GOVERNMENT OF MAHARASHTRA BUREAU OF ECONOMICS AND STATISTICS

ST ATISTICAL ABSTRACT

OF

MAHARASHTRA' STATE

FOR THE YEAR

1970-71

PREFACE

This is the eighth issue of the Statistical Abstract of Maharashtra-State. The scope of the Abstract is more or less the same as that of earlier issues. The data regarding area and population and on the economic classification of population has been given as per 1971 population census. Additional tables regarding economic classification of State Budget, wholesale prices in Bombay Market, Trade Union and Electoral Statistics have been included in this issue, while further details are given this time in the State-income tables. Attempts are made to give the latest data of 1970-71 in most of the tables and wherever possible, the districtwise data is also given.

It is hoped that this publication giving the districtwise data on most of the socio-economic characteristics of the State will serve as an important reference book for those interested in the Socio-Economic and regional studies of the State.

We thank the various departments and offices of State Government, Government of India and local organisations which extended considerable co-operation in supplying the requisite material for inclusion in the Abstract.

M. A. TELANG.

BOMBAY: The 30th April 1973. Director,
Bureau of Economics and Statistics.
