Maharashtra State

FOR THE YEAR

1973-74

#### PREFACE

This is the eleventh issue in the Series of the Statistical Abstract of Maharashtra State. In it an attempt has been made to give the data on Socio-Economic Characteristics of the State for 1973-74 in a majority of the tables. Districtwise information is also presented wherever possible. Comparative position of Maharashtra State and India is also presented in the statement of "Maharashtra State at a glance". The trends of some of the selected indicators are given in summary form.

It is hoped that this publication will serve as an important reference book for those interested in the socio-economic studies of the State and the districts.

We thank the various departments and offices of State Government, Government of India and Local Organisations which extended their full co-operation in supplying the requisite material for inclusion in this Abstract.

S. M. VIDWANS,

BOMBAY: The 26th October 1976. Director of Economics and Statistics, Bombay.
