P R E F A C E

Object and scope of the study :

Among the 289 urban areas in Maharashtra as defined in the 1971 Census, there are 222 municipal towns, 5 corporation towns and 62 non-municipal towns. Out of the 222 municipal councils, 20 are 'A' Class Municipal Councils, 34 are 'B' Class and 168 are 'C' Class Municipal Councils.

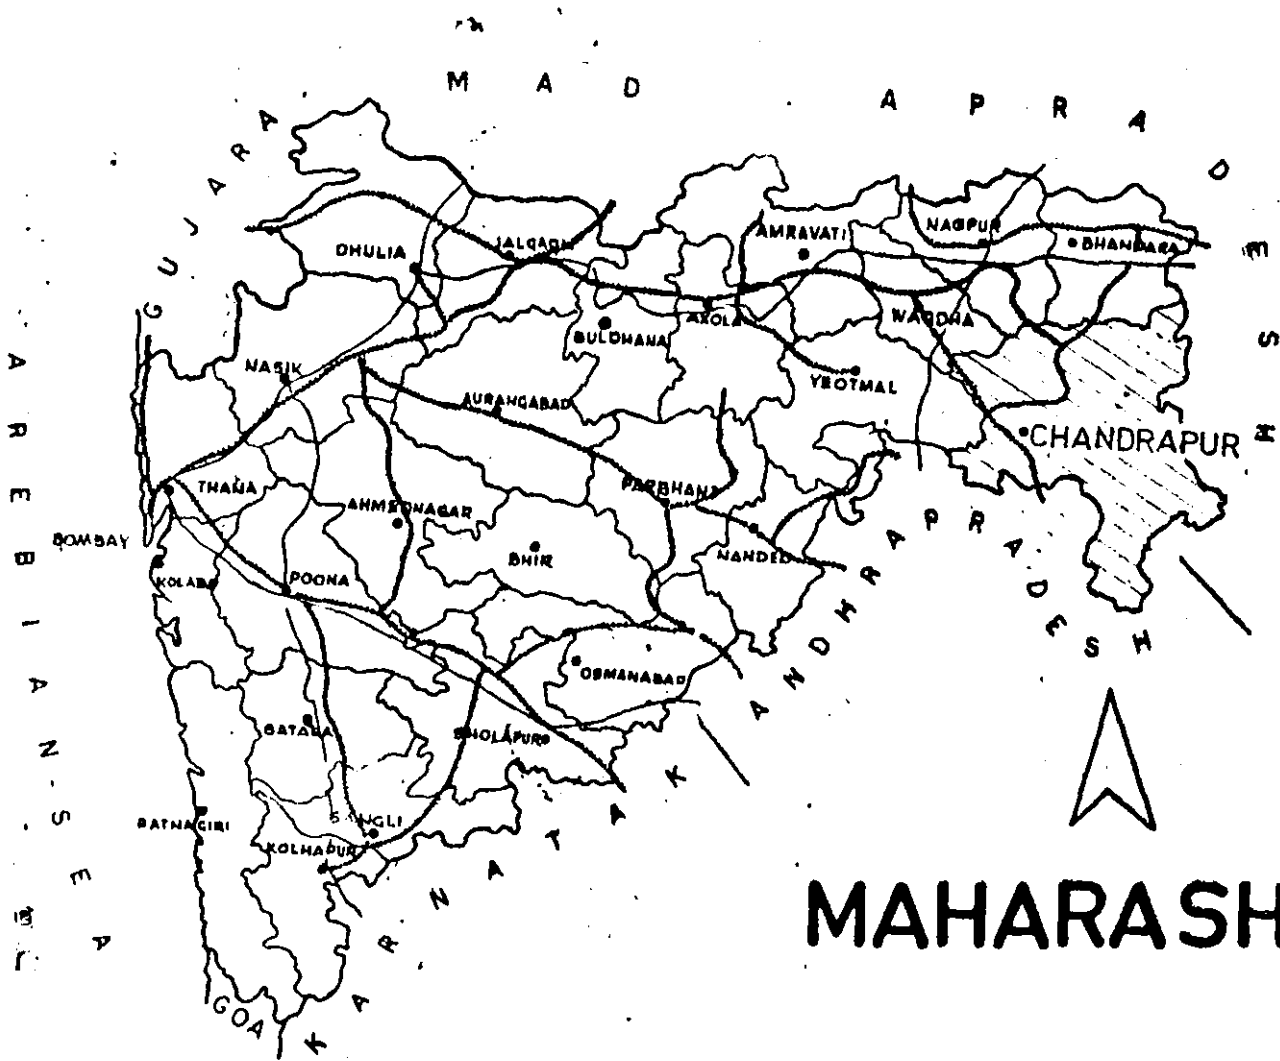

These towns are at different levels of development. They differ from one another in several respects. Their regional settings and climatological features are different, their functional importances are different and so are also the levels of infra-structural development or per capita incomes. While the Census publications provide a lot of useful information about the demographic features of these towns and the Municipal Year Books furnish details of incomes and expenditures of the Municipal Councils, there is no publication which provides consolidated information about the levels of physical and social infra-structural development of the various towns, their planning achievements or planning deficiencies and level of social facilities etc. Development Plans of all these Municipal towns have been prepared which contain fund of information on several socio-economic and physical aspects of the towns based on surveys carried out at the time of preparation of the Development Plans. This information is, however, not available any where in a consolidated and concise form. It was felt that a publication containing information on all aspects of the towns in Maharashtra i.e. demographic, economic, physical and social would be useful not only to town planners but also to other social scientists and administrators as well.

This Town Directory is an attempt in that direction. Information compiled and presented in this Town Directory has been collected mainly through secondary sources viz. Census publications, Municipal Year Books published by the Directorate of Economics & Statistics, District Gazetteers and Development Plan Reports. The information from the Development Plan Reports has been up-dated where necessary. Some information such as relating to water supply and drainage was also collected through correspondence with the concerned Departments/ Municipal Councils. The response from the Municipal Councils was quite good as 142 Municipal Councils out of 222 i.e. nearly 64% supplied the information as asked for in the formats as prescribed.

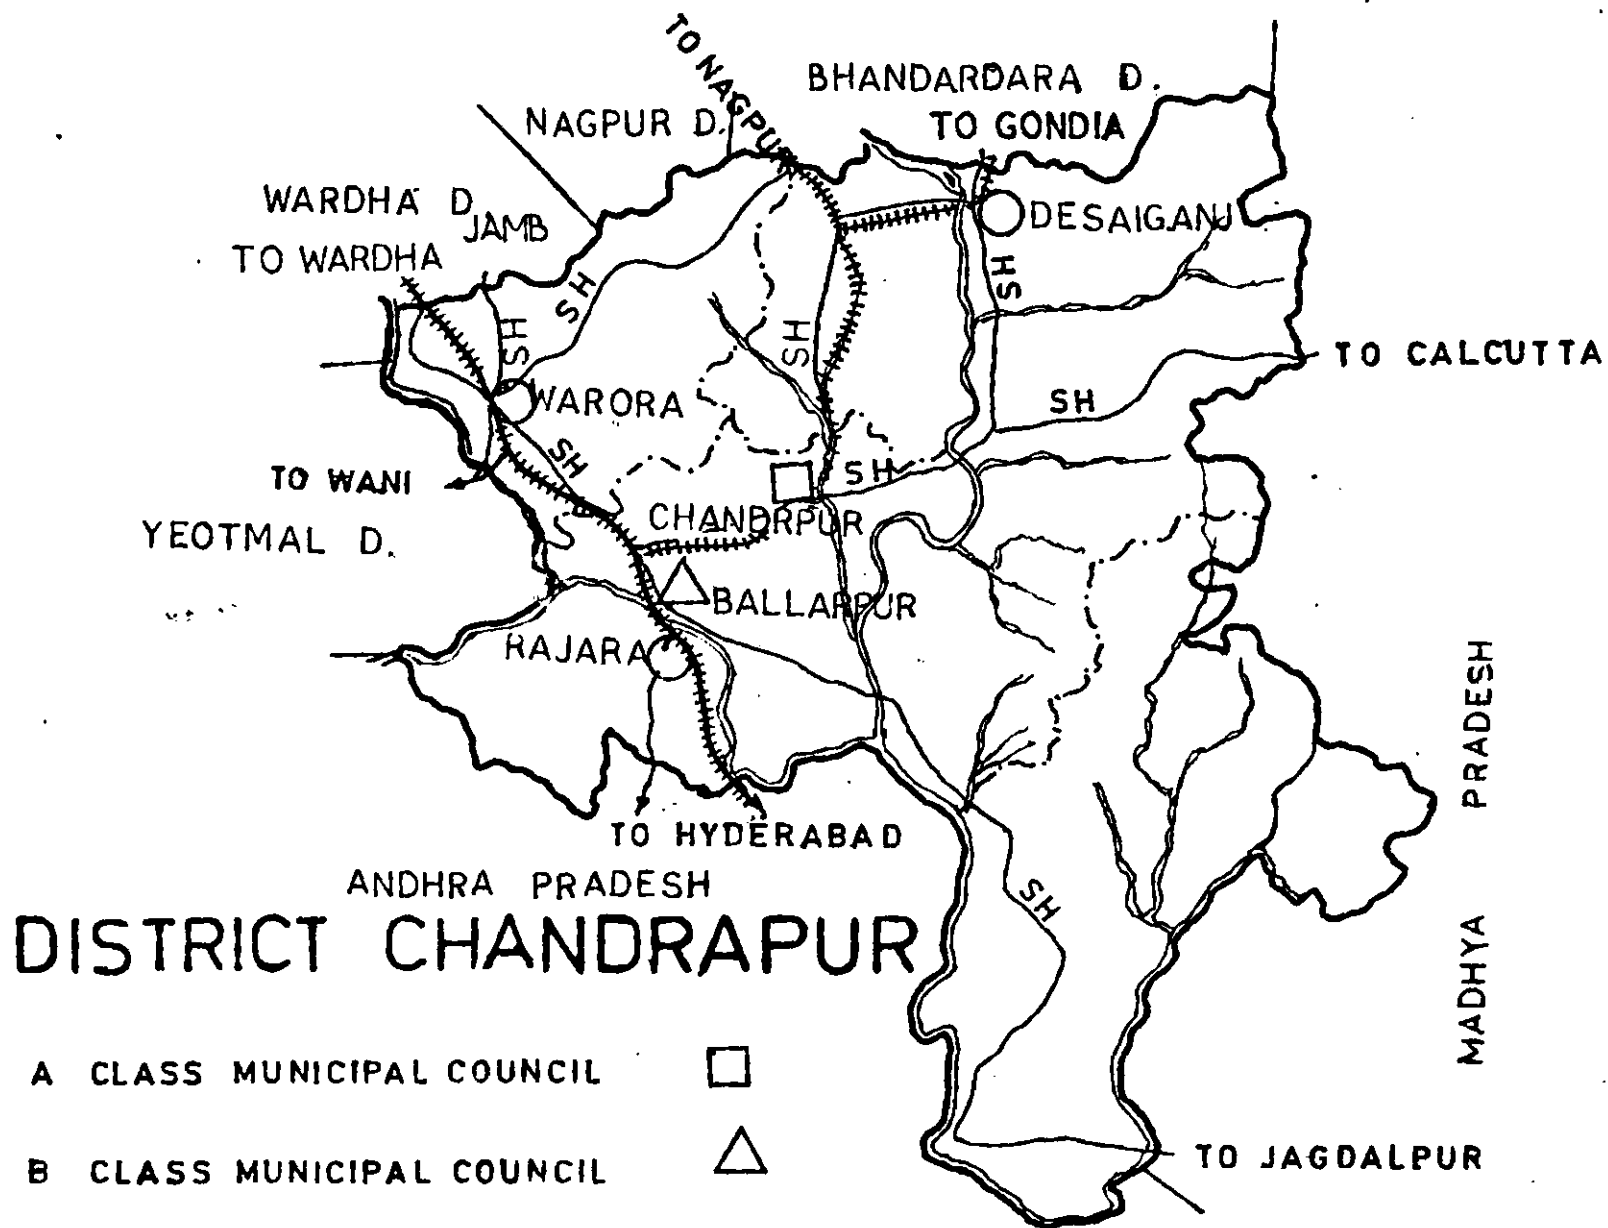

To assess the increase in the facilities and the level of service during the time progression, all Municipal Councils were requested to supply information as to two time stages, viz. 1970-71 and 1975-76. However, unfortunately such information for the two time stages has not been properly supplied by many municipal councils and as such it has not been possible to throw any light on the increase in the facilities or the level of service during the time progression.

To be really useful, the Town Directory will have to be updated periodically. If the idea and attempt to compile and present such a Town Directory is appreciated and found useful, we would certainly undertake such periodical updating.

The present volume relates to Chandrapur District and would be followed by similar volumes of other Districts.

BALLARPUR

1. NAME OF TOWN : Ballarpur

2. GEOGRAPHICAL LOCATION AND ADMINISTRATIVE FUNCTION : Latitude - 19° 57' N
Longitude - 90° 22' E

Ballarpur town is a 'B' Class Municipal Town. It is an important industrial centre in Chandrapur Tahsil in Chandrapur District. It is situated on the bank of river Wardha and is at a distance of 16 km. from Chandrapur and 170 km. from Nagpur. It is also the last Railway Station of Central Railway on route to south India as well as starting point of South-Central Railway.

3. GEOGRAPHY AND PHYSICAL FEATURES : Ballarpur is situated in the areas of Dhararin, Kampti and granite. It contains red soil which is not good for agricultural purposes. The soil is very rich in minerals such as coal seams, iron areas etc.

The town is divided into two parts by railway track. The area abutting on the State Highway is known as new Basti and the area beyond the Railway lines is known as old Basti.

Altitude - 182.0 metre above M.S.L.
Mean Temperature | Maximum - 45.7°C
 | Minimum - 6.8°C
Rainfall average - 1135 mm.

4. BRIEF HISTORY : Ballarpur in ancient times was a royal city and in the ruins of the fort and its palace, still retains the memorials of its past greatness. It is said to have been founded by the Gond King Khandkva Ballal Sah (1437-62).

To-day however, Ballarpur is known not so much of for its ancient glory, but for its collieries having nearly 2000 million tons of coal deposits and large quantities of fine teak and other varieties of timber that are brought here and sold from the surrounding forests. It is perhaps the country's largest

: timber market deriving its supplies from the south and west Chandrapur divisions. The Government has opened a timber depot here and timber is sold on auction; Verides saw Mills a wide variety of furniture is manufactured by the local carpenters.

The Municipal Council, Bellarpur was established in the year 1949.

5. DEMOGRAPHY

a) Population	:	1941	1951	1961	1971
		8712	12471	20351	34268
b) Decade variation(%)	:	1941-51	1951-61	1961-71	
		+43.15	+63.19	+68.38	
c) Sex Ratio (1971)	:	846			
d) Labour participation ratio(1971)	:	31.72%			

e) Occupational Structure (1971)

Sr. No.	Type	Workers		% of workers to total workers
		Male	Female	
1.	Cultivators	122	26	
2.	Agricultural labourers	130	94	
3.	Livestock, forestry, fishing, hunting, plantation, orchards and allied activities.	205	42	
4.	Mining & quarrying	1448	117	
	Total primary workers	1905	279	20.09
5.	Manufacturing, processing, servicing etc.			
	a) Household industries	104	24	
	b) Other than household industries	4510	314	
6.	Constructions	107	17	
	Total secondary workers	4721	355	46.69
7.	Trade & commerce	1110	112

9.	Other services	879	325	
	Total Tertiary workers	3085	526	33.22
	Total workers	9711	1160	100.00

f) Age Structure (1971)

Age Group	0-14	15-39	40-59
	13259	15031	4668
60 and above	1328	Age not stated.	2

g) Literacy (1971)

	Males	Females	Total
	55.60%	31.32%	44.48%

h) Town Density (1971) : 38 persons per hectare

6. AVAILABILITY
OF PHYSICAL
INFRA-STRUCTURE
(1979-80)

a) Number of households (1971) : 7722

Number of occupied residential houses(1971) : 7269

b) Water Supply : Chlorinated piped water supply from Wardha river is made available. Daily water supply per capita is about 70 litres distribution channel is as below -

i) Number of household connections - 890

ii) Number of public stand posts - 21

Number of drinking water wells-95

c) Drainage : There is no underground drainage system in the town at present. The existing drainage, roadside un-built open gutters carry sullage and storm water.

d) Electricity : From Maharashtra State Electricity Board Grid which supplies electricity to the entire town.

e) Communications : External - Ballarpur is also the Railway station of Central Railway on route to South India and the starting station of South Central Railway. It is connected by rail with Nagpur, Wardha to the north and with Hyderabad, Madras etc. to the south. It is also connected by road with Nagpur, Hyderabad, Sironcha, Allapalli etc.

Internal - Ballarpur town is located on Allapalli road, a State Highway. This road passes almost to the north of the

developed area of the town, running in east-west direction. Most of the industries except Ballarpur Colliery are located on this road. A Broad gauge railway line has traversed through the town. The total road length in municipal jurisdiction is 50.50 km. out of which only 9.50 km. have been asphalted and 20.00 km. metalled road. There is no cement surface road. Average road width in the town is about 18'.

- f) Availability of city buses for intercity movement : No
- g) Number of Telephones : 135 connections
- h) Fire service : Not available

7. AVAILABILITY OF SOCIAL INFRA-STRUCTURE (1979-80) :

a) Education

Primary schools are run by Municipal Council and private institutions.

- i) Number of pre-primary schools : 13
- ii) Number of students : 825
- iii) Number of primary schools : 14
- iv) Number of students : 5705
- v) Number of primary schools in own premises : 8
- vi) Number of primary schools in hired premises : 6
- vii) Number of secondary schools : 5
- viii) Number of students : 5049
- ix) Number of secondary schools in own premises : 3
- x) Number of secondary schools in hired premises : 2

Higher Education -

- i) Number of colleges : 2
- ii) Number of students : 1177
- iii) Area occupied : 2.80 Ha
- iv) Playground area : 1.60 Ha

No facility for technical education.

b) Health

- i) Number of public Hospitals : Nil
- ii) Number of public Dispensaries : 2
: Number of beds - Nil
- iii) Number of Veterinary Hospitals : 1 run by Zilla Parishad
- iv) Number of public latrines : 15
180 seats.
- v) Number of slums/zopadpatties : 1
- vi) Slum population : 7000 approximately.

c) Recreational facilities and amenities.

- i) Number of parks or garden. : Nil
Area - Nil
- ii) Number of clubs : 1
- iii) Number of public libraries. : 1 of Municipal Council.
- iv) Number of play-grounds.. : A) Public - Nil
Area - Nil
B) Schools - 6
& Colleges
Area - 3.58 Ha
- v) Number of public meeting places. : 2.
Area - 2.22 Ha
- vi) Open space : Nil
Area - Nil

- vii) Availability of open space for 1000. population (for the 1971 population) ** : 0.0650 Ha
- viii) Number of Cinema Talkies : 2
- ix) Number of Drama theatres : Nil
- x) Number of Swimming Pools : Nil
- xi) Number of Gymnasiums : 6

** Note : Open space includes the area of public playgrounds, open spaces and public meeting places.

8. OTHER FACILITIES :
IN THE TOWN.
(1979-80)

- a) Agricultural Produce Market Yard : Nil
- b) Weekly Market : Held once a week
Day - Sunday
Place - Near M'pal Council.
Area - 2.45 Ha
- c) Vegetable Market : Yes, is located on the Allapalli Road near Municipal Office and other is located on main road near Cinema talkies.
- d) Fish and Mutton Market : Place - Near Wardha river.
Area - 0.0186 Ha
- e) Number of organised shopping centres : 1
Area - 0.0208 Ha
- f) Number of Banks : 5

9. INDUSTRIES
IN THE TOWN
(1979-80)

Ballarpur town is mainly industrial town which is having big industrial establishments such as Ballarpur Paper Mills & Ballarpur Colliery. There are number of saw mills and Timber Depots. Due to availability of china clay of fine variety Dadabhai Potteries is functioning on large scale. Other allied industries such as work shops, oil mills etc. are existing in the town. The total area under the industrial use works out to 351.48 Hectares. Total employment in industries is about 6,000 persons. Major industries of which are detailed below :-

Name of Industry	Average Workers	Area (Approx.)
1. Ballarpur Paper & Strain Board Mill	3950	22 Ha
2. Jaswala Tiles Works	170	7 Ha
3. Dadabhai Potteries (Pro-Basand Industry)	85	6 Ha
4. Ballarpur Colliery	1550	110 Ha

10. MUNICIPAL INCOME :
& EXPENDITURE
(1979-80)

a) Income

i) Total tax revenue	: Rs. 21,95,858
ii) Tax revenue per capita (as per 1971 population)	: Rs. 64.08
iii) Total non-tax revenue inclusive of loans, grants and extra ordinary debts.	: Rs. 34,76,860
iv) Non-tax revenue per capita inclusive of grants, loans and extra ordinary debts (as per 1971 population)	: Rs. 101.46
v) Total revenue inclusive of opening balance.	: Rs. 94,95,278
vi) Total revenue per capita (as per 1971 population)	: Rs. 277.09

b) Expenditure

- i) Total expenditure : Rs. 88,95,448
- ii) Total per capita expenditure (as per 1971 population) : Rs. 259.58

C H A N D R A P U R

1. NAME OF TOWN : Chandrapur
2. GEOGRAPHICAL LOCATION AND ADMINISTRATIVE FUNCTION. : Latitude - 19° 57' N
Longitude - 79° 22' E
Chandrapur town is a 'A' Class Municipal Town. It is administrative headquarter of the Chandrapur Tahsil and Chandrapur District. Chandrapur town which till recently popularly known as Chanda is a rich centre of forest and mineral wealth. On the railway track this town lies on Nagpur-Madras main line and has the access to Nagpur and Wardha through the State Highway.
3. GEOGRAPHY AND PHYSICAL FEATURES : Situated in the rich forest area. It has a vast hinter land rich in minerals forest and agricultural resources. The town is surrounded on the west, south and east by two rivers Erai and Zarpat which are tributories of Wardha river. A big nallah known as Maschchi nallah runs roughly along the northern municipal border and meets Erai river on the western side. The gaothan area of the town is enclosed within a massive fort wall which has four major opening on the four cardinal directions.
Chandrapur has an extremely hot and dry climate. The maximum temperature in summer reaches usually to 46.6°C.
Altitude - 193.0 metre above M.S.L.
Mean temperature | Maximum - 45.7°C
| Minimum - 6.8°C
Rainfall average 1346.6 mm.
4. BRIEF HISTORY : The town is a very old settlement having a distinct historical and cultural tradition. It was the former capital of the Gond Kings till 1751 when the Marathas brought it under their control. Having this historical background, its central portion i.e. gaothan portion is confined within a forthwall, presumably built as a protection against inundation hazard and attack of the enemies.

: Chandrapur town, which till recently popularly known as Chanda is a centre of a vast resourceful region. It has a vast hinter land rich in minerals, forests and agricultural resources.

The Municipal Council was established in 1867.

g) Literacy (1971)

	Males	Females	Total
	69.08%	43.88%	57.11%

h) Town Density (1971) : 64 persons per hectare.

6. AVAILABILITY
OF PHYSICAL
INFRA-STRUCTURE
(1979-80)

- a) Number of households (1971) : 14551
Number of occupied residential houses(1971) : 10394
- b) Water Supply : The town has a filtered piped water supply scheme with a reservoir. The source of water is through wells in the Erasi river. Daily per capita water supply is 90 litres.
i) Number of public stand posts. - 460
ii) Number of household connections - 5925
- c) Drainage : There is no underground drainage scheme. Pucca open road side gutters have been constructed in all the residential localities for carrying sullage and storm water.
- d) Electricity : From Maharashtra State Electricity Board Grid which supplies electricity to the town.
- e) Communications : External - Two State Highways- Nagpur-Chandrapur-Allapalli and Nagpur-Mul-Chandrapur enter the town from north-west and north-east direction. The Chandrapur-Allapalli road, it carries through heavy traffic. The town is connected to Tadoba National Park by a major District Road in the north. Chandrapur is also linked by road not only with all the Tahasil Headquarters and other important places but many other important commercial centres outside district.

: Chandrapur is connected by Central and South-Eastern Railway. There are three railway stations at Chandrapur. It is major station on Delhi-Madras section. Another line connection is with Nagbhid bifurcates and runs to Nagpur and Gondia respectively.

Internal - Mahatma Gandhi road which runs north-south is the main road within the fortwall. This road bisects the town and is the main shopping street. Kasturba road is part of the Chandrapur-Allapalli State Highway. Bimba Gate road branching off from Mahatma Gandhi road is another main road within the town. There is a net work of roads connecting the residential localities within the fortwall. The roads in civil lines are of sufficient widths for local traffic. Total internal road length is 53.10 km. with an average road width of 25'. Major surface classification of these roads is as below :-

i) Cement roads	9.00 km.
ii) Asphalted roads	21.00 km.
iii) Metalled roads	10.00 km.
iv) Other roads	13.00 km.

f) Availability of city buses for intercity movement : Not available

g) Number of Telephones : 1325 connections

h) Fire service : Yes available

No. of fire stations - 1

7. AVAILABILITY :
OF SOCIAL
INFRA-STRUCTURE
(1979-80)

a) Education

Primary schools are run by Zilla Parishad, Municipal Council and private.

i) Number of pre-primary schools	:	50
ii) Number of students	:	2580
iii) Number of primary schools	:	36
iv) Number of students	:	12396
v) Number of primary schools in own premises.	:	26
vi) Number of primary schools in hired premises.	:	10
vii) Number of secondary schools	:	20
viii) Number of students	:	14393
ix) Number of secondary schools in own premises.	:	16
x) Number of secondary schools in hired premises.	:	4

Higher Education -

i) Number of colleges	:	4
ii) Number of students	:	3499
iii) Area - 5.26 Ha Playground area	:	2.63 Ha

Technical education facility is available.

Industrial Training Institute

Number of students	:	475
--------------------	---	-----

b) Health

i) Number of public Hospitals	:	3
-------------------------------	---	---

There is T.B.Hospital & Leprosy Control Unit
Number of beds - 775

ii) Number of public Dispensaries	:	Nil
-----------------------------------	---	-----

iii) Number of Veterinary Hospitals	:	1 run by Zilla Parishad.
-------------------------------------	---	--------------------------

- iv) Number of public latrines : 40
750 seats
- v) Number of slums/ zopadpatties : 7
- vi) Slum population : 25,000 Approx.

c) Recreational facilities and amenities.

- i) Number of parks or gardens : 2
Area - 2.21 Ha.
- ii) Number of clubs : 2
- iii) Number of public libraries : 4
- iv) Number of playgrounds :
A) Public - 1
Area - 2.02 Ha
B) Schools- 19
& Colleges
Area - 9.93 Ha
- v) Number of public meeting places : 5
Area - 8.45 Ha
- vi) Open spaces : Nil
Area - Nil
- vii) Availability of open space per 1000 population (for the 1971 population)** : 0.1657 Ha
- viii) Number of Cinema Talkies : 6
- ix) Number of Drama theatres : 1
- x) Number of Swimming Pools : 1
- xi) Number of Gymnasiums: 5
- xii) Number of Stadiums : 1
Area - 2.02 Ha

** Note : Open space includes the area of public playgrounds, open spaces and public meeting places.

8. OTHER FACILITIES :
IN THE TOWN.
(1979-80)

- a) Agricultural Produce : Yes
Market Yard : Year of establishment : 1950
Place - Outside municipal limit.
Area - 2.83 Ha
Commodities - Jawar, wheat, pulses etc.
- b) Weekly Market : Daily market
Place - Gol Bazar
Area - 1.01 Ha
- c) Vegetable Market : Yes, in Gole Bazar area.
Area - 0.61 Ha (Open)
- d) Fish and Mutton Market : Meat market in the Ekori Ward.
Area - 0.0465 Ha
- e) Number of organised shopping centres : Gole Bazar
Area - 0.1116 Ha
- f) Number of Banks : 10

9. INDUSTRIES
IN THE TOWN
(1979-80)

There is an industrial Estate with an area of about 24 hectares just outside municipal limits on Mul road. A group of light industries comprising of Glass works, ceramic tiles industry, tile works, match Splinter, Saw Mills, Oil Mills, rice mills, service industries, Coal mining industries, the Rayatwari Colliery industry and Hindustan Lalpeth Colliery Industry. Total employment in an industries is 4,000 persons approximately.

10. MUNICIPAL INCOME :
AND EXPENDITURE
(1979-80)

a) Income

i) Total tax revenue	: Rs. 51,22,644
ii) Tax revenue per capita (as per 1971 population)	: Rs. 68.18
iii) Total non-tax revenue inclusive of grants, loans and extra ordinary debts.	: Rs. 39,70,246
iv) Non-tax revenue per capita: inclusive of grants, loans and extra ordinary debts. (as per 1971 population)	: Rs. 52.84
v) Total revenue inclusive of opening balance.	: Rs. 97,25,539
vi) Total revenue per capita (as per 1971 population)	: Rs. 129.44

b) Expenditure

i) Total expenditure	: Rs. 95,01,263
ii) Total per capita expen- diture(as per 1971 population)	: Rs. 126.45

11. BREAK UP

DESAIGANJ

1. NAME OF TOWN : Desaiganj
2. GEOGRAPHICAL LOCATION AND ADMINISTRATIVE FUNCTION. : Latitude - 20° 27' N
Longitude - 79° 57' E
Desaiganj is a 'C' Class Municipal Town. It is a small town in Gadchiroli Tahsil of Chandrapur District. It is 51 km. from Gadchiroli and 139 km. from Chandrapur the District Headquarter by rail and 128 km. from Nagpur by road going to Kurkheda. It has Railway station named Wadsa, 2 km. away on the south-eastern Railway on Gondia-Nagbhid narrow gauge section.
3. GEOGRAPHY AND PHYSICAL FEATURES : The town is situated on the left bank of the Wainganga river. The town is divided into two parts by the road coming from Amgaon which enters the town on north and going to south towards Armori. The Desaiganj town is main commercial centre for the nearby villages. The old vasti is situated to northern part of railway line while administrative buildings and few residential colonies are on the west and east side of the road going to armori.
Altitude - 226.67 metre above M.S.L.
Mean Temperature | Maximum - 45.7°c
| Minimum - 6.8°c
Rainfall average - 1551.8 mm.
4. BRIEF HISTORY : The town is not having important history. It is said that Collector Desai made new vasahat near Wadsa village. This vasahat gradually developed and became a separate inhabitation under the attached name Desaiganj.
The Municipal Council, Desaiganj was established in the year 1961.

6. AVAILABILITY
OF PHYSICAL
INFRA-STRUCTURE
(1979-80)

- a) Number of households (1971) : 2123
- Number of occupied residential houses(1971) : 1672
- b) Water Supply : The town of Desaignanj gets piped chlorinated water supply. The water is derived from Wainganga river. Daily per capita supply of water is 70 litres approximately.
- i) Number of public stand posts - 21
- ii) Number of household connections - 540
- c) Drainage : West water from houses flows at present all along the roads finding its natural slopes and is absorbed in the soil. Underground drainage system is not available.
- d) Electricity : From Maharashtra State Electricity Board Grid which supplies electricity to the entire town.

- e) Communications : External - Desaiganj has railway station named Wadsa on the South-Eastern Railway on Gondia-Nagohid narrow gauge section. It is well connected to Nagpur, Chandrapur and Brahmanpuri by rail and road also the prominent places from the division.
- Internal - There are two major roads entering the town. One is coming from Brahmanpuri and going to Karkheda the other one is going to Armori. The interior roads from the abadi are of sufficient widths a few need to be regularised. The interior roads do not carry much traffic. The Mainpur, Wadsa and Wirshee Tukum villages are linked to Desaiganj town by cart tracks. Internal road length is 28.5 km. with an average width of 18' to 20'. All the road length falls under other surface category.
- f) Availability of city buses for intercity movement. : No
- g) Number of telephones. : 115 connections
- h) Fire service : Not available

R A J U R A •

1. NAME OF TOWN : Rajura
2. GEOGRAPHICAL LOCATION AND ADMINISTRATIVE FUNCTION. : Latitude - 19° 46'-30" N
Longitude - 79° 21'-30" E
Rajura town is a 'C' Class Municipal town, it is also a tahsil headquarter and is situated on Chandrapur-Asifabad State Highway at a distance of 26 km. from Chandrapur, the District Headquarter and 10 km. from Ballarpur towards south. The town is also connected by Manikgarh Railway station situated on Delhi-Madras route.
3. GEOGRAPHY AND PHYSICAL FEATURES : Situated in the midst of cotton and grain growing area. The northern portion of the gaathan is situated on a slightly higher level. The general slope of the town is from east to west and north to south. There are two big nallas on the northern and western boundary of the town which ultimately meet Wardha river at a distance of 5 km.
Altitude - 183.0 metres above M.S.L.
Mean Temperature } Maximum - 45.7°c
 } Minimum - 6.8°c
Rainfall average - 940 mm.
4. BRIEF HISTORY : Rajura tahsil previously formed a part of Adilabad district of the ex-Hyderabad State. It was transferred to Nanded District in 1956 and made a part of Chandrapur District in March 1959.

Among the objects claiming antiquity may be listed the remnants or rather the outlines of a fort and two temples. A large platform like structure is pointed out as the remains of a ground fort where once stood the Tahsil Office. A small part of the southern wall of this fort is still seen and is built of long whitish cut sand stone. On the same side is a blocked entrance flanked by fairly artistic figures of dvarapalas. Janaji Bhosle of

: Nagpur built a black dressed stone, Bhawani temple which is deeply revered.

The Municipal Council was established in 1954.

WARORA

1. NAME OF TOWN : Warora
2. GEOGRAPHICAL LOCATION AND ADMINISTRATIVE FUNCTION. : Latitude - 20° 14' N
Longitude - 79° 1' E
Warora town is a 'C' Class Municipal Town. It is administrative Headquarter of the Warora Tahsil in Chandrapur District. It lies 45 km. north-west of Chandrapur on Chandrapur-Nagpur Road. It is also connected with Chandrapur by broad gauge Railway line of Central Railway which further runs to Madras-Chandrapur-Nagpur road passing through eastern side of Warora town is a State Highway. Another State Highway Warora-Wani-Yavatmal passes southwards, through the heart of the town.
3. GEOGRAPHY AND PHYSICAL FEATURES : Situated in the midst of cotton and jawar growing area. The existing pattern of the town is the outcome of two isolated settlements of Khanji and Warora towards north and south which are ultimately connected with a strip of continuous development along the major link road. There is vast stretched agricultural lands on north and west. Wardha river lies some 8 km. away towards south-west.
Altitude - 206 metres above M.S.L.
Mean temperature † Maximum - 45.7°c
† Minimum - 6.8°c
Rainfall average - 1184.8 mm.
4. BRIEF HISTORY : Primarily the town owed its importance to the colliery which was formerly worked here and it was simply the existence of the colliery which initially led to the construction of the Wardha Warora Railway Station. The colliery was stopped in 1906. Few agricultural small scale industries were also functioning and to finance them Warora Central Co-operative Bank was established in 1912. Being a major cotton producing centre, large scale Ginning and Pressing

: Factory under co-operative sector is functioning. For providing improved seeds and seedlings to the Agriculturist, a Seed growing research and experiment farm functioning and supplies 'Ekarjuna Seeds & Seedling'.

The Municipal Council Warora was established in 1867.
