A THESIS
SUBMITTED TO THE UNIVERSITY OF POONA
FOR THE DEGREE OF
DOCTOR OF PHILOSOPHY

1966

**" A Review of the Finances of the Bombay
Province/State from 1946-47 to 1960-61."**

ACKNOWLEDGEMENTS

The thesis was begun under the guidance of Dr. T.M. Joshi, then of the Fergusson College, Poona, to whom I am much obliged for helping me through the initial stages of the preparation of my thesis. But Prof. T.M. Joshi having left for the United States, I had the privilege of working and completing my thesis under the guidance of Prof. N. V. Sovani, then the Joint Director of the Gokhale Institute of Politics and Economics, Poona, and at present the Programme Director of the United Nations' Research Institute for Social Development at Geneva. I do not have words enough to express adequately my deep sense of gratitude to Prof. N.V. Sovani without whose inspiration and guidance at every stage, the thesis would not have been completed.

I am thankful to the authorities of the Gokhale Institute of Politics and Economics, Poona, for permitting me the use of their library all these years. I would like, in particular, to mention Mr. M.V. Sovani who rendered me great assistance in securing the necessary literature on the subject. I am also thankful to Mr. V.D. Divekar and Mr. D.R. Joshi of the Institute library on whom I could always depend for necessary assistance in this regard. I am thankful to Mr. S.B. Chavan, the Divisional Commissioner, Poona, for permitting me the use of the library attached to the Commissioner's Office in Poona.

I am much thankful to Mr. P.G.Salvi, some time Deputy Secretary, Finance Department, Government of Maharashtra, Bombay, and to Mr. H.R.Karnik, Special Officer in Finance Department, Government of Maharashtra, Bombay, for rendering me much help in clarifying many of the technical matters connected with my thesis. I am also thankful to Mr. S.K. Kulkarni, Assistant Director, Bureau of Economics and Statistics, Government of Maharashtra, Bombay on whom I could always count for information not available elsewhere.

I am thankful to Mr. M.V.Phatak and Mr. A.R.Kulkarni of the Gokhale Institute of Politics and Economics, Poona, and Mr. H.T.Kulkarni, for rendering me much assistance in preparing the statistical tables in the thesis.

I am thankful to my colleague Prof. A.S.Nadkarni with whom I had often fruitful discussions on various aspects related to my thesis.

My thanks are due to Mr. N.G.Phadke, who has done an excellent job in neatly typing out the thesis.

There are a number of others who have been of assistance in one way or another and I take this opportunity of expressing my sense of gratitude to all of them.
