombay Industries Association in this respect.

(*ii*) Sites were inspected during the year for preparation of a scheme for segregation of milk cattle stables, and also for location and rehabilitation of Mankhurd Squatters' Colony. Some sites were approved and further action in these respects was being taken.

(*iii*) New sites at Goregaon, Kandivli and Govandi were selected for housing in connection with preparation of a scheme for the development of housing in the Suburban area and a tentative layout for Goregaon site was prepared. Various sites were explored for quarries and brick kilns in connection with the furtherance of housing activities.

(*iv*) *Extension the runways of the Santa Cruz Aerodrome.*—Alignment of the proposed diversion of the Western Express Highway was finalised and the proposal about the diversion of Andheri-Kurla road was under preparation at the end of the year.

(*v*) *Extension of Municipal Limits.*—Surveys of the areas in the extended suburbs for marking the existing land uses, was undertaken and was in progress at the end of the year.

(*vi*) *Atomic Energy Establishment.*—At the instance of the Atomic Energy Establishment, a survey for the development of access roads proposed by them was undertaken and proposals for widening the Sion-Trombay Road from Panjrapole to Trombay were prepared.

(*vii*) *Slaughter house at Deonar.*—Mr. Wennborg of the Food and Agriculture Organization, U.N.O., inspected the site at Deonar in connection with the proposed new slaughter house. Further report in this respect was awaited from him.

(*viii*) *Dharavi Tanneries.*—A tentative layout was prepared for the relocation of Dharavi Tanneries at Deonar.

F.—FACTORY SECTION

This Section issued 103 new permits and renewed 9 during the year. Prosecutions were launched in cases where the factories were found working without valid permit. During the year under report, 26 prosecutions were instituted of which 1 case was withdrawn as the party complied with the requirements before it came up for hearing. In 32 cases the parties were convicted and fined, and 1 case was pending at the end of the year. There was no acquittal. The total amount of fine recovered was Rs. 955.

G.—TRANSPORT BRANCH

(*i*) This Branch attended to the work of repairs and maintenance, both major and running, of refuse and cesspool vehicles and of other vehicles on Municipal duty in the Suburbs.

(*ii*) The Suburban Municipal fleet of vehicles consisted of 205 vehicles as per details shown in Appendix B—1.

(*iii*) *Special activity for augmenting the fleet.*—During the year under review 55 vehicles were purchased from the Military Disposal Depot and mechanical work on most of them was completed departmentally. Out of these vehicles, 16 were put on road, 13 for cesspool water removal service, 1 for towing night soil Trailer, 1 for general work and 1 Jeep for City. The staff for the repairs and maintenance work of Transport Section (Suburbs) was augmented. All these facts resulted in improving the transport position of Suburbs during the year.

(*iv*) There was a token strike on 13th July 1957 and a general strike on 18th September 1957 and 19th September 1957 of the Labour Staff but the provisions of the Bombay Municipal Servants' Act 1890 were not brought in to effect.

(*v*) There were no Awards of Adjudication during the year.

H.—Works under Sewerage Scheme in the Sububs

During the year under review, the work of laying sewers in Districts I, II and III comprising of Khar-Santa Cruz, Juhu-Vile Parle and Ghatkopar Chembur made further progress as follows :—

(a) Drainage District No. I

The following works which were taken in hand during the previous year were duly completed at an aggregate cost of Rs. 5,38,314 during the year under review :—

(*i*) Sewers in Town Planning Scheme III, Bandra.

(*ii*) Sewers in Chuim Village.

(*iii*) Sewer from Dadabhai Road extension to the Bombay Electric Supply and Tramways Depot at Santa Cruz.

(*iv*) Laying 4" gas main at Sant Cruz.

(*v*) Sewers in Palli Hill area.

(b) Drainage District No. II

The works for the third and fourth portion of the 48"—42" main sewer along 100' Road in Juhu Housing Colony were completed. The Corporation under their Resolution No. 1164 dated the 15th November 1956 had approved of detailed plans and estimates amounting to Rs. 37,81,372 for the work of laying branch sewers in Vile Parle. The work of laying sewers in the area to the west of Railway lines at Vile Parle which was taken in hand progressed satisfactorily. Similarly work on sewers along Juhu Lane and Juhu Housing Colony areas A and B were in progress. Detailed estimates amounting to Rs. 22,86,206 for laying sewers in Andheri (West) have been sanctioned by the Corporation under their Resolution No. 974, dated the 7th November 1957. With a view to undertaking the work of laying Sewers in the fully developed area of this district, the district has been divided into three parts, *viz.*, A, B and C. The work in area A, estimated to cost Rs. 3,74,614 was started and was in progress.

(c) Drainage District No. III

This drainage district comprises of three areas *viz.*, Kurla, Chembur and Ghatkopar.

(*i*) *Kurla area.*—The Corporation under their Resolution No. 852, dated the 27th September 1956 have approved of the detailed plans and estimates amounting to Rs. 13,63,447 for the work of remodelling the sewerage system of Kurla and laying new branch sewers therein. The works sanctioned include construction of additional manholes, vent-shafts, etc., on the existing sewers, laying of new branch sewers, provision of ejector for pumping out sewage from the low-lying area of Brahmanwadi and laying of 12" dia. rising main from the ejector to the Sewer. A provision of Rs. 50,000 is also made for rectifying the defects in the existing sewers Tenders were invited for the works of provision of additional manholes, vent-shafts, etc., on the existing sewers at Kurla and providing and laying branch sewers in the area South of Belgrami Road at Kurla. The works were started at the close of the year and were expected to be complete during the next year.

(*ii*) *Chembur area.*—The work of laying branch sewers in the developed localities of Chembur has been completed in all respects during the year.

The proposals for draining Kurla Kamgar Co-operative Housing society which were sanctioned earlier include—

(*a*) Providing and laying 24" dia. Sewer along Shell Colony Road and Eastern Express Highway from manhole 0 to 20 at Chembur.

(*b*) Providing and laying 24" dia. sewer from manhole 20 to 44.

Out of the abore two works, the first one is nearing completion. As soon as the second work which is in continuation of the first, is completed, it will be possible to drain the waste water from the tenements of the Kurla Kamgar Co-operative Housing Society.

The works for draining Sindhi Immigrants' Co-operative Housing Society at Chembur, sanctioned by the Corporation under their Resolution No. 1171 dated the 9th December 1957, will be started during the next year.

(*iii*) *Ghatkopar area.*—Works on all the main, branch and tributary sewers in Ghatkopar area were completed except those to be laid in area 'C,' the work on which was in progress. Regarding work of laying sewers in Town Planning Scheme III Ghatkopar which was sanctioned earlier was expected to be started during the ensuing year. This still leaves a large unsewered area between Kurla and Ghatkopar where the Government has proposed an Industrial Sub-Scheme. Schemes to drain this area as well as Church Ward and Halpadain Kurla, and Kirol Village in Ghatkopar area to the Ghatkopar Pumping Station estimated to cost Rs. 21,66,876 were prepared.

(d) Pumping Station and Purification Works

The construction work on the purification Works at Versova and Ghatkopar was carried out by contract and the plants were takenover for maintenance from the contractors during the latter part of the year, and were being put into commission. The work of construction of a pumping station at Khar was taken up, the civil work having been completed during the course of the year.

(e) House connections to the newly laid sewers.

When the sewers in the different areas started functioning, notices under Section 231 of the Bombay Municipal Corporation Act, were served with the sanction of the Standing Committee on the property owner for joining their house drains to the newly laid sewers. 528 notices were served, and in 273 cases, parties submitted their proposals. In 116 cases, the house owners carried out the works in compliance with the notices served on them.

(f) Subvention Scheme

In all 290 notices under Section 248(1)() of the Act were served against the house owner 161 privies were converted into water closets on full flushing system. The total amount of subvention paid durign the year was Rs. 1,52,644

(g) Street connections

In all 162 street connections from the premises to the newly laid sewers were given at Municipal cost The expenditure incurred during the year amounted to Rs. 35,432.

I.—CONSERVANCY BRANCH

Normal conservancy services were maintained throughout the suburbs and also in the Bombay Air Port, ChemburColony and the variousother Government and Military Establishments in the Suburbs.

The main services of the Conservancy Branch comprised of:—

(*i*) Cleansing of roads and foot-paths.
(*ii*) Collection, removal and disposal of refuse.
(*iii*) Collection, removal and disposal of night soil and cesspool contents.
(*iv*) Dog Licensing and Dog Destruction.
(*v*) Rat Destruction.
(*vi*) Removal and disposal of carcasses.
(*vii*) Labour Welfare and
(*viii*) Veterinary services.

I.—CLEANSING OF ROADS AND FOOT PATHS

The details as regards the area of roads and foot-paths swept, the frequency of sweeping is shown in Appendix C—1. Total surface area measuring 38,93,658 sq. yards was swept. The increase was due to the addition of new roads and footpaths.

(II) COLLECTION, REMOVAL AND DISPOSAL OF REFUSE

(*a*) *Collection.*—Household refuse was colleced in 745 Municipal dust-bins located at convenient places as against 737 in the previous year. Appendix C-2 gives details as regards the ward-wise distribution of the dust-bins. 87 cases under Section 372(*e*) of the Bombay Municipal Corporation Act for indiscriminate throwing of refuse and 184 for urinating were filed. Number of actions taken under Section 368 of the Act to enforce the provision of approved type of sanitary bins for the collection of household refuse was 61.

(*b*) *Removal and disposal.*—The details of the total quantity of refuse removed from the refuse bins and the dumping places and the frequency of the removal of refuse are shown in Appendix C—3. Most of the dust-bins were attended once a day. Out of the 60,846 tons of refuse collected, 55,200 tons were utilised for reclamation of Municipal lands, 5,646 tons sold to private parties for filling up wells and low-lyinglands in different wards as per details shown in the same Appendix.

(III) COLLECTION, REMOVAL AND DISPOSAL OF NIGHT SOIL

Collection and removal.—The ward-wise distribution of privies on basket system is given in Appendix C—4. Owing to the sewerage schemes 614 privies were either converted into water closets or demolished. The number of basket privies at the end of the year was 10,537.

Public Sanitary Conveniences.—The details as regards the locations and types of the public sanitary conveniences in different wards as existing on 31st March 1958 are shown in Appendix C—5. The proposals for constructing public urinals, particularly in sewered areas, as well as for constructing additional public sanitary conveniences, were under consideration. Due to the difficulties in acquiring suitable sites appreciable progress could not be made in this respect. There were 84 commodes in the Suburban areas of which 69 were in H Ward, 8 in K Ward, 2 in L Ward and 5 in N Ward.

(*a*) 9,320 Gallons of night soil from the latrines was collected daily and removed. The open plots and fields fouled by the public were also cleansed.

(*b*) *Cesspool clearance.*—The number of cesspools existing during the year with their capacities and the quantity of cesspool contents removed is shown in Appendix C—6.

(*c*) *Disposal of night soil and cesspool contents.*—The night soil and cesspool contents were disposed of at the following depots, discharging the contents into the creeks at various points, except for a small quantity used for composting at Ghatkopar during the dry season:—

Bandra Creek.—Bunderwadi Night-soil Depot.
Versova Creek.—Oshivara Night-soil Depot.
Sion Creek.—Sion Night-Soil Depot.
Ghatkopar Creek.—Ghatkopar Night-soil Depot.

In pursuance of the policy of improving the methods of disposal of excrementitious matters, the works of construction of night soil depots with hoppers at the new Purification Works situated at Andheri Versova Road and Khar were almost complete.

(*d*) Special services on payment were continued as under:—

(1) Internal cleansing of privies.
(2) Cleansing of commodes.
(3) Cleansing and removal of contents of septic tanks and privies erected at temporary camps.

IV.—DOG LICENSING AND DOG DESTRUCTION

The work consisted of the licensing of dogs and catching and destroying ownerless and stray dogs. During the year 2,176 licences for dogs were issued and 3,756 dogs were caught and sent to the lethal chamber at

Mahalaxmi *vide* Appendix C—7. The dog van was used for collecting stray and owner-*less* dogs and transporting them to Mahalaxmi. A proposal to purchase a new dog van was sanctioned. Rewards were paid to dog catchers catching more dogs than the number prescribed.

V.—RAT DESTRUCTION

In addition to the staff of 17 scavengers utilised for catching rats and attending to rat pest complaints, the staff consisting of 5 Junior Overseers, 5 Mukadams and 35 rat-biggaries was appointed on temporary basis from the middle of November 1957 to intensify the rat catching operations. The total number of rats caught was 49,663 during the year as per details shown in Appendix C—8. 2,789 complaints were attended.

VI.—REMOVAL AND DISPOSAL OF CARCASSES

The work of removing and disposing of carcasses was entrusted to the Greater Bombay Co-operative Conservancy Society and the Madhvis of the respective villages. 5,272 carcasses were brought at the skinning ground as per details shown in Appendix C—9.

VII.—LABOUR WELFARE

(*a*) *Housing accommodation for the labour staff.*—The work of construction of additional staff quarters at Kurla and Versova was started.

(*b*) *Co-operative Credit Soceity.*—Facilities of the co-operative credit Society were maintained during the year.

(*c*) *Welfare Centres.*—An additional Welfare Centre was opened at the Chembur Quarters during the year. Other existing welfare centres at Kurla, Andheri and Khar worked satisfactorily.

VIII.—INCOME FROM THE CONSERVANCY BRANCH

An amount of Rs. 1.61,669.32 was earned by the Conservancy Branch during the year under report through different sources as stated in the Appendix C—10.

IX.—VETERINARY DISPENSARY, KHAR

The dispensary was taken over by the Corporation from the *Ex*-Bandra Municipality to whom the building was donated by Seth Shri Dayabhai Amersey in memory of his daughter Bai Nandubai in the year 1934 for treating dumb animals.

A Junior Veterinary Inspector was in charge of the dispensary. He also carried out the inspection of the milch cattle stables in H Ward, Bandra. The work of anti-rabic treatment for dogs was carried out at the dispensary.

During the year, 6,805 animals were treated and 75 anti-rabic inoculations were done. The revenue realised was 2,684.00. The details are shown in Appendix C—11.

1957-58	... 1-4-1957 to 31-3-1958	6805	75	2,684.00

CITY ENGINEER'S DEPARTMENT
(Extended Suburbs)

Shri K. B. Carnac, B.E., M.I.E., M.I.C.E., held the office of the City Engineer during the year. Shri E. P. Miscarnhas, B.E., (Civil), A.M.I.E., held the post of Assistant Engineer 1st Grade from 1st April 1957 to 12th March 1958 and Shri D. C. Palekar, B.E., A.M.I.E., from 13th March 1958 to the end of the year.

In pursuance of the Bombay Municipal Extension of Limits Act—1956, the municipalities of Malad, Borivli, Kandivli on the Western Railway, and Mulund on Central Railway side and the Grampanchayats of Dahisar and Goregaon were merged with the Bombay Municipal Corporation with effect from 1st February 1957.

A.—MAINTENANCE OF MUNICIPAL PROPERTIES

1. The total number of properties belonging to the *Ex*-Suburban Municipalities, under the control of this Department during the year was 64 as stated below:—

(*a*) Buildings	...	33
(*b*) Open plots and gardens	...	17
(*c*) Markets	...	4
(*d*) Cremation grounds	...	8
(*e*) Quarries	...	2
Total	..	64

Expenditure incurred on maintenance of the properties amounted to Rs. 10,200.

Special repairs to the extent of Rs. 11,000 were carried out during the year against the sanctioned provision of Rs. 23,000 in Revenue Budget 'F' under "Repairs and maintenance."

B.—MAINTENANCE OF ROADS

2. Out of the total length of about 72 miles of roads included within the Extended City limits, the bituminous roads measuring about 40 miles, metalled roads 20 miles, non-metalled and kutcha roads 12 miles were mainted. The expenditure incurred on their maintenance was Rs. 44,555.

C.—STREET LIGHTING

3. Most of the public streets in the Extended Suburban area are at present lighted with electricity. Incandescent oil lighting is resorted to only in places where electricity is not available. Messrs. Bombay Suburban Electric Supply Ltd., have been entrusted with the work of public lighting in the entire Extended Suburbs, except in Mulund where Thana Electric Supply Co., is operating. The cost of lighting streets both by electric and incandescent oil lamps, 2,012 in number, amounted to Rs. 1,25,000 during the year.

D.—DRAINS

4. There are no underground drains in this area. The open surface drains along the road-side were maintained.

E.—CONSTRUCTION

5. (*i*) *New Works.*—New works estimated at Rs. 1,16,500 were provided for in the Revenue Budget Estimates for 1957-58. All of these works could not, however, be taken in hand due to various unforseen reasons Expenditure booked upto the end of the year was Rs. 48,000.

(*ii*) *Loan Works.*—Loan works estimated at Rs. 11,50,000 were provided in Budget 'F' under Capital Works Loan Funds. The expenditure booked during the year amounted to Rs. 4,00,000.

F.—INSPECTION AND SUPERVISION OF PRIVATE BUILDINGS

6. (*i*) Applications for permission to erect new buildings or for carrying out additions and alterations to the existing buildings pending disposal by the *Ex*-Municipalities prior to the merger were about 1,000. Fresh applications received and disposed of during the year for the erection of new buildings and for addition and alterations to the existing ones were 1,000, 800 being under Section 337, and 200 under Section 342 of the Municipal Act.

(*ii*) With the introduction of Bombay Municipal Extension of Limits Act—1956, strict supervision was maintained over the irregular, unauthorised and haphazard construction of buildings in the Extended Suburbs area. The provisions of the Act were rigidly enforced and prosecutions were launched against the defaulting house-owners. In addition to the prosecutions which were pending in the Presidency Magistrate's Court under the old Rules of the *Ex*-Suburban Municpalities, 77 fresh ones were launched for non-compliance with the requisitions issued under the different sections of the Municipal Act.

(*iii*) About 1,000 notices were issued under different sections of the Municipal Act.

(*iv*) About 300 building completion certificates were received and disposed of during the year.

G.—TOWN PLANNING SCHEMES

7. Prior to the merger, three Town Planning Schemes, one for Malad and two for Borivli, were prepared by the *Ex*-Malad and *Ex*-Borivli Municipalities who had obtained sanction from Government for variations in their original schemes. The details of the schemes were under scrutiny.

H.—GENERAL

8. (*i*) *City survey of the Extended suburban area.*—There are no maps available for the Extended Suburban region excepting Survey sheets drawn to scale of 330 to an inch as a result of a survey undertaken several years ago. These sheets are not upto date and being on a very small scale, are not useful for the purpose of regional

planning. For the proper and orderly development it is necessary to undertake a land survey of this region and prepare maps to the scale of 40 ft. to an inch showing the general topography, character and use of land existing roads, tracks, open drains, wells, private holdings, buildings with the number of floors, public gardens, open spaces, agricultural lands, waste lands etc., These maps would be useful not only in planning the general development but also for the designing the drainage schemes for the Extended suburbs. A reference was made in the matter to the Settlement Commissioner and Director of Land Records.

(*ii*) *Demand for more ammenities.*—Since the merger, the public in Extended Suburbs have been demanding amenities on the lines at present enjoyed by the Citizens of Bombay. It was difficult to make adequate provisions in the Budget 'F' in the initial stages. However provisions were made for essential amenities such as improvements in the existing system of roads in the Extended suburbs, street lighting, etc., on the basis of block estimates and subject to approval of the Works Committee and the Corporation to the detailed plans and estimates.

For the general development of the Extended Suburban area, large funds will be required for the construction of drainage and sewage disposal schemes, new roads, and for improvements in the existing roads, street lighting etc. Widening of some of the existing narrow streets, provision of bituminous surface to all public streets, provision of satisfactory means of draining the storm water during the monsoon, etc., are the problems which require immediae attention.

CONSERVANCY BRANCH

9. The Conservancy work was looked after by the Assistant Municipal Commissioner, with the help of the Sanitary Inspectors of the *Ex*-local bodies. Since 1st March 1958, however, the Conservancy Branch has been separated from the Assistant Municipal Commissioner's office and an independent staff on City lines was allocated for the use of the Extended Suburbs. The work of the Conservancy Branch was looked after by the Assistant Head Supervisosr (Suburbs), with effect from 1st March 1958.

10. Special Halalkhore service at the Engineering Stores Depot, Kandivali, rendered by *Ex*-Kandivali District Municjality, was continued.

11. The main services of the Conservancy Branch comprised of:—
(*i*) Cleansing of roads and open channel drains.
(*ii*) Collection, removal and disposal of refuse.
(*iii*) Collection, removal and disposal of night soil and cesspool contents.
(*iv*) Removal and disposal of carcasses, and
(*v*) Labour welfare.

12. (*i*) *Cleansing of roads and open channel drains.*—All the roads in the area were sewpt and cleaned. The extent of roads attended and the frequency of sweepings is shown in Appendix—1, The total road surface swept was 6,89,914 Square Yards. All the open channel drains were also cleaned.

(*ii*) *Collection, removal and disposal of refuse*:—

(*a*) *Collection and removal.*—House hold refuse and sweepings from roads collected in 318 Municipal dust-bins and 85 unauthorised dumping places was removed. Details are shown in the Appendix 2.

(*b*) *Disposal.*—Out of 13,460 tons of refuse collected, 12,178 tons was utilised for the reclamation of Municipal lands and 1,782 tons was disposed of by incineration as per details in Appendix 3.

13. *Collection, removal and disposal of night soil.*

Collection and removal.—(*a*) There were 6,044 basket privies on 1st April 1957 whereas on 31st March 1958, this number increased to 6,099 as per details in Appendix 4.

(*b*) On an average 3,800 gallons of night soil was removed daily from the latrines and 13,87,000 gallons during the year.

(*c*) *Cesspool clearance*—Details as regards the number of cesspools existing during the year, the cesspool contents removed etc., are shown in Appendix 6.

(*d*) *Disposal of night soil and cesspool contents.*—The night soil and cesspool contents were disposed of at the depots at Kandivali, Borivli and Oshivra.

(*e*) *Public sanitary conveniences.*—One block consisting of 6 seats at Kandivli was maintained. However, the need of providing additonal public sanitary conveniences at various places was stressed and the proposals in regard thereto were under consideration.

(*f*) Special services for cleansing and removal of contents of septic tanks were continued on payment.

14. *Removal and disposal of carcasses.*

The work of removing and disposing of careasses was entrusted to the contractors. In all, 240 animals were removed as per details shown in Appendix 6.

15. (*v*) *Labour Welfare.*

Housing for labour staff.—The existing chawls provided for the Conservancy labour staff at Borivli, Malad, Goregaon and Mulund were found inadequate and therefore proposals were made to build additional ones at Malad and Mulund.

16. *Anti-rat work.*—Few complaints regarding rat-nuisance were received and attended.

APPENDIX—1

Statement showing the foot-paths and open spaces swept, frequency of roads, sweepings etc.:—

Ward.	Twice daily sq. yds.	Once daily sq. yds.	Twice a week sq. yds.	once a week sq. yds.	occasionally sq. yds.	Total.

WATER WORKS (Suburbs)

General.

(1) The Water Works Department in the Suburbs comprise of (*a*) Distribution and Maintenance Branch Western Suburbs, (*b*) Distribution and Maintenance Branch, Eastern Suburbs, (*c*) Construction Branch for Eastern and Western Suburbs. The first two mentioned branches, deal with the distribution and maintenance of water supply in the Suburban Wards, *viz.*, 'H' Ward comprising of Bandra, Khar, Danda, Santacruz, and Kalina, 'K' Ward comprising of Juhu, Vile Parle, Andheri, Marol, Versova, Jogeshwari and Majas, 'L' Ward comprising of Kurla, 'M' Ward comprising of Chembur and Trombay, and 'N' Ward comprising of Ghatkopar Vikhroli and Bhandup. The construction branch deals with the laying of water mains and other construction works including the works carried out by contract.

DISTRIBUTION OF WATER SUPPLY IN THE SUBURBS

Trunk mains feeding suburbs.

(2) The Suburbs are supplied water by gravity from the three lakes—Tansa, Vehar, Tulsi through several tapping points from the trunk mains. The position of the tapping points, and the alignments of the trunk mains are shown in the drawing under Appendix "I".

Water is supplied throughout the 24 hours, except to certain elevated areas in the Western Suburbs, like Bandra Hill and Pali Hill, which receive water for about 9½ hours from 4-0 a. m. to 7-30 a. m., 3-0 p. m. to 5-0 p. m. and 9-0 p. m. to 1-0 a. m. as per Appendix 'III' and in the Eastern Suburbs the area beyond Panjrapole on Sion Trombay Road, which receives water for about 12 hours.

For distribution purposes, the Suburbs are divided into two zones, *viz.*, the Western and Eastern Suburbs. The supply from 24" Tulsi main is closed on the Middle Sluice Valve at Marol and reserved for Aarey Colony and Madh Malad area. Supply to the remaining portion of the Western Suburbs is made through the 24" Tulsi Main by feeding it from 57" West main at Bandra and from direct connections from the 57" Tansa West main, the total average daily supply for Western Suburbs being 14.00 million gallons. The Eastern Suburbs are supplied water through the tappings on the 72" West Main, Duct line, 48"> 32"> 24" Vehar Main and 48" Old Tansa Main, the total average daily supply being 12.00 million gallons.

Quantity of water supply.

(3) 9,490 million gallons of water were supplied to the Suburban areas during the year as per details given below:—

(*a*) Domestic and Government properties	...	3,846	million gallons.
(*b*) Industries	...	1,956	Do.
(*c*) Construction works	...	463	Do.
(*d*) Squatters' Colonies at Jogeshwari and Mankhurd	...	111	Do.
(*e*) Free Stand Pipes	...	362	Do.
(*f*) Stand Pipes on payment	...	106	Do.
(*g*) Benevolent Institutions	...	82	Do.
(*h*) Slaughter Houses and Markets	...	45	Do.
(*i*) Municipal properties including gardens etc.	...	513	Do.
(*j*) Wastage and unaccountable losses	...	2,006	Do.
		9,490	Do.

Number of connections.

(4) The particulars of the connections made during year are given under Appendix 'II' The total number of new connections granted was 948, as against 833 granted last year.

In order to prevent the misuse of facilities granted for the provision of stand-pipes at compounded rates, rules were framed, restricting such stand-pipes being given only incase of under-developed areas included in List II of Schedule FF of the Bombay Municipal Corporation Act. In all other cases, metered standpipes were given for groups of families of not less than 20 families on meter measurement.

The total number of stand pipes in the Suburbs was 384 of which 142 were for gratuitous use of public and the remaining were on payment.

Short supply complaints.

5. The number of short supply complaints received and attended to during the year was 1,472. In many cases, the complaints were due to inadequate sizes of connections, absence of connections, and manipulations of supply by the land lords. As a public notice was given under the provisions of Section 141(*b*) of the Bombay Municipal Corporation Act, that, sufficient water was available from the Municipal Water Works for furnishing a reasonable supply to all the premises within 500 feet of the Municipal Water Works throughout the Suburbs, the land lords were in suitable cases, issued notices under Section 271(2) to obtain adequate water supply to their premises from the Municipal Water Works, provided the tenants agreed to bear the water charges. Alternatively, the tenants were allowed to obtain a private supply of their own, under Section 276 of the Bombay Municipal Corporation Act, subject to their signing a Memo of Conditions prescribed by the Municipal Commissioner.

Disconnection orders.

6. 1,139 Disconnections orders were issued with the approval of the Standing Committee, of which, only in 96 cases the connections were cut off for non payment of water dues and for other reasons. Out of these, 69 connections were restored, after the Municipal dues were paid. The remaining 1,043 disconnection orders were not executed, as the dues were paid by the parties concerned before the orders were executed. In addition to this, 22 disconnections were made because of defective fittings under Section 278(2) and 279(1) of the Bombay Municipal Corporation Act.

Notices and Courtcases

7. 1,039 notices were issued for defective fittings under Section 278(2) of the Bombay Municipal Corporation Act, and in 32 cases, the owners failed to carry out works within the notice period and prosecutions were launched, resulting in 9 convictons, and in 9 cases the accused were warned and discharged. There were 5 acquittals, and 9 cases were pending disposal by the end of the year. The amount of fines recovered was Rs. 72.

MAINTENANCE WORKS

Pumping Sets.

8. The Pumping Sets, at Malla, Bandra Hill, Andheri Naka, Jogeshwari and Ghatla were maintained at a total cost of about Rs. 30,450. The hours of pumping at each of the above stations are shown in Appendix No. 'III.' The pumping set at Andheri Naka was not worked from 25th February 1958, since the 24" main in Central Salsette Tract Road was laid and put into commission.

Maintenance of water mains stand pipes and wells.

9. 141.34 miles of water mains of sizes varying from 3" to 36" were maintained during the year. There were 74 bursts as per details given under Appendix 'IV.' In addition, a few heavy leaks were observed on the mains, which were repaired promptly. 2,556 works pertaining to chokes in service pipes and repairs to communication pipes, fire-hydrants, road boxes, etc., were attended to. The above works were carried out at a total cost of Rs. 93,095.

Stand pipes and wells.

10. 142 Public stand pipes and 76 wells were maintained during the year at a cost of Rs. 1,841 and Rs. 1,037 respectively. About 362 million gallons of water was supplied gratuitously to the public through these stand pipes.

Testing of water fitt ings.

11. The work of testing galvanised iron pipes and galvanised iron fittings such as couplings, bends, tees, elbows, etc., brass and gunmetal fittings such as stop taps, bib taps, etc., and water closet cisterns were carried out during the year at the Water Works Office at Ghatkopar. The total number of such pipes and fittings tested was 26,227 and 122,976 respectively. The revenue derived rom the testing of pipes, fittings, etc., sent by private parties amounted to Rs. 19,386.21.

METERS

Testing, repairs and Overhauling of meters.

12. There is a Meter Workshop in the Suburbs at Ghatkopar where meters are tested, cleaned, overhauled and repaired. 1,031 Municipal and Private meters of different sizes were tested during the year at Ghatkopar and Bandra Testing Workshops of which 263 meters (Municipal and Private) were tested at the request of the owners, and the remaining were received for periodical test. The revenue derived from the testing of water meters amounted to Rs. 5,905. In all 2,752 Municipal meters were repaired and 7 private meters were overhauled during the year. 8,784 Municipal meters were maintained during the year at a cost of Rs. 39,708. In additon to this, there were 4,555 private meters on the connections, which were maintained by the private parties. About 336 connections were without meters on account of non-availability of sufficient number of meters.

Purchase of new mters

13. From the provision of Rs. 5,87,807 made in the Budget Estimates for 1957-58, under Plant and Machinery from Special Funds, 2,800 meters of sizes varying from ½" to 16" were ordered out.

Revenue from meter hire and from sale of water.

14. The total revenue derived during the year from meter hire was about 1,26,175.42 and that from the supply of water for all purposes by meter measurement was about Rs. 48,64,257.89. In addition to this, an amount of Rs. 2,65,054.83 was recovered as compounded charges.

CONSTRUCTION BRANCH

Laying new mains.

15. For improving the water supply to the Suburbs, about 22.37 miles of water mains of different sizes ranging from 3" to 30" were laid during the year as per aprticulars given in Appendix 'V'.

Works carried out on behalf of other Depart ments.

16. The work of laying a 4" water main for a length of 1,254 Rft. in Azad Lane, Vile Parle and the work of shifting 3" water main in Kherwadi, East of Khar, were carried out on behalf of the City Engineer's Department.

Works carried out of behalf of private parties.

17. A 6" water main for a length of about 200 Rft. was laid at Jogeshwari on behalf of the private party (Jogeshwari Estate).

Works carried out for Village Amenities.

18. Four works as shown in Appendix 'VI' were carried out from the Village Amenities Fund.

Works for implement ing Master Plan for Water works.

19. The following works were included in the first stage of Master Plan in the Suburbs.

	Particulars of work.	Estimated cost.
		Rs.
1.	Laying 24" connection off 24" Tulsi main at Bandra ...	1,76,770
2.	Laying 24"> 18" <24" cast iron main in Central Salsette Track between Sahar and Andheri...	7,27,807
3.	Laying 18" Cast Iron main in Sion Trombay Road for a length of 5 miles ...	12,99,260
4.	Laying 36" steel main off 24" Tulsi main at Khar Railway Station upto Pali Hill ...	8,93,640
5.	Laying two 24" dia. water mains in Linking Road and Pali Danda Road and Hill Road which will later on serve as outlets from Pali Hill Reservoir ...	14,33,980

Of the above works, those under items 1 and 2 were completed during the year under review for improving the supply of 'H' and 'K' Wards respectively. The work under item 2 was considerably retarded due to non-availability of Cast Iron Pipes and Specials and also due to difficulties in crossing across the Railway Tracks. Regarding item 3, 4,700 Rft. of Hume Steel Pipes were laid during the year under review. The work is in progress. The Steel Pipes for 36" steel main at Khar were fabricated departmentally during 1957-58 and the work will be completed during the year 1958-59. The Work under item 5 could not be taken in hand due to non-avail ability of steel. An order for the steel has been placed and it is anticipated that the plates will be received during 1958-59.

WATER WORKS DEPARTMENT

(EXTENDED SUBURBS)

General

On 1st February 1957, the Extended Suburban Area was merged with the Bombay Municipal Corporation. On 26th March 1957, one Assistant Engineer, Water Works, was appointed to look after the distribution of water with a skeleton staff. As the work progressively increased, staff as per Appendix I was appointed from 1st March 1958.

The Water Works Branch in the Extended Suburbs is divided into two Sections :—

The Western Section dealing with the Distribution and Maintenance for the Suburban Towns of Goregaon (including Aarey Colony) and Malad (included in 'P' Ward) and Kandivli, Borivli, Dahisar and the surrounding villages (included in 'R' Ward) and

The Eastern Section, dealing with the Distribution and Maintenance for Mulund Area. (Included in 'T' Ward).

DISTRIBUTION OF WATER SUPPLY IN THE EXTENDED SUBURBS

Sources of Supply.

The water supply for Kandivli, Borivli, Dahisar and the outlying villages is mainly through wells and the other areas get their water supply partly through wells and partly through the water mains. The water mains were drawing supply from the following sources before the merger :—

(a) Western Extended Suburbs

(*i*) 8" Malad-Madh-Marve Military Main laid by the Military in 1943 under an Agreement with the Bombay Municipal Corporation for supply of water under Section 288 of the Bombay Municipal Corporation Act.

(*ii*) 8" and 12" Goregaon Main laid by the Public Health Engineer to the Government of Bombay, along Andheri-Marol Road and Ghodbunder Road. The supply was given under Section 288 of the Bombay Municipal Corporation Act.

(*iii*) The Public Stand Pipes fed by bore-wells.

(*iv*) Public wells containing potable water.

(b) Eastern Extended Suburbs

(*i*) 15" Main with 9" Tapping from the 72" Tansa Mains at Mulund laid on behalf of the *Ex*-Mulund Municipal Borough by the Public Health Engineer, Government of Bombay, who took the supply from the Bombay Municipal Corporation under an agreement under Section 288 of the Bombay Municipal Corporation Act. The Public Health Engineer had laid distributary and service mains in certain roads of Mulund Town.

(*ii*) 4" Connection given to Messrs. Asbestos Cement Company Ltd. at Mulund, directly from the two 72" Tansa Steel Mains. This connection was given through the Public Health Department, Government of Bombay, under an Agreement under Section 288 of the Bombay Municipal Corporation Act.

THE PRESENT POSITION WITH REGARD TO WATER SUPPLY IN THE WESTERN AND EASTERN PARTS OF THE EXTENDED SUBURBS IS AS UNDER.

A—Western Extended Suburbs

(*a*) The 8" Malad-Madh-Marve Military Main serves Goregaon, Malad and Madh Islands and was primarily given for giving supply to the Military Installations during the war viz., Chief Ordinance Depot, Kandivli, I. N. S. 'HAMLA' and other Military Installations on the Marve-Madh Island. The Main was handed over by the Military to the Public Health Engineer, Government of Bombay after the last War for the purpose of maintenance. But in 1955, the same was handed back to the Military Authorities by the Public Health Engineer as he did not find it economical to maintain the same at the rates, the Municipal Corporation were charging the Military Authorities on meter measurement.

(*b*) The 8" <12" Goregaon Main was laid for the Government Colonies at Goregaon and Versova.

(*c*) There are 74 Stand pipes in Malad where supply is given by coupons. This system is now discouraged and we are now giving metered supply to the Tenants' Associations for distribution of water.

(*d*) During the last hot weather in the month of March 1957, there was acute shortage of water supply in the Western Extended Suburbs and with the help of the Social Workers, 17 Storage Tanks were constructe in different localities. These Tanks were filled up by employing four mobile trucks fitted with pumping set driven by petrol engines to draw water from the hydrants into the mobile tanks and to pump it back into the 17 stationary tanks.

(*e*) In Goregaon Area, there are 13 Public Stand pipes in charge of the Gram Panchayat where the supply is given free of cost. 37 Metered connections were given by the Government of Bombay to private consumers in Goregaon before the merger and the same were handed over to the Department from 1st October 1957.

(*f*) In Akurli Village of Kandivli and Babhai Village of Borivli, the residents get water from public stand pipes fed by bore-wells. Water from these stand pipes is given free of cost.

B—Eastern Extended Suburbs

Supply is available in the Eastern Extended Suburbs at high pressure in view of the close proximiy of the 72" Tansa Mains and the advantage of it was taken by the residents by taking metered connections.

Tariff

Formerly, the rate of supply was Rs. 3.87 per 1000 gallons and the same was revised to 0.75 nP. per 1000 gallons to give relief to the Suburban Residents and also to bring the changes on City lines. As the water-charges rates were reduced, the consumption has increased proportionately.

ORIGINAL PROPOSAL OF PUBLIC HEALTH ENGINEER GOVERNMENT OF BOMBAY FOR REVISING WESTERN AREAS OF EXTENDED SUBURBS.

Augmentation and Improvement of Water Supply in Western portion of Extended Suburbs.

Originally, the Government of Bombay had prepared a scheme for tapping the Tulsi Lake. About 2 m.g. of water were to be supplied initially through a 27″> 24″> 18″ Main laid along the new road constructed by the Government, leading from Aarey Colony to National Park at Borivli. Later on, the whole of the Tulsi Lake was to be taken over by the Government for the Extended Suburbs and a quantity of 4 m.g.p.d. was to be supplied to this area. The Scheme was, however, abandoned on account of the merger of the Extended Suburbs with Greater Bombay.

Alternative Source of Supply.

The 27″> 24″> 18″ Main at Ghodbunder Road will serve as a feeder main for the Western Suburbs from Goregaon to Borivli and will be fed at present from the 24″> 18″ Main in Central Salsette Track. This main is reserved in the Master Plan for water supply for Andheri and Juhu Vile Parle Area, which is now fast developing. It is, therefore, necessary from now on to investigate the possibility of a nearer source of supply for the Goregaon-Dahisar Areas. A Preliminary Survey is being carried out for investigating the possibility of providing a dam on Dahisar River.

Augmentation of Supply in Eastern Extended Suburbs.

In the Eastern Suburbs at Mulund, more service mains are being laid. The existing 15″ tapping is adequate for the Mulund town except for the industries which have lately come up along the Bombay Agra Road, away from the 15″ tapping. To serve these industries, the existing 12″ Main in Bombay Agra Road, which now ends in Bhandup is proposed to be extended to join with 15″ Main at Mulund.

Quantity of Water Supplied.

1258 Million gallons of water were supplied to the Extended Suburban Areas during the year as per the details given below:—

Particulars	Western	Eastern	Total in m. g. s.
(1) Aarey Colony (Metered)	730	.....	730
(2) Domestic purposes (Metered)	186	81	267

PUBLIC WELLS, STAND PIPES AND CONNECTIONS

Wells.

There are 71 Public Wells of potable water supply in the Extended Western Suburbs and their locations are as under:—

Goregaon	Malad	Kandivli	Borivli	Dahisar	Mulund	Total
2	9	9	28	13	10	71

Stand Pipes.

There are 136 Public Stand-pipes in the Extended Suburbs as follows:—

Locality	No. of Stand-pipes	Remarks.
Malad	71	The total quantity of 30 Million gallons were supplied through the stand-pipes in Malad area on coupons and an income of Rs. 21,325 was received therefrom.
Goregaon	13	Free of charge.
Kandivli	3	Free of charge.
Borivli	1	Free of charge.
Mulund	48	Free of charge.
	136	

Number of Connections.

No additions were made to the Public Stand-Pipes during the year. 35 Connections granted by the Public Health Engineer, prior to merger, in Goregaon West, were taken over by the Municipal Corporation from 1st October 1957. 23 Metered Stand-pipes were given to the Tenants' Association for distribution of water. The particulars of connections made during the year are given in Appendix II.

Short Supply Complaints.

The Municipality has not given individual connections in the Western Extended Suburbs due to in adequate size of the Mains, consequetly there were no individual complaints for short supply of water However, several complaints were received from the people in the form of demonstrations (Morchas) and several written complaints from the Associations or short supply of water. This was due to early drying up of wells in Summer. In the Eastern Extended Suburbs there were 52 complaints for short supply.

Notices and Court Cases.

18 Notices were served for defective fittings under Section 278(2) of the Bombay Municipal Corporation Act. No prosecution was launched as the owners complied with the Notices.

MAINTENANCE WORKS

Pumping Sets.

The 2 Pumping Stations at Kandivli and Borivli were maintained during the year. The Pumps worked for 8 hours in normal season and 16 hours in hot season.

Maintenance of Water Mains.

12 Miles of Water Mains of sizes, varying from 1" to 15" were maintained during the year. 3 Fire-call in the Western Extended Suburbs were also attended to. Well water was used be cause pipe water was not introduced in this area.

METERS

A provision of Rs. 20,000 was made in the Budget Estimates for 1957-58. Out of this provision, 120 meters of sizes varying from ½" to 8" were ordered out and 113 meters were maintained, during the year. In addition to this, there were 61 private meters on the connections which were maintained by private parties.

Revenue from Meter Hire and from Sale of Meter.

The total revenue derived during the year from meter hire was Rs. 350.00 and that from the sale of water for all pruposes by meter measurement was Rs. 11,770.00. In addition to this, an amount of Rs. 3,574.80 was recovered as compounded charges.

Expenditure.

The Expenditure incurred for the Water Works Section of the Extended Suburbs was as under:—

		Rs.
1. Establishment including Dearness Allowance	...	20,620
2. Repairs and Maintenance	...	16,409
		37,029

CONSTRUCTION BRANCH

Pipe laying Works in Extended Suburbs.

For improving the water supply to the Extended Suburbs, about 6.42 miles of water mains varying in sizes from 4" to 18" were laid as shown in Appendix III. In addition to the laying of these Cast Iron Water Mains, 9,900 Rft. of galvanized Iron Pipes of sizes 1" and 2 were laid in lanes and by lanes of the Extended Suburbs.

Before the merger of the Extended Suburbs, the Government had a Scheme for laying water mains of sizes 18", 25" and 27" in Ghodbunder Road from Oshivra Bridge to Dahisar and the pipes for this Scheme were already purchased by the Government. The Municipal Corporation took over these pipes from the Governmen at a cost of Rs. 14,000, 00.

Laying 24" > 18" Central Salsette Main.

Immediately after the Merger, the question of augmenting the supply to the area from Goregaon to Dahisar was taken up. A 24" tapping on the 24" Tulsi Main was made near Sahar and water mains of a length of 5000 r.ft. each of 24" and 18" diameter were laid in the Salsette. The feeder main was connected to 30" main in Ghodbunder Road near Juhu Lane, *viz.*, Lallubhai Park at a cost of Rs. 7,27,807. The work was commenced in April 1957 and was completed in February 1958. Simultaneously 4000 r. ft. of 30" > 24" water main was laid along Ghodbunder Road from Juhu Lane (Andheri) upto Jogeshwari Naka. This work was expeditiously carried out to feed the 18" < 24" < 27". Trunk feeder main of the Extended Suburbs beyond Jogewhwari Naka.

The work of laying the 18" Trunk Feeder main, service and distributary mains, North of Oshivra Bridge (in the Extended Suburbs) was taken in hand from December 1957 and about 4500 r. ft. of pipes have been laid in a short period of 90 working days.

SURVEY

HYDRAULIC ENGINEER
BOMBAY MUNICIPAL CORPORATION

Assistant Superintendent of Licences (Subs.)

Shri N. S. Kharkar, B.A., was in charge of the Department from 1st April 1957 to 9th September 1957 and Shri N J. Alvares, M A., LL.B.' from 10th September 1957 to 31st March 1958.

LICENCE SECTION.

The total number of licences renewed and issued fresh under Sections 394 and 412-A and permits under Sections 390 and 393 of the Bombay Municipal Corporation Act during the year 1957-58 was 5,039 and 739 respectively and the fees realised therefrom amounted to about Rs. 1,90,046·26 nP. 370 licences were transferred during the year under report and the fees realised therefrom amounted to Rs. 1,160.00. These figures compare with those for the preceding two years as follows :—

Particulars.	Number of Licences and Permits.				Amount of fees realised.		
	1955-56	1956-57	1957-58		1955-56	1956-57	1957-58
			Licences renewed.	Fresh Licences.	Rs.	Rs.	Rs.
(1) Commodities and Trades (Sec. 394).	5,642	5,727	4,821	639	1,88,605.00	2,26,164.00	1,73,529.76
(2) Blowing Steam Whistles (Sec. 393)	...	2	1	1	...	260.00	80.00
(3) Milk Products, Ghee Butter (Sec. 412-A).	228	224	206	15	1,546.00	1,638.00	1,305.00
(4) Factories ... (Sec. 390).	42	155	11	84	4,301.00	10,563.00	15,131.50
(5) Transfer of licences under Sec. 394 and 412-A.	380	346	370	...	1,202.00	1,079.00	1,160.00
Total ...	6,292	6,454	5,409	739	1,95,654.00	2,39,704.00	1,91,206.26

The amount held in deposit account as Licence Fees outstanding as on 31st March 1958 was Rs. 40,742.73 nP. in respect of 333 licences. Loss of revenue incidental to the disuse or demolition of old licenced places or the diversion of their user for the trades not requiring Municipal Licences amounted to about Rs. 4,612.50nP.

Miscellaneous receipts amounted to about Rs. 496.50 nP.

The procedure of renewing the licences during the month of April was continued during the year under report also.

The new form of licence introduced since 1st April 1956 containing provision for endorsing renewals thereon for 5 years was found to be very suitable as it dispensed with the labour of issuing fresh licence forms every year.

ADVERTISEMENT SECTION.

The total number of permits for avertisements issued during the year under Section 328 and 328A was 59 and the revenue derived therefrom came to about Rs. 45,692.82nP.

These figures compare with those of the preceding two years as follows :—

Particulars.	Number of Permits.			Amount of fees collected including composition.		
	1955-56	1956-57	1957-58	1955-56	1956-57	1957-58
				Rs.	Rs.	Rs.
(1) Wall Posters, Hoardings and Boards.	405	365	606	15,741.00	17,985.00	27,072.65
(2) Moveable Boards and Hand Carts.	22	14	41	893.00	534.00	1,465.00
(3) Illuminated Advertisements and Sky-signs.	120	66	118	7,289.00	5,338.00	7,956.70
(4) Non-illuminated Skysigns.	169	128	194	9,801.00	6,280.00	9,198.47
(5) Wall Paintings ...	5	8	...	234.00	210.00	...
Total ...	721	581	959	33,958.00	30,347.00	45,692.82

Besides advertisement fees, ground rent in respect of advertisements displayed on Municipal Properties was collected by this Department, and a sum of Rs. 7,935.00 nP. received during the year under report was accepted in deposit pending adjustment, as compared to deposits of about Rs. 9,664.00 nP. received durnig the last year.

HAWKERS.

Licences under Section 313 and 313-A.

The total number of hawkers' and squatters' licences issued during the year was about 436 and the fees realised therefrom amounted to about Rs. 45,334.17 nP. and the Removal charges recovered under Section 490, amounted to about Rs. 10,249.27nP. These collection figures compare with those of the last preceeding two years as under :—

Particulars.	Number of licences issued.			Amount of fees collected.		
	1955-56	1956-57	1957-58	1955-56	1956-57	1957-58
				Rs.	Rs.	Rs.
(1) Squatter fees collected in Reserved Areas under Section 313.	2,526	2,325	2,222	40,334.00	35,652.00	34,393.75
(2) Fees received from itinerant hawkers' licences under Sec. 313A	1,500	1,725	1,824	8,156.00	10,229.00	10,940.42
(3) Recovery of expenses (under Sec. 490 for removal of encroachments under Sec. 314).	2,303*	3,463*	2,764*	6,729.00	10,629.00	10,249.27
Total ...	6,329	7,563	6,810	49,963.00	55,219.00	55,583.44

* Items removed.

The system of issuing photofolders was introduced last year to facilitate the identification of the squatters.

The number of prosecutions for offences against the provisions of Sections 394, 328 and 328A launched during the year under report and the results thereof, as compared with those of the preceding two years, are as under :—

Year.	Offence under Section.	No. of cases pending in Court on 1-4-1957	Total No. of cases launched.	No. of cases withdrawn on compliance with law.	No. of cases resulted in conviction.	Amount of fines inflicted.	No. of cases resulted in acquittal.	No. of cases pending at the close of the year.

The total revenue of the Licensing Section is about Rs. 2,92,979.02 nP

SHOPS AND ESTABLISHMENTS SECTION.

928 establishments were registered during the year under Section 7 of the Bombay Shops and Establishments Act, 1948, and the total number of establishments registered at the close of the year was 12,883.

Complaints.—During the year under report 120 complaints were received and 4 complaints were pending investigation at the beginning of the year. Out of these 122 complaints were disposed of leaving 2 complaints pending at the end of the year.

Mass-Raids.—103 Mass Raids were arranged during the year, out of which 69 were 'Day Raids' and 34 were 'Night Raids'. The raids were arranged with a view to check up the weekly closing days of Shops etc., employment of young persons before and after the prescribed hours as well as to check the opening and closing hours of shops and to see whether the prescribed registers and records were properly maintained by the employers.

Visits and Re-visits.—The number of visits paid to the establishments was 14,823 as against 18,066 in the previous year.

Prosecutions.—61 cases were pending at the beginning of the year and 605 new prosecutions (including 5 Revived cases) were launched as against 650 filed in the previous year. Out of these 548 cases resulted in conviction. One case was admonished and discharged and one more was warned and discharged. Two cases were withdrawn and six cases were kept on Dormant File. The number of cases pending at the end of the year was 103.

Fines.—The total amount of fines inflicted amounted to Rs. 14,77[illegible].00 as against Rs. 16,620.00 of the previous year.

Government has sanctioned Rs. 16,605.00 by way of grant-in-aid as against a total expenditure of about Rs. 62,292.00.

Registration Fees.—Registration fees realised during the year under report were about Rs. 1,843.72nP. as against Rs. 2,424.00 in the previous year.

THEATRE TAX.

The following rates of Theatre Tax were sanctioned by the Corporation for the year under report *vide* their Resolution No. 1546 dated the 28th January 1957.

Rates of Theatre Tax.

Type of Entertainment.	Rate of Tax.	Rate of Tax, if payment for a whole month is made within the first five days of the month
(1) Class I Cinema Theatre ...	Rs. 10 per show	... Rs. 8-12-0 per show.
(2) Class II Cinema Theatre	Rs. 7 per show	... Rs. 5-10-0 per show.
(3) Drama, Concert, Variety Entertainment or Tamasha.	Rs. 7 per show	... Rs. 5-10-0 per show.
(4) Circus, Carnival or Fete ...	Rs. 10 per day.	... Rs. 8-12-0 per day.
(5) Any other Entertainment ...	Rs. 7 per show, if there are no separate shows Rs. 7 per day	Rs. 5-10-0 per show or if there are no separate shows Rs. 5-10-0 per day.

There were 14 Class II theatres only in the Suburban Area and the receipt of Theatre Tax from them was mostly regular. Theatre Tax was also collected from stray performances etc., where admissions were on payment, whereas cinema shows, dramas, etc., were granted exemptions when held in aid of charitable institutions. The total Theatre Tax collection amounted to Rs. 98,761.31 nP. and a further sum of Rs. 3,850.00nP. was held in deposit pending adjustment.

PAYMENT OF WAGES ACT, 1936.

The provisions of this Act were made applicable from 1st April 1955 to establishments governed by the Bombay Shops and Establishments Act, 1948, by Notification No. 729/48 of 3rd March 1955. Staff consisting of one Junior Inspector and one Clerk appointed for the administration of this Act in the Suburbs was continued during the year under report. 59 complaints were received during the course of the year in addition to 3 pending at the end of the last year of which 61 were disposed of, mostly by bringing about compromises between the employers and the employees and the claims of the complainants were settled amicably. One case was required to be filed before the authority under the Payment of Wages Act, which was finally decided and the employer was directed by the authority to pay the complainants their dues in full. Only one case remained pending at the close of the year.

LICENCE DEPARTMENT (Extended Subs.)

With the integration of the Extended Suburbs from 1st February 1957, the work of the Licensing Department was in its initial stages looked after by Shri S. G. Redkar, Assistant Municipal Commissioner. till 31st October 1957. From 1st November 1957, Shri N. J. Alvares, Assistant Superintendent of Licence (Suburbs), was entrusted with the work of Licensing Department in the Extended Suburbs.

Licence Section.

In the Grampanchayat areas of Goregaon and Dahisar, there was no licensing system prevalent at the time of merger. In the *Ex*-Municipal areas of Borivli, Kandivli, Malad and Mulund the only licensing system prevalent was for eating houses, hotels, aerated water shops and pan shops etc.

The notification making the rates applicable as per Schedule 'M' of the table of licence fees to this area from 1st July 1957 was published by the Assistant Municipal Commissioner on 1st June 1957. The total revenue realised under Sections 394 and 412-A was Rs. 4,624.50 nP.

The procedure of granting new licences was taken up with the approving authorities only at the fag end of the year on account of the time spent on preliminary arrangements.

Advertisement Section.

The existing boards, hoardings, etc., under the Extension of Limits Act of 1956 were exempted under Section 328-A. Recoveries in respect of new advertisements were, however, effected which amounted to Rs. 192.00.

HAWKERS

Licences under Section 313, 313 A and 314.—There was no system of removal of encroachments on public streets in the merged areas. However, it was introduced during the year under review and action taken whenever possible resulting in realisation of redemption charges to the tune of Rs. 373.00.

Similarly prior to merger, there was no system of issuing squatters' and Roving Hand Cart Licences as required under Section 313 and 313-A. The question of creating Reserved Areas and issuing of Roving Hand Cart Licences was under active consideration and had reached a final stage at the close of the year under report.

Recoveries in respect of stallage charges were made at the old rates of the *Ex*-Municipalities upto 28th February 1958 by the Assistant Superintendent of Markets (Suburbs) and thereafter till 31st March 1958 by this department, which amounted to Rs. 1,473.50 nP.

The number of prosecutions for offences against the provisions of Section 394, launched during the year were eleven, which were subsequently withdrawn on payment of the licencee fees..

Shops and Establishments Section

By Bombay Act LVIII of 1956, the area formerly comprising of the Municipalities of Malad, Kandivli, Borivli and Mulund and the Grampanchayats of Goregaon and Dahisar and 34 Villages mentioned in the Schedule to the Act were on 1st February 1957 merged in the jurisdiction of the Greater Bombay Municipal Corporation. Prior to the date of merger, the Shops and Establishments Act was applicable to three *ex*-Municipal areas only *viz.*, Malad, Kandivli and Borivli. The Act was, however, made applicable to the remaining areas also from the date of merger.

The total number of Shops and Establishments etc. registered under the Act at the close of the year was 4,313.

Complaints.—With the passage of time, the employees have become aware of the benefits to them under the Bombay Shops and Establishments Act and Payment of Wages Act and approached the authorities for the redress of their grievances. As many as 21 complaints were received during the year under report of which 15 were disposed of leaving 6 pending at the close of the year.

Mass Raids.—Eleven Mass Raids were arranged during the year to check up the weekly closing days of Shops etc.; employment of young persons beyond prescribed hours and also to check up the opening and closing hours of establishments and so on.

Visits and Revisits.—The number of visits and re-visits paid to the establishments etc. was 2,919 till the end of the year under report.

Prosecutions.—Of the nineteen cases of prosecutions launched, 17 resulted in conviction and in one case, the party was acquitted leaving only one case pending at the close of the year.

Fines.—The total amount of fines inflicted amounted to Rs. 650.00.

Registration Fees.—The registration etc. fees received during the year under review amounted to Rs. 2,986.70 nP.

Payment of Wages Act, 1936.

The provisions of this Act were made applicable to the establishments governed by the Bombay Shops and Establishments Act, 1948. Staff consisting of one Inspector and one Peonwas appointed for the administration of this Act. Nine complaints under this Act were received till 31st March 1958 of which 6 were disposed of mostly by bringing about compromises amongst the contending parties. Thus only 3 complaints remained pending at the close of the year.

Theatre Tax

There were eight 2nd Class Cinema Theatres in the Extended Suburbs. Theatre tax was collected at the old rates prevalent in the *ex*-Municipalities till 31st March 1958. New rates sanctioned under Corporation Resolution No. 1543, dated the 31st January 1958 were made applicable to this area from 1st April 1958. Efforts to collect the Municipal Revenue from this sources yielded Rs. 23,293.75 nP.

MARKET DEPARTMENT (Suburbs)

Shri V. G. Sukhatankar, B.A., was incharge of the office of the Assistant Superintendent of Markets (Suburbs) during the year.

The total receipts of the department amounted to Rs. 5,78,216.13 as against Rs. 4,99,507.39 in the previous year showing an increase of Rs. 78,708.74 over the previous year.

There were 16 Municipal and 2 Private Markets. The particulars of each market with regard to the number of stalls, revenue and expenditure etc., as compared with those of the previous year are given in Appendix 'A'.

Licence fees of the two private Markets *viz.*, Bharucha's Private Market at Vile Parle and Asgarali Private Market at Kurla, have been recovered for 1957-58.

The number of Municipal slaughter houses functioning during the year was five. The total number of animals slaughtered, Fees recovered from each slaughter house is shown in Appendix 'B'.

The total number of animals brought for slaughter at different slaughter houses in the suburbs and the number of animals rejected as unfit on ante-mortem and post-mortem examinations as compared with those of the previous year are as follows:—

Year	Animals brought for slaughter at different slaughter Houses.			Animals rejected as unfit on ante-mortem examination.		
	Buffaloes.	Cows and Bullocks	Sheep and Goats	Buffaloes	Cows and Bullocks	Sheep and Goats
1957-58 ...	4,848	632	77,729	114	121	1,279
1956-57 ...	4,850	628	75,135	355	151	994

The principal causes of ante-mortem rejection were cystecercusbovis, sheep-pox, foot and mouth diseases, emaciation and pregnancy and those of post-mortem condemnation were liver flukes, abscesses and bruises.

The approximate weight of dressed meat of buffaloes, Cows and bullocks was 1,138 tons and that of sheep and goats was 694 tons.

The total meat destroyed at Kurla slaughter House was 2.09 tons during the post-mortem examination.

The following improvements were made in the Municipal Markets during the year:—

(1) Expanded metal was provided to the slaughter house at Chembur.

(2) The roof of Chembur Market was oil-painted.

(3) Four gates were provided in the existing entrances to the compound of Andheri Market.

(4) Platforms, in fish section were provided at Andheri Market, Andheri.

(5) The work of Rewiring electric installation at Bandra Town Market was completed.

(6) Sheds were provided over vegetable squatters' spaces at Town Market, Bandra.

(7) A Cement concrete plat-form was provided outside fish section of Town Market, Bandra.

All the Markets and slaughter houses were regularly inspected and a strict supervision was exercised with regard to sanitation of the places and wholesomeness of the articles of food offered for sale. Unwholesome articles of food such as fish, fruit, vegetables etc., in different markets and slaughter houses weighing 48,248 lbs. were destroyed during the year. The total meat destroyed was 9251.5 lbs. as against 8,389 lbs. during the previous year.

In all 97 raids were carried out for detecting unauthorized slaughter and sale of animals in the Suburbs In all 73 cases were filed out of which 72 cases resulted in conviction and one case is pending decision. The total amount of fines inflicted was Rs. 2,330. The total amount realized by auction sale of confiscated animals and skins was Rs. 1,100.23.

The amount realized during the year under different items of revenue, has been shown in Appendix 'C'.

V. G. SUKHATANKAR,
Asstt. Superintendent of Markets (Subs.)

MARKETS DEPARTMENT (Extended Suburbs)

The Market Department as such was started on 1st November 1957 and Shri V. G. Sukhtankar, B.A., was in charge of the same since then till the end of the year. Prior to this period, this Department was managed by the Assistant Municipal Commissioner, Shri S. G. Redkar.

There were 8 Municipal markets out of which 4 are Municipal Open Air Markets. 6 Private markets and 1 weekly private market were proposed to be licensed. The list of Municipal and Private markets with their location is given in Appendix 'A'.

There was no separate Municipal Slaughter House in the Extended Suburbs, but the slaughtering of animals (sheep and goats) was done at the slaughtering chambers attached to Borivli, Kandivli and Mulund Municipal Markets and Malad Private Markets.

The total receipts of the department amounted to Rs. 48,761.51 only. The Appendix 'B' gives the tabulated form of amounts realised under different items of revenue during the year under report. Licence fees to the extent of Rs. 480 in respect of mutton stalls in Private markets were realised and held in deposit.

With a view to checking of unauthorised slaughter of animals, a survey of the area of the Extended Suburbs was made for finding out the outside meat shops which existed prior to merger. There were 28 outside meat shops and licence fees in respect of 19 shops to the extent of Rs. 1,425 were realized during the year under report and held in deposit and the remaining 9 cases were kept under investigation.

The following works and improvements were carried out during the year under report:—

(1) A new Fish and Mutton Market was constructed at Mulund East, and the same was started functioning from 1st February 1958.

(2) Chowky for Inspector was provided at the above Market.

(3) A compound wall of C. I. Sheets, and new C. I. sheets to the roof and the side walls were provided in the Borivli Market.

(4) Washing place with a tap is provided at the Mulund Vegetable Market (West).

All the markets with slaughtering chambers were regularly inspected and careful supervision exercised over the stalls with regard to the quality of stuff exposed for sale thereat.

In the absence of Supervisory staff, only 2 raids were carried out during the year. One prosecution was launched and the accused was convicted and fined Rs. 70. During the raids 20 live goats were seized and an amount of Rs. 228 was realised by sale of confiscated animals and about 125 lbs. of meat was destroyed being unwholesome.

V. G. SUKHTANKAR,
Asstt. Superintendent of Markets (Suburbs)

V. G. SUKHTANKAR,
Asstt. Superintendent of Markets (Suburbs).

EDUCATION DEPARTMENT (SUBURBS)

1. Supervision

Smt. Kapila T. Khandvala, B.A., B.T. (Bom.), M.A. (U.S.A.), the Education Officer of the Corporation and the respective Superintendents and Supervising Officers of the Education Department supervised the working of the Suburban Municipal Schools throughout the year.

2. Municipal Schools, Pupils and Teachers.

On 1st April 1957, there were 109 schools and 39 Classes in the Suburbs. One school and 10 new Classes were opened, 14 Classes were converted into Schools and one Class was closed during the year under report. Thus, on 31st March 1958, there were 124 Schools and 34 Classes in the Suburbs (*Vide* Appendix No. I).

The total number of Upper Primary and Lower Primary Schools and Classes, was 52 and 106 respectively. The total number of pupils as on 31st March 1958 stood at 52,175 as against 43,700 of the previous year, showing an increase of 8,475. The highest number on the roll in the Suburban Municipal Schools was 52,266 at the end of August 1957. The average number of pupils throughout the year was 42,704. A Table showing comparative figures of Municipal Suburban Schools and pupils therein at the end of March 1957 and March 1958 is given in the Appendix No. I.

At the end of the year under report there were 1,349 Ordinary Teachers imparting education to 52,175 pupils as against 1,141 teachers to 43,700 pupils during the previous year. Out of 1,349 Ordinary Teachers, 1,167 *i.e.* 86.5 per cent were trained as against 974 during the preceding year. A statement showing the number of Trained, Untrained, Permanent and Non-permanent teachers on the different sides is given in the Appendix No. II.

3. Pupils' Progress.

The Syllabus of studies was divided month by month for the guidance of teachers and for gradual completion of studies in time as per schedule. Teachers' Diaries, Progress Cards and Progress Registers were maintained in all Schools. Monthly tests of pupils of standards IV to VII and weekly tests of Standards I to III were taken during the year. Pupils of Standards I to III were promoted to higher standards at the end of the year on the basis of results of weekly tests held during the whole academic year. Written Annual Examination of pupils of standards IV to VII were held along with the examinations of pupils in the City Schools. Details of the Results of the Suburban School pupils at the Annual Examinations held in March-April 1958 and at the Primary School Certificate Examination conducted by Government in April 1958 are given in the Appendix No. III.

The Text Books for Suburban Schools continued to be the same as last year.

4. Fees and Freeships

Fees at the rate of Rs. 2 for Standard V; Rs. 2-4-0 for Standard VI and Rs. 2-8-0 for Standard VII were charged during the year under report, the education in Lower Standards being entirely free. All children of Scheduled Castes were taught free in Upper Primary standards and chidren of all Municipal employees drawing salary upto Rs. 240 per month also continued to be exempted from payment of fees. Freeships and half-freeships were granted to poor and deserving pupils.

5. School Buildings.

The number of Municipal owned school buildings in the Suburbs was 37 at the end of March 1958. Remaining schools were accommodated in rented buildings.

6. Aided and Recognised Schools.

There were 67 Aided schools at the end of the year with 575 teachers (500 ordinary and 75 special teachers) imparting education to 18,500 pupils. The total amount of assessed grant in case of Suburban Schools came to Rs. 2,33,383. The grants assessed were subjected to suitable cuts, taking into consideration the sources of income from fees, etc., of the schools concerned. The grants were sanctioned by the Corporation under their Resolution No. 114 of 28th April 1958, which will be paid to the schools during the ensuing year. The total expenditure incurred by the Suburban Aided Schools, during the year under report was Rs. 9,23,611. The average cost per pupil worked out to Rs. 90.5 to the Aided Schools and Rs. 9.6 to the Corporation.

Besides the Aided Schools, there were 7 Schools in the Suburbs which were recognised, but which did not receive any aid from the Corporation. There were 32 teachers in these schools, imparting education to 872 pupils.

7. Free and Compulsory Education.

The work of enforcement of compulsion was being looked after by the Assistant Special Attendant Officer with the help of Superintendents of Municipal Schools and their subordirate Supervising Officers.

As required by Rule 5 of the Rules framed by Government under Section 18 of the City of Bombay Primary Education Act as amended upto-date, a Census of non-attending children of school going age *i.e.* from 6 to 11 as well as those aged 3 to 6 was carried on from 8th July to 4th August 1957.

About 9,760 children of school-going age as well as the children on the average of school going age were admitted in Standard I in Municipal Schools during the Census campaign over and above the children of compulsory age who got admission in other Lower Primary Standards in Municipal Schools as well as Municipal Aided Schools.

The Census revealed the following rumber of non-attending compulsory age children along with the under-age children between 5 and 6 years as well as 3 and 5 years of age :—

Compulsory age children.	Children between 5 and 6 years.	Children between 3 and 5 years.	Total.
4,880	2,941	7,955	15,776

Government Syllabus in Physical Education for Lower and Upper Primary Schools in the State was followed in the Suburban Schools with suitable modifications.

8. Physical Education and Scouting.

Sports Competitions of pupils in Suburban Schools were held attwo Centres and winners in the Finals were awarded prizes at the Prize Distribution Ceremony of the Annual Sports held on 25th January 1958 at the Gilder Tank Playground under the Presidentship of Smt. Gidwani, wife of Shri V. L. Gidwani, I.C.S., Municipal Commissioner for Greater Bombay.

Two Mass Drill Displays—one at Bandra and another at Chembur—were held during the year.

The usual activities of Boy Scouts and Girl Guides were carried out during the year under report.

The National Discipline Scheme at Bandra Centre worked smoothly.

9. Finance.

The provisions for the City and Suburbs which were hitherto shown separately were intergrated with a view to avoiding administrative difficulties and he inconvenience caused by transfer of teachers from City and Suburbs and *vice versa*.

The details regarding income, expenditure, average cost per pupils is, therefore given in the main report of the Department for City, Suburban and Extended Suburban Schools.

10. General.

(*a*) *Sharad Utsav.*—Sharad Utsav was being celebrated at 3 centres in the Suburbs.

(*b*) *Extra-curricular Activities.*—Various activities such as celebration of Independence and Republic Days and Excursions to places of importance were conducted during the year under report. Other details are given in the main report of the Department for City, Suburban and Extended Suburban Schools.

K. KHANDVALA
Education Officer.

EDUCATION DEPARTMENT
(EXTENDED SUBURBS.)

1. Supervision

Smt. Kapila T. Khandvala, B.A., B.T.(Bom.), M.A.(U.S.A.), the Education Officer of the Corporation and the respective Superintendents and Supervising Officers of the Education Department supervised the working of the Extended Suburban Municipal Schools throughout the year.

2. Municipal Schools

On 1st April 1957, there were 54 Schools and 1 Class in the Extended Suburbs. Four new Classes were opended, 2 Schools were taken over and 1 Class was closed, during the year under report. Thus on 31st March 1958, there were 56 Schools and 4 Classes in the Extended Suburbs (*vide* Appendix No. I).

The total number of Upper Primary and Lower Primary Schools and Classes during the year under report was 27 and 33 respectively. The total number of pupils as on 31st March 1958 stood at 15,656 as against 14,109 of the previous year, showing an increase of 1,547. The highest number on Roll in Municipal Extended Suburban Schools was 16,819 at the end of August 1957. The average number of pupils throughout the year was 11,614. A table showing comparative figures of Municipal Extended Suburban Schools and pupils therein at the end of March 1957 and March 1958 is given in the Appendix No. I.

At the end of the year under report, there were 347 ordinary teachers imparting education to 15,656 pupils as against 319 teachers to 14,109 pupils during the previous year. Out of 347 ordinary teachers only 155 (*i.e.* 44.6 per cent.) were trained as against 122 (*i.e.* 38.2 per cent.) trained teachers during the preceding year. A statement showing the number of Trained, Untrained, Permanent and Non-permanent teachers on the different Sides is given in the Appendix No. II.

3. Pupil's Progress.

The Syllabus of studies was divided month by month for the guidance of teachers and for gradual completion of studies in time as per Schedule. Teachers' Diaries, Progress Cards and Progress Registers were maintained in all Schools. Monthly tests of pupils of Standards IV to VII and weekly tests of Standrads I to III were taken during the year. Pupils of Standard I to III were promoted to higher standards at the end of the year on the basis of results of weekly tests held during the whole academic year. Written Annual Examinations of pupils of Standards IV to VII were held along with the examinations of the City and Suburban Schools. Details of the Results of the Extended Suburban School pupils at the Annual Examinations held in March/April 1958 and at the Primary School Certificate Examination conducted by Government in April 1958 are given in the Appendix No. III.

Text Books for Extended Suburban Schools continued to be the same as last year.

4. Fees and Freeships.

Fees at the rate of Rs. 2 for Std. V, Rs. 2-4-0 for Std. VI and Rs. 2-8-0 for Std. VII were charged during the year under report, the education in Lower Standards being entirely free. All children of Scheduled Castes were taught free in Upper Primary Standards and children of all Municipal employees drawing salary upto Rs. 240 per month, also continued to be exempted from payment of fees. Freeships and half-freeships were granted to poor and deserving pupils.

5. School Buildings.

The number of Municipal owned school buildings in the Extended Suburbs was 25 at the end of March, 1958. Remaining schools were accommodated in rented buildings.

6. Aided and Recognised Schools.

There were 41 Aided Schools at the end of the year with 338 teachers (307 ordinary teachers and 31 Special teachers) imparting education to 87,928 pupils. The total amount of assessed grant in case of Extended Suburban Schools came to Rs. 1,09,764 and the Budget Grant was Rs. 40,000. Various cuts were, therefore, applied to the assessed amount on the basis of income and expenditure The final amount worked out to be Rs. 44,905. The amount was sanctioned by the Corporation under their Resolution No. 177, dated the 28th April 1958. The Budget provision had to be supplemented to meet the excess charges of about Rs. 5,000.

The average cost per pupil on the basis of admissible expenditure worked out to Rs. 80.7 to the Aided Schools and Rs. 7.8 to the Corporation.

Besides the Aided Schools, there was 1 School in the Extended Suburbs which was recognised but which did not receive grant from Corporation. There were 8 teachers in the school imparting education to 99 pupils.

7. Free and Compulsory Education.

The work of enforcement of compulsion was being looked after by the Assistant Special Attendance Officer with the help of Superintendents of Municipal Schools and their subordinate Supervising Officers.

As required by Rule 5 of the Rules framed by Govnerment under Section 18 of the City of Bombay Primary Education Act as amended upto-date a Census of non-attending children of schoolgoing age *i.e.* from 6 to 11 as well as those aged 3 to 6 was carried on from 8th July to 4th August 1957.

About 2,788 children of school going age as well as the children on the verge of school going age were admitted in Std. I in Municipal Schools during the census campaign over and above the children of compulsory age who got admission in other Lower Primary Standards in Municipal Schools as well as Municipal Aided Schools.

The Census revealed the following number of non-attending compulsory age children along with the under age children between 5 and 6 years as well as 3 and 5 years of age :—

Compulsory age children.	Children between 5 and 6 years.	Children between 3 and 5 years.	Total.
2,533	1,771	5,117	9,421.

Government Syllabus in Physical Education for Lower and Upper Primary Schools in the State was followed in the Extended Suburban Schools with suitable modifications.

8. Physical Education.

Sports Competitions of pupils in Extended Suburban Schools were held at two Centres and winners in the Finals were awarded prizes at the Prize Distribution Ceremony of the Annual Sports held on 25th January 1958 at the Gilder Tank Playground under the Presidentship of Smt. Gidwani, wife of Shri V. L. Gidwani, I.C.S., Municipal Commissioner for Greater Bombay.

A mass Drill Display was held at Malad on 14th December 1957 under the presidentship of Shri P. H. Vora, Municipal Councillor, wherein about 1,500 children took part.

The usual activities of Boy Scouts and Girl Guides were carried out during the year under report.

9. Finance.

As regards income and expenditure in respect of Extended Suburban Schools, the total expenditure was Rs. 3,57,736 as against the income of Rs. 2,48,020 (Government Grant Rs. 2,25,500 *plus* Miscellaneous Receipts Rs. 23,020). The excess of Rs.. 1,09,716 was met from General Revenue of Budget 'F'. The following table shows the Average cost per pupil for the year 1957-58:—

	Average cost per pupil.
	Rs.
(*a*) According to the number of pupils on 31-3-1958 (15,656) ...	22.84
(*b*) According to the Average number of pupils on rolls for the whole year 1957-58 (11,614) ...	30.80

10. General.

(*a*) *Sharad Utsav.*—Sharad Utsav was celebrated at two centres in the Extended Suburbs.

(*b*) *Extra-curricular activites.*—Various activities such as celebration of Independence and Republic Days and Excursions to places of importance were conducted during the year under report. Other details are given in the main report of the Department for City, Suburban and Extended Suburban Schools.

K. KHANDVALA,
Education Officer.

GARDENS DEPARTMENT (Suburbs).

There are 14 gardens in the Suburbs. Tne site at Chuna Bnatti, Old Kurla has been filled up with sweet earth and tne work of laying out the same into a garden will be taken up after the funds are sanctioned.

The Gardens at Hill Road, Bandra admeasuring 7,605 sq. ft. was laid out.

The 35 ft. diameter well in the plot known as Diamond Circle at Chembur has been sealed and on this site it is proposed to construct a Summer house. The work of developing this plot is in progress and preliminary measures such as providing fencing and filling of low lying areas with seweet earth are being carried out.

The electric lighting arrangements in seven gardens in the Suburbs are being maintained by the Suburban Electric Supply Co. The question of providing electric lights in three more gardens, *viz.*, Rajawadi Gaden at Ghatkopar, (2) Garden at Sindhi Immigrant Society, Chembur and (3) Garden at T. P. Scheme, Bandra, is receiving attention.

1,250 trees were planted in different gardens and roads in the suburbs.

During the year under report, music programmes were arranged as under :—

(1) Juhu Park—Two vocal music and two orchestras.

(2) Bandra Lands End—Two Bands and two orchestras.

(3) Madhu Park, Khar—Two orechstras.

In all 145 complaints regarding cutting of trees and prunning of branches etc., were attended to. The trees planted in the 6th Government Housing Colony, were maintained and about 300 new trees were planted during the year.

A Store room has been constructed at Kurla Bail Bazar for storing garden tools, materials etc., required for the maintenance of gadens in the Suburbs.

G. S. HEGDE,
Superintendent,
Municipal Gardens, Bombay.

Gardens Department (Ext. Suburbs)

During the year under report, the following gardens and sites were taken over by the department for maintenance in the Extended Suburbs :—

(1) Lala Tulsiram Devidayal Park, at Mulund. (Existing garden).

(2) Bal Uddiyan at Mulund (Existing Garden).

(3) Open plot at Vijay Nagar Society at Mulund.

(4) Open plot at Kandivli on Vithalbhai Patel Road.

(5) Open plot in the Traffic island at Malad.

(6) Open plot near Local Board School Lane, Malad.

The work of developing the above sites is in progress, and the same will be completed when the funds are made available.

A cabin has been constructed near Vijay Nagar Society at Mulund for storing gardening materials.

Recorded music was relayed in the Lala Tulsiram Devidayal Park, Mulund, through Messrs. Prakash Electric Engineers on holidays and Sundays during the course of the year.

G. S. HEGDE,
Superintendent,
Municipal Gardens, Bombay.

Deputy Public Relations Officer's Department

(Suburbs and Extended Suburbs).

This Department dealt with 4,790 complaints as against 7,126 during the preceding year, received from the public regarding Buildings, Sanitation, Water Supply, Encroachments, Markets, Gardens, etc., and the defects detected by Assistant Public Relations Officers during their daily rounds, in private buildings and in various Municipal services rendered to the public such as accumulation of refuse, shortage of water supply, wastage of water, repairs to roads, chokes in drains, encroachments on roads, sanitation of markets, etc. After personal visits whenever required by the Assistant Public Relations Officers to the places complained of by the public, extracts were sent to the concerned departments for necessary action and reports. The complaints were also followed up carefully to see that the grievances of the public were satisfactorily redressed within a reasonable time. Cases of inordinate and avoidable delays were brought to the notice of the Municipal Commissioner and the Heads of Departments with a view to redress the grievances of the complainants expeditiously by tightening up the supervision over the staff. The defects noticed by the Assistant Public Relations Officers on their daily rounds were also referred to the concerned departments and were pursued till they were rectified by the departments. During the year 2,401 cases were complied with as against 3,707 during the preceding year.

Particulars of complaints received and complied with under various heads during the year were as under:

Heads	No. of complaints received.	No. of cases complied with
(1) Building	580	41
(2) Conservancy	523	244

ANNUAL REPORT OF THE DEPUTY EXECUTIVE HEALTH OFFICER (SUBURBS) FOR 1957.

Preliminary.—Dr. G. N. Kowshik, M. B. B. S., B. Hy., D.P.H., Deputy Executive Health Officer, and Dr. Manuel Siqueira, M.B.B.S., B.Hy., Acting Deputy Executive Health Officer, were in charge of the Suburban Health Services from 1st January 1957 to 31st October 1957 and from 1st November 1957 to 31st December 1957 respectively.

Review of the year.—Sanitary supervision in the entire Suburban merged area comprising of 30 sections was maintained with a view to improving sanitation by adopting the following measures :—

(1) Inspection and supervision of premises and their environments with a view to rectification of sanitary defects through the enforcement of sanitary regulations on owners and occupiers.

(2) Sanitary control over licensable trades.

(3) Enforcing food sanitation, detection of adulteration in food, destruction of unwholesome food and

(4) Pest control.

Outstanding activities of the year—

1. Influenza of mild variety made its appearance in Bombay in an epidemic form, after 39 years, in May and June 1957. Infection was wide-spread and air borne. It is estimated that about 75,000 of the total population (about 10 per cent.) suffered from this illness while the loss of life was only 28. Severe cases of influenza were removed to Arthur Road Hospital for treatment, while mild cases were treated by 11 Municipal General Dispensaries, 18 table Dispensaries and Mobile Squads, 4 Mobile Hospital Vans and 14 Voluntary Centres set up by the Social Organizations, who were supplied with necessary medicines and injections free of cost by the Municipality. The epidemic waned by the 3rd week of June 1957. All the Medical Practitioners in Greater Bombay were requested by Circular letters, in the middle of May 1957, to report to this Department any unusual sickness, simulating influenza coming to their notice to facilitate institution of measures to prevent its spread. Passengers coming from Singapore and from the East were observed for 5 days from the date of their arrival. Instructions were given to the public through press, posters, leaflets, etc. as regards the measure taken and precautions necessary.

The re-opening of schools after the Summer Vacation was postponed by 10 days *i.e.*, upto 20th June 1957 (by which date the epidemic was over) to facilitate the students to postpone their arrivals to the City from the mofussil.

Pre-epidemic plans were also formulated to deal effectively with the anticipated second virulent wave of the disease.

2. There was an increase in the incidence of Small-Pox at the beginning of the year, and it was declared to be in an epidemic form from the last week of February 1957 to the last week of May 1957. With the help of the Propaganda Van the usual precautionary measures such as mass vaccination campaigns amongst the labour population, occupants of vagrant camps and such other population groups amongst whom small pox particularly begins and takes root; vaccination in primary and secondary schools, mills, factories and such other institutions were forthwith intensified and continued throughout the Suburbs with the additional help of Sanitary Staff for house to house and room to room vaccination. The Suburban Municipal Dispensaries were equipped for the purpose and temporary vaccination stations were also started at the prominent Railway Stations on both the lines in the Suburbs to protect the incoming people conveniently and promptly.

3. In order to promote an improvement in the level of Health and to dis-seminate knowledge on health, hygiene and cleaner living amongst the citizens, "Health and Cleansing Weeks" were organised in selected localities with the help of the local Social Organizations throughout the year Localities were selected in turns for intensive cleansing and rectification of sanitary defects in the residential premises, etc. T. A. B. inoculations and vaccinations against small-pox were done. Health education of the residents of these localities was carried out by exhibiting films on health and sanitation. Food sanitation was also enforced. These campaigns have brought about appreciable improvement in the localities served. The follow-up of these campaigns by local residents, however, lacked enthusiasm as previously.

Milk in School Scheme.—A provision of Rs. 3,00,000 was made to meet the cost of the Scheme in the Suburbs. Out of 16,509 children detected undernourished, only 7,530 undernourished children could be included in the scheme due to the inability of the Milk Commissioner to supply the required quota of milk Each child was given 8 ozs. of toned pasteurized milk per day. However, in order to provide a larger number of undernourished children with milk, milk in 6 ozs. bottles was supplied from November 1957 with the result that 11,850 undernourished children could be catered milk per day. Snacks in the form of "Chikkies" or Fruits (Chiku, bananas or oranges) were also given to these children from January to March 1957 and thereafter from 2nd August 1957 on working days of the school to supplement the milk feed. Besides, a scheme of free distribution of milk on Sundays to children under 12 years was also continued during the year at 21 Centres in the Suburbs and on an average about 8,160 children received the milk feed on Sundays.

Area and Population.—The total area of the Suburbs included in Greater Bombay is about 43,398 acres (67.81 square miles). The population as enumerated in the census of 1951 was 5,10,250 and the mid year estimated population for 1957 was 7,08,000.

Density of Population.—The mean density of population at present is 16.3 per acre.

Meteorology.—Meteorological data is given in table 9.

Rainfall.—The total rainfall recorded at Santacruz Observatory was 2,378.46 m. m. as against 2,997.2 m. m. in the previous year. The wettest month of the year was July 1957 with 994.13 m. m. of rain as against 983.99 m. m. in the month of July 1956.

VITAL STATISTICS

Births and Deaths.—22,612 live births (11,775 males and 10,837 females) were registered during the year as against 22,239 in 1956 showing an increase of 373. Total deaths registered were 6,752 as against 5,835 in 1956 showing an increase of 917. Birth rate was 44.3 and the Death rate was 13.2 per 1,000 population giving a natural increase of 31.1 per 1,000. Part of the increase in registered births was presumably due to more complete registration.

Registration of live births by months in 1956 and 1957 is given in Table 1.

Still births reported during the year were 725 or 3.2 per cent. of live births.

Mortality by Sexes.—Of the total 6,752 registered deaths in the year, 3,720 were males and 3,032 were females.

Mortality by causes—*Vide* table 35.

Mortality by months.—*Vide* Table 2 with corresponding figures for 1956.

Copies of Birth and Death Registry.—The number of copies of birth and death registry prior to January 1951 pertaining to the Suburban population issued during the year by Suburban Office:—

Birth Certificates	169
Death Certificates	55

Infant Mortality.—Total deaths among infants under one year numbered 1751. The infant mortality rate was 77.4 per 1,000 live births for the year 1957 as against 70.9 for 1956. Classification of infant mortality for the year by principal causes and ages is given in Table 4.

Cemeteries.—The cemeteries have not been registered as required under Section 435 of the Bombay Municipal Corporation Act, as full particulars pertaining to them were still not available. However, essential amenities are being provided at some of the cemeteries at Municipal cost.

CONTROL OF COMMUNICABLE DISEASES

(*a*) **Notification.**—Notification of infectious diseases by Medical Practitioners showed improvement.

(*b*) **Plague.**—Plague was absent during the year. Anti-plague measures such as rat destruction, flea destruction, especially through D.D.T. dusting of rat holes and D. D. T. spraying of houses, etc. were, however, continued.

(*c*) **Small pox.**—Small pox caused 236 attacks and 60 deaths, the morbidity and fatality rates being .3 and 27.6 respectively. The larger number of cases occurred during the period from February to May 1957 and the highest number of cases was in March 1957. The disease was declared to be in an epidemic form from 24th February 1957 to 25th May 1957.

The number of primary vaccination and revaccination was 27,704 and 1,75,020 as against 26,306 and 46,887 respectively in the previous year. Details of vaccination service are given under the head" Vaccination

(*d*) **Cholera.**—Cholera was absent.

(*e*) **Influenza.**—As already stated in the foregoing pages, influenza appeared in an epidemic form during the year attacking about 10 per cent. of the population. The number of deaths during the epidemic of influenza was however, 28.

(*f*) **Enteric fever.**—439 cases and 55 deaths were reported from this disease as against 397 and 41 respectively in the previous year. Inoculations against typhoid were performed by the Medical Staff as well as by the Private Medical Practitioners to whom T. A. B. Vaccine was supplied free of charge for free inoculations.

(*g*) **Poliomyelitis.**—*Nil.*

(*h*) **Diphtheria.**—506 cases and 22 deaths were reported.

(*i*) **Cerebro Spinal Meningitis.**—There were 3 deaths.

(*j*) **Malaria.**—Malaria was registered as the cause of 6 deaths. Out of 480 Blood Smears taken by the Medical Officers in charge of the Municipal Dispensaries, and examined at the Municipal Laboratory none was found positive. Anti-mosquito measures were carried out in all the Wards by the Insecticide Branch as per details given in a separate section of the report.

(*k*) **Dysentery.**—There were 47 deaths from Dysentery.

(*l*) **Tuberculosis.**—Tuberculosis took a toll of 322 lives and the death rate was 0.45 per thousand of the population.

OTHER PRINCIPAL DISEASES

(*m*) There were 162 deaths from the diseases of the respiratory system, 37 from Bronchitis, 329 from diarrhoea, 1,516 from Pneumonia, 349 from congenital debility and 862 from senile debility.

(*n*) **Venereal Diseases.**—The cases reported at the Medical Institutions in the Suburbs were directed to the Venereal Diseases Clinic at 254 Bellasis Road, Bombay.

(*o*) **Leprosy.**—The Acworth Leprosy Home at Matunga and Leprosy Home at Trombay were taken advantage for the control of this disease. One Lady Health Visitor for follow up work in Leprosy control in the merged area has been working since July 1951 under the guidance of the Superintendent, Acworth Leprosy

Home, Matunga. The record of field work done by the Health Visitor is given in Table 11. One leprosy clinic opened under the Greater Bombay Leprosy Control Scheme for the diagnosis and treatment of the disease at N. J. Wadia Dispensary, Andheri continued working on every Tuesday and Friday between 11-30 A. M. and 4-00 P. M.

Disinfection.—Terminal disinfection of houses was carried out and concurrent disinfection was advised wherever cases of infectious diseases were known to have occurred.

Maternity and Child Welfare Services.—Maternity and child Welfare Services were continued in all their aspects throuh the Clinics conducted at the two Maternity Homes and two Maternity-*cum*-Hospitals in the Suburbs.

2. Services offered were (*i*) Institutional care and (*ii*) Domiciliary care. Institutional care included the activities such as ante-natal, post-natal, infant, follow-up work, education and propaganda of these services through posters, leaflets, group-talks, film-shows, etc. Domiciliary care included imparting health education and carrying out propaganda amongst the womenfolk. Domiciliary visits were paid by the Health Visitors daily.

3. Aid to poor women delivered at their homes was given in the form of substantial food-stuff such as jaggery, rawa, ghee, milk etc.

4. A scheme for distribution of milk to the poor and needy expectant and nursing mothers three months before and 3 months after the delivery at the four medical Institutions in the Suburbs is under consideration.

FAMILY PLANNING

1. Advice in spacing of births was given confidentially by the Medical Officer's to the needymarried women at the family planning clinics conducted at the four Medical Institutions in the Suburbs.

2. Contraceptives were also given free after demonstrating the use of the same.

3. The Health Visitors attached to the Institutions also paid domiciliary visits to the mothers for carrying on follow-up work and propaganda amongst the women.

Medico Social Unit at Kherwadi, Bandra.—A Medico Social Unit was established at Kherwadi, Bandra in April 1957 by appointing a Medico Social Worker in order to carry out an integrated practice of medicine based on the Family and Community as a Unit. The centre is meant to cover all types of Public Health Services in a specified area and in the initial stages, the scope of the scheme was limited to the following activities :—

1. *Individual Hygiene :—*
   - (*a*) Maternity service including Ante-natal and Post-natal case and domiciliary midwifery,
   - (*b*) Infant hygiene,
   - (*c*) Pre-School hygiene,
   - (*d*) School hygiene,

2. *Social hygiene and Sanitation :—*
   - (*a*) House Inspection,
   - (*b*) Environmental Sanitation,
   - (*c*) Diet and Nutrition,
   - (*d*) Health habits—Personal Cleanliness, exercise and recreation,
   - (*e*) Infectious disease prevention,
   - (*f*) Minor ailments,
   - (*g*) Health education of the family as a Unit of Society,

The Honorary services of some of the Medical Personnel specialising in the different fields of medicine working in the Kherwadi Family and Community Health Centre, which is a Voluntary Social Organisation working in that area, were obtained.

The Kherwadi Municipal Free Dispensary was integrated with the centre in its clinical aspects. The activities to be carried on at the centre will be gradually expended so as to provide scope for research, for education of medical students etc.

SANITATION

Measures to improve sanitation comprised of attention to:—

(*a*) Premises Sanitation and

(*b*) Food Sanitation.

(*a*) Premises sanitation included inspection of premises and their environments, taking measures to remedy the defects, ensuring provision of adequate sanitary conveniences and control over licensable trades, etc.

SANITARY CONDITIONS IN THE MERGED AREAS

The sanitary conditions in the merged Suburban areas have improved in several aspects.

Sanitary control of premises—Sanitary requisitions were enforced in order to redress legitimate grievances and complaints (*vide* Table 10 and 13).

Licensable Trades.—Licenses were issued to all such trades as were found conducted in the Municipal limits with a view to enforcing on them the minimum of hygienic and sanitary requirements. Such enforcements necessitated statutory actions and prosecutions in several instances.

(*b*) **Food Sanitation.**—This included supervision and control through licensing of food-shops and establishments, inspection of food stuffs exposed for sale and seizure and destruction of food found unwholesome or unfit for human consumption *vide* table 14.

The Prevention of Food Adulteration Act 1954 could not be enforced during the greater part of the year due to certain technical difficulties. Special attention was, however, paid to sampling of milk under the Bombay Municipal Corporation Act.

LABORATORY WORK

The total number of samples examined during the year was 1,560. Of these 365 samples were examined chemically, 38 bacteriologically and 1,157 clinically.

The examination of samples of Milk from the Government Milk Distribution Centres all over Greater Bombay was continued during the year and 91 milk samples were examined from different Milk Centres in the Suburbs.

CHEMICAL

Food Stuffs.—330 samples of Food stuff were examined *vide* Table 12.

Water.—72 samples of water were examined as shown below:—

69 From Wells
3 From other Sources

Of these 52 well water samples were found to be unfit for potable purposes.

Urine.—68 samples of Urine were examined chemically during the year under report.

Miscellaneous.—65 samples of miscellaneous nature were examined.

BACTERIOLOGICAL AND CLINICAL

1,127 samples were examined bacteriologically including 480 Blood smears for the detection of Malarial Parasites.

Water.—21 samples of water were examined as under:—

9 from wells and
12 from other sources

21

Of these 1 well-water sample and 1 sample from other sources were found to be unsatisfactory for potable purposes.

Samples for Diagnostic purposes.—1,089 samples for diagnostic purposes were examined as under:—

Blood for Malarial parasites	480
Blood for Different Count	210
Blood for Total Count	253
Sputum for T. B.	25
Swabs for Diphtheria	25
Stools for General Examination	42 (8 Positive)
Semen	54
Total	1,089

Miscellaneous.—17 Samples of a miscellaneous nature were examined as under:—

Inject. on Gluicose	4
Miscellaneous Food Stuff	2 (2 Unfit)
Milk	11 (8 Unfit)

HEALTH PROPAGANDA AND PUBLICITY IN THE SUBURBS

The Publicity Section of the Public Relations Department disseminated knowledge on health, hygiene and cleaner living among the citizens through popular media like posters, leaflets, health exhibitions, film shows, cleansing campaigns, talks, etc. Immunization campaigns against communicable diseases, food sanitation drives and 48 Intensive Cleansing campaigns were aided by giving publicity with the help of Mobile Van.

About 7,37,585 persons witnessed the 57 Health Education Film shows. A total number of 17,315 persons were vaccinated during 104 mass vaccination campaigns, 4,476 persons were inoculated during 48 T. A. B. Inoculation Campaigns and 146 against cholera during 5 Anti-Cholera Campaigns.

An exhibition on Maternity and Child Welfare was organized at Hindu Sabha Hall, Ghatkopar during the Baby Health Week.

Exhibits on Child Health and Care were made available to the Akhil Hindu Mahila Samaj, Santacruz for the Baby Health Show.

Co-operation was given to the Prohibition Week Committee by arranging film shows during Prohibition Week.

Special slides on Typhoid and Small-pox were prepared and displayed in a majority of picture houses.

A Health Stall was set up at Mount Mary's Fair, Bandra. Open Air Film Shows were also given in the locality during the fair.

During the influenza epidemic instructions were given to the public through press, posters, leaflets, etc. as regards the measures taken by the Municipality and precautions necessary.

CLEANSING CAMPAIGNS

With a view to keeping alive the interest and enthusiasm with regard to Health Cleanliness Weeks, intensive cleansing campaigns were continued weekly in all the Suburban Wards in turn in which Municipal services and voluntary effort were co-ordinated and pressed into service with appreciable results. The number of such campaigns was 59. The citizens were exhorted to form Building or Chawl Committees and to maintain environmental sanitation.

INSECTICIDE BRANCH

Insecticidal measures administered during the year included:—

(*i*) Residual treatment of all villages once in a quarter;

(*ii*) Control of house flies by spraying, dusting and fogging of insecticides in places where infestation was high due to environments.

(*iii*) Control of culicine mosquitoes by larviciding with oil once every week.

(*iv*) Control of insects, (Chironomidae) breeding in the Sion Creek, by aerial dusting from helli-copter and by dispersion of DDT emulsion through the effluent of the Sewage Purification Plant into the creek.

The malaria vector 'A' fluviatilis was not detected in any of the Suburban villages during the year.

An entomological survey to assess and delimit the transmission of filariasis by Culex fatigans was continued during the year. The findings are shown in Table 49. Radical measures to liquidate the breeding places of Culex fatigans by provision of sewers is in progress in all the urbanised areas of Suburbs.

Statement of insecticides used, during the year is given in table 38. Diazinon continues to be an effective insecticide against D. D. T. resistant insects.

The position as regards the presence of Anopheles mosquitoes in the Suburbs is summarised in Tables 39 and 40.

Evidence of the existence of Malaria as indicated by 'Spleen rate' is shown in table 41 Wardwise.

The old and disused wells present serious problems in mosquito control and the statement in Table 42 and 43 annexed shows details about wells rendered mosquito proof by either filling in or covering with cement concrete.

RESISTANCE OF INSECTS TO DDT

A team of one entomologist and two technicians was deputed by Director of Public Health (Malaria), Poona to investigate the extent of resistance of DDT among culex mosquitoes and house flies during the year. Final report on their findings is awaited from the Director of Public Health.

VACCINATION.

All the 26 Vaccination Stations continued working during the year under report.

As usual stock of vaccine lymph brought from the Central Vaccine Depot, Parel, was stored in the Local Depots for speedy distribution to the Suburban staff during vaccination work.

In the year under report Small-pox was prevalent in Greater Bombay in an epidemic form from the last week of February 1957 to the last week of May 1957. Details of the measures taken are enumerated in Item No. 2 under "Outstanding activities of the year".

Precautionary measures such as opening of Temporary Stations, Mass Vaccination Campaigns amongst the labour population, vagrant camps and such other population groups among whom small-pox particularly begins and takes roots, were taken with the help of the propaganda van. The population groups in Government Housing Colony, Schools (Primary and Secondary), Mills, Factories and such other institutions were also protected by vaccination in the beginning of the year.

The following table shows the attacks and deaths from Small-pox in the Suburbs since merger:—

Small-pox—(A—Attacks, D—Deaths) in years.

1952		1953		1954		1955		1956		1957	
A	D	A	D	A	D	A	D	A	D	A	D
54	14	49	14	53 (5 imported)	12	18	5	30	8	236	60

INSPECTION OF RESULTS.

The results of Primary Vaccination were checked by Vaccinators. They were rechecked personally by the Senior Vaccinator (Suburbs) in 3,431 cases.

The rate of successful vaccination was 99,98 per cent.

On checking the vaccinated work in a number of cases that visited the Stations for showing results on the 8th day after vaccination, the results were found satisfactory. Such inspections also ensured that the vaccine lymph used was consistently of good potency.

The results of re-vaccinations were checked only in the cases of those who called again to obtain certificate in the International form.

POSTPONEMENT OF PRIMARY VACCINATION.

During the period under review, primary vaccination was postponed in only 17 cases in which valid certificates were issued.

PROSECUTIONS.

No prosecutions were launched for failure either to bring infants for vaccination or to present them for inspection 7 days after the operation.

ILL EFFECTS OF VACCINATION.

No serious ill effects due to vaccinations were observed or reported during the year.

SCHOOL HEALTH SERVICE.

The School Health Services in respect of the Municipal Primary Schools in the Suburbs were continued during the year. Systematic Medical Inspection of the pupils in the first four standards was taken up. During the year under report 7,033 pupils were examined (4,206 boys and 2,827 girls) from 39 Schools including classes out of whom 2,971 boys and 1,930 girls were found to have one or more physical ailments.

Amongst the ailments detected general debility, enlarged glands, defects of teeth, mouth and throat predominated as can be seen from the following table.

In the total of 7,539 defects detected, the percentage for individual defects worked out as follows:—

(1) General Debility	...	45.32
(2) Auro-Dental (Mouth and Teeth)	...	28.25
(3) Throat	...	12.15
(4) Skin (contagious)	...	20.6
(5) Enlarged Glands	...	7.73
(6) Eye (External)	...	1.69
(7) Eye (vision)	...	2.08
(8) Heart (Circulation)	...	0.51
(9) Nose	...	2.08
(10) Lungs including T.B.	...	0.38
(11) Nervous system	...	0.05
(12) Mental capacity	...	0.11
(13) Ear	...	1.05
(14) Leprosy	...	0.05
(15) Spleen	...	0.11
(16) Deformities of bones and Rickets	...	0.41
(17) Speech	...	0.08

Leprosy.—Four pupils in whom skin infection was detected were referred to the Acworth Leprosy Home for opinion. Two out of the four pupils, who were found to be suffering from Leprosy of neural type, were prevented from attending the school. Remaining two cases were doubtful and were kept under observation

The detected defects were communicated to the guardians of the children and most of them consented to their wards being given treatment at the Municipal Institutions. Minor ailments amongst the children were treated at the nearest Municipal Dispensaries in the Suburbs as well as Bhabha Hospitals at Bandra and Kurla (487 pupils from the Suburban Schools have availed of this arrangement) while cases with major ailments were directed to Municipal General Hospitals in the City. The Deputy Medical Officer and Assistant Medical Officer contacted 215 parents in the Schools and explained to them the necessity of the Medical treatment to their children.

The Municipal Primary Schools in the Suburbs were supplied with emergency out-fit including Medicaments to treat scabies, ringwarm, etc.

HEALTH EDUCATION AND FOLLOW UP WORK.

About 58 Health Talks on Hygiene including personal hygiene were given to the children in the School by the Deputy Medical Officer and Assistant Medical Officer and deficiencies and defects in School premises noted by them were reported to the Municipal Departments concerned for necessary action.

Two School Health Nurses were appointed during the year for the follow-up work. The details of the follow-up work done by them are as under:—

(1) Home visits	...	121
(2) Re-visits	...	11
(3) Health Talks	...	33
(4) No. of pupils taken to Dispensaries in emergency cases	...	3

SCHOOL CLINIC

Though Medical Inspection work in the Municipal Primary Schools in the Suburbs was started from 3rd March 1955, there were no satisfactory arrangements for correction and treatment of defects noticed in the pupil attending these Schools. It was, therefore, decided to have School Clinic arrangements in Suburbs also on the lines of the School Clinic conducted at K. E. M. Hospital. A beginning was made in this direction by providing two School buses and appointing one School Clinic Organizer and one Assistant School Clinic organizer during the year and by starting two School Clinics at Bhabha Hospital, Bandra and Kurla, since December 1957 on temporary basis. The number of cases treated at these School Clinics from 2nd December 1957 to 21st December 1957 is as under'—

1. School Clinic at K. B. Bhabha Hospital Bandra	...	...	...	389
2. School Clinic at K. B. Bhabha Hospital Kurla	...	...	...	341

As the Small-pox broke out in epidemic form in the Suburbs during the early months of the year, the regular Medical Inspection work in the Municipal Schools was suspended and vaccination campaign was started from 1st February 1957 to 13th April 1957. 9,541 pupils from the Schools in H and K Wards and 6,433 pupils from L and M and N Wards were re-vaccinated by the Assistant Medical Officers with the help of Schools Health Nurses.

A rapid Nutrition Survey was conducted by the Deputy Medical Officer and Assistant Medical Officer from 11th August 1957 to 24th September 1957 for detecting undernourished children in Standard I in all Municipal Schools. The regular Medical Inspection work was suspended during this period.

The preliminary measures in connection with Anti-Diphtheria work in the Suburban Schools including consent letters from the guardians of the School pupils etc. were completed during the year.

At the sports, Mass-drills etc. organized by the Education Department at different places in the Suburbs (*viz.*, Kurla, Andheri, Chembur and Bandra) the School Medical-Officers were in attendance to render First Aid to the injured participants.

Milk and Snacks in Schools to the undernourished children:—

The Milk-in-School Scheme which was extended to the Suburban Municipal Schools since 15th July 1953 was continued during the year and in all 11,850 detected under-nourished children from 106 Municipal Schools received 6 ozs. of toned pasteurised milk each on every School working day.

Snacks.—Supplementing the milk feed with snacks was continued during the year.

Milk feed on Sundays.—The Scheme for free supply of milk on Sundays to the children under 12 years of age was continued as before at 21 centres.

The total expenditure incurred during the year on the supply of milk and snacks amounted to about Rs. 2,12,896.81 nP. as detailed below.

1.	Milk to undernourished School children	1,24,999.99
2.	Snacks to undernourished children	51,996.60
3.	Sunday milk Scheme	35,900.22
	Total ...	2,12,896.81

MEDICAL RELIEF

The Municipal Institutions rendering Medical Relief in the merged Suburban area during the year under report were as follows:—

1. Khershedji Behramji Bhabha Hospital and Sir Cawasji Jehangir Readymoney Dispensary, Bandra
2. Municipal Free Dispensary at Kherwadi, Khar (East),
3. Yeshodabai Monji Vora Dispensary, Tejpal Road, Vile Parle (East),
4. N. J. Wadia Dispensary, Ghodbunder Road, Andheri,
5. Municipal Free Dispensary at Squatters' Colony, Jogeshwari,
6. Municipal Free Dispensary at Khoja Gulli, Versova,
7. Khan Bahadur H. K. Bhabha Hospital and Bai Mithibai Hormusji Wadia Main Dispensary Kurla.
8. Bai Mithibai Hormusji Wadia Branch Dispensary, Old Kurla,
9. Seth Dwarkadas Tribhuwandas, J.P., Municipal Dispensary and Maternity Home, Chembur,
10. Municipal Free Dispensary and Shamabai Vithaldas Khimji Municipal Maternity Home Rajawadi, Ghatkopar,
11. Municipal Free Dispensary, Bhandup,
12. Two Mobile Dispensaries of the Peoples' Mobile Hospitals.

One Municipal Mobile Dispensary also rendered service in those villages, which are not served by the hired Mobile Dispensary units of the Peoples' Mobile Hospitals.

To meet the growing demand on medical relief services steps to provide more dispensaries at convenient sites have been taken. Proposals to construct a twenty-bedded Maternity Home in the compound of the N. J. Wadia Dispensary, Andheri and fifty-bedded General Hospital at Rajawadi, Ghatkopar, have been sanctioned and the construction of buildings for the latter is nearing completion.

DISPENSARIES

In addition to the two dispensaries attached to the Bhabha Hospitals at Bandra and Kurla, there are nine Municipal Free Dispensaries, *viz.*, at Andheri, Vile Parle, Old Kurla, Chembur, Bhandup, Jogeshwari, Versova Rajawadi and Kherwadi respectively.

Table 7 shows the cases treated at the Municipal Free Dispensaries during the year under report.

Medical Relief is also rendered in the villages in the Suburban merged areas through three mobile dispensary units according to a planned programme.

GENERAL REVIEW

The greater portion of the Suburbs is undrained and unsewered. A good many premises have either inadequate, or objectionable or inefficient sanitary conveniences and some have none at all. Statutory actions were, therefore, taken wherever possible to enforce provision of appropriate and adequate sanitary accommodation.

Sanitary conditions in the numerous villages, Gaothans and outlying habitations have been far from satisfactory, but the intensive cleansing campaigns as well as the village improvement schemes have improved conditions in several of them. Nothing short of slum clearance schemes will improve materially the sanitation of such areas. All possible measures and expedience are, however being adopted in order to remove insanitary conditions in the Suburbs.

TABLE 1

BIRTHS BY MONTHS IN 1956 AND 1957

		(1) Hyperpituitarism	...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Hypopituitarism	...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) Other diseases included under 62	...	...	...	...	...	...	...	...	...	...	...	...	...	...

TABLE 36—(Contd.)

DEATHS BY ALL CAUSES AND MONTHS —(*Contd.*)

Classification No. Short List.	Detailed List.	Specific Causes of Death.	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sep.	Oct.	Nov.	Dec.	Total.
	63	Diseases of the Thyroid and parathyroid glands—													
		(*a*) Simple Goitre													
		(*b*) Exophathaemic Goitre													
		(*c*) Myxoedema, Cretinism				1									1
		(*d*) Other diseases of thyroid glands													
		(*e*) Diseases of the parathyroid glands													
	64	Diseases of the Thymus													
	65	Diseases of the adrenal glands (not specified as Tuberculosis)		1											1
	66	Other General diseases—													
		(*a*) Osteomelacia													
		(*b*) Other diseases included under 66													
		(1) Pink Disease													
36		(2) Idiophic Steatorrhoea (Sprue, etc)			2										2
		(*c*) Other diseases included under 66 (*b*)									2				2
	67	Scurvy													
	68	Beri-Beri													
	69	Pellagra													
	70	Rickets	19	8	17	19	13	22	21	11	17	19	14	16	196
	71	Other Vitamin Deficiency diseases								1					1
		IV.—Diseases of the Blood and Blood forming Organs.													
	72	Haemorrhagic conditions			2	1	2	1	1				1		8
		(*a*) Primary Purpura					1								1
		(*b*) Haemophatia													
		(*c*) Other diseases included under 72													
	73	Anaemia													
		(*a*) Pernicious anemia						1							1
		(*b. c. d.*) Other anaemias and chlorosis	40	37	44	56	44	62	49	44	36	41	51	42	546
	74(*a*)	Leukaemia			1	1			1			2	1		5
	74(*b*)	Aleukaemia													
	75	Diseases of the Spleen								1					1
	76	Other diseases of the Blood and Blood forming organs													
		V.—Chronic Poisoning and Intoxication.													
	77	Alcholism (Acute or Chronic)													
		(*a*) Acute Alcholism													
		(*b*) Chronic Alcholism													
		(*c*) Unspecified Alcholism													
	78	Lead Poisoning													
36		(*a*) Specified as occupational													
		(*b*) Not specified as occupational	1												1
	79	Chronic poisoning by other mineral and organic substatances													
		(*a*) Occupational poisoning (not lead)													
		(*b*) Poisoning by narcotic and Soporific drug													
		(*c*) Other non-occupational chronic poisoning													
		(*d*) Unspecified poisoning													
		VI.—Diseases of the Nervous System and Sense Organs.													
	80	Encephalitis (non-epidemic)													
		(*a*) Intra cranial abscess			1						1				2
		(*b*) Other diseases included under 80	2	1		2	4	4	2	3	3	3	3	2	29
	81	Meningitis (non-menigococcal)	2	2	1	3	2	3	2	2		2	4	3	26
	82	Diseases of Medulla and Spinal cord				1				1					2
18	83	Intra-cranial Lesions of Vascular origin													
		(*a*) Cerebral Haemorrhage	3	3	4	2	1	4	4	3	6	2	5	3	40
		(*b*) Cerebral Embolism and Thrombosis	1	3	3	1	1	1	1	3	4	2	1	3	24
		(*c*) Softening of Brain													
		(*d*) Hemiplegia and other paralysis of unstated origin		1			1	1	1		1			3	8
		(*e*) Other Intra-cranial effusions													
	84	Mental Disorders and Deficiency—													
		(*a*) Mental deficiency													
		(*b*) Schizopherenia (dementia prococox)													
		(*c*) Manic-depressive Psychosis													
		(*d*) Other mental disorders included under 84													
		(1) Confusional Psychosis, Acute delirium													
		(2) Delusional Psychosis													
		(3) Mania													
		(4) Melancholia													
		(5) Stupor													
		(6) Dementia													
		(7) Other or unspecified conditions included under (84)*d*.													
36	85	Epilepsy	2					1							3
	86	Convulsions in children under 5 years of age	3			1	2			1	1	2	4	3	17
	87	Other diseases of the Nervous system—													
		(*a*) Chorea													
		(*b*) Neuritis (non-Rheumatic)													
		(*c*) Paralysis agitans							1						1

TABLE 36—(*Contd.*)

DEATHS BY ALL CAUSES AND MONTHS.—(*Contd.*)

Classification No. Short List	Detailed List.	Specific Causes of Death.	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sep.	Oct.	Nov.	Dec.	Total
		(e) Other diseases included under 87 ...													
		(1) Convulsions of undermined origin (age 5 and over) ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Other diseases included under 87(e)...	...	...	...	...	...	...	...	...	...	...	...	...	...
	88	Diseasse of the organs of Vision ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	89	Diseases of the Ear and of the Mastoid Antrum—													
		(a) Olitis and other diseases of the Ear ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(b) Diseases of the Mastoid Antrum ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		VII.—Diseases of the Circulatory System.													
		90 Pericarditis ...	...	...	...	1	2	...	...	1	...	...	2	...	6
	91	Acute Endocarditis— ...	...	1	1	...	...	...	...	...	...	1	...	...	3
	92*abc*	Chronic ANections of the avlaves and endocardium ...	1	...	1	2	1	3	...	1	4	4	3	1	21
19	93*a*	Acute Myocarditis ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	93*b*	Chronic Myocarditis specified as Rheumatic...	...	...	...	...	1	...	...	...	...	...	...	...	1
	93*c*	(1) Cardiovascular degeneration ...	...	...	...	...	...	...	...	...	...	...	1	...	1
		(2) Myocardial degenration described as as Fatty ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) Other Myocard al degeneration ...	...	...	1	2	1	1	2	1	2	...	3	1	14
	93*d*	Myocarditis (not distinguinshed as acute or chronic) ...	...	1	...	...	...	...	...	...	1	1	...	...	3
19	94	Diseases of the Coronary Artees, Anginira Pectoris ...	13	10	13	14	5	15	13	21	11	11	14	16	156
	95	Other of the Heart—													
		(a) Funct onal heart disease (without mention of organix lesion) ...	...	...	...	1	...	1	1	...	...	...	1	1	5
		(b) Heart Diseases pecified as Rheumatic but but otherwise ill defined	2	...	...	...	...	...	...	...	1	...	...	...	3
		(c) Other Diseases included under 95 ...	...	3	3	4	3	7	3	1	...	4	...	2	30
	96	Aneurysm (except of Heart and Aorta)													
	97	Arterio Scleros s (excluding Coronary or Renal Sclerosis or Cerebarl Haemorrhage).	...	2	...	...	...	...	...	...	2	...	...	2	6
	98	Gangrene ...	...	2	...	...	...	...	...	...	...	...	1	...	3
	99	Other Diseases of the arteries ...	...	...	...	...	...	...	...	...	...	1	...	...	1
	100	Diseases of the Veins—													
20		(a) Varices ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(b) Other diseases of the Veins ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	101	Diseases of the Lymphatic system ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	102	High Blood Pressure (Idiopathic) ...	3	8	10	2	4	6	3	4	7	5	8	8	68
	103	Other Diseases of the Circulatory syystem ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		VIII.—Diseases of the Repiratory System.													
	104	Diseases of the Nasal Fossae and Anhexa ...	...	1	...	...	...	...	...	...	...	...		1	2
23	105	Diseases of the Larynx ...	...	...	...	...	...	...	...	...	1	...	...	...	1
	106A	Acute Bronchit s ...	...	...	...	...	...	...	...	...	1	...	...	...	1
21	106B	Chronic Bronchitis ...	1	2	1	1	2	5	1	4	3	3	6	1	30
	106C	Bronchitis (not distinguished as acute or chronic) ...	2	...	1	...	...	...	1	...	1	...	...	1	6
	107	Broncho Pneumonia ...	87	51	82	75	87	130	115	102	117	98	99	92	1135
22	108	Lobar Pneumonia ...	1	...	1	1	2	2	3	8	1	4	2	6	31
	109	Pneumonia (Unspecified) ...	27	30	18	33	21	40	28	28	24	37	36	28	350
	110A	Empyema ...	1	...	...	...	...	...	...	...	...	...	...	...	1
	110B	Other or Unspecified forms of Pleurisy ...	1	...	1	...	1	...	...	1	2	...	...	...	6
	111	Congestion Oedema Haemorrhagic infect on and Thrombosis of Lungs ...	1	2	3	4	1	1	4	3	3	2	3	4	31
23	112	Asthma ...	13	8	11	5	9	7	9	8	11	5	10	14	110
	113	Pulmonary Emphysema ...	1	1	...	1	1	...	...	...	...	1	...	...	5
	144A	Silicosis and other occupational Pneumoconioses ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	114B	Other occupational Respiratory Diseases ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	114C	Gangrene of Lung ...	...	1	1	...	...	...	...	...	1	...	1	...	4
23	114D	Abscess of Lung ...	...	...	2	...	...	...	...	...	...	...	...	...	2
	114E	Other Diseases included under 114 not specified as occupation— ...													
		(1) Chronic interstitial Pneumonia not indicated as occupational	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Otehr Diseases included under 114(E) ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		IX.—Diseases of the Digestive System													
	115*a*	Diseases of the teeth and gums ...	...	...	...	...	...	...	1	...	...	...	...	...	1
	115*b*	Septic sore throat ...	...	...	...	...	...	...	...	...	...	...	...	...	
		(1) With mention of tonsi ectomy ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Others with mention of tonsi s ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) Other disases inc uded under 115(*b*)													
27	115*c*	Other Diseases of the Pharynx and tonsi s ...	...	...	...	...	...	...	...	...	...	...	...	1	1
		(1) With mention of tonsi ectomy ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Others with mention of tonsi s ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) Other Diseases inc uded under 115(*c*													
	115*d*	Other diseases inc uded under 115 ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	116	Diseases of the Oesophagus ...	...	...	...	...	...	...	...	...	...	...	...	...	...
24	117	Ullcer of the stomach or duodenun ...													

TABLE 36—(*Contd.*)

DEATHS BY ALL CAUSES AND MONTHS.—(*Contd.*)

Classification No. Short List.	Detailed List.	Specific Causes of Death.	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sep.	Oct.	Nov.	Dec.	Total
		(*a*) Ulcer of the stomach	...	...	3	...	3	1	2	...	...	1	...	...	9
		(*b*) Ulcer of the duodenum	...	...	...	...	...	...	...	...	...	...	1	...	1
27	118	Other diseases of the stomach	...	...	...	...	...	...	...	...	...	...	...	...	...

TABLE 36—(Contd.)

DEATHS BY ALL CAUSES AND MONTHS—(*Contd.*)

Classification No. Short List.	Detailed List.	Specific Causes of Death.	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sep.	Oct.	Nov.	Dec.	Total.
		XIV—Congenital Malformation													
32	157	Congenital Malformations	1	2	1	1	2	2	1	2	3	2	3	4	24
		XV—Diseases Peculiar to the First Year of Life													
32	158	Congenital Debility	28	22	17	14	17	20	14	26	15	13	27	19	232
31	159	Premature Birth	38	37	51	52	38	41	41	41	59	56	41	52	547
	160	Injury at Birth	2	...	...	3	...	2	1	1	1	...	1	1	12
	161	Other diseases peculiar to the first year of life— ...	...	...	...	...	...	...	...	...	...	...	...	...	...
32		(*a*) Asphyxia during or after birth, Atelectasis	4	1	2	1	7	5	7	9	16	6	5	6	69
		(*b*) Intoxication due to maternal taxaemia, Ante-natal toxaemia	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Infections of the New born ...	...	...	1	...	...	2	...	...	2	2	2	2	11
		(1) Infections of the Umbilicus ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Pemphygus neonatorum ...	...	...	...	...	...	...	...	...	...	...	...	...	...
32		(3) Other or Unspecified infections included under 161(*c*)	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*d*) Other specified diseases included under 161	1	...	...	...	...	...	...	...	...	...	...	...	1
		XVI.—Senility, Old Age													
	162A	Old age	8	5	2	8	5	4	5	7	6	6	4	6	66
	162B	Senility with mention of senile dementia ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	162C	Senility without mention of senile dementia	85	51	60	65	40	77	79	64	79	75	60	61	
		XVII.—Deaths from Violence *Suicide* (163-164)													
	163	Suicide by Poisoning—													
		(*a*) Suicide by solid or liquid toxic or corrosive substances	...	...	...	...	...	...	...	...	...	...	...	...	...
		(1) By Corrosive substances ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) By analgesic and narcotic drugs ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) By Soporific drugs	...	...	...	...	...	...	...	...	...	...	...	...	...
		(4) By other solid or liquid poisons ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) Suicide by poisonous gas—													
		(1) By Coal gas	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) By motor exhaust gases ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(3) By other poisonous gas ...	...	...	...	...	...	...	...	...	...	...	...	...	...
33	164	Other forms of suicide—													
		(*a*) Suicide by hanging or strangulation ...	1	1	...	1	...	...	...	1	1	...	1	...	6
		(*b*) Suicide by drowning	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Suicide by fire arms and explosives ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*d*) Suicide by cutting or piercing instruments	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*e*) Suicide by Jumping from high places...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*f*) Suicide by crushing ...	...	...	...	...	...	...	...	...	...	...	...	...	...
		(1) Suicide on railways	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Other suicide by crushing, suicide by jumping before vehicles other than trains	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*g*) Suicide by other or Unspecified means.	...	...	...	...	...	...	...	...	...	...	...	...	...
		Homicide (165-168)													
35	165	Infanticide (Infants under 1 year) ...	...	...	...	...	...	...	...	...	...	...	...	...	...
	166	Homicide by Firearms	...	...	...	...	...	...	...	...	...	...	...	...	...
	167	Homicide by cutting or piercing instruments ...	1	...	1	...	1	...	2	...	...	2	...	...	7
	168	Homicide by other or Unspecified means ...	...	...	...	...	...	...	...	...	...	...	...	...	...
35		Accidental Deaths (or deaths not known to be due to suicide or Homicide (169-195), and other violent deaths (196-198) ...	2	...	1	...	...	...	...	...	...	...	...	...	3
	169	Railway accidents (any cause of death except war)	10	7	5	6	7	13	4	5	8	8	7	7	87
34	170	Motor Vehicle Accidents (any cause of death except war)	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*a*) Collisions with trains	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) Collisions with tram	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Other accidents included under 170 ...	3	2	...	2	...	1	...	...	...	2	1	7	18
34	171	Other Road Transport Accidents (any cause of death except war)													
		(*a*) Tramway accidents on roads ...	...	...	1	...	...	...	...	...	...	...	...	...	1
		(*b*) Other accidents included under 171...	...	...	...	...	...	...	...	...	...	...	...	...	...
35	172	Water Transport accidents (any cause of death except war)	...	...	...	...	...	...	...	...	...	...	...	...	...
	173	Air Transport Accidents (any cause of death except war)	...	...	...	...	...	...	...	...	...	...	...	...	...
	174	Accidents in mines and quarries (any cause of death except war)	...	...	...	...	...	...	...	...	...	...	...	...	...
	175	Agricultural and Forestry Accidents (any cause of death)	...	...	...	...	...	...	...	...	...	...	...	...	...

TABLE 36—(Contd.)

DEATHS BY ALL CAUSES AND MONTHS—(*Contd.*)

Classification No. Short List.	Detailed List.	Specific Causes of Death.	Jan.	Feb.	Mar.	April	May	June	July	Aug.	Sep.	Oct.	Nov.	Dec.	Total
		(*a*) Accidents from Farm, etc., Machinery and Vehicles	1	...	...	...	...	...	...	...	...	...	...	...	1
		(*b*) (1) By Venomous animals	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) By other animals	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Other Accidents included under 175	...	...	...	...	...	...	...	...	...	...	...	...	...
	176	Accidents caused by Machinery (any cause of death)	...	...	...	...	...	...	...	...	...	...	...	...	...
	177	Food Poisoning	...	...	...	...	...	...	1	...	...	...	...	...	1
35	178	Accidental Absorption of Poisonous gas—													
		(*a*) Carbon Monoxide	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) Marsh gas or sewer gas	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Chloroform	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*d*) Accidental absorption of any other irrespirable or poisonous gas included in 178	...	...	...	...	...	...	...	...	...	...	1	...	1
	179	Other acute Accidental poisoning (not by Gas)—													
		(*a*) Salvarsan and other organic preparations of arsenic	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) Other acute accidental poisoning not by Gas included in 179	...	1	1	6	...	...	...	...	...	...	...	...	8
	180	Conflagration	...	...	...	...	...	...	...	...	...	...	...	...	...
	181	Accidental Burns (Conflagration excepted)	10	17	4	2	5	3	3	4	9	7	11	7	82
	182	Accidental Mechanical Suffocation	...	...	...	...	...	...	...	...	1	...	...	...	1
	183	Accidental drowning	6	5	2	8	6	9	2	10	3	7	2	3	63
	184	Accidental Injury by Firearms	...	...	...	...	...	...	...	...	1	...	...	...	1
	185	Accidental Injury by cutting or piercing instruments	...	...	...	...	...	...	...	...	...	...	...	...	...
	186	Accidental Injury by fall, crushing, land slides, etc.	2	7	3	3	7	2	3	3	9	2	3	5	49
	187	Cataclysm (any cause of death)	...	...	...	...	...	...	...	...	...	...	...	...	...
	188	Injury by animals (Poisoning by Venomous animals excepted)	...	...	...	...	...	...	...	...	...	...	...	...	...
	189	Hunger or Thirst	...	...	...	...	...	...	...	...	...	...	...	...	...
	190	Excessive Cold	...	...	...	...	...	...	...	...	...	...	...	...	...
	191	Excessive Heat	...	...	...	...	...	...	...	...	...	...	...	...	...
	192	Lighting	...	...	...	...	...	...	...	...	...	...	...	...	...
	193	Other Accidents due to Electric Currents	...	...	...	...	...	...	...	...	...	...	...	...	...
	194	Attack by Venomous Animals—													
		(*a*) Hydrophobia	...	...	...	...	...	2	...	...	...	...	...	...	2
		(*b*) Snake Bites	1	...	...	...	...	1	...	...	...	...	...	...	2
		(*c*) Attack by Venomous animals included in 19	...	...	...	...	...	...	...	...	...	...	...	...	...
	195	Other Accidents—													
35		(*a*) (1) Vaccinia	...	...	...	...	...	...	...	...	...	...	...	...	...
		(2) Other Sequelae of Vaccination against Small-pox	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) Other accidents due to medical or surgical intervention—	...	...	...	...	...	...	...	...	...	...	...	...	...
		(1) Anaesthetic accidents	...	...	...	...	...	...	...	...	...	...	...	1	1
		(2) Other accidents included under 195(*b*)	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) Lack of care of the New born	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*d*) Other and Unspecified accidents under 195	...	...	5	8	6	8	2	5	5	10	6	5	60
	196	Deaths of persons in Military Service during operations of war—													
		(*a*) From Poison gas	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) From wounds	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) From other or Unspecified causes	...	...	...	...	...	...	...	...	...	...	...	...	...
	197	Deaths of civilians due to operation of war—													
		(*a*) From Poison Gas	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*b*) From Wounds	...	...	...	...	...	...	...	...	...	...	...	...	...
		(*c*) From other or Unspecified causes	...	...	...	...	...	...	...	...	...	...	...	...	...

TABLE 38

Statement showing the Insecticides used during the year 1957.

Name of the Insecticide.	Quantity consumed.
B.H.C. Dust 5 per cent.	*Nil.*
B.H.C. Dust 10 per cent.	254 Cwts.
B.H.C. 50 per cent. Susp.	130 Cwts.
Diazinon 40 per cent.	1,052½ Lbs.
Lindane	180 Lbs. & 10 ozs.
D.D.T. Tech.	3,665 Lbs.
D.D.T. Susp. 75 per cent.	100 Lbs.
D.D.T. Dust 10 per cent.	80 Lbs.
D.D.T. Tech. (Govt.)	22,796 Lbs.
Dieldrin 50 per cent. Susp. (Govt.)	1,000 Lbs.
Dieldrin 50 per cent. Susp.	600 Lbs.
Aromex	4,803 Gals.
B.H.C. Eml. 10 per cent. (G.T.)	300 Gals.
D.D.T. Eml. 75 per cent. (F.G.)	8,754 Gals.
Chloradane 100 per cent.	1,313 Gals.
D.D.T. Solution 5 per cent. (1st Grade)	72 Gals.
Malariol	12,316 Gals.
Pyrethrum	13½ Gals.
Sovacide	3,030 Gals.
Troton X-100	1,433 Lbs.
Lissapole N-X	350 Lbs.

Annual Report of the Deputy Executive Health Officer for the Extended Suburbs for 1957.

Preliminary.—The areas of the Goregaon and Dahisar Gram Panchayats, Malad, Kandivli and Borivli District Municipalities on Western Railway and that of the Mulund District Municipality on Central Railway and 34 Villages in close proximity of their areas were merged with Bombay Municipal Corporation on 1st February 1957 and were given under the charge of Assistant Municipal Commissioner. The work of looking after the sanitation and rendering medical relief was taken by the Public Health Department from 1st October 1957. The integrated area extending from Goregaon to Dahisar on the Western Railway was divided into P and R Wards and that of Mulund on the Central Railway was comprised into T Ward. The three wards were further subdivided into 20 Sections for administrative purposes. A post of one Medical Officer of Health was created for P and R Wards and the Medical Officer of Health in charge of N Ward was asked to look after the medical relief and sanitation of T Ward.

Much of the time had to be spent in doing the spade work which was essential to begin with the work of rendering medical relief and improvement of sanitation.

Review of the year.—A beginning of sanitary supervision of the newly merged areas of the Extended Suburbs was made with the help of the existing staff with a view to improving sanitation by adopting the following measures.

(1) Inspection and supervision of premises and their environments with a view to rectification of sanitary defects, through the enforcements of sanitary regulations on owners and occupiers,

(2) Inspection and supervision of food and other licensable trades.

(3) Pest control.

Area and Population.—The total area of the Extended Suburbs included in Greater Bombay is about 47,980 acres (75 square miles). The population as enumerated in the Census of 1951 is 1,59,617.

Density of Population.—The mean density of population is 3.6 per acre.

Vital Statistics.—The complete record of births and deaths was not available with the defunct local bodies of their respective areas. In view of this, whatever record was available with the offices of these bodies has been collected with a view to systematising the available information.

A beginning was, however, made to collect the information of births and deaths and record the same in the registers on the lines of the City.

Cemeteries.—Out of 29 cemeteries scattered in the extensive area of the Extended Suburbs only one is Municipal. As full particulars in their respect were not available, they could not be registered under Section 435 of the Bombay Municipal Corporation Act.

Control of Communicable Diseases.

The areas being newly merged, notification of infectious diseases by the Medical Practitioners was not seen to a desirable extent. However, a growing awareness to notify the infectious diseases to the Municipal Authorities was observed.

Disinfection.—Terminal disinfection of houses was carried out and concurrent disinfection was advised wherever cases of infectious diseases were known to have occurred.

Sanitary Conditions in the Newly Merged Areas

The insanitary conditions prevailing in the newly merged areas were appalling. Due to lack of proper means for disposal of waste water and sullage water, the condition of Gaothan was utterly insanitary. The stables which have been built in utter disregard to any lay-out, health and hygienic conditions made the situation still worst. However attempts were made to improve as far as possible the sanitary condition by enforcing sanitary regulations on the owners and occupiers etc.

Licensable Trades.—A survey of all these trades was taken with a view to enforcing sanitary regulations in order to take further steps for their improvement.

Vaccination

Prior to the merger vaccination in the Extended Suburban areas was carried through the Government Agency. Immediately after the merger of the areas of the Extended Suburbs, vaccination work was commenced under the direct control of the Assistant Municipal Commissioner with a temporary staff consisting of 4 temporary vaccinators. The work was, however, taken over by the Vaccination Branch from 1st October 1957.

Vaccine lymph was supplied from the cold storage depots at Bandra and Kurla.

Seven Vaccination Stations were opened in different parts of the Extended Suburbs. Mass vaccination campaign was also carried out among Labour localities and vagrants' camps. Vaccination was also done in other localities where the small-pox cases were detected. Vaccination was also done in certain institutions on request.

No serious ill effects due to vaccination were observed or reported during the year.

Medical Relief

The following Medical Institutions which were conducted by the defunct Local Bodies were taken over by the Corporation from the date of merger. Steps were taken to render medical relief through these Institutions.

(1) Topiwala Charitable Dispensary, (Male and Female Section), Goregaon.

(2) Choksey Charitable Dispensary, Malad.

(3) Karsandas Keshavji Charitable Dispensary, Borivli.

(4) Purushottam Jadhavji Kama Charitable Dispensary, Mulund.

* (5) Manori Dispensary, Malad.

(6) Choksey Charitable Maternity Home, Malad.

(7) Shamkuverbai Jatashankar Dossa Chachani Maternity Home, Mulund.

* This Dispensary works from 4-00 p. m. to 6-00 p. m. on Mondays, Wednesdays and Fridays only.

Nominal fee of As. 2 was charged per patient per day in the above Dispensaries by the defunct local bodies and these fees were continued during the year under report.

A fee of Rs. 30.00 was charged in the Choksey Charitable Maternity Home, Malad, per patient and Rs. 20.00 at the S. J. D. C. Maternity Home, Mulund. A proposal to discontinue the fees in these institutions was under consideration.

Ambulance Service.—There were two ambulances one at Malad and another at Mulund, which continued to render services on payment of prescribed charges.

Diarrhoea and Vomiing.—The incidence of diarrhoea and vomiting was high in R Ward during the month of July 1957. 21 persons suffered from the disease during a short period of one week out of which 3 died in the Arthur Road Hospital and were declared as cases of Cholera on epidemiological grounds. The rest were diagnosed as cases of Gastro-Enteritis.

All precautionery measures such as immunization, distribution of Forma Cibazol Tablets as chemo prophylaxis, disinfection of the premises and walls, strict control over food premises and anti-fly measures were taken with the result that incidence came down as suddenly as it went high.

The incidence of small-pox was also high during the months of February and March in the newly merged area, attacking about 121 persons. Immediate steps were taken by appointing 4 temporary vaccinators to carry out contact vaccination and arranging mass vaccination campaign in the affected localities.

During the Influenza epidemic in May and June the infection was wide-spread about 10 per cent. of the total population suffered from the illness. Severe cases were hospitalised and cases of milder type were treated at the Municipal General Dispensaries and at the Centres set up by the Social Organizations that were supplied with medicines and injections free of cost.
