POLITICAL ECONOMY OF
PROFESSOR D. R. GADGIL

A THESIS SUBMITTED TO THE
UNIVERSITY OF POONA

FOR THE DEGREE OF
DOCTOR OF PHILOSOPHY
(IN ECONOMICS)

BY
V. D. DESHPANDE

JULY 1978
I first came to know Professor Gadgil when I was an undergraduate student. I was deeply impressed by his lectures. Later, after completing my college education, I joined the Gokhale Institute of Politics and Economics and there, I got an opportunity to work under his guidance. Since then I have been trying to study his thought. In a sense, therefore, the present work is the fulfilment of my longstanding desire and efforts.

It was, however, only under the inspiration of Dr. A. S. Nadkarni, that I started studying Professor Gadgil's thought systematically. Dr. Nadkarni himself has worked under the guidance of Professor Gadgil and, therefore, he was keenly interested in my work. His personal interest in Professor Gadgil's thought and his vast knowledge about economic theory helped me. I wish to keep on record my sincere gratitude towards him.

I take this opportunity to express my sincere gratitude towards Professor Kasat; he has helped me to get proper perspectives.

The manuscript prepared by me was not neat and tidy. I left it to the kindness and efficiency of Shri V.M. Inamdar to read it and type it. He has done his job exceedingly well. I cannot forget his debt.

Poona:
July 1978.

V. D. Deshpande
