CHAPTER : I :

INTRODUCTION

1.1 LOCATION :

The District of Ahmadnagar lying between 18.2' and 19.9' north latitude and 73.9' and 75.5' east longitude is situated partly in the upper Godavari basin and partly in the Bhima basin.

The district is bounded on the North by Nashik district, on the North East by Aurangabad district, on the East by Beed and Osmanabad districts, on the South by Solapur district and in the South West by Thane district.

With a total geographical area of 17,035 Sq.K.Ms. the district ranks second in the State, when area is considered while in terms of population it stands fifth (22.69 Lakhs) in the Maharashtra.

1.2 ADMINISTRATIVE SET-UP : Until recently, the district was in Pune Revenue Division, however now it is included in Nashik Revenue Division newly formed since February 1981. For Administrative purposes the district is divided into four sub divisions, which cover 13 tahsils in the district as detailed below.

Sr. No. /	Name of Sub Division	Name of Tahsil
1	2	3
1.	Ahmadnagar	(1) Ahmadnagar.
2.	Parner	(1) Parner (2) Karjat (3) Shrigonda (4) Jamkhed
3.	Rahuri	(1) Rahuri (2) Shevgaon (3) Newasa (4) Pathardi
4.	Sangamner	(1) Sangamner (2) Kopargaon (3) Akola (4) Shrirampur.

(CONTD....)

1.3 TOPOGRAPHY :

(A) Hill Ranges: The main Sahyadri range touches Akola Tahsil in the western areas of Ahmadnagar district. From this main range, three spurs viz. Kalsubai, Baleshwar and Harishchandragad spurt out. Kalsubai is the highest peak of Sahyadri (1654 Meters) and serves as the watershed between Darna and Pravara & Mula Rivers. Harishchandragad is 96 K.Ms. long and its branches run from Ratangad, serving the watershed between Pravara and Mula Rivers. The Baleshwar is the largest range and demarcates the boundary of Pune & Ahmadnagar district. On entering into Parner tahsil, the Baleshwar forms two sub branches one going through north of Nagar Town and forms watershed between the Godavari & the Bhima and the other turning southwards across the north east corner of Shrigonda tahsil and enters into Karjat tahsil.

1.4 RIVERS : The Godavari and Bhima are the major Rivers of the district. The Pravara is the tributary of the Godavari. The Mula, Adhala and the Mahalungi are the important tributaries of the Pravara. The Southern part of the district consisting of Parner, Ahmadnagar, Pathardi, Shrigonda & Karjat tahsils constitutes the Bhima basin with the tributaries Sina, Kukadi & Ghod.

The following table the seasonality of the important Rivers, their length etc. are given.

TABLE NO.1
SEASONALITY OF IMPORTANT RIVERS

Sr. No.	River	Perennial/ Seasonal	Length in Kms.	Tahsils through which flows.
1	2	3	4	5
1.	Godavari	Perennial	176	Kopargaon, Shrirampur, Newasa, Shevgaon.
2.	Bhima	Perennial	36	Shrigonda, Karjat.

(CONTD....)

Contd.				
1	2	3	4	5
3.	Pravara	Perennial	200	Akola, Sangamner, Shrirampur, Newasa & Part of Rahuri.
4.	Adhala	Seasonal	48	Akola, Sangamner.
5.	Mula	Perennial	150	Akola, Sangamner, Parner & Rahuri.
6.	Mahalungi	Seasonal	13	Sangamner.
7.	Ghod	Perennial	70	Shrigonda.
8.	Kukadi	Seasonal	28	Part of Parner.
9.	Sina	Seasonal	120	Ahmadnagar, Jamkhed & Karjat.

Amongst these Rivers the Pravara, Mula & the Godavari have been a boon to this district. A large part of which comes under the scarcity tract. At Bhandardara in Akola Tahsil on the Pravara and at Baragaon-Nandur in Rahuri Tahsil on the Mula, the irrigation Dams are constructed. The Canal Irrigation System on these two Rivers alongwith the water available from the Godavari have transformed the Agricultural Economy of tahsil^s such as Shrirampur, Kopargaon, Rahuri, Newasa form one of subsistence in to that of prosperity and plenty.

1.5 SOIL : The entire district is occupied by basaltic lavafloes, which are popularly known as "Deccan Traps". These lavafloes are some times associated with inter trappean beds such as lime stone, sand stone, clay shales, red bole beds, porouash. Thin mantle of black cotton soil present almost every where on the basalts, River alluyium, Sands, Gravel, Clays & Silts represent the recent deposits in the district. Calareous concertions and Nodules known as Kankar, is commonly associated with the soil, more concentrated in the vicinity of stream courses..

The findings of the soil survey carried out by the Soil Survey Office are given below.

- (A) Total Rural Area Surveyed 7.91 Lakh Hectares.
- (B) Percentage of Area according to depth of soil.

TABLE NO. 2

Soil Depth in Cm.	Percentage
I) 7.5	13
II) 7.5 to 25	36
III) 25 to 50	23
IV) 50 to 100	11
V) Above 100	17
T O T A L	100

According to Dry Farming Research Station, Solapur considering the depth of the soil and other factors, only about 26 % of the area is suitable for double cropping, while the rest of the area suitable for only such crops as Bajra, Gram, Groundnut, Sunflowers, Safflower, Grasses and tree plantation.

1.6 ECONOMIC MINERALS : No minerals of economic importance are available in the district. The hard and compact basalts, however, are used extensively as building material and road metal. The pinkish coloured vesicular variety is amenable to cutting into blocks of desired sizes. The calcereous Kankar is burnt in lime kilns and there is a regular "Lime Industry" around Ahmadnagar town.

1.7 CLIMATE : The climate of the district is characterised by a hot summer and general dryness during major part of the year, excepting during South West Monsoon Season, when the relative humidities are between 60 & 80 percent. These after

they decrease rapidly.

Ahmadnagar district gets rain mainly from the southwest monsoon but the distribution of rainfall is mostly uneven.

Agroclimatically, the district gets divided into three parts as under.

(A) SCARCITY TRACT : Out of the 13 tahsils in the district as many as 12 tahsils and the eastern one third part of Akola Tahsil falls in the scarcity tract. The range of Annual rainfall in this part varies between 430 mm to 650 mm.

(b) TRANSITION ZONE : This second zone covers the middle one third part of Akola tahsil, receiving rainfall between 700 mm to 1250 mm.

(c) The remaining one third part of Akola tahsil can be divided in to three small zones in order of sequence as under.

(i) Transition 1 (TR.1) Zone annual rainfall between 1250 mm to 2500 mm.

(ii) Very high rainfall tract with non laterite soil (VEN) having precipitation between 3000 mm. to 3500 mm.

(iii) Ghat tract (GH) with rainfall between 3000 mm. to 3250 mm.

1.8 FAMINE AND SCARCITY: The Sukhatankar Committee (1973) has identified the areas susceptible to drought conditions in the district by taking into consideration the normal precipitation, timeliness of rainfall with reference to cropping pattern & soils. The details are given below.

TABLE NO.3

Sr. No.	Tahsil	Area identified as drought Prone by the Committee
1	2	3
1.	Akola	Akola & Kotul Circles
2.	Pathardi	Entire Tahsil
3.	Parner	Entire Tahsil

TABLE NO.3(CONTD..)

1	2	3
4.	Ahmadnagar	Entire Tahsil
5.	Jamkhed	-----"-----
6.	Shevgaon	-----"-----
7.	Sangamner	Area not served by large irrigation canal systems.
8.	Shrigonda	-----"-----
9.	Kopargaon	-----"-----
10.	Shrirampur	-----"-----
11.	Newasa	-----"-----
12.	Rahuri	-----"-----
13.	Karjat	-----"-----

Thus a major part of the district is found to be prone to scarcity conditions. It is generally experienced that out of 5 years, 3 years are scarcity years. One year is average & one year as good year.

DEMOGRAPHY : The population of Ahmadnagar district according 1971 Census is 22,69,117 (Males 11,60,205 & Females 11,08,912). Now as per 1981 Census the population of district is 27,08,309.

The Population and decadal variation rate since 1901 of the district are detailed in the following table.

TABLE NO.4

Year	Population in Lakhs	Rate of variation	
		District	State
	2	3	4
1901	8.20	(+) 12.86	(+) 10.74
1911	9.26	(+) 12.86	(+) 10.74
1921	7.19	(-) 22.33	(-) 2.91
1931	9.69	(+) 34.77	(+) 14.91
1941	11.23	(+) 15.87	(+) 11.91
1951	14.11	(+) 25.63	(+) 19.27
1961	17.75	(+) 25.88	(+) 23.00
1971	22.69	(+) 27.77	(+) 27.45
1981	27.08	(+) 19.36	(+) 24.36

1991

33.62

- 6 -

(+) 24.15

(CONTD....)

The above table indicates that the decadal growth rate of Ahmadnagar district was comparatively higher than that of the state, up to the year 1971, However there has been conspicuous decline in the population growth rate in A'nagar district during the period 1971-81. The decline in the growth rate may be attributed to excellent performance of family planning programme in the district.

1.9 DENSITY OF POPULATION : The density of population per Sq.Kms. in Ahmadnagar district was 133 (1971) as against 164 for Maharashtra. Now as per 1981 (Census) , the density of population in Ahmadnagar district is 159 as against 204 for the state. The prosperous sugacane growing tahsils viz. Shrirampur and Kopargaon have a very high density of population according to 1971 Census (307 & 251 respectively) while the scarcity areas like Karjat & Parner tahsils have low density of population (85 & 87 respectively).

1.10 SPECIAL FEATURES :

A) SUGAR PRODUCTION : Ahmadnagar district is the sugar bowl of Maharashtra, with 18 sugar factories (12 in Co-operative Sector & 5 in the Private Sector) the district produces about 25 % of sugar in Maharashtra. During crushing season 1981-82 all sugar factories have crushed 7031210 M.T. sugarcane out of this 7447390 bags of sugar have been produced. In respect of all sugar factories in India having 1250 Tons crushing capacity, Shrirampur is the biggest Sugar Market in India.

B) DROUGHT PRONE AREA PROGRAMME : Ahmadnagar district is one of the famine affected district. In order to reduce the severity of the drought & to stabilise the income of the people particularly of the weaker section of society. Drought Prone Area Programme has been launched in the district with the

assistance of Govt. of India and International Development Association from 24/1/75. The Programme is mainly concerned with soil conservation measures on scientific basis so that optimum utilisation of all available water in this area is achieved the unit adopted for such scientific planning is the watershed. The assistance from International Development Association (World Bank) has been discontinued from 1981. The basis of allocation is 50 % Central share & 50 % State shares. However they will continued by Central Govt. out of 13 tahsil, 5 Tahsil (Shrirampur, Newasa, Kopergaon, Rahuri and Karjat) has been deleted by the central Govt., however they will continued as state aided drought Prone Area Programme Blocks.

C) EMPLOYMENT GUARANTEE SCHEME:- Ahmadnagar district is on the forefront in implementation of this prestigious scheme of the state. At the end of the March 1982, 620 works were in progress. During the year under reference the total expenditure incurred on Employment Guarantee Scheme was Rs.9.90 Crores & employment was Generated for 12,26,425 mandays.

D) GOVERNMENT MILK SCHEME : Milk production is not only the subsidiary occupation but the boon to Agriculturist of Ahmadnagar District. Govt. Milk Scheme started in 1969 with only 16 milk Co-operative Societies and the average per day milk collection was 416 liters. During 1981-82 there were 365 Milk Co-op. Societies & five federations in the district & the average collection of milk per day was 1,09,650 liters having cost of Rs. 2,02,993 per day.

E) MAHATMA PHULE KRISHI VIDYAPEETH : This is one of the four Agricultural Universities in the State located at Rahuri at a distance of about 35 Km. from district Head Quarter.

This University has invented many high yielding & improved varieties of various cereals & pulses crops. The research work carried out by the university will be helpful to the agriculturists.

F) INDUSTRIAL PROFILS:-

(1) DISTILLERIES. :- There are 4 Distilleries in the District, out of which one is in public sector, 2 in Co-operative sectors & one is in private sector. Industrial Alcohol & country liquor is produced in these distilleries.

(2) M.I.D.C :- An area of 275 Hactares near village Nagapur, on Nagar-Manmad Road, 8 Kms. from Ahmadnagar is developed by M.I.D.C. In this area it was planned to erect 120 factories with investment of Rs. 50 Crores which would provide employment to 5000 persons approximately.

At present 104 factories providing jobs to 3000 workers have already started their production. Drillco, Modern Nets, Garware Nylon, Kirloskar Oil Engines, Boots India, Trinity Forging, Crompton & Grieves etc. are the prominent entrepreneurs in M.I.D.C. area. Rapid Industrial development in M.I.D.C. has helped in reducing unemployment problem by promoting the standard of people around the villages of M.I.D.C & Ahmadnagar city.

(3) INDUSTRIAL ESTATES:- At present industrial estates at Ahmadnagar, Shrirampur & Kopargaon are functioning while the Industrial Estates at Sangamner is technically approved in the reference year. The proposal for mini industrial estate at Parner is lying in the W.M.D.C. and no action in the matter taken so far.

(4) SPINNING MILLS : Two spinning mills viz at Shrirampur and Rahuri are functioning in the district.

(5) OTHER INDUSTRIAL PRODUCTS: Well known "Luna Moped" is Manufactured at Ahmadnagar city. Handloom sari popularly known as "Nagri Sadi" is the notable products of the district.

G. VEHICLE RESEARCH AND DEVELOPMENT ESTABLISHMENT : This is only institute of this kind in India, where in all sorts of new vehicles are examined for proving trials. It is located in Ahmadnagar Cantonment Area. The climate & Geographical situation is different in India and hence Indian Army has to use all type of vehicles. Keeping this in view, Vehicle Research & Development work is carried out by this establishment. Not only that all type of vehicles manufactured in India are first sent to this establishment for their over all tests. The V.R.D.E provides guidance to entrepreneurs in the field of technology etc. Certificate of approval from V.R.D.E is a prima facie essential for all vehicle manufacturers.

H. TOURIST PLACES: Shirdi the holy shrine of Shri Sai Baba located at Shirdi in Kopergaon Tahsil of the district draws tourist devotees not only from Maharashtra but far from flung places in India.

I. ARANGAON: The holy shrine of Avatar Meher Baba at Arangaon in Ahmadnagar Tahsil is also visited tourist devotees from India and from abroad also.

J. BHANDARDARA: A beautiful masonry dam constructed at Shendi village in Akola Tahsil of Ahmadnagar district is a popular tourist place which has secured place in tourist map of Maharashtra.

CHAPTER NO.II

EXPLANATORY NOTE :

2.1 The data on different important sectors which have dominant effects on the economy are presented in this Abstract for the year 1981-82. In case the data for the year 1981-82 is not available, the data for the latest available year are presented. In most of the cases, the reference period of the data is financial year. So also for comparison the data of oldest latest available year are reproduced where ever necessary. The data on Agriculture however relates to the Agricultural year, where as the data on cooperation is for cooperative year (1st July to 30st June). The data on other important items like Rain fall, Temperature, Civil & Criminal Cases, Vital Statistics are for the calendar year. The information as possible is presented, tahsil-wise for inter tahsil comparison.

2.2 DISTRICT AT A GLANCE : Certain essential data in important sphere such as 1) Population (2) Agriculture (3) Animal Husbandry (4) Industries (5) Co-operation (6) Medical & Public Health (7) Education (8) Transport and Communication (9) Plan expenditure & Achievement etc. pertaining to the district are presented along with the corresponding figures for the State for the comparison purpose.

2.3 DISTRICT STATISTICAL ABSTRACT : The data incorporated in the District Statistical Abstract have been presented in suitable tables, classified in appropriate groups. The concepts adopted in preparation of tables are summarised in following paragraphs. The limitations of data are cited where-ever necessary.

2.4 AREA & POPULATION : The data of 1971 Census mainly on population, Area, Houses & Livelihood occupation, Rural urban

breakup etc. are presented in the first 1.1 to 1.9 tables for all tahsils in the district. The data on population per Sq.km, decadal variation during 1951 & 1961-71 classification of villages & towns according to population ranges number of workers & non-workers, population of scheduled castes & scheduled tribes, distribution of population according to age group & religion are also given in these tables. So also the tahsil-wise information about houses, households according to size & status, & material used for walls & roofs, is given in table Number 1.8 & 1.9. As per 1971 Census Household is defined as "a group of persons who commonly live together in the same house & take their meals from the common kitchen unless the exigencies of work prevent any one of them from doing so."

2.5 (A) URBAN AREA: The following places have been treated as "Urban Area" (Towns)

1. Every place having a municipality or Cantonment Board irrespective of its population.
2. Every other place which satisfies following three conditions,
 - (i) The Population of at least 5000,
 - (ii) At least 3/4 th of its male working population engaged in Non Agricultural pursuits and
 - (iii) A density of population of at least 400 persons per Sq.Kms.

Any other place not falling under above two categories which possesses certain district characteristics to qualify to its being treated as urban such as its being a project area or developing township.

(B) RURAL AREAS : These areas which do not satisfy the criteria prescribed for recognising urban area are called Rural Areas.

(C) CENSUS VILLAGE : In Maharashtra has always been a revenue village. A revenue village has well defined boundaries, a map & separate set of land records, irrespective of whether that defined area has any population or not.

(D) WORKER : A worker is defined as a person whose main activity is participation in any economic productive work through his physical or mental activities. Works involve, not only actual work but effective supervision & direction of work. A public or social worker engaged in activity in public or social work of political worker actively engaged in furthering the political aims of a party was also regarded as a worker. In case of perennial work such as cultivation, livestock, plantation, some type of household industries a person was treated as worker by ascertaining whether he has participated any time during the last year even if he was economical active in the week prior to enumeration. In case of regular work in trade, profession, services or business, a person was considered as worker if he had participated in such regular work or any one of the days during the week preceding the date of enumeration & that work has been retained as a main activity.

(E) NON-WORKERS : Non workers are those who are not mainly engaged in any economic productive work. Persons primarily engaged in household duties or those who were students & helped in the family economic activity but not on full time scale were treated as non-worker in respect of their main activity.

C L I M A T E :

2.6 The rainfall and temperature have pronounced effects on climate. The rainfall data presented in table Number 2.1 gives normal rainfall, monthly rainfall and number of rainy days during the calendar year 1981 for the selected centres.

Normal rainfall figures are worked out on the basis of actual rainfall for the periods ranging from minimum of five years and maximum of 80 years. A day was treated as rainy day if during the twenty four hours the rain-guage recorded a minimum of 2.5 mm. of rainfall. In table No.2,2 maximum and minimum temperature recorded during each of the month of the calendar year 1960 & 1981 in respect of Ahmadnagar district is given.

AGRICULTURE :

2.7 Important tahsilwise statistics in Agriculture, such as

- | | |
|---|---|
| i) Land Utilisation | (ii) Area under different crops. |
| iii) Yield per hectare and out-turn of principal crops. | (iv) Area irrigated by different sources in each tahsil. |
| v) No. of irrigation and other wells in each Tahsil. | (vi) Area irrigated under different crops in each Tahsil. |

The information for above tables are given in table Nos. 2.8 The basic definitions adopted are given below. ^{3.1 to 3.6}

(A) GEOGRAPHICAL AREA : It is according to village papers calculated from village returns, prepared for revenue purposed and as such, it may be different from that according to surveyer General.

(B) FORESTS : It includes all actually forest areas or classed or administered as forest under any legal enactment dealing with forest, whether state owned or private. If any portion of such land is not actually wooded but to some agricultural use, that portion is included under the appropriate heading of cultivated or uncultivated land.

(C) LAND PUT TO NON AGRICULTURAL USES: It stands for all lands occupied by building, roads and railways or under river canals etc. and other land put to uses other than agriculture.

(D) BARREN AND UNCULTURABLE LAND : It covers land which cannot be brought under cultivation unless at a high cost.

whether in isolated blocks or uncultivated holdings. Land like mountains, deserts etc, is classified under this category.

(E) PERMANENT PASTURE AND OTHER GRAZING LAND :

It covers all grazing lands. Village common grazing land , grazing land within forest area are included under this head.

(F) CULTURABLE WASTE LAND : This may be either fallow land or covered with useless shrubs and jungles which are not put to any use and included all lands available for cultivation whether not taken up for cultivation or taken up for cultivation once but not cultivated during the current year and the last five years or more in succession.

(G) MISCELLANEOUS TREE CROPS AND GROVES NOT INCLUDED IN THE NET AREA SOWN : This category includes all cultivable land which is not included in net area sown but put to some agricultural use.

(H) CURRENT FALLOW LAND : These are lands which are kept fallow during the current year. If any seedling area is not cropped again in the same year, it is also treated as current fallows.

(I) OTHER FALLOWS : All lands which were taken up for cultivation but are temporarily out of cultivation for a period not less than one year and not more than 5 years are classified as other fallow.

(J) NET AREA SOWN : This consists of net area sown with crops and orchards, area sown more than once being counted only once.

(K) GROSS CROPPED AREA : Total area under all crops including area under crops sown more than once is taken as gross cropped area.

(L) CULTIVABLE AREA : It is a sum of areas as under -

(A) Miscellaneous tree crops and groves not included

in the net area sown (B) Current fallows (C) Other fallows
(D) Culturable waste land & (E) Net area sown.

2.9 IRRIGATION STATISTICS : Important irrigation statistics regarding-

(i) Number of irrigation wells (ii) Activities of Ground water surveys & Development agency (iii) Minor Irrigation Works, (iv) Major & Medium Irrigation Projects are given in table No. 3.4 to 3.8.

2.10 ALLIED AGRICULTURE : Agricultural Wage Rates at the selected centres viz (i) Karjat (Tahsil Karjat) (ii) Akola (Tahsil Akola) (iii) Belapur (Tahsil Shrirampur), are given in Table No. 3.9 number of operational holdings as per Agricultural Census 1976-77 are given in Table No. 3.10.

OPERATIONAL HOLDING : For the purpose of Agricultural Census 1976-77, the operational holdings was defined as under.

All the land which was used wholly or partly for agricultural production and was operated as one technical unit by one person alone or with others, without regard to title, legal form, size of location. A Technical unit was the unit which under the same management had the same means of production, such as labour force, machinery & animals. Final figures of agricultural implements enumerated during the twelfth livestock census are given in table No.3.11. The tahsil-wise data on famine and scarcity are given in table No.3.12 for the year 1981-82 and in Table No.3.13 for the period from 1971-72 to 1981-82.

2.11 ANIMAL HUSBANDRY AND FOREST : Population of livestock and Poultry as per twelfth livestock census 1978 is shown tahsilwise in Table No.4.1 Statistics on veterinary facilities existed, animals treated in such centres & disease-wise mortality of Livestock are given in Table No.4.2 & 4.4.

Table Number 4.3 has been newly introduced for giving tahsil-wise mobile veterinary units and animals castrated in it.

Table No.4.5 furnishes data on animals slaughtered in recognised slaughter houses in the district.

2.12 The data on area under forest and major and minor forest produce for the year 1981-82 has been shown in table Nos.4.6 and 4.7 respectively. Area under forest with a classification into (i) Reserved (ii) Protected & (iii) Unclassed forests under the control of state revenue department and under state forest department has been shown. These areas may not tally with the area under forest shown in table No.3.1 due to different concepts of classification into above three heads. Reserved forest are intended mainly for timber production of which rights of grazing and cultivation are seldom allowed. Grazing and cultivation under certain limitations and restrictions are allowed in protected forest. The unclassified forests refer to inaccessible forest or unoccupied waste.

2.13 INLAND FISHERIES : The statistics relating to total area suitable for fish culture, ponds, lakes and reservoirs, area under pisciculture, inland fish production and carp fry used for pisciculture are given in table Number 4.8.

2.14 EMPLOYMENT, INDUSTRY, & ELECTRICITY : The statistics relating to working factories under different groups with average daily employment, mandays worked, classification of factories according to working strength and number of days worked are given for the years 1980 & 1981 in table numbers 5.1 to 5.3. The term 'Factory' includes (A) those employing 10 or more workers working with the aid of power (B) those employing 20 or more workers and working without aid of power and (C) those registered under the factory Act, 1948 even though the above conditions are not fulfilled. The defence factories, are excluded. Statistics regarding number of

(CONTD....)

registered factories, productive capital, investment output and employment provided under different industries based on Annual Survey of Industries for the year 1980-81 are given in table no. 5.4. Monthwise registration, vacancies notified, placements done number of employment seekers on the live register at the end of the month, occupation-wise and sector-wise, other data of employment exchange have been shown in Table Number 5.5 & 5.8. Vocational guidance programme has been shown in Table Number 5.6. The information regarding the employment generated under Employment Guarantee Scheme & expenditure incurred there on is also given in Table No.5.7 .

2.15 Number of towns and villages electrified during and upto the end of selected years are shown in table No. 5.9 & the data on consumption of electricity by different categories during the year 1981-82 are given in table No. 5.10 . The data are collected from Maharashtra State Electricity Board, Co-operative Electric Supply Agency and Sugar Factories in the district.

2.16 CO-OPERATION :Statistical information on the Co-operative institutions and their activities have been given for the year 1980-81 on the following items.

(i) Loans advanced by Co-operative Banks & Primary Agricultural Credit Societies different types of societies, & their membership.

(ii) Total value of purchase and sales by the central and primary Co-operative marketing societies, and

(iii) Annual arrivals in the regulated markets in each tahsil of Ahmadnagar District.

(iv) Audit classification of all types of societies in the district.

(v) Crop loan advanced by Primary Agricultureal Societies in the district in Table Numbers 6.1 to 6.11 .

Tahsilwise data regarding number of members, capital structure, loan advanced and recovered etc. have also been given.

2.17 WORKING CAPITAL : It includes paidup capital, deposits borrowings, Loan outstanding includes outstanding in respect of loan, cash credits and overdrafts and the amount of the loan outstanding bill purchased or discounted. Overdues refer to the amount of loan or instalments which were due for collection but which were not actually collected and for the repayment of which extension has been granted by the competent authority. Information of registered money lenders and loan advanced by them is given in table Number 6.12.

2.18 The main functions of agricultural credit societies are to help members by way of providing short and medium term loan for meeting their agricultural necessities like improved seed fertilisers, agricultural improved implements etc. The help is also extended in the matters of storage, transportation and sales of the agricultural produce.

2.19 The agricultural Non-credit societies look after the work of better farming by way of educating the agriculturists in adoption of improved agricultural practices, crop protection etc. The Societies also undertake educational, economical cultural and house building activities so as to uplift the standard of living of the agriculturists.

2.20 The main function of the Urban Bank, Urban Credit Co-operative Societies and salary earners co-operative societies is to promote quality of economy and co-operation amongst the members and also to make them industrious. They also cultivate the saving habits of the people by way of making the banking facilities easily available. They give loans to the members on the securities like gold, immovable property, Government Securities, commercial goods etc. They also provide loans to the artisans and small traders.

2.21 The main functions of non-agricultural non-credit societies are to run printing presses, to provide electricity to members & consumers for domestic, industrial and agricultural purposes, to run montessories, Primary Schools, and educational institutions for educational spread and things of the kind.

2.22 The main function of primary co-operative marketing society is the purchase and sale of agricultural produce grown by its members or members of co-operative societies in its area of operation.

2.23 MEDICAL & PUBLIC HEALTH : The definition adopted for Hospital, Primary Health Centre, Primary Health Sub-Centre, and Registered Medical Aid Centres are given below.

(1) HOSPITAL : Hospital is a medical unit where in major surgery is performed & facility of treatment of indoor & outdoor patients is available. For indoor patients more than 8 beds are provided & all sorts of facilities for medical investigation are made available.

(2) DISPENSARY : It is a medical unit established at each tahsil head quarter with 8 beds for indoor patients, equipped with operation theatre for minor surgery. Outdoor patients are also treated at dispensary.

(3) PRIMARY HEALTH CENTRE : It is a medical unit for rural areas & it covers population of 40,000. In Primary Health Centre only 8 beds are provided for indoor patients. The facility of treatment of outdoor patients is available at Primary Health Centre like hospital. The general medical aid, performance of family planning operations, minor surgical operations & the services of community health volunteers, are given through Primary Health Centre to the population under its jurisdiction.

(4) PRIMARY HEALTH SUB CENTRES : Within the operational area of Primary Health Centre, 8 Primary Health Sub-Centres (covering rural population of 5000 each) are located. In Primary Health Sub-Centre, no facility of indoor patients is available however only deliveries are performed & general medical aid is given to the public.

(5) PRIMARY HEALTH UNIT : It is a medical unit with 3 to 5 beds for indoor patients per 20,000 rural population, The functions of Primary Health Unit are same as on the lines of Primary Health Centre.

(6) REGISTERED MEDICAL AID CENTRE : On demand of village panchayats in remote area, these centres are run by the Zilla Parishad. In these aid centres, general medical aid is given only outdoor patients are treated.

Honoraria @ Rs. 300/- per month, & cost of medicine of Rs. 1500/- per year is given to the Doctor working in Registered Medical Aid Centre.

(7) ELIGIBLE COUPLES : The definition of eligible couple is the married women in the age group 15 to 44 years are considered for eligible couples. Of the eligible couples the couples having no issues & certain number of issues are excluded & the remaining couples are regarded as eligible couples.

In this section data on medical & public health for the year 1981 are given. Table No.7.1 gives medical facilities available through public and public aided bodies in each tahsil along with indoor and outdoor patients treated. Data on vital Statistics e.g tahsilwise births and deaths and infant deaths registered in the year 1981 with break up into male and female and number of deaths due to important causes, from the year 1971 to 1981 are given in Table No.7.2 & 7.3

respectively. Vaccination Statistics and Cholera inoculation done in each tahsil during 1981 is given in table No. 7.4 & Table Number 7.5 gives statistics on family planning during the year 1981-82.

2.24 EDUCATION : The General Concepts of various types of educational institutions are explained in following paragraph.

(1) PRE PRIMARY SCHOOL : Is an institution for children in age group 4 to 6 years. No particular curriculum is prescribed for Pre Primary Education but the general sense of the children is developed in such schools.

(2) PRIMARY SCHOOL : Is an institution where in, general education from Ist to VII th standard is given to the children in age group 6 to 14 years.

In rural area the standards V to VII of Primary Schools are attached to High Schools.

(3) HIGH SCHOOL : Is a secondary school which provides a course of general education leading to Secondary School Certificate examination (S.S.C) or an equivalent examination recognised by the Government at the end of Standard X .

(4) HIGHER SECONDARY SCHOOL : (JUNIOR COLLEGE) :- Is an Institution which provides education leading to Higher Secondary School. Certificate Examination (H.S.S.C) or Indian School Certificate examination or other examination recognised by Government as equivalent there to, at the end of Standard XII (Second year Junior College).

(5) COLLEGE : College is an institution which provides three years education leading to degree in Art, Science and Commerce faculties & there after Master's degree in the same faculties.

The data on tahsilwise number of literates and percentage of literacy as per 1971 Census are shown in Table

Number 8.1. The data on education level of people in Rural and Urban Areas are given in table No. 8.2 & 8.3. The data regarding pupils and teachers with number of institutions in pre-primary, Primary, Secondary & Higher Categories are presented in table No. 8.4 . The data on backward class enrolment and concessions granted to economically backward class and expenditure incurred under normal and plan grants on primary education in the district is shown in Table No.8.5,8.7 & 8.8 .

The data on other types of educational institutions in the district have been presented in table No. 8.6 . The information in respect of Vocational, Technical Schools and Adult, Education Centres & Teachers Training Institutes in the district are shown in Table Number 8.9 to 8.11 respectively.

2.25 TRANSPORT & COMMUNICATION : The definitions of National & State Highways, Major District Roads, Other District Roads & Village Roads are given below.

(1) National Highways :- National Highways are main trunk roads of National importance, running through the length & breadth of the country having width of 15.75 meters i.e, 48 feet. The major cities & capital of the states & other highways are connected by national highways.

(2) State Highways :- State Highways are arterial roads of the State connecting other highways, headquarters of the district & cities. They serves as main routes of traffic to and from major roads. These roads are of Asphalt surface with width of 10 meters i.e. 32 feet.

(3) Major District Roads : Major District Roads connects important towns, centres of trade & commerce with Railways & Highways. The surface of these roads may not be asphated & fully bridged & the width of such roads is 7.42 meters i.e. 24 feet.

(4) Other District Roads :- Other District Roads

are usually approach roads connecting villages & towns in the district. They are subject to frequent interruption to traffic during the rainy season & have water bond macadam surface.

The width of O.D.R.S. is 6 meters i.e. 20 feet.

(5) Village Roads :- Village roads connects villages other district roads. These roads are "Kaccha Road" with width of 5 meters i.e. 16 feet.

The length of railway routes according to guage is shown in Table No. 9.1. The Table No. 9.2 gives road length according to category and surface classification. Roads maintained by municipal councils, cantonment board are also shown separately in this table. The data of number of motor vehicles in operation in Pune Region covering Pune, Ahmadnagar and Solapur Districs together are shown in Table No. 9.3 . Important operational statistics relating to Ahmadnagar District of Maharashtra State Road Transport Corporation is presented in Table No.9.4 . (Ahmadnagar S.T.Division consist of Ahmadnagar District) During the year 1981-82 State Transport buses were plying on 515 routes covering the distances of 41132 Kms. Results of traffic Census conducted in December 1981 on important roads in the district are given in table No. 9.5 . Statistics on Postal, Telegraphs and Telephone facilities and Villages covered are shown in Table No.9.6 . The information on rural broad casting is depicted in the Table No.9.7 .

2.26 LOCAL BODIES :- The financial position of village panchayats municipal councils and Zilla Parishad is shown in this section for the year 1981-82 in Table Nos.10.1 to 10.4 .

2.27 The Number of Village Panchayats include number of independent Village Panchayats and also group Village Panchayats. Income & Expenditure of village panchayats are

exclusive of opening and closing balance respectively. Grants include grants from Govt. as well as from Zilla Parishad and Panchayat Samities for development activities. Govt. grants in respect of Municipal Councils are mainly grants on account of dearness allowance, grants for roads, for Water Supply, for Educational purposes and for Medical purposes. The receipts of Zilla Parishad are under Four Sub-heads Viz. (1) Self raised resources (ii) Govt. grants (iii) Grants for agency scheme & (iv) Debt Section. The expenditure is shown under two heads i.e. Revenue Expenditure & Debt Section.

2.28 The data are collected from the Zilla Parishad, Ahmadnagar and all the Municipal Councils and a Cantonment Board in Ahmadnagar District.

2.29 PLAN & COMMUNITY DEVELOPMENT : Data on Plan Expenditure under state and local sectors during the years 1980-81 & 1981-82 are given in Table No. 11.1. Physical Achievements in important sectors during 1980-81 & 1981-82 are given in Table No. 11.2.

2.30 PRICES : The Table No. 12.1 gives monthly average wholesale prices of Agricultural Commodities, transacted in regulated markets. The district average for each variety and for each month is also given.

2.31 The Table No. 12.2 gives the monthwise average retail prices of important commodities at Ahmadnagar Head Quarter during 1981. As the information collected for the given commodities is restricted to only one quotation and that also one shop in the district head quarter, the data for individual commodities cannot be said to be fully representative but it may prove useful as a broad indicator of the trend in changes in retail prices over the period of time. The Table No. 12.3 gives consumer price index number for working class of Jalgaon

and Pune Centre for the year 1981-82. For the calculation of Index, the years 1960 and 1961 are taken as base years for Jalgaon & Pune Centres respectively.

2.32 MISCELLANEOUS : Statistical data pertaining to police force, crime statistics, No. of prisoners held due to various causes in the district, convict by age & sex in the district, cases disposed of in civil and criminal courts, cinema statistics regarding seating capacity in different types of theatres, number of banking offices, number of scheduled banks, & their deposits and advances and number of joint stock companies, insurance policies and amount insured, collection of small savings, land revenue collection, number of presses, newspapers and periodicals published etc. are given in the Table Numbers 13.1 to 15.4 . Table No. 15.5 gives information about the quantity of Rice, Wheat, Sugar issued to fair price shops. The demand and procurement of levy in Ahmadnagar District are indicated in Table No. 15.6 . Statistics relating to General Elections of Loksabha and Assembly of 1980 are presented, in Table No. 15.7 . Table Nos. 15.8 & 15.9 are newly introduced in this year i.e. list of inspection & travellers bungalow in the district & list of Railway Stations in the district.

2.33 A Table showing trends in selected indicators in the fields of development, such as :-

- (i) Agriculture (ii) Livestock (iii) Industry
- (iv) Education (v) Health etc. is appended at the end.

These collected indicators are very useful for assessing progress in various fields over important periods in the recent past.

CHAPTER NO. III

ANALYTICAL REVIEW OF SECTORIAL TRENDS

3.1 Sectorial analysis is based on the data as presented in Part II of this publication. The following important sectorial trends are observed in the district economy.

3.2 AGRICULTURE

Agriculture continues to be mainstay of the economy. The extent in intensive utilisation of available land, cropping pattern, yield rata, and irrigation facilities etc. are important factors that indicate the level of agricultural development in Ahmadnagar district.

3.3 The following table gives data regarding percentage of net sown area to the gross cropped areas and further the extent of double cropping in the various reference year shown.

TABLE NO. 3.1

PERCENTAGE OF GROSS CROPPED AREA TO THE NET AREA SOWN IN
1960-61, 1970-71, & 1980-81

Sr. No.	Tahsil	Percentage of gross cropped area to net area sown during		
		1960-61	1970-71	1980-81
1	2	3	4	5
1.	Ahmadnagar	103.39	104.33	105.27
2.	Rahuri	104.05	104.83	105.67
3.	Shrirampur	102.60	103.27	105.58
4.	Newasa	119.13	106.28	102.87
5.	Shevgaon	106.11	107.37	106.45
6.	Pathardi	104.81	105.23	127.02
7.	Jamkhed	105.02	107.70	105.86
8.	Karjat	110.87	105.82	104.06
9.	Shrigonda	106.47	104.54	100.50
10.	Parner	104.22	106.57	105.16
11.	Akola	102.46	102.69	101.66
12.	Sangamner	108.75	103.70	106.51
13.	Kopergaon	104.74	105.82	105.72
	Total	105.16	105.28	105.72

Note: -Data for 1980-81 provisional.

3.4 Study of the data reveals that the percentage of double cropped area in the district did not vary much in the reference years i.e. 1960-61, 1970-71 & 1980-81. Sanganner & Pathardi Tahsil have more gross cropped area than the district average. Akola, Newasa & Shrigonda have lowest average than the district.

3.5 Table No.3.2 in the abstract gives actual figures of double cropped area during the reference year i.e. 1960-61, 1970-71, and 1980-81 were 65018, 66262 and 68531 hectares respectively. It shows that there was increasing trend upto the year 1970-71 but during 1980-81 it is decreased due to in-adequate rains in the district. It has ultimately affected the irrigation facilities to the cultivators.

3.6 In Ahmadnagar district although there is well developed net work of flow irrigation by canals i.e. Mula Canal on Mula river, Ghod Canal on Ghod river, Pravara Canal on Pravara river, Kukadi Canal on Kukadi river etc. it has affected due to the irratic and uneven rains in the district generally. So also it has definitely affected double cropping pattern.

TABLE NO.3.2

CROPPING PATTERN

DATA REGARDING PERCENTAGE OF IMPORTANT CROPS TO THE TOTAL GROSS CROPPED AREA IN AHMADNAGAR DISTRICT FOR THE YEARS 1960-61, 1970-71, & 1980-81

Sr No	Crop	Percentage distribution of Area		
		1960-61	1970-71	1980-81
1	2	3	4	5
1.	Rice	0.75	0.59	0.62
2.	Wheat	3.79	3.53	3.96
3.	Jowar	50.64	39.41	47.53
4.	Bajara	17.55	27.40	18.85
5.	Total cereals	73.84	71.90	72.02
6.	Gram	2.24	1.53	1.30
7.	Total Pulses	7.74	8.49	6.87

TABLE NO. 3.2 (CONTD..)

1	2	3	4	5
8	Total Foodgrains	81.58	80.39	78.90
9.	Sugarcane	2.72	3.94	5.94
10.	Total food crops	85.14	85.23	85.85
11.	Cotton	2.44	2.19	0.92
12.	Groundnut	2.37	1.61	1.14
13.	Safflower	N.A.	4.49	4.45
14.	Total non food crops	14.86	14.67	14.15
15.	Total gross cropped Area	100.00	100.00	100.00

Note: Total do not add due to rounding and consideration of important crops only.

3.7 It is observed that during the last twenty years - There is increasing trend in the percentage of area under "Food Crops" but the percentage of area under "Non Food Crops" have slightly declined in the reference years. By critically analysing the trends in percentages in area of different crops, it is observed that the area under rice, wheat, jawar, gram, cotton, groundnut and safflower is decreasing while Bajara & Sugarcane show increasing trends.

TABLE NO. 3.3

YIELD RATES PER HA AND OUTTURN OF PRINCIPAL CROPS OF A'NAGAR DISTRICT FOR THE YEARS 1960-61, 1970-71 & 1980-81.

Sr No	Crop	Year	Yield rate in kg. per Hect.	Outturn in '00 Tonnes
1	2	3	4	5
1.	Rice	1960-61	931	9,3
		1970-71	5775	6,2
		1980-81	1,878	15,4
2.	Wheat	1960-61	364	18,3
		1970-71	521	24,3
		1980-81	1,115	74,9
3.	Jowar	1960-61	466	3,12,4
		1970-71	174	90,5
		1980-81	520	2,80,4

Contd.

1	2	3	4	5
4.	Bajara	1960-61	260	60,5
		1970-71	339	1,21,8
		1980-81	451	1,48,4
5.	Total Cereals	1960-61	417	4,07,8
		1970-71	N.A.	N.A.
		1980-81	557	5,34,9
6.	Gram	1960-61	441	13,1
		1970-71	312	6,3
		1980-81	419	9,3
7.	Tur	1960-61	529	7,5
		1970-71	N.A.	N.A.
		1980-81	449	5,7
8.	Total pulses	1960-61	280	28,7
		1970-71	N.A.	N.A.
		1980-81	243	20,7
9.	Groundnut Podi	1960-61	522	16,4
		1970-71	538	15,0
		1980-81	873	14,5
10.	Sugarcane (Production in Gur)	1960-61	10,589	3,82,5
		1970-71	7,898	4,11,5
		1980-81	7,890	5,79,1
11.	Cotton	1960-61	1,002	32,5
		1970-71	53	3,0
		1980-81	265	18,1

Note:-The cotton production in terms of bales of 170 Kgs. each.

1.The figures for the year 1980-81 are provisional.

3.8 On examining the yield rate and outturn, since 1960-61 to 1980-81, it shows that there is increase in yield rate and outturn in case of rice, bajra, maize, ragi, total cereals, linseed, sesamum, groundnut, sugarcane, cotton, mesta, tobacco and chillies but in case of wheat, gram, tur, urid, the yield rate of per hectare is reduced.

At the same time, the outturn in respect of jawar, gram, tur, mung, total pulses, tobacco and potato is decreased. The figures for the year 1980-81 are provisional & hence subject to revision.

IRRIGATION

TABLE NO. 3.4

NET IRRIGATED AREA TO NET SOWN AREA

Sr No	Tahsil	Percentage of net irrigated area to net Sown Area in			
		1960-61	1970-71	1979-80	1980-81
1	2	3	4	5	6
1.	Ahmadnagar	11.40	7.23	5.86	15.92
2.	Rahuri	18.58	20.83	44.83	57.16
3.	Shrirampur	33.05	43.30	55.06	60.14
4.	Newasa	5.56	7.67	22.17	20.06
5.	Shevgaon	4.26	4.46	3.65	14.46
6.	Pathardi	6.46	4.23	10.80	11.57
7.	Jamkhed	8.16	7.51	2.38	10.41
8.	Karjat	8.09	8.37	13.52	13.39
9.	Shrigonda	10.36	11.56	13.05	17.34
10.	Parner	6.38	4.37	5.30	8.17
11.	Akola	1.28	1.38	1.95	2.91
12.	Sangamner	7.42	9.15	17.47	18.24
13.	Kopergaon	31.76	42.17	54.91	53.02
	District Total	10.79	11.80	17.07	20.38

3.9 . The above data shows that there has been gradual increase in the area brought under irrigation. The proportion of irrigated area in Rahuri, Shrirampur and Kopergaon Tahsils is quite significant as compared to other tahsils. It is on account of canal irrigation facilities available in these tahsils.

TABLE NO.3.5

PERCENTAGE OF AREA UNDER DIFFERENT IRRIGATED CROPS TO GROSS IRRIGATED AREA

Sr. No	Name of Crop	Y e a r s		
		1960-61	1970-71	1980-81
1	2	3	4	5
1.	Rice	0.93	1.00	0.72
2.	Wheat	8.87	12.27	15.42
3.	Jawar	38.67	29.43	34.98
4.	Bajara	3.70	5.87	5.18
5.	Total Cereals	52.55	49.14	57.39
6.	Gram	3.57	2.97	5.86
7.	Total Pulses	3.85	3.14	6.09
8.	Total food grain	56.40	52.28	60.00
9.	Sugar Cane	23.33	29.85	26.14
10.	Total Food crops	87.11	89.01	90.25
11.	Cotton	6.48	4.89	4.14
12.	Groundnut	0.98	1.28	1.60
13.	Total Non Food Crops	12.89	10.99	9.74
	District Total	100.00	100.00	100.00

3.10 It is observed that during the course of the years, the proportion of irrigated area under food crops has increased steadily from 87.11 % to 90.25 % in 1980-81. The share of sugarcane area and jowar in the total irrigated area was quite large in all the years.

The sugar factories are striving & encouraging the farmers for planting the sugarcane by providing financial assistance. Secondly farmers have voluntarily accepted sugarcane plantation because there is shortage of labour

availability and cost of labour charges is increasing day by day. At the same time sugarcane requires seasonable labour as compared to other crops.

SOURCE WISE NET IRRIGATION

3.11 The net irrigated area in the district increased from 1,35,824 Hectares in 1960-61 to 2,43,772 Hectares in 1980-81. The sourcewise irrigation facilities available in the district are indicated in the following table.

TABLE NO.3.6

SOURCEWISE NET IRRIGATED AREA IN AHMADNAGAR DISTRICT DURING
1960-61, 1970-71 & 1980-81

Sr No	Source	Net irrigated area in Hectares		
		1960-61	1970-71	1980-81
1	2	3	4	5
I	Wells	80,452	1,03,961	1,74,292
II	Surface Irrigation	46,424	43,899	69,480
	Total	1,35,876	1,47,860	2,43,772

3.12 The above data shows that well irrigation is the major source of irrigation in Ahmadnagar district, out of total irrigation 71.49 % irrigation is done by well. At the same time surface irrigation is accounted for nearly 29 % the total irrigated area. The surface irrigation includes Govt. Canals, Private canals & Tanks etc.

CO-OPERATION

3.13 Co-operative movement has made rapid and note worthy progress in Ahmadnagar district. Co-operative sugar factories are predominant in the agriculture economy of the district. Agricultural Co-operative credit societies are now extending help to the poor farmers by giving credit as per their requirements.

Contd....

3.14 The following table shows the progress made by primary agricultural credit societies in the district in various aspects i.e. increase in No.of primary credit societies and its members, working capital, loan advanced, loan over due and loan outstanding during the year 1961-62, 1970-71 & 1981-82

TABLE NO.3.7

PRIMARY AGRICULTURE CREDIT SOCIETIES IN AHMADNAGAR DISTRICT
DURING 1961-62, 1970-71 & 1981-82

Sr No	I t e m	Y e a r s		
		1961-62	1970-71	1981-82
1	2	3	4	5
1.	No.of Primary Agril.Credit Societies.	1,040	1,090	1,044
2.	Members	1,35,293	2,10,478	3,38,201
3.	Working Capital (Rs.in Lakhs)	700.87	2333.89	5986.07
4.	Loan Advanced(Rs.in Lakhs)	513.61	1311.98	3038.39
5.	Loan Over Due(Rs.in Lakhs)	71.43	388.98	455.70
6.	Loan Outstanding (Rs. in Lakhs)	566.29	1751.00	1507.06

3.15 The above table shows that the working capital, loan advanced, loan over dues and loan outstanding, there is increasing trends during the reference year as against 1961-62 and 1970-71. This means that the primary agricultural credit societies have extensively provided the credit facilities to its members for enhancing the agricultural production and strive for improving the standard of living of its members. Position of over dues is also alarming over these years.

3.16 Critically analysing the data in the above table, it shows that the no.of primary Agril.Credit societies has decreased during 1981-82 as compared to 1970-71 but the members of Agril. Credit Societies is having increasing trend during the reference years.

WAGE RATES

TABLE NO. 3.8

AVERAGE WAGE RATE FOR SKILLED, UNSKILLED AND AGRIL.LABOUR IN
SELECTED CENTRES DURING 1981

Sr No	Type of Labour	Name of the Centres		
		Karjat	Belapur	Akola
1	2	3	4	5
I	<u>Skilled Labour</u>			
	i) Carpenter	15.00	14.50	14.00
	ii) Blacksmith	13.60	11.00	14.00
	iii) Cobbler	12.33	9.00	11.00
II	<u>Unskilled Labour</u> <u>Field Labour</u>			
	i) Male	6.00	3.00	5.00
	ii) Female	5.00	3.00	3.00
III	<u>Other Agril.Labour</u>			
	i) Male	6.00	3.25	5.00
	ii) Female	4.83	3.25	3.00
IV	<u>Herdsman</u>	3.50	5.00	5.00

3.17 Data for Skilled & Unskilled labour is collected every fortnight from Belapur, Akola and Karjat Centre. The above table shows that wage rates for skilled labour is higher at Karjat centre than other two centres, and Belapur is having lowest wage rates due to keen competition in the worker.

3.18 As regards to unskilled labour, (Male & Female-field labour) Karjat is having higher rate & Belapur is having lowest wage rate. It is due to mechanised farming. At the same, wages paid in kind is not considered at Belapur Centre.

3.19 Herdsmen are getting average wages of Rs.500 at Belapur and Akola Centre but herdsman at Karjat centre are getting average wage of Rs.3.50. It is higher due to non availability of grazing land at Belapur Centre and more risky due to hilly area of Akola Centre.

LIVESTOCK

3.20 Livestock provides subsidiary income to the farmers besides carrying out agricultural operations. In the following table bovine & ovine population per '00 Hectares of cultivable area is given below.

TABLE NO.3.9

BOVINE & OVINE POPULATION PER '00 HECTARE OF CULTIVABLE LAND

Sr. No.	Tahsil	Bovine & Ovine population 1972 Livestock Census	Bovine & Ovine population 1978 Livestock Census	Culti- vable land (In Hect) in 1979-80	Bovine & Ovine Population per '00 Hect. of cultivable land
1	2	3	4	5	6
1.	Ahmadnagar	1,49,638	1,52,545	1,182	129
2.	Rahuri	1,10,548	1,47,125	754	195
3.	Shrirampur	1,01,721	1,15,510	766	151
4.	Newasa	1,06,160	1,25,541	1,169	107
5.	Shevgaon	1,01,220	98,936	952	104
6.	Pathardi	1,09,218	1,70,022	948	179
7.	Jamkhed	79,058	85,893	735	117
8.	Karjat	1,43,649	1,58,773	1,056	150
9.	Shrigonda	1,39,315	1,45,814	1,209	121
10.	Parner	2,52,624	2,31,871	1,340	173
11.	Akola	1,33,739	1,49,176	960	155
12.	Sangamner	2,10,218	2,72,152	1,129	241
13.	Kopargaon	1,35,959	1,36,569	866	141
	District T o t a l	17,73,067	19,89,927	13,066	152

3.21 The above table shows that there is increase of total livestock population as per livestock census 1978 as compared to 1972 livestock Census. The reasons for increase in livestock population is due to change in Govt. policy. Govt. is providing financial assistance through banks to the uneducated unemployed for purchase of milch cattles. But situation of this kind is not same in all tahsils of the district. There is also decrease in livestock population in Shevgaon and Parner Tahsils. It is due scarce rain in this area, Naturally, people are incapable to keep such type of livestock. Animal Husbandry Department & Private Agencies have expanded the cross breeding programme through out the district. People have also given too much response to the scheme.

3.22 The number of livestock per '00 Hectare of cultivable land was 152 for the district as a whole. The average of livestock is found less than the average in the district in Nagar, Shrirampur, Newasa, Shevgaon, Jamkhed, Karjat, Shrigonda & Kopargaon Tahsils. The lowest Number of bovine & ovine population per '00 Hectares of cultivable land is found in Shevgaon Tahsils while Sanganner is having highest number.

ELECTRICITY

3.23 Electricity plays predominant role for the development of rural economy. Rural electrification programme has special importance in the field of agriculture and its production.

3.24 No. of towns and villages electrified & population covered in Ahmadnagar district for the year ending 31st March 1961, 1970, 1980, 1981 & 1982. Maharashtra State Electricity Board, Ahmadnagar & Shrirampur division and Mula Pravara Co-operative Electric Society and Private companies are the major sources of electrification.

The following Table indicates the yearwise & Villagewise programme of electrification and population covered thereunder in Ahmadnagar district in the Rural & Urban Areas.

TABLE NO.3.10

Sr No	Agency	Year ending	Total No.in District		Total electrified	
			Villages	Towns	No.of Towns & Villages	Population Covered ('000)
1	2	3	4	5	6	7
1.	Maharashtra Electricity Board, A'nagar & Shrirampur Division	31/3/61	Nil	Nil	-	-
		31/3/70	1,317	2	413	5.74
		31/3/80	1,153	4	963	16.84
		31/3/81	1,153	4	999	17.19
		31/3/82	1,153	4	1,031	17.51
2.	Mula Pravara Co-operative Electric Society & Private Companies.	31/3/61	1,318	4	5	1.88
		31/3/70	1	2	3	1.48
		31/3/80	164	2	161	3.99
		31/3/81	164	2	161	3.99
		31/3/82	164	2	161	3.99

3.24 The above table shows that Maharashtra Electricity Board plays important role in electrification programme than the Mula Pravara Electric Society.

The total consumption of electricity inclusive of Thermal, Hydro and other during 1960-61 was 44,83 Thousand K.W.H as compared to 1980-81 & 1981-82 is 34,25,57 & 40,46,41 thousand K.W.H. respectively. Per capita electricity consumption is 178.33 K.W.H. It shows that electricity consumption has increased in very fast scale. There are 32847 electric motors & 17300 Diesel pumps during 1978 used for agriculture purposes as against 24186 & 22186 respectively during 1972. The No.of Diesel pumps is reduced during the reference year as compared to 1972. It is due to speedy expansion of rural electrification programme by Maharashtra State Electricity Board.

EMPLOYMENT

3.25 Unemployment and under employment are a drag on the economy. The data is maintained by the employment exchange on this important subject. The following table is presented the available data from employment exchange.

TABLE NO.3.11

NO.OF CANDIDATES ENROLLED AND VACANCIES NOTIFIED BY THE
EMPLOYMENT EXCHANGE IN 1960-61, 1970-71, 1980-81 & 1981-82.

Sr No	Item	Y e a r s			
		1960-61	1970-71	1980-81	1981-82
1	2	3	4	5	6
1.	Candidates enrolled	7926	9732	17172	14800
2.	Vacancies notified	1212	1335	1248	1233
3.	Placement in vacancies	700	915	829	794
4.	Percentage of placement to registration.	8.83	9.40	4.83	5.36
5.	Candidates on live register at the end of the year	3721	5996	32123	30397

3.26 It is noticed that the number of Job seekers has increased twofold since 1960-61. The opportunities have kept aloof with this increment. The actual placement was still less and the percentage of placement was more than 1980-81. There were 30397 candidates on live register at the end of March 1982.

MEDICAL FACILITIES

3.27 Comprehensive statistics on health coverage is not available. The availability of data on medical facilities is at present confined to public & public aided bodies only.

3.28 The increase in the availability of medical facilities can be seen from the following table.

TABLE NO.3.12

MEDICAL FACILITIES AVAILABLE IN PUBLIC AND PUBLIC AIDED
INSTITUTIONS

Sr No	I t e m	Y e a r s			
		1961	1970	1980	1981
1	2	3	4	5	6
1.	Hospitals	2	4	9	9
2.	Primary Health Centres	13	16	18	18
3.	Dispensaries	14	15	21	21
4.	Doctors	27	98	167	167
5.	No.of beds	274	726	842	842
6.	<u>No.of patient treated</u>				
	(A) Indoor	16607	70969	101000	104000
	(B) Outdoor	221502	538589	757000	954000

3.29 The health survey and planning committee has recommended the facilities of doctor for 3000 population and 1 Bed for 1000 population. The actual position shows that there is one Doctor in a public and public aided institution for population of 13586 . The bed population ratio is 2694 per bed. Thus though institutional health facilities have increased over the reference period with increasing number of patients are availing of these facilities. It falls very much short of the above recommendations.

3.30 It is also necessary to mention that though there are 9 Hospitals in the district but they are not evenly spread over in the district. Out of the 9 Hospitals, 5 are in Ahmadnagar Tahsil and one each in Rahuri, Shrirampur, Sangamner & Kopargaon Tahsil. In otherwords, 8 Tahsils have no public hospital facilities at all

EDUCATION

NO. OF STUDENTS IN DIFFERENT CATEGORIES

3.31 Educational development has made rapid progress during the last two decades in the district and practically every village has school now.

3.32 The following Table presents the achievements in this regard.

TABLE NO. 3.13

NO. OF STUDENTS IN DIFFERENT CATEGORIES DURING 1980-81 & 1981-82

Sr No	Category	Enrolment of students in		Total B.C students during 1981-82
		1980-81	1981-82	
1	2	3	4	5
1.	Pre primary	438	2261	626
2.	Primary	385310	472369	154835
3.	Secondary & Higher Secondary	143063	80142	23327
4.	College & General education	19596	10810	2400
	T o t a l	548407	562582	181188

3.33 The above table shows that out of the total enrolment of students, preprimary is having 0.39 %, Primary 83.52 %, Secondary & Higher education 14.17 % and college and general education is 1.92 % . As compared to total students with B.C. students, 32.03 % students are from B.C. communities. Out of the 181188 B.C. Students, 0.35 % B.C. students are enrolled in Pre primary schools, 85.46 % are taking education in Primary schools, 12.88 % B.C. students are taking education in secondary and higher education and 1.32% have been enrolled in college and general education.

After critically analysis, it is observed that from pre primary education to college & general education, enrolments of B.C. students are decreasing.

TABLE NO. 3.14

NO. OF EDUCATIONAL INSTITUTIONS, TEACHERS & STUDENTS DURING
1981-82

Sr No	Type of Educational Institution	No. of Institution			Teachers			Students 1981-82
		1979-80	1980-81	1981-82	1979-80	1980-81	1981-82	
1	2	3	4	5	6	7	8	9
A	<u>Pre Primay School</u>	4	4	4	12	10	10	2261
B	<u>Primary Schools</u>							
	1) Single Teachers Schools	672	787	766	672	612	734	344511
	2) Lower Primary schools	780	1091	1123	4509	4782	5065	
	3) Upper Primay School	608	587	561	5389	5070	4760	127858
C	Secondary School	222	224	230	3164	3282	3587	64412
D	Higher Secondary School	39	41	40	1299	1374	1431	15730
E	College & General Education.	16	16	16	636	723	760	10810
T o t a l		2341	2750	2740	15681	15853	16347	565582

3.34 The above table shows that there are 565582 students studying in different standard. At the same time 2740 institutions are functioning in the district during 1981-82 and 16347 teachers are giving training to the students in different standards. As compared to 1979-80 & 1980-81 educational institutions have been reduced but No. of teachers are increased by 666 during 1981-82 as compared to 1979-80. Generally, there is continuous increasing trends of teachers and students in the district.

BANKING

TABLE NO. 3.15

NO. OF VILLAGES & TOWNS HAVING BANKING FACILITIES AND
POPULATION COVERED THEIR UNDER DURING 1979 & 1980

Sr No	Tahsil	Towns & villages having Banking Offices		Population Covered		No. of Scheduled Banks		No. of Banking Offices		Co-operative Banks	
		1979	1980	1979	1980	79	80	79	80	79	80
1	2	3	4	5	6	7	8	9	10	11	12
1.	Ahmadnagar	14	16	196084	199413	17	18	27	34	29	30
2.	Rahuri	7	9	65081	71361	3	3	7	7	11	13
3.	Shrirampur	11	13	108342	115492	8	8	11	14	16	16
4.	Newasa	10	10	43259	43259	4	4	5	7	12	12
5.	Shevgaon	6	8	25105	29959	2	2	2	4	8	8
6.	Pathardi	7	9	32570	42287	3	4	3	6	8	8
7.	Jamkhed	4	4	28849	28849	2	2	2	3	6	6
8.	Karjat	6	6	34744	34744	4	4	5	5	6	6
9.	Shrigonda	8	8	44794	44794	3	3	3	4	10	11
10.	Parner	9	10	35916	38843	2	2	2	4	10	11
11.	Akola	6	6	27095	27095	3	3	4	6	7	7
12.	Sangamner	12	12	69695	69695	5	5	6	8	16	16
13.	Kopargaon	13	13	98567	98567	5	5	10	10	18	18
	District Total	113	124	807227	844358	61	63	87	112	157	162

3.35 The above table shows that ^{there} is slowly expansion of banking offices in the villages and towns in Ahmadnagar district. Bank expansion programme in Rahuri, Shrirampur, Sangamner, Kopargaon & Newasa Tahsils have made rapid progress rather than other tahsils in the district. It is due concentration of sugar factories and industrialisation in these areas. At the same time, these Tahsils are having irrigated zones. Ultimately, banking facilities are having more chances for expansion.

On the other hand, remaining Tahsils are backward Tahsils, These tahsils are not having irrigation & transport facilities. The villages and towns in these tahsils are also few and scattered. At the same time gradually, more population is covered under banking facilities. Major part in banking activities is played by co-operative sector i.e. district central Co-operative Bank.

ROADS

3.36 The communication is the most important sector for infrastructure development of sound economic development of district.

The Dound-Manmad railway line passes through Ahmadnagar district which is broad guage single line Railway with a length of only 197 kms and connects 18 places in the district by rail.

3.37 The total road length (Extra Municipal councils) in the district as on 31st Mar. 1982 is 11671 kms out of this, 10339 Kms roads have been constructed by the Zilla Parishad, A'Nagar. As regards to municipal councils in Ahmadnagar district 192 Kms roads have been constructed at the end of 31st March 1982 as compared to 73 Kms during 31-3-61.

Road classification broadly divided into two parts i.e. categorywise and surfacewise roads, As per category-wise classification, there is 60 Kms National Highway in the district and 1058 Kms is State Highway. Total length of M.D.R and O.D.R is 1640 and 1897 Kms respectively and 6976 Kms are village roads. Analysis of category-wise road length per lakh population is given below.

National high way is 2.64 Kms to the One lakh population 48.74 Kms is State highway, 72.27 Kms is major district Road & 30.74 Kms is for village roads per lakh population.

As per surfacewise classification there is only 101 Kms Cement Concrete Road in the district and 1150 and 2640 Kms black topped and water bound macadam roads. There is also 7780 Kms lower types roads.

PRICES

3.38 In order to know the trends of increase or decrease in retail prices of essential commodities in the district, the prices are collected at district Head Quater and six selected centres in rural areas. Monthly & fortnightly and weekly prices are collected with regular interval. The price quotations of fixed varieties of commodities are collected from fixed shops and open market.

3.39 The following six centres are selected for price collection in Rural areas i.e. 1) Akola (2) Karjat (3) Belapur (4) Shingave (5) Bodhegaon (6) Brahmanwada.

3.40 Broadly classifying commodities under different Heads is given below.

(1) Cereals 2) Pulses 3) Oil & fats edible

4) Fruits & nuts 5) Clothing 6) Utensils 7) Miscellaneous.

The prices of cereals and pulses are shooting up continuously during the reference year. The price of sugar is regularly fluctuating. It is due to the law of demand & supply and Govt. Policy of releasing open market quota. The prices Oil and Fats edible Oils & items their under are regularly increasing. The reasons for ups and downs of prices are specifically mentioned in the regular returns. The prices of items of fruits and nuts are also hiking but the prices of the

clothing utensils remained steadily. Washing & Toilet Soap, Pan, Supari, Tobacco, Cigarattes etc. are taken miscellaneous head. The reasons for variations of prices under these commodities is due to wholesale market condition. It is observed that the prices of commodities in hilly and in-accessible area i.e. Brahamwada and Akola is higher than the other centers of the district. If the selected quality of the commodities are not available in the market, equivalent substitute quality of the commodities is taken for price reporting.

CHAPTER NO. IV
ANNUAL PLAN REVIEW 1981-82

4.1 Introduction

The Planning Commission decided in April 1980 to formulate a new five year plan to cover the period 1980-81 to 1984-85 in place of five year plan 1978-79 to 1982-83. Therefore the year 1981-82 is the second year of New "Sixth Five Year Plan".

On the basis of estimates of financial resources of the State Government and All Statutory Bodies and also on the basis of tentative indicators in regard to central & open market borrowings. The total plan provision for Ahmadnagar District has been earmarked as Rs.1582.18 Lakhs for plan scheme. Amongst this plan provision of Rs.1473.74 Lakhs has been provided for the schemes under Non Tribal Plan and Rs.108.44 Lakhs for the schemes under Tribal Area Sub Plan of the district for the year 1981-82.

While formulating the District Annual Plan for 1981-82 by the District Planning and Development Council, Ahmadnagar, Govt. in planning Department has fixed the certain priorities. The Planning Department had directed to the D.P.D.C's while formulating District Annual Plan, first priority of allocation of funds should be given to the completion of incomplete works and the schemes under the inevitable expansion so that the benefit of the works can accrue to the people immediately, such as minor and medium irrigation works , inevitable expansion under education and Health Programme. Similarly, while undertaking new schemes, the planning department further directed to give top-priority to the schemes under minimum needs programme, elementary education, Rural Health Programme, Rural Housing, Slum improvement and Rural Water Supply and Rural Electrification.

4.2 As per Govt. of India's directives, a special development plan is prepared for the areas having concentration of tribal population, taking into consideration their special problems & felt needs. In this district 106 villages from Akola Tahsil are covered under the Tribal Sub-Plan Area.

In all 8 Adiwasi multipurpose co-operative societies are functioning in Tribal Area which advances loan to Adiwasis for Development of land cultivation & purchases of milch cattle's.

The Forest produce such as Hirda, Kadhi Patta etc. and Agricultural Produce is procured by Tribal development Corporation through Tribal Co-operative Societies, this helps to Adiwasi cultivators in getting proper value of the goods sold by them.

Due to "Pale Mode Scheme" the loan of 75 % in kind and 25 % in cash is granted to needy Adiwasi cultivators. So also social welfare schemes are implemented under Tribal sub-plan to promote the standard of Tribal population.

In the table given below, the consolidated information about budget provision & expenditure incurred under General Plan (Non Tribal Plan) & Tribal Area Sub Plan for the year 1980-81 & 1981-82 for comparison. The table No.11.1 is summarised below.

TABLE NO.4.1

ANNUAL PLAN 1980-81 & 1981-82 BUDGET AND EXPENDITURE

(Rs. in '000)

Sr. No.	Plan	Annual Plan			
		1980-81		1981-82	
		Budget	Expenditure	Budget	Expenditure
1	2	3	4	5	6
1.	General Plan	111293	175815	147374	239449
2.	Tribal Sub Plan	8113	9611	10844	13080
3.	Total	119406	185426	158218	252529

It will be seen from the above table that the budget provision as compared to 1980-81 has been increased by 32.41 % and the expenditure is also increased by 36.19 in the year 1981-82 Under General Plan i.e. Non Tribal Plan. As regards the Tribal Sub Plan, the budget provision is increased by 33.66 % during the year 1981-82 as compared to 1980-81. Subsequently the expenditure is also increased by 36.18 % during the reference year. The total budget provision under district plan schemes is increased about 32.50 and the total expenditure is increased about 36.18 over and above plan grants during the year 1981-82.

The excess expenditure over and above the plan grants made by the implementing Agencies, is due to additional funds received from Heads of the department and their regional Heads. Additional expenditure is obviously done under E.G.S. programme due to Ahmadnagar district is well known as famine district.

4.3 The Major Headwise expenditure incurred under Tribal and Non Tribal (General) Plan during 1981-82 is displayed below

TABLE NO.4.2
MAJOR HEADWISE BUDGET PROVISION & EXPENDITURE WITH PERCENTAGES
DURING THE ANNUAL PLAN 1981-82

Sr No	Major Head of Development	Budget Provision			Expenditure			% of Expdr.		
		Tribal	General	Total	Tribal	General	Total	Tribal	General	Total
1	2	3	4	5	6	7	8	9	10	11
1.	Agriculture & Allied Services	42.68 (39)	659.27 (45)	701.95 (45)	62.85 (48)	1451.17 (63)	1514.02 (62)	47	260	216
2.	Co-Operation	7.18 (7)	42.11 (3)	49.29 (3)	7.18 (5)	31.38 (1)	38.56 (2)	100	75	78
3.	Water & Power Development	15.00 (14)	249.50 (17)	264.50 (17)	15.00 (12)	269.69 (12)	279.64 (12)	100	109	106

TABLE NO.4.2(CONTD..)

1	2	3	4	5	6	7	8	9	10	11
4	Industry and Mining	0.19 (0.00)	66.86 (5)	67.05 (4)	0.08 -----	30.39 (1)	30.47 (1)	50	45	45
5	Transport & Communication	14.52 (13)	66.54 (4)	81.06 (5)	13.18 (10)	65.78 (3)	78.96 (3)	90	99	98
6	Social & Comm. Services	28.87 (27)	384.61 (26)	413.48 (26)	32.51 (25)	455.00 (20)	487.51 (20)	112	118	118
Grand Total		108.44	1473.74	1582. 18	130. 80	2298. 36	2429. 16	121	156	154

It will be seen from the above table that the maximum expenditure is incurred under the major Head Agriculture and Allied services. It is due to inclusion of Employment Guarantee Scheme under this major head. Social & Community Services stood second & water & Power Development stood third. Minimum expenditure is incurred by Co-operative Department.

As compared to 1981-82 Rs.1194.06 Lakhs were earmarked for this district out of this, Rs.81.13 Lakhs were provided for Tribal Sub Plan & Rs.1112.93 Lakhs had been allotted to General Plan. Rs. 388.12 Lakhs were provided additionally during 81-82 than the 1980-81. As regards to allocation of funds & expenditure, under various major sectors, Agriculture & Allied services is being priority sector, social and community services stood second in allocation of funds and expenditure during 1980-81. Priority has not been changed during 1981-82. Rs.726.68 lakhs had been spent under Employment Guarantee Scheme during 1980-81 & Rs. 998.65 Lakhs have been spent during 1981-82. Total expenditure inclusive of Tribal & General Plan was Rs.2429.16 Lakhs as against Rs.1758.15 Lakhs during 1980-81.

4.4 General trends in allocation of Budget provision and Expenditure under major headwise during 1981-82

Agriculture is one of the predominant activities in Indian economy. The Govt. policy is also thrusting upon agriculture programming by allocating more than 45 % budget provision of the total budget provision for the year 1981-82. The expenditure trends shows that 216 % expenditure have been incurred on agriculture & allied services. It means that the funds provided under the head during 1981-82 was meagre than the requirement. The second priority has been given to the social and community services where in it includes primary education, Secondary education, Technical education, Arts and culture, Medical and public Health, Water supply and sanitation, Labour & Labour Welfare, Welfare of B.Cs and nutrition programme, all these sub heads and schemes there under show the programmes of upliftment of ^{down} / troddon persons, Weaker Sections of the community, supply of drinking water, medical help to the poorer, Primary educational facilities etc. have been provided by specifically inclusion into Plan Schemes.

More than 25 % budget provision have been allotted to the Social and Community services Rs. 413.48 Lakhs had been ~~budgetted~~ budgetted during 1981-82 but actual expenditure was Rs. 487.51 Lakhs which means that additional 18 % expenditure have been incurred on this head. It shows that the funds provided during the reference year is not sufficient.

The above table shows that ^{the} / less importance has been given to the schemes under Industry & Mining. Agriculture activities are not able to engage all uneducated unemployees, Technical and Agril. labourers. To reduce unemployment problem, it is felt need of the days to treat this major head in priority list by allocating additional funds. It is observed

that the maximum expenditure is incurred on Employment Guarantee Scheme. Nearly Rs. 10.00 Crores have been spent on the works under Employment Guarantee Schemes.

The following table shows the major head/sub headwise budget provision and expenditure where in maximum budget provision made available during the year 1981-82.

Going through the detail analysis of the budget provision and expenditure during the year 1981-82 under various schemes of sub sectors of Agriculture & allied services and social and community services under Tribal and General Plan is observed that more expenditure have been increased over & above budget provision under Tribal and General Plan. It is seemed that there is actual need of employment in rural areas more than Rs. 10 crores have been spent under and the works during reference year.

(CONTD....)

Under Sub Sector, Soil and Water Conservation, the expenditure have been increased by 155 % & 940 % under Tribal and Non Tribal Plan respectively during the year 1981-82. The land levelling, bunding and terracing is under taken under this programme which is helpful in controlling soil eroison of soil and to save the water from rain.

As regards to Dairy Development Programme, Govt. of Maharashtra has made an ordeal to flow the 'Dood Ganga' in Maharashtra. Accordingly, grass roots schemes have been introduced under this sub head Rs. 33.52 lakhs have been provided under Tribal & Non Tribal Plan & expenditure have been increased by 83 % and 131 % respectively.

Under major head "Social and Community Services", Total Provision of Rs. 51.92 lakhs was made under medical and public health Rs. 78.78 lakhs was spent for the schemes under the sub head during the year 1981-82.

Water supply and sanitation is important sub sector in the social & community services. Total provision inclusive of Tribal and Non Tribal plan was Rs. 178.77 lakhs and expenditure of Rs. 221.60 lakhs have been incurred. The schemes under this sub head are under minimum needs programme. Ahmadnagar district being scarcity district, is always facing the problems of supply of drinking water in rural areas. Special measures have been taken to supply piped water in rural areas i.e. in difficult villages where there is no source of water supply by digging out well in the villages.

Another important sub sector i.e. welfare of B.cs have been provided Rs. 26.50 lakhs under Tribal & Non Tribal Sub Plan during 1981-82. The expenditure of Rs. 27.26 lakhs have been incurred over and above plan grants for all round upliftment of B.C.persons.

The expenditure on other major head is not so satisfactory but it is just up to the mark.

4.5 IMPORTANT PHYSICAL ACHIEVEMENTS

Important physical achievements with target under various sectors of development for the year 1981-82 General Plan & Tribal Sub Plan have been critically analysed in below given Table No. 4.4 and detail comparative table for the year 1980-81 & 1981-82 of achievement is displayed in Table No.11.2 of District Statistical Abstract.

4.6 PROMINENT TRAIT OF ANNUAL PLAN 1981-82

The major headwise prominent traits of annual plan for 1981-82 of Ahmadnagar District is explained below. The plan is sub divided into two parts i.e. Tribal Plan and Non Tribal Plan (General Plan) At the same time, total plan provision is also sub divided into six major heads. It is described below in the following paragraphs.

I AGRICULTURE AND ALLIED SERVICES

This is the important major head consisting 14 subsectors which is enlisted and characterised as a Agriculture & Allied Services. Out of the total provision,

nearly 45 % and 39 % have been allotted to Non Tribal and Tribal Sub Plan during the reference year. The schemes under Crop Husbandry Soil Conservations, Minor Irrigation, Animal Husbandry, Dairy Developments, Forest etc. are individual benefitted schemes. It is the object of the schemes to enhance individual income and to promote standard of living of the weaker sections.

D.P.A.P total expenditure under reference year was Rs. 187.85 Lakhs under various schemes e.g. Agriculture, Soil Conservation, Minor Irrigation, Forest and pasture Development, Cattle and Dairy Development, Sheep development and Inland Fisheries and Project Administration.

I.R.D.P Schemes are individually as well as group welfare scheme Rs. 41.18 lakhs were spent during the year under various schemes. 6765 beneficiaries were benefitted. The important feature of this year plan, Employment Gurantee Schemes is merged into Agriculture & Allied Services. The total expenditure incurred on employment gurantee scheme was Rs.9.90 crores & 12,26,425 man-days were generated under this scheme.

Gobar Gas Plants :- To save hydraubic energy from domestic use, Govt. has made special drive for establishment of Gobar Gas Plant. Accordingly, in Ahmadnagar district 727 Gobar Gas Plants were constructed by the end of March 1982. Ahmadnagar District was stood first in Maharashtra during the year. So also the technique of use of Gobar Gas for Oil Engines of 5 to 7 H.P was developed by the Khadi & Village Industry Board.

As regards to expenditure and achievement of Physical Target under important schemes are note worthy 62 % expenditure have been incurred as against total budget provision with consistant of physical Target.

(CONTD...)

II CO-OPERATION

An amount of Rs. 7.18 & 42.11 Lakhs was budgetted under Tribal & Non Tribal Sub Plan.

The expenditure under this major head is below 50 %.

Ahmadnagar district is well known for Sugar Factories, is having 17 Sugar factories out of which only 5 factories are from Private Sector. The proposal for New Cooperative Sugar Factory in Parner Tahsil is approved by the Govt. of India & the construction work of this factory is now in progress.

III (A) WATER AND POWER DEVELOPMENT

Water Development is concerned with medium irrigation projects. Adhala, Mandohol, Yerda, Kalu, Sina, Pargaon Ghatshil, Khairy, Belpara and Takalibhan project are continuing projects. The work of the Kalu Project is stopped on account of land acquisition proposal by military authorities. The work of Yerda project was not started yet due local apposition of the project. Sina Project is executed from the state funds,

Rs. 150.50 Lakhs was budgetted for the above projects but the expenditure of Rs, 161.23 Lakhs was incurred during 1981-82. The work Adhala, Mandohol, Takalibhan Projects are on the verge of completion.

(B) POWER DEVELOPMENT

There is always huge cry for supply of electricity to the agriculture pumps. 131 Agril.pumps are provided with electricity during the year. 10 villages are provided with electric facilities. 251 Industries are provided with connections. To avoid load shading, 47 new transfarmers have been installed during the year. 46 Harijan Vastis are provided with electric facilities.

IV INDUSTRY & MINING

During 1981-82, 46 small entrepreneurs have been assisted for starting their own industrial activities. Near about 80 educated unemployed are assisted under this scheme. 155 educated unemployed are trained under various activities.

V. TRANSPORT & COMMUNICATION.

Under this major heads infrastructure facilities for state transport service, Roads under local sector, roads under state sector, and Roads in hilly areas and roads under minimum needs programmes are executed. The progress of these schemes are satisfactory.

VI. SOCIAL & COMMUNITY SERVICES

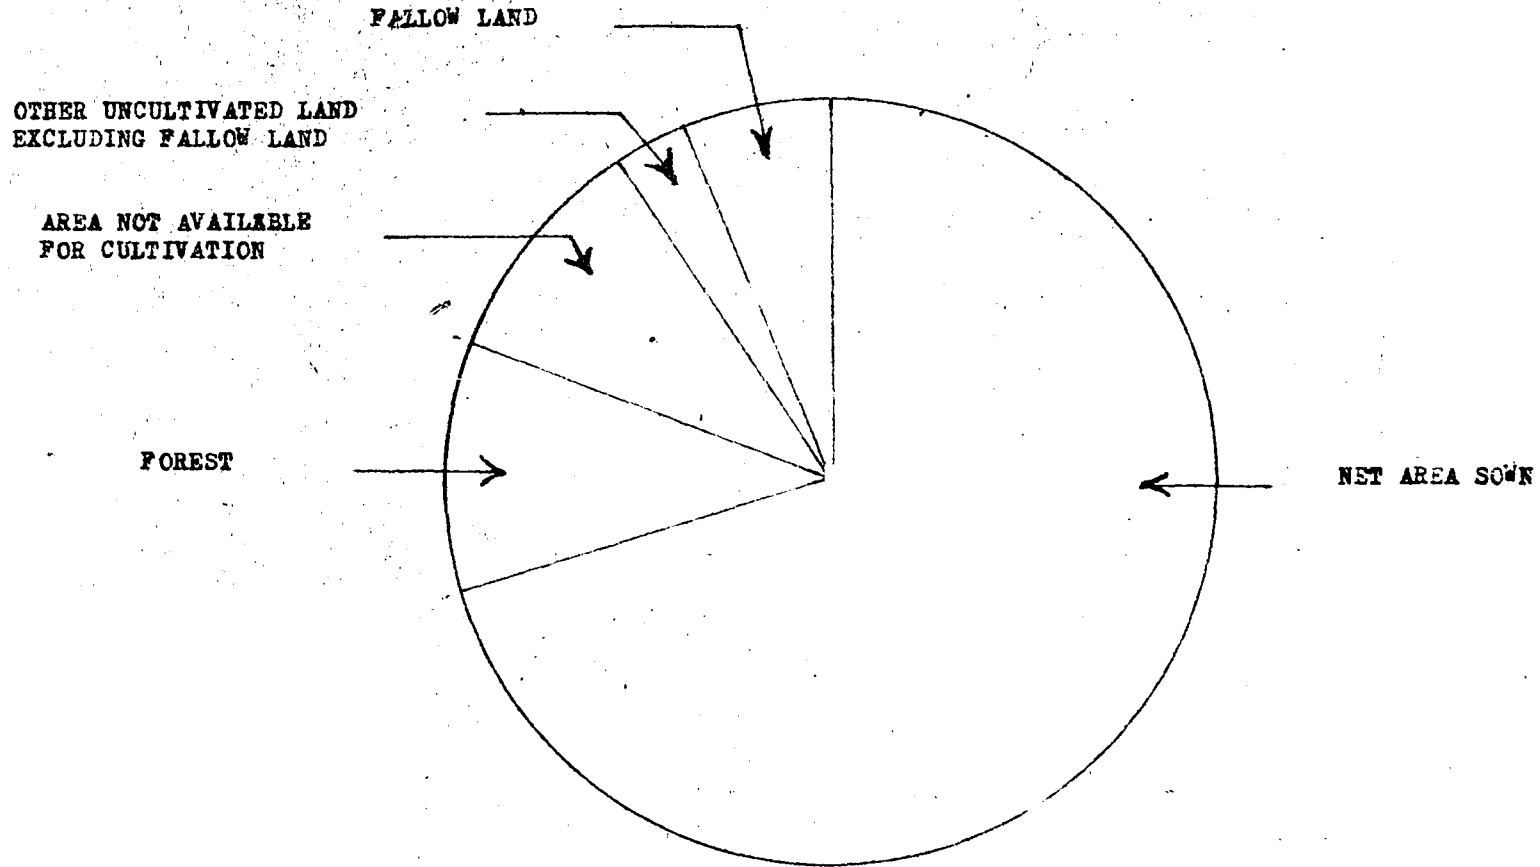

This head of development is equally important like agriculture and allied services. It includes General Education Art & Culture, Technical education, Medical & Public Health, Sanitation and Water supply, Labour & Labour Welfare, Urban Development, Housing, Welfare^{of}/B.Cs, Social Welfare and Nutrition. There were 1,37,734 eligible couples for family planning operation. Out of this, 23850 operations were performed during the year.

During 1981-82 Rs. 413.48 Lakhs have been budgetted for the schemes under this major head & Rs. 455.00 Lakhs were spent on various schemes during the reference year.

Sr.No. of Table	S U B J E C T	Page No
I	<u>AREA AND POPULATION</u>	
1.1	Tahsilwise Area, Houses & Population in Ahmadnagar District -1971 Census	1
1.2	Decadal variation in population since 1951 in Ahmadnagar District	5
1.3	Tahsilwise classification of villages according to population ranges in Ahmadnagar district (1971 Census)	9
1.4	Tahsilwise classification of Towns, according to population ranges in 1971 Census in Ahmadnagar District	11
1.5	Number of Workers & Non workers in each Tahsil according to 1971 Census in Ahmadnagar District	12
1.6	Distribution of population according to (A) Age group and (B) Religion in Ahmadnagar district	16
1.7	Scheduled Castes, Scheduled Tribes in Ahmadnagar District according to 1971 Census & Revised figures for the year 1977	17
1.8	Distribution of Houses by material used for walls/Roof in Ahmadnagar District (As per 1971 Census)	21
1.9	Households According to size and status and tenure in Rural/Urban areas of Ahmadnagar District	23
II	<u>CLIMATE</u>	
2.1	No. of rainy days and total rainfall at selected centres in Ahmadnagar District during 1981	25
2.2	Maximum and Minimum monthly temperature at selected centre in Ahmadnagar District during 1960 and 1981	28
III	<u>AGRICULTURE</u>	
3.1	Land Utilisation in Ahmadnagar district in 1960-61, 1979-80 & 1980-81	29
3.2	Area under different crops in Ahmadnagar District for the years 1960-61, 1979-80 & 1980-81	33
3.3	Yield per hectare and outturn of principal crops of Ahmadnagar District for the years 1960-61, 1979-80 and 1980-81	43
3.4	Area irrigated by different sources in each Tahsil of Ahmadnagar district for the years 1960-61, 1979-80 & 1980-81	45
3.5	Area irrigated under different crops in each Tahsil of Ahmadnagar District for the years 1960-61, 1979-80 & 1980-81	47

1	2	3
3.6	No.of irrigation and other wells in each tahsil of Ahmadnagar district during the years 1960-61, 1980-81 and 1981-82	53
3.7	No.of minor irrigation works excluding wells in Ahmadnagar district 1965-66 & 1980-81	55
3.8	Major and Medium irrigation projects in Ahmadnagar district as on 30-6-1981	57
3.9	Agricultural wage rates in Ahmadnagar district during 1981	65
3.10	Agricultural Census 1976-77, No.of operational Holdings & Area operated.	68
3.11	Agricultural implements in each tahsil of Ahmadnagar district in 1978	70
3.12	Famine, Scarcity and Akin to scarcity data in Ahmadnagar district for the year 1981-82	71
3.13	Determination of precarious and other scarcity areas according to the history of scarcity in Ahmadnagar district.	75
IV	<u>ANIMAL HUSBANDRY, FOREST AND FISHERIES.</u> *	
4.1	Livestock in each tahsil of Ahmadnagar district as per 1978 Livestock census	78
4.2	Veterinary statistics in each tahsil of Ahmadnagar district for the year 1981-82	82
4.3	Tahsilwise No.of mobile veterinary units in Ahmadnagar district during 1960-61, 1980-81 & 1981-82	83
4.4	Diseasewise livestock mortality in Ahmadnagar district during 1981-82	85
4.5	No.of recognised slaughter houses and Animals slaughtered in slaughter houses in Ahmadnagar district during the year 1963-64 & 1981-82	87
4.6	Forest area in Ahmadnagar district during the years 1960-61 & 1981-82	88
4.7	Major and Minor forest produce in Ahmadnagar district during the years 1960-61 & 1981-82	89
4.8	Inland fisheries in Ahmadnagar district during the years 1975-76 & 1980-81	90
V	<u>EMPLOYMENT, INDUSTRY, MINING AND ELECTRICITY</u>	
5.1	Factory Statistics(Annual) 1980 & 1981 Average daily employment of workers in factories in ahmadnagar district for the year 1980 & 1981	91
5.2	Industrywise distribution of working factories according to working strength in ahmadnagar district for the year 1980 & 1981	101
5.3	Distribution of factories according to No.of days worked in Ahmadnagar district for the year 1980 & 1981	107
5.4	Statistics relating to important characteristics of industries in ahmadnagar district A.S.I. 1979-80 & 1980-81	110

	2	3
5.5	Employment exchange statistics in Ahmadnagar district during the years 1960-61, 1970-71, 1975-76, 1980-81 & 1981-82	112
5.6	Vocational guidance programme in Ahmadnagar district during the years 1960-61, 1980-81 and 1981-82	115
5.7	Works undertaken under employment guarantee scheme, Employment generated & Expenditure incurred during 1981-82 in Ahmadnagar district	116
5.8	Employment in different industries in Ahmadnagar district as on 31st March 1982	117
5.9	No. of Towns & Villages electrified & Population covered in Ahmadnagar district for the years ending on 31st Mar. 1961, 1966, 1970, 1975, 1980, 1981 and 1982	118
5.10	Consumption of electricity in Ahmadnagar district for the year 1960-61, 1980-81 and 1981-82	119
VI	<u>CO-OPERATION</u>	
6.1	No. of different types of co-operative societies working in ahmadnagar district at the end of 30/6/81 and 30/6/82.	120
6.2	Selected data of all types of societies in Ahmadnagar district for the year ending 30/6/81 and 30/6/82	122
6.3	Audit classification of all types of societies in Ahmadnagar district allotted during the year 1980-81	123
6.4	Operation of the banks in Ahmadnagar district at the year ending on 30th June 1982	124
6.5	Operation of primary agricultural credit societies in each tahsil of Ahmadnagar district for the year ending 30/6/82	125
6.6	Crop loan advanced by primary agricultural Co-operative societies (Ordinary) in Ahmadnagar district at the year ending 30/6/1982	127
6.7	Operation of central and primary co-operative marketing societies in each tahsil of Ahmadnagar district for the year ending 30/6/1982	128
6.8	Operation of non-agricultural credit societies in ahmadnagar district at the year ending 30/6/82	130
6.9	Operations of productive enterprised and social services in the district for the year ending 30/6/82	131
6.10	Operation of regulated markets in each tahsil of Ahmadnagar district during 1981-82	132
6.11	Physical Achievements of productive enterprises Service societies in A'Nagar district for the year ending 30/6/82	136
6.12	No. of Registered money lenders & Loans advanced by them in A'Nagar district for the year ending 30/6/82	138

1	2	3
---	---	---

VII	<u>MEDICAL AND PUBLIC HEALTH</u>	?
7.1	Medical facilities available through public aided bodies in each tahsil of Ahmadnagar district during 1981	139.
7.2	No.of births and deaths registered in Ahmadnagar district during the year 1961 & 1981	141
7.3	Deaths due to important causes in ahmadnagar district during the year 1971,1975,1980 & 1981	143
7.4	Vaccination statistics and cholera inoculation in Ahmadnagar district during 1981,	144
7.5	No.of family planning centres operating in Ahmadnagar district during 1981-82	146
VIII	<u>EDUCATION</u>	
8.1	Literacy in each tahsil of ahmadnagar district according to 1971 census	148
8.2	Education in rural areas in each tahsil of Ahmadnagar district according to 1961 Census	150
8.3	Education in Urban areas of the Ahmadnagar district According to 1961 Census	152
8.4	No.of educational institutions and teachers in Ahmadnagar district for the years 1979-80, 1980-81 and 1981-82	153
8.5	No.of stagewise pupils in pre-primary, primary, secondary schools & colleges & general education & distribution of Backward class pupils during 1981-82	154
8.6	Other types of educational institutions in Ahmadnagar district for the years 1980-81 and 1981-82	155
8.7	Economically Backward class concession of free education during the years 1981-82	156
8.8	Expenditure on primary education in Ahmadnagar district during 1981-82	157
8.9	No.of Vocational and technical schools in Ahmadnagar district for the year 1979-80, 1980-81 & 1981-82	158
8.10	No.of Adult education centres in Ahmadnagar district for year 1980-81 & 1981-82	159
8.11	Total No.of teachers training institutions in Ahmadnagar district for the years 1960-61, 1980-81 and 1981-82	160

1	2	3
IX	<u>TRANSPORT AND COMMUNICATIONS</u>	
9.1	Length of Railway route in Ahmadnagar district as on 31st March 1961 and 31st March 1982	161
9.2	Road Length according to category and surface classification in Ahmadnagar district as on 31st March 1961 & 31st March 1982	162
9.3	Motor vehicles in operation in Ahmadnagar district as on 31-3-61 & 31-3-82	163
9.4	Operational statistics of nationalised (Passenger) road transport in Ahmadnagar district for the years 1960-61, 1980-81 & 1981-82	164
9.5	Traffic census on important roads in Ahmadnagar district in December 1981	165
9.6	Information of Postal and telegraph and Telephone statistics in Ahmadnagar district during 1960-61, 1965-66, 1970-71, 1975-76, 1980-81 & 1981-82	170
9.7	Rural Broadcasting statistics in Ahmadnagar district As on 31st March, 1982.	171
X	<u>LOCAL BODIES</u>	
10.1	Income & Expenditure of local bodies in Ahmadnagar district during 1965-66, 1970-71, 1975-76, 1980-81 & 1981-82	172
10.2	Income & Expenditure of village panchayats in Ahmadnagar district during 1981-82	173
10.3	Headwise receipts, Government Grants and Expenditure of Zilla Parishad Ahmadnagar	175

The individual area figures may not add up to the corresponding total due to rounding. The data on land holdings given in Col.3 to 8 are based on complete enumeration of all land holdings, while the data in the remaining columns 9 to 23 are based on the estimates built up on the basis of sample study. As such the breakup of the land holdings according to certain characteristics (shown in Col.9 to 23) may not add up to the aggregated indicated in Col.7 & 8.
