## CHAPTER 'I'

### INTRODUCTION

#### LOCATION

1.1 Ahmednagar district is located in the central part of Maharashtra between 18.2' to 19.9' with latitude and between 73.9' to 75.5' east longitude. The district is surrounded by Aurangabad and Nasik districts on the North, by Bhir and Osmanabad on the east, Poona and Thana districts on the south-west and by Sholapur district on south. Ahmednagar district with an area of 17,035 Sq. Kms. ranks second in the Maharashtra State.

#### TOPOGRAPHY : (a) Soil

1.2 The geographical foundation of soil prevailing in the district is mainly of Deccan trap of volcanic origin.

The district is situated on the deccan plateau. Soil of the district is generally found responsive and fertile, except the hilly areas of Akola tahsil and some portion of the plains, which suffer from heavy soil erosion. The soil of Ahmednagar district can broadly be classified into the following five categories. :

1. Deep black soil of Kopergaon, Shrirampur and Rahuri tahsils, with rich perennial irrigation system for which the area was selected for Mahatma Jyotiba Phule Agricultural University. Most of the sugar factories are also located in this area.

2. Red soil of western and hilly areas of Akola Tahsil.

3. Laterite.

4. Barad or gray inferior quality soil.

5. White popularly known as 'Pandhari'.

b) Rivers :

1.3 The Godavari and the Bhima are the major rivers of Ahmednagar district. The Godavari flows along the north-eastern boundary of the district, through the tahsils of Shrirampur, Newasa and Shevgaon. The Pravara is the tributary of the Godavari, passing through Akola, Sangamner, Shrirampur, Kopergaon and Newasa tahsils. The Bhandardara dam which is masonry dam was constructed in the year 1926 is a tourist place. The Mula, the Adhala and the Mahalungi are the important tributaries of the Pravara. The southern part of the district consisting of Parner Ahmednagar, Pathardi, Shrigonda and Karjat tahsils constitutes the Bhima basin with the tributaries of rivers Sina, Kukadi and Ghod. The Bhima flows nearly 56 Kms. along the boundaries of Poona and Nagar districts. Besides the major rivers indicated above, Mhalungi, Kalu, Kapri, Hanga, Mehekari, Ghod Khanapuri, Dhor, Simphana, Deo, Redi, Kas are the minor rivers flowing seasonally in almost all tahsils except Pathardi.

1.4 c) Hill Ranges : The main Sahyadri range touches Akola tahsil in the western areas of Ahmednagar district. From this main range three spurs viz. Kalsubai, Baleshwar and Harishchandragad spurt out. Kalsubai is the highest peak of Sahyadri (1654 meters), and serves as the watershed between Darna and Pravara rivers. Harishchandragad is 96 Kms. long and its branches run from Ratangad, serving the watershed between Pravara and Mula rivers. The Baleshwar is the largest range and demarcates the boundary of Poona and Nagar districts. On entering into Parner tahsil the Baleshwar forms two sub-branches, one going through north of Nagar town and forms ....

(Contd)...

watershed between the Godavari and the Bhima & then other turning South wards across the north east corner of Shrigonda tahsil and enters into Karjat tahsil.

1.5 d)Minerals : There are no major mineral deposits located in Ahmednagar district except limestone in Parner tahsil. However sand, stone, murum etc. are found in abundance in all tahsils of the district.

1.6 CLIMATE :

a)Rain-fall : Ahmednagar district gets rain mainly from south-west monsoon but the distribution of rainfall is mostly uneven. The rainfall is adequate and concentrated in the western part of Akola tahsil and it is most erratic in the southern part which is known as scarcity tract. The normal rainfall at the tahsil headquarters varies from 500 to 700 m.m. approximately. The district can be divided into following three zones according to rainfall. Zone I consisting of northern part comprising of Kopergaon, Akola, Sangamner, Rahuri and Shrirampur tahsils, with more or less assured rainfall. Zone II comprises of south-eastern part covering Shevgaon, Newasa, Ahmednagar, Pathardi and Jamkhed tahsils and Zone III covering Karjat, Shrigonda, Parner tahsils with very little rainfall.

1.7 FAMINE AND SCARCITY

Due to good rains in the district in the period under review i.e. 1973-74 agricultural conditions improved considerably and as such pressure on district administration due to scarcity conditions in the previous year was relieved to a great extent. During the year 1973-74 only 31 villages in the district with a population of 40,194 were affected by

(Contd)...

by akin to scarcity conditions, 24 being from Nagar tahsil, 3 each from Parner and Kopergaon tahsils and one from Karjat tahsil. Tagal loans amounting to Rs. 12.42 lakhs were disbursed under A.L. act.

1.8 ADMINISTRATIVE SET UP :

In Nagar district at present there are 13 tahsils with four sub-divisions and 45 revenue circles, covering 1312 inhabited and five deserted villages according to 1971 population census. There are six towns in the district, two in Nagar tahsil, one in Sangamner, two in Kopergaon tahsil and one in Shrirampur tahsil. Of the above six urban areas there are five Municipal Councils, one Cantonment Board at Nagar and there is village Panchayat at town Wari from Kopergaon tahsil. There is Municipal Council at Rahuri but it is treated as 'Rural area' as per 1971 census concept.

2) There are various State Government Offices and also few Central Government Offices viz. Income tax, Post and telegraph Telephones, Central Excise etc. working at District Head Quarte Ahmednagar. There are Municipal Council Offices, Cantonment Board and also Zilla Parishad Office situated at Head quarter. In addition to the above, there are other offices such as Life Insurance Corporation and Maharashtra State Electricity Board, State Transport etc. at Ahmednagar. Most of Banks both Nationalised and others have also their offices in Ahmednagar District

1.9 DEMOGRAPHY : POPULATION

According to the population census of 1971 total population of Ahmednagar district was 22,69,117 and the rate of increase in the population was 27.77 percent during the ...

decade 1961-1971 which was higher than that of Poona division and also that of Maharashtra, the respective figures being 25.64 and 27.45. The following table gives the tahasilwise percentage variation in population during the decade 1961-71.

TABLE NO. 1

Tahsilwise decadal variation in population in 1971 over 1961.

Name of Tahsil.	variation percentage	P O P U L A T I O N	
		1961	1971
1	2	3	4
District	27.77	17,75,969	22,69,117
Tahsils.			
1. Kopergaon	32.96	1,97,512	2,62,619
2. Akola	25.39	1,17,795	1,47,702
3. Sangamner	32.96	1,64,564	2,18,797
4. Shrirampur	32.94	1,78,174	2,47,551
5. Rahuri	35.35	1,17,728	1,59,343
6. Newasa	27.77	1,17,706	1,50,393
7. Shevgaon	23.64	1,04,207	1,28,841
8. Parner	13.20	1,31,039	1,54,899
9. Ahmednagar	23.63	2,45,581	3,03,606
10. Pathardi	24.96	1,10,905	1,38,590
11. Shrigonda	23.89	1,18,313	1,46,581
12. Karjat	24.49	99,292	1,23,612
13. Jamkhed	17.37	73,153	86,592.

From the above table, it will be seen that decadal variation in the district 1971 over 1961 comes to 27.77 percent. Kopergaon, Sangamner Shrirampur, Rahuri Tahsils are above district variation. Parner tahsil shows the minimum percentage increase amongst all and then comes Jamkhed tahsil.

1.10 SPECIAL FEATURES. :

Ahmednagar, since ancient times is known for its rich historical and religious heritage and the area is termed as 'Land of Saints of all the Religions'. In ancient times, it was the main centre of Administration of Southern India. The famous fort of Ahmednagar was associated with "Quit India Movement of 1942". This district is on the fore-front of co-operative movement especially in respect of Sugar factories. There are in all 16 sugar factories, 12 being co-operative with five lakh tonnage of sugar production in the district. This is main contribution of principal Cash Crop of Maharashtra State. At the instance of Government of India two districts in Maharashtra have been selected under Drought Prone Area <sup>Programme</sup> Project which will be implemented with the assistance of The World Bank. Ahmednagar is one of them. There are nine water-sheds, having 110 villages covered under the programme.

CHAPTER NO. II

EXPLANATORY NOTES

2.1 The District Statistical Abstract for the year 1973-74 presents statistics on various topics, such as population, Climate Agriculture, Animal Husbandry and Forest, Employment, Industries, Co-operation, Medical and public Health, Education, Transport, and Communication, Community Development and plan etc. The data presented in various tables are collected from the concerned agencies. The footnotes to the tables indicate the sources from which data are collected. For the tables pertaining to agriculture and co-operation the reference years are respectively agriculture or co-operative years. Whenever data are not available for the reference year it is that for the latest available year is given in the abstract. In each table district totals are given in the beginning and Tahasilwise break-up follows next. The concepts, sources and limitations adopted while preparing the abstract are given in the following paragraphs.

2.2 In the beginning of the Socio Economic Review, the important items of each sector of the tables, published in part -II have been displayed under "District at a glance". The information of the district with corresponding information of Maharashtra State is given in the glance, for the reference years mentioned against each item. This serves as gist of the publication.

2.3 Area and population. : Under this head seven tables based on the final figures of 1971 census are prepared on various topics such as rural and urban area, houses, decadal variation since 1951, Tahasilwise villages and towns according to population ranges, classification of workers and non-workers, distribution of population according to age group, religion. Also tahasilwise data on scheduled caste and scheduled tribe is prepared.

2.4 While referring the data on urban areas it should be noted that a Town or Urban area is a place which satisfies the following items of characteristics.

- 1) The civic administration of such places is required to be governed by Municipality or Cantonment Board or civil line or
- 2) Minimum estimated population for 1971 should be 5000.
- 3) Density of such place should be 400 persons per square kilometer.
- 4) 75 percent of male working population should be engaged in occupation other than Agriculture.
- 5) The place should have according to Director of Census Operations, a few pronounced urban characteristics.

2.5 According to 1971 census definition of workers, all those persons who had worked in the current or last working season for greater part of the season were treated as workers. Thus 1971 census instructions stipulated that a person primarily engaged in household duties or those who are students and helped in the family economic activity, but not on a full time scale should be treated as 'Non-workers' in respect of their main activity and the economic activity in which they were marginally engaged might be considered as their secondary work. Due to this changed concept decrease in the proportion of workers is observed as compared to 1961 census data.

2.6 Climate and Rain-fall ; Two tables under this category relate to rain-fall and temperature. Table No. 8 presents normal rainfall and number of rainy days and actual rainfall at various stations in the Nagar district. Normal rainfall means average rain-fall over a long period upto 80 years. The data are obtained from the Statistician, Department of Agriculture. Table No. 9 presents maximum, minimum temperature at Ahmednagar station.

Contd.....

2.7 Agriculture.: Under this head, important statistics pertaining to land utilisation, area under different crops, irrigation, yield rates and out-turn and agricultural wage rates, minor, medium and major irrigation works etc. are prepared. Information regarding famine and scarcity affected areas is also presented under this head.

2.8 Table No. 10 gives tahasil-wise figures of land utilisation under different heads of utilisation. Against each tahsil the break-up of the total geographical area according to different types of land use such as area under forest, non-agricultural use, current and other fallow land, permanent pasture and grazing land etc. is shown. Area under 'Forest' includes all actually forested areas or lands classed or administered as forests under the legal enactment dealing with forests whether state owned or private. Lands put to non-agricultural uses cover land occupied by buildings, roads, railways etc.. Barren land and unculturable land covers area under mountains, deserts, river beds and areas of lands which cannot be brought under cultivation or taken up for cultivation once but not cultivated during current year and last five years or more in succession. Such lands may be either fallow or covered with shrubs and jungles which are not put to any use. permanent pastures and grazing lands cover all grazing lands whether they are permanent pastures and meadows or not and village common grazing lands within forest areas. Miscellaneous tree crops and groves not included in the net area sown cover lands under casurina trees, thatching grass, bamboo bushes and other trees used for fuel etc. Lands which are not included under 'orchards' are classified. @ Unless at very high cost, Culturable waste includes all land available for cultivation whether not taken up for cultivation, Contd.....

under this category. Current fallows comprise \* cropped areas which are kept fallow during the current year. If any seedlings area is not cropped again during the same year it is also treated as current fallow. Other fallow land includes all lands which were taken up for cultivation but are temporarily out of cultivation for a period of not less than one year and not more than 5 years. The net area sown consists of net area sown with crops and orchards, area sown more than once being counted only once. The gross cropped area represents the <sup>same</sup> of area under all crops. /The difference between total cropped area and net area sown is accounted for by the area sown more than once on the same land during the same year with same or different crops. The data on yield rates and out-turn are based on estimates worked on results of crop-cutting surveys and partly on 'Annewari' method. In table 13 gross and net irrigated area according to various sources such as Canals, wells and others is given whereas in the table 14 crop-wise irrigated area in all tahsils is <sup>be</sup> shown.

2.9 Regarding irrigation works it may<sup>be</sup> mentioned here that a work involving <sup>an</sup> expenditure of less than Rs. 20 lakhs is treated as Minor Irrigation work that covering irrigable area upto 250 acres is entrusted to Zilla Parishad and works above 250 acres area implemented by the Irrigation Deptt. of State Government.

2.10 Animal Husbandry and Forest ; Under this group , information regarding live-stock census, veterinary statistics, recognised slaughter houses and forest statistics is presented. Table No. 22 gives number of various types of live-stock, poultry etc. as enumerated at the time of 1972 quinquennial live-stock census. Table No. 23 gives the information regarding veterinary statistics in each tahsil, while table number 24 give disease-wise live-stock mortality. The information regarding animals

slaughtered in recognised slaughter houses is presented in table No. 25. Animals slaughtered by butchers in rural area is not <sup>available</sup> available. Table No. 26(A) gives figures of area under forest in the district. The forest area figures in this table are different from the figures in the table on land utilisation. The concept of classifying areas is different for the two departments. Table No. 26 (b) gives the information regarding production and value of major and minor forest products in the Ahmednagar district.

2.11 Employment, Industry, Mining and Electricity : Under this section, information on various items like factory statistics, data furnished by Employment Exchange, Consumption of electricity and number of towns and villages electrified is presented. Regarding factory statistics, it may be stated that the data covers factories registered under 'Factory Act-1948' viz. those employing 10 or more workers and working with aid of power and those employing 20 or more workers and working without aid of power. The results of the annual surveys of Industries are given in table number 30. The term productive capital used in that table consists of fixed and working capital. The gross out-put represents value of products and by-products manufactured for sale, work done for customers and sale value of goods sold in the same condition as purchased and is adjusted for the difference in stock of semi finished goods at the beginning and at the end of survey year. Value added by manufacture is computed by deducting from gross ex-factory value of out-put, the gross value of input. Value added is net of depreciation. In electricity tables information regarding villages and towns electrified and type of generation

and electricity consumed for different purposes is given, as collected from <sup>Sugar</sup> Factories, Mula Pravara Co-operative Electric Society and Maharashtra State Electricity Board.

2.12 Co-operation : Comprehensive data on this subject are displayed in tables ( 36 to 43 ) which include number of different types of societies, statistics relating to co-operative banks, primary agricultural credit societies etc, alongwith their membership share capital etc. for the co-operative year ending June.

2.13 Medical and public Health : Under this head information regarding medical and public health facilities, showing hospitals dispensaries, Primary Health centres etc. is collected. Table 44 shows the medical facilities available through public and public aided bodies in the district. Table No. 45 indicate the data about births, deaths and infant deaths. The figures of infant death relates to the death of children below one year. In table No. 46 data on number of deaths due to principal diseases is shown. Table 47 gives information regarding primary vassination revaccination and Cholera inoculation in the district. In table No. 48 the data in respect of family planning centres operating in the district is represented.

2.14 Education : Under this category information regarding progress of education in Ahmednagar district is collected and presented in 5 different tables on literacy rural, urban. Table No. 52 shows the number of different types of educational institutions, pupils and teachers for each type in the district. The number of institutions relate to acadamic year ending June and number of pupils as on 31st March. In the table No. 53 the total number of beneficiaries ( Backward classes ) at each level

of education is shown. Table No. 54 gives the information regarding total number of students taking benefits as 'E.B.C.' students and total value of concessions for the educational levels for the district as a whole. Table No. 55 gives information about expenditure on primary education by zilla parishad and Municipal Councils.

2.15 Transport and Communication : Under this head information pertaining to the length of railway route, (Table No. 56) road length according to different categories and surface classification, (Table No. 57) operational statistics of Nationalised road transport, traffic census, postal statistics etc. is presented.

2.16 Table No. 58 presents data about motor vehicles as on 31st March 1974 in the poona region, comprising of poona, Nagar, Satara and Sholapur districts. Table No. 62 gives information where radio sets installed.

2.17 Local Bodies : Under this head information regarding income and expenditure of various Local Bodies viz. Village panchyats, zilla parishad and Municipalities in the district is presented for the year 1973-74 indicating their progress.

2.18 Plan and Community Development, Under this section five tables are presented. The first two tables No. 67 and 68 give important plan statistics viz. plan expenditure under different heads, sub-heads of development & important physical achievements for the year 1973-74. The other three tables give data regarding C.D. programme and expenditure incurred in different stages of blocks and physical achievements on selected items in all blocks, during the year 1973-74.

2.19 Prices, Under this group, wholesale prices of certain agricultural commodities at regulated markets, average retail

prices of selected commodities prevailing at Ahmednagar during 1973 and Consumer price Index Nos. for working class at Sholapur and Poona for 1973-74 are presented. As regards the wholesale prices, the district average of only important commodities are given, while for the average retail prices, the information collected for the given commodities are restricted to only one quotation and that too from one shop at district head quarters. The average of individual commodities cannot be said to be fully representative but data may prove useful as broad indicator of trend in changes in retail prices.

2.20 Miscellaneous, The statistics relating to police force, Crime statistics, work disposed in Civil and Criminal courts, Cinema statistics, Banking Offices, Joint stock Companies, Insurance business, Collection of Small Savings, Land Revenue collection, Newspaper etc. are presented in 10 different tables under this section.

### CHAPTER III

#### Analytical Review of Sectorial Trends

3.1 In this chapter trends in the various statistical data presented in part II viz. District Statistical Abstract in various sectors of development such as Agriculture, Animal Husbandry, Cooperation, Education, Electricity, Public Health etc. are analysed.

#### AGRICULTURE

3.2 Being the principal source of livelihood Agriculture and allied activities naturally find predominant place in our economy at all levels. To get better idea of the progress in this important sector some major indicators such as percentage of gross cropped area to the net sown area, irrigation percentage,

cropping pattern, yield per hectare of principal crops for Ahmednagar district is discussed. The data for the two last agricultural years 1971-72 and 1972-73 is compared with the year 1960-61.

TABLE NO. 1

Percentage of Gross cropped to the net sown area

Sr.No.:	Tahsil	: 1960-61	: 1971-72	: 1972-73
1	2	3	4	5
1.	Kopergaon	104.74	105.22	103.04
2.	Akola	102.46	102.75	103.48
3.	Sanganner	108.75	103.34	102.83
4.	Shrirampur	102.60	103.22	103.54
5.	Rahuri	104.05	103.34	103.54
6.	Newasa	119.13	103.52	102.83
7.	Shevgaon	106.11	104.61	103.64
8.	Parner	104.22	104.06	103.37
9.	Ahmednagar	103.39	102.21	103.30
10.	Pathardi	104.81	102.26	100.48
11.	Shrigonda	106.47	105.17	101.94
12.	Karjat	110.87	104.87	102.53
13.	Jankhed	105.02	102.62	101.54
	District Total	105.16	103.68	103.18

3.3 From the above table, it would be seen that the extent of double cropping is very small in Ahmednagar District. The percentage of gross cropped area to the net cropped area ~~to net cropped area~~ has further declined in the year 1972-73 even with reference to the year 1960-61 and 1971-72. During the year 1972-73 the tehsils Ahmednagar, Parner, Shevgaon, Rahuri Shrirampur and Akola, were above the district average and Kopergaon, Sangamner, Newasa, Pathardi, Shrigonda, Karjat & Jamkhed tehsils remained below the district average. When compared in the two years 1971-72 and 1972-73 the Akola, Shrirampur, Rahuri, of Nagar tehsils showed more percentage/gross cropped to the net sown area whereas the remaining tehsils registered less percentage. Irrigation helps to increase double cropping if it is not used for perennial crops. In the district, it will be observed that irrigated area in Kopergaon, Shrirampur, Rahuri etc. pertained to Sugarcane which resulted in the insignificant double cropped area.

IRRIGATION

3.4 Agriculture is a gamble in Monsoon and hence lack of reliable irrigation facilities hamper agricultural development. From the following table it will be seen that well irrigation occupies a significant place (90%) the district though flow irrigation is recently developing in the canal areas of the district.

TABLE NO. 2

Source-wise area irrigated in AHMEDNAGAR DISTRICT

Sr. No.	Source	Net area irrigated in hectares		
		1960-61	1971-72	1972-73
1	2	3	4	5
1.	Govt. Canals	43,510	45,900	41,584
2.	Private Canals	1,745	259	34
3.	Wells	89,452	1,09,805	93,702
4.	Tanks	787	-	-
5.	Other Sources	382	-	-
	TOTAL	1,35,876	1,55,964	1,35,320

3.5 During the reference year of 1972-73 it will be seen that irrigated area is declined by 13 percent over the previous year and also it is less when compared to the year 1960-61. Within the district, however, irrigated area showed increase in Akola, Sangamner, Rahuri, Newasa, whereas other tehsils showed declined in areas in the two reference years. No. of irrigation wells in use in the district in the year 1972-73 also was slightly reduced over the year 1971-72, whereas wells not in use, were increased. Irrigation wells in use in Shevgaon, Sangamner, Parner showed increase.

3.6 In the following table tehsilwise percentage gross to net irrigated area and percentage of net irrigated to net sown area for the years 1960-61, 1971-72 and 1972-73 are given below :-

TABLE NO. 3

Percentage of Gross and Net irrigated area to the net sown area  
in AHMEDNAGAR DISTRICT

Sr. No.	Tehsil	1960-61		1971-72		1972-73	
		% of gross irrigated area to net irrigated area	% of net irrigated area to net sown area	% of gross irrigated area to net irrigated area	% of net irrigated area to net sown area	% of gross irrigated area to net irrigated area	% of net irrigated area to net sown area
1	2	3	4	5	6	7	8
1.	Kopergaon	107.06	31.76	106.89	41.13	106.47	48.79
2.	Akola	136.95	1.28	141.86	1.08	118.93	1.36
3.	Sangamner	121.11	7.42	122.62	11.75	114.54	13.48
4.	Shrirampur	103.66	33.05	104.54	44.16	105.40	45.85
5.	Rahuri	108.02	18.58	109.22	23.58	107.08	23.50
6.	Newasa	121.48	5.56	110.59	8.33	110.55	11.20
7.	Shevgaon	121.74	4.26	136.49	5.14	113.04	4.22
8.	Parner	141.48	6.38	118.96	4.41	118.69	2.21
9.	Ahmednagar	104.21	11.40	107.85	10.61	106.24	6.63
10.	Pathardi	130.92	6.46	120.02	5.29	124.51	1.95
11.	Shrigonda	116.33	10.36	110.96	12.36	110.46	9.29
12.	Karjat	117.20	8.09	122.41	6.85	178.51	3.23
13.	Jamkhed	117.56	8.16	127.45	6.50	119.02	3.45
	District Total	113.68	10.79	111.97	12.46	110.46	11.62

3.7 From the above table, it will be revealed that overall percentage of gross irrigated to the net irrigated area in the year 1972-73 decreased by about one and half percent than the previous year and also as compared to the year 60-61 within the district the percentage was more in 72-73 in Shrirampur, Pathardi and Karjat tehsils as compared to 1971-72. As regards the percentage of net irrigated to the net area sown in 1972-73 it was slightly less than that in the 1971-72, though it was more when compared to the year 1960-61. The tehsil Kopergaon, Sangamner, Shrirampur, Newasa, showed increase while in respect of other the percentage was declining. This also further reveals the extent of double cropping in the irrigated areas of the district.

3.8 Productivity of Important Crops :

Rice, Jowar, Bajara, Sugarcane, Groundnut, Safflower and Cotton are the principal crops of the Ahmednagar district. In the following table comparative position showing yield rates and outturn of principal crops of the district is given below :

TABLE NO. 4

Yield Rates of Principal Crops and their out-turn in AHMEDNAGAR

		<u>DISTRICT</u>		
		Ahmednagar District		
Sr. No.	CROPS	YEAR	Yield rate Kg. per Hectares	District Out-turn in '00' Tonnes.
1	2	3	4	5
1.	Rice	1961-62	1,119	116
		1971-72	814	57
		1972-73	239	16
2.	Jowar Kharif Rabi.	1961-62	277	1,785
		1971-72	181	1,276
		1972-73	87	448
3.	Safflower	1961-62	N.A.	N.A.
		1971-72	249	229
		1972-73	234	75

TABLE NO. 4 (CONTD)

1	2	3	4	5
3.	Bajara	1961-62	186	481
		1971-72	278	211
		1972-73	158	210
4.	Sugarcane (in terms of Gur.)	1961-62	11,207	3,994
		1971-72	7,069	3,478
		1972-73	6,862	3,294
5.	Groundnut	1961-62	418	130
		1971-72	638	60
		1972-73	271	23
6.	Cotton *	1961-62	71	31
		1971-72	221	107
		1972-73	268	188

\* Out-turn in terms of hundred bale of 180 Kg.

3.9 It will be seen from the above table that during the year under review yield rates of all crops except Cotton declined, when compared to the previous year, due to prevalence of scarcity conditions in the entire district in the year 1972-73.

CROPPING PATTERN :

3.10 Perusal of the data indicating cropping pattern in the following table will show that percentage of area under cereals and Sugarcane to the gross cropped area has slightly increased in the year 1972-73 over previous year, while the same in respect of other categories show the declining trend, in the above reference period and also as compared to the year 1960-61. Also the area under total non-food crops is increased in the year 1972-73 as compared to the previous year.

TABLE NO. 5

CROPPING PATTERN

Percentage of areas under various crops in AHMEDNAGAR DISTRICT

Sr.No.	Crops	Percentage distribution of area		
		1960-61	1971-72	1972-73
1	2	3	4	5
1.	Total cereals	73.76	76.94	77.76

1	2	3	4	5
2.	Total Pulses	7.75	3.48	2.64
3.	Total food grains	81.51	80.42	80.40
4.	Sugarcane	2.73	3.79	4.01
5.	Total food crops	85.15	85.09	85.07
6.	Cotton	2.45	0.67	0.54
7.	Groundnut	2.37	0.78	0.67
8.	Total Non-Food crops.	14.85	14.91	14.93
9.	Total food crops & Non-Food crops.	100.00	100.00	100.00
	GROSS cropped area in hectares.	1323643	1297467	1201770

### 3.11 Agricultural Credit and Outstanding dues :

The position given in the following table in this respect gives idea about the co-operative credit structure in Ahmednagar district, for the years 1961-62, 1972-73 and 1973-74. Trends of advancing loan and its recovery during the above reference period of 1972-73 & 1973-74 is decreasing. Further, it will be seen that position of overdues to the outstanding loans shows increasing trend which is rather un-healthy indicator of co-operative movement in this district.

TABLE NO. 6

Agricultural credit facilities in AHMEDNAGAR DISTRICT during 1961-62, 1972-73 & 1973-74

Sr. No.	1961-62	1972-73	1973-74	
1	2	3	4	
1.	No. of Agril. credit societies.	1,040	1,094	1,099
2.	Loans advanced (Rs. in lakhs)	513.61	2313.60	2052.91
3.	Out-standing Loans (Rs. in lakhs)	566.29	1673.50	2250.59
4.	Overdues (Rs. in lakhs)	71.43	249.23	555.86
5.	Percentage of recoveries to the outstanding loans.	66.7	105.4	71.88

The data on the subject is collected every fortnight from the representative agriculturist of the selected centres Akola, Belapur and Karjat from Ahmednagar District. In the following table average annual wage rates paid by the selected cultivators of the above centres to the wage earners (Male and Female) in the year 1972 and 1973 is shown.

TABLE NO. 7Agricultural Wage Rates (Rs. per day)

Centre	Category	1 9 7 2	1 9 7 3
1	2	3	4
1. Akola	Male	2.30	2.92 ✓
	Female	1.50	2.17
2. Belapur	Male	3.00	3.00
	Female	2.00	2.00
3. Karjat	Male	2.00	2.38
	Female	1.00	1.88

3.13 It is seen from the above table that the wage rates at Akola and Karjat centres showed up-ward variation both for male and female over the previous year and the rate for Belapur which was slightly high being irrigated tract is stationery. This increase may be due to more demand for work by Agricultural labour and general impact of Employment Guarantee Scheme was undertaken in the areas. The wage rate paid to the skilled labour such as carpenter, Blacksmith, Cobbler etc. in these centres ranged between Rs. 4 to 6 and the same is usually paid in kind.

3.14 Animal Husbandry : As cattle rearing is subsidiary occupation to Agriculture development of Live-stock, Poultry etc. forms important part of our economy. The data for certain important items from the quinquennial live-stock census of 1966 and 1972 for Ahmednagar district is given below :

TABLE NO. 8

Live-stock in AHMEDNAGAR DISTRICT in 1966 & 1972

(Figures in lakhs)

Sr.No.	Category	1966	1972	Percentage increase or decrease
1	2	3	4	5
1.	Cattle	8.76	8.16	(-) 7
2.	Buffaloes	0.80	0.88	(+) 10
3.	Total bovine	9.56	9.04	(-) 5
4.	Total Live-stock	17.66	17.73	(+) 0.4
5.	Poultry	6.90	7.73	(+) 12

It will be seen from the above table that total live-stock Poultry and Buffaloes in 1972 has been increased over 1966 whereas total bovine population has declined. In respect of no. of live-stock to the cultivable area in the year 1966 it was 131 per hundred hectares. For 1972 census it is 135 for Ahmednagar district Gross cropped area per pair of working bullocks in 65-66 was 8.1 and now as per 1972 census it is 6.90. Further...

analysis of ~~live stock~~ <sup>ing livestock data</sup> data of 1972 census shows that live-stock has increased as compared to the year 1966 in tehsils Akola, Sangemner, Shrirampur, Newasa, Shrigonda, Karjat and Jamkhed, while the same has been declined <sup>in</sup> other tehsils. Poultry Population per 1000 human population of 1971 census is 340/per 1972 Census <sup>as</sup> as against 388 in 1966 census.

3.15 : Electricity : Progress in the field of electrification is <sup>a</sup> meaningful indicator of development. At the end of 31-3-74 all the six towns as per 1971 census, and 850 out of 1317 villages (viz. 65 percent) were electrified and 79 percent of rural population was covered. The per capita consumption of electricity during 1973-74 was 82.15 K.W.H.

### 3.16 Employment Exchange Statistics :

Problem of educated and uneducated unemployment is becoming severe day by day in spite of attempts on the part of the State and Public Sector employers to provide jobs to the unemployed. The present available <sup>in</sup> data regarding vacancies, registration placement etc. with employment exchange office is having certain limitation that a fair idea about un-educated un-employed is not available. During the year 1973-74, no. of registration and persons on the live- register of Ahmednagar employment exchange showed 19 % and 24 percent increase over the previous year and also more than double candidates were placed with job during the year 73-74 when compared to the year 1972-73, with significant 67% increase <sup>in</sup> in the employment of scheduled castes and tribes. Of the ~~total~~ <sup>total</sup> placement about 23 percent pertained for the clerical vacancies, 46 percent to the professional and technical workers. Out of the total employees 64,507 in different industries as on 31-3-74, more than 50 percent related to the Govt. and quasi Government sector and the rest to the private sector.

~~3.17 MEDICAL AND PUBLIC HEALTH : Data given in the following table.~~  
Public health facilities available through public and public aided bodies in Ahmednagar district in the year 1961, 1972 and 1973 described in the following table.

TABLE NO. 10

Medical facilities and patients treated in the year 1961, 1972  
1973 in AHMEDNAGAR DISTRICT

Sr.No.	I T E M	Position in the year		
		1961	1972	1973
1	2	3	4	5
1.	Hospitals	2	3	4
2.	Primary Health centres and sub-centres	13	46	46
3.	Doctors and vaidyas	27	130	110
4.	No. of beds	274	722	769
5.	No. of patients treated			
	a) Indoor	16,607	81,514	80,995
	b) Out-door	2,21,502	5,39,396	5,55,976

3.18 From the above statistics, it will be observed that there is considerable increase in the medical facilities available in Ahmednagar district in the year 1973 as compared to the year 1961, though no. of doctors and vaidyas and indoor patients treated in 1973 shows decline over previous year.

3.19 EDUCATION : As compared to the year 1971-72 in the year 1972-73 only one primary school, 10 secondary schools and 2 higher institutions were increased in Ahmednagar district. So also increase in no. of pupils and teachers in all the categories of institutions is noticed. The ratio of students per teacher in the primary, secondary and higher institutions was respectively, 37, 25, 28 for the year 1972-73, as against 40, 25, & 31 respectively in the year 1971-72.

3.20 Transport and Communications :

Rail length in the district viz. 197 kms. on broad gauge remained unaltered on 31-3-74 with 18 railway stations in -----

in Ahmednagar district. The following table shows surface classification of road length in the district as on 31-3-61 and 31-3-74

TABLE No. 11

Surface classification of road length in Kms. as on 31.3.61 & 31.3.74 in AHMEDNAGAR DISTRICT

Sr.No.:	Surface Type	Road length in Kms. as on	
		31-3-61	31-3-74
1	2	3	4
1.	Cement Concrete	108	112
2.	Black topped	106	558
3.	Water bound macadam	1,658	1,364
4.	Others	1,152	8,422
5.	Total	3,024	10,456

3.21 From the above, it will be seen that the total road length in the district has been increased by more than two times as compared to the year 1961. The road length per 100 Sq. Kms. area was 18 Km. as on 31-3-61 It rose to 52 as on 31-3-73 & to 61 as on 31-3-74.

3.22 : Banking : Development of Sound Banking system is indicator of development. In the year 1961-62 there were only 2 banking offices per lakh of population in the district which rose to 7 in 1973 as per 1971 population census. During the year banking offices increased by 11 total being 149 of which 47 were scheduled banks and 102 cooperative banks.

3.23 : Prices : Rising prices and increased cost of living are the phenomena, which a common man is required to face these days. The cost of living index is compiled at Poona and Sholapur centres with the base years 1961 and 1960 resp. The general index at Poona rose to 239 in the year 1973-74 whereas Sholapur general index stood at 277. At both the centres rise in food group index is considerable over previous year. Even the same observation holds good in respect of the average prices of most of the commodities collected in the selected shops at the district head-quarters every week. Significant rise in prices of medium rice, wheat, edible oils, vanaspathi, clothing items etc. is noticed in the average prices of the year 1973 when compared to 1972.

Annual Plan 1973 - 74

The year 1973-74 was the last and fifth year of Fourth Five Year Plan. In the following table major head-wise expenditure incurred on various programmes during the year 1973-74 and also during the fourth Plan period (since 1969-70 to 1973-74) is shown.

4.2 During the Annual Plan under review 122 schemes were implemented in State and Local Sectors in this district of which 65 schemes in State sector & 35 in the Local sector and there were 7 schemes in both (State & Local) jointly. In addition to the state plan schemes 22 schemes were operated as centrally sponsored schemes.

TABLE NO. 1

Expenditure incurred in the year 1973-74 & during Fourth Five Year Plan Period (Rs. in lakhs)

Major Head of Development	Budget provision : S. + L.	Expenditure			% of Expr. to Budget	Expr. during IVth Five Year Plan
		State	Local	Total		
1	2	3	4	5	6	7
I. Agri. Programme	177.56	95.80	78.24	174.04	98.01	695.60
II. Coop. & C.D.	13.40	1.79	11.41	13.20	98.50	61.50
III. Irrigation & Power.	35.27	8.80	-	8.80	24.95	240.27
IV. Industry & Mining.	2.71	2.40	-	2.40	88.56	12.46
V. Transport & communication.	24.38	12.10	8.31	20.41	83.71	74.79

STATE PLAN SCHEMES :

4.3 Agricultural Programme : The Govt. has stressed more emphasis on the various schemes under sub-heads of Development under this programme which can be seen that about 50 per-cent of out-ley was set aside from Annual Plan. The following Table gives sub-head-wise expenditure incurred in the year 1972-73 & 1973-74 in Ahmednagar District under Agricultural Programme.

TABLE NO. 2

Expenditure incurred on Various Sub-heads of Development under Agricultural Programme in the years

Sub-Head of Development	1972-73 & 1973-74 (Rs. in lakhs)					
	1972-73			1973-74		
	State	Local	Total	State	Local	Total
1	2	3	4	5	6	7
I. Agri. Production	2.38	7.05	9.43	1.70	4.99	6.69
II. Minor Irrigation	35.27	65.92	101.19	29.44	73.00	102.44
III. Soil Conservation	16.10	-	16.10	21.40	-	21.40
IV. Ayacut Development.	14.49	-	14.49	40.55	-	40.55
V. Animal Husbandry	-	0.23	0.23	-	0.25	0.25
VI. Dairy Development	0.13	-	0.13	0.11	-	0.11
VII. Forest	0.91	-	0.91	1.21	-	1.21
VIII. Fisheries	0.52	-	0.52	0.57	-	0.57
IX. Ware Housing & Marketing.	1.22	-	1.22	0.82	-	0.82
Total	71.02	73.20	144.22	95.80	78.24	174.04

Analysing the above Table, it will be seen that during the two years 1972-73 & 1973-74, more expenditure is incurred on Minor Irrigation, Soil Conservation, Ayacut Development, and there is declining trend in respect of Agricultural Production Dairy Development, Fisheries, Ware-housing & Marketing when compared with two years.

4.4 Agricultural Production : The following table shows important physical achievements under this sub-head of schemes of greatest importance such as Taluka seed farms, Development of

Local Manurial Resources, Integrated Area Development Programme for small holders, Horticultural Development & Community wells etc.

TABLE NO. 3

Important physical Achievements under Agricultural Production

I T E M	Unit	1973-74	
		Target	Achievement
1	2	3	4
1) Improved Seed Food grains Distributed	Quintal	N.A.	39,373
2) Compost Pit Dug.	No.	"	1,256
3) Compost Prepared	M.T.	41,000	45,610
4) Integrated Area Development Programme (Cattle)	No.	500	863
5) Wells constructed	No.	113	113
6) New Plantation under Horticulture.	Acres	150	146

(ii) Minor Irrigation : The expenditure incurred under this sub-head, under local sector is Rs. 73.00 lakhs. Which is 71 percent of Total expenditure of Rs. 102.44 lakhs. The remaining 29 percent expenditure is incurred on State Sector schemes. During the year subsidy cases of 191 irrigation wells and 382 pumping sets were finalised. 11 Percolation Tanks and 47.02 Km. of canal trenches were constructed, in state sector. Also 59 percolation tanks were completed in local sector and 11 under the state sector, under scheme of minor irrigation works.

(iii) Soil Conservation : The amount of Rs. 21.40 lakhs was spent on this sub-head. Bunding in 6000 hectares, was done during the year. So also afforestation works in 400 hectares for Soil Conservation was done.

(iv) Ayacut Development : The budget provision for this sub-head was Rs. 43.13 lakhs out of which amount spent was Rs. 40.55 lakh which comes to 94 percent. The Land Development works in 105.90

hectares was carried out in command area of Mula and Pravara rivers in the district.

(v) Animal Husbandry : Rs. 25 thousand were spent on Local Sector scheme of opening of veterinary aid centres and dispensaries, which are already in existence.

(vi) Dairy Development : There are two schemes under this head in State Sector. Rs. 0.11 lakhs have been spent on the scheme of Financial Assistance to Milk societies and Federations.

(vii) Forestry : The expenditure incurred was Rs. 1.21 lakhs out of budget provision of Rs. 1.32 lakhs during the year which comes to 92 percent of allocation. 195 hectares of land under plantation for all schemes and pre-monsoon works were carried out by spending the amount.

(viii) Fisheries : This district being inland District there is little scope for the development of fisheries. Rs. 0.57 lakhs were spent on the schemes, and there-by 4.03 lakhs stocking of fish. 0.62 Kg. netting of fish and 161 Kg. of Nylon Twine was supplied to fishermen in the district.

(ix) Ware Housing & Marketing : The scheme under this sub-head is meant for development of Agriculture Markets, in the district. During this year Rs. 0.82 lakhs were spent i.e. 100% amount was utilised by the Department.

#### 4.5 Co-operation & C.D. :

(i) Co-operation : All schemes under this sub-head are from State Sector. Rs. 1.79 lakhs was spent on these schemes. Main schemes are 1) Development of Co-operative Marketing, 2) Co-operative credit structure, 3) Co-operative farming and consumer's stores. During the year Godowns sub-sidy to 23 societies, was given. 17 Labour contract societies and 9 Cooperative farming societies have been assisted.

#### (ii) Community Development

The C.D. Programme was envisaged since first five year plan period in 23 C.P.A. size blocks, which have been fully covered. Out of Rs. 11.48 lakhs Rs. 11.41 lakhs were spent i.e. 99 percent of amount was spent on schemes viz. Gradication of Palenode, 2) Special Nutrition etc. Composite Programme for Women and pre-school children Rs. 0.13 lakhs were spent for undertaking the same in Akola Block.

#### 4.6 Irrigation & Power

The scheme of Rural electrification Programme and Normal Development is implemented by M.S.E.B. Ahmednagar. The amount of Rs. 8.80 lakhs have been spent out of total Budget provision of Rs. 35.27 lakhs during the year 1972-73. 88 Villages were electrified and 382 Agriculture pumps were energised. So far in Ahmednagar District 64 percent of villages have been electrified.

4.7 Industry & Mining : Expenditure of Rs. 2.40 lakhs was incurred out of Rs. 2.71 lakhs on the schemes under this sub-head. Financial Assistance to 13 Block Artisans societies was given.

#### 4.8 Transport & Communication :

Dhond to Mannad is the only rail link in Ahmednagar District. Hence Road Development plays an important role in economic development of this district. Due to Sugar factories and other developmental activities, road development is necessary. Rs. 20.41 lakhs have been spent on this sub-head, out of which 12.10 lakhs on the schemes in State sector and Rs. 8.31 lakhs on the schemes in Local Sector. The road of 8.50 Kms. constructed during 1973-74.

#### 4.9 Social Services

This development head is also significant in importance & includes schemes pertaining to 1) General Education, 2) Public Health, 3) Water supply & Drainage, 4) Housing, 5) Welfare of B.Cs, 6) Labour and Labour welfare, 7) Urban Development etc.

(1) The following table shows the expenditure incurred on the above sub-heads under Social Services during the year 1972-73 & 1973-74 respectively.

TABLE NO. 4

Expenditure incurred under Social Services Programme

Sr. No.	Sub-Head of Development	EXPENDITURE					
		1972-73			1973-74		
		State	Local	Total	State	Local	Total
1	2	3	4	5	6	7	8
1.	General Education (including Technical education)	52.40	45.18	97.58	56.10	15.46	71.56
2.	Public Health	2.38	1.17	3.55	3.45	-	3.45
3.	Water supply & Drainage.	55.63	15.98	71.61	29.61	5.58	35.19
4.	Housing	0.15	0.15	0.15	Less than Rs. 500	0.85	0.85
5.	Welfare of B.Cs.	-	2.41	2.41	-	2.41	2.41
6.	Labour & Labour welfare.	1.39	-	1.39	1.26	-	1.26
7.	Urban Development	0.61	-	0.61	-	-	-
TOTAL		112.41	64.89	177.30	90.42	24.30	114.72

It will be seen from the above table that during 1972-73 Rs. 177.30 lakhs were spent and during 1973-74 Rs. 114.72 lakhs have been incurred on the sub-heads under Social Services. Expenditure incurred on 1) General Education, 2) Public Health, 3) Water supply 4) Labour and Labour welfare is less than that of previous year. The table showing the important physical Achievements under Social services is given below :-

TABLE NO. 5

Important Physical Achievements under Social Services

Sr. No.	I	T	E	M	S	Unit	Target	Achievement
1	2	3	4	5	6	7	8	9
1.	Teachers appointed	(Primary)	No.	537			537	443
2.	Educational concession to children of primary teachers.		No.	1,250			1,250	1,100
3.	Rural piped water supply		No. of works.	14			14	14
4.	Beneficiaries under replacement of thatched roofs.		No.	99			99	99

1	2	3	4	5
5.	Scholarships, Tuition fees examination fees, etc. (Pupils) under welfare of B.Cs.	No.	Not fixed	1,742
6.	Grant of loan/subsidy for Cottage industries & profession to SC/ST/S/OBC (Beneficiaries)	No.	100	100

(iii) From the Table No. 4, it will be revealed that during 1973-74 Rs. 71-56 lakhs were spent on General Education.

(iv) Expenditure on Public Health is more or less equal to the previous year Rs. 3.45 lakhs were spent on this sub-head during 1973-74.

(v) Under Housing sub-head Rs. 0.85 lakhs expenditure is incurred, which is mainly on the scheme of replacement of thatched roofs in the local sector, 99 Beneficiaries received the benefit of this scheme.

(vi) Expenditure on welfare of Backward Classes during 1973-74 is Rs. 2.41 lakhs, which was same for previous year.

(vii) The expenditure on Labour and Labour welfare, is Rs. 1.26 lakhs during 1973-74 & Rs. 1.39 lakhs during 1972-73. Two I.T.I. one of District Head-Quarter and the other at Shevgaon are functioning under the scheme.

4.10 Miscellaneous : The scheme of Rural Broad casting comes under Miscellaneous sub-head. Expenditure incurred on this scheme during 1973-74 is Rs. 0.20 lakhs. 379 Radio sets have been installed under this scheme.

4.11 Employment Guarantee scheme is very much significant. Expenditure incurred during 1973-74 is Rs. 9.00 lakhs. Five Road works and 7 villages Tanks completed under E.G.S. during 1973-74.

#### 4.12 GENERALLY SPONSORED SCHEMES

In addition to the State-Plan schemes, 22 centrally sponsored schemes under various sub-heads of development at the cost of Rs. 155.55 lakhs were implemented in the district.

Some of worth mentioning schemes are (i) Drought Prone Area Programme, (2) Crash Scheme for Rural Employment which are reviewed below :-

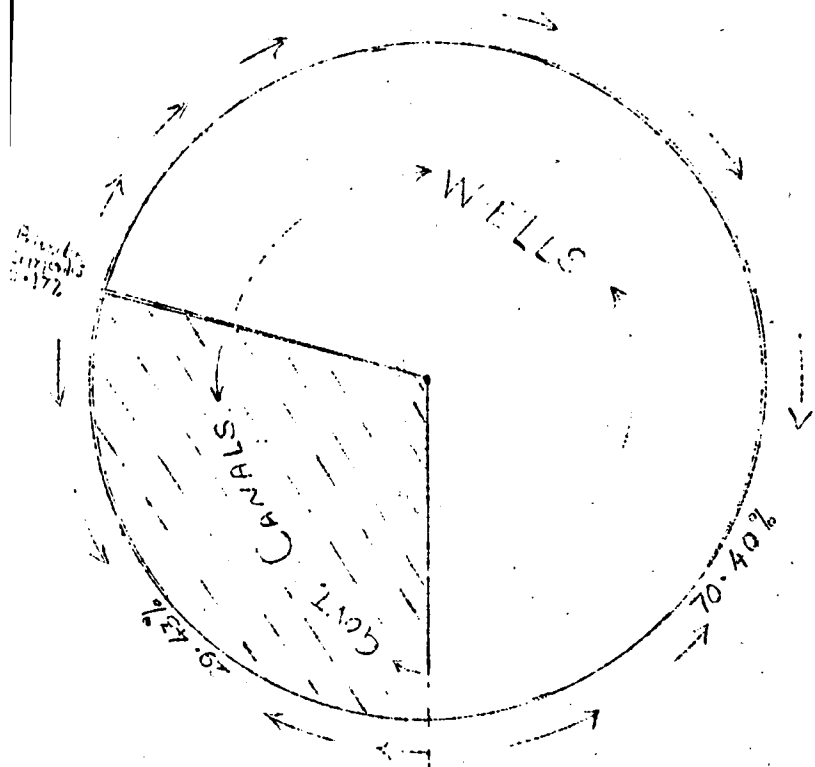

1) D.P.A. P.: This scheme comes under minor irrigation sub-head of development which is implemented in both sectors. The expenditure incurred on this scheme is Rs. 94.79 lakhs, out of which Rs. 75.00 lakhs have been spent on local sector, 8 percolation Tanks were completed under the scheme.

ii) Under major head social services and sub-head, Public Health schemes like, family planning, Small Pox Eradication, Cholera Control, were implemented. The expenditure incurred on Family Planning Programme scheme is Rs. 15.34 lakhs during 1973-74. 4257 sterilisation operations have been performed under this scheme.

Under the head 'Others' Crash Scheme for Rural employment was implemented. This scheme is applicable to Blocks. The expenditure incurred was Rs. 9.05 lakhs as against the budget provision of Rs. 9.00 lakhs during 1973-74.

TABLE NO. 68

Important physical Achievements Under Plan in Ahmednagar District  
for the year 1973-74

Sr. No.	Head of Development Sub-Head	I T E M S	Unit	Physical Achievement
1	2	3	4	5
I.	AGRICULTURAL PROGRAMME	1) Improved Seed distribu- tion.		
		a) Food grains by type		
		i) Howar (Hy.)	qtls.	7,546
		ii) Wheat	"	27,872
		iii) Bajara (Hy.)	"	3,669
		iv) Paddy	"	286
		b) Cotton	"	953
		c) Oil Seeds	"	614
		d) Other (Sugarcane)	No.	3427080
		2) Distribution of Imp- roved Agril. implements.		
		a) Iron Plough	No.	Nil
		b) Dry Farming sets	"	Nil
		c) Other implements	"	Nil
		3) Additional Area covered by Fruits.	Hect.	146.50
		4) Soil Conservation		
		a) Area bunded	Hect.	5,819
		b) Area terraced	"	-
		5) Chemical Fertilisers distributed.		
		a) Amonium Sulphate	M.T.	986
		b) Super phosphate	"	7,156
		c) Fertiliser Mixtures	"	27,827
		d) Uria	"	10,464
		e) Others	"	2,656
		6) Compost Production & Other Manurial resources.		
		a) Compost pits dug.	No.	1,256
		b) Compost prepared	M.T.	45,610

TABLE NO. 68(CON)

1	2	3	4	5
		c) Hand flush latrins distributed.	No.	Nil
2.	IRRIGATION	* 7) New wells constructed	No.	191
		* 8) Old wells repaired	-"	Nil
		* 9) Pump sets installed	-"	382
		10) Percolation tanks & Bancharas constructed.	-"	59
		11) Bandharas repaired	-"	Nil
		12) Additional Irrigation potential created, by item 8 to 11.	-"	14,767
3.	ANIMAL HUS- BANDRY.	13) Veterinary Dispensaries & Veterinary Aid centres.	No.	Nil
		14) Artificial insemination centres started.	No.	Nil
		15) Cattle breeding Centres started.	No.	Nil
		16) Poultry beeding farms	-"	Nil
		17) Cattle breeding societies.	-"	Nil
		18) Loans for Cattle purchased.	-"	Nil
		19) Coop. Milk Societies & Federations assisted.	-"	11

Note ; (1) As the information collected for the given commodities is restricted to only one quotation and that too only from one shop at District Head Quarter, the average shown above for individual commodity cannot be said to be fully representative but the data may prove useful as broad indicator of the trend in changes in retail prices over period of time.

(2) \* = Rise in price for these commodities is due to change of variety.
