## ACKNOWLEDGEMENTS

I owe a deep debt of gratitude to Prof. B.S.R. Rao, R.B.I. Professor of Finance, under whose able guidance I have carried out this study. I must admit, but for his analytical comments and valuable suggestions this work would not have come to this shape. I am, however, solely responsible for any error, that might have crept into it.

I am, grateful to Prof. V. S. Chitre and Dr. G.N. Rao of the Gokhale Institute of Politics and Economics for having helped me in this work.

I am equally grateful to the authorities of the Gokhale Institute of Politics and Economics, Pune, for providing me with all the facilities and for offering me a Junior Fellowship.

I take this opportunity to thank the staff of the S.I.S. Library, for their assistance. Thanks are due to S.M. Kulkarni for neatly typing this work.
